

ORGANIZATION OF B. C. D. HELD TUESDAY NITE

Terms of Members are Decided; Officers Are Selected

The first meeting of the Slaton Board of City Development, appointed last week by the City Commission, was held at the city hall on Tuesday night of this week, at which time terms of the various members were determined by their drawing lots, and officers of the board were selected for the coming year.

J. H. Brewer was elected president of the board, T. E. Roderick was chosen vice president, and Carl W. George was named treasurer. L. A. Wilson, who is now serving his third year as secretary of the Slaton Chamber of Commerce, was elected as secretary of the Board of City Development.

Terms of the various members of the board were decided by their drawing lots, as provided for in the new city charter. Results of the drawing were as follows: J. H. Brewer, O. Z. Ball, A. J. Payne, H. S. Riggs and M. W. Uzzell will serve one year each; J. W. Hood, Horace Hawkins, Dr. W. E. Payne, J. A. Elliott and T. E. Roderick drew two-year terms; and T. A. Worley, Jr., Carl W. George, W. H. Smith, R. P. Burks, and George G. Green drew three-year terms.

At the end of each year, as the terms of five members expire, their successors will be chosen by the ten members remaining on the board, according to provisions of the city charter.

The meeting Tuesday night was presided over by T. E. Roderick, who was selected as temporary chairman for the organization session. The various officers of the board were selected by secret ballot, all members voting. All but two members of the board attended the meeting. These were J. W. Hood and W. H. Smith, both of whom were out of the city at that time.

Before creating the office of treasurer and before electing that officer, a motion was passed requiring that the treasurer furnish a surety bond each year, and that all checks be signed by the treasurer and countersigned by the president or vice president of the board.

The necessity for drawing a constitution and by-laws for the guidance of the Board of City Development was considered, and a committee consisting of H. S. Riggs, George G. Green and M. W. Uzzell was appointed for this purpose. The committee's report, when ready, will be submitted to the board for consideration, at which time revisions, if any are necessary, will be made before final adoption.

HOWELL AGAIN TAKES SLATON PRODUCE CO.

The Slaton Produce Company, located on Texas Avenue here, is again under the management of L. T. Howell, it was announced early this week. Mr. Howell, the founder of this establishment, recently moved to Southland, where he established a produce business. That business is still in operation, Mr. Howell stated, with his wife as manager.

Howell returned to Slaton early this week, he said, to re-assume management of the local firm.

Other Towns Send Visitors to New Palace in Slaton

According to Oskar Korn, owner of the O. K. Circuit, and Manager Smith of the New Palace Theatre here, many visitors from other towns, as well as surrounding rural communities, have been enjoying the talkie programs at that show since its opening Monday night.

The new talking pictures for Slaton are unusually plain and distinct in sound, those who attend the show state.

Local Firm Buys Produce House on Panhandle Ave.

The Home Feed & Produce was sold this week to the Slaton Grain & Coal Company, it has been announced by T. J. Abel, former manager of the firm, and Fred B. Tudor, the present manager.

The former up-town store of the Slaton Grain & Coal Co., has been moved to the firm's new quarters, and will continue to operate there, Mr. Tudor stated.

They will continue to buy poultry, eggs, cream, hides, etc., and will handle a complete line of feeds in the Purina and Superior lines.

Mr. Tudor stated that since purchasing the Home Feed & Produce, and combining the two already well-known establishments, they will be much better enabled to give the farmers of this section the kind of service they justly deserve.

Retailers Will Meet Monday Eve

A membership meeting of the Slaton Retail Merchants Association will be held at the office of the secretary in the city hall next Monday night, April 22, it was announced yesterday.

It is urged that all members who can, attend this meeting, and local merchants who have not yet turned in their rating lists should have them at this meeting, ready to hand in, Mrs. Lee Green, secretary, stated.

The organization is planning to turn the copy for the printed lists over to the printer within the next few days, Mrs. Green said, hence to make the list as nearly complete as possible it is necessary that all merchants comply with this request.

South Plains Ass'n To Meet on April 24

The South Plains Association, I. O. O. F., will meet in an all day and evening session at Lubbock, Wednesday, April 24, it has been announced by officers of that fraternity. All Odd Fellows and Rebekahs of Slaton who can, are urged to attend this meeting, which will convene early Wednesday at the Lubbock Odd Fellows Hall. An enjoyable and profitable meeting is assured, officials of the order state.

RADACK DIES IN JUMP.

E. E. Radack, professional parachute jumper, who made a sensational jump in Slaton recently, from a trimotored plane of the Kenyon Transportation Co., plunged to his death late last week at Pratt, Kans., according to press dispatches.

As Radack leaped from the huge ship a rope, connecting his harness and the parachute, gave way, allowing him to fall more than a thousand feet.

Second Order of "Santi" is now on Sale at Catching's

Immediately after receiving their first shipment of "Santi," a novel written by R. A. Baldwin, of Slaton, Catching's Drug Store here sold all copies available late last week, according to G. J. Catching, the proprietor.

The second shipment of the novel has been received, Mr. Catching stated, and copies are going fast. Mr. Catching expresses pleasure of the unusual demand made for this late piece of fiction.

"Santi" is Mr. Baldwin's first novel, and judging from the early sale of the book, it is making a big hit with lovers of stories. "Santi" is making a hit with the public, including critics.

Prizes Awarded by Local C. C. Club

Early in March, plans were made by the Civic and Culture club for special work to be done in the Slaton public schools, along the lines of American citizenship and patriotism.

Many very interesting displays of work done in this connection were artistically arranged as part of the general displays exhibited on "Opening Day" at the schools, March 29.

When the reports were later turned in to the committee, it was noted that special interest had been demonstrated in various original projects, carried out by teachers and pupils. These reports were judged by the following citizens of Slaton: Mrs. J. A. Klanser, Oskar Korn and Mrs. M. A. Pember.

Cash prizes of \$2.50 each have been awarded as follows: East Ward, Mrs. Wallace's room; West Ward, Mrs. Smart's room; Junior High, Mrs. Wilhite's room, and High School, Mrs. Pevehouse's room.

Because of the fact that every teacher at East Ward responded by submitting reports, a second prize was given to that school. This prize was won by Mrs. Pickens' room.

The members of the citizenship committee of the Civic and Culture club feel as if this money has been well spent, and sincerely thank all who helped to promote this work. It is hoped that the pupils have received some ideas which will benefit them through life.

"THE KING OF KINGS" EXPERTS PRODUCED "THE GODLESS GIRL"

The same production personnel responsible for the filming of "The King of Kings," Cecil B. De Mille's remarkable biblical picture, handled the production of "The Godless Girl," Mr. De Mille's first directorial effort since he filmed "The King of Kings" in 1928, which will be the attraction at the New Palace Theatre on Sunday, Monday and Tuesday, next.

Frank Urson, assistant to De Mille on many of the latter's outstanding features, assisted the director on "The Godless Girl," having just completed "Chicago," which he directed for De Mille. Peverell Marley, who photographed "The King of Kings," was entrusted with the photography of "The Godless Girl." The important work of cutting was done by Anne Bauchs, who edited the film on every Cecil B. De Mille production the past ten years, while Roy Burns, who was responsible for the thousands of properties used in "The King of Kings," was in charge of properties for "The Godless Girl."

The art direction of Mitchell Leisen, which played an important part in the artistic success of the biblical feature, was secured by De Mille once more for "The Godless Girl." Theodore Dickson supervised the set dressing. "The Godless Girl," like "The King of Kings," was written and scenarized by Jeanie Macpherson, who wrote "The Ten Commandments," "Joan the Woman" and numerous other Cecil B. De Mille productions. Lina Basquette was selected for the title role, while George Duryea, Noah Beery, Marie Prevost and Eddie Quillan have important roles in this drama of youth.

CORREL TRANSFERRED.

George Correl, local yard foreman for the Santa Fe, has been transferred to the Pecos division. Mrs. Correl and daughter, Aleda Blanche, expect to remain in Slaton until the close of school. H. C. Roberts, of Idalou, will fill the vacancy caused by Mr. Correl's transfer.

WTCC MEETING AT TAHOKA ON WEDNESDAY

Big Delegation From Slaton is Desired; Committee Named

A large delegation of Slaton people, to attend the district convention of the West Texas Chamber of Commerce at Tahoka, next Wednesday, April 24, is wanted by the Slaton Chamber of Commerce. A committee composed of Dr. W. E. Payne, L. R. Cybert, H. G. Sanders, S. E. Staggs and K. L. Scudder will serve as the "On to Tahoka" committee. This group wants to sign up a large number of cars for the trip next Wednesday, and are anxious to see a big crowd of Slaton people make the trip to the meeting.

John Rayburn, Slaton High School sophomore, will represent Slaton in the "My Home Town" speaking contest at the Tahoka convention. He is being sent there to represent this city, by the Slaton Chamber of Commerce.

Plans are being laid to see that Slaton has some rather unique stunts for the convention, and if these are completed, this city will probably attract as much attention as any other group in attendance at Tahoka.

Slaton will not ask for the next district convention in 1930, according to Chamber of Commercial officials. This decision was reached for the reason that the convention met here just a few years ago, and many other cities of the district, which have never entertained the convention, are clamoring for it.

R. A. Baldwin, Slaton attorney, is on the program next Wednesday to deliver an address at 11:40 a. m.

Fourth Farmers' Auction Sale is Big Event Here

With C. Johnson, Slaton auctioneer, in charge, the fourth free farmers' auction sale to have been held here since January was attended by a large crowd last Monday, and proved to be another very successful sale, many farmers taking advantage of the event to purchase or dispose of equipment which they needed or did not need.

The next auction event will be held on Monday, May 20, and Slaton merchants will offer special prices for that day as 'trades' day features, it is planned.

Next Program is To be April 24th

"Look out for another good Santa Fe Reading Room entertainment," Uncle George Marriott said Thursday. A family of real artists will be here April 24, and will entertain Santa Fe employees and their families at the high school auditorium. A more complete announcement of the program will be made in Tuesday's issue of The Slatonite.

VISITS PARENTS HERE.

Oscar R. McMennamy, of Memphis, Texas, made a business trip to Lubbock Friday of last week, and came down to Slaton to visit a few hours with his parents, Mr. and Mrs. J. D. McMennamy. While here young McMennamy left a check for \$50.00 as a birthday gift to his dad, who was celebrating his 73rd birthday. This was very much appreciated, the senior Mr. McMennamy stated.

P. T. A. TO MEET.

The High School Parent-Teachers Association will meet at 3:30 p. m. next Wednesday afternoon. Election of officers will be held at this meeting. The successful P. T. A. is a great help to the pupils and teachers of the school. We need you, parents, and your children need you.—Mr. Sone, Supt.

Allan Payne is Rotary Speaker At Friday Meet

Allan J. Payne, secretary of the Slaton Rotary Club, who recently returned from Ft. Lauderdale, Fla., where he visited about two months with his daughter and her family, seeking to recover from the effects of rheumatism, was the main speaker at the regular meeting of the Rotary Club last Friday. He told of his impressions of Florida, describing his visit there in very interesting detail.

Other numbers on the program included two quartet numbers by C. Lem Sone, Will P. Florence, Tom J. Abel and Lloyd A. Wilson, and a reading of the programs for this quarter, given by Roy A. Baldwin, chairman of the program committee.

The club had several visitors at the Friday meeting, including local men and out-of-town Rotarians, several of whom were from Lubbock.

An international peace program will be given this week at the luncheon today. C. C. Hoffman, Jr., will speak on the subject, "Is Our Government's Attitude Toward the Respective Belligerents in Mexico Probably for the Best Interest of Future Amicable Relations Between the Two Countries?"

A song will be sung by the audience, after which Bob Smith will speak on "Some Facts About Universal City", and will give an interesting discussion with reference to motion pictures, it is expected.

Wholesale House at Lamesa to Open; Is Local Firm Branch

The Slaton Wholesale Grocer Company is this week opening a house at Lamesa, it has been announced by Truman Campbell, who arrived here early this week from his former home at Sulphur Spring, to take charge of the business.

Mr. Campbell, in company with W. B. Hestand, proprietor of the firm, and manager of the company's Slaton house, went to Lamesa early this week to complete details of the opening.

Mrs. Campbell, who is the daughter of Mr. and Mrs. R. L. Tate, of Slaton, expects to arrive here during the next few days, and will join her husband in their new Lamesa home.

New Type Ford to Be on Display Here

On Monday, April 29, and for that one day only, the Slaton Motor Co., will have on display a new Model A Ford town car, P. G. Stokes, manager, stated Wednesday. This will be the first appearance of the new Ford town car in Slaton, and it is expected many will call at the company's show room on that day and view it.

MRS. HENRY BOLINGER DIES IN SANITARIUM

Funeral services for Mrs. Henry Bolinger were conducted at the Baptist church in Lubbock Wednesday afternoon at 4:00 o'clock, following her death in a Lubbock sanitarium early Tuesday. Following the funeral services, conducted by Rev. B. G. Holloway, interment was made in Lubbock cemetery.

SUNDAY SCHOOL REPORT.

High school, 45 percent, Miss Gary's room leading with 69 percent. Junior High, 55 percent, Mrs. Frye's room leading with 74 percent. West Ward, 53 percent, Mrs. Tomlinson's room leading with 80 percent. East Ward, 44 percent, Miss Baughman's room leading with 60 percent. Entire school system, 49 percent.

ATTENDS CONVENTION.

Horace Hawkins, manager for the Slaton Cotton Oil Co., was in Dallas last week attending a state convention of the State Ginners' Association. Mr. Hawkins was accompanied on the trip by Mrs. Hawkins.

BRENNAN SAYS HOSPITAL WORK STARTS MON.

Dallas Man to be in Charge; Complete By October 1

Preliminary construction work on Slaton's new sanitarium, which will be owned and operated by the Sisters of Mercy, of Stanton, Texas, will start next Monday morning, according to Joe Brennan, of the Brennan Construction Company, of Amarillo, who was here Tuesday in conference with local business men at the Chamber of Commerce office in the city hall.

Fred Koch, of Dallas, who is connected with the Dallas branch of the Brennan company, will arrive here Monday to supervise the construction of the hospital from the time it is started until it is completed, according to Mr. Brennan. Completion of the building is expected by October 1, or within about 140 working days, Brennan said.

As many local employees as can be given work on the new building, Mr. Brennan announced. However, some classes of work will possibly have to be performed by out-of-town men, but this will be resorted to only in cases of necessity. All applications for employment on the construction job should be made direct to Mr. Koch, at the location of the new hospital site, which is just south of the Catholic church, between 19th and 20th Streets. Mr. Koch will establish an office there soon after he arrives in Slaton.

The hospital building will be 37 feet by 116 feet, with four stories including basement. The structure will be strictly fireproof throughout, and will accommodate nearly 50 patients. Total cost will be approximately \$125,000, Mr. Brennan said. This is about \$50,000 more than the original plans called for. Several changes in plans, which necessitated changes in financing, have been made since it was first announced that the building would be constructed, Mr. Brennan explained, stating that these changes in plans are the cause of the long delay that has been experienced in getting the building started.

"We do not expect any further delay now, but are ready to start work next Monday, and will be here to get the preliminary work going," Mr. Brennan said. "And," he added, "this hospital will be one of the best in Texas when it is completed, because everything in the way of modern facilities is being included in the building."

The plans have been given final approval and will not be changed again, Mr. Brennan said. The job has been satisfactorily financed, and all is now ready.

The new hospital is coming to Slaton as a result of a campaign last summer having been waged here to raise \$20,000 cash as a bonus, and also the donation of a site for the building.

ADDS HARNESS STOCK.

C. C. Fry, proprietor of the Santa Fe Shoe Shop on Texas Ave., has added a complete line of leather harness. For harness and shoe repair work, Mr. Fry recently installed several new machines, making his plant up to date in every particular.

SHOULD HEED WARNING.

The tragic death of little Mary Frances Slaton, which occurred at Lubbock early Monday, as direct result of a rattlesnake bite Sunday afternoon, should serve as a timely warning to picnickers who go to nearby canyons for recreation. The recent victim of the rattler's fangs was playing in the canyon near here, on the O. L. Slaton ranch, when the snake happened, and this event shows, conclusively, that it is dangerous for children to roam in the canyon's poisonous holes.

Early Diagnosis For T. B. Cases Is Now a Slogan

"Early Discovery—Early Recovery." This is the slogan for the 1929 Diagnosis Campaign, being conducted in the United States during the month of April by the National Tuberculosis Association and its affiliated state and local associations, according to Lewis E. Bracy, Executive Secretary of the Texas Public Health Association.

The 1929 Early Diagnosis Campaign aims to continue last year's appeal to adults: "Let Your Doctor Decide," with an additional emphasis on children.

"Not that adults should be forgotten in the search for the child," said Mr. Bracy. "It is from them that the child becomes infected. But we must expand our view of tuberculosis to include the possibility of the very early stage of the disease in children—we must discover it in the antecedent condition during childhood before it becomes pulmonary tuberculosis at all. A long step forward in the control of tuberculosis will have been taken when parents become impressed with the significance of lung-gland tuberculosis, when general practitioners keep this condition constantly in mind, and when its importance is fully realized by those in charge of the health of children in schools."

The tuberculosis associations urge that everybody, children and adults alike, have a thorough physical examination by a licensed physician at least once a year, whether they appear to need it or not. In addition to which a physician should be consulted at the least indication of any of the "danger signs" of tuberculosis, which are: "Too easily tired, loss of weight, indigestion, cough that hangs on."

MODERN CAR BUYER SHOWS INTEREST IN MECHANICS

The present day motor car buyer is paying more attention to mechanical details than ever before, not alone in the high priced field but in the low priced field as well. Whether it be a four or six cylinder model, the buyer shows more intimate knowledge of the mechanics of a car than previously, seeking a product that embraces in its construction all elements that are factors in providing power, speed, smoothness, acceleration, economical operation, longer life and in general a high standard of performance.

This fact is shown in the high volume of sales that have been continuous since the introduction of the new Superior Whippet Six a few months ago.

Buyers of this new Willys-Overland product show a marked interest in its seven-bearing crankshaft which automotive engineers declare to be necessary to a six cylinder car to provide smooth and silent operation and eliminate engine vibration. Willys-Overland in employing a seven-bearing crankshaft in its low priced Whippet Six is said to have set a definite trend which other manufacturers in the same price class will adopt in the near future in order to keep pace with the demands of the buyer.

Other outstanding mechanical features of the Whippet Six include full force feed lubrication to all main and connecting rod bearings, crankshaft bearings, camshaft bearings and timing chain; "Finger-Tip Control," which places at the finger tips of the driver a single control button to start engine, operate lights and sound the horn; extra long wheelbase which has permitted a new and larger body with spaciousness usually found in higher priced cars; Neyson type aluminum invar-strut pistons, extra long connecting rods, adjustable silent timing chain, which is a factor in the Whippet's quiet and smooth operation; oversize balloon tires and shock absorbers.

Unusual attention also is centered on the newly designed Whippet Six frame which is termed to be safer and stronger because of additional heavy cross members.

Each of these vital features take an important part in the high standard of performance set by the new Whippet Six, this performance being comparable with cars selling in the higher price field.

Nine-Tenths Preventable
 Nine-tenths of all the diseases of the American people can be traced directly to constipation, doctors say. Constipation throws into the system poisons which tam and weaken every organ of the body and make them easy prey for any germs which attack. Constipation and you are the cause of all diseases of the body and mind. Get rid of it by using the only reliable medicine for constipation, **Dr. Williams' Pink Pills**.

SCOTTISH RITE HOME FOR CHILDREN PLANNED

DALLAS. — Unqualified endorsement of the proposed Texas Childrens Hospital, the first complete children hospitalization in the Southwest nearer than Denver and St. Louis, has been received from Mr. Sam P. Cochran, president of the Board of Trustees of the Scottish Rite Hospital for Crippled Children here.

"The Texas Childrens Hospital movement carries strong appeal and gives additional evidence of the growing sentiment on the part of our citizenship to provide every possible means of safeguarding, and developing, to the fullest extent, our coming generation. It is gratifying to me and to other members of the board of trustees for the Texas Scottish Rite Hospital for Crippled Children to know that the institution in which you are interested will be erected near our own; and we shall welcome the Texas Childrens Hospital and cooperate with its officers and directors in every possible way," said Mr. Cochran, who continued, "I congratulate the hospital upon the success of its efforts so far and express the hope that ultimate results will far exceed your present expectations."

The Texas Children Hospital will be located across the street from the Scottish Rite Hospital. United the two institutions will provide complete child hospital care second to none in the United States. The Scottish Rite hospital is constantly in demand in excess of its 50-bed capacity. It cares for children afflicted with deformed bones while the Texas Childrens Hospital will treat children for the whole range of mental and physical diseases, many of them exclusively the ailments of children and treatable only with the facilities to be found in a childrens hospital.

A fund appeal for \$600,000 to build the 100-bed hospital and \$1,000,000 to endow its free service will soon be carried to the people of Texas.

AGE AVERAGE AT T. C. U. APPARENTLY LOW

FORT WORTH.—The average of students at Texas Christian University, upon their entrance into the school, is 18.04 years, according to E. R. Tucker, registrar. Ages of students at matriculation ranged from 14 to 30 years.

Mary Pickford to Appear in "Talkies"

This is what a film spectator had to say regarding Mary Pickford's new all-talking picture, which comes to the New Palace Theatre here on April 18, 19 and 20:

"Mary Pickford has stepped out of the art that has made her the most famous woman in the world and has stepped into another which she dignifies with an amazing performance.

"Coquette" is not in its essentials a motion picture, but as a work of dramatic art it is a masterpiece. No one can outmatch me in the admiration for the artistry that has maintained Miss Pickford's status as a screen luminary for a decade and a half, but I was astounded at the height she reaches in her first dialogue picture. She has several great moments in 'Coquette,' and in each of them she is magnificent. It is a personal triumph for her, as well as a triumph for the new art medium that has come to Hollywood. Her voice is splendid and in its use she reveals an appreciation of drama for which all she has done previously on the screen could not prepare us.

"Coquette" in no way alters my opinion about dialogue pictures. I still maintain that it is a folly for producers to turn their backs on the medium that has made the screen such an outstanding entertainment force. When I first argued in opposition to dialogue pictures, I stated that I was arguing against presumed perfection. I granted that some day such pictures would be perfect, that they would have great stories, great acting, great direction, and perfect production, but I maintained that they would have to find a new audience.

"There is no similarity between Mary Pickford of 'Coquette' and the Mary Pickford of the series of great silent pictures that have made her famous. But 'Coquette' has the perfect acting, perfect story, perfect direction and perfect reproduction that I anticipated. It will make a new audience for Mary, but whether it will be as great as her old audience remains to be demonstrated. Certainly it will appeal to the intelligence of the world, but I do not think it will appeal with the same force to the great unnumbered millions who have loved her as a shadowy form in a silent world. But it is something that

should gladden the heart of the old Hollywood of the silent days.

"When the sound device made its advent, motion picture producers hurried to Broadway to recruit actors and actresses to fill their casts; the stage became more arrogant than ever and graciously condescended to come to Hollywood and help us out. 'Coquette' is the screen's answer to the stage. I can conceive of no actress in the world doing better in it than Mary has done. She has added to the flu-

ency of the screen the eloquence of the stage, and shows equal perfection in both."

About 450,000 electric irons are used in Texas homes. This is the most widely used electrical appliance.

Mother!

Child's Best Laxative is "California Fig Syrup"

Hurry Mother! Even a bilious, constipated, feverish child loves the pleasant taste of "California Fig Syrup" and it never fails to open the bowels. A teaspoonful today may prevent a sick child tomorrow.

Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

Now is the time to fix up your MODEL T FORD

RIGHT now, after winter lay-ups and winter driving, is the time to go over your Model T and find out just what it needs in the way of replacement parts and adjustments. For a very small cost, you may be able to protect and maintain your investment in the car and get thousands of miles of additional service.

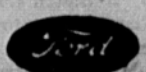

To help you get the fullest use from your car, the Ford Motor Company is still devoting a considerable section of its plants to the manufacture of Model T parts and will continue to do so as long as they are needed by Ford owners.

These parts are quickly available through Ford dealers in every section of the country. Note the low prices in the partial list given below:

Piston and pin	\$1.40
Connecting rod	1.60
Crankshaft	10.00
Cylinder head	6.00
Cylinder	20.00
Time gear	.75
Time gear cover	1.00
Crankcase	12.00
Magneto coil assembly	5.00
Fly wheel	13.00
Transmission gear shaft	1.65
Transmission cover	6.00
Clutch pedal	.65
Steering gear assembly (less wheel and bracket)	3.50
Starter drive	4.25
Generator	12.50
Battery	3.50
Carburetor	3.00
Vaporizer assembly (with fittings)	9.00
Rear axle shaft	1.75
Differential drive gear	3.00
Universal joint assembly	2.50
Drive shaft pinion	1.50
Front axle	9.00
Spindle connecting rod	1.75
Front radius rod	1.80
Rear spring	6.00
Radiator—less shell (1917-23)	15.00
Radiator—less shell (1923-27)	14.00
Hood (1917-1925)	6.50
Hood (1926-27) black	7.00
Gasoline tank	6.00
Front fenders (1917-1925) each	4.00
Front fenders (1926-1927) each	5.00
Rear fenders (1923-1925) each	3.75
Rear fenders (1926-1927) each	4.00
Running board	1.25
Horn (battery type)	1.50
Headlamp assembly (1915-26) pair	5.50
Touring car top (1915-25) complete	27.00
Touring car top (1926-27) complete, includes curtains and curtain rods	35.00

These prices are for parts only, but the charge for labor is equally low. It is billed at a flat rate so you may know in advance what the job will cost.

Posey Paragraphs.

As Boston is the "Hub of the Universe", and Lubbock the "Hub of the Plains", so are we the "Hub of the County".

On last Thursday morning, April 11, there gathered at our school house the patrons and children of our community, from whence all motored to Two Draw at Post to spend the day picnicking. After a bit of boating and kodaking and plenty of eating, Prof. E. Henderson headed a group of grown-ups and all children who were old enough, through the Postex Cotton Mills. All who went expressed themselves as having had a nice and enjoyable day.

Misses Calley and Starnes, teachers here, spent the week end at their respective homes at Shallowater and Lubbock.

The Rev. James Rayburn of Slaton preached an impressive and very interesting sermon here Sunday afternoon. We hope to have a full house when Bro. Rayburn preaches here again on May 12.

Word has been received from S. A. Johnson in St. Jo, Mo., that he is progressing as well as could be expected. Mr. Johnson went to Missouri to undergo an operation of a more or less serious nature. Mrs. Johnson and daughter, Nellie, accompanied him there.

State School Inspector H. C. Griffin, Miss Mae Murfee, and three members of the County School Board paid our school an official visit. And while here, offered some helpful criticism. Mr. Griffin had many compliments also to give to the faculty and children, especially the eighth grade girls.

Buffalo Spring (which, by the way, are a part of our community) are getting to be mighty popular now, as the warm weather approaches. Apparently the fish are biting.

Regular weekly community singing was held at the home of Mr. and Mrs. Jess M. Shoffer. A large crowd was present. We enjoy these sing songs very much.

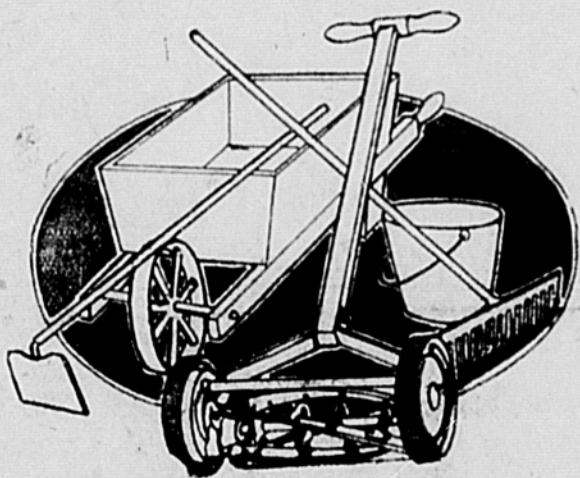

"ONE SPOKE."

BEGIN CAMPAIGN FOR HOUSTON MAYOR WILL TEXAS GOVERNORSHIP

HOUSTON, April 16—(Special)—Following the completion of his fourth term as Mayor of Houston, Oscar F. Holcomb announced his candidacy for the Democratic nomination for Governor of Texas. The announcement came just after Mayor Holcombe had finished administering the oath of office to his successor, Judge Walter Monteith.

He announced he would conduct an intensive campaign, starting at a later date, and lasting until the Primaries in July, 1930. His campaign will carry him into every County of the State, he said.

The eight years of Mayor Holcomb's services as chief executive of the City of Houston have been marked by the City's greatest municipal expansion. The City's population in that time has doubled. More streets, sewers and public buildings have been constructed than in all the previous history of the City. A great park system has been developed, and the City placed on the very highest basis.

TOOLS for the Garden or Farm

Highest grade guaranteed products only at great savings in price. We are headquarters for everything from a little garden label to a wheelbarrow. Why borrow anything from your neighbor when you can get complete equipment here at a price that challenges comparison?

STATE ADVERTISING.

The state of Michigan has just appropriated some \$200,000 to advertise the recreational advantages of the state. Kentucky took such a step several years ago. Western states, officially and unofficially, have long been noted for the advertising they have done in one form and another.

Our own state and section seem to lag somewhat behind in this procession. We have many recreational advantages here—natural and man-made features that should attract tourists from great distances, but we "hide our light under a bushel" so to speak. Tourist business means a great deal to Slaton and to all other cities in the country. Machinery is giving people leisure in constantly increasing amounts. Touring is becoming one of the generally accepted methods of using this leisure.

Our state, and county might make more strenuous efforts to advertise our recreational resources. Tourists spend money wherever they go. Many of them also locate permanently in towns and cities that appeal to them.

**Topics of the Town
—and—
News of its People**

A. M. Burns, former pharmacist for the City Drug Store, No. 2, at Lubbock, has accepted a position with Catching's Drug Store here, relieving Hollis Moore, who recently resigned.

Rev. L. G. H. Williams, of Lubbock, was in Slaton Wednesday, in the interest of Boy Scout work.

I. M. Brewer, formerly cashier of the First State Bank here, who recently moved with his family to Temple, is reported to be in a sanitarium in that city, preparatory to an operation which will be performed within the next few days. Though the operation will likely be a serious one, Mr. Brewer's condition is reported as being favorable.

Fred Maxey left Wednesday for Waco, where he will spend a few days visiting with his parents and other relatives.

Joe H. Teague, Jr., and family have returned from Carlsbad, N. M., where they visited the noted cavern.

Lawrence Evans attended the Tri-State track meet at Amarillo Saturday. He was one of the winners at the recent meet at Lubbock, but was prevented from entering at Amarillo because of an injured leg. While in Amarillo, he visited an uncle, C. W. Henderson.

Mrs. A. Kessel has returned from

Dallas, where she spent several days in the markets, buying new spring and summer merchandise for Kessel's department store here.

C. W. Kelty, brother-in-law of L. A. Wilson, of this city, Miss Ruth Cox, aunt of Mr. Wilson, and Hubert Bobbitt, a relative of Mr. Kelty's, are visiting for a few days this week in the home of Mr. and Mrs. L. A. Wilson here. These people live at Edgewood.

Mrs. J. W. Hood is reported much improved following an attack of rheumatism.

CHURCHES

CHURCH OF CHRIST

The increase in the audience last Sunday was very noticeable. We are glad to note this and ask that you continue to come. Bring some one with you. Help to make every Lord's Day a big day. I am still studying the Church of the New Testament. The subject for the morning hour, "The Primacy of the Apostle Peter," for the evening, "The Development of Ecclesiasticism."

Bible study, 9:45 a. m.
Preaching, 11:00 a. m., 8:00 p. m.

Ladies' Bible study, Monday, 3:00.
Teachers' study, Tuesday, 8 p. m.
Prayer meeting, Wednesday, 8 p. m.
A pleasant place to worship.

J. E. MULLINS, Minister.

METHODIST W. M. S.

Monday afternoon, April 15th, the Methodist Missionary Society met in regular session with only fourteen members present.

This was our Easter service, led by Mrs. Fred Tudor. Mrs. T. D. Johnson read the devotional and Mrs. G. M. Harlan and Mrs. Laura Rhodes had parts on the program. Miss Mildred Rucker gave a reading and Misses Joan Drewry and Murrel Wicker a vocal duet, with Miss Houston playing the accompaniment.

Mrs. S. H. Adams and Mrs. G. M. Harlan, who were delegates to the Annual District Missionary Conference at Ralls, gave interesting and inspiring reports of the meeting. Eleven ladies from the Slaton society attended this session.—Press Reporter.

Time—Sunday, 7:00 p. m.
Place—Church of Christ.

**Steel Bodies Help
Lessen Accidents**

According to the New York Motor News, examination of one insurance company's accident report showed that the two most frequent, serious and costly forms of the 2,400,000 automobile accidents occurring in a given period were collisions with other automobiles and skidding.

Claims for the above causes accounted for a great portion of the money paid out by insurance companies for motor car accidents during the year.

It has been definitely determined that clearer vision due to narrower windshield posts and stronger car bodies saves life, limb and damage in motor car accidents. Railroad companies long ago discovered the safety of the all-steel coach for passenger cars. In collisions they do not splinter or catch fire and their use has been a great factor in reducing railroad casualties. The application of the all-steel body to the automobile will be as big a step forward in motor car safety as it was on the railroads.

**NOTED WRITER IS ON
LONG AUTO TOUR TO
RE-DISCOVER AMERICA**

Bob Davis, claimant to the title of the most widely traveled newspaper correspondent in the world, is now re-discovering the United States for the New York Sun and the Bell syndicate in a Willys-Knight Sedan. With him is Frederick Faust, the novelist.

Their official start began, as a re-discovery of America properly should, at Columbus Circle in New York City, which is labeled "Mileage 0" in the guide books. During the next three months they expect to wander through nearly every state in the union looking for pieces to put in the "Bob Davis Recalls" column of the Sun and a few scores of other newspapers. When last seen, the back seat of the sedan was loaded to the spring-breaking point with portable typewriters, clean copy paper, and fishing paraphernalia. Faust was at the wheel. Davis was engrossed in a road guide and practicing words to say at detours.

**Prescription He Wrote
in 1892 is the World's
Most Popular Laxative**

When Dr. Caldwell started to practice medicine, back in 1875, the needs for a laxative were not as great as they are today. People lived normal, quiet lives, ate plain, wholesome food, and got plenty of fresh air and sunshine. But even that early there were drastic physics and purges for the relief of constipation which Dr. Caldwell did not believe were good for human beings to put into their system. So he wrote a prescription for a laxative to be used by his patients.

J. B. Caldwell M.D.
AT AGE 83

The prescription for constipation that he used early in his practice, and which he put in drug stores in 1892 under the name of Dr. Caldwell's Syrup Pepsin, is a liquid vegetable remedy, intended for women, children and elderly people, and they need just such a mild, safe, gentle bowel stimulant as Syrup Pepsin.

Under successful management this prescription has proven its worth and is now the largest selling liquid laxative in the world. The fact that millions of bottles are used a year proves that it has won the confidence of people who needed it to get relief from headaches, biliousness, flatulence, indigestion, loss of appetite and sleep, bad breath, dyspepsia, colds and fevers.

Millions of families are now never without Dr. Caldwell's Syrup Pepsin, and if you will once start using it you will also always have a bottle handy for emergencies.

It is particularly pleasing to know that the most of it is bought by mothers for themselves and the children, though Syrup Pepsin is just as valuable for elderly people. All drug stores have the generous bottles.

We would be glad to have you prove at our expense how much Dr. Caldwell's Syrup Pepsin can mean to you and yours. Just write "Syrup Pepsin," Monticello, Illinois, and we will send you prepaid a FREE SAMPLE BOTTLE.

MARIE PREVOST refuses to give up the dormitory to the turbulent women inmates in the Pathe picture, "THE GODLESS GIRL"

Local Scholar and Critic Comments on "Santi", Late Novel

"With pleasant anticipation, I awaited the coming of "Santi", and have read one of the first copies to arrive. My anticipations are more than satisfied. "Santi" is a great and worth-while story, and the author, R. A. Baldwin, is to be congratulated. Slaton should be proud to have this book come from one of her citizens.

"Knowing the author so well, I expected Santi to be a fair novel, at least as good as Harold E. Wright's "God and the Groceryman". But I was thrillingly surprised to find Santi in a higher class of literature than some of the Wright stories. For comparison, I would call it an extended O. Henry yarn, with more moral preaching effectively expressed than O. Henry thought of.

"True, the author does not preach in the usual way, but he makes the actions, reactions and revelations in mind and life of Santi preach an orthodox Christian sermon more powerfully than most fundamentalist preachers are able to do. The sermon is on 'whatsoever ye sow, ye shall also reap,' with a context something like 'We are not the architects of our own destiny, but a Spirit supreme over our intellect rules'.

"The author may differ from me, but I say what difference is it whether that ruling influence is called 'God' or the 'Inexorable laws of nature,' when the results are the same?

"Santi is a highly intellectual college graduate, with the notion that intellect is more important than character. He conceives the notion that intelligence can over-ride the laws of God and conventions of man, and proceeds to prove it by committing a cold-blooded murder in a way that he could not be caught with and punished by man. The story consists in the description of how the Higher Spirit, or, as the author terms it, the 'inexorable law of nature,' hounds Santi to his physical, mental and spiritual undoing and a punishment that was hell itself.

"The language is excellent in simplicity, clearness and brevity. The story contains only one prominent character and the many by-ways of the plot are merely suggested and

made easy for imagination to work out.

"After having read so much of the crime of those Chicago rich intellectuals, and also "The Perfect Crime", of the same nature, aside from the interesting psychology, the plot of this story seemed rather tame until about the middle. It suddenly and thrillingly jumped to above the ordinary. From then on it was quite enchanting.

"The moral atmosphere of the story is more wholesome than that of most modern fiction. And, the logical effect on the mind of the reader of "Santi", would be a constant prayer to 'Create within me a clean heart, Oh God, and in the nights of my trials may Thy guiding Angel ever triumph over the Jacob within me'.

WILL P. FLORENCE."

DINNER PARTY AT TOMLINSON HOME

Mr. and Mrs. Walter Tomlinson entertained with a dinner party Wednesday night. A demonstration of the club aluminum was given, after which the guests played bridge.

Those present were: Messrs. and Mesdames Tom Overby, R. W. Ragsdale, Roy Cobb and Harvey Austin, and Mesdames Savage and Stocks.

Mrs. G. R. Evans and son left Wednesday night for Sherman, where they will visit with relatives for a few days. They expect to visit in Cisco, also, while away.

Hollis Moore and family have moved to Crosbyton, where he has accepted a position as pharmacist for Brazier Drug Co. Moore was connected with this firm before coming to Slaton.

Nature Thought of Everything

Nature thought of everything when the human body was made. When the body is about to become ill, nature planned danger signals to warn us. Thus, if our children grind their teeth when they sleep, or lack appetite, or suffer from abdominal pains, or itch about the nose and fingers, we should know that they may have contracted worms. Then, if we are wise, we buy a bottle of White's Cream Vermifuge and safely and surely expel the worms. Thus we avoid the danger of very serious trouble. White's Cream Vermifuge costs only 35c a bottle, and can be bought from

City Drug Store.

W. E. Garren was a business visit- or to Lubbock Wednesday.

Demonstration Club Will Give Social to Members' Families

The Union Home Demonstration club met last Thursday with Mrs. R. M. Cade. The program committee filled out the year book, and arrangements were made to give a social Friday night, April 19, for the club members and their families at the schoolhouse.

The next meeting will be with Mrs. C. L. Griffin, at which time Miss Baird will be present and give a demonstration on "Linens".

Each member is urged to be present as this is one of the most important lessons.—Reporter.

JUNIOR C. AND C. CLUB MEETS SATURDAY

The Junior Civic and Culture club will meet Saturday, April 20th, at 3 p. m., with Mrs. Leonard Hord as hostess at her home on South Tenth Street.

The program is as follows:
Leader—Mildred Johnson.
Subject—John Galsworthy's "Fraternity".

Roll call.
The Function of Mr. Stone in "Fraternity".

The Conflict of the Dallsion Group With the "Submerged Tenth" of Hound Street—Addie Leo Morrison.

Galsworthy's Thesis That the Conflict Between Classes is Due to a Lack of Understanding and Sympathy—Gertrude King.

Parliamentary Drill.

BIRTHDAY PARTY.

Little Jack Cade celebrated his seventh birthday Wednesday afternoon with a party at his home. After many games were played, and all the trees about the place climbed, refreshments of ice cream and cake were served to the following guests: Charles and Garnetta Hampton, Joe and Christine Gamble, Dick and Eugene Cade.

FIDELIS CLASS MEETS WITH MRS. H. W. DAWSON

The Fidelis Class of the Baptist Sunday school was entertained Monday evening at the home of Mrs. Herman Dawson, 505 W. Lynn.

After a short business meeting, a hilarious social hour was enjoyed.

Refreshments of sandwiches, olives and punch were served to the following members and invited guests: Mesdames C. V. Young, Carl Lewis, G. W. Bownds, W. A. Johnson, Fred Stephens, M. L. Abernathy, L. Alexander, Ray McCarter, William Davis, H. C. Kennedy, Moody Puckett, L. H. Guyton, E. B. English, P. S. Nichols, and G. W. Nichols.

The next meeting, on April 29th, will be held with Mrs. Carl Lewis, at 706 South 11th.

MRS. DAVID TUDOR ENTERTAINS BRIDGE CLUB

Mrs. David Tudor entertained the Tuesday Bridge club this week at the home of Mrs. R. W. Ragsdale, 350 West Lubbock St., with four tables of bridge. A two course luncheon was served.

Besides the club members, there were Mrs. S. A. Peavy, Mrs. P. H. Savage and Mrs. Hawkins present as guests.

SUNSET SUPPER.

The young people's class of the Church of Christ had a sunset supper in the canyon Tuesday evening, with about 35 in the group. After supper games were played and enjoyable time reported.

CITY LINE CLUB.

The City Line club will meet Wednesday, April 24th, at 2 p. m., at the clubhouse with Mrs. E. E. Wilson as leader. The hostesses for the afternoon are Mesdames Theo. Schuhmann, L. J. Butler and G. R. Evans.

All members are urged to be present.

MRS. FRED ENGLAND HOSTESS TO STUDY CLUB

At the regular meeting of the Wednesday Study club, Mrs. Fred England was hostess at her home, 320 West Crosby St. The club is studying Modern Drama. The leader for the evening was Mrs. L. L. Stone. Those taking parts on the program were Mesdames Peavy, Gillies, and Bechtal. Besides the above, members present were Mesdames Harry Green, David Tudor, K. L. Scudder, Horace Hawkins and R. W. Ragsdale, and a guest, Mrs. Porter.

Santa Fe Agent W. H. Smith and wife, and Express Agent K. C. Scott and little daughter, June, have been in Temple for the past several days at the bedside of Mrs. Scott. Agent Smith expected to return to Slaton late Thursday.

Business Men are Invited to Attend Show at the Tech

LUBBOCK, Texas.—The first annual Engineers' show at the Texas Technological College which will be held Saturday, April 20, beginning at two o'clock, is to be well attended from every indication.

Dean Wm. J. Miller has been advised by a long distance telephone call from D. A. McCarthy, of Amarillo, chief engineer of the West Texas Gas Company that the Tri-State Technical Society will send from fifteen to thirty members here for the show.

Word from a number of science teachers in high schools all over West Texas indicates that quite a number of teachers and their pupils will make the trip here to see this show.

Special effort is being made to get the business men of the towns in this section to see the show. A good response is expected along this line.

Newspaper men are also given.

The event is to be held on the same date as the district No. 2, Interscholastic League Meet and a number of high school teachers and students will be here for this event and will have the opportunity of seeing the Engineers Show.

All the engineering machinery and equipment will be open for inspection and special tests will be going on. One of the features of the show will be found in the Textile Engineering Building where every piece of the machinery will be in operation and the visitors will see real South Plains cotton transformed into cloth.

In the Main Engineering Building, special tests will be going on, testing the strength of iron, of cement, and a number of other interesting things. A motion picture will be in progress and the Tech Band will play during the afternoon.

In the Machine Shops various art-

icles will be made while the visitors watch and souvenirs will be passed out to the crowds as they watch the articles made.

Those in charge of the show are anxious that everyone, at all interested, come and see what the Engineering School has in the way of equipment and machinery and to see the work that is being done.

Two Girls Live on Hot Water and Rice

Due to stomach trouble, Miss A. H. and sister lived on hot water and rice. Now they eat anything and feel fine, they say, since taking Adlerika.

Even the FIRST spoonful of Adlerika relieves gas on the stomach and removes astonishing amounts of old waste matter from the system. Makes you enjoy your meals and sleep better. No matter what you have tried for your stomach and bowels, Adlerika will surprise you. City Drug Store.

Inherited Trait.

Father: When I was a boy I thought nothing of chopping wood all day.

Son: I don't think so much of it myself.—Answers.

Texas has about 600 miles of street railways.

413 PATENTS ON TWO PARTS OF TELEPHONE

After the successful demonstration of the practicability of transmission of the human voice by telephone, Dr. Alexander Graham Bell applied for and received fundamental patents on telephone instruments which covered practically the entire art of telephony.

These patents during the next few years were unsuccessfully attacked by others seeking to enter the field. Since that time, every detail of the transmitter and receiver has been the subject of extended investigation and experiment by research departments of the Bell System, resulting in a large number of definite improvements.

While many of these improvements were not in themselves patentable, there are at the present time 167 patents in effect covering various improvements, applications for 60 patents are pending before the Patent Office, and 186 patents have expired, making a grand total of 413 patents covering various features of the transmitter and receiver alone. This, of course, does not apply to the hundreds of other inventions used in telephony.

Since the invention of the telephone in 1876, there have been in use at various times no less than 96 different types of transmitters and 64 different types of receivers, not includ-

ing the standard types now in use.

Few people realize the years of careful, patient and exhaustive work of research, investigation, experimentation and development, begun in a small way and carried on consistently for more than fifty years, which has resulted in the high grade telephone equipment in use in the United States today. In the development of materials and methods, no item has been considered too small to receive careful investigation and no ideas too vague to be given consideration. Thousands of experiments have been made, the majority of which resulted in condemnation, but out of the mass have come improvements which have aided in perfecting the present system.

More than 4000 people are continually employed in research work alone in the Bell System.

MARRIED STUDENTS ORGANIZE.

FORT WORTH.—Married students enrolled in Brite College of the Bible at Texas Christian University have formed a club for discussion and for "a closer social and spiritual association."

"The McPherson Club" is the name which the group has selected, out of respect to the memory of the late Chalmers McPherson, for 13 years professor of New Testament Christianity in T. C. U. Milo M. Whittlach, Fort Worth, was named president of the new club.

GENERAL MOTORS SPRING SHOWING

See the

NEW CHEVROLET SIX

- a Six in the price range of the four!

You are cordially invited to visit our special display of the new Chevrolet Six—arranged in conjunction with the nationwide Spring Showing of General Motors cars.

Here, in a price class that has hitherto been occupied exclusively by four-cylinder automobiles, you will see displayed a line of beautiful models that bring you every advantage of six-cylinder performance. Yet, due to the greatest array of

mechanical advancements that Chevrolet has ever announced, the new Chevrolet Six delivers better than twenty miles to the gallon of gasoline with extremely low oil consumption.

And this amazing six-cylinder performance is matched in impressiveness by the beautiful new Fisher bodies. Come in. See for yourself that no other car in the world can give you so much at prices within the reach of all.

BIG TENT SHOW

GABE GARRETT'S COMEDIANS

(Formerly The Martin Sisters)
WITH GABE HIMSELF

30 — PEOPLE — 30

—and—

The Southern Ramblers Orchestra

The opening bill, a four-act comedy,
"MY DREAM GIRL"

FREE

One lady free with each paid adult ticket.
The Prices: 10c for children; 30c for adults

Doors open at 7:15; Show begins at 8:15

THERE is nothing that has ever taken the place of Bayer Aspirin as an antidote for pain. Safe, or physicians wouldn't use it, and endorse its use by others. Sure, and several million users would have turned to something else. But get real Bayer Aspirin (at any drugstore) with Bayer on the box, and the word *genuine* printed in red.

Beauty Without any Delay is Given Late Model Chevrolets

Watching the new Chevrolet as it noses gracefully through traffic or presses forward eagerly on some highway, you may have wondered how its various color blendings are conceived, and why they appear in such profusion. You may have guessed that so alert an organization as General Motors does nothing haphazardly, that there must be a special department in charge of color creation. And if such was your guess you were right.

The Art and Color Division of General Motors is the source of all the color schemes which enhance every General Motors car from the graceful Chevrolet to the baronial Cadillac. Here colors are evolved systematically, the same degree of efficiency prevailing that is found in the sales and manufacturing divisions. Nothing is left to guess work.

The studio, in charge of Captain H. Ledyard Towle, has a research department without any known duplicate in the world. Chief among its functions is to keep the art staff constantly posted as to the fluctuating color preferences in America and abroad, for styles in color, as in other things, are known to move in cycles.

Constant check is being made to ascertain which is the reigning color blend in the exclusive dress making salons, in the kitchens and bathrooms of America, in the art galleries of the world. A complete library of art magazines and automobile trade journals is kept on file. Sales figures from all General Motors units are studied with reference to color.

Although the artists might know with certainty that the color most popular on the Riviera last winter was green, no restraint is placed on their originality.

While Captain Towle's staff attempts to give the public what it wants during a particular season, it is axiomatic that some new hue will be favored next season and General Motors artists in the opinion of Captain Towle might just as well be sponsor to the new vogue as some leading Parisian gown maker.

Original color ideas come from everywhere and everything. The blendings of a new car might derive from a Persian rug, a famous painting, the plumage of a bird, the glint of a precious stone.

When a new car is about to be marketed or a color change desired on an existing model, the artists busy themselves at their palettes, each achieving his idea of the proper color harmony. When a half dozen or more suitable combinations are finished the work is submitted to the manufacturer.

Here are a group of artists so sales minded that they have forgotten the traditional artistic ego. They listen willingly, eagerly to the reactions of the shrewd sales manager and the practical production chief. At these conferences the jury system prevails, and thus from a group of possible combinations, the salesman, the artist and the production expert finally agree upon which is to be used.

Captain Towle credits pyroxylin with the current color invasion of industry. By its use cars which formerly required days to paint can now be completed in a few hours. Now that beauty can be had without costly delay, industry in almost every line is busy coloring its products.

People are growing to like colored objects more and more each day, Captain Towle says, and he points to colored clocks, pencils and bath-tubs as proof of his assertion. All of these signs indicate, he believes, that America is entering into an artistic renaissance comparable to the famous Italian renaissance with American industrialists acting as patrons as did the nobles of the other period.

PUBLIC UTILITY POLICY.

Public utilities have led the way in proving the soundness of a business policy based on small individual profits made possible through a large volume of service.

Reductions in the cost of utility service have saved customers over \$500,-

000,000 in the past three years. Yet adequate dividends have been paid on securities and a tremendous amount of money has gone into new equipment to provide for future demands. The utilities have found that by giving their customers the savings made by mass production business is stimulated and broadened.

As a result everyone is benefitted. A high wage level for employes is maintained. The purchasing power of the great mass of people is increased. The utilities and the millions of people who own utility stocks and bonds prosper. Service is improved.

Private companies have set up new standards of price, service and progress. It is no wonder that the American people have avoided publicly owned utilities with their inefficiency, high cost of operation and the burden of political bureaucracy that seems inescapable in any government venture.

THE FOUNDATION OF BUSINESS CREDIT.

It is common knowledge that the type of management in the home offices of the stock insurance companies is not excelled in any line of business.

The National Board of Fire Underwriters has been an outstanding service organization of the stock fire insurance companies for over a half century. It has been working on a non-profit making basis for the purpose of coordinating, classifying and keeping a record of the fire loss experiences of all the various stock fire insurance companies in such a manner that beneficial results could be passed on to the company members and in turn transferred to the public in the shape of improved service, lower premium rates, better building practice, more adequate water systems and fire fighting methods, etc.

The task of educating the public to become more fire cautious has seemed almost hopeless. But the National Board has never wavered and as a result it has secured the cooperation of men, women and children, school teachers, governors of states, fire departments, chamber of commerce, cities and many other agencies which are vital factors in spreading the message of fire prevention.

More than ever today does insurance stand as the basis of all credit and this statement applies to every transaction from buying an automobile to building a home or a transcontinental railroad.

CITATION BY PUBLICATION.

THE STATE OF TEXAS,
To the Sheriff or any Constable of Lubbock County—Greeting:
YOU ARE HEREBY COMMANDED to summon Ted W. Johnston (or Johnson) and A. J. McCausland, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the 72nd District Court of Lubbock County to be held on at the Court House thereof, in Lubbock, Texas, on the fourth Monday in May, A. D. 1929, the same being the 27th day of May, A. D. 1929, then and there to answer a petition filed in said Court on the 1st day of April, A. D. 1929, in a suit, numbered on the docket of said Court No. 3662, wherein Thurber Brick Company, a Texas corporation, is plaintiff, and Ted W. Johnston (or Johnson) and A. J. McCausland, are Defendants, and said petition alleging that the City of Slaton, Texas, a municipal corporation, on November 17, 1925, by ordinance, after holding election for the purpose, adopted and accepted the benefits of the State Paving Lien Law, being now Chap. 9, Title 28 of the Texas 1925 code; and thereafter L. H. Howard, Contractor, under contract with said city, improved Lot 7, Blk. 55, South Slaton Addition to Slaton, Texas, owned by defendants, or one of them, by paving Tenth St., on which said lot abuts, in accordance with the plans and specifications for said improvement on file in the office of the City Secretary of Slaton, Texas, and made a part of plaintiff's petition, which improvement was accepted by said city on July 20, 1927, and on said date said city, acting through its mayor and secretary, executed and delivered to L. H. Howard Certificate of Special Assessment No. 469 issued by said city against Ted W. Johnston (or Johnson) and against said Lot 7, Blk. 55, South Slaton Addition to Slaton, Texas, for said paving. That all proceedings with reference to making said improvement and assessment and fixing the lien against said property and claim of personal liability were had in compliance with the law and charter of said city, and prior to issuance of said certificate, whereby L. H. Howard acquired law-

ful lien against said property and personal obligation against the owner thereof for the payment of the cost of said improvement.

L. H. Howard sold and assigned said certificate to plaintiff, who is now the owner and holder thereof and entitled to collect same.

There is owing unpaid on said certificate \$318.17 principal, 8% interest on said sum from July 20, 1927, interest on past due interest from its annual maturity at said rate, reasonable attorney's fees and all costs of collection, all as provided for in said certificate, which certificate is payable in six installments. Installment maturing July 20, 1927, in sum of \$30.37, and installment due July 20, 1928, for \$57.56, were not paid, after demand, and plaintiff has exercised its right in said certificate given to declare the whole debt due because of default, and because of such default it has been necessary to place said obligation in hands of attorney for collection and suit, and reasonable attorney's fee of \$150.00 has accrued, being reasonable fee, for which defendant is liable.

That A. J. McCausland is claiming some sort of interest in said property, which interest if any is inferior and subordinate to plaintiff's lien and debt, and plaintiff is entitled to foreclosure of its lien on said property against both defendants.

Plaintiff prays for judgment for its debt as pleaded, for attorney's fees and for costs, against Defendant Ted W. Johnston (or Johnson) and foreclosure of its liens on said property against all defendants, and for order of sale and sale of said property and application of the proceeds of sale as the law directs, and for execution for any balance remaining unpaid, and general and special relief, in law and equity.

Herein Fail not but have before said Court, at its aforesaid regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Lubbock, Texas, this the 1st day of April, A. D. 1929.

FLORA ATCHISON, Clerk.
(SEAL) District Court, Lubbock Co., Texas.
By Olive Fluke, Deputy.

In the early days of Texas, cattle were so cheap they were killed for the hides alone. Let The Slatonite Classified Column rent your house for you.

Would You Know One If You Saw It?

If you ever came face to face with a germ, would you recognize it? Of course it is not likely that you ever will see a germ, unless you own a tremendously powerful microscope, for you would have to magnify one over a thousand times to make it as big as a pin head. But you should recognize the fact that these tiny germs can get into your blood streams through the smallest cut, and give you typhoid fever, tuberculosis, hepatitis, blood poisoning, and many other dangerous and painful fatal diseases. There is one way safeguarded against these dangers—washing every cut, no matter how small, thoroughly with Lysol. Lysol, the germ-destroyer. You can get Liquid Lysol at our Store.

**MARIE PREVOST IN
"THE GODLESS GIRL"**

Hard-boiled, sophisticated, as only youth can be, with a sense of humor and deeply religious. Such is the interesting character portrayed by Marie Prevost in "The Godless Girl," Cecil B. DeMille's production for Pathe which will be on view at the New Palace theatre on Sunday, Monday and Tuesday, next.

This type of portrayal is a decided departure from the characterizations Miss Prevost has ever essayed. Such pictures as "Up in Mabel's Room," "Getting Gertie's Garter," "The Girl in the Pullman," "The Night Bride," and "A Blonde for a Night," established her as a favorite in farce comedy, professionally. Miss Prevost welcomed the opportunity offered by Cecil DeMille of appearing as a reform school inmate in "The Godless Girl."

Lina Basquette, George Duryea, Noah Beery, Eddie Quillan and Kate Price are prominently cast in "The Godless Girl," which De Mille personally directed for Pathe.

News Of Union

Mrs. Hugo Piwonka went to Slaton Monday and had her tonsils removed. She is doing very well.

There was a party at Mr. Owens' Saturday night. There was a large crowd, all having a nice time.

Mr. and Mrs. C. W. Walters spent Sunday with her mother, Mrs. B. T. Ussery.

Union baseball team played the Woodrow team last Friday afternoon, and were defeated.

While riding in a cart, Mr. Dan Payton's little girl got her foot caught in the spokes of a wheel, and her leg was broken.

Mr. and Mrs. S. M. Rogers visited G. W. Price Sunday afternoon.

Misses Elois and Ella Fae Peterson and Finns Griffin were the guests of Miss Grace Sooter, of Shallowater, Sunday.

**TELEPHONE CONSTRUCTION
COSTS \$775 A MINUTE**

During the past year it is estimated that it cost approximately \$775 a minute to keep up with the demand for new telephone construction throughout the United States. This means that the entire industry expended

more than \$400,000,000 in supplying new telephone service to meet the public's additional demands.

Mr. and Mrs. H. E. Clingan and children, of Sherman, are visiting in the home of Mr. and Mrs. M. W. King. Mrs. Clingan is a sister to Mrs. King.

She that knows, and knows she knows, is wise. Follow her through our turnstiles to Thrift.
