## Stores Will Close Friday; B. C. D. To Start Campaign

### Stores Close All Day Friday

Mrs. Lee Green, manager of the Retail Credit Association, reports that all stores in Slaton will be closed all day Friday, July 4th, as per agreement and as is customary each year.

There are four holidays of the year that the stores observe in this way, Christmas, Thanksgiving, 4th of July and Labor Day.

Practically all classifications of stores have agreed to close and purchases for all needs should be made Thursday.

### Sledge Has Plan To Help Defense

G. L. Sledge, made the suggestion this week that if the United States Government could use reclaimed Aluminum, that thousands of pounds of the metal could be collected over the country and donated to the cause of defense. Many individuals now have many articles of aluminum that are not in use or have become useless for one reason or another and would be glad to give them to the cause.

According to reports this plan was carried out in England with great success and would prove even more successful in this country where a large amount of scrap aluminum could be collected.

The problem that is troubling Mr. Sledge is just how the metal could be delivered to the proper Government department or departments if it is needed. Any information on whether this plan could be carried through or where the metal could be delivered would be appreciated by Mr. Sledge.

### Markers Available For Confederates

"An appropriate government marker may be had for any unmarked or poorly marked grave of a Confederate soldier upon application properly executed. R. E. Sparkman, Italy, Texas, who has these markers for all parts of the State and who is now doing some work in Lubbock County, will be glad to assist anyone who may be interested. These markers are provided without cost, the freight being paid to the railroad depot nearest the cemetery. In writing Mr. Sparkman, give the soldier's full name, the state from which he enlisted, date of his death, if he or his widow received the Confederate pension and, if possible, the Company and regiment to which he belonged; also to whom the marker should be shipped, name of cemetery, railroad depot and postoffice address. If the grave is not in Lubbock County, the marker may be delivered to any point in the country.

"The markers are of two designs, an upright headstone of white Southern marble and the flat marker of marble, pink granite or bronze. The applicant may select the one most desired."

### Football Preview To Be August 25

PLAINVIEW, (Special).—West Texas football fans will have a preview of the popular fall sport August 29, when picked teams from Class A and Class B high schools will perform as the closing event of the annual Plains Coaching School which opens here August 25.

Among the athletes who have already accepted an invitation to perform here is Earl Blasingame of Slaton, who is listed as an end on the West squad.

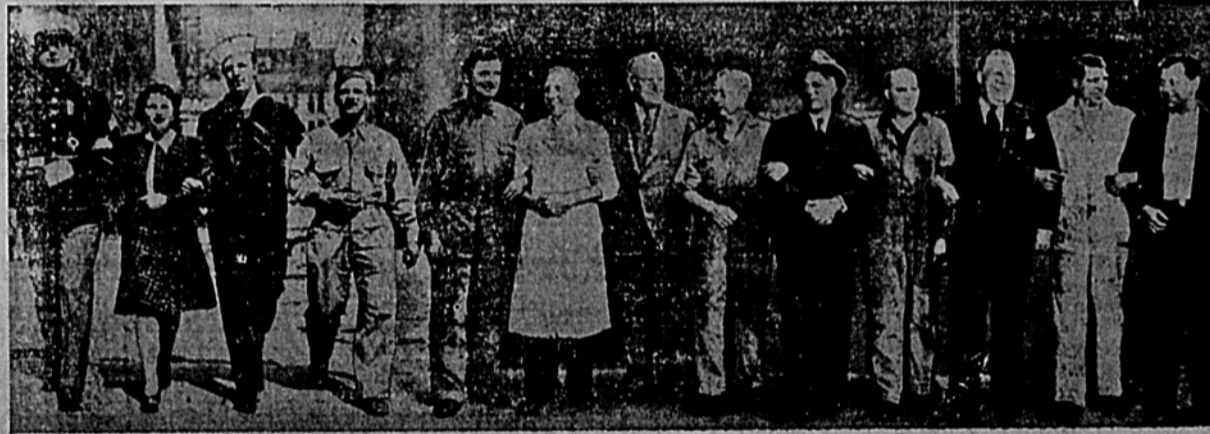

From town over a wide West Texas territory, football stars who are winding up their high school careers are being invited to participate in the All-Star classic which will bring the school to a fitting culmination.

Mrs. Warren Henry visited her sister, Mrs. Ray Darwin, of Oklahoma City recently. She left Wednesday and was to return the first of the week.

## Defense On Main Street

Main Street defends democracy in more ways than one. Training the "new citizen" (right) who takes oath of allegiance to free America. Forming study groups like high school students (extreme right) who are discussing "Democracy and its Competitors". Cooperating in community activities like citizens from every walk of life (below) who link arms to safeguard the free way of living in their town and in their country.

### Ayers Buys Control Of Plains Grain

An important change in one of the largest business institutions on the South Plains was announced this week by Ray Ayers who has bought the stock of Sam Staggs and Lee Tudor in The Plains Grain and Heads Handling Co.

Messrs. Ayers, Staggs and Tudor have been associated in this business for over thirteen years and from a small plant have developed it into one of the largest concerns of its kind in the Southwest.

There will be no changes made in any of the policies of the firm, said Mr. Ayers. Mr. Staggs, who has extensive farming interests, will devote his time to the development of his three farms after a vacation spent in the East.

The Plains Grain and Heads Handling Co. is the wholesale distributor for this territory for Red Chain Feeds and Products for Poultry and Stock and also manufactures cubes for stock feed, as well as many other products from head grain.

M. Ayers expects to follow the

### New Shop Open

Leo Henzley, who formerly operated Henzley's Grocery and Auto Repair Shop at 930 South 9th street, has moved his equipment to a new location in the Robertson building on Texas Avenue.

Mr. Henzley is particularly experienced in tractor work, as well as in all kinds of auto repair work and in repair work on all kinds of farm machinery. The name of the new business is Leo's Farmall Shop.

"We are very much pleased with the reception of our new business and feel that we will be of much help, not only to motorists but to the farmers as well. We will be glad to advise farmers on the care of farm machinery at any time. Just come in and let's talk things over."

Peaches should be thinned to a spacing of six inches apart on the tree if they are to have an opportunity to grow large and juicy.

same policies laid down when the business was organized and to expand with the growth and progress of the South Plains.

## SLATON GETS \$10,399 ALLOTMENT FOR LUNCH ROOMS FOR YEAR

Information has been received by Mrs. Carter Shaw, local Supervisor of the W. P. A. Lunch room for the Slaton Schools, that \$10,399.00 has been allotted to this district for the Lunch Room Project for the coming year.

This amount was secured only on condition that 5 acres of garden plot be cultivated according to W. P. A. specifications with W. P. A. labor.

The acreage was secured through the help of John Hannah and the lease for the property was signed by the school board. The plot is located near the Santa Fe Golf Course and is owned by Felix Boldin.

The project is to provide canned vegetables for the school lunch rooms. A number of summer vegetables have been planted and are now growing. Others will be planted in the fall.

Much credit for securing this project for Slaton is due Mr. and Mrs. W. T. Cherry, Joe E. Webb, John Hannah, Mrs. Billy McIlroy, Mrs. Dick Adkins, Mrs. Irby Smith, Mrs. Henry Jarman, Odie Hood and the Boy Scouts.

The first picking of beans out of the plot was June 30 and provided 54 quarts. The goal for the project is 35 cans of food per child eating in the lunch room.

As the jars and supplies used on the project are to be supplied by the school itself those in charge of securing this assistance for the school children are asking all those who have glass jars that can be used for canning purposes to call Odie Hood, Mrs. W. T. Cherry or Mrs. Dick Adkins or bring to the West Ward School.

A report of the Slaton School Room Lunch Project, from its activities for the 1940-41 year, is as follows:

Food purchased from Slaton merchants .....\$1,190.66  
Food purchased outside of Slaton, NONE.  
Food furnished by Surplus Marketing Adm. .... 709.17

Total value of FOOD served in lunch rooms .....\$1,899.83  
Total number of meals

served in lunch rooms ...35,636  
Average per meal cost of food to Slaton .....\$0.0334 plus (35,636 meals, for \$1190.66 spent for food)  
Average per meal value of food from S. M. A. \$0.0199 plus (35,636 meals—donated by S. M. A. \$709.17  
Total Average Per Meal Value of Food Served .....\$0.0533 plus  
Total value of FOOD served in lunch rooms ....\$1,899.83  
Wages paid by WPA to 14 workers in lunch rooms 4,060.00

Value of 35,636 meals served .....\$5,959.83  
Average per meal value \$0.167 plus 2-3 of the 35,636 meals served, were to children without charge; 1-3 were to children who paid 10c per meal.

### High School Grads To Become Fliers

High school graduates who are ambitious to become pilots in the Regular Army Air Corps now have the opportunity. Even if their educational qualifications will not permit them to become commissioned officers, they still may fly Army airplanes and may look forward to careers as pilots.

All they need to do is to enlist in the Army Air Corps and this course of training will be open to them after July 1st, 1941, as soon as administrative details can be arranged. They will be taught to fly and they will be paid while learning. After they have qualified as pilots their futures as Regular Army pilots are assured.

All this is made possible by a bill which has just passed Congress and which has been signed by the President. It authorizes the Secretary of War to detail men for training and instruction as aviation students, in their respective grades.

All qualified young men who are interested should apply to the nearest Army recruiting station—Let's Go America, Keep 'Em Flying.

## COMMITTEE WORKS ON PLANS TO MAKE BUSINESS BETTER HERE

### Slaton Rodeo Breaks Even

The Second Slaton Rodeo Celebration which ended last Saturday night was attended by good crowds at all engagements although none were attended as well as the Rodeo Association had hoped they would be.

The stock that was used was in excellent condition, all of the horses gave the riders plenty of action and the number of amateur cowboys that entered the contests were excellent riders, but due to the fact that only a limited number of contestants tried for the prizes, the show was not as full as most of those who attended had hoped to see.

"We have not checked up on all the expenses yet," said Jack Norman, secretary to the Association, "but I believe we will just about break even."

Claud Anderson and his committee worked hard and they deserve much credit for the carrying through of the Rodeo with all of the discouragements of bad weather, postponements and other details that made the promotion of a Rodeo unusually hard for Slaton this year.

### 30 To Die July 4th

AUSTIN.—The Fourth of July will bring the biggest traffic jam in the State's history, the Texas Safety Association predicted today.

More important, it also will bring the biggest holiday traffic toll of the year, the Association warned—unless the extra hazard is met by extra caution.

More than 1,726,200 vehicles will pack the highways over the three-day holiday period, the Association said. They will travel 180,000,000 miles—the greatest total ever rolled up on the state's speedometers in any one week end.

An estimated 30 persons will be killed and 360 suffer injuries in the annual jamboree of carelessness which marks Texas' observance of Independence Day.

This all-time high will result from the fact that defense production means full pocketbooks and full gas tanks. More people are driving more cars more miles. And over the Fourth thousands of soldiers will be going home on leave.

The vacation season will be in full swing. Traffic will be rolling in high.

To meet the threat of a record-breaking traffic toll, the Texas Safety Association called on every driver and every pedestrian to enlist in a statewide effort to avoid accidents. City officials and civic organizations were asked to join in the campaign to cut the holiday toll.

### 4 Way Lubrication Cuts Down Expense Water Everywhere

By mid-summer the average 1941 Chevrolet passenger car, purchased by its owner some time between last Sept. 21 and today, will have probably 5,000 miles recorded on its speedometer, a figure indicating not only that the car is thoroughly broken in, but that it is no longer a "new" car. Hence the owners of current model Chevrolets already are in position to appreciate the oil economy claimed for the car by its engineers, according to J. M. Crawford, Chevrolet chief engineer.

With all commodity prices on an upward course and petroleum products especially required for preparedness training, oil economy in the operation of a motor car has assumed more important proportions in the mind of the average car owner.

Chevrolet is unique in its field in having a "specialized" four-way lubrication system, according to Mr. Crawford. Commonest lubrication systems, he points out, are the "splash" and "full-pres-

Mr. Kirby Scudder, who was appointed chairman of a special committee at the last meeting of the Chamber of Commerce which is to endeavor to interest tenants and owners of Slaton business property in repairing and improving the exteriors and interiors of Slaton business homes, reports that the details for a drive along this line will be started soon.

The idea was developed at the last Chamber of Commerce meeting and in the discussion it was brought out that if the Chamber of Commerce is to act in the capacity as an organization to help bring more business to Slaton, that the Slaton merchants and property owners could help themselves, and the town, in no small way by improving both the displays of merchandise and the buildings.

The special committee was appointed to devise a plan whereby the property owners and the tenants could be encouraged to improve the exteriors and to work towards plans where more and better merchandise could be displayed to the public.

The fact was discussed that merchandise properly displayed and in attractive surroundings would sell much more rapidly than in slovenly kept buildings that have been allowed to run down a little year after year until the paint is faded or gone, awnings have become warped and dilapidated, etc.

"Our merchants, perhaps, have become so accustomed to the gradual aging of signs, displays and exterior appearance of buildings and store arrangements that they do not realize that perhaps we are all getting a little out of date," said Mr. Scudder. "Slaton is a good town, we have a great deal more revenue than most towns our size, and the Chamber of Commerce members considered the fact that a much larger portion of the business done in this section could be brought here."

The plans that is being considered not only includes the improvements of the business buildings and displays now, but the committee is working on definite ideas where the Chamber of Commerce will work to greatly increase the flow of the trade of this territory to Slaton.

### Milk Prices To Increase

Milk prices will advance in Slaton on July 15th, according to several leading milk dealers. "Prices on all kinds of feed have not gone down as they usually do at this season of the year, delivery costs have increased, the prices on bottles have gone up and in order to meet our expenses we will have to have a slight increase in the price of our product," said one milk dealer.

### Water Everywhere But House Burns

A large frame house that has been surrounded by water in the lake just north of the city limits was burned to the ground last Sunday about 2 a. m.

The Slaton Fire Department endeavored to do something to quench the blaze, but as the house was out in the middle of the lake formed by the recent floods, little could be accomplished.

sure" types, neither of which affords the complete protection to the motor that is required for maximum performance and protection at minimum cost.

In brief, the four-way lubrication system includes the following:

First, full-pressure lubrication to crankshaft main bearings and camshaft bearings.

Second, calibrated pressure and temperature-regulated lubrication to the rocker arm shafts.

Third, pressure-stream lubrication of the cylinder walls.

**JUST TALK** by A.M.J.

My mother-in-law used to tell about the old lady who said, "Sometimes I sit and think and sometimes I just sit." This is the time of the year and the kind of weather where one is inclined to "just sit". The benches on the City Hall park look most inviting and it seems foolish to be in such a dither about everything. This is also the time of the year when the women get short tempered and the men folks have to be very careful or get just in the dog house.

At a time like this one cannot help but admire the attitude of the old tramp underneath a tree. The mosquitoes had covered his hands and face and he paid no attention to them until one of them stung him on the nose. "Now just for that," said the bum, "all of you get off," as he brushed the swarm away with his hand.

It is getting to be hay fever time and every time I think of cutting the grass or trimming the hedge I sneeze.

What should people eat in the summer time? The things you enjoy eating usually up set you and the things you should eat do not satisfy you. Seems to me the best plan is to go ahead and eat the food you crave, let it make you sick, and then you do not want anything. You save money, do not have to worry about what you will have for dinner, your appetite leaves you and all that has to be attended to is the doctor bill.

And why is it that the women always complain about how taxing homework is and what a strain it is to plan the meals; and yet, the first thing they ask when you enter the front door is, "What do you want to eat for dinner?"

This question shows what a terrible strain they have had on their minds. You can tell that they have spent hours planning the meals. And another thing, when a woman finds out that her husband likes a certain food fairly well, she will get that same thing every day for weeks at a time until he gags every time he sees it.

Yes sir, the strain of planning which brand of pork and beans should be opened for the evening meal, and how the eggs should be cooked for breakfast, is enough to drive a woman crazy.

Now that the Rodeo is over and Jack Norman, Claud Anderson, Joe Bob Stevens, "Hammer" Dawson and Odie Hood and I have put on clean shirts and stowed away the hard bull scaring outfits, it is time to get all steamed up over the 4th of July.

Personally, I would like to go fishing, but I am afraid I would have a collision with

a drunk driver, get my hip pockets blown off by a fire-cracker and get turned over in a boat by a companion. These are sure signs of age creeping up on me, for twenty years ago the fourth of July would have been a big day, but after getting caught in a lot of jams since that time I am as cautious as Turkey is about getting into the war.

But, just to show that I am still alive, I'm going to put the American Flag out in front of the Slatonite office all day today.

While our Rodeo parade was not quite as mammoth as the Slatonite and other dependable sources promised it would be, we did have one feature that made our parade unique, and that was our hot tamale man, Juan, leading the procession. Juan was dressed in Spanish attire, as the Spaniards dressed many years ago, and he led the parade in true Cavalier fashion making the turn like a dancing master. In fact, Juan was once a dancer in a circus and did Spanish dances. He regrets very much that he gave away his real Spanish Castanets, that he brought over from Spain when he came to American years ago.

"There are few little Castanets in this country," said Juan, "but I wanted my great beeg ones to lead the parade, Spanish ones that make a great beeg noise." If Juan had been equipped with the right kind of castanets, he would have been a mammoth parade by himself and saved us from overestimating the results.

Juan, by the way, sells excellent tamales and gives you a lesson in salesmanship and good manners when he does it. Juan greets you with a bow that implies that you are one of his best customers, even if you are making the purchase of a dime's worth of his products, and he never fails to invite you to come back.

Juan has a touch of that old world courtesy that is a sharp contrast to the get and get-out of some of the sales methods of today.

Our fears have been realized. "Santa Claus" O'Daniel will be the next Senator.

Alan Payne said we had a news item about him so mixed up last week that he does not know who he is nor what relation he is to his sister, uncle or nephew. Alan is leaving today with his sister, Mrs. T. V. Burns and son, Pat, of Fort Lauderdale, Fla., for a trip through Carlsbad Caverns and then to El Paso, where Alan will see Mr. Roderick, who formerly edited the Slatonite.

If Mr. Payne takes my advice he will ride the elevator going down into and coming back out of Carlsbad Caverns, for that climb in and out of that hole in the ground is certainly hard on tired feet.

The blistering hot day we went through the Cavern is scorching in to my memory. We stood out in the sun from nine a. m. until nearly 11, there was not a shady spot as big as a hen egg on the top of that mountain and I be-

lieve my brain is still addled from the cooking it got. When the lights were turned out way down in the bowels of the earth and a quartet sang "Rock of Ages", a woman whispered, in an awed voice, "Were you ever in such total darkness?"

"Yes, Mam," said a man back of me, "I went through Amarillo, Texas, during a sand storm."

The Caverns are well worth the trip to see them but I am like the man who said he would not take a million dollars for the child he had, but he would not give two cents for another one just like it.

More co-ops have been established in Texas since 1930 than in any other state, with the number more than doubling in the past seven years.

Cook vegetables in as little water as possible. Many of the vegetables' important vitamins are in that cooking water. Save it for soups.

An Old Art Flourishes at Greenfield

DEARBORN, Mich.—In the days when the tintype was the last word in photography, the gentleman was always seated and his lady stood when they faced the camera. That's still the procedure at the Tintype Studio in Greenfield Village, Dearborn, Michigan, where thousands of visitors have called since the Village was founded a dozen years ago by Henry Ford. The 75-year-old tintypist, Charles Tremear, learned his trade over a half century ago.

New Ford Defense Unit to Build Parts for Giant 28-ton Bombers

DEARBORN, Mich.—Construction of an \$18,000,000 bomber factory for the government by the Ford Motor Company is under way at Willow Run, a rural community near here. The plant, to be operated by the company, is the latest Ford project in behalf of the national defense program. It will produce complete sub-assemblies and parts—with exception of the four engines—for the giant Consolidated B-24D bomber. This long-range, heavy-duty plane is regarded as the world's most formidable bomber. It weighs 28 tons when loaded and is capable of carrying four tons of bombs at a speed of 300 miles an hour. The four-engine ship has a cruising range of more than 3,000 miles.

Ford has a government contract to build parts for five complete bombing planes a day, these parts to be shipped to final assembly plants in Oklahoma and Texas. Should the government step up this order, or request Ford to do the final assembly job on the bomber, the Willow Run plant will be expanded. Provisions were made by company designers and production experts for a future extension that would house an assembly line a mile and a quarter long.

The bomber factory is scheduled for completion late this year. When it starts production, it will employ approximately 20,000 skilled workmen.

Our Weekly Sermon—Following Christ

By Rev. M. A. Darroch, Director of Christian Workers Bureau Moody Bible Institute of Chicago.

Nine times in the record of His earthly ministry our Lord used the command, "Follow me!" In these nine instances there are three different meanings.

A rich young ruler came to Jesus one day, and asked how he might have eternal life. The Lord replied, "If thou wouldst be perfect, go and sell that thou hast, and give to the poor, and thou shalt have treasure in heaven; and come and follow me" (Matt. 19:21). But the young man loved the things of this world more than heavenly things, this life more than eternal life. He refused to follow Jesus.

We read of three other men who, in response to Christ's command to follow, said they were willing (Luke 9:57-62). But the first had not counted the cost; the second, while willing, wanted to put it off, and the third turned back. On another day, however, Christ met a young man and said, "Phillip, follow me," and Phillip replied, "Lord, I will," and he did.

After the call of salvation comes the "follow me" of service. The Lord said to Peter and Andrew as they were seated in their fishing boats, "Follow me and I will make you fishers of men." When Matthew heard the call we read, "He forsook all and arose up and followed him" (Luke 5:28). Very soon we see him making a feast and inviting his ungodly friends to meet Jesus.

The third "follow me" is one of glorification. Our Lord is telling His disciples of His resurrection and ascension. "Peter said unto him, Lord, whither goest thou? Jesus answered him, Whither I go, thou canst not follow me now; but thou shalt follow me afterwards" (John 13:36). Then follow the marvelous words of John 14:3: "If I go and prepare a place for you, I will come again and receive you unto myself."

We shall never know the bless-

ing of "Well done, thou good and faithful servant," unless first of all we have followed Christ in salvation, and followed Him in service. To follow Him is not just a sweet, sentimental impulse expressed in smooth words and religious formality. It is a vital, virile, sacrific-

ial faith which leads the true followers to be willing not only to die, but to live for Christ. Let us put away those insipid imitations of Christianity masquerading under the name of discipleship, and give up and give all to Him.

—Popular-Priced

Your own engine can be fortified by new Conoco Nth motor oil right today, at Your Mileage Merchant's Conoco station. But before going on sale this new oil proved that a regular 5-quart fill could establish startling extremes of endurance, protection and miser-economy.

Fantastic Death Valley brings Your Evidence

Death Valley seems to shimmy—like heat at your furnace door. And down on this desert impartial observers watched 6 identical stock cars run at 57-mile speed, torture-testing 6 quality oils including new Conoco Nth oil. No let-up, day on day, till each oil gave out and junked its engine.

Even the best competitive oil in the test was outlasted 5,683 miles by Conoco Nth oil. And one "rival" was

outlasted all of 8,268 miles by new Conoco Nth oil. Certified.

All this New Economy how?

America has long known Conoco best for making it possible to give any engine OIL-PLATING... lubricant that can't all quickly drain down, but must stay PLATED UP—alert against wear in advance—not waiting till oil-flow starts. OIL-PLATING comes from a rare synthetic... man-made under the Conoco Germ Processed oil patent. And Conoco Nth motor oil still brings OIL-PLATING—but not only that!...

In addition this new oil brings Conoco's latest synthetic—Thialkene inhibitor. It inhibits—controls—the effect of foul "leftovers" produced by every engine's normal firing. Otherwise uncontrolled oil spoilage could easily start. In oils that let this spoilage start, it spreads like a rumor—gets worse, faster and faster. But now that's nipped in the bud by Thialkene inhibitor, in new Conoco Nth oil... U. S. Patent 2,218,132. This oil stays more like its own good self. Then your engine will, and that saves oil... as demonstrated by the long life of Conoco Nth in pitiless Death Valley.

You'll never give your own engine such a "trial by torture." You wouldn't pass up your regular time for draining. Authorities say, "Don't!" But you can

**CERTIFIED** I hereby certify that the Death Valley Test and related work were thoroughly and fairly conducted. Engine Destruction occurred in each case at the mileage stated.

**"Chief" Topics**  
by the SCOUT

The appointment of James M. Nicholson to the position of mechanical assistant of the Santa Fe Railway with headquarters in Chicago and numerous other changes effected by his promotion were announced June 30 by John Purcell, assistant to vice president in charge of the mechanical department.

Nicholson was first employed with the Santa Fe in the test department at Topeka in 1912 after graduating from Kansas State College. He worked in various capacities at that point until 1930 when he was promoted as master mechanic at Slaton, and in 1934 was sent to Argentine, Kans., in the same capacity. Later he was elevated to mechanical superintendent at Topeka and filled that position until his recent promotion.

Warren P. Hartman, master mechanic, at Argentine, succeeds Nicholson at Topeka; P. J. Danneberg, master mechanic at Winslow, takes Hartman's place; H. D. Eddie, master mechanic at Clovis, goes to Winslow; W. W. Lyons, master mechanic at Slaton, follows Eddie at Clovis; and L. B. Johnson, general foreman of the locomotive department at Clovis, is promoted to master mechanic at Slaton.

Hartman is well known in the Southwest, having served as master mechanic at Slaton from 1934 to 1937; fuel supervisor with headquarters in Amarillo from 1930 to 1934; and prior to that time he saw service in La Junta, Colo., and Raton and Albuquerque, N. M.

Lyons, likewise, has seen most of his service in Colorado, New Mexico and Texas. He was promoted to master mechanic at Slaton, Dec. 1, of last year and prior to that was located in Belen, Albuquerque, Las Vegas, Raton, Trinidad and La Junta.

**RAILROADERS ASKED TO FILE FOR RETIREMENT BENEFITS**

The Railroad Retirement Board today asked all persons with railroad service prior to 1937 to file statements immediately with the Board or with their last railroad employer to establish eligibility for retirement payments when they reach retirement age. The Board estimated that 230,000 out of 1,200,000 individuals entitled to credit for service before 1937 have not yet submitted statements of service.

Employers covered by the act include interstate railroads, companies owned or controlled by such

railroads which perform a service in connection with rail transportation, sleeping-car and express companies, railroad associations, and the standard railway labor organizations. Special forms to establish eligibility may be obtained directly from the Board or the field offices located at U. S. Terminal Annex Building, Dallas, and Cotton Building, Houston.

A railroad employee may count service before 1937, if on August 29, 1935, he was working for an employer subject to the Railroad Retirement Act, or "as on furlough, leave of absence, or was absent on account of sickness or disability in accordance with an applicable rule or practice in effect on the employer."

The Santa Fe Railway System carloadings for the week ending June 28, 1941, were 27,386 compared with 23,422 for the same week in 1940. Received from connections were 7,852 compared with 5,279 for the same week in 1940. The total cars moved were 35,238 compared with 28,701 for the same week in 1940. The Santa Fe handled a total of 33,052 cars during the preceding week of this year.

**POSEY ITEMS**

**Mrs. S. N. Gentry, Correspondent**

A nice crowd attended singing at Posey Sunday night. A visitor, Miss Aline Pardue of Slaton, was present. The young folks sang several quartette numbers and other specials. Every second and fourth Sunday nights are singing nights.

One and 3-16 inches of rain fell in Posey community Monday noon. The rain will aid the crops.

The Senior Epworth League met at the school house Sunday night for a regular meeting. The following officers were elected: Sponsor, Mrs. Hubert Slone; President, Lewis Joplin; Vice President, Bud Johnson; Secretary and Treasurer, Mary Frances Joplin; program chairman, Lillie Gentry; pianist, Lillie Gentry; song leader, Betty Johnson.

The Intermediate Epworth League met at the school house Sunday night. The sponsor, Mrs. W. M. Joplin, met with the group. A tacky party was planned for Friday night at Mrs. T. A. Johnson's.

The young folks of the community gathered in the home of Mr. and Mrs. Hubert Slone and went to the canyon for a party and weiner roast.

Misses Lillie Gentry and Imogene Gentry have been ill this week.

Ruth Gentry returned home Sunday with her parents from Pettit, where she has been staying with her grandmother, Mrs. R. L. Johnson, who was ill. She is improved. Crops in that community are later than here. A number of men were planting cotton there last week. Late plantings were due to the heavy rains.

O. R. Williams is working in Lubbock now at a grocery store. Mr. and Mrs. N. R. Boyce and daughters, Bonnie Jean and Marilyn Sue, were visiting their parents, Mr. and Mrs. Will Burns, and Mr. and Mrs. J. W. Boyce, the past week.

Mrs. Ernest Boyce and children, Billy Don and Sandra, from Brownwood have moved near Slaton to join Mr. Boyce who has been working for Mr. Brasfield in Slaton. He is a son of Mr. and Mrs. J. W. Boyce.

Miss Jaunell Hart has returned home from Wilson, where she has spent some time visiting her grandparents, Mr. and Mrs. J. I. Cranfill.

Mr. A. C. Strickland, agriculture teacher of Slaton, visited Charles Gentry last week.

Mr. and Mrs. O. W. Richardson, former Posey teachers who now live in Brownfield, announce the arrival of a new daughter, Dorothy Mae.

Mr. and Mrs. Finis Fine and children have moved in the Gartman house in Posey.

A large number of Posey folks attended the Frozen Food Locker demonstration at Slaton Saturday.

Mrs. Jess Shafer left last week for Oklahoma City, to be with her sister, Hattie, who is seriously ill.

**COOPER NEWS**

**Juanita Coston, Correspondent**

The 1941 Seniors of Cooper High school will leave Tuesday on a four day trip to Carlsbad Caverns and other points in New Mexico. They will be accompanied by their sponsor, Mr. E. F. Dawkins, and family. They plan to sleep in the open and cook over a camp fire.

Mr. and Mrs. Carl Lee Townsend spent the week end with Mr. Townsend's sister, Mrs. T. C. Workman, recently.

Miss Kathryn Robertson spent last week with Miss Garnetta Hampton of Slaton.

Lowell Merrill of Slaton visited in the home of his sister, Mrs. M. T. Townsend, last week. Mr. and Mrs. H. M. Cade and

children, Donna Sue, Dinah Mae, Mary Helen and Jack, and Juanita Coston made a visit to Big Springs and Tahoka recently.

The FFA entertained the Home-making girls with an ice cream supper and motion picture recently. Those attending were: Faye Martin, Faye Cummins, Frankie Cummins, Alice Slater, Betty Robertson, Edith Webb, Morene Womack, Melba Slater, Virginia Pate, Autry Coston, F. C. Roberts, Betty Jo Tapp, Lorene Hamilton, Mildred Nunley, W. G. Crabtree, Jack Cade, Tolbert Coleman, Donald Johnson, Clifford Robertson, Alton Robertson, Doyce Barrett, Glynn McDaniell, Glen Barrett, Clardy B. Hamilton, David Guinn, Henry Nunley, Adrain Huckabee, Mrs. Burford, and Mr. Johnson.

The girls taking summer home-making and Mrs. Burford are planning a trip to the mountains of New Mexico soon.

Misses Kathryn Robertson and Autry Coston, Dick Cade and Jack Cade attended a picnic at the McKenzie park Tuesday night given by the FFA and Home-making classes of Wilson.

Mr. E. F. Dawkins entertained the Senior class with a party at

his home Tuesday night. A discussion of their trip was held. Refreshments were served to Misses Pauline Cummins, Lauretta Sooter, Helen Wilson, Lois Slater, and Catherine Potts; James Potts, Doyce Barrett, Claude Sooter, Adrain Huckabee and Jesse Lee Minchew.

Mr. T. C. Workman has an injured hand and is unable to do his work. Wayne Townsend has been running his tractor this week.

Rev. Wayne Perry, Baptist pastor of Cooper community, preached Sunday morning and evening. His subjects were: "Satisfied" and "For Defense". Special music was given by Mrs. B. M. Hays. There was a good attendance at both church and Sunday school.

Work on the Cooper church floor will begin this week. The floor was damaged by high waters.

Mr. and Mrs. Ceell Webb and Mr. and Mrs. Moody White were visitors in the A. L. Brownfield home Sunday.

Work on the church floor at Cooper was to have begun Wednesday, but due to more rain and high water, it will probably be delayed.

A family reunion was held in the home of Mr. and Mrs. A. J. Howell Sunday.

Rev. Wayne Perry will conduct a meeting at Hillsboro the next two weeks.

Visitors in the home of Mr. and Mrs. Jack Powers Sunday were Mr. and Mrs. Andy Brownfield and sons and Mrs. Powers's uncle and aunt from Lubbock.

Cooper Home Demonstration club members met Wednesday afternoon with Mrs. Lester Condry. The next meeting will be with Mrs. J. P. Stelle, July 7 instead of July 9.

Mr. and Mrs. James Potts and daughter, Linda, are visiting Mrs. Potts' mother and father, Mr. and Mrs. George Ecklund, at present.

Mrs. C. T. Potts, Jr., the former Miss Georgia Paxton, was honored with a surprise shower Thursday afternoon in the home of her parents, Mr. and Mrs. L. H. Paxton, 1602 Avenue O, by Mesdames J. C. Hindman and L. C. Brown.

Decorations carried out the patriotic theme. On the mantle were clusters of flowers.

Gifts were presented to Mrs. Potts by Dale Lyde, son of Mr.

and Mrs. Theo Lyde.

Refreshments were then served to Mesdames Boyd Coleman, William Lowmore, N. H. Lassiter, A. B. Allen, George Hindman, A. C. Saunders, W. A. Terrell, Emma Puryear, J. R. Potts, J. J. Barham, B. M. Hays, W. A. Jackson, Ruby McLeod, Pearl Herman, Bertell Jackson, J. W. Potts, and Misses Virginia Lee Waltermire, Catherine Potts, Joyce Ann Ivey, Anna Mae Waltermire, Claire Arnold, Ruth Kendrick, Joe Ann Lowmore, Arlene Lowmore, Lois Paxton, Elmire Tesson and Jonnie Dean Reneau.

Miss Kathryn Robertson spent the week end with Miss Autry Coston.

Visitors in the home of Mr. and Mrs. T. C. Workman Sunday were Mr. and Mrs. Carl Lee Townsend, Miss Dortha Nell Childers and Wayne Townsend.

Mr. and Mrs. Brown and Juanita have moved back to our community after having lived in Vernon for several months.

Due to recent heavy rains, several of the farms of our community are under water again. Most of the farmers are behind in their work.

## WSCS Has Meeting Monday Afternoon

The Women's Society of Christian Service met at the Methodist church Monday afternoon for an executive meeting.

The program was opened with the song, "I Am Thine, O Lord". Mrs. R. G. Loveless called the meeting to order and read the devotional.

Committee reports were given by Mrs. E. R. Legg, treasurer, and by Mrs. R. H. Todd, study leader. Mrs. Todd reported the organization is studying, "Jesus and Social Redemption," and there are four more lessons. Mrs. Roy Boyd is teaching the study. Mrs. J. E. Eckert led the closing prayer. The next meeting will be July 7 at the church for Bible study. The meeting time has been changed to 4 o'clock.

## Evans Home Scene Of Club Meeting

Members of the Bluebonnet club met in the home of Mrs. Carl Evans last Wednesday afternoon. Following the business meeting, the club was led in a parliamentary drill by Mrs. L. T. Garland. Mrs. J. D. Holt, a new member of the club, was present.

Refreshments were served to: Mesdames J. D. Barry, A. L. Clifton, C. C. Cramer, F. A. Drewry, Carl Evans, L. T. Garland, H. V. Jarman, Wallace King, D. W. Liles, R. C. Sanner, W. P. Shelton, C. F. Stanford, L. R. Tibbs, Fred Tudor, C. C. Wicker, H. E. Woods, Holt and the hostess.

## Mary Lou Allen Weds W. T. Jones

Miss Mary Lou Allen, daughter of Mrs. J. J. Allen of Pampa, and Weldon T. Jones of Tracy, California, son of M. and Mrs. Wilbur L. Jones of Slaton, were married at 2 o'clock Friday afternoon at the First Methodist parsonage in Lubbock, by Rev. H. I. Robinson. The bride wore a blue lace dress with white accessories. Guests were the mothers of the couple and the bride's sister, Miss Billy Allen, and Mrs. Sam Phillips.

Mr. and Mrs. Jones left immediately for Tracy, where Mr. Jones is employed by a department store and where they will make their home. Enroute they will visit Boulder Dam and Grand Canyon and other western points.

The two are graduates of Slaton High school. Mrs. Jones attended John Tarleton Junior college at Stephenville and Mr. Jones was a student at Modesto Junior college at Modesto, California.

Mr. and Mrs. J. C. Smith Jr., and daughter, Linda Sue, of Muleshoe visited in the home of Judge C. Smith Sunday.

## Mrs. Sanders Goes To Home Coming

Mrs. H. G. Sanders left Tuesday for Olney and to visit her former home in the Shearer community, where a home coming of all the former students and school teachers is being held this week.

Mrs. Sanders not only attended the school, but also taught there for a short while. The community is named for her grandfather whose name was Shearer.

There will be a number of events during this week at the school which has been organized over forty years.

## Mrs. Mansker Is Hostess To Club

The home of Mrs. Ben Mansker was the scene of the meeting of the Jolly Quilting club Tuesday. A covered dish luncheon was served at noon. Guests were Mesdames W. P. Florence, Charlie Whalen and Otha Owens.

Members present were Mesdames P. M. Wheatley, W. P. Shelton, H. H. Edmondson, R. C. Sanner, C. C. Wicker, J. W. Scott, Johnnie Collins, J. W. Ward, J. C. Burton, Emma Wallace and the hostess.

Mrs. Wallace will be hostess to the club at its next meeting, July 15 at the fire station.

## Union H. D. Club

Mrs. C. E. Lilly, Jr., was hostess to the Union H. D. club at its last meeting, Thursday.

The program was: "Satisfactory Living," Mrs. Tapp; "It isn't What You Say," Miss Altha Seifert; "Face Facts," Mrs. H. M. Cade; "Charm Is In Your Hands," Mrs. Ethel Young; "The Happiness Road," Mrs. Earl Johnson. Mrs. Cade gave the treasurer's report.

Miss Seifert led the club in 30 minutes of recreation. Mrs. Spencer Brewer was welcomed as a new member.

Members present were: Mesdames Othor Doyle, Johnson, H. F. Doyle, S. L. Griffin, W. B. Jeter, Rhea Pierce, T. C. Workman, Seifert, Tapp, R. D. Presley, Nelson, F. H. Griffin, Lilly, H. M. Cade, R. M. Cade and Ethel Young.

Mrs. F. A. Nelson will be hostess to the club at its next meeting, July 3.

Rev. Clinton filled his regular appointment Sunday at 11 a. m. and 8:30 p. m., at the Baptist church at Union.

Mr. and Mrs. T. C. Workman and Donna Ann were guests in the B. H. Coston home Sunday.

## ATTEND DEDICATION

Rev. and Mrs. H. C. Gordon and children attended the dedication of the Methodist church in Seymour Sunday. All former pastors were invited, and Rev. Gordon reports that many were present.

Joe Lloyd Ward of Odessa spent the week end with his parents, Mr. and Mrs. E. H. Ward.

## RETURNS TO POST

Ensign Clyde A. Williams of the United States Naval Service, formerly an air cadet at Naval air station at Pensacola, Florida, spent last week visiting his parents, Mr. and Mrs. W. N. Williams, and family and friends of Slaton. He returned to Pensacola Saturday, where he will attend a two weeks' instruction course and then will report to the Naval air station as Corpus Christi to begin his duties as instructor.

—GET YOUR DEFENSE BONDS AND STAMPS—

## Personals

Mrs. Dave Sanders and daughter, from Tahoka, are spending the week with Mr. and Mrs. J. E. Rucker.

Guests in the home of Mr. and Mrs. W. H. Lasater during the past week were: Mrs. L. M. DeGarmo and son, Jimmie; Mrs. Dorcy Collins and daughter, Rosejean, and Mrs. E. G. Long of Houston.

Mrs. Ben Mansker and son, Harley, returned last week from a visit with Mrs. Mansker's mother, Mrs. M. Z. House.

Mrs. W. A. Tucker has been ill in a Lubbock sanitarium during the past week.

Mr. and Mrs. Troy Bickerstaff visited Mr. Bickerstaff's parents, Mr. and Mrs. Joe Bickerstaff, Friday and Saturday.

Mr. and Mrs. Arnold Alcorn of Dumas visited Mr. and Mrs. O. N. Alcorn last week.

Mrs. J. D. Sargent of Lubbock visited friends in Slaton during the week end.

Mrs. Bill Thomas and daughter were guests in the B. H. Cooper home last week.

Mrs. L. M. Williams and daughter, Edith, of Post spent Thursday and Friday with Mr. and Mrs. R. T. Williams.

Mrs. R. W. Dowell and children of Hereford were recent guests of Mr. and Mrs. C. S. Bartley.

Miss Hellene Melton, Travis Melton and Jack Dickson spent Monday and Tuesday in Crane.

Mrs. U. S. Braswell of Lockney has been visiting her daughter, Mrs. R. M. Champion, the past two weeks.

Mrs. Bill Deal and Betty June left Monday for a visit in Dallas, Texas.

Marshall Ross of Lubbock was a week end guest of Roscoe Lyle Champion.

Mrs. Leonard Bain and daughter, LaVerne, visited near Mineral Wells last week.

Misses Jo Hestand and Kathryn Whitehead visited in the home of M. and Mrs. G. J. Catching Sunday.

Mrs. W. M. Mash of Corsicana visited in the home of her granddaughter, Mrs. Carl Meriwether, this week.

Mrs. Guy L. Brown is visiting her brother, James Shearin, of El Paso this week.

Mrs. M. T. Daniell and daughter, Allie Marie, of Lubbock visited Mr. and Mrs. Estill Williams Saturday.

Carl Brown of San Angelo, fireman on the Santa Fe, is here working for a few weeks.

A. C. Hanna of Dallas has been

visiting in the home of his son, B. A. Hanna, this week.

Mr. and Mrs. Ross Barron of near Slaton have returned from a trip to New Mexico, where they visited friends and relatives. The Barrons were accompanied by little Miss "Ginger" Barron.

Miss Emma Wilson of Slaton has entered the Lubbock Sanitarium for a three years course in nursing. Miss Wilson graduated this year at the Slaton High school at the age of 17.

Mr. and Mrs. J. H. McCollum of Pasadena, California visited his brother, Delma McCollum, and his sister, Mrs. Ira McCarver. Over the week end they visited his sisters, Mrs. Brown and Miss Louise McCollum in Sherman, where all had a family reunion.

D. W. Walston is convalescing from an appendectomy.

Mr. and Mrs. Ralph Dix left Sunday for their home in Arkansas City, Kansas, after spending the week with Mrs. Dix's parents, Mr. and Mrs. Fred Stottlemire and sister, Mrs. Frank Young. While here they all went to Sweetwater fishing.

Mrs. W. L. Jones left Thursday for Abilene where she will visit Mrs. W. B. Cardwell until Monday. Lt. Elden W. Schmid of Camp Bowie visited his parents, Mr. and Mrs. R. H. Bailey, this week.

Mr. and Mrs. R. H. Bailey have had as their guest Mr. Bailey's brother, J. M. Bailey, of Sargolinsville, Tennessee.

## WOMEN helped 2 ways

More evidence that snakes do cut into the supply of fish came to light recently when the Texas Game Department was forwarded the stomach of a three-foot water snake. In the stomach was a twelve inch channel cat which weighed approximately a pound.

## Milk Fine For Summer Drinks

A tall glass of frosty milk or milk drink is a great cooler-downer on these hot summer days, just the thing to serve the tired child in need of refreshment or at light summer lunches.  
Johns Jersey dairy would like to supply you with milk from their clean, modern, sanitary plant. They deliver twice each day, and when you need an extra quart or two, their recently installed telephone will be a convenience for you.  
Just call 592J-3 and let Johns rich, wholesome, fresh milk become a healthy, satisfying habit with you.

## POSEY ITEMS

Mrs. S. N. Gentry, Correspondent  
Mrs. J. M. Morrison and Mrs. Jess Shafer returned home Friday after attending the funeral of their sister, who passed away Thursday in Oklahoma City.

Buddie Harris has returned to the Posey community after spending several days with his father, Tom Harris of Brownwood, who is recovering from a recent operation.

Mrs. O. W. Richardson and baby daughter, Dorothy Mae, of Brownfield, were visitors in the Posey community Thursday afternoon. The baby is only five weeks old.

Mrs. T. A. Johnson entertained the Junior Epworth League members Friday night with a tacky party.

M. and Mrs. Marcus Burns and boys from Denver City, visited his parents, Mr. and Mrs. Will Burns, the past week. Billy, a grandson, remained with his grandparents for a visit.

Lewis Joplin, Beatrice Burns and Ruth Gentry spent Sunday afternoon visiting Mr. and Mrs. Ernest Boyce of near Slaton.

Miss Mona Keeter met with the Posey 4H club girls in the home of Mrs. L. K. Hart Thursday. Mrs. Raymond Gentry resigned as sponsor and the group elected Misses Juanell Hart and Ruth Gentry as co-sponsors for the summer. The club planned a supper at a park, the date and place of which are to be announced later.

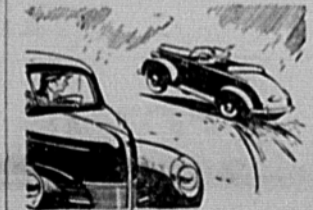

The Women's Society of Christian Service met with Mrs. E. C. Clifton Thursday, with 10 members present. Miss Emma Lamb gave the devotional and directed the program. Several sick visits and trays were reported.

An executive committee meeting was held and quarterly report filled out. Rev. A. C. Forbis will bring a lesson from the fifth and sixth chapters of Matthew at the next meeting. All members plan to bring a gift for Miss Emma Lamb at the next meeting which is to be with Mrs. Sam Gentry, July 10 at 3 p. m. All members are urged to be present and visitors are always welcome.

## How to become A SKILLED DRIVER

By RAY W. SHERMAN  
Courtesy of the  
FORD GOOD DRIVERS LEAGUE

(EDITOR'S NOTE: We believe many motorists in this community would drive better if they knew better how to drive. In the interest of safety, we will publish from time to time excerpts from the book, "How to Become a Skilled Driver," written for the Ford Good Drivers League by Ray W. Sherman, noted authority on driving. These excerpts are reprinted through courtesy of the Ford Motor Company.)

**SKILLED DRIVERS NEVER STUNT**  
Some drivers think skill behind the wheel consists in doing tricks with a car—driving fast, beating lights, gliding through "stop" signs or generally making the rest of the world miserable.  
When a skilled driver watches one of these unskilled operators, he feels rather sorry. He sees a wonderful piece of machinery, glorious roads leading to lovely countryside, a driver with good intellect, good arms, good legs, good eyes. And he sees the whole picture marred because the driver never acquired real driving skill.  
Some drivers think they're smart when they do tricks with a car. Actually, if a driver doesn't think right, he can't drive right.

Mrs. Truman Burleson and boys of Slaton are spending this week with her mother, Mrs. E. C. Clifton. Mr. Burleson is working in the harvest fields.

Three and one half inches of rain fell in Posey community Monday evening. Crops already have had too much rain, and have been badly damaged by washouts, wind and sand the past few weeks.

Rev. A. C. Forbis will begin his revival at Posey Sunday, July 6. Everyone is invited to attend.

Mr. and Mrs. A. C. Strickland of Slaton visited in Posey community Monday. Mr. Strickland has grafted a pecan tree for Charles Gentry. The graft is doing nicely and Mr. Strickland says the tree should bear fruit in a year or so.

The Posey Senior Epworth League met at the school house

Sunday night with 8 members, one visitor, Buddie Harris; one new member, Alline Perdue of Slaton; and the sponsor, Mrs. Hubert Slone, present.

The topic of the program was, "The Man Who Made Better," given by Mary Frances Joplin and Lillie Gentry. Lewis Joplin, president, appointed the following committees: Refreshment, Ruth Gentry, Harrold Morrison and Irene Gentry; recreational, Mary Frances Joplin, Lillie Gentry and Vaughn Campbell; entertainment, Lillie and Charles Gentry.

Officers elected were: worship leader, Mrs. Hubert Slone; music leader, Mrs. Slone; literary director, Beatrice Burns.

A patriotic program was planned for July 4 at 8:15 p. m. Everyone is invited to attend.

Let our want ads do your work

## Quail Go Below

Game Department biologists are forming the opinion that holes made by opossum and other animals are being used by quail more often than it had been thought. In a number of instances quail have been noticed to use shallow underground holes as a means of protection. During census work in southwest Texas a covey of three birds were located in an opossum den. They flushed into a huisache bush, but upon the arrival of bird dogs they again took refuge in the den. Woody cover in this isolated huisache mott was lacking and herbaceous cover was practically non-existent. Injured birds were located in holes, or, if flushed from their protective cover, went directly to a den. Often Bobwhites that had remained in quail traps for as much as eight

or ten hours flew to the edge of an opossum den and took refuge inside. Birds that retreat into such shallow holes, however, fall easy prey to dogs and cats, it has been observed.

**HACKBERRY NEWS**

Mrs. Hubert Taylor, Correspondent

B. H. and Ora Mining left Thursday for a visit with relatives in Oklahoma.

John L. McCollum of Washington, D. C., visited the Lewis Manley's the past week. Mrs. McCollum accompanied Mr. McCollum as far as Haskell, but was detained there when their child became ill with measles. Mrs. McCollum, a daughter of the Manleys, is expected here soon.

Mrs. McClendon and mother, Mrs. Rogers, of Clint are visiting their sister and daughter, Mrs. Jim Hudman, this week. Mrs. Beatrice Goodman of Amarillo visited in the Hudman home Saturday night.

Mr. and Mrs. Jack Cooper of Slaton visited Mr. and Mrs. Claud Cooper Sunday.

Mrs. Coggins and children of Southland were Sunday dinner guests at the Martins.

Mr. and Mrs. Hansell Hallman and Derwood will accompany Mr. and Mrs. Bill Martin of Lubbock on a trip through Mexico, leaving Wednesday.

Mr. and Mrs. Noble Wynn spent Sunday with Mrs. Carrie Long of Lubbock.

Mrs. Royal Saunders and Joyce spent the week end at Hale Center with Mr. and Mrs. Wendell Saunders.

Eddie Crabtree of Lubbock is spending a few days in the S. D. Martin home.

Mrs. Walter Leach and son, Billy, of Blackwell, Miss Bess James of Carthage and Mr. and Mrs. Lowell King of Hale Center were Sunday guests of Mr. and Mrs. L. E. Corbell.

**First Big Gun Practice in War Games**

This photograph shows the first use of real ammunition in the Tennessee war games at Camp Forrest—the 155-mm. howitzers of the 123rd artillery using "the real stuff." The guns are shown booming behind a smoke camouflage. The 155-mm. howitzers throw a 95-pound shell some 12,800 yards, but effective range is limited to 10,000 yards.

**Adrift 6 Days**

Surviving seamen from the torpedoed 7,402-ton British freighter, Marconi, in a lifeboat approaching U. S. coast guard cutter General Greene, after six days adrift. The Marconi was in a convoy when it was sent to the bottom.

Economists estimate that more than two-thirds of all Texas farmers use short-term credit.

Texas claims more than two-thirds of the cooperative gins in the country.

Texas farmers' cooperatives have more than \$7,500,000 invested in land, buildings and equipment.

Mr. and Mrs. Delbert Alcorn of Lubbock spent Sunday in the John Taylor home.

Joy Stovall of Andrews was a Sunday guest in the S. D. Martin home. Mary Alice Martin and Dorothy Shelton returned home with her for a few days visit.

Mr. and Mrs. Earl Lancaster and boys were Sunday guests of Mr. and Mrs. Carl Foster of Lubbock. Carolyn Sue Lancaster, who had

been spending the week with the Fosters, returned home.

Mr. and Mrs. Lloyd Stewart and Nell of California are here for a few weeks visit with their daughter, Mrs. Wilbur Wood. Mr. and Mrs. Stewart and Nell and Mrs. Wood and children are leaving for Temple Wednesday to attend a family reunion.

J. L. Taylor is driving the Phillips truck now, taking his brother, Clarence Taylor's place. Clarence will be employed in Sweetwater.

There will be a "42" tournament at the Hackberry clubhouse Saturday night, July 5, benefit of the U. S. O. Admission will be 25c each.

Those who attended a picnic at the Bill Winterrowd Lake Sunday were: Mr. and Mrs. Clarence Basinger, Mr. and Mrs. Dick Craft, Mr. and Mrs. Sam Ellis and George, Mr. and Mrs. Skinny King. The afternoon's entertainment was motor-boating and surfboard riding.

**Drive Barefoot, Say State Police**

AUSTIN.—Take off your shoes and drive in your stocking feet.

That, said State Police Director Homer Garrison, Jr., today, will relieve the monotony of night driving. Cool air and the jar of pedal vibration on the feet will prevent dozing, which frequently results in serious crashes.

"It pays to have cold feet," Garrison said, "when you're bravely trying to stay awake. An open cowl will prevent one's getting too warm and comfortable."

Coffee will not help as much as a shockingly cold soft drink, he said, adding this final suggestion:

"If there's no one else along to suffer from it, you can break the monotonous purr of the motor and at the same time get in a little practice for operatic or oratorical ambitions by singing or talking loud."

## Lubbock County Makes Semi-Annual Report

The Lubbock County reports the following on cases tried before the Court since January 1, 1941:  
No. civil cases filed since January 1, 1941—100.  
Criminal cases filed—236.  
Probate cases—47.

Number civil cases tried by jury—9.  
Number civil cases tried by court—7.  
Number default judgments entered in civil cases—73.  
Number civil cases dismissed (by agreement of attorneys)—52.

Pleas of guilty in criminal cases—166.  
Tried by jury and convicted—21  
Tried by court and convicted—3.  
Tried by court and acquitted—1.  
Tried by jury and acquitted—10.  
Cases filed before January 1, 1941, and dismissed on recommendation of Liquor Control Board—26.

Of cases filed since January 1, 1941, there have been 15 dismissed on recommendation of County Attorney for permanently absent witness and insufficient evidence.  
Of cases filed as of January 1, 1941, 32 have been dismissed for insufficient evidence, and permanent absence of witnesses.

Total amount of money assessed in fines in criminal cases from January 1, 1941, to June 26, 1941—\$7,031.00.

Total amount of jail sentences from January 1, 1941, to June 26, 1941—9 years and 8 months.

Amount of money assessed in Liquor Law violation cases from January 1, 1941 to June 26, 1941 (included in above \$7,031.00)—\$4,515.00.

Jail sentences assessed in Liquor Law violation cases from January 1, 1941 to June 26, 1941 (included in above total)—9 months and fif-

## Contracts For Texas

AUSTIN.—National defense contracts let in Texas up to April 15 amounted to \$495,241,752.81, and Texans have been quick to make themselves available for employment in occupations essential to national defense, James R. D. Eddy, State Director of the National Defense Training Program, said today.

Shipyard contracts in Texas total \$181,142,452.00. These contracts cover twelve destroyers to be built at Orange, twelve cargo vessels and four steel mine sweepers to be built at Beaumont, four steel submarine chasers and thirty-seven steel cargo boats to be built at Houston, ten wood mine sweepers to be built at Orange, and an unspecified number of

teen days.  
Number Liquor Law violation cases disposed of from January 1, 1941 to June 26, 1941, (included in total number of criminal cases disposed of)—70.

wood submarine chasers at Rockport and Galveston.

With Texas forging to the front as a center for ship construction labor estimates compiled by the Texas State Employment Service indicate that the shipyards of Texas was absorb 12,000 workers within the next twelve months.

"If the flow of national defense materials is continued unhampered, it is essential that trained men be available for jobs when they are needed," Eddy declared.

## 190 LOSE DRIVERS' LICENSES

AUSTIN.—The privilege of driving was taken away from 190 persons from April 2 to June 5, it was announced today by Col. Homer Garrison, Jr., State Police Director.  
Driving while intoxicated was the offense responsible for suspension, revocation or cancellation of 115 drivers' licenses, Garrison said.

Let our Want Ads do your work

## Moth Particular As To Diet Content

Clothes moths feed on wool, hair, feather, fur, upholstered furniture and leather, but they do not eat cotton, linen, rayon, or other fabrics of vegetable fiber or silk, according to Cameron Siddall, entomologist for the Extension Service of A. and M. College.

Articles in a reasonably tight trunk, chest or wooden box can be protected perfectly during the summer by scattering between the folds of the clothing either flake naphthalene or paradichloro benzene. Either of these moth-preventatives should be separated from the clothing by sheets of thin, clean paper. Four ounces will give protection under ideal conditions, but the specialist says it pays to use more—possibly a pound—and be safe. Both chemicals are inexpensive.
