Easter Sunrise Services To Be Held By Three Local Churches

Three local Slaton Churches, First Methodist, First Christian, and Presbyterian, plan to observe Early Morning and Sunrise Easter Services Sunday, with the Presbyterian and Christian meeting together at the Christian Church building. All Slaton citizens are invited to attend these programs.

Early Morning Services will begin at the Methodist Church at 5:30 with organ music. "It is planned that our program will end just at sunrise in order to bring out the nearest effectiveness of the resurrection," Reverend Herring announced this week.

The eight-day Methodist revival, which has been in progress since April 2 and conducted by the local minister, will be concluded at this Sunday evening's service which will begin at 7:45. The regular morning service will begin at 10:45.

The Christian-Presbyterian Sunrise Service will begin at 6:00 Sunday morning. "The greatest day in the history of the world was when Jesus came forth from the grave. We wish to catch that great impression by coming to the Church at this early hour," Reverend Burns of the Slaton Christian Church said.

Further information concerning Sunday Easter services can be found in the Church Column on the Society page.

Edwards Child Dies At Home Wednesday

Howard Dewayne Edwards, four and a half year old son of Mr. and Mrs. Manning Edwards of Slaton, died Wednesday morning, April 5 at 6:25 after having been ill for some time.

Funeral services were held on Thursday afternoon at 2:30 in the Assembly of God Church with the Reverend L. C. Holt officiating, and burial was in Englewood Cemetery under the direction of Williams Funeral Home.

Survivors include his parents; two brothers, Haskell Don, 6, and Jerry, six months; one sister, Kay, 3; his grandmother, Mrs. M. H. Edwards, sr., and his maternal grandparents, Mr. and Mrs. W. A. Rodgers.

Annual P-TA Conference Theme To Be "We Build A World, Child By Child"

"We Build A World, Child By Child" will be the conference theme of the two-day Parent-Teacher conference to be held in Slaton April 13-14. Included on the Friday evening program, at which time State Secretary John Ben Shepperd will speak, will be music by the Slaton High School Orchestra from 7:30-8:00 directed by Vic Williams; National Anthem; Presentation of colors, Boy Scouts; Pledge of Allegiance, Boy Scouts; Invocation, Rev. O. B. Herring; Presentation of Conference theme, Mrs. E. S. Smith, district president, aided by students Slaton and J. T. Hutchinson Junior High, Lubbock—"My Leisure Time" by Doris Dudley and Shirley DeShazo, "My Work" by Grant and Susan Mowery, "My Friends" by Alice Prouty, "My Home" by Mary Lynn Shep-

Area-Wide Scout Camp Is Planned For April 21-22

An area-wide Boy Scout Camporee will be held at Indian Hill three miles north of Slaton on the Canyon Road April 21-22, according to information released this week by Howard Golden, chairman of camping and activities of the South Plains area.

The camporee will start after school Friday, April 21 and end Saturday afternoon, April 22. Indian Hill is one of the most adventuresome spots in Lubbock County, which makes it an excellent place for exploring and camping. Scouts are expected to come prepared to cook three meals, one as an individual and two as a patrol. Tents and camping equipment will be carried by each scout, as well as wood or charcoal to take care of the shortage of wood in that area.

There will be four scouting demonstrations for the benefit of the scouts, which will include charcoal cooking, nature hike, troop formations, and signaling.

Little Hen Lays Oversize Eggs

Atomic experiments have been effecting one of L. S. Jefcote's hens, or perhaps it strained itself looking for flying saucers. This particular little white hen has laid her third oversize egg since the first of the year and Mr. Jefcote says his three year old hen seems to be very proud of herself.

The last one, laid this week, was 7 1/2 inches one way by 8 1/2 inches the other, and the other two were even larger, said the poultryman. The white leghorn hen is three years old and has always been a good layer. If she keeps on Mr. Jefcote says he may incubate one or two of the eggs and see what happens. Maybe an ostrich, or perhaps, as this is near Easter, a rabbit or two may hatch out.

Mrs. Howard J. Maughan of Preston, Idaho, National Vice-President of the Parent-Teacher Association, and John Ben Shepperd, Texas Secretary of State, will be the principal speakers honoring the Annual Fourteenth District P-TA Conference to open in Slaton next Thursday, April 13.

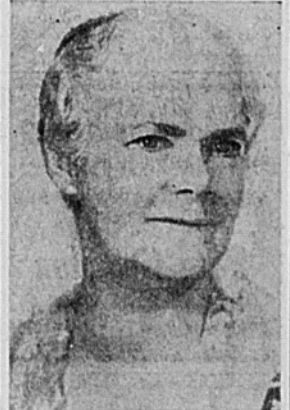

With the general conference theme to be "We Build A World, Child By Child," Mr. Shepperd's address to the group will be entitled "Today's Family — Tomorrow's World" and will be given on Thursday evening at 8:30 in the High School Auditorium. The public is invited to attend.

Mrs. Howard Maughan

Mrs. Maughan has been active in Parent-Teacher work since 1935, having served in district, state, and national positions. She attended Utah State Agricultural College, Keister Tailoring College, and Albion State Normal, after which she accompanied her husband as missionary to New Zealand, where she taught English at Maori Agricultural College in Hastings. Always active in church work since her early youth, she has been a teacher in various church groups for teen-agers and adults and spent nine years training adults for youth leadership.

Mrs. Maughan will speak before the Conference in the second general session at 10:45 Friday morning on the topic, "The Citizen Child."

Mrs. H. F. Godeke

Mrs. H. F. Godeke of Lubbock, State and District Parliamentarian, will be in charge of introduction of platform guests; and also during the workshop sessions she will present explanatory notes on parliamentary and P-T procedure.

Mrs. W. J. Kirkpatrick

Mrs. W. M. Kirkpatrick is the official District Recording Secretary. Mrs. Kirkpatrick is from Post.

One of the most outstanding speakers for the final Conference session will be Miss Amelia Anthony, director of Girlstown from Whiteface, Texas. Title of her talk will be "Girlstown, U.S.A." Miss Anthony will speak at 2:45 p. m. Friday.

Mrs. Lee Davis

Mrs. Lee Davis of Post will be in charge of voting credentials, as each year at this time District Parent-Teachers officers are elected. Mrs. Davis will also make a credential report during the final period of workshops at which time committee findings will be disclosed.

Mrs. M. E. West

Mrs. M. E. West of Lubbock, who is on the slate for vice-president of Lubbock and Hockley counties, will be in charge of conference program reports.

Another outstanding speaker of the Third General Session will be Miss Martha Graves, Associate Professor of Home Economics at Texas Technological College. She will speak on the topic, "Home and Family Life." Miss Graves is considered locally to be one of the best in her field.

Mrs. J. H. Moore

Also present for the Conference will be Mrs. J. H. Moore of Deport, Texas. Mrs. Moore is the State Parent-Teacher President.

Conference Committees Stage decorations for the P-TA Conference will be handled by Mrs. Howard Hoffman, Mrs. J. B. Caldwell, and Miss Ruth Cowart; and Thursday morning breakfast arrangements will be made by Mrs. Charles Marriott, Mrs. Cecil Self, Mrs. W. T. Wyatt, Mrs. Roy D. Meyers, Mrs. E. C. Custer and Mrs. W. H. Eaves.

Thursday luncheon arrangements (General Delegates) will be handled by Mrs. Magnus Klattenhoff, Mrs. Bruce Pember, Mrs. W. A. Wilke, Mrs. Henry Gore, Mrs. J. J. Maxey, and Mrs. W. D. Cooper.

Committee members for a Thursday tea will be Mrs. Sug Robertson, Mrs. George Privitt, Mrs. Otis Neill, Mrs. Bob Carter, Mrs. Clyde McGinley, Mrs. S. A. M. Cooper, Mrs. L. O. Lemons, Mrs. Edwin Haddock, Mrs. J. F. Richey, Mrs. Milton Davis, and Mrs. C. E. Hogue. The Life Membership Luncheon will be arranged by Mrs. R. M. Shepard, Mrs. Gus Clevenger, Mrs. Virgie Hunter, and Superintendent Lee Vardy.

Chief of Police Ernest Ward reported this week that there has been a considerable increase during the past three months of swindling by worthless checks, commonly known as passing of "hot checks."

Ward says merchants should be warned about taking checks from strangers without adequate identification, and he suggests driver's licenses as the best form of identification as it carries both the holder's name and a description. However, Ward continues by saying that identification is not always a safe precaution, and that merchants should know the exact residence of the party and where he can be found in case the check should prove to be bad.

Many merchants also make the mistake of accepting checks purely on the basis of knowing the person whose signature appears on the check. This, of course, is taking a chance if the merchant does not know the person holding the check since it could very easily be forged, felonious offense regardless of the amount for which the check is written.

Rodeo Is Slated April 13, 14, 15

Some \$1500 in prizes will be awarded to contestants in the Slaton Rodeo April 13, 14, and 15. It was announced this week by rodeo directors.

Scheduled to be held at the Slaton Roping Club arena, just back of the Lions baseball park, the rodeo will get off to a start next Monday morning with a good-will tour of the neighboring cities. J. A. Wise, one of the major suppliers of rodeo stock in the Southwest, will furnish all stock and entertainment features.

A \$1500 entrance fee will be charged for each event. Five events include saddle bronc riding, bare back riding, Brahma bull riding, bulldogging, and calf roping. The crowd will be entertained by a girls' barrel race, two clowns, a trick mule, and a girls' exhibition saddle bronc riding.

Mrs. H. R. Shelton Dies Early Monday

Funeral services for Mrs. H. R. Shelton of Slaton were conducted here at 2:30 p. m. Wednesday in the Methodist Church.

Mrs. Shelton, 78, died about 8:30 a. m. Monday at her home. Services were conducted by Rev. D. W. Reid of Post, assisted by Rev. O. B. Herring of Slaton, Methodist pastor, and Rev. J. T. Bolding, Slaton Baptist minister. Williams Funeral home of Slaton directed interment here.

Survivors include her husband, four sons, E. G. Shelton and Alvin Shelton, both of Slaton, Olin Shelton, Floyd, N. M., and Orto Shelton, Taft, Calif.; three daughters, Mrs. V. H. Melton, Lubbock; Mrs. L. C. Hill, Levelland, and Mrs. A. C. Burk of Slaton.

Davis - Smith Take Trustee Election

In the local election held Saturday, April 1 for two new school trustees, J. C. Smith, jr., and Robert Hall Davis were elected. Only one other candidate, George Brassell, appeared on the ballot. Only 154 votes were cast during the day, with 67 for Davis, 53 for Smith, who was up for reelection having completed the unexpired term of Fred Stephens, and 34 for Brassell.

HUBBERS-OKLA. INDIANS TO PLAY EXHIBITION SATURDAY

An exhibition baseball game between the Lubbock Hubbers and the Oklahoma City Indians will be played Saturday evening, April 8, in Lubbock at Rosenthal Field. Game time is 8:00 p. m. Under the sponsorship of the Lubbock Kiwanis Club, a certain percent of the gate revenue will be given to Girlstown. Tickets are on sale in Slaton at Teague's Drug Store.

Harris To Seek Attorney's Post

C. L. HARRIS

C. L. Harris, Lubbock attorney, Saturday announced his candidacy for district attorney of the 72nd judicial district, comprised of Cochran, Hockley, Lubbock and Crosby counties.

A. W. Salyars previously had announced as a candidate for the office. Salyars was assistant district attorney until Friday when he resigned effective as of Saturday to become a law partner in the firm of Brummett and Brummett, now to be known as Brummett, Brummett and Salyars.

A native of Dickens county, Harris, 41, was born and reared at McAdoo, but he was graduated from Lubbock High School in 1926.

He attended Texas Technological college, the University of Oklahoma and the University of Texas.

He began practicing law in 1938. He served as representative of the 118th district in the Texas legislature from 1937 to 1941. That district is comprised of Dickens, Kent, Scurry, Borden and Stonewall counties.

Immediately upon completion of his second term as representative, he moved to Lubbock to engage in the private practice of law, and he has been here ever since.

In announcing for the office, he issued the following statement:

"I consider the office of district attorney one of the most important posts in the four county area and one that requires the full attention of the man elected as chief prosecutor. If elected, I promise the people of this district that I will administer the laws of the state in a fair and equitable manner to the best of my ability and under no condition will favoritism or partiality be shown any group or class of citizens.

"I feel that I am qualified for the office, both from training and experience, and pledge, if elected district attorney, to enforce each and every criminal law and prosecute violators to the fullest extent. "I believe I have been a resident of the district long enough to know the moral standards of each community and of its citizens and will strive constantly to maintain them on a wholesome basis."

Neill, Turner Are Elected To Slaton Commission Posts

Otis Neill of Ward 2 and T. A. Turner of Ward 4 were elected commissioners here Tuesday in the city election that drew 83 votes.

Neill, running for re-election, defeated C. E. McCoy, 54-29. Turner beat L. O. Lemon, 43-39, to fill the vacancy of O. N. Alcorn who did not run again.

MOTHER OF DAN LILES IS BURIED MARCH 31

Mrs. A. J. Liles, age 84, a long time resident of Vernon, Texas, was buried in East View Cemetery, Vernon, Friday, March 31st. She was survived by four sons, Millard and Joe of Vernon, Leneard H. of Tucson, Ariz., and Dan of Slaton, one daughter Mrs. J. W. Cummins of Muskogee, Okla., one sister and two brothers, 21 grandchildren, 33 great grandchildren and one great great grandchild.

Mr. and Mrs. W. E. Smart had as their guests over the week end her sisters, Miss Laura Wallace and Mrs. Byrd Lelilyn.

See the new Cory automatic dishwasher at Ely Furniture.

It's all in the way you look at things. The optimist sees a donut, the pessimist sees a hole.

We give you following population estimates of Slaton and "Greater Slaton"—Slaton including communities within 18 miles of the city hall. These optimistic estimates come from several business and civic leaders of Slaton, and one from Lubbock.

C. H. Cale of Lubbock, manager of Southwestern Bell Telephone Co. in this area, has estimated that population within the Slaton city limits will fall between 5600 and 6000. Basis for his estimate is the number of telephone exchanges and also counting the delayed applications.

The Slatonite figure of 86,000 taken for "Greater Slaton" is taken from a slightly altered reading of the Sunday Avalanche-Journal population estimates.

J. J. Maxey, city secretary, says he believes the census will show Slaton to have approximately 6000 people living within the city limits.

Maxey bases his assumption on the number of water, gas and power connections in town and estimating the number of homes which are not connected for public utilities. "Considering that there are an average of four people in each family, there would be 5400 people here according to the water connections alone," Maxey explained.

"I'd say there will be approximately 5800 people, and I believe this to be a little high," says John Sims, manager of the West Texas Gas Co. Counting four to a family, Sims says the gas connections show a total of 5332, and he believes the unregistered homes will bring the total to around the 5800 mark.

There must always be at least one unauthentic estimate. With absolutely no statistical backing to help him, Santa Fe employee Allen Ferrell says Slaton's population will be 4129—even.

Slaton Chamber of Commerce Secretary P. G. Meading sets the Slaton population limit at 6200. Meading says he makes his estimate from school enrollment and utility connections, excluding telephones.

However, Slatonite Editor Jackson believes all these estimates to be pure guess work. He says that the best way to judge population is by measuring the number of gallons of sewage running through the city disposal plants—and since Slaton has no way of measuring this, no accurate estimate can be made. Jackson, who is considered one of the best at predicting the weather, refused to be quoted on any exact population estimate.

\$735 Netted From Boy Scout Drive

Slaton's annual boy scout drive, which has been underway for the past two months, netted approximately \$735, Travis Reynolds, finance officer, said this week.

Funds came from donations of local merchants and from membership dues. The money will go into a general fund which will be used for an over-all scout program.

"We wish to thank everyone who contributed to this cause and to all the businessmen who conducted the finance drive," Mr. Reynolds said.

Workers conducting the drive included P. G. Meading, Lewis Hollingsworth, Bud Englund, Bill Layne, Martin Collins, Lee Vardy, Ed Haddock, Jack Shepard, Bill Ball, George Brassell, Max Arants, Hack Lasater, H. D. Haley, J. E. Eckert, B. A. Hanna, and Glen Scroggins.

Last Rites Held For W. J. Hancock

Funeral services for Wilburn J. Hancock, 78, were held a 2 p. m. Monday in the Wilson Methodist church with the Rev. H. D. Seago of Seminole officiating. Rev. Howard Marcup, pastor, assisted in the services. Williams Funeral home directed interment in the Wilson cemetery. Hancock died Saturday afternoon of a stroke at the home in Wilson.

Mr. and Mrs. Royce Pember and girls of Portales, N. M., visited his parents, Mr. and Mrs. M. A. Pember, last week end.

West Texas Roundup

Oil play in the various fields in the area decreased during the past week. According to reports and applications filed with the oil and gas division of the Railroad Commission of Texas, six new completions and one new location were reported in the region.

In the Levelland field of Hockley County three new oil wells were completed. One new producer was added in the Slaughter field of Hockley County. Building permits for Hereford residences have already reached a third of the 1949 residential total, according to records in the City Hall, and not yet a fourth of the year is gone. All indications point to a year which might total 50 per cent more or close to a half million dollars worth of building for the present year.

Recommendations for the improvement of the Seagraves amusement arena were submitted this week to the commissioners court by a committee of local citizens who had been appointed for the purpose recently by the court. The improvements will be financed by bonds approved in a special bond election Feb. 27. Estimated for spending in Seagraves is \$12,500. Loop will get a similar amount and Seminole will be allowed \$25,000 for building facilities for an exhibit stadium.

In addition to the prize money of \$400.00 offered Lynn County 4-H and FFA club boys at the Lynn County Livestock Show in Tahoka last week end, the business and professional men of Tahoka and other interested citizens presented the boys with a total of \$1494.00 in the form of bonuses.

Due to the high cost of registered stock and the high cost of feed, the boys were not able in all cases to show a very great profit on their stock. These bonuses helped, it is hoped to encourage them in their projects. After all, agriculture is Lynn county's only business, and a few dollars spent with the boys may help make better farmers out of them in future years, it is pointed out.

A possible reduction in summer water costs was scheduled Monday night by the Levelland City Council for discussion at its next regular meeting night, the first Monday in April. Although a quorum was not present Monday night, the council heard a request from a Levelland Cemetery Association committee that water be piped to the new addition of the cemetery just east of the present plots. J. M. Stensas, bonding representative for R. A. Underwood and Company, also appeared before the council requesting permission to bid on any bonds voted by the city for paving and park building.

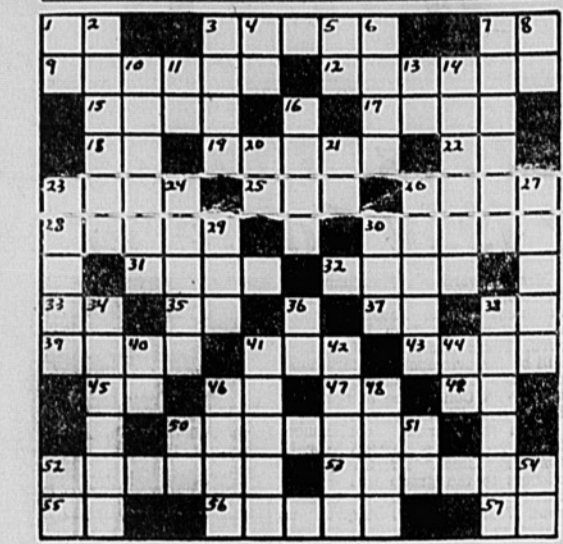

Plans for pre-spraying cotton in an effort to increase cotton production, thereby offsetting acreage reduction, were discussed here last Thursday at a meeting of Farm Home Administration committees of Terry, Gaines and Yoakum counties. The meeting was also attended by Dennis Q. Lilly, district FFA supervisor; William P. Sauer, assistant supervisor; Hugh G. Porterfield, agricultural experiment farm supervisor, and a Mr. Snowden, who represented a paint company dealing in the type of poison it is proposed to use.

Plans for the annual Junior Chamber of Commerce calf show to be held April 22 were announced this week by Lester Buford, general chairman of the show. Other members of his committee are R. N. McClain, who is calf superintendent, Jake Geron, swine superintendent, and Jim Foy, assistant chairman. Judge for the show will be Ray Mowery of Texas Technological college in Lubbock. Judging will begin at 1:30 p.m. April 22 with the auction following at 3 p.m. Keneth Bozeman of Lubbock will be auctioneer for the show.

The 8th annual Terry County Club Boys Stock Show sponsored by the Brownfield Junior Chamber of Commerce will be held April 22, with more than 40 4-H club and Future Farmers of America members expected to exhibit calves and heavy and light barrows.

Slaton, Flying Saucers And Future

Last week a group of people stood on the corner of the Slaton public square and in fancy, or in fact, saw what some of them claimed to be flying saucers.

One young man, who claims to have 20-20 vision said that he could find nothing but blue sky while several older men saw flying saucers doing their stuff all over the horizon.

It is probable that the Indians thought a horse just as preposterous, when they first saw one, as most of us consider the flying saucers today. If George Washington or Ben Franklin could come back to the world they would be as astounded with radio, television and automobiles as we would be if we knew there are such things as the flying saucers.

It has become a habit with the Government to keep secret many of the things that the men in leading positions in the Government know. If there are such things as flying saucers we should know it, if not then some one who is in position to know should come out and tell us.

If there are flying saucers they are not necessarily things of danger and whether there are or not the very idea might lead to someone producing faster and safer air transportation than the present style of air machines.

It does not pay to discount something that seems unreasonable and before you give the flying saucers the big horse laugh, better stop and think, perhaps they are something just as real as radio. Can you or anyone else explain radio waves? We know that they are there but how they got there, not even the most expert maker of radios nor the men who developed radio can tell you.

Let the flying saucers come, they may mean that man can become free of the limitations of this earth and can some day find what the great universe holds.

Is Slaton Lacking In Civic Pride

Quite frequently in the editorial section of the Slatonite we expound upon the need for encouraging local residents to take a more decided interest in beautifying our city, particularly regarding grass, flowers and shrubs.

Several civic councils in West Texas towns have taken action along this line to stimulate this interest, however Slatonites thus far have concentrated on larger projects and have failed to enter into any kind of competitive growing program. Beautiful yards and greenery never cease to be a pleasure for everyone; and the widespread atmosphere of comfort and leisure which well-cared-for yards and lawns give to a city is something we would like to see constantly spreading in Slaton.

Many towns even smaller than Slaton support garden clubs which are constantly working, in all friendliness, to produce something new which the other has not yet tried. Members of the clubs work together exchanging both labor and ideas.

A small local contest of some sort might be just the thing needed to start such organizations as this rolling. Perhaps a prize could be offered for the most attractive flower bed in town and perhaps another for the most unusual.

Although there are many other things which are actually more important to city welfare than flowers, the appearance of a town is still the first thing upon which strangers base their opinions—often the lasting opinion. While civic projects are dire necessities and demand the cooperation of all citizens, flower growing is something in which everyone can participate individually to help better the city as a whole.

How To Starve On \$10,000 Year

In President Truman's state of the Union message given in January, he boasted of the economic prosperity of the American people and predicted that fifty years from now the income of the average working man will be \$12,000 annually. He did not refer, however, to the fact that the dollar buys less today than it has since the administration of George Washington, nor did he qualify his rosy prediction of the future by warning that, if the dollar is not stable, it might take more than \$12,000 to buy what \$1,200 will buy today.

It takes \$100 today to buy what \$50 bought ten years ago. Unless a man's income is practically double what it was ten years ago, he can hardly boast of economic prosperity. And reference is made here only to the purchasing power of the dollar; it does not take into account the huge cut the Government takes out of every pay check for taxes, nor does it include the loss due to excise taxes and to the innumerable "hidden" taxes. In order to enjoy the same standard of living we enjoyed ten years ago, we have to earn at least double our 1940 income.

The purchasing power of the dollar determines not only whether a man must spend five cents or fifteen cents for a loaf of bread, but it also determines whether money saved and invested through the years will keep or lose its original value. A Government bond purchased for \$75 ten years ago is redeemable today for \$100. That, theoretically, is a profit of \$25. But with \$100 buying only what \$50 bought ten years ago, actually it is a loss of \$16 in purchasing power.

Inflation does not necessarily end in depression, but when the purchasing power of the dollar falls below a certain point the result cannot be anything but disastrous. As the value of the dollar falls, strikes for higher wages increase, and this results in still higher prices and the final result, of course, is lowering the purchasing power of the dollar. Fixed-income groups are caught in the squeeze, and the cycle begins again.

Of course we do not profess to be economists—the kind that determines exactly what should be done to justify this condition, however, it does seem that something need be done before the \$10,000 a year man begins to starve himself and his family to death.

QUOTES

It must be pretty tiresome and annoying to the Giver of all gifts to hear our "gimme" prayers, day after day. It might be more becoming—and effective—if we devoted half a prayer period now and then to saying "thank you." —Sara Roberta Getty, "Looking and Listening" American, Somerset, Pennsylvania.

My picture of contentment: The chimes were ringing in the church tower. I was peeling potatoes, while a pie cooled in the window sill. Grandma was upstairs listening to her favorite radio story, as she mended the overalls. One boy sat on the kitchen floor "licking" the baking pans, and another was in the yard, while his Daddy showed him how to use a fly rod. The dog lay in a square of sunlight on the porch. God's in His heaven: right with the world.—Katharine Piper, "Piper Pen Points" Herald Ledger, Eldora, Iowa.

I am figuring on organizing an association to question everything that Russia says. If she says she has a supply of atom bombs, I'll doubt it; if she says she ain't got none, I'll doubt it; if she says she's had a good rain, I'll doubt it; if she says she wants peace, I'll doubt it; if she says she wants war, I'll doubt it; not quite as much. As far as I'm concerned, Russia is now the character which every town has one of, the man who has lied so much and so long and so unreliably that nobody pays

any attention to him any more.—H. B. Fox, "Circleville Philosopher" Times, Taylor, Texas.

Man and woman certainly cooperate with cause and effect. When she gains size, he goes around more; and when he loses principal, she loses interest. — J. O. Jewett, "Column Left" Republican, Fairfield, California.

I don't care whether it's a business association, a labor union, a political party, or a church—all are guilty of the sin of talking to themselves. Democrats attend Democratic meetings, Republicans turn out for Republican rallies, union members go to their meetings, and the business people attend theirs. They all usually invite, and applaud, speakers they already agree with, and the speakers feel gratified because they evoke hearty applause. But nobody has had his opinions challenged, nor his beliefs questioned. — Chaplin Collins, "Chaplain's Column", Vidette, Montesano, Washington.

Let's Go To Church Sunday

EVERY SUNDAY . . . Easter is more to every grateful heart than the thrill of wearing smart new clothes . . . more than gladness that the long Winter is over and Spring has come again . . . more than looking forward to the full blooming of a happy Summer!

It is the renewal of hope in every heart that life can be good, a renewal of faith in the future, an acknowledgment of the joyous reassurance in those immortal words, "Let not your heart be troubled, neither let it be afraid." The glorious words that have rolled down the centuries bringing solace and relief to the burdened, are needed in today's confused and anxious world. To Him who said them, let us pay the tribute of our presence in His House. He is Risen! Come to Church on Easter!

A GENERAL MOTORS VALUE

Athenian Club Has Art Craft Program

"Arts and Crafts in the Home" was the general theme of the Tuesday evening meeting of the Athenian Club held April 4 in the home of Mrs. Norman Spears.

Talks given by Mrs. Bob Fondy and Mrs. Milton Fields included information on Block Printing, Stencil Work and Flower Arrangements.

During the business meeting the group decided to hold a bake sale Saturday, April 8.

Refreshments were served to sixteen members. Next regular meeting will be held April 18 in the home of Mrs. W. T. Davis, jr.

W.O.W. Changes Meeting Dates

Woodmen of the World members voted in their last session to change the meeting nights to the second and fourth Tuesday nights of each month.

The group also decided at the last meeting to have a pie supper Tuesday, April 11 which will be a regular meeting night. Each member and his family are urged to be present and bring two or more pies.

MRS. FORREST WILL BE CONVENTION DELEGATE

Mrs. S. S. Forrest, sr., of Slaton will attend the Continental Congress of the Daughters of the American Revolution in Washington, D. C., April 16-21.

Mrs. Forrest will be regent's alternate delegate of the Daniel McMahon chapter of Athens, of which she is a charter member and still holds membership, although she has lived in Slaton for the last seven years.

Midshipman, First Class James W. Marsh, USNA, son of Mr. and Mrs. Harry L. Marsh of Slaton, has been appointed a company officer in the Brigade of Midshipmen at the Naval Academy, Annapolis, Md. Midshipman officers are selected for conduct, academics, aptitude and leadership.

Mon. To Be P-TA "Father's Night"

"Father's Night" will be observed Monday evening at 8:00 in a meeting of the Elementary Parent-Teacher Association which will be held in the West Ward Auditorium.

Jack Shepard will act as chairman and the room with the most fathers present will be given a picnic.

Included on the program will be music by the High School band. Mrs. Ray Parks will present a safety skit, Mrs. A. C. Strickland's room will present a pantomime entitled "Thrilling Western," and Mr. J. H. Freeland will speak on "Team Work and Social Adjustment."

Jr. Culture Club Sees Cuban Slides

Miss Cora Sealy was hostess for the Tuesday evening meeting of the Jr. Civic and Culture Club which met in the home of Mrs. Lee Wootton at 730 W. Lubbock.

Mrs. Haskell Lasater, program chairman for the meeting, showed colored slides taken by her and her husband last spring during their trip to New Orleans and Cuba.

Nineteen members and three guests were present for the meeting. Guests included Mrs. Robyna Collins and daughter Gemella of Cleburne, sister of Mrs. Lasater, and Mrs. Lee Wootton, sister of Miss Sealy.

The group will meet again April 18 with Mrs. V. G. Browning as hostess.

CIVIC-CULTURE CLUB TO MEET IN HAYES HOME

The Civic and Culture Club will meet Saturday, April 8 in the home of Mrs. R. O. Hayes rather than in the home of Mrs. C. L. Heaton as is listed in the year book. "Woman in Bible Times" will be the program topic with Mrs. S. S. Forrest as program chairman.

News Of Churches In Slaton

Christian Church To Have Easter Sunrise Service

The First Christian Church will have its Easter Sunrise service at 6:00 a. m. Easter morning. The service will begin promptly at 6:00 in order to close on time. "Easter Testimony" as told in word and song will be presented. "The greatest day in the history of the world was when Jesus came forth from the grave. We wish to catch that great impression by coming to the Church at this early hour," Reverend Burns of the Slaton Christian Church said this week.

"We are using two big Easter scenes this year to create the setting for worship," Burns continued. "The choir loft will be built into a beautiful Spring color with blue lights playing over this scene. Then to the right and to the left of platform will be these two big Easter scenes. All of the lights in the house will be dimmed for the occasion. We invite you to come and worship with us."

Presbyterians To Meet With Christian Church

Members of the local Presbyterian Church have been invited to attend the Sunrise Services to be held Sunday at the Christian Church. Reverend George Hudges and other members of his church are helping in the service.

Program for the service will include:

Song "In the Garden;" Scripture reading and prayer, Rev. Hodges; Song, "Tis Midnight in the Garden;" Reading, "What John Saw and Heard in the Garden;" Song, "Jesus, Lover of My Soul;" Reading, "What Claudia Experienced during Passover Night;" Song, "The Old Rugged Cross;" Reading, "What the Roman Centurion Wrote to his Friend;" Song, "Jesus, Keep Me Near the Cross;" Reading, "What Joseph's Daughter Met with in her Father's Garden;" Song, "Christ Arose;" Reading, "What Mary Magdalene Encountered at the Tomb at Dawn;" and the final song, "Jesus Saves."

Girls' Class

The Fourteen-Year-Old Girls' Sunday School Class of the Slaton Baptist Church visited the 950 Club in Lubbock Thursday afternoon, March 30 from 5:00 p. m. until 5:30 p. m. Late that afternoon they had a picnic in Mackenzie Park and later played miniature golf. Members of the class attending were Patsy Mosley, Janice Greer, Betty Green, Waynette Bell, Barbara McGinley and Jolene Owens. They were accompanied by their teacher, Mrs. Willard Childers.

Mrs. Fraschon Is Honored Tuesday On 76th Birthday

Mrs. G. P. Fraschon was honored Tuesday evening, April 4 on her 76th birthday. The surprise birthday party, which was given by friends and relatives, was the first party of this type which Mrs. Fraschon has ever had.

Born near San Antonio in 1874, Mrs. Fraschon came to Slaton in 1914. She is the mother of four children including three daughters, Mrs. Pearl Pinckert, Mrs. George Jones, and Mrs. Jim Foley of Fort Sumner, N. M., and one son, Bill Fraschon.

Pioneer Club Has Program From A Modern Kitchen

"Drippings From A Gourmet's Spoon," Monday evening program of the Daughter's of the Pioneer, was centered around ideas in cooking and around the kitchen as an individual room of the house.

Meeting in the home of Mrs. J. S. Edwards, jr., Mrs. Bill Hendrick and Mrs. Garland Swann presented the program. Mrs. Hendrick's talk, "Come Into Our Kitchen," consisted of a profile of today's modern kitchen, complete with all the latest electrical equipment. She also gave suggestions of how to make the kitchen a part of the home, rather than an isolated room.

Along the cooking line, Mrs. Swann gave several recipes which have come from various restaurants and taverns throughout the country. Many of these restaurants are famous for their particular recipes and dish preparation. Also in her talk, Mrs. Swann told of some of the ways certain foreign countries eat and how they differ from the American customs.

Cotton Evening Dress for Spring

Broad, tri-colored panels in the skirt and a high, choker-type collar on the halter blouse give this evening ensemble a regal air. Made by Lotte of Detroit from Wesley Simpson's "Rustler" cotton. It was selected by Cosmo-politan magazine editors for a spring wardrobe. The skirt, cut full and long, comes in gray-chartruese-white, or gray-navy-mauve and sells for about \$25. Another \$8 buys the blouse, which buttons to the waist and is in gray, chartruese or mauve solid colors.

G.I.'s Must Begin Training Before July 25, 1951

The deadline for most veterans for starting a course of education and training under the GI Bill is 15 months away—on July 25, 1951.

A Veterans Administration regulation, issued recently by the Lubbock Office states that the majority of veterans will not be permitted to begin GI Bill courses after July 25, 1947, and those who enlisted or reenlisted under the Armed Forces Voluntary Recruitment Act, according to an announcement made by Robert W. Sisson, VA Regional Office Manager.

July 25, 1951, however, is not important to veterans who have started and actually are pursuing GI Bill training on that date, as they have the right to continue their courses.

The VA regulation explains that a veteran who has started a course and who has continued in it will be considered to be in training, even though he has temporarily interrupted the course for the summer vacation or for other reasons beyond his control.

Once a veteran completes or discontinues his program of GI Bill training after the 1951 date, he may not start another course.

Dr. and Mrs. W. E. Payne visited in Houston the latter part of March with their daughter and son-in-law, Dr. William Knight and Dr. Beatrice Knight. Their five-year-old granddaughter, Susan, returned to Slaton with them where she is still visiting.

Anson Little won first place in the heat race in the junk car contests last Sunday and third place in the main event. Jack Morris won third place in one of the events held last Sunday at Buffalo Lakes.

Mrs. J. E. Craft and son Jimmie have returned to their home in Long Beach, Calif., after visiting Mrs. Crafts sister, Mrs. Jack Stone and Mrs. Crafts mother-in-law and father-in-law, Mr. and Mrs. Lon Craft.

Bruce Pember went to Dallas the first of the week on business.

Southland Lions Build Sidewalk

The Lions Club of Southland, which has been organized only a few months, has already begun to work on civic projects which the members feel necessary and worthy. Recently they have completed the construction of a 225 foot concrete walk leading from the local school building to the lunch room and gym.

C. S. Lindsey, Superintendent of Southland Schools says, "We would like to take this means to express our appreciation to the Lions Club. They should be highly commended for their progressive moves in the Southland community."

THE STATE OF TEXAS

TO: John M. Bond, and the unknown heirs and legal representatives of the said John M. Bond, if he be deceased.

Defendants, Greeting: You are hereby commanded to appear before the Honorable 72nd District Court of Lubbock County at the Court House thereof, in Lubbock, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 1st day of May A. D. 1950, then and there to answer Plaintiff's Petition filed in said Court, on the 15th day of March A. D. 1950, in this cause, numbered 17778 on the docket of said court and styled Ance M. English, Plaintiff, vs. John M. Bond, et al. Defendant.

A brief statement of the nature of this suit is as follows, to-wit: Plaintiff alleges that heretofore, to-wit, on or about the 1st day of January, 1950, he was lawfully seized and possessed of the following described land and premises situated in Lubbock County, Texas, to-wit:

All of Lots Nos. 11 and 12 in Block No. 2 in the Garland Subdivision of said Block No. 2, of the Roberts & McWhorter Addition to the City of Lubbock, Lubbock County, Texas, holding and claiming the same in fee simple; that on the day and year last aforesaid the defendants unlawfully entered upon said land and premises and ejected plaintiff therefrom, and now unlawfully withhold from him the possession thereof, to his damage in the sum of \$1000.00, and that the reasonable annual rental value of said land and premises is the sum of \$100.00.

Plaintiff prays judgment for the title to and possession of the above described land and premises, and for his rents, damages and costs of suit, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Lubbock, Texas, this the 15th day of March A. D. 1950.

THE STATE OF TEXAS

TO: C. L. ALDERMAN, if he be living and if he be deceased, then the unknown heirs of C. L. Alderman Defendants, Greeting:

You are hereby commanded to appear before the Honorable 99th District Court of Lubbock County at the Court House thereof, in Lubbock, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 8th day of May A. D. 1950, then and there to answer Plaintiff's Petition filed in said Court, on the 22 day of March A. D. 1950, in this cause, numbered 17795 on the docket of said court and styled J. B. HUCKABAY Plaintiff, vs. C. L. ALDERMAN ET AL Defendants.

A brief statement of the nature of this suit is as follows, to-wit: That this is a suit to try title as well as for damages. On February 15, 1950, Plaintiff was and still is owner, under deed duly registered more than five years preceding the filing of this suit, of the following described property to-wit:

All of Lot No. Eleven (11) in Block No. Four (4), South Slaton Addition to the Town of Slaton, Lubbock County, Texas.

On February 15, 1950, plaintiff was unlawfully seized and dispossessed by defendants of said property.

Plaintiff claims title under five year statute of limitations and/or ten year statute of limitations. Plaintiff prays for title and possession of above described premises, cost of suit, and such other and further relief that he may be justly entitled, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs. If citation is not served ninety days after issuance, it shall be returned unserved.

Issued and given under my hand and the Seal of said Court, at office in Lubbock, Texas this the 22 day of March A. D. 1950.

THIS And THAT
FROM
HERE And THERE

PAYS TO BE POLITE — To reward salespeople for courtesy, some firms have bonuses, some customers use "tips." Courtesy is supposed to be a part of a person's make-up, as is honesty, and is considered essential in a gentleman and gentlewoman. A child is trained to be courteous with the learning of "thank you" and "please." Courtesy is not always easy, especially when needed in dealing with the public through the medium of selling. Salespeople are daily called upon to face exacting circumstances where being sympathetic and attentive is a strain. The woman who tries on scores of hats and doesn't buy, who tries on scores of dresses and is "only looking," who tries shoes and shoes and "will look around," tests a clerk's patience. Courtesy is an important factor in business, to the store, the shopper, but especially to the salesperson. Courtesy can be its own reward without tips and bonuses to repay it. Courtesy brings satisfied customers and that brings more business and more business should mean advancement for the courteous salesperson. We have long felt that tipping has helped to break down courtesy in service. An employer should pay help enough that they need not depend upon the customer's gratitude to meet the salary. This tends to make courtesy something that is purchased through charity. Courtesy is a part of every job, not a tap that is turned off and on as running water only when it is going to pay off. — The Brownfield News.

NOT NEWS—All in all, it must have been a sizzling conversation. For the fire department was called shortly after 8 o'clock Tuesday morning to "put out" a burning telephone. Firemen answered the alarm at the residence of Mr. and Mrs. L. W. Minor, 520 West Fourth street. "When we got there," said Fire Chief Bob Cox, "the phone was smoking like a tea-kettle." The fire was stymied when the phone connection was jerked loose from the wall. "In my 25 years with the Littlefield fire department, it was the first time I was ever called upon to extinguish a telephone fire," Cox grinned. However, the telephone did turn in its own alarm—ringing incessantly of its own accord for several minutes before it started smoking. —County Wide News, Littlefield.

PROPELLOR SAUCER—Brownfield's first report of a "flying saucer" came Friday afternoon when Mrs. A. Hall of 902 North Second street called the Brownfields News to report that her son, Hubert Lee Hall, 17, had seen an object resembling an airplane propeller high overhead and travelling northward at a rapid rate of speed. Young Hall, who is employed by the Tri-County Clay company, said the object was of a silver color and was moving with a whirling motion. He said he saw the object for a period of several seconds while on his way home, but when he called other members of the family to take a look, it had disappeared. He said the time was about 2 o'clock when he first sighted the object. — Brownfields News.

STRICTLY SPEAKING — Two guys were out quail hunting on Sunday. One allowed that they could be lost for hunting instead of attending church on Sunday. The other was, however, more optimistic, "I could have been at home with a sick child instead of church."

Much complaint from social sources have come to the fore about "crime" funny books now on sale at most places. And we might add in some instances some juveniles have acknowledged that they had their inspiration from

Contending Earnestly
For The Truth

"Will a man rob God? Yet ye have robbed me. But ye say, wherein have we robbed thee?" Malachi 4:8.

There are several things man has robbed God of, so let us consider a few in this brief article. First, since God is worthy of our trust, man who has not believed him has robbed him of a right and just place in his heart. Also, the man who is living in sin, who is not serving and worshipping God compatible with truth, is robbing God of a fruitful life. Again, as men have devised, and are teaching for doctrine their own philosophy, they have robbed God of the right and just place of his word in man's heart and life. Finally, men who continually enjoy God's rich material blessings—food, clothing, houses, money—have robbed God of money when they have failed to willingly and joyously and liberally support the cause of Christ on earth.

Blessed is the man who in the light of truth sees what he is doing.

Mason-Lester Marriage

Miss Dorothy Nell Mason, the daughter of Mr. and Mrs. Robert Mason of Post, became the bride of Billy Lester, son of Mr. and Mrs. W. P. Lester on Tuesday, March 24 in Lubbock.

The Reverend A. O. Graydon, Methodist minister, performed the ceremony at 2:00 p. m. in his home at 2205 20th St.

The bride wore a navy suit with pink accessories and a corsage of pink glimalias.

Miss Joy Mason, maid of honor and cousin of the bride, wore a grey suit trimmed in navy with navy and white accessories and a white carnation corsage. Winston Lester attended his brother as best man.

The couple left after the ceremony for a trip to Galveston.

They will live on a farm in the Gordon community.

Mrs. Lester is a graduate of the Post High School, and the bride-groom is a graduate of Southland High School.

Mr. and Mrs. L. B. Hambricht celebrated their 28th Wedding Anniversary Sunday. They went to Lubbock where they were joined by her sister and brother-in-law, Mr. and Mrs. J. W. Phillips, and the group then attended the open house of Girlstown.

"Standard Matched"

With softwood flooring, "standard matched" means that the upper lip of the groove is thicker than the lower. The thickness of the lower lip is the same for all standard thicknesses of flooring, and hence the difference between the upper and lower lip becomes more pronounced in the heavier thicknesses.

New Landing Gear

Crosswind landing gear, newly developed for airplanes, enables the pilot to land into the wind even when the wind is at an angle to the runway, says Carl Markwith in the National Geographic Magazine. A casterlike device inside the wheels brings them automatically into line with the runway when they touch the ground.

THE STATE OF TEXAS

TO: Leon Edward Studeman, and the unknown heirs and legal representatives of the said Leon Edward Studeman, if he be deceased.

Defendants, Greeting: You are hereby commanded to appear before the Honorable 72nd District Court of Lubbock County at the Court House thereof, in Lubbock, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 1st day of May A. D. 1950, then and there to answer Plaintiff's Petition filed in said Court, on the 15th day of March A. D. 1950, in this cause, numbered 17777 on the docket of said court and styled Joe N. Nislar Plaintiff, vs. Leon Edward Studeman, and the unknown heirs and legal representatives of the said Leon Edward Studeman, if he be deceased, Defendants.

A brief statement of the nature of this suit is as follows, to-wit: Plaintiff alleges that heretofore, to-wit, on or about the 28th day of February, 1950, he was lawfully seized and possessed of the following described land and premises situated in Lubbock County, Texas, and being more particularly described as follows:

Being a part of Lot No. 2 in Block No. 3 in Alta Vista Acres, an Addition to the City of Lubbock, and described by metes and bounds as follows:

BEGINNING 250 feet East of the Northwest Corner of said Lot No. 2 in Block No. 3;

THENCE East 250 feet to the Northeast corner of this tract;

THENCE South 302.5 feet to the Southeast corner of this tract;

THENCE West 250 feet to the Southwest corner of this tract;

THENCE North 302.5 feet to the place of beginning;

holding and claiming the same in fee simple; that on the day and year last aforesaid the defendants unlawfully entered upon said land

and premises and ejected plaintiff therefrom, and now unlawfully withhold from him the possession thereof to his damage in the sum of \$1000.00, and that the reasonable annual rental value of said land and premises is the sum of \$100.00.

Plaintiff prays judgment for the title to and possession of the above described land and premises, and for his rents, damages and costs of suit, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Lubbock, Texas, this 15th day of March A. D. 1950.

Renewing Porch Rugs
To renew grass or fibre rugs of the type frequently used on porches, coat them with regular exterior house paint, thinned to the consistency of stain with turpentine, in the proportion of one part turpentine to four parts paint. A 9 x 12 rug will require approximately three quarts of paint and one and a half pints of turpentine.

36,000 Telephone People Will Get Raises This Year

Telephone rate increases so far in this state have lagged far behind rising operating costs and have even failed to cover the current cost of wage increases already granted.

This has been a big factor in pulling down the company's rate of earnings to the lowest level in its history.

Obviously, any further increase in wages beyond those already provided in existing contracts, will have to come from pockets of telephone customers.

Under existing contracts, which the company has offered to continue, 36,000, or three out of every four telephone people, will get raises this year. Averaged over all employees, these raises will amount to \$2 a week per employee.

Unlike most industries where an employee must wait for a vacancy to get a higher-paid job, telephone people receive regular, scheduled raises from the day they start until they reach the top rate for their jobs.

Basic wage rate increases have more than kept pace with increased costs of living. Since January, 1941, telephone wages have gone up 94 per cent... while the cost of living has increased only 66 per cent in the same period.

The company's Benefit and Pension Plan, long recognized as one of the best, was improved in November to provide pensions of at least \$100 a month, including social security, at age 65 after 20 years' service. Actually, many employees will get substantially more.

The Plan also includes liberal sickness benefits—up to a year's full pay depending on length of service—plus disability, accident, and death benefits of as much as a year's pay. The plan doesn't cost employees a dime.

Telephone people enjoy one to three weeks' paid vacation. Also, they get seven holidays a year with pay.

HOW DO THESE EARNINGS LOOK TO YOU?

The real test of telephone wages is how they compare with those paid in the same communities for jobs requiring similar skill and experience. Here are average weekly and annual earnings of telephone people.

by
A.M.J.

Sug Robertson is beginning to
 get bothered about the weather
 and although he asks me every
 once in a while what I predict he
 prefaces his remarks with the no-
 tation that while he has very little
 confidence, if any, in my predic-
 tions, he would like to know what
 they are.

Last week he said, "Not that I
 believe you know what you might
 be talking about, but when do you
 think it will rain?"

When I told him that I sincere-
 ly believe that we will have a good
 rain in the early part of April he
 said that he certainly hoped I had
 something on the ball that he
 could not fathom.

J. S. Edwards, jr., is telling that
 when Howard Swanner was in
 Florida that it rained on him real
 hard once and that it was such a
 shock that it took two buckets of
 sand to revive him. Personally I
 do not take much stock in such,
 especially about anyone in the
 banking business.

My cockles, at least I think it
 was my cockles, got all stirred up
 last week when my wife told me
 that Mrs. S. S. Forrest wanted my
 advice on when to plant sweet
 corn. After years of hard pushing
 I have now become known, at least
 to one person, as a garden expert.

If not a garden expert, I at least
 am recognized as knowing some-
 thing about the life and habits of
 sweet corn, and you need not
 think I am going to pass up this
 wide open opportunity to dish out
 knowledge, gained after years and
 years of petting, hoeing and tend-
 erly caressing sweet corn.

Here it is: It's too early to plant
 sweet corn, wait until the weath-
 er gets nice and warm, warm
 enough to make the sweat run
 down the back of your ears, when
 you stir around a bit, and it's a
 good idea to plant it in several
 plantings, if you have room enough
 to do so. Make the plantings about
 two to three weeks apart so that
 when it starts ripening it will not
 all get ready to eat at the same
 time.

Personally I think a hybrid Yel-
 low Bantam is the best to plant.
 It grows in small ears on a ban-
 tam stalk that grows about three
 feet high, it has very small cobs
 and it is usually a foot race be-
 tween you and the worms to see
 which one will get most of the
 corn.

I've read a lot of stuff about
 how to keep the worm out, in-
 cluding taking an oil can and
 squirting mineral oil on the
 tassels as soon as it is formed, but it's
 a waste of time. The best thing to
 do is to shake the worms out and
 eat what they leave. If you ever
 get a taste of yellow bantam you'll
 leave the roasting ears to what
 few horses there are left and to
 folks with buck teeth.

It is hard for me to get adjust-
 ed to the new value on things.
 Every once in a while I find some
 one who is talking up in the
 thousands and tells about some-
 one buying property around here
 at prices five and six times as
 much as I could have bought it
 ten years ago, only I didn't have
 the money to buy it then and still
 don't even if it were at the 1940
 price. However, I have a real nice
 time digging into my pockets and
 getting out letters that I had stor-
 ed away since last January with
 the expectations of answering
 them, and figuring out on the back
 of them how much profit I could
 have made if I had possessed the
 money to buy the property and
 had done so if I had had the
 money.

This is a very pleasant pastime
 and can be enjoyed by most any-
 one. Why don't you try it some-
 times.

And while I'm on the subject of
 money it seems to me that even
 the most conservative folks are
 spending money like it can be pick-
 ed off of trees. Most every one
 who comes into the Slatonite of-
 fice hands us twenty dollar bills
 to buy ten and fifteen cent items,
 and it seems very common place
 to pay twenty dollars for a pair of
 pants, fifteen dollars for a pair of
 shoes and ten or twelve for a hat.
 Well, object is no money to me

and I just get bug eyed when the
 farmers come in and pitch money
 around like it were baled hay.

We have been experimenting
 quite a little with things to eat
 at our house including some stuff
 called dog candy for the Cocker.
 Tried some frozen shrimp sev-
 eral days ago and if you can stay
 in the house long enough to get the
 stuff cooked and can forget how
 it smelled long enough to eat it
 after it comes on the table it is
 better than the forty cent servings
 you get at snooty restaurants.

My wife also has been making
 cakes out of some stuff that comes
 in a little box, to which she adds
 an egg or two, gives it a couple
 of flips with a spoon and there you
 are.

The finished product is not as
 good as what I remember that
 mother used to make, but if you
 like cake as well as I do and can-
 like it any other way it makes
 it worth the effort. Perhaps you
 can get results if you promise to
 wash the dishes after she has mes-
 sed up every one in the house mak-
 ing the stuff.

The dog candy worked fairly
 well for a while but our pooch
 won't take a crumb or two of it
 in place of the nub of a T-bone
 steak and I can tell you right now
 that its no use trying to fool a
 dog.

Ernest Ward, Chief of Police,
 made a talk at the Rotary Club
 last week and said things are not
 near as peaceful around Slaton as
 one might be fooled into believ-
 ing.

He blames fifty per cent of the
 trouble to liquor and he says that
 they have more trouble from folks
 who are half lit than they do from
 those who get completely drunk
 and pass out. Which brings us to
 the conclusion that it would be
 better for folks to quit drinking
 altogether or get completely sous-
 sed in as short a time as possible.

Garden Robbers
 Weeds are garden robbers; they
 rob plants of water, plant food
 space and light.

Strange but True
 There are ten states that have a
 smaller population than Wash-
 ington, D. C.

Slaton Women Give Their Favorite Tested Recipes

This week's recipe, another dessert, comes to us from Mrs. Allen Ferrell. Almost everyone from the youngest to the oldest likes desserts made of cherries, and for this reason we feel that Mrs. Ferrell's recipe will be one which will prove to be a favorite of the entire family. Ingredients for her Cherry Tarts recipe call for:

The filling:
 1 cup granulated sugar
 1/4 teaspoon salt
 3 tablespoons flour
 1/8 teaspoon almond extract
 2 cups pitted pie cherries
 Mix together the sugar, salt, flour, and extract. Add cherries, mix well, and put into unbaked individual pastry shells.
 Pastry ingredients call for:
 1 1/2 cups sifted flour
 1/2 teaspoon salt
 3 tablespoons water
 1/2 cup shortening
 Sift flour and salt together in bowl. Take out one-fourth of this mixture, and blend the water into it to form a paste. Cut the shortening into the remaining flour until mixture resembles coarse meal. Add flour paste to flour mixture. Mix thoroughly until dough comes together and can be shaped into a ball. Roll on lightly floured board to 1/8 inch thickness. Cut into small rounds and shape into muffin tins. Put cherry mixture, as directed above, into the unbaked pastry shells. Bake for 10 minutes in hot oven (450 degrees F.) then reduce to a moderate oven (375 degrees F.) for 30 minutes. Top each pie with vanilla ice cream or whipped cream just before serving. Makes six 3 inch tart or patty shells.

For the past two and a half years, Mrs. Ferrell has been a "faithful servant" of the West Texas Gas Company of Slaton, and

"All King's Men" To Show Here For Two Days, 12 - 13

It happens now and then. *The Best Years Of Our Life* was an example. *Going My Way* was another. So were the *Jolson* pictures. They burst like rockets across the country and millions of mov-

ie-goers are made happy. Another is just around the corner—a brilliant, merciless study of ruthless "big shot," his morals, manners and women... of the gamblers and crooks who fought to destroy him. The title is *All The King's Men*... the great Pulitzer Prize novel by Robert Penn Warren... produced and directed by Robert Rossen.
All The King's Men is a vital, very great motion picture. You should see it. Its like may not come this way again.
All The King's Men will be showing at the Slaton Theatre Wednesday and Thursday, April 12 and 13th.

CHICK CHATS

Presented By Dr. Salsbury's Laboratories

Feeding Practices In Chick-Raising

When the subject of feeding practices in chick-raising is mentioned, it's likely to set off considerable discussion in a group of poultrymen. Because most every poultryman has his own preferred rations and choice methods, the years have brought many good—and some poor—feeding practices into use.

With this large variation in the field, it is difficult to concentrate on any established feeding plan. However, the procedures mentioned here have been used successfully for many years, and they are highly recommended to poultry raisers.

First, baby chicks should be given feed and water within 36 hours after they are hatched. Strong, well-hatched chicks can usually go without feed or water up to 72 hours, but the strain is too much for the smaller and weaker chicks, and many of them die.

Trough Feeders
 Baby chicks should have feed easily accessible, and plenty of feeding space, so that they will learn to eat readily. Small trough feeders from 2 to 3 inches deep and 4 to 5 inches wide made of wood or metal may be used during the first few days. Trough feeders should have wire guards or a reel to prevent the chicks from getting into the feed. Protected feeders prevent waste and keep droppings out of feed.

One inch of feeder space should be allowed for each chick up to 4 weeks of age. Then the space should be increased to 2 inches.

As soon as chicks have learned to eat out of feeders, the feeders should be elevated slightly. A block 2 inches thick can be used at first, and higher ones later.

Protein Requirements
 Good chick mashes contain about 20 per cent protein and may be fed throughout the rearing period. No grain is fed during the first month, with the possible exception of the first two days, when some poultrymen prefer feeding grain and no mash. All-mash feeding during the first month is recommended because protein requirements of chicks are high at this time.

It's also advisable to give fine, insoluble grit from the start. This can be done by spreading small amounts of grit on mash or by mixing it in the feed. Later, it is best to keep it in separate containers. Oyster shell and fine limestone grit should be provided after the chickens are 4 months of
