

# The Slaton Slatonite

PUBLISHED EVERY FRIDAY IN THE INTEREST OF SLATON AND SLATONITES

Slaton, Lubbock County, Texas, Friday, June 12, 1942

Number 43

## Second Auction Sale To Be Held Tomorrow

### SLATON POSTAL RECEIPTS SHOW SUBSTANTIAL INCREASE

### Farmers Buy New Equipment

That postal receipts are the best indications of business conditions is an accepted fact by statisticians all over the nation and if postal receipts are good barometers of business then Slaton has an excellent showing for this year.

According to records here the receipts for the first quarter of the year of 1942 were \$3863.64 compared to \$3053.31 for the first quarter of 1941. Post Master K. L. Scudder says that 1941 postal receipts were better than the average year.

For the month of April 1942 the receipts were \$1606.91 compared to \$1062.52 for 1941 and for May 1942 the receipts were \$13000.74 compared to \$9355.52 for 1941.

For the month of June to date Slaton Postal receipts show gains equally as great as for the past months of the year 1942.

While there is no doubt that several lines of business have been seriously affected by war conditions there are many that have been helped and the predictions by many that the smaller towns will be helped by restrictions on travel, is being proven true and many business men are looking forward to 1942 being one of the best years this section has experienced for many years.

Mr. A. L. Brannon has been aiding the farmers in securing government priorities to get the farm equipment that they need.

Those who have been in this week to get equipment are: M. P. Gentry buying hose, L. J. Strube getting bolts for repairs, Doc Shafer getting tractor parts, H. M. Cade buying tractor parts, M. T. Nash for tractor repairs, C. D. Seiwert for lister parts, O. A. Bert for cultivator parts, E. E. Wilson for repairs, Herbert Gaither for lister parts, Mrs. Geo. Harlan for lister parts, Lee Jones for tractor parts, Sug Robertson for lister parts, W. N. Williams for tractor parts, B. B. Jones for lister parts, Joe Walker for tractor parts, F. A. Strube for lister parts, Spencer Brewer for lister parts, Arthur Patterson for lister parts, Alvin Bednarz for tractor parts, George Eklund for lister parts, J. R. Hamilton from Wilson for lister parts, Ira Brown for tractor parts and Virgil Jones for tractor parts.

## WE SALUTE--

We salute Mrs. J. E. Eckert, pioneer of Slaton. Mrs. Eckert came to Slaton in July 1911, about one month after the opening of the town, and since that time has been one of the outstanding figures in civic life.

Mrs. Eckert was born in Ohio, and when she was but five years of age, her mother died. For three years she lived with her maternal grandmother and was then adopted by her mother's sister. After seven years she started out "on her own."

She lived for several years in Pennsylvania and Missouri and in 1909 came to Friona, Texas. She was working in a hotel when she met Mr. J. E. Eckert, and after a speedy courtship of eight months, they were married. In 1911 the Eckerts came to Slaton bringing their three-month old son, Dayton.

They established the first bakery, "The Modern Home Bakery," in Slaton. Slaton was having such a boom that they could not get rooms any place and were forced to live in a tent the first week that they were in town. The other businesses that she remembers as being here at that time are: 3 groceries, a confectionary, a hotel and several boarding houses, a drug store, the telephone office, two banks and a garage. In 1912 they added a cafe to the bakery.

There was a large public watering place in the middle of Texas Avenue. Amidst the cows, horses and chickens she would frequently find her tow-headed young son trying to get a glimpse of the fish in the pond. She can remember seeing the late R. A. Baldwin remove his shoes to cross the street to the cafe, because when it rained the tank overflowed making the street a sticky mire.

Art Green, who had a garage across from her cafe, was the source of extreme annoyance to Mrs. Eckert, because every morning he would wait until she had taken the griddle off the stove and then come across and demand hot cakes for breakfast.

Mr. Eckert had begun working for the Santa Fe railroad in 1913, so in 1918, when so many of the young men who had been trading with her, joined the army and went to France, Mrs. Eckert sold her bakery and cafe.

In 1917, they built their home and since that time have lived in the same house. It was the only one in the neighborhood for a long time and, when someone decided to build a house across the street

from them, they were unhappy about the situation, because they were afraid that it would obstruct the view.

In 1923 another son, J. E. Jr., was born to them. He is a graduate of Slaton high school and is at present employed by the Model grocery.

Dayton Eckert is also a graduate of Slaton high school and has been employed by the Santa Fe railroad since he was graduated in 1929.

While she doesn't call it a hobby, she enjoys knitting and crocheting and reads extensively. Her primary interests are her home, her family and her church.

Mrs. Eckert has been a member of the First Methodist church since 1921. She has membership in the Women's Society of Christian Service and served for five successive years as president of that organization. For the past nine years she has been a steward in the church and is at present Superintendent of the Youth Division.

The most thrilling moment of her life was when she became a grandmother. Young Pete, son of Mr. and Mrs. Dayton Eckert, is his grandmother's greatest pride.

"It has been interesting to watch Slaton grow—to see the tents disappear and see frame buildings take their places and then the brick buildings appear; to see the windmills spring up and then vanish; to see new people come to Slaton to take the place of those that are gone," said Mrs. Eckert.

### Three Slaton Boys Listed As Missing

The War Department has advised Mrs. R. H. Bailey that her sons Eldon and Ellis Schmid, and Mr. T. A. Turner that his son, Jack Turner, who were in the 131st Field Artillery at the fall of Java are listed among the missing.

They were notified that as soon as the Japanese released a list of the Americans taken prisoner, the War Department would advise them if their sons' names were listed.

### Allan Cash Killed In Car Accident

Allan Cash, son of Mrs. A. S. Cash, was killed in a car accident near Alamogordo, New Mex., Wednesday night. His twin brother, Callan, was injured and is not expected to live.

Funeral services will be held in the First Baptist Church, Slaton, but complete funeral arrangements were not learned.

### Wayne Lamb Enlists In Navy

Wayne Lamb, son of Mr. and Mrs. Jim Lamb of Slaton, who volunteered in the navy, has been sent to the Great Lakes Naval Training Station, Chicago, Ill. Wayne was an employee of Fred Harvey at Slaton until it was closed. After that he was employed at the Palace Cafe. Wayne is a graduate of Slaton high school.

James Lamb, his brother, who enlisted in January is now on the new battleship, Indiana.

### Second Annual Stampede And Rodeo To Be Presented In Post June 18-19

### Fishing Is Popular Sport

When the fish begin to bite, summer is indeed here. And with these lazy summer days everyone gets the "bug" to go fishing. M. E. Armstrong, Dave Sanders, Villas Tudor and Demp Cannon went fishing near Abilene last week and report that they caught as many fish as the law would allow. It is rumored about town that K. L. Scudder and A. M. Jackson, who went down to the same place fishing the week before, did not catch any fish and had to buy theirs at the market. Joe Teague Sr. and Joe Teague Jr. have been to Justiceburg fishing and have informed us that fishing is pretty good there.

### Garden Project Developing Fast

The WPA Gardening Project to raise fruits and vegetables for the Slaton, Cooper, Post and Grass Bur Schools, is progressing very satisfactorily. The beans, peas, squash, okra, tomatoes, beets, carrots and swiss chard that has been planted is showing excellent growth and additional space has been allotted to plant more beans and carrots. Grasshopper poison has been distributed over the garden and no damage has yet occurred to the plants from the hoppers.

### NEW REGULATIONS ON SUGAR FOR CANNING

New regulations on sugar for canning purposes have been announced requiring those who wish to secure sugar to have the fruit on hand before the sugar can be issued. Six pounds is the maximum that can be secured per capita by any one holding a ration book in town and 9 pounds for those on farms. It is also necessary that the ration books for the entire family be brought to the rationing office when applying for the sugar for canning.

Briggs Robertson is the rationing director for Slaton and this territory and is in position to issue ration books and canning sugar.

### Marriott To Start A Radio School

Mr. C. D. Marriott will start a radio school in the near future. He will teach code, radio theory, sending and receiving short wave, and how to prepare for obtaining an amateur license.

Mr. Marriott has held an amateur license for 5 years and is a competent instructor.

Women, boy scouts and men who will be soon leaving for army camps will be interested in receiving this instruction. The course is free-of-charge, but students must secure their own textbooks.

### Funeral Services Held For Pioneer

Funeral services for Oscar Marchbanks, father of Mrs. Joe S. Walker, were conducted last Friday afternoon at the First Methodist church with the Rev. H. C. Gordon officiating. Mr. Marchbanks died Thursday afternoon at 3:00 o'clock after an illness of five months.

Mr. Oscar Marchbanks was born July 3, 1867 in Johnson county near Waxahachie. There were six children in his family, four boys and two girls, all of which are deceased now except one sister, Mrs. Don Edwards, of O'Donnell.

On January 26, 1888, he married Hallie Sublima Lee. Into their home were born four children, Minna Fay, Ammon Guy, Bertha Lee and Hayden Ross. All of these are deceased except Mrs. Joe S. Walker.

He moved to Palo Pinto county and lived there until 1901, when he moved to Scurry county. In 1911 he moved from Scurry county to Strawn, Texas where he resided for 14 years. Since 1925 he has made his home in Lubbock county.

Out-of-town people attending the funeral were: Mr. and Mrs. Henry Mahoney, Mr. and Mrs. W. A. Caraway, Mrs. A. L. Reece and daughter and Mr. Bob Crump from Shallowater; Mr. Edd Allen and Mr. Tom Abel of Lubbock; Mr. and Mrs. H. W. McSpadden and Mrs. Ray Schmidt and daughter from Brownfield; Mr. and Mrs. Don Edwards of O'Donnell; Miss Louise Edwards of Odessa, and Mr. and Mrs. W. O. Walker of Ranger.

### M. KESSEL GRADUATES

Milton Kessel, son of Mr. and Mrs. Abe Kessel, was graduated from the University of Texas, Monday, June 1, with a B.B.A. degree. Mr. and Mrs. Abe Kessel, Bertram Kessel from Monroe, La., and Julian Kessel from Roswell, New Mexico, attended the graduation exercises.

### Red Cross Supervisors Are To Meet June 15 At Red Cross Sewing Rooms

All Red Cross Supervisors under the direction of Mrs. H. R. McKee are requested to be at the Red Cross Sewing Rooms Monday, June 15, at 9 a. m.

Rooms will be open each Monday, Tuesday and Wednesday from 9

a. m. to 12 noon.

All women who are interested in sewing for the Red Cross may register to work one, two or three hours on any of the above days. Registration chairman is Mrs. Fred H. Schmidt.

### DAMAGES CROPS AND KILLS POULTRY IN THIS SECTION

A narrow strip of territory Southwest of Slaton was hailed out Wednesday evening when hail stones from the size of hen eggs to as big as base balls fell in the vicinity of Union and Wilson and in varying degrees all the way to North of Lubbock.

Mr. E. S. Williams, who lives six miles South of Slaton reported that his crop was hailed out completely, 50 of his young chickens were killed and the gardens in that section destroyed.

Mangue Klattenhoff had not inspected his property since the hail but reported that window lights were broken out and some damage done. Judge Smith's farms in that community was badly damaged.

The farms of A. Bednarz, Edwin Bednarz, the Simmons farm and that of Oscar Miller all located Southwest of Slaton are reported badly damaged and will probably have to be replanted.

H. P. Doyle, Slaton, Route 1, reports that all the farmers in the Union community were completely hailed out. Mr. Doyle's 108 acres of cotton is a 100% loss. He estimates the strip of hail to be about 3 miles wide and 4 miles long.

While the hail was a serious set back to many farmers it is not considered disastrous as crops can be replanted and have ample time to mature.

### Benny Johnson Gets Promotion

Word has been received in Slaton that Donald Bennett Johnson, son of Mr. and Mrs. Vern Johnson, has been promoted to the rank of a Corporal. Benny is now stationed at the Waco Flying School with the 47th School Squadron, at Waco, Texas.

Benny Johnson was a graduate from Slaton high school in 1937. He was employed by the Slaton Motor Co. until 1941 when he enlisted in the Mechanical Air Corps and was stationed at Camp Barksdale, in Shreveport, La. He was later transferred to Chanute Field, Rantoul, Ill., and graduated from there a mechanical technician. He was sent to Waco from Randolph Field where he was stationed after leaving Chanute Field.

### Slaton Will Be 31 Years Old Monday

Monday, June 15, Slaton will celebrate its 31st birthday.

On June 15, 1911, people came from all over the plains in buggies to buy lots in Slaton. There were several wooden shacks housing cafes and rooming places located here at the time when the first lots were sold. Many of the pioneers lived in tents and dug-outs until houses could be constructed.

Houses were few and far between for several years. The Champion House and the Trammel House were two of the first boarding houses built to accommodate the men who were working on the Santa Fe railroad. Compton's Hotel up town was the first hotel. There were three groceries—Turner and Spikes, Twaddle and Jones. Mr. Paul established the first bank. The telephone office was a tiny wooden shack, located about where Mr. Legg's Food Locker is today. Dr. Nichols was the first doctor and in the fall the late Dr. S. H. Adams came to Slaton.

W. P. Florence, was the first school teacher in Slaton. He taught in the two-room frame building that was the Methodist church. Among the first pupils were: Mrs. Ray Conner, Arbie Joplin and his sister Hattie, Ruby Hoffman, Artie Champion, Fay Hoffman, the Klattenhoff boys and E. G. Guinn.

### W. A. Appling Accepts Position

W. A. Appling, son of Mr. and Mrs. P. H. Appling of Slaton, has accepted the position as pastor of the Methodist church at Keytesville, Mo. He will return this fall to attend Southern Methodist University and complete his course of Theology.

He has recently been elected president of the Young People's organization at S.M.U. for the ensuing year.

### The Old Boy Himself Will Get The Breaks Sunday, June 21

Sunday, May 21, the old boy who has been kicked around so hard for the past year will get a little recognition... it will be Father's Day... and there is no telling what he will find when he wakes up on that eventful morning, probably a tie or two that will startle the Indians, a pair of socks that would fit Primo Canero and a box of his unfavorite cigars but just the same it will be nice to know that his befuddled efforts have

been appreciated, and he can sit back in his favorite chair and scatter ashes on the rug for one day without being herded around like a guest who has overstaid his welcome.

But look out father you will pay next month and don't forget it, so close your eyes on Sunday, June 21 and relax and enjoy yourself—it will be your day, so make the most of it.

# AUCTION

**TOMORROW**  
**Sat. June 13**

# SALE

**Starts at 2 p. m.**

Rev. Walter P. Jennings as Pastor.  
 Bible School at 9:45 a. m.  
 Communion Services at 10:45.  
 Church Services at 11:00, with Christian Endeavor at 7:00 p. m.

## Our Weekly Sermon—

The Great Invitation  
 By the Rev. Will H. Houghton, President, Moody Bible Institute, Chicago

What would Christ say to this troubled world if He were here today? Who can doubt that with outstretched arms He would repeat the grand invitation of the long ago:

"Come unto me, all ye that labor and are heavy laden, and I will give you rest. Take my yoke upon you, and learn of me; for I am meek and lowly in heart; and ye shall find rest unto your souls. For my yoke is easy, and my burden is light" (Matt. 11:28-30).

These words from His lips followed the turbulent scenes of Matthew 9, 10 and 11. There was the healing of the palsied man, accompanied by the criticism of the scribes. There was the call of the despised tax collector Matthew; and when Jesus sat at dinner with Matthew, the publicans and sinners gathered to Him, to the disgust of the self-righteous religious folks. There were healings and rebukes and teaching, and in the midst of the scene it is written, "When he (Jesus) saw the multitudes, he was moved with compassion on them, because they fainted, and were scattered abroad, as sheep having no shepherd" (Matt. 9:36).

It is as if having reached to help one here and another there, He suddenly saw the depth and

fullness of human need, and opened His arms and heart to the whosoever, and with accent on the all He said, "Come unto me ALL ye that labor and are heavy laden, and I will give you rest."

How much the world of our day needs to hear and to heed this invitation. Christ is the need of every heart. That longing within your breast, not satisfied to this hour, even though you have found the fulfillment of most of your desires, that longing is for Christ. God made you that way. Jesus placed Himself at the center when He said, "Come unto ME. . . I will give you rest."

He offers rest from sin. "Where can forgiveness be found?" is the silent cry of multitudes. "Come unto me . . . and ye shall find rest unto your souls."

Jesus Christ offers rest even from the burden of religion. Religion is man's search for God, and man's attempt to please God. God is made known by His own revelations. The religions of the world have said there is much to do before God will have anything to do with you. But Christ says, "Just come to me, and I'll do it all for you." All you hope for out of religion you will find in Christ—and more. "I am come that ye might have life, and that ye might have it more abundantly," said He.

Notice the figure of the yoke as Jesus used it in our text: "Take my yoke upon you." Having worked those silent years at the carpenter bench, Christ had no doubt made many a yoke. He knew its purpose. He knew it was not made as a burden for the oxen, but to make their burdens light. The oxen found peace as they surrendered to the yoke. Ah, now I see the path of peace for the Christian. It is the path of surrender. His will! His Way! His Choice!

## Sugar For Canning To Be Rationed

Homemakers canning fruit this year will save themselves time trouble if they do some advance preparation before applying to their local rationing board for certificates.

"Be prepared to answer these three questions when you go," advised Winifred Jones, specialist in food preservation for the A. and M. Extension Service: How many quarts of fruit did you can last year? How many quarts of fruit do you plan to can this year? How many quarts of last year's fruit do you still have on hand? Another word of advise is: "Keep a record of the fruit you can with your rationed sugar because your rationing board will ask for it when you apply for more sugar."

Answering these questions will be relatively simple for the thousands of rural homemakers who have kept records and filled food preservation budgets as recommended by county home demonstration agents of the Extension Service.

Rural homemakers may stretch their sugar allowances by using thinner syrups for canning fruits and fruit juices and by using corn syrup or honey as substitutes in canning recipes, Miss Jones says. Information on these methods can be obtained from county home demonstration agents. She warns that saccharine, a coal tar product with an extremely sweet taste, cannot be used in canning because it becomes bitter when heated.

Here is the specialist's summary of the rationing regulations as they apply to sugar for canning: "You will get one pound of sugar for every four quarts of finished fruit you are putting up, and you may can as much fruit as your family needs. You may have an additional pound of sugar for each person in your family to make a small supply of jams, jellies, and fruit butters."

## State Health Dept. Gives Advice

Some timely advice to vacationists concerning the proper precautions to be used in water sports was released from the State Health Department today by Dr. Geo. W. Cox, State Health Officer.

It was pointed out that, in view of wartime restrictions, vacation pleasures are apt to be limited to excursions and picnics at nearby lakes, rivers, and ponds of unfamiliar depths and currents, and without the usual lifeguard supervision associated with bathing beaches and commercial swimming pools.

"Swimming and water sports are beneficial to good health provided one's physical condition justifies this type of exercise," Dr. Cox asserted; "nevertheless, they possess dangerous possibilities if the rules of safety, through carelessness or thoughtlessness, are disregarded."

The State Health Officer outlined the following simple rules for bathing and swimming in safety:

1. At least one hour should elapse after a meal before entering the water.
2. Upon the first indication of fatigue, come ashore and call it a day. Don't re-enter the water.
3. If becoming chilled, leave the water immediately.
4. Do not enter the water when overheated.
5. Learn to float. This is most important.
6. Never attempt to rock a boat in a spirit of fun.
7. Never swim in water that may be polluted. Swimming close to or even a few miles below sewage outlets is inviting the possibility of acquiring diseases.

"Excursions, picnics, and swimming parties contribute much to a healthy, happy, normal life, which is especially desirable at this particular time when the whole nation is tense and under a strain," Dr. Cox said. "It is by no means advisable to eliminate these excursions from our summer program, but it is important that they prove beneficial and not disastrous."

## Farmers Apply For Smith-Doxey Aid

More than 80 groups of Texas cotton growers, organized for cotton improvement practices, have filed application for free cotton classification and market news service for the 1942 crops, according to M. C. Jaynes, cotton work specialist of the A. and M. College Extension Service.

The deadlines for filing application with the Agricultural Marketing Administration of the U. S. Department of Agriculture place Texas growers into two classes. Counties lying entirely, or for the most part, east of the 100th meridian are limited to August 1, while the final filing date for those entirely, or for the most part, west of the meridian is August 15.

Application may be made by any organized cotton improvement group as soon as its members have planted their cotton. Instructions for making application and forms therefore can be obtained by writing to the offices of the Agricultural Marketing Administration at 1104 South Ervay Street, Dallas; Box 1140, Austin; and Room 517 U. S. Courthouse, El Paso.

Jaynes said it appeared likely that more groups in Texas will file applications this year than the 1,294 which participated in 1941.

Membership of organized groups in Texas cooperating in the Smith-Doxey program jumped from a total of 1,754 in 1938 to 115,599 in 1941.

## POSEY ITEMS

Mrs. S. N. Gentry, Correspondent

A shower, honoring Mr. and Mrs. James Grinstead of San Antonio, was given in the home of Mrs. Mangus Klattenhoff Saturday night. They were married recently in San Antonio. Mr. Grinstead is a Staff Sgt. in the Air Corps at San Antonio. Miss Viola K. Martin gave several readings. Mrs. Gentry read "How to Preserve A Husband."

Gifts were sent by Mr. and Mrs. C. Z. Fine and son, Bobbie, Mr. and Mrs. Joe Grabber, Mr. and Mrs. L. K. Hart and daughters Juanell, Frances and Linda K., Mrs. J. B. Butler, Mrs. T. K. Martin and daughters Viola and Geane of Slaton, Mrs. George Gilliam, Mrs. Elmer Grinstead and Mrs. Eva Lee Smith of Lubbock, W. S. Grinstead, Misses Barbara and Agnes Stahl, Betty Ross Maeker, Mrs. T. A. Johnson, Mrs. Sam Gentry, Mrs. Red Walton, Mrs. O. R. Patterson, Mr. and Mrs. George Klattenhoff and children, and the hostess, Mrs. Ralph Hays.

The Posey Epworth League met at the school house Sunday night with a small attendance. "God, Our Creator of Order" was given by Ruth Gentry. The president of the League urges more to be present next Sunday night. Dues were paid by those present.

Visitors in the home of Mr. and Mrs. Fine and Mr. and Mrs. Raymond Gentry over the weekend were: Mr. R. L. Parker of Brownwood, Texas, uncle of C. Z. Fine and Mrs. L. A. Ball also of Brownwood, daughter of Mr. Parker.

Mr. A. L. Casey of Albuquerque, New Mexico, brother of Mrs. C. Z. Fine also visited in the Fine home last week.

Frances Hart spent last week with her grandparents, Mr. and Mrs. J. I. Cranfill of Wilson.

Mr. and Mrs. Parkhill and daughter Zella from Cooper visited Posey Sunday School and preaching Sunday. The Rev. O. M. Addison preached at 11 a. m. and 8:30 p. m. Sunday.

Mr. W. M. Joplin and children visited in the home of her sister, Mrs. Alec Shelton and family of Slaton Sunday.

Mrs. Nathan Johnson had as her guests last Friday her brother, Captain H. Banks of Baringuén Field, Puerto Rico, and her parents Mr. and Mrs. W. F. Banks of Brownfield.

Melton Harris and Marvin Moor from Brownwood visited relatives and friends in Posey and Slaton last week.

Mrs. W. M. Joplin honored Melton Harris and Marvin Moor last Friday with a party as they were leaving for their home in Brownwood Saturday. Those present were: Buel Johnson, Mary Alice and Oscar Johnson, Vernell Campbell, Ruth, Irene and Charles Gen-

**JUST TALK**  
by  
A.M.J.

It is very discouraging to find out after centuries that women are just as smart as men, in fact the O.P.M. says that in many of the Airplane factories the women are better than men. And right here in Slaton the women are nudging the men around. Mrs. J. H. Brewer has taken over the major part of the Insurance Business. The Citizens State Bank seems to have practically surrendered to women workers, Bill Layne may lose control of his executive title to his wife at any time, Abe Kessel must consult his wife on what to do about this and that in his business, Mrs. A. L. Brannon knows what's what about the farm machinery business, Mrs. Jake Martin knows all the prices of jewelry, and it is whispered around that a large number of the married women in town are sneaking out to take business courses. Down at our office I have to beg for enough money from my wife, to buy cigarettes and make an itemized statement every day on what I spent this dime for and that quarter. When I get above a dollar I really have trouble.

But it is my belief that the women will be making a serious mistake if they admit to the world that they are capable of working. In my opinion the women have always been smarter than the men. They have dumped all the hard work in the men's laps and put on the helpless baby talk stuff. Let 'em have it is my advise and when the war is over let 'em keep it; for after twenty-five years of hard grinding I'm ready to rest.

Most every business man is in a state of nervous heebie-jeebies and most of them will tell you that they are doing more business now than they did a year ago, but the prospects for the future look so insecure that they do not know which way to jump next.

Towns like Slaton have better prospects than in years. Restricted travel will bring the farmers to town, restricted supplies in merchandise will encourage the customers to be satisfied with a smaller variety in every line and the wholesale prices do not offer the big merchant the advantages they did in the past.

While there is, no doubt, a great many things to make the business men look with anxiety toward the future, there are also many tendencies to make the small town merchant optimistic and after all we are in the same boat and business will be good if we work together to make it good. The next three months may prove to be the most trying time, big battles with reverses and visitors will keep us on edge but the final victory will be ours and the man with iron in his blood now will be ready for the peace time prosperity that is

to come.

The attempt to turn time backward and bring back the popularity of the bicycle seems to have fizzled out here in Slaton. It was a very cheering sight to look down the streets at dusk and see Myrtle Teague, Mary Watkins, Mrs. Dick Ragsdale and Mrs. Page weaving down the streets in specially designed bicycling apparel, as they missed telephone poles by inches and kept the stray dogs hiking for cover. The pleasant

suspense of seeing them sail through one danger into another is gone and the druggists are complaining that the sales of liniment, gauze and rubbing alcohol has fallen off to almost nothing. It is also reported that there are several badly bent women's bicycles for sale with used bicycling slacks at less than half price.

Coffee, tea and soap are now on the prospective rationing list together with a number of other items. The curtailment of coffee and tea would not greatly inter-

fere with most people, but the soap shortage will make it tough for every one except the young boys around seven to twelve years of age. How I would have welcomed a rationing of soap when I was a kid. My mother scrubbed on a black spot back of my left ear for three years before she discovered it was a scar left from having a boil lanced. It is said that Queen Isabella of Spain took but two baths in her lifetime and that in the 18th century it was against the law to take a bath in Vermont between the first of September and the first of May. If the soap shortage gets so serious that this old law is put back in force all over the nation, I am going to hunt me a good lonesome spot and be a hermit.

So far there has been no in-

dication of a ration on meat, flour and vegetables but the war has taken all the pleasure out of eating for me. It brings bitter tears to my eyes when I think of what has happened to coconut cake, strawberry preserves and home-made ice cream.

Not long ago I ordered a triangle of lemon pie at a restaurant that had been serving top grade pie; it tasted like the glue on a Government postage stamp. In order to get the flavor of the pie out of my tonsils I bought a piece of coconut candy. Not only had the bar shrunk up to half its regular size but it would take a chemist to find the coconut that was in it, besides there was not enough sugar in it to give me the toothache.

I tried to wash it down with a cup of coffee and the wind from the electric fan blew both grains of sugar out of the little thimble it was served in and I left with a terrible case of indigestion.

If it gets much worse I'm going to try to join the navy and get

my share of cookies for the rookies.

Texas department and clothing store purchases fell 1.6 per cent during April, according to the University of Texas Bureau of Business Research. Normal seasonal fluctuation is 1.5 per cent, bureau officials say.

### Back Home To Get Training

Lubbock, Texas, June 11—Don't be surprised if you should suddenly see on the street some new uniforms, the pewter blue of the Royal Canadian Air Force complete with white bands on the caps and white propellers on the shoulders.

At the large Lubbock Army Flying School five re-patriated American youths have reported to finish training for their wings and commissions. The fliers—J. E. Williams of Highland Park, Michigan; Reynolds, of Camas, Oregon; and A. C. Way, of Madison, Wisconsin; R. P. Dresch, of North Hollywood, California; and J. B. Elliott, of Grand Rapids, Michigan—have been training with the RCAF for the last few months and under a new agreement have returned to their native country to fly with other Americans.

Keen as these cadets are on Canada and their training there, they were eager to get back to the United States and qualify for their commissions here. In fact, all five of them turned down ten-day leaves they might have asked for in order to come direct to Lubbock from Winnipeg.

### Dept. Heads At Tech Announced

Department heads of the newly created division of commerce at Texas Technological College, which will become effective at the opening of the long session in September, have been announced.

Dr. J. O. Ellsworth was made dean of the division which was authorized recently by the directorate and is to be head professor of marketing, salesmanship, general business and secretarial studies, which will be combined next semester.

Other department heads will be T. C. Root, member of the faculty since 1926, now a professor of economics and business administration, to be professor and head of the department of finance and accounting; and Dr. E. H. Plank, member of the faculty since 1933, now professor of economics and business administration, to be professor and acting head of economics and management.

### BIBLE STUDY

The Forrest Bible Study will meet 3:30 p. m. Tuesday at the Methodist Church.

Lesson: Studies in the Book of Genesis, Chapters 46-50. The Life of Joseph (Continued).

1. Why does God allow Jacob to go into Egypt (46:1-4) when He had commanded Isaac to stay in Canaan? 26:1-5.

2. Which son of Jacob married

a Canaanish woman? 46:26-27. Note: There is no discrepancy here. Joseph and his sons did not come "with Jacob." They were already in Egypt. Counting Jacob himself, there were exactly seventy.

4. Which son of Jacob takes the leadership? 46:28.

Note: Observe throughout the history of the nation the tribe of Judah leads in everything.

## H-G Grocery Enlarges Store

H. G. Schuette announced this week that he had completed the enlargement of the H-G Grocery and Market, had increased his stock and added to his sales force. "It has been a most pleasant surprise to have our business increase to such an extent that we could afford to enlarge in such a short time," said Mr. Schuette, "we opened our new store here on North Ninth Street just ten months ago featuring our own home-killed meats and found our Country Hams most popular. We take particular pains in selecting cattle and swine before it is butchered and can insure out patrons not

abode is unknown to plaintiff. On August 17, 1938, plaintiff and defendant were lawfully married at Belen, New Mexico, and continued to live together as husband and wife until October 22, 1938, at which time they separated and have not since resumed their marital relationship. Shortly after they were married defendant began a course of harsh, unkind treatment cursing and abusing plaintiff, rendering their living together impossible and such conduct continued from the date of their marriage until their final separation. No children were born unto said marriage and no community property was accumulated as a result thereof. Plaintiff prays for a divorce and for such other legal and equitable relief as she may show herself entitled to as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and Seal of said Court, at office in Lubbock, Texas this the 3rd day of June A. D. 1942.

Attest: Royal Ferguson, Clerk, 99th Dist. Court, Lubbock County, Texas.

(Seal) By Elmo Payne Deputy, 4tc46

only the best of home-butchered meat products but also the very modest prices. Our stock of all kinds of food products has been enlarged and due to the fact that we own our own building and have a very low overhead we are in a position to offer low prices on many items. We particularly wish to call the attention of the food buyers in this section to the fact that we are in close touch with the farm women who bring fresh eggs, butter and country produce to the market and guarantee the best of these things to our customers. We are not too large to give you personal consideration and big enough to offer a full variety of the foods you need. We invite the people of this section to come in and visit us and see our newly remodelled store whether you wish to buy or not."

## Johnny B. Howell Accepts Position

Austin, June 11 (Special)—Johnny B. Howell, who during the past year was principal of Meadow High School, has accepted a position with the State Department of Public Welfare as Senior Field Worker and assumed his duties in Big Spring on June 1. Mr. Howell is a graduate of Slaton High School and Texas Technological College, Lubbock. He also attended John Tarleton Agricultural College, Stephenville. He was selected for his position with the welfare department through a Merit System examination and was given a three weeks orientation course in Fort Worth.

Mr. Howell will administer the Old Age Assistance, Aid to the Needy Blind, and Aid to Dependent Children program. These programs, being financed jointly by federal and state money, grant assistance to aged persons who have reached their 65th birthday, to blind persons who are at least 21 years of age and to children under 14 who have lost the care or support of one or both parents through death, continued absence from the home, or physical or mental incapacity of the parent. In order to secure federal funds the state is required to grant aid only to those persons found to be in necessitous circumstances and who qualify under other provisions of the law.

## ON THE HOME FRONT

Declaring that industry must get ready to "patch and pray" to keep existing equipment at work, William L. Batt, chairman of WPB's Requirements Committee, said recently that vital materials can no longer be used except for war and for the maintenance of those things necessary to carry on the war. He spread use of substitutes and increased civilian cooperation and a "patch and pray" campaign were the only methods of combating the materials shortage.

Except for commodities imported overland or by air from Mexico and Canada, the War Production Board now has taken over control of all imports for civilian use as well as strategic war materials. The new order, effective July 2, is designed to put available shipping space to maximum use in the war effort, and will require that commodities be imported in the order of their importance.

Immediate steps to eliminate careless workmanship in tire retreading and to provide technical advice for retreaders not experienced in using reclaimed "camelback" for retreading must be taken, OPA State directors have been advised. Names and addresses of retreaders against whom an excessive number of consumer complaints have been lodged with local boards are to be supplied to State directors, with names of their camelback suppliers. Technical difficulties then would be ironed out with retreaders through the supplying company, according to plans.

More than 7,500 placements of physically handicapped workers were made by U. S. Employment offices during April. Job opportunities for the physically handicapped are expanding rapidly under the impetus of the war program, War Manpower Commissioner McNutt said.

Manufacture of fishing tackle from critical materials on hand in fabricated form on April 23 is permitted for another month, under the terms of an amendment to WPB limitation order. Effective date of the stop order is postponed from May 31 to June 30.

An annual saving of 2,000 tons of stainless steel will result from a recent WPB order curtailing manufacture of cutlery, including tableware, pocket knives, and scissors. Only metals that may be used in fabrication of the cutlery items listed are unalloyed iron or steel, gold, and silver.

Use of wornout tires for anything except scrap rubber is a violation of priority orders, officials of WPB's priorities field service have warned junk dealers and others. A lucrative traffic in tire reliners and boots, reported in some sections of the Southwest, is in direct violation of order M-16-b and its amendments, which control the use of reclaimed rubber.

Manufacture of practically all musical instruments will end soon, in compliance with a WPB order which halts manufacture of instruments containing more than 10 per cent, by weight, of critical materials. Only violins, cellos and some guitars are not included.

Appeals from decisions of local ODT allocation officers in Texas on applications to buy new trucks under rationing now will be heard by an ODT appeal board recently

established at Fort Worth. Such appeals formerly were heard by a special board in Washington, which considered 1583 appeals from April 7 to May 21. Decisions of the Fort Worth board will be subject to final approval of the Allocation Section of the Office of Defense Transportation in Washington. Applications for truck purchase certificates still made to ODT allocation offices, of Bureau of Motor Carriers, ICC.

Consolidated Aircraft Corp. of Fort Worth is one of several war production plants to which bicycles have been released by OPA in advance of rationing. Consolidated Aircraft received permission to buy 250 bicycles, needed for transportation of workers and for messenger service. Plans for rationing of adults' bicycles by OPA may be announced soon, but for the present all retail sales are frozen.

Scrap metals must be moved promptly from dealers' yards, or the government may be forced to require steel mills to buy scrap direct and prepare it for the furnaces in their own yards, WPB's bureau of Industrial Conservation has warned. Salvaged metals are piling up in dealers' yards as a result of the nationwide "Get in the Scrap" campaign, but some dealers have been lax in handling the increasing volume, officials pointed out.

Field examiners of the Department of Labor's wage and hour division soon will begin a check of 800 large steel warehouses, to determine the degree of compliance with priority orders. The survey will be made under the supervision of WPB's compliance branch. Where violations are shown, WPB will take punitive action.

## UNFINISHED SYMPHONY

A special industrial committee to speed up salvage of scrap metals and rubber from shops and plants has been named for the Wichita Falls, Texas area. This committee will supplement the activities of the general salvage committee. More than 25 million pounds of scrap already have been gathered and shipped from this area.

Procedure to exempt more than 2000 of the most essential war housing units now under construction in the Southwest from delivery restrictions of WPB's soft-

wood lumber "freeze" order has been announced by the War Production Board. Supplies of construction lumber in local retail yards were not sufficient to allow completion of these urgently needed houses. Relief for both publicly and privately financed projects is

allowed under the WPB order. The "freeze" order applies only to mills.

The new coupon plan for rationing gasoline in the East Coast area, to go into effect in July, will eliminate "X" cards, which provided for unrestricted purchase of gasoline. All cars will be issued an "A" book, containing 48 coupons, good for one year. To obtain more than this basic ration, a car owner will have to satisfy his local board that the "A" book will not supply enough gasoline to en-

able him to carry on his occupation or work. A coupon must be detached from the book with each purchase of gasoline, and these coupons, turned in by dealers to get new stocks from suppliers, will furnish an audit control of the total amount distributed under rationing.

Mrs. R. D. Presley lead members of the Union Home Demonstration club in a recreation period at their meeting last week with Mrs. R. M. Cade.

Miss Clara Pratt, County Home Demonstration Agent, told the group that "The Outdoor Fire-Place Should Be Turned Toward the Prevailing Summer Winds So That the Heat and Smoke Do Not Bother." An out-door fireplace was started as a demonstration.

Mrs. Presley spoke on making garden chairs, and Mrs. Cade read "Picnic Paradise at Home." Members attending were: Mowlamen T. C. Workman, E. E. Johnson, F. H. Griffin, W. B. Jeter, H. M. Cade, M. D. Gamble, Rhea Pierce, and Miss Althea Seifert.

Mr. and Mrs. D. J. Speed of Littlefield, formerly of here, are parents of a son weighing 9 3/4 pounds; born June 1, at 2 o'clock. The new comer's name is Billy Lee. Mrs. Speed and the child are in the home of Mrs. M. D. Gamble of this community.

The Summer Home Economics class entertained with a picnic at McKenzie State Park at Lubbock Friday afternoon. Following the picnic the girls entertained with a skating party and a slumber party in the home of Mrs. R. A. Burford, the teacher. Girls present were: De Lois Williams, Joyce Burnett, Alice Slater, Betty Robertson, Virginia Mote, Martha Jane Thompson, Marjorie Shelton, Mildred Nunley, Ramona Terry, Melba Slater and Kathryn Robertson.

The Junior class of the Methodist church at Union were entertained Friday afternoon with a picnic, skating party and a movie. Those attending were: Marvin Pair, Mary Helen Cade, Robert Pair, Charles Cade, George Gamble, nieces of Mr. and Mrs. T. H. Doyle, Mrs. H. M. Cade, Mrs. Lottie Greene, Mr. and Mrs. T. H. Doyle and Mrs. R. M. Cade.

Miss Virginia Pate, who has been attending school at Kings, Texas is at home now with her parents.

Mr. and Mrs. Orval Pair of Snyder visited in the Union community Sunday.

Miss Nannie Lee Goodie visited her parents, Mr. and Mrs. R. L. Goodie Sunday.

Mr. C. R. Roberts of Brownfield visited in the Cooper and Slaton communities this week, visiting Mr. and Mrs. J. S. Hampton and family of Slaton and Mr. and Mrs. E. A. Robertson of Cooper.

The Cooper Home Demonstration Club met with Mrs. A. B. Allen Wednesday afternoon.

Clady and Mary Elizabeth Pair of Snyder are visiting in the home of Mr. and Mrs. Floyd Pair this week.

Barbara Jean Evans is visiting her grandparents, Mr. and Mrs. I. R. Raymond of Slaton.

A son weighing 7 pounds 8 1/2 ounces was born to Mr. and Mrs. E. G. Price Tuesday morning in the West Texas hospital at Lubbock.

**The Movie Reporter**

"Blondie Goes to College" opens Friday and Saturday, June 12 and 13 at the Palace Theatre to provide film fans with another astonishingly hectic portrait of family life as it is lived by those fabulously frenzied Bumsteads, America's favorite fun family! Based upon Chick Young's cartoon strip characters, and again presenting Penny Singleton, Arthur Lake, and Larry Simms as the Bumsteads, "Blondie Goes to College" merits the laughter and applause so richly accorded it by all the critics. The Bumstead trio are as delightful as ever, and a splendid supporting cast provide additional reason for seeing "Blondie Goes to College." Don't miss it at the Palace Friday and Saturday.

Patrons of the Palace Theatre are in for a hilarious session of first class fun come Sunday and Monday, June 14 and 15 when Bob Hope and Madeleine Carroll open in the season's speediest cops-and-robbers comedy. The picture is Paramount's "My Favorite Blond." According to all reports, the teaming of Hope and Carroll was an inspiration. The character of the gorgeous British secret agent is made to order for Carroll and with Hope cast as a bewildered actor, the result is the fastest and most furiously funny of the Hope epics. "The story of 'My Favorite Blond' sends the Hope-Carroll combination on a thrilling cross-country race that starts in New York and ends in Hollywood. It's a first class spy story and before it's over Hope and Carroll are wanted for murder, robbery, misrepresentation and a flock of other crimes. Supporting the stars is a villainous cast of heavies, the spy gang, headed by Gale Sondergaard, and including George Zucco, Lionel Royce and Walter Kingsford. Be sure and see "My Favorite Blond" Saturday night prevue and Sunday and Monday at the Palace.

That pair of infallibles, romance and comedy, streamline across the Palace Theatre screen Tuesday, Wednesday and Thursday, June 16, 17 and 18 with the opening of "Appointment for Love," a gay and moving comedy-drama which accumulates keen added interest through co-starring the talented and eye-arresting Charles Boyer and Margaret Sullivan. Prominent among the talent galaxy arrayed with the stars are Rita Johnson, playing a clever Broadway actress; Eugene Paulette, as Boyer's confident; Ruth Terry, as an uninhibited modern playgirl and Reginald Denny, in the role of a glib adventurer. A treat for old and young is "Appointment for Love."

Robert Cummings and Pricella Lane in "The Saboteur" coming to the Palace Theatre Next Weeek

**CUSTOMER:** Both these cars appeal to me, but...

**SALESMAN:** You won't find a better second-hand car anywhere than either of these. Wonderful buys!

**CUSTOMER:** If I only knew how the engines had been treated... what oil the ex-owners used.

**SALESMAN:** This one, I don't know. But this red job I happen to know had nothing but Conoco Nth motor oil from its first mile!

**CUSTOMER:** Well, why didn't you say so! Conoco Nth! I'll take the red job, of course! First of all, whoever owned that car knew what was best for a car when they used Conoco Nth. With Conoco Nth in the crankcase, I'm sure the cylinders and moving parts were protected by OIL-PLATING—lubricant that doesn't all drain down at every chance, but stays on the job.

**SALESMAN:** Well, that'd sell me the red one.

**CUSTOMER:** Why, man, Conoco Nth can help keep an engine so clean of sludge and carbon that it easily ought to mean good long life. I'm going to cash in on this car's value—and keep on using Conoco Nth.

You can cash in, too. Cash in by getting all the engine life and good oil mileage that are winning sensational sales success for Conoco Nth oil. See Your Conoco Mileage Merchant today! Continental Oil Company

## Old King Cotton Rules Again; Sophisticate Away For A Season

With old King Cotton again sitting majestically on his throne, the slinky sophisticate is pushed aside by the charming naiveite in crisp cool cottons. Tucks, frills, ribbons and laces in abundance give the dainty summer dresses that feminine flairs that women adore.

A lady just can't have too many dainty little cottons. Whether you favor the simple tailored little frock of cotton crash and these new sport materials or the gay sheer volles and batistes, you will want to choose the type that is suited best to your personality. The idea on the hot summer days is to look natural and healthy, and if you can do this you have learned one secret to loveliness.

If it is style you want to achieve, you just can't miss when you are wearing a clever two-tone dress. Light colored tailored blouses with full swinging skirts (some of us just aren't at our best in these tight skippy things that they are warning us that we will have to wear and most of us would just as soon have one dress big enough to get into as two narrow sacks. We can help our Uncle Sammie by doing on less clothes, now what were we saying, oh yes, light colored blouses with full swinging skirts are very popular now. Many of the ladies prefer the long waisted basque dress with the gathered skirt. An attractive version of this is a striped blouse (stripes running crosswise) with the matching solid skirt.

There are many little touches that can be added to these simple little summer dresses to give them charm and distinction. For instance, just notice what a crisp frilly or tailored white collar will do for any dress. Have several pretty ones for a change in your summer sheer. Saddle stitching on the collar and cuffs of your plain shirt waist frock will give it an air of superiority over the other shirt waists. Large patch pockets do no little bit to liven up humble cotton house dresses. Try adorning some of your summer garments with gay embroidered designs if they are of solid materials. For a really clever attire have a jerkin out of the same material as your skirt and a simple tailored white blouse. You can't go wrong on this because it can be worn for

**CARD OF THANKS**  
This is to express our sincere and heart-felt appreciation to the many kind people of Slaton who were so thoughtful to us during the long illness and death of our dear father and grandfather, Oscar Marchbanks. The many thoughtful deeds, floral offerings and expressions of sympathy were deeply appreciated.  
Mr. and Mrs. Joe S. Walker and Joe Jr.

any occasion.

Pert little play suits with matching shorts in two color and stripe combinations are just what your daughter will want these hot days. You can select these cool costumes from piques, seersuckers and novelty cottons and not go wrong.

With cotton being made to look like wool, silk or linen these days, it isn't going to be difficult to keep old King Cotton on his pedestal. If your summer attire is both simple and pert, unaffected and lively you are just what both the men and women ordered, because the subtle sophisticate is away for a season.

## Dorothy Jones Elected Pres.

The Delta Sigma Chapter of the national Sub-Deb club met in the home of Connie Henry, Saturday, June 6, to elect new officers. Dorothy Jones was elected president by acclamation, Gwendolyn Hanna was elected to serve her second term as vice president, Ruth Austin, secretary-treasurer, Melba Williams, reporter and Glynna Williams, parliamentarian.

Following the election, plans were made for a skating party which was held Wednesday night. Other indefinite plans for the summer were made.

Refreshments were served to Misses Ruth Austin, Dorothy Jones, Melba Williams, Mary Sargent, Charlene Fisher, Mary Anne Wilson, Mary Anne Schmidt, Phyllis McReynolds, Gwendolyn Hanna, Glynna Williams, Billie Jean Jarman, Marian Bain, Mary Frances Landreth, Allee Jean Meading, Nina Ray Hickman, and the hostess.

The next meeting will be at the home of Charlene Fisher, June 18, at 3:30 p. m.

## GIRLS! WOMEN! TRY THIS IF YOU'RE NERVOUS

On "Certain Days" of the Month  
Do functional monthly disturbances make you nervous, restless, highstrung, cranky and blue—at such times?  
Then try famous Lydia E. Pinkham's Vegetable Compound. It's made especially for women to help relieve monthly cramps, backache and nervousness—due to this cause. And in such a sensible way! With nature's own beneficial roots and herbs. No harmful opiates.  
Taken regularly throught the month—Lydia Pinkham's Compound helps build up resistance against such symptoms. Thousands upon thousands of girls and women have reported benefit. Follow label directions. Worth trying!

## Southland Chapter Of Eastern Star Has Public Installation Service

Officers in the order of the Southland Eastern Star were installed in a public installation service Friday night in the Masonic hall with about seventy-five persons in attendance.

Those installed were: Mrs. Doll Haue, Worthy Matron; L. Collinsworth, Worthy Patron; Mrs. Nettie Kellum, associate Matron; W. J. Kellum, associate Patron; Mrs. Gloss Davies, secretary; Mrs. Agnes Collinsworth, treasurer; Mrs. Mary Edwards, conductress; Mrs. Julian Kellum, associate conductress; Mrs. Tinnie Smallwood, chaplain; Amanda Cook, Marshall; Mrs. Theresa King, organist; Mrs. Maude Gregory, Ada; Mrs. Belle Wood, Ruth; Mrs. Beulah Wheeler, Esther; Mrs. Mary Hord, Martha; Mrs. Annie King, Fleeta; Mrs. Maggie Deaton, Warder; Mr. Geo. Collins, Sentinel.

The hall was decorated with cut flowers and pot plants. The program was opened with the entire audience pledging allegiance to the flag, after which, Paul Eppes of Wilson, sang two special songs, accompanied by his mother, Mrs. Eppes.

Installing officers were: Mesdames J. H. Barnard, Associate Grand Conductress; Iafe Nabors, Grand Representative from South

## Shower Given For Mrs. H. Creswell

Mrs. Hubert Creswell, the former Miss Quentilla Owenby of Slaton, was honored with a bridal shower from 3 to 5 o'clock Saturday at the Club House. A military scheme was carried out in decorations.

Mr. Creswell is with the U. S. Army and is now stationed in California.

Dakota to Texas; Mary Lawso, Deputy Grand Matron, and Lida Myrtle Everett.

After the installation service the retiring Worthy Matron, Mrs. Amanda Cook, presented gifts to the installing officers. Mrs. Theresa King presented Sister Cook with a Past Matron pin from the chapter.

Committees for the ensuing year are as follows: instruction, Mrs. Emily Dean, chairman, Mrs. Alice Martin and Mrs. Nettie Kellum; program, Mrs. Theresa King and Mrs. Gloss Davies; examination, Annie King, L. Collinsworth and Julia Kellum; refreshment advisor, Mrs. Maude Gregory; and sick and visitation, Mrs. Agnes Collinsworth, Mrs. Mary Hord and Mrs. Belle Wood.

## Methodist Meeting Holds Interest

The attendance and interest in the revival in progress at the Slaton Methodist church is increasing every day. The vacation Bible school, directed by the Rev. Mr. Stevens and the joint responsibility of the Presbyterian and Methodist churches, had nearly twice as many in attendance the second day as the first. This school meets at 9:30 each morning and closes with the morning service of the revival at 10:30. The patronage of all people of the community are invited, regardless of denominational affiliation or relief. Classes are held appropriate for children and young people from four to fifteen years of age.

The visiting pastor-evangelist announces two special services at night this week. Thursday night, at 8:30, the members of the local Methodist church are invited to

come for the "church night" service and look each other over, so the whole church family can see each other. The stewards are asked to be special guests to welcome their membership lists. Friday night there is to be a fellowship supper on the church lawn with a friendly sing-song and neighborly greetings. On Monday evening of next week there will be a great community Christian patriotic rally. The ex-service men and their families are asked to be special guests and honor the parents of present service men. A decorations committee will have flags and decorations appropriate to the occasion.

"If we are fighting to retain Christian Democracy and Christian Civilization and freedom of worship, let us make our Democracy really Christian."

(Huckabee)  
"These chapels for the worship of our men in the armed services are an indication that the American people feel that our first line of defense is not material, it is mental, spiritual," a high ranking army officer at Camp Barkley, Abilene, said. "Do we have this faith? Do we propose to act on the significance of this suggestion? Let us seek God."

**DON'T LET CONSTIPATION SLOW YOU UP**  
When bowels are sluggish - when you feel irritable, headachy and everything you do is an effort—do as millions of folks do. Chew FEEN-A-MINT, the modern chewing gum laxative. FEEN-A-MINT looks and tastes like your favorite gum—you'll like its fresh mint flavor. Simply chew FEEN-A-MINT at bedtime—sleep without being disturbed—next morning gentle, effective relief. You'll feel like a million, full of your old pep again. A generous family supply of FEEN-A-MINT costs only 10¢.

Connie Strickland has been

LESTER BOONE

Pledging himself to "an all-out war effort," Lester Boone, Fort Worth Representative, has formally announced his candidacy for the Texas Railroad Commission, and called attention to the fact that it was one of Texas' most vital factors in the war effort. He further pledged in his announcement to attend all commission meetings.

Boone, who is now serving in the Texas Legislature from Fort Worth, sponsored the Omnibus Tax Bill which made possible the payment of old age pensions, teachers retirement pay, aid to the blind, and aid to crippled and dependent children. As a member of the House Military Affairs Committee, he aided in the passage of the Texas Defense Guard Bill, which became a law, thereby giving Texas greater security in the present crisis.

"I pledge an administration of harmony and will cooperate with other members of the commission," Boone said in his announcement. "I pledge myself to an all-out war effort in this vital department of State Government and will attend all commission meetings."

Olivia de HAVILLAND  
star of the Warner Bros. picture, "Sawberry Blonde," recommends Calox Tooth Powder for teeth that shine.

transferred from Perrin Field at Sherman, Texas, to the air base at Lubbock for his advanced training.

# A Statement of Facts About . . . COTTON SEED PLANTING

The bulk of the cotton seed grown on the plains in 1941 is unusually low in germination. The general average is possibly 20 to 50 per cent; many seed germinate even lower. Seed high in germination are extremely difficult to obtain anywhere.
