## Over 4,000 Get Sugar Ration Cards Here

### Alex Strickland School

Halfway through his Aviation Cadet training is one Slaton youth. He is Alex C. Strickland, son of Mr. and Mrs. A. C. Strickland, 835 W. Garza and is stationed here at Perrin Field, the Army Air Corps' first flying school to be activated following the declaration of war, for the important basic phase of the three — part flight training program.

The basic phase carries with it important points determining the ability of the student flyers and their introduction to more advanced and technical points in aircraft operation. At Perrin Field, the Cadets are flying Vultee B. T. 13A's with 450 — horsepower engines in comparison to the 175 — horsepower Fairchild's they flew in primary training.

In actual flying, the fledglings pilot faster planes and receive instrument, beam, and formation flying, both day and night. In addition to these, they are sent on cross — country flights to surrounding auxiliary fields. When not in the air, time is spent in groundschool learning radio code, navigation, and meteorology.

In keeping pace with the gigantic pilot-training program of the Army Air Corps, Perrin Field has just released to advance schools its third class since the first group of Aviation Cadets arrived on December 16, 1941.

From Perrin Field, the Cadets will go either to single or twin engine advanced schools where, upon being graduated, they will receive their wings and commissions in the Air Corps Reserve.

### RODNEY McREYNOLDS AT TRAINING SCHOOL

Mr. and Mrs. R. E. McReynolds have received word that their son Rodney has been sent to Chapel Hill, North Carolina, as purchasing agent and store keeper for the Preflight Naval Aviation Training School in connection with the University of North Carolina.

Rodney enlisted in the Navy in January of this year and has had several interesting trips to Philadelphia, Washington, D. C., Norfolk, Virginia and Charleston, S. C., Carolina.

He received the rating of Store Keeper 3rd Class on enlisting and writes that he really likes the Navy and finds his work at the School in Chapel Hill, very interesting.

### MERCY HOSPITAL REPORT

May 2, 1942—Tommy Carter, son of Mr. and Mrs. Nick Carter, Slaton tonsillectomy.

Mrs. Lucille Knight, Tahoka, admitted for minor surgery.

May 3—Girl born to Mr. and Mrs. M. J. Johnson of Lubbock who weighed 5 pounds, 7 1/2 ounces.

Mrs. John Cosgrove, Slaton, medical treatment.

May 4—Johnnie Perkins, Slaton, admitted for major surgery.

Mrs. E. T. Hinson, Slaton, admitted for minor surgery.

May 5—Mrs. M. M. Martin, Slaton, 6 pound, 2 ounce boy.

Mr. A. F. Pierce, Slaton, admitted for medical treatment.

### MAN VOLUNTEERS

Edsey, who has had office here, volunteered for the Medical Corp through Lubbock recruiting office last week and has gone to Fort Sill, Oklahoma for final physical examination.

### MILTON KESSEL TO BE A GRAD AT TEXAS

Austin—The coveted degree of Bachelor of Business Administration is only a month away from 214 University of Texas students, Dean J. A. Fitzgerald, of the School of Business Administration has announced.

Commencement exercises are scheduled for Monday, June 1, at which time the 214 graduates from the business school will have their degrees conferred upon them along with nearly a thousand graduates of other schools and colleges of the University.

Among them will be Milton Kessel, son of Mr. and Mrs. Abe Kessel of Slaton.

### It Was Round-Up Time At Lazy 7

Over 1200 head of cattle were vaccinated and a large number branded last Wednesday and Thursday at the Lazy 7 Ranch which is owned and operated by John Hardy Morgan.

It was a big thrill to the many visitors who were invited, many of whom had never seen a real old-time round-up. The Lazy 7 is one of the largest ranches on the South Plains and their annual round-up is a better show than

### SHELTON IN TECHNICAL BRANCH

Chanute Field, Ill.—Pvt. Lundy A. Shelton, son of Mr. and Mrs. L. A. Shelton, 156 South 8th St. Slaton, was graduated recently from the course of the Chanute Field branch of the U. S. Army Air Corps Technical Schools.

most of the rodeos held in Madison Square Garden. It is a well organized business and represents one of the largest industries of its kind in West Texas. The Lazy 7 is one of the few remaining registered brands and is recognized and held in high esteem in all the big cattle markets of America.

### OREE GLASCOCK AT WILL ROGERS FIELD

Will Rogers Field, Okla.—Private Oree Glascock, formerly of 635 South 10th Street, Slaton, is one of the soldiers stationed at this Army Air Force bombardment base.

Private Glascock is assigned to a Signal Company here for Basic Training. He is the husband of Mrs. Joan Drewry Glascock, 635 South 10th Street, Slaton.

Before entering the Army in April of this year, Private Glascock was a trucking contractor.

Before reporting to Will Rogers Field, on April 18, 1942, he was on duty at Fort Sill, Oklahoma.

### F. S. A. Man To Inspect Slaton

Harry Emigh, regional representative of the Federal Securities Administration has informed Briggs Robertson that he will be in Slaton next week to determine whether Slaton is in a Defense Area or not. It is necessary that any town or community be in a defense area before funds can be spent by the Government on Defense projects. An effort is being made here to secure a recreation center for service men.

### CO-OP DIRECTORS MEET

Over 190 people from Slaton and seven surrounding towns and communities attended the first of a series of Singings Sunday afternoon at the Church of Christ.

"We were gratified by the enthusiasm and pleasure that was manifested," said J. Lurl Nesbitt, who organized the singers, "we will have a singing the first Sunday in each month and will be glad to have visitors."

### 49 Boys And Girls To Graduate From Slaton High School May 19

Caps and gowns have been issued to forty-nine of fifty-four seniors who will graduate from Slaton High School Thursday, May 10, at 8:30 p. m.

Of this forty-nine there are thirty-four girls and only fifteen boys to march down the aisle of the auditorium as Mrs. Allen Ferrell plays the processional.

Dr. J. O. Ellsworth, the Professor and Head of the Department of Economics and Business Administration at Texas Tech, will

Reverend J. Paul Stevens will deliver the Baccalaureate Sermon next Sunday night, May 10, at the High School Auditorium. This exercise will begin at 8:30 p. m.

deliver the Commencement address. Other speeches will be made by the valedictorian and salutatorian.

Although all finals have not been taken yet, there are only four who's passing is doubtful.

### Price Regulation Meeting To Be Held In Lubbock Tonight

A meeting has been called of all South Plains retail merchants at the Senior High school in Lubbock for tonight at which time two regional men from Dallas will address and explain the over-all price regulations which will go in effect on May 18th.

These regulations will effect all cost of living commodities and the meeting has been called so that the retailers will be thoroughly familiar with the rules governing the commodities they sell.

Practically all Slaton merchants are expected to be at the meeting or send representatives. The meeting will be open to the public although it is primarily being held in order to give vital information on how the plan is to be operated by retail merchants effecting tobacco, drugs, toiletries, sundries, men's and boy's clothing, women's and girl's clothing, infants clothing, yard goods, foot wear, fresh beef, pork, canned goods, household furniture, appliances, furnishings, hardware, agricultural supplies, ice fuel and automotive as well as many other items.

### DIRECTORS OF FARMERS CO-OP GIN MEET HERE

The regular meeting of the Farmers Co-Op Gin directors met Saturday, May 2nd at the Gin office at which time routine business was discussed. John Collins was certified as manager for the coming year. Those present were C. Z. Fine, President, and the following directors: C. E. Liley, L. B. Kitten, B. H. Coston, A. J. Buxkemper.

Over 4000 men, women and children were registered for sugar rationing at the Slaton Club House Monday, Tuesday and Wednesday which was a far greater number than was expected.

The big rush was Tuesday when more than 2500 were registered compared with 1500 Monday. Only two days were at first designated for issuing the cards here but the rush was so great that it was continued over through Wednesday when about three hundred were listed.

Twenty-six assistants began the work of issuing the cards under the direction of M. S. Kavanaugh and Professor Jenkins but the final rush was so great that more help was called in and the force increased to 32, most of whom were students of Mr. and Mrs. Nash in the business administration classes.

Professor Kavanaugh reports that only two people reported having as much as 90 pounds of sugar on hand and less than 300 had stamps torn from their books.

A limited number of books were issued yesterday from the Chamber of Commerce office where they were taken after the Club House was closed for this purpose.

### To These Mothers And To Mothers All Over The Nation

#### We Pay Tribute Next Sunday

*If space permitted we would like to picture for you the mother of every man in the service but being unable to do so we give you here a few of the mothers of Slaton who have sons in our armed forces.*

*These mothers and thousands of other mothers in this community will face, with fortitude, the trials that the time and condition of the world has forced upon them and us.*

*To them and to every mother of a son in our air force, in the navy and in the army, every man and woman in the nation should pay tribute not only on next Sunday but on every day and make every day a "Mother's Day," for the mothers of our nation are the heroes who will get no badges of honor and no recognition in Victory. Truly this Mother's Day is one that has more important than any in our history, let us pay Homage to Mother with a prayer and for the men who are their sons . . . the men who are risking their lives for Freedom.*

MRS. H. G. SANDERS

MRS. R. H. TODD

# SOUTH PLAINS BUSINESS AND INDUSTRIAL GUIDE

## COTTON SEED PROVES EXCELLENT FEED

Lubbock—Cottonseed hulls are shown to be a satisfactory roughage by dressed-out weights and net profits on a comparative feed-

ing project of fattening steers at Texas Technological College. Figures based on market value of carcasses and a comparison of different feeding experiments for 60 Herefords also showed that larger daily gains, superior carcasses, and greater profits per steer were obtained when the level of cottonseed meal was doubled.

Comparison of cottonseed hulls with sumac silage as roughage showed the lot receiving cottonseed hulls made larger daily gains, shrunk less in transit, required less feed per hundredweight gain, brought more per pound and yielded a greater profit per steer.

Kafir silage which was heavily grained proved to be a more efficient roughage than sumac sorghum silage. Kafir fodder from the same year and same field was shown to lack the palatability of kafir silage and less advantage as a roughage.

No significant difference in the feeding value of sumac sorghum fodder as compared with sumac sorghum silage was noted. The former was shown to be decidedly superior to kafir fodder, however.

Greatest net profit, \$34.05 per head, was shown on the lot of steers showing the lowest initial weight of 626.4 pounds each. Daily ration per steer in this lot was as follows: milo head chop, 3 pounds for 28 days and amount increased by 3 pounds each 28-day period following in 140-day experiment; 4 pounds cottonseed meal; alfalfa

hay, 2 pounds; cottonseed hulls, fed according to appetite; 1 pound limestone; salt available at all times.

Results of the sixth cattle feeding project have been compiled by Jamie N. Caviness of Hurlwood, graduate student, who has conducted research under a scholarship from the Texas Cottonseed Crushers association.

## PEAS FOR PLANTING WANTED

College Station—Farmers who may have saved cream or purple hull peas from the 1941 crop for 1942 planting are being urged to share any surplus seed with their neighbors.

Even weevil damaged and low-germination peas which normally could not be sold will find a ready market now at most seed dealers. There is a serious shortage of cream peas for garden planting, and the purple hull cowpea—a Texas variety—can no longer be found on the market.

## The Movie Reporter

Hit the giggles—get the giggles—when the professor gets a lesson in love. It's a riot when he goes on a double-talk pender with a beautiful night-spot glamour girl—This hilarious yarn will put you in a laugh-fever—and its love story is an emotional thrill. Hear Gene Krupa with his drums and his famous Orchestra in Samuel Goldwyn's "BALL OF FIRE" starring Gary Cooper and Barbara Stanwyck, showing Sunday and Monday, May 10 and 11.

You'll have an up-roaring time, when this glamour girl barges in on a guy who tries to say "no" . . . and fails . . . but excitingly. The romance is thrilling in this gay story of the glamour girl who proposed, and bull-dozed the boy friend into saying "yes." FRED MACMURRAY and MARLENE DIETRICH in Mitchell Leisen's "THE LADY IS WILLING" showing Tuesday, Wednesday and Thursday, May 12, 13 and 14.

You remember "Badlands of Dakota" and "When the Dalton's Rode." The thrilling story of the great open place of the old West of men who lived by the only law they knew, the law of the six-gun. NOW you must see another of those great thrillers, "THE LAST OF THE DUANES" showing Friday and Saturday, May 15 and 16.

Starting May 17 and 18 "THE FLEET'S IN" starring DOROTHY LAMOUR, EDDIE BRACKEEN, WILLIAM HOLDEN and JIMMY DORSEY and HIS ORCHESTRA. Strike up the band . . . bring on the fun . . . get ready girls . . . come on the run . . . cause . . . "THE FLEET'S IN."

## COOPER NEWS

Kathryn Robertson, Correspondent  
The Sophomore class entertained with a party given in the home of Mr. and Mrs. E. R. Slater Tuesday night. Punch, sandwiches and cookies were served to the following: Frankie and Fay Cummins, Nellie Jones, Earnestine Fielding, Don Johnson, Dot Dawkins, Gene Barrett, Margarette Leggett, J. B. Morris, Kenneth Brownfield, Jennings Price, C. C. Jones, Author Boyd, Veler Goode, Raymond Davis, Betty Robertson, Walter Beverly, Clardy and Lorene Hamilton, Frances Sullivent, Fay Martin, Margaret Melcher, Fred Rich and the Slater Family.

Visitors in the home of Mr. and Mrs. R. M. Cade last weekend were Mr. and Mrs. Clifford Young and

children, Mr. and Mrs. Rhea Pierce, Mr. and Mrs. H. M. Cade and daughters, Miss Althea Seifert and other friends of Wilson.

Miss Edythe Webb entertained with a party Friday night given in honor of Pat French who left for the United States Navy this week.

John Lewis Goode, son of Mr. and Mrs. R. L. Goode, left for the United States Army last week.

Several people from the Cooper Community attended the baccalaureate service at Wilson Sunday night.

Miss Nanna Lee Goode returned to her home in Lubbock Sunday after staying with her mother, Mrs. R. L. Goode, who has been ill the past few days.

Sgt. and Mrs. Bart Klanchneck

are parents of a daughter which was born at 6:30 p. m. Saturday. The infant weighed 7 pounds 9 ounces. The father is serving in the U. S. Army in another State. The grandparents of the child are Mr. and Mrs. Charlie Gill of the Cooper Community.

Mr. and Mrs. C. B. Roberts and children visited relatives of San Francisco and Phoenix this past week.

Mr. and Mrs. C. B. Barrett visited

## A Statement of Facts About Cotton Planting Seeds

The bulk of the cotton seed grown on the Plains in 1941 is unusually low in germination. The general average is possibly 30 to 50 percent; many seed germinate even lower. Seed high in germination are extremely difficult to obtain anywhere.

As a service to those cotton growers who wish to continue planting PAYMASTER seed, Lockview Farm has double-culled and Ceresan-treated a limited quantity of seed. The germination approximates 45 percent, as determined by a series of sixteen tests. We are of the opinion that a satisfactory stand of cotton can be obtained by the planting of a bushel of seed per acre.

For high varietal purity these seed have been accepted as State Registered seed, but on account of the low germination, they will be sold without the Registration tag attached to the bag put up in plain, unbranded sacks of 3 bushels (96 lbs.) each.

They are available at \$1.50 per bushel at the Lockview Farm warehouse at Aiken or at any branch of the West Texas Cottonoil Co.

WE ALSO HAVE GIN RUN SEED FROM THE ABILENE AREA, TESTING 75 PER CENT GERMINATION; CULLED AND CERESAN-TREATED IN THREE BUSHEL SACKS AT \$1.50 PER BUSHEL.

## Cadet Lands 300 Feet Underground

It may sound strange, but cross-country flying in machines firmly bolted to the floods of training buildings is an important part of the training of Air Corps aviation cadets learning to fly the Army's big twin-engine bombers and transport planes at the field. Called "Link Trainers" after the inventor, the machines now have almost the complete burden of training cadets in instrument or "blind" flying.

A Link Trainer is about half the size of a single-engine plane and looks something like one of the dummy planes youngsters ride in. It has a dummy fuselage, dummy wings, a dummy tail and a dummy cockpit. But in the cockpit is an authentic working instrument panel, by means of which the cadet, covered by a hood, guides his flight.

One of the amazing things about the Link Trainer is that it simulates actual flying conditions and can make a novice just as air-sick as any real plane. For, despite its bolted foundation, it is mounted on pivots and goes through all the motions of turning, banking, climbing and diving according to the pilot's will.

Meantime, while the cadet is "in the air," an operator sitting just outside the machine, keeping in constant touch with the pilot by telephone, checks the flight minutely with an automatic plotting device which records the flight on a chart.

Now and then, of course, somebody goes astray in the trainer. But, luckily, it's probably the only "flying machine" in the world in which a pilot can get lost without getting lost and can "crack" without getting scratched—and certainly, as cadets have found, the only one which can make a safe landing 300 feet underground.

## ON THE HOME FRONT

From the meetings already held, the principal problem for retailers is the necessity for meeting the requirement that on and after May 18 every person offering to sell a cost-of-living commodity at retail shall mark the maximum price of each commodity plainly visible to and understandable by the purchasing public.

Listed as cost-of-living commodities are such items as tobacco, toiletries and sundries, packaged

household drugs, infants' food, ice cream, apparel and yard goods, footwear, specified cuts of fresh beef, pork and other meat products, canned fruits, vegetables and juices, other listed types of groceries and household sundries, household furniture, appliances and furnishings, hardware, agricultural supplies, ice, firewood, charcoal, fuel oils, gasoline, tires and tubes, and miscellaneous specified items.

The ceiling becomes effective at the wholesale-manufacturer levels on May 11. Then it applies to retail goods on May 18 when consumers and retailers seal the partnership that includes every man, woman and child in the battle against high living costs.

As the ceiling goes into operation, everyone knows that it will work—it's got to—with a minimum of squeeze on merchandisers. Of course there will be some squeeze, but that's one of the tolls of war, and instead of thinking of it in terms of sacrifice the President has said it should be viewed as a privilege to cooperate.

Lewis C. Huff, former chairman of the Dallas City-County Defense Council Salvage committee, has been named branch manager of the General Salvage Section, Bureau of Industrial Conservation, with an office in the Fidelity Bldg., Dallas. Plans already are under way for intensification of the drive to collect old metal, rags, scrap rubber and other critical materials throughout the Southwest.

The War Production Board has ordered the entire stock and production of heavy weight sole leather set aside for military and Lend-Lease requirements. A previous order had required setting aside 80 per cent of such leather, but this was found insufficient. Civilians demand for shoes is expected to decline this year, since thousands of former civilians are now in the

armed services. Potential leather supplies are at an all-time high, with the number of cattle on the nation's farms approaching a record total.

To conserve coffee supplies now on hand for the Army, Navy and civilian population and to make future supplies go as far as possible, the WPB has issued a conservation order limiting monthly deliveries of coffee to wholesale receivers to 75 per cent of the

amounts accepted during the corresponding period last year. Practically all coffee received in the United States comes from Latin America.

tions have been asked by WPB officials to order supplies of tissue and paper towels for delivery in four shipments during the year, instead of the customary one or two shipments, to avoid disruption of commercial paper markets. No shortage in tissues and paper towels is anticipated, but a flood of buying orders for supplies to last until the summer of 1943 is threatening to disturb the market seriously.

A suspension order charging uses of substantial quantities of scarce materials, in violation of priority regulations has been issued by the War Production Board against General Motors Corporation, at Detroit.

### HOW TRUE—HOW TRUE

I shot an arrow into the air,  
It fell in the distance, I knew not where,  
Till a neighbor said that it killed

his calf,  
And I had to pay six and a half (\$6.50).  
I bought some poison to slay some rats  
And the neighbor swore it killed his cats;  
And rather than argue across the fence,  
I paid him four dollar and fifty cents (\$4.50).

One night I sat sailing a toy ballon

And hoped it would soar till it reached the moon;  
But the candle fell out on a poor man's straw,  
And he said I must settle or go to the law.  
And that is the way with the random shot,  
It never hits the proper spot;  
And the joke you spring that you think so smart,  
May leave a wound in some fellow's heart.

**JUST TALK**  
 by  
**A.M.J.**

In last week's paper we published a letter from Miss Virginia Brasfield in which she said "It's funny how a home town paper is much more interesting, etc."

What do you suppose she meant by the word "funny"?

That restriction on manufactured goods and upon travel is benefiting the smaller communities is being shown in Slaton. Reports from postal receipts show that we have a most gratifying increase, the sale of Victory Bonds and Stamps also show that we are more than doing our share and activity in most every line of trade is far better than it has been for years. Larger communities where factories and army camps have been established do not make nearly as good a showing as we do.

What the future will hold is anybody's guess but in the meantime if we take advantage of the breaks and cooperate with each other we can keep on buying more and more bonds.

Here are some cracks I cut out of a teachers magazine, I got a kick out of them and perhaps you can do the same—  
 Once a man has tied the knot, he doesn't have much rope.

Courtship makes a man spoon; marriage makes him fork out.

No girl marries a man for better or for worse, but for more or less.

Marriage is like a cafeteria:

He grabs what looks nice to him, and pays for it later.

In a Missouri court the wife said her husband struck her, and the husband said she struck him. We can't say who'll get the divorce until we know how it strikes the judge.

A young R.A.F. officer stationed somewhere in Egypt was flying near the Great Pyramid, carrying out exercises in navigation and discovering his geographical position with a sextant.

After a series of involving and confused calculations, he turned suddenly to his pilot and said, "Take off your hat."

"Because, according to my calculations we are now inside St Paul's Cathedral."

The battleship was in port and visitors were being shown around. The guide was exhibiting a bronze tablet set in the deck.

Guide: "Here is where our gallant captain fell."  
 Nervour Old Lady: "Well, no wonder, I nearly tripped over it myself."

The church service was proceeding successfully when a woman in the gallery got so interested that she leaned out too far and fell over the railings. Her dress caught in a chandelier, and she was suspended in mid-air. The minister noticed her undignified position and thundered at the congregation:

"Any person who turns round will be struck stone blind."  
 A man whispered to his companion: "I'm going to risk one eye."

It would be interesting to get a report on sugar rationing cards to find out whether Briggs Robertson's estimate is true. Briggs says that there is only one woman in Slaton who is over 40 years old. One woman told me that she told the truth on her ration card about everything but her age which bears out the statement, made by a famous actress, that a woman who will tell her age will tell anything.

My heart goes out to the poor

farmers who had such a tough time the past year with floods, boll worms and an over-supply of poor grade grain. Such men as Melton Hancock, L. J. Strube and Judge Sewell make me feel very sympathetic when they moan and groan about the rains today and the sun shine tomorrow. Their predictions for the coming year would bring a tear to the eye of the Sphinx and I shiver and shake as I blend my groans and moans with theirs, but just the same I wish I had a nice juicy farm with a large crop of cotton planted.

Monday and Tuesday were tough days in Slaton. All of the women and half of the men spent at least four hours each, waiting to get their ration cards. Wayne Jarvis, one of our printers, lost most of Tuesday afternoon and my wife got her arches re-broken down; Mrs. Hugh Adair was so nervous after getting hers that she tried to pay a bill with her ration card, and Professor Kavanaugh, who had charge of the rationing, would not answer the telephone for anything less than a death message or for an announcement that his salary had been raised. No one died, so he did not answer the telephone.

Reports from the men who have no regard for the truth are that fishing is good. So far I have not seen or smelled a fish but I have turned over several earth worms in the flower bed and my fever is beginning to rise. One unusually big fat worm caused me to lose thirty-four minutes on the flower bed spading and I even went so far as to hold him up and admire his, or her, glamorous fishing profile but my wife came out of the front door and I had to go back to my spading.

It is said that the bass are ravenous out at Buffalo Lake and that fishermen have to beat them off with paddles. There is an old

tire out near the dam at Buffalo that I caught four times last year and I am going to try and catch again this year. It struck once at a shannon spinner and three times at a shimmy wiggler but I'll bet it won't hit at anything this year.

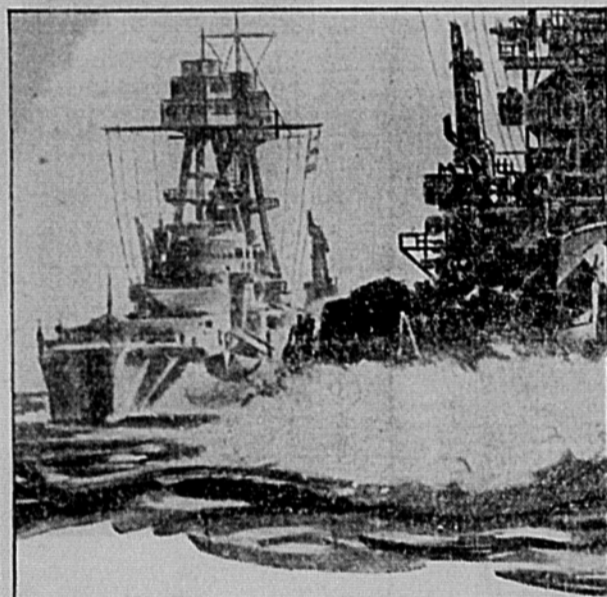

There are few towns on the South Plains that have better kept front lawns than those in Slaton and few that have worse looking side streets and alleys. My next door neighbor nearly burned my back fence down not long ago when he set fire to a twenty foot high mound of old tree limbs and last year's grass clippings. He said it was accidental, as he takes up the collection at church I am giving him the benefit of the doubt, but I miss the beautiful background that I used to see out of my back window when the moon shone over that mound of refuse.

What has become of the rocking chair? We have one out in our garage but my wife won't let me have it in the house and the only way I can bring back the luxurious memories of my boyhood days is to go out in the garage and try to operate the old chair in the uncomfortable surroundings of garden tools, leaky ice cream freezer, and moth eaten rugs. The cramped quarters and the discarded salad dressing bottle that gets under the rockers make it a difficult task but I go out every once in a while and give it a trial.

Just why it is against the laws of culture to have an easy rolling rocking chair is something I have never had explained to me but I believe the young folks of today are missing something by not having one or two around their home.

**Acid Indigestion**

What many Doctors do for it  
 When excess stomach acid causes gas, sour stomach or heartburn, doctors prescribe the fastest-acting medicine known for symptomatic relief—medicines like those in Bell-sin Tablets. Try Bell-sin yourself, at first sign of distress. They neutralize acid, relieve gas, and bring comfort very quickly—yet are not a habit! Only 25c. at drug stores. If your very first trial doesn't prove Bell-sin better, return bottle to us and get double your money back.

**War Material Shortage  
 Limits Telephone  
 Service**

You probably have heard about certain government restrictions on telephone service and equipment now in effect. We should like to tell you a little more about these restrictions—why they are necessary, and what they will mean to you.

The reason for them is simple and complete. They are to save materials which are needed to fight the war.

What will they mean to you, the telephone user?

If you have a telephone now, they mean no change except that in many Texas cities affected by war growth you may have to have other parties on your line. And, in all cases, you can't get an extension telephone in your home if you haven't one already.

For people who have no telephones and want them, or for present users who move to new locations, we shall supply at least party-line service wherever there are now enough lines and switchboards. But in general, where new construction of this type would be

necessary, we shall not be able to provide service.\*

This will mean inconvenience and perhaps hardship to a few people now. As time goes on it will probably mean inconvenience and hardship to more people, but we need your help and sympathetic understanding in this important step to save the maximum of materials for the war.

Beside the great savings in materials already made by substitution and wartime engineering, the new restrictions will mean that more lead, iron, steel, zinc, copper, and rubber used in telephone equipment will now go into arms.

In spite of all this, and while telephone service may not be available to all who want it, we believe we can keep the service up to a high standard. At any rate, we shall do our level best. These difficulties are something that neither the government nor the telephone companies can help. They are part of the price of protecting liberty.

\*Except for those cases where the need for telephone service has been recognized by the War Production Board as necessary for defense or public health, welfare or security.

## Miss Treva Shelton Becomes Bride Of Raudin McCormick

The marriage of Miss Treva Faye Shelton, daughter of Mr. and Mrs. A. H. Shelton, and Raudin McCormick, son of Mr. and Mrs. Mack McCormick took place at the Lubbock First Christian church Saturday, May 2, 1942, at 3:30 p. m. Rev. H. G. Gantz, pastor of the church officiated in a single ring ceremony.

The bride wore a navy blue dress with powder blue and black accessories. She was attended by Miss Geraldine Pickett who wore a beige dress with brown accessories.

Truman Shelton, brother of the bride, attended Mr. McCormick as best man.

Mr. and Mrs. McCormick attended Slaton High school and Mr. McCormick is now employed by the Santa Fe R. R.

The couple is at home at 755 South 11th street.

## Women Journalists Discussed At Wednesday Study Club

"Modern Women Journalists" was the program topic for the Wednesday Study Club at their meeting this week in the home of Mrs. F. D. Eckert.

Roll Call was answered by naming ladies of the press.

Mrs. Roy Mack, president of the club, presided over the short business meeting. Mrs. J. H. Brewer discussed Dorothy Thompson, Eleanor Roosevelt and Faith Baldwin and Mrs. Tess Bruner discussed Margaret Bourke-White, Pearl S. Buck and Clare Booth.

The topic of the next meeting which will be in the home of Mrs. L. A. Harral is Music and Musicians. The club will again meet in their regular meeting May 20.

## VOWS EXCHANGED AT CLOVIS RECENTLY

Mr. and Mrs. A. C. Ownby are announcing the marriage of their daughter, Miss Quintilla Ownby, to Pvt. Hubert S. Creswell, formerly of Clovis, N. M., who is now stationed at San Luis Obispo, Cal.

The ceremony was read in Clovis recently. The bride wore a blue dress trimmed in white with beige accessories.

After a brief trip to Oklahoma the couple returned to Slaton. Mrs. Creswell will make her home here.

## WORD OF THANKS

To the many kind people who were so generous to me and my family during the recent misfortunes when the house in which we were living, near Wilson, was destroyed by fire, together with most of our personal belongings, I wish to express my sincere appreciation.

Your help in supplying us with the necessities of life has enabled us to re-establish ourselves.

Yours truly,  
 Lewis Hournbuckle,  
 Slaton, Texas.

## Miss Mary Ann Schmidt Honoree At Party Friday

Mrs. J. H. Adair honored Miss Mary Ann Schmidt with a buffet supper last Friday evening, May 1, at 8 o'clock. Spring flowers lent color throughout the house.

After the supper Mrs. J. Paul Stevens dressed as a gypsy told fortunes and the hostess presented the honoree with a scrapbook. Games were played and Miss Rebecca Wilson won the prize offered in the contest.

Mrs. Adair was assisted by Mrs. A. M. Jackson, Mrs. Fred Schmidt, the honoree's mother, and Mrs. W. T. Brown.

The invitation list included Misses Wilda Ruth Hannah, Connie Henry, Juanita Elliott, Phyllis McReynolds, Rebecca Wilson, Berta Raye Reid, Donna Sanner, Jimmie Jean Guinn, Betty Lou Turner, Maxine McMillan, Cleo Joyce Marr, Mary Frances Landreth, Corinne Cates, Thelma Jo Felton, and the honoree.

## National Music Week Observed

Students from the Griffith School of Music, gave a program Tuesday night, May 5th, 8:45 p. m. in observance of National Music Week, in Mrs. Griffith's recital hall at 120 West Panhandle. Immediately following the program, Mr. Meador took pictures of the pupils. Those on the program were:

Donnie Webb, Dorothy Ann Balch, Geniece Renfro, Greta Ann Heck, Katherine Ann Roper, Bill Max Cramer, Bob McOllister.

Norma Sue Burkhalter, Marlene Tamplin, Eudania McCormick, Eileen Baker, Billie Jean Tucker, Geane Martin, Marion Bain.

Helen Balch, Emma Young, Wilma Jean DeBusk, Billie Jean Jarman, Evelyn Scroggins, Dorothy Lee Jones, Mary Nell Uetler.

Billie June Balch, Peggy Ruth Smith, Norma Lou McGuire, Josephine Becker, E. H. Johnston, Jas. Craft, Joyce Regeon, Doris Becker, Josephine Sheparó, Wilma Fern Wheeler, Gertrude Lee Dominguez, Maudean Harper, Amaleine Schuette, Norma Jean Bickers, Dwayne Walters.

Betty Jo Gentry, Billy Nadine Walters, Dorothy Lee Davis, Natalie Bailey, Thelma Ruth Strain.

## Coffee Honoring Mrs. Strickland

Honoring Mrs. Connie Strickland Jr. Mrs. A. C. Strickland of 835 West Garza entertained with a coffee Saturday, May 2. The table was laid with a Madeira cloth and centered with a bowl of white glad holi, white snapdragons and ferns, with tapers in crystal candle sticks.

Forty or fifty guests called between the hours of nine and eleven.

Those in the house party were: Miss Myrtle Teague, Mrs. J. H. Brewer, Mrs. J. D. Holt, Mrs. M. H. Lanter, Miss Phyllis Drake, Miss Ura Mae Haggard, Mrs. R. M. Champion, Mrs. K. S. McKinnon and Miss Mary Watkins.

Mr. and Mrs. W. R. Lovett returned this week from Chicago where they visited Mrs. Lovett's relatives and Kansas City where they visited Mr. Lovett's brother and other relatives. Mr. Lovett reports rain and cold weather in Missouri and Illinois.

## MOTHER'S DAY TEA TO BE GIVEN SUNDAY, MAY 10TH

The Daughters of Pioneer Study Club met in a regular meeting at the home of Mrs. Ralph Stevenson, Monday evening, May 4th.

Miss Myrtle Teague presided over the business meeting, in which the members discussed their plans for the next few weeks and gave the final examination over the year's study, which has been Practical English.

Plans and arrangements were also made for the Mother's Day Tea, an annual club affair. It is to be in the home of Miss Myrtle Teague, Sunday, May 10.

Members present were Mesdames Max Arrants, Orce Glascock, Levi Self, R. A. Singer, Harmon Thompson, Melvin Tudor, A. C. Strickland Jr., Cecil Scott, Arthur Haddock, and Misses Naydiene Smith, Mary Lee Thompson, Myrtle Teague, Mary Watkins and the hostess.

The club will meet in the last yearly meeting May 18 at the home of Mrs. Harmon Thompson, with Mrs. Melvin Tudor co-hostess.

## CARD OF THANKS

Words cannot express our appreciation for every kind word and deed during the loss of our beloved father, Mr. Nick P. Gentry. Also for the beautiful floral offering.

Mr. Eulyssee Gentry  
 Mrs. A. H. Shelton  
 Mrs. W. M. Joplin  
 Mrs. Tom Harris  
 Mr. E. R. Gentry.

Abe Kessel has been in Roswell, N. M. this week on a combined business and pleasure trip.

## Geane Martin In Recital

Mrs. A. B. Griffith presented Geane Martin, assisted by Viola K. in her Junior Piano recital Tuesday afternoon at 5 p. m. in the recital hall, 120 West Panhandle. The program was as follows:

March of the Dwarfs, Greig; Sarabande, Bach; Music Box, Poldini; Serenade, Ohen; Desert Dawn, Hibbs; Largo, Handel; Sonatina, op. 36, No. 6, Clementi; Dorothy, Smith; A Carnival Scene, DuVal.

Miss Viola K. Martin gave readings and played "Medley of Love" on the Hammond Solovox.

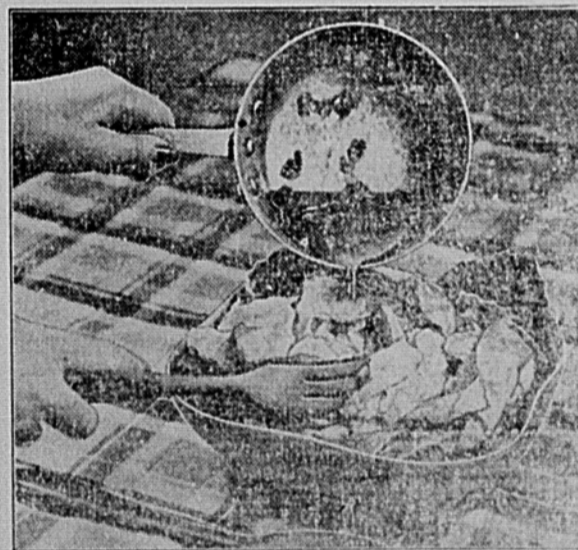

## Church Of Christ 11th and Division

J. Luryl Nisbett, Minister

11 a. m. "The Great Day of Wrath"  
 8:00 p. m. "Communion Service"  
 Always Welcome.

## To step up your Vim and Bounce EAT MORE VEGETABLES

Dorothy Greig

Hot Bacon-Tomato Dressing lends new interest to lettuce salad.

"DEAR me," said mother. "When I served you children so many vegetables and fruits I didn't know I was filling you up with vitamins and minerals." She added, "Come to think of it, that's probably why you were always such a bouncy crowd."

And it probably was. Fruits and vegetables, lots of them, in the diet, certainly help generate all round plus-health. And in these more than strenuous days, young or old, we all need all the strength and vitality we can muster.

But quite aside from their health building qualities, we gladly eat vegetables for their sheer deliciousness, too. Take lettuce, for example. Have you ever tossed a savory hot dressing over lettuce? Now, there's something you will like.

**Garden Lettuce with Bacon-Tomato Dressing**  
 2 quarts leaf lettuce (loosely packed)  
 Bacon Tomato Dressing  
 1/2 cup tomato juice  
 1/2 lemon sliced  
 1 tablespoon sugar  
 1 teaspoon salt  
 Pinch of pepper  
 6 slices bacon, diced  
 Combine tomato juice, sliced lemon, sugar, salt and pepper. Bring to boiling and simmer slowly for 10 minutes. Fry bacon until golden brown, remove lemon slices from tomato juice and combine bacon (with fat) and tomato juice. Heat well and pour over lettuce. Toss thoroughly. Serves 5-6.  
 Note: This dressing is very good, also, with tender dandelion greens.

Asparagus is a vegetable that's here today and gone tomorrow. Let's eat it often, then, while we have it. And try it fixed in this sippy celery and cheese sauce.

**Asparagus in Creamed Celery and Cheese Sauce**  
 1 can condensed celery soup  
 1 cup milk  
 1/2 package or 4 ounces mild processed cheese  
 4 cups cooked asparagus (cut in 1/2 inch lengths)  
 Combine the celery soup and milk. Add cheese (velveeta) cut in thin slices, then heat until the cheese melts in the sauce. Add cooked asparagus and heat well to blend flavors. Serves approximately 6 portions.

## May We Suggest 3 Ways to Get Best Results at lowest cost, with your "VICTORY COOKING"

### PLAN YOUR DAY'S MEALS FOR MAXIMUM NUTRITION

Follow daily the Official Nutrition Food Rules issued by your Government, in selecting the foods your family needs for maximum health and vigor.

### TAKE ADVANTAGE OF THE COOKING AND ECONOMY FEATURES OF YOUR GAS RANGE

- SAVE VITAMINS**  
 Cook vegetables by the "waterless" method. The flexible Gas flame will give you the exact degree of heat you need. Cover vegetables and bring to boil quickly over full Gas flame. Turn flame low, cook gently.  
 Cook vegetables shortest possible time. Serve promptly.  
 Store vegetables in hy-drator of Gas refrigerator to help preserve perishable vitamins.
- SAVE FOOD**  
 Roast meat at low temperature in your Gas oven to reduce shrinkage.  
 Remember that the flexible Gas flame can be regulated to any degree of heat you need, eliminating scorching of food.  
 Use any remaining vegetable liquids in soups, gravies, sauces, or cold in tomato juice.  
 Plan one casserole dish a week to use left-overs.
- SAVE FUEL**  
 Do not pre-heat your Gas oven or broiler too long. Remember Gas is fast.  
 Plan complete oven and broiler meals, to make full use of Gas.  
 Avoid using small pans on large or giant top burners.  
 Do not heat any more water than you need at one time. The speedy Gas flame is so fast that it will heat the water quickly next time you need it.

### BUY FOOD CAREFULLY... COOK IT PROPERLY... WASTE NOTHING!

In these days—when meal-planning, cooking methods and food economy are so important in keeping America strong—your Gas Company considers it a patriotic privilege to support our Government's National Nutrition Program.

## West Texas Gas Company

### Claude L. Hale Seeks 2nd Term

"I am indeed grateful to the voters of the county for the opportunity given me to serve as county superintendent of public instruction."

CLAUDE L. HALE

Thus did Claude L. Hale, incumbent county school superintendent, keynote announcement of his intentions to seek a second term in the office in a statement authorized by him for publication.

#### Now Better Qualified.

In asking the support of the voters of the county for a second term Hale says that he does so upon his record, that through encouragement and cooperation of his friends this record was made possible. "The experience which I have gained in this office makes me better qualified to serve the people, he said. His announcement states that

through the cooperation and support of the people of the county interested in the cause of education, it has been possible to maintain a progressive school program; that from an administrative viewpoint, efficiency and promptness are essential requirements in handling the many affairs that are transacted through the office. "These standards have been maintained during my tenure in office," Hale said.

**Efficiency and Economy**  
"Realizing the importance of schools having a sound financial basis for continued progressiveness, I have endeavored during my first term to administer the schools economically and efficiently. Increase in financial stability has been secured by insisting upon an accurate scholastic census, a more careful attention to correct budgetary procedure and a wiser and more prudent expenditure of school funds," he continued.

Hale holds the master's degree from Texas Technological college, having majored in education. He holds a permanent high school certificate and an administrator's certificate, has taught in Lubbock county schools and Lubbock Junior High school for approximately 16 years.

In closing, he announced: "It has been a pleasure to me to serve the people of Lubbock county during my first term in office. I trust my record merits your support for a second term and that I shall continue to have that loyal support and cooperation."

#### RECORDS TEACH FOREIGN LANGUAGES TO STUDENTS

AUSTIN.—Phonograph records and education go together at the University of Texas, but the recordings are not "jive"—they're conversational records in Spanish, French, Portuguese, and Italian.

Deciding that pronunciation was one of the big difficulties in learning a foreign language, the department of Romance languages has put the "linguaphone" into use five afternoons a week. There are 25 records for each of the four languages, and they are played exactly as ordinary records are, except that the speed of playing can be regulated.

#### JOBS FOR ALL ARE OFFERED AT TEXAS U.

AUSTIN.—"Nobody's going hungry" summarizes the work of the Student Employment Bureau at the University of Texas, which this year guarantees to find work for any student who wants it.

Nearly 60 per cent of the students work their way through school annually—as typists, cashiers, soda jerkers, tutors. This year, for the first time, the Bureau is kept on its toes finding workers for jobs. Operation in past years has been successful, too, though jobs were not so plentiful.

Records for 1940-41 show that the Student Employment Bureau found work for 1,799 students for a payroll total of \$76,454.26.

#### NOT PROOF READ.

Consecutive items in a newspaper read as follows:

"Thirty grown chickens were stolen Tuesday night from the ranch of Emil Anderson six miles south of Longmont, according to the report received at the Sheriff's office."

"The congregation of the Second Baptist Church will give another chicken dinner tomorrow at the I. O. O. F. Hall."

My teacher thinks he knows everything. One who knows everything is smart. To be smart is to sting. Something that stings usually burns. Will he burn when he sees this!

Have your prescriptions filled at TEAGUE'S DRUG STORE by a registered pharmacist.

#### MORALE IS MIGHTIER THAN THE SWORD

Out of the factories and shipyards of America are pouring the planes and tanks, the guns and boats to arm the United Nations in the all-out fight for Democracy. Day by day, week by week our power must grow until, at its flood, it sweeps the earth clean once more so that free men may live again in peace and security. That is our resolve — from it no power on earth shall turn us. To carry it through our minds must be as keen as our sword, our hearts as strong as our tanks, our spirits as buoyant as our planes. For morale is a mighty force — as vital as the materials of war themselves. And just as it is the job of some industries to provide the implements that will keep 'em flying, keep 'em rolling, and keep 'em shooting, so is it the job of the Motion Picture Industry to KEEP 'EM SMILING. Yes, that is our war time job. We

cannot build combat planes or bombers — — — we cannot make tanks or guns or ships. But we can build morale, we can give America the hours of carefree relaxation which will make its work hours double productive, the mental stimulus that will carry us on and on with heads up through dark days and bright, through good news and bad — — — to victory. WE CAN — — — AND WE WILL! The Palace and State Theatres, Slaton, Texas

#### Drivers Licenses Coming In Slow

Austin—Nine hundred thousand Texas drivers' licenses have been issued under the new drivers' license law since last October 1, State Police Director Homer Garrison announced today. This is considerably less than

half the 2,250,000 licenses which are expected to be issued by the end of September, Garrison said, warning that an unmanageable rush will occur late in the summer unless the rate of applications is speeded up immediately.

"The Drivers License Division is issuing only 160,000 licenses a month now, and is prepared to give rapid service," Garrison said. "If the applications continue to come in at their present rate, the num-

ber of applications each have to jump to 250,000 in July, August and September to meet the deadline."

Applications no longer accepted from any holder of erator's license regardless of serial number.

Have your prescriptions filled at TEAGUE'S DRUG STORE by a registered pharmacist.

## Why America Needs More Cotton Production

COTTON is the ONLY Crop That Supplies All These Products

MORE COTTONSEED OIL to supply the nation's need for food and industrial fats, and to replace oil formerly imported from Pacific area.

MORE COTTON LINTERS to supply the increasing needs of the munitions industry for this essential raw material.

MORE COTTONSEED MEAL AND HULLS to supply feeds needed by livestock producers for the efficient production of "Food for Victory."

MORE LINT COTTON of certain qualities and grades, especially longer staple cotton, to meet increasing needs of the United Nations in their war efforts.

### COTTON'S GOAL FOR 1942

The cotton farmers of America have their job cut out for them this year with establishment of the official planting goal, just released by Secretary of Agriculture Wickard — 27,400,000 acres! Realizing the great demands upon the raw cotton industry by war needs for vital materials in the food, feed and munitions production program, this represents an increase of 17% over the 1941 planting of cotton. It is more important than ever that the cotton farmers of the nation plant their full quota, that they cultivate earnestly, and that insect control be practiced as never before. That's our job for 1942—let's do it with determination.—ACCO PRESS.

Pauline Gilliland, Correspondent  
The seventh grade Graduation Exercise was held Friday evening. The program consisted of the Professional, Mrs. Charles Clark; Invocation, D. F. Menning; Song—"Give of Your Best to the Master," Hackberry Quartet; Valedictory address, Anna Mae Voight; "Over

the Hills," Wilma Wheeler; Address, Rev. H. B. Coggin; Presentation of Diplomas, McGee Moore; Benediction, I. J. Duff.

There were 14 grade school graduates. Anna Mae Voight, Valedictorian, B. J. Robbins, Salutatorian, Lemon Barkley, Wilma Wheeler, Bobbie Field, Eddie Marie Cummings, Billie Stone, Ruby Ruth Becker, Duane Gilliland, Charles Becker, Edward Ussery, Bobbie Menning, Joe Gayle Fleming, and Harley Nelson.

The seniors of 1942 left Wednesday, May 6, for Carlsbad. They were accompanied by Mr. and Mrs. I. J. Duff, Miss Beauchamp, Delma Rae Meeks, and Mrs. Ed Denton. They plan to return Friday evening.

Tommie Johnson went to O'Don-

nell last week to bring back his niece who is ill.

The mayor has been instructing work on the streets this week. Gravel has been spread over the streets and many ditches have been filled in.

The I. J. Duffs moved to their farm near Wilson last Saturday.

Last week's cases of the mumps included Lena Mae Samples, B. J. Robins and Marvin Truelock.

Thursday afternoon Postmaster and Mrs. Bod King left for Phoenix to visit Mrs. King's parents and sister. Mrs. Walter Wilke is postmistress in their absence.

Mrs. Walter Kellum received a congratulatory letter from the U. S. Navy Training office of San Diego, California, stating that her son, Carlos Wagner, was selected April 6, for Honor Man of his company. It was given because he was the man who is most conspicuous in attention to duty and profits most from instruction. He was selected from 106 men.

Rev. and Mrs. J. O. Harmonson and Jo Jo visited John Harmonson and family in Olney last week.

Mr. and Mrs. Tom Walker visited Mrs. Walker's daughter, Mrs. W. H. Gilliland and family last week.

Mr. and Mrs. Clarence Basinger, Mr. and Mrs. G. W. Basinger and Mr. and Mrs. Wes Donohoo fished at Lake Brownwood from Tuesday until Sunday of last week.

There is a box in the Barber Shop for collecting books and magazines for the men in the service and for new woolen scraps. The Red Cross hopes to get enough woolen scraps to be reprocessed and made into 50,000 uniforms.

Please start saving clippings and pictures of local boys in service. If you don't want to make a scrapbook for yourself, then give them to your news reporter and someone will make a book for a gift for a boy in uniform.

The last national election of the Republic of Texas resulted in the Election of Anson Jones, in 1846. The Congress of the United States accepted the Texas State Constitution on December 29, 1845, which date has been declared by United States Supreme Court as the actual date of annexation.

## THIS WEEK'S WAR MOVES

Price Administrator Henderson issued a general price regulation placing rigid Government controls over retail and wholesale prices for the duration of the war.

Beginning May 11, manufacturer and wholesale prices may not exceed highest March, 1942 levels for each individual seller. Beginning May 18, retail prices may not exceed highest levels charged by each seller during March. Beginning July 1, no one may charge more for services sold at retail in connection with a commodity than he charged during March. All retailers, manufacturers, wholesalers and services must preserve for pricing purposes existing sales records made during March. Every retail store as of May 18 must display publicly the ceiling prices for "cost-of-loving" commodities.

Agricultural commodities are excluded from the order. Various other items which do not conform with the price control act's definition of a "commodity" are exempt also.

College students enrolled in advanced ROTC courses will be required to enlist in the Army Enlisted Reserve Corps if they have reached the age of 18, the War Department said. The Department reported 327 negroes are now enrolled in Officer Candidate Schools. Selective Service Director Hershey said men who registered last February 16 will be included in June calls of every SS Local Board.

War Production Chairman Nelson said although the U. S. is "over the hump" in war production and United Nations output exceeds

that of the Axis by a considerable margin, the real production war has just begun because of the head start of the Axis. More than 1,000,000 men and women are working in war plants where joint Labor-Management production drive committees have been set up, he said. The War and Navy Departments announced jointly the establishment of a Price Adjustment Board in each Department to review financial setups of war contractors when ever there is reason to believe excess profits are being made.

President Roosevelt said plans to register women for war work have been abandoned for the present because there are more women workers now who want jobs than there are jobs available. He said any woman wanting to get into war work may register at a U. S. Employment Service office. War Manpower Chairman McNutt said the number of persons employed in war work by the end of 1942 may reach 17,500,000 compared with 1,500,000 at the beginning of 1941. He said a million or more additional women will be employed in war industries this year. Mr. McNutt issued directives to the 1,500 Employment Service offices in regard to the placement of women and of men over 40.

The President told his press conference he hoped people would buy war bonds and stamps out of current earnings rather than from

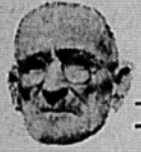

cash reserves. Treasury Secretary Morgenthau said investments of employees in firms operating under the Payroll Savings Plan must be raised at once to a minimum of 10 percent of the gross payroll. He said the number of employees purchasing bonds regularly must be doubled, and average purchased raised from \$7.50 to \$20 per month.

The flag of the United States replaced the Lone Star banner over the Capitol of Austin, February 16, 1846.

In 1940 the United States used approximately 6 1/2 billion pounds of fats and oils in edible products; two billion in soaps, one billion in paints, varnishes, printing inks and linoleum products, and 0.5 billion was used for a variety of industrial purposes.

Sure, every acre's raising more... Now what's upping the mileage from this oil?

How does prize wheat or corn at the county fair get that way? Sure, man-made soil improvers—modern synthetics—were added to improve on nature.

AND MODERN SYNTHETICS in Conoco N<sup>th</sup> motor oil make it yield mileage that outscored all other brands tested in the sensational Death Valley Certified Competition. Five big-name quality brands got every fair chance against Conoco N<sup>th</sup> oil. All were run till engines failed and none came closer than 58% of the mileage totaled by Conoco N<sup>th</sup>... the oil you can have for your needed Spring oil change that's now overdue... the oil whose best known man-made extra substance—at no extra premium—gives your engine OIL-PLATING.

OIL-PLATING backs up the familiar fluid type of oil film with a surfacing of lubricant close-bonded to inner engine parts. Every cylinder wall, for instance, becomes a wall of OIL-PLATING that doesn't all drain dry during all the time you use Conoco N<sup>th</sup>. Even after all-day parking, the OIL-PLATING is still up to the topmost piston rings, ready to lubricate before any oil can circulate. That's one plain way of foiling excess

wear, and keeping up mileage with your engine OIL-PLATED.

But Conoco N<sup>th</sup> oil also includes Thiakene inhibitor... another synthetic... invented to inhibit or restrain the dangerous "jelling" of oil under excess strain. Engine heat and pressure can even gum up oil into something like fly-paper coating—only dirtier, and not much better for mileage. Against this threat, Thiakene inhibitor was created for Conoco N<sup>th</sup> (U. S. Pat. 2,218,132). And Conoco N<sup>th</sup> out-mileaged the others in the Death Valley Test—from 74% all the way up to 161%. You can get real optimistic about your own mileage. Conoco N<sup>th</sup> will come through for you. Change at Your Mileage Merchant's Conoco station. Continental Oil Company

## CREDIT REGULATIONS MADE MORE STRINGENT

In conformity with the President's special message to Congress of April 27 and under authority of Executive Order No. 8843 of August 9, 1941, the Board of Governors of the Federal Reserve System has adopted, effective May 6, 1942, Amendment No. 4 of Regulation W relating to consumer credit.

As amended, the regulation is extended to cover a comprehensive list of durable and semi-durable goods for civilian consumption, and contemplates that the volume of outstanding consumer credit, already substantially diminished,

will be further contracted in keeping with the Government's purpose to prevent the rapid bidding up of prices. The purpose of this revision is to help make effective the last point in the 7-point program which the President set forth in his special message to Congress of April 27, 1942, as follows:

1. The list of consumers' goods to which the regulation applies has been broadened to include automobile batteries and accessories, tires and tubes; bedding; draperies; binoculars; household electric appliances not hitherto listed; used furniture; jewelry; luggage; athletic equipment; table and kitchenware; pottery; glassware; yard goods; and non-military clothing and furs, including shoes, hats and other haberdashery.

2. The maximum permissible maturity of installment sales has been reduced to 12 months, and the required down payment for all listed articles has been increased to 33 1/3 per cent. Exceptions to this rule include installment sales of automobiles, for which the down payment of one-third and the maximum maturity of 15 months are retained, and furniture and pianos, for which the required down payment, formerly 10 per cent, becomes 20 per cent, the maximum maturity being 12 months.

3. The scope of the regulation has been broadened to make it cover, in addition to installment sales and installment loans, charge-account sales of listed articles and single-payment consumer loans. The regulation provides with respect to charge accounts that unless payment is made by the tenth of the second calendar month following the purchase, no further credit may be extended to purchase any listed article until the items in default have been paid for in full or have been placed on an installment basis for payment within 6 months. No down payments are required on purchases in charge accounts. The regulation covers many other phases of credit.

Miss Jimmie Jean Guinn  
**Hostess To Group Saturday**  
Miss Jimmie Jean Guinn was hostess to a group of girls of the senior class last Saturday morning at 9:00 for a bridge-breakfast.

After the girls ate breakfast at the Palace of Eats they went to Miss Guinn's home and spent the remainder of the morning playing bridge.

The guests were Misses Connie Henry, Corinne Cates, Phyllis McReynolds, Wilda Ruth Hannah, Berta Raye Reid, Mary Francis Landreth, Mary Ann Schmidt, Billy Faye Wicker, Garnetta Bailey, Betty Lou Turner and the hostess.

**One Quilt Completed At Jolly Quilters Meeting**  
The Jolly Quilting Club met in the home of Mrs. C. C. Wicker Tuesday, May 5, for the regular meeting and covered-dish luncheon.

Mrs. H. H. Edmondson, president of the club, presided over the brief business session. Luncheon was served to eight members and three guests. Members present were Mesdames H. H. Edmondson, P. M. Wheatley, R. C. Sanner, W. P. Florence, Jess Burton, E. E. Wilson, Ben Mansker and the hostess. Guests were Mesdames C. E. Jarman, J. F. Ewing and Earl Reasoner.

**"Home and School" Topic At Home Demonstration Meeting**  
The Slaton Home Demonstration Club met Wednesday, May 6, in the Slaton Club House. The club voted to send money to buy a book for the Army Flying School at Lubbock. "Home and School" was the program theme and the following talked on related subjects:

Mesdames C. E. Lilley, R. C. Hall, W. H. Long, P. M. Wheatley, O. F. Kitten and J. W. Alspaugh. Other members attending were Mesdames J. F. Henry, E. E. Wilson, Roy Collins, Luylec McEver, Fred Walters, Henry Robinson, Carter Shaw, Earl Reasoner, Douglas Wilson, and one new member, Mrs. E. L. Forrest.

The club will meet again Wednesday, May 20, at 3:00 p. m. in the Slaton Club House.

**MRS. R. H. BAILEY HAS GUESTS**  
Col. and Mrs. Horace L. Porter of Pasadena, California were guests of their sister-in-law, Mrs. R. H. Bailey, Wednesday night and Thursday enroute to Kansas City for a visit with relatives. Col. Porter, who has been commanding officer of 19th Army Engineers at Fort Ord, California the past two years, is being transferred to the middle West.

**HOMEMAKERS TO MEET**  
The Homemakers Class will have their business and social meeting in the home of Mrs. E. E. Culver with Mrs. Henry Jarman assistant hostess.

Next meeting will be Thursday, May 14. All members are urged to be present as an excellent program has been arranged.

Uncle George Marriott plans to accompany Mrs. Harold Brown and her child to San Francisco as soon as they hear from Harold Brown who was formerly a Slaton resident. He was a radio technician with Charlie Marriott. Mr. Brown is now an instructor and technician and is stationed in San Francisco.

W. E. Stevenson left last Saturday for Fort Sill, Oklahoma where he entered the Engineering Corps. He has been manager of Driver's Hatchery for the past four years. Mrs. Stevenson and their daughter Loretta will remain in Slaton. Mrs. Stevenson will operate the Hatchery until her husband returns.

## ★ IN THE SPOTLIGHT ★

By David O. Alber

Hedda Hopper is a busy Hollywood celebrity. Besides appearing in pictures (she's in the currently popular "Reap the Wild Wind"), the tireless Hedda writes a syndicated chatter column, conducts a radio program, throws glamorous parties for the film folk, and has a few other "side-lines". Well, she came to New York this week for a "vacation", and this is a partial idea of how the hoppin' Miss Hopper "vacash-ed" . . . She guest-starred on three radio programs, addressed four women's clubs, conducted her own network show and wrote her regular daily newspaper column. Hedda says she'll rest on the train home!

Trust Ralph Edwards, radio's "Truth or Consequences" brain-trust, to think up the durndest "consequences" for his unlucky wrong guessers! The other day Ralph "sentenced" a woman to christen a boat with a paper bag filled with water. When they removed the woman's blindfold, she discovered that it was her husband's bare head which she had christened!

Have another example of Hollywood "type casting"? Van Heflin, brilliant young actor who won a screen contract on the basis of his role in the Broadway stage version of "Philadelphia Story", scored a sensational hit with his screen portrayal of the cynical gangster in "Johnny Eager" now he's penciled in for two pairs of films titled "Kid Killer" and "Grand Central Murder Case" . . . In appearing opposite Jean Gabin in his first American film, "Moontide", (Ida Lupino won out over a score of actresses who wanted the role very much. Gabin's first film here is awaited with much interest, as he is famous for his fine acting in French films.

RECORD NOTES: Victor's album of the week is a collection of the immortal music of Sigmund Romberg, played by Emile Cote's concert orchestra and the Victor mixed chorus . . . It's never too late to applaud Woody Herman's Decca platter of "Too Late".

noon at 4:15 at the Mercy Hospital. They named the baby Tommie Karen. The mother and baby are both doing well.

Mrs. Fred Schmidt and family and Mrs. Schmidt's father, W. F. Meador and her uncle, Ben F. Wright both of Lubbock visited Mr. Smith at the Veterans hospital in Amarillo last Sunday.

Mrs. E. L. Manire, of Big Spring Texas, is a visitor at the home of her daughter, Mrs. R. L. Henry.

Mr. and Mrs. O. D. McClintock spent the weekend with Mrs. McClintock's mother in Wichita Falls. Earnest Kercheval was in charge of the store during their absence.

**Our Weekly Sermon—**  
Mother

By the Rev. John H. Cable, D. D., Member of Faculty Moody Bible Institute, Chicago

It is characteristic of great men to be mindful of "mother." Hear them:

Abraham Lincoln: "All that I

am or hope to be I owe to my angel mother."

Thomas Edison: "My mother was the making of me. She was so true, so sure of me; and I felt I had some one to live for, some one I must not disappoint."

D. L. Moody: "All that I have ever accomplished in my life I owe to my mother."

Theodore Roosevelt: "The mother is the one supreme asset of national life; she is more important by far than the successful statesman, or business man, or artist, or scientist."

On the cross, when the Master was bearing the sins of the world, when His body was writhing in agony and His heart was breaking, He had time to think of mother and to express that thought in the words to John, "Behold thy mother." Yes, real greatness recognizes obligation. Honesty compels us to give to mother, for she without any thought of pay has given to us; therefore we are debtors.

The mother of Bonaparte was a woman noted for her beauty and for her tremendous energy; hence Napoleon's ability to carry on these wonderful campaigns on four or five hours of sleep.

The mother of Bacon, the wisest man of his time, was noted for her learning and for her deep research.

The mother of John and Charles the silver-tongued orator of the Revolution, was noted through all the region where she lived for her marvelous conversational powers.

The mother of John and Charles Wesley is called "the Mother of the Wesleys"—one of the greatest crowns of honor that could ever be laid on the head of any woman.

A Spanish proverb says that: "an ounce of mother is worth a pound of clergy." But who can pay the debt due the mothers who are mothers indeed? Mothers like the mother of Samson, who kept herself from wine and strong drink and everything unclean, that her son might be a Nazirite, indeed. Or Mothers like Hannah, whose illustrious child was God's from birth. Mothers

ers who give their children to the Lord as really as did this mother whose son literally went to the temple to do God's service.

**GOLD PIE PLATES MAY BE THE STYLE SOON**

Washington—Thousands of manufacturing plants today were ordered by the War Production Board to stop using iron and steel in the manufacture of more than 400 common civilian products.

The list of products to be banned includes virtually all common iron and steel items, ranging from bathtubs to pie plates, from cash registers to waste baskets, cigarette lighters to clock cases, mail boxes to fountain pens.

The sweeping order—Conservation order M-12—affects not only the manufacturing plants but also thousands of wholesalers, distributors, jobbers, retailers, employes in all these businesses and the consuming public.

Limited production is permitted for 90 days, but after that manufacture must stop, even for many items customarily used by the armed forces.

Manufacturers have 15 days to deliver or accept delivery of iron and steel to be used in the manufacture of any of the products listed in the order. For 45 days iron and steel may be processed for the manufacture of the items listed, up to an aggregate weight of 75 per cent of the average monthly weight of all metals processed by each manufacturer during 1941 in the making of each item. The processing must be completed within the 45 days. For the next 45 days he may assemble items on the list. After that date all use of iron or steel in the manufacture of items on List A of the order must cease.

Manufacturers who have been making items on the list out of iron or steel may not turn to any other metal except gold or silver to make that article. During the 90-day period when fabrication and assembly is permitted manufacturers may sell iron and steel to others engaged in the same line of business. They may not sell iron and steel from inventory otherwise except on preference ratings of A-10 or higher for other than alloy steel and A-1-K or higher for alloy, to the Metals Reserve Company or its agencies or with the specific authorization of the Director of Industry Operations, WPB.

Bait mixture of 2½ pounds bran, two ounces paris green, one cupful molasses, one orange or lemon, and about two quarts of water should be scattered in areas infested by cutworms as soon as they appear. If the bait dries make three applications at four-day intervals.

**"CHIEF" TOPICS**  
by the SCOUT

Recognizing greater need for encouragement of the Future Farmers of America activity due to war conditions, President E. J. Engel of the Santa Fe Railway System Lines, today announced renewal of educational awards this year to winning teams.

The plan to continue sponsorship was conveyed to State Supervisors of Agricultural Education, Frank E. Wimberly of New Mexico; J. B. Rutland, of Texas; and L. R. Davies, of Colorado. These agricultural officials represent three of the nine states served by the Santa Fe in which the program will be followed and in which 25 of the 70 individual awards will be presented.

Allotment of the awards is predicted on team selections made by the state agricultural officials on the basis of team championship merit.

The Santa Fe's program permits the winning teams and coaches to

attend the Kansas City convention held in conjunction with the American Royal Live Stock Show this fall, with all expenses paid.

The Santa Fe System carloadings for the week ending May 2, 1942, were 20,99 compared with 19,824 for the same week in 1941. Received from connections were 11,036 compared with 8,201 for the same week in 1941. The total cars moved were 32,034 compared with 28,025 for the same week in
