West Texas Roundup

Warm weather on top of 10 to 15 inches of rainfall sent farmers to their fields this week to plant approximately 140,000 acres of cotton in the county.—Ralls Banner.

A thinning crowd of pioneer residents of Crosby county met in Ralls Friday at the Church of Christ for their annual reunion. Some of them lived at Emma over 50 years ago.

Registration began at 9 a. m. and continued until lunch was served under the trees at noon. R. L. Travis, president of the reunion, welcomed the crowd. Mrs. W. B. Fullingim of Lorenzo who moved to Floyd county as a girl of 15 in 1891, gave a short talk. Her mother, Mrs. Shipley, recalled life on the plains in olden days when "there were happy people and true hospitality." Mrs. Temple Ellis described Emma as a ghost town, whose beauty lies in the eyes of those who live there in memory.—Ralls Banner.

Initiation rites for the recently organized local Military Order of Cooties, honorary fraternity of the Veterans of Foreign Wars, will be conducted here next Tuesday night by an initiation team from the Borger Post.

Ceremonies will begin at 7:30 o'clock at the City Hall.—Hereford Brand.

Rev. O. B. Herring, for the past four years pastor of the First Methodist Church at Snyder, will arrive in Hereford this week to take over the pastorate of the First Methodist Church here.—Hereford Brand.

A contract was let and construction is expected to begin within ten days of more than a \$40,000 addition to the Phillips-Dupre hospital in Levelland, according to an announcement made by Dr. C. M. Phillips, co-owner of the hospital.

Paul Vialle, well-known Levelland contractor, was awarded the contract which when completed will add 18 patient beds as well as a dining room, kitchen and laboratory.—Hockley Co. Herald.

Approximately 500 people from West Texas were present here Tuesday at the second annual Mitchell County Soil Conservation tour and barbecue.—Colorado Record.

Mrs. of the Canyon Independent School District will go to Paris Saturday to vote on the proposal of increasing the tax rate within the district from \$1.00 on the \$100 valuation to \$1.50.

On the same date several of the common school districts which send pupils to the Canyon schools will vote on a like proposal in order to meet the increased tuition rates which have been set for transfer students into the Canyon schools starting in September. Other districts will hold elections at a little later date.—Canyon News.

Work on Crosbyton's paving project finally got under way this week, with Clovis Contracting Co., the contractors, starting the job on the first two blocks of Third Street between Ayershire and Crosby Avenues. Excavations have been made and the curb and gutter is being run this week.—Crosbyton Review.

City Secretary Andy Reid reported that May building permits

DAIRY FARMERS SALUTED—June is dairy month in Texas by official proclamation of Gov. Beauford H. Jester. The proclamation is a tribute to 333,000 dairy farmers in Texas who own 1,400,000 milch cows, valued at \$150,000,000 and which produced four and one-half billion pounds of milk in 1946 with a net value of \$100,000,000. During the past 29 years Texas has advanced from twentieth to eighth place in value of dairy products.

With Gov. Jester, seated, when the proclamation was issued were, left to right, Henry Moeller of San Antonio, state chairman for dairy month; Mayor Wendell Mayes of Brownwood; Mayor R. J. Kroeger of Harlingen; milk producer Hardy N. Hay of Route 2, Waco; State Health Officer Dr. George W. Cox of Austin; Bryan Blalock, of Marshall, president of Texas Dairy Products Institute; and milk producer H. S. Barton of Buda.

SERVICES HELD FOR MRS. A. L. PERDUE

Funeral services for Mrs. A. L. Perdue, 65, of Wilson, were held Sunday at 3 p. m. in the Slaton Baptist Church, with Rev. W. F. Ferguson, pastor, assisting Rev. E. K. Shepard, pastor of the Wilson Baptist Church, in the services.

Survivors include the husband and five daughters, Mrs. Ina Hutcheson and Mrs. Henrick Perkins of Wilson, Mrs. Lucian Sloan, Mrs. Ed Caldwell and Mrs. Carter Caldwell of Slaton; four sons, Fred Perdue and Lynn Perdue of Slaton, Raymond Perdue of Roswell, N. M., and Davis Perdue of Lubbock; her father, Thad Rhoads of Trenton; five sisters, Mrs. J. S. Edwards of Slaton, Mrs. Gus Holmes and Florence Kilgore of Trenton, Mrs. John Washburn of Bells and Mrs. Tom Cochran of Ingleswood, Tenn.; three brothers, Roland Rhoads of Wilson, Charley R. Rhoads of Corsicana and Lloyd Rhoads of Amarillo; and 18 grandchildren and 6 great-grandchildren.

Funeral arrangements were in charge of Williams Funeral Home.

Navy Recruiter To Be In Slaton

A representative from the Navy Recruiting Office of Lubbock will be in Slaton every first and third Mondays at the post office at 9 a. m. Any eligible young men who are interested in this branch of service can contact this recruiter and discuss the opportunities offered by the navy.

METHODIST VACATION BIBLE SCHOOL BEGINS

The Methodist Vacation Bible School began Monday, June 9, with Mrs. W. P. Layne as director. Mrs. Layne reports that 117 pupils and 21 helpers were present Monday, and she expects more during the week.

Besides the time spent in the regular study course, the pupils have periods for handcraft, music, recreation, and the devotional. The school will run till June 20 and is open to all youths of all ages.

Fish Rodeo at Buffalo Lakes To Be Staged June 15 - Dec. 31

Plans are almost complete to stage the big Fish Rodeo at Buffalo Lakes north of Slaton. Over one hundred tagged fish will be placed in the lake prior to the opening date, June 15. The rodeo will continue to December 31.

There will be cash prizes ranging from \$5 to \$200 and other merchandise for those catching the tagged fish.

DDT has been used so that flies and mosquitoes will not be a menace to comfort or health.

The rodeo is open to everyone—men, women, or children—and no advance in permit charges.

For a pleasant outing which might prove quite profitable, the fish rodeo should afford an excellent opportunity.

Odie A. Hood Elected To Club

Odie A. Hood, of Slaton, representing Southland Life Insurance Company, has qualified as a member of the Texas Leaders Round Table.

The Leaders Round Table Club, sponsored by the Texas Association of Life Underwriters, includes in its membership only those life underwriters who have given conscientious underwriting service to the citizens of Texas, employing the highest standards of business ethics and who, by their own energy and ability, have become productive leaders.

Among the requirements for membership are the following:

A. Every member must be a citizen of the United States and a member of the Texas Association of Life Underwriters, with a minimum of two years in the business.

B. Every member must have paid for a minimum of \$200,000 of new life insurance during the previous calendar year, and have a minimum of \$6,000 in new first year premiums collected.

C. Also, each member must have a minimum of 70% renewed of new paid-for business.

Mr. Hood is a representative citizen in Slaton, and active in many of its community projects.

There are 407 members of the Texas Leaders Round Table.

INDEPENDENCE FIESTA PLANNED BY COLONY

Showing more public spirit than many other organizations of Slaton, the Mexican Colony laid plans this week for the annual Independence Fiesta celebrated by the Colony September 15-17.

Among the many attractions will be the colorful parade to be staged at the beginning of the festival. Many songs and speeches of appreciation of Mexico and her heroes will be a part of the celebration. An added feature will be the native Mexican dances.

One who has ever attended the Festival can never forget the colorful decorations, the costumes, the pictures, the music, and the general atmosphere of the entire celebration.

The Colony invites the public to attend the fiesta and to enter into the activities.

LAST RITES HELD MON. FOR MRS. O. E. BREWER

Funeral services were held Monday, June 9, at 3:30 p. m. for Mrs. O. E. Brewer with Rev. W. F. Ferguson officiating, assisted by Rev. Rutledge of Southland and Rev. Cal Wright of Slaton.

Mrs. Brewer was born May 30, 1896, at Bridgeport, Tennessee. She had lived in Wilson community many years, but at the time of her death lived near Tahoka.

Survivors include her husband, two daughters, Mrs. George Whites of Borger and Mrs. Ernest Stokes of Wilson, a son, Spencer Brewer of Wilson.

Funeral arrangements were under the direction of Williams Funeral Home with burial in Englewood Cemetery.

Over the Wire

A letter from Allan Payne who has been enroute to the Rotary International meeting in California, says that he and Bill Layne have been enjoying many side trips but that there were 500 Rotary Anns on the special train and they had raised such a hub bub that he was about to blow his top.

If you have been depending on your watchful eye and better judgement while driving over the business section of Slaton better redouble your precautions because the same rules won't hold good. The traffic lights are back in operation and if you have been hitting it fast down north 9th you'd better slow up at the Slaton Motor Company corner for someone might come right in front of you.

There are three traffic lights now in operation one at 9th and Lynn, one at Garza and 9th and one at Lubbock and 9th so keep your eye on the lights and hope the other fellow is not going to smack you.

Max Arrants says that he is well pleased with the results of the campaign to clean-up and paint the business buildings over Slaton but he hopes that a lot more will be done as there is still a vast lot of room for improvements.

According to the West Texas Gas Company thermometer and Myrtle Teague the temperature reached 104 1/2 at 3:30 last Monday afternoon and stayed at that point until after six p. m. on that day. Turn on the fan, the air conditioner and make some ice water.

Kirby Scudder received a letter from Army Armstrong, former rural route carrier out of this Post office who is now a route carrier out of the Brownwood office. Army reported catching a 24 pound cat fish and Kirby is all a-twitter about going fishing.

Are squirrels increasing in this part of the country? Several reports have come in of damage to the undeveloped apricots and peaches by squirrels. They gnaw into the seeds before they become hard and eat the kernels.

While the mosquitoes are still ravenous at the soft ball games there are not as many of them and those who have been staying away from the games on account of the mosquitoes can return and not be drained of blood.

BUSINESS FIRMS TO CLOSE ON JULY 4th

Mrs. Lee Green, manager of the Slaton Retail Merchants Association reports that practically all of the business firms in Slaton will be closed July 4th and some of them will be closed both July 4th and 5th.

MAGAZINE DELIVERED AFTER FORTY YEARS

Monday Mrs. C. D. McMillian came into the Slatonite office with an old magazine which had been lost in the mail forty years and then delivered.

The Sawyer's magazine dated Nov., 1907, was mailed by the publishers to Mrs. Annie Cavett at Old Emma, Texas, but was never delivered. A number of years ago the Old Emma post office building was moved to Ralls and was used as the Ralls post office. In May this old building was torn down by Lennie McDermitt, Mrs. Cavett's brother, who found the magazine behind a partition.

The McDermitts were having a family reunion at MacKenzie Park Sunday, June 1, when Mr. McDermitt delivered the magazine to his sister, Mrs. Cavett, who attended the reunion.

Fish Tale Tops All Fish Tales

A fish tale to top all fish tales was related by Leonard Hord and verified by E. H. Holt when they returned recently from a fishing trip to Possum Kingdom.

Leonard says he was riding along in a motor boat fishing with a fly rod and a casting rod. Hooking a fish on the fly rod, he laid the casting rod—a \$40 one by-the-way—down in the boat so he could give full attention to landing the fish.

Having landed the fish, he turned to find the casting rod gone. Being of a frugal nature, Leonard began to contrive ways and means of locating one small casting rod in a lake of 20 ft water.

Stringing several hooks on one line, he rode back and forth over the spot hoping to snag the lost line.

Suddenly there was a tug. He brought in a fish with two hooks with lines caught in its mouth.

He had caught on the second line the fish that had made away with the casting rod.

Yes the \$40 rod was saved.

Ayers Still Leads Soft Ball Field

Ayers soft ball team is still leading the field with no games lost. Attendance at the games is increasing, say the fans, and most of the teams are well matched. Those not attending are missing some good games and plenty of thrilling plays.

Lasater; Second-Vice Pres., Melvin Tudor; Third-Vice Pres., H. T. Swanner; Secy-Treas., Dale Medearis; Lion Tamer, C. S. Willis; Tail Twister, Paul Roscoe Mercer.

The directors for the next year are Elbert Wilson and E. T. Hillen, who are hold-overs, and R. C. Ayers and Bart Jones.

The outgoing officers are Pres., Geo. Brassell; First-Vice Pres., Chester Williams; Second-Vice Pres., Clark Self; Third-Vice Pres., J. C. Watkins; Secy-Treas., Bart Jones; Lion Tamer, Bill Sledge; and Tail Twister, Ernest Hillen. The retiring directors are Johnny Collins and Melvin Tudor.

SLATON SCOTTISH RITE CLUB HOLDS MEETING

The Slaton Scottish Rite Club met in the Masonic Hall Sunday afternoon June 8th, at which time, by-laws for the government of the club were adopted and a tentative outline of future activities of the club was agreed upon.

The next meeting was set for Sunday afternoon, July 27th, at which time a short program will be given for the benefit of Club members and their Master Mason friends and a well known speaker will be secured to discuss various phases of Scottish Masonry, the purpose being to disseminate information and stimulate interest in the Rite.

The membership went on record as giving their unqualified endorsement of such Youth organizations as the De Molay for boys and the Rainbow for girls and wholehearted support was pledged to these organizations.

Owing to the fact that a majority of our members are railroad men, and the harvest time drawing near, it was felt that no more meetings of the club should be held until late in July as it is practically impossible for railroad men to attend meetings during the busy season.

Exams Announced For Local Places

Announcement was made this week that civil service examinations will be held in the near future to fill vacancies as clerks and carriers in the Slaton Post Office. To be eligible to take the examination the applicant must actually reside within the delivery of the Slaton Post Office or be a bona fide patron thereof. The entrance salary rate is \$1.04 per hour.

Applications may be obtained from the post office until June 26.

Remember "Pop" Sunday with a new Elgin, Gruen or Lusina wrist watch from Champion's Credit Jewelry.

Last Sunday at Post the fans got their money's worth as the Slaton Tigers took a 3 run lead to have Post tied up in the fourth inning, playing 3 innings tied up. Post then scored 2 runs to have Slaton come back with a rally in the ninth. After two were out Weaver hit a single; then Tillery was walked on purpose. With the count 2 and 2 McCoy singled over third base to score Weaver. Arrants then flied out to deep left field to end the game.

**MANAGE RANGE
BIRDS CAREFULLY**

Birds go on range when they
are six weeks of age or as soon
thereafter as the weather per-
mits.

The range period is an impor-
tant stage in the chicken's grow-
th. It is during these months
that birds are expected to build
up body strength and develop
into sturdy, ready-to-lay pullets.
They should come off the range
as well-feathered birds in the
pink of health, capable of hold-
ing up under the strain of high
production in the laying house.

Range Problems
The range is by no means free
of obstacles, however. The poul-
tryman must anticipate certain
problems, such as lice, worms,
unfavorable weather, disease,
and others. And he must be
ready to cope with these diffi-
culties as they arise.

Avoiding such problems of
course, should be his first con-
sideration, so we shall list here
some of the things the poultry
raiser can do to keep his range
flock in good health.

Grass is food, and a good
range will provide up to 10%
or 15% of the bird's food re-
quirements. The ideal range is
well sodded with young immat-
ure grass. Long grass gets
matted down, the sun cannot
penetrate its roots, and it does
not have the food value of
younger vegetation. Some of the
better range crops are clover,
alfalfa, perennial rye grass,
timothy, and ladine clover. Mow
the range frequently to keep
grass cut short at all times.

Give Them Shade
Provide plenty of shade. If
there are no trees, shade can be
created by planting a few rows
of corn or sunflowers. Shelters
are another good source of
shade.

Keep the areas around the
shelters clean. Near and in the
shelters droppings will accumu-
late rather rapidly, and should
be cleaned up frequently.

Examine a few birds periodi-
cally for lice and, when need-
ed, get a good delouser from
your local dealer. In case of
mite or tick infestations, there
are commercial preparations on
the market today which may be
painted on roosts and other
surfaces to control these para-
sites.

Don't put more than 125 pul-
lets into a single range unit.
Figure a maximum of 400 pul-
lets to an acre of range.
Move the hoppers every day
to avoid contamination of the
soil. Do the same with waterers.
Both feeders and waterers
should be cleaned and disinfec-
ted regularly.

Should worms become a prob-
lem, consult a poultry special-
ist on the best type of treatment
to use.

Summer Comfort

Now that summer is here you
will want to spend more hours at
home in relaxed comfort; or you
may want to have that group meet
in your yard for an outdoor sup-
per or barbecue.

It doesn't matter whether you
want to relax or to entertain, the
extra pieces of furniture you may
need to make the setting complete
can be found at Groce Furniture
Company, 1801 Broadway, Lub-
bock.

If it is an easy chair, a foot-
stool, or any other piece needed
to complete that bedroom or living
room, it can be found at Groce
Furniture in colors that blend and
prices that fit your pocket book.

If it is a lawn table or chairs for
your lawn that you need, see those
in stock at Groce Furniture before
you buy.

You will enjoy shopping at the
Groce Furniture where the store
is spacious, the clerks courteous,
the stock large, and the prices
right. Call on them the next time
you are in Lubbock and let them
supply your needs.

AIR CONDITIONED MUSIC

Did you hear about that new
record and then just not get
around to buying it? You may
think the weather too hot to try
to concentrate on the selection of
records, but the hot weather will
not bother you if you buy at the
B. E. Adair Music Company, 1012
Main Street, Lubbock.

Take time to select your records
in air-conditioned comfort at
Adair's where every minute will
be one of keen enjoyment. Play the
best and latest records obtainable
in relaxed comfort and buy the
record you really want, not the one
you might take under more hurried
or trying circumstances.

If it is sheet music you need or
any other musical supplies, you
will find just what you want at
this up-to-date music store. If it
is obtainable, Adair Music Co. has
it or will get it for you.

The next time you need musical
supplies, call by the B. E. Adair
Music Company and select what
you need. You will enjoy the cool
comfort and up-to-the-minute ser-
vice found there.

CECIL SELF, Editor

Howdy Folks; Well, the day
to remember the forgotten
man is just around the cor-
ner. Father's Day, that is.
You know what a modern
father is. He's a man

who's wired for cash.
He's the head of the family,
so he gets the headaches.

Also, he's put on the pan
if he doesn't bring home
the bacon.

A father is a man who has
found he can't support a
family and the government
on one salary.

Now days, it's a wise father
who knows as much as
his own son.

We heard of one father who
claimed that bad weather
conditions didn't affect the
crop of wild oats in the least.

If you'll talk to any of our
customers, you can hear a
true story of extra value
in our Mobilgas and Mo-

yourself.

WESTERN MARKET NEWS

(USDA) — Active demand at
firm to higher prices ruled the
majority of southwest farm mar-
kets last week, according to the
Production and Marketing Admin-
istration, U. S. Department of Ag-
riculture. Wheat, cows, calves,
shorn lambs and hens were the
losers.

Liberal offerings of new crop
wheat broke the market early last
week, and prices fell fifty cents
per bushel after the long holiday
week end. Later rallies recovered
only a little of the loss, and Fri-
day closed \$2.45 for No. 1 hard at
Fort Worth and Galveston. New
crop oats and barley dropped some
too, but corn and sorghums gained.

Choice 12-months Texas and Ter-
ritory staple wools found good de-
mand. Finer mohair sold steady.
Spot cotton prices climbed steady-
ly last week to score total advance
of around \$4.50 per bale. Fairly
numerous inquiries for the higher
grades attracted only light offer-
ings. The new crop made favor-
able progress in most areas.

Eggs and most poultry main-
tained steady to firm prices last
week. Hens showed slight weak-
ness, and sold mainly at 22 to 26
cents per pound. Most areas
bought eggs at 36 to 38 cents per
dozen; but South Texas and Louis-
iana centers paid 40 to 50 cents.

Hog prices fluctuated some last
week, but netted mostly gains of
25 to 75 cents. Heavy weights at
Wichita showed the only real
weakness. Closing bulk of good
and choice butcher hogs brought
\$24.75 at Fort Worth and Denver.
Closing top was \$25.25 at Okla-
homa City, and \$24.60 at Wichita.
Week's top was \$24.25 at San An-
tonio; the top was \$24.25 at San An-
tonio.

Generally steady to slightly
weaker prices prevailed at Den-
ver last week for steers, heifers,
and cows, while low grade cows
and calves moved generally lower
at other southwest markets. Bulls
and some stocker classes showed
weakness at San Antonio and Okla-
homa City. Canner and cutter
cows sold at \$8.50 to \$10.50 at
Houston; \$8.50 to \$11 at San An-
tonio; \$8 to \$12 at Fort Worth;
\$9 to \$12 at Oklahoma City; \$10.50
to \$13 at Wichita; and mostly
\$11.50 to \$14.50 at Denver.

CUTIES By E. Simms Campbell

"They're all out to lunch, but maybe I could help you. I'm Miss Pflugheimer!"

From where I sit... by Joe Marsh

Here's to the Women-Folk!

There's a line at the heading of the Woman's Column in my paper that reads:

"Women through the years have stood Keepers of the flame..."

Pretty easy to see what it means; whether it's the flame on the hearth, or the candle in the window, or the feeling of warmth that surrounds a home.

It's the women who are guardians of the things we cherish about homelife—who are tolerant of ashes on the rug; the rings a glass of beer can leave on tables; or the

comfortable but too-worn chair that we can't bear to throw away.

From where I sit, those little satisfactions become more and more important in this world of strife and change. Smoke rings curling from a mellow pipe; a glass of beer; a comfortable chair before the fire. And I'd like to salute the housewives—"keepers of the flame"—whose tolerance and understanding helps preserve them!

SLATON AIR SCOUTS ASKED TO ENCAMPMENT

Air Scout Squadron No. 29 of Slaton, Texas, has received a special invitation to attend the encampment to be held at Randolph Field in June, according to Mr. H. D. Haley, who is the advisor of the local squadron. Col. Stanton T. Smith, commandant of the world-famed Air Forces flying training school, has written that all facilities of the base, located near San Antonio, will be made available to the senior scouts.

It is anticipated that several members of Squadron 29 will complete the requirements for advancement in Air Scouting at the encampment. Major Brown H. Mayall, AAF Air Scout Liaison Officer for Region IX has informed the local unit that several candidates will receive the Ace award, highest air scout rank, at the formal senior ball to be held during the encampment.

THIS WEEK'S LESSON

"God the Preserver of Man" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, June 15.

The Golden Text is: "The Lord is my strength and my shield; my heart trusted in Him and I am helped" (Psalms 28:7).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Thou hast granted me life and favor, and thy visitation hath preserved my spirit" (Job 10:12).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Sci-

ence and Health with Key to the Scriptures," by Mary Baker Eddy: "The divine Mind that made man maintains His own image and likeness" (page 151).

Mrs. L. M. Cole spent the weekend with her parents in Hamlin.

Mr. and Mrs. W. E. Pohl and children, De Etta and Don, and Ann Singleton have returned from an extended trip through the East.

JUST TALK
 by
A.M.J.

That Slaton is becoming a better business town and is securing the confidence of progressive business men over the country is demonstrated by the increased investment by many local firms who have been here over a long period of time and by men who have been looking for suitable locations for business and have settled here or will be citizens of Slaton in the near future.

Right now I would like to take my hat off to such home folks as W. E. Kidd, who is investing a large sum in two new buildings on Lynn Street and North 10th St.; to Ed Haddock and John Berkley who not only have built the beautiful new building for their grocery store but have contracted to construct a new building on the west side of the square; to Carl Sartain, who has just completed a new building on South 9th and invested thousands of dollars in new automobile repair equipment; to Mr. Sloan who has just completed one of the largest and best roller skating rinks in West Texas and to several other business men who will soon announce their new business ventures in Slaton.

It seems to me that Slaton has stepped out of the class of a small town and is taking on the aspect of a small city. We should have a better regulated traffic system, a better drainage system and, as I have said many, many times before, we should, by all means, have street markers so that our increasing population can find their way. If you are a man in Slaton and have a business, you should stop and consider, for a moment, how you are doing. You should be looking down the back of your neck and up with the time.

Next to making money for the groceries the most important thing in my life is to get ahead. Not only do I have to think of schemes to get the money but the first thing my wife wants to know in the morning is what I want for dinner and supper. It is very disconcerting to you and asks your friend come.

think of is meat and potatoes although I very seldom get what I ask for as my wife always asks my preference and then gets something like broccoli, tea rolls and fried chicken but I'm still doing a lot of worrying about what I am going to eat whether I get what I want or not.

Harry Stokes has recently bought a new station wagon and his wife drove up with a wide sweep and a flourish to the Slatonite office last Saturday evening and I asked her how she likes it. "Fine," she said, "I can see so well out of it I can tell exactly what I am going to back into."

Jackson Exclusive Weather Predictions: if we don't have some rain by next Monday we will most likely be suffering for rain until next fall. The way things are acting it looks like to me the air is pretty well squeezed dry of water as well as of tornadoes and even though things have almost stopped growing we are better off than a lot of folks in the East who are being buffeted around by storms, floods and black markets. Better get out your sun burn cream, air conditioners and your lightest weight underwear or quit wearing underwear at all.

Doctors who smoke tell their patients that smoking won't hurt them while a Doctor who does not smoke will take tobacco away from his customers the first thing. My own experience along this line has left me in a mull of a mess, if I smoke everybody asks me if I am sick and if I resist I grow a paunch that causes my pants to hang droopy all the time. When folks like T. H. Duckett or Pete Pearson blow cigar smoke in my face I breathe it in like a romantic young man is supposed to react to a perfume labelled "sin," or like the girls are to some guy who shaves with "Come Hither soap." Although I have not smoked for over five years I do not believe I ever will get to the point where I do not have a desire to smoke. Some men who have had the habit like J. H. Brewer, tell me that they have not smoked for ten or fifteen years and have no longing for the weed whatever. I have never heard of a woman who has gotten the habit of smoking who has ever quit which proves something or other.

you ever feel like giving some unasked for advice and even if your best friend comes

advice if you know what he wants you to advise him to do then by all means give him what he wants to hear for if you don't you'll lose your friends and even if you advise correctly and against his wishes you'll lose your friend. I know for I've tried it.

 Alice, who was five years old, was often asked to run errands for her mother. She went willingly if she could pronounce the name of the article, but dreaded the laughter which invariably greeted all her attempts whenever she tried to pronounce certain words.

"Vinegar" was one of the hardest for her. She never would go for it if she could help it, but one morning her mother found it absolutely necessary to send her. Entering the store, little Alice handed the jug to the clerk and said: "Smell the jug and give me a quart."

SIDELIGHTS

By **GEORGE MAHON**
 Friends of the Army Air Forces and the cause of national defense won a victory in the House of Representatives last week which will be a warning to the world that the United States is not planning to surrender her position as the world's greatest air power.

The controversy over U. S. air power arose when the Appropriations Committee, the Committee upon which I serve, slashed \$40,000,000 from funds recommended for the purchase of new airplanes. The request for the funds had been made of Congress by the Chief of the Army Air Forces, the Secretary of War and the President. The Committee then requested the House to approve the slash.

In Committee I had offered an amendment to restore the airplanes which had been denied but I was overwhelmingly defeated. When the bill came up in the House of Representatives I took up the fight again, re-offering the amendment to restore the funds for the airplanes.

The Republican leadership fought the amendment and the question was heatedly debated for a part of three days.

Finally, in the last half hour of the debate, Congressman Andrews of New York, the Republican Chairman of the House Committee on Armed Forces, took the floor in support of my amendment and in support of my contention that the Appropriations Committee had misrepresented the facts and the figures in regard to army air power. This broke the back of the opposition and shortly thereafter the amendment was accepted and passed the House. A number of Members of Congress from Texas were very aggressive in the successful effort to restore the funds.

I argued that it would be inexcusable for us today, or at any future time, to start down the road to a second rate air force and an inadequate national defense program. It was stated that the defeat of the airplane request would be a straw in the wind which

would lead to dangerous international consequences. I pointed out that the army appropriations bill contained savings in funds to the extent of \$475,000,000 and that the expenditure of the additional \$40,000,000 provided in my amendment for army airplanes would not seriously interfere with the economy program.

Without my amendment there were already sufficient funds in the bill to provide 561 airplanes. With the amendment the bill provides for 749 aircraft of the latest type, the planes to come off the assembly line within two years.

Funds were not reduced for the National Guard, the ROTC units in high schools and colleges, and Reserve Officer training otherwise. No cut was made in funds requested for the important work of research and development. The bill reduced War Department civilian personnel by 74,600 employees and officer personnel by 18,000, it being felt that the Army was somewhat top heavy with officers. The bill provides for an army of 1,070,000 men during the period June

30, 1947, to July 1, 1948. The total funds in the bill exceed \$5,000,000,000.

RESOLUTIONS OF RESPECT TO THE WORTHY MATRON, WORTHY PATRON, OTHER OFFICERS AND MEMBERS OF SLATON CHAPTER 585, ORDER OF THE EASTERN STAR OF TEXAS

We, your committee on Resolutions submit the following resolutions in loving memory of our Brother, C. C. Young.

WHEREAS, on May 23rd, 1947, at his home in Slaton, Texas, God in His Infinite wisdom saw fit to call from his earthly home the soul of our beloved Brother, C. C. Young, a member of our Eastern Star Chapter and a Past Worthy Patron, who met with us here and shared our joys and sorrows, therefore, be it

RESOLVED, That we are pleased to make this permanent record of our love and esteem for departed Brother, and of our recognition that in his good life the sublime virtues of our beloved order were exemplified.

His life was full of gentleness and usefulness with never a selfish thought. He has just stepped through the heavenly portals into that larger and more beautiful life that awaits us in that City not made with hands and has entered into that reward which God has promised to all those who faithfully serve Him.

RESOLVED, That we express to this loved one, the honor in which we cherish his memory, the sympathy we feel for them in their loss and our trust in the Father above, who doeth all things well, and be it further

RESOLVED, That this Resolution be recorded in the minutes of the Slaton Chapter 585, on a page set apart for this purpose, and that his widow and son be sent a copy as an expression of our sorrow and sympathy in this hour of bereavement, and that a copy be sent to the Texas Eastern Star Magazine.

"Gently the door has opened and he has entered there"
No one hears the doors that open
When they pass beyond our call,
Softly as the dropping petals of a rose
One by one our loved ones fall—
But the memory of each loved one,
Like the fragrance of the rose
God sends to linger with us
"Till our own life's door shall close."

Respectively submitted

Mesdames Maple Wilson, Charles Buey and L. G. Wilson of Lubbock entertained with a coffee Saturday, June 7th, honoring Miss Glenna Williams, bride-elect of H. M. Englund of Lubbock, at the Party House in Lubbock.

Guests were Mesdames L. A. Harral, Ray Hickman, J. E. Eekert, S. H. Adams, B. A. Hanna, C. B. Kirk, J. H. Brewer, H. G. Stokes, Misses Alice Meading, Nina Hickman, Ruth Austin, Marion Bain, Mary Harral of Slaton and Mesdames Roy G. Loveless, C. R. Woolsey, Misses Martha Loveless, Alice Ann Woolsey, Panze Butler of Lubbock.

The hostesses presented Miss Williams with a silver sandwich platter.

Surprise Dance Given for Twins

On May 30 Misses Joe and Joerita Kitten were honored with a formal dance on their nineteenth birthday.

The dance was given by their brothers and wives, Messrs. and Mesdames Edmund, Nestor, O. F., and J. B. Kitten.

The dance was at the Legion Hall. There were approximately one hundred guests.

Holmans Visit Slaton Relatives

Mr. and Mrs. D. W. Holman visited in the home of Mr. and Mrs. R. A. Thompson over the weekend.

Mrs. Holman, formerly Miss Mary Thompson, and D. W. Holman married June 5 in Waco and came to Slaton on a short visit.

The couple were entertained Friday evening with an ice cream supper. Saturday they visited Mackenzie Park with Mr. R. A. Thompson, accompanied by Mrs. Lillian Prier of Slaton, cousin of the bride, and Mr. and Mrs. Paul Harris, cousin and great uncle of the bride.

Mr. and Mrs. Holman also visited her aunts, Mrs. J. C. Champion and Mrs. G. A. Taylor, and her grandmother, Mrs. W. A. Argo.

They left Sunday for their home in Malone, Texas, where he has an implement store.

Mrs. Roy N. Hagerty and Mr. Ben F. Wright have gone to visit relatives in Memphis and Childress. Mrs. Hagerty is Mrs. Fred Schmidt's sister.

Royal Hagerty is spending the week with his aunt, Mrs. A. V. Weaver, Sr., of Lubbock.

Mr. and Mrs. C. T. Scroggins are spending their summer vacation in South Texas where Mr. Scroggins will enjoy fishing.

**MODERN LIVING
CLAIMS VICTIMS**

Soft, refined foods and lack of exercise are responsible for increasing thousands of constipation victims. Intestinal muscles become sluggish, waste matter accumulates and gas is formed. Often there is a tired, restless, listless feeling. It's cases like this that the new improved ADLERIKA is designed to help. This scientifically compounded Tone-Up laxative is quickly absorbed by the gastro-intestinal system... gas pressure is released and waste matter is moved gently through the digestive canal. When you eat well and digest your food well, you'll find a new joy in living. Order a bottle of ADLERIKA today.

"We Learned Our
Lesson in Lighting
from a Specialist"

"We were surprised to find out how little we knew about good lighting. We learned a good lesson from the Public Service Company's lighting specialist. He had several constructive suggestions to make.

"They won't cost much to carry out, either. Some won't cost a thing, and we honestly feel that we'll have much better lighting after we carry out his suggestions.

"All we did was call our nearest Public Service Company Office

and name a convenient time for a lighting specialist to come to the house. He did the rest."

MRS. FLOY KING

The Baptist Vacation Bible School closed Friday night with a program and refreshments of ice cream, cookies and punch were served. The average attendance for the five mornings was 58, and there were four conversions. The boys under the leadership of Bro. Brooks, made song book racks for the church seats. The girls under the teachings of Mesdames C. W. Dean, J. L. Gary, S. M. Truelock, and Murphy made aprons, pocket-knives, etc. besides the notebook work of both groups.

Rev. E. Brooks and family left Monday for Abilene where he is to preach for the two-weeks revival at the Mission sponsored by the Abilene University Church. They are to have a Vacation Bible school prior to each morning service.

Mrs. Brook's father, Mr. C. H. Clark and wife and the latter's father, Mr. Cathay were guests in the Brooks' home Tuesday, leaving Wednesday to visit Mr. Cathay's relatives in Brownfield.

Mr. and Mrs. W. H. Fletcher of Plainview surprised their daughter, Mrs. M. Truelock, Friday, with a visit, returning home Saturday afternoon.

Mr. Marvin Phelps, brother of Mr. Alva Albright, visited them Friday and Saturday.

The Bible School at the Methodist Church begins June 23. Every one is invited regardless of denomination.

Mr. and Mrs. Roy Pharr of Bonham visited her sister, Mrs. J. L. Whited and family part of last

week.

MIGRATORY LABORERS
ALL PLANNING JOBS

Starr County migratory farm
workers are giving the kind of
cooperation that makes a farm la-
bor program successful.

The laborers, who migrate
northward each year to follow the
harvest, have started moving out
now, but County Agricultural
Agent Bob A. Lilly says that all
the workers who have left that
county to date have waited until
they had contracted jobs through
the Texas A. and M. College Ex-
tension Service Farm Labor Pro-
gram.

This year the cooperation with
the program in Starr County has
been better than ever before, indi-
cating that workers are becoming
more confident in the farm labor
field men that direct them to jobs
over the state, says the county
agent.

Even though all crew leaders
and laborers, most of them Latin
Americans, have been very anx-
ious to go northward and start
work, they are not leaving until
they are assured good jobs. The
Extension Farm Labor Program
aims at labor distribution that will
keep the workers working and get
crops out of the fields when they
mature.

County Agent Lilly says that
the smooth operation of the pro-
gram in Starr County is due in
big part to the work of G. C. Hart-
ness and Gordon Lansford, farm
labor field men who are routing
laborers in that area.

SOUTH PLAINS FARMERS
HAVE A NEW AIR TRICK

Latest trick in South Plains ag-
riculture is fertilizing cotton by
airplane.

Lubbock County Agricultural
Agent D. W. Sherrill, who believes
there is something new happening
every day in West Texas farming
and ranching, reports that a demon-
stration was held recently in
that county to see how airplane
fertilization goes.

The demonstration took place on
the L. J. West farm, 12 miles
southwest of Lubbock. About 50
people watched a ship from a local
flying service dust a cotton field
with 4-12-4 fertilizer. Sherrill
says a stiff breeze interfered with
operations a bit, and the fertilizer
did not settle as rapidly and even-
ly as it should. There may be cot-
ton fertilizer for miles around. If
the method pans out as effective,
however, you can bank on West
Texas farmers taking to it fast,
the county agent says.

Already airplanes are being used
widely to spread cotton defoliant
and insecticides.

Better Cash Your
Sugar Stamp Now

The estimated record wheat crop
coming up is due to affect the dis-
tribution of sugar to Texas store
shelves.

The U. S. Department of Agri-
culture has urged the nation's
homemakers to cash in their sugar
stamps—numbers 11 and 12—as
soon as possible. While the total
year's supply of sugar for the na-
tion, estimated earlier at about
6,800,000 tons, remains unchanged,
the distribution of the supply is
another question, USDA says. The
large wheat crop is expected to
create a difficult transportation

problem. In another month, there
will not be enough box cars to
carry both wheat and sugar.

Due to that situation, the No
12 sugar stamp in housewives' ra-
tions books was made good in ad-
vance. Grocers can accept both
stamp 11 and stamp 12, and will
continue doing so until October 31.

Miss Gwendolyn Jones, food
preservation specialist of the Tex-
as A. and M. College Extension
Service, reminds Texas homema-
kers that no sugar will be allowed
them especially for canning, and
that any canning sugar used must
come from their regular allotment.
USDA says that many consumers
are apparently postponing the use
of their stamps. Housewives mak-

ing last-minute runs on stores to
cash sugar stamps are likely to
find local shortages, since the
wheat crop is due to tie up rail
transportation.

THE "AVEN" CROP DUSTER
Will Help You,
Mr. Cotton Farmer.

Fight the Flea Hopper and other insects. The "Aven"
Crop Duster will help you grow more cotton per acre.

Modern farmers do not need to be convinced of the need for insect control. The cost of an "Aven" crop duster is quickly repaid by increased yield. The "Aven" New Style Crop Duster is a practical, easy to operate machine that will give long, trouble free performance. Has new type improved steel nozzle rail instead of the wooden rail as pictured. This duster meets a need long felt and is an outstanding success—it has been proved over a period of years by farmers throughout the United States. Let us give you more detailed information about the "Aven" Duster. Can be furnished in 6 or 8 row and with Broadcast attachment.

**The humble TODAY
that makes TOMORROW GREAT...**

You could see this scene in a hundred thousand churches next Sunday—but would you grasp its mighty import?
If you saw a lump of iron ore would you envision bridges of steel spanning America's rivers . . . if you saw a gushing oil well would you envision a million cars speeding along our highways . . . if you saw a bag of seed would you envision golden acres awaiting the harvest?
It is the humble **today** that makes **tomorrow** great. For few gifts have come to us ready-made. God has made every blessing a challenge . . . every resource a responsibility.
Our children are our greatest challenge—our paramount responsibility. For God's—and the world's—tomorrow will spring from the humble today. The Church understands that!
Your child—every child—needs the Church!

**THE CHURCH FOR ALL . . .
ALL FOR THE CHURCH**
The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend and support the church of his choice. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church on Sunday and read your Bible daily.

Orders for new 25 new Diesel-electric locomotives are being placed by the Santa Fe Railway with four of the leading locomotive builders according to announcement made today by Fred G. Gurley, president of the Railway.

Eight 6000 horsepower passenger locomotives will be built by electro-motive division of General Motors Corporation at LaGrange, Illinois; four 4000 horsepower passenger locomotives and four 1000 horsepower switching locomotives will be built by American Locomotive Company, Schenectady, N. Y.; six 1000 horsepower switching locomotives and one 2000 horsepower transfer locomotive will be built by Baldwin Locomotive Works, Eddystone, Pa.; and two 3000 horsepower switching locomotives will be built by Fairbanks Morse & Co., at Beloit, Wis.

When these locomotives are added to the Santa Fe fleet the total horsepower will be 748,760 divided as follows: 48 passenger locomotives, 228,800 horsepower; 73 freight locomotives, 324,600 horsepower, and 156 switching locomotives, 145,360 horsepower.

FIGHT URGED TO KILL GRASSHOPPERS NOW

Farmers of the state are being urged by the Texas A. and M. College Extension Service to start control measures against millions of grasshoppers that are hatching now.

Entomologists of the Extension Service say that poison bait put out now to kill the young hoppers can prevent a lot of damage to the state's row crops. Grasshopper infestations were large last season and the hatch this spring points to another big year for the insects.

An early start on grasshopper control is being encouraged now because the insects, at present, are young and easy to kill; they are bunched together now after the hatch and therefore very little bait will kill them; and they are still on the edges of fields and have not, as yet, done any damage to row crops.

According to information received by the Extension Service from the USDA Bureau of Entomology and Plant Quarantine office Waco, grasshopper surveys show that the insects have shown up in large numbers in the following counties: Erath, Jack, Archer, Wichita, Clay, Wise, Denton, Dallas, Collin, Hunt, Kaufman, Ellis, McLennan, Falls, Robertson, Brazos, Burleson, Washington, Austin, Bastrop, Gonzales, Karnes, Guadalupe, Hays, Travis, and Williamson.

The Extension entomologists say that most all counties have grasshopper bait on hand, and that farmers may contact their county agricultural agent for help in getting bait and putting it out.

HUNT ON FOR OLDEST CHEVROLET TRUCKS

The search for the oldest Chevrolet truck still in active service is attracting entries from all parts of the country at the rate of several hundred a day, J. W. Burke, manager of the commercial and truck department, Chevrolet Motor Division, said today.

The first Chevrolet truck was built in 1918, but only a comparative handful of trucks were built before 1926 or 1927, Burke pointed out. Nevertheless, the contest is disclosing that a relatively high proportion of these early trucks are still being used every day.

The contest to find the oldest Chevrolet truck started May 10 and ends June 15. The owner of the oldest truck will be given as a prize one of the new "advance-design" trucks, to be announced to the public June 28. The contest rules provide that the owner of the old truck must drive it to his nearest Chevrolet dealer for official entry.

PRESBYTERIAN SERVICES TO BE HELD SUNDAY

Rev. G. R. Hodges, called to the Slaton Presbyterian Church, is quite pleased in his location and with his church attendance.

These services will be conducted at the Presbyterian Church next Sunday: Sunday School, 9:45; Morning Worship, 11; Evening Worship, 8; Westminster Fellowship meeting at 6:30 open to all youths of all ages.

Rev. Hodges plans to hold services in Slaton three Sundays a month and in Silverton on the other. The dates have not been set.

Work on Crosbyton's rodeo grounds has been slow but everything is now nearing completion with the exception of the grand stand, R. C. Wood reported this week. Mr. Wood does not expect the work to be finished until late summer, with a possible opening rodeo on Labor Day.—Crosbyton Review.

Arrangements were made Tuesday by the board of trustees of the Tahoka Independent Consolidated School District for the purchase of two large frame structures now located at Camp Berkeley, Abilene, to be moved here and used as a classroom building, and a cafeteria building. However, it is likely that a bond issue must be approved by the voters to make the needed improvements.—Lynn Co. News.
