JUST TALK
by
A.M.J.

After taking a flock of shots of iron, quinine, strychnine and dynamite and after sitting under a sun lamp for hours and hours my wife is beginning to show signs of getting over the flu. (Had to go to the dictionary for that word strychnine). The beauty parlor is beginning to intrigue her, my faults are beginning to loom up pretty big again and her spoon is making more trips to the gravy bowl than it has for some time. Looks like my vacation is over and that I'll have to go to taking orders again.

Having been a day laborer on newspapers for years and years and never having worked on one where there seemed to be any order at all I had made up my mind that it is a business where every one had to wade around in newspapers knee deep on the floor and get ink on your hands every time you picked up a pencil, until I visited Editor Warrens down at Post about a couple of weeks ago.

His office looks like a bank, his books are kept as accurate as a bank and I would not be surprised if he has as much money as a bank for he certainly does put out a good weekly newspaper. Particularly attractive are his engravings that he makes himself. Did not meet his wife but I've got a sneaking notion she is the one who is responsible for all of that unconfutable cleanliness around the Dispatch office.

The Chamber of Commerce and B.C.D. Office is a busy place these days. The new Manager Mr. Jack Norman, had all the books, receipts, several Directors, a couple of business men and a squirrel cage full of appreciation day tickets all stirring around at the City Hall last Monday and there is no telling what is going to hatch out.

A. J. Payne, who knows all about the details of the Chamber of Commerce was there showing Jack where everything can be found if at all and Jack was talking to it all like a cat eating salmon.

Here are some statistics on women in the United States to show that women are smarter in every way than men.

70 per cent of the accumulated wealth of the United States is owned by women.

They spend 85 per cent of our national income.

Women know how to handle men better than men know how to handle themselves, according to a Hunter College vocational expert.

And the women prove their superiority by having all the men working for them.

Yes, brothers it won't be long now before we will have to get a weekly allowance from our wives and in order to get a little extra change we'll have to rifle the wife's pocket book while she is asleep. That is going to be hard to do for it is hard enough to find anything in a woman's pocket book in broad open day light and it certainly would be a handicap at twelve o'clock at night in the dark.

And think it over with 70 per cent of the country's wealth in the hands of the women we men will not only be bossed around at home by the wife but will come down to work and have a woman boss.

Statistics also show that women live longer than men, suffer fewer accidents and have more resistance.

If all these statistics are true there does not seem to be much reason for a man to want to live

Mayor Teague Tells Of What Has Been Done And Plans For Future

I won't talk about what we have failed to do, since that would probably take too much time. The following is more or less an outline of the savings:

When I took office, I found that the City of Slaton was required to pay all of the rent and Utilities and also pay for the material that the sponsors were supposed to furnish in the Sewing Room. I thought it wise to look into this, feeling that it was unfair; so I went to Lubbock with your county commissioner (and I think he is one of the best), and we found that the county was paying two-thirds of this expense at Lubbock. We demanded that Slaton have the same condition, and we got it, thus effecting a nice saving for the city.

The next thing that came to my attention was the City was paying fifteen dollars a month for a man to stay at the dump ground. I could not see that this was worth one cent to the city, so I recommended that this job be dispensed with, effecting a saving of \$180.00 a year. These and many other savings are reflected by the auditor's report, which I invited each and every tax payer to examine if desired.

Through the audit year of 1939 salaries paid out amounted to \$8,380.00, and through the audit year 1940 salaries paid amounted to \$8,078.00, a saving of \$301.00. Through the audit year 1939 money paid out for labor amounted to \$3,007.44, and through 1940 we paid out \$1,498.28, a saving of \$1,509.16 on labor.

All of you know what has been done with the paving project. We have paved 34 blocks of streets during this administration, including the blocks on Division and Floyd Streets, which we paved solid at an extra expense to the city. We also ran on to some bad drainage problems on 9th street. We had to put in 300 feet of drain sewer, reinforced concrete, at a cost of about \$1,800.00. And on 8th street we had to put in about 600 feet of drain sewer (galvanized iron) at a total cost of about \$800.00.

In addition to this, I point with pride to the paving of the four drive ways leading into the city hall. All of you can remember the old clinker driveways. You could hardly drive over them and could not walk on them at all. We also painted the lobby of the city hall, the Mayor's office, the City Secretary's office, and the rest rooms.

With the help of the school, we put inlaid linoleum on the floor of the City Secretary's office, hung Venetian blinds, and built a good counter or desk. All of this has been paid for except a note amounting to \$5,000.00, which we owe at the bank; but we have uncollected certificates amounting to about \$12,000.00 on hand.

Now for a few other things I wish to call to your attention. We have installed a new pump and engine at the well we have in the city, and enlarged the pump house to about twice its original size. It is all of brick construction with a solid concrete top, instead of the old iron top. This, Gentleman, is all paid for except three payments on the pump and engine.

We have also bought a new fire truck at a cost of \$3,500.00. Of course, we traded in the little truck that we had on this new job. Some of you may ask why we did not keep the old truck. Well, we were not receiving one cent of credit on our insurance rate with the old truck, and with the new one we will receive a 2 cent key rate credit. This will help all of us some.

We have continued the payment of \$50.00 per month on the salary of the City-County Welfare Workers and \$30.00 per month on the Band-master's salary. We paid \$150.00 on the paving in front of

the hospital, and I am very glad that we were able to do this, for it was an obligation fulfilled after many years' delay.

I have done my best. I expect to keep on working for a better Slaton. All that I own in this world is within the city limits of Slaton, and I think it is the best City of its size in the world. I would like to see it grow to a bigger and better City, and I believe with all of us working together we can accomplish this and many other things. Suppose we all go to work from this day on and try to clean up around our homes and business houses, vacant lots adjoining ours, and make Slaton a cleaner City. By doing this we may be able to attract the attention of others, and they may want to move to Slaton and live among the best people on God's green earth.

Gentlemen, I am glad I cast my lot in Slaton. Thirty years ago I moved here. I have seen it grow from nothing to its present size. I have shared with Slaton people their joys and sorrows, and I expect to remain here for the rest of my life because I love Slaton and Slaton People.

Post Office Inspected By 3rd Grade Pupils

The third grade children of West Ward under the direction of their teacher, Mrs. Earl Reasoner, made an inspection tour through the Slaton post office this week and were shown the details of how the mails are handled.

Postmaster Scudder said he was very much impressed with the intelligent questions that the children asked.

The third grade children at the West Ward have been studying Post Office operation for some months and have a model post office department at the school where they go through the details of how a Post Office is operated using dummy letters, parcels, etc. The children know the postal rates and much of the details of postal work.

"Most of these children know a great deal more about how this Post Office is operated than many of the older people who come in here," said the Postmaster.

Dr. O. D. Groshart Appointed Examiner

Dr. O. D. Groshart was appointed Medical Examiner for the Local Draft Board recently, by the Adjutant General.

Notice of the appointment was received January 9th.

Slatonites Attend S. P. Scout Banquet

Several Slaton Cubbers and Scouters attended the 15th annual meeting and banquet of the South Plains Council, Boy Scouts of America, held in Hilton Hotel, Lubbock January 16. Among those attending, were Mr. and Mrs. L. B. Hagerman; Mr. and Mrs. B. A. Hanna; Mr. and Mrs. Authur Dennis; Mrs. W. R. Beck; J. J. Jenkins; W. T. Cherry; Louie Welch; R. M. Champion; Geo. W. Culwell and Scoutmasters Odie Hood and Bevington Reed.

Mr. Maybin was born July 18, 1863 in Henderson county, North Carolina. He moved to Slaton in 1916 and ran a blacksmith shop. His wife died in 1935 and from that time he lived with his son, J. B. Maybin, in Fort Worth. He died in Wichita Falls January 15, 1941.

Three daughters and the son survive him.

COUNTY SCHOOL HEAD VISITS SLATON SCHOOL

Claude Hale, Lubbock County School Superintendent, visited Slaton last Monday on an inspection tour. He went from here to Idalou and will make inspections of other schools in this county.

Mr. Hale reports the schools in excellent condition, attendance good in spite of the flu epidemic and most of the children doing

William R. Hodge Passes Away Thurs.

Mr. William R. Hodge, well-known resident of Slaton since 1919 died at the Mercy hospital Thursday morning at 7:20 a. m. after an illness of many months.

Mr. Hodge has been living for several years with his son Delmar Hodge at 825 South 8th St. He is survived by 7 children all of whom were at his bedside at the time of his death.

Mr. Hodge was 58 years old at the time of his death. Funeral arrangements have not yet been made. He was held in high esteem by all who knew him and as a farmer and business man was influential in the interests of this section.

L. C. Morgan Dies Suddenly Wednesday

The funeral services for Lewis C. Morgan who died suddenly Wednesday night at 8:00 p. m. will be held this afternoon at 2:00 p. m. from the Presbyterian church. Rev. J. Paul Stevens will hold the funeral ceremonies.

Mr. Morgan was apparently in good health when he returned home from work Wednesday and cause of his death is not known. He was born in 1872 in Putnam county, Tennessee and is survived by his wife, Mrs. Hattie Morgan and six children. The family have lived in Slaton for six years and he was a member of the Presbyterian church.

Slaton Woman In Accident

Sherrill Powell, Mrs. Powell, their two daughters and Postmaster K. L. Scudder made an emergency trip to Meridian, Texas Sunday morning to be at the bedside of Mrs. Helen Grantham, Mr. Powell's daughter, who was critically injured in an automobile accident in Meridian early Sunday morning.

Mrs. Grantham who, until recently, lived here in Slaton with her father, has been attending school in Waco and had been spending the week end in Meridian.

Two people were killed among the five who were in the car when the accident occurred and two were seriously injured, one other occupant of the car was slightly injured.

Mr. Scudder, Mr. Powell and one daughter returned leaving Mrs. Powell and one daughter, June, in Meridian to be with Mrs. Grantham.

Jesse G. Maybin Funeral Friday

Funeral services for Jesse G. Maybin, aged 78, former resident of Slaton, were held Friday afternoon at the First Baptist church. Rev. Barbee of Clovis, New Mexico officiated at the services and was assisted by Rev. W. F. Ferguson, local Baptist minister.

Mr. Maybin was born July 18, 1863 in Henderson county, North Carolina. He moved to Slaton in 1916 and ran a blacksmith shop. His wife died in 1935 and from that time he lived with his son, J. B. Maybin, in Fort Worth. He died in Wichita Falls January 15, 1941.

Three daughters and the son survive him.

All Citizens Of Slaton Urged To Attend Banquet Next Tuesday

Plans for a banquet and public meeting of the Chamber of Commerce and Board of City Development have been completed to take place at the Slaton club house Tuesday night beginning at 7:30 and tickets may be secured from Jack Norman, manager of the Slaton Chamber of Commerce and B.C.D. or from a number of the directors who are C. C. Hoffman, president, Joe E. Webb, treasurer, Dr. R. G. Loveless, J. H. Brewer, J. A. Elliott, W. M. Cates, L. A. Harral, K. L. Scudder, Ben F. Mansker, E. Haddock, R. D. Hickman, A. A. Dennis, Roy S. Mack.

Dr. T. C. Root, of the Texas Technological college will make the main address to the meeting and five new directors will be elected and the citizens of Slaton are urged to attend to make nominations for the men that they would like to have as directors.

N.Y.A. Councillor Visits In Slaton

O. G. Evers, counselor for the National Youth Administration, was in Slaton Friday and Saturday. Mr. Eaves states that there several young men in Slaton who are receiving training through the organization and that they are receiving a number of applications from young men and women who are interested in securing help in training for some kind of work.

Young women are trained in Home Economics and men in shop work. There are numerous N.Y.A. projects over the state including two in Lubbock, one for men and one for women, there is also one at Buchanan Dam. A small wage is paid those working on the projects.

Any young man or woman who is interested in training of this kind may apply by letter to the National Youth Administration at the District office in Lubbock.

Boy Scouts At Rotary Thursday

At the regular meeting of the Rotary club yesterday at the club house the Boy Scouts entertained the club with demonstrations of their work which included first aid work, how to make fire without the aid of matches and the Cub Scouts demonstrated how to tie knots in rope.

The final demonstration was on how doctors perform an operation and how sturdy a patient must be to survive. Odie Hood was in charge of the program and Bevington Reed, Scout Leader, gave an instructive talk on Scout work.

Defense Unit Becomes Reality

At the second meeting of the Slaton Unit of the Texas Defense Guard to be held tonight a special entertainment in the way of a boxing match has been arranged to take place after the meeting is held. The men who will participate in the match are two who will enter the Golden Gloves Tournament at Lubbock February 6th and 7th.

Tonight for the first time the organization will devote a short time to drill work, however the greater part of the meeting will be devoted to organization of the two platoons that will make up the Slaton Unit of the Texas Defense Guard.

Meeting Dates To Be Decided
The Unit will be divided into two platoons, one of which will meet each Friday night and the other at some day of the week to be decided at the meeting. This arrangement is being made in order to allow 2 days of the week for the men to select so that it will not interfere with their occupations and each man may select the day of the week most convenient and join the platoon best suited for him.

The five retiring men are Dr. R. G. Loveless, Joe E. Webb, J. H. Brewer, J. A. Elliott and W. M. Cates. None of these men are eligible for re-election. A nomination blank will be found in another part of this paper and every one interested in the public welfare of Slaton is urged to fill out the blank and send it to the C. of C. office in the City Hall.

The banquet that will be served by the Band Mothers will be something different in the way of appetizing food than the usual meal served at public meetings said Mrs. W. M. Cates who is helping to prepare the banquet. It is going to be a surprise—and a welcome one.

Every citizen of Slaton, man or woman, is a member of the Board of City Development and will be most welcome at the banquet. The price of the tickets is 50c per person.

Fire Damages Small Farm Residence

A four room residence on Judge W. H. Sewell's farm, 7 miles east of Slaton, caught on fire last Saturday morning and was badly damaged. The family that lived in the house was gone at the time that the fire started and the cause is unknown.

The Slaton Fire Department responded to a call to the fire but it had been extinguished before the fire truck arrived. Judge Sewell, who was at home when the fire started, said he surprised himself as a fire fighter as he was really "picking them up and putting them down," in a one-man bucket brigade.

Mr. Ira Jack Biggs Buried Here Saturday

Mr. Ira Jack Biggs whose funeral services were held in Slaton last Saturday was a pioneer citizen of Slaton having lived here for over nineteen years and was well known in this community.

He was born near Carthage Missouri in 1856 and moved to Weatherford, and moved from there to Slaton soon after this town was established.

He is survived by a brother Sig Biggs and a sister Mrs. Allie Turner both of whom are living in Weatherford also by six children C. M. Biggs, and Andy Biggs of Slaton, Arthur Biggs of Rogers, New Mexico, Mrs. Mammie Melton, of Slaton, Mrs. Alma West of Slaton and Mrs. Avice Brumett of Arizona.

Give Us A Toot On The Tooter, Tommie

Pardon us for sticking our chest out a little but we want a little toot on the tooter Tommie and we want to do a little loud thanking to the good folks of this community for subscribing to the Slatonite.

Below are the names of the people who have subscribed to the Slatonite within the past six weeks, we should have been doing some thanking before this but we want all those who subscribed before December 1st to know that we appreciate their interest in the paper and hope to be able to give you all a good newspaper.

Our Weekly Sermon—

The Only Answer
By Robert Parsons, Member of
Radio Staff
Moody Bible Institute, Chicago

A missionary was once approached by an old Chinese, who said: "I am an old man. For years I have been troubled. I have examined the writings of Confucius; I have studied the religion of Buddha, and the other religions of my country. But though they have revealed many noble sayings and truths, they have not brought me peace. Sir, what shall I do with my sins?"

Today there are those who deny the existence of sin, but the Bible says that "all have sinned." If we honestly search our hearts, we shall agree with the Bible statement.

Sin is a reality. It mars our earthly lives and bars us from the blessedness of heaven. No wonder the old Chinese was burdened about his sins. Certainly we must all face the problem sometime.

What shall I do with my sins? There is an answer to the question, but it is not found in the prevalent theory ignores the fact that the Bible counts a man either righteous or wicked, not a composite of the two. There is no middle ground, for "no man can serve two masters." A "corrupt tree cannot bring forth good fruit." We might refrain our lives and attend a high moral standard, but what about our sins?

A man once ran up a large bill at the grocers. Then one day he said to the storekeeper, "This buying on credit is bad business. From now on I'm paying cash." And he did. But he never mentioned the bill that was on the books. Finally the merchant asked him about it, and he indignantly replied, "Don't I pay cash for all I buy?" "Yes," answered the merchant, "but paying cash for what you

Cotton Stamps For Farmers Of Texas

Texas farmers are expected to take full advantage of the supplementary cotton program which will compensate cotton farmers for voluntary reduction of cotton acreage below the 1941 national acreage allotment by providing them with cotton stamps for the purchase of cotton goods.

The supplemental program is expected to bring about a reduction in 1941 cotton production of around 1,000 bales and at the same time help reduce further the government's holdings of the cotton surplus which now amount to nearly 12,000,000 bales. "Basic conservation and parity programs already in effect under the AAA will be in no way changed by the new voluntary program," Slaughter said.

Administering the program will be a responsibility of the Triple-A and the Surplus Marketing Administration will provide and redeem up to 25 million dollars worth of cotton stamps which farmers will receive for their voluntary reduction below their individual allotments. In cooperation, the Extension Service of A. and M. College will carry on an intensive educational program to help cotton producers obtain the greatest benefit from the provisions, according to H. H. Williamson, Extension Service director.

purchase now does not settle the old account."

Many people are like that. They have turned over new leaves, but the old account is not settled; and those old sins will stand on record in the judgement, unless the debt is cancelled.

But there is a way out, a sure remedy for sins. Here it is: "The blood of Jesus Christ His Son cleanseth us from all sin" (I John 1:7). That is the only answer to the question, what shall I do with my sins?

Cross Breeding Bad For Dairy Stock

Reliable sources report 60 per cent of Texas dairy cows are being bred to beef bulls. But, cautions W. V. Maddox, Extension Service dairy manufacturing specialist for Texas A. and M. College, "This practice not only is breeding the state out of the dairy business but is hurting the beef industry as well."

Most producers who have adopted this course, he says, failed to figure where tomorrow's dairy replacements are coming from. Statistics for 1939 show a decline in dairy heifers of seven percent over the previous year, and it is estimated that 1940 will show a 15 percent decline. This will mean approximately 60,000 less dairy heifers in Texas at present.

South Can Aid In Defense Plans

(Editor's Note: This is the 12th article of a series, "Blending Livestock With Cotton," published as a service to farmers and stockmen.)

"As preparedness efforts intensify in the United States, many cattlemen question whether this country can meet national and international demands as successfully as they did in 1917-19," Colonel Edward N. Wentworth, nationally-known meat and livestock authority, recently said.

Just how the draft and preparedness programs will affect cattlemen is difficult to predict, Col. Wentworth said, but the base of the army diet is beef. If the United States should become involved in war, he added, we might soon have 2,500,000 to 3,000,000 men in the army and navy, and these men eat about 230 pounds of meat a year instead of the 130 pounds they eat normally on a per capita basis.

Changes in areas and methods of cattle production, reductions in supplies of aged and "piney woods" cattle during the 1934 drouth, and other factors have curtailed the "beef reservoir" which was utilized in 1917-19, the authority pointed out, but he expressed confidence in the ability of the cattle industry to meet the situation.

The price paid farmers for their milk is geared to its butter fat content. Legal butter fat minimums for milk usually range from 3 to 3.5 percent.

Prices of lower grade beef may not be as they seem when allowance is being made for greater losses due to bones and to shrinkage in cooking.

SCHOOL ACTIVITIES

Slaton Teachers Are On Committees

Three Slaton teachers were notified this week of their appointment by O. J. Laas, president of the West Texas Teachers association to committees of that organization.

Mrs. J. G. Wilhite, teacher in Junior High school, was appointed chairman of the district guidance committee.

Joe E. Webb, superintendent of the Slaton schools, was appointed to serve on the Committee on Legislation. Other members of this committee are Dr. Doyle D. Jackson, Texas Tech; D. A. Edwards, superintendent of Crosbyton schools; Lee Fulton, county superintendent, Brownfield; E. Esten Day, deputy state superintendent, Lubbock and J. D. Wilson, superintendent schools at Paducah. This committee will make recommendations to the organization favoring certain legislation before the Texas House of Representatives.

Roy Boyd, principal of High school, was notified of his appointment to the Resolutions committee. Mr. Boyd has also recently been appointed director of declamation at the Lubbock county interscholastic meet which will meet during the latter part of March.

Science Classes Are Studying Lighting

As one of the culminating activities arising from the unit on light, the Freshman science class of Slaton High school is making a survey of the amount of illumination, in foot candles, in each class room.

Very few of the class rooms have artificial lighting and those which do have, are inadequately lighted according to this survey. The average requirement for reading is from 10 to 20 foot candles of light.

The survey revealed that on dark days some of the rooms had only one to five foot candles of light. This deficiency of lighting was especially observed during the recent final examinations when students had to report for an 8 o'clock exam. Windows on the north and west sides had to be opened to furnish enough light to see at all.

As a feature in the unit on light Mr. J. A. Elliott and Mr. Louie Welch of the Texas-New Mexico Utilities company presented film and lectures on the light problem with which schools and homes alike are concerned.

Homemaking Chapter Has Recent Meeting

The Mabel D. Erwin chapter of the Future Homemakers of Texas met January 14 in the clothing laboratory of Slaton High school.

Fern Wheatley presided at a business meeting. The girls voted to have a short business meeting once a month in addition to their regularly scheduled program meeting. Plans for the state Future Homemakers rally to be held in San Antonio the end of April were also discussed.

Homemaking Classes Select Home Projects

In Slaton High school Homemaking classes, the girls have been selecting their home projects. Some home project work is required each six weeks as a means for each girl to put into practice in her daily life the things she is studying in class.

The first year classes have been studying the care of small children, and most of the girls have chosen as projects making toys, picture books or story books for children.

Second year clothing girls in studying clothing for pre-school age children are making play dresses or suits as home projects. Directions are given in class, then most of the work is done outside class.

Management problems of high school girls and of homemakers has been the subject under discussion in the third year class. As a result all girls are taking for their project solving some management problem of their own. Most of their problems involve management of time and many are working in getting all their school work done when it should be, and as well as it should be.

Faculty Given Personality Quizz

At a meeting of the faculty of the Slaton public schools Thursday night in the Home Economics department of the High school teachers took a personality quizz, that is all but two.

The tests consisted of questions which would aid the teacher in checking on his own personality. Some questions were "Do I do my best work always?", "Am I always ready to talk with a child at his request?", "Do I smile, even when tired?", "Does my work seem dull?" and "Is my schedule arranged so that it is flexible?"

East Ward Notes-

Mr. McKinnon's fourth grade will organize a Spanish club. This year they will learn simple words and sentences in Spanish. This organization will aid pupils to have a better background of the Spanish American language. Mr. McKinnon taught Spanish three years in high school before coming to Slaton.

The Citizenship club of East Ward met on January 14. The president called the house to order and the minutes were read and approved.

Following this, the children told what they wanted to be when they were grown. Mrs. Roberts read to the group during the remainder of the period.

SHS Junior Girls Win Tournament

The girls inter-class basketball tournament of Slaton High school which was held in the high school gymnasium during the noon periods ended Monday.

The more experienced Junior girls won the meet by defeating both the Sophomores and Freshmen teams. Most of the girls have never played basketball, but several showed natural skill, and all played well considering their experience.

Slaton HS Students Debate In Chapel

Resolved: That Slaton High school should offer more subjects was the question of debate of the chapel program at Slaton High school last Wednesday.

Frank Todd and James Thornton were the negative debaters and Betty Lou Turner and Mary Frances Landreth took the affirmative. The decision was a tie.

Roy Boyd, principal of the High school, presided as chairman. Judges were Charles Reese, Nelda Jim Ward, Phyllis McReynolds and Raymond Champion.

West Ward Notes

Literature In West Ward

The teachers in West Ward are trying to create in the child a greater interest in good literature.

Mrs. Meading says that the fourth grade is learning to take care of their own library. Two children are appointed each month, to check the books, for the children of the room. In connection with this activity each child is keeping a record of the books he has read, by making a brief outline. These book records are kept

in individual books by the children

Miss Haggard in the first grade reads the stories and poems to the children, then they draw a picture putting in the characters of the story or the poem. The children cut characters from paper, or make them out of clay. All this tends to make stories more delightful and stimulates new experiences for them.

Miss Waller's second grade is taking a "Reading Trip." The room is divided into four groups with a captain for each group. Each Friday afternoon each child reads a poem, story or tells a story without help, and that gives his group a point. Their trip is across the U. S., starting at New York City and they are trying to see which group can reach San Francisco first. Each point counts so many miles. At first the children who had difficulty with reading were not interested. Now each child tries to make a point for his group. It is stimulating a great deal of interest in out side reading.

Mrs. Reasoner's third grade literature club is called "Little Steps to Literature" this name was suggested by Shirley Jean Monzingo. During this period the children may read books, poems, verses short stories or readings. After they read awhile they choose the various activities that they wish to do. Elery Lambright suggests making a poem book. Crystal Walston wanted to use her time as Memory Time. She copies the verses she likes and memorizes them.

Freddie England had rather call his time Reading Hour, he tries to spend an hour in the library corner.

June Powell's activity is "Poems for Today." She uses special poems.

Anna Doris Phillips selected the stories she likes best and calls her's Best Stories.

Henry Gray turns his reading to play by making up a riddle about the story and asks the class

who am I?

The other children cut out characters, odd picture drawings or color chalk drawings to illustrate the stories.

New attitudes have been built through our Library Club.

POSEY ITEMS

Mrs. S. N. Gentry, Correspondent

Most of the sick in the Posey community have recovered or are recovering from their recent illnesses.

Gerald Clifton is able to be up again following a severe attack of flu and pneumonia. He returned from Mercy hospital last Thursday.

Mrs. J. M. Morrison is confined to her home from a recent illness and is showing steady improvement.

More new members in our community are Mr. and Mrs. Bill Joplin and children from east of Slaton and Mr. and Mrs. Dewey Kersey and children.

Visitors at Sunday school were Cleo Stonecipher from Wayland college, Plainview; Charlie Lawson and son, Dennis, of Lubbock. After Sunday school Mr. Stonecipher and Dennis Lawson preached short sermons.

Mr. and Mrs. Warner Boyce, and girls, Birdie Ellen and Wanda Joe, have moved to Slaton.

The Senior Epworth League met at the school house Sunday night for a regular meeting. The sponsors, Mr. and Mrs. W. C. Arnold, and two visitors, Mrs. J. M. Shafer and Cleo Stonecipher were present.

Irene Gentry gave the lesson, "Gregory, A Pope Whose Goodness Made Him Great." The League meets each Sunday night at 7 p. m. at the school house.

The Junior League met at the school house Sunday night with the sponsor, Mrs. T. A. Johnson, present. After a short business meeting, games were played. The League is urging more members to attend, and new members are welcome.

Mr. and Mrs. Levi Miller are in Odessa this week visiting relatives and friends.

Mr. and Mrs. Sebren Betchel are in San Antonio. Mr. Betchel has a job there.

Silver Wedding Anniversary

Mr. and Mrs. J. M. Shafer observed their silver wedding anniversary Wednesday. They were married in Abilene and in 1917 moved to Lubbock county.

They have two children, Mrs. Monroe Brieger of the Roosevelt community and a son, W. J. Shafer of Posey and one granddaughter, Georgie Nell Brieger. The children were present at the anniversary, also Mr. and Mrs. Berri Brieger and their daughter, Evelyn, from Wilson.

Approximately 835,000 pounds of Texas mohair were graded last spring compared with 200,000 pounds in the fall of 1939 when the grading program began.

Orchids from a Holly Grower

Buick SUPER Sedan, \$1185.*

ORDINARILY we don't go in for owner-testimonials.

But every now and then, along comes a letter that so perfectly portrays the way Buick owners feel about their cars that we haven't the heart to keep it from you.

Here, for example, we quote from Mr. Ambrose Brownell, English holly grower of Milwaukie, Ore., who wrote to his dealer:

"... When I drove that '41 SUPER out of Flint... and started a circle trip home... I jotted down each gas purchase and mileage to sort of figure my expenses...

"It wasn't long before I got suspicious of something wrong... The gas gauge needle just didn't go down fast enough...

"But, Roy, all the way home it was the same story. The Buick wormed through miles of city traffic... made numberless stops to inquire

directions, purred along in sizzling heat that made my feet feel like two fried eggs, breezed over the Rockies at 9,000 elevation... and finally fairly stole home through the sinuous Columbia Gorge...

"Statistics? Of course: 3,200 miles; 165 gallons... Ethyl gas; 19.51 miles per gallon; gas expense - 1 7/100¢ per mile; total out-of-pocket expense - 1 23/100¢ per mile.

"... Roy, I'm glad I bought a Buick."

Mr. Brownell has other nice things to say about his Compound Carburetion-equipped 1941 SUPER.

But the point is that everywhere Buick is running up such astonishing records for thrift that letters like this are commonplace.

Why not drop in on your local dealer and try out the thrifty traveler that brings us orchids from a holly grower?

Conference Averts Strike at Warplane Plant

Strikes or lockouts are forbidden for a year under a settlement which averted a C.I.O. strike at the Ranger Engineering Corporation in Farmingdale, L. I., where warplane motors are being produced for the Army and Navy. The contract also calls for a general five per cent wage increase. Standing in center above, representing the National Defense Commission, is John R. Owens, whose efforts halted the walkout. (Central Press)

SAVING MONEY
 With Cotton Bags

The vogue for quilted things is particularly keen right now and quilting is a pleasant pastime. All that is needed to make an attractive baby's quilt is two large Cotton Bags and three quarters of a yard of cotton batting. The material in Flour and Sugar Bags is especially suitable for this purpose. Amusing little animals can be applied on the top of the cover. If you are a beginner at quilting don't start with a complicated design. The entire quilt if done in a design of simple squares will be almost as effective. The edges of the quilt may be bound with colored bias bands to match the motif or scalloped edges, self-bound, is a practical finish.

Other Cotton Bag Sewing ideas are illustrated in a free booklet. Send to National Cotton Council, Box 18, Memphis, or Textile Bags, 100 N. LaSalle St., Chicago.

BRONCHIAL COUGHS!

Buckley's Famous "CANADIOL" Mixture Acts Like a Flash

Spend a few cents today at any good drug store for a bottle of Buckley's CANADIOL Mixture (triple acting). Take a couple of sips at bedtime. Feel its instant powerful effective action spread thru throat, head and bronchial tubes. It starts at once to loosen up thick, choking phlegm, soothe the raw membranes and make breathing easier.

Sufferers from those persistent, nasty irritating coughs due to colds or bronchial irritations find Buckley's brings quick relief. Over 10 million bottles sold. But be sure you get Buckley's CANADIOL Mixture.

BALANCED FARMING Calls for BALANCED FEEDING

A balanced farming program of crop and livestock production requires the feeding of livestock on well-balanced rations.

Your year-round farm income is increased by feeding your grain and roughage in rations balanced by COTTONSEED MEAL.

BALANCED FEEDING Calls for Cottonseed Meal

The feeding value of your grain and roughage, and your profits, are increased by using Cottonseed Meal to supply essential protein, in balanced rations.

Dear Jelly Makers

LEFTOVER rice does a Cinderella act! Combine 1½ cups cold, cooked rice; ½ cup cream, whipped; ½ cup strawberry jam. Fold together lightly, chill, serve with a flourish. And here's the jam that plays "fairy godmother" to the new dessert.

Foolproof Strawberry Jam
 4 cups prepared fruit
 7 cups sugar
 ½ bottle fruit pectin

To prepare fruit, grind about 2 quarts fully ripe strawberries, or crush completely one layer at a time so that each berry is reduced to a pulp.

Measure sugar and prepared fruit into large kettle, and mix well. Bring to a full rolling boil over hottest fire. Stir constantly before and while boiling. Boil hard 3 minutes.

Remove from fire and stir in bottled fruit pectin. Then stir and skim by turns for just 5 minutes to cool slightly, to prevent floating fruit. Pour quickly. Paraffin hot jam at once. Makes about 10 glasses (8 fluid ounces each).

Women get "Build-up"

A good way to relieve periodic discomfort from functional dysmenorrhea due to malnutrition, such as headaches, nervousness, cramp-like pain, many women find is by using CARDUI. It usually sharpens appetite, increases flow of gastric juices, and so aids digestion, helps build resistance to periodic distress. Another way CARDUI may help you: Take it a few days before and during "the time." CARDUI has been popular for 50 years.

Slaton Man In Lubbock Business

In announcing the purchase of the B & B Cafe at 1218 Texas Avenue, across from the Avalanche-Journal office in Lubbock, W. E. Garren made a special trip to Slaton to invite his friends to visit him and Mrs. Garren in their new business.

Mr. Garren is well known here having lived here for over 19 years "Slaton and Slaton people are dear to us," said Mr. Garren.

Mr. Garren operated a Confectionery business on 8th street for many years and there are hundreds of Slaton folks who will remember buying candy and fountain drinks from them when they were youngsters.

"Not only will we serve the very best food that we can secure but we also have a fully equipped fountain service where the folks of Slaton can come and get soft drinks when they are visiting in Lubbock," said Mr. Garren, "we are always glad to give special attention to any one from Slaton, just come in and say hello to us."

SAVING MONEY With Cotton Bags

Needlework, like history, tends to repeat itself. A most attractive quilt made of Cotton Sugar Bags put together with narrow strips of a plain colored material can be made in your leisure moments. Scraps of Cotton prints or gingham can be used to make the bonnets and dresses of sunbonnet babies applied on each white block. A small Cotton Sugar Bag is used as the block on which your embroidery or applique work is done. Simple stitches are used for the outline and features of the figure on your quilt block. Quilts made of durable Cotton Bags are easily washed and really do have a long life.

Other Cotton Bag Sewing ideas are illustrated in a free booklet. Send to National Cotton Council, Box 18, Memphis, or Textile Bags, 100 N. LaSalle St., Chicago.

Skill And Patience Insures Protection

Any finished product bearing no mark of error is the sign of skilled workmanship and when you see a product of Taylor Bros. and Dad you see the results of skilled workmen for there are no blemishes on their products.

Skill and patience insures perfect satisfaction on any kind of woodwork you would care for. They are artists in woodcraft and can make almost any article with wood in the way of furniture, boats, and lattice work, and you would be surprised at the small cost.

Many articles are on display at their shop and you are cordially invited to see them at any time. Chairs, card tables, end tables, boats, what not shelves, and many other articles of practical use may be found there and you will be more than pleased with the designs and patterns of each.

Visit Taylor Bros. and Dad and perhaps you may find just the thing you need to fill that vacant spot in your bed room, living room dining room, or kitchen.

Unique Service In Optometry

The Broome Optical company of 1201-A Broadway, Lubbock, Texas offers the most unique service available on the South Plains in Optometry. They are unique in the fact that they will only make glasses for those who have been ordered to wear them by some medical Doctor. This gives you the assurance that you are not having glasses fitted to your eyes principally for a commercial reason.

Too, the Broome Optical company has had thorough training to fit your glasses exactly as prescribed by your physician.

If your eyes are giving you trouble have them examined by your Eye Physician. Perhaps your vision can be corrected without having to wear glasses and often normal vision can be restored with little difficulty. However, if it should be necessary that glasses are needed, have them fitted by experts, and take no chances.

The Broome Optical company is thoroughly qualified to give you expert service.

Experience Gives Prompt Service

Have you ever gone into an automobile supply house and called for a certain part for a car and watch the person waiting on you go directly to it and wonder how he remembered where it was, among so many different parts for so many different cars? That service is rendered only by persons of years of experience, and knowledge in the operation of their particular business. A systematic plan of placement for every part carried is worked out and close watch is kept to see that nothing is out of its place.

O. D. Kenney Auto Parts renders this prompt service with such rapidity you wonder if they have gotten what you asked for. You can be assured they are correct for they are highly trained in this business and even though there are thousands of parts you are delayed very little when you go there for a part for your car.

If the occasion arises that you need a part for your car and are in a hurry for it go to O. D. Kenney Auto Parts. You can be assured the merchandise is of the very best type.

Tin Pan Alley At Palace

Stirring with romance, laughter, memories and melodies of the unbelievable street that makes the nation sing, "Tin Pan Alley," which stars Alice Faye and Betty Brable, at the Palace theatre at Saturday's prelude and Sunday and Monday.

Jack Oakie and John Payne head a great featured cast of top-notch entertainment-makers in "Tin Pan Alley" which includes Allen Jenkins, Esther Ralston, the Nicholas Brothers dusky dancing stars, and Ben (Shadrach) Carter.

With some of America's greatest popular song writers of yesterday and today contributing their best and biggest hits, "Tin Pan Alley" surpasses by far any musical since "Alexander's Ragtime Band," which swept the nation. It tells how song hits are made in human terms of composers and song pluggers.

Briefly, "Tin Pan Alley" narrates the experiences of two shoe-string song publishers, Jack Oakie and John Payne, whose songs achieve prominence after Alice Faye sings them. Alice and John fall madly in love but a split comes when pays more attention to his songs than to lovely Alice.

They are rejoined in London, however, when war is declared. Paced at a rapid tempo and set in a background of those stirring years of strife, "Tin Pan Alley" smashes into a thrill-packed finale which climaxes its sweeping drama.

Marked by many outstanding highlights, the spectacle of Alice Faye and Betty Grable doing a torrid hula hula dance is really a sight to behold. Glamorous and torchy, these two beauties top anything they've ever done on the screen.

For many years the automobile has been taking the place of the horse; scaring him to distraction, running into him, and in more ways than one making his life not worth living, but the worm has turned. Mr. Tom Keane parked his new automobile in a pasture the other day and a horse walked up and ate all the paint off one fender. Maybe it was jealousy, or the horse might have thought it was a haystack.

Mr. C. R. Nagle, AT&SF hospital trustee, paid us a visit and attended the Shop Council meeting held January 17th.

Mr. A. I. Gregg, boiler inspector, visited in Amarillo last week end.

Yes, Uncle John does keep his track in good condition. There are about 225 men doing resurfacing work between Southland and Buenos making the ride for Ye passengers more comfortable and allowing a faster schedule for freight trains. This work has taken up some of Slaton's unemployed.

While George McCarty, one of our passenger conductors, was off for several days P. A. Minor "caught" the turn. If you want to see a good-looking passenger conductor you should see Pop in his neat uniform.

If you were around the station last week and heard some of the boys saying, "Well, we have a republican president," it was the

clerks speaking of the president of their organization, Mr. (heav on the Mr.) Kenneth C. Scott.

There are five men in train and engine service happy over the increase of Uncle John's business making it necessary to add the ninth chain gang turn and another five men mustered to handle the work train on the Seagraves district. Each turn added means two firemen and three brakemen are taken from the Extra Board into regular service and the same number of "cut-off" men are called back to the extra board.

Scott says: When I go in the Agent's office a few minutes after 4 p. m. and blow my little whistle, I'm ready to go home.

O. D. Wyatt, principal of Pascal High school in Ft. Worth, and Herman Clark, coach at North Side High school in the same city, were guests in the home of Mr. and Mrs. L. C. Odom Saturday.

Mr. and Mrs. Jim Sargent moved to Lubbock Wednesday.

Otis Cannon of Amarillo is visiting his parents, Mr. and Mrs. L. W. Cannon.

Mrs. J. H. Cooper of Rochester visited her daughter, Mrs. B. W. Jones last week. Mr. and Mrs. Jones accompanied her home Saturday and returned to Slaton Sunday.

Mrs. Louie Ares visited her sister, Mrs. J. S. Edwards, Jr. in San Angelo during the weekend.

Miss Doris Peavy, Texas Tech student, will spend the week end visiting her parents, Mr. and Mrs. S. A. Peavy. Miss Mary Paxton, of Sweetwater, student at Tech, will accompany Miss Peavy home.

Mrs. Neal Hallmark of Oklahoma City, Oklahoma is visiting her parents, Mr. and Mrs. C. L. Pack.

Mr. and Mrs. Brice Garland visited Mr. Garland's mother, Mrs. F. Garland of Dallas, who is very ill, during the weekend.

JUST TALK—

very long, in fact he might as well take a pill and get it all over with before the women get everything. It won't be long.

Miriam and Evelyn Meading, Tech students, visiting their parents, Mr. and Mrs. P. G. Meading, Saturday.

Mrs. A. Kessel and son Julian, of Roswell, New Mexico left Friday for Dallas. After a few days there, they were to go to Austin where they were to visit Milton Kessel, a student of Texas University.

Miss Mary Catherine Burns of Memphis, Tennessee visited her parents, Mr. and Mrs. E. Burns, during the weekend.

Mr. and Mrs. Thomas L. Petty of Brownwood spent the weekend with his parents, Mr. and Mrs. T. O. Petty.

Mr. and Mrs. W. H. Smith visited their daughter, Mrs. G. F. Everline, in Amarillo last week. Mrs. H. G. Sanders has been ill with the flu this week.

Mrs. Grant McGee and daughter, Beth, of Memphis, Tennessee returned home Monday night. They have been visiting Mrs. McGee's sister, Mrs. C. L. Pack and her mother, who is seriously ill, for the past month.

Mrs. H. G. Sanders has been ill with the flu this week.

NEW WAREHOUSE BEING BUILT

Work was started this week on a 10,000 square foot warehouse by the Union Compress and Warehouse company. The new building will be located across the street from the present location of the main building. It will be of all-metal construction.

Reverend and Mrs. Paul Stevens have gone to Fort Worth to attend a Presbyterian meeting. While there, they will visit Rev. Hays and Rev. Boles.

AUXILIARY TO MEET
American Legion auxiliary will meet Monday night, January 27, at the American Legion home. All members are urged to attend.

Our Upholstery will please you. Let us give you an estimate. O. D. McClintock Furniture.

Uncle George Marriott, who has been ill with the flu has gone to the Santa Fe hospital in Clovis, N. M. for a checkup.
