Canadian Shipyards Deliver The Goods

In this photograph an automatic oxygen torch cuts through thick ship's plate in a West Coast Canadian shipyard where 10,000-ton cargo ships, are built. Canada's shipbuilding program calls for an outlay of more than 550 million dollars. Merchant ships completed this year will equal the total for British shipyards. More than 150 10,000-ton freighters have been ordered. In addition to smaller cargo vessels, corvettes, minesweepers, patrol boats, crash boats and motor torpedo boats. Keels for two Tribal class destroyers have been laid in Canadian yards.

Besides all this construction 30 vessels have been equipped to defend themselves at sea, including three passenger ships now serving as auxiliary cruisers. The shipbuilding industry, composed of 17 major shipyards and 53 smaller boat yards employs more than 40,000 men.

Gas Hoarding Big Hazard

AUSTIN, Oct. 2.—Civic leaders in the promotion of fire prevention are facing a heavy handicap of increased hazards to overcome during Fire Prevention Week, Oct. 4 to 10, declares Marvin Hall, State Fire Insurance Commissioner.

Innumerable fire hazards were created in a number of Texas cities last week when unfounded rumors, spreading at an almost unbelievable rate, told of proposals to impose gasoline rationing with out notice. Citizens rushed to filling stations to buy gasoline and take it home in any type of container available.

The buying raid on gasoline dealers took place several days before official announcements said nationwide rationing of motor fuel would probably be made effective in November.

"Every person in Texas who is hoarding gasoline has automatically voided fire insurance on his property," Commissioner Hall announced.

T. A. Worley Jr. Now In Training

Fort Benjamin Harrison, Ind., Sept. 25, 1942.—Pvt. T. A. Worley, Jr., of Slaton, Texas, arrived at the Finance Replacement Training Center here recently to begin his basic training in finance. Upon completion of an intensive field training program, he will study army pay methods.

Pvt. Worley is the son of Mrs. T. A. Worley, 705 South 11th St. Slaton. Prior to his enlistment, he was a bookkeeper for the Apache Exploration Co., and the Pawnee Royalty Co., at Houston, Texas.

APPEAL FOR HELP AT RED CROSS ROOMS

Red Cross is again appealing to women to work at the Red Cross Sewing Rooms. Many more workers

DO NOT BE A SABOTEUR

The destruction of property through carelessness is just as much the act of a saboteur as if the act were premeditated and planned...the destruction of property regardless of its cause is a help to our enemies and all of those who are allowing fire hazards to continue that could be eliminated are not only inviting destruction to their own valuable property but they are also endangering other property much of which cannot be replaced until Victory is won and the winning of the victory depends as much upon our ability to do without things as it does upon the ability of our men to destroy the property of our enemies.

The things you now have are no longer just your personal property...they are the property of all

That the boys and girls in the seventh, eighth, freshmen, sophomore, Junior and Senior grades of the Slaton School have taken their Salvage Contest seriously is proven by the fact that to date over 23 tons of old metal and rubber has been collected by members of these classes.

While no records are available for contests of this kind that have been held in other parts of the country the Salvage Committee for Slaton believes that this must be mighty close to tops for any school in a town the size of Slaton and probably better than most towns many sizes larger than the size of this one.

The contest which started Wednesday Sept. 23, has about ten days yet to go and if the pile of Salvage boxes in the last part of the contest as it has during the first half then the High School building will be hard to find as it will be practically covered with old metal and rubber. The school children are specializing on old keys and if you are a toter of a heavy bunch of keys and notice a school boy or girl eyeing you suspiciously be very careful about going down back alleys as it is said that many heavily key laden citizens have been touched for their metal while going unprotected down some back street.

The records to date show that the Seniors are leading in the contest, the Sophomores are running a close second and the other classes are still in the running. The prize being offered by Herschell Crawford is a pass to the Palace Theatre for every member of the winning class. No holds barred and the class turning in the largest amount of salvage will win.

are needed and the hours are 1 to 4 on Monday Tuesday and Wednesday. A bolt of woolen material to make girl slips has been received.

Chairmen for next week are Monday Mrs. T. A. Turner and Mrs. M. L. Turnbow, Tuesday, Mrs. C. L. Pack and Mrs. J. H. Teague Jr.

Wednesday, Mrs. Dick Kirkpatrick and Mrs. Bill Farschon.

Death Comes To Captain Cox In England

Mrs. J. D. Cox of Slaton, received a message this week from the War Department that her husband, Captain John Theodore Cox, had passed away September 18th, 1942, in the British Isles.

Captain Cox was born in Brooklyn, New York. He had served in the United States Army for the past eighteen years. On Sept. 1st, 1941 he landed in Great Britain, having been sent there by the U. S. Government on a secret mission and until his death had been stationed at London, England. He is survived by his wife, Mrs. J. T. Cox of Slaton, a brother J. H. Cox of New York City, a sister Mrs. H. P. Longstreet of Long Island, N. Y. Mrs. Cox is a daughter of P. M. and C. A. Porter of this city.

Slaton Pioneer Burial Held

With passing of T. A. Worley Wednesday, September 21st, Slaton lost one of her most valued citizens who had been active in civic and business fields for the past 33 years.

Mr. Worley was born October 6, 1869 in Hardin County, Tennessee; he came to Montague County when a young man and was married to Miss Florence Wylie at Rosston, Texas on Feb. 4, 1903. Of the five children born to this union only one survived Mr. Worley. He is T. A. Worley, Jr. who is now in the armed services of the nation.

Mr. Worley was in business for six years in Oklahoma and four years in Margaret, Texas. Other survivors beside his wife and son are Mrs. Molly Peavy of Adamsville, Tenn. and Mrs. Josie Ellis of Bethal Springs, Tenn.

Funeral services were held for Mr. Worley yast Saturday from the Methodist Church by Rev. H. C. Gordon. Pallbearers were J. T. Pinkston, P. W. Appling, Judge C. Smith, Sug Robertson, C. C. Hoffman and Joe Walker.

Honorary Pallbearers were J. S. Edwards, E. R. Legg, Horace Smith S. A. Abbott, Joe Teague, Jr., O. D. McClintock, A. J. Payne, A. L. Brannon, G. W. Guinn, R. D. Shankle and W. O. Bowen.

ITS SERGEANT DE BUSK

Sgt. Ray B. DeBusk, son of Mr. and Mrs. Robert L. DeBusk, 620 S. 11th St. Slaton, is a member of a class of Aviation Students and Student Officers to be graduated soon from the Air Force Advanced Flying School at Stockton Field, California.

Rated as a Sergeant in the Air Force Reserve, he will be given the coveted silver wings, symbolic of the aeronautical rating of pilot and will be placed on active duty with the Army Air Forces.

Before entering the final and advanced course at Stockton Field Sgt. DeBusk completed 18 weeks of primary and basic training at Santa Maria, California, and Gardner Field, Taft, California.

Prior to becoming an Aviation Student, he served with the National Guard at Lubbock Field, and the Army at Brooks Field.

Farm Income Shows Increase

AUSTIN, Texas, Oct. 2nd.—Texas farmers have already received 74 per cent more money from their 1942 crops than they did during the first two-thirds of 1941, Dr. F. A. Buechel, statistician for the University of Texas Bureau of Business Research, reports.

Agricultural income for the first eight months of 1942 has been \$412,000,000 as compared with \$237,000,000 during the like period a year ago, he estimates.

During August, farm cash income totaled \$78,000,000 compared with \$30,000,000 in August a year ago and the average August income of \$66,000,000 for the five-year period 1928-32.

"Cash income in the old cotton areas is noteworthy," he points out, "while the western areas are making great strides in all phases of the livestock including dairying, and are thus building their agriculture on a solid foundation."

SEAL DRIVE TO START
Briggs Robertson, who is one of the directors on the Lubbock County Tuberculosis Association met with the other Directors last Wednesday in Lubbock. A campaign to promote the sale of seals will be inaugurated in November.

Price Laws To Be Enforced

"The O. P. A. is preparing to tighten up on violators of the Price Ceiling regulations", says Briggs Robertson who attended the O. P. A. meeting in Lubbock last Wednesday.

There are many merchants who are not living up to the regulations according to the officials who have been holding the meetings over the state. Stringent enforcement of the laws have not been adopted so far but a tightening up on violators will be put into effect immediately. While no specific cases have been reported from Slaton or the immediate territory there have been some complaints and those merchants and business men who are familiar with all price regulations should secure full information and make adjustments to all rules.

Slaton Fire Department Helps To Keep Fire Insurance Rates Low

Beginning next Sunday Oct. 4 and continuing through Saturday Oct. 10, is Fire Prevention Week all over the United States...a week in which the importance of Fire Prevention is annually brought before the public. This year Fire Prevention means more than ever before as a loss by fire cannot be replaced by many individuals or business firms regardless of financial status.

Slaton in the past has had very few fire losses compared to towns of its size, and at present enjoys a 20 per cent Good Fire Record on Fire Insurance rates set by the State of Texas which is just five per cent over the maximum reduction that can be made. Slaton property owners have a rate of 36c per \$100 valuation at present compared with the key rate of \$1.00 which was in effect in 1920.

Slaton has had six Fire Chiefs since its organization: A. Delong, J. F. Fry, George Holt, E. R. Childers, E. V. Woolever and E. Wilson. The present equipment consists of one American La France 750 gallon pumper and one late model Ford 500 gallon pumper with 3500 feet of fire hose. All of the members of the local fire brigade are volunteers except the Fire Chief, Mr. E. Wilson who receives a salary. Mr. Wilson has been Fire Chief since November 1933. Among the members of the Fire Department there are two

Red Cross First Aid instructors, who are E. Wilson and L. B. Hagerman, and five others who hold Standard Course First Aid cards.

The members of the Slaton Fire Department are: E. V. Wilson, fire chief, J. L. Thompson, Assistant Chief, L. B. Hagerman, Secretary-Treasurer, J. Burton, Carl Sartain, C. D. Marriott, E. A. Gentry, driver, G. Elder, Assistant driver, E. J. Brock, D. Sanders, V. E. Tudor, H. Meador, Bart Jones, Curtis Dowell and E. V. Woolever.

W. E. Payne, J. W. Elliott and R. D. Hickman are the Trustees of the Department.

To Mr. S. S. Forrest must be given much of the credit for the organization of the Slaton Fire Department and for the construction of the Fire Hall.

The ways that the people of Slaton can observe Fire Prevention week best, according to the men who are devoting their time to the work of Fire Protection here are to stay away from the fires and not drive cars so that they interfere with the fire trucks, to clean up all debris around home and business buildings and to be careful in installation of and repairs of electrical wiring and gas connections.

There have been 27 fire alarms in 1942. Only two men have been seriously injured since the organization of the department in 1920.

THIS WEEK'S WAR MOVES

Maritime Commission Chairman Land, in a progress report to President Roosevelt, said that from September 27, 1941, through this month deliveries of completed ships will total 488, aggregating about 5,450,000 deadweight tons.

September deliveries to date and those scheduled to October 1 total of three ships a day...Scheduled 90 ships of approximately one million deadweight tons, an average deliveries for the remaining three months of 1942 should bring us to the 8,000,000-ton goal of your directive," Admiral Land told the President. He also said the 1943 directive of 16,000,000 deadweight tons "appears reasonably certain of accomplishment."

War Production Chairman Nelson said "Right now approximately 40 per cent of our entire production is going for war. By the middle of next year that proportion has got to be near 60 per cent WPB Vice Chairman Knowlson said at present war production is three and one-half times that of 10 months ago. "We're beginning to recognize the truth of the situation, to know we've been behind the eight-ball," he said

WPB Chairman Nelson directed the Office of Defense Transportation to set up a priorities system governing movements and use of all tank cars, with priorities to be given, first, to shipments of materials for the Army, Navy, Maritime Commission and the Lend-Lease Administration; second, to 390 specifically listed chemicals, foods and other essential products; and third, to petroleum and petroleum products into the Eastern shortage area.

The ODT said congestion on rail and bus lines over the week-end is still growing. Weekly passenger travel must be shifted from the week-end to the middle of the week by at least another 8 per cent, the Office said.

Agriculture Secretary Wickard said that unless the nation acts promptly and with energy "our food situation will become serious...Our supply is rapidly diminishing." He outlined a six-point program to help alleviate the farm labor shortage. Included were proposals to retain on farms as many as possible of the experienced managers who understand year-round farm operation, to transport workers to farms, and to use greater number of women and

young people on farms. He estimated agriculture would lose 1,000,000 workers between July 1, 1942, and July 1, 1943, if an 8,000,000 man Army is mobilized by the latter date.

In order to implement the wartime meat program, the WPB Food Requirements Committee: (1) placed the limit of total packer-deliveries during the last quarter of 1942 at the following percentages of such deliveries during the final quarter of 1941—beef and veal, 80 per cent, lamb and mutton, 95 per cent, and pork, 75 percent. The Committee asked all civilians to hold their meat consumption to 2½ pounds per person per week.

The OPA set ceiling prices for the sales of 175 printed products, as well as for the printing services used in producing them. The regulation covers services for and sales of such articles as greeting cards, loose-leaf binders and fillers, tablets, pads, composition books, etc. The articles and services listed by the regulation are exempt from all price control, however, when sold by printers whose total gross sales in 1941 of printing paper products were \$20,000 or less. The regulation covers about 25 percent of the industry's \$2,500,000 volume of business.

The Army issued a call for 3-A men up to and including the age of 44 to volunteer for anti-aircraft training. A nationwide quota of 500 such candidates per month was set for the anti-aircraft school at Camp Davis, N. C. Selective Service Boards will supply detailed information, the Army said. War Secretary Stimson announced the Canadian-Asaskan military highway will be ready for use about December 1, several months ahead of schedule. Ballot applications have been sent to soldiers overseas and in Army camps in this country, the War Department announced. The Department said members of the Army Nurse Corps will not be permitted to resign because of marriage unless replacements are available.

Mercy Hospital Birth Report

Sept. 25th—Mrs. T. N. Bickers, Slaton, a daughter, (Sarah Sue) 8lbs. 1 oz.
Sept. 27th—Mrs. W. A. Field, Wilson, a daughter, (Donna Sue) 6 lbs. 5 oz.
Sept. 27th—Mrs. L. H. Traub, week, Wilson, a daughter, (Sandra Galye) 4 lbs. 3 oz.

FIRE PREVENTION WEEK

ON THE HOME FRONT

Your government has requested that all civilians voluntarily hold consumption of meat at 2 1/2 lbs. per person per week until rationing machinery can be set in motion.

Here's why:

In the year beginning October 1, 1942, the army, navy and lend-lease will need 6 1/2 billion pounds of meat.

Civilian consumers would take more than 21 billion pounds of meat if it were available, because the demand is abnormal due to high buying power, coupled with a decreasing supply of most things to buy.

This makes an estimated demand of 27 1/2 billion pounds.

But the supply is expected to be only 24 billion pounds during the year.

Subtract one from the other and you what a lot of civilians are going to get along with less of.

What may be the last voluntary plea for sale of standard typewriters by civilian owners for use by the armed forces has been issued in the Southwest WPB region by Region Director R. Eugene Risser. A quota of 12,000 standard machines made after January 1, 1935, has been set for Texas, Oklahoma and Louisiana. Authorized typewriter dealers

throughout the region are purchasing the machines at the factory trade-in price for the model as of February 1, 1941.

A further curb on the use of iron and steel in caskets, shipping cases and burial vaults has been ordered by WPB in an amendment to limitation order L-64. The order will permit a total of six pounds of iron or steel in a casket and burial vault for an individual burial, after December 23.

Creation of a high school Victory Corps, urged by War Manpower Commissioner Paul V. McNutt in every public and private secondary school throughout the country, will give every high school student a chance to volunteer for definite service in the nation's war effort. Captain Eddie Rickenbacker, flying ace of World War I, has accepted chairmanship of the Victory Corps' policy committee. The two aims of the Corps are speeded-up specialized training for youth in the war service they will perform after leaving school, and active participation by boys and girls still in school in their community's war effort.

In a move aimed at preventing any increase in the prices which consumers pay for cotton goods, OPA has ordered reductions in manufacturers' ceiling prices for carded cotton sales yarns, the base materials for all of the more com-

mon grades of cotton fabrics.

OPA has reminded all sellers of tires and tubes that September 30 inventory reports of all serviceable tires and tubes must be filed before October 15 with local war price and rationing boards. The reports must be made in triplicate, on forms which have been mailed to most sellers or which may be obtained from local boards. The seller will retain one copy and turn in two copies.

Machine shops which supply automotive repairs, maintenance and rebuilding services are subject to the price control provisions of the service trades regulation (No. 165). OPA has reminded operators of such machine shops should supply statements of their March prices to their local war price and rationing boards. Many shop operators supplying automotive services have acted under the impression that they were covered by Maximum Price Regulation No. 136, on machines and parts and machinery services, and have sent price statements to OPA in Washington in compliance with this regulation.

Southland News

Virginia King, Correspondent

Mrs. Otis Neal was here last Wednesday night. No further word has been received from her brother Carl Hord.

The High School Classes have organized this week. They are: Seniors—Le Troy Lester, president, Clyde King, secretary, Viola Bruedigan, reporter, Miss Frances Cuffy, Sponsor.

Juniors—President, Roderick

Duff, Wesley Scott, Vice President Nelda Smith, Secretary, Mary Lee Crisp, Treasurer, Mrs. D. Robinson, sponsor.

Sophomores—Jackie Lancaster, president, B. H. Thomas, Vice President, Virginia King, secretary an treasurer, Mr. Lyle Brasfield sponsor.

Freshmen—B. J. Robb, President, Wilma Wheeler, Vice President, Eddie Marie Cummings, secretary, Bobby Mining, treasurer, Mrs. McGee Moore, Sponsor.

According to coach Lyle Brasfield the boys are now working out in six-man football.

Dick Denton and wife arrived at Hackberry last week to visit his parents, the Ed Dentons. Dick has been in Army Hospitals in Missouri and California for several months. He is on a 21 day leave.

Sgt. Howard Anthony, who is in the Medical Division, Camp Bowie, Brownwood, visited his grandparents, Mr. and Mrs. S. B. Anthony, of Hackberry and his maternal grandparents, Mr. and Mrs. E. M. Basingu of Southland, and many other relatives and friends.

O. C. Finchum, who is a 2C petty officer in the Navy, received word last week that he was due to go out to sea in two weeks.

Lewis Field passed his final exam Saturday and has a two-weeks leave.

Bobbie Leake left Tuesday of last week for Ft. Sill. Six days later he called his mother, Mrs. John Leake from Lubbock that he and his wife would spend his 3 day leave here with her. He is an airplane technician.

Sister Lydia Becker arrived by plane at Amarillo Monday from Milwaukee, to attend her mother's funeral, Heles Becker of Seagraves will come Tuesday. Her sister Dorothy arrived Monday from Lubbock, to be with the family prior to her grandmother's funeral.

The Fred Minings of Gordon spent Sunday with Mr. and Mrs. Fred Knapp. Their daughters Ben Etta and Bobby were guests of Idilla Corby.

Mrs. Verne Johnson was honor guest at a covered dish luncheon at the home of Mrs. J. R. King Saturday. The afternoon was spent in playing Liverpool rummy. The guest list included: Misses Pauline Duff of Wilson, Morene Trigg and Mesdames Imogene Basingu, Doll Haire and the honoree.

Miss Pearl Stolle of Lubbock spent the week-end with her parents, Mr. and Mrs. D. G. Stolle.

Bettye Hitt of Wayland College spent the week-end at Pleasant Valley with her parents the Elmer

Hitts. Sid Smallwood left Thursday for Ft. Sill.

Louise Denton who is employed at Wylie Drug in Lubbock was surprised by her brother Dick's visit home. She spent the week-end with her parents, the Ed Dentons.

Idilla Corley spent Wednesday night with Letha Ann Russell and Doris Wilke with Esta Lee Altman. The four girls saw "Gone With the Wind".

Roella Rankin her sister, Mrs. Fred Cockrell of Pleasant Valley and their mother, Mrs. R. O. Rankin remained to see, "Gone With the Wind".

Mr. and Mrs. S. W. McGaw of Lubbock spent Sunday with their

son, Rev. O. E. McGaw and wife. Congratulations to Mr. and Mrs. Everett Samples, a daughter, Joretta, born last Monday, weight 6 lb. 9 oz., Mr. and Mrs. Wilbur Field, a daughter, Donna, born Sunday afternoon.

Everett Samples mother died at Pampa last week.

Mrs. John Baker left Saturday for Los Angeles to visit her sons Kenneth and Lorvin.

The I. J. Duffs, Sr., received word that their daughters have started their courses in the Aircraft School at Waco. Juanita is taking radio and Margaret sheet metal work.

THE TOWN THAT LET HIM DOWN

HE: Well, here's the city limits. Tomorrow I can see my customers around town. Are you tired?

SHE: Not very. Does the car need anything?

HE: Yes, it does, but the map shows no Conoco station here.

SHE: You and your Conoco Nth oil... but I don't blame you... the way this car performs.

HE: Here's the hotel, and a garage right across. Let's leave the car there, eh?

ATTENDANT: Good evening! In for the night?

HE: Yes. Fill the tank, grease her, check the oil, but don't drain.

ATTENDANT: What brand do you use?

HE: Conoco Nth.

ATTENDANT: Sorry, haven't got it... but this is the last straw, mister. You're the fifth driver this week demanding Conoco Nth. Seems like everybody knows about that Death Valley Test, when six engines were run to destruction. Conoco Nth out-mileaged the average of five other brands more than two to one. I'm going to get some in stock.

HE: Sure, your regular customers, too, will want Conoco Nth to OIL-PLATE their engine.

JUST TALK
 by
A.M.J.

There is supposed to be an ideal condition for business and the way of life described as normal, a condition that never has and probably never will prevail.

Most of us are all in a high fever over war conditions, we were in just as much of a fever over conditions when the war broke out in Europe several months ago, before that we were all stewed up over the depression and before that over boom conditions, we are now looking forward to when things become normal again. Just what is normal... personally I am beginning to believe I am Napoleon, have a pair of scissors laid aside for the near future in case I want to start cutting out paper dolls and may begin signing checks for million of dollars at any time.

The postmen and the meter readers, the plumbers and the

grocery delivery men all seem to have friends and enemies among the dogs just as they do among the people at whose homes they call.

Tommy Tucker reports that he has struck up quite a friendship with our fox terrier and that he is escorted around our house like he is a prince. Let a milk man come to our front door and our pooch will nearly tear the house down. She nipped a hunk out of the pants of a milk man in Amarillo once. It seems to me that I am affected by other people just about as easily as our terrier.

The definition of intoxicants was explained to me by a doctor last week. He said it was something that made one see double and feel single.

Myrtle Teague severely bruised my feelings not long ago by saying that all you could read in Just Talk is about something to eat or about fishing. While I sincerely believe these are the two most important things in life I still deny that I have devoted all my space to eating and fishing. Myrtle's criticism has put a severe doubt in my mind as to whether my comments on war, home life and the general condition of the country, are being considered as I had hoped. Her blunt remarks show that she is evidently overlooking the fatherly advice I have been dishing out in big helpings about love, how to raise children and on how to begin life after forty and I have about decided to let the younger generations go to pot or wherever younger generations go, and devote my space to suggestions on what to eat and endeavor to sell more advertising to concerns making pills for indigestion, acid stomach and torpid livers.

Dogs seem to get along among themselves about like people do. Our little pooch makes herself very agreeable to some of the queerest looking canines and tries to kill some very nice looking animals for no seeming reason at all. The size and strength of her antagonists has nothing to do with it at all, she will start a fight with the biggest dog in town just as quick as she will with one her size however, I have a sneaky notion that she is like a lot of females in that she feels that she can get as tough as she likes and bite and scratch on the supposition that any dog that bites back is no gentleman. Every once in a while she find one that turns out not to be a gentleman too, which is also true in what is supposed to be the higher animal life. To date I have taken my beatings from some very belligerent females but the next one that tries to tear me down may find me overlooking the importance of pretending to be a gentleman. The longer I live the less advantage I see in being a gentleman anyway... what did it get Mr. Chamberlain when he went to Munich?

L. J. Strube hailed me down on the street this week and with tears in his eyes, pleaded with me to get out a rush lot of butter wrappers.

He admitted that he had told his wife that he had given us the order several days before and that he was afraid to go home without the coverings for butter, which reminded me that I was under suspended sentence for not getting a light socket for the back room at our house. J. D. Holt was standing near when the order for the butter wrappers was given and I noticed he grabbed his hat and ducked off up the street and I am sure he was headed for the Post Office with a letter that should have been mailed several weeks ago. Now I feel like a boy scout who had done his good turn daily for the butter wrappers have been printed, the letter mailed and the light socket is at home on the kitchen table. If the heat gets strong enough I may get out the screw driver and fix the light but in the meantime I'll keep my shins black and blue stumbling over the lawn chair that blocks the passage way to the back door.

Last Tuesday while standing around on one foot and then the other trying to get to talk to O. Z. Ball in his store I overheard a couple of lady customers putting up a terrible howl about having to wear the flimsy stockings they

are getting nowadays. One of them said she had bought a pair last week and that they were then at home in the middle of the floor. O. Z. told them that he regretted that the stockings were not as sleek as they would like to have them but that it was the best he could get and that he is having great difficulty in getting stockings at all. The two young ladies spent four dollars more for stockings and went out the front door flopping their sandaled feet on the sidewalk as I wondered what they wanted with stockings at all but I suppose there will be stockings out in the middle of the floor as long as the women have the money to spend and the stores have them to sell.

Vitamin Rich Tomato Juice is High Hearted Start on Day

Dorothy Greig

First thing in the morning, a glassful of vitamin rich tomato juice for breakfast.

WHAT a cheery stirrer-up of morning energies tomato juice is! The gay red color of it, for one thing. The zestful tang of its fresh tomato flavor, for another. And most of all for its rich vitamin content. For tomato juice boasts generous amounts of vitamins A and B and really stars with vitamin C. So don't be stingy with the morning tomato juice. Keep cans in the refrigerator overnight to chill it well. Then pour a tall glassful for every member of the family thereby insuring the day's quota of precious vitamin C for each and every one.

Down through the day, too, tomato juice is a cool refresher and reviver. For a between meal snack try it this way:

Tomato Juice-Buttermilk Cocktail
 1 pint buttermilk
 1 can (14 oz.) tomato juice
 1/2 teaspoon salt
 1/2 teaspoon celery salt
 1/2 teaspoon celery salt
 Four the tomato juice into the buttermilk; then add salt and

celery salt and chill thoroughly. Sprinkle each serving with celery salt. Makes approximately 1 quart.

And for late afternoon, or for dinner, it's delicious fixed like this:

Spiced Tomato-Ade
 2 cups tomato juice
 1/2 lemon, sliced
 1/2 tablespoon sugar
 1/2 teaspoon salt
 1/2 teaspoon ground cinnamon
 1 whole clove
 1/2 tablespoon lemon juice
 Combine tomato juice, sliced lemon, sugar, salt, ground cinnamon and cloves and heat slowly to boiling. Let stand ten minutes, then strain and chill. Add the lemon juice just before serving. Makes 2 1/2 ounces.

Society - Clubs

Club Meets In W. T. Cherry Home

The Civic and Culture Club met Sept. 26 at 4:30 in the home of Mrs. W. T. Cherry. Mrs. Lee Green president, presided over the business meeting. An associate membership was granted Mrs. Raymond Johnson, who will be living in Plainview temporarily. It was decided to have a Spanish lesson once a month with Mrs. J. S. Bates as teacher. She gave a lesson to show the type of work to be studied.

The next meeting will be a Federated meeting Wednesday October 7 with Mrs. S. H. Adams hostess from the Civic and Culture Club.

Mrs. Cherry served pie and coffee to the 17 members present.

★ FASHION PREVIEW ★

A BASIC dress for all occasions is the one shown above, featured in the September Good Housekeeping. It comes in black with black velvet tabs and is perfect under furs.

Card of Thanks

We wish to extend our sincere thanks and appreciation to our friends and neighbors who were so kind and thoughtful when death took T. A. Worley.

For the flowers and other expressive means of consolation we will always be thankful and take this means of expressing our appreciation. May God's Blessings rest upon each and every one.

Delta Sigma Sub Debs Meet In Meading Home

The Delta Sigma Sub-Deb Club met with Alice Gene Meading Tuesday afternoon at 4:30. Those present were Ruth Austin, Charlene Fischer, Mary Ann Sargent, Gwendolyn Hanna, Mary Ann Wilson, Marion Bain, Nina Ray Hickman, Billie Jean Jarman, Glynna Williams, Gerlie Bee Waldrep, Dorothy Lee Jones and the hostess.

Guests present were the new sponsor, Mrs. Levi Self, and Melba Ruth Appling of Lubbock. Refreshments of fruit punch and cookies were served and the meeting adjourned at 6:30.

MRS. CHARLES WALTON LEADER FOR W. S. C. S.

The three circles of the Women's Society of Christian Service met together at the parsonage Monday at 3 p. m. Mrs. Charles Walton led the devotional, the 23rd Psalm, and Mrs. H. C. Gordon, president, presided at the business meeting. A report of committees and officers was given then refreshments served to the 15 members present.

Next meeting will be with Mrs. A. E. Whitehead in honor of the second birthday of W. S. C. S. and this will be Monday Oct. 5 at 3:30 p. m. Dr. Ling of Lubbock will speak on "Chinese Women and the Present Crisis". Invitations have been sent to all Methodist women. Announcement is made of World Wide Communion Day next Sunday.

H. H. EDMONDSONS HOLD FAMILY REUNION

Mr. and Mrs. H. H. Edmondson were fortunate in having all their children with them last week end. Those present were Corporal Hyden Edmondson of Waycross, Ga., Mrs. Whit Worley and son Jimmy of Sweetwater, Mrs. Alan Lynch and Cynthia of Lancaster, Texas and Bobby Edmondson of Slaton.

F. H. T. Club Of Senior High Is Organized

The F. H. T. Club of Senior High School met last Tuesday to organize for the next school term. Officers elected were: President, Evelyn Seroggins, First Vice-President, Tommie Lee Dozier, Second Vice-President or the Social Chairman Gerty Bee Waldrep and Nina Ray Hickman, Corresponding Secretary Jean Holt, Recording Secretary Dora Caldwell, Treasurer Bonnie Traweck, Reporter Ruth Gentry, Parliamentarian Emma Young, Sergeant At Arms, Dorothy Jean Jones, and Sponsor Miss Vera Ross. The next meeting will be next Tuesday at 3:30.

Each class of the Club is now down to hard work. The 3rd year class is studying Menus, 2nd year class is canning and learning to sew, while the first-year class has planted a frame garden.

SLATON ART CLUB HAS FIRST FALL MEET IN T. K. MARTIN HOME

In their first fall meeting of the fiscal club year, the Slaton Art Club met in the home of Mrs. T. K. Martin Tuesday at 3 p. m. The new president, Mrs. A. Dennis called the meeting to order and appointed the committees. The calendar committee is composed of Mesdames C. L. Tanner, M. L. Turnbow and Hammer Dawson. Plans were made for the coming year.

There will be an art display of this year's works of the members during the month of October in Lubbock. Refreshments were served to the 10 members present and one guest, Miss Jean Martin, daughter of the hostess. Jean played several piano selections.

Next meeting will be held the last Tuesday in October in the home of Mrs. C. L. Tanner.

ANNOUNCEMENT OF MEETING

The Homemakers Sunday School Class of the First Baptist Church will meet with Mrs. Fred Stottlemire Thursday, Oct. 8th at 3 P. M.

MISS MABEL SCUDDER LEADER OF LEAGUE

The Epworth League of the Methodist Church held their regular meeting at the church Sunday evening at 7:30 with Miss Mabel Scudder as leader. Her topic was "Methodist Youth in Action." Miss Fern Wheatley presided for the business meeting and Miss Marie Doherty talked on "Youth Action in Local Churches."

Jolly Quilters Met On Tuesday

Mrs. W. P. Florence was hostess for the Jolly Quilting Club Tuesday Sept. 29 in a called meeting. Each one brought a covered dish for lunch and they quilted all day, quilting one quilt and pieced on another.

Members attending were Mesdames P. M. Wheatley, J. W. Scott, E. E. Wilson, Jess Burton, Emma Wallace, J. W. Ward, W. P. Shelton and three guests Mesdames C. E. Jarman, W. T. Slaughter and E. M. Lott.

Next meeting will be Tuesday, Oct. 6, with Mrs. Emma Wallace, 2413-24th st. Lubbock.

How To Feed For War Production

(Editor's Note: This is the second article of a series, "Feed To Speed War Production", published as a service to livestock producers.)

Just as other "war time" was instituted nationally so that factories—transportation agencies and other industries might increase their war output, feeding authorities are calling upon livestock producers to adopt a "war time" of their own to increase the speed of production of milk and meat and other livestock products needed in winning the war.

"War Time" for the livestock producer, they explain, is more than merely a matter of setting up the clock to speed up production of livestock to the extent demanded. War effort requires maximum use of proved methods of better livestock management, sanitation, feeding and handling which can result in more rapid,

as well as more efficient, production.

Speeding up livestock production requires, especially, more efficient feeding methods. These methods and well-balanced rations make more pounds of meat, milk and other products daily, and shorten the time required in reaching markets. They save both time and labor for the livestock producer, especially important now when farmers and ranchmen face a scarcity of both labor and time.

"Plenty of protein" is being stressed in these methods because of the realization that average rations fed have been well below minimum protein standards, while feeding of more than the minimum standards often is advantageous both from the standpoint of efficiency and economy. With good supplies of cottonseed meal and peanut meal and other highly-concentrated protein feeds available this season; the feeding of more protein in rations is as important and effective way to increase the rapidity and volume of production of "Food for Victory".

Furthermore, relative supplies of protein concentrates and grains for 1942-43 are causing agricultural and livestock leaders to advocate the use of more than minimum protein requirements in order to save grain, as well as time. They point out that protein has an important replacement value for grain, so that available supplies of such protein concentrates as cottonseed meal and peanut meal should be used for this purpose.

By combining rations containing plenty of protein and other nutrients with such time-saving methods as creep-feeding, self-feeding, full-feeding and others, livestock producers can develop a "war-time" schedule of their own. This

F. F. A. Boys Meet At High School

A meeting of the F. F. A. Boys Club was held in the agricultural room at the High School Monday night Sept. 21st with the president of the Club, Kenneth Lilley, presiding. The old members of the club who attended were: Truett Bounds Linden Clark, Jack Dickson, Bob Edmondson, Jack Greenfield, Bill Henderson, Bill Housour, Milton Jachetz, Johnny King Calvin Lamb Kenneth Lilley, Henry Payton, Zack Payton, Lonnie Shelton, Wallace Sanders, Austin Yeats, Carl Lavell, Bill Bartley, John Messer, and James Savell.

After the opening ceremonies initiation ceremonies for green hands were held which included stunts by candidates. Those received as new members to the chapter were: John Appling, Don Appling, Jack Berkley, Durwood Crawford, Grady Elders, Bay Finley, Guy Gentry, Morley Holloman Harold Hacker, Earl Johnson, Roland McCormack, Cecil Mosier, Herbert Pinkert, Billy Reed, Alvin Raschke, Norman Speer, Elmer Taylor, Neil Wells, George Du Bose, Leon Bukemper, Oscar Lee Johnson, Max Jones.

schedule will do much to solve serious problems of labor supplies, transportation and marketing; it will help to assure the fighting forces of the United States of adequate supplies, in plenty of time.

Nature makes mistakes but she never arranges the bloom of youth close to the nose on one cheek and near the ear on the other.

"SHIP AHOY" Showing Sunday and Monday at Palace Theatre

The Movie Reporter

Film fans everywhere are cheering Shirley Temple's return to the screen as a romantic young lady of fourteen! Shirley's new picture is MISS ANNIE ROONEY which is slated for its local premiere at the Palace Theatre on Friday and Saturday. Shirley plays the part of a modern miss-apart young lady, who is a marvel at doing the jitterbug, who has handsome boy friends and who wears gorgeous evening gowns. Also included in the cast are William Gargan, Guy Kibbee, Dickie Moore, Roland Du Pree and Peggy Ryan.

Eleanor Powell keeps up the pace of her inimitable tap dancing with unique new routines in "SHIP AHOY", the musical comedy which opens Saturday night at the Palace Theatre and runs through Sunday and Monday. The charming Miss Powell, who has been called the world's greatest feminine tap dancer by the Dancing Masters of America, does not carry the burden alone. Red Skelton is in there pitching laughs and Tommy Dorsey's top-flight band provides scintillating melody. Also included in the cast are Virginia O'Brien, the girl who sings in the hilarious dead-pan style, and Bert Lahr, the veteran comedian.

MRS. MINIVER, Jan Struther's best-selling novel, dealing with the high courage of the English middle classes, under air raids and war terrors, is brought to the screen as a living, breathing, reality by Greer Garson, Walter Pidgeon and a perfectly chosen cast in the picture showing at the Palace Theatre Tuesday, Wednesday and Thursday. The picture deals with Mrs. Miniver and her husband, Clem, played by Miss Garson and Pidgeon. Miss Garson's role is touchingly human and Pidgeon typifies the valor of the British under fire. Also included in the cast are Teresa Wright, Richard Ney, Dame May Whitty, and Reginald Owen. You will long remember the inspiring speech given by Henry Wilcoxon, as the vicar.

Tech Short On Student Labor

LUBBOCK, Oct. 2.—There is a student labor shortage at Texas Technological College for the first time in its history. College janitor jobs, heretofore much sought after, are going begging. Even though the college has a reduced quota of NYA jobs, applications for these places do not equal the number available.

"Students have more money than they have ever had," says W. C. Cole, manager of the college bookstore. Students are usually quite economical when it comes to the purchasing of textbooks, but this year they are buying more books than ever before.

Business houses on the 'Avenue' which cater to college trade are unable to get students. Proprietors are washing dishes and waiting on tables.

STUDENT ENROLLMENT DECLINES FOR 1942

LUBBOCK, Sept. 30.—With 2844 students registered at Technological College, decline in enrollment from last year is slightly less than 20 per cent. This is a gratifying showing under present conditions, according to President Clifford B. Jones. A few more students are expected to enroll before the deadline.

Since the opening of the college the percentage of men and women students has remained about the same, 60 per cent men and 40 per cent women. The present student body, however, shows about 62 per cent men and 38 per cent women. Many women students who would otherwise attend college have been attracted by the many available jobs at good salaries.

Turkeys To Be At A Premium

College Station, Oct. 2.—The meat situation being what it is, Texas turkey producers have a real opportunity to sell top quality birds this fall, says George P. McCarthy, poultry husbandman for the A. and M. College Extension Service.

But only turkeys which are well finished will be welcome to the market, he cautions. Well-finished birds not only are heavier and bring a larger money return to growers, but they dress out nicely and have an eye appeal to the shopper.

To fatten a flock, McCarthy advises restricting the birds to a smaller range and giving them all the feed they desire. They should be fed a good finishing mash, either home-mixed or a commercial mash. In addition, they should be given a grain mixture made up, preferably, of 50 per cent corn, 25 per cent wheat and 25 per cent oats and barley. These feeds should be kept in open hoppers and a sufficient amount placed out daily to run the turkey for the day.

In most sections where turkeys have been on range, McCarthy suggests worming them with in-sworm powder mixed with the individual capsules or a reliable mash before placing the birds on a full fattening program. If they are not eating mash as readily as the grower desires, it is a good practice to feed them wet mash twice daily—morning and afternoon. Make this mash soft but not watery, and feed what the birds will clean up in about 30 minutes. Never allow wet mash to remain in the hoppers and so on. This will throw birds off feed.

And don't forget plenty of cool, clean water.

Farm Trucks To Be Regulated

COLLEGE STATION, Oct. 2.—County agricultural agents in Texas are helping acquaint owners of farm trucks with the new government orders which vitally affect them, says George E. Adams, vice director and state agent of the A. and M. College Extension Service.

A new regulation of the Office of Defense Transportation requires a Certificate of War Necessity for the operation of farm trucks as well as other trucks, busses, and taxis. The regulation becomes effective Nov. 15.

"The Extension Service is interested in helping farmers and ranchers conserve their equipment for war purposes," Mr. Adams explains.

Certificates of War Necessity will govern a truck's maximum mileage or minimum loads, or the order will be able to obtain both, and no operator subject to gasoline, tires, or parts without a Certificate. Enforcement officers of all states and political divisions have been authorized to

report violations of the order. Owners and operators of farm trucks and other commercial vehicles will make applications for their certificates on forms supplied by field officers of the ODT. They will also be required to keep records of their operations.

"UNREALITY" TO BE SUBJECT LESSON

"Unreality" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, October 4.

The Golden Text is: "He that soweth to his flesh shall of the flesh reap corruption; but he that

soweth to the Spirit shall of the Spirit reap life everlasting" (Galatians 6:8).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Love that are in the world. If any man not the world, neither the things love the world, the love of the Father is not in him. And the world passeth away, and the lust thereof; but he that doeth the will of God abideth for ever" (1 John 2:15, 17).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Man walks in the direction to-

ward which he looks, and where his treasure is, there will his heart be also. If our hopes and affections are spiritual, they come from above, not from beneath, and they bear as of old the fruits of the Spirit" (page 451).

COOPER NEWS

Funeral services were conducted Tuesday afternoon at Rix chapel for Mrs. R. L. Goode, 47, who died in St. Marys' hospital at 5:15.

Burial was in Lubbock cemetery at 6 o'clock last Monday morning. She re-entered the hospital Aug. 18, after having been a patient previously for several weeks.

Survivors include her husband; four sons, John L., who is in the navy at Dearborn, Michigan, and Wagner, Dayton and R. L., Jr., who are at home; three daughters, Nannie Lee, Vela, and Medrith; her parents, Mr. and Mrs. H. L. Mote; two brothers, Clyde and Louie Mote of Cooper, and one sister, Mrs. Lucy Richardson of Ropesville.

Mrs. Goode has lived in this vicinity for 25 years. She formerly lived in Franklin county.

Mr. and Mrs. Buster Johnson of Dallas arrived here Saturday noon. Mr. Johnson's mother and her husband, Mr. and Mrs. D. W. Gill and his daughter, Beatrice Johnson.

Those visiting in the home of Mr. and Mrs. Clyde Mote and family Sunday afternoon were: Mr. and Mrs. Jim Druey of Lubbock and Mr. and Mrs. E. A. Robertson and Betty.

Mrs. Charlie Boyd and children visited Mrs. H. L. Mote Sunday, who is ill.

Alton Robertson returned here Thursday from Los Angeles, Calif. for a short visit with his parents, Mr. and Mrs. F. H. Robertson.

Mr. and Mrs. C. B. Barrett and son, Morris, left Sunday morning for San Antonio to see Howard, who is in the Army Air Corps there.

Miss Evelyn Laverne Lackey of Brownfield became the bride of John Lewis Goode Saturday.

Mrs. R. M. Cade is visiting in Weatherford this week.

Mr. and Mrs. H. M. Cade and daughters Mary Helen, Donna Sue and Diana Mae visited the A. M. Cades of Tahoka Sunday.

The Methodist revival closed Sunday night with Rev. J. R. Woods and Stephens of Lubbock holding the services. A good revival and attendance was reported all during the week. Baptizing was held Sunday night. Teachers and officers were elected for the coming year.

Quarterly Conference will be held Sunday, October 4, with lunch spread at noon.

Miss Morene Womack had as her guest Sunday, Miss Edith Webb.

Patsy Webb spent Sunday with Rose Mary Dawkins.

FSA Working On Labor Problem

A report from the Farm Security Administration Headquarters for this District in Amarillo, concerning the Federal Government's plan for an adequate supply and distribution of agricultural workers, states that the program will reach only a limited number of critical areas this year but will be able to administer a full program next year when the farm labor problem is expected to become even more critical than it will be this year.

Communities that need the services of the Federal Government in securing farm labor this season will be given full cooperation in every way possible writes Jesse B. Gilmer, Regional Director, at Amarillo.

POSEY ITEMS

Mrs. S. N. Gentry, Correspondent

Miss Juanell Hart spent the week end in Wilson with her grandmother, Mrs. I. J. Cranfill.

Mr. I. J. Cranfill, father of Mrs. L. K. Hart, is ill in the hospital.

Mr. and Mrs. J. G. Harper, Jr. spent Sunday in the home of Mr. and Mrs. Imogene Wells of Slaton.

Mr. and Mrs. Raymond Johnson and boys of Ropesville visited in the home of Mr. and Mrs. J. M. Morrison Sunday.

Vaughn Campbell returned home from Amarillo last week. He has been working at the Pan-Tex Ordinance Plant there.

Mr. and Mrs. J. G. Harper Sr. and Maudene of Slaton visited Mr. and Mrs. J. G. Harper Jr. Monday.

Mrs. Aloise Russel spent the week with Mrs. C. Z. Fine. Mrs. Russel's husband is now stationed in Seattle, Washington, and she resides with her mother at Tarkington, Texas. She is the former Miss Aloise Casey of the community.

Mrs. Imogene Wells, Patricia and Sandra, visited Mr. and Mrs. M. P. Gentry Sunday.

Harold Morrison, Bud Johnson, Vaughn Campbell, Boyd Belcher, and James Belcher spent the week end in Amarillo.

Mr. R. L. Johnson and Mrs. E. T. Johnson were visitors in the S. N. Gentry home Saturday night. They live at Pettit and were in search of cotton pickers. They report that they are hard to obtain in that community.

Staff Sgt. E. L. Mangum is on his ten-day furlough and is spending it with his wife and baby. He is now stationed at Midland but will leave for Miami, Fla. soon where he will enter an officer's training school.

Mr. and Mrs. Oran Porter of Amarillo, Mrs. J. J. Redman of Tulia, and Mrs. J. T. Cox visited Mrs. E. L. Mangum Sunday.

Mrs. J. T. Cox received word Thursday of the death of her husband, Cpt. John Theodore Cox somewhere in the British Isles.

Cotton pickers are needed very badly in this community.

STOP FIRE • SAVE LIVES • PROTECT PROPERTY • MAINTAIN PRODUCTION

FIRE PREVENTION WEEK—OCT. 4-10

By the President of the United States of America

A Proclamation

Any loss of human life, any interference with production, any loss of vital materials hinders and impedes our war effort.

Uncontrolled fire, even in small times, is a national menace. It kills or disables thousands of our people and destroys a significant portion of our national wealth each year. Today, when every machine is being taxed to its fullest productive capacity, when our hands are working with unfamiliar tools, and when agents of our enemies are seeking to hinder us by every possible means, it is essential that destructive fire be brought under stricter control in order that victory may be achieved at the earliest date.

Nothing less than the united vigilance and effort of all the people will suffice to break the grip of this menace. Fire hazards everywhere must be detected at once and eliminated. Loss of life and property from blast and smoke must be reduced in every State of the Union. Prevention of all uncontrolled fires must be our goal.

NOW, THEREFORE, I, FRANKLIN D. ROOSEVELT, President of the United States of America, do hereby designate the week beginning October 4, 1942, as Fire Prevention Week; and I earnestly request the people of the country to give special heed to the importance of taking active measures during that week, and throughout the year, to conserve our human and material resources from the destructive fall of fire; and I direct the Office of Civilian Defense and other appropriate Federal agencies to initiate programs for emphasizing the importance of attaining these objectives. I also desire to enlist the cooperation of State and local governments, of educators and civic groups, and of the press, the radio, and the motion-picture industry, with a view to promoting widespread realization of the dangers of fire and knowledge of the methods of controlling it.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

DONE at the City of Washington this 6th day of August in the year of our Lord nineteen hundred and forty-two, and of the Independence of the United States of America the one hundred and sixty-seventh.

By the President: *Franklin D. Roosevelt*

Corcoran

Fire Hazards

STOP FIRE • SAVE LIVES • PROTECT PROPERTY • MAINTAIN PRODUCTION

FIRE PREVENTION WEEK—OCT. 4-10

A Statement By The Mayor and City Commissioners of

Slaton, Texas

As Mayor and Commissioners of Slaton we appeal to every citizen in this community to make an extraordinary effort this week to eliminate all possible fire hazards not only for your own protection but for the protection of every other citizen and as a patriotic duty for carelessness now is just as disastrous as sabotage and the man who causes or allows a fire to start is almost as guilty as a traitor. This year as never before let us observe Fire Prevention Week.

J. H. Teague
J. H. Harper
L. B. Wootton
Carl Merriweather
J. E. Eckert

Faulty wiring, accumulation of trash and refuse, improper gas connections, the burning of high grass and weeds and the careless burning of trash are hazards that are particularly dangerous here in Slaton and while this town enjoys a low Fire Insurance rate a disastrous fire could easily be started. We call your particular attention to the fact that every precaution should be taken not only because it is good common sense but is a patriotic duty that should be observed.

This Week Clean Up Your Home and Business Location, Eliminate Waste and Protect Your Property Against Fire for We Must Make What We Now Have last Until Victory Is Won.

SOUTHLAND NEWS (cont)

Mr. and Mrs. John Leake and sons spent Sunday with her parents, Mr. and Mrs. R. R. Jones.

Rev. and Mrs. O. J. Harmonson and Mrs. S. W. Gregory were Sunday guests of the Roy Dapsons of Ropes.

Mrs. Lena Bonine of Ralls visited her husband's sister, Mrs. R. E. King Sunday.

The Sophomore party at Hackberry Club House last Friday night was the first class social of the year. Pop and candy were served to: Melba Greer, Bobby and Ben Etta Mining, Janey Morris, Esta Lee Altman, Betty Sue Basingu, Louise Denton, Juanita Mosely, Jackie and Billie Lancaster, B. H. Thomas, D. C. Roberts, Royce Dabbs, Troy, Joe Boyd and Billie Engle Lester, James Field, Virgil Smith, Paul Winnerowd, Le Roy Voight, J. B. Voight, J. B. Raekler, and Mr. and Mrs. Earl Lancaster.

Mrs. G. Voigt, who was taken to West Texas Hospital Saturday, died Sunday afternoon at 4:00, after an operation. Mrs. Voigt was born in Moravia, Czechoslovakia in December, 1877. The family crossed the Atlantic six years later, and settled in Texas. At an early age, she married August Becher, the son of a Civil War Veteran. Her husband was buried at Bartlett, Bell County, Oct. 3, 1913.

The family moved to Southland in 1924, and seven years later she became the wife of G. Voigt, a farmer who has lived here for two decades.

She is survived by her husband, nine children, 4 sisters and 32 grandchildren. Services were held at 3:45 at the Lutheran Church, Tuesday.

PERSONALS

Dr. R. O. Peters of Sweetwater son-in-law of Mr. and Mrs. W. T. Driver has joined the air service and was sent to Carlyle, Penn. Mrs. Peters was formerly Miss Mae Driver. She and the two children Ronald Otto and Carolyn will remain in Sweetwater for the present.

Mr. and Mrs. R. E. Fleming, returned home Sunday after spending a two weeks vacation in California.

Mrs. Myrtle Hoffman of Phoenix, Arizona visited in Slaton this week with her cousin, Mr. A. A. Gartman and family and Mrs. L. E. Hinson and son. She also visited in Lubbock with relatives.

Mr. and Mrs. De Armand Redmond of Lubbock spent the week end with her sister Mrs. Travis Irons.

Mary Virginia Mullins of Lubbock and Mrs. B. G. Quinn are visiting Jimmie Jean this week end in Dallas where she is attending S. M. U.

Mr. and Mrs. Pat Fincher of Pampa have been visiting Mr. and

American Income Rises 16 Cents; Living Costs Up 9 Cents Over 1941

PURCHASING POWER

THE above chart, showing how the average American fared in national income changes in the last twelve months, is based on the monthly consumers' study of Investors Syndicate of Minneapolis.

The American Public in July had a "real income" of \$1.16, or an increase of sixteen cents on the dollar over the same 1941 month. This "real income" is not a subtraction of cash income and expenditures but an average relative of these figures designed to show how living costs affect adjusted income dollars.

Cash income of the American public in July was \$1.27 for every \$1 a year earlier. This gain of twenty-seven cents on the dollar resulted from the following changes per dollar: other income up thirty-three cents, wages up thirty-two cents, and salaries nineteen cents on the dollar. Investment income at 34 cents was down six cents.

Expenditures in July were up three cents over a year ago. Food was up sixteen cents and clothing was up nineteen cents. Miscellaneous items were six cents higher than in July, 1941.

New Mileage

How to get new mileage into wornout automobile tires is demonstrated to Miss Dorothy St. Lawrence of Providence, R. I. at the Firestone laboratories. The trick is simple; by merely applying an all-cotton protector to the inner tube and inserting both into the old tire, an additional mileage life of 4,000 to 5,000 miles is obtained. Not bad in these days of rubber shortages.

Mrs. Claude Young this week, Mr. Fincher is Mr. Young's nephew.

Mr. and Mrs. W. A. Quinn of San Angelo came to attend services for Mr. Worley this week.

Miss Mary Nell Culver daughter of Mr. and Mrs. E. E. Culver is attending Tech this year.

Staff Sgt. Perry Reed and wife are visiting his parents Mr. and Mrs. Claude Reed. Sgt. Reed is with the Army Advanced Flying School at San Angelo.

Mr. and Mrs. Lawrence Evans and son Robert of Midland, spent the weekend with Mrs. Evans parents, Mr. and Mrs. R. F. Swafford.

Mrs. E. L. Manire and daughter of Ft. Worth visited her mother Mrs. R. F. Henry last week.

Mr. and Mrs. Cletus Walker and Mr. and Mrs. Cannon of Hutchinson, Kansas are guests of Mr. and Mrs. Jack Stewart.

Women Now Eligible For F. B. I. Work

On October 6 and 7, 1942, Mr. B. Tom Carter, an Administrative Assistant to Mr. John Edgar Hoover, Director of the Federal Bureau of Investigation, will interview female applicants for immediate employment in the Federal Bureau of Investigation at Washington, D. C., at an entrance salary of \$1440 per annum with unlimited opportunity for advancement. Applicants must be high school graduates, citizens in good physical condition, and between the ages of 18 and 40.

All those interested in assisting in this war effort are urged to appear at the Hilton Hotel, Lubbock, Texas, at 1:00 p. m. October 6, 1942, or at 9:00 a. m., October 7, 1942. It is suggested that applicants bring with them a picture approximately 3 x 5 inches.

Mrs. Herman Whiteside returned to her home in Big Spring after spending a week with her mother, Mrs. Earl Mangum.

Mrs. Edward Brosch left Saturday for Needles, California to visit her husband who is the Army. Mrs. Brosch is the daughter of Mr. and Mrs. A. J. Buxkemper. Homer Wild son of Mrs. Clara Lynch left September 15 to join the Marines. He has been with the Santa Fe.
