Rodeo Postponed Indefinitely

NEW RODEO DATES TO BE DECIDED

A minute inspection of the rodeo grounds, that have been watered for the past two weeks, the Committee in Charge of the Slaton Rodeo decided it would be impossible to hold the show on June 13 and 14 as originally planned.

The water receded and evaporated unusually fast the first week after the flood and, after an inspection, it was decided to hold the Rodeo on the dates set, but Claud Anderson, Ray Ayers and other members of the committee, spent all of Thursday afternoon wading around over the ground and found that it would be impossible for it to dry out in time to go through with the plans next Friday and Saturday.

Advertisement in First Section Of This Paper Erroneous

On page 3 of this paper, a half page advertisement on the Rodeo was printed Wednesday before the

decision to postpone the Rodeo was made. The advertisement will seem inconsistent with this announcement, but due to the fact that it is impossible to print a full newspaper all at one time, the advertisement was printed before the decision to postpone the Rodeo was made.

Rodeo Indefinitely Postponed

While the committee plans on having the Rodeo, the exact dates for holding it have not been set. Dates on which the best stock can be secured, as well as those on which the top performers would be open to contest in the show, will have to be decided.

We will have the Rodeo and we will have the best, said several members of the committee, and we hope the people of this community will be as much interested in the future plans as they have been in the ones that have gone astray.

We Came From Many Lands

Immigrants seated at table (above) in dining hall at Ellis Island. The mural, painted by Edward Laning as a WPA project, tells the story of the making of America. Plymouth Rock (right) commemorates the Pilgrims, earliest immigrants to come to our shores in 1620. Liberty speaks for herself.

Rev. O'Brien Has Silver Jubilee

The Very Reverend Thomas D. O'Brien, pastor of St. Joseph's church, celebrated his silver jubilee June 2. Services commemorating the occasion were held in the church at 7:30 a. m.

The Rev. A. J. LaHive, Amarillo, delivered the sermon based on the text: "For every high priest taken from among men, is ordained for men in the things that appertain to God, that he may offer up gifts and sacrifices for sins—neither doth any man take the honor to himself, but he that is called by God as Aaron was."

Most of the 25 years that Rev. O'Brien has been a priest, has been spent in West Texas, fourteen years in Slaton. His other missions were Amarillo and Weatherford. Seventeen priests were present and friends from over the state were either present or sent messages of congratulations.

Relatives of Father O'Brien here for the occasion were: The Rev. Bart O'Brien, San Angelo; Mr. and Mrs. Richard O'Brien and sons, Dennis and Richard, from Dallas; Miss Katie O'Brien, Fort Worth; Miss Mary Ann O'Brien, Amarillo; Thomas and Marion McCarthy and Margaret and Josephine McCarthy, Fort Worth.

Slaton Students Receive Diplomas

Slaton was well represented at the commencement exercises of Texas Technological college Monday night at Lubbock.

Miss Faye Pauline Coltharp received a Bachelor of Science degree in education, primary; Miss Mary Lou Gordon, Bachelor of Arts in history; Miss Doris Elizabeth Peavy, Bachelor of Arts in journalism; Miss Mary Elizabeth Watkins, Bachelor of Arts degree in English.

Mrs. Mary Virginia Hutchinson of Lubbock, daughter of Mr. and Mrs. A. E. Whitehead, was awarded a Bachelor of Business Administration degree, and Wilbur Lindsey Jones, Jr., of Lubbock, son of W. L. Jones of Slaton, received a Bachelor of Science degree in Agronomy.

Revival Meet Proves Success

One of the most successful Revival Meetings ever held in Slaton was brought to a close last Sunday night at the First Methodist Church.

The Musical Direction of the meetings was under Mr. and Mrs. Horace Irwin and the sermons were delivered by Reverend H. C. Gordon.

At the last meeting Sunday night, Mr. and Mrs. Irwin expressed their sincere appreciation for the reception given them while in Slaton. Many new members were admitted into the church during the revival and Reverend Gordon expressed himself very much gratified with the results.

Members of Troop 29 will serve on the staff of the camp. Billy Roy Sanner will be bugler, and James Thornton will be mess sergeant.

Life saving, marksmanship and Indian lore will be taught during the encampment.

Misses Jimmie Fay Ward and Martha Polk are visiting relatives and friends in San Angelo.

5,000 Expected At Post Fri. And Sat.

POST, June 5—More than five thousand West Texas and New Mexico visitors are expected here Friday and Saturday to join Garza County residents in seeing Post's two-day non-professional rodeo.

Post has been in readiness for the big celebration since Saturday when Post Stamped officials announced that more than \$3,000.00 had been spent on permanent improvements at the grounds, including the building of 4,000 additional seats.

The Post Stamped, Inc., sponsor of the annual entertainment, has posted more than \$1,800.00 in cash prizes, two \$115 saddles and other merchandise prizes, for the hundred or more contestants who will participate in the various events.

There will be five major events, cowgirl sponsor's contest, calf roping, wild cow milking, bronc and steer riding.

Besides the four exciting rodeo performances, a colorful and spectacular street parade will be staged each day at 12:30 o'clock. Old time cowboy dances, the kind grandpa and grandma used to enjoy, will be held each night following the night performances.

Afternoon performances begin at 2 o'clock, night shows at 8.

Young People May Apply To N. Y. A.

O. G. Evers, N.Y.A. representative, will be in Slaton June 9 and June 23 and on Monday every two weeks thereafter announced Mrs. C. H. McIlroy of the local Welfare office this week.

Mr. Evers will take applications at the office between 8:30 and 9:30 o'clock on the designated Monday mornings. Young people interested in N.Y.A. work need only be between the ages of 16 and 25 and do not have to be from families on relief. Interest in work experience and the correct age limit are the only necessary requirements.

Work experience is being offered in welding, sheet metals, auto mechanics, aviation mechanics, printing, radio, commercial work and other lines pertaining to the national defense program; home work training, nursing and secretarial work.

CLEAN-UP AND FLAG WEEKS SET FOR JUNE 9-14 BY MAYOR TEAGUE

Wheat Allotment Is 3,748,141 Acres

The Texas wheat acreage allotment for 1942 has been set at 3,748,141 acres, B. F. Vance state administrative officer in charge of the Agricultural Adjustment Administration, has announced.

The allotment, which is 505,194 acres smaller than the 4,253,335 acres allotted the state for 1941, was sent to the state AAA office by the United States Department of Agriculture in Washington. Proportionate cuts in acreage were given other states.

"With enough wheat in sight to supply the nation for two full years, it is necessary that the acreage be reduced," the AAA official pointed out. "The wheat farmer, along with producers of other commodities, is faced with the job of protecting his soil from needless waste through overproduction."

The acreage allotment for 1942 is about the same as Texas had in 1939, Vance declared. For 1940 the allotment was increased, but good crops and the war blockades, which deprived the United States of its export markets, resulted in the piling up of a huge surplus which makes the acreage reduction for next year necessary.

Business Gaining

Consistent gains have been registered by Texas business during the last year, it is revealed by the University of Texas bureau of Business Research, citing a 11 per cent margin for April over April, 1940.

All the six major business factors making up the Bureau's composite index of Texas business stacked up increases since April, 1940, ranging from 7.2 to 20.6 points.

Employment gained 7.2 points; payrolls, 12.6 points, miscellaneous freight carloadings, 14.3 points; runs of crude oil to refinery stills, 20.6 points; department store sales, 8.3 points; and consumption of electric power, 10.6 points.

Other business factors charted by the bureau showed the following gains over a year earlier:

Postal receipts, up 14.1 per cent
Building permits, up 20.8 per cent.

Lumber production—up 15.3 per cent.

Among the unfavorable notes were purchases of savings bonds, down 9.4 per cent; new charters granted to corporations, down to 76, compared to 128 in April a year ago; commercial failures, 23, compared to 17 in April a year ago.

Yearly Records Broken For Rain

Mr. G. H. Orr, who has kept the weather report here for many years, reports that not only have we had more rain in May this year than for any month on record, but that we have had more rain so far this year than has fallen in any one year.

A total of 17 20-32 fell during May and a total of 27 and 29-32 has fallen so far this year.

"I have lived here since May, 1911, and have gone through some unusual weather from snow storms to sand storms, but I never thought we would be in position to start raising rice on the plains," says Mr. Orr, "we do not need another drop of rain for the remainder of the year so far as a record is concerned, for we have already broken them all."

Mayor J. H. Teague announced last week that June 8th to 14th would be Flag Week and the week of June 9th to 14th would be Clean-Up Week.

With the world on fire and the importance of each and every one showing their patriotism in every way possible being stressed, the Mayor, in co-operation with many other mayors of other towns, is asking each and every home owner and business man to display the United States Flag in some prominent place during the week of June 8th to 14th. It is a small thing to ask of our people, says the Mayor, and we should all put our flags out.

"And just to help make Clean Up week what it should be, the City officials have arranged to have trucks pick up all the rubbish, trash and unsightly refuse from all parts of town. All that is necessary is to put it at some convenient place for the men to get it," said the Mayor.

"With all of the moisture that has fallen within the last few weeks and the many stagnant pools still all over this section, the danger of contagion and epidemics is great and we are calling on every citizen to clean up their premises."

"While our town is one of the very nicest looking towns on the South Plains, we have many unsightly objects that could easily be removed or discarded. This is the time to do it and if the people of Slaton will get behind the idea, we should be able to make Slaton one of the best towns in Texas in which to live. Let's get things cleaned up for the summer."

On another page of this paper are a number of suggestions as to how the citizens of Slaton can help cooperate with the city on clean-up week. Not only in cleaning up the premises, but in many other ways. Look the suggestions over and see if you don't get some inspirations.

Local Company To Be Inspected Wed.

According to word received here Tuesday from the Adjutant General in Austin, Company "C" of the 39th Battalion will be inspected next Wednesday night at 8 o'clock. Major Knickerbocker, an assistant to the Adjutant General, will inspect the troops.

Captain Meading, commanding officer of the local company, has requested that all members of this organization make a special effort to be present on this occasion.

The inspection officer will arrive in Slaton sometime during the morning of June 11 and will remain throughout the day. Heads of the organizations, both civic and service, as well as individuals, will be interviewed by Major Knickerbocker and members of the 39th Battalion staff. Dr. W. E. Payne is the only Slaton man who is a member of the staff, being that of Medical officer with the rank of Captain.

Hogs Shipments On Big Increase

A gain of 31 per cent in hog shipments over a year earlier marked April records of livestock movement from Texas ranches to interstate points and the Fort worth stockyards, the University of Texas Bureau of Business Research reports. A total of 760 cars were shipped.

Total livestock shipments declined 4 per cent, to 9,616 carloads. Cattle fell off 413 cars to 6,540; calves, 20 cars to 813; sheep, 258 cars to 541.

Build 5-Ton, 200-Foot Bridge in 16 Minutes

In a demonstration at Ft. Belvoir, Va., a motorized war-strength company of the Fifth Engineers dismantled from its trucks, unloaded equipment, and within 16 minutes constructed a 200-foot pontoon bridge strong enough to carry ammunition trucks. In picture at right, runways are laid across gulleys of light pontoons. Inset: Company "E" of the Fifth Engineers is shown crossing waterway on bridge.

JUST TALK
by
A.M.J.

Mr. A. E. Whitehead says that a great many of his acquaintances have been accusing me of stretching the truth all out of shape about how much milk and cream he had sold in one month from his herd of Jerseys up in New Mexico. As I remember the statement, it was to the effect that Mr. Whitehead has sold more than \$400.00 worth of dairy products from his two places in one month's time. On the side, Mr. Whitehead told me that those acquaintances did not believe he could have sold that much, but confidentially he told me he had sold over \$400.00 worth of milk and cream during May from just one of his places and did not have a report from the other; in fact he seemed to feel that he had done so well on the first farm that if the second place had thrown all their cream and milk to the hogs, he would still be satisfied. Of course a newspaper man is supposed to have the privilege of taking liberties with

the truth and is usually forgiven, so if there are any discrepancies in this tour into high finance I am willing to take the responsibility, but just the same I am considering trying to trade the Slatonite off to Mr. Whitehead for two or three good milk cows.

It is said that the first impression is the lasting impression, which may or may not be true, but no one will deny that the first impression of place or person is very impressive.

This is particularly true of a town, and Slaton is more or less like the girl that the tooth paste advertisements tell about, who had a power house full of allure until she smiled and her teeth made all the men climb a tree.

Slaton is overflowing with natural beauty, our trees and flowers are prolific and unusually well cared for, our streets while laid out on the bias are to say the least, different from those of the average town. Our homes and business buildings are better constructed and better looking than those in towns of much larger size, but like the girl who did not use Glamourgleam toothpaste or the man who does not use Skunko Soap for B. O., we have our weak points and those are rusty trash cans overflowing with discarded boots, tin buckets and what the cat won't even drag off. Our alleys and main streets have patches of weeds and many buckets of paint could be used to a great advantage, particularly on our business buildings.

The stranger coming into our town would like us much better if his first impression were not marred by these things and we ourselves would have a much better opinion of ourselves if we would do a little cleaning up.

This is clean-up week. If you are a business man just step out in front of your building and ask yourself just how well it would look with some paint on it. Whether you own the building or not a gallon or so of paint is very inexpensive and you and your employees will find it a relaxation to put it on yourselves.

Home owners will find it an inspiration to get off a half block and take a look at their homes. There are very few that would not look much better if a little cleaning up were done. It's clean up week and time to do something about it.

Perhaps I am getting a little gun shy but every time a cloud as large as my wife's new spring hat shows up in the sky I want to run for cover. We have lived

in many parts of the country where floods were considered almost as a matter of course but we had to come out to Slaton where the land is as flat as a bride's cake to get almost isolated by water.

I wore rubber galoshes so long during the flood that I am still lifting my feet up six inches higher than I used to because the weights have been taken off. Our little fox terrier is stepping around in our back yard as if she were afraid she'll have to swim back to the house and is so afraid of water that she will hardly take a drink.

Zeke Baldwin tightened up his "gallushes" during the flood until his pants were three inches above his shoe tops and has never let them down, Roscoe Mercer who delivers groceries over at

Berkley and Haddock, is still weaving his car around imaginary mud holes and Charlie Austria has not shaved in three weeks because he still thinks he cannot get down to the barber, the frogs keep me awake all night croaking under my window for more rain.

Would it be better if young people and older ones associated together more than they do? Personally I doubt it. Occasionally you find a young man or woman who finds pleasure in an older person's company but you can tell at a glance that there is no thrill to it, especially to the younger person and most of the time the older one does well to keep from getting bored.

This was illustrated pretty well this week when I met the

statement that I did not like Mickey Rooney in the pictures.

"Why," asked Donald Cherry, who is now helping to get the Slatonite out once a week. From the tone of his voice I could tell that Don could not understand why anyone would not like to see Mickey Rooney.

High school graduates get their pleasure out of action and little or no thinking; University graduates get a thought once in a while but still think they have discovered the world; middle-age brings a lot of contemplation, but there seems to be a worm in the apple and then old age. I don't know yet but it does not look too good from here.

Our next door neighbor, Vascor Browning, is the busiest man I

know. He keeps two bird dogs, a big flock of frying size chickens, that are going to need a lot of close watching if the neighbors get fried chicken hungry, a "bevy" of fruit trees, a bent grass lawn, a hedge that has to be manicured every few days, two Chinese Partridges that scratch him on the face every time he gets in the coop and a wife.

Vascor hammers way up into the night by the light of the moon or an outdoor electric light, he mows the lawn by the dim glow of the early dawn, he clips hedges during the noon hour, he builds chicken coops as the evening sun goes down and how much time he spends with his wife would be hard to estimate.

Just watching Vascor from our side window has sapped my strength so that I have to lie

down every time I come home. Something should be done to restrict men who set such bad examples. The first thing I know I'll be out watering our lawn and then go from bad to worse until I'm in as bad a shape as Vascor is.

The school reunion that Lee Tudor attended at Springtown, Texas is something unique and an idea that could be adopted here in Slaton. A big barbecue given once a year to all ex-students of the Slaton school, would bring back many former Slaton residents for a visit to us and would give us all a thrill.

It is something that might be worked out.

"Chief" Topics
by the SCOUT

Furloughed firemen J. M. Clendenen, O. L. Fitzgerald and H. H. Winters have been recalled to service and now working on Slaton board.

Locomotive fireman C. B. Waknon, who has been working temporarily on the Pecos Division, has returned to Slaton for service.

Other firemen who have been recalled but have yet reported, are: J. E. ... E. C. Robertson, T. A. Roberts and Earl Chamberlain.

The following are new employes in the round house at Slaton: W. H. Glascock, F. L. Swagerty, E. A. Ehler, R. A. Allbright, C. D. Gryder, C. M. Barton, C. E. Brown, T. C. Barnes, H. L. Tierney, I. V. Smith.

J. L. Scott, who has been protecting service as extra call boy, has been given a regular job in Slaton roundhouse.

Due to increased business, two additional chain gang turns have been added at Slaton recently and the following men have been placed on Engineer's Extra Board: R. H. Bailey, L. J. Schermerhorn and Dane Shearer.

Mrs. W. W. Lyons, wife of Master Mechanic, is visiting relatives and friends in Kansas for a few days.

Mr. and Mrs. D. J. Neill are now ensconced in their new domicile at 625 North Eighth Street and Mr. Neill says it is a relief to get some home cooking once more. He also says he is now able to get his exercise by mowing the lawn.

An order for 2,000 fifty-ton box cars was placed today by the Santa Fe Railway Company with the Pullman-Standard Car Manufacturing Company. The cars will be 40 feet six inches in length and of steel construction. They will be built at the Michigan City plant of the car manufacturers.

The new order is in addition to the 1700 freight cars ordered by

President Edward J. Engel last April, when purchase of another 5400 horsepower Diesel-electric freight locomotive and 22 stainless steel passenger cars was announced.

With the first car of the new 1941 wheat crop shipped from Crowell, the movement of wheat from the Texas area was expected to increase over the week-end and be in full swing by the middle of the month, officials of the Santa Fe Railway announced today.

Railway officials anticipate one of the heaviest movements from the wheat belt states since the record crop of 1931 and are busy organizing rolling equipment and power to handle the heavy task.

The Santa Fe Railway System carloadings for the week ending May 31, 1941, were 21,310 compared with 17,225 for the same week in 1940. Received from connections were 7,481 as compared with 5,032 for the same week in 1940. The total cars moved were 28,800 compared with 22,257 for the same week in 1940. The Santa Fe handled a total of 29,146 cars during the preceding week of this year.

No nonsense last week. Did you notice it? Why wasn't there any? Well, folks, if you are an employee, you know, and for the

2 way help*

CARDUI
POPULAR
FOR 61 YEARS!

benefit of those who do not know, here it is, WE HAVE BEEN BUSY. Every man in all departments has been SHOVING THE PINS. Some of us have been shoving them long and hard and to those who do not know us intimately, we will say that our wobbly walk is from tiredness.

We have heard that the Editor of the Slatonite says that there are rumors of Uncle John employing new men. The question to him is, Why? Is there an increase in business that calls for this action? The answer is, Yes. We have read in books and seen in shows where the "News hounds" get their dope by staying up all night and the greater part of the day. We haven't seen the above

mentioned party around in daylight or heard of him being down at night. Maybe we had better tell him something.

First: We are running more trains now than we did in the fall of the year. That calls for more men to handle the trains, more switchmen to make the trains. All these combined, call for more men. There are 11 chain gang turns on now, three more than we had last fall. This has caused the calling back of all the brakemen that were cut off and has placed two newly made men on the board, Mr. V. E. Gregory and Mr. Caldwell.

There are now three switch crews working in Slaton yards,

making continuous service. This, with the newly created position of night Yardmaster, created new jobs. Mr. C. S. Greer is the night Yardmaster (at least he is drawing the pay for such) and at present Mr. Arno Boyd is engine foreman on third trick and J. H. (Jim) Tierney and C. P. (Wash) Tubbs are his helpers. T. A. Turner is day Yardmaster. We hear that every time Tom leaves the office he grabs his lantern. As we said, more engines are needed for the trains, therefore there have been several new men employed in the shops as laborers and former laborers set up to helpers and helpers to machinists and inspectors and what have you. The best thing though and one that will be no-

ticed more by the merchants of Slaton is the increase in the number of Uncle John's little green pieces of paper that will be floating around next payday. Checks, we are speaking of.

Mr. R. H. (Horny) Thompson has returned from San Angelo. Says that he has been visiting his folks, but we think that he went down to fish and had no luck and doesn't want to tell it.

Mr. W. P. Shelton is off having more of his teeth out. He says that "sthoup soore is good these days."

Mr. Bert McDonald is off, sick. Scott says: "Lots of water has gone under the bridge since last seeing my name in print."

The Texas petroleum industry pays \$95,000,000 a year in State, local and Federal taxes, NOT counting the gasoline taxes paid by the individual motorist on the industry's principal product.

Four-fifths of the value of all the crude oil produced in Texas each year is paid to Texas oil workers and farmers and ranchers in wages and lease and royalty payments.

Southland News

By Helen White

Slator Moore of Lubbock visited his parents, Mr. and Mrs. Jess Moore, over the week end.

Mrs. S. N. Truelock and Elton spent the week end in Post visiting her sister.

Mrs. Harold Holmes and son, Harold Richard, of Abilene are visiting her parents, Mr. and Mrs. Clem Lester. Mr. Holmes is water front director of the Boy Scout Camp at Post.

Mrs. Wendell Saunders and baby daughter, Sharron Lee, returned to their home in Hale Center after visiting her parents, Mr. and Mrs. Floyd Meers. Mr. Saunders, Mrs. Doyle Saunders and Betty An Saunders accompanied them home.

Norman and Laverne Bedford are visiting in Littlefield.

Misses Hattie Irvin and Faye Draper visited Helen King, who is ill in the Slaton hospital, Saturday afternoon.

Mr. and Mrs. Waldo Bley were Sunday guests of Mr. and Mrs. H. C. White.

Mr. and Mrs. J. D. Hord visited Mr. and Mrs. H. B. Robbins Sunday.

Pvt. Henry King of Fort Sill,

Okla., visited his parents, Mr. and Mrs. Harry King, Sunday.

Mr. and Mrs. A. M. McGuire and children visited relatives in Syder Sunday.

Miss Dorothy Sue Foster of Tech visited her mother, Mrs. C. W. Dodson, over the week end.

Miss Lena Mae Samples visited Mr. and Mrs. Hansell Hallman over the week end.

Manuel Truelock, of Fresno, Calif., enlisted in the U. S. Navy Friday. He is the son of Mr. and Mrs. S. N. Truelock.

Miss Julia Johnson of Tech has been visiting her parents, Mr. and Mrs. Cliff Johnson, between the college sessions.

A son, weighing seven pounds, eleven ounces, was born to Mr. and Mrs. Royve Loveless, Saturday, May 31, at the Mercy Hospital in Slaton. He was named Linie LaRoyce.

Miss Glenda Grantham, who has been visiting her grandparents in Plainview, returned to her home last week.

Miss Margaret Evans of Lubbock is visiting her great grandmother, Mrs. Farrell, who is ill.

The Senior Class left on their trip Monday morning at five-thirty. They plan to visit Boulder Dam, the Grand Canyon, Los Angeles, Catalina Island, San Diego, El Paso and Juarez. They

were accompanied by: Supt. W. A. Smith; Class Sponsor, Miss Vernene Franks; Class mothers, Mrs. Bertha Noack and Mrs. Pickens, and Mr. and Mrs. Avan Bedford and daughter. They plan to be back June 14.

Mrs. John Harmonson and son, who have been visiting Rev. and Mrs. O. J. Harmonson, returned to their home in Olney Friday.

Rev. and Mrs. Hubert Foust and daughter, Nancy Ann, plan to attend the preachers' conference at Fort Worth this week.

Shirley and Bobby Bley are visiting their grandparents this week.

The Women's Missionary Society of the Baptist church honored Mrs. Walter McNabb with a handkerchief shower after the meeting Monday. Lemonade and cookies were served to Mesdames McNabb, Marvin Truelock, S. M. Truelock, A. F. Davies Virble Young, H. B. Robbins, Woodrow Locklear, Leslie Ellis, J. D. Hord, H. C. White, John Draper, S. N. Hendrix and Glenda, Elton and Calvin Truelock.

Miss Eva Truelock was in Lubbock Saturday.

Miss Betty Barkley is visiting her aunt, Mrs. Walter Kellam, and Mr. Kellam.

Mr. and Mrs. Cliff Johnson and Mrs. Holly White were in Lubbock Wednesday.

POSEY ITEMS

Mrs. S. N. Gentry, Correspondent

Mr. Dave Conner has his home almost surrounded by flowers and shrubs. He has almost any kind of flower you can mention and some very rare plants very seldom seen. Flower growing is Mr. Conner's hobby.

Mr. and Mrs. Woody Allen and baby, Jan, from Wolforth, spent Sunday with Mr. and Mrs. Joe Morrison. Doris Dell, another daughter, returned home with them, after spending a week with the Morrions.

Rev. and Mrs. A. C. Forbis of Lubbock spent Sunday with Mr. and Mrs. Nathan Johnson.

Mr. and Mrs. Marcus Burns and children of Denver City spent Sunday with Mr. and Mrs. J. H. Sloan.

Mr. and Mrs. N. R. Boyce and children of Slaton visited Mr. and Mrs. Will Burns and other relatives Sunday.

Mr. and Mrs. Sam Gentry had two very pleasant visitors for lunch Sunday, the editor and wife, Mr. and Mrs. A. M. Jackson from Slaton.

The Women's Society of Christian Service met with Mrs. M. P. Gentry Thursday for a regular meeting. Thirteen members and three visitors were present. The visitors were Mrs. Annie Hazlip, Mrs. Joe Schram from Cooper and Mrs. Everett Mangum.

Rev. A. C. Forbis discussed plans for a Bible school in connection with the revival which will be in July. A number of sick visits and trays were reported.

Rev. Forbis gave a lesson from the first two chapters of Matthew and will bring the third and fourth chapters at the next meeting. The hostess was presented with a number of nice gifts.

The next meeting is to be with Mrs. B. W. Patterson, June 12, at 3 p. m.

There was a large crowd at Sunday school Sunday. Rev. Forbis preached following Sunday school.

Mr. and Mrs. W. C. Arnold have moved to Plainview. Mr. Arnold has a job with a laundry there.

Mr. and Mrs. L. K. Hart and daughters visited her parents, Mr. and Mrs. J. I. Cranfill of Wilson, Sunday.

Mr. and Mrs. Rackler and children of Hackberry and Mr. and Mrs. E. Bramlett and children visited their parents, the Joplins, Sunday.

Sunday night, June 8, will be singing night at Posey. Visitors are always welcome.

The Senior and Intermediate League met together Sunday night to hear a talk by Rev. A. C. Forbis. He made a very interesting talk and give the Leaguers information on how to have good meetings and how to keep members interested. The Leaguers are urged to meet earlier than the usual hour next Sunday night, as it is to be singing night.

Mr. and Mrs. Willie Wilkie and baby spent the week end visiting her parents, the Taylors of Whiteface.

The Movie Reporter

This week's outstanding event to the Palace Theatre is to be the showing of Ginger Rogers's new picture, KITTY FOYLE, in which her performance won her the highest award that the motion picture industry can bestow upon

any actor or actress: The Award of the Academy of Motion Picture Arts and Sciences, familiarly known by Hollywood as an "Oscar".

An Oscar is the most coveted award made to any actor or actress any given year in Hollywood. It is given for the best performance, in the opinion of the Academy, of the year. The winner is selected from all players of Hollywood who form a very imposing array of talent and make it a very great accomplishment to win this keenly desired award in such competition.

Our hat is off to Ginger Rogers, who always wanted to be an actress recognized for her ability as an actress rather than recognized for her ability as a dancer. And she kept at her producers until they granted her the type of role she wanted and felt she could play. KITTY FOYLE is her proof to her producers and her host of fans, old and new, that she can stand on her own talent and didn't have to be content to be a co-star with Fred Astaire.

KITTY FOYLE is a "must see" picture on the list of all regular movie fans and if you see a picture only occasionally, you should make a point to see this thorough-

ly enjoyable picture. Most women have read the story of KITTY FOYLE and will want to avail themselves of this opportunity to see the picture.

Remember, it shows at the Palace Prevue Saturday Night and also Sunday and Monday.

BIBLE STUDY

The Tuesday Bible Study will meet at 3 p. m., at the Methodist church.

Lesson: What Think Ye of Christ? Whose Son is He? Jesus is the Christ, the Son of God.

The Witnesses that Jesus Christ

is the Son of God.

1. The Apostles.
2. The Evangelists.
3. John the Baptist.
4. Nathanael.
5. Martha.
6. The Roman Soldiers.
7. Saul of Tarsus.
8. The Eunuch.
9. The Legion.
10. The Unclean Spirit.
11. God the Father.
12. God the Son.
13. God the Holy Spirit.
14. What do you think of Christ?

MRS. S. S. FORREST, Teacher.

Where's the best place to choose your new car?

ON THE ROAD!

WELL MATCH the "showroom value" of the Ford with anyone... but if you want to know how great a car this is, take one out on the road!

TEST THE PERFORMANCE . . . IN ACTION. There never was another low price engine like this 90 horsepower Ford V-8. Take it out in traffic—then step out on the open road—challenge the toughest hills. Draw your own conclusions!

TEST THE RIDE . . . IN ACTION. Ride on the pavement, then ride the roughest road you know. You'll find the new Ford ride is the kind of ride you like. Smooth where the going's good. Soft and steady over the bumps.

TEST THE ROOM . . . IN ACTION. Measurements show

this Ford greatest in its whole field in actual passenger space. A ride will show what this means. Bigness counts and here it is!

TEST THE VALUE . . . IN ACTION. Stop with the biggest hydraulic brakes anywhere near the price. Rest your toe on the pedal of a fine-car type of semi-centrifugal clutch. Flick through the gears with the easy, silent kind of finger-tip shift that high-priced cars use.

90 HORSEPOWER —V-8 SMOOTHNESS

FORD HAS THE QUALITY FEATURES:
V-8 POWER—90 smooth horsepower. There never was a low price engine like this before.

NEW BEAUTY—When you look at the smooth flowing lines you see one of the few cars with really up-to-date styling this year.

A NEW RESTFUL RIDE—On the new Ford "Slow Motion Springs." A soft, quiet ride wholly new this year.

EXTRA VALUE—New case of control with positive mechanical, fine-car type shift—extra-big hydraulic brakes—and the famous Ford semi-centrifugal clutch.

Society - Clubs

SLATON O. E. S. CHAPTER HAS PUBLIC INSTALLATION SAT.

Public installation of new officers of the Slaton chapter of the Order of the Eastern Star was held Saturday night at the Slaton club house.

Mrs. Clarice Layne, incoming matron, was presented a large bouquet of flowers, and each star point member presented her a flower of her color, forming a corsage. A program honoring Mrs. Layne was given.

Mr. and Mrs. C. C. Young were awarded past patron and past matron pins.

Other elected officers installed were: Worthy patron, C. C. Young; associate matron, Mrs. Mattie Lee Scroggins; associate patron, W. P. Layne; secretary, Mrs. Vertner Merrell; treasurer, Mrs. Fannie Teague; conductress, Mrs. Hattie Scott, and assistant conductress, Mrs. Mabel Crews.

Officers appointed by the Worthy Matron were chaplain, Mrs. Letha Arthur; marshal, Miss Myrtle Teague; organist, Miss Nan Tudor; Ada, Mrs. Temple Gattis; Ruth, Mrs. Julia Mae Burton; Esther, Mrs. Ethel Lee McCall; Martha, Mrs. Edith Lovett; Electra, Mrs. Lessie Castleberry; warder, Mrs. Bertie Culver; flag bearers, Mrs. Myrtis Hanna and Mrs. Vera Bailey.

Mrs. Lillian Butler played piano selections during the exercises.

Mrs. Garland Is Hostess To Club

The Bluebonnet club met last Wednesday in the home of Mrs. L. T. Garland, with the president, Mrs. C. C. Cramer, presiding. Twelve members answered roll call.

Mrs. Howard Woods was welcomed back to the club after a lengthy absence. At the close of the short business session, a social hour was enjoyed by the group.

Refreshments were served at the close of the meeting by the hostesses to the following members: Mesdames F. A. Drewry, Carl Evans, H. V. Jarman, Woods, H. S. Crews, C. C. Cramer, Fred Tudor, George Culwell, Wallace King, W. P. Shelton and Dan Liles. The club will meet June 11 at the home of Mrs. Jarman.

Young Ladies Attend Series Of Parties

Miss Donna Sanner was honored on her birthday by her mother, Mrs. R. C. Sanner, with a theatre party last Thursday afternoon.

Young ladies attending were: Misses Wilda Ruth Hanna, Betty Lou Turner, Connie Henry, Corinne Cates, Virginia Louise Garland, Mariam Gordon, Maxine McMillan, Phyllis McReynolds, Mary Frances Landreth, Juanita Elliott, Frances Crowther, Jimmy Jean Guinn and the hostess.

The group attended church in the evening and later attended a slumber party at the home of Miss Guinn. A breakfast was given the next morning at the Palace of Eats cafe.

Alathean Class Has Luncheon Tuesday

The Alathean Sunday school class of the Baptist church attended a 12 o'clock luncheon at the Slaton clubhouse Tuesday. Mrs. Fred Stevens gave the devotional. Viola Martin and Bryan Sartain played piano and violin selections.

Those present were Mesdames: J. D. Loring, Evel Pohl, Carl Sartain, C. R. Bain, Bert Thornton, C. D. Young, C. B. Tefertiller, Jess Burton, L. M. Conner, A. E. Clack, W. C. Gattis, Fred Walters, Curtis Dowell, W. H. Edwards, Fred Stevens, Melvin Abernathy, C. B. Martin, Kirkland, J. S. Vaughn and Vilas Tudor.

The class will have a picnic Monday, July 1.

MEETING PLACE CHANGED
Mrs. McClintock's Circle of the Methodist W. S. C. S. is to meet with Mrs. M. A. Pember instead of Mrs. Gus Robertson, as was formerly announced.

Mr. and Mrs. W. H. Vermillion and son, W. H., moved Tuesday to Plainview. Mr. Vermillion is an engineer for the Santa Fe.

Homemaking Course In Progress

The 35 girls who are enrolled in the Summer Home Project Course in Homemaking are doing many interesting things for their projects. Several girls are remodeling their rooms by making curtains, bedspreads, dressing tables and scarfs. Two girls are refinishing chairs by removing varnish or paint from the wood part and reupholstering the padded part. Ten yards are to be improved by ten different girls. Approximately 77 articles of clothing are to be made and already a large percent of this has been made during the two weeks that the summer course has been in progress. Sixteen girls have taken planning, preparing and serving meals as part of their project. Household linens are being made by six girls.

The summer project work is a part of the regular Homemaking course and usually about one-third of the girls enrolled in Homemaking during the year, elect to take the summer course. During the summer, girls may carry out larger projects than it is possible to carry on during the term, because of limited time.

Much worthwhile work is accomplished and it is an excellent way for the girls to spend vacation time which otherwise might be wasted. In addition to the individual projects which each girl carries on, there are general group meetings at which they receive instructions. The entire group is divided into six smaller groups which work together on some improvement project for the Home-making Department. There is also a short recreational program each week, which is planned by various small groups.

Loyal Workers To Have Hobby Tea

Mrs. Joe Johnson, assisted by Mrs. Buck Johnson, entertained members of the Loyal Workers Sunday school class of the Methodist church at her home Thursday afternoon.

Mrs. C. L. Suit gave the devotional, and Mrs. C. A. Porter led in prayer. A musical program was given by the Johnson sisters.

A picnic for husbands of members of the class was planned for June 12 at the Forrest Ranch at 7 p. m. Plans for a Hobby Tea were completed. The affair will be held today, between the hours of 3 and 6 p. m. Admission will be 10c and proceeds will go for light fixtures.

Ice cream and angel cake were served to those present.

Quilters Meet In Scott Home Tuesday

Mrs. J. W. Scott was hostess to the Jolly Quilting club Tuesday. A covered dish luncheon was served at noon.

The club has quilted a total of 68 quilts during the past 15 months, the majority of which were for members. Guests were Mrs. Pat Whalen and Mrs. J. B. Stallings.

Members present were Mesdames Ben Mansker, H. H. Edmondson, E. E. Wilson, P. M. Wheatley, Emma Wallace, W. P. Shelton, J. W. Ward, R. C. Sanner, Jack Cooper and Johnnie Collins.

The group will meet Tuesday, June 10, in the home of Mrs. J. W. Ward.

Birthday Dinner Is Held In Cherry Home

Miss Jean Bechtel and Bill Cherry were guests of honor at a birthday dinner given for them by Mrs. W. T. Cherry at her home Friday night.

Place cards were original verses illustrating the character of each guest. A three course dinner was served to:

Misses Jo Ann Stokes, Glynn Williams, Mary Ann Wilson, Gwendolyn Hanna, Bechtel; Messrs. Fred Splawn, Bill Guinn, Billy Ray Waldrep, Leon McReynolds and Cherry.

Games were played on the lawn following the meal.

Club Has Summer Meeting Monday

The June meeting of the Daughters of the Pioneer Study club was held in the J. H. Teague home Monday night, with Miss Myrtle Teague as hostess. Thirteen members were present.

Plans were made for a supper honoring the fathers of club members on Father's day. The group will meet Sunday, June 15, at the Slaton club house at 6 p. m. The July meeting will be in the home of Mrs. Odie Hood.

Miss Barbara Dean Gives Weiner Roast

Miss Barbara Dean entertained with a weiner roast Friday night on the back lawn of the Dean residence. Miss Jean Baggett of Brownfield was guest of honor. Guests were Misses Baggett, Dixie Foster, Verna Wilson and Messrs. Max Wyatt, James Campbell, Ed Austin and Wallace Sanders.

Open House Is To Honor Octogenarian

An open house honoring "Uncle" George Marriott on his eightieth birthday will be held Monday night, June 9, at the Slaton club house, from 7 until 10 o'clock. Friends are sponsoring the occasion.

A program will be given between 8:30 and 9 o'clock. Those interested in arrangements are asked to please call 450W or 478.

Personals

Mrs. Sidney Anderson and son Bobby of Winters are visiting Mrs. Anderson's mother, Mrs. J. W. Henry.

Miss Marion Frances Ferguson, who has been attending Baylor, returned home Sunday.

Little Nita Carolyn Sanders of Tahoka has been a guest in the home of her grandparents, Mr. and Mrs. Jim Rucker.

Mrs. R. W. Scott has been ill at her home during the past week.

Jack Edwards of Seagraves is visiting his grandparents, Mr. and Mrs. J. S. Edwards.

Mr. and Mrs. J. H. Morgan and children were recent visitors in Lamesa and Big Spring.

Carl Brown of San Angelo visited his brother, Guy Brown, during the past week.

Mrs. W. T. Cherry returned Thursday from Hutchinson, Kansas, where she spent the week end with her sister.

Dorothy Sue McKelvey of Lubbock is visiting her aunt, Mrs. C. L. Suit and family.

Mr. and Mrs. J. W. Fralin of Dallas are visiting in the home of Mr. and Mrs. C. F. Anderson. Miss Arlene Gant, niece of the Andersons, returned to Slaton Thursday following the closing of Texas Tech.

Mrs. J. R. Holland of Brady arrived Saturday night for a visit in the home of Mr. and Mrs. A. E. Whitehead.

Maurice Middleton returned to Slaton Wednesday from Kerrville where he has been attending Shriner Institute.

Mrs. H. W. Stotts and son, Bobby, were visitors to Lawton, Oklahoma last week. They visited James Stotts.

Mr. and Mrs. C. S. Simmons are moving to Sundown.

Mrs. W. L. Scales of Lubbock was a guest in the home of Mr. and Mrs. R. T. Williams Thursday and Friday of last week.

Joe Teague III, who has been attending Texas University in Austin returned to Slaton Saturday for the summer vacation.

Mrs. Guy Brown visited her son, Jack, student at S. M. U. in Dallas this week. Her grandson, Guy Forrest Hubbard accompanied her.

Mr. and Mrs. Pete Hill spent Sunday in Brownfield with Mrs. Hill's mother, Mrs. R. A. Goodpasture.

The three Joe Teagues, Joe Sr., Joe Jr., and Joe III, are fishing in the San Saba river near Fort McKavitt.

Miss Betty Lou Lane, granddaughter of Mr. and Mrs. W. P. Florence, and who has been attending school here, is to make a

tour of the northwestern states with Mr. and Mrs. H. E. Wollard. Miss Billy Lane, another granddaughter, left for Mineral Wells to spend the summer with her parents.

James Florence, of March Field, California, has been appointed head of a platoon, a group of 50 men, of the Army.

Gunter Garland of Belen, New Mexico visited his parents, Mr. and Mrs. L. T. Garland, during the week end.

Mr. and Mrs. J. R. Thompson, Miss Mary Lee, and Jack left Tuesday for a two week's vacation in Charleston, South Carolina, Dalton, Georgia, and Chattanooga, Tennessee.

Miss Catherine Mullins of Lubbock visited Miss Patsy Ayers Monday.

Mr. and Mrs. J. T. Hancock and daughter of Sundown visited their daughter, Mrs. Levi Self, during the week end.

Mr. and Mrs. Guy Gunter of El Paso visited Mr. Gunter's brother, Otis Gunter, and his sister, Mrs. L. T. Garland, Sunday.

Mr. and Mrs. D. J. Neill, formerly of Amarillo, have moved to Slaton. Mr. Neill is chief clerk to the master mechanic of the local Santa Fe shops. Mrs. Neill has been teaching in Amarillo High school.

J. N. Colston has been ill at his home with the flu.

Miss Maxine Westley of Lubbock visited Miss Wanda Lou At-nip Sunday.

Mr. and Mrs. Cecil Greer and children of Fort Worth spent Sunday with Mr. Greer's mother, Mrs. Mable Greer.

Mr. and Mrs. James Merrell of Fort Worth were guests of Mr. Merrell's mother, Mrs. Vertner Merrell, during the week end.

Dave Gerron has been ill with the flu.

Mr. and Mrs. W. R. Lovett have been vacationing in Missouri.

Mrs. Ed Shoppell of Berkeley, California is visiting old friends in Slaton. She is a former resident of Slaton.

Mrs. Warren Henry returned this week from a visit in Sterling City.

Messrs. Billie, Phillip and Glyndon Dawson, sons of Mr. and Mrs. W. H. Dawson, left Wednesday for San Angelo, where they will visit with their grandmother, Mrs. Nichol, and their uncle, Phil Nichol, and family. They also expect to do a little fishing while away.

Odus Sims, Mrs. O. V. Sims and daughter, Elizabeth, visited in Corpus Christi during the week end.

Mrs. H. R. McKee and daughter, Miss Betty McKee, returned this week from a vacation in Los Angeles and San Francisco, Calif. They returned by the way of Albuquerque, New Mexico, where they attended the Commencement exercises of the University of New Mexico in which their son and brother, Bob, took part.

Mr. and Mrs. Carl Meriwether spent Sunday in Lockney.

Misses Corinne Cates and Phyllis McReynolds left Saturday for Roswell, New Mexico where they will attend the Commencement and spring exhibitions of New Mexico Military Institute. They returned Wednesday. The young ladies accompanied Mr. and Mrs. C. H. Porter and Mr. and Mrs. Hawse of Post.

Mrs. Walter Edwards and two children and Mrs. S. T. Phillips and two children, Sammy and Anna Doris, visited in Waco last week-end.

Mrs. C. T. Scroggins and children have been visitors in Albuquerque, New Mexico, recently.

SOUTH PLAINS BUSINESS AND INDUSTRIAL GUIDE

Local Laundry Is Very Dependable

Dependability is a characteristic that is proving a great help in the business of the Slaton Steam Laundry and Dry Cleaners.

This firm offers the dependability that is so important to a housewife, for her work is usually scheduled and if the clothes

she is expecting to be delivered at a certain time are not there, she is at a great disadvantage. That's why Slaton housewives patronize the Slaton Steam Laundry.

This laundry also can be depended upon to give careful attention to the care of the clothes, and material and equipment used by them in their process of cleaning are of the best and will not damage the durability of the garments.

Other Slaton women have learned to depend on the Slaton Steam Laundry, why don't you?

Bicycle Shop Repairs Many Things

"Anything made from metal," defines the type of repairs done by the Lubbock Bicycle shop, located at 911 Thirteenth street in Lubbock.

This complete repair shop offers service to Slaton people with objects in need of fixing. Bicycles may be repaired while you wait, and as you pass through, you may leave your lawn mower to be serviced.

For 15 years this shop has been operating in Lubbock. All employees are factory trained, and no apprentices are gaining experience in this efficient place of business.

If you have a welding job to be done, a gun that needs repairing or a radio, sewing machine, umbrella, scissors, refrigerator, fan, or something else, by all means take it by the Lubbock Bicycle shop when in Lubbock, if you want quick, efficient service.

HARLEY SADLER
HARLEY SADLER AND HIS OWN COMPANY TO APPEAR HERE

Harley Sadler and his all new stage show will appear in Slaton for two nights only June 6, 7. They are being sponsored by the local Volunteer Fire Department. Mr. Sadler this year promises one of the biggest and finest attractions ever brought to Slaton. Besides outstanding plays a marvelous orchestra is carried and vaudeville features that consist of many radio, stage, and recording stars. One of the big features will be the musical comedy presentations, which will be given preceding the play and in addition to the regular line of vaudeville that you have always witnessed with the Sadler company.

If you really enjoy a good stage show, Mr. Sadler urges that you not miss a performance this year. The big tent theatre is waterproof, and will be comfortable in all kinds of weather. Popular prices will again prevail. Children 10 cents and adults 20c.

Customers Should Visit Johns Dairy

Milk is one of the main foods, both for children and adults, recommended by prominent physicians today. Although it is known to contain the highest food value, it is also known that unless proper handling methods are used, it can be a deadly disease carrier. Therefore great caution should be used in the selection of the dairy to supply your milk needs.

Johns Jersey Dairy is one of the most modern dairies on the South Plains today. Equipped with the latest devices for sanitary milk-handling, this dairy is prepared to give you the best possible service in producing pure milk for your consumption. It pays in the long-run to investigate your dairy. Mr. Johns, proprietor of this up-to-date dairy, invites his customers and friends to inspect at any time his dairy methods.

RICH ICE CREAM
1 1/2 cups of milk 1 cup whipping cream
1/2 cup sugar 1 teaspoon vanilla
2 eggs Dash of salt
Beat egg yolks until light and lemon colored. Add sugar and continue beating. When sugar and egg yolks are thoroughly mixed, add milk and salt, and beat until all ingredients are well blended. Whip cream and add with beating to above ingredients. Set control to coldest and freeze for 40 minutes, or until mixture is firm. Remove to a chilled bowl, add the stiffly beaten egg whites and beat until smooth. Return to freezing compartment for 20-25 minutes, or until frozen. Serves 6 to 8.

Texas-New Mexico Utilities Company

the ROAD AHEAD

Old Man Texas is today looking ahead and planning.

Beside the great farming and ranching country which Texans have built, he sees a new industrial empire here.

Already the start has been made. Some industries, such as petroleum, are now showing what can be done to utilize Texas' vast natural resources. Today this industry refines with Texas labor over four-fifths as much oil as the State produces. Its

products make up nearly one-half of all Texas manufacturing. Altogether petroleum provides the living for almost one-sixth of our people.

But this is only a beginning.

Texas has many other raw materials, unexcelled by any other State. Texas has in oil and gas the cheap and dependable fuel supply essential to industry. Texas is the gateway to Latin America, our new foreign market.

Each new industry means more jobs. It makes added tax values for our State and local governments, bigger payrolls for our workers, and greater prosperity for you and every other Texan.

YOU CAN'T STOP A TORNADO

You can prevent fires by being careful; you can fight them after they are started. However, no amount of prevention will prevent a TORNADO or WINDSTORM; nor can either be stopped once it has started. TORNADOES and WINDSTORMS come at all seasons of the year and in all parts of the country. Your only defense is INSURANCE to pay for the DAMAGE they cause, to your property. TORNADOES and WINDSTORM INSURANCE is one of the cheapest, yet one of the necessary, forms of INSURANCE for home owners, merchants — in fact, anyone who owns property. Buy your TORNADO and WINDSTORM INSURANCE NOW before the storm hits and destroys your property. A lot of protection costs very little. Be sure and get THE BEST by placing it with J. H. BREWER E. R.

Our Weekly Sermon—

The Road to Heaven
 By Rev. Kenneth S. Wuest, Member of Faculty Moody Bible Institute, Chicago.

Text: "I am the way, the truth, and the life."—John 14:6

In Romans 3:23 we read, "All have sinned, and come short of the glory of God." The Greek word here translated "sis" means literally "to miss the mark." We are all sinners and therefore have missed the road that leads to heaven. We are a lost race. Unless we find the road, and put ourselves on that road, we will never reach heaven.

Jesus said, "I am the way." The word "way" is the translation of a word which means "a road." We sometimes speak of a road as "a way." Jesus Himself is the road that leads to heaven.

But in what way is Jesus the road to heaven? Hebrews 10:19, 20 makes it clear that He is the road, but as a Savior who died on Calvary's cross and paid for sin not as a teacher, or as an example, by His precious blood. For the Word there reads, "Having therefore, brethren, boldness to enter into the holiest by the blood of Jesus, by a new and living way,

which he hath consecrated for us his flesh." The word "way" here through the veil, that is to say is again the Greek word for "road." The word "new" is literally "freshly slain." Paul here is speaking of the high priest's path into the holy of holies in the tabernacle of Israel, sprinkled with the blood of sacrificial animals. He is saying that the road into the presence of God, of which that one was a type, is the road to heaven sprinkled with the precious blood of the Lamb of God, the Lord Jesus.

Are you on that road? Have you definitely seen yourself as God's Word sees you, a sinner who has missed the road? And have you put yourself on that road by placing your heart faith in the Lord Jesus as your personal Saviour? He shed His blood for you; He died in your place, and took your guilt and penalty.

Can you sing from your heart? "What can wash away my sin? Nothing but the blood of Jesus. What can make me whole again? Nothing but the blood of Jesus. Oh, precious is the flow That makes me white as snow; No other fount I know, Nothing but the blood of Jesus." If you cannot now say this, will you not put yourself on that road today?

HACKBERRY NEWS

By Alta Clements

Mrs. Martin Edmunds's mother, who has been visiting her for some time, has returned to her home in Nebraska.

Miss Maurine Lester of Lubbock spent Friday night with her parents, Mr. and Mrs. W. P. Lester.

J. H. TEAGUE
 Mayor of Slaton

6 CARS DIED IN OVERHEATED DEATH VALLEY TO PROVE THAT YOURS CAN LIVE LONG

New Oil a Life-Giver. 5-quart fill—None Added—Lasted all of 13,398 Miles....

more than Twice the mileage averaged by 5 other big-name oils in fiendish Destruction Test... Impartial... CERTIFIED

THIRST killed gold-feverish Forty-Niners in Death Valley. You can stand there today on our Hemisphere's bottom, 279 feet below sea level. And some of the worst heat on U. S. Weather Bureau records will be drying you up.

... America's hotspot... where 6 identical everyday cars scorched along, testing 6 different motor oils, till 6 new engines were junk. Every condition was the same for all. Qualified authorities eyed every move. Speed: 57 miles an hour for all. The Referee had bought 5 of the oils right off the market; millions know their names well. The other oil was decidedly new. And this new oil that authentically delivered more than twice the mileage averaged by the others is named

CONOCO Nth MOTOR OIL

-Now on Sale here for Your Car
 How could one fill of this popular-priced Conoco Nth oil keep lasting—without one added drop—for an official total of 13,398 miles? How could Conoco Nth oil outlast them all by 5,683 miles or more, even outlasting one "rival" by 8,268 miles!... Certified.

New Synthetic in Conoco Nth

You know of vitamin synthetics... man-made... replacing Nature's life-givers sacrificed in some modern food processing. Similarly, the latest refining methods steal life-giving elements from motor oils. But more than making up for that today—in popular-

priced Conoco Nth oil—is Thialbene inhibitor... man-made. (Conoco Patent 2,218,132.) It inhibits or checks the effect of foul leftovers created by the normal engine explosions. Thus Conoco Nth stays more like its own good self... helps the engine keep fit—good way to save quarts.

A triumph matching famed CONOCO OIL-PLATING

Another wondrous synthetic—long in use under the famed Germ Processed oil patent—still makes Nth oil give your engine OIL-PLATING... lubricant that can't all quickly drain down from inner parts. Instead, it's able to stay plated up... on guard against wear in advance, while you are using Conoco Nth oil. In addition you get the life-giving aid that foiled Death Valley... that eclipsed other oils tested... that made one 5-quart fill of new Conoco Nth last 13,398 miles. Certified.

That's like a mad extreme—beyond the utmost allowed by authorities on the

subject. You'd never make your own car stand such proving-ground torture. But you want as wide a margin of engine protection and oil economy as your money will buy this Summer, and Conoco Nth has nailed up plain evidence. Ask today for Conoco Nth at Your Mileage Merchant's Conoco station. Continental Oil Company—Pioneers in Bettering America's oil with Synthetics

CERTIFIED: I hereby certify that the Death Valley Test and related work were thoroughly and fairly conducted. Engine Destruction occurred in each case at the mileage stated.
 H. M. Jacklin
 Consulting Engineer, who during Academic year is Professor of Automotive Engineering, Purdue University

IMPARTIAL The 6 new cars were broken-in alike, after engines had been taken apart for the Referee, to check uniformity. All cars tuned alike. Same desert route for all. Handling evened up by alternating drivers. One 5-quart fill per car and no more... engines under lock.

Good Drivers League Finals To Be July 1

Texas state finals for contestants in the 1941 Ford Good Drivers League will be held July 1, at Austin, it was announced today from Dearborn, Mich., national headquarters of the League.

Selection of sites for state finals was revealed as thousands of boys and girls enrolled in the Good Drivers League throughout the nation hurried to complete the required written tests and road tests on automobile safety.

League officials said that these tests must be completed and results mailed to the League national headquarters at Dearborn before midnight, June 2.

Boys and girls competing in the good driving contests are shooting at high stakes. Winners in the

national contest will be awarded 98 university scholarships amounting to a total of \$28,000 by Edsel Ford, president of the League.

From the results of tests submitted by each League member, judges will select 12 leading girl contestants and 12 leading boy contestants in each state and the District of Columbia to compete in state finals. Separate contests are held for boys and girls.

The boy and girl champions from each of the 48 states and the District of Columbia, together with sponsors of their own choice, will receive free trips to Dearborn in August for the national finals.

A \$5,000 university scholarship will be awarded in national competition to the best girl driver and another \$5,000 scholarship to the best boy driver. Ninety-six other scholarships will go to fin-

alists. Runners-up in both the boy and girl divisions each will receive \$2,000 scholarships.

Final Date Set In Cotton Program

June 14 is the last day on which Texas cotton farmers planning to earn cotton order stamps can sign their intention-to-participate forms. B. F. Vance, state AAA administrative officer in charge, points out that producers failing to sign will not be eligible to earn cotton stamps or to earn food production and storage payments under the AAA program, he said.

The supplementary cotton program, designed to encourage voluntary reduction in the acreage planted to cotton in 1941 by payment of cotton stamps to farms on which such reduction is made. The stamps can be exchanged for finished cotton goods. Under the supplementary program, farmers on those farms qualifying for cotton stamps, can each earn an additional \$3 payment for meeting specified food production and storage practices.

Clinic Report

The Loveless-Groshart clinic reports: Tonsillectomies—May 30, Calvin, son of Mr. and Mrs. W. C. Cook Jr., of Lubbock.

May 30, Mrs. J. W. Fralin, Dallas, Texas.

Births—May 30, a daughter, Katherine Ann, to Mr. and Mrs. Wayne K. Smith, Slaton.

May 31, a son, Lonnie Laroyce, to Mr. and Mrs. Royce Loveless, Post, route 1.

HOOD SPEAKS TO ROTARY

Odie Hood entertained the Rotary yesterday with a discussion on the Fourth Object of Rotary. He also read the letter from Charles F. Moore, president of the Rotary club of Sidney, Australia.

J. I. Drewry is on the sick list this week.

Mrs. H. T. Shelby and daughter, Marita, are vacationing in Chicago.

Mr. and Mrs. Silas Wilson and Mary Ann left Saturday for Austin where they will attend the graduation exercises of Texas University in which their daughter, Janet, will participate. Miss Wilson will return to Slaton with them.

Mrs. Carl Stewart, deputy Grand Matron of district 2, accompanied by Mrs. Margaret Bradshaw, assisted in the installation services of the Seagraves chapter of the Eastern Star Saturday.

Texas petroleum production makes up 93 per cent of the value of all mineral production in Texas. Half of the cost of producing Texas oil is paid to Texas workers in wages and salaries.

Texas oilmen found over 100 new producing horizons in old Texas oil fields last year.

Texas has produced more than 27 per cent of all the oil produced in the entire United States to date.

One out of every three-and-one-half wells drilled by Texas oilmen to date has been dry.

Nearly 200,000 oil and gas wells have been drilled in Texas to date. All but three of Texas' 254 counties now have oil or gas production or exploration.

Freed

Princess Stephanie Hohenlohe, who had been held for deportation in San Francisco, with Maj. L. B. Schofield, U. S. immigration service head, who announced her release.

Lee Tudor Attends Old School Reunion

Lee Tudor returned this week from an annual celebration that was held at a small community known as Springtown, which is 25 miles northwest of Fort Worth.

The celebration was the annual get-together of former students of the Fronebarger school house and this was the fifteenth anniversary of the establishment of the school.

There were over five hundred in attendance at the meeting that is held the first Sunday of June each year.

Professor Fronebarger was the first teacher of the school and during his lifetime, was a well-

known educator in Texas. He died about one year ago at Canyon, Texas.

There are many well known men who have at one time or another attended this school at Springtown, says Lee. "Alfalfa Bill Murray attended the Fronebarger school at the same time I did," said Mr. Tudor, "but understand I am not bragging about that."

"This is a big undertaking for a community as small as Springtown but they put on a real party."

Mr. and Mrs. W. T. Slaughter of Hilton visited their daughter, Mrs. J. W. Ward, Sunday. J. B. Ward of the Air corps in San Angelo, was also a guest in the Ward home.
