NUMBER 29

Our "Whosit" Department

Last week our phone kept busy all day Friday with reports on our Whosit, identifying Elzo Collier, Judge Baldwin and Mr. Pelley. The first one to turn in a correct answer was Miss Doris Clifton.

This week we submit a Fire Apparatus illustration to be identified. We seem to be un-

usually well supplied with illustrations of Fire Fighting equipment and the men who operate and ride on them so proudly. Those in this illustration appear to have just finished a good meal and to have led the parade from the Club House, around the square

and back to the Fire Station. Just who all of them are we have no idea, nor is the occasion for the picture very clear. To the first person to give us a correct answer, we will give a pass to the Palace Theatre. Phone or call at the Slatonite office.

PLANS BEING CONSIDERED TO BRING TRUCK GROWERS OF JAP DESCENT HERE

The Rotary Club met in regular meeting at the Slaton Club House Thursday at noon, with the meal being served by the Rotary Annex.

The purpose of the Texas Defense Guard was the subject of a talk by William Sewell, after which Paul Stevens asked for, and received, the endorsement of the Club members on a plan being considered by the Slaton Chamber of Commerce to bring a limited number of Japanese born Americans into this section to plant truck gardens.

This plan is in accordance with the Government idea to place loyal American citizens of Japanese descent in widely scattered parts of the United States instead of keeping them in concentration camps, as they are now being held.

THIS WEEK'S

WAR MOVES

A comparative lull pervaded in Southern Tunisia last week after the British Eighth Army's decisive defeat of Rommel before the Mareth Line. But although land operations subsided somewhat, the Eighth Army increased its air patrol operations, attacking enemy tanks and motor transports which were retreating to the shelter of the line.

In Northern Tunisia, the British First Army contacted General Von Arnim's forces in the region of Sed Jenane, and twice during the week stopped the Axis attacks cold. Von Arnim has made heavy sacrifices in trying to budge the British from the northern end of the Allied line, but his gains have been minor.

In Central and Southwest Africa, the Allies scored gains were scored. The Jacques Laperle's French forces are pushing into Tunisia from the south. The British and American troops are pushing into Tunisia from the north. The British and American troops are pushing into Tunisia from the north. The British and American troops are pushing into Tunisia from the north.

Good results have also been clocked up by American planes in their daylight attacks on Axis-held Europe. In one day's raids against Rennes and Rouen in Brittany, U. S. Bombers downed more than 20 Axis fighter planes with a loss of only four of the bombers.

More Magazines Wanted By USO

The response to the request of Mrs. Ragsdale and Mrs. Peavy for magazines for the men in the service was very gratifying, according to reports, but the demand from the boys who are routed through here on the railroad is so great that the U. S. O. can distribute an unlimited supply of most any fairly current magazine.

Particularly popular are the digest magazines and those containing illustrations, as well as detective and pulp magazines. If you have magazines that you would like to give to the U. S. O., please take them to the U. S. O. headquarters at the Santa Fe station.

Zoot Hats Now Available Here

War or no war, rationing or not, the Zoot Suit and the Zoot Hat have arrived in Slaton and at least one of the stores in town is displaying the Zoot Hat.

If you are curious to get within firing distance of the Zoot hat, you may view several models in the Payne's Ready-to-Wear window and in case you cannot stand the temptation and feel the urge to invest in one of the off the face models, you will be taken care of by Mr. Payne himself, who says he is unable to get delivery on Zoot suits, but will co-operate in any way he can with the men who have the Zoot urge.

BUY WAR BONDS TODAY!

COMMUNITY GARDENS ARE BEING PLANNED HERE

As the Chairman of a committee appointed by M. S. Kavanaugh, President of the Chamber of Commerce, to secure Community Victory Garden Plots for those who do not have enough room at their residences for such plots, Paul Stevens is asking those who desire space to plant gardens, to get in touch with Briggs Robertson or with him personally.

It is the plan of the committee to arrange a number of gardens over the town so that those in each section of town can be convenient to the plot they intend working. Mr. Stevens has several prospective plots that can be made available if there are enough people in Slaton who would like to take advantage of such a plan.

It is the idea of the Committee to secure vacant property that is convenient to water connections and to divide it into plots to suit all size families.

If you are interested in planting a garden of this kind, you may phone J. Paul Stevens at 473.

64 Slaton Hens Laying 33 Dozen Eggs Per Week

Mrs. C. L. Ellis, who lives at 900 South 14th St., in Slaton, has a flock of hens that she says are better than a Victory Garden and that if the hens in other parts of the country were as patriotic as her hens are, then there will be no food shortage, as far as hen fruit is concerned.

Mrs. Ellis has 64 English White Leghorn hens that have produced

17 GAMBLERS GATHERED IN CITYWIDE POLICE DRAGNET

Senior Play To Be Tonight

Tonight is the night for the Slaton High School Seniors, for this is the date for the all-star production of "Murdered Alive," in which the most famous performers of the High School Seniors will do their stuff.

The play is said to have a thrill a second and is crammed with mystery, screams and murder. Those who will take part have been rehearsing for many weeks and are in position to produce a truly entertaining performance.

All of the students are greatly interested in the play and, due to the fact that many of the student activities have been curtailed this year on account of war time conditions, they are putting their greatest effort into their annual play. A record attendance is expected.

The curtain will rise promptly at 8:30 tonight at the High School Auditorium.

BROODERS INCREASE FIRE HAZARDS

AUSTIN, March 15.—Fire, says Marvin Hall, State Fire Insurance Commissioner, can defeat the purpose of the program to supplement our meat supply with poultry, unless adequate safeguards are adopted to prevent fires from chicken brooders.

Hall noted an increase in the number of fires reported as a result of carelessness in operating baby chick brooders. Not only the less of chicks and brooder equipment has been reported, but in most cases, additional property loss has occurred.

Because they must be operated continuously, the very nature of chicken brooders make them a special hazard.

Crap Shooting Is Expensive Sport

In a city wide sweep of crap games, seventeen Slaton persons were arrested this week and three establishments raided by Chief of Police Charley Yates.

One group was arrested last Sunday and the other two groups gathered in on Monday.

Several of those arrested were juveniles. All except one man have paid fines.

The disregard for the laws against gambling has become so flagrant that one group of juveniles and younger men were arrested in the doorway of a downtown business institution, said Charley.

Chief of Police Yates was appointed to his position only last week.

Gospel Singing To Be Sunday

The regular third Sunday Gospel Singing will be held Sunday at the First Baptist Church at 2 p. m. They appreciate the increased interest that is being shown and invite all singers and listeners of this district to be present.

FORMER TEXAN DIES

Mrs. Kirby Scudder received word this week of the death of her brother, O. T. Rushing, at Huntington Park, California. Mr. Rushing was a native Texan and a former resident of Plainview.

SLATON CONTRIBUTES NEARLY \$3500.00 TO RED CROSS DRIVE

With prospects of a limited amount yet to come in on the Red Cross Drive for Maren, Odie Hoon, chairman of the Red Cross Committee for Slaton, reported yesterday that over \$3,400.00 had been turned in up to date, with more than \$800.00 of this amount being collected by the Committee headed by H. R. McKee and Hugh Adair, who worked among the Santa Fe employees. Mr. Hood pointed out that a large number of the Santa Fe employees contributed also to the workers who called for contributions over the town.

Auto Repairs May Be Regulated

Essential motor vehicle repairs should be given priority over repairs which may be put off without endangering safe operation or impairing the mechanical life of vehicles, Richard E. Wood, Lubbock District Manager, Office of Defense Transportation, division of motor transport, said today. Commercial and service establishments

ments in this area have been called upon to voluntarily ration their facilities and mechanics' time so that essential repairs are given preference.

"Automotive maintenance establishments are a vital link in the country's transportation chain," Mr. Wood said. "Today they must shoulder a great portion of the responsibility for keeping our nation's trucks and passenger cars rolling. Garages face critical problems due to shortages of skilled mechanics and scarcity of replacement parts."

Lt. J. H. Brewer, of the Bomber Squadron Army Air Base, Waycross, Georgia, is visiting his parents, Mr. and Mrs. J. H. Brewer this week.

Sam Pat Finney, son of Mr. and Mrs. W. W. Finney, is home on a furlough from Camp Claiborne, Louisiana. He is with the Engineering Heavy Shop Company.

Milton Kessel was operated on for appendicitis at the Naval Hospital, New York City, about two weeks ago. From last reports he was doing nicely.

Friends in Slaton of Charles Waters, Jr., Chief Water Tender, U. S. Navy, take pride in a recent citation by General C. W. Nimitz, commanding Charles Waters for his action during the sinking of the U. S. S. Yorktown. The citation reads as follows:

"United States Pacific Fleet Department of the Commander-in-Chief. The Commander-in-Chief, United States Pacific Fleet, takes pleasure in commending CHARLES WATERS, JR., Chief Water Tender, U. S. Navy, for the set forth in the following:

CITATION:

"For heroic conduct and meritorious service in the line of his profession as a member of the volunteer salvage crew which attempted on June 6, to salvage and return the U. S. S. Yorktown to port. Knowing full well that the Yorktown was in a precarious condition because of damage received in battle on June 5, 1942, that she was barely seaworthy and that she would probably be the target of repeated submarine and air attack against which it would be difficult to defend her, he requested that he be allowed to return to the ship and assist in her salvage. The efforts of the salvage party were so successful that all remaining fires were put out and two degrees of list removed when, in the mid-afternoon, the ship was struck by two torpedoes fired from an enemy submarine. His conduct was in accordance with the best traditions of the naval services.

"C. W. NIMITZ, "Admiral, U. S. Navy." Charles Waters is the husband of a former Slaton girl, Oacia Hill, who has returned to the Pacific Coast after a visit to her father, Tom Hill, here.

Lubbock, (Special)—Jeeps have been credited with doing everything from riding the range to climbing mountains. Now add another accomplishment. One of them is now flying a glider.

It's all in a name. Staff Sgt. Robert C. Jeep of Takamah, Nebr., an advanced glider student at South Plains Army Flying School (Continued on page 5)

THE TRAINING OF AVIATORS OVER a Texas training field is just a rehearsal for a joust of Mitchells, Maabagers, Liberators, or Flying

CITY ELECTIONS GETTING LITTLE ATTENTION

With the time getting short for petitions to be filed for prospective trustees of the Slaton Independent School, four names have been filed to date for the three positions that must be filled. They are John Berkley, R. M. Sheppard, C. E. Lilley and H. T. Swanner. The terms of C. L. Salt, H. T. Swanner and C. E. Lilley will expire.

Nominations for the places that will be open must be made at least ten days before the election date according to the law governing the selection of trustees. The election is to take place on April 3rd and the three men who receive the larger number of votes will be trustees.

In the coming election set for April 6th for two City Commissioners and for Mayor petitions have been filed with City Manager Earnest Ward for the names of Ray Hickman as Commissioner for Ward 1, J. A. Elliott as Commissioner from Ward 3 and J. H. Teague, Sr., for Mayor.

The time limit set for filing petitions for City of Slaton elections is three days before elections.

Foursquare Gospel Church

DALLAS, Mar. 11—With every county in Texas no wonder development for oil and gas production. State and local taxes paid by this one industry in 1942 reached a new peak of more than 94 million dollars out of 236 million dollars levied in all business and property taxes, according to a survey just released by the Texas Mid-Continent Oil and Gas Association.

A new booklet, "Important Facts About Texas Oil", first released by the association, shows that 168 counties of the state are now producing oil and gas while leasing and exploration for new oil and gas fields are being carried on in all of the remaining 86 counties. Thus, for the first time it may be truly said that all of Texas is "in the oil business".

Analysis of state tax revenue, contained in the association's new booklet, shows that the Texas petroleum industry now pays over 52 percent of all business and property taxes. Including all local tax levies, this industry now pays 40 percent of all taxes levied and collected from all taxpayers, exclusive of poll taxes and inheritance taxes. In many Texas counties, properties of the petroleum industry are now the main source of tax revenue, comprising in some instances as much as 95 percent of all local tax revenue.

Over forty-six million acres of Texas farm and ranch lands are now under lease for oil and gas production and development. This comprises an area of about 72,000 square miles which would be equivalent to the combined land area of Massachusetts, Connecticut, New Hampshire, Vermont, Rhode Island, Delaware, New Jersey, Maryland, the District of Columbia and one-half of the state of Maine. Yet, this vast acreage represents but 28 percent of the entire land area of the State of Texas.

Rationing And The Farmer

The farmer who sells his surplus butter and an occasional side of beef when he goes into town on market day will collect ration stamps, just like the operator of a super market, after the rationing of meats, fats and oils, cheese and canned fish goes into effect March 29.

By making such sales, he automatically becomes a distributor and must collect either the red stamps in Ration Book No. 2, ration checks or certificates and surrender the collected points to OPA. But the forthcoming meat rationing program places no official restrictions on any of the rationed foods raised by farmers if they are used for his own table.

Farmers and their families are given a full quota of points, just like the city folks, but the Government doesn't expect them to use all the points. OPA is asking the farm families to retain the red stamps from their family books equal to the point value of the rationed foods, including meat, produced on the farm and eaten at home.

In other words, farmers are being urged to economize on their consumption of home-produced foods and to limit their purchases of the rationed foods not produced at home. Farm families sharing available supplies with city dwellers, who must buy all of their meat, cheese, butter, etc., from stores, will be making a vital contribution to the national welfare.

For the benefit of ranchers, farmers and others who ordinarily lay in large supplies of meats, cheese, lard, etc., for use over long periods of time, OPA will allow such purchasers to use stamps in advance of the valid periods. In these cases, the purchaser goes to

the local board and surrenders as many red stamps as his purchase will require, even though some of the stamps were scheduled for use weeks or months ahead. The board official, then, will give him a bulk point certificate which will permit him to make his quantity purchase.

Beginning April 1, farmers who slaughter livestock for sale will become subject to the recent order of the Secretary of Agriculture which requires that they must get "farm slaughterers" permits from their County War Boards. To make it easier for them to dispose of their meat when selling direct to a consumer, OPA will allow them to collect all of the red stamps required for the purchase, even though some series may not have become valid for ordinary use.

For many farmers, the shoe will be on the other foot when he goes to the nearest meat market for a Sunday roast, or a bucket of short-

tening. He'll have to use the red stamps in his ration book two, just like his friend who runs the corner drug store in town.
 But, in patronizing the retailer he'll have access to an official list of point values, so he can tell how many points he must surrender for each purchase. The store can give him back "change" in ration stamps too, and if he doesn't want to buy meat, he can use the red stamps for cheese, butter, margarine, lard, shortening, salad oil, cooking oil, or canned fish. Any of these can be bought with the basic allotment of 16 points per person.

The point values of the 150-odd items will be announced during the week of March 22. These points will tell the real story of how much all of us will be able to buy under meat rationing, but whatever it turns out to be, consumers will know that everyone will be getting his fair share of the available civilian supply.
 OPA officials give assurance that meat rationing as well as other phases of the over-all program will be flexible and subject to certain changes made necessary by changing supply and marketing conditions. Their food specialists from this region have gone to the capitol in Washington to gather detailed information about the meat program and to present the views of the Southwesterners to OPA heads at the capital.

The announcement on meat rationing followed shortly after a change in ration point values for several food items. Point values of dried and dehydrated prunes and raisins was reduced from 20 to 12 points. Dried beans and peas were dropped from eight to four points. Dates and figs were removed from the list of rationed foods.

Santa Fe CHIEF TOPICS

The many friends of C. W. Taylor and O. R. Satterlee will be glad to learn of their recent promotions. They are two former Slaton R. R. men. Mr. Taylor, former Chief Clerk of Slaton, is now Asst. to General Supt. of Transportation, and Mr. Satterlee is Chief Clerk of the same Dept.

Both officials are well known Slaton boys, each living here several years. Headquarters now are in Chicago, Ill.

Santa Fe System carloadings for the week ending March 13, 1943, were 20,420 compared with 21,827 for the same week in 1942. Moved from connections to 1,688 compared with 8,686 same week in 1942. Total cars moved were 32,388 compared

with 30,511 for the same week in 1942. Santa Fe handled a total of 32,368 cars in the preceding week of this year.

About 42,300 new freight cars now are "on order," but included in that number are 18,500 which are "frozen" by reason of the fact that WPB has not as yet authorized allotments of material for their construction. The 23,800 release for building includes about 4900 cars remaining to be delivered under 1942 car-building programs. Tentative building schedules for the 20,000 new cars authorized by WPB for the first six months of 1943, however, now call for delivery of only about 12,800 new cars by July 1st.

ON THE HOME FRONT

RATION CALENDAR

Meat, fats, cheese—New program starts March 29 with red stamps in Book No. 2 to be used. Sugar—Coupon No. 12 (5 lbs.) valid March 16. Must last until end of May, or 11 weeks. Coffee—Stamp No. 25 (1lb) expires March 21. Tires—Class A. First inspection deadline March 31.

A second upward adjustment in the ceiling price of sweet milk sold in Texas, Louisiana, Arkansas, Oklahoma, Missouri and Kansas becomes effective March 13, it was announced by Regional OPA Administrator Max McCullough. Under the new regulation, the ceiling prices range for quarts sold at retail moves up from a 12-cent low and a 15-cent top to a 13-cent low and a 15 1-2 cent top.

With a warning that it is up to the individual to take the best possible care of his ration books, OPA issued uniform regulations gov-

ernment replacement of lost, stolen or mutilated War Ration Books One and Two. Anyone desiring to replace a ration book or coupon sheet must apply to his local ration board on Form No. R-194. Ten days after submitting his application, the owner may report to the ration board which will examine the facts and, if satisfied, may issue the replacement. Where ration books are lost or stolen, the board may require the applicant to report his case to the police.

Effective Saturday, March 13, point values of dried and dehydrated prunes and raisins, and of all edible dry beans, peas and lentils were reduced by OPA. Point value of prunes and raisins was lowered from 20 to 12 points per lb. Point value of edible dry beans, peas and lentils was reduced from 8 to 4 points per pound. In addition, dates and figs not hermetically sealed were removed from the current list of rationed foods and the basis for computing point values for other dried fruits adjusted to place these fruits on the same basis as prunes and raisins.

"The prison terms of up to 7 months in jail with accompanying fines ranging to \$5,800 meted out to 13 individual violators of OPA price ceilings on beef at the wholesale level today is only the start of our broadened campaign to wipe out the black market in meat in this country," Price Administrator Prentiss M. Brown said on Mar-

ch 19 in commenting on the sentence and fines handed out by Federal Judge Goggard in United States District Court in New York City.

Regional OPA offices may adjust the maximum price of any seller of fresh lettuce, spinach, carrots, green peas, snap beans, tomatoes and cabbage when the ceiling price is likely to disrupt normal distribution, the OPA has ruled. The Dallas regional office already has started a series of open hearings on the vegetable price ceiling situation.

Peas, beans and lentils when labeled as such and bought exclusively for seed are exempt from the processed foods rationing program and do not require the surrender of either point stamps or ration certificates, according to OPA.

January production of certain types of war material: 70,000 aircraft bombs of 1,000 pound size or larger—enough to bomb the enemy for 20 days at the rate of 2,500 bombs a day; approximately 5,000 airplanes, more than 65 per cent of them of the combat type; equipment for ground and air forces—1.2 times the rate of January 1942, 58,000 carbines; 80,000 Garand rifles; 27,000 .50 calibre aircraft machine guns; 7,000 20 mm. aircraft cannon, and 68,000 sub-machine guns.

Farmers will be permitted to exceed their 1943 cotton acreage allotments by 10 percent, but cotton marketing quotas will be retained. Farmers may plant this 10 percent excess acreage without loss of agricultural conservation program payments, without being liable for cotton marketing quota penalties, and without forfeiture of cotton loan privileges. They will receive no payments for acreage planted in excess of the allotment, and the ten per cent increase in no way relaxes the provision pertaining to the achievement of war crop goals.

GARDEN SUGGESTIONS FOR THIS COUNTY

LUBBOCK, March 19—Inquiries relative to gardens are pouring daily into the department of Plant Industry at Texas Technological College. Members of this department have been going almost nightly to communities in this section and giving information on vegetable varieties recommended for planting and methods of cultivation.

A list of 40 vegetables has been prepared that may be grown more or less successfully on the high plains. All of these depending upon seasonal rains, will need additional irrigation for the best results. Out of the list of 40, the following are regarded as desirable:

Asparagus, beans, betts, carrots, canteloupe, corn (sweet), cucumber, Irish potato, lettuce, mustard, okra, onion, pea, radish, spinach, squash, tomato, turnip, sweet potato.

Asparagus tolerates alkali and is recommended for every garden. Two or three years are required to get a good start. Mary Washington is the recommended variety.

Recommended varieties of beans are: (snap) giant stringless green pod, dwarf horticultural, Keeney's stringless refugee; (pole) blue lake, Kentucky wonder; (lima) Burpees fordhook bush lima, Henderson's baby potato lima; (cowpea) Dixie sugar crowder, large blackeye.

Canteloupe varieties: hearts of gold, powdery mildew resistant No. 45, golden beauty casaba (winter melon), honey dew (winter melon). Sweet corn: honey June, ianna.

Cucumber: green prolific, Arlington white spine (for slicing), Colorado, straight eight, Snow's perfection pickling, West India.

Irish potato: cobbler. Soil requirements: well prepared seed bed, medium to sandy texture, fertile, plenty of water, plenty of organic matter. Potato seed: use certified seed where possible, north-

ern grown seeds are preferable where possible. Most growers treat seed with corrosive sublimate after cutting to prevent the spread of disease by knife. If the whole seed are used, this treatment is unnecessary. Amount of seed, 12 to 15 bushels per acre.

Time of seeding potatoes: Mar. for early planting, late June or early July for fall crop. Cover seed about 4 inches deep, in loose sandy soil, 5 to 6 inches may be necessary. Spacing should be 36 to 40 inches between rows and 12 to 15 inches apart in row. Potatoes should be watered each week.

General rules for irrigation of gardens: have soil well watered before planting; plan irrigation before planting; have garden arranged to water between rows, not down rows. Some plants do not like water around them and diseases may be spread from plant to plant by water. Water frequently or continuously during hot dry weather.

Fertilizer: Most high plains soils are low in organic matter, after they have been farmed for a few years. Additions of well rotted barnyard manure, plowed under in the fall will help. Ten to twelve tons per acre is about right. A field which has been seeded to alfalfa for several years makes a good garden if thoroughly plowed in the early fall.

THIS WEEKS LESSON

"Matter" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, March 21.

The Golden Text is: "It is the spirit that quickeneth; the flesh profiteth nothing" (John 6:63).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Be ye not unequally yoked together with unbelievers; for what fellowship hath righteousness with unrighteousness, and what communion hath light with darkness?" (II Corinthians 6:14)

The Lesson-Sermon also includes

It's Almost Time To "Stick 'em Out"

COLLEGE STATION, Mar. 18—Home gardeners are temporarily suspended between the seasons of frost-hazard and frost-free temperatures, says J. F. Rosborough, horticulturist for the A & M College Extension Service. But that is no reason why they should allow the hoe, rake, and fork to become rusty, he adds. They can begin right now planting vegetables which are reasonably resistant to frost.

There are enough vegetables in that class to give gardeners a little warm-up for the bigger job of planting when the danger of killing frosts is behind them. Potatoes, for example, should be put

into the ground as soon as possible, Rosborough says. Sweet corn and second plantings of mustard green and lettuce—leaf lettuce this time—should be planted without delay. Head lettuce won't "head" in warm weather. Black Seeded Simpson is a good variety. The horticulturist cautions to get a variety of green corn adapted to Texas soils. The northern and isn't suitable. Iowa, a deep yellow grained type, is perhaps the best selection. Eat Henry June, 50 days after planting.

Axis cuts your driving - Terrorizes your engine with ACID!

Every time short rations keep your car idle it's really like the Axis trying to dose your engine with acid. All the Axis needs is the acid products of combustion always left in your engine when it stops. This unavoidable acid wasn't so bad when cleaned out pretty well, several times a day, on fast runs that warmed the engine completely. But now with slow short runs often keeping the engine too cool, acid's chance has increased to corrode metal.

To keep your tools from corroding you apply oil—again and again. In your engine you can have a more lasting preservative. It's designed to combat internal acid corrosion.

It's surfaced to metals as closely as any protective plating. That's why this inner engine preservative—made possible by the quick, simple, economical change to Conoco Nth motor oil—is known as OIL-PLATING.

Conoco Nth—patented—brings you the special synthetic invented to make metal surfaces cover themselves with OIL-PLATING. It may be quite a while "between coupons" now. But you needn't give hungry acids all that while to gnaw at your engine, which the Axis won't let you replace yet! OIL-PLATE it now. Change to Conoco Nth for Spring. Continental Oil Company.

Canada's Tanks Roll Off Production Line And Into Battle

Part of the production line in the Ram tank factory, second largest arsenal for tank production in the world. Heavily armed with machine guns and cannon, the Ram is powered with a Wright Whirlwind engine, a versatile war machine.

These heavy infantry tanks of a bilingual battalion from Quebec are part of the Canadian Army Tank Brigade, photographed during intensive maneuvers in England. The outfit has been built into a powerful, effective striking force which will make its strength felt on some allied offensive front soon.

TO BEAT THE AXIS!

COTTONSEED CAKE for more MEAT—
COTTONSEED MEAL for more MILK—
COTTONSEED OIL for more FATS—
COTTON LINTERS for more GUNPOWDER—

Make COTTON A VITAL WAR CROP for our great war offensive

Besides feeding and supplying our own soldiers and war workers, America is sending vast quantities of Milk, Meat and Ammunition to our Allies all over the world.

To supply the increased demand for Meat and Milk production, stockmen need all the COTTONSEED CAKE AND MEAL—America's greatest single source of rich PROTEIN—we can produce.

By growing more Cotton this year, Cotton farmers will help to beat the Axis. Add at least one extra bale for Victory in 1943!

Southland News

Virginia King, Correspondent

Last Thursday evening, Durwood Hallman was host at a party for his room at school. After an evening of games, cocoa and cookies were served to: Peggy Bartlett, Mary Lou West, Wanda Faye Kelly, Lena Mae Samples, Billy Lancaster, George Jackson, Harold Voigt, Hollis Barkley, Max Chaffin, Harley Martin, Tommy Wheatley of Slaton and the host.

The Lutheran Ladies' Aid met in the home of Mrs. Herman Klesel Sunday afternoon for their 96th monthly devotional and business meeting. The topic for discussion on the program was Lutheran World Action.

A motion was carried to contribute \$5.00 to the Red Cross.

Refreshments were served to the four visitors, Mesdames Ben Wilke, Walter Maeker, Werner Klaus, Grandmother Klesel, and the fifteen members present.

Thursday evening, Ensign and Mrs. McGee Moore were honored at a farewell party at the Gym. Unlike most affairs of this kind, the adults had no part in planning or overseeing the games. The High School students also served refreshments to about 250 guests.

Among the many gifts were: a white gold identification bracelet bearing the Navy insignia and having an inner compartment for a photograph, given by the High School; and a \$25 War Bond, given by the patrons of the school.

Ensign Moore was Grade School Principal last year and was promoted to Superintendent. Mrs. Moore taught in the Grades. They came here after four years of teaching at their home town, Lamkin, where he was Superintendent. Both are graduates of Daniel Baker College, Brownwood.

Last Tuesday the Navy Department notified Mr. Moore to report in Dallas Wednesday of this week for three months secondary training, then he will be stationed at Pensacola, Florida. Ensign Moore received his Commission Dec. 14. He has 70 flying hours.

Pfc. Dickie Martin, who is stationed at LAFS, can't get any more passes to come home. He was recently promoted to Check-in Clerk, a position formerly held by another local boy, Manuel Reyes.

Slater Moore of Farragut, Idaho, came home Thursday to spend four days. This son of the J. F. Moore's is in the Cooking School of the Navy Department.

Cadet Ralph Landers of San Antonio was surprised last week by a visit from his mother, Mrs. Annie Landers of Southland, and a sister, Miss Ruth Landers, of San Diego, Calif.

Dorothy Del Gats, our only girl in uniform, writes that she likes the WAVES. She will be in Cedar Falls, Iowa for about five weeks. Her brother, William Noel, is at Camp Hulen, Texas.

Last week Mrs. Harry King received a record which her youngest son, Robert Leon King, had made in Chicago.

Capt. Martin W. McCarty of Lubbock, who is a distant cousin of Mrs. McGee Moore, is now reported missing in action.

Have your prescriptions filled at **TEAGUE'S DRUG STORE** by a registered pharmacist.

gravely before Lt. Ann Markusich while she administered the oath that made them members of this nation's first women's army.

Dark-eyed, vivacious Louie Lee, 22, and youthful, red haired Mrs. Strickland, 38, could hardly restrain their emotion as other WAAC officers and auxiliaries crowded around to offer their congratulations.

"If only Dad could see us!" Louie Lee exclaimed.

But "Dad" is a sergeant with the U. S. Army Engineers "somewhere in England." Needless to say, he would have been proudest of all to see his wife and daughter join the women's army corps that makes them soldiers right along beside him.

Lubbock, (Special) — A new twist was given furlough requests at South Plains Army Flying School this week.

Lieut. Charles D. Higby, Jr., of Arkansas City, Kan., is a student officer at SPAFS. He was informed that his father, in a letter, had requested permission for his son to attend his graduation from Officer Candidate School at the Quartermaster school at Camp Lee, Va. At the present Lieutenant Higby outranks his father, but "he's still giving me orders," Lieutenant Higby remarks.

Lubbock, March 12.—Even the busy office force stopped work here today to watch in respectful silence as Mrs. Abbie Lee Strickland and her daughter, Louie Lee, of Odessa, were sworn into the Women's Army Auxiliary Corps. The Stricklands might have been mistaken for sisters instead of mother and daughter as they stood

Movie Reporter.

Director Elliott Nugent solved neatly a problem in Axis relationships for the gay, romantic comedy, "The Crystal Ball," co-starring Paulette Goddard and Ray Milland, which is slated to open at the Palace Theatre on Sunday and Monday thru United Artists release.

In this romantic comedy Ray is chased by two lovely ladies, Paulette Goddard and Virginia Field and is caught finally by one after many exciting experiences.

The scene at a shooting gallery calls for Milland to hit three targets placed in a row—likenesses of Hirohito, Hitler and Mussolini. When he hits Hirohito, the Emperor of Japan kicks der Fuehrer, next to him, in the pants. When Milland scores a bull's eye on Hitler, Adolf kicks Mussolini in the same place. But whom is Benito to kick in the progression? Nugent's solution: Mussolini kicks himself—which some competent authorities say is exactly what is happening on the international scene.

Paramount's long-awaited "Wake Island," film dramatization of the 446 beleaguered Marines on the tiny Pacific isle who held out against 20 to 1 odds of Jap bombing and invasion forces, will arrive Tuesday, Wednesday and Thursday at the Palace Theatre.

Advance reports from preview observers have already pronounced this picturization of the gallant Marine stand an epic as motion picture entertainment. That would be only natural, for a great story was put into the hands of the movie-makers and produced with the active cooperation of the United States Marine Corps.

Featured in the cast of the thrilling account of Marine heroism are Brian Donlevy, Robert Preston, Macdonald Carey, Albert Dekker, Walter Abel, Barbara Britton and William Bendix. John Farrow, one of Hollywood's most brilliant directors, with a long string of successes to his credit, did the megaphone job.

"Wake Island" concerns itself with the men who did the fighting in the foxholes and in the air in defending that patch of desert soil jutting up out of the Pacific. It is a drama of supreme heroism, of men who wouldn't quit although they knew reinforcements were out of the question. It is the story of men who were devoted to American ideals and knew they were worth fighting for.

Their great feat of pinning down a huge enemy force for fourteen days will never be forgotten by this nation and its allies—and we have a hunch that "Wake Island," the film dramatization of their valorous stand, will similarly never be forgotten.

There is no doubt that "Wake Island" will measure up to anyone's idea of strong, thrilling movie entertainment.

ico, spent the week end with his parents, Mr. and Mrs. A. L. Perdue.

Alber Holder, O. W. Powers and sister, Naomi, were in Amarillo Thursday.

Mr. Pat Swann was in Tahoka Monday.

Iva Clary has moved to Mr. Cook's house.

Mr. Joseph Campbell and family have moved to the farm.

Mr. and Mrs. Doyle L. Hutcheson spent the week end with her parents, Mr. and Mrs. C. P. Holder.

Jack Blevins and wife of South Plains Army Flying School, Lubbock, spent Friday with her parents, Mr. and Mrs. Pat Swann.

A bridal shower for Mrs. Doyle J. Hutcheson, formerly Mildred Holder, was given in the home of Mrs. W. F. McLaughlin Saturday, March 13. Refreshments were served to the following: Mesdames H. Hannabas, Doc Holder, E. P. Holder, C. W. Hutcheson, Ralph Milliken, H. H. Hewlett, Pat Swann, Gred Brannon, Jack Blevins, E. W. Baker, W. H. May, B. Powers, W. F. McLaughlin, Jiggs Swann, and Misses Nelda Faye and Joyce Raymond and Wenda Baker. Gifts were sent by Mesdames Chester Swope, L. Lumsden, S. H. Gryder, M. Murray, W. J. Hancock, Earl Cummings, Harville Phillips, Pat Campbell, Abe Perdue, A. L. Holder, E. F. Alderson, C. W. Ramsey, H. B. Crosby, J. B. Taylor, W. C. Putman, E. L. Blankenship, Bess May, W. H. Jackson, Ross Williamson, S. G. Anthony, Roy Robinson, E. O. Montgomery, W. A. Tadlock, C. E. Campbell, Arvan Holder and Kathryn Crowder.

Featured in the cast of the thrilling account of Marine heroism are Brian Donlevy, Robert Preston, Macdonald Carey, Albert Dekker, Walter Abel, Barbara Britton and William Bendix. John Farrow, one of Hollywood's most brilliant directors, with a long string of successes to his credit, did the megaphone job.

Australia Fights COUGHS

Due to Colds or Bronchial Irritations—With Buckley's "Canadiol"

It's extra fast for Dad—yet gentle and mild for Mother and the Kiddies.

This means that those nasty irritating coughs—due to colds or bronchial irritations—that so often disturb a man's sleep—get amazing fast relief.

Almost instantly you get the surprise of your life—coughing spasm ceases—right away it loosens up thick choking phlegm—opens up clogged bronchial tubes—makes breathing easier.

There's real economy in Buckley's—all medication-free syrup. Half to one teaspoonful will conquer the most skeptical Cough Mixture that catches all others in Australia, New Zealand, Canada and many other countries on earth since all druggists.

Want To Help Uncle Sam?

... Then Do These Things Before Calling the Serviceman

He's mighty busy doing war-vital work!

First, if an appliance fails to work... see if it's connected. You'll be amazed how often a disconnected extension cord is the only trouble.

If only one light is out, replace the bulb. If several lights go out, check the fuses. Replacing a burned out fuse may be all that's necessary... and you can change a fuse as well as the serviceman. You'll save yourself inconvenience and delay, too!

If ALL your lights are out... all your fuses are okay... and your neighbors' lights are out, too... then call the serviceman.

... and for more light with no more electricity here's another tip... clean light fixtures increase light 20 to 30 percent!

Miss Pickle Presents Pupils In Recital At Club House

Miss Pickle will present her pupils in recital this afternoon at 5 o'clock, at the Club House.

The program is as follows:

- Peggy Bruner—
1. The Fairies' Harp, by John Thompson. 2. The Chimes. 3. Twilight Bell, Allene K. Bixby. 4. Clown Capers, Milo Stevens, Cynthia Loveless—

1. Tony's March. 2. Arriving at the Fair. 3. Stepping High. 4. The Whistling Jockey. All by Elizabeth Quaille. 5. A Walking, Jane Weybright.

Guests: Cynthia Loveless and Kay Porter—
Jack and The Drummer Boy by Bernice Frost.

Ethlyn Young—
1. The Whistling Jockey. 2. Tony Decides. 3. Away He Goes. All by Elizabeth Quaille. 4. The Big Rock, Helen Boykin.

Kay Porter—
1. Indian Dawn, Katherine K. Davis. 2. Hop Toad, Bernice Frost. 3. Pussy Cat's Greeting, by E. Quaille. 4. The Buzzing Bumble Bee, G. L. Spaulding.

Loyal Workers In Ferguson Home

Loyal Workers Sunday School Class of Methodist Church met Thursday, Mar. 11, at 3 p.m., with Mrs. S. P. Ferguson, assisted by Mrs. W. P. Shelton.

During the business meeting, Mrs. P. M. Wheatley was elected reporter in place of Miss Marie Grey. Sunshine sisters were revealed and names drawn for three more months. Red Cross work was discussed.

Mrs. Ray Conner brought the devotional, Mrs. Chas. Walton and Mrs. Cecil Self made talks and Mrs. Ferguson gave the prayer.

Those attending included Mesdames Ray Conner, H. H. White, C. A. Porter, Cecil Self, Grady Wilson, W. H. Proctor, O. W. Ray, C. L. Suit, Chas. H. Walton, J. O. Jenkins, C. L. Heaton, Marion Hodge, J. J. Rinney, P. M. Wheatley and the two hostesses.

The adjourned to meet again the second Thursday in April, with Mrs. White.

NATALIE McDONALD IS HONORED ON BIRTHDAY

Natalie McDonald

Natalie McDonald, daughter of Mr. and Mrs. Harry McDonald, of Buttonwillow, California, was honored on her third birthday Wednesday at the home of her grandparents, Mr. and Mrs. J. S. McDonald.

Moving pictures were shown and during the afternoon pictures were taken of the little guests and the honoree.

Punch and cake were served to Linda Lee Davies, LaRoyce Loveless, Janis Kay Bagby, Jackie Morris Sheppard, George Ellis, Dorothy Heaton, Nancy Kay Castleberry, Donnieta Ellis, Suzanne Neill, Robert Heaton, Billie Jay Castleberry and the honoree.

Picture Attracts Much Attention

This week's art exhibit in the Slaton Pharmacy window is the work of Mrs. F. W. Ater of San Angelo, Texas, who is a sister of W. T. Cherry.

It is an October scene, painted down on the North Concho River. Mrs. Ater presented this picture to the Cherry family for Christmas and it is valued at \$300. The picture is attracting much attention. Even the frame was made by Mrs. Ater.

Announcement Of Marriage

Announcement has been made of the approaching marriage of Miss Helen Cohen, daughter of Mr. and Mrs. Joe Cohen, 1009 Fifth Ave., Ft. Worth, and Mr. Julian Kessel of Slaton. The date has not been set.

The bride-elect is a graduate of Paschal High School. The bridegroom-elect attended Texas Tech, Lubbock.

Slaton H. D. Club Met Wednesday

The Slaton Home Demonstration Club met Wednesday, Mar. 17, at the Club House. Mrs. C. E. Lilley and Mrs. Carter Shaw gave the program, "I Will Take Good Care of Myself."

Those attending were Mesdames E. E. Wilson, C. E. Lilley, Clea Young, Henry Robinson, Roy Collins, W. H. Long, R. C. Hall, A. R. Keyes, C. C. Shaw, I. C. Tucker, and new members, Mrs. E. A. Kereheval, Mrs. W. W. Edwards, Mrs. Bert Thornton, and one visitor, Mrs. Hoyt Agnew of Lubbock. Next meeting will be in the home of Mrs. Henry Robinson Apr. 21 at 2:30.

W.S.C.S. Has First In A Series Of Peace Programs

Mrs. R. H. Todd was the leader Monday afternoon of the first in a series of six "Peace" programs to be given at the Methodist Church. Mrs. Allen Ferrell gave a 15 minute program of quiet organ music. A hymn, "The Light of God is Falling," was sung by the group after which Mrs. R. G. Loveless read a scripture in keeping with the program.

Mrs. Todd's subject was, "A New Earth Wherein Dwell Righteousness." Mrs. Hugh Zimmerman rendered a vocal solo.

Rev. Paul Stevens of the Presbyterian Church read portions of several addresses of some of the earlier statesmen, closing with Lincoln's famous "Gettysburg Address" and was accompanied at the organ by Mrs. Ferrell. Mrs. Zimmerman sang a response, "Through Love to Light," then led the group in singing the National Anthem. Rev. H. C. Gordon dismissed with prayer.

There will be five other meetings at the Church for the next five Mondays at 3 p. m. Much preparation and study has been put into these programs.

ELECTION OF OFFICERS HELD BY PIONEER CLUB

Daughters of Pioneer Club met in the home of Miss Naydine Smith Monday evening at 8 o'clock.

During the short business meeting the following officers were elected: President, Miss Mary Watkins; Vice President, Mrs. Earl Reasoner; Secretary, Mrs. Robert Singer; Treasurer, Mrs. Cecil Scott.

After the election, Mrs. Reasoner gave a talk on Federation News.

Refreshments were served to the following members: Mesdames Oree Glascock, Arthur Haddock, James Collins, George Privett, Earl Reasoner, Levi Self, Odie Hood, Melvin Tudor, J. P. Haliburton and Misses Myrtle Teague, Mary Watkins and the hostess.

W.M.U. Meets With Mrs. Lott Monday

W. M. U. of the Baptist Church met with Mrs. E. M. Lott, Monday afternoon, with Mrs. W. T. Driver assisting.

This was their Royal Service Program, the subject of the lesson being, "Making the World Safe for Democracy."

Mrs. Vernon Wampler was leader of the lesson and others taking part were Mrs. W. P. Florence, Mrs. O. O. Crow, Mrs. W. O. Eowen, Mrs. Guy Brown, Mrs. A. C. Strickland, Mrs. R. M. Champion, Mrs. Fred England and Mrs. Fred Stephens.

Refreshments were served to 25 members.

FORREST BIBLE STUDY.

The Forrest Bible Study will meet at 3:30 p. m., Tuesday, at the Methodist Church. Mem. vs., Titus 2:13.

Lesson: Studies in the Book of Numbers, The Book of Journey in Numbers, Chapters 1-10. At Sinai.

1. State one great contrast between the book of Leviticus and the book of Numbers.

2. When the men of war had all been numbered, what was found to be the total number of fighting men?

3. Which tribe was the strongest in numbers?

Which tribe was the weakest in numbers?

4. Why was not the tribe of Levi numbered with the warriors?

5. What may have been the reason the tribe of Levi was given the honor of bearing the tabernacle? Read Exo. 32:1-26.

6. Name the three classes of people of which the camp was composed.

Slaton Art Club Is Entertained With St. Patrick's Luncheon

Mrs. Arthur Dennis, assisted by Mrs. Dave Gerson, entertained the members of the Slaton Art Club with a St. Patrick's luncheon Tuesday at 1 p. m.

Pure white china was used on a table covered with a white damask cloth strewn with shamrock. The centerpiece was a huge green pot filled with Irish potatoes. Favors were tiny hand crocheted green hants filled with salted nuts. Typical Irish food was served to the members and one special guest, Mrs. E. V. Woollever.

Following the luncheon the group sang Irish songs and roll call was answered with Pat and Mike jokes.

Mrs. Dennis told the story of St. Patrick, after which the party entered the living room where Mrs. Gerson, dressed as Betsy Ross, sat sewing on the flag, and Mrs. Dennis read, "The Makers of the Flag". They all gave allegiance to the flag and sang, "God Bless America."

A course of sweet peas tied with red, white and blue ribbon was presented each mother who had a son in the service. A blue star for each son was on the course.

After a short business session, Mrs. Margaret Eradshaw gave a talk on C.M.N.A. Mrs. Dennis had several pieces of Iron Stone Chimney that were old relics in her family some more than 100 years old.

Nine pictures were exhibited, after which they adjourned to meet the last Tuesday in April, with Mrs. J. D. Barry.

Hard Luck For Hitler

Welders in Canadian war plants wear "jinx masks" as they cook up something devilish for the Axis. Designs painted on the welders' masks are like those of African head hunters out for the kill.

CANADA is producing war materials at the annual rate of \$2,500,000,000. Munitions Minister C. D. Howe has announced. Orders placed by the Department of Munitions and Supply now are well in excess of \$6,000,000,000 and the total is rising rapidly as Canada's industrial machinery nears its planned maximum production. Value of war products actually delivered totals nearly \$3,000,000,000, and in addition, about \$1,000,000,000 has been expended on plants, machinery and defense projects.

In addition to these amounts spent by the Department of Munitions and Supply there have been war shipments of metals, foodstuffs, timber and other supplies to the United Nations valued at an estimated \$1,500,000,000.

Canadian war supplies are being used on every battlefield. They have been allocated as follows:
30% Canadian forces at home and abroad.
50% United Kingdom or British combat areas and Russia.
20% The United States, China, Australia and the Pacific theaters of war.

Canadian munitions have been in every battle since Dunkirk and they have played no inconsiderable part in the United Nations' victories in North Africa and Russia.

\$5.00 AND 10 FREE PASSES TO PALACE THEATRE to be given in WHOSIT CONTEST

HERE'S HOW

In each advertisement on this page one or more questions are asked concerning the leading business firms of Slaton. If you have lived in or near Slaton for six months or more you should be able to answer them all without much trouble; if you cannot answer them readily, a few inquiries among your friends will give you the information.

To enter the contest, fill in the correct answers in the space at the bottom of each set of questions. To the person turning in the neatest and most correct answer, we will give \$5.00 in cash; to the next best we will give a pass for two people to the Palace Theatre, and to the next eight we will give a single pass to the Palace Theatre.

All entries must be delivered to the Slatonite office by twelve noon, Wednesday March 24th. Winners will be announced in the Slatonite on March 26th. Remember, neatness will be considered as well as accuracy when prizes are awarded.

WHOSIT THAT?

has opened a Modern Service Station at the corner of Lubbock Street and the Highway. He is featuring

MOBILGAS and MOBILLOIL

He is open all day Sundays from 8:30 a. m. until 8:30 p. m. for your convenience and closed all day Wednesdays in accordance with the Rationing regulations. He is an experienced Service Station man and can and will give you the best of service for your car.

Who is He

WHOSIT THAT?

sells Florsheim and Freeman Shoes for men, Stetson and Davis hats, Lee Work-Clothes and a full line of luxurious Womens Lingerie and Hosiery for Women. He also has an expert Dry Cleaning Department that gives prompt service.

Who is He

WHOSIT THAT?

operate the only Steam Laundry in Slaton where all clothing is thoroughly cleaned when returned to you and where you can have your laundry done and your Cleaning and Pressing done at the same time. This concern operates an efficient delivery service.

Who are they

WHOSIT THAT?

have one of the best equipped repair shops in Slaton to service all makes of automobiles and where experienced mechanics are working day and night to keep Slaton cars in top running condition. This firm has parts for the world's best automobiles and will be the exclusive agents for Chevrolet when Hitler hits the bottom.

Who are they

WHOSIT THAT?

are selling Conoco Products in Slaton including Nth Motor Oils. This firm is equipped to vulcanize all size auto and truck tires and does tire repair work that is up to all Government standards. Two brothers operate this business.

Who are they

WHOSIT THAT?

has a Grocery store with a name of which he is very proud and one of which every Texan should be proud. It is stocked with the best the market affords in fresh fruits and vegetables and can supply the most fastidious family with the kind of food they like best. All canned foods have been plainly marked as to ration points required and shopping here is most convenient.

What is the name of this store

WHOSIT THAT?

has one of the neatest, cleanest Service Stations in Slaton. They feature Texaco products. They have a good stock of Auto accessories and are on their toes at all times to serve you. The station is located on the Highway within three blocks of the square.

Who operates this station

WHOSIT THAT?

will trade with you on any kind of appliance for the home. He was the exclusive representative in Slaton for Zenith Radios and Leonard Refrigerators before they were taken off the market. He is also an expert electrician and plumber.

Who is He

WHOSIT THAT?

can make your sleep so enjoyable by making over your old mattresses into new ones? He not only makes over old mattresses but can make you a new one and has a wide variety of attractive patterns in ticking to show you. A phone call will bring him to your home to quote prices.

Who is He

WHOSIT THAT?

has one of the best equipped machine shops on the South Plains, one in Slaton and one in Lubbock. He has the most modern block welding equipment and can mend anything from a broken heart to the crack of Morn and invites farmers to bring all farm machinery to him for repairs.

Who is He

WHOSIT THAT?

has the only Department Store in Slaton and has one of the largest stocks of apparel on the South Plains for men, women, and children, including Airstep Shoes for Women in the newest spring styles and Resistol hats for men. The women will find the best array of new spring apparel in Lubbock County here at very modest prices. There is a 5c and 10c Store in Slaton by the same name.

Who is it

WHOSIT THAT?

represents a group of the most dependable Fire, Casualty, and Accident Insurance Companies in the nation. It is the oldest Insurance and Real Estate Company in our town and is very active in securing and selling both farm and city property. It is located on 8th St.

What is the name of this concern

WHOSIT THAT?

is the exclusive outlet in Slaton for Fuller brushes. He has sold the people of Slaton the best Radios, Washing Machines, Electric Refrigerators and Appliances that are on the market until these items were taken off the market. He still has a big stock of dishes, glassware, fishing tackle and most all kinds of household needs. His windows are always full of things you need.

Who is He

WHOSIT THAT?

has been razzed in this paper about being a pencil toter and about his watermelons. He is in the Real Estate, Loan, and Insurance business and his slogan is "Insure in SURE Insurance".

Who is He

WHOSIT THAT?

has opened a new Chicken Hatchery and Poultry Establishment where the baby chicks are hatched from only blood tested flocks and where the strictest sanitary conditions exist insuring all chicks to be healthy and vigorous before they are soold. Poultry remedies are also in stock at this place, as well as a big stock of Merit Poultry feed in all grades for baby chicks, growing feed and egg producing mixtures. If you are planning a Victory Garden you can get the best of bulk or package seeds here too. What is the name of this new Hatchery . . . ?

Mrs. H. M. Faulkner says that I omitted one classification in my last week's list of hard professions, and she modestly admits that she considers being a housewife as the very toughest job anyone could have. Of course her viewpoint may be biased and I am willing to admit that she may have a tougher job than the average woman, for if her husband is as rough on the home equipment and smears ink around on the bath towels as much as he does on everything he touches around here when he steers the linotype, feeds our half-breed rock crusher and printing press and in his leisure time turns out letterheads, programs and wedding invitations, then I will concede that being a housewife might have a few minor difficulties but as an ordinary profession, I have a rough time trying to cover up the smirk or sickly grin that comes bubbling to the surface every time I hear a woman go off on that sob story about the problems of keeping house.

There is seldom an hour in the day unless it is between 11:30 a.m. and 12:30 p.m. that there is parking space in front of a soda fountain and I feel sure that coffee rationing was brought on by the women of Slaton who keep the old pots boiling from morning until poor old worn out hubby comes home from work and another restriction that can be traced to the poor overworked women is the rationing of canned goods. . . it certainly is going to be tough having to eat uncaned vegetables that have been cooked only ten minutes, get along with out coffee for dinner and listen to the complaints about how hard it is to be a housewife.

*_*_*_*_*

It seems to me that living under war

time conditions has made the routine of living even more complicated than it could ever have been in the United States. Our countrymen no doubt had less to eat per capita during the Revolutionary War and the people of the South suffered more privations but it takes as much bookkeeping now on a can of beans as it did to keep the accounts of large business institutions back in my fathers best days. Are we going to turn into a nation of coupon counters, a nation of liars or starve because it is too much trouble to go through the ordeal of getting something to eat by legal methods?

*_*_*_*_*

A. C. Strickland, instructor in agricultural subjects at the High School is tearing around like a coon dog on a hot scent and says he expects the Lubbock County hog, lamb and calf show to be the best that has ever been held.

Professor Strickland promoted a calf, hog and lamb show last spring that attracted one of the largest crowds of people to visit Slaton in 1942 and the 4-H and FFA boys who brought their animals here were greatly pleased by the attention their petted and pampered animals received.

At the 1942 show I followed the judges around and made my decisions long before they did, but my decisions did not seem to agree with theirs on a single calf, hog or lamb but I did not go to near as much trouble as they did and I still think that the ones I selected might have made just as good steaks, bacon or lamb stew. In fact I do not see much need to go to all the trouble these stock

show judges go to, especially on lambs for all mutton tastes just alike and as far as I am concerned I had just as soon have a stewed blanket as a hunk of stewed lamb any day.

If Professor Strickland should get into a jam and need a judge at this show this spring, I will be glad to get the job over with in a hurry, all I will ask is a 96 point hunk of T-bone off the first prize calf and a strip of bacon from the prize pig.

*_*_*_*_*

Mrs. Bill Klattenhoff says that she has gone in for the poultry raising idea to raise food for Victory while Bill is on the side of those who believe that a garden is the best way to prepare for a long hard summer.

Mrs. Bill says that she could get sore at next door neighbors and not speak to them for killing her chickens or Bill could kill the next door neighbor's chickens for getting into his garden, but with her raising chickens within a few inches of Bill's garden, there is no telling what kind of complications may turn up.

*_*_*_*_*

Along with all the Civic Clubs all over the nation the Slaton Rotary Club is having difficulty in getting meals served to them at their noon meetings. There have been many suggestions made including having each man bring along his own sandwich in his pocket and all of these plans have made sad music to me.

Just the thought of gnawing on a cold sandwich that I have been sitting on

all morning gives me the indigestion the terrible strain I would have through each week in deciding what it should be an isinglass thin ham or "guess what" sandwich made of scraps that the dog had turned down, would make me give up my important part in what the Civic Clubs are not doing for the betterment of the nation. No Sir, if it gets down to where I must make my own sandwich and take it to the Rotary Club and enter into a dry sandwich eating contest with Abe Kessel, Paul Stevens and Homer Crews then I'm going to sneak out the back way and eat what I can get at home even if I do have to give up a page or two from stamp book No. 2.

*_*_*_*_*

Up until the shoe rationing order descended upon us over night, I had always been well satisfied with any old pair of shoes and never looked at the bottom parts until I felt a splinter stick me or until I could feel gravel scraping the soles of my feet when I walked, but now I am afraid to walk at a high speed and never come to a quick stop or go around a corner on one foot for fear of wearing the thin soles I had on my Sunday, Monday, Tuesday, Wednesday, Thursday, Friday and Saturday pair of shoes. Of course, I never did buy three pairs of shoes in one year and I never worried about running short of shoes before, but I look in every window now and estimate just how many months the soles on the shoes on display will last and I'll bet I find myself with enough shoes to equip the Home Guard when the war ends.

CANADA --- Arsenal of British Empire

Canadian-built guns use Canadian-made shells. In the top photo, a Canadian 25-pounder gun is being fired with Canadian ammunition. Women play a vital role in the shell industry. Girl in bottom photograph, formerly a tea room attendant, inspects 25-pounder shells in Canada's largest shell factory in Ontario.

Applying paint on 3.7 inch anti-aircraft shells, one of many produced under the vast shell and bomb program of the Department of Munitions and Supply.

Jars of death from a Canadian bomb factory, largest in the British Empire. In a year, it turns out more than 100,000 of these aerial bombs. Canada also produces practice bombs, and trench mortar bombs.
