Slaton, Lubbock County, Texas, FRIDAY, JULY 30, 1943.

NUMBER 46

SLATON CLEAN UP IS ORDERED

At the meeting of the Slaton Chamber of Commerce last Tuesday night, the subject of sanitation was brought up and discussed at length by the Directors and after consideration, the following resolution was passed.

The Directors did not pass the resolution in criticism of the efforts now being made, but in a spirit of wishing to co-operate in any way possible. Attention was called to the fact that due to war time conditions, great difficulty in securing help and equipment has no doubt interfered with garbage disposal and other health precautions. It was the opinion, however, of the Directors of the Chamber of Commerce that the health of the community is of vital importance and that even at the risk of neglecting other important work the cleaning up of the city should be attended to at once and that sanitary conditions should be guarded at all times.

FIRE EATERS TO HAVE BIG CHICKEN DINNER

The members of the Slaton Fire Department, their wives and the City Commissioners are to be entertained at the Fire Station tonight with a fried chicken dinner. This is an event that the men look forward to each year and the supply of top grade frying chickens is expected to go way down after today.

Schedule For Revival Services

The schedule for the Revival Services which will begin in the Methodist Church August 15 will be as follows:

9-10 Morning Service. Tom Johnson, of Sweetwater, will preach and Cecil Matthews, of Lubbock, will lead the singing.

10-12 A. M. Special features for children and young people under the direction of Bro. Matthews.

7:30 P. M. Bro. Matthews will conduct services for young people. Local workers from the church school staff will hold services for the Juniors at this same hour.

8:30 P. M. Bro. Johnson will hold preaching services on the church lawn. Bro. Matthews will have charge of the singing.

With a most brotherly spirit, we invite the people of all churches and the town at large to engage in these services with us.

Funeral Held Wednesday For K. S. McKinnon

Funeral rites were held last Wednesday in Hillsboro, Texas, for K. S. McKinnon, former Principal of the Slaton High School, who resigned at the end of the school season to accept a place as Superintendent of the Olney, Texas schools. He was 40 years of age and had been employed in the Slaton schools for over six years.

While Mr. McKinnon had been in ill health for some time, his death was unexpected. Mr. McKinnon was originally from Hillsboro and had spent his vacation there. His death occurred in Wichita Falls, July 26, where he had gone to visit his brother.

Reverend W. F. Ferguson of the Slaton Baptist Church directed the funeral services. Professor McKinnon was active in the Baptist Church here.

Guard Members Go To Camp Bullis

First Sgt. Jerry Mudgett and Platoon Sgt. B. B. Castleberry of the Slaton Unit of the Texas State Guard, spent last week at Camp Bullis, near San Antonio, attending training school for members of the organization.

The instructions consisted of riot, mob and gas training with drill of 1 1/2 hours each day. There were over 300 men in the group that took the week's work and they received instructions from 6 a. m. until 5 p. m., each day.

The two sergeants will use the same methods taught at the school to instruct the members of the Unit here in Slaton.

Colored Church To Have Meeting

C. W. Henderson, minister of the Triumph Baptist Church of Slaton, is entertaining the Sunset Baptist Association and Women's Auxiliary, August 4th through the 8th.

The services will be held Friday night, August 6th, in the City Hall Auditorium. There will be singing by fifty voices and the President of the Women's Convention of the General Baptist Convention of Texas will make the address. The public is invited.

C. Of C. Considers Ways And Means To Construct Two State Roads

At the regular meeting of the Slaton Chamber of Commerce last Tuesday evening at the City Hall, Webber Williams acted as temporary President in the absence of President M. S. Franough and Vice President S. A. Peavey.

Subjects discussed by the Directors were methods that would be effective in getting the Canada to South America Highway routed through Slaton, ways and means of establishing a highway from Tahoka to the Plainview Highway through Wilson and Slaton, and the health and sanitary condition of the town.

Committees were appointed by Mr. Williams to work out methods in which these plans could be followed up. W. R. Sewell gave those present some details on the work being done in Slaton by the Slaton Unit of the Texas State Guard and the work being done here was approved by the members of the Chamber of Commerce. Mr.

Sewell called the attention of the organization to the fact that the Slaton Unit needs the support of every business man in the town in order to keep the State Guard in action, especially in keeping up the personnel. Mr. Sewell reported that due to the fact that a large number of the members are made up of the young men who are being taken into the armed services from time to time, replacements are needed frequently and employers are being requested to encourage their employees to take advantage of the opportunities for training and for giving service to their country that the Texas State Guard offers.

Paul Stevens, who is to leave soon to make his home in Taos, New Mexico, presented his resignation as a Director of the Slaton Chamber of Commerce and received a standing vote of thanks from the entire membership for the work he has done on the board in the past two and one-half years.

PROCLAMATION

WHEREAS the Slaton Board of City Development is at all times interested in the betterment of conditions in the City of Slaton; and
WHEREAS it would obviously be for the best interest of all citizens of Slaton to maintain the highest possible degree of sanitation within the City of Slaton; and
WHEREAS it is believed by this body that more effort should be exerted in Slaton to keep all alleys free of garbage and refuse, then
BE IT RESOLVED:

That a request be filed with the proper authorities of the City of Slaton that in order to prevent the spreading of disease, particularly poliomyelitis, (infantile paralysis), that is now becoming prevalent in many sections of the State, that the City of Slaton increase its efforts to keep all alleys, business and residential, free from garbage; that this be accomplished by making more regular collections of garbage and refuse, and by the hiring of one or two more trucks through July and August by the City Sanitation Department; that all citizens be urged to keep garbage containers covered at all times prior to collection by the City trucks; that a copy of this resolution be delivered to the proper authorities of the City of Slaton, and a copy be handed to the Slaton Slatonite for publication.

Duly adopted this 27th day of July, 1943.

SLATON BOARD OF CITY DEVELOPMENT.

BRIGGS ROBERTSON,
Secretary

WEBBER WILLIAMS,
President Pro Tem

Slaton Women to Furnish Day Room at Lubbock Base

Gospel Meetings Start Tonight

RAYMOND KELCY

Slaton is again to be favored with a visit from Evangelist Raymond Kelcy of Snyder, who will direct a series of Gospel Meetings at the Church of Christ at 11th and Division Streets, beginning tonight at 8:30 p. m. Meetings will be held twice daily beginning at 10 a. m. and 8:30 p. m., through Sunday, August 8th. Mr. Kelcy is well known in Slaton, having directed a series of meetings here last year. He is a sincere, forceful speaker and holds the interest of his audience whenever he speaks. J. G. Hufstetler of Lubbock will direct the song services.

Slaton women, co-operating in the Llano Estacado Camp and Hospital Council's drive, will furnish a day room at the Lubbock Army Air Base. The Council is sponsored by the Lubbock County Red Cross in co-operation with other chapters over the area.

In a meeting at the Slaton Clubhouse Friday morning, Mrs. C. P. Carlock, Production Chairman of the Lubbock Red Cross Chapter, explained the work of the Council to the fifty women present. She stated, "The day rooms provide a touch of home for the service men in camp. They are concrete evidence that the American people are standing solidly behind our armed forces. They are also morale boosters, because if there is one thing the Red Cross has learned above all things, it is that there is no surer way to keep up the spirits of our defenders than to make them feel at home in foreign settings."

The Camp and Hospital Service Council of which Mrs. L. C. Odum is chairman and her local committees, are standing by to help you supply this need. If you have any kind of second hand furniture that can be used in a living room, such as tables, smoking stands, lamps, or if you have games, puzzles, magazines and books, bring them to the surgical dressing room Monday or Tuesday mornings between nine and twelve o'clock. If you have no way of taking your contribution of articles, please notify Mrs. Odum and she will see that they are called for.

(Continued on Page Four)

FOUR SQUARE GOSPEL REVIVAL CONTINUES

REV. T. M. HICKS

Revival services continue at the Four Square Gospel Church, located on Texas Avenue. Reverend T. M. Hicks preaches each morning at 10:00 a. m., and each evening at 8:30 p. m.

Rev. Hicks and Rev. W. W. Parish, local pastor, cordially invite everyone to attend and hear the old time Gospel.

CONGRATULATIONS TO:

Mr. and Mrs. W. L. Jones, Jr., of the experiment sub-station east of Lubbock, on the birth of a son weighing 7 lbs. and 8 ozs., Monday, July 19.

SLATON YOUTH HAS LEG HURT

Raymond Brooks, who was one of a group of four boys in an automobile accident that occurred about 1:30 a. m. last Thursday, suffered a fractured leg and a sprained wrist and ankle and will be confined to his home for several weeks. Bobby Smith, who was also in the accident, had his left arm cut and bruised.

The car was driven by J. B. Brooks, Jr., and collided with a parked truck in the third block on West Lubbock Street. The truck was not damaged, but the automobile was. Raymond and J. B. Brooks are cousins and the car was the property of J. B. Brooks Jr.

Surgical Room Opens Tuesday

According to Mrs. Ben Mansker, chairman, the Surgical Dressing Room will open Tuesday, August 3, at 1:00 o'clock until 5:00 p. m. It will also be open on Wednesday at 1:00 o'clock and Thursday morning at 9:00 until 11:00, Thursday afternoon at 1:00 until 5:00 and Thursday night at 8:00 until 10:00.

Mrs. L. B. Hagerman has recently been elected as co-chairman to assist Mrs. Mansker.

The Dressing Room is well supplied and all ladies are urged to come and help roll bandages for the boys in service.

2nd Slaton Man Jap Prisoner

DALLAS, July 30.—Names of 21 Texans in the U. S. Navy and Marine Corps held prisoners by the Japanese in the Philippine Islands and Manchukuo, include Theodore McNally, Chief machinist's mate, U. S. Navy, husband of Mrs. Oshia McNally, Slaton.

Mrs. L. B. Olive Dies Thursday

Funeral arrangements had not been completed late yesterday for Mrs. L. B. Olive, who died suddenly at her home at 955 South 12th St., yesterday afternoon at 3:00 o'clock.

Mrs. Olive was a long time resident of Slaton and was the mother of Walter Olive of San Angelo, Clarence Olive of Dallas, Percy Olive of California, Mrs. D. F. Jones of Abilene, Mrs. J. I. Drewry and Mrs. Frank Lawrence of Slaton.

She was active in the Baptist Church and was well known in Slaton and this section of Lubbock County.

Changes In Gasoline Rationing To Be Made On B, C And R Ratings

Considerable changes are to be made in gasoline rationing regulations as to "B", "C" and "R" ratings beginning tomorrow, Saturday 24th.

Rules governing holders of these cards are given below, and should be studied carefully. For full details see Urgent Regulations at the City Hall.

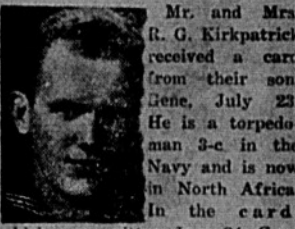

The present gasoline rationing procedure provides definite expiration dates for "B", "C", "E" and "R" gasoline coupons issued, and that after such expiration dates, the coupons become invalid.

We are now glad to advise that all such rations will be issued for a fixed period, but that the term "earliest renewal date" will be substituted for "expiration date." This means that such ration holders will be permitted to apply for renewals within 15 days before the "earliest renewal date" or any

OUR BOYS WITH THE COLORS

Unconfirmed reports inform us that Sgt. Jack Norman, Marine Corps, is in the base hospital at LAAF in Lubbock. Chief Water Tender Ed Howard, who has been in the Navy 14 years, is just back from the Solomons on a 30-day leave. Mr. and Mrs. Howard and little daughter, LaRue, are visiting Mrs. Howard's sister, Mrs. A. M. Martin. She will be remembered as Miss Pearl Brooks.

Mr. and Mrs. R. G. Kirkpatrick received a card from their son, Gene, July 23. He is a torpedo man 3-c in the Navy and is now in North Africa. In the card, which was written June 24, Gene states that he is well and safe.

Pvt. and Mrs. J. E. Childress of Bryan Field, spent last week end with their parents and other friends in Slaton and Southland.

Pvt. J. C. Tucker, son of Mr. and Mrs. I. C. Tucker, writes from New Caledonia that he has seen lots of boys he knew. J. C. is a radio operator.

Lt. Bob Ayers, who is stationed in the Naval Air Corps at Kingsville, Texas, spent last week with his parents, Mr. and Mrs. Ray Ayers.

Av. Cdt. Jack Edwards, Naval Air Corps, left Saturday after visiting his grandparents, Mr. and Mrs. J. S. Edwards.

A. W. Simpson left Wednesday for Williamsburg, Virginia, where he will report for Naval duty.

Howard Young, S 2-c, Coast Guard, is visiting his parents, Mr. and Mrs. J. O. Young. He is stationed at Fort Point, Presidio, California.

Pfc. Pat Appling, Bryan Field, Texas, visited his parents, Mr. and Mrs. P. H. Appling, last week end.

Mrs. Daisy O'Conner left this

JUST TALK

by
A.M.J.

There is no finer fellow in all West Texas than Uncle George Marriott and most certainly there is not a person in this section of the Plains who has a livelier interest in what is going on. Uncle George knows more young men in the service and keeps up with them by correspondence better than many of the youngsters own parents do. If there is anyone entitled to boast that he is "so" many years young then I believe Uncle George is the man who can stick his chest out and in his booming voice tell the world that he still has young ideas.

Uncle George is always doing nice things for people and as one of the recipients of his favor, I wish to thank Uncle George for the big bag of big potatoes he brought me along with another

big sack of small peanuts. Uncle George has proven time after time that diversification is profitable in this section and his big Irish potatoes prove again that potatoes are a neglected crop in this part of the county.

Having always been badly mixed up on geography, along with money matters; what to expect from women, spelling, and mathematics (after twelve times twelve), I would like to get some tips from Paul Steven's two little boys, ages half past two and six, as to how they can take a world globe and put their small fingers on most any nation that is shown on the apparatus.

As to myself I have tried to remember things shown on maps and globes by color and shape with no success and am still at a loss as to which way to go to find Germany, Italy, England or Oklahoma but these youngsters have some secret way of locating things on maps that even their parents cannot explain, it is a trick worth knowing even if the globes of the world will probably be torn up and made into jigsaw puzzles after the war ends.

One newspaper man comments that a scientist has made the prediction that man will be able to live on air in the future. The editor further states that he will have to discover how to do the trick himself unless the newspaper business improves considerably, and soon.

In fact all of the newspapers over the country have been hit some heavy blows by war conditions. Newsprint paper has been rationed, many manufactured products such as automobiles, tires, radios, electric appliances, lumber and building materials are being taken to the war industries, and advertising on all of these items has been reduced to a minimum; printers and mechanics are very hard to find and repair parts for printing machinery require a lawyer, a pistol and the influence of a Congressman.

Weekly newspapers are folding up all over the nation and the editors of those that are left will soon join the old boy I mentioned in the first paragraph who is experimenting on living on air. I am becoming more and more convinced that a negro with a blind mule and a broken down wagon is better off than the owner of a typical weekly newspaper.

Due to the fact that it is almost time for watermelons to get ripe, I have been toying with the idea of going out to see Charlie Austin, but Charlie mentioned the fact that his melons are not doing so well and I'll have to find some one to visit who has been more careful with his melon vines.

IT SAYS HERE—

Personal Aide
The best place to find a helping hand is on the other end of your own arm.—Rotary Bulletin, Lima, Ohio.

Coincidence
A murder is committed every 40 minutes in these United States; it is perhaps a mere coincidence that that is also the length of the usual after-dinner speech.—The Mont-

clarion, Monclair, N. J.
Required Reading
"Suppose you found yourself on a desert island, Bob," said the instructor, "and you could have only one book. Which book would you prefer?"

"Boat Building for Amateurs," Bob replied.—Log.

Careful Interpretation
A woman and a doctor were standing at the bedside of the woman's unconscious, delirious husband. Suddenly the patient began to shout: "Go away, go away . . . you cruel enemies, you frauds, you liars, you bluffers, go away . . ."

"I think he is coming to," said the doctor consolingly, "he is beginning to recognize us."—The Signal, East Pittsburgh, Pa.

Careless Cows
A certain rancher who was extremely forbearing suspected a neighbor of foul play. When he could stand it no longer, he sent the following message across to the suspect:

"Dear Jake, please don't leave your red-hot branding irons around any more so my cows can lie down on them."—Rotary News, Tatum, N. M.

Worth It
Husband: "Why do you feed every tramp that comes along?"
Wife: "It's some satisfaction to see a man eating without finding fault."—The Weekly Nuisance, Hammond, La.

Early last spring I went out in the back yard and dropped a lot of canteloupe seed around here and there among my wife's roses, under the peach tree and in the carrot bed, and it was no time at all until the canteloupe vines climbed all over the peach tree, bogged the rose bushes down and practically wiped out the carrots. However, a lot of tiny canteloupes soon formed and I got by with the idea that the shade the vines gave would be good for the rose bushes, we care very little for carrots and the peach tree was big enough to take care of itself.

It was not long before little rosy cheeked canteloupes began peeping out from under the vines and we have been going out admiring them every morning for the past three months. Now it is a close race between me and some kind of lice as to which one will get the canteloupes. Sug Robertson let me have some dope to squirt on the bugs, but I did not get enough of the dope to make the bugs quit the canteloupes and live off of the liquid. However, it seems to have discouraged the vines, as it has eaten holes through the leaves wherever I blew it on them and it will be nip and tuck as to whether I get a canteloupe, or, whether the bugs get them all. Never did care much for canteloupes, anyway.

New Super War Eye Locates Enemy

THESE pictures show what happens when enemy planes take off to attack Allied objectives these days. At the left, enemy planes rise from distant airfields. Radar, the new electronic super eye made possible by the electron tube, center, and now being used by United Nations fighting forces, detects the planes. Radar sends out radio waves which bounce

off the metal planes and are reflected back to Allied instruments which determine the planes' location, speed, and direction. This enables interceptor planes to surprise and destroy the advancing enemy, right. Radar is also used to locate enemy ships and surfaced submarines in darkness, fog, and far beyond the horizon, and has helped

make possible many spectacular Allied land, sea and air victories. General Electric scientists, among the many American and British research men who contributed to radar development, explain that post-war navigation of ships and planes will be as safe in fog as in clear weather with the use of this newest electronics development.

F. D. A. Assists Potato Growers

COLLEGE STATION, July 28.—Texas crop of white potatoes for 1943 is moving to market mainly through normal commercial channels. E. L. Upshaw of Dallas, state representative of the Food Distribution Administration, has advised the Texas A & M College Extension Service that through July 3 it was necessary for FDA actually to buy only one carload of Texas potatoes.

Meanwhile, 75 carloads of the Texas crop had moved on that date. At the same time the FDA had bought 334 carloads in the three other states of the region, Oklahoma, Arkansas and Louisiana. Of these, 170 carloads were sold to the Army.

According to Upshaw, meetings have been held in the east Texas producing area with a view to cleaning up the potatoes remaining, either through direct purchase selling to the army, or selling through commercial outlets. "We have not only helped growers sell potatoes in Texas," Upshaw explained, "but have in several instances helped work out arrangements where commercial shippers established buying centers in new potato areas. We have for example, brought in our graders and helped farmers grade and

pack their potatoes in readiness for market."

THIS WEEK'S LESSON.

"Love" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday August 1.

The Golden Text is: "O God, thou art my God; early will I seek thee: . . . Because thy loving kindness is better than life, my lips shall praise thee" (Psalms 63:1,3).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Thy mercy, O Lord, is in the heavens; and thy faith reacheth unto the clouds" (Psalms 36:5).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Spirit, Life, Truth, Love, combine as one, — and are the Scriptural names for God" (page 275).

Butter Points Being Regulated

COLLEGE STATION, July 28.—Preventing spoilage or waste and protection of producers are objectives of a recent OPA order reducing the point value of country butter from eight points to five points per pound in certain localities. Authority for this reduction in point value recently was granted district OPA directors in Texas and Louisiana.

Permission to reduce the point value is granted only where country butter is in danger of spoilage, and the privilege is given only to producers who do not manufacture the product on a large scale.

Where farm families who make small amounts of butter for sale are in danger of losing some because of the high point value, they should consult their local war price and rationing board, the OPA has advised the Texas A & M College Extension Service.

Fall In With
The Texas
STATE
GUARD

If you are between 16 and 60, and
can pass a simple physical exam
**YOU CAN PROUDLY WEAR THE UNIFORM
OF THE TEXAS STATE GUARD**

Slaton's Company C, 39th Bn. NEEDS YOU!

Certainly Slaton cannot afford to lag behind other Texas cities by failing to bring Company "C" to full wartime strength at once. The new recruits in Slaton's Co. "C" will find the close order drills, manual of arms, special operations, bivouacs and problems instructive and healthful, and serve in a most vital capacity in case of a home-front emergency. In addition, as all training is under the direct supervision of the War Department, they will have a sound basic training if they enter the armed services and should advance more rapidly than those without similar training.

FACTS ABOUT TEXAS STATE GUARD

- 1 The Texas State Guard is a Military Organization having a specific legal status.
- 2 The three primary functions of the Guard are:
 - A. To preserve internal security.
 - B. Assist in training men for the Regular Army.
 - C. To form a reserve military power.
- 3 The Guard's place in the national war picture is a very important one: The Guard's service is a service deserving profound respect.
- 4 The Guard is not a Marching Society; it is not a group of men who like to wear uniforms and "play soldier". It is a deadly earnest army, staffed by competent officers. It is an army equipped with weapons that shoot real bullets, and it knows how to use them. It is an army dedicated to the protection of the lives and property of the citizens of Texas, and to the preservation of American liberties and ideals.
- 5 The personnel of the Guard is made up of executives, ministers, business owners, doctors, lawyers, salesmen, clerks, in fact a cross-section of the manhood of Texas—all anxious to protect homes, families, life and property.
- 6 All enlistees receive the Regular First Army Basic Training—Military Courtesy, Discipline, Sanitation, First Aid, Marksmanship, Scouting, Patrolling, Hand Grenade, Gas in Offense and Defense, and many other courses prescribed by the War Department.
- 7 The Guard is issued Regular Army uniforms and equipment. The uniforms are distinguished by the TSG emblem or shoulder patch on the left shoulder and it is a distinguishing mark that all members are proud of.
- 8 The Guard is not subject to being Federalized as was the National Guard nor will association with the Guard exempt one from the provision of the draft.
- 9 The Guard's recruits drill Tuesday night, 8-10:30, at the American Legion Hall, County Park, Slaton, Texas.
- 10 Any able-bodied male citizen of good reputation, age 16 and under 60, who can stand a simple physical examination is eligible to join.
- 11 It is not contemplated that Guard Units will ever be called upon to serve outside the boundaries of the State of Texas.
- 12 The drill schedule of Co. "C" calls for a series of Bivouacs, Field Problems and Mobilization Maneuvers for the month of August, all of which will be interesting, instructive and healthful.
- 13 The ranks of the T. S. G. have been somewhat depleted on account of the Federal draft. A number of patriotic interested recruits are required to bring the Battalion up to war strength. You are badly needed. Enlist Now. Apply at the American Legion Hall, Tuesday or Wednesday at 8 p. m.

TO THE CITIZENS OF SLATON:

Slaton is one of the few non-county-seat towns in Texas that has a recognized State Guard Unit.

The Unit is fully equipped by the Federal Government and the State of Texas.

Training programs are under the direct supervision of the War Department.

Ample Funds for the operation of the unit are provided by Lubbock County and the City of Slaton.

Officers and Non-Commissioned Officers are all local citizens serving without pay.

All that is lacking in the local unit is sufficient interest on the part of Slaton citizens to maintain the Company at its fully authorized strength.

All citizens should realize that since the National Guard has been mustered into Federal Service, the State Guard is the only military force available to cope with domestic emergency situations.

Those interested in the maintenance of our internal security should take advantage of the opportunity to serve that is offered by the State Guard.

Recruits should report to American Legion Hall, County Park, any Tuesday or Wednesday night at 8:30 p.m.

WITH OUR MEN — (Continued From Page 1)

week for Davisville, R. L. to visit her son, J. M. O'Connor, M. M. 2-c. He expects to go overseas soon.

Frank Weathered, son of Mr. and Mrs. Irvin Weathered, left Monday for Naval Service.

Lt. Clyde Williams, Naval Air Corps, spent Tuesday and Wednesday with his parents, Mr. and Mrs. W. N. Williams.

T-Sgt. J. B. Ward, Good Fellow Field, Texas, is visiting his parents, Mr. and Mrs. J. W. Ward.

Billy Ray Waldrep, son of Mr. and Mrs. J. S. Waldrep, left Wednesday for the Marine Corps. He reported to El Paso and from there will be sent to San Diego. This makes three Waldrep boys in the service now. One in the Army, one in the Navy and one in the Marines.

Mrs. J. B. Showalter has received word that her husband, S-Sgt. James B. Showalter, has been shipped. He was formerly stationed at Clovis, New Mexico.

Roland Anderson, PM 1-c, is now an instructor in materia medica at Kerney Mesa, California. He is in the U. S. Navy attached to the Marines.

Lt. W. H. Mudgett, Columbus, Georgia, spent Saturday with his parents, Mr. and Mrs. Jerry Mudgett.

Sgt. Fred E. Splawn, son of Mr. L. D. Splawn, graduated from the Armament Department of the Army Air Force Technical Training Command, at Lowry Field, Colorado, July 27.

Sgt. and Mrs. W. T. Ward of Lubbock spent Wednesday with Mr. and Mrs. J. W. Ward.

Pvt. Frank Bealle Todd, son of Mr. and Mrs. R. H. Todd, is stationed at Fort Sill, Okla., where he will receive 13-weeks of basic training. He was inducted into the Army July 17th at Lubbock.

UNION NEWS
 MRS. M. D. GAMBLE

Rev. and Mrs. J. T. Clinton visited in the home of Mr. and Mrs. J. H. Shelton Sunday.

The Baptist meeting will start at the Union Church Friday night, July 30. Rev. Harden of Tahoka will do the preaching. Everyone is cordially invited to attend.

Mr. and Mrs. J. W. Raymond of

SLATON VISITED Mr. and Mrs. Gene Evans and family Sunday.

Mrs. Brown Montgomery of Lubbock visited her mother, Mrs. T. L. Peterson, last week.

Mr. and Mrs. Jack Pair of Canadian, Mr. and Mrs. Floyd Pair and children visited in the home of Mr. and Mrs. A. M. Pair and family Sunday.

Mr. and Mrs. Willie Pierce are visiting his parents, Mr. and Mrs. W. K. Pierce, and a brother, Mr. and Mrs. Rhea Pierce.

Miss Corinne Patterson of Lubbock visited her parents, Mr. and Mrs. T. E. Patterson, Sunday.

Pvt. H. M. Cade, Jr., has returned to Sheppard Field from a visit home with his parents, Mr. and Mrs. H. M. Cade, Sr., and relatives. Pvt. Cade, Jr., said he certainly enjoyed a good cool visit on the Plains since the temperature has gone up there at Sheppard Field.

Miss Mary Pair is visiting the Evans girls.

Mrs. Otino Doyle was called to the bedside of her grandmother. No report of improvement has been received yet.

Mr. and Mrs. Dan Payton of Pleasant Valley visited Mr. Jim Payton and children Sunday.

Mr. and Mrs. E. R. Slater and Alice Marie visited Mr. and Mrs. S. D. Nelson Sunday.

Miss Betty Joe Tapp spent the week end in the home of her parents, Mr. and Mrs. C. D. Tapp.

Several attended the funeral service of Jack Buckenham at Lubbock last week. He was well remembered as a friend by everyone.

Mr. and Mrs. Gene Evans and Mr. and Mrs. J. W. Raymond visited a friend in Lubbock Hospital Sunday.

Pvt. and Mrs. R. M. Cade, Jr., and Mr. and Mrs. Joe Gamble visited Mr. and Mrs. R. D. Presely and Don of Shallowater Monday.

There has been quite a dry spell here. Everyone is using his tractor to pump enough water to get by on.

Mr. Charles Lee Roy Cade, Clarence Kitten and Bobbie Jones attended the F. F. A. encampment at Buffalo Lakes last week.

Have your prescriptions filled at **TEAGUE'S DRUG STORE** by a registered pharmacist.

CONRAD MELCHER.

Miss Ruth Gentry visited Mr. and Mrs. S. N. Gentry over the week end.

Miss Juanell Hart of Lubbock spent the week end with her parents, Mr. and Mrs. L. K. Hart.

The Methodist meeting will start August 22 at Posey, with Bro. Addison doing the preaching.

Chief Topics.

Santa Fe Railway System carloadings for the week ending July 25 were 22,343 compared with 24,129 for the same week in 1942. Cars received from connections totaled 11,927 compared with 12,086 for the same week in 1942. Total cars moved were 34,270 compared with 36,215 during same week of 1942. The Santa Fe handled a total of 35,046 during the preceding week this year.

Rail movement of oil to Atlantic Coast territory has reached and passed a daily average of one million barrels, according to a report issued by officials of the Western Railways. The daily average movement for the last week in June was 1,060,744 barrels. This performance is particularly impressive because at the outset of the oil supply crisis, resulting from war time suspension of tank steamer transport, the modern forecast of the railroads that they could move at least 200,000 barrels a day was discounted as being too optimistic.

Progressive Men & Civic Leaders of Lubbock

Mr. & Mrs. S. Winston Reeves

Mr. and Mrs. Winston Reeves of the Reeves Photo Engraving are those progressive type of citizens upon whom the community depends a great deal for leadership in business and civic matters. They have in the past and no doubt will continue in the future to give more than their share of time and energy for the welfare of others than themselves. Mr. and Mrs. Reeves are the type of people who make friends, and friendships once formed by them are never broken by an unfriendly act of their part, and they spare no effort in order that their services to the people of the community shall be dependable.

They have never been known to inject themselves into a situation for the mere purpose of gaining publicity. However, they proceed in a calm unostentatious manner, and accomplish their objectives with a quiet dignity. We do not hesitate to recommend Winston and Mrs. Reeves to our friends as good examples of the more progressive type of business leaders who have aided in the growth and development of Lubbock.

..... V.....

JEFF M. WELLS

We desire in this Lubbock review to call the attention of our readers to the leading position which Jeff M. Wells has reached in the business life of this section. During the comparatively short time he has been the manager of the Shook Tire Co., in Lubbock he has made many personal friends as well as a host of new friends and customers for his business.

Mr. Wells has worked hard to deserve the confidence which the people of the community have in him and he continues to work hard to maintain in every way that high standard which he has set for himself.

He has shown a willingness to assist in every manner at his development of the city of Lubbock and is always ready and willing to lend his support to any project which promises to benefit the community as a whole. Jeff Wells deserves our heartfelt congratulations on the splendid record he has already established and we sincerely hope for his continued success.

..... V.....

GENE SITZ

We wish in this edition to pay tribute to Gene Sitz, one of Lubbock's more progressive used car dealers, for his many services to the city of Lubbock and his splendid record of achievement in the business life of the city. Mr. Sitz probably has as wide a circle of friends as any other person we could name. He has cultivated personal friendships at every opportunity and is at pains to conduct himself in such a manner as to deserve the respect and good will of all who know him.

A city is fortunate in being able to number among its more progressive business people such a personality.

Gene Sitz is always ready and willing to lend his support to the promotion of any project which promises to benefit this entire district. He may be depended upon and his services to the people are too many to be described here. It may be sufficient to say that the publisher of the Slaton Slatonite considers Mr. Sitz an asset to the community and a progressive business man of whom the city may be proud.

..... V.....

J. F. RICKETTS

Our issue today proposes to call the attention of our readers to some of the progressive business and civic leaders who have contributed their share of time and energy to the building up of Lubbock and the surrounding territory to the position of prominence which it enjoys at the present. One of these men to whom we wish to direct attention is J. F. Ricketts, of the Ricketts Supply Co., a business man who has never spared himself in his aggressive march forward. He is a man whose competitors respect as much as do all others who come in contact with him.

J. F. Ricketts is at all times conscious of his civic responsibilities and may be depended upon to meet in every detail the many opportunities which present themselves to be of service to the city. Mr. Ricketts' record of achievement is one of which he may well be proud. His value to the city, and this district is an established

W. O. PERKINS

Mr. W. O. Perkins of the South Plains Electric Coop. Inc., has won the universal commendation of the people of Lubbock and our community for the progressive manner in which he has kept his company in the forefront of the business life of this district. Also for the efficient and friendly willingness he has displayed in accepting his share of responsibility in aiding civic projects.

Mr. Perkins is not the kind of a man who makes himself conspicuous by the manner in which he conducts himself either in business or civic matters. Yet his quiet reserve and air of confidence mark him as a man of sound judgment whose opinion and advice is sought after and listened to with respect.

We compliment W. O. Perkins on the successful operation of the South Plains Elec. Coop. Inc., also for his constructive advice and help in those civic activities in which he has found time to interest himself. He is a man whom many are proud to call a friend.

..... V.....

W. A. FIX

In paying tribute to some of the more progressive business men of Lubbock we would be remiss in our duty were we to fail to include the name of W. A. Fix of the Plains Laboratory, a man who has contributed much to the welfare of Lubbock and the community for many miles around. His civic spirit is evidenced by the many services he has performed and which he continues to perform in the interest of the people as a whole. No worthwhile enterprise which promises to benefit the community escapes his attention.

W. A. Fix is a man of wide acquaintance, whose many friends admire and respect in him those virtues which inspire confidence and promote good feeling. His upright business methods are a credit to his high sense of honor. A community is fortunate to number among its citizens a man of this type. We congratulate Mr. Fix on his splendid record of service and trust he shall continue to assist us for many years to come.

..... V.....

HERBERT STUBBS

In critical times such as these it takes business men of more than average ability and optimism to carry on their operations successfully. In making this statement the man we have in mind is Mr. Herbert Stubbs of the Stubbs-Young Grain & Seed Co.

His contagious optimism and freely expressed belief in the assured future prosperity of Lubbock are characteristics which we appreciate in a business leader.

Mr. Stubbs has a large circle of personal friends and customers scattered throughout this entire district, many of whom reside in our own community. He has always taken an interest in Lubbock community affairs and has shown a willingness to shoulder his share of the civic load.

It is men like Herbert Stubbs, who, because of the successful conduct of their business and private affairs and their willingness to contribute to the public good, are wholly deserving of commendation. We take pleasure in paying him this brief tribute.

..... V.....

HENRY BUELL

Mr. Henry Buell, who recently took over the management of the C. D. Shamburger Lmbr. Co., in Lubbock, quite readily demonstrated his executive ability by his quickness to grasp local conditions and to conduct his affairs accordingly.

Although, comparatively speaking, he has only been the manager of the C. D. Shamburger Lmbr. Co. for a short time, he has already made many personal friends and a large number of new customers and contacts for his company.

He is a wide awake, energetic, man whose sincere personality and desire to be of service is rapidly earning a place for him in this district. He has already taken an interest in community affairs and without a doubt will, in the due course of time, assume his share of civic responsibilities.

Henry Buell deserves a word of praise for having so quickly established himself in the business and civic life of Lubbock and the South Plains, and we are glad to give him this brief attention.

fact and we hasten to give him the credit which is his just due.

Mrs. R. A. and Clarence E. Woods

In every community there are a number of business and professional men who can be pointed out as having taken a three-fold part in the onward progress of their city. Two well-known business people of Lubbock who belong in this category are Mrs. R. A. and Clarence E. Woods of the Woods Paint & Paper Store.

Their leadership in business is recognized throughout this entire district. Their furtherance of civic activities and their support of those organizations and associations whose main objectives are directed along lines of civic betterment and community progress is well known to their immediate associates.

Clarence and Mrs. Woods are equally well liked and respected by their business associates and intimate friends and their customers. In short they are the type of people who are loyal to the community; they are thankful for their success in business and have shown their appreciation by their contributions to various civic movements of benefit to the city.

We congratulate Clarence and Mrs. R. A. Woods for being good citizens, boosters of their home community and benefactors of their fellow men.

..... V.....

CURTIS CURRY

Performing a valuable service for the people of Lubbock and the surrounding area, Mr. Curtis Curry of the Reliable Life Ins. Co., a leading insurance executive, has achieved an enviable reputation for his progressive policies of business administration. His constant study of insurance problems in relation to the protection which the people both need and can afford have been important factors in his well-earned success.

Mr. Curry is a man of ideas and he is as practical as he is aggressive in putting those ideas to beneficial use in furthering the service he renders to the people. His sound business judgment and unwavering honesty are characteristics which place him in the front rank of the business leaders of Lubbock. And yet he is unassuming and modest in his personal contact with the people; always ready and willing to listen to their ideas and desires.

We are glad to pay tribute to this type of business leader, for it is such men as Curtis Curry who have caused Lubbock to become recognized as the metropolitan center of the South Plains.

..... V.....

C. H. SCALES

It is fitting in this review of progressive Lubbock business men that we acquaint our readers with the man to be credited for having maintained the C. H. Scales Implement Co., who handle the J. I. Case line of farm implements, in the enviable position it holds in the business and rural life of this district. That personality is C. H. Scales the owner and manager, whose genius for converting new ideas into actual deeds has played a vital role in the distinctive reputation which his company now enjoys throughout this district.

Mr. Scales has found time in addition to his business activities to give thought and energy to community projects. He is a citizen whose talents have been steadfastly devoted to the best interests of the city. He has been successful in his own business and in promotion of the general welfare of the community. We are glad to pay him this brief tribute and to say this district owes much to the many benefits which C. H. Scales and his company have rendered to the people.

..... V.....

T. D. STUART

It is a privilege in this review of progressive men and firms that have been a great aid to the growth and development of Lubbock, to place such a man as T. D. Stuart, a leading cotton buyer, on an equal plane with all others in his rank. In the past, few men have exceeded him in contributing their time and energy to the civic improvement of Lubbock and this district.

Mr. Stuart for many years recognized as one of the more progressive cotton men of this section of the state, still retains that distinction in the admiration and respect of his wide circle of friends.

His interest in and the very valuable assistance he has rendered to many projects of a civic nature reflect the principles which he always so successfully applied in his business affairs.

We of the Slaton Slatonite congratulate T. D. Stuart on his record, and sincerely hope that his career will be as useful and completely successful in the years ahead as it has been in the past.

..... V.....

Dr. WESTON A. PETTY

There are many men in their chosen fields who are prominent, but who will not permit much to be said of their achievements. It is, however, public property every time a man reaches a position in any community where he is generally recognized as a leader in his line. Dr. Weston A. Petty, a well-known optometrist, has always done his work effectively, even though it has been accomplished in an unobtrusive manner. And it is our privilege to include him in our review of Lubbock men.

Dr. Petty, busy as he is, always manages somehow or other to do his bit in any movement calculated to benefit the community as a whole. His modesty, however, will not permit him to say the things about himself that are said by his friends who would also tell you that his professional conduct is a credit to his high sense of honor.

We do not hesitate to recommend Dr. Weston A. Petty to our readers as a civic and business leader who continues at all times to work for the advantage of the people of Lubbock and the vicinity.

..... V.....

R. J. Walker and R. C. Hewett

The city of Lubbock has assumed its place of importance in the South Plains because of the efforts of farseeing business and professional men who have developed the natural resources and extended the trade advantage of the locality. Two of the men who have taken an important part in the many progressive movements are R. J. Walker and R. C. Hewett of the R & R Parts and Supply Co., Inc.

They have devoted a great deal of their time and energy to the growth and development of Lubbock and this district and it is fitting that at this time we attempt to express in a small way our appreciation for their unselfish contributions to the general welfare.

They are men of wide acquaintance, whose many friends admire and respect in them those virtues which inspire confidence and promote good feeling. Their upright business methods are a credit to their high sense of honor. We congratulate Mr. Walker and Mr. Hewett on their splendid record of service and wish for them continued success.

..... V.....

GUS KALLAS

To be a consistent and persistent booster of the home community very often takes courage and optimism. It is because of his unflinching faith in the future of Lubbock and his unflagging efforts to promote its development that Gus Kallas is selected now for this brief tribute.

Mr. Kallas has proved very ably that he is a restaurant operator of unusual ability, for it is largely due to his ideals of service coupled with a determination to serve only the best that the Tip Top Cafe holds its high position in the public's favor.

He is a man of keen business judgment, whose ideas have been the inspiration of many who know him. His personality and energy in directing the operation of his cafe are important factors in its outstanding success.

We are glad to pay this deserving tribute to Gus Kallas and to point out to our readers that his is the guiding influence behind the splendid service and delicious food to be had at the Tip-Top Cafe in Lubbock.

..... V.....

RUFUS SCARBROUGH

Recognized as one of the more progressive business men of Lubbock Mr. Rufus Scarbrough of the Scarbrough Adj. Co., performs a real service for the people of his city and this district, and his many contributions to civic betterment are too well known to require repetition in these columns. His ability to equitably adjust all types of insurance claims has raised him to a position of leadership in his

line and has gained for him the respect and goodwill of both the companies and claimants.

Mr. Scarbrough is deserving of praise and this small tribute is but a just recognition of the many services which he has performed in the way of civic and business activities. His reputation for the successful conduct of his business affairs is no greater than his reputation for the honest practices which characterize his every transaction.

We congratulate Rufus Scarbrough on his splendid record and trust that he shall continue to serve the people of Lubbock and vicinity.

..... V.....

J. HILL WRIGHT

Most cities if they amount to much are man made. They do not just happen. It has been the realization of its more progressive citizens that their city must grow and prosper and be something other than just another place on the map that has brought results and made it possible for the city of Lubbock to be an outstanding one, and for those within it to prosper. Mr. J. Hill Wright, a well known cotton buyer, is one of those men to whom credit must go for playing no small part in the growth and development of Lubbock and vicinity.

Mr. Wright would be the last to mention the matter, but when the call goes forth to rally around something worthwhile for the community he is among the first to volunteer. The friends of J. Hill Wright are outspoken in paying him this well deserved tribute and they do so because of a thorough knowledge of his activities. Successful in his own business, he is equally successful in the promotion of civic progress.

..... V.....

LUBBOCK COTTON OIL CO. G. A. SIMMONS, MGR.

A firm that may be truly said to lead its field is the Lubbock Cotton Oil Co., who manufacture the Luko Brand Feed and many other cotton seed products. This company has become a Lubbock institution. It has served the people of Lubbock and the South Plains for years, and has established an enviable reputation for reliability.

The Lubbock Cotton Oil Co., has contributed greatly to the growth of the city of Lubbock and all the surrounding territory. They continue year after year to serve the district in a manner which merits the praise and support of every civic minded citizen.

It is firms of this kind that have based their activities on a policy of honest service which become assets to any community.

Mr. G. A. Simmons, the manager, is a man who is largely responsible for the kindly feeling held by the citizens of Lubbock toward his company. He is a man who has won the respect and friendship of everyone. We congratulate G. A. Simmons on his record and trust that he will continue to enjoy many more years of success.

..... V.....

G. R. LaMASTER.

One of the better informed insurance men of the city of Lubbock is Mr. G. R. LaMaster, who represents several insurance companies but principally the Home Ins. Co., and the Franklin Fire Ins. Co.

Mr. LaMaster has been performing an essential service for the people of this district over a period of time, and during that time has made a great number of

friends both for himself and for the companies he represents.

G. R. LaMaster has contributed a great deal of his time and energy to the growth and progress of this district and has been content to take his reward in the quiet knowledge of work well done, and the respect and admiration of his many friends.

The value of such a man to Lubbock and the surrounding territory cannot be over-estimated. His willingness to perform in the interest of the community as a whole is one of his most admirable characteristics and he has often made personal sacrifices in order to contribute to the general welfare.

We congratulate Mr. LaMaster on his splendid reputation and wish for him a continued successful career as a leader in the insurance field in this district.

Who are non-essential travelers?

You are the judge of whether or not your trip is essential—and your judgment is what our government is relying upon.

Please consider these points when you think of traveling on the railroads this summer and for the duration:

1. Your trip may take a Pullman berth or chair car seat needed by men in uniform traveling under orders.
2. Your trip may delay war workers, not in uniform, in reaching their vital jobs.
3. Your trip may deprive men and women in the service of a furlough trip to visit their homefolks.

If you do take a trip, plan for it in advance, travel light, consider taking a box lunch to avoid delayed meals in the diners, and make up your mind to put up with certain inconveniences and crowded conditions.

WHAT ABOUT VACATION TRAVEL?

Vacations should be spread out over the year, not confined to summer months.

A vacation trip should be confined to one round trip only, starting and returning on Tuesday, Wednesday or Thursday.

Travel in chair cars whenever possible, and please carry only one piece of luggage.

Consult your Santa Fe Agent about your travel plans. You'll find his friendly advice helpful.

Movie Reporter.

Elbel Waters, star of the stage play, makes a spectacular screen appearance in Metro-Goldwyn-Mayer's "Cabin in the Sky," in which she plays her original role of Petunia. In the picture, which comes to the Palace Theatre preview Saturday night, Sunday and Monday, she sings the title song and several other numbers. (Ed- die (Rochester) Anderson, noted comedian, plays opposite her as her snapegrace husband, who is saved from Lucifer, Jr., through her faith. Lena Horne is cast as the character who almost proves Roch-

ester's undoing. Rex Ingram, as Lucifer, Jr., Louis Armstrong, Hall Johnson and Choir and Duke Ellington and his band are among the featured personalities. Many noted entertainers appear in the fantasy and music from the original Broadway production is augmented with catchy original songs and specialties. "There'll always be an Eng- land," is not only the title of a popular British war song... it's also the theme of the unusual Anglo-American film production, "Forever and a Day," which boasts the biggest cast of stars ever as- sembled on the screen.

story of a London house and of the various generations of men and women who have lived in its during crucial moments in English annals. This unique offering is said to be one of the most entertaining pic- tures of the year, with scores of brilliant performances and half a dozen romantic episodes woven in- to its main plot. C. Aubrey Smith plays the part of the fire-eating Admiral Trimbel who built the house in the year 1801, when Napoleon was threat- ening to invade England. Ruth Warrick and Kent Smith have top roles in the opening and closing sequences of the picturesque film. Among the 80 stars and featur- ed players who take part in the of- fering are Ida Lupino, Herbert Marshall, Claude Rains, Ray Mil- land, Brian Aherne, Merle Ober- on, Ian Hunter, Robert Cummings, Edward Everett Horton, Donald Crisp, Anna Neagle, Nigel Bruce, Jessie Matthews, June Duprez, Ro- land Young and Anna Lee.

Put every dollar above the necessities of life into War Bonds. Payroll Savings is the best means of doing your best in helping your sons and friends on the fighting fronts. Fig- ure it out yourself.
