Flag-Day And Clean-Up Week Are Announced

CLEAN UP WEEK SET BY CITY COMMISSION AS JUNE 9TH TO 14TH

In a special announcement by Mayor Teague this week, it was stated that June 9th to 14th has been set aside by the City Officials as Clean-Up Week for Slaton and that all residents and business houses of this city are urged to clean up all unsightly trash and debris from around their property.

Not only are the City officials making a special appeal to all residents to clean up, but they are going to make it most convenient for everyone to get rid of all trash and unsightly objects by hauling it away free.

Grass, dead limbs, tin cans and refuse of all kinds will be gathered up by special trash vans that have been arranged for. All that will be necessary is to place the refuse at a convenient place for the vans to reach.

"We consider the cleaning up of the town most important at this time," said the Mayor, "because after heavy rains, unsanitary conditions can develop very quickly, vegetation has grown unusually fast and breeding places for mosquitoes and germs that cause contagions could easily multiply. We are anxious to make Slaton the most attractive town on the South Plains and, with the cooperation of the citizens on this clean-up drive, we should accomplish our purpose."

"Slaton is an unusually naturally beautiful town. Our trees and flowers grow in profusion and from all signs, will be unusually prolific this season, but the weeds will grow just as fast and unless they are kept under control, Slaton could not only be very unattractive, but also a very unhealthy place in which to live."

"There are many brick piles, discarded furniture stacks, trash barrels and other things, not only in the alleys, but in plain sight on our business streets. Now is the time to do your spring cleaning, not only inside, but outside. Our men will be ready to gather your trash during the week of June 9th to 14th, so get started and let's make Slaton the City Beautiful of the South Plains."

Slaton Men Take Allegiance Oath

Two Slaton men were among the 19 persons who became naturalized American citizens in the United States district court Tuesday afternoon in Lubbock.

Frank John Repman, a native of Hungary, and John Denzer, whose native land was Germany, took the oath of allegiance to the United States before Judge T. Whitfield Davidson.

Among the group were five former citizens of Germany, six from Great Britain and others were from Mexico, Poland, Czechoslovakia, Netherlands, Hungary, Norway and Russia. They came from the following South Plains towns: Slaton, Littlefield, Snyder, Fluvanna, Brownfield, Post, Lubbock and Tahoka.

Mrs. Rhoderick Dies In El Paso

Mrs. T. E. Rhoderick, wife of the former editor of the Slaton Slatonite, died Monday in El Paso following a brief illness.

Funeral services were conducted in El Paso Tuesday afternoon and burial was in Brooklyn, Iowa, birth-place of Mrs. Rhoderick.

Mr. and Mrs. Rhoderick lived in Slaton for three years, from 1928 to 1931, during which time he edited and published the Slaton Slatonite.

Mrs. Rhoderick is survived by her husband and one son, Dorrance, publisher of the El Paso Times and operator of Radio Station KROD.

Methodist Revival Closes Sunday Night

Sunday will be the last day of the Methodist Revival meeting being conducted by the evangelistic singers Mr. and Mrs. Horace Erwin.

Family night has been set for tonight, and Sunday will be Church Membership day. All Methodists are urged to come and those wishing to unite with the church.

There have been three choirs during the meeting, the Boys and Girls choir, the Young Peoples choir and the Adult choir.

Brother Erwin announced Tuesday that 24 professions of faith, 45 reconsecrations and several had been accepted by that time, had transferred their letters from other churches.

He also related the morning Bible hour has been successful, as well as Mrs. Erwin's Story hour for children.

From here Mr. and Mrs. Erwin will go to Rotan to conduct services for the Methodist church there of which Rev. J. E. Boyd is pastor.

Three Arrests On Traffic Offenses

"While most of the motorists of Slaton and visitors to and through our city have been following our traffic rules, there are some who either carelessly or intentionally break the rules. For the safety of all concerned, we intend to enforce all traffic regulations as far as we can," said Chief of Police Yeats yesterday.

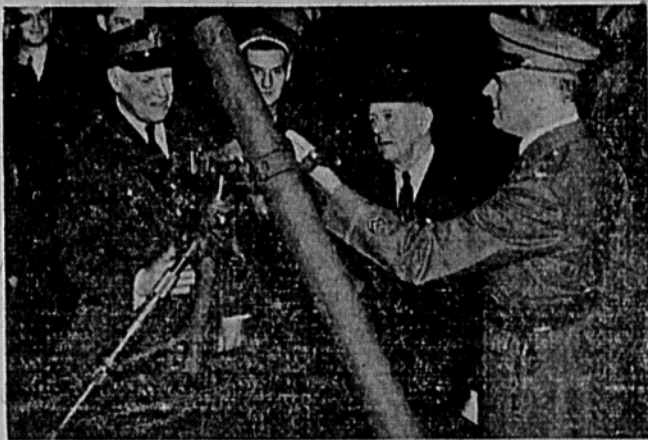

"Three motorists were arrested this week on traffic charges and about three or more have been arrested every week since the safety drive started. We do not expect to let up on the traffic violators."

One Man Street Paving Project

W. P. Shelton, who lives out on the East Branch of the Garza river, has taken on the responsibility of flood control in that part of town.

The block in front of his home is usually turbulent during high water, so Mr. Shelton had the entire block filled in with caliche, at his own expense, and he and his neighbors are out getting it leveled off. A few more citizens like this and the paving problems of Slaton will be solved.

New Trench Mortar for U. S.

One of the first 81-mm trench mortars completed in the United States for the national defense program is accepted for the army at a ceremony at the Pullman Standard Car company's plant in Hammond, Ind. Left to right: Brig. Gen. A. G. Gillespie; C. A. Liddle, president of the company, and Col. Donald Armstrong.

Pay Off or Cut Off Say Officials

Beginning the 16th of June, the water users of Slaton will have to pay promptly for their water or start digging wells, for the City Commissioners have put their feet down on those who are delinquent.

Promptly at 8:00 o'clock Monday, June 16th, and every 16th of the month thereafter, employees of the water department will start out with orders to cut off the water of all those who have not paid up. There will be no exceptions and the City officials wish to warn those who have a poor memory that a good excuse will not be accepted in place of cash or checks.

Post Stampeders Visit Our Town

In a special bus loaded with six shooters and six foot would-be cowboys, the Post Sampeders and Rodeo promoters visited Slaton early last Monday morning and plastered the town with good cheer, placards and invitations to our citizens to attend the big celebration that will be held there June 6th and 7th.

According to all accounts the Post celebration will be one of the best in this section.

Fagan Cenn, F. A. Drewry, L. V. Wootton and W. S. Grimstead are members of the Lubbock County Grand Jury that has been in session this week.

Mr. and Mrs. G. B. Middleton left Sunday to attend the graduation exercises of their son, Maurice, who has been attending Shriners Institute in Kerrville.

Slaton Red Cross Completes Quota

"Slaton's quota of 50 layettes for the Red Cross has been filled," announced Mrs. Wade Thompson, local branch chairman, "and the work and sewing done is to be proud of, for the ladies who really know how to sew have been helping."

Tuesday a group of ladies met at the club house and sewed from 9 a. m. to 6 p. m. A covered dish luncheon was served at noon.

Mrs. Thompson is urging everyone who has any work out, blankets or garments, to turn them in to her or leave them at the Texas-New Mexico Utilities company office this week. All work must be in by May 30.

Postal Inspector Visits Slaton

H. T. Coale, chief Clerk of District one of the Postal Service, in a recent inspection of the Slaton Post Office, informed Postmaster Scudder that the request of the citizens of this community for a Star Route out of Lubbock would be given consideration by the Department.

Mr. Coale said that he could readily see that a star route would be of considerable benefit for the town. A petition signed by a large group of Slaton citizens was sent into the Postal department several months ago requesting that the survey be made. The Chamber of Commerce sponsored the petition.

Mr. and Mrs. Vilas Tudor spent Wednesday visiting in Lubbock.

SLATON MEN GIVE OPINIONS ON SPEECH MADE BY THE PRESIDENT

Most every one heard the President make his speech Tuesday night and those who did not, have read what he had to say.

The interpretations of the speech are many and varied and the reaction will be world wide. What the people of Slaton think about the speech probably represents what a cross section of the people in communities similar to Slaton think.

Below we give you the opinions of a number of Slaton men whose views we solicited.

M. G. Martin: "It was my sentiment from start to finish. I couldn't have put my own thoughts in better words."

H. G. Sanders: "It was a wonderful speech. I think he was right."

Bob Singer: "Just the thing. It would have been better if it had come earlier."

E. C. Carroll: "I think it was mighty good and I agree with him."

Clyde Doherty: "He didn't say any more than I expected him to say and he didn't go as far as I expected him to go."

L. L. Felton: "It sounded all right to me."

Dr. Loveless: "I heartily endorse everything he said and think that we should get behind him 100 per cent."

E. T. Hillen: "All I can say is, 'power to him'. It's all right by me."

Austin Yeats: "I thought it was mighty good."

O. Z. Ball: "I'm for him. He hit the keynote with me."

Ed Haddock: "I thought it was a wonderful speech."

J. D. Holt: "I think from the way he talked that we're pretty close to war and he is working up to the point of letting people know about it so that it won't be a shock."

Band To Resume Concerts Saturday

Slaton's High school band will begin its annual summer concerts tomorrow night in the bandstand on the City Hall lawn. Eight o'clock has been set as the hour.

The band, under the direction of J. J. Hensley, will have rehearsals each Thursday night at 7:30 o'clock at the Band house.

Former band students are invited to take part in the rehearsals and concerts.

Johnnie Berkley: "I really think he might impress it a little harder on some of them."

Haskell Lassiter: "His opinion is the same as mine. I think he's doing the thing I'd do."

E. N. Pickens: "It was a pretty good talk."

M. A. Pember: "O. K. by me."

B. H. Guest: "Boy, I didn't hear it. I sure did want to, but I had to go to church."

Carl Evans: "I thought he reiterated his pledges and obligations to the people of the United States more forcefully than usual. The striking point about it was that Capital and Labor must get in line in spite of personal differences. I'm for him and think he should go still further and take more drastic measures against Nazi aggression."

Tess Bruner: "It was one of the greatest speeches I ever heard. Undoubtedly he is one of the smoothest speech-makers in the United States today. He got to the point very quick."

K. L. Scudder: "I think it's the most momentous speech he's ever made and is about the final word in letting the world know what we mean. He gave a very definite statement with reference to fifth columnists and saboteurs in this country. He wiped the slate clean and doesn't need to say any more. It proved that Mr. Roosevelt is a man who is very considerate of the welfare of people and has been very forceful in showing the world we are a people that have the backbone to stand up for our rights."

L. A. Herral: "I'm for him 100 per cent on that speech, but it could have been harder."

Van Stokes: "I think we're getting closer to war."

G. E. Welch: "I thought it was all right. He didn't get quite hard enough with C. I. O. birds. Outside of that, it was perfect."

City Commission Holds Meeting

At the City Commissioners meeting last Monday night only routine matters were considered. The drive for strict enforcement of the traffic laws was discussed and the members of the commission expressed their satisfaction with results already obtained. The cooperation of most of the motorists with the drive was complimented and the enforcement officers were instructed to continue to arrest all violators.

Baptists To Hold Revival Meeting

Evangelistic Singer Joe Trussell

The revival meeting at the First Baptist Church will begin Sunday, June 1st, and will continue through the following Sunday, June 8th. This revival is being conducted for the good of the community at large and every citizen has a most cordial welcome to attend each of the services.

The evangelistic singer, Bro. Joe Trussell of Brownwood, will be here for the opening services next Sunday morning. "Bro. Joe" is not a stranger to Slaton, for he was here last year in a revival. It isn't necessary to say that he is one of the best gospel singers in all the land. It will be a great privilege to hear him sing the grand old gospel songs. He is a soloist of great appeal and a congregational song leader unsurpassed.

"We would call attention to the brevity of this meeting," says Rev. Ferguson, "because we are to have only eight brief days and we want to pack them full of precious opportunities, all used for the glory of God. When we are conscious that precious souls are slipping into eternity, how diligent we ought to be in trying to win them to Christ.

"With the uncertain conditions of the world about us, the most sure and certain relation in life is our relation to the Lord Jesus Christ as our personal Saviour. Everything else may fail, but this is eternal and will never fail. World kingdoms are falling rapidly, but the Christ of Calvary will ever be victorious."

The pastor, W. F. Ferguson, will preach during the meeting and plain gospel messages will be brought from time to time. All of Slaton is invited to join in this crusade for righteousness and this effort to win the lost to the saving knowledge of Christ. An urgent invitation and a cordial welcome is extended to all.

Cotton Stamp Plan To Be Discussed

At a meeting called at nine o'clock at the Court House in Lubbock, all merchants who deal in cotton goods are asked to come and hear the details of the new Cotton Stamp Plan.

The Cotton Stamp plan is similar to the food stamp plan in many ways. The stamps are issued in 25c denominations to farmers who agree to reduce their cotton acreage by certain per cents and are exchangeable for fifty per cent of the price of cotton materials.

The full details of the operation have not been made available but will be given at the meeting in Lubbock.

All merchants in this section who might desire to sell merchandise on this plan are asked to be present at the meeting.

More than 500 separate oil and gas fields are now producing in Texas.

PROCLAMATION

To the Citizens of Slaton, Greetings:

WHEREAS, in these days of world-wide turmoil, with subversive forces and influences striving to discredit and destroy the ideals and institutions symbolized by our Country's Flag, all loyal Americans should answer this challenge by displaying and paying tribute to that Flag as the emblem of our rights and liberties; and,

WHEREAS, With this end in view, the period June 8th to 14th has been designated as Flag Week by The United State Flag Association, during which time patriotic exercises and other appropriate functions are to be held in towns and cities throughout the Land,

NOW, THEREFORE, as Mayor of Slaton, I do proclaim June 8th to 14th as FLAG WEEK and direct that during this period the Flag of the United States be displayed on all municipal buildings and vehicles. Furthermore, I do invite the people of Slaton to display the Stars and Stripes at their homes, places of business and other suitable things as a public expression of our love of our Country, our allegiance to its Glorious Banner and our belief in the institutions of American Democracy.

IN WITNESS WHEREOF I have hereunto set my hand and caused the seal of the Town of Slaton to be affixed this 29th day of May in the year of our Lord Nineteen Hundred and Forty-one.

J. H. TEAGUE,
Mayor of the Town of Slaton.

JUST TALK

by
A.M.J.

If you would like to see just what you would like to do on many occasions but do not have the interior fortitude because you are afraid some one will give you the bronx cheer, then watch children perform at a recital or at any kind of entertainment where children are called upon to take part.

This was particularly well demonstrated last week at the club house when Mrs. Gros-hart had Martha Lou Loveless, Mary Harrah, Clifton Matthews and Cynthia Ann Loveless do a lot of musical acrobatics and musical oratory.

Young Miss Cynthia Ann, feeling somewhat out of place when her number was finished threw her gears into high and went off the stage with skirt and plaited hair standing out like the United States flag in a stiff wind. Young master Matthews played the piano better than many pupils who have taken for many years but when a part of one of his solos became a little dim in his mind he just stopped and took a few seconds rest, after a while it came back to him and the performance proceeded.

And so it goes, the children act natural and do the things that comes into their minds but an adult is always conscious of the audience and consequently makes a fool of himself when to act upon impulse would be better.

For a good show don't miss the kids, they will entertain you at anything they do.

Our good friend Mr. O. N. Alcorn was out in front of his place of business last week looking sadly up at the sky as the rain drizzled down.

We sobbed on each others shoulders a while about what was going to happen when the top of the City Hall would be all that could be seen for miles around and then his face brightened up and he said, "well, after all, we in this country don't know what trouble is. Just think of the folks in England and a lot of the foreign countries."

As I walked away he was still looking up at the sky.

the rain was splashing down into his face and he was still smiling.

Slaton must be a University for Railroad men from the way the company is stepping them up to better positions all over the country. And Slaton must have been mighty good to these men from the way they moan and groan about moving to some other town even though their pay checks have taken on dignity. And when a railroad man is upset over leaving a town the town must be a mighty good place in which to live for railroaders usually want to move before they get their grips unpacked. Old friends, we regret to see you leave but to those who come to take your places we say "come on in, the water's fine. And we do mean water."

Last Friday when I told wife, in what I considered an awe-inspiring voice, that five inches of rain had fallen Thursday night, it did not impress her one bit. She gave me that dumb husband look and said, "Why you don't know what you are talking about, I know there was at least five feet, and probably more."

The clarion call of the masses has done the job. Leo couldn't turn it down. All we hope is that he will not have to have goat glands to make the hurdle for the Doctor might not have time to chase down a goat.

The trees, grass and flowers are going to do their stuff and the pretty lawns contest is off to a most propitious start. Our front yard is half bermuda and half some kind of wild grass. It is going to be hard to decide whether to enter it as a wild flower garden or a bermuda lawn. Will decide in a week or two when the contest is over and either the bermuda or wild grass has won.

Mrs. Vascor Browning called my attention Monday to the motor powered lawn mowers that were being demonstrated on the Club House lawn. "Wouldn't it be nice to have one with a seat on it where you could just sit and drive it around?" she asked.

Personally I would prefer one that had a couch attachment and reading lamp as well. It is an idea I am going to try to work out.

There are many stories about the floods that have visited most every farm home in this section. Most of them are sad but one that had a little amusing turn. Robert Singer at the Teague Drug was telling about a woman who was still trying to live in a farm home that had about six inches of water on the floor, she had the front door open and had a bucket trying to bail out the house.

Howard Swanner said all the chickens, hogs and turkeys on his place were drowned, several hundred dollars worth of seed ruined and all improvements almost ruined.

There is one thing about this country it never does anything half-way. It is all hog or none. If the sun shines it does it longer hours and more days than it does anywhere else in the world. If we decide to have a flood we make rivers where rivers never were before, and if we have a crop we have one so big that warehouses won't hold it, railways can not haul it and usually it brings such a low price it is hardly worth the trouble to gather it.

Dinner For A Busy Day

By Katharine Fisher

Director, Good Housekeeping Institute

Here's a dinner menu you can clip and save for serving on club-meeting day, or any day when you are going to be away from home until late afternoon, and don't want your fun spoiled by the thought of rushing home to get dinner ready on time. Most of this meal can be completed in the morning. The main dish, made in a deep-well cooker, or in a large kettle over low heat, doesn't need stirring or watching, and will cook while you are tidying up the house.

Tongue in Cranberry Sauce

Use Institute-approved measuring cups and spoons. Measure level

Place tongue in well cooker or covered kettle with cold water to cover, and simmer until tender—about 3 1/2 hrs. Cool in liquor; then discard liquor. Remove skin and fat from the tongue; then slice it. Meanwhile, melt the butter in the top of a double boiler over direct heat; add onion, and cook until delicately brown. Stir in flour and blend; add beef bouillon; place over boiling water, and cook until thick, stirring frequently. Add cranberry sauce and raisins. Pour over tongue, and reheat to serve. Serves 6.

Cook the tongue in the morning, and cool it in the liquor. Make the sauce, and store it in the refrigerator. Just before dinner you can slice the tongue and heat it in the sauce. You can prepare the beans if you use market ones, and store them in your refrigerator. Don't forget, either, the canned or packaged quick-frozen string beans! The Grapefruit-Meringue Custard (recipe below) can be made early, too. About 30 min. before dinner, scrub the potatoes well, then pare off a strip about 1/2" wide around center of each, or simply prick with a fork. Boil in salted water, covered, for about 25 min. Remove skin or not as preferred; then place uncovered over low heat to dry out and make mealy. Serve melted butter or margarine over them.

Grapefruit-Meringue Custard

Use Institute-approved measuring cups and spoons. Measure level

1 No. 2 can grapefruit sections 1 1/2 c. bottled milk
4 tbsp. flour 2 eggs
1 1/2 c. granulated sugar 1/2 tsp. vanilla extract
1/4 tsp. salt

Drain grapefruit, reserving liquor for use in a fruit drink. Cut segments into small pieces. Combine the flour, 1 c. of the sugar, and the salt in top of double boiler. Stir in the milk, to which the beaten egg yolks have been added. Cook in double boiler about 30 min., or until thick, stirring occasionally. Remove, and beat with a hand beater until smooth. Beat egg whites until almost stiff; then add remaining 1/2 c. sugar gradually, while continuing to beat until stiff. Heap on top of custards, and bake in moderate oven of 325° F. for about 20 min., or until delicately browned. Serves 6. To serve 2 or 3, make 1/3 this recipe.

this story of a little group of people who were shipwrecked on a desert island in the middle of the Pacific. After many weary months a passing ship saw their plight and sent a boat ashore. But the boat did not land at once; one of the sailors threw a bundle of newspapers on the beach, shouting that they were from the captain, and saying: "After you've read them, he wants to know whether you want to be rescued."—The London Rotarian, London, England.

The Army officers are quoted in the papers as saying that they see no need for Governor O'Daniel's proposed law regarding liquor near an army post. The army officers say the high type of men in the army do not need such a law. Jack says army life is O. K. if you like army life but personally he don't care so much for being ordered around so much. He says that the food is good, the army cots have good mattresses and drilling is not too heavy.

Jack Turner, who was home on furlough from Brownwood, where he is serving a sentence in the Artillery, got a big laugh out of the fact that

An annual cotton crop ranging from 11 to 12 million bales would require the use of 100,000 to 150,000 bales if the entire crop were wrapped in cotton bagging.

Southland News

By Helen White

Heavy rains the latter part of last week caused heavy damage in and around Southland. Water was running two inches deep through business buildings in the business section. All roads leading to Southland and the streets were flooded with water. Tractors driven in from farms were as common as cars in town Friday and Saturday.

The Bill Winaerowd home, south of Southland, was flooded with several feet of water. They are making their home in Southland at the present time. Clar-

Pan-American Chiefs Broadcast Home

Visiting chiefs of the naval staffs from South and Central America are shown participating in a radio broadcast from New York to their home countries. They were guests of honor at a dinner given by Rear Admiral Adolphus Andrews, commandant of the third naval district, U. S. N. The naval chiefs are making a tour of U. S. naval establishments.

ence "Son" Basinger took his motor boat to several homes that were in very deep water. Several lakes merged, causing an almost solid sheet of water over this section of the Plains. About a mile and a half of railroad was washed out, but is passable at this time. The road west of town is still flooded with water.

All businesses on the highway were closed Saturday because of high water. The service stations lost several hundred gallons of gasoline and had several inches of water in them. The well at Bly's Laundry was damaged. The Dunn Food store building started falling in, so merchandise was moved to their old location in town. Boys and men removed the merchandise when it seemed that the station would fall any minute. Damage was estimated at between \$1500 and \$2,000.

Girls Must Behave When Visiting Camps

WITH so many eligible "dates" in training camps all over the country, many a pretty young miss will have to learn a new code of deportment if she wants to endear herself to the boys doing their part for Uncle Sam.

With this in mind Henrietta Ripperger has summed up several worthwhile hints in the June issue of Good Housekeeping magazine, which if followed will make you a welcome visitor to military posts. Here they are:—

Don't show up with chevrons on your jacket, stripes on your sleeves, sailor collars with emblems. The boys have to look at braid and eagles all day long.

They want you in fluff, not in uniform.

Don't say you can't hoof it in the shoes you have on. Wear sports or spectator-sports shoes, or make up your mind to be a sport and suffer. The Service walks!

Don't try to get special privileges. Don't use influence or try to vamp the Sergeant. Your guy will suffer for it later on.

Don't expect the army to feed you. Learn to live on sodas and like it.

Don't yoo-hoo at the General even if he is your dad's best friend. Wait until the General yoo-hoos at you!

Don't be chummy with privates if you're out with a Brass Hat.

Don't run about like a child star bringing her parents together in a movie, coyly introducing privates to officers.

Don't make yourself conspicuous. You might be "posted," which means you're not allowed to come again.

Don't make it hard for your man to report for duty. Don't smuggle him anything to drink. Asked as to the effect of alcohol, an Annapolis man wrote, "The effect on a Midshipman is usually a complete change of residence and occupation."

Learn to smile when you say good-bye, and the Skirt Patrol will be back for you next time.

sponse has not been as great as had been hoped by the Committee in charge of the sale of Bonds for this community.

Those on the committee are Joe Webb, J. S. Edwards, J. H. Teague, Sr., Si Wilson and K. L. Scudder. The purchase of the bonds was quite active when the sale first began but interest seems to be slowing up, says Odie Hood, who has charge of the selling of the bonds at the Post Office.

IRWINS ENTERTAIN ROTARY

At the regular meeting of the Rotary Club Thursday, Mr. and Mrs. Horace F. Irwin entertained the Club with a musical program.

Mr. and Mrs. Irwin are directing the musical part of the Revival Meeting at the Methodist church this week.

The Club presented two vases to Mrs. O. D. Groshart, who is leaving for New Orleans Tuesday to join her husband, Dr. O. D. Groshart, who is an officer in the Medical Corps. Mrs. Groshart has been the musical director for the Rotary Club for more than a year.

Rail oddities

"HIGHBALL"
EARLY RAILROAD SIGNALS WERE LARGE BALLS SUSPENDED FROM HIGH POLES. ENGINEERS KNEW THAT THE "HIGHBALL" SIGNAL—WITH THE BALL AT THE TOP OF THE POLE—MEANT CLEAR TRACK AHEAD. SO TODAY, WHEN AMERICANS SAY "HIGHBALL" THEY MEAN GO AHEAD OR SPEED UP.

"DRAFTED"
COLD WEATHER AND AN UNFINISHED HEATING PLANT, THREATENED TO DELAY THE USE OF A NEW ARMY HOSPITAL UNIT. IN THE EMERGENCY, A RAILROAD LOCOMOTIVE WAS PARKED ON A NEARBY SIDING AND FURNISHED SUFFICIENT STEAM TO PERMIT THE USE OF COMPLETE HOSPITAL FACILITIES.

THE AMERICAN RAILROADS BUY AND USE APPROXIMATELY ONE-FIFTH OF THE TOTAL LUMBER PRODUCTION OF THE UNITED STATES.

Sub Deb Club Presents Pledges

Members of the Sub-Deb club, organization of High school girls, presented five pledges Friday night at the Legion hall.

Decorations consisted of heavy white satin curtains hung against a background of red. Pledges stepped through curtains on a platform and walked down-satin tufted steps. Jack Norman introduced the young ladies.

Miss Frances Crowther, president, was presented first. She wore a dress of white net with silver accessories and wore red carnations. Paul Melton was her escort.

Miss Jeraldine McMillin, escorted by Carlton Gordon, wore a blue taffeta dress with sweetheart neckline and full skirt. She wore pearls, and her corsage was of red roses.

Miss Mariam Gordon wore a dress of powder blue organdy, spangled with silver and wore a corsage of roses. She was escorted by Cloyd Stanford.

Miss Gwendolyn Hanna, escorted by B. A. Hanna, wore a blue marquisette dress trimmed in soft colors of rose. She wore gold accessories and multi-colored sweetpeas.

Miss Maxine McMillin was escorted by Frank Todd. Her dress was of white marquisette with drop shoulders and full skirt. She wore pearls and a corsage of red carnations.

A number of the pledges and members attended the dance held following the presentation.

Miss Wilda Hannah Gives Piano Recital

Miss Wilda Ruth Hannah, daughter of Mr. and Mrs. John Hannah, was presented in Junior piano recital by Mrs. O. D. Groshart Monday night at the Presbyterian church. Donald Cherry, saxophonist, assisted.

The program: "Bourree" (Bach), "Etude" (Friml), "To a Wild Rose" (MacDowell), "Song Without Words" (Saint-Saens), "To the Rising Sun" (Torjussen), Wilda Ruth.

"Frasquita" (Lehar) and "Nola" (Arndt) by Donald.

"Caravan" (Ellington and Liza), "Mood Indigo" (Ellington-Mills-Bigard); Duet, "Siboney" (Lecuona). "Valse Op. 64 No. 2" (Chopin), "Lento" (Cyril Scott), "Liebesfreud" (Kreisler), Wilda Ruth.

Lost and Found System Makes Children Neat

Do you find that children are forever leaving their belongings about the house? If you do, you know that this is especially true in summer because youngsters are around so much more.

To teach her children to correct this fault Jean Hersey started a unique system which she tells about in the June issue of Good Housekeeping magazine. Settling down on the sofa Mrs. Hersey found that she was quite apt to meet various nubby objects as she leaned back to relax—her boys' fire engines, or her daughter's roller skates. To make sure this didn't become a common habit Mrs. Hersey put up a convenient shelf and over it a sign saying "Lost and Found. You must work your belongings out."

Any possessions left where they shouldn't be are hastily put here by whoever discovers them. To retrieve an article Mrs. Hersey made the provision that the owner must do a job that benefits the household in general. "The tasks," she says, "are never too arduous, but the knowledge that they must be done inspires a higher standard of neatness than we ever had."

If the children want their toys back they must do such things as water the plants or wash and dry the dishes, and they are always accomplished cheerfully and with quite a bit of humor.

Civic Culture Club Meets In Smart Home

Mrs. W. P. Florence was leader of the Civic and Culture club program Saturday afternoon. The club met in the home of Mrs. W. E. Smart. "Silas Crockett" was the program topic.

Roll call of the final meeting of the club year was answered with "Program I Enjoyed Most and Why".

"Life and Works of Miss Chase" was discussed by Mrs. Florence, and "New England Characteristics in Prominent Persons in the Novel" were told by Mrs. Joe Webb. Mrs. Raymond Johnson spoke on the "Structure and Style of 'Silas Crockett'."

Mrs. Smart introduced new officers of the club in rhyme.

Refreshments were served to: Mesdames S. H. Adams, Maude Baldwin, J. S. Bates, R. M. Champion, Bessie Donald, J. A. Elliott, W. P. Florence, J. C. Jenkins, Raymond Johnson, W. R. Lovett, W. T. Cherry, H. G. Sanders, R. G. Shankle, A. C. Strickland, C. L. Suit, Joe Webb and the hostess.

When a Child Needs a Laxative!

SYRUP OF BLACK-DRAUGHT is a tasty liquid that most children will welcome whenever they need a laxative. What's more important, it has the same main ingredient as BLACK-DRAUGHT, its older companion. Perhaps that's why it usually gives a child such refreshing relief from the familiar symptoms which show a laxative is needed. Comes in two sizes: 25c-50c.

Coccidiosis Causes Great Loss Of Birds

Almost every poultry man is familiar with the devastating results of an outbreak of coccidiosis. It is widespread and may break out any time from the time the chicks are two weeks old until they are grown.

Coccidiosis is caused by an infection of single celled animal organisms that multiply very rapidly.

Symptoms: In the acute or cecal type of coccidiosis the mucous membrane of the cecum is attacked. This type usually attacks birds very suddenly. The first symptom noted is the presence of blood in the droppings. Therefore, it is commonly called bloody coccidiosis.

Birds lose their appetite very rapidly and severe losses usually start the following day after the first appearance of blood in the droppings. The disease is spread by the introduction of birds having the disease into the flock, or it may be carried on the feet of the caretaker, sparrows, flies, dogs, cats, and other animals. Birds contact the disease by picking up the sporulated oocidia in their feed or water.

Treatment and Control

In treating coccidiosis sanitary measures are important factors in obtaining results. It is useless to treat the bird if sanitary precautions are not used. Even though the birds may be rid of the coccidiosis, they immediately may become reinfested from the infested premises. On the other hand, it is folly to practice sanitary measures without treating the birds which may be termed manufacturing plants for the production of coccidiosis.

If the bird itself remains infested, it reinfests immediately the premises which have been thoroughly cleaned.

Wheat Farmers To Vote Tomorrow

Every wheat grower who values his democratic rights will vote the time to cast his vote in the wheat marketing quota referendum Saturday, May 31, B. F. Vance state administrative officer in charge of the AAA in Texas, points out.

"The referendum is the only democratic method of finding out just what the farmers want," the official said, "and, as I see it, failure of farmers to voice their opinion would indicate a lack of interest in democratic methods."

The United States Department of Agriculture is holding the referendum among the nation's wheat growers, to learn whether the growers want to use marketing quotas on their 1941 crop. As provided by Congress in the Agricultural Adjustment Act, whenever the supply of wheat is too large, growers are given the opportunity to vote marketing quotas upon themselves. If two-thirds or more of the growers voting approve quotas, then they will be in effect. Polling places will be located conveniently in every county throughout the wheat section of the state.

At stake in the referendum, along with quotas, is the fate of the government loan on wheat, since the law provides that no loan can be offered in any year in which quotas are proclaimed by the department and voted down by the farmers, Vance pointed out.

According to the latest crop estimate, the 1941-42 wheat supply will be 1,236,000,000 bushels, exceeding the level at which marketing quotas become necessary by 217,000,000 bushels.

Polling places will be under the supervision of resident farmers who will act as referendum officials. Votes will be tabulated locally and reported to College Station AAA headquarters.

Be Prepared When Opportunity Knocks

Some people say "Opportunity knocks but once," and others are of the opinion "Opportunities don't happen, they're made."

Either way Draughon's Business college will be able to help those hopeful for jobs. If opportunity has not knocked at your door, be prepared when it does by attending this school which will equip you thoroughly for a position in the business world.

If opportunity has called on you and you weren't home, then the thing to do is to attend Draughon's. Prepare yourself and be well equipped for one of the numerous calls for graduates that come to this school from employers every day.

Remember the other adage "Nobody helps those who do not help themselves."

Under the 1940 conservation materials program of the AAA, Texas farmers received 228 tons of triple superphosphate and 60,000 pounds of Austrian Winter peas.

An Ohio Experiment Station reports daily feeding three-tenths of a pound of cane molasses to lambs has proved effective against "overcoating" disease, or apoplexy, for the third successive year.

Our Weekly Sermon— Dead and Alive

By Rev. John H. Cable, D. D., Member of Faculty The Moody Bible Institute of Chicago.

Text: "This thy brother was dead, and is alive again; and was lost, and is found."—Luke 15:32.

A miracle is related in the three words—"dead and alive." Only God can raise the dead. It is the story of the Prodigal Son. And many a son leaves his father's house, spends his money, and goes to the hogs—or dogs. But, praise God, through grace, some of these wayward ones wander wearily home again to arms of love and conditions of comfort.

In a spiritual sense this story is told in Ephesians 2:1-10, beginning with, "And you hath he quickened, who were dead in trespasses and sins."

1. Death means separation. Physical death is the separation of the soul from the body; spiritual death is the separation of the soul from God. The "dead" described in Ephesians 2:2,3 are said to "walk according to the course of this world, according to the prince of the power of the air . . . in the lusts of the flesh." This means that the influences which

separate sinners from the Savior are the world, the devil, and the flesh.

God's creation was marred by sin. "Every rose has its thorn." Both beasts and men destroy. Sin kills beyond the tomb. "Is this vile world a friend to grace to help us on to God?" is answered with a No.

Then there is a personal devil, who parades as an angel of light. He is the arch deceiver. His victims are legion.

And how powerful is the lust of the flesh! Many a poor sinner feels powerless to go as and where he would. He is urged on to ruin by his inward desires.

2. Alive means responsive. When the Prodigal said, "I will arise and go to my father," he showed himself to be alive to his father's love. How gracious is God to give us life from above. He made us alive with Christ when He raised Him from the dead. "By grace are ye saved through faith." And what a lofty life He gives. "He hath raised us up together, and made us sit together in the heavenlies in Christ Jesus."

This we could never do in our own strength. Salvation is "not of works, lest any man should boast." "For we are his workmanship, created in Christ Jesus unto good works."

Just press down your right toe!

Buick SPECIAL 6-passenger Sedan, \$1006. White sidewall tires extra.

You slip into this trim Buick's seat—and right off the bat you know you've found something.

The cushions fit—the wheel nestles in your hand—the whole blessed beauty seems to say, "Welcome, friend! Where've you been?"

Then you seek out an open road where you can really try Compound Carburetion—and press down your right toe!

Instantly there's a rush of power, as if an extra engine had gone to work.

Fact is—one has.

Under your bonnet a special, second carburetor has cut in, opening up a fresh reservoir of power not to be found in any other engine.

Most of the time that extra carburetor is idle. Your car operates solely on the small, frugal forward carburetor.

But any time you need or want power—press down your toe and away you go, with two fuel mixers working!

Thrilling? You bet. But by actual test and experience, also more thrifty—as much as 10% to 15% more thrifty than previous Buicks of like size.

Only Buick can give you Compound Carburetion—and even that is only one of Buick's many desirabilities.

There's great size—lush comfort—the smartest of style—solid Buick goodness—all at prices that spell an unmistakable bargain. Why not ask your Buick dealer, "How much?"

County assumed their official duties in April, 1891, and they made a set-up which has been the pride of every citizen in the county since that date. The early settlers will have their part in the rodeo which will be staged on the above dates. As many activities as will bring back the memory of early days as possible have been outlined by those in charge. All of them are people who know the early customs and activities of the West when Dickens County was organized.

The Old Cowboys' roping contest has been especially outlined for the early day cowboys. No one under age of 55 years may enter this event, and the real purpose is to give them an opportunity to exhibit the "Old West."

People of Dickens County are working diligently to give the visitors to the rodeo the best time they have ever enjoyed at any show. Every cooperation is being manifested and the sentiment is as if one man were speaking. Citizens of neighbor towns have a welcome extended them to come and enjoy a real wild west performance in a well organized manner. Come! You are welcome.
