He is assisted by other specially-trained animals, including a dog, monkey, goat and 'possum. His son, Clark is a trick rider, trick roper, and an expert on horse "catches" and Australian whips. His wife, Arline, was formerly Arline Kitten, daughter of Mr. and Mrs. L. B. Kitten of Slaton, she assists her husband in the act.

### VARIED ATTRACTIONS TO BE OFFERED AT FAIR

One of the outstanding events of the Texas State Fair is the conclave of more than 20,000 rural youth on October 5, which has been designated as Rural Youth Day. Many entertainments have been arranged for them.

A complete story of the raw silk industry in Texas will be presented at the Fair by means of an exhibit portraying the production from the large stage of the silk worm to the finished silk. This exhibit has been arranged by business men of Mineral Wells, where this great enterprise has been established. This is apparently the only region in the United States promoting this industry.

Newspaper men from over the entire state will gather on opening day, October 5, which has been designated Press Day. More than 750 members of the press are expected to attend the Fair that day.

The Dallas Academy of Medicine is sponsoring the Dallas Health Museum displays during Oct. 5-20. Exhibits from the Mayo Foundation Museum of Health and Hygiene, Cleveland Health Museum, and the Scott and White Hospital of Temple will headline the list of displays.

### Over the Wire

The Veterans of Foreign Wars have fixed a club room in the building on the East side of the square for the members of their organization. It is furnished with a pool table, library and other recreational equipment.

Local farmers predict that if other farmers who have been selling off their live stock as they have in this area that the meat shortage will be acute for a long time and unless some changes are made the people of the United States will cease to be meat eaters. All the meat that is being raised in this area is what each farmer figures he will need for his own use and no more.

A dance will be held Saturday night at the American Legion Hall under the sponsorship of the VFW. It is open to the public.

Kirby Scudder, who returned this week from a recent vacation spent with his relatives near Mineral Wells reported that fishing on Possum Kingdom Dam was not good while he was there, however all the fishing he did was in the rain.

One local man stated this week that he might be interested in establishing an air port in Slaton if he could buy or lease a location within two miles of the city limits.

Reports from railway employees are that freight and passenger service through Slaton is just about as heavy as it was during war time conditions.

As soon as paint is available the newly organized Junior Chamber of Commerce members hope to start marking the streets over town.

Mr. and Mrs. Ray C. Ayers and Mrs. Robert Hall Davis are visiting relatives in Sherman.

### MIDNIGHT DISTURBANCE TO BE CONTROLLED

As this is the hay fever season and the home shaking sneeze is resounding from every household with painful results in the middle of the nights for both the hay fever addicts and every member of the family, the Slatonite will give a six months subscription to the person who turns in the best sounding remedy for the disturbing mid night "cachews."

Barred from competition are the: Jell wing; knock out drops, scales on the head with base ball bats chloroform, ground glass, carbolic acid and DDT, nor will such old time remedies as sulphur in the shoes, carrying a potato in the pocket or a buckeye, be accepted.

This campaign is for something new and if an award is made it will be made on something original whether it works or not. The world has gotten into a rut as far as with remedies and home concoctions are concerned and the Slatonite is out to get things started. If you have something that sounds worth trying just write the suggestion on a post card and send it to the Slatonite, you might win a six months subscription to the Slatonite and live to regret your rash actions.

### Combat Picture Is Well Received

The picture, "Action Over Tokyo," sponsored by the Slaton Unit of the Texas State Guard attracted a large and enthusiastic audience last Monday night. The picture, furnished by the recruiting division of the Army Air Forces, was of actual combat action and the results.

Part of the film was captured German film, but most of it was made by Army photographers. The recruiting officer in charge was very pleased with the number interested in seeing the picture, according to Capt. Jay W. Moore, who was instrumental in securing the picture.

### TABERNACLE REVIVAL TO CLOSE SUNDAY NIGHT

The Union evangelistic services that have been in progress for the past four weeks including this week under the leadership of Rev. B. B. (Cowboy) Crimm and Rev. Harlan M. Powell will close Sunday night.

Large and enthusiastic crowds have heard the messages and much good has resulted in the community from their stay in our midst. Over 50 conversions and recommitments resulted up to the last week, and no doubt the number will be greater by the close of the meeting.

### Real Estate Prices Are Higher But Probably Not Inflationary

There is a great deal of discussion as to inflationary trends along many lines, especially real estate. Several real estate dealers were asked as to the amount of real estate changing hands and, also, as to inflationary trends.

It is the opinion of one that there is not as much real estate changing hands as there used to be, except for homes for veterans. There is a great demand for GI property, and an active market for anything that meets the standards for a GI loan. Otherwise the real estate market is slower than last year.

Another expressed the opinion that there has been a marked increase in sales since the general rains the last of August. He had had more sales since the rain, that is, in about the last six weeks, than he had during the preceding May, June, July and early August. There are also more prospective buyers than during the period mentioned. Of course the beginning of the school year always stimulates the sales of homes; many families buy a new home and get settled in it before the beginning of the school year. This same person also of the opinion that prices are not dropping; and are some higher

### VFW TO HOLD DANCE

The Veterans of Foreign Wars have made extensive preparations for a dance to be held at the American Legion Hall tomorrow night. An excellent orchestra will furnish the music and preparations have been made to take care of a large crowd.

From all indications there will be a heavy vote in the election tomorrow and the interest in the outcome is at a high pitch in Slaton.

As stated before the columns of the Slatonite have been open to all of those who wished to express their opinions either through the news columns or the advertising paid space. This has enabled every one interested in the issue to read the arguments from both view points. As one of the news outlets in this area the Slatonite has had to take a choice of three ways to treat this matter, one to do as the Lubbock paper had done and accept neither advertising nor contributions to the news columns on the subject, to do as has been done and accept both sides of the argument and let the voters read both sides or to take one side and one side only.

The matter is of too much importance to ignore in the consideration of the publisher of the Slatonite, and if holding the position that even if it could be done, which would be impossible, the Slatonite does not want to take the responsibility of deciding questions of such great importance that a public election must be held.

That the publicity in the campaign has created more interest in the matter than probably would have been manifested is admitted by those on both sides of the issue and it is sincerely believed that more people will vote tomorrow than would have voted if the matter had not been thoroughly publicized.

If some of the subscribers of the Slatonite do not agree with the stand that this paper has taken, the publisher regrets that every one cannot be pleased and as even ignoring the question would have brought criticism the publisher did what he considered right.

One letter was received through the mail that had no signature and stated that it was from a group of "teen-agers." The letter was well written in defense of the dry side but the policy of this paper is to require signatures on all letters published this one is not in the paper this week.

### Junior C Of C Fully Organized

At the first regular meeting of the recently organized Slaton Junior Chamber of Commerce last Tuesday night at the City Hall, seventeen of the thirty-three regular members were present. It was decided to have each 1st and 3rd Tuesday night of each month as the regular meeting nights.

At the meeting last Tuesday night a committee was appointed by the President, Verne Johnson, to get the streets of Slaton marked as soon as possible.

### The Slaton Tigers Meet Tahoka An Undefeated Team, Tonight

Several hundred visitors are expected.

Coach Tillery says that his team has been training strenuously all season and making a better showing, and are hoping to make a decidedly faster team, an did better a good showing in tonight's game.

The Denver City Mustangs defeated the Tigers in last week's contest 33-6. The Tigers scored in the second quarter, a screen pass working for 70 yards, with Wendell Fowler tossing to Roy German for the score. The Mustangs were decidedly faster team, an did better blocking, better tackling, and especially did they execute more downfield blocking.

**FORMER LOCAL CITIZEN NARROWLY ESCAPES IN SAN ANTONIO FLOOD**

Mrs. Arno W. Albrecht of Corpus Christi, formerly of Slaton, narrowly escaped drowning in the recent San Antonio flood. She was a passenger on a Greyhound bus which reached San Antonio about the time the streets became flooded, and sat in the bus on the main streets of San Antonio until the flood waters reached the windows of the bus. They were marooned in the bus from 10 p. m. until they were rescued at 6:15 a. m., expecting the bus to be overturned at any minute. The bus floated like a boat on a river, according to Mrs. Albrecht, and cars were washed away on all sides, several even piling up against the bus. Eight persons drifted up to the bus and were pulled to safety by the passengers and the driver.

Mrs. Albrecht lost her purse and all her baggage, but said she was so thankful not to have drowned. She says that there was no food, no water to drink, and everything was wet when finally they were rescued; all the passengers were wet and cold, as the water flowed through the bus from front to rear all of the time they were stranded.

Mrs. Albrecht is visiting her daughters, Mrs. Leo Stolle of Post and Mrs. Winifred L. Hallman of Slaton, and her son, Tommy Wheatley.

A MESSAGE TO INSPIRE CHRISTIAN UNITY

J. Lloyd Moyer Phone Res. 239 J Office 333  
Box 583, Slaton, Texas

Subject: DO YOU REALLY LOVE GOD

Love has a deepness which no man can fathom. Paul declares, Now abideth faith, hope, love, these three; and the greatest of these is love." (1 cor. 13-13) And "if I have all faith, so as to remove mountains, but have not love, I am nothing." (verse 2). Contrasting faith and hope with love, he says, "The greatest of these is love." John goes further to say "He that loveth not, knoweth not God, for God is love." (1 John 4:8.)

"Love is the fulfillment of the law." (Romans 13: 10). Do you understand that? Is professed Christianity not trying in every other way to attain heaven? By keeping the ten commandments and a hundred other commandments which they have manufactured out of them? Our Lord put it thus, "If ye love me, ye will keep my commandments." (John 14:15). "For this is the love of God, that we keep his commandments; and his commandments are not grievous." (1 John 5:3). "He that saith, 'I know him,' and keepeth not his commandments, is a liar, and the truth is not in him." (1 John 2:4.)

Dear Reader, are you keeping his commandments? Do you believe in Christ? If not, you

cannot please God; for Jesus has said, "For except ye believe that I am he, ye shall die in your sins." (John 8:24.) Are you willing to repent? Turn from your past life? "Except ye repent, ye shall all in like manner perish." (Luke 13:3.) Are you willing to confess Christ before men? "Every one therefore who shall confess me before men, him will I also confess before my Father who is in heaven. But whosoever shall deny me before men, him will I also deny before my Father who is in heaven." (Matt. 10:32, 33.) After you have changed your heart by faith, your conduct by repentance, your allegiance by confession—will you be willing to change your state from without to within Christ by being buried (immersed) with Him in baptism? (Gal 3:27 and Col. 2:12.) You say this is not necessary? Jesus said "Go ye into all the world, and preach the gospel to the whole creation. He that believeth and is baptized shall be saved; but he that disbelieveth shall be condemned." (Mark 16: 15, 16.) Who shall be saved? The one who believes and is baptized.

Did I hear you say the thief on the cross was saved? Let us

grant that he was. Christ had full authority to forgive sin and save people as he saw fit while on earth. "For where a testament is, there must of necessity be the death of him that made it. For a testament is of force where there hath been death; for it doth never avail while he that made it liveth." (Heb. 9:16, 17.) So while Jesus was living upon the earth, he could do as he pleased with that which he possessed, but after he died, his testament came into force. And so all who expect to enter into eternal glory must, of necessity, abide by his will.

How are you abiding? By man-made doctrines? If so, eternal life is not yours. "He that saith he abideth in him ought himself also walk even as he walked." (1 John 2:6.) "And this is love, that we should walk after his commandments. This is the commandment, even as ye heard it from the beginning, that ye should walk in it." (2 John 6.)

To love God means to obey his commandments. Christ loved you and gave his life for you. Now he pleads in loving mercy that you give your life to Him.

## This Could Happen To Lubbock County And Slaton Facts About Beer In Gaines County . . .

A BEER ELECTION HAS BEEN CALLED FOR SATURDAY, OCTOBER 5TH, TO DECIDE WHETHER GAINES COUNTY SHALL AGAIN OFFER BEER AND WINE FOR LEGAL SALE.

**WHO WORKED UP THIS ELECTION?** A few men who want to make money off the sale of beer and wine to their neighbors, regardless of the consequences to our community.

**WHO WILL IT HELP?** Nobody. Even the men who think they will get rich selling beer and wine to their neighbors will not profit in the long run. Just think over the list of those you know who have tried it.

**WHO WILL IT HURT?** EVERYONE — Business men, working people, farmers, professional people, and most of all, women and children. Have you ever heard of beer and wine helping anyone to permanent happiness?

**DO YOU WANT SEAGRAVES AND GAINES COUNTY TO AGAIN BECOME THE HONKY TONK CENTER OF WEST TEXAS? THE SCAVANGER COUNTY FOR ALL NEIGHBORING COUNTIES?** We did that once. Our reputation became so bad from coast to coast that our people were ashamed to admit, when they were away from home, that they lived in Gaines county. We were the laughing stock of all who knew us. **WHAT KIND OF BUSINESS DID BEER AND WINE BRING TO GAINES COUNTY?** The business of drunkards, thugs, thieves, prostitutes and their associates.

**WHAT WAS THE EXPERIENCE OF THE COUNTY WHILE IT WAS WET?** After four years of being wet we had more empty buildings in Seagraves than ever before in history. The business men joined forces to vote beer out so we could make a come back. Our town was flooded every week-end with hundreds of drunks who, being away from home, had no respect for our women, our children, or our property. Our women and children had to stay at home over the week-end or risk hearing or seeing something extremely embarrassing, if not been drunkenly accosted. **WOULD WE HAVE HONKY TONKS AGAIN? YES.** There is no law against them and any promises made by local men would not keep a stranger from coming in and saying that he didn't promise not to put in a honky tonk—usually called tavern.

**THINK OF THIS. DRINKING AND DRUNK DRIVING WERE RESPONSIBLE FOR MORE DEATHS EACH AVERAGE MONTH, WHEN GAINES COUNTY WAS WET, THAN THEY NOW CAUSE EACH AVERAGE YEAR** in this and adjoining Texas counties. By the return of beer to Gaines county our death rate and automobile wreck rate will increase sharply. Would you, by your vote for beer, be willing to condemn one man to death, much less help increase the over all death rate considerably?

**AND THIS—**Four times more people were arrested the last two years beer was sold in Gaines county than were arrested in the next two years, after it became dry. The fines paid became quite an item of community expense.

**SOMETHING FOR THE BUSINESS MAN TO CONSIDER.** The farm people of the surrounding farm territory quit coming to Seagraves to trade while it was wet. They got tired of being pushed around on the streets by the gangs of week-end drunks who came here from dry territory to drink. Seagraves has not yet recovered from this set-back.

Residence property offered for sale during wet days found very few buyers. Parents had no desire to own a home or rear children in a wet town. The town of Seagraves is so small that five drunks create a disturbance. During the last year it was wet there were often more than a hundred strangers FROM DRY COUNTIES, roaming our streets in various stages of intoxication. This brought quick death to our business section, social paralysis to our homes, dark day to our schools and churches.

**WE STILL HAVE A LONG WAY TO GO TO RECOVER FROM THE SET-BACK WE HAD FROM OUR EXPERIENCES AS A WET COUNTY.** YOU HAVE BEEN TOLD that we need beer here so that the school will have more money. The facts are that the schools ended the past year without a financial deficit—the first time for many years they had been able to pay their bills. The further facts are that the tax money derived from beer sold in this county would be paid into the state funds and the returns to this county would only be a fraction of a cent per student per year.

**YOU HAVE BEEN TOLD** that old age pensioners would benefit from the sales of beer in this county. That money would also be paid into a state fund and the pensioners of this county would benefit to the extent of less than a nickel per year.

**YOU HAVE BEEN TOLD** that beer would help business here. Yes, we heard before. It did help the honky tonk business BUT BEFORE WE WOKE UP IT HAD WRECKED NEARLY EVERY OTHER BUSINESS IN TOWN. Seagraves become the most backward town in the area. We haven't recovered from that HELPING yet.

**THINK OF OUR FINE FAMILIES AND THE EXCELLENT HOME LIFE NOW BEING ENJOYED BY OUR PEOPLE.** Would you destroy this? **THINK OF OUR SCHOOLS, OUR CHURCHES AND OUR BUSINESS FIRMS THAT ARE GETTING ON THEIR FEET FOR A BETTER TOWN THAN WE HAD. WOULD YOU DESTROY ALL THIS?**

We have better homes, better churches, better business houses and a happier town than we have ever had. Churches and Sunday School attendances are higher than ever before and still growing. Our schools are getting into the swing and our school buildings have been repaired extensively. There are more good homes now than ever before. **WOULD YOU THROW ALL THIS AWAY?** If you are a parent you know what you want. Ask your childless neighbor to help you. Give our women and our boys and girls a chance to live in a clean, God fearing town that develops Christian men and women who can take their place in any company throughout the world.

Let's not sink again to levels which we are ashamed of before other men. Let us stand squarely on our feet as men and women and state our position inno uncertain terms.

**LET'S BE CITIZENS WHO ARE PROUD OF OURSELVES, OUR TOWN AND OUR COUNTY. LET US VOTE DRY!** (The above information is furnished and distributed by men and women of Gaines county who want to prevent highway murder and all other evils that go with beer. We like our county as it is and pray that each of you will help us to maintain a clean, wholesome county in which we may rear our families and enjoy the better things of life.

We now have no poverty in Gaines county. People eat well, dress well and live well. Our people are taking pride in their homes and in themselves. All money spent is for a useful purpose.

You know what will happen if we go wet. Less food, less clothes, less comfort in many homes. **THIS IS NOT GUESSING, THIS IS HISTORY!**

Bert Childers put an ad in the Clarion the other day. Here's what it said:  
"Planted more melons than I can eat this year. Stop by and pick as many as you want. All free."  
As you can guess, plenty of folks sent their kids over and plenty of the parents came too. Stripped Bert's melon patch in no time. And as they went away, Bert treated the kids to lemonade, and offered the grownups a glass of ice-cold sparkling beer.  
Naturally it puzzled some folks . . . but Bert explains: "It gives me a kick to share things when I can afford to—whether it's the melons, or the lemonade, or beer. I guess I just like to indulge my whims."  
From where I sit, if we had more "self-indulgent" people like Bert—who believe in share and share alike, live and let live, this tired world would be a whole lot better off!

JUST TALK  
by  
A.M.J.

The few times I have been hunting in my life did not leave a very good taste in my mouth for ducks, doves and quail do not usually come around until the weather turns cool or cold and always during the hay fever season but I have now traced down the very kind of hunting that I know would suit me fine, it is pheasant hunting and if I understood Mrs. Silas Wilson right you do not even need a gun.

Mrs. Wilson came into the office last week prior to taking a trip with her husband and her husband's brother, Paul, and they were headed for the Dakotas to hunt pheasant. While she did not say so she left the impression with me that what led them to go pheasant hunting was because one flew into their car and killed itself last year when they were touring Colorado.

If all one has to do is to ride around over pheasant hunting country and let the birds fly against the car it is just what I am looking for whether I like pheasant meat or not, never having eaten any wild pheasant meat in my life, I do not know.

Ever since Mrs. Wilson told me of their trip I have been picturing myself dozing in the sunshine in one of the Dakotas while the pheasants butted their brains out against the car, if they have any. The only difficulty I see is that it might leave the car kinder messy.

The only thing that I can think of that would be any better would be to have a lake going automobile in which I could lounge around while fishing. I have been told of a man who used to fish for trout in Colorado from the back of a horse but most horses are so uncomfortable for me to ride I never tried that kind of fishing but if any one has any better suggestions I'd like to try them.

Joe Grabber came into the office last week and wanted to know

LAFF - A - DAY

"So there used to be something about me you liked. I know, but since I married you you've spent it all!"

If I had any suggestions as to whether he could buy a flock of cigars as all his friends were demanding them because the Slatonite had reported a birth in his family.

Joe had his chest stuck out and seemed very proud when I congratulated him but finally broke down and admitted that it has been a good many years since any such thing happened in his home, the child should have been reported as having arrived in the name of George Grabber.

It seems that I have gotten in wrong with several people. One woman phoned and said that she hoped every church member in Slaton would quit taking the Slatonite because I allowed the advertisement for beer to appear in last week's paper.

If she read any other part of the paper she did not say but the Slatonite carried two other advertisements and a number of letters telling of the other side of the question. As I stated in the beginning of the controversy I intended to leave my columns open to both sides so that the argument could be put to the people who are going to vote on the question as to whether Lubbock County will legalize the sale of beer, and we most certainly did bring out the information. Both sides have accused me of being against them and I have had to do considerable dan-

cing and tight rope walking to stay neutral so far as the paper is concerned, but I still feel that it has been a good thing there will be a bigger vote from this area because I did so than there would have been had I refused to take advertising from either side.

And another party, who said he was a teacher, wanted a list of schools where he could make \$300 per month or more. He said over the phone that the Lubbock schools pay only \$275.00 as top scale and that they pay considerably more than most schools pay.

Perhaps I stuck my neck out but I do know of two instances where the man was offered, according to his statement, as much as \$300.00 per month. Perhaps this is an un-

usual case and that many teachers are being underpaid. If I have mis-stated or made a misleading statement I'm sorry, it was not done with malice.

### Miscellaneous Shower Honors Miss Merry Nell Culver

A miscellaneous shower honored Miss Merry Nell Culver Tuesday from 7 to 9 p. m. October 1, with Mesdames Fred Schmidt, R. F. Swafford, C. C. Young, Dudley Berry, R. H. Bailey, W. T. Driver, J. M. Hannah, R. W. Scott, B. A. Hanna, Sam Phillips, C. T. Scroggin, Joe Miles, Mildred Lokey, Sam Wilson, Misses Myrtle Teague and Marie Geron as hostesses at the Slaton Club House.

The Club House was beautifully decorated with large baskets of colorful dahlias. Yellow floor lamps, antique plates, and yellow pottery carried out the yellow and rose color scheme. An arrangement of yellow and rose pottery with rose dahlias formed the centerpiece on the piano.

The refreshment table, laid with a blue marquisette banquet cloth, was centered with a crystal bowl filled with pink rosebuds and white tapers in crystal candleholders formed in a leaf arrangement. The banquet cloth was made by the former Mary Ann Schmidt in a fine arts class at Texas Tech.

Refreshments of assorted nuts, sand tarts, and pink fruit punch were served by Mrs. Scroggin, Mrs. Wilson, Mrs. Hanna, and Mrs. Schmidt, with Mrs. Swafford presiding at the table during the first hour and Mrs. Bailey the second hour.

Miss Teague received the guests at the door the first hour and Mrs. Young, the second hour. They were presented to those in the receiving line who were Mrs. E. E. Culver, the honoree, Mrs. A. E. Goebel, Miss Wilda Hannah, Mrs. Joe Miles, and Miss Anne Doris Phillips.

Mrs. Phillips and Mrs. Bailey presided at the bride's book. Mrs. Lokey, Miss Billie Tucker, and Miss Myrtle Teague alternated at the piano. The gifts were shown by Mrs. Lokey, Mrs. Bailey, Miss Marie Geron, Mrs. Swafford, Mrs. Scott, Mrs. Hannah, and Mrs. Berry.

About 139 gifts were received.

### Miss Mary E. Moore Marries Leroy Floyd In Home Ceremony

At 4:30 p. m. Sunday, September 29th, Miss Mary E. Moore, daughter of Mr. and Mrs. E. B. Moore, of Truscott, Texas, became the bride of Leroy Floyd, son of Mr. and Mrs. J. H. Floyd, of Slaton. The ceremony was performed at the home of Mrs. A. R. Keys, by Rev. W. R. Ferguson.

They were married before an altar formed of plumosus fern and gladioli with satin ribbon, and marine bows and streamers, around a mirror, with large baskets of gladioli at either side. They stood on a large white shag rug before the altar. The side and coffee tables were decorated with white mums, and white and pink rosebuds.

The bride wore a dusty pink wool jersey suit, with an arm bouquet of astors, tube roses, carnations with pulmosus fern. She had a hair piece of carnations and tube rose. For something old, she wore a brooch over a hundred years old, belonging to Mrs. J. A. Prosser, for something new, a lace handkerchief, something borrowed, a string of pearls belonging to Mrs. A. R. Keys, and for something blue, earrings. For luck, she wore a tiny gold wishbone on the buckle of her shoe, also belonging to Mrs. Prosser, and an English six-pence belonging to Mrs. Wayne Lamb.

Janelle Moore, sister of the bride, was bride's maid. She wore a dark brown suit and brown accessories, and carried an arm bouquet of red gladioli. Jack Buchanan, was best man, and he, and Rev. Ferguson wore white rose buds in their button holes.

Following the ceremony, a reception was held for families of the bride and groom, and close friends. The table was laid with a hand made lace cloth, centered with a large two tiered wedding cake topped with a bride and groom and tiny rose buds around the edge, attaching hand made rose bud mums and fruit punch were served. Mrs. C. F. Smith poured the punch and Mrs. Wayne Lamb served the cake.

The buffet was centered with a large bowl of gladioli with candles on each side. Pictures were made of the wedding party by the Art Craft Studio.

Mrs. Floyd graduated from Bronte High School, and Mr. Floyd graduated from Slaton High School. After a short wedding trip, the couple will be at home in Slaton until the groom reports for duty with the armed services.

**What They Write**

Slaton Slatonite  
Slaton, Texas

Slatonites:  
I am the teen-ager — the future voter—the future Slaton. I want improvement in this city as much as my parents do and I am willing to work to my fullest extent for the things I want. I will be the one to benefit by these improvements so I shall give my every effort toward any cause of my city.

I want a beautiful city, a clean city, and one of interest both to people in Slaton and outside of Slaton. I want culture and civic improvement; I want an airport to promote the industrial centers of Slaton and to provide employment; most I do not want beer in my town to detract my efforts and my children's efforts to make a real home in which to live, a home to be proud, a real America. If the older citizens of Slaton will think twice they will surely realize that it is of vital importance that they do not think selfishly of themselves on the matters now facing them but of the thing they really want—a decent, proud, and everlasting future.

Rt. 2  
Post, Texas

Dear Editor:  
A negro writer once said that when any of his race wanted to eat a watermelon they felt they should "carry it home in a sack on the dark of the moon."

And so I think any man who ever takes a drink expects to be hid in the mud and have his face stepped on. I insist, however, that this method of approach does not do a lot of good, no matter how much personal satisfaction it gives the wielder of the big stick.

Admitting the evils and sorrows caused and multiplied by excessive drinking, it is still a fact that as long as liquor is in the world, it will be the problem of each individual to steer his own course among its pitfalls, and to help him steer wisely is the problem of the christian leadership of the world—not by frenziedly shrieking "Mamma spank."

When the christian leadership assumes its responsibility it will be inclusive and not exclusive. It will look on a drunken failure in life with pity, and regard him as his own failure. It will ask of itself "what could I have done that might have prevented this unhappy spectacle, this shame to his family,

this humiliation to his friends? Did I ever shake his hand and seek, with a sincere and heartfelt interest, to know his problem, his hopes, sorrows and failures. In our plans for civic and social betterment, did I ever include this man, that he might even have a chance to be responsible, to feel that he counted?"

It takes neither time, thought nor effort to say "Don't." To "overcome evil with good" takes all three.

Dear Editor:

In the past two issues of your paper I have read some of the most out-landish, child like, statements I have ever had the pleasure of laughing at. I noticed that one of these new-born journalists must have played the part of Dick Tracy in getting around that "wet" town he so complained of. I suggest that this "jewel of the world" get himself a tent and lead this country from the wilderness.

Another pointless slogan has been "Full Beer Barrels mean Empty Sugar Bowls." I believe such cities as New York, Chicago, Dallas, Ft. Worth, and Amarillo have just as much sugar as we do right here in Slaton.

Of course, I could write a small book on the narrow minded, Stalin like, attitude that some of our so-called drys have taken, but I'll just sum it all up by reminding these self appointed missionaries of prohibition that no one is going to force them to drink that rotten stuff called Beer.

Yours truly,

Drunken driving, poverty, juvenile delinquency, and many other undesirable conditions which exist to a greater degree in a community where alcoholic beverages are sold than where it is not.

A COMMUNITY WHICH LICENSES THE SALE OF ALCOHOL IN ANY FORM BECOMES THE GATHERING PLACE FOR THE LAWLESS ELEMENT OF SOCIETY. DO YOU WANT SLATON TO ATTRACT THE LAWLESS ELEMENT OF SOCIETY FROM THE SURROUNDING "DRY" COUNTIES AND COMMUNITIES? THAT WILL BE THE RESULT OF LICENSING THE SALE OF BEER . . . . . WOULDNT YOU RATHER ATTRACT THE DESIRABLE CITIZENS OF OTHER COMMUNITIES TO COME HERE TO SHOP, MARKET THEIR PRODUCTS, AND TO JOIN IN THE GENERAL UPBUILDING OF SLATON AS A TRADE, COMMERCIAL, AND CULTURAL CENTER?

**DO YOU WANT TO BRING YOUR CHILDREN UP IN A COMMUNITY THAT LEGALIZES DRUNKENNESS?**

In one of the richest agricultural sections of the State and with a million-dollar Santa Fe payroll, DO WE NEED THE INCOME REALIZED FROM THE SALE OF SOMETHING UNDESIRABLE IN ORDER TO BE FINANCIALLY PROSPEROUS? It would seem PROSPERITY IS DEARLY BOUGHT AND PAID FOR at the expense of the morals of the community and the downfall of its youth!

ACCORDING TO RECORDS LUBBOCK COUNTY HAS THE WORST REPUTATION OF ANY COUNTY IN THE STATE FOR EVERYTHING CONNECTED WITH LIQUOR VIOLATIONS TODAY.

**IN AUGUST WE BROUGHT HOME THE BLUE RIBBON FOR HAVING MORE BOOTLEG FINES & ARRESTS THAN ANY OTHER TEXAS COUNTY SINCE THE TEXAS LIQUOR CONTROL BOARD WAS SET UP A GOOD MANY YEARS AGO**

In September there were nearly \$30,000 in Bootleg Fines paid in Lubbock and a large amount of this came from Slaton

OVER \$1,000,000.00 A DAY GOES INTO OLD AGE PENSION, SCHOOLS, CHARITY, HOSPITALS, AND MANY OTHER WORTHY CAUSES FROM BEER AND LIQUOR TAX. THERE HAS BEEN A BILL UP BEFORE THE HOUSE TO CONFINE THIS AVAILABLE TAX MONEY TO LEGALIZED COUNTIES. THERE IS GOING TO BE DRINKING REGARDLESS. WE CAN AT LEAST MODERATE IT BY LEGALIZING 4% BEER, THE MILDEST AND WEAKEST OF ALL. IT WILL REPLACE THE 100 TO 200 PROOF ATOMIC FLUIDS THAT PARALYZES THE BRAIN. YOU MAY SAY, "THEY CAN DO WITH OUT IT," BUT THEY WON'T. DID YOU WANT FOR GASOLINE, TIRES, MEAT, FATS, SHOES, SUGAR, ETC. DURING THE WAR OR DID WE HAVE A FRIEND OR A RELATIVE WHO TOOK CARE OF US.

**Now the Boys are back and after seeing the world they did not come home with the idea of wrecking the old Home Town but making it a better town morally and a better business town for themselves to live in.**

**TO THE WET CROWD  
LUTHER KIRK**

It is almost here. It is Saturday, October 5th, that we are to decide whether or not we will legalize beer in Lubbock County. I am certain in my own mind, that any individual who has knowledge of the evils of this beverage, and who cares for the happiness and contentment of little children, the virtue and chastity of wife, mother and sister, will vote against this evil Saturday. As I looked over the names signed to the "VOTE FOR BEER" add in last week's edition of the Slatonite, I wondered how many of these fine men

would like to furnish a mother, daughter, wife or sister to become a bar-maid. I wondered how much love they really had for society, home Christ and His church. There were some very fine mothers that brought some of these fellows into the world, some of them have passed on, some are living still. No doubt that some of them never thought that they would live to see the day that their sons would take the day they take today. I think it better that some will never know, for they too would face their neighbors with heavy hearts today.

Fellow, you who think that you

want beer, have you ever stopped to think who it is and what element it is that is persuading you to align yourself with them? Are they the crowd that you want to dominate the society in which you and yours dwell? Do you want to be buried by that gang? Beloved they refuse to bury you when you are gone, but your friends, whom you are taking a stand against will have to bury you and the tragedy is that we will have to bury you with the same ceremony that gang will be buried with.

Let me appeal to your better self, that portion of you that would have you do the noble thing. I

Dear Editor,

make my appeal to that something in you that if properly cultivated would make your mother proud of you. That something, that if properly cultivated would make you an asset to society rather than a liability. This is your home, let's not make our home a cess-pool for the undesireables of adjoining counties. Let's not bring the underworld to our front doors, instead let's protect our homes and loved ones by keeping our communities free from filth. I call on the manhood that was bred into your very being to stand for the noble and higher things of life.

I know that this a Democracy, I also know what Democracy was founded on. I know that you are a free moral agent, you have the power to do as you please. God made you that way. But even though he did that He appeals to you to be a man and assert your self as a man and not as a jelly-fish. You have the privilege of being a real man or the privilege of being a no-body. We each make our choice. Won't you choose the better, align yourself with the crowd that strives to make society decent for mother, sister, daughter, and wife?

I appeal to you as a friend to decency and right, VOTE DRY October 5th.

After reading the last issue of your paper I would like to add a few words concerning the legal sale of beer.

I think it is shameful how some people will try to mislead the public.

One man states how in just a few hours in a wet town he saw at least six drunks.

I too have traveled some in my life. I have visited beer taverns and nite clubs in wet towns and I have visited nite clubs in dry towns. I have seen drunks in both towns; but I have never seen a cop pass up a drunk in any town. After all we all pay taxes to support good law enforcement officials to protect us from such a disgrace. The man states he saw a drunk lying in the hall of a courthouse. It looks to me a thing like this would be beyond anyone's imagination, because most courthouses are living with cops. Now about that drunk man sleeping on a counter stool. Did you ever try sleeping on a cafe stool? I don't think a sober man could sleep on a stool without falling one way or the other. If he

fell forward there would not be any chop suey left to eat when he did wake up and if he fell back well - - - Drunk people just don't sleep sitting straight up without anything to lean on.

Did you ever see so much in such a short time. I could go on like this awhile longer but I think it is about time to get to the question about your sugar bowl. Did you know that sugar was rationed to the breweries the same as to the people. They couldn't get more sugar for beer if Lubbock county would go wet. You could drink a bottle of beer with your meal and save that spoonful of sugar that you would put in coffee or tea. If you don't like beer you can still drink your tea.

The next time you visit a wet town go into one of these beer taverns and just watch the people. Most people will come in and drink one or two bottles of beer and go on. If you do see a man staying too

long and drinking too much, go over and ask him where he is from. Nine times out of ten he will be from a dry town. He is going to fill up because he is going home tonite and can't buy beer tomorrow. If he could buy beer where and when he wanted it he would probably do as the local people do, drink a bottle of beer and go on.

Our government says the American people are free to drink beer. I can't see any freedom in some people being prosecuted for drinking in one town when just a few miles away people drink beer legally. If you would like to drink a beer, but you can't because a lot of your neighbors say no, is that freedom? Our Soldiers left their homes, many of them died so America could be free. Let's go to the polls Saturday and vote for that freedom.

**SOMETHING TO THINK ABOUT**

Do not be led to believe that by following the old custom prevalent in Lubbock county of voting 4% beer out really keep that beverage or harder liquors from being brought in the back door and sold to anyone, young or old, at Black Market prices, thereby breaking the law on two counts. The evidence of this is seen at every sporting event or dance held in this area.

#### THIS WEEK'S LESSON

"Unreality" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, October 6.

The Golden Text is: "All that is in the world, the lust of the flesh, and the lust of the eyes, and the pride of life, is not of the Father, but is of the world" (1 John 2:16).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind, and with all thy strength; this is the first commandment" (Mark 12:30).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Divine Science deals its chief blow at the supposed material foundations of life and intelligence. It dooms idolatry" (page 535).

### Relief At Last For Your Cough

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

## IN SONG and STORY

No one can estimate the influence which thousands of Sunday Schools, scattered throughout the land, have exercised on American life. In little classrooms, like the one pictured above, devoted teachers have taught their pupils the simple story of God's dealings with men.

Some of this teaching may have been crude, much of it was excellent, but on the whole it served to make the great characters of the Bible stand out in bold relief in the memories of millions of Americans.

The thrill-packed narratives of Abraham and Jacob and Moses, and of those great New Testament characters, the disciples and Paul and Stephen, and many others, have stamped themselves indelibly upon the life and character of this country.

The Sunday School, even more than most homes, has been the channel through which the Bible story has passed from generation to generation. Uncounted millions of eager little faces have strained to catch the drama it unfolded in story and song.

The faithful and conscientious Sunday School teacher has been one of the most effective forces for good in the life of America. The Nation owes them a debt that can never be paid.

**THE CHURCH FOR ALL . . .  
ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend and support the church of his choice. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church on Sunday.
