FRIDAY, AUGUST 1, 1947

NO. 48

## Mrs. Rebecca Tucker Claimed by Death

Mrs. Rebecca Jane Tucker, 73, of Slaton, Lubbock County for 15 years, died at her home Monday at 10 a. m. Funeral services were conducted today in Putnam, Texas. Survivors include one son, C. P. Tucker of Albuquerque, N. M., and four daughters, Mrs. Lucy Mofield, Mrs. R. C. Yarbrough of Putnam, Mrs. Clint Childress of Ropesville and Mrs. G. A. Eiland of Stanton.

## Local Violations Take Unusual Twist

There were peculiar twists to each of the highway violations filed last week in city court. One case concerns Chief Ward, whose car was considerably damaged by a speeding driver. Mr. Ward had been out in the early part of Tuesday morning investigating the theft of tires from an oil mill truck. Later he started from home to town and was driving south on Eleventh. The truck driver, now in his own car, was going east on Jean Street and headed straight into the right side of Mr. Ward's car, breaking the windshield and both windows and caving in the door, fenders, and running board. The driver pleaded guilty of speeding and paid his fine.

In the other case charges were filed after a colored man and a Mexican side-swiped last Sunday evening on East Division and it was found that the Mexican was driving without a license. The colored man is in the hospital with a broken arm and not yet recovered enough to say whether he has a license or not.

Other cases filed in City court this week were three charges for gaming, one disturbing the peace, and one drunk.

In Justice court there were six criminal charges and one civil action. There were no cases filed from Slaton in County court.

## Fred Perdue Takes Over Gulf Station

The Gulf service station located on the Slaton-Post highway just at the Slaton city limits has been taken over by Fred Perdue, who has lived in this vicinity for approximately twelve years.

Mr. Perdue is experienced in the gasoline and oil business and can supply your needs in gas, oils, and other services for your car.

He plans to operate on a twenty-four hour basis and give expert, friendly service at all times. He invites old friends and new friends to call on him at his new place of business on the Slaton highway.

## W. T. DRIVER IS HOME

W. T. Driver, who has been in Mercy Hospital recovering from a heart attack, was removed to his home Tuesday, July 29.

Mrs. Driver reports that he is now able to be up occasionally and to have company, however he will be confined at home for some time.

## DEMONSTRATION AUG. 9

Lynn County Johnson Grass Seed has completed plans for demonstration of equipment under the control of Johnson here on August 9.

W. Young of the Department of Plant Industry of Texas Agricultural College will be on hand to give the results of experiments at the college and other information on Control Johnson Grass.

A wide assortment of equipment will be demonstrated.

—Lynn County News

Visiting the G. M. Ducketts Sunday were Mr. and Mrs. W. R. Duckett of Springlake, Mr. and Mrs. E. D. Robinson of Tahoka, and Mr. and Mrs. Elmo Rhodes of Dallas.

Mr. and Mrs. J. B. Butler had as their guests this week Mr. and Mrs. David Reed of Post, Mr. and Mrs. Cliff Culpepper and son of Dumas, and Mrs. Willie Crawford of Anson.

Guests in the L. C. Odom home this week are Mrs. Joe Prince and children, Paul and Pam, of Nacogdoches. Mrs. Prince is the sister-in-law of Mrs. P. W. Wood, the Odoms' daughter.

MRS. W. H. PROCTOR

## Mrs. Proctor To Be Buried Today

Funeral services will be conducted this afternoon starting at three o'clock at the First Methodist Church for Mrs. W. H. Proctor, who died Wednesday evening after a long illness. The services will be conducted by Reverend Cal C. Wright.

Mrs. Proctor had been a resident of Slaton for the past 34 years and was one of the most active members of the First Methodist Church having served as an officer, teacher and leader. Slaton has lost one of its most valued citizens.

Mrs. Proctor was born in Bloomfield, Missouri, 81 years ago and came to Texas in 1878 and lived in Grayson County until she moved to Slaton.

She is survived by a daughter, Mrs. J. T. Pinkston of Slaton, six grandchildren and 10 great grandchildren.

Williams Funeral home has charge of arrangements.

## Social Security Advisor Coming

Elliott W. Adams, manager of the Lubbock office of the Social Security Administration, will be in Slaton at the U. S. Post Office at 4:00 p. m., Wednesday, August 6, to give persons of this area an opportunity to file benefit claims, obtain new and duplicate social security cards and make inquiries concerning the old age and survivors' benefits to qualified workers and their families.

Retirement benefits are payable to the employee and eligible members of his family when the worker reaches the age of 65 and retires. Survivors' benefits are payable to eligible members of the insured persons family on his death at any age. Applications must be filed with the Social Security Administration for all benefits paid under the program.

## Slaton Airport To Be Opened Sunday

Earl D. Eblen and James C. Leschandler are announcing this week the opening Sunday, August 3, of the new Slaton airport located two miles northeast of Slaton on the paved Canyon Road.

This airport will serve as a landing field for private and commercially operated planes from other areas and will offer chartered plane services to various parts of the country. Mr. Eblen states that in the near future they will be able to offer up-to-date, complete charter services.

This is now a CAA and GI approved flight school and they can now give training under the GI Bill of Rights. They are also official Piper Cub airplane dealers. To introduce flying to the people of Slaton, a plane will fly over the city at 2:00 p. m. distributing circulars. Those finding the circulars stamped "Free Ride" will be entitled to a free ride Sunday afternoon upon presentation of the circulars at the airport.

Gas too high? Try Hudson Oil Company.

## Boxing Tournament For Slaton To Be Held August 11 and 12

Slaton is to hold an amateur boxing match here on August 11 and 12 under the sponsorship of the Slaton Chamber of Commerce, according to Max Arrant, manager of the Chamber of Commerce.

The tournament will be in charge of Clarence Tillery, athletic coach for the High School, and the contestants will be made up from young men of this area who have had some boxing experience.

The money over and above the expense of promoting and paying the expense of the tournament will be used for the summer recreation program.

According to reports, Coach Tillery has lined up some excellent matches including one exhibition match between Lonnie Balch of Lubbock and the Texas State T.A.A.F. Champion, Tom Adams. The above men are light heavy weights.

The tournament will be held at night on the soft ball grounds beginning each evening at 8:00 p.m. A boxing ring will be built as soon as the soft ball games have been decided.

The dates of the tournament were first set for the 14 and 15 of August but because of difficulties in getting good matches the dates were set back to the 11 and 12. Tickets are available at the Chamber of Commerce and at other places over the town.

## DDT Fog Machine Coming Again In About Two Weeks

W. D. Cook, an assistant of the Lubbock Health Department, made things very uncomfortable last Wednesday for the germs and bugs in the alleys of Slaton by driving his fog blowing machine through all of the alleys of the town.

The same procedure will be followed in about two weeks, said Mr. Cook, who suggests that the doors and windows of all homes be left open so that the treated fog, insects, plants, clothing or draperies harmless to all warm blooded animals, plants clothing or draperies and serves as a germicide when allowed to come into the houses.

The machine is owned by the City of Lubbock and it services are supplied at no cost to other towns in the South Plains area. It is being used in Slaton at the request of Mayor L. D. Wootton who said that he hoped the home owners would do as Mr. Cook suggests when the equipment is used here the next time. The date for its return will be published in the Slatonite.

## Annex To Building Being Constructed

Construction was begun the past week on an addition to the Johnson-Hoffman hardware building on the south side of the square.

The new structure will have a floor space measuring 24 by 50 feet and be connected to the main store by a doorway near the front. Mr. Hoffman says they hope to have the addition ready for occupancy in thirty or forty days.

Born July 27 at Mercy Hospital to Mr. and Mrs. H. E. Waller, Jr., a girl, Kathleen Bee. Weight 7 pounds 13 1/2 ounces.

Born July 29 at Mercy Hospital to Mr. and Mrs. J. C. Crowson of Wilson, a girl. Weight 7 pounds 12 ounces.

Mr. and Mrs. Carl Lewis returned from Dallas Monday where they accompanied her father, W. R. Steckman, who underwent major surgery. Mr. Steckman is at his home in Lubbock where his condition remains quite serious.

Ask us about our wholesale prices, Hudson Oil Co.

## Over the Wire

The new building on the West side of the square being constructed by Ed Haddock and John Berkley is expected to be ready for occupancy by September 1st according to Emmett Kidd the contractor, said Mr. Haddock when interviewed this week. "A lot of the work has been tedious and slow but it is progressing even better than we had anticipated and we hope to be able to turn the building over to the future renters even earlier than we promised," said Mr. Haddock.

Mayor Wootton has his tail feathers high because of the excellent water pressure that has been maintained most of the time and he and the Commissioners are to be complimented on all of the hard worrying they have done over Slaton's water problem. Commissioner Huckabay deserves particular recognition for the suggestions and help he has given on the problem and for the engineering advice that he has been able to supply.

Two new residents of Slaton are Mr. and Mrs. J. R. Britler who have moved here from the North Plains. They have written a note saying that they are very much pleased with Slaton and like the folks here very much.

The thermometer has been having a lot of exercise the last week at the West Texas Gas Company. A high of 104 was recorded on Tuesday and a low of 68 on Wednesday night. It's the temperature that does it says John Sims, local West Texas Manager.

The Clean-up campaign recently attempted here in Slaton did not turn out so well and Mayor Wootton says that he hopes that the alleys and back entrances for the business buildings over the town will be in more sanitary condition when the DDT spraying machine from Lubbock makes its return visit to us in about two or three weeks. There are more weeds including Johnson grass over the town than there has been in many a day and there is an unusually large accumulation of rubbish.

Among the remodeling and beautification over town the home recently purchased by O. O. Crow on West Lubbock street is getting a face lifting and enlarging.

One of the most progressive business men in Slaton is on the lookout for some business firm that would like to have a new building built to suit their needs. This particular business man says that he expects to live here all his life and he hopes and expects to see Slaton grow to several times its present size during his lifetime.

## Rotary Governor To Visit Slaton

Slaton Rotary Club will have as special visitor on August 7 Jim McCulloch of Stamford, who is Rotary governor for this section.

Mr. McCulloch will discuss the work of Rotary in general, placing special emphasis on the international aspects of Rotary work. At the meeting on August 1, Gordon Treadway, Lubbock lawyer, discussed the Hartley-Taft labor bill.

PENS \$1.50 at the Slatonite machine ribbons at the Slatonite.

Call us for tire service. Hudson Oil Company.

HOWARD O. WAGNER

## Jones Transferred To Las Vegas N. M.

W. H. Jones, who has been the Superintendent of the Slaton Division of the Panhandle & Santa Fe for more than a year left Tuesday to report as Superintendent of the Mountain Division of the Santa Fe with headquarters at Las Vegas, New Mexico.

It is reported that H. O. Wagner, who is serving as Superintendent of the Santa Fe at Arkansas City, Kansas, will assume the duties of Superintendent here on or about the first of August.

During his school days in 1913, Wagner worked as a chairman in Santa Fe's engineering department at Pueblo, Colorado, and in July of 1914 he joined the Santa Fe staff as a rodman, transferring to Amarillo in that capacity in 1915. He advanced through several positions in the engineering department, and included some experience as roadmaster at Wellington, Kansas, becoming division engineer at Amarillo in January, 1924. He returned to Wellington as trainmaster, Panhandle Division, in 1937, and advanced to superintendent, Oklahoma Division, at Arkansas City, in July, 1939.

Wagner will be succeeded at Arkansas City by H. C. Willis, superintendent, Southern Kansas Division, Chanute, Kansas.

Jones succeeds at Las Vegas D. M. Rankin, who is being transferred to Chanute, as superintendent of the Southern Kansas Division.

## Slaton Defeats Sundown 13 to 5

Last Sunday the Slaton Tigers, who have a habit of knocking the league leaders off the top, did it again on the Oiler's home ground. Lefty Faulkner, on the mound for the Tigers, raised his strike-out record to 89 for 8 games.

After Slaton had scored four runs in the first inning, Sundown came through with one in the second. Slaton scored two more runs in the third, but Sundown tied the game up in the seventh. Slaton then opened up in the eighth inning scoring five runs. To make things worse for Sundown, Slaton scored two more runs in the ninth.

This Sunday at 3 p. m. the Tigers take on the Seminole Indians on the Slaton home field. By winning the game last Sunday, Slaton still has a chance to get into the play-off.

## Plans Are Made To Make Slaton Welfare League More Active

### American Legion Holds Meeting

Luther Powers Post No. 438 American Legion met at the Legion Hall Monday evening July 28. This was a regular meeting at which officers for the ensuing year were elected as follows:

Post Commander, Claude S Cravens; First Vice-Commander, Jerome Burns; Second Vice-Commander, Miley H. Lasater; Post Adjutant, Wayne Liles; Post Finance Officer, Ernest T. Hillen; Post Chaplain (Re-elected), Sam N. Gentry; Post Historian, Nat D. Heaton; Sergeant-at-Arms, Roscoe Mercer; Service Officer, W. E. Edwards.

The newly elected officers will be installed at the regular meeting Monday evening, August 11.

### Softball Teams Go Into Finals

The softball games are now in the finals with the standing of Drive-In and Ayers one to one Wednesday. Drive-In went into the finals by defeating Southland three straight games; Ayers, by defeating Pleasant Valley three out of four. Victors for the league will be determined by the best four out of seven games.

Results last week were as follows:

- July 24 Drive-In 12; Southland 3 Ayers 4; Pleasant Valley 3
- July 25 Ayers 17; Pleasant Valley 4 Thomas Jewelers 3; Drive-In 2
- July 28 Ayers 7; Drive-In 2 (Beginning of finals)
- July 29 Drive-In 10; Ayers 6.

### Scottish Rite Club To Meet Sun.

The Slaton Scottish Rite Club will hold a meeting at 3:00 p. m. Sunday, August 3, at the Masonic Hall in Slaton.

Temple H. Morrow, 33rd Degree, of Lubbock will be the speaker and all Master Masons are invited to be present to hear this learned Mason discuss certain phases of Scottish Masonry.

For the past thirty years Brother Morrow has conferred the Eighteenth Degree of the Rite at the Dallas Consistory and is one of the ablest Masonic speakers to be found in this area, if not in the entire State.

Master Masons are urged to attend this meeting. Light refreshments will be served.

We will wash and grease your car. Satisfaction guaranteed. Hudson Oil Company, phone 9509.

## Pedestrians Leave Too Much To The Judgement of The Driver

How long is two seconds? Just long enough for you, Mr. and Mrs. Pedestrian, to take six steps into the roadway, long enough to say, "I have plenty of time," long enough for a car going 40 miles an hour to travel 118 feet on good pavement, long enough for the driver to fail to stop under 126 feet. Two seconds is long enough for you to die!

Last year 12,200 men, women, and children walked to their deaths on the streets and highways of America. That is almost as many people as live in Slaton. Posey Woodrow, Slide, Wolforth, Hurlwood, Shallowwater, Acuff, Idalou, Becton, and Monroe. Approximately 270,000 stepped from sidewalk curbs and met with serious injuries. That is more than the number of citizens living in Fort Worth. Thirty-three pedestrians killed and 739 injured every day in the year! And still more appalling is the fact that statistics show

The Slaton Welfare League which had been inactive during the war, met Tuesday, 8:00 p.m. in the City Hall auditorium for the purpose of reorganizing.

O. D. Livingstone of the state welfare offices met with representatives from the Methodist, Baptist, and Presbyterian Churches and from the Retail Merchants Association and several business people of Slaton. Since each church, fraternal order, civic club, service club, women's club, and labor organization was requested to have a member present, Mrs. Green, president, said the group felt the attendance Tuesday evening was not truly representative of the organizations of the town; therefore officers were not elected at this time, but she expects to call another meeting soon and hopes to have more in attendance.

As stated in last week's Slatonite, the League investigated the Gomez case, supplied food, and guaranteed the medical bill. Enough money was donated Tuesday by a private citizen of Slaton to be of great help in meeting the immediate needs of the family, but Mrs. Green says the pressing need still is funds.

The purpose of the League is to co-ordinate the charity work of the various organizations of the city, and she urges all organizations to have representatives present at this next meeting. She feels that if the outlay of all charity funds could go through one channel directed by representatives of all organizations contributing these funds, much more good could be accomplished with less expenditure of money and effort.

Often urgent needs arise, she points out, and people really suffer while waiting for some group to take up the matter; whereas it could be dealt with quickly and efficiently if all such work could be directed through one organization.

The Slaton Chamber of Commerce has charge of the remainder of the funds donated to care for the recent tubercular case, and Mr. Livingstone of the state welfare office reports that the Chamber of Commerce voted to give \$100 to the League to help in the Gomez case but hesitates to contribute the entire fund until it knows the wishes of the contributors. Mr. Livingstone suggests that all who contributed to the tubercular case should make their wishes known about the disposal of the unused funds.

### TRASH FIRE CAUSES RUN

A trash fire created a slight disturbance Wednesday afternoon and caused a run by the fire department when a fence caught fire at the J. W. Henry home on South Seventh.

The blaze was quickly extinguished and no serious damage done.

Our prices are the same to all trucks. Hudson Oil Co.

two out of three were violating a traffic law or committing an unsafe act.

Speed of oncoming cars is hard to judge in daylight—almost impossible at night. The driver may have imperfect vision because of distortions caused by rain, mist, sand, or a blurred windshield. All these are contributing factors to the toll of life.

Don't leave all precautions to the driver for he may misinterpret your actions. The laws governing speed limits, arm signaling, Slow and Stop signs vary from state to state, and the individual motorist may be from another area and not know what to expect of you.

Stop, look, and be sure you are right before you leave the curb; then read this week's advertisement presented by civic minded citizens of Slaton in accordance with the plans of the President's Highway Safety Conference.

### Give Your Birds Plenty Of Water

Water is the largest single constituent of an egg. It is a raw material which the hen must have to lay. When the water supply is inadequate, production suffers.

Water plays other important roles, too. It is the substance which helps birds maintain correct body temperature, and it also has a part in the body's function of assimilating food.

#### Help Production

A low water supply affects not only egg production, but also the health of your laying birds. Keeping a plentiful supply of fresh cool water before laying birds is one of the most important raiser's flock management plan.

Waterers should be of ample capacity for the size of your flock. While five gallons of water would probably suffice in wintertime for 100 hens, the heat of summer causes consumption to increase considerably. This means that a more abundant supply should be provided during the warm-weather months.

#### Keep Water in Shade

It is a good plan to place the waterers in the shade when used on the range. If placed in the shade, the water remains cool for a longer period.

In one sense, waterers might be called a necessary evil for many diseases are spread through the water fountains. Since an entire flock is using the same watering devices, disease, if present, is almost certain to be spread to healthy birds unless precautions are taken to prevent contamination. Construct waterers in a way that will prevent contamination. Commercial drinking water antiseptics also may be used to help prevent the transmission of disease through the water in fountains.

**SOUTHLAND  
MRS. FLOY KING**

Rev. J. W. Rosenburg, Methodist pastor of Tahoka, will preach during the Methodist revival, which will extend from August 20 to 31. There has been good progress in the Church of Christ revival which closed Sunday night.

The Baptist revival begins Friday, August 8. Everyone is cordially invited to attend these meetings.

Last Sunday the hour for church services at the Lutheran Church was changed from 8:15 to 8:45 a. m. The pastor, Rev. Pahlman returns to Wilson church for the 11:00 o'clock preaching hour there.

Next Sunday Elton Wyatt, local minister of Slaton, will deliver the sermon at the Methodist Church here.

Mrs. John Fleming's sister, Mrs. Tobart, and children of Hardeman County have been visiting the Flemings.

Vonelle Ann and Paula Clydone Rutledge of Lubbock arrived Sunday to spend a few days with their uncle and aunt, Rev. and Mrs. Tom Rutledge.

Mrs. Lola Massie of Haskell visited with her sister, Mrs. Edd King, and family last week. They all visited relatives in Brownfield Thursday.

Mrs. Sam Martin has returned from San Pablo, Calif., where she visited her daughter and family, Mr. and Mrs. Roy B. Underwood and baby Jena Lyn who arrived

July 16. While there she went over to San Francisco.

Mr. Fred Davis and children of Perrin visited his mother Mrs. G. W. Davis and other relatives here last week.

Mr. and Mrs. Jessie Wortes of Fort Worth visited his brother, Carl, and family Friday night.

Arthur (Big) Smallwood went to Abilene last Thursday for a check-up on his hand and arm. He underwent an operation last week.

Lehman Barkley, who has been employed at Sweetwater spent last week here with his parents, Mr. and Mrs. Oscar Barkley. He plans to go to Houston soon to take a job.

Wilbur Donohoo and wife of Nebraska visited his parents last week. Shirley and Roylene Donohoo accompanied them home.

Mr. and Mrs. W. W. Gilliland visited their daughter, Mrs. Dave Draper, and family of Slaton Saturday.

Colene Gilliland, who has had a throat infection, is much better.

Last week Mrs. Helen Angle received a letter from her sister stating she had a piece of one of the leis thrown on their ship as they passed Honolulu.

Bertha O'Keefe has a teaching position in Guam where her husband and Beverly are vacationing in Houston and other places in South Texas.

Mr. and Mrs. Frank Leozarand and Beverly are vacationing in Houston and other places in South Texas.

Visiting the R. R. Jones family Sunday were all their children, Mrs. Gladys Hopper and family of Vernon, Mr. and Mrs. John Leake and family, Mr. and Mrs. Heywood Basinger and family, Mr. and Mrs. Buford Jones, and Mr. and Mrs. Bob Jones.

Mr. and Mrs. I. J. Duff, Sr., and children, Margaret and Buford, have recently returned from visiting their daughter, Mrs. C. Tauntan of Alabama.

Rev. O. J. Harmonson announces that everyone is invited to attend the Southland Cemetery working next Monday, August 4. There will be a basket lunch at noon. All are invited to come help clean the cemetery and bring a well-filled basket.

Have your prescriptions filled at TEAGUE'S DRUG STORE by a registered pharmacist.

Richard Vardy is now visiting his grandparents in Estelline.

**LADY OF THE LAKE** — Kay Westfall, who plays Ruth Anderson on NBC's "Betty Crocker Show," is in evidence on the shores of Lake Michigan whenever she's not working. And — it's nice evidence.

**THE \$64 QUESTION** — Phil Baker selects a potential winner for "Take It or Leave It," which starts Aug. 3 on the NBC network.

**Cane and Beet History**  
Cane had been grown in the tropical areas of the New World generations before sugar extracted from the beet root made its first appearance in Europe. That is not to say, of course, that the parent of the present sugar beet was unknown in bygone days. On the contrary, many scholars believe it was eaten by the laborers who piled up the pyramid of Cheops, and as evidence of the ancient lineage they quote a passage from Herodotus, who lived in the fifth century before Christ.

**Women Now Wear Trees**  
Wood provides the source of the second most important textile fiber used in the United States—rayon. Only cotton exceeds rayon as a fabric material. In 1945 the United States produced 792 million pounds of rayon. Most American women wear clothes made from trees. Statistics show that two-thirds or more of all women's dresses sold in the United States today are made of rayon or contain rayon blended with other fabrics.

**Kill Them Very Young**  
An active and vigorous plant in the early stages of growth will respond more quickly to 2,4-D, the new weed killer, than a mature plant. The usual response is a curling and twisting of the leaves with a gradual dying in three to four weeks. As soon as practical after the weeds have died, a fertilizer should be used to encourage the grass to fill in the bare spaces left by the weeds.

**Agriculture Stood Still**  
For some 2,300 years, from the beginning of recorded history, the mass of the human race had suffered continual hunger. In 1800 the art and science of agriculture stood practically where they did in the time of Julius Caesar. True cast iron plows replaced iron-covered wooden plows, but this improvement just about measures the entire advance.

**Facing the East**  
Throughout the ages it has been the custom of many races to bury their dead facing the East. The sun worshippers followed the practice as it was the direction from which their deity returned each morning. For the ancient Greeks it was the way to Elysium or paradise. To the Christians, it is the direction from which Christ will come on Judgment Day.

Richard Vardy is now visiting his grandparents in Estelline.

POP. INC. KING FEATURES SYNDICATE, INC. WORLD RIGHTS RESERVED 3-14  
"Let's go to Reno for our vacation, dear—then, if we have an arguments. I can settle them right there!"

**Texas Business**

As the 1946-47 fiscal period came to a close, federal internal revenue collections in Texas came up with a 2 per cent gain over collections for the 1945-46 fiscal year ending June 30.

Heavy receipts of cotton at Texas mills began in June, jumping from 206 tons in May to 2,170 tons during June.

Accelerated building activity earmarked June in Texas despite the existing high level of construction costs.

In many sections of the State, building materials were becoming increasingly available, and rural areas were looking forward to early fall building after the crops are in. Increasing costs, especially for plumbing, plastering and brick-laying do tend to put the damper on new building projects, but prospects for the future seem to include an easing up in prices for homes and lots.

June permits reached a total of \$26,417,307 to register a 30 per cent gain over May permits, compared to a May-to-June hike of only 7 per cent in 1946.

June was the peak 1947 month in Texas as far as new business is concerned, with 281 new domestic corporations receiving charters.

Capitalization on charters issued during June reached \$6,591,000, which was a sharp drop from the \$9,547,000 total marked up in May. This reduction means that the size of new business is markedly smaller.

Mr. and Mrs. Bob Brasfield and daughter, Barbara Sue, and Mr. and Mrs. J. T. Williams and son, Charlie, who have been visiting in Kansas, Oklahoma, and East Texas, returned Monday. Mrs. C. E. Williams kept her granddaughter Caroline Jean Brasfield.

**Slaton WOW To Go To Encampment**

Company F, 112th Regiment, Uniform Rank, Woodmen of the World Life Insurance Society, of Slaton, commanded by Captain Grady L. Clark, will go to Palacios, Texas, for the district encampment of 34 Texas companies of this semi-military Woodmen Organization, August 4 to 9.

Company F will be attached to the Third Battalion, Third Provisional Regiment, commanded by Major Allan McDonough, Littlefield. Other companies of the battalion are from Plainview and Littlefield. Col. G. W. Henderson, McKinney, will be regimental commander.

Col. M. O. Stephenson, of Beaumont, will be camp commander.

The 34 companies will be assigned to three provisional regiments. Companies from Dallas, Lipan, Cleburne, Waxahachie, Corsicana, Fort Worth, Midlothian, Bynum, Decatur, Montague, Bowie, and Park Springs will make up the First Regiment commanded by Col. T. E. Newton, Jr. of Waxahachie.

Companies from Athens, San Antonio, Driftwood, Malakoff, Houston, Beaumont, Apple Springs, Sherman, Caddo Mills, Weston and Bonham will comprise the Second Regiment commanded by Lt. Col. E. B. Lyon of Denison.

Immature sweet potatoes will not keep well in storage. Growers who wait for fully mature potatoes, then dig them for storage, will prevent losses.

**Radio Wits Tell Best Dog Jokes**

Stars of "Can You Top This?" Try to Outdo Each Other

Mention any subject at all and Senator Edward Ford, Harry Hershfield and Joe Laurie, Jr., the three wits of radio's famed "Can You Top This?" show, are supposed to come right back with a pertinent joke or story. The Gaines Dog Research Center, New York City, thought it would test them out by asking each of the trio for his favorite dog tale. All three responded promptly, with the following results.

**SENATOR EDWARD FORD "Smart Dog"**

Some of the fellows were sitting around talking about how smart their dogs were. Finally one said, "You all think your dogs are so smart, eh? Well, let me tell you about that dog of mine. Last year we had a fire at our house. There was confusion all over the place. Our faithful hound stood with us watching the firemen. Suddenly he broke away and ran into the burning building. A minute later he came out. In his mouth he carried the insurance policy wrapped in a wet towel."

**HARRY HERSHFIELD "Playful Pup"**

A fellow complained that he had mice in his house. He said, "I don't seem to be able to get rid of those mice."

His friend asked, "Have you tried a dog? Get a rat terrier. They're marvelous."

So the man bought a dog. A few days later the friend stopped in

Ford, Hershfield and Laurie with Snejok, a Samoyede.

at his home and saw the dog playing frog and tag with the mice. "Hey, what's going on around here?" asked the friend. "What's this dog playing with these mice for?"

"Oh, those are our own mice. was the reply, "but just let a strange mouse come in here, and then you'll see something."

**JOE LAURIE, JR. "So long, Judge"**

Brown was brought into court for walking a dog without a muzzle or leash.

"Well," said the judge, "what have you got to say for yourself?"

"Listen, Judge," replied the defendant, "he's only such a little doggie, a tiny puppy. His head is much too small for a muzzle. Look how little the doggie is," he put up his hands about eight inches apart. "See, Judge, he is so high."

"So high," said the judge.

"And," went on Brown, holding his hands apart about five inches, "and so wide."

"And so wide," repeated the judge. "And Brown," said the judge, "so long?"

"So long, Judge. Thank you very much."

**What is a Good Horse**  
About 400 B. C., Xenophon, a Greek historian and soldier, wrote a description of a good horse, explaining how one might be least deceived in buying a horse. In 1535, King Henry VIII of England had laws passed for selection and mating to improve horses and to eliminate scrubs.

**JUST TALK**

by  
**A.M.J.**

Pastor Cal C. Wright had the following suggested resolution in his last Sunday's program. It is worth serious consideration:

"JUST FOR TODAY I will be agreeable. I will look as well as I can, dress in a becoming manner, talk low, act courteously, criticize not one bit, not find fault with anyone, and not try to improve or regulate anyone, except my own self. . . . Selected."

Good suggestions every one and I'll bet a ton that those words were hung together by some woman. For who but a woman would think first of appearance and clothes . . . and the original writer of these lines is probably right, for a neat, well dressed person has something on the ball. She would have a heck of a time in a newspaper office living up to any of the above suggestions. . . . in fact I don't believe it can be done.

Bill Sledge, after reading my cracks in week before last's paper, invited me to a meeting of the Lion's Club so that I could be

among some Slaton people who are really interested in the growth and welfare of Slaton.

The Lions Club members are on their toes and I fully enjoyed meeting with them and I must admit that the Lions Club is very civic minded. They spent a considerable part of their time discussing civic problems, and the civic activities they are doing and in asking for suggestions as to what could be done in the future. The cooperation with the childrens play grounds and the work they have done to raise money for the athletic program by operating the concessions at the Soft Ball games speaks better than words of the things they are doing. The Lions Club is not only a good fellowship Club but it is doing things for Slaton. Other Civic organizations and social Clubs of the Community could well take suggestions from the Lions.

There are some activities that could be undertaken that would have marked effect on Slaton if most all of the citizens of the community took part. Such things as movements to beautify and clean up the town could be accomplished only through the full hearted cooperation of the greater part of the people and if some plans could be laid and directed by the right people there is almost nothing that could not be done.

It would not surprise me at all to have some one call my attention

to a Gila Monster, a boa constrictor or a Bald Eagle crawling on the streets or perched in a tree in Slaton, not after Bill Meurer called me last Friday to come out on West Lubbock to see a wild cat that he and a group of men had cornered in the D. F. Smith front yard.

Bill said that it came across from the WestWard School and that he felt sure that it had been prowling around in the tall weeds and jungles in our back premises. This spring a squirrel got into our apricot tree and ate about half our apricots before they ripened. A snake crawled up on our back porch and my wife makes me carry out all the garbage because she says she is afraid something will bite, scratch or scare her half to death. It's getting to be a mighty wild country. Perhaps the men should get together and figure out some way to get rid of the wild animals or make up our minds to

carry out the garbage from now on.

**Heavy Cure**

Young Smithers was feeling off-color, and consulted a specialist. The specialist examined him and said:

"All that is wrong with you, young fellow, is that you smoke too many cigarettes. Here is a way to cure yourself of the habit. It is quite simple. Whenever you light a cigarette, put a stone in your pocket. Soon the discomfort of carrying the stones about will cure you."

Young Smithers nodded and departed. Three days later the specialist received a postcard from his patient.

"Dear Sir," it said, "I am following your advice, but I look darned funny pushing a wheelbarrow!"

**Embryo Horse Trader**

A street boy of diminutive stat-

ure was trying to sell some very young kittens to passersby. One day he accented a well-known Episcopal minister, asking him to purchase, and recommended them as good Episcopal kittens. The minister laughingly refused, thinking them too small to be taken from their mother.

A few days later a Presbyterian minister, who had witnessed this episode, was asked by the same boy to buy the same kittens. This time the lad announced that they were faithful Presbyterians.

"Didn't you tell Doctor Brooks last week that they were Episcopal kittens?" The minister asked sternly.

"Yes, sir," replied the boy quickly, "but they've got their eyes opened since then, sir."

**Remedy**

In grammar class the teacher wrote on the blackboard:

"I didn't have no fun at the

seaside." Then she asked a pupil: "Ronald, how should I correct that?"

"Get a boy friend," Ronald replied.

**Page Mr. Anthony**

A letter received by Mr. Anthony,

"I am a mother of four children. My husband wants another one, but I heard that every fifth child born in the U. S. is Chinese. Shall I take that chance?"

There's Something to This He never owned a share of stock, He wouldn't work or punch a clock, Big business offers he'd decline, He wouldn't walk in a picket line. Now he's rich and enjoys the best, He won first prize in a quiz contest.

Have your prescriptions filled at **TEAGUE'S DRUG STORE** by a registered pharmacist.

Get KLEENITE today at Teague Drug Store and all good druggists.

**TRAFFIC LIGHTS ARE FOR PEDESTRIANS TOO!**

*Wait! The few quick seconds it takes the light to go amber or green may be the difference between life—and death!*

Traffic lights aren't just for drivers, they're for pedestrians, too. They are your signals of safety. Drivers and traffic officers expect you to obey them. Yet in 1946, over 2,800 persons were killed at intersections. In addition, more than 4,000 jaywalked into the Hereafter between intersections. From all causes, 12,200 pedestrians—men, women and children—were given a ride to the morgue! They died at the rate of 33 every day.

Fantastic? Sure, but deadly true.

Of pedestrians killed who were old enough to drive, only 10% ever drove a car. That may be one reason why pedestrians have to be told, again and again, that traffic lights and all safety regulations are for them too. They have never experienced the responsibility of driving.

If you are a pedestrian, learn to cross with the lights, never run out from behind parked cars, or cross between intersections. Don't stand in the street or highway. Always be alert.

This advertisement is presented in the public interest by the President's Highway Safety Conference and the daily and weekly newspapers of the nation through their Press and Publisher Associations.

**AIR POWER**  
  
**IS PEACE POWER**  
**HELP BUILD AMERICA'S AIR POWER**  
**ON AIR FORCE DAY, AUGUST 1ST**

No one today questions the fact that the whole future of the United States may rest in the very clouds over your head. And the new, reorganized Air Forces give thousands of eligible young men an opportunity to take an active part in building America's air power . . . on the ground as well as in the sky.

You may, for example, enlist in the Air Forces for three years. If you have a specialty which will qualify you, you may also be able to enlist in a grade at higher pay.

If you have had Air Forces experience, you may join the Air Reserve and continue your military aviation training outside of business hours.

Or, you may join the Air National Guard and perhaps become eligible for advanced technical training at special Air National Guard schools.

On Air Force Day, make a point of finding out everything about your Air Forces—especially the new Aviation Career Plan described below. Full details can be obtained at your U. S. Army Recruiting Station.

**NOW—THE WORLD'S GREATEST OPPORTUNITY FOR A CAREER IN AVIATION**

Today the Army Air Forces offer high school graduates an unprecedented opportunity to get the finest aviation schooling on earth—and select your school or course before you enlist.

The AAF Career Plan is unlike anything ever offered before. It permits selected high school graduates to apply and qualify for AAF specialized courses of their own choice. Simply go to your U. S. Army Recruiting Station, advise the Recruiting Officer the kind of aviation training you want and he will provide you with an application blank and a complete list of available courses.

When you are selected to attend the course of your choice, you enlist in the Army Air Forces for 3, 4 or 5 years. After your basic training period you are guaranteed the education you have selected to make you a specialist in the type of work you want.

Get a list of all the schools and courses open to you under the AAF Aviation Career Plan at your U. S. Army Recruiting Station.

## Rainbow Sweetheart Crowned at Party

Friday evening at 8:00 p. m. Slaton Assembly of Rainbow for Girls gave a garden party at the Bruce Pember home honoring the Rainbow sweetheart and the Slaton Chapter of De Molay.

Guests were greeted by Joyce Pember and Betty Jo Gentry and conducted to the guest book where Eudene Spradley presided.

In the crowning ceremonies Betty Jo Gentry directed the program. Dorothy Davis entered with John Schmidt, sweetheart, who was seated on a white elevated throne. The other candidates, Jack Thompson and Edwin Burton, were conducted by Lena Schmidt and Joyce Pember, respectively. Anna Phillips brought in the crown, which was decorated with the Rainbow emblem and the large letter S.

Following the crowning ceremony pictures were made by Durwood Crawford and games were directed by Dorothy Davis.

Iced melons were served to approximately fifty.

At the regular meeting to be held Saturday, August 2, at 7:30, initiation will be held. All members of the Rainbow and all Masons and Eastern Stars in good standing may attend this meeting.

## Luncheon at Hilton Honoring Guests

Mrs. W. H. Jones and Mrs. L. J. Anderson entertained Tuesday at 1 p. m. with a bridge luncheon at the Hilton Hotel in Lubbock honoring Mrs. Jones' daughter, Mrs. Glen Ossian of Kempt, Kansas, and Mrs. Anderson's guest, Mrs. L. T. Stinchcomb of Clovis, New Mexico.

Places were laid for the following guests: Mesdames Nat Heaton, Allen Ferrell, J. G. West, R. C. Ayers, W. B. Hestand, S. A. Peavy, Wade Thompson, V. G. Browning, J. S. Edwards, Jr., Tom Turner, Robert Hall Davis, and Miss Jo Hestand.

High score prize went to Mrs. J. G. West and low score to Mrs. V. G. Browning. Guest prizes were presented to the honorees.

Mr. and Mrs. Ben Mansker and son, Harley, spent last week-end with their daughter and sister, Mrs. Warren Henry.

pink accessories and an orchid corsage.

Both the bride and bridegroom are juniors at Texas Technological College, where she is a member of Las Vivarachas social club and he is a member of Kemas social club. Mrs. Benton was a Tech beauty last year. The couple will be at home in Lubbock.

Out-of-town wedding guests were from Fort Worth, Los Angeles, and Porterville, Calif., Parkers, and Porterville, and Clovis, N. M.

An informal supper and party was given for the bridal party by the bride's mother Friday night at the Club House.

MRS. WILLIAM VERNON BENTON

## Miss Bernice Neugebauer Is Bride of William Vernon Benton

In a double ring ceremony read by Rev. David Slobberg of Lubbock, Saturday, at 5:30 p. m. in the Methodist Church Miss Bernice Neugebauer, daughter of Mr. and Mrs. Joel Neugebauer, became the bride of William Vernon Benton son of Mr. and Mrs. William Benton of Brownfield.

She wore long lace mitts and carried a colonial fan bouquet showered with orchids and stephanotis.

Miss Mary Virginia Saage, maid of honor, wore a gown of pale blue organza patterned after the bride's. She wore a picture hat, long organza mitts, and carried a colonial bouquet of lilies of the valley.

Bridesmaids were Misses Marion Bain, Jo Ann Weber of Shallowater, Mary May of Brownfield, and Mrs. Ellen Weese Melton of Olton. They wore dresses of pink, yellow, Nile green, and aqua identical with Miss Saage's.

Ina Ruth Benton, flower girl, wore a white gown identical to that of the bride.

Charles Arnold of Fort Worth served as best man, and groomsmen were Fred Potthast, L. W. Smith, Milton Jochetz, Charles Kennedy of Kermit, and Douglas McCoy of Lubbock.

A reception at the home of the bride's parents followed the ceremony. The bride's table was centered with the three tiered wedding cake and decorated with bouquets of pink gladioli and fern and with hurricane candelabra.

For a wedding trip to California the bride wore a white charmeen gaberdine suit with black and

Mrs. Allen Ferrell, organist, played the wedding marches and accompanied Mrs. Lillian Butler, who sang "I Love Thee," "The Wedding Prayer," and "The Lord's Prayer."

The couple stood before an altar setting of cathedral tapers and palmosa fern flanked with baskets of gladioli and stephanotis. The tapers were lighted by Jeanette Burrell, Viola Mae Walton, Douglas Neugebauer, brother of the bride, and Jerry Rowden, nephew of the groom.

Given in marriage by her father, the bride wore an original colonial gown of white organza and French imported lace fashioned with a fitted bodice, drop shoulders, and a full tiered hoop skirt extending in a graceful train. The fingertip veil of imported bridal illusion fell in circular tiers from a colonial halo bonnet of lace and shirred illusion adorned with crystallized orange blossoms. The dress was designed by the bride and made by her mother.

## WSCS HOLDS Regular Meeting

Monday, July 28, at 4 p. m. the four circles of WSCS of the Methodist Church met in the home of Mrs. Wm. Sewell with Mrs. Allen Ferrell and Mrs. C. R. Westerman assisting as co-hostesses.

During the business meeting, Mrs. Oree Glasscock was appointed representative of the entire society to take care of the hospital funds designated to help to maintain in times of need a hospital room for indigent people.

The general theme of the program which was under the direction of Mrs. J. H. Brewer was "Summertime Recreation for Our Children." Maybelle Pember, a representative from the M.Y.F., gave a report on the encampment at Ceta Glen. Josephine Shepard, Gwendolyn Douglas, and Maybelle, accompanied by Mrs. Allen Ferrell, sang. Mrs. V. G. Browning discussed the summertime recreation for children of Slaton. The meeting was adjourned with a prayer by Mrs. Brewer.

Following the business meeting and program was a social hour, during which refreshments were served to fifteen members and one guest, Mrs. F. L. Swaggerty.

## Weiner Roast Held For Fiest Family

Visiting friends and relatives of Slaton this week are Mr. and Mrs. Alvin Fiest of Houston. Monday they were entertained at MacKenzie Park with a wiener roast. Those present were Mr. and Mrs. W. L. Meuer, Mr. and Mrs. Paul Meuer and family, Mr. and Mrs. Andrew Hlavaty, Mr. and Mrs. Nestor Kitten and family, Mr. and Mrs. C. V. Kitten and family, Mr. and Mrs. Clem Kitten, Mr. and Mrs. J. J. Kitten and family, Mr. and Mrs. Edmond Kitten and family, and Mr. and Mrs. Bud Kitten and family.

Mrs. L. E. Stinchcomb of Clovis, N. M., is visiting in the home of Mr. and Mrs. T. J. Anderson.

Katherin Ann Sanders of Morton is visiting her grandparents Mr. and Mrs. Joe Teague this week.

## Nancy Teague Is Honored at Dinner

Mr. and Mrs. Norman Spars entertained with an informal dinner Sunday evening honoring Nancy Teague, who has just returned from Tulsa, Okla., where she attended the University studying voice.

Attending were Nancy Teague, Joyce Pember, Lena Schmidt, Dorothy Davis, Anna Phillips, John Schmidt, and Jack Thompson. After dinner, everyone went to the church of his choice.

## Duckett Family Holds Reunion

Mr. and Mrs. G. M. Duckett and family held a reunion at MacKenzie park recently. Attending were 59 members, counting the father and mother, five sons, five daughters, each of their families and other relatives.

One family came from Springlake, two from Tahoka, two from Waco, two from Ropesville, one from New Home, and one from Lubbock.

Mr. and Mrs. Duckett have ten living children and this is the first time in years that they have all been together.

## C. H. KITTEN IS HONORED

Clem H. Kitten was honored Sunday with a surprise birthday dinner given by his wife at their home. Mr. Kitten celebrated his birthday on the 7th month, 27th day of 1947 and was 57 years old. Guests were C. F. Kitten and family and Mr. and Mrs. Walter Stratton and son of Lubbock.

## GUESTS IN GAITHER HOME

Mrs. Radcliff and son of Marshalltown, Iowa, have been visiting her parents, Mr. and Mrs. Herbert Gaither, the past three weeks. Mr. Radcliff, who was here last week, and his family have returned to Iowa.

Also visiting the Gaithers were Mrs. Paul Fouts and children of Carlsbad, N. M., Mrs. M. B. Ladymon and daughter of Levelland and Miss Gerry Gaither and Mrs. Madison Weaver of Brownfield.

## Come Out and See Slaton's New Airport

NOTICE TO VETEARNs -- We are now able to give Flight training under the GI Bill of rights—

Airport Located 2 Miles North East of Slaton on Paved Canyon Road

There are 13 artificial breeding associations operating in Texas now. Seventy-two percent of the nation's 1947 corn acreage is seeded with hybrid corn.

**MARKET NEWS**

As of July 28

Cattle, sheep, and cotton netted sharp losses last week, and some southwest farm products found rather full demand, according to the Production and Marketing Administration, U. S. Department of Agriculture.

Large world requirements strengthened wheat last week, while cool weather unfavorable for corn tended to effect July estimates of increased production. Wheat netted a slight advance, and white corn gained a cent or two. Oats held firm, influenced by scarcity of good grain from the new crop. Offerings from the current harvest of barley and grain sorghums held prices relatively un-

**TECH ENROLLMENT 2285 FOR SECOND SUMMER TERM**

Enrollment for the second summer term at Texas Technological College totals 2285, with men students outnumbering women by more than three to one, the registrar's office has announced.

The enrollment figure is an increase from 2011 for the second summer term last year. Arts and Sciences division leads with 807 students, followed by Engineering with 715. Registration in other divisions include 374 in Business Administration, 266 in Agriculture and 123 in Home Economics. Men students number 1763, as compared with 522 women.

Good quality candled eggs held fairly firm last week, but lower grades and current receipts net dull demand, and some markets quoted lower prices. Fryers and broilers continue in good demand. Liberal supplies of hens moved slowly, and some went into storage. Prices dropped at Denver early and at Dallas later in the week.

After showing strength on some classes early last week, cattle eased later to close mostly steady to 50 cents or more lower on most classes. Common to medium steers and yearlings sold from \$14 to \$20 at Houston; while medium kinds brought \$18 to \$23 at Fort Worth, and medium to good light lots \$21 to \$25 at Wichita. San Antonio bought medium grass steers at \$19 to \$23, and Oklahoma City paid \$17 to \$23 for common to medium grades. Denver took common to medium steers at \$16 to 19.

Hogs soared general advances of 50 cents to \$2.00 per hundred pounds at most southwest markets. Good and choice medium weight butcher hogs reached \$26.25 at San Antonio; \$27 at Fort Worth; \$27.75 at Oklahoma City; \$27.50 at Wichita; and \$29.25 at Denver. Sows ranged from \$20 to \$23, and pigs from \$23 to \$27 or more.

**THE STATE OF TEXAS**

**TO: BILLY JACK ROBERTS**

Defendant, Greeting:

You are hereby commanded to appear before the Honorable 99th District Court of Lubbock County at the Court House thereof, in Lubbock, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 1st day of September A. D. 1947, then and there to answer Plaintiff's Petition filed in said Court, on the 9th day of July A. D. 1947, in this cause, numbered 14818 on the docket of said court and styled EUNICE ROBERTS Plaintiff, vs. BILLY JACK ROBERTS Defendant.

A brief statement of the nature of this suit is as follows, to wit: A suit for divorce and restoration of plaintiff's former name, as is more fully shown by Plaintiff's Petition on file in this suit. The officer executing this pro-

cess shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Lubbock, Texas, this the 19th day of July A. D. 1947.

Attest:  
ROYAL FURGESON Clerk,  
District Court, Lubbock County,  
Texas.  
By Billy T. Slater Deputy.

**Quiet, Please—Horses At Work!**

The shrill, piercing "all quiet" whistle, standard equipment on every movie set, was abandoned during the filming of several sequences in Twentieth Century-Fox's "The Homestretch" because of two temperamental actors who were making their motion picture debuts.

The actors, two thoroughbred race horses, had been patiently coached for days in advance of their introduction on the sound stage. Came their big moment in their first scene with the film's co-stars Cornel Wilde and Maureen O'Hara. Everything was set; Director Bruce Humberstone signaled to his assistant, Henry Weinberger, who lifted the "all quiet" whistle to his lips to signal to all concerned that the cameras were about to roll.

With the first sound of the whistle, pandemonium broke loose. The horses bolted from their set positions, knocked over light stands, almost trampled Miss O'Hara underfoot.

An hour later, after the horses had been calmed down and order regained, Weinberger's whistle was buried deep in his pocket. At Humberstone's signal, he summoned up his most dulcet tone, and in a voice so soothing it would have

**Re-decorating For Fall Club Meetings**

Have you considered how much significance a new piece of furniture may add to the looks of your home? Perhaps you are planning for a fall club meeting at your home and you just can't decide what you can put in that blank-looking corner. Even the wall facing the door could be brightened with a large mirror which would give you and your guests pleasing reflections of yourself and the surroundings.

The Groce Furniture Company of Lubbock has been selling nationally advertised furniture a number of years and are well qualified to offer advice and make suggestions for your own particular furniture needs.

More that likely one of their Lane Cedar Chests is just what you need to brighten that special bedroom and to hold those precious linens.

Remember their free parking space where your car is "ticket free" while you decide on the correct furniture for your home.

lulled a colic baby to sleep, crooned: "All quiet please." The horses went through the paces as smooth as syrup.

"The Homestretch," filmed in Technicolor, opens Sunday at the Palace Theatre.

**World's Largest Jersey Herd**

SANDIA, TEXAS—The world's largest Jersey herd, owned by the four Knolle Brothers here, and containing approximately 2,500 cattle, has recently been classified for type under the supervision of The American Jersey Cattle Club, Columbus, Ohio.

A total of 394 milking cows, and 13 herd bulls were individually inspected by J. W. Ridgway, Dairy Specialist and G. G. Gibson, Extension Dairyman. Three days were needed for this work of comparing each animal with the breed's score card allotting 100 points for a perfect animal. The 407 animals classified averaged 83.96%, well above the average of the breed.

During the past year nearly 15,000 registered Jerseys in the United States were inspected for type under this program.

**Human Barricade**

NEW YORK—(Soundphoto)—Three women strikers form a living barricade as they chain themselves with handcuffs across the entrance of the struck Brooklyn Trust company in Brooklyn. Patrons had to duck under the girls' arms to enter or leave the bank. After a half hour of this siege a bank guard appeared with a hacksaw to cut the girls loose.

**Hold Annual Picnic Bell County People**

The annual Bell County Panhandle and West Texas reunion will be held at MacKenzie State Park on Sunday August 10th. This day was agreed upon by the more than 200 present on last August.

All former Bell County people are cordially invited to attend and enjoy a day of relaxation and renewing of old friendships.

The Bell County group will have reservations on the east side of the Park, same as last year, where there will be shade, chairs and cold drinks.

Mr. C. M. Lee was called out of town to attend the funeral services Monday of his mother, Mrs. Mattie Lee, who died suddenly of a heart attack Saturday in Knox City. Because of illness Mrs. Lee was unable to go.

**G. I. Trucks Leave For Greece**

NEW YORK—(Soundphoto)—An impressive N. Y. waterfront as scores of Army freight jeeps and trucks and other "American Victory" trucks are at a time in the Greek government is reported.

"If it's built of wood we can build it"

From "DUST BOWL"

To "SUGAR BOWL"

Smart folks here have worked hard, used their heads and today there's a rich "sugar bowl" in the Panhandle-Plains-Pecos Valley area.

This crop... growing in the so-called "dust bowl" of a few years ago... means good money to a good many farmers in this area. Dependable low cost electric power increases sugar beet profits and helps turn the wheels of thriving sugar beet mills.

We have so much confidence in the sugar beet industry—and all other industries we serve, that we are investing 35 million dollars in a building program. This expansion program in our territory will bring more dependable electric service to industry and better living—electrically—to everyone.

SOUTHWESTERN

**PUBLIC SERVICE COMPANY**

22 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

Mr. and Mrs. W. T. Wilson and children and Floyd Kellum of Texon were visitors in the A. D. Adams home.

Mr. and Mrs. John C. Champion went to San Angelo for a visit with his parents, Mr. and Mrs. J. C. Champion. His father is in the hospital at present and is improving.

Mr. and Mrs. Odie Bartlett of Carlsbad, N. M., have been visiting friends and relatives here the past week.

Mr. and Mrs. H. M. Bruner of Lamesa visited the W. W. Fitzgeralds last week-end.

Mr. and Mrs. Lee Vardy spent the past week-end in Dallas.

Mrs. J. E. Eckert and son J. E. went with Dayton Eckert and family to Mexia to visit Mr. and Mrs. A. T. Lancaster. Dayton and family have now returned to Chicago.

Mr. and Mrs. Doyle McCarthy of Lubbock visited Mr. and Mrs. F. M. McAnear over the week-end.

Visiting in the home of Mrs. C. E. Williams last week were her sister, Mrs. Elmer Wilson and family of Quanah. Guests this week are Mr. and Mrs. C. F. Todd and family of Carlsbad, N. M.

Billy Layne and Joyce Sexton were delegates from M.Y.F. of the Methodist Church to a young peoples' camp at Buffalo Gap near Abilene. The camp will last from Monday through Friday.

Mr. and Mrs. L. W. Ledford visited her sister, Mrs. Joe Waiters in Littlefield.

Miss Dorothy Latimer of Paris, Texas, is visiting her sister, Mrs. E. H. Ward.

Mrs. T. C. McCall and daughter left Monday for a visit with her mother in Fredrick, Oklahoma.

**ANOTHER 'BREAK'**—Nadine Conner, a native Californian, got her first singing "break" by calling herself Olga Bagdonova and vocalizing in Russian. Now she is soprano soloist of the NBC "Kraft Music Hall" series.

Mr. and Mrs. E. L. Hutchinson of Abilene were week-end guests of W. H. Eanes and family.

Mrs. L. M. De Garmo and son, Jimmy Don, of Cleburne, are visiting her sister, Mrs. M. H. Lasater.

Advertisements

From where I sit ... by Joe Marsh

**"Not Responsible For Wife's Debts"**

A young man came rushing into the Clarion office the other day and wanted me to print an ad—"right quick"—saying he won't be responsible for his wife's debts from now on, as he's leaving her for good immediately.

I allowed as how the forms were all closed up, and it was too late to take his ad. He says: "All right, Monday then"—and we agreed on Monday.

Of course, the forms weren't closed. But I had kind of an inkling of what might happen. Then Sunday he phones me, and says, kind sheepishly: "You can forget the ad. Me and the missus have everything all patched up. And we're having a friendly glass of beer, right now."

From where I sit, if you give folks time enough to think things over, those hasty quarrels that come so often from misunderstanding will give way to tolerance and common sense.

Joe Marsh

**A Statement To Our Customers About Resale**

**PRICES of PRODUCTS**

Built by International Harvester Company

Here at Harvester we are concerned over the fact that a growing number of our products are appearing on the resale market at greatly inflated prices.

As manufacturers, we try to produce at the lowest possible cost. We cannot set the prices at which our products—tractors, motor trucks, farm implements, refrigeration, and industrial power equipment—are sold. We can and do suggest list prices which the great majority of our dealers adopt as their retail prices.

**\$20,000,000 Price Reduction**  
Our basic price policy was publicly stated in March, 1947, when we announced price reductions at the rate of approximately \$20,000,000 per year on our products. At that time, Fowler McCormick, Chairman of the Board, said: "ANY PRICE IS TOO HIGH IF IT CAN BE REDUCED."

Practically all of our dealers cooperated with this policy and passed on the savings to their customers.

The objective of the price reductions was to make it possible for customers to buy our products, which they need so badly, at lower prices. Naturally, this purpose is defeated when our products are sold by anybody at inflated prices.

IH Production at All-Time Peak

Inflated prices are caused by

the difference between supply and demand. To increase supply, we now have the greatest number of employees in history on our payrolls—almost 90,000 in the United States, as against about 60,000 prewar. Large new plants are getting into production in Louisville, Evansville, and Melrose Park. A fourth will soon be in operation in Memphis. The men and women now employed are turning out the greatest quantities of IH products of all kinds that we have ever made. These are also the finest products we have ever made, and recognition of that fact is an important contributing factor to the demand for them.

**Distribution to Dealers**

But even record-breaking production is not sufficient to give your dealer—and other IH dealers—enough products to meet today's demand. We have tried to make the fairest possible geographical allocation of our products so that every dealer would get a fair share, and we know that dealers, in most cases, have tried earnestly to make the fairest possible distribution to their customers.

But we also know that many of our products—far too many—are being resold at inflated prices. The public criticism and resentment of these resales are of real concern to us, as we know they must be to our dealers, because such reactions en-

danger the good will of both the dealer and the Company in any community.

**Distribution to Customers**

Experience shows that many IH new products are being resold by users who decide they can continue to make out with their old equipment after they have had an inflated offer for their new equipment. To eliminate this, many dealers are taking measures to be sure that equipment purchased is for their customers' own use and is not to be resold.

Nearly all IH dealers, we believe, are now using the basis of PRESENT NEED as their primary guide for the sale of scarce products. The customer whose need is real and urgent is not likely to resell.

**What Price Should You Pay?**

While it may take a little more time to get delivery, we urge our customers to consider all of the factors mentioned here, before paying more than the list price for any IH product. Any IH dealer or branch can furnish the suggested list price for any IH product.

We know that the overwhelming majority of IH dealers are as much opposed to inflated prices as we are. In the public interest, we have already asked their cooperation—and are now asking the cooperation of customers—in correcting this situation.

**THE AMIR VISITS THE ADMIRAL**

Admiral Richard L. Conolly, USN, Commander of Naval Forces, Eastern Atlantic and Mediterranean, receives His Highness, Amir Saud bin Abdullah bin Jelewi, Amir of Hasa Province, Saudi Arabia, and members of his Royal Family on board the cruiser USS Toledo on the occasion of the Amir's return call on the Admiral. The Toledo, Admiral Conolly's flagship during his visit to the Persian Gulf, departed later for Japan to relieve the USS Fall River as flagship of Rear Admiral A. M. Bledsoe, USN, Commander of Cruiser Division One. (Official U. S. Navy Photograph)

**Do you hope he gets away with it?**

Suppose it were an automobile he was taking; would you still want him to get away with it? What the boy is doing is very human, isn't it? But is it right or wrong?

All through our lives we have to think whether it is right or wrong to undersell a competitor, to use power politics, to hold back some of the truth, to . . . well, to do a thousand different things. Those who want to build a better world are constantly concerned with the problem of right and wrong.

The Church, too, is vitally concerned with that problem. Its leaders and its followers have spent long hours studying, praying, living, to find the best and truest answers. The Church has good, realistic answers to the questions of right and wrong, answers all men need, answers that, if followed, will build a better world.

**THE CHURCH FOR ALL . . . ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend and support the church of his choice. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church on Sunday and read your Bible daily.

**R. L. BOYD**

Rev. Ray Cox held the regular fourth Sunday services. Rev. Hartley of Wilson will hold the revival which starts August 3rd.

At the church social held Saturday night the pastor and his wife were given a shower. About 35 were present and played games of 42. Punch and cookies were served.

A. L. Havis is building an additional room to his house.

Mr. and Mrs. Wallace M. Cox had as Sunday dinner guests Miss K. Boyd and R. L. Boyd. Other visitors were Mr. P. D. Reed, formerly of San Diego, Calif., but now of Slaton, and the Misses Shirley Ann, Geraldine, and Jeanine Reed.

Joe Grabber entered a Slaton hospital Tuesday for an operation for an old ailment.

O. E. Patterson has recently purchased a new Chevrolet automobile.

The pastor of the East Side Baptist Church of Lubbock may hold a revival here some time in August.

The mother of F. H. and R. Stolle, who has recently been ill, is now at Vernon with some of her children.

The Posey Methodist Church is one of the churches of the Lubbock circuit which is helping to buy new furnishings for the parsonage.

Mrs. O. R. Patterson has been appointed as assistant-superintendent of the Women's Department of the Lubbock fair.

Cotton is fruiting well and everyone is hopeful that the rains will come in time to make a bumper crop.

Joe and Andrus Loke, J. H. Stone and J. Varnoy are members of the final teams which are playing this week in the League at Slaton.

Mrs. Roland Scheutte has re-

turned from a Lubbock hospital. Miss K. Boyd has been spending the week in Slaton in the home of Mr. and Mrs. C. Smith.

A hard shower fell last Thursday which seemed to be centered mostly on the Jim Sain and L. K. Hart farms.

Mrs. R. F. Teague, who has been ill and reports she is considerably better, had as guests last week Mrs. J. D. Graham of Winfield and Mrs. J. H. Hamilton and daughter, Frances, of San Angelo. Her granddaughter, Peggy Jean Carpenter of Lubbock, is visiting her this week.

Mr. and Mrs. Carl Hyatt and children, Jimmy and Harriet, and Mrs. W. R. Wilson and her sister, Mrs. Rose Reynolds of Terrell, left Thursday for Portland, Oregon, to visit Mrs. Wilson's son, J. W. Hyatt, and family. They will be gone about two weeks.

Wilma Faulkner is visiting in Amarillo, Gordon City, Kansas, and Dallas.

**De Molay Chapter Initiates Two Boys**

The Slaton Chapter Order of De Molay held a stated meeting on Wednesday, July 23, at the Masonic Hall.

During the business meeting a letter of regret was read from the El Paso De Molay Chapter informing the Slaton Chapter that the tri-state conclave had been called off due to circumstances beyond their control.

An invitation was read inviting all De Molays to a garden party party to be held at the home of Bruce Pember on July 25, given by Slaton Assembly of Rainbow.

After all business had been taken care of, two boys, Glyndon Dawson and Weldon Spears, were initiated into De Molay. The chapter was then adjourned.

Mr. and Mrs. W. Paul Vinson, winners of Ropesville, were in Slaton this week visiting friends.

Mr. and Mrs. W. H. Jones have as their guests their daughter, Mrs. Glen Ossian and her two small daughters of Knute, Kansas.
