Volunteers For Defense Work Are Urged To Register

Slaton Lagging In Volunteers For Vital Defense Program

Golden Gloves To Be Held At Tech

LUBBOCK, Jan. 29.—(Special)—By arrangement with President Clifford Jones and other college officials, the 1942 South Plains District Golden Gloves tournament is to be held next Monday, Tuesday and Wednesday nights, February 2, 3 and 4 at the Texas Tech Gymnasium.

By moving to the Tech Gym, the Golden Gloves tournament will be assured of a better location, more adequate seating space, and the use of the college dressing rooms and showers.

The fights will start each night at 8 o'clock. Many of last year's champions and other outstanding fighters will return to compete for the gold wrist watches, handsome boxing trunks and the free trip to Fort Worth for the State tournament.

COTTON GINNING REPORT.

Census report shows that 76,830 bales of cotton were ginned in Lubbock County, Texas, from the crop of 1941 prior to January 16, 1942, as compared with 47,397 bales for the crop of 1940.

Andy L. King, Special Agent.

In a meeting called last Tuesday afternoon at the City Hall, Briggs Robertson was appointed as Defense Co-ordinator and Mayor J. H. Teague will act as Advisory Co-ordinator.

At the meeting a Defense Council was formed, the duties of which will be to centralize all Home Defense activities and to train volunteers.

Although three hundred men and women have registered for Home Defense work, there are several thousand men and women in this community who have not listed their names and given information as to their qualifications.

The registration of volunteers will be continued for a limited time at the City Hall in order to secure as many as possible. Every person who is in fair physical condition, regardless of age, color or sex, is being urged to come in and offer their services in case an emergency should arise. It is most imperative that the Defense Council know upon whom they can depend and the qualifications of each.

The following officers were designated at the first meeting of the Defense Council: Elbert Wilson, Slaton Fire Chief, will have charge of inspection and surveys for fires and incendiary bombs fighting, fire watchers and rescue parties. Austin Yeats, Slaton Police Chief, will be in charge of Police Service, guards and watchmen, fire wardens and observation, traffic control, discipline control, morale and evacuation.

Dr. W. E. Payne, City Health Officer, will have charge of the health service, first aid and first aid stations, chemical warfare, decontamination, ambulance service and salvage.

Bud Woolever will be Engineer in Control of Maintenance Service, protection of vital plants, raid shelters, illumination control, emergency repairs, damage surveys, etc.

Ed Childress will be observation warden in control of air observation units.

War Production To Break All Records

The war production story of the past eighteen months and what the United States must do to achieve its potential overwhelming arms superiority is detailed in the Report To The Nation issued by Archibald MacLish, Director of the Office of Facts and Figures. The report was prepared at the request of President Roosevelt.

Only "by the mobilization of every available man, woman, dollar and thing—every plant, tool, machine and bit of material" can an adequate production structure be built, says the report.

Among the high-lights of war production in the United States since the fall of France are:

The foundation has been laid for an armament program of a magnitude no other nation ever has attempted.

Nearly three times as many weapons and supplies of war will be produced this year as in the eighteen months between June, 1940, and the end of 1941.

This year our production of planes and tanks will equal that of Hitler in all the years before 1939 when he was preparing to conquer the world.

War spending has soared from an annual rate of two billion dollars on July 1, 1940, to a rate of almost 20 billion dollars on December 1, 1941. It must reach a rate of 48 billions this year and more.

Red Cross Unit Holds Election Of Officers

At an open meeting of the Slaton chapter of the Red Cross in the Chamber of Commerce office last week, new officers for the ensuing year were elected as follows: Briggs Robertson, President; Mrs. S. A. Peavy, Vice President; Mrs. Tess Bruner, Secretary; Mrs. Lee Green, Treasurer.

At a Board meeting at the Chamber of Commerce office Tuesday morning, the president, Briggs Robertson, named three new chairmen. Mrs. H. R. McKee was made Chairman of the Production Unit, Mrs. J. H. Brewer, chairman of Knitting Unit, Mrs. S. A. Peavy, chairman of Home Nursing, and Mrs. L. C. Odum, publicity chairman.

A committee on paper conservation named was, Carl Meriwether, Odie Hood and C. C. Hoffman. Mrs. McKee announced the sewing room would be open about the 1st of February, and asked anyone having chairs that can be used in the sewing room to contact her soon.

Mrs. Wade Thompson made a report on work done last year when she was acting as president of the Red Cross Unit in Slaton. There were something over 200 sweaters knitted, 600 baby bands and wash cloths made, 50 complete layettes of about 10 pieces each, 25 shawls and beanies, knit from scrap yarn, 60 baby blankets, some knit, some made of flannelette, and 12 young girls' dresses, and finishing touches such as buttonholes, buttons and handwork put on 30 girls' dresses. Making a total of 1,477 garments finished, inspected and packed for shipping from Lubbock Co.

Funeral Of Mrs. S. S. Forrest Held On Wednesday Afternoon

FUNERAL SERVICES HELD FOR INFANT

Funeral services for the infant daughter of Mr. and Mrs. Floyd Jones of Borger, Texas, were held Sunday morning, January 25, at 9:00 a. m., in the home of Mr. and Mrs. Bart Jones, with Rev. W. F. Ferguson, Baptist minister, officiating.

Survivors included the parents, a brother, Donald, and a sister, Barbara Jean.

Slaton Youths Learn Repairing

The Southeast corner of Geneva and Ninth streets is the location of the building in which ten Slaton youths are learning the repairing of cars, trucks, and tractors, under the instruction of Bert Thornton. This is the second week of work the boys have done. They meet five nights a week, Monday through Friday, from 7:00 until 10:00 p. m.

There has been some difficulty in securing parts for the boys to work with but nevertheless, they have accomplished much work on cars and tractors. There are accommodations for at least four more boys in this movement and it is to any youth's advantage to learn this particular type of repairing.

Anyone wishing to have work done on their cars, trucks or tractors should contact this organization at an early date. There is no charge, but anyone securing repairing on their vehicle must furnish the necessary parts. At the present time the boys need more work to do.

W. W. PICKENS BROTHER OF SLATON MAN, KILLED

William Walker Pickens, of Levelland, brother of E. N. Pickens, was killed Wednesday night when his automobile crashed into a box car near the aviation training school on the Lubbock-Levelland highway.

Mr. Pickens was traveling alone and crashed into the freight train, which was crossing the highway. His body was badly mangled. He was a well known farmer in Hockley County and had lived in the Claunene neighborhood about seven years but was employed in Levelland at the time of his death.

He is survived by his wife, three brothers, E. N. Pickens of Slaton, Hugh Pickens of Levelland and C. E. Pickens of Dallas; also three sisters.

YOU'RE GOING TO BE SURPRISED, SAYS CARTER

Mr. and Mrs. Nick Carter returned Wednesday, after a business trip to Amarillo, where Mr. Carter attended the Panhandle Hardware Dealers Convention.

Mr. Carter has been present at two State Hardware Conventions recently and says the hardware situation is becoming critical. Not to alarm anyone, but rather to let the customers be prepared, Mr. Carter says there will be an extreme shortage in four major war necessities, tin, copper, aluminum and rubber.

Garden hose, bicycle tires and all rubber tired toys will soon disappear from the market, or will be offered in re-claimed rubber. Also there will be no more stoves with top covers or electric timing devices. No more electric wire. In fact, a great number of everyday necessities will be substituted, or entirely disappear from the stores.

"OF CHRIST" TO BE HELD AT SLATON

Presbyterian Church to present a motion picture "The Passion Play" or "Of Christ", at the church Tuesday, February third, at 7:30 p. m. This production is based on and patterned after the dramatic versions held in Oberammergau and Freiburg. Special organ music and choral singing will accompany the showing of the picture.

The people of Slaton are invited to attend. A silver offering will be taken to assist in paying expenses.

MRS. MATTIE CUSTER DIES AT FLOYDADA

Mrs. Mattie Custer, mother of Mrs. Lee Tudor and Mr. Jeff Custer of Slaton, died at her home in Floydada Tuesday, after a long and useful life. She was eighty-five years old and had lived in Floydada for over twenty-five years.

Her survivors are Mrs. W. L. Bloodworth and John Custer of Floydada, Walter Custer of Post, N. M. Custer, Chillicothe, Mrs. Lee Tudor and Jeff Custer, Slaton, Mrs. F. C. Collins of Sidney, G. C. Custer, Post, and twenty-four grandchildren and twenty-five great grandchildren.

Burial was on Wednesday at Floydada. Reverend Lowrance of the Primitive Baptist Church of Slaton held the funeral ceremonies.

C Of C Elects New Directors Considers Improving Auditorium

At the regular meeting of the Slaton Chamber of Commerce last Tuesday night, Dr. Elbert Lovelless, Dr. H. E. Howard, Howard Hoffman, Max Arrants and Webster Williams were elected as new directors to take the place of the five retiring directors, whose three year terms expire next week. They are C. C. Hoffman, Kirby Scudder, W. E. Smart, Ben Mansker and L. A. Harral. All of the new directors have consented to serve on the board.

A proposal to remodel the auditorium at the City Hall was considered whereby the Chamber of Commerce and the City would divide the cost. It was explained to the meeting that, in its present condition, the auditorium is not in condition to be used in cold weather and that due to the many activities going on at the Slaton Club House, it is often needed to accommodate activities on days when the Club House cannot be secured.

President C. C. Hoffman appointed a committee to investigate the cost of putting the auditorium in good order. A suggestion to place trash receptacles in the business district was also presented and placed in the hands of a committee.

ARTICLES REPORTED MISSING

The Chamber of Commerce reports that a pressure cooker and a land leveling machine were borrowed from them sometime last year and have not been returned. If anyone knows the whereabouts of either of these articles, please call Briggs Robertson at the Chamber of Commerce office, telephone 344. There have been several calls for both of these recently and it is vital that they be regained.

Slaton To Have President's Ball At Club House And Legion Hall

The Slaton Committee in charge of the President's Ball for Slaton announced yesterday that a dance would be held here in Slaton at the Slaton Club House and at the American Legion Hall, sponsored by the Daughters of Pioneer Study Club. The tickets which have been sold here will entitle anyone who holds them to at-

tend the dance, as well as to attend those being held elsewhere in Lubbock County.

Arrangements were made Wednesday to hold the dances here, so as to give the local people an opportunity to attend the President's Ball without having to wear out their feet. The dances will start at 8:30 tonight.

Air Guns And Rifles Must Go Says Commission

Awards Presented To Slaton Football Boys On Wednesday

The Slaton Tiger football boys received their awards Wednesday, January 28, at the regular chapel program. Seventeen boys received letters, and two reserves. Out of the seventeen receiving letters, eleven will be back next year, in addition to the two reserves.

Awards were presented by Coaches Hamilton and Stevenson. Shirley Butler, who played tackle on the '41 team, was selected by the boys as Captain for 1941. This was Butler's third year to letter.

Elzo Collier was the only boy on the Tiger team to make all district. This, his third year to letter, was also his third time on the all-district team, receiving a unanimous vote for this honor. Collier has another year in high school.

Coach Hamilton states, "If we can keep the eleven lettermen that we have coming back, and none of them join the Army, Slaton should have a good chance at all district next year (1942)."

The Slaton Tigers have been placed in a new district, titled 6A with Post, Taboka, Seminole, O'Donnell, Seagraves and Denver City. The Interscholastic League arrived at the conclusion that fourteen teams in one district was too many, therefore, they concluded to make two districts and consequently placed Slaton in District 6.

Lettermen who will not be back are: James Seideman, Guard; lettered 1 year, army; Shirley Butler, tackle, lettered 3 years, Army; Jack Cleveland, tackle, lettered 1 year, Air Corps; Luther Faulkner, Guard, lettered 2 years, Air Corps; Fred Splawn, Back, lettered 1 year, Air Corps; and Billy Miller, lettered 2 years.

Lettermen having one more year: Elzo Collier, Back, lettered 3 years; Fagan Genn, Tackle, lettered 1 year; Frank Weathered, Center, 2 years; Louis Cates,

A. C. STRICKLAND JR. IN FLIGHT TRAINING

KELLY FIELD.—With his pre-flight training behind him, A. C. Strickland, Jr., son of Mr. and Mrs. A. C. Strickland, left the Air Corps Replacement Training Center (Aircrew) at Kelly Field, Texas, this week to begin flight training.

He is a member of the first wartime class to complete the basic military training and ground school instruction at this Replacement Center. The class was assigned to various primary flying schools located in the Gulf Coast Air Corps Training Center Area.

At the Replacement Center his training has all been on the drill field and in the classroom, but now he will have a chance to prove what he can do in the cockpit.

He will start primary training at Spartan School of Aeronautics, Tulsa, Okla.

New Way To Pay Income Taxes

To make it easier for taxpayers to meet the increased taxes required by the National Defense Program the Treasury Department is offering for sale two series of notes, both dated August 1, 1941, and maturing August 1, 1943.

In January of each year two new series will be provided so that a taxpayer can always purchase notes during the entire year in which he is receiving his income for use in payment of taxes due the following year. The reason for the two-year note is to permit a taxpayer, if he so desires, to begin saving in January of one year and continue through that year to save for his taxes due the following year.

All notes are sold at par and accrued interest. When presented in payment of income taxes they will be received at par and accrued interest up to and including the month in which such taxes are paid. Interest will not accrue beyond the maturity of the notes. If not presented in payment of income taxes, they will be redeemed for cash under certain specified conditions at the purchase price paid for the notes. In other words,

Births: A daughter, Marta, to Mr. and Mrs. B. Castro, Southland, on January 18.

A daughter, Beatrice Louise, weighing 1 1/2 lbs., to Mr. and Mrs. Kiesel, Post R. F. D., on January 23.

A son, Ronald Lee, weighing 9 lbs., to Mr. and Mrs. Everett Mangum of Posey on Jan. 24.

A daughter, weighing 7 lbs., to Mr. and Mrs. Tom Gentry, on January 24. The father is a Santa Fe employee.

A daughter, weighing 6 lbs., to Mr. and Mrs. Jake Thomas of Slaton Rt. 2, on Jan. 24.

A daughter, weighing 8 lbs., to Mr. and Mrs. B. C. Cooper, on January 28.

(Continued On Back Page)

At the regular meeting of the City Council last Monday night, the City Commission decided to pass an ordinance prohibiting the shooting of air guns within the city limits of Slaton.

In commenting on the proceedings of the Commission, Mayor Teague said that the action was taken because of the damage that has been done to city and private property in all parts of town, and also to prevent accidents to both the boys themselves and to anyone who might come within range of the guns. The new air rifles that the boys are using are almost as powerful as a rifle and many near serious accidents have occurred recently, and it is a nuisance that must be stopped.

It has been reported to the police that some of the boys have been using twenty-two rifles at the City park, which is strictly against the law.

"We do not wish to interfere with the pleasure of the young people," said the Mayor, "but the serious damage that could come from these air rifle bullets is most apparent and we feel compelled to curb it. We would like to warn both the boys and their parents that we intend to see that the law is enforced, and will arrest any boy found shooting air guns or rifles inside the city limits of Slaton."

RADIO OPERATORS TO BE TRAINED AT TEXAS TECH

LUBBOCK, Jan. 21.—A course to train men to pass the government examination for radio phone operator as distinguished from radio telegraph operator, will be offered at Texas Technological College starting Feb. 2. The class will meet twice a week at night from 7 to 10 o'clock and will be conducted by the electrical engineering department.

Qualification for taking the course is graduation from high school or its equivalent. Regularly enrolled college students may

CARL SARTAIN

LITTLE MARY MIXUP - BY R. M. BRINKERHOFF

TAKE CARE OF YOUR MOST VALUABLE POSSESSION, YOUR CAR

American People! There has been a priority placed on some of the most essential products in the automobile line already and no one can be quite certain whether or not there may be more and if so, what they will be. Dealers do not know what will be next, but they are at your service to suggest parts for the best results from your car. It is wise to heed their advice about such matters since that is their business and they know far more about auto parts than someone not familiar with the mechanism of a car. If there is any sluggish part on your car, it should be attended to at the earliest possible moment, for it may be a vital piece of machinery for your vehicle.

O. D. Kenney suggests a complete check of the machinery on your car and then a look around his Parts and Accessories Shop for the correct make and size of whatever you need. Mr. Kenney can

ATTENTION: WOMEN OF AMERICA IN THIS EMERGENCY

Young Women of America! At the present time and in the months to come it will be far easier than ever before to secure positions in the business world. There is a great demand for secretaries and stenographers, bookkeepers and filing clerks in the Army, Air Corps and Navy training schools and in the government plants and factories for defense. Not only in government projects, but also in individual and company firms is there a shortage of workers. It is needless to say that anyone working for defense is working for the good of the country. Young women of America, it is your duty to take the stand in this crisis, while the men are making this America

give you very reasonable terms on all equipment. Even though the sale of many things have not been prohibited, there is a shortage of certain items. Don't wait too long to do something about the most precious thing in your possession, your automobile.

KEEP ALL BAILING WIRE

COLLEGE STATION. — Texas farmers and ranchmen were told today that they would do well to save baling wire for possible reuse during the 1942 hay baling season.

A recent OPM order assigned baling wire, along with nails and wire rope, a rating that will assure delivery of the same amount of these articles as supplied in the corresponding quarter of 1940.

But, M. R. Bentley, agricultural engineer of the Texas A. & M.

a free and liberal land for us.

One of the most commendable and efficient institutions of business tactics is Draughon's Business College in Lubbock. At the present time it is possible to enroll for any type course. One of the most loyal things for any American to do at this particular stage of the game is to prepare himself for greater things in the America of tomorrow. This may be made possible by establishing oneself at the bottom in order to work up. Call or write Draughon's today for information concerning their college.

College Extension Service, reports that the U. S. Department of Agriculture estimates 1942 needs for baling wire at around 100,000 tons. This is equivalent in weight to three battleships or three thousand medium tanks.

Thousands of bales of hay and other forage are now being fed in Texas, Bentley pointed out. The usual practice is to cut the ties, but farmers will do well to unwrap the wires, straighten them out, and then store them on a flat surface protected from the weather so they can be used again if a shortage develops, he said.

Liver contains a good supply of vitamin A, is rich in riboflavin, iron and phosphorus, and contains thiamin and nicotinic acid.

Construction of freezer locker plants is increasing rapidly in Texas, California, Mississippi and Kansas.

POSEY ITEMS

By Ruth Gentry

Mr. and Mrs. Lewis Joplin, of near Slaton, entertained the young people of the Posey community with a party at their home Friday night. After playing games, "cookes" were served to the following guests: Margaret Neu, Cora Lee Neu, Arline Kitten, Norbert Kitten, Mary Frances Joplin, Charles Gentry, Ruth Gentry, Harold Thomas, Bud Johnson, Bonnie Biggs, James Vannoy, Harold Morrison, and Vaughn Campbell.

at the school Sunday night to reorganize. New officers, as well as new sponsors, were elected. New officers elected were: President, Earl Johnson; Vice President, Guy Gentry; Secretary, Louise Gentry; Program Chairman, Phyllis Williams; Asst. Program Chairman, Joseph and W. M. Joplin and Don Ray Rodgers; Game Leader, Rachel Gebert; song leader Nadine Hart; sponsors, Mrs. W. M. Joplin and Mrs. Nathan Johnson. After the election, Imogene Gentry gave the program on "The Story of Samuel Adams."

The Senior Epworth League met at its regular time Sunday night, with twelve members, one visitor, Lorene Foster of Cooper, and the sponsor, Mrs. T. A. Johnson, present. The League voted to buy new League books for the coming year. They also elected assistant sponsors, Mr. and Mrs. Carl Miller. A weiner roast was planned for the coming Friday night. The time was set for 7:30 p. m.

Mr. John Beeman and daughters, Juanita and Zela, visited Mr. and Mrs. M. P. Gentry and family last week. They were moving from Paducah to California. Mr. Harvey Carroll, Mrs. Gentry's brother, accompanied them.

Louise Gentry who has been ill with the measles, is now back in school.

Mrs. E. C. Clifton and Mr. and Mrs. C. O. Clifton have moved to their new home near Ropesville.

Mr. C. Z. Fine visited Mrs. J. M. Casey and her mother in Comfort, Texas, over the week end.

Singing was well attended Sunday night and everyone enjoyed it. The boys and girls gave quartet numbers. Misses Lorene and Evelyn Foster of Cooper were visitors.

Mr. and Mrs. Nathan Johnson and daughters visited Mrs. Kora Kerr of Idaho Sunday.

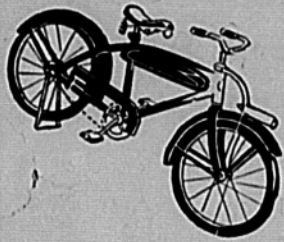

Visitors in the L. K. Hart home over the week end were Mr. and Mrs. L. H. Yarborough and son, Wayne, Mr. and Mrs. J. I. Cranfill and Jorita, and Marjorie Crosby of Wilson.

FOR VICTORY

Talbot cartoons courtesy of Washington Post.

has been paid to the temporary, and the religious slogans have been set in movable type.

But the Bible believer can stand with quiet heart in the midst of all of life's uncertainty, in the realization that there are some things which are changeless because they are related to the God with whom all of time can only be present. And here are a few pungent paragraphs from the book of Hebrews concerning our changeless God.

"Thou, Lord, in the beginning hast laid the foundation of the earth; and the heavens are the work of thine hands; they shall perish; but thou remainest; and they all shall wax old as doth a garment; and as a vesture shalt thou fold them up, and they shall be changed: but thou art the same, and thy years shall not fail". (1:10-12).

"God, who at sundry times and in divers manners spake in times past unto the fathers by the prophets, hath in these last days spoken unto us by his Son, whom he hath appointed heir of all things, by whom also he made the worlds". (1:1, 2). "Thou hast put all things in subjection under his feet. . . . But now we see not yet all the things put under him. But we see Jesus, who was made a little lower than the angels for the suffering of death, crowned with

glory and honor; that he by the grace of God should taste death for every man" (2:8, 9). "But now once in the end of the world hath he appeared to put away sin by the sacrifice of himself. And as it is appointed unto men once to die, but after this the judgment: so Christ was once offered to bear the sin of many; and unto them that look for him shall he appear the second time without sin unto salvation" (9:26-28).

God lives—forever lives! Christ died, but rose again, and He lives today to bestow His life upon all who will receive Him.

The hymn writer who wrote "change and decay in all around I see" should have lived in our day of news flashes and blackouts. He was born in 1793. What did he know of change compared with our day?

The junk shop is a kaleidoscope of the rapid changes during a generation. Old model cars, horse-whips, feather boas, and a motley collection of slightly used crowns, all endorse the hymn writer's phrase. There are few abiding things in our kind of civilization. Changing fashions can be seen in clothes, in morals, and in philosophy. Old customs have been abandoned, and old methods superseded. This spirit of ebb and flow and flit and fly has influenced education, and even the message of the church. Too much attention

R. L. Hooten For County Clerk

R. L. Hooten has authorized us to announce his candidacy for the office of County Clerk of Lubbock County, subject to the action of the Democratic primaries.

His statement follows:
Dear Friends and Sovereign Voters, I wish to sincerely thank each of you for each expression of

R. L. HOOTEN

friendship and the many kindnesses shown me in the race for county clerk two years ago. Though I was not elected, it was a pleasure indeed to meet so many fine people whom I had never had the opportunity to meet before, and I shall always cherish the many words of encouragement spoken in my behalf. To those who voted for me before, I am asking your continued support, and to those who did not, I am asking a special consideration and if you find me worthy I shall ever appreciate your support and influence.

I realize that a public office is a public trust and that honesty, efficiency, and courtesy are necessary characteristics of any successful public servant. I invite you to investigate fully my past record of twenty-five years in and near Lubbock. I have always subscribed to the principle that the school, the home and the church make the foundation upon which our American Democracy is built. As a citizen and taxpayer of this great county I have always tried to do my part toward helping maintain these great pillars of Democracy, contributing of my time and means toward all progressive moves, assisting in every way possible to make our county and state a better place in which to live.

Now, friends, upon my past record of service, my training and experience, and my belief in our Democratic way of life, I am asking you to honor me by electing me to this most cherished position, your county clerk. Though I have never held public office, may I assure you now it will be the greatest pleasure of my life to serve you at all times in the best manner I know how.

Please accept my gratitude and thanks now for every effort, word or gesture in my behalf in the coming primaries, and I shall endeavor to see each of you personally at the earliest convenience possible.

COOPER NEWS

JUST TALK by A.M.J.

There is no telling what the proration of necessities will cause. Reports from several drug stores in town are that Mrs. Tess Bruner and Mrs. Curtis Hamilton have been trying to make Coca Cola Bootleggers out of our saintly cold drink dealers, by offering bribes of ten cents per bottle for the beverage. After four o'clock in the afternoon there is a long file of women canvassing the stores on the hunt for stray bottles of cold drinks, and the men have had to give up and go to drinking coffee.

It is dangerous to be in one of these stores when the last few bottles go on sale, and the druggists are complaining that much damage has been done to furniture and fixtures.

Something must be done or our town will be a wreck.

While many improvements have been made in the conveniences and ways of life since grandpa used to stumble around by the light of a coal oil lamp, there are some things that he had that were better than the new fangled doodads that now grace our lives. One of them was the old time swivel office chair.

From the debris of relics that were stowed away in the back of The Slatonite I dug up one of the old time free turning swivel affairs and had it put back on the firing line, and now I can roll all over the place like a kid on a kiddie car; I can keep two desks instead of one, all cluttered up with unanswered mail, paste pots, ash trays, unread proofs, teetering bottles of ink and pencil stubs.

No, grandpa had at least one thing that was worth the money and I would not trade my ostrich-like swivel chair for a solid mahogany 1942 model back breaker that won't turn around.

How to write a column like this: Just get a stuttery typewriter, a stack of waste paper and there's nothing to it.

In addition to worrying about what is going to happen to the newspaper business, I am working on the problems of where the barbers are going to find hair to cut since so many of the boys have gone to the army; what the laundrymen are going to do for soap; what the women can do to take the place of girdles; what shoes are going to be made of after all the leather goes into army brogans, what to do with the time I have put in opening packages wrapped in cellophane, what to do with the glass jars everything is going to come packed in, where to stack all the waste paper that accumulates around a printing plant, what the young women are going to do for husbands, where the future population is going to come from, what I am going to do for coconut cake when the sugar rationing goes into effect, what the price of a little hunk of steak is going to be and whether I can afford to have bacon for breakfast once in a while.

It is all a terrible strain on my wife's nerves, my own digestion and on the multiplication table and so far none of my answers have come out correct.

My hat is off, baring my thinly covered pate, to Professor Kavanaugh, for the good work he has done in promoting the sale of Defense Stamps to the school children here in Slaton. Professor Kavanaugh was one of the first, if not the first, men in the State to start the campaign among the school children.

Professor Jenkins should also be complimented for the work he has done at the West Ward school in this connection. The West Ward children have been very active in the purchase of Defense Stamps and their daily purchases should prove an incentive to all of us in doing our part in buying all the Bonds and Stamps possible.

Professor Kavanaugh is investigating the possibilities of working out a plan where the children can collect scrap paper and old metals to sell and invest the money in Defense Stamps. He also suggests that every one who has small jobs that the school students can do, phone the schools and have the work done by the children, so that more Defense Stamps may be bought by the children who do not have means to purchase them.

It was a startling and a discouraging revelation for me to see the candid picture taken of me that was printed in last week's Slatonite and which appears again in the contest page we are publishing again this week.

All of the pictures I have had taken in the past must have undergone some major operations by the photographer, but when this one was taken, it just duplicated the handicaps I have been working under for too many years. Several on the page were an improvement on the actual facts of life. Roy Mack, Jeff Custer, Briggs Robertson, Jim Elliott and J. D. Holt are really not as nice looking as they appear in the paper, but all the flaws of my rugged expression show up like a fly in the ice cream. It is surprising to me now to realize how in the world I have kept out of the penitentiary, for if I look like my picture, I would be convicted of most any crime, regardless of my snow white principles and mountain high ideals.

After thinking over the matter to some extent, I have been flirting with the idea of buying a bicycle, but when I drive my car down the street and watch the bicyclists weaving and swaying around on the streets, escaping

death by inches at every turn, I have come to the conclusion that I would prefer to walk and take a little more time getting to where I want to go. The only danger is that I walk so slow that I might get run over by a bicycle.

If you are out of tickets to something I have probably got a full stock of most any kind of entertainment you might want to see. They come to me by mail, by freight and by personal delivery from every kind of charitable, civic and scholastic organization.

You can take your choice of sleight of hand shows, public speaking, book reviews and boxing matches. The stock is particularly heavy on public speakers and I can guarantee several of them to be sure cures for insomnia. They come in colors of jaundice yellow, Mexican pink, blazing red and baby colic blue. Just name your favorite form of torture and I'll fix you up with a ticket to it. Several have cold potato and India rubber ham banquet attachments and speaker combined at double extra price.

The women have been going into ecstasies over the beautiful sunsets lately, but I have heard very little of the beauties of the sunrises; however, there is a possibility that when the daylight saving time goes into effect, those same women will be going into ecstasies about that too, or it may be that we men will have to get up and get our own breakfasts and view the sunrise all by ourselves.

The old copy book phrases about success and failure have always galled me considerably. The idea that the boss is watching and will appreciate the efforts of an employee won't hold water and the effect that luck or fate, which ever name you wish to give it, will have on life and success does push our destinies around more than anything else, is my opinion, although I'll admit my opinion will probably not change the course of events to any marked extent.

The way one's ears are hung on one's head, or th peculiar way your hair grows may make your boss like or dislike you and if he does not like you, there is little you can do about it, opportunity may or may not knock at just the right time and what is the right thing to do today will be wrong tomorrow. You may have selected the right uncle or aunt to inherit riches from or oil might come gushing up from your old farm that has never raised anything but high taxes and then again you might develop liver trouble, get run over by a horse and buggy or get fired for overworking. As soon as I get time, I'm going to get a system all worked out and give the rules on how to make a success out of life.

On The HOME FRONT

On their regular meeting night, January 14th, Company "C" 39th Bn., TDG, measurements were taken for uniforms to be supplied the Texas Defense Guard by the War Department of the United States Government. This equipment to be received includes the following for each man of the Company: 2 pair of woolen pants and shirts; shoes, 3 pair of socks, khaki leggings, four pair of cotton shorts and undershirts, gloves, hat, blouse coat, overcoat and raincoat. This equipment will be the same as is worn by the United States Army, and will make a well dressed Company out of our organization. We are expecting this

U. S. USES CORN FOR GUN POWDER

Uncle Sam's huge corn reserve built up over the past few years to protect the farmer's prices, is coming to the fore today in the defense of the Nation. For that corn has been called upon to provide ammunition for the fighting forces of the United States and its allies.

For the first time in history corn in large quantities is being converted into alcohol for the manufacture of cordite or smokeless powder. Little if any of the alcohol ever gets to the gun, one of the paradoxes of a process that involves another important agricultural product—cotton King of the South.

Normally, industrial alcohol is obtained entirely from by-products of sugar cane molasses, but the enormous demand for military production threatened a serious shortage. In the emergency the government called upon the liquor distillers to convert 20,000,000 bushels of the corn reserve into 50 million gallons of grain alcohol. Joseph E. Seagram & Sons, Inc., was the first distiller to sign a contract with the government and is converting corn into industrial alcohol for munitions at a rate of 780,000 bushels a year. One pound of powder requires about one-half pound of alcohol (running seven pounds to the gallon) in its manufacture.

In the munitions plant the raw cotton is shredded, boiled, washed and dried, and then treated with nitric and sulphuric acid, producing cellulose cotton or "pyro-cotton." This "pyro-cotton" is mixed with ether-alcohol to form a paste and then pressed through steel dies to form either pellets or cylindrical sticks.

What remains is cordite or "smokeless powder"—neither powder nor exactly smokeless although compared to old black powder, its blasting fumes are light and disappear quickly. The cylinders of cordite about the size of your fist, are jumbled together and sewn into large canvas bags to be rammed behind the shells of the big guns. Cordite is a slow-burning powder, a separate stick of which can be lighted by match in the open air but which—packed in the breech of a big rifle—will blow a 16-inch shell 30 miles over the horizon.

The Movie Reporter

Terrific Betty Grable! New "It" Man Victor Mature! Thrilling Carole Landis! That's the TNT starring cast in "I Wake Up Screaming," the new hit starting at the Palace preve Saturday night, Sunday and Monday. It's the most exciting picture you will see this year. It is set on Broadway, the most glamorous spot in the world. "I Wake Up Screaming" depicts the story of murder, relentless pursuit, thrilling action! There's a whirl around big town hot spots with Betty, Victor and Carole. Unknowns become the darlings of Cafe Society! Exciting entertainment? You bet! Don't miss "I WAKE UP SCREAMING" February 1 and 2.

Mickey Rooney and Judy Garland are back again in another hit musical, "BABES ON BROADWAY", running three big days, starting Tuesday, Wednesday and Thursday. This is Mickey's and Judy's biggest show yet. 117 minutes of fun, song, music and laughter. February 3-4-5.

"Look Who's Laughing" features Charley McCarthy, Edgar Bergen, Fibber McGee and Molly in a howling new comedy. "LOOK WHO'S LAUGHING" is showing Friday and Saturday, February 6-7. Join the crowd and laugh out loud, at the screen's funniest comedians in the year's best comedy!

Coming soon: "Corsican Brothers," starring Douglas Fairbanks, Jr., "KEEP 'EM FLYING", Abbot and Costello hit comedy; "It Started With Eve," another Abbot and Costello hit; "How Green Was My Valley", "Hellza Poppin'", "Tuxedo Junction," Weaver Bros. and Elvira.

Second feature at the State Theatre is Wayne Morris in "THREE SONS O' GUNS".

U. S. USES CORN FOR GUN POWDER

Uncle Sam's huge corn reserve built up over the past few years to protect the farmer's prices, is coming to the fore today in the defense of the Nation. For that corn has been called upon to provide ammunition for the fighting forces of the United States and its allies.

For the first time in history corn in large quantities is being converted into alcohol for the manufacture of cordite or smokeless powder. Little if any of the alcohol ever gets to the gun, one of the paradoxes of a process that involves another important agricultural product—cotton King of the South.

Normally, industrial alcohol is obtained entirely from by-products of sugar cane molasses, but the enormous demand for military production threatened a serious shortage. In the emergency the government called upon the liquor distillers to convert 20,000,000 bushels of the corn reserve into 50 million gallons of grain alcohol. Joseph E. Negro Artists Subject For Study Group

Mrs. Webber Williams was hostess to the Wednesday Study Club at her home, 235 South Ninth, Wednesday afternoon, January 21.

Mrs. S. A. Peavy was leader of the program in Negro Artists. Roll Call was answered with, "A bit of negro philosophy." Accomplishments and short sketches of artists were given by Mrs. Williams.

Guests attending were Mrs. A. M. Jackson, Miss Mabel Scudder, and Mrs. W. I. Scudder.

Mrs. Roy S. Mack, club president, will be hostess to the next meeting on February fourth.

Couple Is Wed In Big Spring

The marriage of Miss Ruby Smith to Joe Culver, both of Big Spring, was solemnized at high noon Monday, January 26, in the home of Mr. and Mrs. J. W. Madry at 908 Runnels Street, Big Spring. Pastor of the Lutheran Church read the ceremony.

The bride is the daughter of Mrs. Felton Smith of Big Spring and Mr. Culver is the son of Mrs. L. S. Jefeato of Slaton.

The couple will live in Big Spring, where Mr. Culver is employed at the Settles Hotel.

SLATON ART CLUB HAS MONTHLY MEETING IN C. L. TANNER HOME

The Slaton Art Club had its regular monthly meeting January 27th in the home of Mrs. C. L. Tanner.

Mrs. Sam Staggs was a guest for the afternoon. After the business meeting, Mrs. D. L. Kent had charge of the program, in the absence of the leader, Mrs. Harvey Tunnell. Each member answered roll call with a talk on the subject, "Art in Every Day Life," which brought out a number of interesting points.

Mrs. Tanner spoke on, "Odd Arts in Texas," also on how silhouette pictures originated. Following the program, a refreshment plate was served to the guests.

Mrs. M. L. Turnbow and Mrs. Harvey Tunnell will be hostesses to the next meeting, which is to be on February 24th.

METHODIST GROUP MEETS AT PARSONAGE

The Women's Society of Christian Service of the First Methodist Church met Monday afternoon at the Methodist parsonage with 28 present.

Mrs. L. L. Frazier had charge of the devotional which was "A Service of Stewardship." The program was opened with a song, followed by a talk, "How Deep Shall I Drink," by Mrs. L. R. Tibbs. Mrs. Laura Rhodes led a prayer after which there was a responsive reading. Mrs. H. C. Gordon presided at the business meeting. Miss Mabel Scudder was reader of the minutes. Reports were made by the officers and committee chairmen.

Circle One meets with Mrs. R. H. Todd, Circle Two with Mrs. L. R. Tibbs, and Circle Three with Mrs. J. E. Eckert next Monday.

HOMEMAKING GIRLS STUDY FIRST AID

The second year foods class has spent the last two weeks studying first aid and home care of the sick. This unit has been lengthened and added to because of the added stress which the government and the Red Cross has been giving to the subject. The girls have studied what to do first in case of an accident and simple effective first aid treatment if the accident is not too serious. The class discovered that most accidents occur at home and they urge everyone to be very careful of any accident hazards at home, such as toys laying on stairways and loose slippery rugs. The girls have all practiced simple bandaging, the correct procedure for making a bed, and artificial respiration. As a background for this study, the girls have all had a brief study of physiology and fundamental health habits which should be practiced every day.

WEDDING OF HELEN MELTON TO JOHN CRAWFORD IS ANNOUNCED

Mrs. Fred Melton, 310 West Lubbock, has announced the marriage of her daughter, Helen, to Mr. John Crawford of Kansas City, Kansas, which took place January 7th, in that city.

Miss Melton wore a blue suit with black accessories and a corsage of white gardenias. The only attendants were Mr. and Mrs. Roy Crawford.

The couple is at home in Kansas City.

Junior High Notes

DEFENSE STAMP SALES.

Junior High School has sold about \$150.00 worth of Defense Stamps since the sale was started, Thursday, January 15.

"We wish to thank Mr. Judge C. Smith for putting up the deposit for our stamp fund, so that stamps can be kept at the office and students may purchase them at school at all times," said J. C. Jenkins, Principal of Junior High.

A supply of stamp albums in 10c and 25c sizes are also kept at the office.

SCRAP PAPER.

Slaton schools are collecting paper for defense. If anyone has any newspapers, magazines, or catalogues they would like to get rid of, send them to the schools. The students will see that they get to the proper places to help Uncle Sam. If there are no children in the family going to school who may bring the papers, bring them or send them by a neighbor.

MISS POOL'S 7TH GRADE.

Miss Pool's room elected officers for the Citizenship club for the month of February. They are: Mayor, John Schmidt; President, Phyllis Tefertiller; Vice President, Joy Simmons; Secretary, Rita Stephens; best boy, John Schmidt; most improved, Jack Thompson; best girl, Joy Simmons; most improved, Lavenia Wilson; appointed member, Arthur Burnett; room mother for February, Mrs. C. B. Tefertiller.

Two students out of the three taken from the entire school, whose names were placed on the merit roll this month, were from this room. They are: John Schmidt and Jack Thompson.

JUNIOR HIGH SPORTS.

The Cubs played two basket ball games during the past week, winning from a Lubbock team 11-10, last Friday afternoon, and winning an easy game from Roosevelt Tuesday night, 28-7. The Cubs look well in their new uniforms and have been playing equally well. Boys playing in these games were: Grady Burnet, Grady Elder, Dwayne Walters, Bobby Stevenson, Kenneth Jobe, W. A. Sikes, Earl Roberts, and Tommy Davis.

Our next games are Thursday, when we play Lubbock here, and next Monday, when we play Roosevelt here.

MR. HARVEY'S ROOM.

"Our room is planning a party in connection with Mrs. Wilhite's room, for Thursday night. This party will be at the clubhouse, and everyone is looking forward to it," said Mr. Harvey.

Dwayne Walters, a student in this room, has been president of the big Citizenship club this month. This room presented the chapel program Wednesday. The name of the play given was, "The London-derry Air". The characters were: The girl, Billie Ann Moseley; the Gramp, Brian Sartain; Widow Boggs, Ella Faye Wheatley; and Hiram Boggs, Dwayne Walters.

MRS. WILHITE'S ROOM.

The home room citizenship club held its regular meeting on Monday. The house was called to order by the president, Max Jones, and the following officers were elected to serve through the month of February: Mayor, Uvaughn Bounds; assistant mayor, Wanda Martin; Secretary, LaVaughn Boyle; representatives for the big Citizenship club are: Best boy, Max Jones; best girl, Alene Cooper; most improved boy, Robert Stone; most improved girl, Martha Ann Gunter; teacher's representative, Dorothy White; honor table for week, Bobby Burnet, Max

REV. STEVENS REVIEWS BOOK AT AUXILIARY

The Ladies' Auxiliary of the First Presbyterian Church met Monday, January 26, in a regular semi-monthly meeting in the home of Mrs. R. D. Hickman, 635 South Eleventh.

Rev. J. Paul Stevens reviewed the book, "Forty Years A Country Preacher," by George B. Gilbert.

The next meeting will be the second Monday in February. The date will be the ninth.

Breakfast Given For Civic Club

Mrs. S. H. Adams was hostess to a breakfast at her home Saturday, January 24 at 9:30 a. m., for 23 members and three guests of the Senior Civic and Culture Club.

Mrs. Lee Green, club president, presided over the business meeting. Four Defense Bonds were purchased by the Club. Mrs. H. G. Sanders and Mrs. A. C. Strickland presented the program on the Bible. Mrs. Sanders spoke on "The Contents of the Books of the Bible."

The guests were Mesdames Garriott T. Baldwin, A. E. Whitehead, and Mrs. Walter Day and Fort Lauderdale, Florida.

Mrs. Lee Green is to be the hostess at the next meeting, February 14.

ALATHEAN S. S. CLASS MEETS IN STEVENS HOME

Fourteen members of the Alathean Sunday School class met in the home of Mrs. Fred Stevens for a social and business meeting with Mrs. Vilas Tudor as co-hostess.

Mrs. J. D. Campbell, mother of Mrs. Stevens, and Mrs. R. A. Austin were special guests. Members present were Mesdames Clifford Young, J. S. Vaughn, Bert Thornton, W. H. Edwards, T. E. McClanahan, Carl Sartain, J. D. Loring, L. T. Hoover, W. C. Gattis, A. E. Clack, Essie Jolly, and Myrtle Verble.

The next meeting scheduled for February fourth will be in the home of Mrs. J. S. Vaughn.

Donald Cherry, son of Mr. and Mrs. W. T. Cherry, Freshman student at Texas A&M, spent the week end with his parents.

Frank A. Gyles of Lubbock, Jimmy Paul of Houston, and Briggs Robertson, Jr., all students at John Tarleton Colleg at Stephenville, spent the week end in Slaton.

Mr. and Mrs. Bob Ussery and son of Calloway City, California were recent guests in the home of Mr. and Mrs. W. L. Housour. Mrs. Housour is the mother of Mrs. Ussery.

Misses Miriam and Evelyn Meading, Junior and Senior students, respectively, in Texas Technological College, visited their parents, Mr. and Mrs. P. G. Meading, last week.

Jones, Bobbie Ruth Biggs and Wanda Mann.

MRS. JOHN'S ROOM.

The room mothers, Mrs. Gentry and Miss Toy Hammett entertained the class with a party at the club house Thursday afternoon at 4 o'clock. Games were played, and a plate of sandwiches, relishes and cookies, and ice cold soda pop was served to 22 present. "We wish to thank Mrs. Gentry and Miss Hammett for such an enjoyable time," was the appreciation voiced by the students.

The following officers have been elected for February: President, Montzlee Cooper; Vice President, Junior Eckles; Secretary, Peggy Jean Abernathy; Mayor, Edwin Burton; assistant mayor, Helen Ruth Ferguson; most improved girl, Hallie Barton; most improved boy, Bert Loring. Billie Louise Bownds was appointed by Mrs. Johns as the fifth representative to the big Citizenship club. The room mothers are Mrs. Allred and Mrs. Lawrence.

Mrs. Shepard Is Hostess To Club

Mrs. Jack Shepard was hostess to the Junior Civic and Culture Club at her home, 435 East Lubbock street, January 27.

The program subject for the evening was "South America". "Legends" were given by Mrs. Roy Boyd. "Education Compared With Ours" was expressed by Mrs. T. J. Settle. "Literature and Arts," by Mrs. V. G. Browning and "Transportation," by Miss Phyllis Drake completed the program.

Miss Mabel Scudder was taken into the club as a new member.

The next meeting will be February Tenth, with Miss Ura Mae Haggard as hostess.

Those present were Mesdames Boyd, Browning, E. J. Kenney, Otis Neill, J. B. Stevens, D. W. Thompson, Chas. H. Walton, Settle and Misses Scudder, Drake, Haggard, Gertrude King, Addie Lee Morrison, Ruby Lee Waller, Lilac Yeats and the hostess.

MARY CIRCLE MEETS ON MONDAY AFTERNOON

The Mary Circle of the First Baptist Church met in the home of Mrs. E. E. Culver Monday afternoon, with seven members and one visitor, Mrs. M. B. Tate, present.

The next meeting will be February 9th, with Mrs. J. B. Butler as hostess.

IN MEMORY OF MRS. FORREST

"If life gives only one true friend, One who is faithful to the end, Then Life has given more than gold The greatest joy a heart can hold.

If just one friend is ours to share To understand, believe, and care, Then life is sweet, complete and true Because of just one friend like you."

Bible Study Class, by Mrs. Tibbs.

OBEEDIENCE.

I said: "Let me walk in the fields."

He said: "No, walk in the town."

I said: "There are no flowers there."

He said: "No flowers, but a crown."

I said: "But the skies are black: There is nothing but noise and din."

And He wept as He sent me back—"There is more," He said, "there is sin."

I said: "But the air is thick, And fogs are veiling the sun."

He answered: "Yet souls are sick, And souls in the dark are undone!"

I said: "I shall miss the light, And friends will miss me, they say."

He answered: "Choose tonight If I am to miss you or they."

I pleaded for time to be given, He said: "Is it hard to decide? It will not seem so hard in heaven To have followed the steps of your Guide."

I cast one look at the fields, Then set my face to the town; He said, "My child, do you yield? Will you leave the flowers for the crown?"

Then into His hand went mine; And into my heart came He; And I walk in a light divine, The path I had feared to see.

Mr. and Mrs. Troy Pickens have moved back to Slaton from Oklahoma City. Mr. Pickens has hired out as a locomotive fireman with the Santa Fe here.

CHILDREN ENTERTAINED BY HOMEMAKING GIRLS

As a climax to their unit on "Being Friends With Children," the first year Homemaking girls had a party for pre-school age children in the clothing laboratory, on January 22. The classes had studied games for children, music, stories and toys and planned what toys and games that they would entertain the little boys and girls with. The Homemaking Department has a variety of toys and other children's play equipment which various classes studying this unit have made. Now each girl is to make at home some toy suitable for some child whom she knows. Refreshments of orange juice and bread and butter sandwiches were served.

The children attending the party were: Po Reta Edwards, Weaver Boyd, Terry Mell, Marcia Pember, Mary Lou Livingston, Patsy Hogue, Patsy Jo Mosley, John C. Edwards, George Erwin Davis, Tommy Miller, Alcy Clara Gartman, Evangeline Sager, Ruth Yandell, Jerry Gale Ricker, Janice Simmons, Janet Burrell.

The Homemaking girls made the most of this opportunity to direct children's play and the party proved to be a very successful one. Some good pictures of the children at play and enjoying the refreshments were taken for the annual.

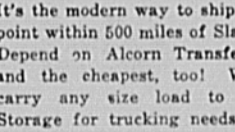

WIN ONE CLASS MEETS IN G. M. HARLAN HOME

The Win One Class of the First Methodist Church met Friday, January 23, in the home of Mrs. G. M. Harlan, with seventeen members present. Refreshments were served to Mesdames L. W. Smith, R. F. Swafford, P. W. Houston, Leslie Smith, Win Scott, Saage, H. C. Maxey, J. E. Rucker, E. V. Woolever, Rhodes, Beard, George Taylor, Elbert Wilson, Johnson, G. M. Harlan, Mrs. T. J. Abel of Lubbock, a former member, and two guests, Mrs. H. C. Gordon and Mrs. L. R. Tibbs.

The next meeting will be February 28 at the clubhouse with Mrs. L. W. Smith as hostess.

Auto Plants Are Geared for War Production

Machine guns sprout where auto parts once grew in the Brown-Lipe Chapin division of General Motors in Syracuse, N. Y. Above at left you see an inspector putting the final Ok on a bevy of Browning machine guns before they are taken to the test range for inspection. At right, machine gun slide plates are carefully checked to .002 of an inch. There are about 300 parts in each machine gun turned out here.

1942 Keynote Is Farm Power

To insure victory, the rationing of goods and resources is the nation's keynote for 1942. To insure maximum production necessary for victory, agriculture must make the most efficient use of its acres, time, labor, livestock, feedstuffs and other resources. On each of the nation's more than 6,000,000 farms and ranches, planning to insure maximum production will aid the "food for freedom" program, and aid the individual producer.

"Rationing" of resources and effort on farms and ranches will vary regionally, locally and with individuals, and not one plan fits them all. There are, however, certain fundamentals in increasing productive efficiency that most livestock producers can and should use in 1942. These practices, briefly summarized here, are recommended by County Agents, Vocational Agriculture Teachers, Experiment Stations and other agencies that can supply detailed information about each method.

In livestock production, efficiency requires proper care and housing of livestock to maintain productive ability; plenty of water and minerals at all times; feeding according to needs and productive capacity; management and feeding that prevent costly "letdowns" in condition or production; efficient use of pasture, grain and roughage properly supplemented with protein and other essentials for maximum production from feeds and livestock; and other fundamentals of good livestock management.

handled a total of 28,157 cars during the preceding week of this year.

generally understood, but not always practiced.

BEEF CATTLE produce more efficiently when: (1) The breeding herd receives enough protein supplement, along with pasture or roughage, to insure a large crop of strong, weighty calves; (2) Calves are kept growing and gaining through creep-feeding; (3) Fattening cattle receive ample amounts of balanced rations to attain the weight and finish desired in minimum time.

DAIRY herds produce more efficiently when: (1) Calves, heifers and dry cows, often neglected, receive care and adequate feeding to maintain good condition and develop ability to produce milk; (2) Cows in milk are fed, according to production, a mixture adequate in cottonseed meal and other feeds needed to balance the roughage fed.

SWINE production, for greatest efficiency and economy, calls for: (1) Feeding sows, before and after farrowing, and pigs rations containing ample amounts of protein, economically supplied by a half-and-half protein supplement of cottonseed meal and tankage; (2) Keeping fattening sows gaining, saving time and labor, by self-feeding tankage and cottonseed

meal, half-and-half, with grain. Swine always need green feed, water and minerals.

SHEEP need year-round care and adequate feeding for good wool and lamb production, and creep-feeding is an effective way of getting early, rapid gains on lambs. All livestock, in 1942, need the extra care that means extra production and greater returns from time, labor and feeds.

Dr. C. P. Boner, University of Texas physicist and nationally-known authority on sound, has been called to Harvard University.

"Professor Adamson will answer 3 Questions. Give birth date—Send 25c for your Personal Horoscope for one year; 3123 Livingston Ave., Fort Worth."

as director of a program of research in acoustics for the service.

BRONCHIAL COUGHS!

Buckley's Famous "CANADIOL" Mixture Acts Like a Flash

Spend a few cents today at Teague Drug Store or any good drug store for a bottle of Buckley's CANADIOL Mixture (triple acting). Take a couple of sips at bedtime. Feel its instant powerful effective action spread thru throat, head and bronchial tubes. It starts at once to loosen up thick, choking phlegm, soothe raw membranes and make breathing easier.

Sufferers from those persistent, nasty irritating coughs due to colds or bronchial irritations find Buckley's brings quick relief. Over 10 million bottles sold. But be sure you get Buckley's CANADIOL Mixture.

"CHIEF" TOPICS by the SCOUT

Locomotive Fireman C. V. Lovell has left the service to enter the Navy, to assist in doing away with the rice eaters in the Pacific.

Switch Engineer J. I. Stewart is now in the San Angelo hospital for treatment, and we hope he will soon return, well again.

There have been several young men preparing for service as loco-

otive firemen, and among them is one of our outstanding Slatonites, Troy Pickens.

Switch Fireman Sed Meadors is off, due to illness.

Fireman Earl Chamberlain is now on leave of absence, visiting with relatives in Muskogee, Okla. Chief Clerk to Master Mechanic Mr. D. J. Neill and wife were Amarillo visitors the latter part of last week.

Machinist G. H. Wilmesmeier is now in the Topeka hospital and we hope he soon recovers and returns to Slaton.

Blacksmith Helper E. H. Turner has been off several days, due to the illness of his mother-in-law, who is very low at this writing.

Boilermaker Apprentice John J. Gonzales has returned to Albuquerque, after spending several months in the Slaton Roundhouse.

Mrs. A. Dennis, wife of Machinist A. Dennis is able to be out again after being ill.

Boilermaker J. M. Clark was called to Longview January 23rd, due to the injury of his sister.

The Santa Fe carloadings for the week ending Jan. 24, 1942, were 23,048 compared with 18,245 for the same week in 1941. Received from connections were 9,129 compared with 7,232 for the same week in 1941. The total cars moved were 32,177 compared with 25,477 for the same week in 1941. The Santa Fe handled a total of 31,068 cars during the preceding week of this year.

Los Angeles, Calif. — Civilian travel for purposes of relaxation as health and morale measures should be continued. This is the opinion Secretary of the Interior Harold Ickes voiced in a telegram

received from Washington today by M. L. Lyles, assistant to the president of the Santa Fe Railway, who read it to members and guests of the Southern California Hotel Association at their luncheon meeting in the Rosslyn Hotel.

Lyles, who is here from his Chicago headquarters, discussed travel problems of interest to hotel and transportation people.

Full text of the Ickes wire follows:

"The Department plans to continue operation of National Park areas for visitors. Nearly 28,000 service men used federal park areas during November. This use should be fostered. So far as consistent with troop and material movements, feel strongly that civilian travel for purposes of relaxation as health and morale measures should be continued. The United States should profit by experience of her allies who learned early in the war that too long hours at high pressure work resulted in decreased production."

The Santa Fe Railway System carloadings for the week ending Jan. 17, 1942, were 22,705 compared with 18,399 for the same week in 1941. Received from connections were 8,363 compared with 6,572 for the same week in 1941. The total cars moved were 31,068 compared with 24,971 for the same week in 1941. The Santa Fe

Hoyt's Relieved Chronic Distress Says Texas Lady

Mrs. Belsher Of Lubbock Says Hoyt's Compound Ended Soreness, Stiffness, Swelling In Feet And Limbs.

"My feet and limbs were so swollen and sore and stiff that I could hardly walk," says Mrs. A. M. Belsher, of 1518 Avenue F.

MRS. A. M. BELSHER

Lubbock, Texas, a long-time resident. The pains were so severe that I couldn't even do my housework. I had given up hope of finding relief.

"Then I tried Hoyt's Compound. From the first few doses I could see a marvelous change. I now feel and act much younger. I can get a good night's rest, the stiffness and swelling have gone. And at last I can really enjoy doing my housework! I hope other sufferers will take my advice and try this splendid medicine!"

Hoyt's Compound is recommended and sold by the Teague's Drug Store and by leading druggists everywhere.

than 60 billions next.
Goods from the arsenal of democracy are flowing or will flow to all corners of the earth where the soldiers and sailors of democracy fight the Axis.

The United States production program, as described in the report to the Nation, covers every phase of the war: the Army and the Navy, planes, tanks, ordnance, munitions, shipments throughout the world under the Lend-Lease Act, construction and expansion of new plants and conversion of existing plants. The report tells the story of ship construction and repair. It describes the degree to which more workmen are needed in war industries and the plans for recruiting and training them. The part played by science in the war against the Axis is also described.

NEW WAY.

RADIO OPERATORS

(Continued From Page 1).
not take this ESMDT course unless they intend, upon completion of the course, to enter defense employment or the armed forces and do not intend to re-enroll in college within the next academic year. In such instances the course must not be taken for college credit or as a substitute for a regular college course.

Students interested in signing up for the course should contact Prof. C. V. Bullen, head of the electrical engineering department. Twenty can be accommodated in one section but additional sections may be organized if the demand justifies. The course will cover a period of 15 weeks.

Electrical Engineering 233, Elements of Radio, will be offered as a regular college course during the spring semester for college credit. It is not regularly given in the spring semester, but according to Dean O. V. Adams, it is being offered this spring semester in order to alleviate the shortage in radio trained men.

Do not grow peanuts for harvest on the same land more often than once in three years, says Texas A. and M. College Extension Service experts. Harvesting peanuts on the same land year after year lowers the fertility and organic matter of the soil, and diseases come in to reduce yields.

(Re-election 2nd term)

FOR COUNTY COMMISSIONER
PRECINCT 2:
Ben Mansker
C. Z. Fine

FOR PUBLIC WEIGHER, Precinct No. 2:
A. A. Gartman, (Re-election 2nd term)

Farmers Get New Crop Insurance

COLLEGE STATION.—Boll weevils and weather will be out of luck this year as far as insured cotton farmers are concerned, according to Donald L. Cothran, state cotton insurance supervisor.

All-risk insurance, being offered Texas cotton farmers for the first time, also protects the crop from other unavoidable hazards, such as drought, fire, flood, plant diseases, storms, hail and wind, he said.

"Risk on seed before planting is not so great; cotton in the bale is so much water under the bridge," Cothran said in explaining that insurance takes cotton through the roughest period, when it is growing in the field.

Under the Federal Crop Insurance program, either 50 or 75 percent of the normal production may be covered by insurance. Cost of insurance will vary by farms since yields are figured from production records, and premiums are based on past crop losses on individual farms, the supervisor said.

"This simply means low-loss farms will have smaller premiums than high-loss farms," Cothran explained.

When producers take out insurance, they sign a commodity note, which is part of the contract and guarantees the premium will be paid either in cash or cash equivalent before maturity date. Premiums may also be deducted from future AAA payments, indemnity payments, if any, or from cotton loans, if available, Cothran said.

First closing date on insurance in the state is January 31, for Willacy, Starr, Hidalgo and Cameron counties. Other closing dates are March 1, March 15, and March 31.

FASCIST ITALIANS ADOPT DEMOCRACY IN UNCLE SAM'S INTERNMENT CAMP

Subjects of Fascist-governed Italy are practicing Uncle Sam's style of democracy while interned by the U. S. Government in "Bella Vista" camp at Fort Missoula, Mont.

Almost one thousand Italian seamen and former New York World's Fair employees are detained in this spot by Federal authorities because of the war. Following the news of this internment, newspapers in Italy printed accounts of the "bestial" treatment of these Italian subjects by American au-

thorities. Thereupon, Generoso Pope, publisher of New York City's anti-Fascist Italian language daily, Il Progresso Italo-Americano, sent a reporter to Fort Missoula to investigate the situation. This reporter uncovered a unique story.

A new principle of internment camp regulation has been worked out in this camp by federal authorities in conjunction with the Italian detainees that has the double virtue of being practical and of graphically demonstrating the workings of democracy to people hailing from a land where democracy has been supplanted by fascism.

The men in this camp constitute a city, which they govern themselves. "Bella Vista"—so called by the men because of its beautiful view—is outside the direct control of Immigration Patrol Guards, who cannot enter the "City" unless they speak with the "Mayor," one of the detainees, or another detainee-official. Cooking and other tasks of living in the "City" are in the hands of the residents. Since many ex-cooks are among the detainees, the food is something special. The twelve "municipal departments" run by the Italians are the technical, postal, provisions, materials, sales, library, recreational, orchestra, sanitation, band, religious, and fire departments.

In this paradoxical setting at Missoula, Montana, Uncle Sam is providing a living lesson in democracy.
