# County Requests Disaster Assistance

## Commissioners Send Letter To Governor

The Bailey County Commissioners Court met Monday, October 14.

Based on a report submitted by Clinton Kennedy of the Farmers Home Administration and a disaster committee, the Commissioners passed a resolution requesting that Grov, Briscoe designate that Bailey County be declared as a disaster area for FHA benefits.

The Farmers Home Administration is a loan program that finances farmers when they cannot find adequate financing elsewhere. This program has operated for a number of years successfully in Bailey County.

The severe widespread drought of 1973 and 1974 is said to be the reason for the disaster request. During this drought, many counties in this area were affected as many dryland acres were not planted this year due to the drought and even the irrigated land that was planted was affected due to the fact that farmers pumped a lot of water and still could not get adequate water to all of their crops.

Due to the drought, the production is down, the cattle market has collapsed and some farmers will not be able to acquire financial assistance for their next crop.

The FHA program states that in order to make loans available, the county must be declared a disaster area by the governor.

The program works in a way that if a farmer tried and failed to make a crop during this drought, he would be entitled to about the same amount of money as his losses would amount to, for his operation next year.

The FHA administrator along with a disaster committee of local persons, must make a survey of the county and present it to the Commissioners Court.

Based upon this knowledge and that of the court and the judge, the Commissioners passed

a resolution requesting that the governor of the state declare Bailey County a disaster area.

In the report presented by Clinton Kennedy, administrator of the Farmers Home Administration, it was shown that the county will suffer a 57 percent loss on cotton; a 53 percent loss on milo; a five percent loss on corn; an 89 percent loss on wheat and a five percent loss on alfalfa.

The report stated that the normal rainfall for the period from October 1973 until August 1974 was 11.34 inches but this year, Bailey County only received 3.94

## Time Will Change Next Sunday

Next Sunday, October 27, the new time change will go into effect.

Clocks will be turned back one hour at 2 a.m. on the 27th.

Daylight Savings Time was put into effect last winter for the energy crisis. Now Muleshoe will be on Standard Time until next spring.

## Volunteers Needed For Thrift Shop

Volunteers are needed for the Hospital Auxiliary Thrift Shop which raises money for the Hospital Action Fund in Muleshoe.

Volunteers are needed to work on Saturdays or through the week stocking.

If anyone is interested in working, contact Mrs. J.E. McVickers or Dorothy Green.

## Hard Travelers To Perform At Rally

The Hard Travelers of Lubbock Christian College will be performing at 3:30 p.m. for a Youth Rally in the Muleshoe Church of Christ auditorium on Sunday, November 3.

The three LCC students who make up the trio are James Hobbs, a senior from Farwell, Texas; Robin Crawford, a sophomore from China Lake, California; and Tim McKenzie, a freshman from Albuquerque, New Mexico.

This year's trio, which is sponsored by LCC's Admissions Office, will be singing such songs as "Come Mcaday,"

"Annie's Song," "Orange Blossom Special," and "Rock Me Gently."

The Hard Travelers were first organized in 1966 and used as a recruiting tool of the College. Each year the group travels over 30,000 miles from California to New York. They entertain for youth rallies, banquets, and many other school events.

Anyone interested in having should contact John King, Director of Admissions, Lubbock Christian College, Lubbock, Texas 79407.

## Annexation Fails As Citizens Oppose Move

At the public hearing held Wednesday morning, October 16, Muleshoe City Council voted not to annex two tracts of land to the Muleshoe City Limits after citizens appeared before the council stating that they did not want the acreage annexed.

John Milford, assistant city manager, appeared before the council speaking for J.T. Shof-

ner who lives in the area of Tract 1. Shofner had stated that he did not want his land to be annexed to the city at this time, but if and when development of the land was imminent, he would come to the council and ask for annexation.

Glendale King appeared before the council representing the Ranch House Motel and Bill Wooley appeared representing Wolley and Hurst Implement Co. Both men gave reasons as to why they did not want the land annexed at this time.

Based on the testimony of these men, the council decided that more opposed the annexation than favored it so they voted not to annex Tract 1.

They then discussed the annexation of Tract Two. Milford again appeared before the council on behalf of Myron Pool who stated that he did not propose any development on property in Tract Two and would rather not have the property annexed. After this, the council took a vote and decided not to annex Tract Two either.

With the voting down of the annexation, it will be closed now and will not be brought up

## Sew It With Cotton Winners

A good crowd was in attendance, despite the inclement weather for the fourth Women's Cotton Promotion Association style show held Saturday evening, October 12, at 7:30 in the Littlefield High School Auditorium.

Cotton the real thing, won the hearts of spectators again as they saw the pretty garments made and modeled by seamstresses in Bailey County and Lamb County. One teenage girl, Ann Hatla, made her dress out of unbleached muslin, then she dyed the dress, which turned out a beautiful even pattern design on the dress. All garments were made from one hundred per cent cotton.

Prizes of \$15, \$10, and \$5, were given in each category. First place winners in each of the eight categories will be competing in the district contest to be held Saturday, Nov. 2, in the Littlefield High School Auditorium.

Mrs. Cecil Jones of Bula, president of the organization, welcomed the guests to the

show. Mrs. Carelton Tanner of Littlefield was narrator for the contest and show.

Judges for the contest were Rev. A. J. Kennimer, of Littlefield, Mrs. Steve Monroe of Anton and Mrs. Cynthia Brown, fashion Merchandising Instructor South Plains College.

Sew it with cotton winners in each category were: Lollipop division, including both boys and girls, ages one thru five, were only two entrants, Linda Wiseman, first and Melissa Tooley, second.

"Sugar Plum" division ages six through 12, were Tim Sane, first and only one boy entrant, Bussy Tooley, first for girls, Judy Wiseman, second and Sherry Waldrip, third.

"Play Time" division ages one thru five were Cathy Robertson, first, Linda Wiseman, second and Randi Robertson, first Linda Wiseman, second and Randi Robertson, third.

## Geodetic Survey Underway In Area

A five-month geodetic survey of more than 760 miles is being conducted in 30 counties of New Mexico and Texas, it was announced today by the Commerce Department's National Oceanic and Atmospheric Administration.

Portable steel towers, some rising nine stories high, will be used to insure a clear line of sight for determining geographic positions. Laser instruments will enable the federal surveyors to hold error to less than a half-inch in ten miles.

The survey, estimated to cost \$200,000, is being carried out by NOAA's National Geodetic Survey.

A geodetic survey is a precise survey which provides the basis for all forms of mapping; for the development of natural resources and large engineering projects, including the alignment of highways and

buried water and sewage lines and electrical conduits; and for the construction of bridges, dams, tunnels, and nuclear power plants. The monitoring of the earth's movement at nuclear plant sites by geodetic surveys is essential to the selection of stable land sites by geodetic surveys also provide the basis for determining land boundaries and establishing accurate tax apportionment. The measurements take into consideration the curvature of the earth.

The field parties will conduct the survey in eight different areas of New Mexico and Texas, establishing over 90 geographic positions of latitude and longitude every eight to ten miles.

One 18-man surveying team, headed by Ivan R. Crabbe of Lewiston, Idaho, will work Areas one through four which

inches in that period. Besides the lack of moisture, on June 8, 1974, a sandstorm hit Bailey County destroying and damaging crops in the area. Also, on August 8, a damaging hail storm hit the northern portion of the county, destroying crops and on August 14, another hail storm hit the southern portion of the county, damaging crops. Besides these damaging storms, the fall of 1974 has been exceptionally cool which has slowed the maturity of crops and damaged a percentage of the crops. Also in the report, it showed that beef cattle producers would take a 25 percent loss due to having to sell cattle at a light weight and due to the low price. In stocker cattle, normally 10,000 head are raised in the county with a \$700,000 income. This year these producers will take a 50 percent loss due to the fact that there has not been any grazing this year.

Therefore, the Commissioners have sent a letter to Governor Dolph Briscoe this week, requesting the county be designated as a disaster area so the FHA benefits will be available to local farmers.

says that wardens will be checking hunters in the field and then stopping by the stations at night to make sure they bring in their birds.  
Department check stations are located in Allison, Canadian, Higgins, Leham, McLean, Plains and Wheeler.  
Shooting hours are 30 minutes prior to sunrise to 30 minutes after sundown. Only shotguns and longbow and arrows may be used in hunting lesser prairie chickens.  
Lesser prairie chickens are not to be confused with the endangered Attwater's prairie chickens along the Gulf coast. The season has long been closed on Attwater's as the birds barely hold their own in the face of habitat losses in the rapidly growing coastal area.

# Miss Moore, Daniel United In Marriage

Miss Vallery Clare Moore, daughter of Mr. and Mrs. C. Ed Moore, Muleshoe, became the bride of Alan Walter Daniel of Lubbock, son of Mr. and Mrs. Bill Daniel, Floydada, in a double ring ceremony in the First United Methodist Church, Muleshoe, at 7:30 p.m., Saturday, October 12. Officiating the ceremony was Rev. Lee Crouch, pastor of the First Methodist Church, Petersburg.

An alter arrangement of Bertettes, Bridal Pink Gladiolas, Leather fern and Emerald was flanked by variegated pink candles spiraling on either side and with palms at the base. A pair of Williamsburg bouquets on pedestals, and Miniature Elegance with pink satin pew-markers completed the sanctuary decorations.

Wedding selections were played by the handbell choir of Wayland Baptist College, Plainview, under the direction of Earl W. Miller, professor of music. The hand-bell choir played also the wedding recessional. The organist, Mrs. Randal Conner of Lubbock presented the wedding processional, and Leasel Richardson, brother-in-law of the bride, from Champaign, Illinois, sang "Time In A Bottle" and "Wedding Song". He was accompanied by Don Adkins, Champaign, Illinois on the guitar.

Given in marriage by her father, the bride wore a princess gown of candlelight organza with accents of Guipure lace in a Gothic pattern. The moulded bodice featured a high duchess neckline edged with the lace sown the front. Long bishop sleeves were encircled in a horizontal border repeating the Gothic pattern. The hemline was also edged in the lace which reached the length of her chapel train. She wore a matching camelot capulet with tiers of pearl-sprinkled illusion that drifted beyond her train. A cascading bouquet of Forever Yours rose buds mingled among Bridal Pink, two tone and pearled rosed interlace with Burgundy Azalea.

Attending their sister as Matrons of Honor were Mrs. Leasel Richardson, Champaign, Illinois and Mrs. Bob Bomer of Damas. They wore identical formal princess line gowns of burgundy polyester designed with big collars, Pink Elegance, and long burgundy satin streamers with flowers attached, were worn in their hair, and carried

nosegays, of light pink, yellow, and variegated Elegance, Forever Yours, and Bridal Pink roses which were edged with princess lace and satin streamers. Lisa Schneider, cousin of the bride, from Denton was the flower girl. She wore a formal gown of pink organza and carried a basket of burgundy rose petals.

Paul Nash from San Antonio was bestman and the groomsmen was Ed Leake of Lubbock, Joy Groce and Penny Phillips from Petersburg served as candlelighters. Ushers were Johnnie Reed, brother-in-law of the bride, from Lubbock; Victor Smith, cousin of the groom, Floydada; Bob Bomer, brother-in-law of the bride, Damas and Eddy Baird, cousin of the bride, from Dallas.

Following the ceremony, a reception was held in the Fellowship Hall of the church. Registering guests was Mrs. Johnnie Reed, sister of the groom, from Lubbock.

The bride's table was draped with a white cut-work linen over azalea pink linen cloth. An arrangement of light and dark shades of pink Elegance, Forever Yours, miniature and chifon pink roses and a three-taper silver candleabra centered the table. The four-tiered wedding cake was decorated in different shades of pink, with garlands of hand-fashioned roses, stephanotis, rose and clematis buds and grape clusters which trailed from the Mattie cupid to the base and extended around each layer.

Butter chess pie, topped with

whipped cream, and coffee was served at the groom's table. A grouping of floating Amazon lilies and leather greenery decorated the Salas-edged table which was covered with a burgundy cloth.

Serving in the houseparty were Mrs. Benny Bruns, Muleshoe, Mrs. Chuck Allman, Petersburg, Mrs. Felix Hettler, Dallas, Mrs. Larry Lyde, Petersburg, and Mrs. Terry Ston, Amarillo.

Following their wedding trip the couple will be at home in Lubbock. For traveling, the bride wore a pink pantsuit with matching accessories.

The bride is a graduate of Muleshoe High School and of Texas Tech and is presently employed by the Petersburg Schools. The groom is a graduate of Floydada High School, and of Texas Tech University. He is now employed by Texas Instruments of Lubbock.

A rehearsal luncheon, hosted by the groom's parents, Mr. and Mrs. Bill Daniel, Floydada, was held at the XIT restaurant at 12:30 p.m. on October 12.

COUPLE TO WED IN JANUARY. . . . Mr. and Mrs. Joe Embry of Muleshoe announce the engagement and approaching marriage of their daughter Rhonda Kay, to Eddie Mack Hodges, son of Mr. and Mrs. Kenneth Hodges of Hale Center, Texas. Miss Embry is a sophomore at West Texas State University and is presently employed at Producers Grain Corporation. The prospective groom has attended West Texas State University and is presently employed at Tepee Western Store in Amarillo. The couple will be wed January 3, 1975 at Muleshoe Church of Christ.

# THE TODAYS LOOK IN YOUNG MENS FASHIONS

Randy Norman can be the sharpest guy in town this fall by wearing this blue and white woven polyester, hounds tooth, check suit. The three button model with matching vest, fashioned by Male Call of San Antonio is accented by a solid navy slack by Farah. The slacks are of window pane weave of 100% polyester knit, and the shirt which is a creation of Campus Sportswear, is of woven polyester knit, with the long tab collar and young mans taper. The tie, a fashionable multi-color of blue and white with a touch of red is to add a look of elegance to the young mans fashionable ensemble. Just one of the strikingly young mens models in the mens clothing department.

At St. Clairs you will find a great selection of suits that would be a delight to any mans wardrobe.

We wish to congratulate Randy on being chosen the Best of MHS.

### Marcia Rudd Installed Worthy Advisor

Marcia Rudd, daughter of Mr. and Mrs. W.O. Rudd was installed as Worthy Advisor of

the Muleshoe Assembly Number 161, Order of Rainbow for Girls, on Saturday, October 5. Miss Rudd dedicated her term to her sister, Debra Uphoff, because of her love of Rainbow and because she did get bow and because she did not get to hold the office of Worthy Advisor.

Marcia's theme was Faith, Hope and Love with the Dove, Anchor and Heart as her symbols. Her scripture was I Corinthians, "Now abide Faith, Hope, and Love, these three, but the greatest of these is Love. Her songs were 'I Believe' and 'What the World Needs Now is Love' with her colors being all colors of the Rainbow and her flower was the pop-pom mum.

Mrs. Robert Hunt, Mother Advisor, presented the following installing officers: Mrs. Fred Uphoff, installing officer; Prisca Young, installing marshal; Faith Free, installing chaplain; Mrs. Harold Cowan, installing recorder and Jana Oyler, installing musician.

The officers for the coming year were brought into the assembly room by the installing officer. Each girl then signed the book of time. The invocation was given by the installing chaplain and followed by the installation service.

Miss Rudd then presented her family behind the bow for introduction. They were Mr. and Mrs. W.O. Rudd, her parents; Mrs. Fred Uphoff, her sister;

and her grandmothers. Special music was presented by Pam Vinson and Cindy Harvey who sang "I Believe" and "What the World Needs Now."

Miss Rudd then presented her aunt, Mrs. Russelle Wiems, her great uncle, Byron Griffiths and her great aunt and uncle, Mr. and Mrs. Ilyvan Robinson. Also presented was Mrs. Vera Armstrong, past Grand Matron of the Order of the Eastern Star of New Mexico and R.R. Mick, past Worthy Master of Muleshoe Masons. All past and present Mother and Worthy Advisors were presented behind the bow. The Advisory Board was also introduced. Marcia's personal friends were all asked to stand and she read them a poem.

Mrs. Rudd presented Faith

SECOND GRADERS GIVE PROGRAM. . . . The second graders gave the program at the PTA meeting Monday, October 14, at Richland Hills Cafeteria. They sang many selections that the parents enjoyed.

### P.T.A. Hears Program From Second Graders

The Muleshoe Elementary P.T.A. met Monday, October 14, in the Richland Hills Cafeteria. The meeting was opened with prayer by Mrs. R.G. Bennett, III. The members voted to sponsor a booth for younger children for the Halloween Carnival, which will be held Saturday, October 26 in the Bus Barn. Mrs. Robert Hunt presented

to the group the Health, Education and Welfare's Title IX concerning Co-Ed P.E. The members voted to send a telegram to HEW opposing these regulations.

Mrs. Tom Flowers, projects chairman, presented to the group the choices the schools had made for the equipment to be purchased with the Campbell Soup labels which

the students are collecting. Mary DeShazo's choice is a film strip projector requiring 10,000 labels and Richland Hills choice a tape recorder and tapes requiring 5,000 labels.

The Second Grade students presented the program. Each child wore a white cape and red tie. They were led in singing by Mrs. Tom Jinks and Mrs. Billie Carlyle

## TODAY- WITH ELECTRIC HEAT

### ASK ABOUT OUR BRIGHT STAR IN THE GALAXY OF ELECTRIC HEAT!

If you could take a peek into the world of the future . . . you'd see a lot of things that would amaze you. But one thing we don't think will surprise you is that electricity in its familiar "switch-flipping" form will still be around. And, the people of the future aren't going to be any less comfort-conscious than we are, or any less concerned about saving energy.

Today's answer to saving energy while maintaining comfort? The heat pump — one unit that both heats and cools your home. For answers to all your questions about home heating, call us for a free electric heat cost survey . . . and ask about the Bright Star in the Galaxy of Electric Heating . . . the heat pump!

**Mrs. Phelps, Mrs. White To Be Honored At Reception**

Two Muleshoe-area artists who've won numerous awards for their painting, Ariene Phelps and Rheata White will be guests for a reception Sunday, October 20th, at the First National Bank in Hereford, to begin a week-long display of their works in the lobby of the bank.

The art exhibit, under sponsorship of the Alpha Iota Mu Chapter of Beta Sigma Phi, will feature paintings that are available for sale to the public, with the A-I-M sorority acting as art dealer and receiving the commissions, to be used in their charitable endeavors.

Mrs. Phelps, a member of a West Texas ranching family, holds a degree from Texas Tech University and has studied with Emilio Caballero of West Texas State University and attended Instituto de Allende, San Miguel, Mexico. She is a partner in an Art and Antique Gallery, (The Art Loft) in Muleshoe, where she lives and maintains her studio.

She has received numerous exhibit awards, and has been featured in seven one-man shows in Texas and New Mexico.

Her latest honor was the selection of her painting "Floral Array" to be displayed in the 1974 Six State Art Exhibit in Amarillo.

Rheata Peeler White received First Place (Watercolor competition) in the "Texas" Art Show, Panhandle Amphitheatre, Palo Duro Canyon in 1973.

She has studies at Texas Tech University, West Texas State University under the tutelage of Dr. Emilio Caballero, and has received instruction from Bob Dunaway, Wayland Baptist College; Conny Martin of Lubbock, and Elizabeth Black, master of Education-Art.

Miss White is also an accomplished floral designer, as noted by her selection to the Design Panel for the 1974 Texas Florist' Association annual convention. She was one of the three designers from the state of Texas to be featured at this year's convention.

Paintings of both artists hang in private collections throughout the U.S.

Art galleries that display Mrs. Phelps' works are the Country Store, Austin; Jean Seth's Canyon Road Gallery, Santa Fe, New Mexico; and The

Art Loft, Muleshoe. Art dealers handling Miss White's paintings are Anderson Brothers Jewelers, Lubbock; Pace Setter Gallery, Uvalde; Paint N Place, Clovis, N.M.; Nolda Lee's, Odessa; and the Art Loft, Muleshoe.

Her professional affiliations are with Dallas architect James B. Boyter, and Lucelle's Interior Decorators (Gene Mekiska, A.I.D.), Big Spring.

The reception, to which the public is invited, will be from 2:00 to 5:00 p.m.

The paintings will remain on display during regular business hours at the bank through October 25th.

SCARVES COMING BACK. . . . Mrs. Janie Mosley was the guest speaker at the Alpha Zeta Pi meeting Tuesday, October 15. She talked on the come back of scarves and jewelry and demonstrated the different ways to tie a scarf.

**Jewelry, Scarves Demonstrated To Alpha Zeta Pi**

The Alpha Zeta Pi Chapter of Beta Sigma Phi met Tuesday, October 15 in the home of Mrs. Monty Dollar with Mrs. Garry Shipman as co-hostess. Mrs. Reagan Cox opened the meeting by leading the opening ritual, then Mrs. Mike Miller and Mrs. Danny Noble introduced the guest speaker, Mrs. Janie Mosley. She displayed jewelry from St. Clair's Department Store that are the latest styles. She demonstrated how to wear the jewelry and told what type of clothing each piece was suitable for. She also stated that scarves are becoming fashionable again and showed how to tie and wear scarves to accent their clothing.

Following the programs, Mrs. Reagan Cox presided over the business meeting. Mrs. Cox welcomed rushees, and then committee reports were heard. Mrs. Garry Shipman reported that "The Raiders" from Lubbock will play for the Valentine Ball in February. Mrs. Monty Dollar reported on the Ways and Means project, The Bingo Carnival, which is to be held Thursday, November 20 at the Catholic Center. Bingo tickets are \$1.00 in advance, and

\$1.50 at the door. Chances on a \$25.00 money doll will be sold for 25¢ each. Proceeds from the Money Doll will be donated to the Hospital Action Fund.

A get acquainted party for pledges and Xi Omicron Xi Chapter of Beta Sigma Phi was set for October 29. Following the closing ritual banana splits, cokes and Dr. Peppers were served to the following rushees, pledges, and members. They were Mrs. Jim Dockery, Mrs. Hilbert Wisian, Mrs. Paul Wilbanks, Mrs. Clifford Black, Mrs. Corky Green, Mrs. Luis Cardinal, Mrs. Skip Magby, Mrs. Dick Chitwood, Mrs. Tommy Merritt, Mrs. Kearney Scoggin, Mrs. Ted Barnhill, Mrs. Tommy Black, Mrs. Mike Miller, Mrs. Danny Noble, Mrs. Reagan Cox, Mrs. Hugh Collis, Mrs. Waune Gregory, Mrs. Ken Box, Mrs. Eugene Howard, Mrs. Spencer Tanksley, Mrs. Bill Russell, Mrs. Jerry Wenmohs, Mrs. Bob Finney, Mrs. Garry Shipman and Mrs. Monty Dollar.

## Muletrain Features Senior Players

DUSTY DAVIS      PAUL HARBIN      ROBERT STOVALL      JIMMY WISIAN      DANNY VELA      TIM JINKS

BOBBY HENRY      LEWIS REED      JEFF SKIPWORTH      ANDREW YBARRA      DAVID WATSON      GARY PARKER

MAX BUHRMAN      DOUG CRAWFORD

### Senior Players Saluted

This week the Muletrain takes pride in featuring the senior football boys. These boys have been doing a good job this year and have put forth a great effort in leading the Mules to the first district game next week.

Although the team has had a hard season with many defeats, the Mighty Mules have never given up. They have worked harder instead of quitting.

The seniors have shown great leadership to the younger members of the team.

Robert Stovall is the 17 year old son of Mr. and Mrs. David Stovall. Robert plays guard and tackle for the Mules and has done a fine job. Robert says, "The first five games we hit some bad luck, but with a lot of hard work the next five will be better."

Tim Jinks is the 17 year old son of Mr. and Mrs. Tom Jinks. Tim is playing wingback and weak safety for the Mules this year. Tim feels the team has really been working hard to improve and that things are looking up.

David Watson is the 17 year old son of Mr. and Mrs. W.T. Watson. David plays left guard for the Mules. David says, "We have a good team. We started out slow but we've been improving steadily week by week. We will do good in district if we keep improving as we have been."

Paul Harbin is the 17 year old son of Mrs. Dorene Harbin. Paul is playing tackle on offense and defense for the Mules this year. Paul says,

"We had a slow start this season, but the year is definitely going to get better."

Jimmy Wisian is the 17 year old son of Mr. and Mrs. Hilbert Wisian. Jimmie's position on the team is tight end. He has done a fine job this year. Jimmie feels that the team is improving, but in order to succeed in district, it must improve some more.

Doug Crawford is the 17 year old son of Mr. and Mrs. Jimmy Crawford. He plays Corner for the Mules. Doug says "I think we have a good team, and when we get our offense going, we will be hard to stop."

Bobby Henry is the 17 year old son of Mrs. Marcia Henry. Bobby plays split end for the Mighty Mules. Bobby commented, "We have a good team that is finally getting it together. We will do real good in district play if we keep working and playing to the best of our ability."

Andrew Ybarra is the 18 year old son of Mr. and Mrs. Jesse Ybarra. Andrew's position on the team are split end and defensive corner. Andrew feels that with the great attitude and improvement of the players, the Mules will do very well.

Jeff Skipworth is the 17 year old son of Mr. and Mrs. Jimmy Skipworth. His position is split end. Jeff feels that with the improvements everyone had been showing, great things will happen when the district games get here.

Max Buhrman is the 17 year old son of Eugene Buhrman. Max plays weak safety. He says if the team gets both the offense and defense going strong, that the Mules will show up good in district play.

Dusty Davis is the 17 year old son of Mrs. Mary Porter Davis. Dusty is a tackle for the Mules. He feels that with the team they have, the Mules have a good chance to win district.

Gary Parker is the 17 year old son of Mr. and Mrs. W. H. Parker. He plays center and defensive end. Gary believes that the team is finally picking itself up and that the offense is starting to get back to par.

Danny Vela is the son of Mr. and Mrs. Joe Vela. Danny is 18 and a Senior at M.H.S. He plays Right Guard on the team. When asked to comment on the team, Danny started, "This year the score board hasn't been too impressive, but the work and dedication of the athletes and coaches has been superior. Conference games should be and will be the reverse of non-Conference."

## Thespians Salute Rodeo Club

The Thespians recognize the members of the Muleshoe Rodeo Club as "Best of MHS". Although the Rodeo Club is not School sponsored, it is a member of the Tri State High School Rodeo Association, which includes Texas, Oklahoma, New Mexico, and Colorado. The students in the club are MHS students. There are 47 Clubs and 589 members at the present time. The Rodeo season includes 25 rodeos, starting in July and ending the last week in June. The second week-end in June will be the Finals.

Sherman Presley is President of the Tri State Association. The Muleshoe Club is the No. 1 Club in Tri State standings with 190 1/2 points. Eddy Mardis is the No. 1 Call roper with 24 points. Sherman Presley is the No. 1 Steer Wrestler with 30 points.

In the top 11, All Around Cowboy standings are No. two Sherman Presley with 69 1/2 Points; No. six Eddy Mardis with 43 points; No. nine Joe Pate with 33 points; and No. 11 Dan Ellis with 27 points. Muleshoe team members stand in rodeo events as follows;

Bareback riding - #9 Sherman Presley, 5 1/2 points; Bull Riding Tie #14 - Kim Black, 4 1/2 points; Gene Rogers 4 1/2 Points; Steer Wrestling - #1 Eddy Mardis, 24 Points; #6 Joe Pate, 17 points; #7 Dan Ellis, 15 Points. Muleshoe standings in Roping are #2 Eddy Mardis, 17 points; #3 Joe Pate, 16 Points; #6 Dan Ellis, 10 Points; and #11 Sherman Presley, 6 Points. Sherman Presley stands 7th in team roping with 16 points.

The Muleshoe Rodeo Club officers are President Jimmy Henderson; Vice President

Gene Rogers; Secretary Tammy Bruns; and Reporter Connie Floyd. Sponsors are Mr. and Mrs. Jimmy Presley and Mr. and Mrs. Bob Henderson. Members - not mentioned above include Joe Boone, Sharrla Farmer, Randy Waggoner, Billy Milburn, Wayland Barker, and Eddie Waggoner.

### Coaches Comments

Friday night, October 11, the Mighty Mules traveled to Morton to meet the Morton Indians for their homecoming game. We are very proud of the young men on our team, and this last week they made us even prouder. Our defense had another outstanding game. The Mules used a moving defense tactic and pulled Morton's offense off sides for an amazing loss of yards. We stopped their quick pass play by moving our defense, pulling their linemen off sides.

On punt returns, we did very well. A great rush was put on the Indians as they were punting us the football; and because of the rush, the punt was blocked. Rene Torres got the ball across the goal line for the first touchdown of the game. The PAT was kicked by Dusty Davis who also kicked a twenty-five yard field goal.

The offense really began to get things together and they played very well. Carey Sudduth threw a pass to Jimmie Wisian for the second touchdown.

October 18 was open date for Muleshoe. The Mules will travel to Perryton for their first district battle on October 25.

### FFA Exhibits Stock

This past week, October 12-18, the State Fair was held in Dallas. Several Muleshoe FFA members exhibited stock at the fair. Dee Buckner showed a dairy heifer placing twelfth in a class of twenty-six. Other Muleshoe FFA members exhibiting stock were Larry Martin, Robert Martin, and Nicky Barnert, calves; and Marshall Pool, John Saylor, and Ricky Claybrook, pigs. Results of their winnings are not available at this time.

## Drama Begins

Muleshoe High's Drama Department opens its 1974-75 Drama Season Monday and Tuesday evenings, October 21-22.

The curtain rises on Thornton Wilder's hilarious comedy, "In-fancy." The story is a satire on babies and adults. The second play of the evening will be Raymond Hull's "Wedded to a Villain," an "ole time meller drammer" with all the boos and hisses, heroes, villains, and the misguided heroine.

Curtain time each evening is 8:00 p.m. and admission is \$1.00 per person.

Cast members for "In-fancy" are Alma Leal, Mary Ann Gonzales, Tracy Buhrman, Kelly Chahk, Dewaine Mullins, Jana Oyler, and Johnny Dean. "Wedded to a Villain" cast members are Kathy Hughes, Ronnie Bullock, Tara Tate, Danny Brown, Bill Durlan, and Prisca Young. Stage Crew members are Kip Garth, lighting director, Patricia Lee, Billy Barry, Terry Mick, and Janet Hopper.

## DECA Club Plans Booth At Carnival

The Muleshoe High School DECA Chapter met Monday night, October 14, at 8:00 p.m. in room 14. Steve Reed presided over the meeting. The secretary's report was given by Vicki Redwine, and the treasurer's report was presented to the club by Pam Vinson.

It was announced that if the dues are not paid by November, the Muleshoe DECA Chapter would not be eligible to participate in the Area VI and State Leadership Conferences. These dues are very important to participate in any of these activities.

The DECA club will be having a Halloween Booth at the carnival, and new suggestions were made for the money-making project.

The parliamentarian watched

ever the meeting to see that everyone conducted himself in an orderly manner. Not all of the members did, so names were taken, and it was either 10¢ or 10 points for every time a student got caught disrupting the meeting. The maximum number of times one person was caught was 90¢ worth, and the minimum was 10¢ worth.

The President read a letter Mr. Gist received from Mike Cassbano concerning the program cover for the area VI Leadership Conference. Any DECA members interested in drawing a layout for the cover should see Mr. Gist for more information.

## The Consumer Alert

By John L. Hill Attorney General

Austin--So you built a better mousetrap, but the world hasn't beaten a path to your door?

At this point, you may find yourself attracted by advertisements for idea or invention promotion and marketing firms. After all, what you really need is an expert to handle such details for you, right?

You could be wrong, in some cases. The Attorney General's Consumer Protection Division urges caution before paying large fees to firms offering services variously labeled invention or idea promotion, marketing, or development or patent searches and development.

Last summer, our Consumer Protection lawyers testified at a Federal Trade Commission hearing in Dallas--the first of a series of hearings nationwide to determine if a trade regulation rule is needed to curb fraudulent activity in the idea and invention promotion field.

Our attorneys described the method of operation found time and again in the invention marketing cases we have investigated or taken to court for violation of the Texas Deceptive Trade Practices--Consumer Protection Act.

Someone with an idea or an invention sees an ad promising patent search and protection; evaluation and feasibility studies to determine product marketability; engineering and production services; or exclusive contacts with manufacturers.

The would-be inventor pays a fee averaging \$1,000 or more and submits his idea or gadget. Virtually all those submitted are judged by the firm to be "highly marketable."

Inventors are assured that their product will be exhibited in fairs and shows and that the market development firm, through its extensive arrange-

ments with manufacturers, will locate a distributor.

While some few inventions have been marketed by such firms, our attorneys stress that the overwhelming majority of persons have never received a return that even approaches the amount of money they pay as fees.

In fact, many of the services offered are ones an inventor could handle as well himself, especially in light of the fact that the "market evaluators" or "analysts" for most such firms are merely salesmen who push the "special services" offered by their employers.

In addition, inventors with a possibly saleable item could fine themselves inadequately protected if they rely on such idea

promoters to conduct patent searches or to process patent applications.

The chief of our Consumer Protection Division and the head of the U.S. Patent Office have issued joint warnings of consumer fraud in the invention development field.

Patent Office officials say that while inventors can even prepare their own patent application themselves, it is extremely difficult for anyone unacquainted with patent law and the procedures of the Patent Office.

They suggested that persons who are not experts in such matters hire patent attorneys or agents registered to practice before the Patent Office. Otherwise, inventors may fail to get a patent or may get one that doesn't adequately protect their invention.

Since there are more than 300 subject classes and 90,000 subclasses of patents, it's obviously a complicated matter for an amateur to determine if an idea already is patented.

To escape criticism begin your own criticism first.

**On Wall Street**  
By Bob Hill  
Lentz, Newton & Co.

The course of the economy through the winter months has already been shaped by the steps taken by the Federal Reserve last spring and summer. The economy over the past five years is likened to a large ship, traveling at top speed. It takes time and a lot of distance to bring her to a halt or a sharply reduced speed. Our economy is massive and highly complex. Any economy which has had roaring inflation and a shortage, even a sharp restriction, of credit at the same time has a lot of steam. The critical

problem for the Federal Reserve is to make sure the use of money and credit in the war against inflation isn't too restrictive, causing a recession. In fact, Federal Reserve Chairman Burns has stated recently before Congress that our economy is in a recession. What makes it unique is that we have a healthy case of inflation along with it. Just be thankful that this country has a Federal Reserve System. No other country in the world has a central bank which functions quite like it or which has been nearly as successful in discharging its responsibilities. If any single influence has worked to thwart its effectiveness, it is the Congress.

There's no question the steps taken earlier in the year by the Fed have had results. Short term interest rates have dropped dramatically. The 90 day Treasury Bill rate has dropped from over 10% to less than 7% in only 45 days and the prime bank rate has dropped from 12 1/2% to 11 1/2% in the past three weeks.

The crucial question is how much and for how long will the Federal Reserve keep a tight rein on the economy. If interest rates start climbing again before the end of 1974, we will be headed into serious recession in 1975.

## Current Issues Studied On Ground Water Management

Experts on various phases of the state's ground water resources said here during the Water for Texas Conference (Sept. 19-20) that "management is the key word in planning for current and future water needs."

More than 280 Texans, along with several groups of New Mexico, California and Louisiana, registered for the two-day conference at the J. Earl Rudder Center, marking the largest attendance of any recent Water for Texas Conference.

Gov. Dolph Briscoe emphasized that ground water management can and must receive careful attention from Texans. "By proper planning ahead, we should be able to avert a serious water shortage," Briscoe, who addressed the annual dinner meeting, told the group. He suggested that citizens might take a cue from the energy crisis and start planning now to prevent a serious ground water problem.

Earlier in the conference, Lt. Gov. Bill Hobby emphasized that one of the major problems facing Texas now is water.

"Texas has today more than 160 reservoirs, with over 29 million acre-feet of conservation space, existing or under construction. But unless bold action is begun at once, Texas will be faced with a water shortage between 1990 and the year 2000," Hobby said.

Hobby and other speakers emphasized that Texas faces three major problem areas with regard to ground water resources: subsidence, pollution and depletion. He emphasized that specific dangers to the state's ground water resources are regional, and that regional solutions that can fit together into a comprehensive program with assured statewide support should be developed.

Both Hobby and State Rep. Bill Clayton of Springlake, chairman of the House Interim Committee on Water, called attention to a current draft revision of Chapter 52 of the Texas Water Code, dealing with underground water conservation districts. The intent of the suggested changes, they said, is to encourage local solutions to local problems.

The draft calls for the Texas Water Rights Commission to declare appropriate areas of the state to be critical areas. The Texas Water Development Board would define the limits of the state's aquifers. Within 12 months of having been declared a critical area, residents there would vote on the creation of an underground water conservation district.

Should no district be created within the 12-month period, according to the draft, the Water Rights Commission would then carry out the responsibilities of an underground water

conservation district until the people act. Purpose of the district would be to conserve ground water. Comments on the draft amendments were requested by Hobby and Clayton. Clayton urged citizens to study ground water issues and management principles. Every legislator needs and wants coun-

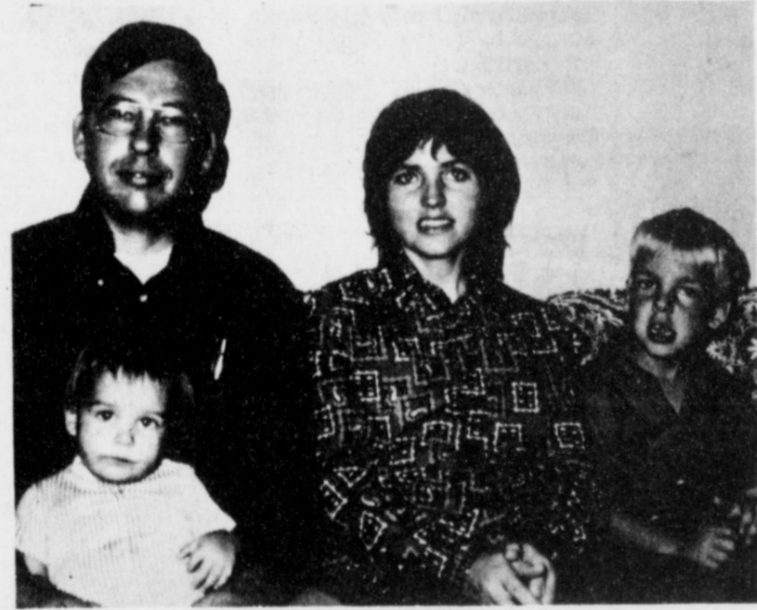

sel from citizens concerning ground water issues, he said. "We must plot our course on ground water management with great care, and then act," Clayton said.

Texas A&M University System President Jack K. Williams welcomed conferees.

More than a dozen other

speakers discussed such issues as approaches to ground water management; alternative ground water laws for Texas; legislative perspectives; technological limitations; ground water management in the coastal zone, metropolitan areas, and irrigated areas; government issues; ground water models; regulatory aspects of water quality management; economic impact of depletion; opportunities for artificial recharge; ground water development and land surface subsidence; and the cost of land subsidence.

## Welcome To Muleshoe

We would like to welcome to Muleshoe Mr. and Mrs. Jerry Wenmohs and their children, Lance and Cale. The Wenmohs came to Muleshoe from Sanderson Texas where he was manager of the Soil Conservation Service and is now the District Soil Conservationist in Muleshoe. He enjoys hunting and fishing, and is an active member of the Muleshoe Jaycees. She is a homemaker and enjoys sports, crafts and home decorating. She is also an active member of the Alpha Zeta Phi sorority in Muleshoe. The children are ages five and one year. The Wenmohs are members of the Methodist church.

## STATE CAPITAL Highlights AND Sidelights

by Lyndell Williams  
TEXAS PRESS ASSOCIATION

AUSTIN—The high cost of campaigning for statewide office in the State of Texas continues to be evident. Incumbent Gov. Dolph Briscoe reports expenditures from March through September 26 at approximately \$800,000. Republican gubernatorial hopeful Jim Granberry reported expenses of \$412,880 in his effort to unseat Briscoe and become the state's first Republican governor since Reconstruction.

Sam McDonnell, the American Party candidate for governor, reported contributions of \$20,842 and expenses of \$20,386. Granberry's expenses exceeded his contributions by \$5,417. Briscoe's contributions totalled approximately \$17,000 more than his expenses. Excluded from Briscoe's contributions is about \$407,000 raised at an October 1973 dinner, where Briscoe

announced his intention to run for a four-year term. The money remains in escrow, pending final determination of a lawsuit filed by Briscoe's Democratic Primary challenger Frances Farenthold. WATER BOARD DIRECTOR CRITICIZED — The Texas Attorney General's office has asked a subcommittee of the House Environmental Committee for authority to enforce anti-pollution laws without waiting for action of the Texas Water Quality Board.

Rod E. Gorman, an assistant attorney general, told the pollution subcommittee that TWQB Executive Director Hugh Yantis is blocking enforcement of anti-pollution laws. Gorman claimed very few major polluters are referred by the TWQB to the attorney general's office. Phil Maxwell, director of the AG's environmental protection division, urged emergency legislation to strengthen the Attorney General's role in enforcing pollution laws.

The proposed bill would allow the attorney general to "enforce on his own initiative" such laws as the Texas

Clean Air Act and the Texas Water Quality Act and any other laws or regulations "affecting the quality of the environment or the use of natural resources." CAR DEALERS OFFER CUSTOMER AID — Texas Automobile Dealers Association has formed an in-house panel to attempt to satisfy customer gripes against 1,500 Texas new car dealers.

The seven-member Automotive Consumer Action Panel (AutoCAP) can levy up to \$1,000 in fines against an erring dealer and require his expulsion from TADA. Executive Director for TADA Gene Fondren says about 90 per cent of consumer complaints can be resolved, however, by adequate communication between consumer and car dealer. SCHOOL FINANCE — The Governor's Office of Education plans to recommend to the Legislature a system of financing Texas public schools that "focuses on the student and his needs," says Dr. Richard Hooker, chief of the office.

Hooker told an educational study panel that school funding in Texas is now calculated on a classroom-teacher unit, based on aver-

age daily attendance in public schools. The result, he said, is probably the most complicated formula in the United States for measuring school needs. Hooker said his office plans to propose a calculation based on a "full-time pupil equivalent."

TEXAS GETS FEDERAL DOLLARS—Texas will get \$73 million from the U.S. Treasury in revenue-sharing funds for the quarter of fiscal 1975. Governor Briscoe said the state will receive about \$24.5 million of the total and the rest will be channeled to city and county governments for their use on local projects. COURTS SPEAK—The Texas Court of Criminal Appeals set a November 17 hearing in a case challenging constitutionality of the new state death penalty law.

Attorneys for former House Speaker Gus Mutscher and two aides are asking the Criminal Appeals court to take another look at its opinion approving their conviction for conspiracy to accept a bribe. Former gubernatorial candidate Frances Farenthold's attorneys are seeking Governor Briscoe's income tax re-

turns in connection with her suit alleging the Governor received illegal campaign contributions. AG OPINIONS—A county, under proper circumstances, can contribute to construction of a swimming pool by an independent school district on school-owned land in the county, Atty Gen. John Hill held.

In other recent opinions, Hill concluded: Texas Aeronautics Commission is not prohibited from assisting financially in development of a municipal airport on land leased for at least 20 years. A single corporation may own and operate two separate cemeteries if all requirements are met.

Bonds issued by Guadalupe Leased Housing Corporation do not qualify to secure the deposit of state funds. PAY WAITING—About 60,000 former Army Reservists and National Guardsmen have \$1.1 million coming to them if they will come forward. The money was earned in drills and training during October 1-December 31, 1972. Army officials would like to mail the money before

Christmas, but only a few more than 1,000 have made the required application. Amount due ranges from \$16 to \$240. Army reservists who trained during the period and think they may have money due should write to the Army area where their old unit is located—or Commander, U.S. Army Reserve Components Personnel and Administration Center, St. Louis, Mo.

TAX PANEL APPOINTED—House Speaker Price Daniel Jr. has authorized a House subcommittee to study and make recommendations for alternative tax reduction plans, in light of an anticipated surplus of more than \$1.5 billion in the State Treasury at biennium. Daniel directed the subcommittee on exemptions of the House Committee on Revenue and Taxation to consider effect and equity of all reasonable tax reduction alternatives and report to the 64th Legislature prior to its January, 1975, session.

The best friends are those who seek nothing.

SHORT SNORTS Governor Briscoe says he doubts that many people will agree with every item in President Ford's economic program, "but I do think that on the whole, the president's recommendations have a great deal of merit."

Former members of the Constitutional Revision Commission say a citizen's convention should take over the work of trying to write a new Texas Constitution. Meeting unofficially, former CRC members voted 2-1 to call on the legislature to create a new constitutional convention composed of delegates elected specifically to revise the state's constitution.

Southern Union Gas Co. has asked Texas Railroad Commission to allow it to charge the City of Austin higher rates for natural gas. The gas company wants a 13.73 per cent increase.

The Board of Directors of Plains Cotton Growers, Inc. at its quarterly meeting in Lubbock October 9 resolved to (1) work for improvements in the Commodity Credit Corporation loan program and other cotton program regulations on the 1975 crop, (2) "come down hard" on President Ford's recent interference with U.S. grain exports and (3) to exert all possible PCG influence toward assuring equitable State taxation of High Plains farm lands.

Board members from the 25 area counties represented by PCG also heard Dr. Jarvis Miller, Director of Texas Agricultural Experiment Stations, report that the 11-year old boll weevil control program initiated by PCG has returned to producers over \$75.00 for every dollar of producer investment in the program.

Miller drew his conclusions from a two-year "cost-benefit" study of the program made by Texas A&M University in cooperation with the National Science Foundation and the U.S. Department of Agriculture. The study shows a round figure cost to High Plains cotton producers of 5.5 million dollars over the 11 years. Returns to producers, in the form of control cost savings and yield and quality preservation, are estimated at about \$430 million.

Board action on the 1975 cotton program included reaffirmation of PCG's request that the 1975 CCC loan be set at the highest possible level consistent with the language of the law, and that it be announced before November 1 without being subject to change during the marketing year.

In 1973 USDA announced a "preliminary" 1974 loan in late August, but the loan was not finalized until July of 1974. PCG and virtually all others in the industry outside government contend there is no justification for this procedure under current law.

Donald Johnson, PCG Executive Vice President, reported that the PCG staff, in accordance with previous Board directives, was continuing to seek removal of inequities in the administration of the current program's disaster provisions and was soliciting assistance in this regard from other Cotton Belt organizations. "We hope to go to Washington before the start of the 1975 crop year with a detailed list of the problems that arose in 1974, reasonable suggestions for resolving those problems, and a broad base of support for our suggestions," he said.

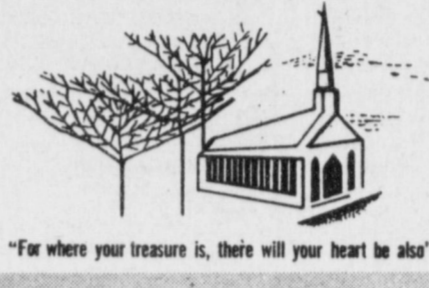

"A political action restricting markets for agricultural commodities" was the label placed by the PCG Board on the cancellation October 7 of a 125,000,000 bushel grain sale to Russia at the insistence of President Gerald Ford, and the Board resolved to voice strong objections.

Past PCG President Don Anderson of Slaton said, "We cannot be expected to operate in a restricted market with restrained prices for our commodities if the markets and prices for our production inputs are unrestricted."

Chairman of the PCG Board Ray Joe Riley of Hart called attention to the fact that what is considered inadequate financing of public education in Texas is bringing out a rash of proposals for ad valorem tax reform, which led to adoption of the following resolution:

RESOLVED, that PCG work to the end that assessment of agricultural land for tax purposes continue to be done at the county level in accordance with Article 8, Section 11 of the Texas Constitution, and to assure that such land will not be taxed in excess of taxes levied on other assets subject to taxation within the State.

## READING GOD'S WORD

The reading of God's word is a neglected love by many today. It has been too easy to forget the price paid by many in the past, to make the Bible available to all. There was a time when men were hungry for all the wonderful messages contained in God's word. The Bible is full of wisdom and the teachings that men need. "Man doth not live by bread only, but by every word that proceedeth out of the mouth of the Lord."

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

## Public Notice

### NOTICE TO HIGHWAY IMPROVEMENT OR CONSTRUCTION

The Texas Highway Department is planning to proceed with the development of the proposed highway improvements on U.S. 84 in Muleshoe from East 6th Street to West 8th Street. The project will be developed in cooperation with the Federal Highway Administration, therefore, FHWA's approval has been requested.

This proposed project will consist of the reconstruction of curb and gutter, grading, salvage base, asphalt stabilized base and asphalt concrete pavement on the existing 80 feet of right of way. Since no additional right of way will be required no relocations will be involved.

Maps, drawings showing geometric design, environmental studies and all other available data concerning the development of this project may be inspected and copied at the Resident Engineer's Office in Littlefield, Texas.

## John Tower United States Senate

This week President Ford presented his economic proposals to a joint session of Congress. While there are definitely some bitter pills to swallow, we must look at the package and take each part as it is presented in the context of the entire program. Everybody will dislike something. The important thing is that the President has asserted his leadership and has taken positive steps in the battle against inflation. Now it is incumbent on us as members of Congress to act.

The President mentioned many specific proposals in ten basic areas. I do not have sufficient time to discuss each of these proposals now, but there are some areas of concern to Texas I want to touch on briefly.

First, the President has called for full production of our agricultural products and for all acreage limitations to be lifted from rice, peanuts and cotton. He has promised that all fuel and fertilizer needed to achieve full production will be made available to farmers. Almost everyone involved in the economic summit conferences last month agreed that there are too many hidden costs in government, business, labor and agriculture that contribute heavily to inflation. We have far too much "big brotherism" in our government today and we are paying for it. The President is establishing a National Commission on Regulatory Reform to reexamine government regulations that increase costs to consumers. At the same time, the President has instituted the practice of Inflation Impact Statements on all legislation and regulations coming from the Executive Branch and he has challenged Congress to do the same. We must realize that

## First Goose Season Opens On October 19

AUSTIN -- Texans living west of U.S. Highway 81 get first crack at geese when the season opens Oct. 19 and runs through Jan. 19, 1975.  
Later in the month, the season to the east of U.S. 81 opens Oct. 28 to Nov. 24 and then again from Dec. 7, 1974 to Jan. 19, 1975.

Officials at the Texas Parks and Wildlife Department remind goose hunters that bag and possession limits vary between East and West Texas.  
In the west, the bag limit is two geese and the possession limit is four. The daily bag and possession limit may not include more than one Ross' goose.

This should be no problem for Texas waterfowl shooters since the Ross' goose is an infrequent visitor to the state. Bag limit in east Texas is five geese; possession limit is also five. The daily bag limit may not include more than one Ross' goose and no more than one Canada goose or one white-fronted (speckle-bellied) goose. The possession limit may not include more than one Ross' goose and no more than either two Canada geese or one Canada goose and one white-fronted goose.

These and other waterfowl regulations, plus a duck identification sheet, will soon be available at Parks and Wildlife Department offices and license sales deputies in the "Migratory Game Birds Hunting Digest, 1974-75".  
Three department-owned areas will be open to the public for the Oct. 28 - Nov. 24 and Dec. 7 - Jan. 19 goose seasons: Pat Mayse Wildlife Management Area near Paris, Dam B Unit of the Angelina Area and the Angelina-Neches Scientific Area, both to the west of Jasper.

Hunting is free on all three areas. A federal waterfowl stamp is required for any per-

son 16 years of age or older. A valid Texas hunting license is also required for anyone 17 years of age or over who is hunting out of the country of their residence.  
As is the case with hunting on other department-owned lands, only those 12 years and older will be admitted. The hunter under 17 years of age must be sponsored on a one-to-one basis by someone at least 21 years old.

Henry Kissinger, Secretary of State:  
"Meeting man's basic needs for energy and food, and assuring economic growth while mastering inflation requires international cooperation."

## Five Rural Accidents Investigated

The Texas Highway Patrol investigated five accidents on rural highways in Bailey County during the month of September, 1974, according to Sergeant Taurman Keffler, Highway Patrol supervisor of this area.

These crashes resulted in no persons killed and no persons injured.  
The rural traffic accident summary for this county during the first nine months of 1974 shows a total of 33 accidents resulting in three persons killed and 12 persons injured.

The rural traffic accident summary for the 60 counties of the Lubbock Department of Public Safety Region for September, 1974, shows a total of 471 accidents resulting in 17 persons killed and 213 persons injured as compared to September, 1973 with 501 accidents resulting in 24 persons killed and 364 persons injured. This was 130 less accidents, seven less killed, and 151 less injured in 1974 at the same period of time.

The 17 traffic deaths for the month of September, 1974, occurred in the following counties: two each in Lipoomb, Moore, Farmer, Haskell and Parker; and one each in Castro, Deaf Smith, Hartley, Oldham, Randall, Hale and Lamb.

**Bula News**  
By Mrs. John Blackman

Rev. Eddie Riley, pastor of the Bula Baptist Church, announces a revival will start Wednesday, Oct. 23, and run thru Sunday night, Oct. 27. Morning services will be at 10:00 a.m. and evening services at 7:30 p.m. Topic for the morning services will be "The Sermon on the Mount". Brother Herschel Moore, of Amarillo, a recent graduate of Southern Seminary, at Louisville, Kentucky, will be the evangelist. John McCormack of Bula will be the song leader. On Sunday, the noon meal will be enjoyed in the fellowship room of the church.

Mr. and Mrs. David Williams drove to Stalon, Tuesday evening and spent the night with their son and family, the David Williams.

Mr. and Mrs. J.R. Teaff spent Friday until Sunday afternoon visiting with relatives in the Haskell and Munday area. Saturday, Mr. Teaff enjoyed attending a homecoming at the Weinert School. Mrs. Teaff spent some time with her sister, Mrs. Marion Strickland. They also visited with two of his sisters, Mrs. Earl Livengood, at Haskell and Mrs. Lois Stevens at Munday.

Mr. and Mrs. Kenneth Briscoe of Muleshoe, visited Monday evening with Mr. and Mrs. Tom Bogard.

Word has been received that Alto Salyer, a patient of several weeks is still confined to the Cooks Memorial Hospital, Levelland, but is scheduled to be transferred to Methodist Hospital in Lubbock for further tests and x-rays. She is the sister of Fred Lacker of Bula.

Mr. and Mrs. Ken Gray and

children of Lubbock spent Sunday afternoon with the John McCormack's. The ladies are sisters.

Mr. and Mrs. Cecil L. Jones of Fort Worth were guests in the home of John Blackman Friday until Monday, Sunday afternoon, they drove to Portales for a short visit with the Dudley Cashs.

Bula High School, both boys and girls played their first basketball game for the season with Christ the King school, Lubbock, there Tuesday night. The girls won their game by ten points, but the boys lost their game by a large margin. Their second game is to be here with Spade.

Mr. Nolan Harlin is still a patient in the Amherst hospital, but is feeling better. He was hospitalized the past Tuesday, after suffering a heart attack.

Mr. and Mrs. Ray Kennison

and girls, Kim and Dusty of Olton, spent Sunday with her parents, the Tom Bogards.

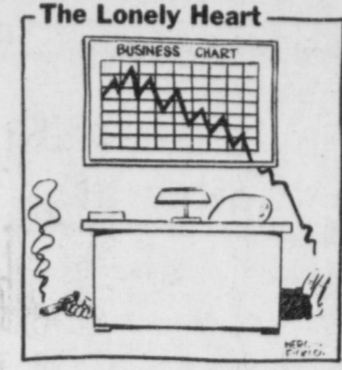

A Halloween Festival will be held at the school on Saturday night Nov. 2. Sponsors will be the Junior class and the Booster Club. Each class room will have a booth at the carnival.

Mr. and Mrs. Cecil Jones drove to Quail, Sunday to attend the funeral for his uncle, Mr. Carrol Blevins. Funeral was held at 2:30 Sunday in the Quail High School auditorium and burial in the Quail cemetery. Mr. Blevins was killed in a car-truck accident near Clarendon Friday morning.

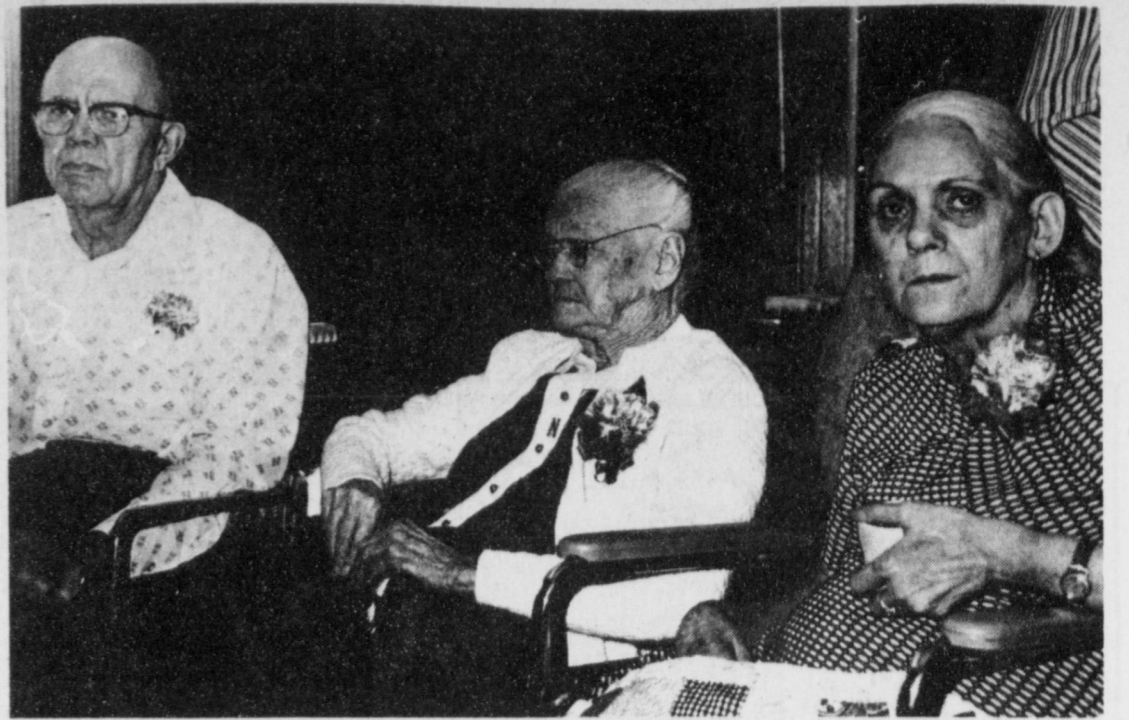

The Bula FHA girls enjoyed a slumber party in the school homemaking department Friday night. The night was spent in eating and having fun with not too much sleeping. The girls cooked their supper, they had pizza, salad and iced tea. They made carmel apples and other goodies

that go with a party all during the night. The highlight of the party was singing to the teachers at 4 O'clock in the morning.

Girls to enjoy the party were, Lisa Risinger, Susan Layton, Ida Davila, Oralia Davila, Sherri Claunch, Carolyn Stroud, Marylen and Sharron Kay White, Melonie Roberts and their sponsor, Mrs. Alice Kester.

Laws and commandments, in some people's opinions, were made to guide some other fellow.

HAPPY BIRTHDAY. . . . . Pictured above left to right are Sanford Gilbreath, Nellie Norwood, and Edith Clark were honored at a birthday party, Tuesday, October 15 which was hosted by the Progress Circle of the Methodist Church.
