NUMBER 51

## TRAINERS OVER SLATON

Rehearsing for a jaunt of Flying Fortresses, Liberators, Mitchell or Marauder bombers to hit Berlin, splash Rome, or knock out Tokyo is this formation of advanced twin-engine trainers over the big Lubbock Army Air Field, 10 miles west of Texas Tech. One of three such shots taken by Sgt.

Herbert R. McCory from East Rockaway, Long Island, N. Y., former photo chief for Newsday, the above view won third prize for Lubbock Army Air Field photo section in a contest judged by the New York Press Association from pictures of aviation training ac-

## Slaton Women First To Complete Day Room For Soldiers At SPAAF

The women of Slaton completed furnishing a day room at one of the hospital units at South Plains Army Air Field Saturday, a project they recently sponsored as a patriotic civic service for the comfort of the men in the armed forces in cooperation with the Red Cross Auxiliary.

Mrs. L. C. Odom, chairman of Slaton Llano Estacado Camp and Hospital Council; Mrs. T. A. Turner, Production Chairman; Mrs. S. H. Adams, Mrs. L. B. Hagerman, Mrs. H. R. McKee, Mrs. Pauline Browning, Mrs. O. D. McClintock, Mrs. Bill Farschon, and Mrs. S. H. Shelby accompanied the assortment of furniture to the base and witnessed the installation and were later luncheon guests of Capt. and Mrs. Bender and Lt. Ben E. Cowling, Welfare Director at the Officers Club. Briggs Robertson joined the ladies for lunch.

Both Capt. Bender and Lt. Cowling expressed deep appreciation for the lovely room when completed and said it was one of the nicest they had ever been privileged to accept in any base and requested that the Slaton women also sponsor and render a program at the base in the near future. The Chaplains, both Protestant and Catholic, were very grateful for the piano loaned by Mrs. Mable Greer to be used in the Chapel.

Mrs. Odom and her co-workers feel so proud of this accomplishment and want to thank every one who had a part in making it possible for their generous cooperation. Especially are they grateful to Mr. Teague who had the furniture hauled to the surgical dressing room, where every piece was refinished and pillows made for the chairs.

The ladies were also happy to give Lt. Cowling \$5.00 to buy new records for the Victrola and make a cash donation for articles needed in the Nursery, with some of the funds they did not use in the day room.

Other donations not published include: Cash, \$2.00, Mr. and Mrs. Coke Oliver; \$1.00, Mrs. Vilas Tudor; cash, Mrs. Sed Meador. Sectional book case and floor lamp, Mrs. J. S. Edwards, Sr.; floor lamp, Mrs. W. T. Driver; mirror, Mrs. L. J. Seamerhorn.

### CARD OF THANKS.

We wish to express our sincere thanks to our many kind friends, who helped us through the loss of our husband, son and father.

Mrs. Earl Mangum,  
Mr. and Mrs. J. A. Mangum  
Mr. and Mrs. H. Whiteside  
Mr. and Mrs. E. Vaughn

### WOMEN IN SERVICE

Aux. Fannie Castleberry is now Pvt. Fannie Castleberry. She was sworn into the regular Army August 11th and likes it fine.

## Chief Of Police Has Busy Week

Chief of Police Charley Yates arrested twelve negroes this week for gambling, all of whom paid fines. Charley says that he has had a large number of complaints about hogs being raised inside the city limits.

Keeping swine in the city limits is against the city laws and Charley says that, although he dislikes to do so, he will have to swear out complaints against those who are not complying with the city laws.

## Slaton Girl To Graduate Tonight

Miss Hope Hennington will be among the Texas Tech students to receive diplomas at the graduation exercises in Lubbock tonight. Miss Hennington is graduating with honors.

She has been attending Tech for the past four years and is a music major.

## Do You Know Military Insignia? Here Are Helpful Suggestions

With the boys from most all of the branches of the Armed Forces coming home with varied bars and stripes and insignia on their sleeves, the few of us homefolks who are left are having a tough time guessing at what these things signify.

Here are a few simple suggestions:

The easiest rule of recognition is the necktie. If the man in khaki uniform wears a black necktie, he's in the Navy. It's as simple as all that because the Army men all wear khaki neckties.

Other methods of distinguishing service men are by the rank insignia. The Naval Officer always wears his on his collar, while the Army wears them on the shoulders. The caps too are different. Navy officers always wear anchors on the cap—but navy an anchor will you find on the Army officer.

Another problem worrying the average civilian is how to distinguish the various ranks of Army and Navy officers. Well, here's the simplest explanation:

In the first place, the ranks of Army and Marine officers are the same. They are denoted by bars, leaves and stars. The ranks of Naval officers are indicated by stripes, half-stripes and broad stripes. The star on a Naval officer's uniform indicates he is of the

## Notice To All Gasoline Dealers

In line with the reduced value of 'A', 'B' and 'C' coupons from four to three gallons as of 12:01 a. m., August 16, 1943, all gasoline dealers of this district are to segregate all 'A-7', 'B' and 'C' coupons taken before that date. The dealers should affix these coupons to gum sheets, summarize on Form R-541 and properly certify that no other coupons are listed.

Dealers must have these coupons and the R-541 summary in the hands of suppliers or exchange them at Local Boards for inventory coupons not later than midnight August 21, 1943. After August 21, 1943, no supplier or Board may honor these coupons at more than a three gallon value.

Distributors must deposit these coupons in their Ration Bank Accounts prior to midnight August 28, 1943.

Investigators will be assigned to check service stations to determine whether or not coupons taken in at the three-gallon value have been cashed in at the four-gallon value. Please make this information available to the gasoline dealers and to the banks in your area at the earliest possible time.

The above information is released through the Slaton Ration Board.

## GRAIN HARVEST STARTED WITH FAIR YIELD IN PROSPECT

The first delivery of locally grown grain was received by Ray C. Ayers & Son last Friday, but the harvesting of grain is not expected to get into full swing before September. While the present crop is not as high in quality as last year's crop, it is better than most farmers expected.

The extreme heat has shortened the crop of early planted grains, but is

# SLATON MAN HELPS TO DEVELOP NEW MAIZE

## Herman Carruth Is Struck By Lightning

Mrs. H. L. Carruth returned Tuesday from Charleston, S. C., where her son, Herman, of U. S. Army Engineers, is a patient in the hospital there. He was injured in July and had been a patient in the U. S. Army Hospital at Ft. Screven, Georgia for some time.

He and Mrs. Carruth were struck by lightning, which paralyzed Herman from his neck down. Mrs. Carruth was injured also and was a patient in the hospital for several days.

Herman was transferred August 9 by ambulance to Stark General Hospital at Charleston, S. C.

His mother, his wife, and his brother of the U. S. Navy, stationed at Norfolk, Va., have been at his bedside. He is very slowly improving and the doctors will begin treatment soon.

## Cotton Men To Meet Monday

A meeting of all cotton seed crushers, ginners, compressors, dealers, and warehouse men has been called in Lubbock, Texas, at the Lubbock Hotel at 1:30 p. m., Monday, August 23. This meeting has been called for the purpose of discussing the future conservation methods to be used in handling the harvest of the 1943 cotton crop, and the selection of two industry committees—one from the cotton seed industry, to assist the Lubbock District ODT office in this program.

## SLATON BOY GETS MEDAL FOR FLYING PLANE IN SICILIAN WAR

In a recent letter from J. H. Brewer, in Africa, to his parents, "Buddy" said that he had received a medal for completing his tenth sortie over enemy lines and would soon receive an oak leaf cluster for his twentieth sortie.

Buddy has been flying a plane in the Sicilian campaign and reported that he had been having the time of his life, however, at the time he wrote he had been confined in a hospital with an attack of malarial fever. It was just his luck, so he said, to go through the fight in Sicily without a scratch and then have malaria. When he wrote he said he was convalescing and hoped to be back with his squadron soon.

## 'Cap Rock' Maize Proves Ideal For This Section

Slaton and this section of the South Plains is fast becoming a vast experiment station for new breeds of grains and several progressive agriculturists have been the originators of better kinds of grain for this section, as well as a new kind of cotton that has proven its value.

One of the latest developments is Cap Rock maize, which, according to the State Agricultural Agents, is ideal for the Southwest. The Cap Rock maize has been developed in two different ways, one grows on a short stalk and can be combined, the other on a tall stalk and is gathered with a binder.

Working with the experiment station in Lubbock last year, J. H. Brewer, planted a limited amount of seed and, although he did not get a full stand, he did get enough to prove that the new grain is of excellent quality and that cattle will eat it more readily than they will many other kinds of grain.

This season, Mr. Brewer planted considerable more of the Cap Rock in Oklahoma, where he and his parents resided. He was married to Miss Roberta Bass in 1923. He was employed by the Santa Fe for the past twenty years and has made Slaton his home during that time.

He is survived by his wife, a step-daughter, Mrs. Herman Whiteside, his parents, Mr. and Mrs. Jim Mangum of Post, and two sisters, Mrs. Will Redding of Whitharral, Texas and Mrs. Earnest Vaughn of Post.

The funeral was directed by the Williams Funeral Home of Slaton and interment was in the Post cemetery Wednesday afternoon.

## Mangum Funeral Held Wednesday

Funeral services were held at the First Methodist Church last Wednesday morning by Reverend H. C. Gordon for Earl D. Mangum, who met death Tuesday morning when a Santa Fe wrecker overturned near Round-up, which is a small station near Shallowater, Texas. The accident occurred when the wrecker was being used to do repair work on a bridge.

Earl D. Mangum was born December 18, 1899, in Eastland, Texas. His childhood was spent in Oklahoma, where he and his parents resided. He was married to Miss Roberta Bass in 1923. He was employed by the Santa Fe for the past twenty years and has made Slaton his home during that time.

He is survived by his wife, a step-daughter, Mrs. Herman Whiteside, his parents, Mr. and Mrs. Jim Mangum of Post, and two sisters, Mrs. Will Redding of Whitharral, Texas and Mrs. Earnest Vaughn of Post.

The funeral was directed by the Williams Funeral Home of Slaton and interment was in the Post cemetery Wednesday afternoon.

## Revival Services Prove Popular

Reverend H. C. Gordon, pastor of the First Methodist Church, reports that the Revival Services that started last Sunday, under the leadership of Reverend Tom Johnson of Sweetwater, have proven very successful and inspirational. The outdoor evening services have proven especially popular. Morning services begin daily at 9 and evening at 8:30. Cecil Matthews of Lubbock is directing the musical part of the programs.

## Schools To Open With Full Force Many New Teachers Employed

The Slaton School Board received another resignation from one of the teachers who was scheduled to be an instructor this year, when Miss Mary Watkins turned in her resignation to accept a place in the Monahans, Texas, schools. Her place will be filled by Mrs. Bradshaw, who is here from Mart, Texas.

Pvt. Winifred Hallman has recently been transferred from Camp Hood to Ft. Benning, Georgia. He is in the Paratroop Battalion. Mrs. Hallman expects to join him there soon.

Petty Officer 3-c Wayne Lamb writes his mother, Mrs. Lenora Lamb, that he is now in a Submarine School in New London, Conn. He says that he is going down in a submarine twice a week and thinks it's lots of fun.

"Dear Editor,  
Just received my July 2nd issue of the Slatonite and want you to know how much I appreciate the news from home. Because I am sure I am correct when I say news from home is the most coveted thing in North Africa.

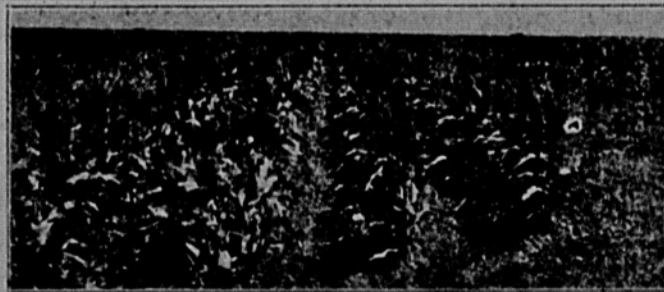

"I hope that all the boys from our area receive a copy.  
"I would also like to go fishing with A. M. J., even if he is a sissy and has to wear a life preserver around Buffalo. I tried it once (fishing) in the Atlantic, but it was a bit rough and they couldn't show me how to catch 'em.  
"A reader, J. B. Huckabay."

The following letter from Milton Kessel to his mother and father tells of his taking part in the Sicilian campaign. Here is what Milton had to say:

"Dear Mother and Dad:  
I finally got me a mailing address. If you'll send me a few words—Navy No. 93, c/o Fleet Post Office, New York, N. Y., I believe that I will get it in about three weeks. Send it air mail. After two months now, I really would like to hear the news. When I move again, I'll give them my forwarding address.

"I am now back in North Africa after having been in Sicily, as you by now no doubt know. I don't imagine that we'll go back there, and I hope not. Living conditions were, naturally, very unfavorable there. Here in this city in North Africa, we have

(Continued to Page 8.)

The first delivery of locally grown grain was received by Ray C. Ayers & Son last Friday, but the harvesting of grain is not expected to get into full swing before September. While the present crop is not as high in quality as last year's crop, it is better than most farmers expected.

The extreme heat has shortened the crop of early planted grains, but is

causing it to mature earlier than it did last season. Otis Neill of the Ray C. Ayers & Son firm, says that a rain would benefit the grain that was planted late, but that a blowing rain would damage the grain that is about to mature.

Most farmers are optimistic about crop conditions, although many say that a rain will be needed very soon.

**Southland News**

MRS. FLOY KING

The Baptist revival closed Sunday afternoon with the baptism of four in the church at Slaton. The candidates were Mrs. Bloxon, Mac Fields, Billie Leake and Buford Duff. There were 3 conversions during the Revival. Everyone enjoyed the inspirational sermons of Thomas Cobb of Summerville. The collection for him and the pianist, Miss Oneta Faye Richards of Slaton was about \$147.00.

Misses Dorothy Sue Smallwood and Eulalee Davies, who are employed at Midland, accompanied by Mrs. Neil Smallwood, spent the week end here with their parents. (Little) Smallwood and Mrs. Neil Smallwood spent Sunday in Lubbock.

Interment was made in the local cemetery Saturday afternoon of Mr. Meeks, who is the father-in-law of Mrs. James Baker's sister. The funeral services were held at New Lynn.

Rev. M. O. Row, pastor at Pleasant Valley and Hackberry, was to begin a Revival at the former community Friday evening, but he could not get there from another Revival before Saturday. Luther Rudd, who held a singing school at Slaton last year, has charge of the singing.

Mrs. Herman Irwin of Lubbock came Wednesday night to visit her husband's parents, the John Irwins, and Rev. and Mrs. O. E. McGaw. Thursday she accompanied Mr. and Mrs. Irwin and daughter, Hattie, to Brownfield. Mrs. Irwin remained until Sunday because of the illness of her brother-in-law.

Miss Maggie Tate was week end guest of Mrs. O. J. Harmonson. Her Sunday dinner guests were the parents of Miss Richards, Miss Oro Perkel and Mr. Carter, all of Slaton.

Mr. and Mrs. R. O. Rankin and daughter, Mrs. Fred Cockrell and husband of Pleasant Valley, at-

tended a family reunion in Eastland County last week.

Donald Wayne, the 9 1/2 lb. son of Mr. and Mrs. Payton Crawford, of Hackberry, and his mother came home from Slaton hospital Wednesday, to the home of her parents, the J. F. Moore's.

Friday, Mrs. Moore's brother, J. F. Slaton and daughters and their husbands of Celeste, came to spend the week end. Sunday Cleon Moore, who has a two weeks vacation from her job in Lubbock, and Belle Kuykendall returned home with them. Miss Kuykendall plans to visit her grandparents in Okla.

Mr. and Mrs. Bill Gregory and sons of Crane visited her parents, the J. I. Bartlett's of Hackberry, last week.

Mr. and Mrs. Floyd Meers, who is farming near Seymour, made a business trip here last week. Also visited their daughter, Mrs. Saunders, and family of Slaton.

Friday, Ben Etta Mining received word to report for six weeks employment as an operator in Woodward, Okla., before being assigned elsewhere as Western Union manager. Miss Mining was granted a three months rest if she so desired, after having contracted malaria during the flood in Springfield, Mo., while she was there in school.

Mrs. Mickey Carroll and daughter, China, of Cisco, came Thursday to visit her cousin, Mrs. Leonard Angle, and her mother, Mrs. Ed Leiske. Other visitors that day were Mr. and Mrs. Lee Leiske of Lubbock.

Misses Pauline and Katherine Baker of Post came Tuesday to visit their sister, Mrs. Clarence Basinger.

Eva Faye Truelock of Lubbock spent from Thursday to Sunday with her parents.

Helen Becker of Seagraves and Dorothy Becker of Lubbock spent Sunday with their parents, the August Beckers, and their brother, Billie, who is home on a furlough.

Mrs. Herbert Dunn and son, E. L., arrived home Monday, after a week's visit with her parents, Mr. and Mrs. Ed Day of Muleshoe.

Harold Tanner is home after helping his brother clean his crop of weeds. His brother's farm is near Morton.

Mrs. Avon Bedford and sons, Norman and Lavern, and daughter, Shirley, of Ft. Worth, formerly of Southland, were through Southland Thursday enroute to Littlefield to visit Grandmother Bedford, and came back here Saturday to visit friends until Sunday evening.

Everyone is invited to attend the Revival to begin Friday night at the Church of Christ.

Tuesday night Mr. and Mrs. Vern Johnson of Owens, near Ralls, took their pneumonia stricken, 15 months old baby to the West Texas Hospital. Several days later, the child's grandparents, the J. L. Whites, reported it was out of danger.

Rosie Marie and Evelyn Gendorf of Wilson remained here to visit their grandparents, the A. Wilkes, until Wednesday.

Allen McArthur completed his training at Phoenix, Arizona and arrived home Friday, awaiting further orders.

Last week Dickie Martin was transferred from Albuquerque, N.

Mexico to San Antonio.

Billie Becker was being transferred from New York to San Francisco, via Amarillo, and was allowed to stop off and visit his parents, the A. J. Beckers. He was radio man recently on an unarmed freighter which sailed from San Francisco with a load of rice, which was exchanged for sugar in Cuba and sailed for New York, where the boat was dry docked while guns were installed. Our coast defense and Panama Canal Zone must have solved the submarine problem, as their ship did not sight any periscopes.

The workers' conference of Lubbock Association, which met here Tuesday, included these speakers: Rev. Grayson Tennison of Calvary Church, Post; Rev. L. A. Richardson of Lubbock; Rev. Coe Merritt of Dalou; Rev. R. C. Tennison of Post; Mrs. Fred Monters, Lubbock; Rev. M. A. Row of Hackberry and Pleasant Valley; Rev. J. Lowell Ponder of Plainview.

Southland school opens Aug. 23. The Superintendent, Mr. Hewlett, urges all pupils to enroll Aug. 23 or as soon after as possible, even though they must miss the first few weeks of school.

The lunch room will probably open the latter part of next week. Mr. Hewlett requests that the pupils be informed by their parents as to whether they will patronize the lunch room, so they may secure the number Monday. Lunches will be 15c each, lowered in price if possible.

**RATION REMINDER**

**GASOLINE**—In 17 states of eastern shortage area A-6 coupons are valid until November 21. In states outside the eastern shortage area A-7 coupons are valid through September 21. All gasoline coupons in the possession of car owners must be endorsed with the owner's license number and state of registration.

**FUEL OIL**—Period 5 coupons in old rations remain valid through September 30. Period 1 coupons in new rations are valid now. Occupants of oil heated home are urged to return their applications for next year's fuel oil to their ration board promptly and when issued new rations to place orders with their dealers for summer fill ups.

**SUGAR**—Stamp No. 14, good for 5 lbs., is valid through October. Stamps Nos. 15 and 16 are good through October 31 for 5 lbs. each for home canning purposes. Housewives may apply to their local ration boards for more if necessary.

**SHOES**—Stamp No. 18 (1 pair) is valid through October 31. **STOVES**—Purchase certificates now issued and normally valid for thirty days from date of issuance, will be invalid after August 23, by which time it is expected the new nation-wide stove rationing plan will be in effect.

**MEAT, ETC.**—Red Stamps T, U, V, and W now valid, expire August 31.

**PROCESSED FOODS**—Blue Stamps R, S, and T remain valid through September 20.

**Success Lies With Feeders**

(Editor's note: This is the first of a series of articles to help feeders make better use of available feed in wartime livestock production.)

"Stretching" limited supplies of cottonseed meal and other protein concentrates, grain and roughages to make them produce more food and other livestock products will depend largely upon feeders, themselves, says A. L. Ward, Educational Director, National Cottonseed Products Association, in announcing a new series of articles to help farmers and ranchmen do the job.

"Because the feeder determines whether his home-grown and bought feedstuffs are fed in balanced rations, without waste, any feed conservation program can be no more than a suggestion," Ward pointed out. "Therefore, providing feeders with practical, basic facts which enable them to work out their own feeding program is essential for the 'Food for Victory' program this year."

Livestock and educational leaders of the cotton belt and other areas have recognized this by drawing up, in most states, common sense recommendations to meet conditions in those states. Those suggestions available from County Agents, Vocational Agriculture teachers, and other agencies, in the form of printed or mimeographed bulletins, will be the ba-

sis for the Educational Service articles, Ward said. The articles will present these authoritative recommendations in condensed summaries, so that they will be of timely value to farmers and ranchmen.

"To insure maximum feed production from available protein concentrates, grains and roughages, special care in planning and feeding rations this year is essential", he added. Livestock producers will benefit greatly from getting the complete recommendations of College, Experiment Station and Extension authorities of their own state, and from reading the new series of articles in this paper based on the these recommendations."

JUST  
TALK  
by  
A.M.J.

Uncle George Marriott writes  
from New Mexico that he is run-  
ning around with J. S. Edwards,  
E. Holt and some other Slaton  
man whose name I cannot figure  
out. J. S. had caught some moun-  
tain trout, which seemed to have  
surprised Uncle George, and prob-  
ably J. S., too. They had a big  
rain and I'll bet all the dishes were  
dirty and that there had been  
some whoppin' big stories told and  
not all about fishing. Some of  
them were true, too.

And in writing about fishing, I  
have missed Bill Lovett, with his  
flock of pictures he has every  
season, of himself sitting in a boat  
holding up a ten foot string of  
fish, while his wife poses back of  
him, smiling proudly.

It must be that Bill has been  
working for a change, and has not  
had time to have his picture struck  
in his favorite pose. Perhaps next  
year he will have time to go back  
to Arkansas to fish again.

An announcement over the  
radio asserted that last Sunday  
was official Hay Fever Day. Just  
how it was to be observed was not  
told in detail. We suggest that  
everything should have been decora-  
ted with rag weed.

Bill Sewell says some skeptics  
have made dirty cracks about his  
combination clothes wringer and he  
blackeyed pea sheller and he  
points out that Columbus was ridi-  
culed when he started out to sail  
around the world, that the Wright  
Bros. were considered a couple of  
cranks when they were working on  
their first airplane and that those  
who have done great things for  
humanity have been ridiculed and  
fill snaps his fingers at the sneer-  
ers who do not yet believe in his  
great step forward in the field of  
pea shelling.

Let those who are so hidebound  
that they must sit in stupidity and  
gauge peas out of their pods by the  
fingernail route, continue to  
do so, but those who are of the  
modern age may get their peas  
shelled just as easily as they can  
run a pair of most anything  
through the wringer, and here is  
how it is done to get the best re-  
sults: One person turns the  
crank while two other people feed  
peas into the wringer, one on each  
side. The peas must be in a fairly  
dry state. They fall with mellow  
thumps into a box that should be  
placed just underneath the wringer.  
Of course, if you are too lazy  
to place the box under the wrin-  
ger, you will have to chase peas all  
over the neighborhood, but even at  
that it is easier than shelling them  
by hand.

Since hearing of Bill's pea shel-  
ling wringer, I have been toying  
with an idea of connecting an or-  
gan, monkey and a fly swatter to  
the wringer and having music,  
comfort and profit along with the  
convenience of having the peas  
shelled, the music to come from  
the organ, the comfort from the  
absence of flies and the profit from  
the monkey's solicitation, but per-  
haps this is carrying the idea too  
far, even for this day and age.

Mrs. E. B. English sends in the  
following from the Goose Creek  
paper. Where the Goose Creek  
paper got the stuff I have no idea.

Here it is:  
We became wise with Wilson  
Hard with Harding,  
Cocky with Coolidge,  
Hungry with Hoover,  
Rosy with Roosevelt.  
Why wilt with Wilkie?

There are people, of course,  
who are ready for a change, with  
things getting too rosy — you  
might say, a reddish color.

What has become of Mussolini?  
A few stories are being handed  
out, but none give any definite  
information and my guess is as  
good as anyone's. He has retired  
to his personal villa somewhere in  
a safe place awaiting the time  
when he and Hitler can retire to  
some luxurious castle and spend  
the remainder of their lives telling  
how they "done it".

Zeke Baldwin has joined the  
throne in figuring out what to do  
about the world when the war is  
over. Just between us girls, I  
have spent a lot of time on the  
same subject and on several occa-

sions have had it all worked out  
to where life would be perfect,  
but in checking back, found that I  
had based all deductions and con-  
clusions on the expectations of  
folks playing the game square and  
after some consideration, I have  
come to the conclusion that when  
brothers or sisters can seldom get  
along together very long at a time,  
there is very little hope of my  
schemes ever straightening out  
the world.

One woman I know, who has one  
child and a husband who travels,  
has canned twenty-four quarts of  
blackeyed peas, another who has a  
jone husband and herself to plan  
for has put up six or seven big  
jars of okra and neither one of  
them care a great deal for okra;  
and still another, who has six in  
her family, has not canned or pre-  
served one thing. From now on,  
I'm going to be extra polite to the  
women who have done a lot of can-  
ning, for I am looking for a long  
winter, and some one-eyed peas  
and a little okra may taste mighty  
nice, although I am not hungry  
enough yet to want these peas or  
okra in large quantities.

Movie Reporter.

"Mission to Moscow", Warner  
Bros.' dramatic film, based on the  
book by former Ambassador to  
Russia; Joseph E. Davies, will be  
at the Palace Theater, starting  
Tuesday and will continue through  
Wednesday and Thursday.

The story, starring Walter Hus-  
ton and Ann Harding, is an actual  
account of the event preceding the  
second global war, viewed through  
the eyes of a typical American  
and his family.

The large and talented support-  
ing cast is headed by George To-  
bias, Oscar Homolka, Gene Lock-

hart and Helmut Dantine. Others  
in the cast include Eleanor Parker  
Richard Travis, Dudley Field Ma-  
lone, Victor Franchen, Mannart  
Kippen and Maurice Schwartz.

"The Desperados," Columbia's  
gun-roaring new Technicolor Wes-  
tern at the Palace Theater with  
Randolph Scott, Glenn Ford, Claire  
Trevor, Evelyn Keyes and Edgar  
Buchanan, is the first in what ap-  
pears to be a record number of  
Technicolor films this year, ac-  
cording to producer Harry Joe  
Brown, who made the new film.  
According to the producer:

"The constantly growing diffi-  
culty in the matter of materials is  
forcing the producers to outdoor  
locations which they haven't used  
extensively in years. The trend to  
color is a natural sequence of this  
condition.

"For instance, we took our com-  
pany hundreds of miles to southern  
Utah to photograph the story in  
the beautiful background of those  
vermillion cliffs and colorful can-  
yons. It would have been positively  
wasteful not to take advantage of  
that spell-binding color."

"In 'The Desperados,'" he said,  
"Claire Trevor plays a character  
called the Countess. She operates  
a gambling house and her life is  
one of turmoil, excitement and  
danger. Her bedroom, photograph-  
ed in black and white, would be  
just another bedroom. But, in col-

or it helps to bring out her char-  
acter. A flaming red bed, subdued  
by lace; turquoise blue drapes;  
coral colored carpet; wallpaper in  
pattern that are alive everything  
clashing in an amusing way. The  
mere sight of that room in color  
tells the audience the type of wom-  
an who occupies it. Then, by con-  
trast, the home of Evelyn Keyes  
in the picture is one of good taste  
and a judicious combination of  
subdued color. That is the key to  
her character.

"I believe that Hollywood this  
year will produce twice as many  
picture in color as in any previous  
year and we will see the proportion  
increase in years to come. Color  
photography today is practically  
perfect and, therefore, it is natu-  
ral that producers see and take ad-  
vantage of its dramatic possibili-  
ties."

### The Old And The New Of The Corsair Line

THE Navy's newest and fastest fighter, the Chance Vought Corsair (above) is winning fame in the Southwest Pacific against the Japs as the United States takes the offensive.

This is the latest Corsair in a line which started with the O2U-1 (right) built for the U. S. Navy in 1927.

Powered with one of the earliest Pratt & Whitney Aircraft engines—a Wasp of 425 h.p.—the O2U-1 set four world records, three for speed and one for altitude, for class C-2 seaplanes.

The latest Corsair, designated the F4U-1, also has a Pratt & Whitney engine—a 2,000 h.p. Double Wasp.

### PRECAUTIONS URGED BY HEALTH OFFICER

AUSTIN, Aug. 18—Dr. Geo. W. Cox, State Health Officer, has issued the following statements and suggestions concerning the control and prevention of poliomyelitis which is assuming epidemic proportions in certain sections of the state.

Until recently it was generally believed that this infection is transmitted by means of discharges from the respiratory tract. It is now believed that poliomyelitis is primarily another of the several gastrointestinal infections. Therefore, control measures must be observed in all communities. Stringent efforts should be made to eliminate the house-fly and to destroy its breeding places. All mosquitoes and mosquito breeding places must be eliminated at once. Every effort should be made to institute approved garbage collection systems immediately. Safe water supplies must be assured. Where adequate municipal sewage disposal systems are not in operation, it is vitally important to promote and maintain septic tanks and outdoor privies.

All swimming pools should, under rigid supervision, maintain these standards approved by the Texas State Department of Health. This necessarily includes maintenance of proper chlorine level. Where such standards aren't maintained, those pools should be closed immediately.

All raw foods and vegetables should be washed thoroughly before use and protected from flies, filth and insects. All eating and food handling establishments should adhere strictly to the State Law concerning the sterilization of dishes and utensils. In the present emergency, those restaurants with insufficient personnel to maintain approved sanitation should close one or two hours a day so that employees can assist in maintaining cleanliness and high sanitary standards.

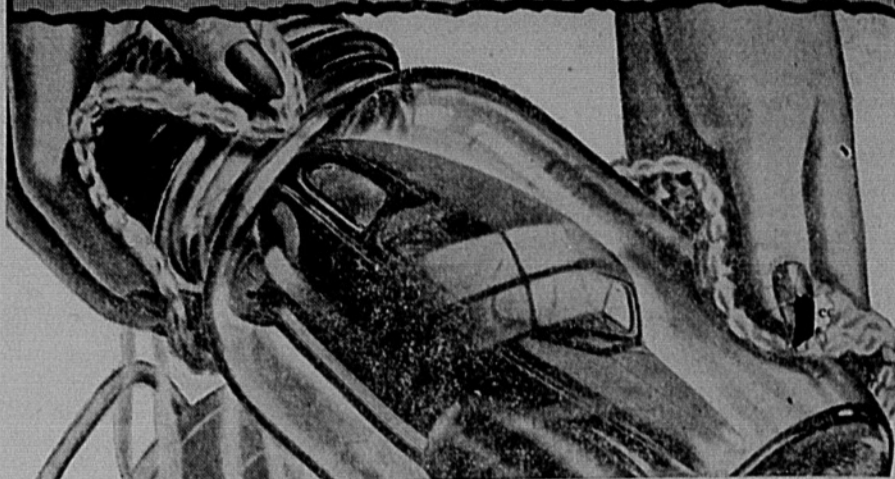

Every effort should be made to secure approved milk. Rats and mice should be eliminated. Maintain in the home the same sanitary standards that are necessary in community life. Particular attention should be paid to personal hygiene. Excreta from cases and contacts should be handled and disinfected with the same scrupulous care as in typhoid fever or bacillary dysentery.

Over-exertion in children should be avoided. Children should not visit homes where there is a sick child. Cases should be quarantined for 14 days and adults who work in food establishments should be particularly instructed in personal hygiene. It is advisable to reduce to a minimum all human contacts, especially in children during an outbreak of this disease. It is not advocated that schools, churches, and theaters be closed.

Early symptoms of infantile paralysis are headache, fever, vomiting, drowsiness, followed by stiffness in the neck and back. When suspicious symptoms appear, a physician should be called immediately.

FOR SALE—Model B Allis-Chalmers Tractor with all equipment. See Bert Thornton, 1 1/2 miles north of Slaton on Canyon road. 1

## How to preserve your Car

It's a good idea to "put up" fruits and vegetables for next winter... but if you put up your car instead of using it for essential transportation, you actually throw an additional burden on overloaded streetcars, buses, and trains.

In the national interest, as well as in your own, the way to preserve your car is to give it the care it needs and deserves in times like these.

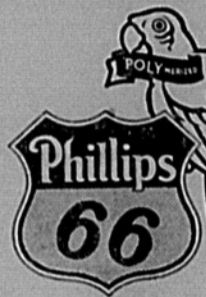

Save rubber, gasoline, and oil by cutting down driving speed. And get expert help to make your car and your tires go farther and last longer.

This expert help is waiting for you at every Phillips 66 Service Station. Go there at least once a week so that the Phillips 66 Service Man can check tire

inflation. In hot weather, twice-a-week tire checks are even better. Remember, under-inflation not only increases tire wear but places an unnecessary drag on the engine and thus wastes gasoline.

The Phillips 66 Service Man will also inspect your tires for cuts and bruises, will crisscross them with the spare every 3,000 miles, will tell you when re-capping is advisable. He will check your radiator, battery, and air filter. Will change crankcase oil, and lubricate chassis parts at the nationally recommended 60-day intervals.

Remember, whether you buy one coupon's worth of famous Phillips 66 gasoline, or merely want water or air, Good Neighbor Service is always waiting for you at the Orange and Black 66 Shield.

### UNION NEWS

MRS. M. D. GAMBLE.

Rev. J. T. Clinton's place was filled by Bill Frank White, Sunday. Rev. Clinton is holding a meeting at Hurlwood.

Miss Sarah Haynes visited in the home of her aunt and uncle, the R. M. Cades, last week.

Mr. and Mrs. Brown Montgomery visited in the home of her mother, Mrs. T. L. Peterson and family.

Mr. and Mrs. F. H. Griffin and children and Miss Gertrude Sooter have returned home from a visit in Colorado. They were gone over a week, visiting different states on their way to Colorado.

Mrs. Jessie Standefor received the second letter last week from her son, John Young, since he has been a prisoner of war.

Sunday morning breakfast guests in the home of Mr. and Mrs. H. M. Cade were their son, Pfc. Herbert M. Cade, Jr., of Sheppard Field, Mrs. S. K. Cade and Mrs. Alex D. Haynes and daughters, Jayne and Sara of Lubbock.

Pfc. Herbert M. Cade, Jr., son of Mr. and Mrs. H. M. Cade, Sr., is in school at Sheppard Field, at work as a maintenance mechanic. Pfc. Cade had a student pass and only spent a few hours at home.

Mr. and Mrs. D. J. Speed spent Thursday evening in the home of Mrs. M. D. Gamble.

Those visiting in the home of Mr. and Mrs. W. D. Meyers Sunday were Mr. and Mrs. R. D. Meyers and children of Lubbock, Mr. and Mrs. H. M. White and son, Glen Darrel.

Miss Mary Lee Griffin of Lub-

bock spent the week end with Virginia and Lula Mae Peterson.

Mr. and Mrs. Otho Doyle visited in the home of Mr. and Mrs. Pat Patterson Sunday night.

Mrs. V. L. Cade and daughter, Nancy, visited her mother, Mrs. J. G. Hampton, Sunday.

Jimmie and Sue Lowder of Quanah visited Sunday with their aunt, Mrs. M. D. Gamble, and family.

Miss Mildred Payton has returned to Topeka, Kansas, to continue her work as a secretary in an Army Air Base there.

Mrs. Horace Smith and son, Charlie, visited in the home of her daughter, Mrs. R. M. Cade, last week.

Mr. and Mrs. W. D. Meyers had received a letter from their son, Pvt. Charlie Meyers, and he was to be home on a thirty day furlough. Later in the week, they received a telegram that his fur-

ough was cancelled and he was transferred to Atlanta, Georgia.

Those visiting in the home of Mr. and Mrs. B. E. Stephenson Sunday were Mr. and Mrs. Joe Gamble.

Mr. and Mrs. Pat Patterson spent Sunday in Post visiting her parents.

Mrs. J. C. Hampton is spending the week with her daughter, Mrs. V. L. Cade, of Lubbock.

Mr. and Mrs. J. W. Eilenberger visited in the home of Mrs. M. D. Gamble and family Sunday.

A picnic supper was enjoyed at Buffalo Lakes Saturday night, by Mr. and Mrs. H. M. White and Mr. and Mrs. Joe Gamble.

Mrs. Pinkard has gone to a Glenrose hospital for treatments for rheumatism. She left here sometime last week.

Between Us Girls

BY DONNA SANNER

There's not a sweeter, nicer girl in town than Marita alias Skeet, alias Mary Nita Shelby. She has ambition, determination, tact, and lots of other good qualities that most of us lack.

Skeet has been pretty down-hearted lately. If you remember, I once wrote about her pet turtle, Eli—well, poor little Eli has gone astray. One dark, dismal night he climbed out of his little swimming pool and whizz-z-z! The next thing he knew he was wandering among the roses. I guess he had such a good time he forgot to come back. Just about broke Marita's heart. (I'm really sticking my neck out when I dare to write this!)

Everyone likes to meet and know people who are always smiling, have a pleasant disposition, and no matter what they feel in their heart, are always cheerful. Marita is like that. You never know she's sad. More people ought to be that way, instead of always talking about what a hard time they are having. If it isn't that, it's something else. Although we do gripe about petty things, we all know that things could be worse and we are all proud to be Americans, living in these United States.

The following bit of dry humor is taken from the radio program, "Kay Kayser's College of Musical Knowledge":

"Jack Spratt could eat no fat. His wife could eat no lean. Their little son—meat shortage!"

One of our every two families have at least two workers. Figure it out yourself how much beyond 10 percent of your family income you can put into War Bonds every payday.

## Slaton H. D. Club Meets Wednesday

Miss Clara Pratt met with the Slaton Home Demonstration Club Wednesday, August 11. She spoke on "How to Clean and Care for the Refrigerator."

To clean a refrigerator, dissolve one tablespoon of baking soda in each quart of warm water used. Both the inside and the outside of the freezing unit should be washed, then go over the whole surface with a cloth wrung from clear water and then dry thoroughly. Miss Pratt also gave a demonstration on electrical appliances and their care.

Those taking part on the program were Mrs. Lucille McEver and Mrs. C. E. Lilly.

Members present were: Messdames J. T. Collier, Annie Reed, J. F. Henry, R. C. Hall, A. R. Keys, Clea Young, Roy Collins, W. H. Long, C. E. Lilly, Lucille McEver, I. C. Tucker, and Miss Pratt.

Mrs. Roy Collins was hostess for the afternoon.

## LOYAL WORKERS MEET IN C. A. PORTER HOME

The Loyal Workers Sunday School Class met with Mrs. C. A. Porter Thursday, August 12, for a regular meeting. Mrs. W. H. Procter led the Devotional and Mrs. H. C. Gordon gave the closing prayer.

Mrs. Charles H. Walton will be recreation leader and Mrs. Grady Wilson will be hostess to the "Back to School" program, September 9.

Members present were: Messdames L. R. Tibbs, Ray Conner, Charles H. Walton, S. P. Ferguson, P. M. Wheatley, and O. W. Ray. Mrs. H. C. Gordon was a guest and Mrs. S. S. Forrest, Sr., and Mrs. S. S. Forrest, Jr., are both new members.

Mrs. Tess Bruner and daughter, Peggy, have gone to the Davis mountains for a vacation. While there, they will attend a Presbyterian Encampment.

Howard Swanner and son, Ted, have been in Dallas this week.

Miss DaOnne Middleton came home Thursday to spend about three weeks with her parents, Mr. and Mrs. G. B. Middleton. She has recently completed the summer session at Texas Tech and will return for the fall semester.

Dr. and Mrs. H. E. Howard have returned from a week's vacation spent in Taos, Santa Fe and Pampa. Little Mary Nan Howard visited her grandparents in Pampa while Dr. and Mrs. Howard were away.

Mrs. Lela Clark and niece, Norma Lou Elder, have just returned from Rush Springs, Okla., where they visited their sister and aunt.

Mrs. Webber Williams has returned home after visiting her sisters, Mrs. L. M. Bucy and Mrs. John L. Arton in Longview.

Sgt. and Mrs. C. E. Lanier of Wichita Falls visited her parents, Mr. and Mrs. L. R. Gregory last week end. Mrs. John Chauncey of Lubbock was also a visitor in the Gregory home.

Mrs. Lawrence Evans and son, Robert, returned to their home in Midland Friday after spending two weeks in the home of her parents, Mr. and Mrs. R. A. Swafford. Mrs. Oree Glascock accompanied them home.

Miss Wilda Hannah and Maxine McMillin left Monday for a week's visit in Ft. Worth and Dallas.

Sammy Ball, of Texarkana, arrived Thursday to visit his grandmother, Mrs. W. H. Smith, and Mr. and Mrs. K. C. Scott.

Mr. and Mrs. Earl Bradshaw, Sr., have been visiting his mother, Mrs. W. H. Bradshaw, in Omaha,

Nebraska. Mrs. Bryan J. Williams, Jr., of Post, was in Slaton Tuesday to attend the garden party honoring Elizabeth Stokes.

Norman Bedford left Sunday for his home in Ft. Worth, after visiting friends here.

Miss Marie Doherty spent last week in Post with Miss Edna Marie Spence.

Mr. and Mrs. W. K. Frye of Amarillo are visiting friends and relatives here this week.

Mrs. Walter Splawn left Wednesday for Plainview to visit her husband, who is working there for a few weeks. Her sister, Mrs. Pearl Joslin, who has been Mrs. Splawn's guest for several days, returned to her home in Dallas.

Miss Myrtle Teague returned Sunday from a two weeks' vacation in California.

G. A. Lewis, of McKinney, arrived Thursday for a visit with his son, Carl Lewis, and family.

Mrs. Roxie Tumbler and Mrs. Tilda Landrum of Birmingham, Alabama, are visiting their sister, Mrs. M. L. Lane, who has been ill for some time.

Mrs. Frank Neill, of Cleburne, Texas, is visiting her sister, Mrs. Earl L. Bradshaw.

Mrs. Curtis Covars is spending several days with her son and his wife, Mr. and Mrs. Leon Powers, and their little son, Leon, Jr., in Albuquerque, New Mexico.

Misses Dorothy and Margaret Mosser left Sunday for Carlsbad, N. Mex., where they will visit their sister, Regina Mosser, for several weeks. While there they will go through the Caverns. Johnny

Mosser, who has been working in Lamy, will return with them.

Luke Shelby and son, Jimmie, of Chicago, arrived Saturday to visit Mrs. H. T. Shelby and family.

Miss Ann Everline of Amarillo is visiting Mr. and Mrs. K. C. Scott and Mrs. W. H. Smith.

Mr. George Weatherall and daughter, of Dallas, are visiting Mr. and Mrs. W. T. Brown.

Mrs. S. A. Peavy returned home Friday from California.

Mrs. Ray Conner and son, Bobby, and Mr. and Mrs. Joe Walker left Friday for San Antonio, where they will visit Mr. and Mrs. Joe Walker, Jr.

Mrs. J. E. Eckert, Sr., left today for Oklahoma City, where she will visit her son, J. E., Jr., who is in the Navy, stationed at Norman, Oklahoma.

## Boxes Are Sent To War Zones

A report from Mrs. T. A. Turner shows that forty-one pounds of warm clothing has been shipped to Russia and ten pounds of costume jewelry has been sent to the South African area. The boxes were shipped Thursday, August 12.

The Local Chapter of the Red Cross wishes to thank each and everyone for their splendid cooperation.

The Axis Stops at Nothing. Don't stop your War Bond Payroll Savings at 10%. Every soldier is a 100 percent. Figure it out yourself.

## AMERICAN HEROES BY LEFF

After being blown through a window by a bursting shell and stunned by a 14-foot fall during the bombardment of Saad Island, Marine Staff Sergeant Dale Lester Peters of Greenbridge, Michigan, struggled to remove large aerial bombs from nearby burning houses. He has been awarded the Navy Cross for exceptionally meritorious service and disregard of his own safety during the action. What hardships are you willing to disregard to invest in War Bonds?

U. S. Treasury Department

## Miss Elizabeth Ann Stokes Is Given Garden Party And Shower

As a pre-nuptial courtesy extended to Miss Elizabeth Ann Stokes, bride-elect of Lt. W. H. Mudgett, a garden party was given in the lovely garden of the H. R. McKee home, 305 N. 4th, Tuesday evening from 8:30 to 10:30. Hostesses assisting Mrs. McKee were Mrs. L. B. Wootton, Mrs. Kirby Scudder, Mrs. Ray-Hickman, Mrs. Fred Englar, Mrs. Howard Swanner, Mrs. O. O. Crow, and Mrs. R. G. Loveless.

Multi-colored flowers provided background for the scene of the party. The long refreshment table was covered with an embroidered linen cloth and centered with miniature wrought iron gate that were ajar. A trellis was over the gates and garden flowers partly covered the trellis. Punch and cookies were served from the table. Mrs. Fred England presided at the crystal punch bowl.

Gifts were displayed in the living room and bedroom. Approximately 100 guests called. Friends and relatives from out of town were Mrs. W. O. Eddins and Mrs. Travis Ferguson, Sudan; Mrs. Henry Easley and Mrs. Mary Eybee, Meadow; Mrs. J. W. McDonald and Mrs. George Dickey, Lamesa; Miss Marie McDonald, Big Spring; Mrs. P. G. Stokes, Abilene, and Mrs. Bryan J. Williams, Jr., Post, Texas.

Friends and relatives from out of town were Mrs. W. O. Eddins and Mrs. Travis Ferguson, Sudan; Mrs. Henry Easley and Mrs. Mary Eybee, Meadow; Mrs. J. W. McDonald and Mrs. George Dickey, Lamesa; Miss Marie McDonald, Big Spring; Mrs. P. G. Stokes, Abilene, and Mrs. Bryan J. Williams, Jr., Post, Texas.

Gifts were displayed in the living room and bedroom. Approximately 100 guests called.

Friends and relatives from out of town were Mrs. W. O. Eddins and Mrs. Travis Ferguson, Sudan; Mrs. Henry Easley and Mrs. Mary Eybee, Meadow; Mrs. J. W. McDonald and Mrs. George Dickey, Lamesa; Miss Marie McDonald, Big Spring; Mrs. P. G. Stokes, Abilene, and Mrs. Bryan J. Williams, Jr., Post, Texas.

## Breakfast Honors Elizabeth Stokes

Honoring Miss Elizabeth Stokes, bride-elect of Lt. W. H. Mudgett, Mrs. K. L. Smith entertained with a breakfast in the backyard of her home Monday morning.

The table, set with pottery, was covered with a plaid cloth and centered with a bowl of marigolds. Gold satin ribbons that ran the length of the table, were attached to kitchen utensils which were given to the honoree. She was called upon to tell how she was going to use each article.

Guests were: Messdames Harry Stokes, P. G. Stokes, Fred England, Joe Miles, George Harlan and the hostess; Misses Marita Shelby, Juanita Elliott, Mary Frances Landreth, Donna Sammer and the honoree.

## CLUB DONATES MIRRORS TO COUNTY CLUB HOUSE

Mrs. Chas. H. Walton, president of the Junior Civic and Culture Club, reports that mirrors have been placed in the Club House. One in the kitchen and one in the ladies' lounge.

The mirrors were put there through the courtesy of the Club.

## Miss Pratt Is Speaker At Club

The Posey Home Demonstration Club met in the home of Mrs. O. R. Patterson this week.

Miss Clara Pratt told how important it was to care for the rubber gasket around the refrigerator door, as they cannot be replaced.

Miss Pratt said, "Any spilled food or grease should be wiped off immediately, as oil and moisture from the hands is harmful to rubber." She also gave a demonstration on mending electric cords.

Mrs. L. K. Hart spoke on, "Tea Tricks For a Clean House," and Mrs. Wesley Gentry gave, "How to Save Those Clothes."

The County Council gave Mrs. Benton Patterson, President, a trip to Dallas to attend the Texas Home Demonstration Association.

Mrs. C. Z. Fine will be hostess to the next meeting.

## FORREST BIBLE STUDY

Ora Forrest Bible Study will meet at 3:30 p. m., Tuesday, at the Methodist Church. Memory vs. Deut. 31:6.

Lesson: Studies in the Book of Deuteronomy. Chapters 31-34. The close of Moses' Life.

The Charge, Chapter 31. The Song, Chapter 32. The Blessing, Chapter 33. Pisgah, Chapter 34.

1. Express in a sentence or two the substance of the charge which Moses gave to Joshua and to Israel.

2. Why did Moses write a song and teach it to the children of Israel?

3. Of what would the words of this song constantly keep them in mind?

4. What is the great difference between Moses' blessing and Jacob's blessing of the children of Israel?

Mrs. L. R. Tibbs.

## W. M. C. Is To Hold All Day Meeting

The Women's Missionary Society of the First Baptist Church will hold an all day meeting at the Club House Tuesday, August 24th. A covered dish luncheon will be served at noon.

Mrs. J. H. McClain of Balla, who is Stewardship Chairman for the State of Texas, will be present to speak on some phase of Stewardship.

Everyone who is able to attend is urged to take advantage of this rare opportunity.

### SELF & ANGERER

Service Station  
300 North 9th Street

**“Our daughter has a hope chest . . . in an envelope!”**

“When our little girl’s great day comes—and it may not be more than 10 years off—she’s going to have all the things a girl dreams about.

“Bright-flowered luncheon sets and fine Irish linen . . . satin-smooth percale sheets and soft fluffy bath towels . . . and lovely lace-edged lingerie . . . “A setting-out like that will cost at least \$400!

“We’ll only pay \$300. Because, you see, we’re buying War Bonds for her. And for every \$3. worth we buy we get \$4 back in 10 years.

“So every single month we buy a \$25 War Bond

which costs us only \$18.75.

**BUYING FREEDOM**

“And there’s something else you can’t help but think about when you buy War Bonds. We’re doing more than saving money and making a good investment for the future. We’re buying the guns and planes and tanks to defend our home. If we don’t help our country now to defend our little girl’s future, she won’t have any future. Except a short and terrible life of slavery to a Jap or Nazi master.”

This little girl’s father is putting every spare cent

of cash into War Bonds, through the Pay-Roll Savings Plan. So are the great majority of Americans. But there are still some Americans who ought to be buying War Bonds through the Pay-Roll Savings Plan . . . and aren’t.

There are others who have bought bonds of large denomination, but those whose income is large enough to enable them to purchase more. NOW is the time to do it . . . now while our men and the men of other nations are in the position to carry the war to the aggressor nations . . . not next week or the week after—but NOW.

Slaton people have held an enviable record in the past for their purchases of War Bonds and Stamps, but recent records show that we of this community have fallen far behind in the last two months . . . the smallest amount since War Bonds have been on the market.

Now is not the time to slow down, it is the time to redouble your efforts to help win the peace . . . the war is not over. Not by a long shot, and your lack of support may mean the prolongation of the conflict. **YOU’VE DONE YOUR BIT—NOW DO YOUR BEST!**

# SOUTH PLAINS BUSINESS AND INDUSTRIAL GUIDE

## Oh, My Goodness There Is Sweet Music In The Air Do Be Careful

Never before has the care of good clothing, rugs, furs, curtains and blankets been of more vital importance to the people of the United States, for most of these items cannot be replaced, especially in the quality of materials that your present ones are made of. The cleaning of these precious items should be done by experts and that is just what Bray Cleaners in Lubbock are... They are experts in cleaning wearing apparel of all kinds and have the equipment to make your fur coat look as luxurious as it did the day you bought it, equipment that most cleaners do not have and therefore cannot clean as Bray's Cleaners do.

Do you have music in your soul and do you enjoy the thrill of playing a good instrument or listening to your favorite recording of your favorite kind of music? Then you should visit the B. E. Adair Music Co., 1012 Main Street in Lubbock, where the very latest sheet music comes direct from the publishers, where the latest records are on hand for you to hear and where the best musical instrument that the market affords are here at most reasonable prices.

The B. E. Adair Music Company is a friendly place to visit and they take a personal interest in showing you the things that they have in which you might be interested, and if they do not have just what you want they will comb the market to get it for you. Naturally, at times like the present there are many difficulties in getting many items in which the public is interested, but the B. E. Adair Music Company has most everything in the musical line for they stocked up heavily during the time when musical supplies were not so difficult to get and you can probably find just what you want at the B. E. Adair Music Company. You will be most welcome.

## Whew! But It's Hard To Sleep

With the thermometer doing all kinds of monkey shins, and with most people finding it very difficult to sleep it is not out of place to tell most folks that a smooth, airy mattress is a great help at times like these and besides for good health's sake a good renovating of all mattresses is advisable.

"The family will find it easier right now to get along with fewer mattresses while we fluff them

up and give them a treatment that will make them free of all dirt and germs and we can give your work better attention right now than we can at a later date," says Mr. Edd Meyers of the Slaton Mattress Co. Materials for repairing and renovating mattresses are available now but are becoming more and more difficult to secure. Those who select new ticking now will have a wider choice of colors and grades of materials than those who postpone having this work done and Mr. Meyer says that the first to come will be the ones who will get the good prewar made materials for ticking.

## Better Keep A Roof Overhead

Now, while the weather is dry is the time to get your roofs repaired and the Texas Roofing Co. in Lubbock is the firm that can do it. This is one of the best equipped concerns in Texas for this kind of work and they can repair most any kind of roof. They do business all over the South Plains and have men who know their business. All work is guaranteed to be correctly done and to be done with the best materials available.

A personal call or a post card to the Texas Roofing Company, 2214 Ave. H will bring one of their representatives to call upon you and to give you an estimate on the work you want done.

## On The HOME FRONT

A revised scale for payments to farmers under the 1943 Agricultural Conservation Program has been set up by WFA to adjust available funds to the increased number of eligible farmers. The revised rates (with the former rates in parentheses) are: cotton, one cent per pound (1.1 cents), corn, 3 cents per bushel (3.6 cents) and wheat 8.5 cents per bushel (9.2 cents). Rates remain unchanged for rice and tobacco.

Drafting of fathers with children born before September 15, 1942, will begin at approximately the same time throughout the nation, the Selective Service Bureau of WMC said recently.

Retail and wholesale ceiling prices for women's, girls', children's, and toddlers' fall and winter dresses, suits, coats, blouses and other outer clothing have been provided by OPA at levels equal to or lower than those of last fall, in Amendment No. 1 to Maximum Price Regulation 330.

To continue the standard of the U. S. Army as the healthiest Army in the world, 7500 additional physicians and surgeons will be needed during the coming three months, and an additional 2,500 by January 1, 1944. Major General Norman T. Kirk, Surgeon General says, "The casualty rate in the army to date has been very low, and one of the main reasons has been the availability of trained surgeons on the battlefields and in hospitals behind the lines to give our wounded men quick, efficient and expert care."

"Retail food prices as a group—representing about two-fifths of total living costs—declined by 2.0 percent," Secretary of Labor Frances Perkins said recently in discussing changes in the cost of living from June 15 to July 15. "Clothing costs rose 0.5 percent. Other costs, including house furnishings utility rates and services, were stable or increased moderately." With meat prices cut back by OPA and vegetables seasonally lower, the cost of living for city workers dropped 0.8 percent.

Vocational schools which were using National Youth Administration equipment or buildings on June 30 have been advised by Paul V. McNutt, Chairman, War Manpower Commission, to file applications before October 12 with the regional offices of the Procurement Division, Treasury Department, if they wish to continue using these buildings, tools and machines for training students during the war.

"Dried fruit packers must set aside for government procurement their entire holdings of raisins, prunes, apples, apricots, peaches, pears and currants during the 1943

## THE FUTURE WORLD STATE

—44 season under a continuation of last year's program," the WFA said recently. Last year more than 234,000 tons of dried prunes and raisins were released for civilian consumption.

America's 30,000,000 motorists have been assured by WPB that sufficient new and reconditioned parts will be made available to keep the nation's essential cars rolling through 1944. Even the country's 5,000,000 vehicles, ten years old or more, will be kept on the road by necessary replacement parts.

With War Price and Rationing Boards rapidly completing the task of renewing consumers' heating oil rations, OPA is urging householders to place orders immediately to give both consumers and dealers plenty of time during warm weather to get a supply of heating oil in home storage tanks.

The following comment on the August crop report was made recently by Marvin Jones, War Food Administrator: "The July crop report made it clear that farmers in the face of many difficulties had substantially met, and in some cases exceeded, the crop acreage goals. During July, growing conditions were favorable and current indications are that yields per acre in 1943 will be the second largest on record. The progress of the year's production so far is gratifying. The hard work and the determination of farmers have placed us in a position to meet essential food needs, given average weather from now on."

"However, the crops are still to be harvested, marketed, and processed, and in the case of the feed crops, fed to livestock. Farmers will need additional workers for harvest, and food processing industries are short-handed. The war time food problem is not solved, though present production prospects are encouraging."

Blank forms are available to all officers and enlisted men of the Army to enable them to apply for war ballots for elections to be held this year, the War Department reports. Public Law 712 requires these forms to be available in years when officers of the National Government are elected. The forms will also enable legally qualified soldier voters to participate in state elections.

School authorities and school bus operators have been warned by ODT against delaying the overhauling of school busses. Last minute efforts to obtain necessary repairs may result, in busses being laid up when schools open this fall. The shortage of skilled mechanics and the scarcity of repair parts may result in unexpected delays, and a check-up may reveal that some busses cannot be repaired and must be replaced. The ODT suggests that school authorities or bus drivers contact local ODT District Maintenance Advisory Committees to help solve problems that may arise.

Civilians will receive approximately 6 1/2 million more cases of canned apples, fruit cocktail, beets, sweet corn, pumpkin or squash, lima beans and tomato puree under an amendment to Director Food Distribution Order 22.4 which reduces the quantity that canners are required to set aside from 1943 production to meet government requirements.

Thousands of Americans, in addition to paying taxes and investing in war bonds, have given several million dollars in cash and many other gifts to the government. The Treasury to date has completed more than 20,000 transactions in connection with contributions ranging, in cash, from one cent to several hundred thousand dollars, and in gifts, from tin foil to Rolls Royces. Cash donations total about \$4,423,000.

Members of the Women's Army Auxiliary Corps, as soon as they take the oath as members of the Women's Army Corps, become eligible for National Service Life Insurance and the free mail privilege. Furthermore, a member of the WAC who is married to a service man is eligible to receive the usual family allowance for soldiers wives.

Increase your property insurance. See Hickman and Neill Insurance Agency, Cit. State Bank Bldg.

—By Zeke Baldwin  
(Editor's note: The Slatonite is publishing at irregular intervals articles written by Zeke Baldwin on the above subject, and which articles do not necessarily express the opinion of this paper or of the owner or editor of this paper.)  
The series of articles which I present to the Slatonite are of necessity very brief, incomplete, and general, as space will not permit them to be otherwise.

We are presented constantly through the sources of newspapers and radio broadcasting stations with the idea of a need for a superior government which will regulate the international and external affairs of all nations.

I am of the opinion that such a government is necessary.

At the present time we have what is known as international law which is a composite of treaties and agreements between the various nations as to trade, money, labor, and war, but these treaties and agreements are unenforceable because no power exists to enforce them and because the various governments of the world change in administration from time to time. That is, the Democratic party of this country will pledge themselves to other countries but when the Republican party comes into power this pledge is repudiated which leaves a doubt in so far as other countries are concerned as to the pledge previously made to them by the administration that might be in power.

A necessity exists for a world state governed by a body authorized to do so by all nations of the world so as to regulate the trade between the various nations, to develop a uniform monetary system and to promulgate proper labor regulations.

By regulation of trade I mean that the various barriers such as the tariffs that each country has that penalize the importation of goods should be removed. This would be an economic advantage to all countries concerned. Some countries can produce certain articles of merchandise, produce and food cheaper than others because of climatic conditions which exist in that country, because of the cheaper and ability of the labor in that country and because of the position of their global status and they should, therefore, do so, and be permitted to do so, for the welfare of all people of the world.

But with the barriers which each nation has surrounded itself with such is impossible, whereas under a unified control and regulation and a group of intelligent men to decide which nation is best fitted to grow certain crops, to manufacture certain commodities, and to carry the trade of the world, much to be saved in the way of excess labor and the loss which is incurred by the failure to use the excess labor and the loss which is incurred by the failure to use the greater ability of that nation which possesses it to be greatly reduced. The cost of growing coffee here in this country is approximately ten times as great as it is in Brazil. While at the same time the cost of producing an automobile is probably twenty-five times less than cost cost of producing the same car in Brazil, so why should we not produce the car and use our man power for that purpose and let Brazil produce the coffee and use her man-power for that purpose. This, it appears to me, is common sense.

Another necessity to have a world state is the matter of a uniform monetary system which at the present time we do not have and have never had except in part. For awhile this country together with England, France, and a few other countries attempted to have a uniform monetary system by adopting what is known as the

Gold Standard. Just as soon as one country faced financial bankruptcy or chaos, they immediately separated themselves from this uniform standard of international trade, thus altering the value of money and the ratio of currency between all nations. To have such a uniform standard of money would make definite the trade relations between all nations. If this is not had we will operate under the conditions which at the present time Germany is operating, e.g. the barter system whereby a bushel of wheat is traded for a bushel of corn which is a complicated method of dealing.

fairly modern living quarters and a regular mess hall with reasonably good food, which is something we didn't have for about two weeks. As you know, all of North Africa has been completely in Allied hands for almost 3 months now, and that makes quite a difference.

"I don't expect to be in this particular city very long, though. My unit is 'on the go' all the time and we will probably move around a lot as long as we are here.

We even have a chance to go swimming here and really enjoy it. Went to a picture show here on the base and saw a good one last night.

"Still have no idea of what is in store for us. We may be on our way home in 2 days or 2 months or 2 years. We just have to wait our turn. You have undoubtedly read the recent news in this vicinity and I'm sure everyone is as happy about it as we are.

"Let's hope that Uncle George Marriott was right when he reassured you that the war would be over in 1943.

"Please write soon using that address.  
"Love, Milton."

Lt. Pete Alexander, of Cadiz, Kentucky, spent this week with A. P. Wilson and family.

Petty Officer Maurice Middleton, who is in the Seabees Headquarters Company at Davisville, Rhode Island, arrived Thursday on a ten day furlough to visit his parents, Mr. and Mrs. G. B. Mid-

dleton. Mrs. Middleton met him in Amarillo.

Pvt. L. A. Duff, Dodge City, Kansas, is home on furlough visiting his mother, Mrs. L. A. Duff.

Capt. L. M. Garrigues has recently been transferred to Davis-Monthan Field in Tucson, Arizona. He is the son of Mr. and Mrs. C. L. Garrigues.

Cpls. Milburn and Wilburn Cash, twin sons of Mrs. Callie Cash, arrived Wednesday from California on a fifteen day furlough.

Cpl. Luther Faulkner, Trinidad, British West Indies, writes that he is well and enjoying life in the West Indies. He is the son of Mr. and Mrs. Luther Faulkner.

Mrs. J. B. Butler received a letter from her son, Shirley, who is a Sergeant in North Africa. He writes that he is doing fine and is in good health. She also received a letter from S-Sgt. Luther "Bo" Patterson, who at the present, is in the hospital at Palm Springs, California. He expects to be in Slaton sometime soon.

### MILITARY INSIGNIA ———

(Continued From Page One)

(Junior Grade). Two bars for the Army spell Captain, but in the Navy two stripes indicate Lieutenant (Senior Grade, which is the corresponding rank. Next in seniority is the Army's Major who wears a gold leaf; the Navy's corresponding rank of Lieutenant-Commander wears two full stripes with a half-stripe of narrow one

between. A Lieutenant Colonel wearing a silver leaf corresponds to the Navy's Commander who wears three full stripes. A Colonel wears a silver spread eagle and corresponds in rank and pay to the Navy's Captain who wears four full stripes. A Brigadier General wears one star. This rank formerly corresponded to the Commodore in the Navy, a rank which has been discontinued.

The Army's Major-General, Lieutenant General and Full General wear two, three and four stripes respectively. To match them, the Navy has its Admirals, known as "Flag Officers." They are: Rear Admiral, Vice Admiral and Admiral and they all wear a two-inch stripe plus one, two and three stripes respectively.

### NOTICE OF SHERIFF'S SALE. THE STATE OF TEXAS. COUNTY OF LUBBOCK.

WHEREAS, on the 30th day of November, A. D. 1940, The Slaton Independent School District, and the City of Slaton, Texas, a municipal corporation, Plaintiff and The State of Texas and the County of Lubbock, Texas, impleaded Taxing Units recovered a judgment in the District Court of Lubbock County (for the 99th Judicial District of Texas) No. 4587 on the docket of said Court, against G. C. Overby, Mrs. R. P. Felts, Mrs. Ora B. Page, R. L. Riddle, Mrs. R. L. Riddle, E. V. Woolever and the First National Bank of Lubbock, Texas, for the aggregate sum of Six Hundred Twelve and 88/100 Dollars for delinquent taxes, interest, penalties and accrued costs on the same, with interest on said sum at the rate of 6% per annum, from date of judgment together with all costs of suit. Said judgment directs that a foreclosure of plaintiff's lien together with lien of the taxing units which were parties to this suit and established their claims thereto for the amount of said taxes, interest, penalties and accrued costs as apportioned to each tract and/or lots of land as described in said order of sale.

By virtue of an order of sale, issued by the Clerk of the District Court of Lubbock County, Texas, on the 11th day of August, 1943, as directed by the terms of said judgment.

As Sheriff of said Lubbock County, I have seized, levied upon and will, on the first Tuesday in September, 1943, same being the 7th day of September, 1943, at the courthouse door of said Lubbock County, between the hours of 2 o'clock P. M. and 4 o'clock P. M. of said day, proceed to sell for cash to the highest bidder all the right, title and interest of G. C. Overby, Mrs. R. P. Felts, Mrs. Ora B. Page, R. L. Riddle, Mrs. R. L. Riddle, E. V. Woolever and the First National Bank of Lubbock, Texas, in and to the following described real estate levied upon the 11th day of August, 1943, as the property of said defendants:

Lots 31, 32 and 33 in Block A; Lots 1 and 2 in Block 40; Lot 12 and the North 1/2 of Lot 11 in Block 29, in the Original Town of Slaton, Lubbock County, Texas; and Lot 12 and the North 1/2 of Lot 11, in Block 32, and Lot 6 in Block 71, in the South Slaton Addition to the City of Slaton, Lubbock County, Texas; and Lots 1, 2 and 3, in Block 55, Lot 2 and the West 1/2 of Lot 8, in Block 173; Lots 11 and 12 in Block 170, all of Block 185; all of Block 189; Lots 1 and 2 in Block 188, and Lot 10 and East 1/2 of Lot 11 in Block 194, in the West Park Addition to the City of Slaton, Lubbock County, Texas, subject, however, to the right of redemption of the defendants, or any one interested therein, may have, and subject to any other and further rights of the defendants, or any one interested therein, may be entitled to under the provision of law. Said sale to be made by me to satisfy the above described judgment and foreclosing the lien provided by law for the taxes, interest, penalty and costs. The proceeds of said sale to be applied to the satisfaction thereof. Said sale will be made subject to the defendants right to redeem the said property by complying with the provisions of law in such cases made and provided.
