## Approximately Forty To Graduate From Slaton Schools On May 27th

The annual climax of a year's school work is fast approaching, said Superintendent of the Slaton Public Schools Lee Vardy, this week. The students are eager for the vacation time and those who will graduate are tense with excitement. The spirit of the time has excited the teachers as well as the students and all are making plans for the summer.

There will be approximately forty Senior High School graduates who will get diplomas and approximately sixty-four Junior High graduates. The Senior Baccalaureate sermon will be delivered at the High School Auditorium starting at 8:15 on May 22nd, by Rev. O. B. Herring, pastor of the First Methodist Church and the Junior High Baccalaureate, by Dr. D. D. Jackson of Texas Technological College, at 8:15 on May 26th. Graduating exercises will be on May 27 at the Slaton High School Auditorium.

Miss Sue Williams had the highest grades during her high school years and will be the valedictorian and Miss Ann Singleton was second in scholastic standing and will deliver the salutatorian's address.

Some of the details of the graduation activities have not been worked out. They will be given next week with the names of the graduates.

## Revival To Close Sunday Night

The Revival meeting which began at the First Christian Church on Wednesday night of last week will close with the evening service Sunday. Although the crowds have been small, much spiritual enrichment has been gained by those attending. Rev. A. G. Abbott of Ft. Worth, State Evangelist, is bringing forceful gospel messages each evening, with services beginning at 8 o'clock. Prayer meetings are being held at 7:30.

On Sunday evening at six o'clock the young people of the church and their friends will meet for their regular Sunday evening snack. This Sunday, Miss Iris Ferren, Educational Director of the First Christian Church of Lubbock, assisted by six young people from the Lubbock Church, will present a program designed to promote the annual Youth Conference to be held at Ceta Glen.

Sunday night services will begin at 8 o'clock. The public is urged to attend these meetings.

## Youth Center Money Drive To Continue

Any local citizens who have been wanting a youth center for Slaton can stop wanting now—and if they haven't been keeping up to date on what's going on, then they can start digging into that pocketbook. Slaton now has that Youth Center—consisting of three assembly halls and one auditorium, almost.

At least the buildings—surplus Army barracks—are now situated on the lot just west of the Legion hall. They will become finished products within the next thirty days, according to the Slaton Youth Council.

A lot of local persons have kicked in with their generous donations and the cost of the buildings has been met. But improvements are needed, and must be completed, before the Center is ready for use.

In case the mailman missed some persons with the Slatonite last week, here is what the Youth Center is—or will be. It will be a home for all youth organizations in the city, at their disposal at any time they may need a meeting place for work and recreation—including such outstanding groups as the Girl and Boy Scouts, the Rainbow Girls, and for boys, the Boys' Club. Many other groups that meet there.

This summer it will be open each morning from 8:00 until 11:30 for use by young people, and will be supervised at all times.

All finances are being raised through this two-weeks-old drive, under sponsorship of the Slaton Youth Council. This latter organization is made up of representatives, two of them, from every club in town, including church, civic and otherwise.

It is headed by Dr. R. W. Ragsdale, Jr., president, and a board of five directors. Some of them will be around to see each local resident, and they hope to put the drive over the top within the next week.

## Over the Wire

Some of the farmers report that they will have to do some replanting on account of the recent rains. Since the first of the month over four inches of rain has fallen in this area and in some places even more has been reported.

Building material dealers report business picking up on items that are used in repairing and redecorating. New home building has slowed down some, but there are a number of people making inquiries on materials for new homes.

Mrs. T. E. McClanahan reports that her roses have borne more prolifically this season than they ever have and she has had them for a long time. She reports that she is not in the contest with P. G. Meading, Judge Smith and others as to size and variety, but that she expects to get the blue ribbon for quantity. Mrs. McClanahan has some of the prettiest roses in Slaton and her home is most attractive.

Texas Avenue is taking on a new look and unless the other parts of town get busy, the business section may get away from the square and again be progressing toward the Santa Fe Station.

Many Slaton folks had Buffalo Lakes fish over the week end after the dam broke and let out a great many impounded fish. The fishermen picked them up with their hands. It was reported that a great many big bass were washed into the shallow water and out onto the banks and died.

There are several streets in the west part of town that will likely be paved at an early date if present plans are completed and after the streets in East Slaton have been taken care of.

Several farmers are again going into truck raising in this area again this year, as most all of those who tried it last year made better than they would have on cotton or grain. However, the development of irrigation is not as fast this year as some thought it would be.

## New Scout Master For Local Troop 29

Bob Burnett, local watch repair man, was chosen this week to be Scoutmaster for Slaton Boy Scout Troop No. 29. He will take the place of Bruce Pember who has been working with the local organization for a number of years.

Mr. Burnett says that he plans to give the boys every kind of healthful entertainment that he can get and all of the cooperation and interest that can be given by the parents of the Boy Scout members will be appreciated.

The first meeting under the new Scoutmaster's instructions will be held Monday night, May 16, at the Boy Scout hall at the Slaton Club House and Mr. Burnett would like for as many Scouts and their parents as possible to be there.

He particularly emphasized the fact that the boys who have not been active in the work recently will be most welcome to come back into the organization.

## H. S. Choral Club To Present Their Spring Recital

The High School Choral Club, under the direction of Mrs. Jones Masterson will present their Spring Recital at 8 o'clock Thursday night, May 19, in the high school auditorium. The program will consist of popular, semi-classical and religious numbers.

During intermissions the Speech Class, under direction of Mrs. J. B. Caldwell, will present readings, and the Eighth Grade boys' quartet will give selections.

This program is open to the public and everyone is urged to attend.

## Local Paper Given Award At S. P. Press Ass'n-Meet

There is an age old maxim that says, "He who tooteth not his own horn, the same shall not be tooted," and in keeping with this supposed to be sound advice, the editor of the Slatonite is hereby publishing the above illustration of himself along with three other publishers who won first awards at the South Plains Press Association when it met in Lubbock on May 6th and 7th.

They are as shown, Lomer Nelson, left, editor of the County Wide News, Littlefield, editorials and feature stories; A. M. JACKSON, SLATON SLATONITE, best columnist; Allen Hodges, County Wide News, Littlefield, and Forrest Weinhold, Hockley County News, the joint award for publishers of the best all around weekly newspaper on the South Plains.

The only thing that is disappointing about the whole thing is that the editor of the Slatonite considers himself better looking than the photo shows and he hopes that if he ever wins another blue ribbon or comes out first again in anything that he can be shown as he really is, debonair, affable, energetic, aggressive and worn to a frazzle.

## Post Boosters To Visit Here Today

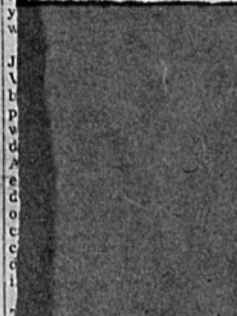

Approximately 75 Post business men and Post Stampeders and Rodeo boosters, in two chartered buses, will arrive in Slaton at about 4:00 p. m., Friday, May 13, to present a brief program of musical entertainment and invite the residents of the community to the Post Stampeders and Rodeo, the nights of May 18, 19, 20 and 21. They will be here about twenty minutes.

With Joe Moss, Post attorney who can say the most in the shortest time, acting as master of ceremonies, the Melody Maids—the same cute little sextette which entertained on last year's Post Stampeders Booster Trip—and a string band, they will present a fast moving western program. The same string band will play for the five big rodeo dances, beginning Tuesday night, May 17, on the Post Stampeders pavilion.

## Nature Provides Visual Education For E. Ward Pupils

The children at East Ward School are enjoying an interesting and fascinating event this week. Nature with the assistance of

George Green, reported this week that a good part of the road below Buffalo Lakes in the canyon has been washed away and that repair crews are now at work on the road and hope to have it in good shape soon.

The work of repairing the road had just been completed before the washout came. It is reported that hundreds of people caught fish in the stream that spilled out of Buffalo Lakes and that one man took over 300 pounds of fish. However, this has not been confirmed.

Mayor Rogers of Lubbock, who is also manager of Buffalo Lakes, reported that he expects to rebuild the dam at the lakes as soon as possible.

The draining of the lake because of the flood will likely make fishing better in the future, say naturalists who report that all lakes should be drained every three to four years for good fishing.

## Canyon Road Is Being Repaired

Commissioner of Precinct 2, George Green, reported this week that a good part of the road below Buffalo Lakes in the canyon has been washed away and that repair crews are now at work on the road and hope to have it in good shape soon.

## TRI-COUNTY SOFT BALL LEAGUE STARTS PLAY MONDAY NIGHT

### Slaton Lions Win In First Game In The Home Park

A fair crowd greeted the Slaton Lions in their opening home game last Tuesday afternoon when the Lions met the nationally known House of David baseball team at the new Lions Club Recreation Park. Not only was it the first game of the season for the Lions, but the first game for the Oil Belt League in the new park.

The game was first advertised for last Tuesday night, but could not be played at night because the Southwestern Public Service Company workmen were unable to get the floodlights installed in time for the game and the time was changed to the afternoon instead of at night, which caused considerable confusion. Manager of the Public Service Company, Lewis Hollingsworth, said that he regretted very much that the floodlights could not be installed as planned, but that all the available workmen had been rushed to Sundown because of the tornado that struck that town. The lights will be put in place as soon as possible, said Mr. Hollingsworth.

In the game between the Slaton Lions and the House of David, the Lions won by a score of 8 to 4. J. E. McCoy, brother of the manager of the Slaton team, C. E. McCoy, was the pitcher for the Lions and N. Weaver was the catcher. McCoy allowed the opponents only five hits and put the game on ice with a home run. Those who witnessed the game reported that the Lions have a good team and should improve as they get seasoned.

The next game for the Lions will be next Sunday with Tahoka at Tahoka and the next home game for the Lions will be with the Seagraves organization, to be played on the home diamond Thursday night, May 19.

## New Rent Control Regulations Told

Housing Expediter Tighe E. Woods announced last week the basis on which landlords will be granted rent adjustments under the fair net operating income provision of the Housing and Rent Act of 1949.

For the purpose of this new adjustment provision, controlled rental properties are divided into two groups—small structures and large structures. A small structure is defined as one containing from one to four dwelling units. A large structure is one with more than four units.

Any landlord operating a small structure can qualify for a rent increase under the new fair net operating income provision if his net operating income is less than 25 percent of his gross income. He will be granted an increase to bring his net operating income up to 30 percent.

Any landlord operating a large structure can qualify for an increase under the new provision if his net operating income is less than 20 percent of his gross income. He will be granted an increase to bring his net operating income up to 25 percent.

Net operating income from a property is defined in the OHE regulation as the amount of income remaining after the payment of all operating expenses and an allowance for depreciation. Payments for interest or amortization of mortgage indebtedness are not included in operating expenses, since they represent charges incident to acquisition of the property rather than to the operation of the property.

Depreciation is entered as an expense in the amount the landlord reported on his latest required Federal income tax return with a limitation that the amount shall not exceed 21 per cent of the gross income in the case of small structures and 16 per cent in the case of large structures. The reason for these percentage limits is that in the income and expense data analyzed to arrive at the figures for a fair net operating income, depreciation averaged 16 per cent for

Barring unforeseen difficulties, the Chamber of Commerce sponsored Tri-County Soft Ball League will start play Monday night, May 16, at eight o'clock at the Slaton Lions Club Athletic Park.

There are fifteen teams in the League and the schedules are as follows:

The first game is to start at 8:00 p. m., the second at 9:30 p. m.  
Monday, May 16: Hoyt Furniture vs Posey; Ayers vs Midway.  
Tuesday, May 17: V.F.W. vs Southland; Posey vs Ayers.  
Friday, May 20: Midway vs V.F.W.; Southland vs Hoyt.  
Monday, May 23: Ayers vs Southland; Midway vs Posey.  
Tuesday, May 24: V.F.W. vs Hoyt; Southland vs Posey.  
Friday, May 27: V.F.W. vs Ayers; Midway vs Hoyt.  
Monday, May 30: V.F.W. vs Posey; Ayers vs Hoyt.  
Tuesday, May 31: Midway vs Southland; Hoyt vs Posey.  
Friday, June 3: Ayers vs Midway; V.F.W. vs Southland.  
Monday, June 6: Posey vs Ayers; Midway vs V.F.W.  
Tuesday, June 7: Southland vs Hoyt; Ayers vs Southland.  
Friday, June 10: Midway vs Posey; V.F.W. vs Hoyt.  
Monday, June 13: Southland vs Posey; V.F.W. vs Ayers.  
Tuesday, June 14: Midway vs Hoyt; V.F.W. vs Posey.  
Friday, June 17: Ayers vs Hoyt; Midway vs Southland.

While the Slaton Chamber of Commerce is sponsoring the League, the rules and regulations and other problems that will face the League will be governed by the managers of the teams, who will meet regularly to iron out problems.

The board consists of the following managers of the teams: B. D. Ellis, Southland; Joe Wicker, V. F. W.; J. J. Maxey, Ayers; Bert Sloan, Posey; Riggs Belaker, Hoyt; L. J. Thomas, Midway.

A very small charge will be made to see the games, about the amount that visitors paid last year as donations at the games.

## Many Apply For Drivers' Licenses

Holloway Shelton, the representative of the State Department of Public Safety, who comes to Slaton every second and fourth Tuesday of each month to give driving tests to those who wish to take them, reports that he is usually kept busy most of the time he is here.

There are no charges for the examinations and those who wish to apply for future driving tests may secure booklets of instructions from the Chamber of Commerce office in the City Hall. There are renewal blanks for those who wish to have licenses renewed at the City Hall also.

large structures and 21 per cent for small structures.

A tenant must be notified of a proposed rent increase before an increase can be granted by an area rent office. He has the right to appeal an area rent office decision to the regional and the national office. This is provided for in new procedural regulations issued in compliance with the new Act, which gives tenants and landlords equal notification and appeal rights in all adjustment and eviction cases.

The same standard used for obtaining individual fair net operating adjustments will also be used henceforth by local rent advisory boards in recommending general rent increases.

## THIS WEEK'S SMILES

Junior, aged three, was helping his mother weed the garden.

When tugging and pulling at a large weed with all of his strength, it came out suddenly and he fell back on his wee bottom kerplunk. Looking at the weed quizzically, he said nothing, but took hold of another. After pulling and tugging, the same thing happened; this was too much for him and he cried out angrily, "Mummy! Mummy! It knocked me down again!"  
—George A. Potchary.

## SLATON STUDENT RECOGNITION

The young women pictured in the top picture are members of the Speech Class in Slaton High School. Reading from left to right they are Vahnemia Belcher, Mary Ann Rudd, Bobbie Ann Dement and Lena Schmidt. Under the direction of Mrs. J. B. Caldwell, these students won first place in the District Play Contest at Littlefield April 7 and rated third in the Regional Interscholastic Contest held in Lubbock April 23. Their play was, "Joint Owners In Spain."

In the lower group are three future secretaries who are receiving instruction in typing and shorthand in the classes of Mrs. Pauline Walker and Mrs. Lee Vardy in Slaton High School. Reading from left to right they are Barbara Sue Stephens, Dorothy Buxkemper and Barbara Joehetz. Barbara Joehetz won the blue ribbon for first place and Barbara Stephens won second place in typing in the District Interscholastic meet at Littlefield April 4, while Dorothy Buxkemper won fourth in shorthand. Barbara Stephens won second in the Regional meet at Lubbock and went to Austin to enter the State contest, where she was defeated.

This program is open to the public and everyone is urged to attend.

## West Texas Roundup

A bill has been passed by the legislature which changes the name of West Texas State. The college was created in 1909 as the West Texas State Normal College. Several years ago the name "Normal" was changed to "Teachers" College. There has been decided opinion throughout the past years to officially change the name to West Texas State College, dropping the word "Teachers" from the title. The shorter title has been unofficially adopted, but the official name has always remained "West Texas State College." — Canyon News.

Plans are rapidly developing for the official opening of the Palo Duro State Park on May 28. John McCarty, in charge of the publicity for the park, was here Tuesday checking up on plans. "After a careful check of the Park, I find conditions much more favorable than I had anticipated," stated McCarty.

Officials of the State Parks Board will be here in a few days to check on the Park and to give all of the aid possible to put over the big opening event. — Canyon News.

Two plays will be presented in the First Baptist Church, Colorado City, Map 8 by the Hardin-Simmons University Religious Drama group. It will be a part of a tour that will include five cities.

The two plays are "Mud Walls" by Hugh Maran, and "He Came Seeing" by Mary Hamlin.

"Mud Walls" is the story of Christian mission work in a Lepersorium in India and "He Came Seeing" concerns the story of a young man whose sight was restored by Christ. — Colorado Record

Post High School students, the Seniors in particular, are experiencing one of the most enjoyable weeks of the year. The Caprock school annual, was distributed, the Senior graduation invitations arrived, and the Seniors left this morning on a weekend trip to Colorado Springs, Colo.

No official Clean-Up Week has been designated by city officials or welfare authorities this spring, but they are asking the individual co-operation of every homeowner or renter to take the responsibility for cleaning up his own premises during this preparation season.

Spring is the time when flies, mosquitoes and other insects begin to breed, and every fly killed in May, say the statisticians, eliminates almost a thousand flies in September. —Herford Brand.

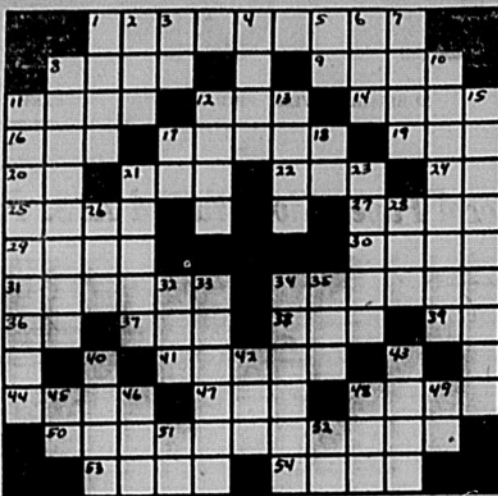

The Commodity Credit Corporation releases of grain sorghums under the government loan accounted for the 263 cars of milo shipped from Hereford this month, largest single commodity on the Santa Fe records for April.

A total of 366 cars were forwarded, and 137 received. Building materials are still the number one item shipped into Hereford. —Hereford Brand

A compilation of the Lynn county scholastics as reported by the census trustees of the respective districts has been made by County Superintendent Lenore M. Tunnell, and the preliminary report shows little change in the number from last year's figures. Not quite as many white children were found in the Tahoka Consolidated Independent district as last year but a few more colored pupils were reported. The number of colored pupils now shows considerably more than 100. —Lynn County News.

**JUST TALK**

by  
**A.M.J.**

A couple of weeks ago I referred to Mr. Hill, manager of the Slaton and the Palace Theatres as George Hill, and now I am in the soup. It seems that his name is not George, but Granville Hill. He is being called among his business associates as George and he is forgetting to answer to his wife by his proper name.  
My wife insists on calling me by my first name which I have tried to keep a secret for many years and there are folks right here in Slaton who break into loud guffaws when my wife gives me her first name. Naturally I am not going to let it be known any more than is absolutely necessary but I believe if I were Granville I would let the George stand and keep quiet about Granville.

There is one style in women's clothes that went out about three years ago that was quite a relief to me and that was the real tight slacks. Most of them appeared so tight that I expected them to rip open most any minute. In fact I followed one woman three blocks feeling that her pair were going to give way any minute.

And while I am on the subject of styles I understand that a woman's hat is not a hat unless it has spring flowers on it these days. I saw one little nest about the size of a two dollar funeral spray and my wife told me the woman had paid \$37.50 for it. It broke my heart.

Mrs. Carl Lewis was going through our file of illustrations and she found a number of them that had been with us quite a while. It seems that quite a few are showing the effects of time. Several of them she said had improved while others have slipped considerably. She uncovered one of me and one of my wife that we had made when we first moved to Slaton. She did not say whether she believed we have improved in appearance or not but I have not been worrying much about myself as I had but one direction to go and that was for the better.

What has happened to the watermelon crops in this part of the country. When we came here in 1940 along in September the farmers were gathering some of the best watermelons I have ever eaten. For several years after that they brought in late melons that were as sweet and tender as a pre-war T-bone steak, but I have not

fire married life.  
Some folks don't like dogs but I get a lot of company out of a fairly smart pooch, and I feel lonesome when we do not have one around the place.

Perhaps the war is over and some prices showing a faint inclination to stay put or drop down a hair, but the artisans still have a field day, the plumber, the electrician, the metal workers, the painters and the carpenters seem unwilling to accept anything but the jobs that suit their fancy. With so much work available these men cannot be blamed greatly for getting the most they can for this is only a human trait but it might be a good idea for them to stop and consider that perhaps things are going to change before long.

The rent administrator for this area was a caller at the Slatonite office not long ago and he said that rent property in Lubbock is in a deplorable stage due to the fact that repairs are so difficult to get done. The same condition is true in most every town in the country. It seems to me that there are many opportunities open for young men who want to go into business for themselves and that if the development of modern tools and the use of them were not kept from general use because of prejudices and selfish interests that the entire nation would be benefited.

What did I tell you? This is going to be a sloppy year and I am disappointed that the farmers have not started to scream about the wet weather, but just wait until the next wet spell which is going to follow this one real soon. The boll worms and things are likely to be bad and the grasshoppers will be coming in swarms, the summer will be cool and men's straw hats will soon look soggy and the sale of overshoes will pick up, you may even see an umbrella here and there, which is something very unusual in West Texas. It looks like happy days are on their way.

To date I have heard nothing of anyone who is doing any recalling of neglected plots of ground around Slaton or who has planted flowers where some ugly spot has marred the appearance of the town, no one unless it be me and I do not deserve much credit for all I have done is to plant some flowers on the North side of the Slatonite where some mighty fine weeds and grass used to grow. Not only have I planted some flowers but

I have thought of the future and planted a few beans that won't help the looks of things much, but in case they produce I might have some better meals than I have been having.

It is not too late to plant some stuff yet and if the folks over town will plant a few seeds we could have the most colorful town in West Texas. This I know for we planted a small flowering peach tree about three years ago and every spring it has bloomed and more people have commented on that tree than on anything we have ever had at our house. The blooms are all gone now, but the pleasure is has given us has been well worth the few cents we paid for the tree.

We have three climbing rose bushes on our place and they are beginning to bloom and if they do as well as they did last year I do not believe anything could be as colorful or inspiring. There are many other pretty roses in town, both climbers and bush roses and I would like to call particular attention to the one growing on A. R. Meador's arbor on Texas Ave. The salmon pink one is a Talisman and the red one is a Paul Scarlet. If more people would take as much pride in their property as Mr. Meador does, Slaton would be an outstanding town in one respect at least.

On Tuesday morning, May 10, at ten o'clock, Miss Doris Robinson of Athens became the bride of Mr. E. R. Legg of Slaton in a ceremony performed in the sanctuary of the First Methodist Church in Lubbock, with Dr. H. I. Robinson, cousin of the bride officiating. Only mem-bers of the immediate family were present.

The bride wore a navy faille suit, with a navy hat trimmed with shoulder length veil. Her other accessories were navy and white, and she had a corsage of white gardenias.

Mrs. Legg is the daughter of Mrs. E. N. Robinson of Athens and the late E. N. Robinson. She is a member of a pioneer Henderson County family. She received her education in Athens and holds the Bachelor of Arts Degree from Tex-as University and a Master's Degree from Southern Methodist Uni-versity, Dallas. Until recently she was an employee of the State Depart-ment of Public Welfare in the Athens office. She holds member-ship in the following clubs in Ath-ens: Order of the Eastern Star, Daughters of American Revolution, Business and Professional Women's Club, Art Club Department of the Henderson County Woman's Club, and is an active member of the Methodist church. She is no stranger in Slaton, having visited frequently in the home of her sis-ter, Mrs. S. S. Forrest.

After a wedding trip to San An-tonio, and other South Texas points, Mr. and Mrs. Legg will be at home at 220 West Scurry St., Slaton.

**BAPTIST CHURCH WORKERS HAVE BUSINESS MEETING**

**Formal Tea Given To Reveal June 5 Wedding Date**

On Friday evening, April 29, at the Slaton Club House, Mrs. H. Perkins entertained with a tea, an-nouncing the engagement and ap-proaching marriage of her daugh-ter, Tiney, to Joe Fondy, son of Mr. and Mrs. J. M. Fondy.

Guests were greeted the first hour by Mrs. Zane Brewer and the second hour by Mrs. Gordon Bur-rell and presented to the receiving line composed of Mrs. Perkins, the honoree, Mrs. Fondy, Mrs. Wm. M. Rust, aunt of the prospective bride-groom, Mrs. L. W. Perkins, and Mrs. Carter Caldwell, aunt of the bride.

Mrs. Sam Phillips, jr., and Miss Louise Davidson registered guests in the bride's book.

The bride's table was laid with a lace cloth over white with a center-piece of snowballs and green-ery, flanked on either side with white embossed bridal candles. Pre-siding at the tea service were Mrs. Lula Caldwell, Mrs. J. S. Covey of Wilson and Mrs. T. L. Weaver of near Post. Dainty cookies and minis were served, and printed on the napkins was, "Here Comes The Bride."

Misses Balfa Joy Rector and Patricia Smith handed out tiny pink net bags of rice with, "Tiney and Joe—June 5" printed in gold on the scrolls.

Decorations were of spring flow-ers and lace covered tables with lamps. Corsages for the receiving line were of carnations, while the house party wore Dutch irises.

Piano music and vocal selections were offered during the calling hours from 8:00 to 10:00 by Mes-dames Lowell Merrill, Raymond Davis, John Fondy, jr., and Misses Pansy Nell Sloan and Vesta Ward.

Bidding guests good-bye were Mrs. Edwin May, Mrs. Joe Baucum and Mrs. T. E. McClanahan invited guests to the wedding which will take place at the First Baptist Church in Slaton June 5 at 6 o'clock.

**Recital Is Given By Neutie Nan Watson**

Last Saturday afternoon at 3:30 Mrs. J. A. Wright presented Neutie Nan Watson in primary piano recital at the home of her mother, Mrs. Audean Watson, 610 S. 7th.

The program consisted of classi-cal, romantic and modern music. Linda Sue Smith and Neutie Nan also played two duets.

A color scheme of pink and blue was used. Refreshments were served to twenty-five guests, using tea napkins with the honoree's name printed on them.

Out of town guests were Mrs. J. D. Henderson and daughter and Mrs. Raymond Dunn and daughter, all of Lubbock. Linda Sue Smith and Dalene Meyers were ushers.

## West Texas Today

Rapid development of a new producing area from the Canyon reef of the Pennsylvanian in the Snyder region has been taking place over the past seven days.

Discovery of this new oil pool, Sunray Oil Corporation's No. 1 Brown, wildcat in North-Central Scurry County, has been completed for 1,098 barrels of oil daily. This potential was calculated from an eight-hour flow through a 32-64 inch choke, with gas-oil ratio of 115 to 1. —Scurry Co. Times.

Building permits in Snyder passed the half million mark during the month of April, it was revealed at the regular monthly meeting of the City Council Monday evening. Permits issued for last month amounted to \$160,600 for 47 jobs, reported Roy Patterson, city secretary. —Scurry Co. Times.

The Andrews Lions Club voted unanimously to sponsor a clean up campaign to start in Andrews within the near future. Business houses will be requested to close up for a half a day and help.

The Clean-up Campaign committee is composed of J. A. Ulmer, James Reed, Albert Sebeisma, and J. R. Bills. It planned to organize the entire city, block by block, into a working organization. —Andrews Co. News.

Street markers and house numerals for Seagraves were planned to be ordered this week, Harry J. Nunan, chamber of commerce manager, reported Wednesday.

Included in the order will be markers for 160 street intersections and 2,500 house numerals. The markers are an attractive metal design and will be mounted on angle iron at a height of approximately seven feet from the ground. —Gaines Co. News.

During the first few months of a baby's life, he needs more nightgowns than dresses and pretty clothes. Nightgowns should be easy to wash, quickly dried, easy to put on, comfortable and warm.

There were 4,523 cotton stripers operating in 81 West Texas counties last year. And commercial implement dealers sold 10 thousand rotary hoe attachments for the control of weeds and grass in cotton acreage.

During the official cherry blossom festival in Washington this spring, the famous Oriental cherry trees were sprayed with a hormone spray that caused the petals to "stick tight" on the trees. Blossoms usually stay on about five to seven days. The spray caused petals to stick on about twice as long as usual.

We have one walnut full size desk and upholstered swivel office chair to match at the Slatonite.

Hornflies and the Lon Star tick are showing up on cattle in a number of places in Texas. Such livestock pests as these can be controlled with a combination of DDT and BHC in 100 gallons of water. See your county agent for spraying instructions.

**Packers Are Told Of Child Labor Hazards**

DALLAS, May 6.—Minors under 18 years of age are banned by the child-labor regulations under the Fair Labor Standards Act (Federal wage and hour law) from operating power-driven woodworking machines, including lidding machines in fresh fruit and vegetable packing sheds.

This warning was sounded today for the benefit of members of the fresh fruit and vegetable packing industry in Texas by William J. Rogers, Regional Director of the Wage and Hour and Public Contracts Divisions, U. S. Department of Labor, in the Southwest. Operation of all power-driven woodworking machinery, whenever used, is classed as a hazardous occupation under the Act and the minimum age for work in such an occupation is 18 years, he explained.

"Minors 16 and 17 years of age may work in the room where power-driven lidding machines are operated, but minors under 16 cannot," Mr. Rogers said.

"Children 14 and 15 years of age may be employed in the packing industry at non-manufacturing and non-processing occupations in work rooms where no manufacturing or processing is carried on, provided certain conditions are met. These conditions are:

"All work must be performed outside of school hours.  
"Children 14 and 15 years of age may work a maximum of three hours a day and 18 hours a week

when school is in session, provided the work is done outside of school hours.

"They may work a maximum of eight hours a day and 40 hours a week during the school vacation period.

"Work performed by minors 14 and 15 years of age must be performed between the hours of 7 a. m. and 7 p. m."

From where I sit... by Joe Marsh

**How Would You Say It?**

Curley Lawson's cousin from back East and a few of us got talking when he was here visiting, and I couldn't help noticing how different he said things.

For instance, he said, "Lifting that 200-pound bag of cement almost killed me." "You mean sack of cement?" asks Curley. (That's the way we'd say it.) "No," interrupts young Elliott who'd spent a lot of time down South, "He means a 'poke of see-ment.'"

It was good for a chuckle, anyway. Bag, sack or poke—we knew what he was trying to say. It just depends on where you are in the U. S., which way sounds right.

From where I sit, whenever we criticize someone, we ought to say to us, we ought to sound to them. It's the same as choosing your liquid refreshment. I'm accustomed to a moderate glass of beer—you may like ginger ale—but who's to say the other's wrong? I'd say we're both right!

Joe Marsh

**Working to Provide You With Good Gas Service**

It takes a lot of skilled men and women besides a lot of material to furnish you good natural gas service.

Over 300 men and women are back of your West Texas Gas Company's gas service. Engineers, draftsmen, dispatchers, compressor operators, field men, welders, service men, pipe line workers, clerks and many other skilled workmen are on the job to provide you with good gas service.

Many of these men and women, your friends and neighbors, have been working for you 15 and 20 years. They know their jobs and are conscious of what good gas service means to you.

And they know too... "Good Gas Service Doesn't Just Happen."

**Farm To Market Roads To Be Built**

AUSTIN, May 9.—Success or failure of the \$30,000,000 rural road program voted by the legislature depends to a degree on county commissioners, Representative Preston E. Smith of Lubbock said today. It is the commissioners' responsibility to survey their own area and determine where each county's allocation should be spent for farm-to-market roads, Smith pointed out. "The quicker this work is done, the better," Smith said. "We all know that the funds are going to run out before all the meritorious roads are built. The counties who first present their facts will be the ones to get the roads. It has been estimated that 25,000 miles of farm-to-market roads will be completed under the program, and when you divide that by the number of counties in Texas, it's not much mileage for each county." Smith called for conscientious work on the part of all concerned in getting rural road construction under way.

Mr. and Mrs. W. V. Leet of St. Paul, Minn., left Monday after visiting for about two weeks in the home of Mrs. Leet's sister, Mrs. M. A. Pember.

Mr. and Mrs. C. F. Smith, who lived in Slaton for five or six years previous to moving to San Angelo eighteen months ago, have now moved back to Slaton and are located at 105 N. 5th. Mr. Smith is a conductor on the Santa Fe Railway.

**Brucellosis in Humans**  
Brucellosis—mainly contracted by human beings from swine and cattle—first became a reportable human disease in 1928, when less than 100 cases were reported in the United States. In 1947 more than 6,000 human cases were reported. Approximately 35 per cent of human cases are caused by eating infected food products of animal origin. Such cases can be prevented by proper pasteurizing of milk products and cooking of all meat.

**Boy Scout Camp At Post To Open Season May 29**

The South Plains Council, Boy Scouts of America announced today that Scout Summer Camp at Camp Post will open for the season on May 29th.

Dr. C. C. Schmidt, Council Camping Chairman, stated that the camp will be in operation for six one-week periods this summer. The first five weeks will be for Scout Troops camping with their own adult leaders while the sixth week, July 3-9 will be a provisional Camp for all Scouts whose leaders are unable to be with them.

The Camp fee for the Troop Camps will be \$11.00 a week while the Provisional Camp fee for the period July 3-9 will be \$12.50 per Scout.

Mr. Raymond Lupfer, Field Scout Executive will serve as Camp Director. Mr. Ray L. Howard, Field Scout Executive will be the Waterfront Director and he will be assisted by Mr. Bob Schmidt, Lifeguard, Mr.

Emmett Adair will be the rifle range instructor. Scout Phil Johnston will again be in charge of the Camp Trading Post. Scouts Ludlow Adams, Jimmy Lamb and Jamie Gage will serve in the kitchen as Cook's helpers, and Scout Essey Beckner will serve as Camp Engineer. Troop leaders will be assisted with their program by Messrs. Jack Johnston, Frank Atkinson and Tom George, Field Executives.

The highlight of the Program this summer will be the Waterfront program. The Council has completed the construction of a modern

concrete swimming pool and it will be in use at Camp this summer for the first time. Other program features will include instruction in the Metal Works Merit Badge, Pioneering, Camping Merit Badge, Marksmanship, Archery Craftstrip Work, Tin Can Craft, Bowmaking, Nature Lore, Leathercraft and Cooking without utensils. The Grand Coue Program will be offered again this year.

Scouts will be served in the Central Dining Hall. All food will be the finest obtainable, and each Scout will get all he can eat. All Troops and Scouts in the

South Plains Council are eligible to attend Camp Post. Reservations for Camping dates should be made immediately with the Council Headquarters Office located at 2109 Avenue X, Lubbock.

All parents and friends of Scouting are cordially invited to visit Camp on Friday evenings from May 29th thru July 8th. Each Camp period starts at 4:00 P.M. on Sunday and ends at 1:00 P.M. each Saturday.

Mrs. David L. McCain of Odessa is visiting in the home of her parents, Mr. and Mrs. G. B. Middleton.

**Cotton Classing Service To Be Free For 1949**

COLLEGE STATION, May 9 - One out of every two bales of cotton ginned in Texas the past season was classed without cost for nearly 97,000 farmers in Smith-Doxey improvements groups.

This same service will be available again this year, John L. McCollum, southwest area manager, Production and Marketing Administration's cotton branch, U. S. Department of Agriculture, Dallas, announced.

Participation in Texas was higher last year than at any time since the program went into operation 11 years ago and prospects indicate it will be even higher this season, McCollum pointed out.

Latest count shows farmers ginned over one and a half million bales on which they received the

classification and market news service, both without cost. Total ginnings for the state amounted to more than 3 million bales.

Any organized improvement group which adopts a variety of cotton, files application, arranges for sampling and meets certain other requirements is eligible for this service on the coming crop.

Application should be filed as soon as members have planted their cotton, but not later than July 1 for all counties lying entirely or for the most part east of the 100th

meridian, and July 15 for those lying entirely or for the most part west of the 100th meridian. Latest date which applications may be received is August 1 for the eastern block of counties and August 15 for the western block.

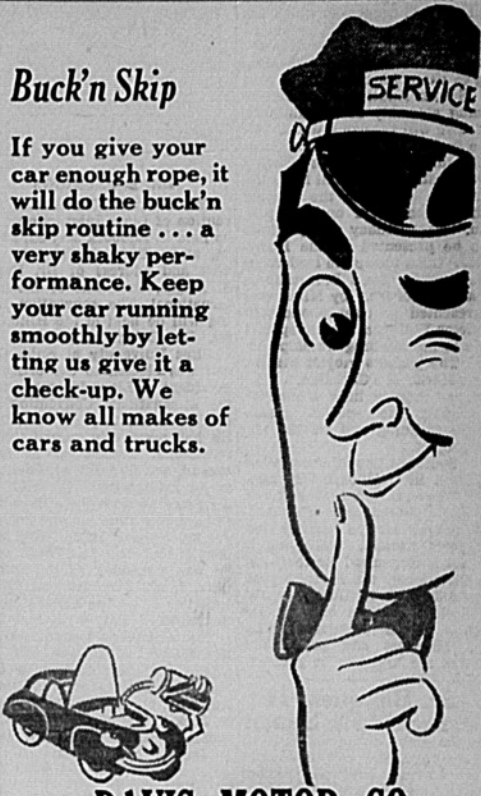

Instructions and application blanks may be obtained from the county agricultural agents, offices of Production and Marketing Administration, the area cotton branch office, or cotton classing offices in Austin, Dallas, Galveston, Lubbock and Abilene, McCollum explained.

In every state live some of the three million people who own the business-managed electric companies

And in cities and towns everywhere live another 72,000,000 indirect owners—probably including you. Much of the money you put into bank savings and life insurance premiums is put to work for you in electric company securities—some, perhaps, in your own electric light and power company.

Nearly everybody owns these companies that serve nearly everybody! What affects them affects you.

**Baptist S. S. Has New Department**

Sunday will be building fund day at the Baptist Church. This will be the first day of the new plan of the Church to let all offerings on the third Sunday, unless specifically designated otherwise, go into the building fund.

The Sunday School is expanding, the pastor says. Last Sunday the attendance was 358. Next Sunday a new department is scheduled to begin functioning. This is the Junior Adult department composed of all married couples in which the husband is 30 years old or under, and single folk from 25 to 30 years of age. This department is planning to share for the present with the Senior Adult department in opening assembly in the auditorium. You will receive a warm welcome in these departments.

The Junior Department is being moved upstairs. This will leave the auditorium free for the general adult assembly and opening program. Next Sunday this program is to be presented by the Home-makers' Class under the leadership of the teacher, Mrs. J. B. Huckabay. "In The Garden," by Miles, will be presented as a saxophone solo by Victor Williams, for the special music at the morning worship service. The pastor's subject will be, "Some Marks of a Christian."

At the evening hour a quartet will bring the special music. "House Cleaning" will be the sermon subject.

The Southern Baptist Convention will meet in Oklahoma City next week. Several from the church will be in attendance. The mid-week prayer service will be led by Haskel Lasater. Following it the newly organized Brotherhood will meet under the leadership of its president, J. B. Huckabay, for the election of other officers and selection of a regular meeting time. Members and prospective members are urged to be present.

**Jr. - Sr. Banquet Is Interrupted By Storm**

To the great disappointment of all concerned, the annual Junior-Senior banquet held last Friday night at the Club House, was interrupted immediately following the serving of the meal. The possibility that the storm which had already struck Sunday, was headed toward Slaton was so great that Supt. P. L. Vardy regretfully dismissed the assembly and sent the young people to their homes.

A great deal of time and effort had been spent by the Junior sponsors, Messrs. Chancy Watson and Vic Williams, as well as the mothers of the class, in making the hall beautiful and in preparing a delicious meal. A program had also been planned for the entertainment of the guests, but was dispensed with because those in charge felt that in case the tornado did strike Slaton, the parents would want their families to be together.

**NEW HOMES ARE UNDER CONSTRUCTION HERE**

Among the new homes that have been started this week are those of J. D. Holt and Troy Pickens, both on West Lubbock Street. There are other homes that are being built, but reports on who will occupy them were not available at the time this paper went to press.

Both the Pickens home and the Holt home will be of modern construction and will add greatly to the appearance of the residential section of Slaton.

Mrs. Robert Lee and daughter, Canada, and mother, Mrs. H. M. Binion, spent Sunday in Post visiting in the home of her sister, Mrs. Catherine Cato.

**District Convention Of Lions To Meet**

DR. E. S. BRIGGS

The District 2-T-1 Annual Convention of Lions International will be held in Lubbock May 22, 23 and 24, and will be featured by the visit and address of Dr. Eugene S. Briggs, President of Lions International. The convention meeting will be held in the Hilton Hotel. Dr. Briggs is president of Phillips University at Enid, Okla. and was elected to the office of president of Lions International at the International Convention held at New York City in July, 1948. He had previously served the International Association as third, second, and first vice-president and as an International Director. For six years he served the Okmulgee, Okla. Lions Club as director, and during the year 1926-27 was president of that club. In 1929-30, while he was a member of the Durant, Okla. Lions Club, he was district governor of all the Lions Clubs in Oklahoma.

The district governor, W. R. Rutherford, of Dumas, will also attend the convention, as well as the five deputies, Joe P. Phillips of Amarillo, M. C. Davis of Panhandle, Jack Payne of Plainview, Chas. Rains of Headley, and Dr. Doyle D. Jackson of Lubbock.

**Welcome To Slaton**

The new family that is being welcomed to Slaton this week is Fred Blair, his wife and two daughters of 300 East Garza St. They are former residents of Killeen and Mr. Blair is employed by the Union Compress and Warehouse.

The Slatonite, with other business firms, welcome the Blairs as new residents of Slaton.

Guests over the week end in the home of Mr. and Mrs. Travis Reynolds were their elder son, Thurman, and a friend, Willie Attwood of Graham, a Tech student.
