

## Slaton Tigers On Trail Of The Morton Indians

### SLATON TRAFFIC SOON TO BE REGULATED BY BETTER CODE

A new traffic code for the city will be submitted to the City Commissioners at their regular meeting next Monday night if the details for the new ordinances can be worked out by that time by City Attorney Nat Heaton and by the Police Department.

Under present conditions the police department is unable to regulate traffic to any great extent because the traffic laws that are now in effect are so limited that many offenses cannot be controlled.

The few laws that we now have were passed many years ago, said the Mayor, and while they were sufficient when Slaton was much smaller and when traffic congestion was not such a problem. Nothing has been done in recent years to bring the code up to date.

Too much regulation and mechanical devices for traffic has proven in many places that they cause hazards that are even worse than the ones they are designed to correct and investigation by traffic experts over the nation shows that when automobile drivers and pedestrians depend on traffic lights and laws that accidents are often more frequent than when both the motorists and pedestrians depend more upon themselves.

The congestion on our streets on Saturday nights is one of the worst problems except the traffic around the schools on wet or slippery days. The traffic around the schools is greatly improved since the police department and the school children have worked out methods to direct the cars that are driven to the schools at rush hours. The motorists of the town are more conscious of the dangers and are driving more carefully around the schools and it is hoped that the Slaton traffic problems will soon be worked out.

### Labor Shortage Is Still Serious

Slaton's demand for farm laborers to work in the local cotton fields is at present far exceeding the supply, it was reported this week. However, it is believed that more laborers registered with the labor camp this week than last week, and it is hoped that the supply will continue to increase.

Reasons for the scarcity are thought to be twofold. There are fewer immigrants coming into this particular district than were reported last year. Also, many of the workers come to this area from South Texas after that section has completed its cotton harvest; however, this year weather conditions have held up cotton picking in the south.

The employment bureau is still accepting requests for Mexican national workers. Mr. Ted Burrow at the Slaton Labor Camp, who is making contact between farmers and laborers, can give any one interested the details on how to secure the nationals. However, this means of obtaining cotton laborers has not helped the shortage of workers because of the slowness of the process in which the nationals are obtained. It is because of this red tape that many Slaton farmers have not attempted to relieve the deficiency in help in the above manner.

Approximately 100,000 laborers are needed to gather the crops in the Lubbock area. At this time only 30,000 workers have arrived.

### ALLRED BOY IMPROVES

Stanley Allred, six-year old son of J. L. Allred who was recently injured when struck by an automobile, is reported improving. Both of the child's legs were broken and he received a ten inch skull fracture.

The skull fracture, which was considered the most serious of the two injuries, is thought by local doctors to be healing properly without ill effects. Still interned at Mercy Hospital, the boy's legs are being treated by traction.

### Plunkett's Show To Be In Slaton October 17, 18, 19

Plunkett's Variety Show, with ten members of the family to give the show company its name, will set up in Slaton October 17, 18, and 19 in a new flameproof tent which will house the show on the lot in rear of the fire station.

The show is sponsored here by the Veterans of Foreign Wars. If the weather is cold the tent will be adequately heated.

The Plunkett family has spent twenty years in the tent show business, in the west. Thirty people are in the company of entertainers, presenting a three-act comedy play and ten acts of vaudeville with a complete change of program each night.

On the vaudeville bill this year Miss Jerrie Plunkett, songstress; Kennedy (Chubby) Swain and Billy (Toby) Crunch, described as two of the funniest men in stage show business; Cleo and Flo Delgarde dance team; the eight Plunkett peaches, a line of beautiful girls in gorgeous costumes; Capt. Plunkett, trained animal acts, featuring the seals and Congo, the trained Chimpanzee, Miss Billie Plunkett, flying trapeze; Kalo, master Magician; Sky Ballot, Miss Billie, Miss Glorie and Miss Charlene; The Famous Plunkett troupe on the bounding Trampoline; One of the outstanding acts is Mr. Jim Plunkett reenacting the famous minstrel show days; Bob Wager in his Impersonation acts.

This year the Plunketts proudly present the Dick Darling Productions of vaudeville acts in conjunction with beautiful wardrobe and lighting effects, using Stroblite.

School children are cordially invited to the show grounds during the day to see the seals, free!

### Methodists Plan Church Conference

Members of the entire Northwest Texas Conference of the Methodist church will hold a mass meeting at the First Methodist Church in Lubbock October 20-21. Bishop W. C. Martin, resident bishop of this area and head of Methodism's entire program of "Advance for Christ and His Church" will be in charge of the meeting.

Bishop Hazen G. Werner, Columbus, Ohio, and Bishop Ralph S. Cushman of the St. Paul area, will be featured speakers.

The meeting is one of 78 similar gatherings being held across America from September 29 to November 2 as part of Methodism's four-year Advance program. "Our Faith" will be the central theme of the program which features addresses by a team of three bishops, a prominent minister, and a leading layman and laywoman.

A series of eight "Faith Booklets" to be studied simultaneously by the church's eight and a half million members, will be officially introduced at the meeting, which will also include opportunity for group discussions and a youth rally which will be held at St. John's Methodist Church on the evening of October 20 at 6:30 to 7:30. Bishop Hazen G. Werner will be the speaker for the youth rally.

The Advance program represents Methodism's positive thrust at secularism and indifference and has the two-fold purpose of a deeper understanding of the basic elements of the Christian faith and an over-all increase missionary giving, including overseas relief.

A large group from the First Methodist Church of Slaton will be in attendance for both days of the meeting.

### ELEVEN ARRESTS MADE

Slaton police files show for the week ending Wednesday, October 12 that the following arrests were made: 6 charged with being drunk, 3 for affray and one for vagrancy. One arrest was made for liquor law violation and the charge made in County Court.

Mr. and Mrs. J. H. Hummer of Scottsville, Kentucky, will arrive Sunday for a visit with their uncles G. C. Wilson, W. R. Wilson and E. E. Wilson.

### Iron Lung for India's Polio Sufferers

To counter a serious epidemic of poliomyelitis (infantile paralysis), the United Nations World Health Organization (WHO) has been speeding iron lungs to India. Here the Director of WHO's regional office for Southeast Asia shows a group of nurses and officials how an portable iron lung, just delivered, operates. Altogether, WHO plans to send 20 of the big machines to India.

### Special Train Brings Morton Fans Here

A special football train with eight or ten coaches will leave Whiteface this afternoon at 5:00 o'clock, loaded with 500 or 600 Morton Indians boosters headed for here and the Slaton-Morton football tussle. This trip is being sponsored by the Morton Quarterback Club.

Due to Morton's geographical location, Boosters will have to board the train at Whiteface, and the trip from there to Slaton by way of Lubbock will require approximately two hours. Upon arrival here Slatonites will furnish transportation from the depot to the stadium.

Slaton citizens who own cars and those who can be urged to meet the train and carry the visitors to the football field.

Willie Wilke and Robert Huser have returned from a visit to the Purina Research Farm, Gray Summit, Mo., near St. Louis, where they saw practical feeding and management operations designed to help farmers produce more meat, milk and eggs.

### Christmas To Be The Theme Of Slaton Trades Day Program Nov. 7

The Slaton Trades Day, Monday, November 7th, promises to be one of the best. There are more people registering at the stores and the farmers and their youngsters are taking more interest.

The next two Trades Days will feature Christmas and Gift giving. The merchants who are taking part in the program will feature Christmas merchandise and plans are being worked out so that if possible there will be a Santa Claus and Christmas Candy for the youngsters at the November and December Trades Days.

The Slaton Tiger Band will also be invited to give another entertaining concert as they did at the October program.

The ones who win the three \$25.00 saving bonds will be drawn from the barrel containing tickets collected from all the concerns taking part and the individual gifts that each concern offers will be drawn from the tickets that are placed in the boxes at the stores. In other words you may register twice at most all of the stores taking part, once for the bonds and once for the individual gifts that the store is giving.

Tickets that are placed in the boxes now will be for the drawings to be held on November 7th, there are no essays to write, you do not have to buy a thing at any of the stores, you may register once each day at all of the places of businesses. Start now and get your name in the pot for November 7th.

Mr. and Mrs. W. R. Sewell of Lubbock attended the wedding of Miss Alice Meading and Carl J. Young in Slaton Sunday afternoon. Mr. Sewell also sang for the wedding.

### Well Matched Teams Promise A Game Worth Watching Tonight

Slaton will be gunning for its third straight victory tonight when Morton's Indians come in off their reservation to invade the Tiger's Den. Kickoff is scheduled for 8:00 o'clock, and the fracas promises to be an interesting one.

Coming along with the team will be a host of Indian fans who will arrive via special train in Slaton around 7:00 p. m.

The Indians, who barely beat Slaton last year by a score of 12-6, have played five games this season, winning two and dropping three. They beat Whitharral 27-6 in a season warm-up, and downed the Tahoka Bulldogs three weeks ago by a score of 30-12. Seagraves won over them, 7-6, which was an upset; Levelland romped over them 33-0, and Littlefield gained a 39-7 triumph.

According to reports Morton has a much stronger team this year. They have a number of returning lettermen, and everybody will be out to do a little scalp collecting tonight. Working from the Tennessee T, or Wing T, with an unbalanced line, the Indians boast a line average of 156 and a backfield average of around 140, as compared to the Tigers line average of 159 and backfield weight of 132.

Their fullback, a lad by the name of Coates, is a powerhouse runner, and does most of the lugging chores for the team. A well-balanced line is led by a 170 pound right tackle. The smallest boy in the line is a 135 pound right end.

The Tigers will still be without the services of Ray Dillard, first string center, and Ezra Corley, starting right end. Both are out because of injuries and illness. Carl Williams, right tackle and co-captain of the squad, may not be able to see action tonight due to an injury received last week in the game with Sundown.

Probable starting lineups are as follows: For the Morton Indians: Hill at left end; Wood, left tackle; Allsup, left guard; Rathbun, at the center position; Dewbre at right guard; Chapman at right tackle, and Smith at right end. In the backfield, Burns at quarterback; Green at left half; Wall, right half, and Coates, fullback.

For the Slaton Tigers: Norwood, left end; Moore, left tackle; Young left guard; Huckabay at center; German, right guard; Williams (Co-Capt.) at right tackle; and Biggs, right end. In the backfield, Bybee at quarterback; Lewis, left half; Lambert, right half, and Willis at fullback.

Survivors include four daughters, Mrs. George Hilbers of Slaton, Mrs. L. A. Stahl of San Angelo, Mrs. Hugh Newton of Lubbock, and Mrs. Thurman Redden of Ft. Stockton; seven sons, G. B. and J. J. Nesbitt of Slaton, C. E. and Vince Nesbitt of San Angelo, Paul of Clovis, N. M., Floyd of El Reno, Okla., and Glen Nesbitt of Abilene. She was also survived by seven brothers, three sisters, twenty-seven grandchildren, and six great grandchildren.

Mrs. W. T. Davis and children Judy and John Frank have gone to Collinsville where they will visit Mrs. Davis' family.

### The ? of The Week

Since some of the Slaton residents have wised up to our scheme of first calling the wife for her answer on the week's question and then calling the man, we have changed our tactics to the old straight forward system. The heavy problem to be solved this week by blissfully married Slatonites is "Do you think men should ask their wives opinions about the clothes they (the men) buy?"

To this serious matter Mrs. Max Arrants commits a thoughtful, "With all due respect to the men I don't think they have very good taste in clothes, so the woman should tell him what's in style and what isn't. All Max cares about is something to wear, so I buy nearly all his clothes with the exception of suits and hats. Men, other than those who work in clothing establishments, just don't keep up with the fashions." We thank you Mrs. Arrants.

And now to the men. Mr. M. L. Abernathy absolutely declined a statement to the press; but we don't see why as his wife didn't sound like she'd give him any trouble on the matter as she said, "Personally I don't know a thing about men's clothes, so I couldn't have an opinion if asked?"

Bland Tomlinson seemed to think the question quite pointless. Imagine that! He says, "Why should a man ask his wife for her opinion? I don't give my opinion of my wife's clothes—until after she puts them on." Uh-hu. It's that last part that counts, right Mrs. Tomlinson?

L. E. Brasfield really simplified the whole thing with the pro-

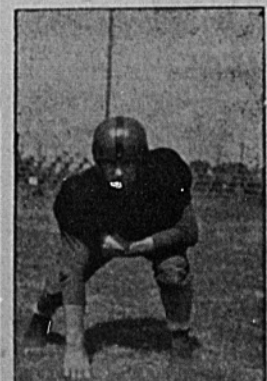

found statement. "No. I wear just about what I want to, and that's the extent of the whole thing."

Mr. and Mrs. Edward Lamb offered a joint answer and solution. "We look at it this way. We both want to please the other, so we both ask the other whether or not he likes the possible choice." Mrs. Lamb really made the statement, but Mr. Lamb nodded his head in congenial agreement. At the time he was standing in the middle of the floor showing off a suit which he intended to buy if his wife was pleased, and she happily condescended.

Asked if she thought that men should consider their wives opinions before buying clothes, Mrs. J. S. Edwards, Jr. replied, "I don't think it's really necessary. Men don't have the problems in dressing that women do because they don't have the variety of clothes types from which to choose. But even if I wanted to, I'm sure my husband wouldn't want me to go with him to pick out clothes."

Bill Ball agrees with Mrs. J. S. Edwards that is isn't exactly necessary for the gals to pick out the feller's clothes. But he puts it just a "little bit" stronger. And we quote Mr. Ball, "No!! Of course not! Men's clothes are made for men's taste, and if it were left up to the women we'd all be wearing lavender and lace." Asked if he had any more to say, he admitted, "I have a lot more to say, but it isn't printable."

After this bit of friendly discourse, we decided that in order to keep the local blood pressure at a reasonably normal level we should discontinue the questioning for another week.

LEFT TACKLE Leon Moore, above, was one of the main reasons for the Tiger's 28-0 victory over Sundown last week. He continually ripped through the line to haul down Roughneck ball carriers before they could head for the goal line. He's expected to see plenty of action tonight against Morton.

### School Children Focus Attention On Fire Hazards

Business men and school children alike are doing their part to make this one of the best fire prevention weeks that Slaton has ever seen.

Local firemen have been passing out fire prevention posters this week to local business men for display in their concerns. Fire safety check lists, prepared by the National Safety Council, have been passed out to school people to take home as means whereby families may learn if they have fire hazards or not.

In the high school, fire prevention themes are being stressed. The lower grades are preparing posters as part of class work and as part of a contest sponsored by Browning and Marriott. Special cash awards will be made to students preparing the three best posters in grades one through four and grades five through eight. Winning posters will be placed on display next week.

As a regular part of the fire prevention program, Fire Chief Elbert Wilson has constructed a model home, completely wired, to show at the various schools this week. Chief Wilson will show the effects of overloading wires in the home and what will happen if bad wiring is made or if a burned out fuse is replaced with a plug of any kind.

Firemen have been holding a special school for the past few weeks under the direction of Bob Dodson of Texas A&M. The latest in fire fighting techniques have been studied.

### Former Resident Of Slaton Dies Tuesday

Mrs. Lillie Bell Nesbitt, 69, from San Angelo, former resident of Slaton, died at 2:00 p. m. Tuesday, Oct. 4, in a hospital there. Mrs. Nesbitt was the widow of J. W. Nesbitt, who died in San Angelo in 1940. Mr. and Mrs. Nesbitt lived in Slaton from 1920 until 1939.

Funeral services were held at 9 a. m. Thursday from the Sacred Heart Church. Rosary services were held at 7:30 Wednesday night at the Johnson Funeral Home Chapel. Mrs. Nesbitt was buried in the Calvary Cemetery where her husband was also buried.

Survivors include four daughters, Mrs. George Hilbers of Slaton, Mrs. L. A. Stahl of San Angelo, Mrs. Hugh Newton of Lubbock, and Mrs. Thurman Redden of Ft. Stockton; seven sons, G. B. and J. J. Nesbitt of Slaton, C. E. and Vince Nesbitt of San Angelo, Paul of Clovis, N. M., Floyd of El Reno, Okla., and Glen Nesbitt of Abilene. She was also survived by seven brothers, three sisters, twenty-seven grandchildren, and six great grandchildren.

### Colds And Flu Are Troubling Many

One of the worst epidemics of colds that has hit this area in years is going the rounds and better than fifty per cent of the population has been hit by the disease. A good many cases of flu are also reported. The high winds that have stirred up dust and scattered pollen are blamed for the current trouble.

**Civic And Culture Club Meets Sat.**

Meeting October 8 at the home of Mrs. S. S. Forrest, members of the Civic and Culture Club had as their topic for discussion "Woman In Travel." Each member presented some interesting event which she had experienced during a personal trip.

On the program, Mrs. B. M. Pember discussed the American woman in travel. She also told the group about her trip to New York in June where she attended the International Convention. In connection with the topic she gave a brief biography of Perle Mesta, recently appointed American minister to Luxemburg.

Those present at the meeting were Mrs. J. S. Bates, Mrs. W. T. Cherry, Mrs. Bessie Donald, Mrs. J. A. Elliott, Mrs. J. L. Fertig, Mrs. S. S. Forrest, Mrs. Lee Green, Mrs. R. O. Hayes, Mrs. C. L. Heaton, Mrs. B. M. Pember, Mrs. A. L. Robertson, Mrs. R. G. Shankle, Mrs. W. E. Smart, Mrs. A. C. Strickland, and Mrs. R. H. Todd. Guests were Mrs. Bentley Page, Mrs. O. T. Toney, and Mrs. W. R. Wilson.

A salad plate, cake and coffee were served by the hostess.

**Martha Loveless Named Honoree**

Continuing a series of parties for Miss Martha Loveless, bride-elect of Ray Cook, a luncheon was given Friday at one o'clock in the home of Mrs. Harry Stokes. Co-hostesses were Mrs. Fred England, Mrs. K. C. Scott and Mrs. Otis Neill.

An arrangement of large silver mums and pink asters, the bride's chosen colors, centered the table. The place cards featured wedding bells.

Guests attending were the honoree, her mother, Mrs. Roy G. Loveless, her aunt, Mrs. George Loveless and Miss Cecile Butler all of Lubbock, Mrs. Matt McCall and Miss Marie McDonald of Lamesa and Mrs. Robert Spikes of Plainview. From Slaton were Mesdames W. T. Davis, L. A. Harral, L. B. Wootton, O. O. Crow, J. H. Brewer, Bud Englund, Webber Williams, P. G. Stokes, Bruce Pender, Ray Hickman, Elbert Loveless, Kirby Scudder and A. M. Jackson.

The hostess gift was of silver.

**Meading - Young Marriage Is Read At Methodist Church Sunday**

MRS. CARL J. YOUNG

Miss Alice Gene Meading, daughter of Mr. and Mrs. P. G. Meading of Slaton, and Carl Junius Young, son of Mr. and Mrs. Carl Young of El Paso, were married Sunday afternoon in the Slaton First Methodist Church at 4 o'clock. Reverend W. F. Ferguson read the double ring ceremony.

Baskets of bronze and white chrysanthemums were placed on each side of the altar, and white tapers in candelabra formed an arch as a background. Vows were exchanged beneath a floral arch of white chrysanthemums and greenery. Lining the bridal aisle were tapers rising from a base of chrysanthemums and ribbons in alternating bronze and white.

Given in marriage by her father, the bride wore an original creation of white velveteen designed with a fitted bodice, long fitted sleeves ending in points at the hands, and a straight floor length skirt. The high rolled collar and plunging neckline were accented with tiny buttons and loops extending from the wasteline to the top of the collar. Her train was gathered from the wasteline and fell to a semi-cathedral length. The shoulder length veil of bridal illusion fell from her matching velveteen cap fashioned with a small rolled brim and outlined in seed pearls. The bride's bouquet of white chrysanthemums was tied with white satin and lace streamers.

Mrs. W. B. Williams, organist, furnished the traditional wedding music, and W. R. Sewell of Lubbock sang "Because," the bride's choice.

Mrs. B. N. Ball of Slaton, sister of the bride and matron of honor wore a gown of chrysantheum-velveteen. Bridesmaids were Mrs. H. M. Englund and Miss Dorothy Jones, both of Slaton, wearing dresses of gold velveteen, and Mrs. LaVern Curry, sister of the bride from Lubbock, and Miss Jo Ann Stokes of Dallas, wearing gowns of ginger velveteen. The bridesmaids carried bronze chrysanthemums.

Martha Young, niece of the bridegroom from El Paso, was the flower girl. She wore a rose velveteen dress and carried a white basket filled with rose petals. Misses Shirley Ball, wearing aqua velveteen, and Patsy Hickman, dressed in rose velveteen acted as candelighters.

Walter T. Clark, jr., of Houston was best man, and the ring bearer was Steve Ball, nephew of the bride from Slaton. Ushers were Jack Tippit, Hugh English, Bill Thurman and Burl Hubbard, all of Lubbock.

Following the ceremony a reception was held in the home of Mr. and Mrs. O. Z. Ball in Slaton, and the couple were assisted in receiving by Mrs. Ball, their parents, Mesdames B. N. Ball, LaVern Curry, H. M. Englund, and Misses Dorothy Jones and Jo Ann Stokes.

The table was laid with a cloth of rose organdy appliqued with heavy white lace, and table appointments were of milk glass. An arrangement of white chrysanthemums centered the table and were flanked on each side by rose colored tapers in milk glass candelabra. The wedding cake was of double ring style. Out-of-town guests attended from El Paso, Lubbock, Houston and Dallas.

Following a wedding trip to Santa Fe, N. M., the couple will be at home in El Paso on October 15. For traveling the bride chose a wine gabbardine suit with navy accessories.

Both the bride and bridegroom

are graduates of Texas Technological college, where she was a member of Sans Souci and he was a member of Kemas and Tau Beta Pi.

Mr. Young is connected with Carroll and Daeuble, architects, in El Paso. The bride is a former teacher in Slaton public school system, and a former employee of the Lubbock Avalanche-Journal.

**GIRLS AUXILIARY ELECTS NEW OFFICERS FOR YEAR**

Officers for the coming year for the Intermediate Girls Auxiliary were elected Wednesday, Oct. 5 at their last meeting.

Rebecca Holding was elected president; Ruby Jo Lamb, vice president; Betty Willis, secretary; treasurer; Joy Herod, program chairman, and Lorraine Parker as society chairman.

The Girls Auxiliary meets each Wednesday at the First Baptist Church at 4:00 p. m. Refreshments are served after each meeting. All intermediate girls are invited to attend the meetings.

**Chatterboxing**

with Marie Guhl

We at the Slatonite are now without a dog. Our adopted mongrel has been given a home. Mrs. Henry Clay Maxey's dog was killed, so she condescended to take the little fellow off our hands. We were quite sure he had become so attached to us and the showers of attention bestowed upon him that he would never be happy anywhere except in the Slatonite office; and we thought, I expected to see him looking hungrily through the screen door at us the next day. But evidently six-year old Mike Maxey has more dog charm than we broken news hounds. Maybe the pooch just didn't like living a dog's life.

And speaking of dogs, Dr. and Mrs. Loveless have the cutest ugly puppy you ever saw. He's a six week old English bull, and he looks like he could tear you limb from limb without even sniffing, but in reality he is as gentle a dog as you could hope for. Kathleen Loveless had her third birthday last week, so she was telling me all about it. She had "Spot" up in her arms giving him huge bear hugs when she looked up with a big grin and said, "He's my happy birthday." And I don't blame her a bit. I wish someone would give me one just like him on my happy birthday.

Well Alice Meading, or should we say Mrs. Young, got all married last Sunday. It was a beautiful wedding, and the prettiest thing there next to the bride and groom was the bride's father, P. G. Meading, our loyal chamber of commerce secretary. He looked so beautiful and so comfortable in that tuxedo, that I think it is a shame he doesn't wear it all day at the office. It's surprising what a dark suit and a white shirt can do for a man, and if you don't believe it just ask P. G. He hasn't completely recuperated yet, but

**Mrs. Rudd Is Honored With Recent Shower**

As a courtesy to Mrs. Charles Rudd, formerly Miss Nelda Mock, a miscellaneous tea shower was given Saturday evening at the Club House. Guests were greeted from 5:30 until 8:30.

Music was furnished by Miss Bernadine Rudd, sister-in-law of the honoree. Garden flowers were used as decorations. The table was laid with a lace cloth and the centerpiece was of assorted fall flowers.

Hostesses for the occasion were Mrs. E. M. Rudd, Mrs. Alton Hurst, Mrs. Ralph Luttrell, Mrs. Glen Powell, Mrs. Myrtle DeMint, and Miss Avis Smith. About thirty guests were present.

**Laymen's Day Is Reputed Success**

Observance of Laymen's Day at the First Baptist Church was acclaimed a big success. The Sunday School, under leadership and teaching of the men of the church, posted a new attendance record, excluding the last Sunday of the revival, with 433 present.

Attendance at the Mexican Mission Sunday School under the leadership men from the Brotherhood was 23. At the Training Union there were 132 present.

Sunday is Building Fund day again according to O. O. Crow, chairman of the Building Fund committee. Group chairmen on this committee include R. C. Patton, Mrs. H. G. Stokes, J. J. Maxey and Mrs. J. B. Huckabay. Others are to be added to lead in raising the funds to meet the need for educational space.

**Christian Endeavor Installs Officers**

Officers of the Christian Endeavor of the First Christian Church were installed in an installation service which was held Sunday evening, October 9.

New officers include; Norman Newton, president; Alton Kenney, vice president; Mary Jo Meeks, secretary; Jerry Lovelady, treasurer; Sally Buchanan and Joyce Burns, serving chairmen; JoAnn Smith, program chairman; Peggy Kenney, visiting chairman; Doris Gentry, reporter, and Mrs. Tommy Davis, sponsor.

**PRESBY. AUX. MEETS**

Members of the Presbyterian Auxiliary met Monday afternoon at three o'clock in the home of Mrs. George Hodge. The program entitled "Toward God's Design" was brought to the group by Mrs. S. A. Peavy.

A social hour was held following the business meeting. October 24 is the date of the next meeting of the Auxiliary which will be held at the home of Mrs. Ray Hickman.

**Oscar Heinrich Weds Miss Simek In Recent Ceremony Here**

MRS. OSCAR HEINRICH

Announcement is being made of the recent marriage of Miss Estelle Simek, daughter of the late Mr. and Mrs. C. V. Simek of Bonarton, and Oscar Heinrich of Slaton. The wedding was read in the St. Joseph's Catholic Church September 27 with the Reverend O'Brien officiating at the double ring ceremony. The altars were banked with white gladioli and ferns. Miss Margaret Heinrich, cousin of the bridegroom, organist, played the wedding music.

Given in marriage by her grandfather, J. J. Simek of Seymour, the bride wore a gown of slipper satin fashioned with princess lines. The neckline featured an almost invisible yoke with off-shoulder folds of satin finished with a design of seed pearls and sequins. The bodice was fitted and the full skirt swept into a long train. She wore an imported silk illusion veil attached to a bridal bonnet of illusion and pearlized orange blossoms. She carried white roses showered with pebble roses.

Miss Charlene Simek of Brownfield who served her sister as maid of honor wore a dress of blue taffeta with silver accessories and carried a colonial bouquet of white mums. The bridesmaid, Miss Juanell Kahlich of Slaton, cousin of the groom, wore a dress of orchid taffeta with silver accessories and carried a colonial bouquet of white mums. DeEtta Buskemper, niece of the bridegroom, was flower girl. She wore yellow taffeta with a blue corsage and carried a basket of yellow taffeta filled with rose petals. Vickey Simek, cousin of the bride, served as ring bearer.

J. C. Heinrich, nephew of the bridegroom, was best man; and Alvin Simek, brother of the bride, also served as attendant. Ushers were A. J. Simek of Lubbock and Ervin Heinrich of Slaton.

Immediately following the ceremony, a breakfast was given at the home of the bride's aunt, Adolphia Macha, for the wedding party and Rev. O'Brien. A dinner was also given at the St. Joseph's Hall at four o'clock. The bride's table was decorated with a white three-tiered bridal cake, white candles in crystal holders and flowers.

Out-of-town guests were from Albuquerque, Lubbock, Brownfield, Seymour, Megargel, Austin and Wichita Falls. After the dance, the couple left for Colorado. For traveling, the bride chose a blue gabbardine suit with brown accessories. Mr. and Mrs. Heinrich will make their home at 1312 Sixteenth, Street in Lubbock.

**Ester Class Elects Officers Thursday**

Members of the Ester class of the Junior Adult department of the Baptist Church met Thursday night, October 6 in the home of Mrs. Bobby Edmondson. **PTA TO HAVE OPEN HOUSE THURSDAY**

Plans for a general get-together of parents, teachers, and children of East Ward and West Ward Elementary school on Oct. 18, were made by the P.T.A. Executive Committee. The hours were set for 7 to 8:30.

Each teacher will be hostess in her home room assisted by the room mothers. Refreshments will be served in the cafeteria of each building.

October 17-21 has been set aside as Parent Teacher membership week by the Texas Parent Teacher Congress. Chairmen for the Slaton membership drive are Mrs. C. C. Self and Mrs. J. D. Edwards. Prizes are to be awarded at the close of the drive.

Major PTA project this year will be the "Trip Around the World." The side shows will be carried on by teachers and children of all elementary grades, and many other attractions are being planned. The date has been set for November 22.

Another PTA feature for the year will be the puppet show to be presented by Mrs. Allen Strout December 5. She is planning to show "Little Black Sambo" and some Christmas numbers.

**The SPORTLIGHT**

The District 4-A South football race is finally taking shape, with Post and Slaton running a pretty close race for high honors. The next two or three weeks should prove to be interesting.

Four of the five conference teams meet this week end, the Tigers being the only team playing a non-conference tilt. Post meets Tahoka at Tahoka, O'Donnell plays Seagraves at the Seagraves stadium, and Slaton takes on Morton here.

Post should take its third conference win from Tahoka. Seagraves should down the hapless O'Donnell eleven, and we'll pick the Tigers over Morton's Indians. Post's Antleopes, defending district champions, faced O'Donnell last week 56-7, for their second straight conference win. This triumph put them in first place. At the same time, the Tigers, unbeaten in one conference game, gained their second win of the season over a supposedly rough Sundown team to hold on to the number two spot in the conference.

According to information received this week from Superintendent J. B. Hewlett of the Wilson School District, the six-man football team down that way has really been racking up impressive victories during this season.

So far this year they have defeated McAdoo 55-0, Dickens 49-26, and Guthrie 74-6. That's a pretty good record, and Hewlett says that he hopes the team doesn't get over confident. Wilson is in District 4.

After this week we hope to give an account of Wilson's games in the Slatonite. There are a number of people who would be interested in reading about the team, and the same applies to the Southland Eagles.

The entire Tiger squad is to be commended this week for the fine showing they made last week end at Sundown. The line was the strongest that we have witnessed in a long time. Those boys ripped the Roughneck line apart and jarred the back field up considerably and made them lose control of the ball.

Quarterback Cecil Bybee had a perfect night in calling plays from the driver's seat of Tillery's and Barnett's Model T. And "Curly" Lewis, Bob Lambert, Thompson, and Ed Willis did their share of the chores.

After taking the Oil Belt League championship, the Denver City Gassers played in an exhibition game with the Lubbock Hubbers last Sunday and lost the game, 9-7. The Hubber team was composed of past and present members.

Lubbock blasted across four runs in the last inning to turn back the champions. Denver City had collected 10 safeties off Bob Clodfelter and Royce Mills, and held a 7-5 lead going into the final frame. Players of the two teams shared the gate receipts from the exhibition game.

**CARD OF THANKS**

We wish to express our sincere thanks to all the wonderful people that were so generous and helped us after our house burned. May God bless every one of you in our prayer.

**Sundown Eleven Is Defeated By Strong Tiger Team**

After dropping three season openers, Slaton got its second triumph last Friday night by defeating Sundown's Roughnecks 28-0 in a non-conference thriller played before some 1,000 fans at Sundown's high school stadium.

The Tigers jumped to an early lead in the initial period with three quick touchdowns, and then they were never seriously threatened after that. Another six points was added in the second quarter, and then Coach Tillery's boys settled down to hold the Roughnecks on even terms.

In the first period, "Curly" Lewis accounted for one touchdown, and Ed Willis accounted for two more. All three climaxed long down field drives, and each six points was scored on short line plunges. In the second quarter Bobby Lambert went off his own right tackle, picked up good blocking in the line, broke into the clear, and then outran the Sundown safety men 65 yards for the fourth and final score.

Bobby Taylor, placekicking specialist, had a perfect four-for-four in the pointafter department, which brings his total of points scored to date to six. So far this year Taylor has only missed three tries after touchdown.

Sundown penetrated down to the Tiger's 35-yard line one time during the entire game, and that is as close as they got to a score. The entire Slaton line, paced by Right Tackle Leon Moore, continually broke through the line to hit the back field ball handlers before they could get any sort of an offensive machine going.

Out of the five passes that the Roughneck's Neil Pearcy threw, Slaton intercepted four of them. Two were brought down by Jerry

Huckabay, Tiger end, one by Lewis, and another by Lambert. Every man who made the trip to Sundown got the opportunity to see action in the game. The "freshmen" threatened twice in the second half but finally lost the ball

on downs on both occasions. Slaton led in first downs, 10-8, and in net yards gained rushing, 287-117. Pearcy and Halfback Bob Clark paced the Roughneck offense, which was checked repeatedly by costly fumbles.

ROLAND BOYD of McKinney, a member of the Texas Democratic State Executive Committee, this week accepted the chairmanship of the recently organized Committee Against Legislative Pay Increases and Annual Sessions. A state-wide group, the Committee is opposing Constitutional Amendment 2 in the Nov. 8 election claiming its passage would result in a greatly increased tax burden without improving the efficiency of the Legislature. Amendment 2, by raising legislators' pay and providing for annual sessions, would increase state taxes more than \$2,500,000 biannually, the Committee says.

"He came up and said, 'Hello, Selma.' Later in the evening, of course, I told him who I was."

## West Texas Roundup

The Hereford, Texas and Hereford House, New York deal is still cooking, according to Chamber of Commerce Manager Pete Cowart, who reports a letter from Schuyler Patterson, manager of the hotel, this week contained more details on the matter.

Patterson said "Life magazine has expressed interest in this story for one of their party sketches." — The Sunday Hereford Brand.

Business houses of Canyon which are in the habit of giving cash bonuses to employees at Christmas time, are requested to give Chamber of Commerce bonus dollars this year, which will be redeemable at any store in Canyon for purchases.

The plan follows the one devised recently at Borger, with the exception that Canyon dollars will not be printed on rubber. — The Canyon News.

Cotton ginnings which seemed to be off to a good start last week, were slowed down in some parts of the county which received showers Tuesday. A total of only 139 bales had been ginned in the four gins of the county by yesterday afternoon. The total for the season so far, is 358 bales.

Gins and the number of bales they have turned out to date are: Planters, 267; Close City, 4; Graham, 98, and Southland, 90. — The Post Dispatch.

Water and sewer bonds in the total sum of \$300,000 were authorized by a vote of virtually two to one at the election held in Tahoka last Saturday.

Two proposals were submitted, one for the authority to issue sewer bonds in the sum of \$75,000, and the other for authority to issue water bonds in the sum of \$225,000. — The Lynn County News.

Wildcat operations in various areas of Scurry County continue to provide the "hot" news of the petroleum activity of the region.

A prospector in Central Scurry County in the undeveloped area between production from the Canyon reef lime in the North Snyder and Kelly fields has shown for good natural flowing production and will shortly be completed. This development should stimulate drilling in the district surrounding the new well. — The Scurry County Times.

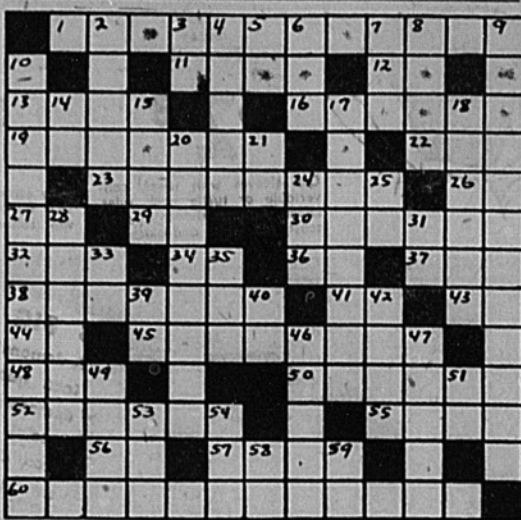

The Terry county commissioners court has been authorized by County Judge H. R. Winston to file a preliminary request of \$34,000 in federal aid funds for construction of a new airport in Brownfield.

The county's action represents another step in efforts to get adequate airport facilities here and thereby benefit from commercial air transportation. The project is being sponsored by the Brownfield Chamber of Commerce, with other civic organizations cooperating. These include the junior chamber of commerce, which has undertaken the project of educating the public to the needs of an airport and the value of the community of commercial air transportation. — The Brownfield News.

A preliminary project request was filed with the CAA Monday, according to David Nicholson, head of a Jaycee committee working toward improving airport facilities in Brownfield.

The request, given authority by the county court and by County Judge Homer Winston, does not obligate the county in any way, yet will make it possible for Brownfield to be included in the 1950 federal airport program. — The Terry County Herald.

**Meet The Farmers Welcome In Slaton . . .**

There are two industries on which Slaton is dependent for its existence. One is the Santa Fe Railroad and the other the agricultural activities of the area.

From reports of men who are employed by the railroad it seems that most of them are well satisfied with the town and say Slaton is a delightful town in which to live, but do the farmers find Slaton just the right place to come to trade and sell their products?

Farm people are making more money than ever before in history, they want and can pay for the best the market affords. They visit a town because they enjoy amusements and have the money to pay for them. But Slaton has nothing to offer except two excellent motion picture houses. There has not been a rodeo held in Slaton since 1941, no roping contests, nothing but the football games and the softball games, and when these amusements are held they are usually staged at night when the business places are closed. Slaton needs some city planning and some promotions that will attract the people from our area to Slaton.

**Are We Nearing A National Crisis? . . .**

Few people in this area seem to feel that the steel strike is a serious threat to the welfare of Texas. One Minister said that there is nothing the ordinary everyday man can do about it so we might as well not worry too much.

While this attitude may be the most sensible way to look at it the fact that a long strike on any vital industry will bring on a crisis to the entire nation cannot be overlooked.

As to whether the difficulty is the fault of the labor unions or the big industries is a fine point that the ordinary citizen is not in a position to judge but it is a fact that labor and the big industries cannot get together the Government will eventually step in. When most all industry is operated by the Government at a loss, such as the Postal Department, then the next crisis will be something near Socialism. From all appearances we are either in for another spiral of price hikes in most everything, or the Government will soon take over the Steel Industry, then the Coal Industry, then the Railroads and from there on we'll all be working for the Government and eventually with prices and wages controlled by a bunch of politicians and every four or five people in the United States will be a Government employee, most of them keeping some kind of books.

**How Long Will Our Land Hold Out? . . .**

Farmers who have lived in West Texas for many years or who have lived on the Plains for most of their lives do not know how fortunate they have been in the way of productive land, but from what expert agronomist say we will wake up some day and find that we have been so wasteful of our land that we will find ourselves in the same predicament that the farmers of the former rich lands of South Texas are in today.

Many farmers who have drilled wells that they hoped would enable them to irrigate their lands but found no water may be more fortunate than those who did get great volumes of water, for it is said that irrigated lands will wear out many times faster than land that is not irrigated and as few or no farmers in this area are using fertilizer, there can be but one result and that is worn out land like a greater part of the land in South and Central Texas where the Johnson grass and erosion have about taken over.

The farmers who are advised to conserve their farms by rotating crops think it a fine thing for the other fellow, but most of them are planting cotton on the same land every year and in the end it will be so drained of minerals that nothing will grow on it but tumble weeds and Johnson grass. It is not a pleasant prospect.

**Take Stock Of Your Gains . . .**

What better project could we, the citizens of Slaton, undertake right at present than to sit down and take stock of the gains that have been ours during the past few years, materially and otherwise. Someone has coined the phrase, but we'll use it just the same and call it "rediscover your hometown and community."

Rediscovering one's home town and community means stopping long enough from our world of make-believe to take a look at our neighborhood in which we are a part, in which we live, shop and vote. The past few years have been event-filled years and few of us have taken notice of the vast changes that have occurred locally.

Here in Slaton we have just about everything that one could wish for. We are a city of churches, industries, business, and center of agriculture. We have just about all our necessities furnished right here at home. If you don't believe this, look around and see what progress has been made and what progress is being made. During the past few years Slaton has grown from a small town to a city of some 6,000 or more, with many additional families moving in steadily and new businesses springing up all the time.

Make this a better and more progressive place in which to live by investing in your community as much as you can. Hometown business people should be given the opportunity to show what they have to offer you, and if this showing isn't satisfactory you are still given the opportunity to go elsewhere. It is the duty of the business firms to furnish you with materials and goods that please you. If he can't do this, he's guilty of the same fault that you would be if you went to nearby cities and did what shopping you have to do.

Slaton business firms may not carry everything in stock. But give them a chance to help you.

**It's Physical Exam, Or No Weddin' . . .**

If it's not one thing it's another for people to complain about. Now a lot of people are upset because of the new state law which was passed at the last session of the Texas Legislature requiring not only the man, but the woman to have a physical examination before entering into matrimony. They seem to think that such things are just a lot of red tape and really pointless. The truth of the matter is that if there is going to be a law compelling the man to have such an examination, it is pointless unless the woman too passes the physical test.

Perhaps the reason, for the law being so one-sided, can be attributed to the old idea of "Southern Chivalry." Under our southern mode of living and according to our southern customs, it would be the most insulting thing in the world to women as a whole to even suggest that a lady could be anything but perfect, physically and mentally. But now that woman is approaching an equal status with the men, she will have to be treated equally in every respect.

A physical examination is really a very little thing to ask of two people interested in entering into marriage and rearing a family. A professor in a Texas college recently said to a group of boys and girls enrolled in a class of Marriage Psychology, "It should be made harder to get married, and easier to get divorces." In other words, he feels that if more people would take time to really think about marriage, there would be less cause for divorce.

But then people are human and are prone to think of no one but themselves, their own pleasures and fancies. Today's youth travels so fast that if a couple of them suddenly decided to get married, they never stop to consider whether or not this is the person he would want to be the mother or father of his children. They just want to get married right that minute, and such things as physical exams, three-day waiting periods, etc., are only stuffy bores dreamed up by people trying to keep them from marrying . . . or so they'd tell you.

"Sorry, Curly," says Doc, "can't make you a malted for a while yet." "What's the idea?" Curly asks. "Well," says Doc, "most of the folks want to hear the game and the mixer makes too much noise." Curly thinks a moment and says, "Okay with me, Doc—I'll take a chocolate soda!"

This shows how tolerant folks can be. Doc showed his respect for

**First U. S. Deed?**  
Perhaps the first individual to buy land from the Indians in the United States was George Durant, who bought a large tract in north-eastern North Carolina from Chief Kilocanen of the Yeopim tribe. The deed, date 1661, is in the courthouse at Hertford, N. C.

**Egg Casualties**  
Each year about one egg out of every 20 produced on the farm never gets to the consumer's table. About two billion eggs, 5 per cent of all eggs produced annually, become inedible or are broken during the long trip from producer to consumer.

**WE THOUGHT EVERYBODY KNEW REDDY!**

A recent national survey showed that 20% of business-managed electric company customers either think their electricity comes from a government operation, or don't know what kind of company serves them.

That came as quite a surprise! One out of every five customers didn't know who Reddy Kilowatt works for! We thought everybody knew that wherever you see Reddy you see the symbol of business management . . . free enterprise . . . in the service of all the folks in the community.

## Slaton Women Give Their Favorite Tested Recipes

Well, so far we've had cake, ice cream, cookies, barbecue, and other tasty foods. This time, upon recommendation of several of the women in town, we are going to feature a recipe of Mrs. J. H. Brewer for rolls, All Bran rolls. Everyone who has eaten them says that they are the most delicious things you ever put in your mouth.

The ingredients call for:  
 1 cup All Bran  
 2 Fleischmann's yeast cakes.  
 1 cup shortening  
 3/4 cup sugar  
 1 1/2 teaspoon salt  
 2 eggs (beaten)  
 6 cups white flour

Soak the cup of All Bran in one cup of hot water and let cool. Dissolve yeast cakes in one cup of lukewarm water.

Cream together shortening, sugar and salt. Add the two beaten eggs, the Bran and yeast mixtures. Stir in white flour and let rise to double its bulk.

Make out into rolls and let rise. Mrs. Brewer says it takes about four hours to make the recipe, but that once the dough is made any that may be left over can be plac-

ed in the refrigerator and cooked later. She cooks the rolls in her oven set for about 500 degrees, and lets bake for ten or fifteen minutes or until they turn a golden brown.

Mrs. Brewer tells us she got the recipe some time ago from a friend who was living in Slaton at that time. "I was hesitant to give the recipe to anyone," she explained, "because it really wasn't mine. But my friend doesn't live here any longer, so I feel like it belongs to me now."

For a family only, the recipe should be cut in half as Mrs. Brewer says the whole recipe will make enough rolls for a large party. However, she feels quite sure it will make a big hit because "it's never failed yet."

The Brewer family, which now consists of Mr. Brewer, Mrs. Brewer, and son Phil Brewer, lives at 410 W. Garza. Mr. Brewer is the "boss" down at the J. H. Brewer Insurance Agency, and Phil is employed with the Citizens State Bank. But that's not all the family. J. H., jr., is in school at Tech, a son lives in Ft. Worth, and the

one and only daughter lives in Waco.

In our recipe for last week a mistake was made in the ingredients for Mrs. Pembers' sugar cookies. Since so many people are keeping the recipes we want to correct our mistake. The ingredients should read:

5 eggs  
 2 cups of melted butter  
 4 teaspoons of Cream of Tartar  
 2 teaspoons of soda  
 1 teaspoon vanilla  
 2 cups sugar  
 And enough sifted flour to form a soft dough.

## Gayle's swallowed a bobby pin!

When her two-year-old daughter swallowed a bobby pin late one evening, Mrs. Chenoweth rushed to the telephone—and this series of calls followed. She says that she wouldn't even try to guess what these calls were really worth to her. But she can tell you what her actual cost was—less than 2c each!

Mrs. Chenoweth knows the cost because she kept an accurate record of all her telephone conversations, then check-

ed it against her monthly bill. "I never realized before," she reports, "how much the telephone helps me run our house, keep in touch with our friends and meet emergencies. It's a real bargain!"

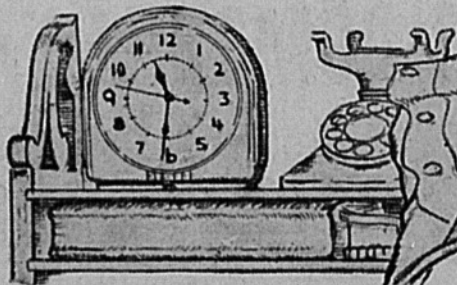

To Mrs. Chenoweth's verdict, may we add: We're doing our best to make your telephone service a real bargain today . . . and to keep it growing in value every year. Southwestern Bell Telephone Co.

What else gives so much for so little?

Called Gayle's doctor. She's swallowed a bobby pin. But he isn't home!

Got our family doctor. Gayle's not choking, so no real danger!

Gayle's doctor called. We can relax, bring her in for X-ray in the morning.

Made an appointment early next morning for an X-ray.

The phone rang the rest of the day—the family and friends calling to ask about Gayle. Made me feel good. Everyone's so nice!

Home from X-ray. Called my husband, George. Gayle's fine!

## JUST TALK

by  
A.M.J.

My wife's curiosity got the best of her last week and she broke the ostrich size hen egg that J. W. Scott brought to the Slatonite office a couple of weeks ago. She has been agitated ever since for inside of the first egg was another egg the size that a hen usually lays. The large egg did not have a yolk but the second edition did. Perhaps the egg was not a great deal out of the ordinary but it was enough so to get my wife in quite a dither and when she gets in a dither she keeps needing me until I get my blood pressure up too.

If you see Jack Clark delivering mail looking as if he were all strapped up don't be greatly surprised. Jack, who is one of our faithful mail carriers, registered at most of the business places last month for the Free Gifts that were given away on Slaton's last Trades Day. He won a \$25.00 bond and a woman's brassiere. He is a thrifty soul and believes in putting to use all of the things he can find.

Whether it's the weather, the climate, age, nerves, or an over active imagination, I do not know, but lately I wake up at three each morning and start itching.

It's not the kind of itching that one can scratch for it jumps around, on the top of my head perhaps, but before I can grope my way to the right locality it jumps from my head to the end of my big toe and seems to hide under the toe nail where it lingers only a second, then right between my shoulder blades where I try to get at it with one hand over my shoulder and one from the under side, then it goes to circling.

My squirming lasts until I get to thinking about the overstuffed tomato I ate for supper, the fact that I forgot to order a screw for the linotype or get to wondering whether I locked the back door to the office when we closed up for the evening and just when I get comfortable it's seven o'clock and I have to get up, then I try to find the places where I itched during the night so that I can give them a good working over, but they refuse to cooperate.

Last week a good many pools were gotten up on the World Series baseball games and as usual Ray Ayers was right in the middle of one. Just as he was selecting himself a good number a minister walked in so Ray offered to buy him one. The preacher hesitated so Ray turned to one of the bystanders and told him to select a number for the preacher and he paid for it. The number was seven. The game for that day ended four to three and the preacher won and I have been wondering whether the preacher accepted the money. "I'll try to get a report on it for next week."

Most everything that one does is a gamble, perhaps not a gamble between two people, but the farmer gambles with fate and marriage is one of the biggest gambles of all. My wife feels that she got in a game with loaded dice.

There is one good thing about this time of the year and that is the hay fever season is about over. The next two weeks should end up in one big explosion and that will be me and thousands of other folks celebrating the last load of pollen with the last and loudest sneezes of the season.

When I see women like Mrs. Leonard Harral and Mrs. Ray Ayers dabbing at their eyes with a little silver of a handkerchief and sneezing in a lady like little disturbances I feel real sorry for them and wonder how they would enjoy a big, booming sneeze like I turn out and am often thankful that I can use a handkerchief which was once a fourth of a bed sheet. I have no trouble at all with my handkerchiefs in finding my nose in an emergency when a sneeze hits me even if I have to make a grab at my pistol pocket but what can a woman do when her little hanky is hidden in a trunk size hand bag along with lip stick, key ring, package of cigarettes, grocery list, fountain pen and extra pair of stockings. It's bad to be a man in the hay fever season, but it must be worse to be a woman.

It is said that vaudeville is coming back and that theatres in Ft. Worth, Dallas, Houston and other larger towns are playing to packed houses. The reason that vaudeville has been dormant so long is because so many acts proved popular and were never changed, some of them traveled for as many as twenty years without changing their routine, eventually folks got tired of the repetition and quit going.

The same thing is happening to radio. Jack Benny, Fred Allen, Fibber McGee and Molly and a large number of other programs have been on the air for years and years with the same kind of supposed to be humor, some times a

real young person finds them amusing but those who have been listening for years hear Jack Benny repeat the jokes that Fred Allen told last year and Fred makes cracks that Methuselah told when he was in his prime.

If other folks are like me they seldom listen to radio except for a football game or an occasional news broadcast when something of real importance is going on. Often we go for weeks at our home without turning on a radio and have three of them in the house.

I'd like to see vaudeville brought back if they do not dig up the old ghouls who traveled for thirty years with one act and put Benny, Fibber and Allen in the federal penitentiary.

There are two kinds of folks. Those who spend hours and hours filing and stowing away things that they will never likely ever have any use for, and those who open a drawer or a box and stack everything in a jumble and spend a big part of their lives trying to find the things that they have misplaced. My wife is one of the filing away kind and I am one that leaves everything out in the open where it can be found, if it is in the top layer of stuff, if it is not I keep turning clothing, letters, newspapers and what not until the desired article shows up. My system works about as well as hers' because she forgets whether she files letters under the name of the firm, the name of the article or under the name of the concern that ordered the stuff. I spend my time digging in the bottom of letter baskets, the trash cans and the top of my desk and she pulls stuff out of the filing cabinets, from the wardrobe and the book cases. The only trouble is some

folks use the trash can for spittons. It has been quite a while since I have given out any information about the weather but it has all been so much alike there has been no need of expert predictions. This is just to let you know that there

is no need to worry, the weather is going to stay about the same for quite a while yet. The real rough weather is coming along about Christmas and you might start now to suggesting to Santa Claus that he should bring you

some long handles, galoshes, leather jackets, sweaters, vitamin tablets, some good harmless cuss words and some whodoneits for cold winter nights. It's gonna be a long, hard winter, but it won't start until sometime in December.

One hundred and eighty tons of steel, every minute of the night and day during the entire year—that is what the steel industry is able to produce with its present record in-got capacity. **Winter Hint**  
California's blustery weather last winter inspired all sorts of gifts from more temperate communities, but the prize for dispatching the civic coup de grace goes to an Idaho hardware dealer. He air-expressed a snow shovel to the Los Angeles chamber of commerce. In return he received a gracious "Thank you."

**STAYS SILENT LASTS LONGER...**

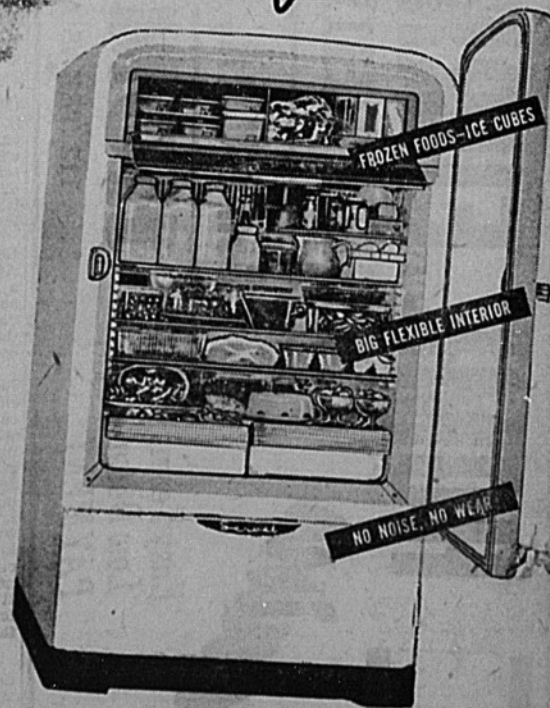

Only Servel freezes with No Moving Parts

Look at all the new refrigerators. Study them closely. You'll find there's only one that's really different... offers you more years of silent, dependable refrigeration. It's the Servel Gas Refrigerator.

That's because Servel operates on a basically simpler freezing system. It has no machinery to cause noise, no motor to wear, break down, need fixing. A tiny gas flame does the work. So owners find Servel stays silent, lasts longer. Many of America's almost 3,000,000 Gas Refrigerator users report that theirs are still on the job after 15, 18 and even 20 years.

But silence and longer life are only part of the story. The new Servels bring you every modern convenience, too. Plenty of ice cubes—easy to get at. Big frozen food compartment. Dew-action vegetable fresheners. Come in today—choose your new Gas Refrigerator from a complete line of beautiful models.

### Home Town BUILDER!

On the corner of Lynn and Ninth Streets in Slaton is located the spacious Drive-In Food Market which furnishes plenty of parking space for its customers. Owned and operated by Mr. H. C. Heinrich and Mr. B. H. Sokoll, the store was first opened in 1948 between Christmas and New Years. At the time of the opening Mr. Sokoll's partner was H. G. Schuette, but about a year and a half later Heinrich bought his part of the business.

The Food Market is a member of the Associated Groceries, a national organization for smaller grocery stores which entitles only its members to carry the Shurfine line of foods. The A. G. is not a chain organization; but by carrying the Shurfine Label, the smaller groceries can sell their merchandise at the same cheaper prices as the chain stores. Besides Shurfine, they also handle complete lines of other brands of foods.

The Drive-In partners buy home-killed meats only; and all their dairy products, ex-

cept raw milk which comes from in and around Slaton, are purchased out of Lubbock. Also, they carry a full line of fresh fruits and vegetables at all times of the year. "And we give free delivery to our Slaton customers," Mr. Heinrich pointed out.

Asked who their employees were, Mr. Sokoll smiled and answered, "Our only employee is H. R. Donaldson the butcher . . . but then both our wives work here, and we each have three children who occasionally help out."

Both Mr. Sokoll and Mr. Heinrich are long-time residents of Slaton, in fact you could almost call them settlers, since Mr. Sokoll came here in 1916 and Mr. Heinrich in 1917. Prior to the time that they went into the grocery business, they had been farmers. "Yes," Sokoll said, "I found out that I personally could do better as a groceryman."

In Slaton the Heinrich family lives at 950 W. Lynn, and the Sokolls reside at 235 So. 12th.

You must register at each place of business in order to have your name in the pot for the merchandise prizes.
