

# No Morale Problem At State Hospital

If any morale problem exists at the Big Spring State Hospital, it is not apparent on a casual tour of the facilities.

Although the institution is not one of cheerfulness by nature, patients suffering from mental illnesses appear for the most part to be contented and highly appreciative of the treatment and care they receive.

And, so far as they are capable, patients indicate that they hold high respect for the administration of the hospital. This condition is expected to continue, despite the fact that the hospital is undergoing a change in the chief executive's office.

Dr. Samuel A. Hoerster, who had served as superintendent of the

Big Spring State Hospital since May 1, 1952, is now working temporarily as medical director for the state system of hospitals and special schools. Upon his departure last Sunday, Dr. Roy C. Scott, clinical director of the hospital, became acting superintendent here.

Newspapermen who accompanied Dr. Hoerster and Dr. Sloan on a brief tour of the facilities recently were surprised at the personal interest which the administrative heads held for patients.

The patients were greeted on every hand by their first names. And merely a fleeting word with the doctors apparently buoyed their spirits.

Such conversations, although necessarily brief, always were of a personal nature.

"How was lunch today, John?" "Was your headache any better last night, Mary?"

Such insignificant greetings never failed to bring enthusiastic response.

Some patients gathered at the entrances, to speak another word or get a bit of advice from the departing physicians. Even the most persistent were treated courteously — but firmly.

Effort is made to keep the aged and physically infirm up and around as much as possible. Dr. Sloan said, explaining that an old person, "when he goes to bed, usually dies."

Both old and young mingled freely, for the most part, either gathered conversation clusters or listening to the radio, which every ward seems to have.

Women are hospitalized in one wing of a building, with men in another. Insofar as space permits, the hospital policy says, young patients will stay together in their section, while the aged reside together elsewhere.

A number of the patients were occupied at various odd jobs around the hospital, particularly in the kitchen. All seemed to be enjoying their tasks which the staff said they perform dutifully.

Dental work needed by patients is provided by a Big Spring dentist, who makes weekly visits to the hospital, and a clinical aide he has trained. At least one Big Spring physician also makes weekly calls to the state hospital to render whatever assistance he can in treatment of physical ills.

Hospital administrators obviously had nothing to "cover up" around the institution. Although reporters paid a surprise visit, they were urged to inspect every one of the various buildings and were conducted on tours that even touched such insignificant places as storage closets and staff stairways.

# Bailey Supports Teacher Salary Hike Proposal

County Superintendent Walker Bailey today added his voice to those asking that teacher salaries be improved by the 53rd State Legislature.

Bailey stated that approximately 11,000 additional teachers will be needed for increased enrollment in public schools during the next eight years.

Inadequate salaries now make it hard to find teachers, he said. "For seven or eight years we've had a difficult time finding qualified teachers for our county schools."

The state average shows that 4,000 teachers left the profession last year while population growth created the need for an extra 1,000 teachers. While 5,000 teachers were needed, only about 2,000 college graduates started teaching.

Bailey stated that two of the Howard County teachers quit the profession last year because of inadequate salaries. "This is out of 23 teachers — a pretty high ratio," he said.

Average teacher salary now is \$2,860 per year, he said. A question which must be answered, Bailey said, is, "Who will teach Texas children in 1960 if the teaching profession is able to attract only 2,000 qualified college graduates each year and continues to lose 5,000 teachers annually?"

# City Differs With Engineers On Rock Claims

Big Spring officials are unable to agree with reasoning behind a U.S. Corps of Engineers request that claim for rock quarried on city-owned land be reduced from 120,000 to 7,800 cubic yards.

City commissioners Tuesday said "no soap" to a Corps of Engineers proposal that the claim be set on the 7,800-yard basis — for \$780 instead of the \$12,000 the city wants.

They said they can't agree with the Engineers' reasoning in arriving at the smaller figure.

The Corps request, set out in a letter signed by H. K. Shadel, chief of the real estate division, Albuquerque, argued:

"That only 114,000 cubic yards of rock were quarried — 8,000 less than the city estimated.

"That 52,000 yards were quarried and used during the period before the government leased Municipal Airport, while the Corps of Engineers and contractors were operating on the property under a 'right-of-entry' arrangement with the city.

"That 85 per cent of the 52,000 yards of rock was used (for runways) on city-owned property and 15 per cent, the 7,800 yards, was used on government-owned land.

"That the government shouldn't be required to pay for rock used on city property, so the city should be willing to settle for the 7,800 cubic yards at the proposed rate — 10 cents a yard.

"What about the 62,000 yards of rock quarried after the government leased the airport?"

Well, said the Corps of Engineers, the lease contract contains a restoration clause, which should take care of that.

Commissioners wondered if the government proposes to replace the rock in the mountain when the Air Force gets through with the airport.

**U. S. Embassy Upset Over Tourists Being Robbed Over Mexico**

MEXICO CITY, Jan. 22 (AP)—The United States Embassy here is reported concerned over the increasing incidence of tourists being robbed and their cars stolen.

About three automobiles belonging to tourists are stolen each week, authorities say, and there have been three robberies of tourists recently.

Mexico City has 3,000 uniformed policemen for its three million population. They average about \$20 per month each in salary.

# Telephone Business Office To Be Moved On Saturday

Saturday will be moving day for the Big Spring telephone business office.

Clifford Fisher, manager for Southwestern Bell Telephone Company here, said that the business office will be moved to its new quarters in the new building addition behind the present telephone office over the week end.

"Beginning Monday, all subscribers wishing to pay their telephone bills in person, or wishing to discuss telephone business matters, should come to our new office just around the corner from

the old location," Fisher said. This would be at an entrance on East Fourth St.

He explained that the move is a part of the dial conversion program now underway in Big Spring.

"The space presently used by the business office will be used to house new long distance dialing equipment. When Big Spring's dial telephone system is placed into operation next summer, new long distance equipment also will be placed in service.

"This new equipment will enable operators here in Big Spring to dial directly numbers in more than 1,600 cities across the nation. Equipment for this faster long distance service will be installed in the office which we will vacate over the week end," he added.

Work on the new business office quarters is not entirely completed, Fisher said. The interior of the new office will be painted during the first few weeks of occupancy. However, this is not expected to interfere with normal business activities.

Meanwhile, work on the new local dial telephone building also is hearing completion and final preparations are being made for the installation of the dial equipment which will serve to connect thousands of local calls daily.

The new dial equipment has arrived in Big Spring along with crews of specially trained installers. Work on this portion of the dial telephone installation program is expected to start very shortly, Fisher said.

# Small Grains Doing Better Over State

AUSTIN, Jan. 22 (AP)—Wheat came along slowly but small grains were doing better in Texas last week.

Preparations for spring planting grew, the weekly report of the U. S. Agriculture Department said. They were interrupted late in the week by the cold front.

Commercial vegetables in the southern part of Texas escaped most cold weather damage. A light frost hit the Raymondville section but cloudy weather and rains reduced the frost hazard along the Rio Grande.

Sub-freezing temperatures hit crops in the Winter Garden and Eagle Pass sections, but major growing crops of carrots, onions and spinach were not expected to be hurt.

Fine Foods Since 1929

## AW, SHUCKINS!

We tried to sell some of these poor drought ridden cows for a low price, but it shored back-fired on us. The steaks were tough, the roasts were stringy, the stews—oh brother, you needed specially honed teeth. Of course we finally got rid of the poor animal, but actually it took several grindings to make the fine hamburger you all raved about. The only trouble was that we lost a dollar on the cow, and anybody unfortunate enough to have bought some of it, other than hamburger, was sure unhappy. Gosh, we're glad to be rid of it.

## Riding THE GRUB LINE With Franklin Reynolds

Tomorrow (Friday) is the date for two of the area's favorite Junior Livestock shows.

At 1:30 p.m. tomorrow the judging will start at the annual Coahoma High School's Future Farmers of America show at the Coahoma school grounds.

Lambs and two calves will be exhibited.

There will not be any sale in connection with this show since most of the animals exhibited here are entered in the larger shows that are coming up.

This show is under the general supervision of M. T. Jenkins, instructor in vocational agriculture, but will be directed by the FFA boys themselves.

Included in it are what are probably the only two FFA steers on feed in Howard County this year. Both are drylot projects.

The public is not only invited to this show but is urged to attend and see what these boys are accomplishing. The FFA has never been publicized like the 4-H Club but it is doing an equally wonderful job along similar lines, probably even a better and more thorough job in many respects because throughout the school year and frequently during summer vacation the FFA instructor is in daily contact with his students.

Not enough people know enough the fine work being done by the FFA chapters throughout the country.

Capons will also be shown at Coahoma, and this event may also be called Howard County's greatest sheep show.

Tomorrow (Friday, Jan. 23) will also be the first day of the annual Martin County Junior Livestock Show, which is always a tremendous success due to the close working co-operation between the Martin County agricultural agents and the instructors in the county's FFA chapters.

All entries, which include steers, lambs, pigs, capons and broilers, will be placed in the Martin County Show Barn in Stanton tomorrow morning and the poultry and sheep will be judged tomorrow afternoon. The pigs and steers will be judged Saturday morning, and at 2 p.m. Saturday an auction will be held in which the grand and reserve champion lambs, a few pigs and several capons and broilers will be sold.

None of the steers exhibited at Stanton will be sold since they are all to go to other shows later.

Postmaster Nat Shick, a victim of the flu recovered sufficiently to get back to his office in time for the inauguration of President Ike.

Promptly at 12 noon, when under authority of the Constitution, the term of former President Truman expired, the picture of Mr. Truman that has been on Col. Shick's office wall more than seven years came down. Then as the Big Spring postmaster heard, via radio, President Ike conclude the oath a framed picture of the new President went up, right under the American flag where the picture of Truman had been a few minutes before.

Col. Shick didn't get to the inauguration but after a fashion and with the aid of his radio and a ceremony no less solemn than the one in Washington he brought the inauguration to Big Spring.

Tuesday in this place was mentioned the one-hour, black-and-white, with sound, 16mm. film made at the International Livestock Exposition at Chicago that is available to those who want it for private showing.

Mrs. Floyd T. White, Northeast Second Street, Telephone 1200-W, has called to tell us that the film is available at her home now, since Floyd, and their daughter, Sue, while attending the International, where Sue's Hereford steer was entered, placed an order for the film, which will be available here long enough to give most folks an opportunity to see it.

Mr. and Mrs. White are the parents of Sue, a Howard County Junior College student; Ann, a Big Spring High School student, and Jimmy, a student at Texas Tech. Both these young ladies have made wonderful records as students, in extra-curricular affairs, and as

### Back Wages Paid By Violators In Texas Amount To \$699,408

DALLAS, Jan. 22.—Some \$699,408 in back wages were paid Texas workers last year by employers who violated federal wage-and-hour laws, a Labor Department official here says.

William J. Rogers said yesterday most of the employers made willing restitution of back wages when violations were brought to their attention. Rogers is regional director of the wage-hour division of the Labor Department.

Restitutions, he said, involved violations of the 75-cent hourly minimum wage law and overtime payments for work after 40 hours a week for all non-exempt workers in interstate commerce.

### In BIG SPRING

feeders of fine steers. Ann's entry was the grand champion steer at the last edition of the Texas State Fair, and Wednesday night Ann was installed as Worthy Advisor of the Rainbow Girls here.

Any person with a 16mm projector or wishing to see or show the film should call Mrs. White or Floyd.

A scholarship worth \$5,000 at the University of Houston will be awarded some FFA or 4-H member exhibiting at the Houston Livestock Show by the trustees of the Marshall Foundation.

The deadline for making applica-

tion for the scholarship is Monday, January 26, and application blanks may be obtained from John S. Kuykendall at the Houston Fat Stock Show office. The award will be made in the rodeo arena at 9 p.m., Feb. 5.

The awarding of such a scholarship will be an annual affair, and will be made on the basis of leadership, scholastic standing, financial need and contributions to agriculture or livestock raising. It will enable the student to study any course offered by the University of Houston agricultural department leading to a B.S. and M.S. degree in agriculture.

We're in receipt of a communication from another of the Reynolds clan. This one happens to be L. M. Reynolds of Plainview. He is president of the West Texas Coon Hunters Association.

Whenever you turn up a Reyn-

olds you're likely to turn up a coon hunter or fiddler. Some of them, the more accomplished, can double back and do both.

Anyhow, L. M. points out that he is handing me the big news the world has been waiting for. No, not the end of the Korean War, but the annual meeting, bench show field trial and horn-blowing contest of the West Texas Coon Hunters Association.

All this will be held in the Palo Duro State Park, near Canyon Saturday, Jan. 31. Festivities, he says, will get underway at 9 a.m. and will last until it is all over, "which we hope will not be too late because some of us will have a long way to drive home so we can get up in time for church the next morning."

So, if you've got a coon hound that is proud of you, here's your chance to let that hound show you up.

## SAVE

40 To 50% With Our Card Plan

SEE FOOD COOKING... WITHOUT LIFTING THE LID!

Furr's Super Markets are happy to again bring to you, HOUSEHOLD INSTITUTE Cast Aluminum Waterless Cookware with the amazing NU-LOOK covers. It is one of the greatest advances in years!

All you do is make a purchase of \$5 or more and receive a card punched to that amount, permitting you to buy one of these Household Institute units at a small price. For example the 1-quart Covered Sauce Pan, valued at \$3.75 without the card, may be purchased for \$1.69 with a card punched.

THIS OPPORTUNITY IS FOUND EXCLUSIVELY AT FURR'S ONLY!

HERE ARE SOME ADVANTAGES OF THIS COOKWARE:

- **Spend Less Time In The Kitchen**  
Nu-Look covers are self-basting; no more stirring or "pot-watching."
- **Save On Food And Fuel Costs**  
This cookware will quickly save enough to pay for itself.
- **Healthful, Tasty Meals**  
Save vitamins, minerals, delicious natural flavor of fruits, vegetables and meats.
- **Thick, Long-Lasting Cast Aluminum**  
No rivets, welds, or rolled edges. Will last a lifetime with reasonable care.

CURRIED PEAS 'N' EGGS  
A quick main dish

## Use Eggs To Ease That Strained Budget

Eggs, always less expensive than meat, are a good choice for food budgets that need trimming in these post-holiday weeks. With Christmas, New Year's and Thanksgiving feasting not far behind, most budgets have felt the strain. But the cook whose household is one of these is in luck, for eggs this month are plentiful and a good buy.

Eggs may be served in a wide variety of appetizing ways. Depending on whether they are slated for breakfast, lunch or dinner, they can be scrambled, curried, stuffed or baked. Most of these recipes take not only a minimum of the budget money, but a minimum of fussing in the kitchen.

Eggs stuffed with a shrimp mixture and bedded on fluffy white rice makes a deliciously different main dish for a budget saving menu. A Waldorf salad and hot muffins would be a good accompaniment.

### DEVILED EGGS WITH SHRIMP ON RICE

6 hard-cooked eggs  
3 tablespoons mayonnaise  
4 teaspoons vinegar  
1/4 teaspoon salt  
1/4 teaspoon dry mustard  
Dash of pepper  
1 cup cooked fresh or canned shrimp, drained and cut in pieces  
1-1/2 cups packaged pre-cooked rice  
1 1/2 cups water  
1/4 teaspoon salt  
3 tablespoons butter  
3 tablespoons flour  
2 cups top milk  
1 1/2 teaspoon grated onion  
1 teaspoon curry powder.

Cut eggs in half. Remove yolks and force through a sieve; add mayonnaise, vinegar, 1/4 teaspoon salt, mustard, and pepper; mix well. Add shrimp and fill egg whites with mixture. Set aside.

Combine rice, water and salt in a saucepan. Mix just until all rice is moistened. Bring quickly to a boil over high heat, uncovered, fluffing rice gently once or twice with a fork. Do not stir. Cover and remove from heat. Let stand 10 minutes.

Meanwhile, melt butter in saucepan. Add flour and stir until blended. Then add liquid gradually, stirring constantly. Add onion and curry powder. Cook and stir until sauce is smooth and thickened. Place deviled eggs on bed of rice and top with curry sauce. Makes 4 servings.

Hard cooked eggs can be used in another very different recipe. Golden rod eggs served on toast are especially good accompanied by pressed meat crisply browned in the frying pan.

### GOLDEN ROD EGGS

4 hard-cooked eggs  
3 tablespoons butter or margarine  
3 tablespoons flour  
1 1/2 cups milk  
1/4 teaspoon Worcestershire sauce  
1/4 teaspoon salt  
Pepper

1 can pressed meat  
Melt butter and blend in flour. Add milk gradually, stirring constantly until thick. Add seasonings. Cut eggs in half and remove yolks. Cut whites in long narrow strips. Add to cream sauce. Serve creamed mixture over crisp buttered toast.

Press yolks through sieve and sprinkle over creamed mixture. Cut pressed meat into 8 slices and brown 1 1/2 minutes to the side in a little fat. Arrange on chop plate with golden rod eggs. Serves four.

Curry can be attractive enough in a recipe that is attractive enough for entertaining. The use of canned peas helps make this recipe an easy one. The elegant way to serve curried peas 'n' eggs would be in a chafing dish, but your favorite serving dish will do nicely. Add a tomato aspic ring mold and a big basket of toasted buns and you have the requirements for a simple buffet meal.

### CURRIED EGGS 'N' PEAS

4 tablespoons butter or margarine  
4 tablespoons flour  
1/4 teaspoon dry mustard  
1/4 teaspoon Worcestershire sauce  
1 teaspoon curry powder  
1 teaspoon salt  
2 cups milk  
1/2 teaspoon lemon juice  
8 hard-cooked eggs, quartered  
1 No. 3 can peas, drained  
6 buns, split and toasted.

Melt butter or margarine; remove from heat. Blend in flour, seasonings and grated onion. Slowly stir in milk. Cook, stirring constantly until smooth and thick. Stir in lemon juice. Add eggs and peas and heat thoroughly. Serve over halves of toasted buns. Serves six.

Cheese, a good combination in many casserole dishes, also is a good mixer with eggs. One suggestion is to remove the yolks from hard cooked eggs and combine with

### Pineapple Pie

Line glass pie baking dish with vanilla wafers.  
1 cup sugar  
1/4 cup butter  
3 eggs  
1 can No. 1 crushed pineapple  
1/4 cup walnuts

Cream sugar with butter; add eggs one at a time and beat well after each addition. Add pineapple and nuts. Spread this mixture over vanilla wafers. Alternate layers until used. Refrigerate 24 hours.

## Here Are Recipes For Southern Jambalayas

The Creole cooks of the deep South are famous for their delicious Jambalayas and their Crawfish delicacies. Since the time Jambalaya became a nationwide hit, people all over the country are stinging about these terrifically tasty Southern dishes. If you are one of the hundreds who have been wanting to try the wonderful dishes which inspired this ballad—here they are—direct from the south.

### CREOLE CHICKEN JAMBALAYA

Ingredients:  
3 strips of bacon, coarsely diced  
1/4 cup chopped onion  
1/4 cup chopped green pepper  
1/4 cup diced celery  
1, No. 2 can tomatoes (2 1/2 cups)  
2 cups chicken stock (or 2 cups water and 2 chicken bouillon cubes)  
1/4 cup uncooked rice  
2 1/2 cups cooked diced chicken  
2 teaspoons salt  
1 bay leaf  
METHOD: Cook the bacon several minutes in a large saucepan or soup kettle. Add the onion, green pepper and celery. Cook until the bacon is crisp. Add the tomatoes, chicken stock, rice, chicken, salt, pepper and bay leaf. Bring to a vigorous boil. Turn the heat as low as possible. Cover with a lid and leave over this low heat for 14 minutes. Remove bay leaf. Serve hot.

### BAYOU COUNTRY SHRIMP JAMBALAYA

Ingredients:  
2 tablespoons fat  
1 tablespoon flour  
1/2 cup chopped onions  
1 clove garlic, minced fine  
1 cup canned tomatoes  
1/4 cup water  
1 green pepper, chopped fine  
1/2 teaspoon salt  
1/4 teaspoon red pepper  
1/4 teaspoon thyme

Baked eggs can be prepared in another way that is tasty. Prepare large well-ripened tomatoes by removing the center pulp and replacing with an egg. This method takes 30 minutes in a moderate oven of 375 degrees F.

### BAKED EGGS IN TOMATOES

4 large tomatoes  
4 eggs  
2 tablespoons butter or margarine  
1/4 cup cracker crumbs  
Wash tomatoes; cut thin slice from stem end of each. Do not cut into pulp wall of tomatoes, but remove center pulp with a small sharp knife and remaining seeds and juice with teaspoon. Use pulp and juice for soup or sauce. Sprinkle insides of tomatoes with salt and pepper; place on small baking sheet or in shallow baking dish. Break an egg carefully into each tomato case; sprinkle egg with salt. Melt butter or margarine in small skillet over low heat. Stir in cracker crumbs. Carefully pile crumbs on top of each egg. Bake in moderate (375 degree F.) oven 30 minutes so white and yolks of eggs will be firm. Serve immediately. Make 4 servings.

Stuffed eggs can be as popular as a winter dish as they are for summer picnics, when served hot. Combine the cooked yolks with chopped ripe olives, a bit of cream and salt, pepper and curry powder to taste. Pile back into the whites and heat in a hot oven about 5 minutes. Serve on toast with a Parmesan cheese sauce.

### MEAT AND BEAN CONES

Roll thin slices of hunchcon meat into cones, slivering with toothpicks. Fill cones with Mexican Style Spiced Chili Beans, brush with melted butter and bake 30 minutes at 350 degrees. Garnish with carrot curls and serve with corn chips or tortillas.

### FRIJOLES REFritos

No authentic Mexican meal is complete without refried beans... which is the English translation of Frijoles Refritos... and of course you'll want to be authentic when you have friends in for an exciting Mexican dinner. You can make your own, if you have the time, with this recipe.

1 cup red beans  
2 qts. boiling water  
1 tsp. salt  
3 tsp. fat  
1 tsp. Chili powder

### MEXICAN BEAN SALAD

Here's a real he-man salad, your mansion's lord and master will really welcome. Serve it once, and you'll mark it down as a family-pleaser to be included often.

1 1/2 oz. can chili beans  
1 cup chopped celery  
1 tsp. minced onion  
1/2 cup nuts, chopped  
4 tsp. chopped pickle  
1/4 tsp. salt  
2 tsp. lemon juice  
Salad dressing

### SLEEPY HOLLOW Syrup

To clean the outside of an electric toaster, wipe it off with a damp cloth when the toaster is cool. Never use harsh abrasives.

1/4 teaspoon thyme  
1 tablespoon chopped parsley  
1/4 teaspoon chili powder  
1/4 teaspoon salt  
1/4 teaspoon black pepper  
1/4 teaspoon red pepper  
METHOD: Melt fat in a large saucepan. Add onion, green pepper and garlic. Cook slowly, stirring often until onions and pepper are tender. Add chicken, ham, sausages. Cook 5 minutes longer. Add tomatoes, uncooked rice, chicken stock, thyme, chopped parsley, chili powder, salt and black pepper. Place this mixture in a large greased casserole. Cover and place in oven at 350F. for 50 minutes or until rice is done and liquid is absorbed.

### RICE VEGETABLE JAMBALAYA

Ingredients:  
1 cup uncooked rice  
1/4 cup butter or margarine  
1/4 pound mushrooms, sliced  
1/4 cup sliced onions  
1/4 cup chopped green pepper

### Good eating ahead when your freezer's stocked with SAFEWAY GUARANTEED MEATS

**How to wrap and freeze meats**  
The U. S. Department of Agriculture recommends: Wrap meats in quantities that you wish to cook at one time. Wrap in vapor-resistant covering to make package airtight and prevent drying. (Plastic, proper cellophane or laminated papers are best. Safeway self-service meat sections offer you cuts wrapped in Plifilm or Cellophane. You may freeze these just as they are—without extra wrapping.) Put paper tight to drive out air. Seal seams with a fold. Twist or fold ends. Tape ends and seams. Freeze quickly at 0° F. or lower. Store at 0° F. Limit storage time. Rotate cuts so that those you store first are used first.

Choose your family favorites from these meat values. Enjoy some now, freeze some for later on. We guarantee you'll find Safeway meats perfect-eating—or your money back!

**THE SPRINGBOARD**  
News From Webb Air Force Base  
By A-2C FERD J. BORSCH

**POLL TAX**  
Although not calling Texas their permanent home, there are many officers and airmen stationed at Webb who are eligible to vote in local elections.

Personnel falling into this category have been urged to pay the poll tax before the Jan. 31 deadline. Here's the why and wherefore of poll tax and voting eligibility among Air Force personnel in Texas:

All Air Force reserve personnel are eligible to vote if they have resided in the state one year and in the county at least six months at the time of voting. No poll tax is required.

Regular Air Force personnel, however, are not permitted to vote. Wives of all Air Force personnel, whether regular or reserve, are allowed to vote if they have fulfilled residence requirements and have paid the poll tax by Jan. 31.

The \$1.75 poll tax can be paid at either the Tax Office or a special booth set up in the lobby of the Settles Hotel by the Junior Chamber of Commerce as a part of its "Americanism" program.

**FACE LIFTING**  
The interior of Dining Hall "A" Building may undergo a colorful change soon. Air installations officials have submitted plans and specifications for painting the interior of the building.

The flag pole located near Wing Headquarters also received some AIO attention. In addition to a new paint job, a new metal ball was placed atop the pole. It so happens that hot Texas winds did away with the old ball which was made of wood.

**SHOW**  
Bevies of dancing girls and clowns, fantastically trained dogs that are so human they can't even bark, a galaxy of aerial stars, tight wire artists, singers, and comedians are just a few of the 40 acts slated for Webb personnel Feb. 2 and 4 when the two-hour "Stars On Parade" stage show is presented in the base gym.

The show will be open to the civilian public as well as to all base personnel. The shows will be held in the afternoon and evening on each day.

Fare per head runs one buck for adults and fifty cents for kids. Any profit made will go into the base non-appropriated welfare fund.

The base gym will seat approximately 122 persons in special bleachers.

**TESTS**  
Eligibility cutoff date for the final 16 career field tests is Jan. 26. Approximately 60 airmen seeking higher duty levels will take the exams the week of Jan. 26. If an airman passes the multiple choice test, and receives a higher duty level, the way is then open for further promotions.

**OFFICERS' WIVES**  
The Officers Wives Club held its monthly bridge party at the Officers Open Field Ration Mess Thursday hostesses for the occasion were Mrs. John Campbell, chairman, Mrs. Don Bryan, Mrs. Charles Calvin, and Mrs. W. O. Boardman.

**NCO WIVES**  
The NCO Wives Club staged its monthly social at the NCO Club Monday night in times were won by Mrs. Joan Ferguson, Mrs. Blanche Pritchett and Mrs. Deana Rook.

In a brief business meeting the club donated \$15 to the March of Dimes.

Visitors at the social included Mrs. James Linneman, Mrs. Hershel Ferguson, Mrs. L. H. Marshall, Mrs. Jerry Binkley, Mrs. Neatha Taylor, and Mrs. Grace Melton.

Mrs. Alta Reid presented a gift to Mrs. Jeanette McCarty, outgoing president.

Mrs. Mary Jane Chaffin and Mrs. Rook were hostesses.

**PHOTO WINNERS**  
Winners in the base level photo contest have been announced by the Personnel Services Section.

First place in the black and white category went to Capt. Lawrence Batcheller. Second place was captured by S-Sgt. William Bell. In the color division both first and second awards were taken by Lt. John L. Schulze III.

**SPORTS**  
Webb's Dusters split even in two games last week to bring their season's basketball record to eight wins and five losses. After absorbing a 75-51 setback at the hands of Sheppard AFB, the Dusters bounced back to clobber Amarillo AFB, 80-62. Both were Southwestern Air Force Conference contests.

Food Service and 3561 Maintenance remained undefeated in their first seven games to share first place in the Squadron Basketball League race.

Supply continued to set the pace in the Wednesday Bowling League while Air Police grabbed a slim one-half game bulge in Central Bowling standings.

**TO BE SHOWN FRIDAY**  
**Improvements Are Noted In Cadillac**

Cadillac is starting upon its second half-century of motor car building with introduction of its model for 1953. Use of the new and improved line go on display Friday at the McEwen Motor Company, 403 Scurry Street, and the public is invited to inspect them.

Major advancements appear throughout the 1953 Cadillac line, which creates a completely new concept of performance, riding comfort and ease of handling.

All 1953 Cadillacs are powered by a new 210-horsepower, high-compression V-8 engine. The compression ratio has been moved up to 8.25:1 and a new high lift valve system increases the volume of charge to the cylinders. Additional fuel economy is gained by the reduction of the rear gear ratio.

An extreme quietness of operation is another feature of the new cars. Extensive use of a new body and hood insulation shields the interior from almost all outside noises.

Full emphasis has been given to comfort within the car. New luxurious interiors are beautifully trimmed in new fabrics accented by fine jewel-like appointments.

The almost effortless response of Cadillac power steering in guiding the car and the smooth flow of power through Hydra-Matic transmission add an extra touch of driving enjoyment.

A major advancement in car comfort that may be selected at the owner's option is the new Cadillac air conditioning. This is the first time that air conditioning has provided the passenger with fresh, dust-free atmosphere, cooled as desired. Even in the hottest weather this system immediately produces a cool, comfortable interior atmosphere.

Wheel appearance is accentuated in 1953 with new chrome wheel discs. For added distinction chrome wire wheels and chrome spoke discs are available at the customer's option.

Another step in the direction of almost effortless control is the increased brake power for 1953. The 12-inch brake drums on all wheels assure quick, positive braking with minimum foot pressure.

**Rhee Congratulates The New President**

SEOUL (AP)—South Korean President Syngman Rhee congratulated President Eisenhower today on his inauguration. Rhee called it "the dawn of a new era of international justice for all."

"Your inauguration," Rhee said in a message, "was not only a day of rejoicing to the people of America, but also to the free nations of the world that are struggling against international aggression."

**Water Group Chiefs Plan To Go Slowly**

AUSTIN—Senator Dorsey Hardeman of San Angelo and Mrs. Dorothy Gurley, representative from Del Rio, head the Senate and House committees which will deal with the great and grave West Texas problem—water.

Hardeman predicts his panel, Water Rights, Drainage and Irrigation Committee, will be one of the busiest in the Senate this session and have the most controversial legislation before it. He was named chairman of the group Monday.

The same thing is expected in the House water committee Mrs. Gurley heads.

Both the West Texas chairmen have a "let's go slow" attitude toward new water legislation.

"We're frantic over the drought, but I hope hysteria won't cause us to do anything rash," said Senator Hardeman.

"The main thing is to go slow and not get excited. The emergency is already on. Nothing we can do now will ease our present situation. Only a good rain will do that."

Mrs. Gurley conceded that some "corrective" legislation is in order, but she opposes any new water laws which will give any one group an added advantage.

"Most water bills have a hidden meaning," she said. "Many are slanted to hurt West Texas. I had rather go slow and do nothing rather than do something wrong."

Neither of the water chairmen was ready to come out for or against the proposed constitutional amendment dropped into the Senate mill Monday by John Bell of Custer.

The proposed amendment, which has the blessing of the Governor's Water Committee, would provide for the state to levy a fee for use of "flowing fresh waters, except percolating ground waters" and for the state to secure a third of the bonds and interest of a city's water project.

The system of financing such a fund for cities to use in building dams is the main difference between this amendment and others he has introduced, Sen. Bell said.

The fee system would work like this: Persons, cities corporations or anyone using "flowing, fresh waters" would pay 10 cents per irrigated acre per year for irrigation; five mills per acre foot of water used for hydro-electric and other non-consumptive and non-diversionary uses; and 10 cents per acre foot for every diversionary use other than irrigation. That last listing would include municipal use.

**HERE'S PROOF!**

**Zale's DIRECT-IMPORT DIAMONDS**

... Outstanding in Cut, Color and Brilliance ... America's Finest Value!

Exquisite bridal pair with 21 diamonds in double row mountings. Gives 4 rows of diamonds across her finger. 14k gold. Monthly Terms **\$250**

Lady's 10-diamond watch of superb design. Our own 14k gold case with unerring 17-jewel movement by Hamilton. Monthly **\$125**
