R. Wilson and Mrs. Forney Henry were co-hostesses. The house was decorated in the Christmas motif. The meeting was opened with prayer by Mrs. George Taylor. Several committees were appointed by the president. Mrs. J. T. Pinkston brought a devotional entitled "Shepherds and Angels". Mrs. J. D. Berry gave the Christmas story. Several c ar o 1s were played by records. Mrs. R. G. Shankle read Christmas poems. The closing prayer was given by Mrs. A. C. Strickkand. Gifts were exchanged at the Christmas tree and secret pal names were drawn for the new year.

year. Refreshments were served to 19 nembers and two guests.

## Miss Davis To Be Married Next Week

Mr. and Mrs. William T. Davis of 700 Lubbock, are announcing the engagement of their daugh-ter, Dorothy, to Hubert Weldon Meador of Collinsville. The wed-ding will be read Wednesday, December 27 at 4 o'clock in the afternoon, at the home of the bridge-lect's narrents bride-elect's parents.

# SEW AND STITCH CLUB HAS CHRISTMAS PARTY

The Sew and Stitch Club met in the home of Mrs. Ira McCarver for its Christmas party December 13. Gifts were exchanged by the

## ATHENIAN STUDY CLUB HAS CHRISTMAS MEETING

A Christmas party was held by the Athenian Study Club Tuesday evening, December 19 in the home of Dorothy Jones. Fay Stevens, Martha Cudd and Miss Jones were in charge of the program, which began with a pray-er. Miss Cudd read a Christmas story. Glifs were exchanged and carols sung by the group. Refreshments of pop corn, home made candy, candy canes, sand-wiches, and hot chocolate were served.

Mr. and Mrs. R. H. May of Whitewright are visiting with Mr. and Mrs. Bruce Pember. They will be here until after Christmas. The Mays stayed with the Pember children while Mrs. Pember ac-companied Mr. and Mrs. M. A. Pember to St. Paul, Minn. to at-tend a fungal tend a funeral.

Attess Actual Inches Miss Mary Lou Punkoney and Bruce Blair exchanged marriage yows in a quiet service at the home of Rev. J. T. Bolding Thursday evening, December 14. The bride is the daughter of Mr. and Mrs. W. L. Punkoney, Slaton, and the bridegroom is the son of Mr. and Mrs. Ed Blair, Ralls. Mr. and Mrs. Chester Blair at thendéd the bridal couple. Famil-ies of the two and a few close friends were present for the wed-ding.

Punkoney - Blair

**Rites Read Here** 

ies of the two and a lew close friends were present for the wed-ding. The bride wore a light blue, street length, crepe dress with black accessories. Her corsage was of white carnations. Immediately following the cere-mony the wedding party went to the home of Miss Dorothy Jones for a small reception. After the reception Mr. and Mrs. Blair left for a brief wedding trip to San Angelo. Mrs. Blair is a graduate of Southland High School and since her graduation has been employed by the Southwestern Bell Tele-phone Co, in Slaton. Mr. Blair graduated from Plain-view High School and served seve-ral years in the Marine Corps. Out of town guests besides the parents of the bridegroom were Mr. and Mrs. Leroy Punkoney of Dallas.

After failing to develop produc-tion in the Spraberry sand of the Permani, Magnolia Petroluem Co. has decided to retest the Missis-sipplan at its No. 1 Caswell, ex-ploration in the Draw area of southeast Lynn county. A west offset to the discovery well of the O'Donnell Pennsyl-vanian pool, originally was drill-ed to salt watered Ellengurger at a total depth of 9,360 feet, It also was barren in the Pennsylvanian and was plugged back to the Spraberry. Now operators have decided to retest the Mississippian, from which the Humble Oil & Refin-ing Company No. 1 H. C. Dulin, one-quarter mile to the north, is producing. The No. 1 Dulin also was barren in the Pennsylvanian, but was able to make a small well from the Mississippian at a total of 9,081 feet. —The Lynn County News

scale blaze. —The Olton Enterprise

Scheduled for presentation Tues-day night, Dec. 12, in Abernathy school auditorium, is the Lions club play, "Will The Mail Train Run Tonight? "Curtain time is 8 o'clock. Betty Jackson, AHS teacher, is directing the play, which features a cast of local men and women. Mrs. Lamar McKenzie is pianist and Harold (Cotton) Hodges is stage manager. —Abernathy Weekly Review

Preliminary construction plans for the Southwestern Public Ser-vice company's new electric power generating station to be located on a portion of the Halsell ranch, four miles south of Earth and nine and one-half miles north of Amherst, were announced today by J. E. Cunningham, company president. Cunningham, enriler had announ-ed conditional purchase of the proposed site, contingent upon water tests, and the purchase a-greement was made final this week at the expiration of the company's option period. Actual work on the construc-tion of the new generating station, tentatively designated Plant "X", is scheduled to get under way in early 1951. The 50000 kilowatt generator

Quick action and cooperation on the part of the local fire depart-ment, employees of two gins and area farmers Friday saved Olton Co-op gin a costly fire in which damages might have run as high as \$50,000, Elbert Hicks, manager of the Co-op gin said this week. Hicks estimated that some fifty men ptiched in with the local vol-unteer firemen and gin employees to help extinguish fires which spread to 26 cotton-filled trailers parked on the Co-op gin lot after strong winds fanned sparks from the gin incinderator into a full-scale blaze.

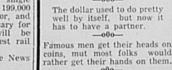

new farm families already have located in the county. Conservative estimates place expenditures connected with this group of new farmers and land purchasers at more than a half million dollars. And the tide continues un-abated. In other words for

In other words, Gaines County s experiencing a mild land boom. Emphasizing that word mild. Good land with proven worth as cropland or land with vertified potentialities is commanding a good price, but observers agree that prices being paid are justi-fied.

-The Seminole Sentinel

Formal opening of the new S134,000 city filtration plant was announced today by Jack Tallent, city manager. Starting Sunday the new plant may be seen anytime during the week, Tallent says. According to W. E. Cuzick, utili-ties director, the plant is one of the most modern and efficient in Texas. An idea of the efficient of the most modern and efficient in Texas. An idea of the efficient of allons of water was pumped on an average per day during one month. This is more than 21 water well could produce. —Colorado City Record

A.M.J. Now we're in a hot spot, and in the dog house. Women are call-ing us wanting to know how you make Jam Cake, Women are call-ing us wanting to know how you make Jam Cake, and the instruc-tions were perfect except that the amount of jam to be used, was outined. Just what it was omitted turned out to be my fault. To be perfectly honest I did not know hat there was a recipe in the paper concerning Jam Cake, but I suppose everything that gets in the paper concerning Jam Cake, but I suppose everything that gets in the paper with a mistake in it, is blam-ed on me. Must be that I made a lot of women must read the re-cipes in the Slatonite. for flocks of them have been phoning her wating to know how many cups of Jam should go into the cake and if a hone her myself if I could get a Jam Cake made at our house. Mrs. Wilson used to be the pab-lisher of the Ralls Banner, and folks who used to read her paper tell me that if I could get out as good a paper as Mrs. Wilson, and her force used to publish, that I'd noue are subscribers than I could ge paper to satisty. Mrs. Wilson is one of the nicest can find out how much jam to use I feel sure you'll have "that and of yours" going on like the dopes talk in the Gladiolar radio paper and the receipe on pub-lishing a newspape. —*mon*—

that women come in and want done at a printing office and sta-tionery supply place, such as club programs printed in the shape of a fan, club books printed so that the edges can be indexed, invita-tions printed on purple paper and baby announcements with pink or blue ribbon tied on them, and up until now we have worked out most of my hair and the problems that have confronted us, but At-torney Claude Cravens came up with one last week that almost stopped the clock. He wanted a pint bottle of blue ink. We had red ink, blue-black ink, black ink, green ink and a small bottle of white ink, blue only Royal blue was suitable for the grade of legal advice that he dishes out at so much per yard and only Royal blue ink was suitable for the flour-ish that he calls his signature. He got the link, but it's just such things as this that make folks ask me in the morning when I come down whether I drink prune juice for breakfast. -000-At last I have found out what to

down whether I drink prune juice for breakfast. --00-At last I have found out what to do to get rid of borers that infest peach trees, at least I am very optomistic about solving the pro-blem. Mrs. W. B. Hestand phoned my wife last week that she knows the very stuff to do it with. Moth crystals, and the time to mess up the borers lives is right now. According to Mrs. Hestand's dir-ections, the person who wants to get rid of the little insects that make peaches have bad spots on them when they ripen, should loosen the ground around the trees, about 15 inches, dig a shal-low trench around are trees about six inches away from the trunks and put the moth crystals in the trenches and cover lightly. The directions Mrs. Hestand gives is to do this in October and November, not later than December before the fall and winter rains start. What Td like to know is what fall or winter rains she is talking a-bout. And that part about loosening bout, And that part about loosening the dirt around the trees and dig-ging trenches! The ground is so

ging done. A.M.J.

3333333333

hard right now that I do not see how the borers move tails or jaws, much less make love and multiply, and I'd like to tell any-one who gets the idea of sprink-ling moth dust on a borers tail that he, or she, should get some mighty good liniment before they start, that is, unless their ground is a lot softer than ours, or they should do as I did, hire the dig-ging done.

## CHRISTMAS - 1950

The old familiar tidings of "peace on earth" come in 1950 with more of a hope for things not attained than in faith for works achieved. For in many parts of the world there is no peace. Mankind's selfishness has the better of him and differenc-es of opinion are being translated into bloody conflict in various areas of this troubled earth. The holiday wish for peace comes with a particularly poignant hope to many families in this country, whose sons are either in the service or under the expanded military program are about to be inducted. To the families with sons, husbands or sweethearts in Korea this Christmas will be a sad one-especially sad if the loved ones are languishing in an Army hospital or suffering the hardships of frontline action in a Korean Christmas. Christmas 1950 with its many perils the world over

suffering the hardships of frontline action in a Korean Christmas. Christmas 1950 with its many perils the world over should focus attention anew on the message of the Babe of Bethlehem,—a message which carries hope for all mankind re-gardless of religious persuasion. There can be no better wish to-day for all of us than that we work together to attain that state whereby we can truly say as it was proclaimed 20 centuries ago that there is peace on earth and good will toward all men. —The reamster. ## Most Folks Are Never Pleased

Howard Swanner reports that the City of Slaton Bonds sold last week for the best price, from the city's standpoint, of any bonds that have ever been sold by Slaton before.

any bonds that have ever been sold by Slaton before. Nearly every business firm in Slaton has done more business than they have ever done before in history, and most every one who is physically able, and half way willing to work, has a job, including practically all of the women, and yet there is more criticism of our national Government than there has ever been. The dollar is sarcastically called the Truman nickel and every person seems to be complaining of high prices. There are a great many things for which the recent

There are a great many things for which the present ational government deserves criticism, but if ever the people, particularly the big manufacturer, ever had reasons to feel that prosperity has arrived then most certainly they should not be complaining about the amount of business that is being done.

complaining about the amount of business that is being done. Business, even BIG business has its rights, and should be considered, for it is big business that has laid the golden egg far us in the way of luxuries, conveniences and every-day things we think of as necessities, but if those guys who are operating the big business want a depression they are certainly going at it in the right way, and so are the labor unions. If labor and the explains a terrible mass before-long.

Good friends,

thankful for this gracious

season. \* \* 1950

The shortest route, via the fruit-ble. The shortest route, via the fruit-ful plains of Esdraelon into the mountains of Samaria and through Shechem and Bethel, was not very popular either. The road was tol-erable, but steep; however, the Jews had little use for the Samari-tans, and vice versa. The Jordan route, which de-scended into the Jordan valley and followed the river's east bank around Jericho, was favored by the majority of Galilean travelers who for one reason or another (the Passover, etc.) went down to Jer-usalem at regular intervals and knew their way around as well as suburbanites k now their wa y around modern metropolitan areas. If the Jordan route was a little areas. If the Jordan route was a little round-about, it was fairly level--and steeped in Jewish history, from the shadow of Mount Tabor where Saul in desperation sought his 'witch' of Endor, to the tomb a

Pentagon Building Construction of the Pentagon be-gan in September, 1941, and was finished in January, 1943. The job normally would have required four

normally would have required four years, but workmen operated around the clock, Pentagon em-ployees numbered 33,000 in 1945, peak war year, and security regu-lations were stringent, Today only parts of the building are out-of-bounds to callers.

Aids in Application After your paint or enamel is horoughly mixed and ready to be

For That First Christmas Trip There was no macadam highway leading from Nazareth to Bethle-hem when Mary and Joseph under-took their memorable journey nearly 2,000 years ago. little before Bethlehem where the first Joseph buried his beloved Rachel.

'AND THEY WENT UP ... '

There Was No Paved Highway

It is fairly certain that Mary and Joseph did not choose the western route when they planned their very special journey. Whether they chose to go by way of Shechem and Bethel, or around the walled city of Jericho may never be de-termined definitely. But, the distance — nearly 100 mlles-was, in any case, unrelent-ing and conquered only by per-sistent plodding. And when Mary was too tired to go another step, Joseph took the packs upon his It is fairly certain that Mary and As far as routes were concerned. As far as routes were concerned, there were three. The western route led along the sea-coast and through the plain of Sharon. This route was unpopular with plous folk like Mary and Joseph who shunned the heathen cities, rowdy travelers, etc., as much as possi-ble.

own shoulders so that she might own shoulders so that she might ride the little donkey which trudged faithfully at his side. Verlly indeed, did Mary appreci-ate the shelter of the stable that night-no one could have been more grateful or more happy than Mary. And she brought forth her first-born son, and laid him in a manger.

Protection for Shoes If your shoes come clean after a scrubbing but the leather toes and heels look dowdy, give those por-tions of the shoe a coat of thin colorless shellac. It protects the leather and restores gloss.

Blue Denim Trousers British sailors named the blue denim trousers for the town of Dungri, a suburb of Bombay, In-dia, where the sturdy cotton cloth first was manufactured for tent-

ing. Spider's Diet Spiders eat other insects, besides flies. Under winter conditions, they can go without food for probably

as long as several months

## THE SLATON SLATONITE

Grain Crops Famine and severe food short-ages are generally very closely associated with failure of the grain

crops from which both man and domestic livestock derive a large part of their total food supplies.

Photo Finish

The inner surfaces of a camera must be black throughout. The black finish used must dry dead flat and show no streaks or gloss. The finish must also have excellent adhesion

Steel in Medicine Stainless steel is used by some surgeons to patch or replace dam-

aged bone because the metal with-stands body acids and does not poison the blood.

Strawberry Jam Strawberry jam should be stored in a cool, dark place in order to preserve its color satisfactorily.

Cutting Marshmallows Dip scissors in hot water before cutting marshmallows to keep

them from sticking.
