## Historic Panorama Of Slaton Is To Be Published Soon

### George Mahon Visits Army Maneuvers

George Mahon, Congressman from this District, was back in his Wash. office this week having spent three weeks visiting in various portions of his District.

Early last week while en route to Washington, he visited Army maneuvers in Louisiana where a half million soldiers are engaged in mock warfare for the purpose of increasing the efficiency of our armed forces. Mahon reported that he saw a few of the enlisted men from the 19th Texas District.

In commenting on the maneuvers, Mahon said that the West Texas boys were measuring up to their full responsibility. "It is not a pleasant task for the boys to face the severe hardships occasioned by the maneuvers," he said, "but I can testify from observation that the boys can really take it. The thing that impressed me most was the physical toughness and high moral quality of the men. The modern youth does not lack the physical stamina and the hardihood of his predecessors.

"The soldiers are the ones, and about the only ones, who are making real sacrifices for national defense. They deserve 100 percent cooperation from labor and capital and from the people generally."

Mahon is a member of the War Department Appropriations Committee, and he visited the maneuvers in company with Army officials and other Committee members.

### Slaton - Muleshoe Clash Today

The Slaton Tigers will play the Muleshoe Yellow Jackets in the first conference game, today. The game begins at 3:00 and it will be the first encounter for the Tigers this year. The game with Floydada, scheduled for last Friday, was not played, due to rain.

The star line plunger, Elzo Collier, is ill and does not expect to play in the game. R. C. Brackeen, who was Collier's substitute, has joined the Marines, leaving this position to be filled by an inexperienced man for this game.

The football boys will leave Slaton at 11:30 and the band will leave at 12:30. This will be a tough bunch to beat, it is said, but the Tiger spirit is booming as always and the school is backing the team 100 per cent.

### Work To Begin On Santa Fe Project

Work on the flood protection project of the Santa Fe Railway at Friona, Texas, will start next Monday, J. A. Gillies, general manager of the Santa Fe Western Lines, Amarillo, announced today.

The project will entail dyking and bridging including approximately 200,000 yards of grading. Necessity for the protective measure developed during last season's heavy rains which rushed through Frio draw, flooding railway property and the town of Friona and causing considerable damage, Gillies said.

Upon the basis of surveys recently completed by railway engineers bids were invited by T. A. Blair, chief engineer, Western Lines, for the contract awarded this week to Cook and Ransom, Ottawa, Kansas, who were the lowest bidders.

The construction centering around Frio Draw is to be under the immediate supervision of J. G. West, assistant engineer on Blair's staff. Under the proposed plan the dyking and bridging will serve as protection of the railroad property against flood threats which seriously hampered operations last season. It will also tend to serve as a protective measure for private and public properties in the vicinity.

The project is scheduled for completion in about 40 working days and in ample time before the rainy season this year, according to the engineering office.

### FEATURE EDITION OF SLATONITE TO COVER MANY HISTORIC POINTS

The Greater Slaton Edition of the Slatonite, which was announced in last week's issue, is going forward in fine shape, and—judging by the city-wide interest that has already been manifested in this issue, it should prove to be the most comprehensive and worthwhile publication ever to come from the local presses.

The ladies of the Bandmothers Association, promptly got into motion, on their huge editorial task, and have already secured some 30 feature stories to be used in the Greater Slaton edition.

Among the histories already completed are fine feature stories of all the churches; the various social and civic clubs; the public schools, lodges, industries; as well as interesting reviews of the agricultural and commercial developments and progress in the entire area contiguous to Slaton.

Many oldtimers have come forward with material which will add much to the interest and historical value of the forthcoming edition.

### Agreement Made With Phone Co.

At a meeting of the City Commission last Monday night a Contract Agreement was made with the Southwestern Bell Telephone Co. whereby the Telephone Company is to pay the City of Slaton 2 per cent per year of their gross income for the use of the streets, alleys, etc., for telephone poles, wires and equipment.

Other subjects of routine nature were discussed.

### Repairs Being Made On School Buildings

The first grade at West Ward will soon have a newly remodeled room with one-third more floor space and a better lighting effect, which is being made possible by the moving of the stage in the auditorium over to the Junior High auditorium. This was made necessary by the large enrollment of first grade students. The library in the Junior High building will be placed at the opposite end of the room from its present location and several new shelves will be added to make room for magazines. The stage will be placed in the old library location.

Several changes and replacements have been made on the playground and the swings have been repaired. The basketball goals have been rebuilt and the courses marked. The tennis courts have also been remodeled.

### DEPARTMENT STORE STOCK MEETING TO BE HELD SOON

D. R. Reid, who is working on the proposed Department Store for Slaton, says that a major part of the stock for the store has been agreed upon and that a meeting of the stockholders will be called in the near future, at which time directors and officers will be selected.

### Rescued Yankee Fliers Land in British Port

Five American fliers who were en route to England to fly for the R.A.F. and who were rescued when their ship was torpedoed. Four other Americans were drowned. The rescued men, who landed at a British port, are, left to right: Norman Echor of Kansas City, Tom Griffin of Mississippi, Jack Gilliland of Kansas, James Jordan of San Francisco and Rivers Greve of Georgia.

More and more, fine feature stories are being completed daily, and production of the edition is well under way.

From present indications the edition should include at least 50 feature stories pertaining to the history of Slaton and the Slaton area. While much space will be devoted to paying a deserved tribute to the pioneers and founders; most of the edition will concern itself with plans and proposals for the Greater Slaton of the future.

Civic and business leaders, are working hand-in-hand with the Chamber of Commerce, in preparing articles about the practically attainable enterprises and improvements for our city and section. The Publisher and editors feel confident that these efforts and activities on the part of Slaton's citizens, will result in the production of an edition that should be of inestimable value in the building of a "Greater Slaton".

### Sham Battle Will Be Staged At Fair

When the governor of Texas goes to Amarillo to open The Tri-State Fair, Monday, September 29, he'll have a busy day.

Gov. Coke Stevenson will be guest of honor at a public breakfast to be held at 8 o'clock that morning in the Herring Hotel, open the fair at 9:45 o'clock; address high school students before noon; attend a Kiwanis luncheon, then hold press interviews and attend a barbecue in his honor between 4 and 6 o'clock at the old Jack Hall ranch.

Other distinguished visitors to be at the fair in Amarillo during the week will be Capt. Charles Rosendahl, noted naval officer, who will be there Thursday and Governor John E. Miles of New Mexico, who will attend the exposition on the closing day, October 4.

Uncle Sam will display part of his military might at The Tri-State Fair in Amarillo.

The defense display a special event, will consist of a sham battle between land and air forces with the regular army from Fort Bliss participating.

More than 500 officers and men and more than 100 pieces of mechanized equipment, including anti-aircraft guns, sound detectors, range-finders, big batteries of searchlights, "jeeps" and planes, will be at the exposition one day only, Friday, October 3.

### STEVENSON MADE CHAIRMAN

Washington, D. C.—Secretary Morgenthau has announced that Governor Coke Stevenson of Texas has accepted Honorary Chairmanship of his State Committee for organization of the Treasury's National Savings Program.

The Committee headed by the Governor is now projecting a statewide campaign to further the sale of Defense Savings Bonds and Stamps.

### Program Announced By AAA Chairman

Loans on the 1941 sorghum crop are available this year for the first time in Texas, Mr. C. E. Lilley, chairman of the Lubbock County AAA Committee, has announced.

The purpose of this kind of loan, which will be made to producers who complied with acreage allotment provisions, is to aid producers in holding their feed and seed supply and in marketing their surplus in an orderly manner, the AAA committeeman said. A similar loan has already been announced on barley.

For No. 1, grade grain sorghum in farm structures, the loan rate has been set at 40 cents per bushel while 38 cents will be paid for No. 2 sorghum. On nos. 3 and 4 grades, the prices have been set at 35 cents and 30 cents respectively, and "mixed" grain at 2 cents less per bushel. Grain with moisture content in excess of 13 percent, if stored on farms, and 14 percent if stored in elevators, as well as weevily or smutty grain, will not be eligible for loans, Mr. Lilley explained.

Warehouse-stored grain will be about 7 cents per bushel less than farm stored grain, the AAA official said, since storage charges will be paid by the CCC on grain sorghum delivered to the Corporation.

As in the case of wheat and barley, applications for loans will be handled through the County AAA committees, and may be made to approved lending agencies or the Commodity Credit Corporation. Loans will be available up to January 31, 1942; and all notes will mature on demand or June 30, 1942, the chairman said.

### It Is Guns Not Gadgets Now!

It will be guns and not gadgets for many manufacturers according to the Government's Buffalo Plan and they say that Christmas Gifts will be Defense Bonds instead of Gadgets.

In Buffalo in late July, 3,600 workers in three automobile plants were laid off while their factories were being re-equipped to produce airplanes for defense. The retooling job will take six or eight months.

This is just one of the many changes that are taking place as the full impact of additional national defense and lend-lease appropriations hits out national economy. More than 2,500,000 additional workers will be needed in primary defense industries by next summer, doubling the present number.

Associate Director-General Sidney Hillman sent experts from the Labor Division, Office for Production Management, to Buffalo by airplane. They talked to labor and school officials, and holders of large defense contracts, and developed what has come to be called "The Buffalo Plan."

### New Chevrolet Showing Here

The first showing of the new 1941 Chevrolet Automobiles is being held at the Crow Harrah Chevrolet Co., today and tomorrow.

"We are fortunate in being able to get a show car and will be glad to have everyone who is interested in automobiles come in to see it," said O. O. Crow.

A description and picture of the new Chevrolet is being shown in another part of this paper.

### Fair Boosters Visit Slaton

A bus load of music and entertainers visited Slaton about 8:30 Tuesday morning in the form of a South Plains Fair Boosters delegation.

After a tour around the square a musical program was held and the representatives made visits to the business institutions where they distributed advertising material on the South Plains Fair in the form of circulars and rulers.

### FREE OVERNIGHT CAMP GROUND FOR MEXICANS ALMOST READY

At the regular meeting of the Chamber of Commerce last Tuesday night a report was made by the committee in charge of the Mexican camp ground in which they reported that sanitation facilities had been established, the grounds cleared and a large sign in Spanish posted so that the transient Mexicans can readily find the Free camping site.

Efforts are being made to arrange for a store to be established at the grounds where the Mexicans can get staple food and articles that they desire. Signs written in Spanish have been posted on the

main highways leading into Slaton, directing the Mexicans to Slaton and the prospective needs of the farmers for Mexican help have been tabulated so that the labor problem for this section should be much easier solved this season than ever before.

The idea for the Free Overnight Camping ground for Slaton was suggested to the Chamber of Commerce several months ago by K. L. Scudder, and if it proves as successful as indications promise, it should make Slaton a center for labor employment during the cotton picking season.

### Pioneer Club Holds Annual Flower Show

The Daughters of the Pioneer Study Club held its annual flower show and food sale Saturday, September 20th, at the bandstand on the city hall lawn. Many bouquets were exhibited, and the judges, Mrs. J. S. Bates, Mrs. R. H. Todd and Mrs. W. R. Lovett, awarded blue ribbons for first place and red ribbons for second place to the following:

- Dahlias  
Large, 1st, Mrs. M. L. Turnbow; 2nd, Mrs. P. P. Murray.  
Formal, 1st, Mrs. Turnbow.  
Ornamental, 1st, Mrs. T. G. McEver.  
Pompom, 1st, Mrs. Murray.  
Marigolds  
1st, Mrs. Turnbow; 2nd Mrs. Chas. Marriott.  
Spanish Daisies  
1st, Mrs. McEver.  
Blue Mountain Daisies  
1st, Mrs. McEver; 2nd, Mrs. J. O. Young.  
Assorted Grasses  
1st, Mrs. McEver.

- Roses  
1st, Mrs. H. G. Sanders; 2nd, Mrs. J. A. Elliott.  
Honorable Mention:  
Daisies—Mrs. W. E. Smart, Mrs. H. G. Sanders, Mrs. J. I. Drewry.  
Dahlias—Mrs. Bates, Mrs. Murray.  
Angel Trumpets—Mrs. McEver.  
Roses—Mrs. Smart.  
Petunias—Mrs. Drewry.  
Nasturtiums—Mrs. Drewry.  
Asters—Mrs. Bates.  
Bachelor Buttons—Mrs. J. O. Young.  
Cannas—Mrs. Turnbow.  
Ornamental Pepper—Mrs. McEver.  
Lantanna—Mrs. McEver.  
Zinnias—Mrs. C. P. Tubbs.

A number of pot plants were exhibited. The Club wishes to express its sincere thanks for the cooperation of the public in this annual event.

### Grasshoppers Come To Slaton

Grasshoppers by the thousands appeared over Slaton Thursday afternoon and attracted the attention of many people on the streets. While some damage from the insects may be expected, experts from the Texas Technological college in Lubbock say that it is probably too late in the season for them to become a serious menace.

The insects were flying at great heights yesterday afternoon, which is unusual for grasshoppers, as they usually migrate close to the ground.

### DEFENSE STAMP SALE INCREASES

WASHINGTON, D. C.—Sale of \$4,453,748 in Defense Savings Stamps during August showed an increase of 30 per cent over sales for July, the Treasury Department has announced.

Total sales for the four months since the Defense Savings Program started on May 1 last were:

May	\$3,475,070
June	2,802,345
July	3,288,283
August	4,453,748

### Cotton Crop Still Looking Excellent

J. L. Collins reports that farmers say that while the worms have done considerable damage that the crop prospects are still good in this section. The worms are going back into the cocoon stage and by the time the eggs have hatched out again the cotton should be so far advanced that further damage will be unlikely from this source.

Many of the farmers are concerned over the labor situation as the cotton crop in the southern part of the state is from thirty to forty days late while the crop in this section is about twenty days late and there will be an overlapping time at the beginning of the picking season when the transient laborers will be needed in all localities where cotton is being grown.

"We are preparing for a bumper crop," says Mr. Collins, "but anything can happen and we've got out fingers crossed."

### Slaton Students To Enter Contest

The Slaton Chamber of Commerce appointed Paul Stevens, Jack Norman and A. M. Jackson, last Tuesday night, to work with M. S. Kavanaugh, superintendent of the Slaton Independent School District, on a "Home Town Speech Contest," to be held at the West Texas Chamber of Commerce Meeting in Midland in November.

The contest is a regular feature of the West Texas Chamber of Commerce where they award liberal cash prizes to the High School Students who make the best speeches on their home town.

There are several preliminary elimination contests held by districts and the Slaton Chamber of Commerce voted to allow \$7.50 each to the two contestants in the Slaton School who are chosen best and the expenses of the one who wins first place will be paid to the District Contest that will be held in Lubbock between now and the time of the main contest. Should the Slaton entry win first place in the Lubbock Contest, the expenses of our contestant will be paid to the West Texas Chamber of Commerce meeting in Midland.

The subject to be discussed has been changed this time to "My Home Town and Defense."

### Jeff Custer To Show New Pontiac

Jeff Custer, dealer for Pontiac cars, announces that he will have a new Pontiac on display at his place of business Monday and invites the public to come and view this beautiful new 1942 model.

Mr. Custer states that he is going to be limited on the number of cars that he will be able to obtain this year, and it will be well to come and see this new line of cars and buy early, so you will not be disappointed in securing a new one for 1942.

"The new line of Pontiacs embodies many new features. They are beautiful in design, perfect in performance," says Mr. Custer.

### 25 To Graduate In First Aid Course

Over 25 men of Slaton are taking a First Aid Course under the direction of Dr. W. E. Payne. With three more lessons to go there will be 25 men in Slaton and surrounding vicinity who will be able to render first aid to anyone who is injured.

The course is being sponsored by The Slaton Fire Department under the leadership of Fire Chief Elbert Wilson. It consists of ten lessons as prepared by the Red Cross and covers First Aid treatment of ordinary wounds, aid for near drowning, electric shock, automobile wreck injuries, usual home injuries and how to transport injured to hospitals.

Alice Marble of California, assistant director of civilian defense in charge of physical training for women, looks over some civilian defense insignia. Miss Marble was formerly national singles tennis champion.

### Former Slaton Man Recovering From Accident

W. W. Simmons, brakeman for the Santa Fe Railway, formerly of Slaton now living in Clovis, was injured when 41 stock and refrigerator cars of a 102-car freight were derailed last Friday night, 100 miles west of Clovis on the Santa Fe lines.

Simmons was dragged from beneath the body of a steer. He leaped from the train as the engine left the track and when he was rescued the water from the leaking boiler was rising up around him. He is in the Clovis Hospital with a broken arm and leg and is expected to recover normally.

Two transients were killed in the accident and are listed as Eugene Hodges, 16, McAlester, Oklahoma, and Elin Pearson, 21, Minneapolis. The cause of the accident was traced to a rock wedged between the rail and crossing timbers.

### Five Residents Of Flats Jailed

In a drive on the section of Slaton known as the Flats the police department made five arrests Saturday night and put three Mexicans and two negroes under arrest.

The Mexicans were arrested for fighting and the negroes for gambling.

All of those arrested have paid fines or made arrangements to pay and the jail is once more open for occupancy.

### ATTENDS DISTRICT MEETING AND BANQUET

Harry Stokes, agent for Phillips 66, and L. L. Lively, Van Stokes, Julian Nesbitt and Levie Melcher attended a District meeting of Phillips 66 at Lubbock Monday, and banquet at Lubbock Hotel, Monday night.

**JUST TALK**

by  
A.M.J.

Here is one that Allan Payne had in the News and Views last week:

Dr. Payne: "Drink water freely and it will keep you from becoming stiff in the joints."

Zeke: "But Doctor, some of the joints don't serve water."

Slaton has many advantages not found in the average town. Visitors here always admire the well kept lawns, the tree lined residential streets and the metropolitan appearance of the people. The credit of much of this probably should go to the employees of the Santa Fe Railroad. Slaton is a good town to live in and I have talked to many, many people who have lived here at one time or another and I have never found one who would not like to move back to Slaton.

Slaton owes much to such men as H. R. McKee, Hugh Adair, S. A. Peavy, W. T. Cherry, L. B. Hagerman, Bill Lovett, C. L. Heston, John Hannah, J. J. Niehoff, Uncle George Marriott, J. E. Rucker and many others men who have helped make our town one of the best home-towns in all the nation.

The revenue brought to Slaton through the Santa Fe activity is our greatest asset but the advantage of having men like those who work for the Santa Fe cannot be figured in dollars and cents and Slaton is indeed fortunate in having the social and moral support that these people hold so high.

Whether its the weather, the war, the cotton crop, my wife's snoring or just my conscience that is bothering me I don't know what but I don't sleep so well. Sheep counting

does not seem to help and I've even tried getting up to read but that brings on complications with the dogs outside and my wife inside the house. If anyone has suggestions besides taking carboic acid I'd like to have them.

There is no telling what a man will plant when he gets the gardening or fruit tree planting hobby. Mrs. J. H. Brewer says that in the spring of 1940 J. H. planted half his farm in watermelons and had so many of them that he had a hard time giving them away. But this did not discourage Mr. Brewer for he went right back this year and has another big crop of watermelons.

If there is anything I care less for than I do plums it is grapes but when I got the planting fever several years ago I planted three plum trees and a half dozen grape vines. We moved before the plums ever produced but the grapes I planted were so sour that they made my hair curl when I tried to eat them, however I did force down a few and probably would have tried to eat the plums if I had stayed there until they ripened. J. H. probably cares about as much for watermelons as I did the grapes but I'll bet he has had the tummy ache several times this summer from eating watermelon.

Did you ever try to keep a diary? It's a sissy business but it certainly does give one an outlet for pent up emotions.

Keeping a diary was a part of some special study I once took and while I doubt that the study did me any too much good the diary gave me an opportunity to tell the people I worked for and those who displeased me, just what I thought of them. Several nights ago I took the diary out and read it over. A number of people I was displeased with then have since turned out to have been my best friends, many of them who were so important in my life are far away and forgotten and the troubles I worried about never came to pass.

It is like a story told about President Lincoln. A man came to him and asked his advice about a letter. The letter was a masterpiece of venom and insults and Lincoln complimented the man upon it. "That's all I wanted to know said the letter writer, I'll mail the letter today."

"No, I would not advise you to mail the letter," said Lincoln, "I write a great many like that myself but I never mail them, but just the same it is a fine letter and I know you enjoyed writing it."

Just what do most people eat for breakfast? Most people get into a groove of bacon and eggs or just toast and coffee. My breakfast of cereal, toast and coffee has gotten so regular that I eat it automatically like a horse eating corn. Life seems to move in a groove and most of us follow a routine so closely that you can bet on just what time each man will be at the post office and when each housewife will be washing dishes.

Regardless of how much I would like to have something different for breakfast I feel myself cheated when I do not get my cereal and when I eat breakfast in a restaurant I

nearly always order cereal, toast and coffee. If there is anything to the cereal companies' claims about vitamins I must be loaded to my tonsils with vitamins, but I do wish I could find something that I would enjoy more.

These are unusually trying times. Between the war, defense, football, storms, rain, leaf worms, charity drives, bond sales and visits from my wife's relatives, I keep myself in a constant state of whoopla. So far, I have not been able to get any one of the problems settled, but I am still putting in a lot of extra time and am expecting to have them all worked out by spring.

At the present rate of speed and with the uncertain predictions for the future, the booby catcher from the insane asylum will soon be able to fill all the institutions in the nation with people who think they are Napoleon or Mary Queen of Scots.

Another proof that most anything from bananas to adam's apples will grow on the South Plains has been proven by Mrs. Paul Murray who raises some unusual fruits and nuts and Jeff Custer, who goes in for adams apples.

Mrs. Murray is probably the only grower on the South Plains who has experimented with raising almonds and has succeeded in growing a hardy almond tree that is bearing a big crop of nuts. Not only has she raised almonds but also has several apple trees that she grew from seedlings that are bearing delicious fruit.

The quality of Jeff's adams apple has never been tried out but from its outside appearance it should take a prize in most any adams apple contest in the nation.

Slaton is either being infested with squirrels or we have one squirrel that does a lot of traveling. There is one squirrel that pays us a visit every day or two and Dr. Loveless says there is one that comes to his home, J. J. Niehoff reports his wife has him buying peanuts by the bushel to feed a squirrel that makes regular visits to his home and several other people have mentioned a squirrel around their homes.

There is no telling what kind of animals may invade this section. We may look out some morning

and find a moose or two grazing on our hedge, which would suit me fine, or a dinosaur eating the top out of our apricot tree. With toothpick melons, almonds and figs being grown successfully here we may be able to give the cotton crops over to the worms next year and go in for hunting squirrels and raising nuts.

**New Chevrolet Now On Display**

New massiveness, contributing to the smartest styling ever designed for the nation's No. 1 sales volume motor car, characterizes the Chevrolet offering for 1942, according to company engineers. The new car is presented in three lines ranging from an economy model that incorporates unusual refinements to a luxury line surpassing all previous presentations in the lowest-price field.

As in past years, the new car is presented in the Master Deluxe and Special Deluxe series. The Fleetline series, introduced mid-season last year in sedan only, is represented again by sedan, known as the Sportmaster, and the new Fleetline six-passenger Aerosedan, said to be one of the most attractively styled models in the entire showing.

The same attention to finished

detail that is apparent in the exterior of the new models is noted at once inside the car. Smart styling, fine materials, and excellent design have produced the most beautiful and comfortable interiors that Chevrolet ever has offered.

Though wheelbase on all models is unchanged from 1941, remaining at 116", stylists have set the overall length at 195 7/8", creating a long, low, sleek car that combines sweeping lines with a generally rugged appearance. Complete new front-end treatment, handled harmoniously, does much to convey an impression of greater size and increased sturdiness throughout.

A new, lower, wider, more massive grille with its heavier bars gives an instant impression of bigness, while the blunter, deeper hood, front splash shield, and more widely spaced Sealed Beam headlights contribute to that effect. Greater length is indicated at once by the new elongated front fenders, which flow back into the front doors, swinging with the doors as they are opened. The new fender design permits desirable clean, smooth surfaces. An ingenious touch is the new foot scrapper at the front running board step pad, created by a triangular extension of the new fenders.

Because the unusually successful Chevrolet engine developed for 1941 is retained with only minor refinements for the new year, power output remains virtually the

same, assuring the same high performance characteristics so generally acclaimed last year. Axle ratios and tire sizes likewise are unchanged, insuring hill-climbing ability, acceleration, and general over-all performance at the 1941 level. Fuel and oil economy, long a Chevrolet trait, is also thus assured.

Much broader and deeper than before, the new hood extends back to the front edge of the front door, displacing the former cowl side panel and making a cleaner line. Hood side panels are integral with the hood top and are raised with it, facilitating greater access to the engine compartment. The same "driver-control" method of unlatching the hood is retained from last year. Smart simplicity keynotes the hood louvers, which appear to be extensions of the body belt molding, tapering out from that molding to a projection of

about 1 1/2" at the hood front.

## Our Weekly Sermon—

How Righteous Are You?  
By Rev. Ralph E. Stewart, Associate Director of WMBI, Chicago.

Text: "For Christ is the end of the law for righteousness to every one that believeth."—Romans 10:4

Someone has said that God's righteousness is that righteousness which His righteousness requires Him to require. God has revealed His righteousness through His Son Jesus Christ. Unless we can own a righteousness as pure and holy and as free from the guilt of the law as we find in Jesus Christ, then our mouths must be stopped and our ears open to hear God's way.

God's Word says, "All we like sheep have gone astray; we have turned everyone to his own way, and the Lord hath laid on Him (Jesus Christ) the iniquity of us all." Many in the apostle Paul's day were substituting self-righteousness for that which God offers. Such self-righteousness we find in the heathen as they fasten their prayers on a windmill and believe that the thousands of times they go around on the windmill somehow give the pray-ers a better chance before their god. They have their counterpart in Christian lands.

But man is too low to be saved by his own righteousness. His moral stature is too short to attain the rewards of righteousness and holiness. However far along the ladder of mortality he has come, he cannot attain unto full perfection; therefore his is short. And "Whosoever shall keep the whole law, and yet offend in one point, he is guilty of all" (James 2:10).

What can we do then? Accept the righteousness that Christ offers. The prodigal son wandered in the far country and graduated with a degree of H and H—hogs

and husks. But when he came to himself, he went back home. Though he had spent all his inheritance, he had faith that the father would pity him enough to give him a job. The father received him home—not as a prodigal, but as a son.

"The grace of God that bringeth salvation hath appeared to all men, teaching us that, denying ungodliness and worldly lusts, we should live soberly, righteously, and godly, in this present world; looking for that blessed hope, and the glorious appearing of the great God and our Saviour Jesus Christ; who gave himself for us, that he might redeem us from all iniquity, and purify unto himself a peculiar people, zealous of good works" (Titus 2:11-14).

Salvation means getting the holiness of heaven into the soul, and the soul into the holiness of heaven.

## Week Of Services Will Begin Sunday

Evangelism is the theme of the week of preaching at the First Presbyterian Church, beginning Sunday, September 28, and closing with the morning service, Sunday, October 5. Evening services will be held all through the week, including Saturday, beginning at 7:30 p. m. The public is cordially invited to attend all the services. The subjects for the evening services are listed below, subject to change:

Sunday—Materialism or God?  
Monday—Despair or Faith?  
Tuesday—Sin or Salvation?  
Wednesday—Death or Life?  
Thursday—Selfishness or Love?  
Friday—Pleasure or Character?  
Saturday—Rejection or Acceptance?

The church will participate in the observance of World Wide Communion at the closing service of the week, on Sunday morning, October 5.

## Presbyterian Ladies Auxiliary Meets

Ladies of the Presbyterian Auxiliary met for a regular meeting in the home of Mrs. H. E. Howard Monday, September 22. The devotional was held by Mrs. Clifford Simmons and Mrs. W. S. Bradshaw was in charge of the topic, "South of the Rio Grande", which was a study of missionary work. The next meeting will be October 13 in the home of Mrs. P. T. Gentry.

## COOPER NEWS

Juanita Coston, Correspondent

The Seagraves High school gridsters ran roughly over Cooper, at Seagraves Friday night, 44 to 6. Seagraves scored three touchdowns in the first period, and led 26-6 at halftime. Brock led the Seagraves scoring with four touchdowns, getting started early in the game when he intercepted a Cooper pass and ran 35 yards for a touchdown. Harris and Smith were credited with one touchdown each. Harris scored another touchdown that was ruled out because of a rule infraction. Morris was an outstanding performer for Cooper.

Visitors in the home of Mr. and Mrs. Malcolm Colthorpe Monday were Mr. and Mrs. H. E. Davis of Crowell and Mr. and Mrs. W. C. Grey of Ralls. Mrs. Colthorpe, Davis and Grey are sisters.

Miss Lorene Cummins spent Saturday night with Miss Kathryn Robertson.

Mrs. T. C. Workman and Ann have returned from a four day trip in Oklahoma and East Texas, where they visited relatives. Mrs. Maines of Ada, Okla., returned with them.

Mr. Thetus Workman spent Sunday in the home of Mr. and Mrs. Wayne Townsend of Slaton.

Visitors in the H. M. Cade home Saturday night and Sunday were Mr. and Mrs. V. L. Cade of Carlisle, and Mr. and Mrs. A. E. Cade of Tahoka.

Mr. and Mrs. J. B. Wells and family have recently moved from our community to Slaton.

Mr. and Mrs. Malcolm Colthorpe visited in Ralls Sunday.

Mr. and Mrs. J. B. Wells are the parents of a baby girl born Thursday night. The child was named Wanda Kay.

Mrs. Malcolm Colthorpe spent the week end in Lubbock with her daughters, Faye and Lucille.

Mrs. Raymond Burford attended the first fall meeting of the Lubbock County Vocational Home-making Teachers association, which was held Monday night at Ho-

tel Lubbock.

A daughter weighing 8 pounds and 3 ounces was born at 6:08 o'clock Tuesday morning in the West Texas hospital to Mr. and Mrs. Joe Schramm.

Mrs. F. H. Griffin was hostess to the Union Home Demonstration club recently, when the group met for a discussion of "Citizenship."

Mrs. W. B. Jeter reported on a recent council meeting and Mrs. H. M. Cade gave a financial report.

Thirty minutes of interesting games were led by Mrs. R. D. Presley and Miss Althea Siefert. Refreshments of punch and cake were served to 19 members and two visitors.

The club is preparing an exhibit to be shown at the Panhandle-South Plains Fair in October. The next club meeting will be with Mrs. Jeter on Oct. 2.

Mr. and Mrs. H. L. Mota visited in the home of Mr. and Mrs. R. L. Goode Sunday.

Mr. and Mrs. J. M. Johnson and son, Dale, visited in the home of Mr. and Mrs. D. W. Gill Sunday.

Mr. and Mrs. L. D. Bruce and children visited Mr. and Mrs. Clyde Mote Sunday afternoon.

Mr. N. H. Cummins, Charlie Cummins and Mrs. Jones from Muleshoe visited in the home of Mr. and Mrs. R. L. Cummins Sunday.

Miss Nell Taylor was seriously cut when a jar broke while canning and cut a gash in her side. Several stitches had to be taken. She is back in school now.

Mrs. C. B. Barrett suffered a foot injury when she stepped on a nail last Saturday night at her home.

The new Baptist church is almost completed in the Slide community. It will be open for services soon.

The Seniors ordered their rings Friday morning. They hope to get them within a month.

Mr. and Mrs. Joe Webb entertained Mr. Andy Brownfield with a dinner on his birthday Sunday.

The Baptist women met Monday

and organized a W. M. U., with the help of Mrs. Wells of the Baptist Association in Lubbock.

The Methodist people met Tuesday to discuss plans for their new church.

Mr. and Mrs. G. E. Lowe of Lubbock visited in the home of Mr. and Mrs. Jack Powers Sunday.

## Not Enough Students For Class In Latin

Last spring a check was made to find how many students would be interested in taking a course in Latin for this year. 25 students listed their names as prospects for the class. Upon enrolling this year only 12 students signed up for the subject. A little later, all but five dropped it. Of course, it is impossible to offer a course to only five students, as it would prove expensive. The course will be offered again next year and it is hoped to get a large group of students interested in the course. Anyone interested in pre-med. or work of any related fashion, should take latin.

A wood-charcoal filter for gas masks said to have a special capacity for absorbing poisonous

gases has been developed in the government's Division of Food Products.

## POSEY ITEMS

Mrs. S. N. Gentry, Correspondent

Mr. and Mrs. W. C. Arnold entertained with a party Friday night, for Mrs. Arnold's class. Games were played and refreshments served to Misses Betty Ross Maeker, Estelene and Dorothy Fine, Marie Neu, Nadine Hart, Phyllis Williams and Joyce Johnson; Messrs. R. J. Schuette W. M. and Joseph Joplin, James and Boyd Belcher, Herbert New, Earl Johnson, Billy Don Townsend, Oscar Johnson and Guy Gentry.

Some cotton has begun to open in our community. Farmers are busy heading maize, cutting feed, and shocking. With a few weeks of fair weather the feed should be harvested and cotton pulling will be ready. Cotton pullers will be in demand as the cotton crop will be heavy.

Mr. Lewis Joplin and Miss Beatrice Burns eloped to Clovis, N. M., Sept. 23rd. Lewis is the son of Mr. and Mrs. W. M. Joplin and Beatrice is the daughter of Mr. and Mrs. W. E. Burns.

The Posey boys and girls were disappointed Friday night after going to Floydada to see the Slaton-Floydada football game, and found it had rained at Floydada too much for the boys to play.

Mr. E. C. Hayes father of Raymond Hays, passed away Saturday. Mr. Hayes lived at Slaton at the time of his death and was a former Posey resident.

Mary Pearl Pierce of Lubbock spent the week end with her grandparents Mr. and Mrs. Homer Kelley. Mary Pearl has recently moved to Lubbock with her mother, Mrs. Marcella Pierce, who is a nurse in the Lubbock Sanitarium. She is attending the K Carter school.

Georgia Nell Briefer of Roosevelt spent the week end with her grandparents, Mr. and Mrs. Jess Shafer.

Supt. O. P. Clark of Lubbock presided at the Methodist quarterly conference at Posey Sunday afternoon. He delivered a sermon on "The Church". Before the business session, sacrament was taken by the members. Yearly reports were given by the charges and Ladies' Society of Christian Service.

A group of Posey ladies met in the home of Mrs. T. A. Johnson Tuesday for an all day quilting. Two quilts were quilted for Betty Johnson, a recent bride of Melvin Johnson.

There will be a singing at the school Sunday, immediately following the League, at 8 o'clock. Visitors are always welcome.

Mrs. O. R. Patterson has received word that her brother, Jack Lokey of Lubbock, who is in a Dallas hospital, is not doing so well. Mrs. Patterson plans to go to see him this week.

Travis Gentry sustained painful burns this week in his home, caused from hot grease spilled from a frying pan.

Mr. O. L. Clark of Gallup, New Mexico spent the weekend with his family.

Mr. J. C. Tucker of Anton spent Saturday and Sunday with his parents, Mr. and Mrs. I. C. Tucker.

Mrs. J. V. Young returned Monday from Bonham, where she visited her mother.

Rev. and Mrs. Ellis Todd of Wilson visited Rev. and Mrs. H. B. Coggin Monday.

Mrs. Bertha Noack is moving to Lubbock Wednesday.

C. C. Jones and family of Lubbock visited the Hubert Fousts Tuesday.

## BIBLE STUDY.

The Tuesday Bible Study will meet at 2:30 p. m., at the Methodist Church.

Lesson: The Inspiration Of The Scriptures.

The testimony of Christ to the Old Testament.

(1) The inspiration of the Pentateuch and Mosiac authorship.

(2) The supernatural stories of the Old Testament are true.

(3) The Psalms and prophetic books are inspired.

(4) Jesus Christ taught verbal inspiration.

The testimony of Christ in the New Testament.

(1) He said ye cannot receive the revelation now.

(2) He promised the revelation should be completed after his departure.

(3) He chose certain persons, His witnesses, to receive such revelations.

(4) Knowing in advance what they would write, He gave their words the same authority as His own.

MRS. S. S. FORREST, Teacher.

## Personals

Mrs. Mabel Greer spent the week end with Mr. and Mrs. Cecil H. Greer and family of Fort Worth. Mr. Greer is her son.

James Thornton will spend the week end in Pampa.

Mr. L. E. Mitchell of San Simeon, California and Mrs. Tenna Laskey and son of San Francisco, California have been guests of Mr. and Mrs. R. T. Williams this week.

Guests in the home of Mr. and Mrs. D. L. Pritchard over the week end were Mr. and Mrs. John O. Pritchard of Clovis, New Mexico. Mr. and Mrs. D. L. Pritchard have recently moved to Slaton from Amarillo. They spent several

months in Slaton two years ago.

**ANNOUNCING THE NEW 1942 Pontiac Sixes AND Eights\***

*New streamlined Sedan Coupe in Pontiac's lowest-priced line.*

- Triple-Cushioned Ride—even further improved—is still yours in 1942.
- New Bodies by Fisher equal in quality—even exceed in beauty those of any previous Pontiacs.
- Vital engine parts—pistons, bearings, connecting rods and crankshafts—are unchanged for 1942.
- For even easier handling, travel of the gearshift lever has been reduced 30 per cent.
- While riding comfort has been improved by greater over-all length and weight, gas and oil economy is the same.
- For 1942 Pontiac front wheel brakes have been increased in size and all four brakes are now triple-sealed against dust, dirt and water.

\* ONLY \$25 MORE FOR AN EIGHT IN ANY MODEL!

**Surprisingly Advanced** in style and luxury, the new Pontiac Sixes or Eights for 1942 today come sweeping into the spotlight—refreshingly new in appearance, but still the same fine, faithful Pontiacs in time-tried quality.

Two series of new Pontiacs include ten widely varied models—among them a Sedan Coupe in the lower-priced series.

New features are many. And in every instance, they represent actual improvement resulting from progress in design. We invite you to come in now to give these new Pontiacs your most thorough and critical inspection. You will find Pontiac today, more than ever, the *Fine Car with the Low Price!*

**Proud To Be Doing Our Part**

Pontiac is doing its part for National Defense by building a new type of rapid-fire cannon for the United States Navy. Two complete plants have been devoted to the exclusive manufacture of these cannon. Thousands of skilled craftsmen have been trained to operate the highly technical machines. Over two hundred sub-contracts have been awarded in order to get necessary materials in the shortest possible time. Of course, this means building fewer cars—but Pontiac places defense work ahead of everything else.

**Caution!**

Do not use Prestone or Firestone Anti-Freeze over and over from year to year. Drain and discard anti-freeze solution in the spring and put in a fresh filling every winter. It is just good for one winter's driving. If you want to be absolutely safe, we will perhaps have an early winter. Be safe.

**Don't Wait**

And be sorry or disappointed in not being able to get it.

## Pioneer Lady Celebrates 81st Birthday Saturday

In celebration of her 81st birthday, September 20th, Mrs. A. B. Robertson, 705 South Ninth, was the recipient of a fine birthday dinner and many gifts. The dinner was given by her children and their families.

Mrs. Robertson is a pioneer of Slaton, having begun her residence here in 1911, when she and her husband, the late Col. A. B. Robertson, built the large brick home on the V ranch about eight miles east of town. The birthday dinner is another aspect of an annual celebration, presided by her children, grand-children, great-grand-children, sons and daughters-in-law.

Those attending the birthday dinner Saturday were her sons, A. L. Robertson and Briggs Robertson of Slaton; Poole Robertson of Abilene, and her daughter, Mrs. W. H. Sewell of Slaton.

Grandchildren, William R. Sewell of Levelland, Wade Robertson and Sug Robertson of Slaton, and David Robertson, son of Poole Robertson, of Abilene. Great-grandchildren, Robert Sewell and James William Sewell, sons of Wm. R. Sewell of Levelland. W. H. Sewell of Slaton, Mrs. A. L. Robertson and Mrs. Sug Robertson of Slaton; Mrs. Poole Robertson of Abilene, Mrs. W. R. Sewell of Levelland and a cousin of Mrs. A. B. Robertson, Mrs. Luther Sadler of Abilene. Three grandchildren unable to attend were Mrs. Kenneth Kimbro of Austin, Briggs Robertson, Jr., and Poole Robertson, Jr., who are attending college at Tarleton and A. and M. All present expressed a merry time at the home-coming and a sincere wish for many more.

## ART CLUB WILL MEET

The Slaton Art Club will meet in the home of Mrs. C. F. Anderson Tuesday, September 30 at 2:30 p. m. for its first meeting of the year with Mrs. J. R. McAtee as joint hostess. The club will have a distribution of yearbooks.

Mr. Jimmie Flemmons spent last Thursday in Big Spring.

## Mrs. Godeke To Be Guest Speaker

The Slaton Federated Clubs will have a Federation Day meeting Saturday, September 27, at 3:00 p. m., at the clubhouse, with committees from the separate clubs as hostesses.

Mrs. H. F. Godeke of Lubbock, President of the 7th District of Federated Clubs will be guest speaker for the group.

The program for the day will be a series of musical and literary offerings by the different clubs.

Organizations taking part are: The Junior Civic and Culture Club, Daughters of Pioneer Study Club, Civic and Culture Club, 1940 Study Club and Wednesday Study Club.

## Win One Class Has Regular Meeting

The Win One Class of the Methodist Church met Friday afternoon in the home of Mrs. Joe Walker with Mrs. L. W. Smith and Mrs. J. R. Thompson as co-hostesses.

Mrs. E. V. Woolever gave the devotional. Mrs. Bob Rhoads led in prayer. Officers for the year were elected. Mrs. Pinkston was elected teacher, and Mrs. L. B. Johnson assistant teacher. President, Mrs. L. W. Smith; vice president, Mrs. Bob Rhoads; 2nd vice president Mrs. Jerry Mudgett; social secretary and treasurer, Mrs. Henry Maxey; class secretary, Mrs. E. V. Woolever. Sunshine sisters' names were revealed and new names drawn.

Refreshments were served to Mesdames Mudgett, Custer, Able, Hord, Rhoads, Sledge, Wilson, Barry, Swafford, Bibrey, Brown, Lewis, Johns, Houston Woolever, Pinkston, Rucker, Taylor, Smith and the hostesses.

## Mrs. Hendrix Is Honored With Party

Mrs. Earl Hendrix was honored with a birthday party in the home of Mrs. Ira McCarver Sunday night. Games were played and gifts were presented to the honoree as a surprise.

Refreshments were served to Mesdames P. M. Wheatley, Bert Benton, Jean Allen, T. K. Martin, G. W. Orr, D. G. Keese, Miller, Jiggs Hendrix, Delma McCollum, Arms, Wicker, Honery, the honoree and the hostess.

## Business Meeting Held By Sub Debs

The Delta Sigma Sub Deb Club met in the home of Miss Mary Ann Schmidt, Saturday, September 20, for a business meeting.

Refreshments of coffee, doughnuts and mints were served from a lace covered table centered with yellow flowers and white candles. Members attending were: Misses Conne Henry, Doris Clifton, Maxine and Gerry McMillan, Gwendolyn Hanna, Mary Mann Sargent, Melba Ruth Appling and the hostess.

## O. E. S. To Sponsor 42 Party Tuesday

Slaton O. E. S. will sponsor a 42 party at the clubhouse Tuesday night, September 30. The admission will be 25c for a couple and the public is cordially invited to attend. All members are especially urged to be present.

Annual Memorial Program. The Southland O. E. S. will be guests of the Slaton Chapter No. 585, October 14, at the annual memorial program, to be held in the Masonic hall. The presence of all members is requested.

## Home Demonstration Club Has Meeting

Mrs. Cleta Young was hostess to ten members of the Slaton Home Demonstration Club Wednesday afternoon at the club house. The club voted to elect officers on the first meeting in October.

Mrs. P. M. Wheatley told the group, "In selecting a hat, a classic hat will go well with most costumes and therefore is the best buy."

Miss Clara Pratt, County Home Demonstration Agent, prepared and served roast beef. She said that meat should be cooked in an oven not higher than 325 degrees fahrenheit.

Mrs. W. K. Fry of Amarillo is visiting her mother, Mrs. J. N. Harlan this week.

## Officers Elected At First Meeting

The Band Mother's club met in the first meeting of the year September 8th at the band house with Mrs. J. B. Stevens presiding. The following officers were elected; President, Mrs. A. P. Wilson; Vice president, Mrs. C. W. Young; Treasurer, Mrs. G. A. Brown; Secretary, Mrs. Stevens.

Business was turned over to Mrs. Young as Mrs. Wilson was not present to accept the president's office. Mrs. Homer McDonald was appointed uniform chairman to succeed Mrs. C. L. Tanner. Rental on the band suits was set at \$3.25 per suit per year to be paid when the suit is issued. Mrs. J. S. Bates was appointed finance chairman. Meeting recessed to meet again at ten o'clock Saturday morning at the home of Mrs. Steven's. Before the business session coffee and doughnuts were served to those attending.

Since the elected president declined the office, Mrs. Stevens presided over the business session to elect a new president, Mrs. Brown. Mrs. R. C. Sanner was elected treasurer to fill the vacancy left by Mrs. Brown.

The president appointed Mrs. Stevens reporter and Mrs. Young as representative with the president from the club to Band Board of Control.

Rummage sales were discussed and a committee was appointed to investigate the best place to conduct them. This work will get under way very soon so as to be ready when the cotton pickers arrive. Any one having old clothes of any sort, and especially coats or sweaters, will do the band mothers a favor by letting them know so they may call for them.

Mrs. R. L. Smith, Mrs. E. J. Kenney and Mrs. Bates were appointed to work with Mrs. Hensley on a plan for band members to share expenses on cars making band trips out of town.

It was decided to change the name of the organization from Band Mothers Club to Band Parents Club and try to get more fathers to attend the monthly meetings.

A committee of Mrs. Bates, Mr. Young and Mr. Smith was appointed to find what could be done to improve streets and entrances to band house.

Mrs. C. L. Tanner was presented with gift as a token of appreciation for her loyalty and service to the band since its organization.

The next meeting will be first Monday night in October.

## Circle Has Meeting In Teague Home

The Martha Circle of the Baptist W. M. S., met in the home of Mrs. J. H. Teague Jr., Monday, Sept. 22, at 3:00. Eleven members and one guest were present.

The opening prayer was given by Mrs. W. O. Bowen, with Mrs. R. H. Bailey, chairman, in charge of the business session. Mrs. George Marriott was leader of the Bible study, taken from Isaiah. Mrs. O. O. Crow lead the benediction.

The next meeting will be October 13 in the home of Mrs. Bentley Page.

Reverend J. Paul Stevens, Pastor of the First Presbyterian Church, attended a meeting of the Amarillo Presbyteria last week in Amarillo.

## Junior High News

### MISS WATKINS' 7TH GRADE.

The Seventh Grade sponsored by Miss Watkins, elected the following officers for September: Claire Matthews, mayor; Edna Mathis, assistant mayor; Loreta Lawrence, secretary. Representatives to the Citizenship Club are: Ann Payton, Billie Ruth Pate Otis Neil Johnson, Junior Huskey and John L. Everette.

### NEWS IN SPORTS

The Cubs play their first football game of the season Thursday at Post. The game begins at 4 o'clock, and will be a tough one. The boys have been working hard through this week and hope to win.

The starting line up will be: Ends, Kenneth Jobe and Grady Burnet; tackles Otto Eckles and Edwin Martin; guards, Billy Reed and Bill Green; center, Bobby Ray Stevenson; half backs, Grady Elders and Earl Roberts; quarterback, Freddie Schmidt; fullback, Dwayne Walters. Reserves, Elmer Taylor, Rister Jenkins, Junior Huskey, Marlee Holloman, Brian Sartain, William Deaver and Burt Loring.

### EIGHTH GRADE NEWS

The eighth grade pupils in room 9 held their room Citizenship Club meeting at the regular time on Tuesday, while the big Citizenship Club was in session.

The meeting was conducted by Bobby Burnett, mayor, with Cleo Joyce Keese, secretary. The following honor table students were elected by the room: Tom Gregory, W. E. Kercheval, Mary Bell Jones, Betty Jane Dickson.

### MISS YEATS' ROOM.

The Citizenship Club in Miss Yeats' room discussed danger on the slides, good manners at school, and health problems. Health officers for the room were elected.

### 8TH GRADE ENTERTAINED.

Mrs. Wheatley and Mrs. Faulkner entertained Mr. Harvey's home room last Thursday evening, with a watermelon feast at the City Park. A good time was had by all, especially Bill Green and Mr. Harvey, both of whom seem exceedingly fond of watermelon. After the feast, games were played for about an hour. The class is looking forward to more parties and picnics later on.

### CITIZENSHIP CLUB.

The Citizenship Club held its regular meeting on Tuesday. Students expressed appreciation for the cooperation that had been given in keeping cars off the school grounds. Plans are being made to solicit the aid of the city scrapers in getting the ruts smoothed out.

Problems discussed at the meeting were: Cooperation with mayors of the different rooms; cleanliness in the building and on the school grounds; courtesy on the playground; upholding the standards of citizenship.

The officers for the month are: John Schmidt, president; Dorothy Davis, vice president; Marian Wilson, secretary.

### MERCY HOSPITAL REPORTS.

The Mercy Hospital reports this week, Mrs. F. A. Drewry, Shirley Jones, and Mrs. Alice Gallimore, who underwent major surgery. Mrs. J. Stephens, Mrs. R. T. Mitchell, Mrs. O. W. Lemon, Mr. E. R. Legg, Mrs. Ray W. Ricker, and Mrs. J. B. Henson underwent minor surgery. Mrs. W. L. Boyd and Clarence Phillips were given medical treatment. Bobby Robbins of Southland was an accident case.

Mrs. J. D. Saunders Sr. is ill at her home this week.

## Mrs. Wilson Is Hostess To Club

Mrs. Silas Wilson and daughter, Janet, were hostesses to the 1940 Study Club at their home Thursday afternoon.

The Club, having completed the course of study prescribed for last year, was given a review by Mrs. D. I. Skelton. After the business session, the hostesses served refreshments in the dining room, with Miss Wilson pouring coffee and tea for the fourteen members present.

The next meeting will be on Federation Day with Mrs. C. C. Cramer and Mrs. P. M. Porter as hostesses representing their club. The meeting will be at the clubhouse, with Mrs. H. F. Godeke of Lubbock as guest speaker.

## Librarians Organize

The Senior High school student librarians met Thursday, September 18, 1941, to organize a club. The officers were elected as follows: President Mary Alice Johnson; vice president, Dorothy Jean Jones; secretary, Jerry Simmons; reporter, Melvin Powers; program committee, Billy Avent, Dorothy Jean Jones and Melvin Powers.

The club meets every Thursday afternoon at 3:30 o'clock. It was decided that a social be given every first Thursday night of each month.

"Chief" Topics  
by the SCOUT

The Santa Fe Railway System carloadings for the week ending Sept. 20 1941, were 22,669 compared with 21,379 for the same week in 1940. Received from connections were 9,208 as compared with 6,537 for the same week in 1940. The total cars moved were 31,877 compared with 27,916 for the same week in 1940. The Santa Fe handled a total of 32,041 cars during the preceding week this year.

The Santa Fe Railway is among the Class 1 railroads having on order many thousands of cars in the program to keep pace with public and national demands. The Class 1 carriers had 92,033 freight cars on order Sept. 1, of this year, according to the Association of American Railroads had placed 49,134 new cars in service during the first eight months of the year.

Troop 28 Meets Every Thursday night with Scoutmaster, Odie Hood.

Troop 29 Meets Every Friday Night, 8:00 o'clock, with Scoutmaster R. S. Lewis.

LUBBOCK, Sept. 25.—The annual South Plains Fair, October 6 to 11, here will attract many persons to the Boy Scout exhibit in the Boy Scout building with

with one of the best expositions in history planned, according to Jimmie Wilson, superintendent of the exhibit.

Last year more than 30,000 persons were actually counted passing into the exhibit. The goal for 1941 is 40,000. Troops of the South Plains Council are invited to enter a booth and Scouts and Cubs are encouraged to enter the individual events for prize ribbons. These events are:

For Boy Scouts: Archery, model airplanes, bird houses, Indian Lore, leaf collections, leathercraft, metal work, neckerchief slides, photography, reptile study, woodcarving and woodwork.

For Cubs: Scrapbooks, soap-carving, beadwork, miscellaneous collections, leathercraft and woodcraft.

Prizes of \$10 for first, \$7.50 for second and \$5 for third will go to Troops and \$5 for first and \$2.50 for Packs in the booth and individual total points. A silver trophy will go to the out-of-Lubbock Troop with the best booth and another to the in-Lubbock Troop, Wilson said.

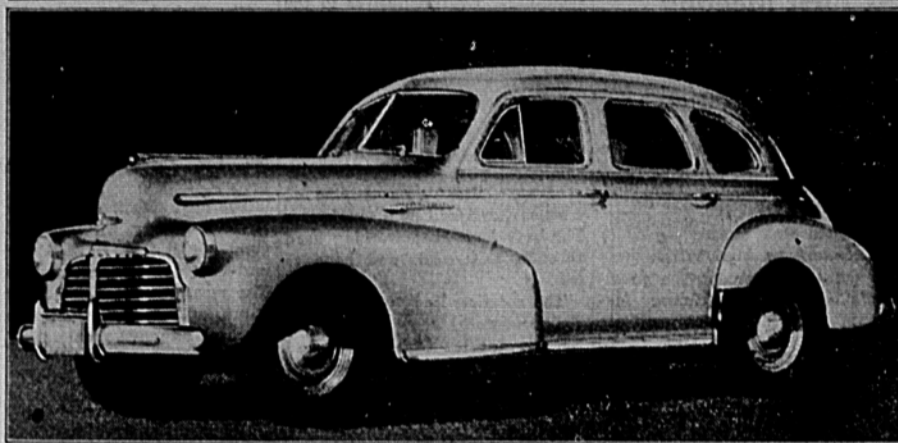

Reservations are to be made to Wilson at 400 Myrick building, Lubbock, Texas.

Troop 22's American Legion Boy Scouts were tops in the annual Camporall at Lubbock Friday and Saturday in which 750 Scouts from 20 counties participated. The Pine Tree Patrol won the high honors with 1507 points. Next was Troop 5's Rattlesnakes from First Christian church, Lubbock while eight other Patrols won "A" rating.

Scouts camped Friday night at Texas Tech, saw the Lubbock-Fort Worth football game, held a campfire that night, took part in the field events Saturday morning, toured to the new air base, rode on a boat in Buffalo Springs Lake Saturday afternoon and were guests of Texas Tech in the Abilene Christian College football game Saturday night.

Dr. James E. West, Chief Scout Executive of the Boy Scouts of America, New York will visit Texas for the first time, coming to Lubbock, Thursday, October 23. Scouts, Cubs and all will be able to hear him that day it was learned today.

### Dickson Says Watch Your Poultry Flock

This is a mighty particular time of year with your poultry flock. Parasites of all kinds are numerous. "With young pullets coming into production, it is time to rid them of all kinds of parasites," says Mr. Dickson, proprietor of the Dickson Produce.

Upon close examination of your henhouse you may find mites, fleas, etc., in the cracks and crevices, as well as on the fowls themselves. "Also poultry flocks will develop colds very easily during this damp weather, as well as many other diseases that will develop into something serious if allowed a free hand. Visit your hen house at night and listen for wheezing, hard breathing, etc., among your hens. If you detect any trouble, get busy at once," says Mr. Dickson.

We call your attention to the Dickson Produce ad on this page, recommending their poultry tonics, etc., and they are all standard remedies.

### When Girl Chases Boy She Must Be Subtle

IN the all important matter of getting a man, many's the young miss who feels the only way to do it is to run after him. Perhaps she's right. But she's wrong if she makes her man hunt obvious.

If a girl is forced to chase a man, she should be subtle about it, writes Dorothy Walworth in the October issue of Good Housekeeping. She should try to make it appear as if she really weren't, for it's the nature of man to take a lot of trouble winning a woman. If he doesn't appear to have any trouble winning you, he'll feel cheated and think less of you. You'll feel cheated too, because it's woman's nature to want to be won.

Keeping this in mind, Miss Walworth has a few suggestions to make. Remember that men don't want to be caged or possessed. Therefore don't be eager or gushing. Give your boy friend the impression that you are interested in him only for the purpose of friendship not marriage. If he is sufficiently interested in you, matrimony will occur to him in time. And don't telephone him any oftener than you must. Don't be a pest. Be brief, too. The briefer you are the more he will feel he has a lot to say to you and want to make a date in order to say so. Don't under any circumstances, let him think that your voice on the phone always means a date.

### POSITIONS FOR GRADUATES

Hundreds of unfilled employment calls annually prove the popularity of the associated Draughon Colleges with employers. Eight free South-wide placement bureaus insure graduates wider employment contacts. Thousands of graduates now holding important positions.

Now is the time to prepare for WINTER

Get Your Coal at SLATON COAL & GRAIN

### Complete Courses Are Obtainable On Short Time

At the present time positions all over the country are opening and are waiting to be filled by young men and women who are business minded and who have had secretarial or stenographical training. Due to the defense program thousands of positions are available that have never before been open. Civilian jobs left by men going to army camps are being taken by women, who have completed short business courses on limited schedules in order to relieve employers of the strain of a scarcity of workers. It is possible to accomplish a great amount of business training in a very short time due to advanced classes. In this section as well as all over the United States, firms are asking for experienced men and women.

One of the most advanced institutions on the South Plains, aggressive in stenographical work is Draughon's Business College. They offer the best in experienced teachers and training equipment. Everyday graduates are securing positions with the help of Draughon's employment department.

The fall classes are now being organized and those who contemplate attending a business school are invited to write or see Draughon's at Lubbock where literature and full details can be secured.

Texas produced 37,576,000 pounds of creamery butter during 1939. The 1939 farm milk production for Texas was 1,966,000,000 quarts, according to figures compiled by the dairy industry.

**ORDINANCE NO. 99**  
 AN ORDINANCE WHEREBY THE CITY OF SLATON, TEXAS, AND THE SOUTHWESTERN BELL TELEPHONE COMPANY AGREE THAT THE TELEPHONE COMPANY SHALL CONTINUE TO ERECT AND MAINTAIN ITS POLES, WIRES, ANCHORS, CABLES, MANHOLES, CONDUITS, AND OTHER PLANT CONSTRUCTION AND APPURTENANCES ALONG, ACROSS, ON, OVER, THROUGH, ABOVE AND UNDER ALL PUBLIC STREETS, AVENUES, ALLEYS, PUBLIC GROUNDS AND PLACES IN SAID CITY, UNDER REGULATIONS AND RESTRICTIONS AND THAT THE CITY SHALL RECEIVE AN ANNUAL PAYMENT AND THE RIGHT TO USE CERTAIN FACILITIES OF THE TELEPHONE COMPANY, ALL AS HEREIN PROVIDED:

WHEREAS, the Southwestern Bell Telephone Company, hereinafter referred to as the "Telephone Company," is now and has been engaged in the telephone business in the State of Texas, and in furtherance thereof, has erected and maintained certain items of its plant construction in the city of Slaton, Texas, hereinafter referred to as the "City" for many years pursuant to such rights as have been granted it by and under the laws of the State of Texas, and subject to the exercise of such reasonable rights of regulation under

the police power as have been also lawfully granted by and under said laws to said City; and

WHEREAS, it is to the mutual advantage of both the City and the Telephone Company that an agreement should be entered into between the Telephone Company and the City establishing the conditions under which the Telephone Company shall operate in the City.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY OF SLATON, THAT:

**SECTION 1—CONSTRUCTION AND MAINTENANCE OF TELEPHONE PLANT AND SERVICE.**

The poles, wires, anchors, cables, manholes, conduits and other plant construction and appurtenances, used in or incident to the giving of telephone service and to the maintenance of a telephone business and system by the Telephone Company in the City, shall remain as now constructed, subject to such changes as under the limitations and conditions herein prescribed may be considered necessary by the City in the exercise of its lawful powers and by the Telephone Company in the exercise of its business of furnishing telephone service; and the Telephone Company shall continue to exercise its right to place, remove, construct and reconstruct, extend and maintain its said plant and appurtenances as the business and purposes for which it is or may be incorporated may from time to time require along, across, on, over, through, above, and under all the public streets, avenues, alleys and public grounds and places within the present limits of the City and within said limits as the same from time to time may be extended, subject to the regulations, limitations and conditions herein prescribed.

**SECTION 2—SUPERVISION BY CITY OF LOCATION OF POLES AND CONDUIT.**

All poles to be placed shall be of sound material and reasonably

straight, and shall be so set that they will not interfere with the flow of water in any gutter or drain, and so that the same will interfere as little as practicable with the ordinary travel, on the street or sidewalk. The location and route of all poles, stubs, guys, anchors, conduits and cables to be placed and constructed by the Telephone Company in the construction and maintenance of its telephone system in the City, and the location of all conduits to be laid by the Telephone Company within the limits of the City under this ordinance, shall be subject to the reasonable and proper regulations, control and direction of the City Commission or of any City official to whom such duties have been or may be delegated.

**SECTION 3—STREETS TO BE RESTORED TO GOOD CONDITION.**

The surface of any street, alley, highway, or public place disturbed by the Telephone Company in building, constructing, renewing or maintaining its telephone plant and system shall be restored within a reasonable time after the completion of the work to as good a condition as before the commencement of the work and maintained to the satisfaction of the City Commission, or of any City official to whom such duties have been or may be delegated, for one year from the date the surface of said street, alley, highway, or public place is broken for such construction or maintenance work, after which time responsibility for the maintenance shall become the duty of the City. No street, alley, highway or public place shall be encumbered for a longer period than shall be necessary to execute the work.

**SECTION 4—OPERATION AND MAINTENANCE OF TELEPHONE PLANT.**

The Telephone Company shall maintain its system in reasonable operating condition at all normal times during the continuance of this agreement. An exception to this condition is automatically in effect when service furnished by the Telephone Company is interrupted, impaired, or prevented by fires, strikes, riots, or other occurrences beyond the control of the Telephone Company, or by storms, floods or other casualties, in any of which events the Telephone Company shall do all things, reasonably within its power, to do, to restore normal service.

**SECTION 5—TEMPORARY REMOVAL OF WIRES.**

The Telephone Company on the request of any person shall remove or raise or lower its wires temporarily to permit the moving of houses or other bulky structures. The expense of such temporary removal, raising or lowering of wires shall be paid by the benefited party or parties, and the Telephone Company may require such payment in advance. The Telephone Company shall be given not less than forty-eight hours advance notice to arrange for such temporary wire changes.

**SECTION 6—TREE TRIMMING.**

The right, license, privilege and permission is hereby granted to the Telephone Company, its successors and assigns, to trim trees

upon and overhanging the streets, alleys, sidewalks and public places of the City, so as to prevent the branches of such trees from coming in contact with the wires or cables of the Telephone Company, and when so ordered by the City, said trimming shall be done under the supervision and direction of the City Commission or of any City official to whom said duties have been or may be delegated.

**SECTION 7—ANNUAL CASH CONSIDERATION TO BE PAID BY THE TELEPHONE COMPANY.**

To indemnify the City for any and all possible damages to its streets, alleys, and public grounds which may result from the placing and maintenance therein or thereon of the Telephone Company's poles, conduits, or other telephone equipment or apparatus, and to compensate the City for its superintendence of this agreement, and as the cash consideration for the same, the Telephone Company agrees to pay to the City annually during the continuance of the agreement a sum of money equal to two per cent (2 per cent) of the annual gross receipts for the preceding year received by the Company from the rendition of local exchange telephone transmission service within the corporate limits of the City. The first payment hereunder shall be made April 1, 1942, and shall equal in amount two per cent (2 per cent) of the gross receipts received from January 1, 1941, to December 31, 1941; and thereafter payment shall be made annually on April 1, as herein provided.

**SECTION 8—PAYMENT OF CASH CONSIDERATION TO BE IN LIEU OF ANY OTHER PAYMENTS EXCEPT USUAL GENERAL OR SPECIAL AD VALOREM TAXES.**

The City agrees that the consideration set forth in the preceding section hereof, shall be paid and received in lieu of any tax, licenses, charge, fee, street or alley rental or other character of charge for use and occupancy of the streets, alleys and public places of the City; in lieu of any pole tax or inspection fee tax; in lieu of any easement or franchise tax, whether levied as an ad valorem, special or other character of tax; and in lieu of any imposition other than the usual general or special ad valorem taxes now or hereafter levied. Should the City not have the legal power to agree that the payment of the foregoing cash consideration shall be in lieu of the taxes, licenses, charges, fees, rentals, and easement or franchise taxes.

**SECTION 9—FACILITIES TO BE FURNISHED CITY AS ADDITIONAL CONSIDERATION.**

In addition to the consideration set forth in Section 7, the Telephone Company shall hold itself ready to furnish, subject to the use of the City, such wire space as may be required from time to time by the City upon the poles now owned or hereafter erected by the Telephone Company in the City for the use of the City's police and fire alarm system; provided that the required wire space shall not exceed the wire capacity of one cross arm on any one pole. The location on the poles of this fire and police wire space shall be determined on specific applications for space, at the time the applications are received from the City, and will be allotted in accordance with the considerations for electrical construction of the United States Department of Commerce, Bureau of Standards. In its wire construction on the Telephone Company's poles, the City will follow the suggestions and requirements laid down for wire construction in the Rules and Regulations of the Bureau of Standards of the United States Department of Commerce. Where conduits are laid or are constructed by the Telephone Company, said company shall hold itself

ready to furnish sufficient duct space not to exceed capacity of one duct for use by the City in carrying its police and fire alarm wires. All such wires, whether on poles or in conduits, shall be constructed, maintained and operated in such manner as not to interfere with nor create undue hazard in the operation of the telephone system of the Telephone Company. It is further agreed that the Telephone Company shall not be responsible to any party or parties whatsoever for any claims, demands, losses, suits, judgements for damages or injuries to persons or property by reason of the construction, maintenance, inspection or use of the police and fire alarm wires belonging to the City, and the City shall insure, indemnify and hold the Telephone Company harmless against all such claims, losses, demands, suits and judgements.

**SECTION 10—ATTACHMENTS ON POLES AND SPACE IN DUCTS NOT HERE AFFECTED.**

Nothing in this ordinance contained shall be construed to require or permit any electric light or power wire attachments by the City or for the City, nor to require or permit any electric light or power wires to be placed in any ducts used by the City in the Telephone Company's conduits. If light or power attachments are desired by the City or for the City, or if the City desires to place electric light or power wires in any duct used by the City, then a further separate non-contingent agreement shall be a prerequisite to such attachments or such use of any duct used by the City. Nothing herein contained shall obligate or restrict the Telephone Company in exercising its right voluntarily to enter into pole attachment, pole usage, joint ownership, and other wire space and facilities agreements with light and power companies and with other wire using companies which may be privileged to operate within the City.

**SECTION 11—PERIOD OF TIME OF THIS ORDINANCE—TERMINATION.**

This agreement shall be in force and effect for a full term and period of twenty (20) years from and after its effective date hereinafter provided.

**SECTION 12—NO EXCLUSIVE PRIVILEGE CONFERRED BY THIS ORDINANCE.**

Nothing herein contained shall be construed as giving to the Telephone Company any exclusive privilege.

**SECTION 13—SUCCESSORS AND ASSIGNS.**

The rights, powers, limitations, duties and restrictions herein provided for shall inure to and be binding upon the parties hereto and upon their respective successors and assigns.

**SECTION 14—PARTIAL INVALIDITY AND REPEAL PROVISIONS.**

If any section, sentence, clause or phrase of this ordinance is for any reason held to be illegal, ultra vires or unconstitutional, such invalidity shall not affect the validity of the remaining portions of this ordinance. All ordinances and agreements and parts of ordinances and agreements in conflict herewith are hereby repealed.

**SECTION 15—ACCEPTANCE OF AGREEMENT.**

The telephone company shall have sixty (60) days from and after the passage and approval of this ordinance to file its written acceptance of the same with the City Secretary, and upon such acceptance being filed, this ordinance shall effectuate and make

binding the agreement provided for by the terms hereof and shall be in effect as in the charter of the City provided.

Approved this 22nd day of September, A. D. 1941.

(seal) J. H. TEAGUE, Mayor.

**BALANCED FARMING**  
 Calls for  
**BALANCED FEEDING**

A balanced farming program of crop and livestock production requires the feeding of livestock on well-balanced rations. Your year-round farm income is increased by feeding your grain and roughage in rations balanced by COTTONSEED MEAL.

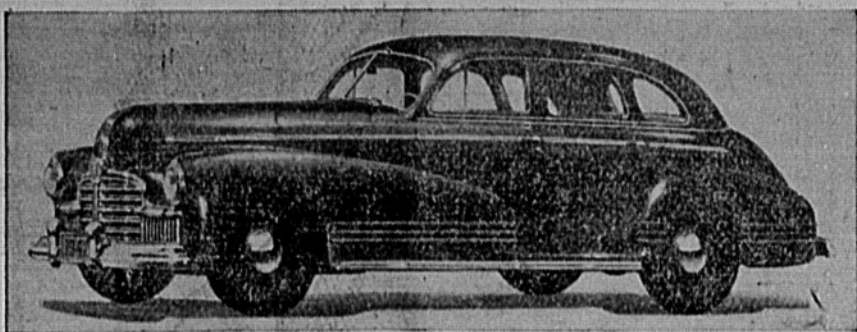

**BALANCED FEEDING**  
 Calls for  
**COTTONSEED MEAL**

The feeding value of your grain and roughage, and your PROFITS, are increased by using Cottonseed Meal to supply essential protein, in balanced rations.

**FREE FEEDING BULLETIN**

**WEST TEXAS COTTONOIL CO.**

1942 Pontiac Torpedo De Luxe Four-Door Sedan... 119-inch wheelbase, either six- or eight-cylinder engine. Restyled and redesigned appearance-wise. Important mechanical changes. Note the long front fenders, the new front end, with wider radiator grille and wider bumpers. Over-all length 3 inches greater.

**Auto Casualties Should Be Safe-Guarded Now**

One of the most monotonous things that can occur, is to step on the starter of your car some morning and find there is no response. It is wise and efficient to guard against such casualties by having competent workmen care for your car. Good workmen know that the right parts are essential and they can get good parts for all models at O. D. Kenney's. Now is a good time to have your car checked for the winter months. A complete line of parts are available at the present time. Defense program reports are, that the wisest thing to do is to prepare your present automobile to withstand several years of use.

O. D. Kenney advises you to overhaul your car or tractor with necessary accessories while the prices are still low. Kenney carries a complete line of auto and tractor parts, and can give you any information on needs for your car.

Mrs. I. C. Tucker left Wednesday for a visit in Clovis, N. Mex.

**CLINIC REPORT**

A son, William Loyd, to Mr. and Mrs. Robt. Fluitt of Post, Rt. 2.

Mrs. Tilman of Eldorado, Oklahoma is a guest in the home of Mr. and Mrs. G. L. Sledge.

**New Pontiac To Be Shown Here Monday**

The new Pontiac automobiles for 1942 will have their initial showing in Slaton Monday, at Jeff Custer Service Station, Jeff Custer announced today.

Although this is a year when improvements are least expected, Pontiac engineers and production men have restyled the appearance and added several worthwhile mechanical improvements to produce a line of cars for 1942 that are worthy successors to the greatest year in Pontiac history.

Styling which Pontiac introduced two years ago with great success is continued in a fleet of two basic lines of models—the Torpedo with seven body models on the 119 inch wheelbase chassis and the Streamliner with two bodies on the 122 inch wheelbase chassis. Also, there are two Streamliner-Chief-tain models with several added style features.

Same Bore And Stroke

Without change in wheelbases, styling experts have increased the all around impression of greater size by only slightly increasing the overall length and rebalancing the front end design appearance-wise.

From the front the greater mass effect is produced by making the front bumpers four inches wider; spacing the headlamps ten inches farther apart; by redesigning the radiator grille and making it nine inches wider; by longer, horizontal parking lights, and by broadening the nose of the hood two inches on the Torpedo and three inches on the Streamliner.

Lengthwise, the styling is accentuated by making the front fenders 50 per cent longer, sweeping them back midway into the doors. Added to this is the horizontal, triple-ribbed front fender reinforcing heads, twice as long as last year continuing on across the rear fenders both fore and aft of the wheel openings.

Although actual overall length is increased only three inches, this artistic arrangement of masses and lines cleverly multiplies the increase.

"Edge Lighting" Featured

A rich brown mahogany swirl finishes the surface of instrument boards, garnish mouldings and door panels. Burma-copper with chrome trim is the finish used on the radio grille at the center of the instrument board, the dials on the new instrument panel at the left and the electric clock at the right.

Brown mahogany garnish moulding panels extend along the inside from windshield to rear seat cushion. Wide wine-colored leather kick pads protect doors, the front of the rear seat cushions and the front of the front seat frame.

Pedals, gearshift lever and steering column are finished in Santone brown. Clear Lucite plastic covers the horn button. A mahogany finish ash tray with plastic finger pull is placed in the center of the front seat back on all four door sedans, while there are dual ash trays in the arm rests of sedan coupes and two-door sedans.

Seven Body Styles

The two-door sedan coupe, which set a record in the Streamliner series of 1941 by being the first two-door car to out-sell a four-door sedan, has been added to the Torpedo line. Another surprise addition to the Torpedo line is the new convertible sedan coupe. Besides these two models are the business coupe, sport coupe, two-door sedan, four-door 4 window sedan and the four-door 6-window sedan. These fourteen models give Pontiac its greatest variety of model appeal in its lowest price class.

**The Movie Reporter**

Jack Benny, the greatest comedian of our time, makes his bow in Brandon Thomas' immortal comedy, "Charley's Aunt," which 20th Century-Fox will present Tuesday, Wednesday and Thursday at the Palace Theatre.

Jack has been cast in the title role of this long-time laugh favorite, and it promises to be the

most hilarious and most unusual of his career.

The story is that of the fellow who helps out two college pals by masquerading as his friend's aunt. While clothed as the aunt, he chaperons two young ladies and receives two proposals of marriage. Then, at the height of his impersonation, the real aunt comes upon the scene. How he and his friends get out of their predicament makes for one of the funniest comedy climaxes.

Preview audiences hailed Jack Benny's performance and have called him the funniest thing in skirts. Kay Francis is the real aunt who turns up at the wrong time and James Ellison is the friend who needs the help.

The Brandon Thomas farce from which this screen comedy has been adapted is one of the most popular stage plays of all time. It has been shown more times than any other play with the single exception of "Hamlet". Translated into seventeen different languages, it has scored a hit in every one.

In the forty-nine years since it was first shown in London, there has always been at least one company playing "Charley's Aunt" somewhere.

An impressive cast of laugh provokers have been placed in the other supporting roles to make this the funniest comedy of the year. Among the others in the cast are Edmund Gwenn, Anne Baxter, Reginald Owen, Arleen Whelan, Laird Cregar, Ernest Cossart, Richard Haydn and Morton Lowry.

Archie Mayo directed "Charley's Aunt" from the screen play by George Seaton. It was produced by William Perlberg.

Several Slaton residents attended a meeting of the Eastern Star in Lubbock recently, they were: Mr. and Mrs. Bill Layne, Mesdames R. W. Scott, C. T. Scroggins, Mabel Greer, W. S. Bradshaw and Arthur.

Mr. and Mrs. Raymond Johnson returned Monday from New Mex-

ico. Mr. Johnson reports plenty of rain and falling in the eastern part of that state.

**CARD OF THANKS**
