SLATON DIVISION GETS TREASURY FLAG

HONOR AWARDED FOR 100 PER CENT SUPPORT

Slaton Woman Passes Away

Funeral services for Mrs. J. E. McKinney were held Wednesday afternoon at 3:00 o'clock at the Church of Christ, J. Laryl Nibbett, Minister of the church, officiated. Mrs. McKinney died Tuesday morning after a prolonged illness of a year. She is survived by her husband and two children; Mrs. Esta Stuart, Littlefield, and a son, Eugene, of Austin; two brothers: Dan Bounds, Rockdale, and Wylie Bounds, of Levelland; and four sisters, Mrs. J. E. Cherry, and Mrs. C. E. Dunlap of Slaton, Mrs. Martha Deats, Houston; and Miss Annie Bounds of Austin.

Mr. and Mrs. McKinney moved here in 1929.

School Holidays Dates Announced

School Superintendent M. S. Kavanaugh reported this week that the Thanksgiving Holidays will be the 26 and 27th of November and that the Christmas Holidays will be from December 18th to December 28th.

In commenting on the new draft laws that are up before Congress for consideration affecting many boys who are of High School age Mr. Kavanaugh said that several had already volunteered since the laws have been under consideration and that while he regrets that some of the boys will not be able to complete their high school educations, he will do everything in his power to work with the Government.

New Stripes for the "Top Kick"

Soldiers call him the "Top Kick," the "First Soldier," or "The Man." He is the first sergeant, and he is one of the Army's top-ranking enlisted men, for he was recently put in the same pay grade with master sergeants. Note this first sergeant's new chevrons. There are three arcs beneath the diamond rather than two, as formerly. He is conferring with his clerical assistant on company business.

SLATON POPULATION ON THE INCREASE

Regardless of what the population of Slaton was Sunday, Nov. 1st, it is at least one number larger now and the name is Miss Haddock with full decorations to be added at a later date.

Ed has been stepping around like a man in a dream and undercharged two customers Tuesday and Mrs. Haddock is reported resting well.

A. C. A. To Meet In Slaton Nov. 13th

A meeting will be held in Slaton on Friday, November 13, at 8:00 P. M. for the purpose of electing Community Committeemen to serve for 1943 according to Walter Y. Wells, Administrative Officer of Lubbock County A. C. A. These meetings will be held in Slaton, Woodrow, Wolforth, Hurlwood, Lubbock, Roosevelt, Shallowater, Liberty, Idalou, Hardy, Monroe and B'edsoe. A member of the present Committee will have charge in each community. This is twice as many Community Committeemen as have been elected in previous years, Mr. Wells stated. The reason for this is that more trained representatives are needed in the different communities for explaining the 1943 program.

Three will be elected at each of these meetings to represent the different communities and one man will be elected to meet on November 14 to elect the County Committee for 1943.

It is very important that every producer attend the meeting in his community and vote for the very best men to handle the job.

Some of the duties of the Community Committee are to assist the County Committees in determining acreage allotment goals, normal yields and other agricultural facts required under the program for farms, to inform farmers concerning the purposes and provisions of programs administered through the association and to perform such other duties as may be assigned to them by the A. A. A.

ATTEND CONFERENCE

Reverend and Mrs. H. C. Gordon will leave the first of the week for Sweetwater to attend the Methodist Conference that is scheduled to meet there. Many other people from Slaton are planning on attending the conference.

Burns Fatal To Victoria Child

Mr. and Mrs. B. G. Alford were notified last Tuesday evening that their young grandson, Gordon Paul Owens, had burned to death at the home of his parents in Victoria, Texas.

Gordon Paul was the child of Mr. and Mrs. Adrian Owens, who were former residents of Slaton. Mrs. Owens is the former Elizabeth Alford and Mr. Adrian Owens was at one time in the Jewelry business here.

Gordon Paul, who was one and one half years of age, turned over a bottle of gasoline on the back porch. The gasoline became ignited from the water heater and the entire rear of the home was in flames before help could be summoned.

DONATIONS WANTED FOR KIT BAGS

There will be a display of furnished garments from the production room of Red Cross in the Southwestern Public Service Co. window this week end.

Material for twenty khaki kit bags has been received; these bags are to be made and filled this month. Each bag will contain a small book (Digest size) deck of cards, needles, 1 bar toilet soap, soapbox, 1 pencil, stationary, chewing gum, and shoe laces. All these articles must be new and the Red Cross is making an urgent plea for donations of any of the above named items to be left at Mrs. Brewer's office.

Next week's chairmen will be Mrs. K. C. Scott and Dick Ragdale, Monday; Mrs. Bevis Hanna and Mrs. John Hannah, Tuesday; Mrs. C. L. Tanner and Mrs. R. H. McKee Wednesday.

The Thursday Bridge Club agreed to give one meeting a month to the Red Cross work and the club will go in a body to the rooms and work.

MERCY HOSPITAL REPORT

Major Surgery
Miss Virginia Ramey Slaton
Master W. L. Polk Slaton
Miss Vivian Gallimore Lorenza

Minor Surgery
Mrs. W. A. Rodgers Slaton
Mrs. Alex Bednarz Slaton

Medical
Mr. Earl Haire Southland

Births
Congratulations to Mr. and Mrs. Ed Haddock on the birth of a daughter (Anne) 6 lbs. and 6 1-2 ozs. Nov. 2nd.

GASOLINE RATIONING TO BE AT CLUBHOUSE NOV. 12, 13, 14

The Slaton Gasoline Rationing Board will be in session on November 12, 13 and 14 at the Slaton Club House to issue Rationing books to the people of this section. The Board, consisting of J. A. Kasper, J. T. Pinkston and Webber Williams, was appointed last week and will be the judges and have charge of the Gasoline Rationing for people in this part of Lubbock County. The board will be in ses-

sion from 9 a. m. until 5 p. m. on the three days and those who wish to secure gasoline rationing books will have to appear before them during that time.

In order to get any kind of rationing book the applicant must have an application blank filled out before ration book can be secured. No one having more than five tires for passenger cars and four for passenger car trailers will

be entitled to get a rationing book. The Slaton Motor Company has a supply of the application blanks and will be glad to give them to anyone making application.

Every owner of an automobile is entitled to an A Card and many will be given ratings entitling them to extra amounts of gasoline. Full information can be secured from the Slaton Chamber of Commerce.

SLATON MAN BREAKS LEG

J. M. Clark, who has been an employee of the Slaton Division of the Santa Fe for the past 20 years, suffered a broken hip last Monday when he fell from the running board of an engine.

Mr. Clark was employed as a boiler washer and was one of the pioneer railroad men of this division. He was sent to the Santa Fe Hospital in Clovis, New Mexico, on the day of his injury, and latest reports from there are that he is responding well to the treatment.

Slaton Man To Make Address

The building of a new world will provide the theme of the Armistice Day address which will be delivered by Briggs Robertson over Station KFYO at 1:30 p. m. Wednesday, November 11. This broadcast will mark the twenty-fourth in a series of "Speak Up For Democracy" Americanism talks which was inaugurated by the Veterans of Foreign Wars of the U. S. on December 11, 1940.

The same address will be delivered simultaneously throughout the nation on November 11 by speakers on 479 radio stations. Under the sponsorship of the National Department of Americanism, Veterans of Foreign Wars of the U. S., this series seeks to commemorate the real significance of November 11, 1918. For this reason, it is broadcast on the 11 days of each month as a reminder of the ideals which were at stake when hostilities ceased in the first World War on the 11 hour of the 11 day of the 11th month in 1918.

In announcing that Mr. Robertson will deliver the current "Speak Up For Democracy" address on Armistice Day, Post Commander McDonald calls attention to the fact that this is the first anniversary of November 11, 1918, which finds America actually engaged in another war.

"That we are sending our sons to all corners of the world in this war against the dictators proves America is ready to keep faith with those who made the Supreme Sacrifice in 1917-18," declared Commander McDonald.

"In meeting the challenge of the dictators, we are not only keeping faith with those who died in 1917-18, but with the brave young men who have already given their lives in this war on Bataan, Corregidor, and the Yorktown, and those who are fighting in the skies over Europe and in the deserts of North Africa."

Louie Ares Is Promoted

Louie Ares, who for the past twelve years has been located here in Slaton, left this week for Las Vegas, New Mexico where he has taken over the position of Special Agent on the Division from El Paso, Texas to Denver, Colorado. Mrs. Ares will join her husband in the near future.

Like many other Santa Fe men who have been stationed in Slaton over a long period of years, and who have been promoted to higher positions, Louie will be greatly missed and the grade of fishing and hunting stories are expected to be of much lower quality in this vicinity from now on.

Wednesday To BE Holiday

Mrs. Lee Green, manager of the Retail Merchants Association says that next Wednesday November 11, Armistice Day, will be observed as a full Holiday in Slaton and that all business houses are expected to close.

GINNING REPORT

Census report shows that 12610 bales of cotton were ginned in Lubbock County, Texas from the crop of 1942 prior to Oct. 18 as compared with 597 bales for the crop of 1941.

Changes Announced In Cotton Allotments For Coming Year

The provisions of the 1943 Program have been changed so that it is not required that an acreage of soil conserving crops be planted. In most cases the 1943 cotton allotment will be the same as the 1942 allotment. A producer may earn the cotton payment by planting within the cotton allotment and by planting an acreage of war crops. These war crops have not been designated as yet but we are sure they will include peanuts and soy beans, Walter Y. Wells, Secretary Lubbock County A. C. A. said.

The regulations provide that a penalty of 10 times the rate of pay shall be applicable for planting in excess of the cotton allotment and a penalty of 5 times the rate of pay for underplanting the allotment by more than 10 per cent. Also the regulations do not permit any cotton to be destroyed in 1943, Mr. Wells added.

Also in 1943 the A. A. A. will pay for building all the terraces that may be needed on the farm at eighty cents per 100 feet of completed terrace. This is in addition to any other payment that may be earned in 1943.

Rev. Stephens To Return Sun.

Reverend Paul Stephens will attend the meeting of the Youth's Presbytery in Amarillo tomorrow. He will fill the pulpit of the First Presbyterian Church at Tulla Sunday morning and will return to Slaton in time to hold services here Sunday evening.

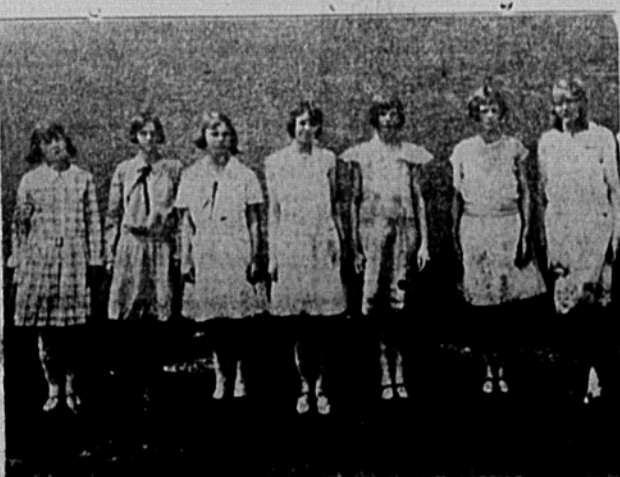

The Sunday morning services at the Presbyterian Church here will be directed by the Ladies Auxiliary of the Church.

George Gables Are New Citizens

Mr. and Mrs. George Gable from Lamesa have moved to Slaton and are located at the Forest residence 220 West Crosby.

Mr. Gable who has been in the employ of the Forest Lumber Co. for several years will have charge of the office of the Canyon farms and also act as assistant manager of the Forrest Ranch interests.

OUR WHOSIT DEPARTMENT

The above illustration is one we wish identified. It was found in the Slatonite Morgue or in plain English it is a cut whose title has been lost. A Free Pass to the Palace Theatre will be given to the first person identifying any one of the young ladies.

Mrs. T. E. McClannahan received a letter this week from her son, R. C. Bracken, who is somewhere on the Pacific. R. C. had a birthday Sept. 6. He said they now have a radio for the first time and can get news from the United States which gives all of the boys a thrill.

Sgt. Melvin Burrell, who is stationed at Fort Sam Houston, and his mother Mrs. Alva Burrell of Wichita, Kansas, spent the week end last week visiting in the homes of Mrs. Olsen Terry, Mrs. Felix Bolden and Gordon Burrell. Sgt. Burrell has returned to San Antonio. He expects to be transferred to another camp soon.

According to Mr. and Mrs. Clifford Young, who received a letter from Pvt. David (Pete) Williams who is stationed in California, Pvt. William is enjoying army life. He was high man of his entire battalion in rifle practice and says that he can match any Jap with a gun. Joe Teague III writes from a sunny island in the Pacific that he is glad to put his feet on land again after a long voyage across the water.

Kenneth Tudor and Leon Grochowsky were accepted into the army Flynn School at Lubbock last Wednesday and as soon as all formalities have been met, will be stationed at Lubbock.

Leo Henzler had a letter from his brother Melvin Henzler this week. Melvin worked as a mechanic for Leo before entering the air corps. He is now stationed at Fort Francis, Wyoming where he is a member of the ground crew. He likes the air corps.

Calvin Lamb received a letter from Bevington Reed on October 16, from San Diego, California where Second Lieutenant Reed reports that he is sitting at a desk most of the time instead of being in the action as has been reported. We are glad to report that there have been many rumors concerning Mr. Reed who was very popular instructor in the Slaton Schools before he became interested in Boy Scout work. Mr. Reed was employed by the Boy Scouts before he entered the Marines. His present address is Hdq. C. Fleet Marine Force, Training Center Camp Elliott, San Diego.

Milton W. Schuette has sent word to his parents, Mr. and Mrs. Bill Schuette, and friends that he has arrived safely in Ireland.

He said that the country was beautiful, but being a loyal Texan, Milton adds that "nothing could take the place of Texas."

Milton was previously located at Fort Knox, Kentucky, with the Armored Force for five months.

Our Weekly Sermon—

A few weeks ago, the American public was shocked at the news of the jail break of members of an infamous gang. What added insult to injury was the fact of their easy getaway. Now civil authorities find themselves extremely embarrassed. The warden has resigned, the bewildered public mock, while the convicts enjoy their ill-gained liberty.

What a different story we face, however, when God deals with the condemned. And who are the condemned? We read in Romans 3 that "there is none righteous, no, not one...there is none that seeketh after God...there is none that doeth good, no, not one." Therefore no one is justified in God's sight, and all the world is guilty before Him... "the wrath of God abideth" (John 3:36) on them.

What folly to attempt an escape from God's law! Do not even dream of mocking God, for the Scripture says, "God is not mocked" (Gal. 6:7). If a man sows to his condemnation, he shall surely reap condemnation.

The patriarch Noah knew the significance of God's condemnation. When God shut the door of the ark, the condemned—all the

Growing Pigs Need Protein

(Editor's Note: This is the 5th article of a series, "Feed to Speed War Production", published to help the "Food for Freedom" program.)

"Hogs have usually been more deficient in protein feed than any other class of livestock", the United States Department of Agriculture has said in a "Food for Freedom" release.

This, the Department added, was because many farmers thought they could be raised efficiently on corn alone. Swine, however, are fast-growing animals and especially need high-protein feeds up to 100 pounds in weight.

Protein also is highly important, feeding authorities agree, as a means of saving grain in hog rations. One hundred pounds of a protein supplement—such as cottonseed meal or peanut meal combined with tankage or fish meal, or a mixture of two parts cottonseed meal, two parts peanut meal and one part alfalfa meal—will save 400 to 600 pounds of corn or other grain. As much as one billion pounds of corn in the United States could be saved in 1942, alone, by proper use of protein supplements in hog rations, it is estimated.

"Five to 6 bushels of corn fed with 50 pounds of protein supplements will add as much weight to a hog in less time than 10 bushels of corn fed alone," J. R. Hawkins, South Carolina Extension Livestock Specialist, points out.

Increased supplies of cottonseed

perishing multitude—could not open the door from without. But neither could the saved open it from within. When God shuts the door there is no jail break—there is no escape.

But there is a way of escape. God has made provision for pardon, as we see in Isaiah 55:7: "Let the wicked forsake his way, and the unrighteous man his thoughts; and let him return unto the Lord, and he will have mercy upon him; and to our God, for he will abundantly pardon." "We have turned every one to his own way; and the Lord hath laid on him (His Son, Jesus Christ) the iniquity of us all" (Isa. 53:6).

Let no one deceive you as to how to effect an escape from God's law; there is only one way. "For there is none other name under heaven given among men, whereby we must be saved" except under the name of Jesus.

meal, peanut meal and other vegetable protein concentrates make it easy for hog raisers to produce more pork and save grain this season, despite the estimated decrease of about 8 per cent in 1942 total supplies of animal-protein feeds, including skim milk (18 per cent less animal-protein feed per animal unit in 1942 than in 1941).

Practical methods of combining cottonseed meal and peanut meal with limited amounts of animal-protein feeds include the use of a protein-supplement mixture of two parts cottonseed meal, one part alfalfa meal and one part tankage or fish meal; or a mixture of cottonseed meal, peanut meal and alfalfa meal may be used. Where tankage is available, a widely-used protein supplement for many years has been a half-and-half mixture of cottonseed meal and tankage, fish meal or shrimp meal.

Scarcity of labor on many farms is being overcome in part by following the plan of self-feeding swine, which saves both labor and time. Growing pigs and fattening hogs may receive whole grain in one compartment of the self-feeder, with the protein supplement in the other, of a mixture of grains and protein supplement may be fed. Pigs will start eating when about three weeks old, and will eat and gain well if a ration adequate in protein is kept in a conveniently located creep-feeder.

Recognizing the increasing need for pork and pork products as "Food for Freedom," Extension Services, Vocational Agriculture Departments, many branches of the United States Department of Agriculture and other agencies have special swine feeding information available. By obtaining this information from County Agents, Vocational Agriculture Teachers or other agricultural workers, farmers can profit from practical suggestions for producing pork more efficiently and economically.

Victory Service Protects America

Protection of America's transportation life-line—the cars and trucks that serve civilians and armed forces alike—is the first responsibility of the motorist in these times, said L. A. Harral of Crow-Harral Chevrolet Company, in explaining the purposes of the Victory Service League, which his organizations sponsors in Slaton.

The Victory Service League is dedicated to "saving the wheels that serve America." L. A. Harral said. "While hundreds of mot-

orists in the community already are members of this newest patriotic organization, our ultimate goal is to extend membership to every car and truck owner in this area."

"More than 8,000 Chevrolet dealers are allied in this crusade of car conservation, and have made every car and truck owner in the country eligible for membership. Only by the conservation of the individual car can America protect its civilian transportation system."

Members of the Victory Service League are distinguished by the VSL emblems that appear on the rear of their cars. The insignia are provided free, along with membership cards and car care booklets especially published for the VSL.

With virtually no replacements available to strengthen our automotive transportation system, "Mr. Harral said, "it is imperative that adequate care be given each vehicle to insure the preservation of transportation through the duration."

"So important is the car and truck to our civilian economy—and thus to the war effort—that car service becomes a patriotic duty.

"The private car is now a public trust," Mr. Harral added. "We motorists owe it to our country to care for our cars. "Service for Victory" the slogan of the VSL, takes on a new meaning when we realize our responsibility to the government in these war days."

Whatever else we may accomplish—we did get "non-partisan" spelled correctly.

SUDDEN DEATH FOR AXIS RAIDERS

FROM the turrets of Canada's Bolingbroke bombers these cunning machine guns promise sudden death to the enemy who sees their sights. This gun is capable of firing 1,100 rounds of .50-caliber ammunition per minute. The turret assembly (right) shows a diving seat-and-gun unit which gives gunner unlimited range. The turret, a highly complex piece of equipment, is motor driven and is made to revolve 360 degrees as easily as a roulette wheel. These gun turrets are installed in the mid-aft section of the Bolingbroke fuselage, and this type of aircraft is now used principally as a bombing and gunnery trainer. The electrician, left foreground, is wiring a testing panel to a turret to check performance, while other workmen are busy putting a finishing touch to completed equipment. Canada is now contributing a large share of the aircraft for the British Commonwealth Air Training Plan, of which the Bolingbroke bombers are only one type. The

Passed by Censor
Bristol Bolingbroke, a twin-engine reconnaissance bomber, requires several hundred man-hours to build, and costs in the neighborhood of \$85,000. The plant where these sturdy craft are turned out under contract with the Department of Munitions and Supply is one of the largest in the Dominion, employing more than 4,000 on the production of this aircraft alone. Canada's output of aircraft has now stepped up to about 400 a month, which on a basis of population would compare with a production of 5,000 in the United States, and there are still some plants which have not yet reached the production stage. Canada's overhaul and repair program has itself developed into a major industry. With a personnel now numbering in the thousands, the program is being carried out in some 30 plants of all types strategically located across the Dominion. Canada manufactures seven other types of service planes and one type of transport aircraft.

Mason Jars To Have Top Knots

COLLEGE STATION, Nov. 6.—One of the war-time changes homemakers can expect soon is a new top-knot for the mason jar, a fixture in the home canning business. WPB recently prohibited the use of zinc in making lids for glass containers and this means that the old mason jar soon will wear a new cap.

The USDA Bureau of Home Economics is working on a new lid. Meanwhile, says Winifred Jones of the A. and M. College Extension Service, homemakers can obtain porcelain closures with steel rims which give a secure seal and which are currently used as substitutes for zinc jar tops. In addition to the order prohibiting the use of zinc, a new WPB regulation is expected limiting the types of jars for home canning.

Miss Jones, who is a specialist in food preservation, explains that the government is interested in farm families having an adequate food supply and will do everything possible to assure stocks of proper food containers.

Proper containers are necessary to quality canned foods. For example, pickles are better in glass, fruits are just as good in glass, while meats and most vegetables should be canned in tin. The specialist says there are three kinds

FORREST BIBLE STUDY

The Forrest Bible Study will meet at 3:30 p. m. Tuesday at the Methodist Church.

- Lesson: Studies in the Book of Exodus, Chapters XXV-XXXI—Sinai.
1. Why did God want a Tabernacle built? Ex. 25:8.
 2. Given the dimensions of the Court? The tabernacle? Of the Holy Place? Of the Holy of Holies.
 3. Describe the first covering of the Tabernacle.
 4. Of what material was the second covering of the Tabernacle made, ---The third?--- The fourth?
 5. What is the New Testament authority for saying that the Tabernacle is typical?

Mrs. L. R. Tibbs.

Our fighting men are doing their share. Here at home the least we can do is put 10% of our income in War Bonds for our share in America.

of tin. Plain tin is most common and is used for most meats and many vegetables. Corn, peas, chicken and fish are better in C enamel. R enamel is used for red foods, such as beets and berries, and for pumpkin and squash. Vacuum seal jars in which certain brands of coffee are sold are suitable for canned fruits and some kinds of vegetables. Miss Jones does not advise their use for cannical meats, however.

Livestock Lease Getting Popular

COLLEGE STATION, Nov. 6.—The livestock share lease has not been in general use in Texas, but it is growing in popularity among the various types of rental agreements between landlords and tenants.

This system of leasing is well adopted to the livestock farming areas of the state, including the dairy sections, and warrants consideration by more landlords and tenants in the opinion of T. R. Timm, economist in farm management for the A. and M. College Extension Service. He explains that livestock share agreements differ markedly from cash or crop share leases because returns are shared according to net income instead of gross income or total production. Under this agreement, the landlord receives a specified share of the receipts from the sale of livestock and livestock products, as well as a share of receipts from crop sales.

The livestock partnership agreement which provides that proceeds be divided half and half probably is being used more widely than any other modification of the livestock share lease. But whatever form is agreed upon by landlord and tenant should divide benefits in accordance with the contributions of each. These contributions may include the initial investment and operating costs as well as labor.

Written leases and agreements generally prove more satisfactory than oral agreements if they are prepared for better understanding and fairer benefits, and not wholly for legal purposes. Time explains that a written lease usually is considered more carefully by the parties entering into the agreement, there is less likelihood of misunderstandings, and written leases aid in lengthening tenures.

ITS TIME TO GET WINTER GARDEN READY

COLLEGE STATION, Nov. 6.—An area five by 20 feet, boxed in with planks 12 to 18 inches high and having some sort of cover—otherwise a frame garden—can be depended upon as a source of home grown vitamins. The cover, designed to protect young plants from cold, should be tacked securely to one side of the frame and means provided to hold down the cloth over the other side and ends. Small props should be available for providing ventilation when the cover is kept over the bed for two or three successive days.

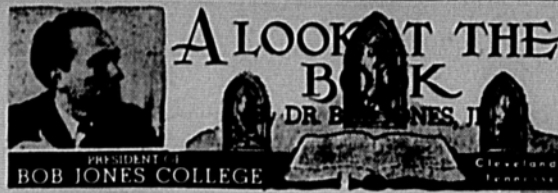

According to J. F. Rosborough, horticulturist for the A. and M. College Extension Service, low-growing vegetables like mustard, turnips, lettuce, beets, carrots and onions are best suited for growing in frame gardens.

Spading is the first step in preparation. Mix rotted manure with the soil, but if this is not available add five to 10 pounds of 4-12-4 commercial mixture, spading it about ten inches deep. Pulverize the soil if it is cloddy. Planting crosswise of the bed, put in four rows of leaf lettuce spaced about eight inches. Use Black Seeded Simpson. Then plant a half dozen rows of tendergreen or giant southern curled mustard for quick greens, and 10 or 12 rows of carrots of the Chantenay variety. But carrots planted now will not be ready for eating until the latter part of January. Beets sowed at the rate of one or two to the inch in rows 10 inches apart, and a half pint of onion sets in rows spaced eight inches are desirable products of a frame garden.

All of these vegetables should be planted now. In 30 or 40 days make a second planting of mustard and radishes. This keeps fresh tender greens coming along throughout the winter.

The day is never too long to the man who has work to do and enjoys doing it.

GIVE A BIBLE For Christmas—We Have A Big Stock SLATON PHARMACY

The last hundred years or so has seen more progress in the realm of science and invention than the two thousand years which preceded them. Almost all the gadgets which we have come to feel so necessary to our life have either been invented or perfected within the memory of people now living. The radio, the telephone, the telegraph, the electric light, the airplane, the automobile have come into common use in this century. Much has been learned about the cause and cure of diseases. We have discovered a great deal about nutrition and vitamins. The widespread use of vaccines and antitoxin has saved many lives. Efforts have been made to improve working and housing conditions and to give men more time for recreation and leisure.

On the basis of such progress we have our pride in modern civilization. But, note how all these things are in the realm of the physical. We have learned how to take better care of our bodies. We have discovered secrets of better health and longer life. We have provided ease and comfort for our bodies. We have made great progress in the realm of the physical, but spiritual progress has lagged far behind. The research which has provided the luxuries has increased the capacity of nations to spread death and destruction. The same science which has enabled us to make progress against disease provides the destructive weapons of poison gases.

In the most important realm, mankind has not progressed. Spiritual progress has not kept pace with scientific development. Peace and lasting happiness, love of man for fellow man—these things we have not achieved. We have thought that improved living conditions and more leisure and greater comfort and better health would bring happiness. God's Word teaches otherwise. "A man's life consisteth not in the abundance of the things which he possesseth" (Luke 12:15). We have spurned God's grace and turned our back upon His Son. The unregenerate heart is still "deceitful above all things, and desperately wicked" (Jeremiah 17:9) and out of the heart are the issues of life (Proverbs 4:23). Until the hearts of men are made new by the blood of Christ, bitterness and discord and hatred will manifest themselves in destruction and war and unrest.

—Released by Gospel Fellowship Association.

LESSON FOR THE WEEK

"Adam and Fallen Man" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, November 8.

The Golden Text is: "As by one man's disobedience many were made sinner, so by the obedience of one shall many be made righteous" (Romans 5:19).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "The righteous shall inherit the land, and dwell therein for ever...The law of his God is in his heart; none of his steps shall slide" (Psalms 37:29, 31).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Sci-

ence and Health with Key to the Scriptures," by Mary Baker Eddy: "The great truth in the Science of being, that the real man was, is, and ever shall be perfect, is incontrovertible; for if man is the image, reflection, of God, he is neither inverted nor subverted, but upright and Godlike" (page 200).

Since they are eating less sugar, maybe the women won't need the rubber girdles they may not be able to get.

Let's head off shelling in the future by shelling out now—for defense bonds.

The world gets along lot better when people are shaking hands instead of heads.

Glassed Coffee Used in Dessert

COFFEE BAVARIAN CREAM is a delicious dessert made with the morning's leftover coffee and only 1-3 cup of sugar. It may be served plain or garnished with whipped cream and nuts. It's important to use up leftover coffee at once, before it has a chance to lose flavor by standing.

Not a drop of coffee should go to waste in these days of conservation on the home front.

Here's one way to use the leftover cup of coffee that often remains from breakfast. It's a recipe for Coffee Bavarian Cream, a delicious, smooth-textured dessert which requires only 1-2 cup of sugar.

Prepare Early

Coffee Bavarian Cream should be prepared early in the day, so that the coffee does not stand and lose flavor. It may be tucked away in the refrigerator until dinner time, when it is brought to the table to receive the family's compliments. It's just as important to use coffee up immediately after it is made as it is to make sure your ground coffee is as fresh as can be. Glassed coffee, of course, remains at its freshest because of the resealable, airtight cap on the container. As an added precaution, keep your coffee jar in the refrigerator where the low temper-

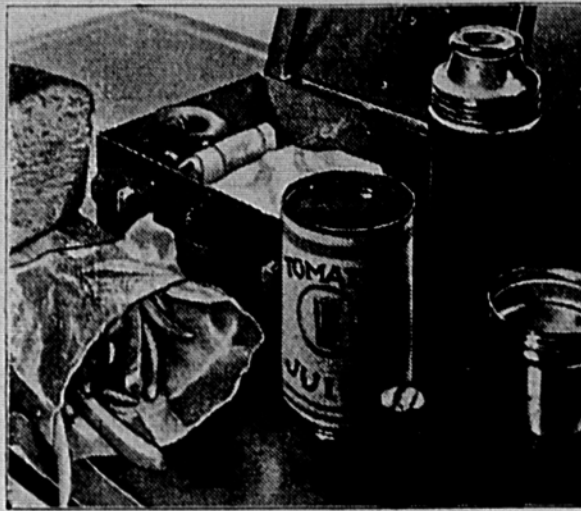

ature will hold the flavorful coffee oils intact.

Now for Coffee Bavarian Cream (6 servings):

- 1 envelope unflavored gelatin (1 tablespoon)
 - 1-4 cup cold water
 - 2 eggs, separated
 - Few grains salt
 - 1-3 cup sugar
 - 1 cup leftover coffee (hot)
 - 1 cup heavy cream (whipped)
 - Nuts (optional)
 - 1-2 teaspoon vanilla
- Soak gelatin in cold water for 5 minutes. Beat egg yolks and combine with salt and sugar. Add hot coffee gradually, stirring constantly. Place in the top part of a double boiler over hot water. Add soaked gelatin and stir until dissolved, then cook until the mixture coats a spoon, about 5 minutes. Remove, cool, and then place in refrigerator until slightly thickened. Fold in the egg whites beaten stiff, the whipped cream and vanilla, turn into a quart mold or

"What's in my LUNCH BOX today?"

by Dorothy Greig

ONE thing certain... the lunch box toter should find substantial food in his box... food that's appetizing and fun to eat... food that gets steam up for the remainder of the day's work.

First, sandwiches. And make them hearty. Then let him find vegetables... perhaps in the form of a salad packed into a gay paper cup, or crisp celery (or a carrot sticks). Juicy fruits and a nourishing drink are indispensables, too.

JUST TALK by A.M.J.

In the course of our work we took on the job of doing the composition for a negro paper last week. The paper is published in Lubbock and the editor combines preaching and newspaper work which is probably a terrible strain.

In an editorial the colored editor complains that the young girls are allowed to roam the streets but says that it is not surprising as many of the parents of children are out on the streets boogeroogin, too.

Up until last week I had never felt quite contented with the such words as flirting, ogling, petting and woo but booger-roogin sounds just right for the antics of folks on the loose and I believe the colored preacher has discovered some thing.

The cotton harvesting season has brought on such a rush at the Citizens State Bank that one will

65¢ MADAM
HA! HA! YES, I'LL HAVE THAT ONE
THERE! WASN'T THAT NICE OF ME! NOW WE'LL JUST WALK THROUGH THE FUR DEPARTMENT!

home. It seems to me that Slaton has excellent equipment to supply the people of this town with enough recreation to keep us from getting too stale.

Few towns have a Club House or a place like the American Legion Hall in which to have public gatherings and we should take advantage of them to their fullest extent. A community where the citizens are in close harmony and where men and women from all kinds of business and from all parts of town get together, is in better position to act in any kind of emergency than one where most of them are strangers to each other.

SPAFS Gliders To Pave The Way
A Nazi sentinel paces his post, machine gun unused in his hands, while a big United States war glider lands silently and unseen in the night less than 50 yards away from him to pour forth a full platoon armed to the teeth.

DANGER IN THE HOME

THE whole breed of domestic contagious and infectious diseases will disappear in the years to come as the lessons of cleanliness come to be learned; not only the lesson of cleanliness of the home, but also personal cleanliness, the cleanliness that demands the daily washing with soap and water, the cleanliness that destroys germs, removes the substances in which they breed, and disinfects and makes healthy all human surroundings.

It has long been an established fact that one of the most dangerous agents in the transfer of bacteria is the human hand with its five fingers.

When we wash our hands we seek to do for others what we would have them do for us.

WEST TEXAS GAS CO.

T. K. Martin says that he does not believe it will be very long before the women of this country will be drafted to do a lot of the work that the men are doing now. T. K. says that not to let the frailties of the young women fool you, he knows that they can do a lot of things that they have been shoving off on the men for generations. It would surprise you how much farm work a woman can do if you can get her to do it and T. K. says they are going to have to do it pretty soon. He started to tell me what his daughter could do but someone interrupted.

J. S. Edwards made the remark this week that he had never known a man who worked for the Government who was courteous to anyone. There is something about a Government job that seems to give a man a cold eye and a pugnacious attitude toward just ordinary folks says Mr. Edwards, as he waves both arms, scoots his office chair across the room and glances out the front door as if he expects a bank examiner to come dashing in at any moment.

While my experience with Government agencies has been rather limited I feel much the same way J. S. does. Once I got called up before an Income Inspector in Austin and he claimed I was three dollars and forty three cents short. From the way he looked at me and from his pugnacious attitude I felt that my life and liberty was in the balance and the main spring was broken on the scales. Another time I did not sign my name correctly to one of the many reports that have to be sent in to the Collector of Internal Revenue in Dallas. They sent a man all the way from Dallas to dress me down and I had to go over to the Post Office and stand with two or three other men out in the lobby for half an hour. We were all as nervous as men in the death cell and when I got out from under that man's

WINNING the WAR Begins on the farm
IT'S TRUE . . .

that no planes roar down upon your home... no shells plow up your fields... no armies trample your crops and fields. Yet in this war, victory begins on your farm—by producing more Food for Freedom—and by saving more in War Bonds and Stamps. Here indeed is an opportunity every American will welcome. For by saving your money, you help save for yourself as well as your country. What's more, your money invested in War Bonds helps keep down the prices of the things you buy; helps make the money you spend go further—now. By putting your money into War Bonds and keeping it up regularly, month after month, you will be sure of having the money when you can use it best. And if you need the money, you can get it back anytime after 60 days from issue date of the Bond. Don't delay—your "fighting dollars" are needed now. Make Every Market Day "Bond Day"—Invest At Least 10%.

Miss Dorothy Crawford Married In Home Ceremony

The marriage of Miss Dorothy Crawford, daughter of Mr. and Mrs. J. W. Crawford to Willis E. Petty of the U. S. Navy, son of Mr. and Mrs. T. O. Petty of Huntsville, Alabama took place Saturday morning at 10 o'clock in the home of the bride's brother, Herschel Crawford, 1005 West Garza.

Rev. W. F. Ferguson of the First Baptist Church read the ceremony before an altar banked with English ivy and chrysanthemums. Miss Viola Martin sang "Because" accompanied by Miss Emma Ewing Young. Miss Young played the traditional wedding march and soft music during the ceremony.

The bride given in marriage by her father wore royal blue crepe with black accessories and a gardenia corsage. She was attended by her sister Mrs. Grafton Henry as matron of honor and Herschel Crawford served as best man.

The brides table was laid with a lace cloth and a three tiered wedding cake formed the centerpiece. Mrs. Earl Smith presided over the cake and Mrs. Henry poured the coffee.

The couple left immediately for Tacoma Washington stopping in Amarillo where a wedding dinner was served by Mrs. B. C. Morgan formally of Slaton.

Honored With Parties

On Wednesday and Thursday Mrs. O. N. Alcorn and Mrs. E. E. Culver honored the bride and groom with a dinner.

Friday from 3 to 4 o'clock a silver and linen Tea Shower was given in the home of Mrs. T. K. Martin 435 West Garza for the bride-elect.

In the receiving line were Mesdames Martin, G. W. Privett, J. W. Crawford, Miss Crawford, Mrs. T. O. Petty and Mrs. Grafton Henry.

Mrs. Forney Henry directed the guests to the dining room where a patriotic theme was carried out. A miniature pond with ships on it centered the table. Tiny scrolls written in red, white and blue ink and tied with red, white and blue ribbon announced the marriage. Punch, cookies, and nuts were served, Mrs. V. L. Wampler serving the punch. She was assisted in the dining room by Misses Jeanne Martin and Lois Frances Petty dressed in sailor dresses.

Mrs. John Cosgrove and Viola Martin played during the tea.

Hostesses were Mesdames John Cosgrove, E. E. Culver, Shelly Roaton, A. L. Brannon, V. L. Wampler, Dudley Berry, D. N. Alcorn, G. W. Privett, Forney Henry and Misses Bonnie Cooper and Zerva Smith.

Noted Visitor In T. J. Settle Home

Mrs. Phillip Teed from Hollywood California is visiting her cousin Mrs. T. J. Settle. Mrs. Teed is a world-wide traveler and has lived in several foreign countries. She is originally from Mt. Gretna Penn. where she has her own theatre and Stock Co. Her husband is an actor in Hollywood, therefore she divides her time between California and Pennsylvania.

ED MEYERS FAMILY HAVE HOME COMING

The Ed Meyers family had most of their family at home this last week end. Mr. and Mrs. Pete Thompson and their son Bill came from Stanford; Mr. and Mrs. Roy D. Meyers and daughter Dalene from Dumas, Mr. and Mrs. Dick Bell, Lubbock; Mr. and Mrs. C. E. Ballard and son of Lubbock and Mrs. T. F. Dixon and grandson, Tommy from Rotan.

MISS EVELYN MEADINGS MARRIAGE ANNOUNCED

Mr. and Mrs. P. G. Meading announce the marriage of their daughter Evelyn to Billie Ball on Oct. 24. The ceremony took place in Lubbock at the First Baptist Church with Rev. Hereford officiating. Evelyn and Billie are former Slaton residents and both are graduates of Slaton High School. At the present time they are Seniors at Texas Tech.

W S C S Meets In Silas Wilson Home

The Woman's Society of Christian Service met Monday afternoon in the home of Mrs. Silas Wilson.

Mrs. R. H. Todd called the meeting to order and Mrs. Webber Williams offered a prelude of old hymns. A missionary hymn was sung which was followed by a prayer led by Mr. J. D. Holt. Mrs. J. E. Eckert gave the devotion and Mrs. L. A. Harral rendered a solo accompanied by Mrs. Allen Ferrell. The topic of the day, being a continuation of "Latin Americas" was given by Mrs. Roy Boyd.

Refreshments of pumpkin pie, tea and coffee were served from the dining room table which was centered with an arrangement of yellow chrysanthemums. Mrs. S. H. Adam presided at the silver service.

Mrs. Marvin Abernathy will be leader next Monday for the Study course.

ALETHEAN CLASS MEETS WITH MRS. VILAS TUDOR

A Business and Social meeting of the Alathean Sunday School Class met in the home of Mrs. Vilas Tudor Tuesday night at 8 o'clock with Mrs. W. H. Edwards assisting.

Devotional and prayer were given by Mrs. Fred Stephens. Members attending were Mesdames L. M. Conner, C. B. Tefertiller, Carl Sartain, J. M. Vaughn, J. D. Loring, Jess Burton, Fred Stephens, Ruby Tudor and Edwards.

MISS RUTH DOHERTY HAS HALLOWE'EN PARTY

In celebration of Halloween Ruth Doherty entertained a number of her friends Tuesday evening at 8 o'clock. Games were played then the group went on a scavenger hunt. On their return they were served hot chocolate and cookies.

Guests invited were: Emma Young, Billie Taylor, Loretta Stevenson, Evelyn Scroggins, Virginia Smith, Billie Jean Jarman, Billie Bevins, Charlene Yondell, Bobbie Jones, W. L. Housour, Milton Jochetz, Bobbie Smith, Weldon Collins, Ray Lee Yandell, John Fry and Raymond Champion.

F. H. T. Entertains F. F. A. Thursday

The girls of the home economics department in the F. H. T. Chapter entertained Mr. and Mrs. A. C. Strickland and his Future Farmers of America. The meeting was held at the club house in a Halloween atmosphere, last Thursday night.

The girls gave their aims for the year, which were; to aid in national defense 100 per cent, help the Red Cross along some lines of work, and to cooperate in the home.

GIVE A BIBLE

For Christmas—We Have A Big Stock

SLATON PHARMACY

community, and school in the all out victory programs. The girls were not at all surprised to hear that the Ag boys had picked about 30 bales of cotton, because they have really worked at this. We also have several girls helping gather the cotton.

After the program, games were directed by Bertie Bee Waldrep and Nina Ray Hickman, after which punch and cookies were served. Three were 70 present including the sponsors of both chapters, Miss Ross and Mr. Strickland.

Bluebonnets Meet In Ferguson Home

Mrs. S. P. Ferguson was hostess to the Bluebonnet Club Wednesday Oct. 28. After a brief business meeting games were enjoyed by 13 members and one visitor, Mrs. Haley who has moved here recently.

Members attending were: Mesdames A. L. Clifton, J. D. Holt, J. P. Brooks, J. V. Jarman, J. H. Tea-

gue, Jr., Wallace King, L. T. Garland, Geo. Culwell, H. H. Edmondson, Dan Liles, Loyd R. Tibbs, J. D. Barry and the hostess.

Next regular meeting falls on Armistice Day, so will be held Tuesday Nov. 10 in the home of Mrs. R. C. Sanner.

Buy a Share in America!

LAND... Thousands of acres of the finest land in the world... black earth, rich loam, green pastures and hills where trees reach to the clouds and their boughs touch... Wide, flat, well-drained land on which corn, wheat, and other crops grow thick and fast.

Also upland farms, stock farms, ranches, and citrus groves as well as truck farms, tobacco farms, and cotton plantations. This land described above is America... not 20 acres, not 50 or 100 acres, but all of it that lies between the Atlantic and the Pacific.

How can you buy all that land? What would it cost

you? A dime will buy a share of all of it... a 10-cent War Savings Stamp. Every War Bond that you buy gives you a bigger share of this land and it is the finest land buy in the world today!

Your government needs money to win this war, and is offering you good interest and a "money-back" guarantee for it. War Bonds offer the soundest investment in the world. With each Bond purchase you are buying a share of this great, fertile country of ours... and protecting your own investment in it, too!

Make EVERY Market Day "Bond Day!" Buy WAR BONDS!

NOTE: Now You Can Buy War Bonds Through Your Rural Postman!

YOU GET A \$25.00 BOND FOR ONLY \$18.75

| How much do they cost? | Upon Maturity and You Get Back |

| 750.00 | 1,000.00 |

What is a War Bond? It is a written promise by the United States Government to pay you the amount of money stated on the Bond.

What interest does my money earn? When held 10 years, Bonds yield 2.9 percent on your investment, compounded semiannually. You get back \$4 for every \$3.

When can I get my money back? Any time after 60 days from the date the Bond was issued. Naturally, the longer you hold the Bond, up to 10 years, the more money you'll get back. But you'll never get back less than you put in.

Can anyone cash the bond? Only the person or persons whose names appear on the Bond as owners.

Southland News

Virginia King, Correspondent

The Southland City Council last week bought the Telephone Exchange, so that it would not be moved away. No further decisions have been made until the next meeting of the alderman but Mrs. Gray will continue as operator until Nov. 15.

Mrs. O. O. Gray sold her house last week, and it will be moved to Lubbock. B. Cummings bought her lots, well, and windmill.

Leon King and Stottsie Spence left Monday night for the navy. They will be stationed at Illinois or California.

Bobbie Leake and wife, accompanied by St. Sgt. Harvey H. Stewart, are spending their 3 day leaves here with Bobbie's parents Mr. and Mrs. John Leake.

Miss Olga Mae Jones and Pfc. J. L. Jenkins of Post were married

last Wednesday. Other Sunday guests of Mr. and Mrs. John Leake were: Mr. and Mrs. R. R. Jones, Mr. and Mrs. Burl Smith, Joe Leake and family of Wilson, Mr. and Mrs. Buford Jones and Mr. and Mrs. J. B. Jones, J. L. and J. B. and their wives left Sunday afternoon for San Luis Obispo.

Supt. and Mrs. W. A. Smith visited Saturday in Southland, their home for 12 years before moving to Weinert.

Ruthie Johnson, of O'Donnell is staying with her brother Tommie and wife and has enrolled in our school.

Mrs. R. O. Rankin and F. E. Weaver returned from Spur Wednesday after attending their brother's funeral.

Homer Gilliland's first letter to his mother was written by candlelight somewhere in Scotland.

Mr. and Mrs. Bill Juntz and two sons of Waco arrived Friday to visit her uncle, Albert Krause. They left Tuesday to make their home in Lorenzo.

Mr. and Mrs. J. A. Willingham and daughter, Betty Jean, spent Sunday in Garnolia community with her parents Mr. and Mrs. A. B. Thomas.

Billy Joe Baker of Post spent the week-end here with his sister, Mrs. C. E. Basinger.

Mr. and Mrs. Thurman Cole of Oklahoma moved last Wednesday into part of the McNahle house.

Mrs. Gene Draper and son spent from Sunday until Friday at Post with the Ovis Huffs.

Mrs. L. V. Blairs son in Carlsbad left Monday for the Army. She plans to leave Friday to visit her eighteen-year-old son Raymond before he is drafted.

1941 bales of cotton have been ginned here to date.

Brother Howell of Lubbock preached here Sunday morning and Dr. O. P. Clark, District Supt. of Methodists will preach here Sunday.

POSEY ITEMS

Mr. and Mrs. H. C. Robertson visited their son, Pvt. James Robertson in Muleshoe Sunday. Pvt. Robertson is on a furlough after just recently volunteering as a mechanic. He will be stationed at Fort Bliss.

Mr. and Mrs. Harvie Sparks of Santo, Texas visited Mr. and Mrs. A. B. Campbell Sunday.

Mr. and Mrs. L. K. Hart and children visited Mr. and Mrs. J. I. Cranfill of Wilson Sunday. Mr. Cranfill has just returned from the hospital where he was seriously ill, but is improving rapidly.

Mr. and Mrs. T. A. Johnson and boys and Charles Gentry visited Mr. and Mrs. Joe Johnson of Slaton Sunday. Mr. and Mrs. Joe Johnson have just returned from Que-mado, Texas.

Mr. and Mrs. Wesley Gentry and children visited Mr. and Mrs. George Jaynes of Levelland Sunday.

Mr. and Mrs. W. T. Gentry received word from their son, Pvt. James S. Gentry, recently that he would leave for parts unknown soon and word has not been received since.

Miss June Carroll was operated on for appendicitis last Friday in the Lubbock General Hospital and is reported doing nicely. She is the niece of Mrs. M. P. Gentry.

Mr. Lesley Rodgers of Lubbock was a visitor in the community Sunday.

Staff Sgt. Daniel Bailey of Fort Bliss is on his furlough and has been visiting relatives of this community.

Miss Mary Frances Joplin visited her parents this week end.

Miss Irene Gentry suffered a sprained ankle this week.

Rev. O. M. Addison held regular services Sunday. His sermon Sunday.

Mrs. J. A. Thompson, who was too ill to run the Cafe last week, left Sunday to visit her son in Amarillo.

Welfare League Elects Officers

At its meeting on October 26, the Slaton Welfare League elected new officers as follows:

Mrs. Lee Green, Chairman
H. T. Swanner, director
J. H. Teague, Sr. Director.

Briggs Robertson, Director
Briggs Robertson, Director
J. Paul Stevens, Treasurer

Mrs. Billye McLroy, Secretary
The League plans to continue its work as at present. With improved business conditions the emergency charity needs met by the League have been unusually small. No financial drive will be made this winter.

ON THE HOME FRONT

The Government's rationing plans have taken precedence over all other news on the Home Front the past two weeks, and, as the weeks roll by, the consumer will feel more and more the pinch on civilian production.

Uppermost in the people's minds in the Southwest, naturally, is rationing registration which gets into full swing next week. Application blanks are being made readily available in every county and parish this week in preparation for registration which will be held on Nov. 12, 13, and 14 in Texas and Louisiana and on Nov. 9, 10, and 11 in Oklahoma. Schoolhouses will serve as

registration sites. Motorists who have not disposed of passenger-type tires in excess of five are urged to sell them to Uncle Sam in order to be eligible for the basic "A" book. The Railway Express Agency is the authorized collection agency for excess tires.

Gasoline rationing was not alone in the spotlight—there was coffee too. OPA officials, in order to sound an early death knell to foolish rumors, announced last week that coffee rationing would begin on November 29. Officials were quick to add that the early announcement should not be any reason for hoarding and they put a hasty okay on plans by stores to puncture cans of coffee to prevent hoarding.

The individual coffee ration will be one pound for five weeks, which is at the rate of 10.4 pounds per year. Adding the amount of coffee consumed by the public through restaurants and other institutions, the average American coffee drinker under rationing, will use at the rate of about 13 pounds per year, which is about 38 percent less than the amount he averaged over the five-year period from 1937 to 1941. The coffee ration, of course, may be changed from time to time to meet the varying conditions of supply.

The first quota of coffee will be released in exchange for coupons from the sugar rationing book; so all consumers who did not get the sugar book are urged to apply to their local boards immediately. The regulations permit late registration, and local boards will give consumers information on how to dispose of excess sugar. Local board members have been advised to check late registrants carefully, however, to see that no

New Outlet Here For Soy Beans

A new outlet for producers of soy beans in this district will soon be available, with the announcement today that The West Texas Cottonoil Company of Brownfield has entered into a contract with the Commodity Credit Corporation for the processing of this important commodity.

As soon as grading facilities are arranged for, the mill will be ready to receive the beans. Producers are requested to have beans sacked, and may obtain new sacks, where necessary, from the mill at actual cost. In turn, the mill will buy them back at OPA ceiling prices. Due to the bag shortage it is suggested that producers confer im-

mediately with their County Committees as to the numbers of bags needed, based on a 100 lb bag average.

Don't tell us there is a shortage of textiles after the way the ladies have been saving material on dresses all these years!

one person gets two books.

OPA spokesmen, meanwhile, pointed out several ways in which consumers can get greater "mileage" out of their coffee. Here are some of the suggestions: (1) Use fresh coffee, buy less each time, and more frequently. (2) Keep your coffee in a tightly covered container. (3) Keep it in the refrigerator or some other cool place. It deteriorates less rapidly when cool. (4) Keep your coffee pot immaculate clean. (5) Have your coffee ground as fine as possible for the pot you intend to use. (6) Use accurate measurements instead of "heaping tablespoons." (7) Don't boil coffee. (8) Serve the coffee as soon as it is made. (9) Make only the exact amount you want to use.

The nation's "New Year's gift" from Uncle Sam may be America's first-all-purpose ration book. OPA officials announce that the printing of 134,000,000 such books is underway. The book contains 192 coupons, equally divided into two color blocks, red and blue, which can be used for either the point system of rationing or straight coupon rationing. It could provide rationing control for two major lines of commodities for a minimum of six months.

With wage and salary increases now restricted by the President's Wage Stabilization program, the War Board, which will administer part of the program, has announced plans to open offices in the field. Texas, Oklahoma and Louisiana will be served by a regional

WLB office in Dallas. Working with the WLB, the Dallas regional office of the Wage and Hour Division, Department of Labor, has announced that it will answer questions concerning wage stabilization problems. By November 10, district Wage and Hour offices in Oklahoma City, San Antonio and Houston will be qualified to answer questions. No date has been set for opening the WLB office in Dallas.

A man never has too many friends, but one enemy is too many.

O. D. KENNEY AUTO PARTS STILL HAVE BIG STOCK OF PARTS FOR CARS AND TRACTORS

Among Slaton oldest and most progressive firms is O. D. Kenney Auto Parts where one of the largest stocks of automobiles parts and accessories on the South Plains is still offered in a good selection.

"We are short on some items," said Mr. O. D. Kenney, "but you would be surprised how many things we still carry for automobiles and tractors. We have always carried such a large stock that it will take a long time to make a dent in it and we are still able to get many items."

Even though gasoline rationing is scheduled to start soon the motorists of this country are more interested than ever before in keeping their cars in top shape and O. D. Kennedy reports that they have had more calls for good seat covers, auto polishes,

anti-freeze and other items that help keep a car in best shape than in many years.

Not only does O. D. Kenney cater to the individual automobile and tractor owner but also to the men operating garages and repair shops and carries parts that will fit most any make of car or tractor. They are in position to give expert advice on how to care for your car so as to get better service out of it during war times and will be glad to have the people in this vicinity to come in and consult with them at any time.

"Let us help you get the most mileage possible from your gasoline by supplying you with parts to make your car run better at all times," says Mr. Kenney.

RAY C. AYERS AND SON ONE OF LARGEST CONCERNS OF ITS KIND IN UNITED STATES

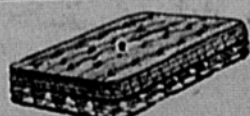

Sending their products to all nearby States and receiving an ever increasing demand for their products the Ray C. Ayers and Son is one of the largest and most valuable concerns on the South Plains and in Slaton.

Not only do they handle all kinds of grains and grain heads but they put out a full line of prepared feeds for poultry and livestock under the trade name of AYERS SUPREME FEEDS. All of these feeds are balanced with minerals and vitamins to make them the correct kind of feed to give animals for best production.

Ayers Supreme Feeds have been on the market about a year but in that short time have proven very popular with the farmers and stock raisers of this section and in all other parts of Texas

and are fast becoming known in Oklahoma and New Mexico. Particularly popular is Ayers Poultry Feeds that have proven unusually popular with the poultry raisers of this country. In addition to Poultry and Stock feed they also manufacture cattle cubes that are proving very popular with the stock raisers all over the Southwest.

The Ray C. Ayers and Son represent one of the largest enterprises in this section of the state and as an industry represent one of the largest investments in Slaton. The method of handling grains by this Company have been worked out by Mr. Ray Ayers and many of the machines in the plant have been his inventions. A trip through the plant will demonstrate to anyone the advantages offered by Ray C. Ayers and Son.
