Everyone Urged To Take First Aid Instruction

ON THE HOME FRONT

From May 1, cigarette manufacturers are forbidden to use lead foil for cigarette packaging. Lead also is prohibited in buttons, costume jewelry, novelties and trophies.

The country's 2,351,000 golfers are affected by a WPB order curtailing the construction of golf clubs. In fact, the order will stop manufacture of these soon, for it cuts off the use of iron, steel and other critical metals, plastic and cork for golf clubs. Use of crude rubber of golf balls was forbidden last December.

Spring Cleaning

One way to "get in the scrap" on the Home Front is to have a good spring house-cleaning. That is the suggestion of the State Salvage Committee which points out that such a housecleaning probably will uncover things considered worthless or too old for further use, but which may be salvaged now for critical materials they contain.

Tractor Tires Scarce

Farm tractors originally equipped with steel wheels, and later fitted with rubber tires, will have to go back to steel wheels whenever they are locally available. The OPA has instructed the local ration board to issue no certificate for tractor tires unless no substitute can be secured.

Condensed Soups Listed

Only certain kinds of condensed soup may be packed in tinplate after June 30, the War Production Board has announced. These include chicken, bouillon, tomato, vegetable, beef and mock turtle.

Buy Coal Now

An appeal to all who burn coal to purchase next winter's supply at once has been issued by Price Administrator Leon Henderson. Transportation now is available. By fall railroad and truck lines will be loaded to capacity with war shipments.

Recaps Restricted

Recapped tires will be made available for defense workers only when they cannot get to their jobs without tires, the Office of Price Administration has ruled. Retreading material now consists almost entirely of reclaimed rubber, and tires retreaded with this rubber must be driven only at low speeds.

Truck Appeals Considered

Pending creation of local appeal boards in the field, a special appeal board has been set up in Washington by the Office of Defense Transportation to consider appeals from decisions of local allocation offices in the truck rationing program. Rationing of all types of new trucks, truck tractors and trailers has been in effect since March 9, and is being handled in the Southwest by offices of the ICC Bureau of Motor Carriers.

Machinery Restricted

Manufacturers of certain types of industrial machinery, including beverage bottling and shoe repair, are prohibited from filling any orders above \$200 except on WPB approval, under a new WPB limitation. The order, effective April 15, is expected to stimulate production of machine tools and machinery to output of war.

Controlled

Control of the supply and distribution of quinine has been established by the War Production Board, in order to build a stockpile for military needs. Ninety-five per cent of cinchona bark, from which quinine is derived, has come from Java, in the Dutch East Indies. Fair amounts of the bark probably will be received from South America this year.

NEW OFFICERS CHOSEN FOR RETAIL MERCHANTS

At a meeting of the Slaton Retail Merchants Association last Tuesday at 2 p. m., at the City Hall, L. A. Harral was elected as President, O. Z. Ball as Vice President and Mrs. Lee Green re-elected as Secretary.

All the retiring members as well as the newly elected members of the Association were present. The retiring members were Howard Swanner, H. W. Hoffman, J. D. Holt, G. B. Alford, M. G. Martin, John Berkley and H. G. Sanders. The new members are W. L. Layne, O. Z. Ball, Key Ely, O. D. Kenney, L. A. Harral, C. A. Porter, Herbert Gaither, Royce Pember and Abe Kessel.

FORMER SLATON MAN MADE NAVY ENSIGN

Hope Waldrep, former resident of Slaton has received a commission as Ensign in the United States Navy and has been instructed to report at Annapolis on April 20th. Hope graduated from the Slaton High School and Texas Tech and was an outstanding football star.

Organization Of DeMolay Chapter Being Planned For Slaton Soon

At a meeting called Monday night at the Masonic Hall, which was attended by twenty-six young men of this community, plans were made for organizing a DeMolay chapter here in Slaton.

A. B. Collier, of the Lubbock Air School and former chairman of the Advisory Council for the Sweetwater DeMolay Chapter, addressed those present as did Wayne L. Jarvis, former member of the Sweetwater Chapter, who is now employed at the Slaton Slatonite. The DeMolays are an organization for young men from the ages of 15 to 21 years of age and is sponsored by The Masonic Lodge. All boys of good moral character are eligible for membership. The date for the next meeting will be made as soon as arrangements can be made for the meeting.

The boys attending the meeting last Monday were: Billy Bob Tibbs, James Seideman, Linden Clack, Charles Yeager, Stanley Brown, George Dubose, Harley Mankser, Billy Reed, Floyd Swagerty, Everett Robertson, Howard Young, Berwyn Wells, Kenneth Tudor, Billy Miller, Bobby Smith, Lannan Smith, John L. Gordon, Leon McReynolds, Glenn Seroggins, Bob Williams and Billy Waldrep.

RAGSDALE ATTENDS JOURNALISTIC CONGRESS

Nineteen students and Prof. Cecil Horne of Texas Technological College left Lubbock by bus last week to attend the Southwestern Journalism congress on Southern Methodist University campus in Dallas. Tech is one of 14 member schools to be represented at the annual meeting April 10 and 11.

Tech students attending were: Jack Nicks and Floyd Ross of Hereford; Lottie Self and Arlee Gowen of Lamesa; A. J. Kemp of Clovis, N. M.; Bill Latson of Clarendon; H. A. Maasen of Tahoka; Jeanne Saunders of Morton; Dorothy Montgomery of Lakeview; Dick Ragsdale of Slaton; Melba Suiter, Gem Bob Calley, Moneuro Carter, Arthur J. Weber and Leon Hughes of Lubbock; Mary Lucille Smith of Benjamin; Kara Hunsucker of Matador; Jerold Knox and Helen Joy Smith of Amarillo.

COLORED CHURCHES TO GIVE PAGEANT

A musical presentation by an Association of Colored Churches of Slaton, is scheduled for Wednesday night, April 28th. The performance will begin at 8:30 and a cast of 50 voices will be featured. The program has a title of "Pearly Gates" and will include a program of Negro Spirituals and Folk Songs and will be under the direction of A. E. Washington of El Centro, California, who is training the pageant.

School Census Nearly Complete

1080 names of children of school age have been recorded by F. A. Drewry, Secretary of the Slaton Independent School District. Mr. Drewry has been working on the rolls for several months and is endeavoring to get the name and address of every boy and girl of school age in the Slaton Independent School District. To date he has on file nearly fifty more names than the total recorded at the same time last year.

"We would like to have the name of every boy and girl who will be over six and under 18 years of age on September 1st," said Mr. Drewry, "and we would appreciate any parent or guardian notifying us of any child within these ages who has not been recorded. A phone call or letter to me here at the City Hall will enable me to get the child's name on the records. So far as I know we have recorded all children of school age in this district and the rolls will be closed soon."

DALLAS GOODWILLERS TO BE HERE WEDNESDAY

With nothing to sell but the idea of unity to win the War, 75 business executives wearing red, white and blue uniforms will pile off the annual Dallas Goodwill Tour Special Train at Slaton at 12:05 p. m. Wednesday, April 22.

With them for their stay in Slaton will be officers of the Army, Navy, Marine Corps, and Army Air Corps.

Entertainers aboard the special train who will stage a show include the Early Bird Orchestra, Cass County Kids, Peg Moreland, and the Plainmen Quartette, all from 50,000 watt Radio Station WFAA.

The members of the Dallas Goodwill Tour, the 41st to be staged by the Chamber of Commerce of this city, will leave their train and march uptown in Slaton. There, the entertainment groups will play, sing, and cut capers for the audience. The parade and show will occupy one hour.

Meanwhile, other members of the tour will mill through the crowd, distributing free souvenirs, including mirrors, pencils, candy, pennants, and other favors.

"All we ask of the folks at Slaton is that they show up and greet us and shake hands with us to show that Texas and all the Southwest are united for the duration of the War," said General Chairman Henry English of the tour committee.

"We don't much want to talk business on this trip," English continued. "We do want to greet all our old friends, though, and assure them that we in Dallas are thinking of them and need their support, whether normal business conditions prevail or not."

English explained that, when the War started, there was some doubt as to whether the Annual Goodwill Tour should be staged. Investigation revealed overwhelming belief on the part of the Dallas business men and the cities they are to visit, however, that the tour should be more important now than ever before because this is the only formal means Dallas business men have of meeting their friends over a wide area.

FUNERAL SERVICES HELD FOR WM. KERCHEVAL

Funeral services were conducted for William E. Kercheval Jr., son of Mrs. Ida Pearl Kercheval, Monday, April 13, at the Slaton Baptist Church with Rev. W. F. Ferguson officiating.

William was born May 23, 1925 and passed away April 12, 1942.

Interment was in Englewood Cemetery.

He is survived by his mother, one brother and a niece.

ACCIDENT IN SHOPS SERIOUSLY INJURES FORMER SLATON MAN

Mr. and Mrs. H. L. Carruth returned this week from Albuquerque, New Mexico, where they went April 6th, on an emergency call to be with their son Herman Carruth, who was seriously injured in an accident in the shops there.

Herman received a serious head injury and is still in a critical condition and even under favorable conditions will be confined in the hospital for many months.

Flower Exchange To Be Held Today

Due to the inclement weather last Friday the Flower Exchange that was planned for that day was not held but plans have been made to hold it this Friday on the City Hall lawn at which time every one is invited to bring all excess flowers, shrubs and other plants that they do not wish to grow on their own premises to the City Hall and donate them to other people who would like to have them. Those who wish to secure flowers, shrubs, etc. will be welcome to come and get those that are available. There will be no charges for any of these items. Mrs. W. P. Florence is the Chairman of the Exchange Committee from the Civic and Culture Club that sponsors the Exchange each year.

Slaton Co-Op Has Meeting

At the meeting of the Slaton Co-Operative Gin Company held last Tuesday afternoon at the City Hall over \$20,000.00 was distributed in dividends to the members of the Company.

C. Z. Fine was re-elected as President of the organization, C. E. Lilley as Vice President, L. V. Kitten, Secretary, B. H. Coston and A. J. Buxkemper as Directors. Many details of the business were discussed before the meeting and some plans made for the coming season.

TERRACING PROGRAM PROVING POPULAR

Terracing jumped into the spotlight during March and is likely to stay there the rest of the year, according to Fred Rennels, assistant administrative officer of the AAA in Texas.

Under the terracing phase of the AAA program, 114 miles of terraces were constructed on 78 farms in 15 Texas counties during that month.

"This is only a fraction of the work that will be done but it's a step in the right direction," the AAA official said and explained that Texas farmers already have requested approximately 25,518 miles of terraces for this year.

Basic fair prices have been established in 73 counties with other counties expected to fall in line immediately, he said. These prices, which are set by county AAA committees, are based on costs for terracing easier type farms in the county. They vary from 24 cents per 100 feet to 75 cents per 100 feet throughout the state, depending on soil type, average size of farms, prices customarily paid, and availability of terracing equipment.

After the basic fair price for a county is determined, construction is done by contractors who are paid immediately by the AAA when terraces are completed. Prices for terracing individual farms within each county will vary according to soil type, length of terraces, number of fills required, and other related factors. No cash outlay is needed under the new set-up since costs are deducted from producers future AAA payments.

"In view of labor and machinery tie-up in the Food for Freedom program, this is a valuable plan through which Texas farmers can continue soil-building work and earn maximum AAA payments this year," the AAA official said.

Homer Johnson Buried Thursday

Funeral services were held yesterday at 5 p. m. for Homer (Buck) Johnson who died at his home four miles north of Slaton. Services were held from the First Baptist Church with Reverend W. F. Ferguson officiating.

Mr. Johnson was born July 21, 1905. Interment was at Englewood Cemetery. He had been a resident of Slaton for many years.

He is survived by his wife and son, Otis Neal Johnson.

RED CROSS THREAD HERE

Announcement has been made that the thread for Red Cross knitting can be secured by getting in touch with Mrs. J. H. Brewer.

One Sailor to Another

Nickels and dimes from tiny tots as well as large contributions are swelling the Texas Navy Relief Society fund toward its \$210,000 quota. Three-year-old Ellen Wagner, whose father serves with the navy on foreign shores, gave her contribution to Yeoman Bill Slaughter at headquarters.

SECURITY BOARD TO REDUCE TRAVELING

Beginning immediately, representatives of the Lubbock office of the Social Security Board serving this particular section of the State will confine their visits to itinerant points to one each month by means of bus or train, it was announced today by John Palmer, manager.

This change in their working schedule has been made necessary in order to conserve automobile tires and comply with the Government's request to save this vital material for use of our armed forces.

NAMES OF MEN IN ARMED FORCES WANTED

Due to the many requests from civic and religious organizations and from individuals for information concerning young men who have gone into the armed forces from Slaton, this paper would like to secure the names of all men in this section who have been called or have volunteered.

With an accurate record it will be possible to keep many of the boys in the service familiar with local happenings and to let friends know where the men are.

Five men from this community were called into the service this week. They are: Ben Carl Klattenhoff, John Henry Gregory, Otis Lee Browning, William Leonard Lott and Oree Glascock.

Jack Norman In Three-Act Play

Jack, son of Mr. and Mrs. J. E. Norman, and now with the U. S. armed forces at San Diego, California, as a radio man with signal detachment, got a big send-off in the San Diego papers on March 27, along with his picture (in uniform), for the part he had so successfully handled in a 3-act musical farce, which had been presented at Servicemen's Theatre, in that city.

The play was titled "Blackout," and was applauded by the film star Irene Rich, at the Marine Corps base theatre.

In addition to his part in the 3-act farce, Jack was one of three who appeared between acts in a special number, and he rendered (in his well-known fine voice) "White Cliffs of Dover."

Slaton Man Gets Army Promotion

Mr. and Mrs. W. P. Florence have received word from their son William G. Florence, that he has been promoted to the office of Second Lieutenant in the Army Air Force Headquarters in Washington, D. C.

Lieutenant Florence is a graduate of the Slaton High School and has been in the army for the past twelve years, nine of which have been spent in Washington. Before his promotion he had been a Sergeant which until recently was the highest position an enlisted man could reach. William G. Florence has many friends in Slaton and the people of Slaton are always glad to know of the promotion of the men from this town.

At a meeting of Accredited First Aid Instructors last Thursday night, L. B. Hagerman was chosen as Chairman with authority to arrange for organization of First Aid Instruction Courses as the necessity arises.

At the meeting were Mr. and Mrs. L. B. Hagerman, Miss Phyllis Drake, Miss Ura May Haggard, John C. Jenkens, Elbert Wilson and Joe Bob Stevens.

The organization was formed so that the vital work of keeping First Aid courses can be started as fast as possible and to have instructors available at all times.

Two other meetings of the Instructors have been held since its organization. The classes that are to be organized will be open to any person from seventeen years of age or older, there are no charges for the instruction which is being done as a patriotic service by those who have prepared themselves to do the work.

Every man and woman in this community should avail themselves of this service as it may prove the means of saving a life at any time during either war or peace times.

Two Standard Courses to Start

Two classes in the Standard Course are to be started this week, one is to meet for the first time Wednesday night, April 22, and one Thursday night, April 23rd; the opening time will be 8:00 p. m. The instruction will be under the direction of one or more of the Slaton Red Cross Instructors.

Classes will meet for a total of 20 hours instruction, the hours of future meetings to be decided by those who enter the classes. The work does not consist of lectures but includes active work in demonstrating First Aid work.

The purpose of the First Aid instructions is not only for preparing for any possible future war emergencies but it also for the purpose of rendering aid to some of the 10,000,000 victims of accidents that occur regularly in the United States. Every citizen should know how to care for others in emergencies.

SCRAP IRON PRICES SET

Austin—Ceiling prices have been set on scrap iron and steel and there is no point in holding accumulations of these on the farm or around a city household in the hope of obtaining a higher price, George Butler, executive secretary of the Texas Salvage Committee, pointed out today.

"There is no profit in hoarding," Mr. Butler emphasized, "and fortunately, we find that the majority of farmers are only too glad to donate their accumulations of scrap, to charitable and civic collecting agencies, while others choose to sell. The important thing, though, is to get in that scrap!"

Slaton Should Clean-Up And Do It Now

The importance of keeping things clean is being stressed in all parts of the United States and especially in Texas where the Governor of the State has issued an appeal to all towns to promote the idea of keeping down fire hazards and contagions.

With all of the difficulties that have arisen in transportation of refuse and trash the problem of keeping our towns in good order has become more and more of a vital problem and along with many other civic problems it is most important that every citizen of Slaton bend every effort to co-operate in all civic moves that will help guard our health, property and morale.

Many of these subjects will come up for attention at public meeting such as Town Hall Night and it will require full co-operation from us all to make these efforts successful. Now is a time that many of us will be compelled to overcome problems that have never faced us before such as keeping our homes and business buildings in order. While we have all, in the past, depended upon civic authorities to take full responsibility we must all accept more of this responsibility now and do all that we possibly can to reduce fire and health risks.

SOUTH PLAINS BUSINESS AND INDUSTRIAL GUIDE

E. L. PITTS

Judge E. L. Pitts Seeks Office Of Chief Justice

District Judge E. L. Pitts of the 99th District Court at Lubbock, has announced for the office of Chief Justice of the Court of Civil Appeals, 7th District to succeed Chief Justice M. J. R. Jackson, who retires voluntarily next January 1.

Judge Pitts is 53 years old, a native Texan, born in Fannin County. His parents moved to West Texas when he was a child; and he grew to manhood in Palo Pinto County, where he resided until he moved to Northwest Texas some years ago. Judge Pitts' education was received in the public schools, East Texas Normal College, Commerce, Texas, and the University of Texas. Subsequently he taught school; and then he entered the law profession. Before his election as District Judge, he served as County Judge of Lubbock County.

Friends of Judge Pitts are convinced that his education, training, natural ability and twenty years experience as a trial judge qualify him exceptionally well for the position he now seeks. They point out

that in his judicial career he has had come before him almost every conceivable type of case; and that he has conducted his courts to achieve prompt, impartial, courteous and satisfactory settlements of the issues involved. Attention is also called to the much study he has given to the new rules of procedure for the Texas Judiciary, and his conviction that the proper application of them will expedite trials to the end that justice will be better served.

Judge Pitts has a record for having participated wholeheartedly in varied civic affairs; and if he has a hobby, it has been in working and counselling with young people, particularly boys and girls.

Based strictly upon his record, Judge Pitts solicits the support of all voters in the forty-six counties comprising the 7th District, Court of Civil Appeals of Texas, subject to the Democratic Primaries.

Walk This Spring And Summer—Think of Winter

Many people are inclined to be careless about their cars since spring is just around the corner. Most of us enjoy walking in the fresh spring air and we are perfectly willing to put the family automobile in the garage for the duration.

That is all right, but don't forget that next winter when the biting blizzards, snow, rain and hail all come in one day, as they evidently can here, that you won't enjoy walking along without a thought in the world.

Why not get the parts you will be needing for your car now? There will sooner or later be a shortage of such things and the longer you are able to use your automobile the more fortunate you will be.

Drop by O. D. Kenney's today or tomorrow and prepare for what you will need later. Mr. Kenney will be glad to help you with the selection of either automobile or tractor parts.

Let our Want Ads do your work.

When a Child Needs a Laxative!

SYRUP OF BLACK-DRAUGHT is a tasty liquid that most children will welcome whenever they need a laxative. What's more important, it has the same main ingredient as BLACK-DRAUGHT, its older companion. Perhaps that's why it usually gives a child such refreshing relief from the familiar symptoms which show a laxative is needed. Comes in two sizes: 25¢-50¢.

SCHOOL ACTIVITIES

JUNIOR HIGH

Honor table students for the week in Mrs. Wilhite's room are: Billy Jo Cantrell, Cleo Joyce Keese, Tom Gregory and Thomas Earl Pate.

Mrs. Wilhite's Room
The Girl's Homemaking Club of Junior High will have open house Friday, April 24, from four to five o'clock in room 9. At the same time the boys of this room plan to display some of their woodwork. Parents and friends and all who are interested are invited to come.

A memorial service for W. E. Kercheval was held on the school ground Monday around the flag that he loved so dearly and had cared for so tenderly every day he was able to be at school.

The Big Citizenship Club is taking seriously the task of finding some one to take W. E.'s place since this duty requires both love for the flag and ability to take responsibility.

The Citizenship Club also discussed the need of a new flag. Plans were made for securing a new one, and for the proper disposal of the old one.

Mr. Harvey's Eighth Grade News
Mr. Harvey's Eighth Grade room elected the following officers for the month of April:

Mayor, Herbert Pinkert; assistant mayor, Billie Ann Mosley; secretary, Marion Wilson; Citizenship Club members, Louise Dodd, Amalene Schuette, Tommy Davis, Fred

If you suffer distress from Monthly **FEMALE WEAKNESS**
Which Makes You Tired, Nervous!
At such times if you're troubled by cramps, headache, backache, a bloated feeling, nervousness—distress of "irregularities"—due to functional monthly disturbances—try Lydia E. Pinkham's Vegetable Compound! It's helped thousands upon thousands of women and girls to go "smiling through distress of such "difficult days."
Lydia Pinkham's Compound is one medicine you can buy today—made especially for women—to help relieve monthly pain and its tired nervous feelings—due to this cause. And in such a sensible way! With nature's own beneficial roots and herbs. No harmful opiates.
Taken regularly—throughout the month—Pinkham's Compound helps build up resistance against such symptoms. Follow label directions. Worth trying!

Schmidt; Honor Student, Norman Spears, Room Mothers, Mrs. J. P. Spears and Mrs. P. M. Wheatley.
Mr. Harvey's room presented the chapel program this week. They gave a play entitled "Cinderella From Hong-Kong." The characters were portrayed by Marlee Holloman, Everett Kenney, Wayne Kenney, W. A. Sikes, Billy Reed, Brian Sartain, Fred Schmidt and Don John Crow.

After the play all the boys dressed as girls and entered a "Beauty Contest." Brian Sartain and Junior Huskey furnished music for the program.

Mr. and Mrs. Holloman, Mrs. O. D. Kenney, Mrs. Hill, Mrs. Sartain and her sister-in-law from California and Mrs. Barton were visitors at the program.

Mrs. John's Room
The following people were elected as officers in Mrs. John's room for the month of April:

Mayor, Bert Dee Loring; secretary, Frances Ruth Edwards; Best Boy, Bert Dee Loring; Best Girl, Joy Gentry; Most Improved Boy, Billy Von Leake; Most Improved Girl, Montlee Cooper; Room Mothers, Mrs. Abernathy and Mrs. Gentry.

We regret to lose Billy Leake who moved to Southland Wednesday. We want to wish him a pleasant time there.

to cooperate in the prevention of this dread disease.
"Last year, the greatest number of cases in the history of the state were reported, when there was a total of 733 cases of typhus fever in Texas. While there were only forty-six cases of typhus fever reported during the first twelve weeks of last year, during the same period of this present year, there have been 131 cases," Dr. Cox stated. "With the peak of this disease occurring in August, if the present trend is continued, we may expect serious conditions resulting from typhus by the end of summer."

The type of typhus fever occurring in Texas is known as endemic or Brill's disease, and is transmitted to human beings from infected rats, by means of the rat flea. The eradication of rats greatly reduces this health hazard, and a consistent program of rat poisoning, rat trapping, and rat proofing will materially aid in the control of typhus in Texas.

Dr. Cox stressed the fact that it is the patriotic duty of every Texan to cooperate in maintaining the highest possible health level, and the eradication of rats will promote the control of typhus among our civilian population as well as our armed forces.

Will Rogers' Humorous Story

By **WILL ROGERS**
COURSE, nobody knows how long the girls will keep it up, but the craze for wearing men's clothes has gone pretty far. On some of these

hiking trips, and even on the golf links, it's getting impossible to tell when you had better swear and when you hadn't.
Anyway, there was a hiking party in the mountains this summer, and one man says to the individual that was walking along beside him. "Just look at that girl ahead of us with her hair cut short just like ours, and plain men's clothes out-and-out! Why, I think that's going too far. She looks a fright, and so do all these women that dress like men."
"That's my daughter, and I think she looks all right," says the other one.
"Oh, well, of course, if I'd known you were her father."
"But I ain't. I'm her mother."
And the other fellow didn't have another word to say.

JUST TALK
by
A.M.J.

The flowers that bloom in the spring, tra la, may bring joy to the sopranos but the hedges that grow two inches a day on both sides of our house are a pain in the neck to me. My next door neighbors are beginning to make indirect remarks about the hedges, my back aches every time I look out our front windows and I am in the market for guaranteed anti-fertilizer that will retard the growth of hedges, grass and climbing vines.

There is no place like home says A. R. Meador. A trip to such places as Dallas, Fort Worth and other points in South Texas makes him turn yellow, causes imaginary spots to appear in the atmosphere and rheumatic pains to get him in the back. Folks from such bilious places as South Texas do not know what pleasures life can hold until they come out here says Mr. Mead-

or.
There is an indelible mark of identification on any man who follows the rocky road of newspaper publishing. A visit to the Panhandle Press Association meeting in Amarillo last week brought together a large group of news hounds from all parts of this section of Texas and they all resembled a show window full of Mexican Jumping Beans. In the convention hall they sat on the edges of their chairs, seemed to all have the itch, very few had hair and those that did were pulling it out about as fast as it got long enough to get finger-holds on; their minds seemed to run in every direction but all were intent on winning the war with a typewriter, newspaper advertising and poultry.

The jerky walk, the muttering as they stumbled along, the humped shoulders and a tie that is always under one ear is the sure identification marks of a newspaper man and regardless of where you may be you can always get into an argument with one of these hay-wire individuals.

Specific Directions: Fair Visitor: "Is there some place aboard where I can get a drink of water?"
Sailor: "Certainly, Miss. At the scuttle-butt, on the starboard side of the gun deck, 'midships, just forward of the dynamo hatch."—Exchange.

One visitor at the office this week came in to argue with me about the City Water rate. She says our water rate is reasonable after the 5,000 gallon rate is reached but that it is too high for those who use under this amount. She believes that the city would get a larger revenue from the water if the rates were lowered during the growing season. As it is a great many people do not plant gardens at all or if they do they do not water them because the rate is too high to warrant watering a small garden. This lady says she realizes that there are many problems that she is not familiar with that face the City Commissioners but she would like to have them get out their overworked pencils and do some figuring on the water rate.

Definitions. A layman is said to be a man who knows a great deal about very little and who goes along knowing more and more about less and less until, finally, he knows practically everything about nothing; whereas

A judge on the other hand, is a man who knows very little about a great deal and keeps

knowing less and less about more and more until he knows practically nothing about everything.

A lawyer starts out knowing practically everything about everything, but ends up by knowing nothing about anything, due to his association with laymen and judges.

Time or Space. Scotchman (at riding academy): "I wish to rent a horse."
Groom: "How long?"
Scotchman: "Th longest you've got, laddie. There be five of us going."—Exchange.

Mellow with Time. A lady was discussing the latest fashions with a caller.
"Did you say your husband was fond of those clinging gowns, Mary?"
"Yes. He likes one to cling to me for about three years."

Not so very long ago I had a talk with J. J. Niehoff about what's cooking and he told me a great deal about his experiences during the Spanish-American War when he was stationed on Bataan Peninsula and other points in the Philippines. I have been trying to get up enough energy to go out and get the full details down in writing but it looks like the war will be over before I can find out what happened to Mr. Niehoff. Just to hear him tell about the bolo knives and to see him demonstrate how the Philippines use them, made me hope that most of the Japs would get pretty well болоed up but evidently there were not enough bolo swingers to

do the job.

Mr. Niehoff served under General McArthur's father and had the highest praise for him. To hear the details is most interesting but one goes home mumbling words with "Us" and "OO" in them and runs the risk of being accused of being drunk.

Last week we gave the progress of the automobile as follows:
1940—No running boards
1941—No gear shifts
1942—No car

and now I would like to prophesy the development in the style of men's pants:
1942—No cuffs and pleats
1943—No pockets

1944—If we have not won the war by then it will be—No pants.

Briggs Robertson says a lot of folks who are worrying about post-war conditions are like a man who was put in a parachute battalion and told that an automobile would meet him at any point where his chute landed. He was instructed to count ten after he jumped and then pull the cord to his chute, then if it did not open to count ten and pull the cord to the second chute. After jumping he did as instructed. The first chute did not open and he pulled the cord to the second chute but it did not open and he said to himself "I'll bet that the darn automobile don't meet me either, when I land."

Perhaps the young women are just as attractive in a bathing suit now as they were way back yonder in the dim and distant past, but they all seem knocked kneed to me. Last week when the

tired newspaper men were supposed to be entertained in Amarillo by a floor show where a flock of young women in abbreviated clothing came out and skipped around a bit but it did not take me long to get too much. The old tired business man story about going to the bald-headed row at the theatre in the gay nineties must have been a fairy story, personally I believe the women get more kick out of watching the other women show off their nakedness than most men do.

Had a letter from Don Cherry down at A. & M. written on blue paper, although it was not very well scented on account of his spelling smelling so bad. Don says

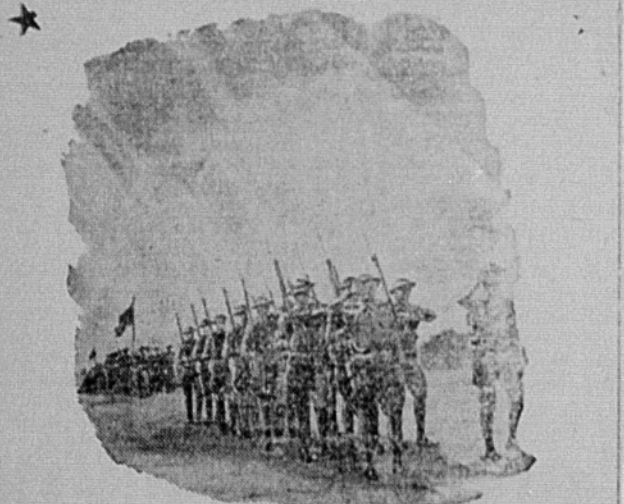

that they are starting a Navy Training Base at Bryan and that he might come out of school as Admiral Cherry. Just how they intend to teach men for the navy at a place as far from the ocean as Bryan he did not explain and personally I would not care much to go to war on a boat commanded by such an Admiral, however Don is smart enough to learn how to run a boat pretty well whether he ever sees the ocean or not.

In Cleaning Up...
your **HOMETOWN**
It should be self evident to every citizen of Slaton that now, as never before, is a time that every risk of loss of property and every danger to the public health should be considered and guarded against with every means at our command . . . and yet there are many bad practices being indulged in that are a menace to the entire town.
A short inspection trip through the back alleys both in the business section and in the residential parts of Slaton, will demonstrate to even the most careless observer that our town needs to be cleaned up and cleaned up now. The risks we are taking for fire loss and the breeding of diseases is too great to ignore.
The civic organizations of our town are more interested than ever before in an active campaign to clean up Slaton and the Governor of Texas has issued a proclamation calling attention to the people of this state to the dangers that confront us in unsanitary conditions and in fire risks.
You, as an individual, know whether you are one of those who are responsible . . . all of us could be more careful and in doing so eliminate risks that are a danger to every one else in Slaton . . . Won't you please . . .
CO-OPERATE

We Ask You To Aid ... in National Defense
THE NATIONAL EMERGENCY has clearly made it impossible for the electric appliance industry to manufacture enough new appliances to meet today's demand. Due to these unusual circumstances, appliances now in use must be reconditioned and repaired to increase and prolong their usefulness.
It is your job—in fact, the patriotic duty of all users of Electric Appliances to see that the "remobilization" of their Electric Appliances is carried out with utmost effectiveness.
We, therefore, recommend that all users of Electric Appliances give this thoughtful consideration. We further suggest that users get in touch with their local Electric Repairman and have him examine their appliances. If they need a little reconditioning, let him do it. In this way we release Labor and Material, in the factories, for materials of war.

Our Weekly Sermon— The Master Workman

By the Rev. Warren Filkin, Ph.D., Member of Faculty Moody Bible Institute, Chicago

A few days ago the latch on my car door refused to work. I took the car to a garage, where the mechanic told me he could fix it by putting in a new spring. When he had completed the job, the key would not turn in the lock. So he said I would have to bring the car back later when he had the part necessary to repair the lock. When he had repaired the lock, the inside latch on the door was loose. Finally, this "mechanic" left my car in something like the same condition it was in before the latch spring broke.

Now the way this mechanic worked on my car and bungled the job is much the same as the way

men bungle the job of saving their souls. They see that something is wrong and they try to "fit it up," but while they are "fixing" that something else goes wrong and they never finish the job. The mechanic finally saw to it, after my numerous trips to his garage, that my car was put back into condition again, but this we can never do to our souls. Every one of us needs someone to make us over, make us again—and that is just what the Lord Jesus Christ delights in doing.

One time a man who had spent years serving sin, approached a doctor and asked, "Would God save an old Swede?" This is what the doctor replied, "Yes man, God specializes in Swedes." And He

does. He specializes in Swedes, and Germans, and Frenchmen, and Americans—all He works on are specialties with Him. And He'll not do a "botch job" on you either. He will not leave you in worse condition after one visit to Him than you were when you went. He will do the job right, and keep you right. So heed His invitation, "Come unto me, all ye that labor and are heavy laden, and I will give you rest."

Jr. Culture Club Studies Glassware At Clements Home In Lubbock

The Junior Civic and Culture Club and their guests met in Lubbock on Tuesday evening for dinner at the Mexican Inn. Dinner guests were Mesdames W. T. Clements, George Lemon, Earl Reasoner and Misses Edith Marrs, Margaret Prewitt, Minnie Lee McMurray, Faye Coltharp, Myrtle Teague and Mary Watkins.

After the dinner the group went to W. T. Clements home in Lubbock and enjoyed the rare treat of viewing Mrs. Clements' collection of glassware and china. Mrs. Clements lectured the group on different periods in glassware and other interesting things about her hobby.

The glassware and china were displayed on small tables for the convenience of the guests so that they might be able to view and examine them carefully.

Mrs. Roy Boyd will be hostess to the group for the next meeting which will be April 28th.

MRS. D. J. NEILL GIVES BOOK REVIEW

The Wednesday Study Club had their annual Guest Day program in the form of a luncheon and book review in the ball-room of the Hotel Lubbock Wednesday, April 15, at 1 p. m.

A patriotic scheme was carried out in the decorations. 20 members of the club and 35 guests were present.

Mrs. Bentley Page was toastmaster. Mrs. D. J. Neill gave a book review with piano obligato by Mrs. Allen Ferrell. Mrs. F. C. Stanley of Lubbock sang, "The White Cliffs of Dover." The program closed with the group singing "The Star Spangled Banner."

Officers of the club are as follows:

Mrs. Roy S. Mack, president; Mrs. M. W. Abernathy, vice president; Mrs. Page, recording secretary; Mrs. J. Paul Stevens, corresponding secretary; Mrs. F. D. Eckert, treasurer; Mrs. S. A. Peavy, reporter; Mrs. W. B. Williams, parliamentary and Mrs. L. A. Harral, federation counselor.

LOYAL WORKERS MEET WITH MRS. WHEATLEY

The Loyal Workers Sunday School Class of the Methodist Church met in the home of Mrs. P. M. Wheatley last week.

Mrs. Charlie Walton led the devotional and Mrs. L. L. Frazier presided over the brief business meeting.

The social hour was spent in piecing a quilt for the Methodist orphanage.

Refreshments were served to Mesdames W. H. Proctor, Charlie Suits, Walton, C. A. Porter, Evelyn Simmons, M. C. Hodge, Miss Marie Gray, Mrs. Frazier and the hostesses.

The class will meet again Thursday, May 14, at the home of Mrs. L. R. Tibbs.

Suggestions On Insect Control

Follow a few simple rules and control of vegetable insects is not difficult, according to Cameron Siddall, A. and M. College Extension Service entomologist.

A duster may be obtained for a dollar up, but one may be made at home with a tin can, a stick and a piece of cheese cloth. Ask the county extension agents how it's done. Next, have ready a supply of insecticides for use at the first sign of insect injury. These are cryolite for control of bean beetles, cucumber beetles, cabbage worms and other insects which feed upon the fruit and foliage of the plants; rotenone and sulphur to control tomato fruit worm, flea beetles, plant lice and leaf hoppers; and concentrated pyrethrum dust for squash bugs, stink bugs, and harlequin cabbage bugs. Watch the garden for the first sign of injury and dust both sides of leaves.

Apply poison bait late in the afternoon for control of cut worms, grasshoppers and adult wingless

Red Cross Home Nursing Class Finish Course

Slaton's first Red Cross Home Nursing Class which was sponsored by the Wednesday Study Club was finished Tuesday morning with thirty-six ladies taking the final examination and completing the course which represented 30 hours of study.

The classes have been meeting each Tuesday and Friday from nine o'clock until 11 o'clock with Mrs. C. B. Adams R. N. of Lubbock and Mrs. Harold Stubbs, R. N. of Slaton conducting them. Mrs. S. A. Peavy is the local Red Cross Committee Chairman on Home Nursing.

Those who completed the course and passed the examination with flying colors are:

Rose Farschon, Mary Beth Hoffman, Pauline Crawford, Clara Miller, Billie Stevenson, Willie Lois Hoffman, Ardelle Reasoner, Marie Gray, Martha Robertson, Mary Grace Privett, Floy Bruner, Alma Lewellen, Katherine Scott, Vera Ragsdale, Nannie Sue Cherry Key Greenhill, Thelma McCarver, Bess Martin, Cecil Odom, Florence Adair, Rose Porter, Nora Welch, Maude Driver, Bessie Donald, Jannace Carruth, Beadie Elliott, Vera Frazier, Icie Kenney, Sue Champion, Edith Lovett, Blanche Mansker, Ethel Butler, Dot Williams, Mae Owens, Mabel Scudder and Lela Clark.

COMMUNITY SINGING TO BE HELD ON SUNDAY

There will be a Community Singing at the First Christian Church Sunday, April 19, at 2:30. Everyone is invited to attend.

May beetle, or June bug. Poison bait also will control mole crickets which frequent sandy soils.

A bait is made of sryolite, finely chopped carrots or turnips and wheat bran will control the adult vegetable weevil which attacks roots and foliage of carrots, turnips, radishes and beets, together with cabbage, mustard and other leafy vegetables. This pest prevails in 30 or 40 counties adjacent to College Station.

To control the bluish-gray pill bugs, or sow bugs, which damage young tomato plants, sprinkle a mixture of two parts flour, two parts sugar and one part paris green throughout the beds. Flea beetles, also dangerous to these plants, may be controlled by dusting plants with rotenone and sulphur each seven to 10 days.

Cantaloupes, now coming up in southern areas may be protected from the striped cucumber beetle, which feeds beneath the first small leaves, by dusting with cube or derris powder of four per cent rotenone content, or with cryolite at ten day intervals as long as beetles are present.

Know Your Navy—A white stripe around the right sleeve at the shoulder is the "watch mark" of non-rated men of the seaman branch of the Navy.

Southland News

Pauline Gilliland, Correspondent

Dorothy Sue and Sidney Smallwood visited relatives and friends in Olney this last weekend.

Mr. and Mrs. E. D. Jackson are the proud parents of a 9 pound son which was born Friday.

Miss Evelyn Bednarz is in the hospital recuperating from an appendicitis operation.

Mr. and Mrs. Roy Dopson of Ropesville are the parents of a baby boy. Mrs. Dopson is the daughter of Mr. and Mrs. O. J. Harmonson.

Mr. E. M. Basinger was taken to the hospital late Sunday.

Miss Dorothy Dell Oats accompanied Mrs. Dorothy Walter to Michigan last week. Dorothy Dell is to remain for an extended visit.

The women of Hackberry are to give Dick Denton a card and letter shower. Dick is now recovering from the mumps in Springfield, Mo.

John Hord of Lubbock has been at his home in Southland for the past few days due to illness.

Mr. and Mrs. J. D. Hord left Saturday for Waco to visit.

Merritt Russell, son of Mr. and Mrs. Bob Russell, died of burns received when the truck he was driving caught fire Sunday night.

Mr. and Mrs. J. C. Arthur of Lubbock and Mrs. Glenn Weeks of Amarillo visited their parents, Mr. and Mrs. B. R. Arthur Sunday.

Mrs. Leonard Anderson is temporarily managing the Cafe here.

Scene from "BAHAMA PASSAGE" at Palace Sunday & Mon.

Mrs. Charles Clark spent several days last week with her parents, Mr. and Mrs. J. L. Parks of Wilson.

ited their son Howard, who is with the army at Tulsa, Oklahoma over the weekend.

James Potts of the Cooper community received a silver handed and engraved cane from E. S. Ballew of Clarendon, as an award from the Texas Swine Breeders association for winning the grand championship of the South Plains Junior Fat Stock show with his heavy weight Poland China. Ballew, vice president of the association was an interested spectator at Tuesday's judging of swine at the show. Winning awards is nothing new to James Potts, who won the grand champion calf in 1937. He was also one of four Texas 4-H Club members selected for a free trip to the annual National 4-H encampment at Washington this summer, but as the encampment was called off for the duration of the war, James will receive \$100 in Victory bonds and stamps.

James C. Gilmore, 24, was one of those who was last reported in the Philippine theatre. He enlisted in February, 1941, for Philippine service. At last reports he was a member of a searchlight battery in the anti-aircraft division and was believed to be among the defenders on Corregidor Island. He was born in Hale county, had spent most of his life on the South Plains and was a graduate of Cooper High School.

Mr. and Mrs. H. M. Cade spent the weekend with their son, Jackie of Dallas, who is attending school

there. Guests in the home of Mr. and Mrs. E. A. Robertson and family Friday evening were relatives, Rev. and Mrs. W. M. McFarland of Lubbock and Miss Marie Conner of Bartlett, Texas.

Mr. and Mrs. R. L. Cummins and daughters visited in the home of Mr. and Mrs. J. B. Wells of Slaton Sunday afternoon.

Frankie Cummins spent Saturday night with Barbara Jean Evans.

Mr. and Mrs. Travis Davis and children visited Mr. Davis's parents of Tahoka Sunday.

Miss Evelyn Seifert, daughter of Mr. and Mrs. E. C. Seifert of Levelland, visited school Monday. Miss Euton Etphenso returned back to school Monday after recovering from the measles.

Mr. and Mrs. L. D. Bruce and family visited in the home of Mr. and Mrs. E. E. Maginnis last Sunday night.

Mrs. T. L. Peterson has been very ill with the flu the past two weeks.

FIRE DEATHS IN TEXAS 120 SINCE JANUARY 1ST
Austin—Fire has cost the lives of 120 persons in Texas during the

A. A. A. TRAVEL BUREAU
Coast to Coast
Approx. cost, 1 CENT per mile
7011 — PHONES — 7011
Clarence Hood
1218 Ave. H Lubbock, Texas

first three months of this year, Marvin Hall, State Fire Insurance Commissioner, said today.

From the list of fatalities by fire, Hall revealed that the year had a horrible beginning. Forty-one persons were burned to death in the first 10 days of 1942, with a single fire resulting in seven deaths.

Twenty-eight persons died in eight fires which caused two or more deaths during the three-month period. On each of two days, January 1 and February 18, fires resulted in the death of nine people. The death of eight persons was recorded on January 2; seven on January 8, and six on March 29.

Forty-nine of the 1942 fire deaths were children 15 years or younger. The fire victims' ages ranged from infancy to two of more than 100 years.

"Fire fatalities are always horrible," said Commissioner Hall. "The deaths recorded this year should stand as grim reminders for all of us to be careful with fire at all times. Besides those lives which have been lost, there has also resulted countless hours of agony by persons suffering from serious burns. Carelessness with

fire—the toleration of needless fire hazards—too often bring death and disaster upon us."

Mr. J. L. Whited received a message Tuesday that his mother was very seriously ill. Herman Whited, Mrs. Winston Dawes and Mr. Whited went to her bedside in Bonham. Mr. and Mrs. L. L. Harlan and Drue Ann and Mr. Harlan's two sisters, Mrs. Frank Hazelwood and Mrs. Charles Lynch of Slaton, attended the funeral of an Aunt in Stamford this week.

Mrs. S. N. Hendrix has been ill with the flu for the past few days, but is recovering satisfactorily.

Mr. and Mrs. Dick Craft moved to Sweetwater Wednesday.

Mrs. J. W. Stotts accompanied Mr. and Mrs. G. E. O'Neil of Lubbock to San Antonio last Tuesday.

Mrs. August Becker who has been ill is reported improving.

Doris Grey of Lubbock spent Saturday and Sunday with her mother, Mrs. J. W. Stotts. She left Monday for Amarillo to attend a get-together of business associates.

Barney Krause, who injured his eye very seriously, is doing very well now.

Bryce King was recently transferred from Fort Bliss to a camp in Louisiana.

George Jackson has the mumps this week as does Ben Etta Mining.

Norman Bedford underwent major surgery at the Mercy hospital in Slaton Monday.

Mrs. Edra Berns left Thursday for her home in Los Angeles, California. She had been visiting her brother, Mr. Clyde Sartain.

The Baptist W.M.U. sent an additional crate of eggs and \$7.10 worth of used clothing to Buckner's Orphan's Home, bringing the two weeks contribution total to \$36.28.

The Community musical was held last Friday night at the home of Mr. and Mrs. W. H. Gilliland. An enjoyable time was reported by all.

HOW TO KEEP LARD

Many Texas farm families have large quantities of sweet, high quality lard on hand, and with a little extra work and ingenuity they can save it for use during the fall and summer.

Hot weather causes lard stored in big containers, such as five or 10-gallon vats, to become rancid. Grace I. Neely, Extension Service specialist in food preservation, says the solution is to pack the lard tight in small containers so full they will be air-tight when sealed.

For example, lard may be stored in syrup buckets and the friction lids may be completely sealed with paraffin or sealing wax. No larger than gallon buckets are recommended, and No. 3 cans or quart jars are even better, the specialist says. Lard packed in jars should be kept in a dark place.

Since lard containers do not have to be processed in pressure cookers, it is possible to re-plate tin containers for this purpose. In fact, it is safer to put lard in used tin than fruits, vegetables, meats and other products which must be processed to keep well. Miss Neely says.

Families who have on hand large quantities of oil or beer cans may use these as lard containers if they are of a size which can be sealed with their home-owned equipment. Their salvage can be valuable to the family, since oil or beer cans cannot be used for preserving foods which must be processed.

The work of auditing the City Records of Slaton is about half completed. C. J. Brasher, certified Public Accountant, who is doing the work.

The U. S. Navy makes leaders of men.
