NUMBER SIX

SECOND TRADES DAY SET FOR SATURDAY

WATER CONTROL ELECTION OF VITAL IMPORTANCE TO THIS ENTIRE AREA

The election to be held tomorrow, Saturday, September 29 is of great importance to every one who lives in District of the Underground Water District of which Slaton and this area is a part," said J. H. Brewer, local business man and farmer, "while the farmers will be more directly affected, the business man and property owner will eventually be benefited or suffer damages according to whether the situation is handled wisely or not."

Mr. Brewer said that he is not in favor of interfering with the water situation at all, but it is evident that the underground water supply is going to be tampered with and if there is no way to avoid interference he would much prefer to have it in the hands of the people who live in the area than to be controlled from Washington by some government agency.

A meeting is to be held tonight, Friday, September 28, beginning at 7:30, at the Slaton High School Auditorium, E. C. Hutton of Lubbock, Director of Precinct 1, will be at the meeting to explain the reason for the election and to supply information to any one interested.

Post Office To Be Open Extra Hours During Harvest

Mr. K. L. Scudder has announced that the Post Office will be open until 6 p.m. every Saturday, starting the first Saturday in October and continuing thru the cotton rush. This will mean that Post Office employees will be putting in extra hours under difficult conditions, including language difficulties.

The Post Office is not required to stay open on Saturday afternoon, but is doing so to accommodate the people who are working on the cotton harvest and don't come into town until Saturday.

Mr. Scudder says it would help a great deal if local people would tend to their routine business before Saturday noon. The Slaton Post Office is one of the very few even in the cotton belt that stays open extra hours in the fall to help the farmers and harvesters.

Oct. 3rd Is Slaton Day At The Fair

The Panhandle South Plains Fair Association has designated October 3 as Special Day for Slaton at its 34th annual exposition, October 1 through 6. There will be no school in Slaton on October 3, because this date is also School Day for Slaton and all school children will be admitted on the fair tickets which are to be distributed. The Slaton Public Schools and St. Joseph's Parochial School will dismiss all classes on that day.

The front gate admission ticket this year admits patrons to everything except carnival shows and rides. There will be two shows daily by aerial acrobats and giant fireworks displays every night. With the new paved carnival midway, more parking space, new entertainment and more exhibits, the Fair Association is looking forward to a Fair that is going to be better than ever, says Mr. A. B. Davis, manager.

Cotton Harvest Gets Early Start 428 Bales Ginned

The ginning season for this area has gotten off to an early and a fast start this year, according to local ginners. Mr. Howard of Howard and Heard Gin says their ginning started earlier this season. It is usually close to the first of October. They are ginning about the same amount of cotton as they did at the start of last season. Mr. Howard observed that the early start might be due to the hot dry summer which caused cotton, especially on dry land, to open early.

Mr. Campbell of Campbell Gin says last year's ginning started earlier at their gin but they are getting into full swing faster this year because the cotton came in faster after it started.

Mr. Jay Gray, bookkeeper at the Co-Op Gin, reports that their season started earlier and the cotton has come in much faster. By the 28th of September last year only 14 bales had been ginned, as compared with many times that number for this season. One bale had been ginned at the new gin Tuesday afternoon and ginning started there Wednesday.

Mr. Tudor says the Posey Gin started its season earlier, but possibly a bit slower at the very beginning, however now ginning is in full swing.

These men are agreed that their busiest time will be after frost when the mechanical harvesters start work, the there may be night crews before that time and possibly two full crews for some gins even before frost.

The total number of bales ginned at all these gins before 4:30 p.m. Tuesday was 428 bales.

EQUALIZATION BOARD REVIEWS TAXES FOR SCHOOL AND CITY

Retail Merchants Annual Banquet Set For Oct. 18

The Annual Retail Merchants Association banquet will be held on Thursday, October 18, at the Club House. The ladies of the Methodist W.S.C.S. will serve the banquet.

Tickets will be on sale with the directors after the tenth of October. Speaker and program are to be arranged.

Mrs. Lee Green, secretary of the Retail Merchants Association, reports that the first annual banquet was held in October, 1926 in the building on West Garza, now occupied by the Frozen Food Locker. The public was invited and there was a large attendance. A. J. Payne was the first president and Ruby Reynolds the first secretary. The annual banquet has been held every year since, with the exception of two years, 1931 and 1932, when hail, flood, drought and financial upset made it unfeasible.

\$300.00 In Cash Prizes Will Be Given Away Free

Slaton's second Trades Day, with \$300.00 in cash prizes to be awarded, will take place this Saturday, September 29. Thirty-three merchants are participating in the Trades Day event and registration for the cash prizes can be made at one of these business firms.

Registration will take place on Saturday all day and the drawing will be held at 4 p.m. Monday, October 1, on the City Hall Lawn. A committee of three from the Slaton Chamber of Commerce will be in charge of the drawing.

First prize in the second Trades Day will be \$150 in cash. There will be four additional prizes, \$75 second prize, and \$25 each for the three next winners.

Registrants need not be present at the actual drawing. Winners will be notified by phone and can pick up their prizes at the Slaton office. A complete list of winners will also be published in next week's Slatonite.

A resounding success the first time it was held—August 31—the Trades Day event has no restrictions to bar anyone from winning. To be eligible you merely register your name and address at any of the 33 participating merchants.

The purpose of the event is to attract shoppers to Slaton and to impress upon them the advantages of shopping here. Many merchants will be offering special prices on goods this Saturday.

Last month the top prize in the drawing went to Mrs. L. R. Gregory, who registered at the Piggly Wiggly store here. Second prize winner was Ann Rockey who registered at Salem's Dry Goods. Other winners were F. G. Browning, P. G. Meading and Mrs. Ella Scott.

The three man committee from the Chamber of Commerce will be Ted Swanner, Jack Clark and C. C. Prexy Bud Englund. They will hold the drawing after collecting the registration slips at 4 p.m. Monday, October 1.

In case of bad weather the drawing will be conducted at the City Hall Auditorium, otherwise at the bandstand on the City Hall Lawn.

Anyone may register but only once at each participating business firm. Registration slips and deposit boxes will be available at these firms all day Saturday.

C. R. Anthony, Home Furniture, Slaton, Palace and Circus Theatres, Eaves Produce, Piggly Wiggly, Self's Service Station, Slaton Lumber Co., Schuette's Service Station, Slaton Bakery, Quality Cleaners, Clay Oates Dept. Store, Caprock Drive In Theatre, Walker Court's Grocery, Kessels, Thompson Furniture, John C. Champion Jewelry, Salems, White Auto Store, Slaton Steam Laundry, Crow-Haral Chevrolet Co., Sporkman Motor Co., Slaton Pharmacy, Berkley & Haddock, Slaton Motor Co., E. B. Custer, Gulf, Payne's Dry Goods, Vivian's Grocery, Slaton Implement Co., O. Z. Ball & Co., Williams Buick Co., and Henzler Grocery and Market.

Hawaiian Couple Conducts Revival

Rev. and Mrs. R. K. Mahoe, evangelists from Honolulu, Hawaii, will take part in the Revival at the Slaton Church of God, beginning October 2 at 7:45 p.m. The Mahoes, natives of the Islands, have been traveling and doing evangelistic work in the United States for three years. They will sing in English as well as their native language and will play Hawaiian instruments. An invitation is extended to all to come and hear them.

Rev. Louis Bowerman, pastor of the Church of God says an effort will be made to make the services a great soul saving campaign, not just a place of entertainment.

Rev. and Mrs. Mahoe were eye witnesses to the Japanese bombing of Pearl Harbor and will describe that historic December 7 in their stories.

What's Going On At The Civic Clubs

The program for the Slaton Rotary Club meeting held Thursday, September 20 was a motion picture in technicolor with sound effects explaining scenes on the U. S. Navy S Ranch near Post, better known as the Slaughter Ranch. The program was secured by Edwin Forrest and the motion picture shown and explained by John Lott, manager and part owner of the ranch. A number of farmers from this area were present at the invitation of Rotary members.

The Lions Club program chairman fell down on his duty last Tuesday night and did not show up at the club meeting. All of the members who attended the meeting endeavored to visit his home but he was out for the evening.

WRECK VICTIM IMPROVED

Mr. Carl A. McNeece, 39, of Rt. 2, Slaton, who was seriously injured last Saturday is reported improving in Mercy Hospital. He suffered a broken leg and head and chest injuries when his car collided with an empty gasoline truck near Southland.

He may call you; Caprock Drive-In Theatre's "Tell-the-Title" man.

He may call you; Caprock Drive-In Theatre's "Tell-the-Title" man.

COMMUNION SERVICE TO BE HELD SUNDAY NIGHT

There will be a lighted candle Communion Service Sunday night at the First Methodist Church.

Rev. Mayhew, pastor of the First Methodist Church, has been called to the Houston Area for the week beginning October 7. The pulpit will be filled by laymen in his absence. He expects to be back for Sunday, October 14.

He may call you; Caprock Drive-In Theatre's "Tell-the-Title" man.

He may call you; Caprock Drive-In Theatre's "Tell-the-Title" man.

Social Security Representative To Be Here Oct. 3

Gerald L. Schantz, Field Representative of the Lubbock Social Security office will be in Slaton at the City Hall, Red Cross Room on Wednesday, October 3rd, at 2:30 p.m. to assist persons in Social Security matters.

Farm hands who work regularly are now building social security protection, just as workers in commerce and industry have been doing for years. The law now covers regular farm hands who work for one farm operator five months or more. These farm workers help pay for this insurance, of course, in the form of deductions from cash wages. These deductions pay for insurance benefits for the workers at age 65, and for their families in case of death. They will receive insurance, not charity.

Farm operators and farm workers who do not already know about this new law should contact the Lubbock Social Security office.

Perkins Funeral Is Held Saturday

Funeral services for John Luther Perkins, 82-year old farmer of the Slaton area, were held at 2:00 p.m. Saturday in the First Baptist Church with Rev. Bill Lewis of Fort Worth officiating, assisted by Rev. J. T. Bolding of Slaton.

Perkins, who had lived in and around Slaton for 26 years, died in Mercy Hospital at 2:15 p.m. Thursday. He had been ill for about eight months.

Survivors include five sons, Heurick Perkins of Wilson; Erick Perkins of Slaton; Clyde Perkins of Brooklyn, N. Y.; Roy Perkins of San Antonio, and Jim Perkins of Los Angeles; four daughters, Mrs. Ollie Riddle of Wilson; Mrs. Prator Compton of San Antonio; Mrs. W. J. Woosley of Patricia and Mrs. Marie Reeves of Ft. Worth.

Other survivors include three sisters, 34 grandchildren, 43 great grandchildren and one great great grandchild.

Burial was in Englewood cemetery at Slaton under direction of the Williams Funeral Home.

Active pallbearers were Robert Meyers, T. L. Weaver, Don Miller, Calvin Kaatz, Estell Hamm, and Elton Weaver.

Honorary pallbearers were Chick Garland, Ed Milliken, Fred David, Roy Collins, A. B. Pruitt, and B. G. Bickerson.

Mr. S. M. Wadley of Lubbock, son of Mr. and Mrs. S. T. Wadley and brother of Mrs. Bill Sledge, has returned home from Mayo Clinic much improved.

Week's Question . . .

Men Lose Out As Grocery Shoppers Buying Food Is Not In Their Line

What happens when a man goes to the grocery to shop? Does the grocery bill hit a new high, or can men be more economical than women in buying food? If the people who were questioned are a fair sampling, then the people of Slaton are in agreement on this subject. Except for a few fence straddlers who wouldn't get off on either side, all had the same answer to the question, "Which are the most economical grocery shoppers, men or women?"

Mrs. C. S. Wilkinson, "I think the women are. According to my family, I know they are. They may talk a lot but when they go down to buy they don't come out with as much as the men. Men just want what they want regardless." She says they may do a lot of talking about their wives spending, but when they go to the grocery they just get what they want. She likes to take her husband along when she goes shopping.

Mr. E. L. Miller, "Oh, I'd say the women. I never did much of that." He's afraid he wouldn't know how to plan meals and wouldn't know what to buy.

Mrs. John Fertig, "I think women are. Men usually are apt to buy more than is needed, especially in the grocery line. I think women are just generally more economical. My husband doesn't do much grocery shopping but I've heard many women say they'd hate to think what their grocery bill would be if the men did the shopping. They buy in large quantities and buy things out of season; they just don't watch as closely as the women do."

Mr. H. W. Jeter, "I believe my wife can beat me all right, but I don't know about other folks. Women know more about what is

TOUCHDOWN CLUB TO MEET AT HIGH SCHOOL GYM

Slaton's Touchdown Club will meet in the new high school gymnasium Monday night, October 1, instead of at City Hall, according to John Berkley, club president.

Berkley urged all interested men to come out for the meeting. Movies of the Slaton-Seagraves game will be shown as well as a talk by Coach Tony Poulos.

The Touchdown Club holds regular meetings on Monday nights at 8:00 p.m.

Mr. and Mrs. L. A. Herral returned Sunday from a week's visit in Denver, Colorado, with their daughter and son-in-law, Mr. and Mrs. Durwood Crawford.

THIS WEEK'S SMILES

IT PAYS TO ADVERTISE

Lady driving along the Merrick Road, in Long Island, saw an open car ahead of her wobble to the side of the road, one of its tires flat. As she slowed down, one of the disabled roadster's occupants — two girls — held up a sign reading, "Help Wanted—Male." The lady stopped to see whether this would work out. Well, in ten minutes it did, to the tune of a nice-looking young man who stopped his car, walked over to the girls, jack in hand, and fell to.—New Yorker.

BIRTHS

Born on September 21 to Mr. and Mrs. B. R. Sinclair, 515 W. Lynn, Slaton, in Mercy Hospital, a boy weighing 6 lbs., 10 ozs.

Born on September 21, to Mr. and Mrs. Franklin Agrandez, Rt. 2, Box 46, Slaton, in Mercy Hospital, a boy weighing 6 lbs., 3 ozs.

Born on September 22, to Mr. and Mrs. Manuel Valdez, Box 581, Slaton, in Mercy Hospital, a boy weighing 6 lbs., 6 ozs.

IT TAKES JUST ONE MINUTE TO GET A TB CHEST X-RAY

The dates for the T.B. X-Ray survey in Slaton are Saturday, September 29th and Monday, October 1st; the place is the Southwestern Public Service Building; and the time, 8:30 a.m. to 5:30 p.m.

It will take only one minute; you do not have to undress. The X-Rays are free, but it is not charity; it is tax supported. The reports are confidential and are sent directly to the individual.

Chest conditions other than T.B. can be diagnosed through these X-Rays. If the X-Ray shows anything abnormal the person is notified and a check up by the family doctor is suggested. The reports will come back in about six weeks, says Miss Virginia Grenwald, executive secretary of the Lubbock County T. B. Association. She says the reason for setting the age limit at 15 years and above is that facilities are limited and therefore the group in which T.B. is most prevalent is stressed. The T.B. death rate is highest for the ages 15 through 34, but no age is immune to the disease.

Miss Grenwald gives some statistical facts from Lubbock County. Since April 1st of this year there have been eight deaths from T. B. in Lubbock County which came to the attention of the clinic. Forty-two active patients have been diagnosed through the clinic. It is estimated that there is one death per every 2 1/2 active cases. For effective treatment it is important that T. B. be discovered in its earliest stages.

School children are not being ignored by the T. B. Association. There will be another testing program for schools in November of this year, in which the 1st and 6th grades will be tested. Last year, 3,422 tests were given to school children in Lubbock County and 213 positive reactions were found. It is urged that children with positive reactions and their families have X-Rays made by the family doctor, because when children have T. B. it is usually contracted from adults.

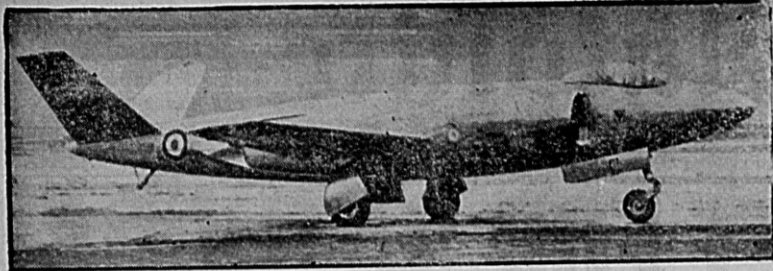

Last year was the first time that T. B. X-Ray service was offered in Slaton and more than 2,000 X-Rays were made. The total will probably be much higher this year. It's a simple process that takes very little time, and it's worth a lot to you to know that you are all right.

Look Alike? It's Gen. 'Ike'

General Dwight D. Eisenhower looks, right, for all the world like a tough Army sergeant, which is at great variance with the usually composed features "Ike" wears as a five-star general and Commander-in-Chief of SHAPE. Photograph of the thought-provoking look was taken as the General discussed the various aspects of bridge building with officers of the 4th Engineers

Battalion at Gross Auhelm, Germany. In the picture at lower left a U. S. Army photographer has again caught Gen. Eisenhower in a candid pose but at the other extreme—this time with the look of a kindly grandfather. Latter picture was taken while "Ike" inspected units of the 4th Division near Baumholder, Germany. A picture taken in Washington would most likely see, however, is one taken of Eisenhower making a public statement at to his political ambitions, if any.

"V-FOR-VICTORY" TAIL—Designed with an unconventional butterfly tail and stubby wings and powered by two Rolls-Royce Avon jet engines, the Vickers Supermarine 508, above, is Britain's newest carrier-borne jet fighter plane. Claimed to be the world's fastest carrier-borne craft, it is capable of maneuverability at both high and low speeds, according to the British Air Ministry.

Southland News
MRS. FLOY KING

About 10 p.m. Friday night the Fire Department at Slaton was called to Southland to help put out a fire which started from unknown causes in one of the gin stands at the old gin at Southland. There had been some hands cleaning up around the place that day.

Mr. and Mrs. Otto Klaus have returned from a trip to the Grand Canyon and southern part of Arizona and New Mexico, El Paso, and Juarez, Mexico.

Mr. and Mrs. Don Pennell were called to the bedside of Mr. Pennell's brother-in-law, Mr. V. W. Fredrickson of Oklahoma City last Tuesday.

Dick Mathis, of Brownfield, underwent surgery while visiting the Wilbur Woods family in Oregon over nine weeks ago. He was able to drive to see his mother, Mrs. Nellie Mathis Tuesday evening. The doctor who performed the operation in Oregon came down recently to see him.

Mr. and Mrs. Bat Blevins of Silver City visited the W. H. Gillilands Monday.

Mr. and Mrs. M. E. Morris visited their son-in-law and daughter, Mr. and Mrs. J. L. Gray and children at Plainview last week.

Mr. H. C. Sartain of California was in Southland Friday greeting old friends.

Mr. and Mrs. J. R. (Skinny) King and son, Marc and her parents, Mr. and Mrs. E. Masotti moved to Floydada Saturday.

"Skinny", as every one called him, has lived most of his life in Southland. He served in World War II married Adakin Masotti in Paris, France. Her parents and her brother, Marc, came over this year from France. Her parents at present are making their home with the Kings. Her brother, Marc Masotti is employed at Midland.

Mrs. J. M. Mason left Monday for Virginia to be with her husband who was recently transferred there.

Visiting Mrs. Nettie Killum and her sister, Minnie Sunday were her son and wife, Mr. and Mrs. Walter Killum of Idalou.

Kenneth Davies and Mr. Ellis visited relatives in N. M. part of last week.

Among those from here who attended the football game in Post Friday night were Mr. and Mrs. L. K. Anderson and Kay and Mr. Sam Ellis.

Margery Becker accompanied the Dillards of Slaton to Seagraves Friday night to see Slaton play football.

Mr. and Mrs. Herman Chileult of Lubbock visited Mr. and Mrs. Bryan Clay Johnston Sunday.

Mrs. Taylor, our third and fourth grade teacher, is still on the sick list. Mrs. C. D. Dameron is teaching in her place.

Mr. and Mrs. G. W. Bastinger visited in Fredrick, Okla. part of last week. Their Sunday guests were their daughter and family, Mr. and Mrs. O. E. Boyd and children of Lorenzo.

Visiting Supt. and Mrs. F. W. Calaway Sunday were his nephew and wife, Mr. and Mrs. Robert Willis of Lubbock and Mr. and Mrs. Kenneth Davies and children.

Mrs. Hub Haire gave a going away breakfast Saturday for Mrs. J. R. King. Close friends were present.

Mrs. Letha Cedarholm of Post stayed with the Don Pennell children while the Pennells went to Oklahoma last week to visit a sick brother-in-law in Okla. City. The one came back by way of Lawton and visited a brother, First Sgt. Chester Pennell and family.

There will be a minister at the Baptist Church on Thursday night, Oct. 4, to show a 40 minute color film on the Holy Land and other countries. At the conclusion of the film, he will conduct an open discussion and question period. The public is invited to attend.

Mr. and Mrs. G. D. Ellis attended the funeral of a friend, Mr. Bowen, at Ralls last Tuesday evening.

Carl McNeese of Slaton, formerly of Southland, is in Mercy Hospital suffering from a crushed chest and broken leg which happened about 5:30 a.m. Saturday morning on the highway near Southland when he lost control of his car and hit an empty oil truck. Sunday morning he still had not regained consciousness. He was coming from work in the oil fields near Post. His car was demolished and its driver bruised.

Mr. A. F. Davies of Southland was interviewed over the Brunch Club. He said he had been in Southland since 1900.

Two Slaton Girls Are At McMurry

Over 500 students, including two students from Slaton, have enrolled at McMurry College for the fall term, according to Jerome Vannoy, registrar.

This is the first regular session that graduate courses leading to the professional degree, Master of Education, have been offered at McMurry.

Barbara Jochetz and May Belle Pember have enrolled at McMurry for the fall term.

J. T. Bolding, Jr. Serves As Editor

J. T. Bolding, Jr., sophomore, will serve as humor editor on the staff of the Howard Payne College newspaper, "The Yellow Jacket."

The publication will be sponsored this year by the public relations office, states Dr. A. A. Brian, vice-president, and will be changed from regulation to tabloid form.

J. T., son of Rev. and Mrs. James T. Bolding of Slaton, is a math major at Howard Payne. He will work under the leadership of Miss Joyce Lee, El Paso, who is editor of the college paper.

Posey Items
R. L. BOYD

The officers of the Slaton School were elected for the regular six month period. Jimmie was elected superintendent, Ian F. Boyd was re-elected secretary-treasurer by acclamation. G. Harper was returned as Leader and Mrs. Minnie Lee is the new pianist.

Mr. and Mrs. C. B. Macdonald of Grand Prairie, uncle and aunt of Mr. and Mrs. F. H. Stoll, visited the Stoll's Saturday Sunday. They were enroute to irrigated cotton fields.

Luther Edmiston returned Sunday after spending several days with relatives at Andrews.

Carl McNeese, brother-in-law of Mrs. J. C. Gentry was seriously injured Saturday night in an accident near Southland.

Mr. and Mrs. Raymond visited Miss Katherine Boyd Sunday afternoon.

Members of the Baptist church met Sunday to discuss the installation of a new pastor.

Cotton harvest has started generally and several hands who have been coming in regularly have turned.

The Sunday School gave a wreath for the funeral of Perkins.

The Methodists will have a service Sunday afternoon and evening.

Most of the cotton which has been ginned is of a higher grade than the past few years. Cotton seed is now bringing \$75.00 a ton.

Louis Drolmer, James Van R. B. Boyd and June Harper were hunting doves Saturday on Martin farm near Midway.

Mrs. Nanny Rhudy of W. was visiting friends Monday.

2nd Lt. Earl Shipman of Marines has been visiting Mrs. Mrs. Alton Sumrall. He is a nephew of F. B. Tudor.

National Cash Register is in The Slatonite.

Glyndon Dawson Is Photographer On College Paper

Glyndon Dawson, junior, will serve with Jim Sigle of Redlands, Calif., as photographer for "The Yellow Jacket," the Howard Payne College newspaper. The publication will be sponsored this year by the public relations office, states Dr. A. A. Brian, vice-president, and will be changed from regulation to tabloid form.

Mr. Dawson, son of Mr. and Mrs. W. H. Dawson, 323 So. 12th St., Slaton, is a ministerial student at Howard Payne. He is a member of the Life Service Band, the B.S.U., the Yellow Jacket Band, and Ministerial Alliance.

Miss Joyce Lee, El Paso sophomore, will be editor of the paper and will be assisted by R. B. Cooper, Dallas.

Triplets Celebrate Their First Birthday With Cake Decorated by Slaton Bakery

The Krey Triplets - Janice May, Phillis Fay and Rita Kay - of Posey celebrated their first birthday Sept. 8. They are pictured here eating their cake - baked and decorated by Jimella Wilson of Slaton Bakery in Slaton (Photo by Kertan Studio)

CAKE DECORATING FOR BIRTHDAY, WEDDING OR ANY OCCASION

The birthday cake for the Krey triplets was baked and decorated by Jimella Wilson, daughter of Mr. and Mrs. Barney Wilson. Jimella has shown a talent for decorating cakes (as shown by the picture at left). The delicious flavor and artistic designing of birthday cakes, wedding cakes, and cakes for other occasions is a specialty with Slaton Bakery. As in all our baked goods only the choicest ingredients are used. In decorating the cakes we strive to maintain originality, keeping in mind the occasion.

What They Write

Los Angeles, Calif.
Sept. 14, 1951

Mr. Jackson,
I am enclosing a check for the Slatonite. I have enjoyed your paper very much. I can't write to all my friends and I hear through your paper. Hope you and Mrs. Jackson are well.

Please send the paper to my address here until further notice. I don't like to miss a copy.

Minnie M. Murray
6298 Del Valle Drive
Los Angeles, Calif.

19 S. Emerson St.
San Angelo, Tex.
Sept. 22, 1951

A. M. Jackson
Editor of Slaton Slatonite,
Slaton, Tex.

Dear Mr. Jackson,
Knowing you as I do, I am sure you will take my gripe as good naturedly as you do more severe criticisms.

Under "News of Churches in Slaton" the Presbyterian Church notice was put in obviously for August 26th, and here it is Sept. 22nd and the notice for August 26th still in.

Some one is asleep on the job? I like to read my little "Home Paper." I like to read your "Just Talk" and about the "Gentle People of Slaton," and even like to read your want ads, but I do not like to think my church is asleep. Please contact your reporter and in my next week's Slatonite, I would be thrilled to read a new notice. I am sure the Presbyterian Church there is as wide awake and is up and doing as the rest.

My best regards to Mrs. Jackson.
Yours,
Alice B. Clevenger

Harbor for Sun
The upper walls of an attractive modern sun room, furnished in rattan, are painted in tangerine. Floor, ceiling, and dado are in cool gray. Drapery and upholstery fabrics combine green-gold, tangerine and deep green.

A New Business Is Established

A new business firm has been established in Slaton. The opening of the Stinson Behlen Floor and Wall Covering Service was announced this week. Mr. Behlen, who is an Armstrong Linoleum Co. factory trained floor and wall linoleum mechanic, says he will lay and use materials no matter where they are bought, and will do different types of interior decorating along with installation service jobs.

Stinson Behlen is married and has a three-year-old son, Charlie Bill. His wife, Oleta, has been studying color and design and interior decoration and will assist Stinson in his new business. Mr. Behlen has lived in the Slaton community for 25 years. He served 4 years in the army during World War II and 3 years in Europe as a Chief of Communications Sergeant. The Behlens own their home in Slaton. They are members of the First Christian Church.

Stinson worked for many years with his father, Mr. Wm. Behlen, of Posey to establishing his own business, was employed by the Home Furniture Co. He says he has done over 400 jobs in the last four years from Littlefield to Aspermont. Some of the places for which he designed and laid tile are the Caprock Theatre concession house, Teague's Drug Store, Posey Gin office, and the Home Furniture Co.'s new store.

CLAUDE ANDERSON'S VISIT ROLAND IN CALIFORNIA

Mr. and Mrs. Claude Anderson and Claudia are spending two months at their home, "Mockingbird Hill," in Encinitas, California. They will visit their son, Roland Anderson, who owns a drug store there.

Herald Goodman To Appear In Person At Circus

Herald Goodman, radio star over station KSLD in Dallas and a veteran of 27 years in radio, will appear in person at the showing of the movie "Country Parson" which plays Tuesday and Wednesday, Oct. 2 and 3 at the Circus Drive-In Theatre here.

Goodman will tell the humorous side of the life in a country parson's home, and he is qualified to do so—he is the son of a retired minister. According to Goodman, "during my years before the microphones in radio stations and networks of the radio stations, I have constantly searched for an entertainment that would be most enjoyable and of the highest character. Country Parson is that kind of entertainment."

The picture was shown to Goodman in a private showing and arrangements were made for him to tour the Southwest with the picture.

"Country Parson" is a picture that enables you to share the trials of a minister as he works among men who have forgotten God. John Beal and Peggy Stewart are starred in the movie," he said.

Goodman, well known to Southwest radio audiences, can be heard over KRLD, Dallas, each Wednesday evening at 7:00 and on Saturday night at 10:30 p.m.

Joe Dennis, manager of the drive-in, urged everyone to see the picture when it shows Tuesday and Wednesday.

Slaton People Worth Knowing

Mrs. E. E. Wilson has been a resident of Slaton since April of 1917. Slaton's 6th birthday was celebrated in June of that same year. Mrs. Wilson has seen a lot of changes since that time. There were no electric lights in town then. The Wilsons had the first telephone out in the country and it was run on a wire fence.

Mrs. Wilson was Alice Bennett before she met and married E. E. Wilson in Grayson Co. fifty-three years ago. A doctor advised the Wilsons to move to this part of the country because Mr. Wilson was suffering from asthma, so they chartered a railroad car and brought their belongings on the train. Mr. Wilson has been farming southwest of Slaton and has also worked in real estate and life insurance.

Mrs. Wilson is a member of the First Methodist Church and of the W.S.C.S. She belongs to the Home Demonstration Club and was a member of the Jolly Quilting Club until recently when she decided to drop it because of her husband's illness.

Her hobbies are making pretty quilts and collecting old glassware and she has beautiful examples of both.

The Wilsons had five children. They lost their second boy when he was six years old. Three of their boys live in and near Slaton and one lives in Lubbock, Charming Mrs. Wilson has seven grandchildren.

Broomcorn History

Originally native to tropical Asia and Africa, broomcorn belongs with the sweet sorghums in the family of Holcus fodder grasses. Tradition has it that Benjamin Franklin planted the first broomcorn seed in America after he discovered it on a brush imported by a neighbor. The first reported U.S. commercial crop was produced in 1797 in the Connecticut River Valley near Hadley, Massachusetts.

Patented Block

It seems that even the common cement building-block can be improved and patented, according to National Patent Council. Patent No. 1,540,349 has been issued to Robert S. Reed, Three Rivers, Mich., for an improved building-block. The improvement claim is that the block is bisected lengthwise, a fibrous insulating material separates the two halves, and web reinforcement holds the halves together.

Good Combination

Hot, spiced applesauce goes good with pork.

Edward Arnold extends a warning digit as he describes the terrible fate that can overtake a scheming teenager. The hilarious explanation occurs in Paramount's "Dear Brat," the comedy which opens at a prevue Saturday night and Sunday and Monday at the Slaton Theatre. Billy DeWolfe is also starred.

"Stars," Opens Tuesday Here

"Stars in My Crown," starring Jole McCrea and El en Drew opens Tuesday at the Caprock Drive-In theatre here. The picture, in Technicolor, has been given rave notices by critics and public alike every place it has shown.

Briefly, it is the story of a country parson who is not afraid to use his fists when necessary to spread the gospel. Jole McCrea is cast in the role of the two-fisted parson.

Based on the book of the same name, which was written

Keep Painters Busy

At one of the large automobile companies, twenty-seven painting operations are carried out on two miles of conveyor lines. In the storage rooms there are twenty-eight tanks, each of which can hold one hundred twenty gallons of material. In addition to the primer surfacer and sealer paints, there are twelve enamel colors. Paint is supplied to the body spray booths through nearly thirty-six hundred feet of pipe.

by a Texan, the movie is McCrea's latest in a long series of outdoor pictures, which have boosted him to fame.

"Bagdad," Technicolor Treat, Is Swashbuckling Entertainment

Universal-International's Technicolor "Bagdad," co-starring Maureen O'Hara, Vincent Price and Paul Christian which plays Saturday only at the Caprock Drive-In Theatre, will be welcomed by the audience because of its genuine, sure-fire entertainment qualities.

Hollywood never misses with this type of picture, combining as it does all the elements that go into real entertainment capable of carrying its audience into the realm of adventure, romance and spectacle.

Action, suspense, intense love interest, intrigue and masses of form and color are contained in "Bagdad," with Miss O'Hara at her most beautiful, Vincent Price in one of his most sinister characterizations and a newcomer, Paul Christian, cast in a very heroic role.

The story concerns the return of an English-educated daughter of a great tribal leader of the desert to Bagdad, where she finds her father has been killed by the feared Black Robes, marauding tribesmen, and she vows vengeance.

The suave Pasha who rules Bagdad is in league with the Black Robes, as is Raizul, his friend. Ahmed Khabar, brother of Raizul, falls in love with the English-educated beauty but the Pasha and Raizul convince the girl that Ahmed is the leader of the Black Robes and she attempts to trap him and cause his death.

Not until she captures Ahmed, takes him to a tribal gathering in the desert and watches him unmask the Pasha and Raizul as the real Black Robe leaders, does the girl realize her mistake.

Methodists To Hold All-Texas Revival . . .

The map shows the location of mass meetings (large stars) in the All-Texas Methodist Revival, youth rallies (medium size stars) and schools of evangelism (small stars).
From left to right, the men are Dr. Dawson C. Bryan, associate director in the Houston area; Dr. Stewart Clendenin, superintendent of the Houston West district, and Dr. W. W. Hawthorne, Nacogdoches, executive chairman of the Revival in the Texas Conference.

METHODIST CHURCH IS COOPERATING IN MISSION

The Slaton Methodist church is cooperating in the Texas United Evangelistic Mission, Rev. J. L. Mayhew said today.
This statewide activity, which will be carried out simultaneously in each of the Methodist churches in Texas, is under the general chairmanship of Bishop William C. Martin of the Dallas-Ft. Worth area. Bishop A. Frank Smith of the Houston area, and Bishop Robert N. Brooks of the New Orleans area.
Rev. Dawson Bryan of Houston and Rev. Leslie Ross of Nashville, Tenn., are executive co-chairmen of the Houston area; and Rev. Howard Ellis and Rev. Joe Edwards, both of Nashville, are co-chairmen of the Dallas-Ft. Worth area, and Rev. J. W. Golden of Memphis, of the New Orleans area. Central Jurisdiction.
Committees from the local Methodist church have been named to assist the Rev. J. L. Mayhew in the various phases of the campaign.
Sept. 28 to Oct. 7 has been set for the Texas Conference of the Central Jurisdiction. The week of Oct. 5-14 will be used by the churches of the Houston area for nightly visitation evangelism and

First Senior Class Meeting Is Held

The Senior Class of 1951-52 met Wednesday, September 5, with their sponsors, Miss Bonnie Jean Smith and Mr. Norman Marshall. Bob Lambert, past president, called the meeting to order.
Officers for the following year were elected. They are President, John Singleton; Vice-President, Barbara Brooks; Secretary, Joyce Burns; Treasurer, JaAnn Reissig; and Reporter, Betty Dodson.
It was discussed and agreed upon for the class to sell concessions at all the home football games.
No other business was brought before the class, so the meeting was adjourned.—The Tigers Cage.
Mr. L. E. Morahan, his two sons and his mother, Mrs. C. J. Morahan, who have been residents of Slaton for two years will be moving to Plainview in the near future. Mr. Morahan has been taking a course at Austin. He was a radio operator at Lubbock and has been promoted to inspector and transferred to Plainview, preaching services. The Dallas-Ft. Worth area and the Northwest Texas Conference will hold their activities Oct. 25 to Nov. 4.

FRONTAL ATTACK — Wide-eyed Seelau Gudrun, four-year-old displaced person from Germany, en route to Libertyville, Ill., gets in some close-range work on a piece of cake after landing in New York aboard the Navy transport Gen. W. C. Langhitt, an IRO ship.

Wilson News
BY NELDA RAYMOND

Lila Faye Crowder is ill in the Mercy Hospital in Slaton.
Mrs. and Mrs. Reuben Sander visited Mrs. Sander's brother Boyce Becker, who is in the army hospital in El Paso, over the weekend.
Mrs. H. C. Fountain accompanied Mr. and Mrs. Earl Tunnell of Tahoka to Rising Star, Texas, visiting relatives and friends.
Mary Lou Lichey, Dixie Marie Hewlett, and Joyce Raymond spent Sunday with Judy Blankenship.

HEADLINES, HEADGEAR—AND NO HEADWAY—This photograph is a graphic reminder that in Korea when talks stop, guns still speak. Front page of the Korean edition of the Army newspaper Stars and Stripes tells the story of one more break down in the on-and-off truce conferences. The punctured helmet, however, shows that although lead used for news type tells one story, bullet lead tells another, more strongly punctuated, tale. Armistice talks or not the war still goes on.

EXHAUSTIVE SURVEY—Looking into the tail-pipe of the jet engine of a Vampire fighter on display in Trafalgar Square, London, England, is two-year-old John Slater, a resident of the British capital. Curiosity is a large and important part of a boy's makeup, and 60 years from now it is expected that John's grandsons will own the same wondering look when viewing inter-stellar space ships.

MARKED CHILD—Lady Grey, a zebra at the Philadelphia zoo, poses with her first offspring, a daughter. Born shortly before the picture was taken, the striped youngster was taking her first steps minutes later.

New Liquid Type Defoliant Tested For Use In Area

Saturday morning De-leaf Nos. 1 and 2, liquid defoliant furnished by O. K. Tex Chemical Co., was sprayed on four one-acre plots of cotton of different size and foliage abundance, thru the cooperation of the Lubbock Experiment Station. The work was done on the Bill Kitten farm west of Slaton, being farmed by Norbert Kitten.

De-leaf is a liquid spray defoliant. Nos. 1 and 2 are the same except that No. 1 is stronger. The defoliant was applied with airplanes by the King and Moore Dusting Service and will be checked by the Lubbock Experiment Station. It was applied to cotton that had been pulled once and was open and ready for defoliation.

The tests are being made in an effort to develop a defoliant for use on the Plains-country. The dust defoliant used in previous years in this section requires dew for application, and the weather does not always cooperate by providing dew at the time needed. In the dusting method all work must be done in the early morning when dew is available. An effort is being made to develop a defoliant, the application of which will not depend on certain weather conditions.

Union News

MRS. M. D. GAMBLE

Recent guests in the home of Mr. and Mrs. E. C. Craddock were Mrs. Craddock's two sisters, Mrs. O. V. Overstreet of Selma, Calif., and Mrs. G. D. Manning of Cexnard, Calif.

Wright Johnson formerly of Union but now of Hobbs, N. Mex., became seriously ill Tuesday of last week and died Friday. The funeral was held in the Baptist Church at Hobbs Sunday afternoon at 2 p.m., and burial was in the Hobbs cemetery. The funeral was first announced for Saturday afternoon. Those attending from here were Mr. and Mrs. Rhea Pierce, Mr. and Mrs. J. A. Russell, Mr. and Mrs. Alton Russell, Mr. and Mrs. W. B. Jeter, Mr. and Mrs. F. A. Nelson, Mrs. S. D. Nelson and Mr. and Mrs. Sankie Johnson. All of Wright's brothers and sisters were present for the funeral. He was the son of the late J. S. Johnson of Union.

Visiting Mr. and Mrs. R. M. Cade Saturday were Mr. and Mrs. Dick Cade and daughters of Wilson.

The Seniors were very happy last week when they received their rings.

Miss Carolyn Griffin enrolled last week as a student in Tech. She was a graduate of Cooper in May.

Mr. and Mrs. J. A. Russell left Monday on a vacation trip to Hot Springs, N. M.

The Sewing Club went to Lubbock Wednesday, Sept. 19, and had dinner at the Hemphill Wells Tea Room. Those attending were Mesdames Jesse M. Johnson, Melvin Cade, Otto Doyle, Pat Patterson and Gilbert Nelson.

The ball game Friday night at the school house was another interesting game with Cooper leading 26-0. The game Friday night will be between Cooper and Plains, played at Plains.

Mr. and Mrs. Rhea Pierce were called to Abernathy Monday due to Mrs. Pierce's mother being worse.

Mr. and Mrs. C. L. Griffin and Iris returned last week from Albuquerque, N. M., where they had been on a vacation and visited with some of Mr. Griffin's cousins.

Mr. and Mrs. Tommie Lemon of Wolforth spent Friday night in the home of Mrs. Lemon's parents, Mr. and Mrs. H. M. Cade.

Those going on the yard tour last week from the Union club were Mesdames E. C. Craddock, F. A. Nelson, J. B. Gamble, H. M. Cade, F. H. Nelson and H. M. Morrison. They visited the yards of Mrs. W. H. Long in the canyon, Mrs. E. W. Stokes at Slaton, Mrs. Robert Bednarz and Mrs. F. H. Griffin, both of Union.

The W.M.U. met Monday, September 17, with the Slide W.M.U. Mrs. Huff of Slide gave a review of the book "Laying Up Treasures" which was enjoyed very much. Those attending from here were Mesdames Howard White, J. B. Patterson, W. D. Tanner, O. L. Doyle, L. C. Evans, W. B. Jeter, Blevens, Pat Patterson and T. L. Peterson.

Mrs. Joe Gamble and Mrs. Harold Morrison visited the Posey Home Demonstration Club Wednesday afternoon of last week and watched the cake decorating demonstration.

Rev. C. R. Hankins attended a meeting at Matador Monday and Tuesday. Mrs. Hankins and daughter visited last week and this week with her mother at Wellington.

Mr. and Mrs. R. B. Cade visited Sunday with Mr. and Mrs. Charles Cade.

Rev. and Mrs. Preston Graham of Lone Star visited one day last week in the home of Mr. and Mrs. Howard White. Rev. Graham has accepted the church at Plains.

Mr. John Griffin and Mr. H. F. Doyle got their telephones installed last Saturday.

Color Changer

Of interest to the architect is the fact that, together with bronze, nickel silver alloys, with suitably chosen nickel content, afford a wide and graduated scale of colors in metal ranging from reddish bronze, through pink, to gray and the white of the alloys containing as much as 30 per cent of nickel.

News Of Slaton Men In Service

If Jack McCain received a copy of last week's Slatonite in Korea he was probably very much surprised to read that he was home on leave. So were his parents, Mr. and Mrs. W. E. McCain. Jack is still in Korea. It was thru an error that the paper carried a story last week of his 10-day leave, and we apologize to Jack and to his parents, who received a number of visits and calls from Jack's friends.

Pfc. Billy Greer, son of Mrs. T. W. McCain is home on a 10 day leave. He has been at Keebler Air Force Base, Biloxi, Miss., for 36 weeks of radar school, and will go to Dallas as a radar mechanic.

Cpl. Albert J. Randle, son of Mrs. Josephine Randle, will be released from active duty at Camp Chaffee, Ark. next month under the Army program to release all reservists recalled following the Korean Crisis.

James E. Kiker, son of Mr. and Mrs. James A. Kiker, has completed five weeks of his fourteen weeks training at the U. S. Naval Training Station, San Diego, Cal. He called his parents last week, and reported that he is enjoying his work there.

Mr. and Mrs. August Kitten have received a letter from their son, Clarence, who is stationed at Manheim, Germany. Clarence had just come in from the field with the tank which his group has named "B-Sue". He was to leave September 25 for two weeks maneuvers, during which time he will be acting Platoon Sgt., and will not be teaching but will assign classes. Following maneuvers they will go to Bumholder for two weeks firing practice. He said he had enjoyed the funny books that his little brother, Calvin, had sent him.

Pfc. John Burks, son of Mr. and Mrs. Andy Burks, who is stationed in Japan at the 128th Hospital, has been studying jui jitsu in Yokohama. He has learned to be a caveman. He and four others make up a team which competes with a Japanese team. For points gained they get advancements which are designated in different color belts. They are now wearing yellow. White is the highest ranking color.

Mr. and Mrs. H. C. Heinrich were expecting their son, Marvin Heinrich, to arrive home on furlough Wednesday night. That would be a year to the day since he left to join the Navy and he hasn't been home since. He went overseas late in December, was at Pearl Harbor until February and has been in Japan and Korea since that time. He arrived at San Francisco on the U. S. S. Platte, and was planning to fly home from Long Beach, Calif.

So easy to use just inhale mist like vapor. For results see only as directed.

Finish Is Vital
Whether it's guns or communications equipment, food containers or helmets, the finish is vital. In the case of helmets, for instance, their finish must be able to withstand extremes of abuse: weather, abrasion, salt water—even frequent use as a cooking utensil! In texture and color, the finish must blend with the ground and must be of extremely low reflectivity.

JUST TALK

by
A.M.J.

Should you wander into the Post Office some morning about 8:15 and see B. G. Guinn, Dick Taylor and one or two other characters huddled around the writing desk I would like to warn you about a kind of "Harvey" trick they work on innocent minded folks like me and perhaps you.

Last week as I elbowed my way to Box 775 they all fastened their eyes on me and Mr. Guinn pointed his finger toward the way I wasn't going and said "Is that your dog?"

When I turned around to see if our cocker, Sandy, had somehow followed me to town, they all gave me the horse laugh. There was no dog following me.

About this time Dr. W. E. Payne came in and I tried to get the gang to try the Harvey dog trick on him, but they knew better.

After having seen Harvey, the rabbit, and Frances, the talking mule, in the movies, and then having Mr. Guinn and his friends pull the disappearing dog on me I am beginning to feel a little queer, and if you see me carrying on a conversation with some imaginary blonde, or spending money that I do not have, you will know that I am having a swell time and that life can be beautiful even for a man who has pummeled around in the newspaper business for most of his business career.

After several men told me that they had gone to the equalization board and did not get boosted out with smoky words I tried it myself when I had been notified that my personal taxes had been boosted up to three times what they were last year.

At first I figured that it would be just a waste of time to even talk to men on an equalization board and that I should keep my blood pressure down to 200 by not saying a word. While I did not get it down to what it was last year they did listen to my sobbing appeal and I believe I'll have enough left to pay a down payment on a T-bone steak.

Just where all the hikes in taxes, cost of living and cost of breathing is going to lead to I am afraid to predict, but I'm looking for a good second hand wheel barrow so that I can carry around enough money to buy a bottle of milk when the cost of a quart of milk gets to what I'm afraid it's

gonna be.
Not long ago I saw some little coconut macaroons on display in a food store and I put them in among the things we were gathering up in the store. When we paid the cashier she charged us 48c for one dozen of the little bite size cookies, four cents each, and they were not very good either. I'm still muttering and if things don't change I'll never get my blood pressure down where the doctor will not shake his head and tell me to go have a five dollar prescription filled.

Not long ago some folks were over at the house and for some unknown reason the topic of conversation got on hair. I suppose one of the women had just had her a permanent put in was complaining about how it was too long or too short, but anyway I mentioned the fact that I had read where some scientists had found a hormone that could be rubbed into the scalp as a salve and hair would start growing like carless weeds. I also mentioned that I had considered getting some of the salve.

One visitor commented that he doubted that my face would look well in a setting of pink colored hair, if I did manage to get another head of hair, and I have since been considering the fact and have about come to the conclusion that a lot of hair would be in my way. As it is now I can wash my face up a little further about once a week and get a shampoo, my dome is so slick that dandruff can't hang on, no hair blows in my face when I drive in the wind and I'm figuring on doing like C. L. Garfigne does when he goes to the

barber shop. He never gets a hair cut, he has his face and head shaved and when he takes his hat off he looks like a blonde cannonball with eyes.

Fast thinking merchandisers are going to keep on monkeying with things until the only way to tell when winter comes, Christmas arrives or spring shows up, will be by looking at the calendar.

Now days one can buy Christmas turkeys in July, spring strawberries in January, and tomatoes at any time of the year. They have badgered nature around until there is little to look forward to in the way of novelty foods and it does not make any difference what time of the year you buy any of it, the stuff is so high that many people would starve to death if the cost of being buried was not so high.

When I was a boy we ate strawberries in the early spring, and we bought them three quart boxes for a quarter, and they were allowed to ripen on the bush, now they cost a nickel a berry, and they taste like a step-mother's kiss; eggs were eaten when the hens were willing to cooperate and they were ten cents per dozen, and in mid-summer we went out in the garden and picked great big red tomatoes that were never touched until ready to eat.

Now days they all come from California and turn red about three weeks after arrival, and never get really ripe, and are sold by the ounce. When I was a kid I sold many a half gallon of choice tomatoes for a dime, and I had to hunt hard to find some one who was suckered enough to pay that.

Now you can buy a turkey at the market any day you want one, but they just don't taste right to me except at Christmas time and I'm afraid that if I live long enough things are certainly going to be in a mess.

Looks like its going to be a long hard winter to me. My last years overcoat was on its last legs when I put it in our moth proof bag last spring, my summer shoes won't last much longer and my only felt hat has a big spot on the top of it that looks like my wife had used it as a skillet in which to fry eggs. My only pair of long handles drew up to make me look like the hunchback of Notre Dame when I wore it, or perhaps they are them, and all income taxes are going to be raised. What other signs could one ask for as a forewarning of snow and sleet.

Douglas Fir Bark
Research at the Oregon Forests Products laboratory has revealed that Douglas fir bark contains from 8 to 18% (based on oven dry weight) of a condensed tannin.

Standard Item
The silver nutmeg grater was a standard pocket piece of gentlemen two centuries ago. Apparently it was roughly a parallel of the cigarette lighter of today.

Copper By-Products
Silver, gold and small amounts of some of the platinum metals often are found with copper minerals and are recovered in the course of electrolytic refining of copper.

REVIVAL Beginning Oct. 2nd

CHURCH of GOD

206 TEXAS 7:45 P.M.

We have been anxiously looking forward to this revival meeting with Rev. and Mrs. R. K. Mahoe, evangelists from Honolulu, Hawaii. They are natives of the Hawaiian Islands and for about three years they have been traveling and doing evangelistic work in the United States.

Their evangelistic tour of Texas has taken them to Dallas, Ft. Worth, Weatherford, Bonham, Tyler, Cottonwood, Blossom, Paris and Austin.

We invite you to come and hear them sing in English as well as in their native language and play the Hawaiian instruments. However every effort is being made to make these services a great soul-saving campaign not just a place of entertainment.

They were eye-witnesses of the Japanese bombing of Pearl Harbor on the fatal day of December 7, 1941. Hear their stories of seeing the bombs fall.

You have a hearty welcome to the . . .

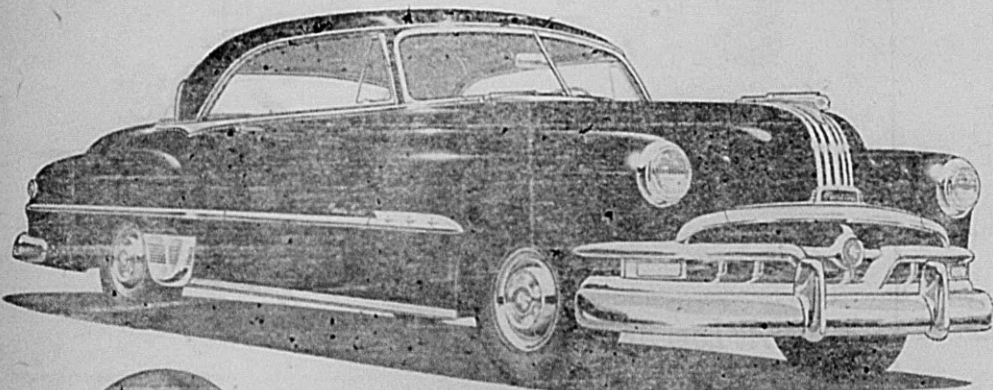

CHURCH OF GOD

WINLESS TIGERS FACE LITTLEFIELD WILDCATS FRIDAY NIGHT

BEACH BEAUTY—On the sands of the Pacific Ocean, near Hollywood, Calif., shapely actress Julia Adams holds aloft her beach coat to illustrate by its billowing the velocity of breeze that makes living a cool pleasure in that particularly hot area. Miss Adams also illustrates something else—apparent only if you stop reading this and look at the picture.

Slaton Loses To Seagraves, 19-7

A spirited Class A Seagraves team upset the lackluster Slaton Tigers last Friday night, 19-7, in a game played before a small, chilled crowd at Eagle Field, Seagraves.

The Eagles dominated play throughout the game, scoring TD's in the third and fourth quarters. Slaton's tally came in the second stanza when Richard Gentry dashed in and intercepted an attempted pitch-out by Eagle quarterback Nelson Smith, going fifty yards for the goal. R. A. Thompson kicked the extra point.

After taking the ensuing kick-off the Eagles drove deep into Slaton territory and after changing sides at the quarter Nelson Smith went over his own left tackle for the first Eagle score.

In the same quarter the Eagles scored again as Pinky Huff powered his way through the middle of the Tiger line for a touchdown. The Eagle's third touchdown came in the final minutes of the last quarter. A Slaton penalty put the ball in the Eagle's possession and Glenn Roberts, a 170-pound halfback, bulldozed his way across the double stripe.

Gentry's touchdown scamper caused some misunderstanding. He wasn't wearing his usual jersey and at least two other Tigers were credited with the run, by mistake.

Running from several formations—including a wide spread—the Tiger offense couldn't get started. Statistically, the Seagraves team were way out in front of Slaton.

A fairly large crowd made the trip to see the Tigers suffer their second defeat; visitors stands were almost filled to capacity.

TIGER B-TEAM MEETS FRIENDSHIP THURSDAY

The Tiger B-squad has a game with Friendship here Thursday afternoon starting at 3:00 p.m.

Coach Homer Tompkins' charges will be after their first win of the season, having dropped two games to the Wilson Mustangs.

Marvin Kitten has returned to Tech to complete work on his Bachelor's degree in Math. He will graduate in January and plans to do post graduate work for the remainder of the term. He is working in the Math. department at Tech and at the switchboard in his dorm.

Wilson Whips Junior Tigers, 21-13 At Wilson

Wilson's Mustangs chalked up their second win over the Slaton B-team, 21-13, last Thursday night at Wilson. The win makes the Mustangs undefeated so far in their first year of 11-man football.

Thomas Autry, Mustang back, was the big gun for the Wilson eleven, scoring two touchdowns. Joe Stone added the third Mustang marker and Jimmy Schneider scored all three extra points.

The improving junior Tiger squad, under the guidance of Coach Homer Tompkins, did well for themselves in the game.

Score by quarters:
Wilson 0 7 7 7—21
Slaton 6 0 7 0—13

WILSON MEETS ROPES FRIDAY NIGHT AT WILSON

The Wilson Mustangs meet the Ropes Eagles Friday night at Wilson and the Mustangs will be trying for their third win of the season. Coach A. J. Sales' charges previously have whipped Slaton B-team in two games.

Probable starting line-up for the Mustangs:

Ends—John Mark Stoker and Freeman Smalley; Tackles—Cordell Hagens and Gilbert Steinhauser; Guards—George Lambright and Claudie Phillips; Center—Harold Preston; Backs—Thomas Autry, R. J. Bednarz, J. L. Mason and Joe Stone.

Big Catch Is Made . . .

Pat Campbell, Howard Cook, Bill Klas, Pete Hendrix, and Bill McLaughlin of Wilson have returned from a fishing trip on the Rio Grande Monday. They fished near Eagle Pass and brought back 180 pounds of fish weighing 154 pounds dressed.

Card Of Thanks

Words cannot express our appreciation to our neighbors and friends for their kindness and beautiful flowers during the recent illness of Mrs. R. A. Thompson.

Mr. and Mrs. R. A. Thompson and R. A., Jr.

Slaton Has A Slim Chance To Upset The Powerful Wildcats

BILL BUTLER

Bill Butler, Slaton halfback, will be out for most of the remainder of the Tiger schedule. Butler has a broken bone in his foot.

Spur Is Only 6-AA Team To Win Last Week

The Spur Bulldogs were the only 6-AA team to win last week, beating Rotan 20-14 in a home game. The other four 6-AA members took drubbing, although Tahoka managed a 7-7 tie with Seminole.

Spur came from behind to trim Rotan as halfback Curtis Blair scored two Bulldog touchdowns. All-district quarterback Charles Grimland accounted for Spur's other tally with an 80-yard punt return for a touchdown.

LITTLEFIELD BEATS POST

Despite the stellar showing of triple-threat Post quarterback Jack Kirkpatrick the Littlefield Wildcats rallied to eke out a 14-12 victory at Post last week. Two extra points were the difference as an underdog Post eleven nearly upset the favored Wildcats. Kirkpatrick gained 143 yards on 13 carries for the Antelopes.

FLOYDADA TRIPS RALLS

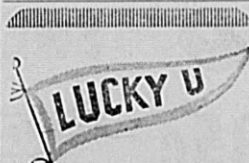

Ralls and Floydada battled it out on even terms at Ralls last week until a 90-yard Floydada drive in the final quarter broke a deadlock giving the Whirlwinds their first win of the season.

Dennis Wilks of Floydada eliminated the tie-breaking final TD when he smashed across from the five-yard line. Both teams were even in the statistics.

TAHOKA TIES SEMINOLE

James Foster, Tahoka quarterback, booted an all important extra point in the second quarter and the Tahoka gridders held for the remainder of the game, gaining a 7-7 tie with a favored Seminole team.

The Seminole Indians scored first and Tahoka took the kick-off and a sustained drive ended with Lynn Halamick racing around his left end for the touchdown.

IF YOU GO BACK TO SCHOOL WITH A Smith Corona PORTABLE TYPEWRITER

Homework will take less of your time; note books will be neater, easier to review; themes and term papers will be legible and more likely to raise your average.

But be sure your portable is a Smith-Corona—the world's fastest and most reliable.

FOUR MODELS TO CHOOSE FROM

SLATONITE

Bill Butler Out For Most Of Season

Bill Butler, speedy Slaton halfback, will probably be out for the remainder of the season, according to reports.

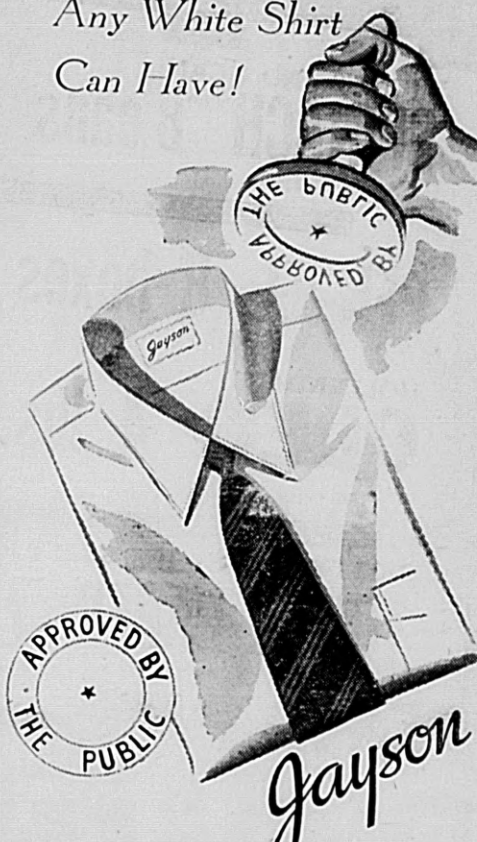

Butler broke a bone in his foot. He may be able to play in the last one or two Tiger games but will be out until then. Butler has been the Tiger first-string halfback.

4-AA SEASON STANDINGS

	W	L	T
Post	2	1	0
Spur	2	1	0
Ralls	2	1	0
Tahoka	1	1	1

The Finest Endorsement Any White Shirt Can Have!

Super-Whitehall \$3.95

If you're replenishing your white shirt wardrobe, why look any further than the Jayson Super-Whitehall. Few other white shirts won such an overwhelming public vote of confidence as this one. In recent nationwide consumer tests* against 3 other leading white shirt brands (all with labels removed): 3 out of 4 shoppers picked the Super-Whitehall against Leading Brand A; 2 out of 3 against Leading Brand B; 6 out of 7 against Leading Brand C. Come see if you're not sold on sight on the high-quality smooth broadcloth...the luxurious French front...fashionable narrow gauge stitching...larger genuine ocean pearl buttons, and fitted-to-perfection tailoring that conforms to your body lines. All costlier...yet the Super-Whitehall costs you no more. All collar styles.

"Where Well Dressed Men Dress Up"

THANKS!

To The People Of Slaton And Surrounding Territory. Dear Friends:

We wish to extend our sincere thanks for your patronage during the past few months.

During the time of construction of the Circus Drive-In Theatre we adhered to government regulations and complied with their request to spend a limited amount of money on construction . . . thereby conserving essential defense material.

Soon the drive-in movie season will be over for this year . . . and although further improvements will not be started this fall . . . the government will now permit us to complete construction of the Circus Drive-In Theatre.

When the drive-in movie season comes around again next Spring . . . The Circus Drive-In will have such added improvements as hard surface ramps and roadways . . . new fences and wing fences . . . enclosed screen tower . . . a new concession building . . . new display frames and lighting arrangements . . . and many more added features to add to your comfort and enjoyment.

So again . . . we say "THANK YOU."

Cordially Yours,
Joe D. Dennis, Manager,
Circus Drive-In Theatre

Special Rates Available Now On Daily Papers And The Slatonite

Special rates for daily newspaper distributed in this area, are available along with a feature rate for the Slatonite for a limited time only.

For most everything else subscription rates have been going up unless conditions change. Prospect is for more increases during the first of January. The subscription rate for the Slatonite will be \$2.50 per year for delivery by mail to any points in Slaton County, Garza County and DeWitt County, until that time the rate will be \$2.00 per year out of the three counties the rate will be \$3.00 per year.

The Slatonite is an authorized agent for receiving subscriptions for the Fort Worth Star-Telegram. The following bargain rates are now in effect for a limited time only:

Star-Telegram, seven days per week, including Sunday, regular rate per year, bargain rate per year, \$13.95.

Star-Telegram, six days per week, no Sunday, regular \$15.00 per year, bargain rate per year, \$14.00.

Star-Telegram, seven days per week and the Slatonite for one year, \$15.95.

Star-Telegram, six days per week and the Slatonite for one year, \$14.60.

Lubbock Avalanche, seven days per week, including Sunday, \$11.00.

Lubbock Avalanche, six days per week, no Sunday, and the Slatonite, for one year, \$13.00.

The Slatonite will accept subscriptions for the Slatonite for as many as three years at the rate of \$2.00 per year, the rate will be \$2.50 per year after January 1st for subscriptions going to people living in Lubbock, Garza and Lynn Counties, or for \$2.50 per year to subscribers living in any other parts of the nation, after January 1st, 1952 the rate will be \$3.00 per year.

To be sure of securing any of these papers at these rates quoted we advise early attention. You need not wait until your present subscription expires to renew, nor need the expiration dates for the daily papers be the same as that of the Slatonite.

F. F. A. Members Elect Officers

A regular meeting of the Slaton Chapter of Future Farmers of America was held in the Agriculture Room on Tuesday, September 11, 1951 at 8:00.

The following officers were elected: President, Grady Smith; Vice-President, Glenn Wilson; Reporter, Donald Bownds; Treasurer, Leon Pinkert; Secretary, Vernon King. —The Tigers Cage.

DO YOU REMEMBER?

ONE YEAR AGO IN SLATON—

Taken from September 2, 1950:

Miss Jo Ann Ressig was installed as president of the Future Homemakers of America at 2:45 p.m., Friday, Sept. 29, at the High School Auditorium.

The adult price for next Friday's football game and all future games will be \$1.00, announces superintendent Lee Vardy. Previously it has been only 75c. The change was requested by the district committee.

An unbeaten Muleshoe eleven racked up its third victory of the 1950 schoolboy football campaign here last Friday night by edging past previously unbeaten Slaton, 13-6 in a District 4-A conference tilt played before a capacity crowd at Tiger Field.

Mr. and Mrs. W. L. Meurer were honored on their twenty-fifth wedding anniversary with a surprise party given by their children on Sept. 21, at St. Joseph's Hall.

The Slaton Tiger Squad received new game uniforms for their first home game of the football season. Bill Layne, son of Mr. and Mrs.

W. P. Layne, enrolled last Saturday at Spartan School of Aeronautics in Tulsa, Okla.

FIVE YEARS AGO IN SLATON—

Taken from September 27, 1946:

There will be a Prohibition Rally on the city lawn Saturday afternoon at 3:30.

The Boy Scouts of Slaton, under the leadership of Bruce Pember, Scout executive, have planned a project for numbering the houses of Slaton. Under the sponsorship of the Junior Chamber of Commerce the streets of Slaton are to be marked. This will markedly improve the appearance of the town.

Mr. and Mrs. Silas Wilson and Paul Wilson left Thursday for the Dakotas and Minnesota on a hunting and fishing trip.

S/Sgt. Waylon Ferguson wrote his parents, Rev. and Mrs. W. F. Ferguson that he would start back to the States last Monday, Sept. 16. He sailed from Fukuoku on the island, Kuishu.

TEN YEARS AGO IN SLATON—

Taken from September 26, 1941:

Grasshoppers by the thousands appeared over Slaton Thursday afternoon and attracted the attention of many people on the streets. The insects were flying at great

heights, which is unusual for grasshoppers, as they usually migrate close to the ground. It is probably too late in the season for them to become a serious menace, but some damage may be expected.

Over twenty-five men of Slaton are taking a First Aid Course under the direction of Dr. W. E. Payne.

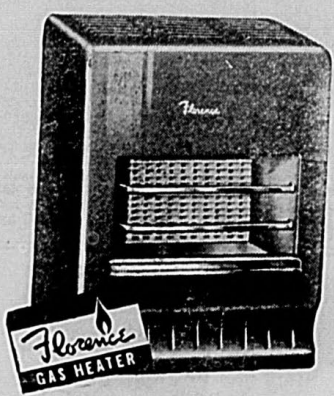

Mrs. Earl Hendrix was honored with a birthday party in the home

of Mrs. Ira McCarver Sunday night. Games were played and gifts were presented to the honoree as a surprise.

Last spring a check was made to find how many students would be interested in taking a course in Latin. Twenty-five listed their names as prospective, but only twelve signed up and a little later all but five dropped it. Of course it is impossible to offer a course to only five persons as it

is too expensive. Briggs Robertson left Thursday for John Tarleton College in Stephenville. He was accompanied by his father, Briggs Robertson, who declares that taking a boy and baggage to college is like moving the family from one house to another.

National Cash Register 1c to \$5. for Service Station. \$150.00 at the Slatonite.

From where I sit... by Joe Marsh.

Skip Makes a Slip

Miss Gilbert, the teacher, was telling me how Skip Lawson almost went to sleep in her physics class.

She noticed him nodding and—since they were discussing electricity—said in a loud voice: "Now maybe MR. LAWSON will explain what electricity is." Skip started up, looked around wildly, and blurted out, "Gee! I used to know, but I forgot."

"What a loss to science!" sighs Miss Gilbert. "No one to this day knows what electricity really is, and here we have a genius who could explain it—but forgot!"

From where I sit, I hope this taught Skip that you're better off if you admit you *don't* know all answers. Some grownups haven't learned that yet—like the ones who are always telling other people what's best and what's right and what's wrong. I like a temperate glass of beer, myself, but if you prefer buttermilk I won't argue. I've seen too many "know-it-alls" turn out to be wrong!

Just One Traffic Light . . .

At last the officials have gotten around to try to control the traffic at the crossing of the farm to market road 400, and the Idalou Highway.

Whether a traffic light will reduce, or stop, future appalling accidents like those that have occurred at this point remains to be seen but it is good that something is being tried after so long a time.

While this crossing has become famous all over the South Plains as a death trap it is just one of the many points that snare the fast driving motorists, and the traffic problem is fast getting to be a greater danger than a war with Russia.

It would be an almost impossible task to place traffic lights at every dangerous curve or road intersection and it is evident that many motorists are not going to pay attention to the other kind of warning signs.

"Let George figure it," is the attitude of those responsible for the safety of the public, or if they do feel their responsibility, they do not know what to do to correct most of the hazards of the road.

A lot of the fatal accidents can be traced to liquor, a few to faulty auto mechanism and some to just plain carelessness. The laws governing drinking and driving are inadequate, the enforcement of the laws that are on the books is loose and the future does not look bright. The Idalou problem is just the worst of many and we may look forward to more gruesome accidents even if the traffic light at that particular point does effective work.

Perhaps the public can become so hardened to the sight and thought of death on the highways that we will eventually become so inured to it that we will feel no more regret than we do at the sight of a dead chicken or dog, if we do not, then we are all in for a most saddening future for death on the highway is of far more danger than that of cancer, tuberculosis and polio.

Science And Farming . . .

Another miracle of science which will be of untold benefit to the agricultural areas of the world holds the attention now of the leaders in the field of animal health.

Long years of hard and diligent study in the laboratory have paid off with the announcement of a new vaccine which can mean the complete eradication of hog cholera from the swine herds of the world, presenting pig raisers an opportunity for more profit and a chance to rid their hog yards of a killer which over the years has wrought havoc in herds in all parts of the globe.

Hog cholera has been a dread disease for many years, killing more hogs than any disease known.

With the opportunity offered for control of the disease, consumers, too, stand to benefit as farmers are able to raise more hogs to meet consumer demand and prices should reflect added production.

Whole areas might be vaccinated with the new discovery, thus eliminating the virus in an area. Further campaigns could mean the complete wiping off the map of this scourge of pork producers.

Farmers have been using a "hot" vaccine, which produced the disease and brought immunity through recovery. The new live virus has been weakened by passing it through rabbits and offers the best chance for control ever seen in the medical world.

Once again the work of the laboratory is being put into efficient use on the farms, proving that teamwork in research, as in other fields, can pay off for many segments of the population.

Depreciated Currency . . .

The total loss, because of depreciated dollar, on the average value of life insurance policies, time deposits in banks, and E, F, and G savings bonds for the years 1941-1950, in 1950 dollars as compared with 1941 dollars, amounted to \$116,565,524.000. This huge loss, lightly regarded because so poorly understood, stands in sharp contrast to the officially estimated total loss of \$1,901,000,000 by depositors in suspended banks during the years of 1921-1933. Regarding the latter loss, extending over thirteen years, and which is only 1/61 of that over ten years on the three items mentioned, we still write and speak with emotion for the reason, apparently, that the meaning of that loss was brought home to us in a manner we could understand. But regarding a loss more than 61 times greater, on only the three items specified, we offer in general little more than platitudinous observations that reveal our small understanding of the devastating effects of a depreciating currency.—Source: "Monetary Notes."

Casualties Of Peace . . .

President Truman is right; a veteran rendered helpless in civilian life by an accident or illness not connected with his military service deserves no special handouts denied his non-veteran brother.

Congress, at the same time, is right in overriding the President's veto of an increase to \$120 a month as a pension to veterans disabled in civilian life.

How can both be right? It all depends on where you start from in your reasoning. The President is on unimpeachable ground when he insists upon no discrimination in meeting purely civilian distress as between those who wore the uniform and those who did not.

But members of Congress are merely being consistent when they stick by their original decision. That is because the Federal Government has long since broken the wise rule, or policy, against such discrimination. Washington no longer insists that a veteran show a service connected basis for even a relatively minor disability before he receives free medical aid and other help. Obviously, it would be unfair to start backing up on this policy in the case of the most needy and helpless of our veterans. Under present law such men already get \$60 to \$72 a month. The increase to \$120 is justified in the light of higher costs.

Special assistance to all casualties of civilian life who are blinded or left helpless is a matter of the deepest concern. But where such help is needed, it should come from individuals and agencies—private as well as public—which are set up to render aid to all alike. A federal agency designed to serve one group of citizens exclusively is scarcely the proper one to administer such help.

Notes . . .

That country fellow who is always visiting New York or the first time was there again recently, taking in the sights with a city friend. After watching the heavy traffic for a while, he said: "You've got a nice town here, but it looks to me like you folks was a whole lot behind in your haulin'." —Jud Snorkal.

"The best investment I ever made in Texas was in not earning to play poker." —Winthrop Rockefeller.

"It's a Socialist idea that making profits is a vice; I consider the real vice is making losses." —Winston Churchill.

Juniors Meet On September 11th

The Junior Class of 1951-52 met Tuesday, September 11, at 11:30 in the History room. Purpose of the meeting was to elect officers. Glen Akin called the meeting to order.

Officers elected for the following year are: President, Bill Butler; Vice-President, Donald Sikes; Secretary, Charlene Mayhew; Treasurer, Jerry Lemon; and Reporter, Ann Grabber.

Sponsors are Mrs. Neill and Mrs. Caldwell. Mrs. Holloman and Mrs. Short were elected by acclamation as Room Mothers.

It was agreed upon by the class to sell Christmas Cards to make money for the Junior-Senior Banquet.

Lack of time allowed no other business to be discussed. — The Tigers Cage.

Coal Cooperates
Coal traffic is responsible for 30 per cent of the 1,100,000 railroad jobs in the United States.

Acreeage Cut Seen
Producers in the U.S. have indicated their sugar beet acreage is in for a 12 percent cut.

OOPS!—No—she's not taking a spill into the drink. It's just one of the thrilling stunts performed by Florida's championship water ski doubles team. They're Kathy Darlyn and Bobby Hiers, pictured warming up at Cypress Gardens, Fla., before competing in the North American Water Ski Championships at the Canadian National Exhibition in Toronto.

THESE WOMEN!

By d'Alessio

"At last, the last drawer! Thank Goodness, there are only 26 letters in the alphabet!"

West Texas Roundup

A former Brady youngster Jess Lee Yeager, 13, now residing with his mother, Mrs. Johnnie Marie Yeager of Fresno, Calif., was one of three boys to have lunch with Roy Rogers, cowboy movie star, in Hollywood, on Sept. 4.

Jess Lee, who formerly attended the Rochelle and Brady schools, reports a wonderful time and wrote The Standard that he wished his many friends could have accompanied him. He said it was a thrill of a lifetime to meet Roy Rogers and associates, and lunch with him where he could also see other movie stars and obtain their autographs.

—The Brady Standard

Irate citizens, parents and school officials have asked the City of Morton to provide adequate police patrol during school hours for streets in neighborhood of schools.

A delegation of school trustees, headed by Raymond C. Ross, president, met with Morton City officials last week to discuss possibilities for stopping wild driving noted not only around the schools, but all over town.

School board members pointed out the dangers to small children in crossing streets in the path of speeding cars and asked specifically for strict enforcement of the speed law; also for police patrol from 8:30 to 9:00 a.m., during the noon hour and from 4:00 until 4:30 p.m.

Patrolling of the school streets was promised by the city officials. They also told school board representatives that speeders would be given traffic tickets at first offense.

—The Morton Tribune

Preparations for the establishment of a cotton warehouse and storage yard in Seagraves were being made early this week.

The new facility, which will be established here by the Texas Compress and Warehouse company of Lubbock, is expected to have the capacity to store up to 30,000 bales of cotton.

Location will be directly southeast of the Santa Fe depot, fronting the track. A warehouse, 15,000 square feet in size, will be built for storing government loan cotton. In addition, yard space will be provided for thousands of additional bales on land obtained from the Santa Fe and from M. W. Jones.

Personnel of up to a dozen will be required during the season to handle the movement and storage of cotton. In addition, a superintendent will be employed on a regular basis.

—The Gaines County News

A heavy windstorm which blew a wire loose on the siren atop the fire station left the city of Levelland with only a truck siren for fire warning during the past five days.

Unaware that the wire was loose, the firemen pushed the alarm button early this week and the siren burned out. It was repaired Wednesday morning.

In case of a fire during the time the big siren was out of commission, officials had planned to wheel the big new fire truck into the street and use its siren which is almost as powerful as the large siren according to firemen.

—The Hockley County Herald

The Littlefield Fire department roared into action Tuesday afternoon when a fire call sent from East Seventh street brought firemen running from all sections of the city.

The fire truck, with the siren screaming, came to a halt at 603 East Seventh. No one was home. Firemen removed a pot of scorching beans from the stove.

The damage, according to firemen, was confined to the pot of beans. Firemen said the beans were "completely demolished."

—The County Wide News

Some mining activities are going on right here under our nose and perhaps only a handful of persons know about the deal. Lloyd Waterhouse of Burnet, is strip mining the old Spiller Mines site down in Mason County and is having pretty good luck in producing manganese ore. The operations started there on a small scale in the later part of July, and with the aid of a big dragline and some five to six men, some forty cars have already been shipped out of Brady by rail.

With the dragline, a few acres in the 80-acre tract have already been excavated and when a vein of the manganese is located, the equipment is anchored and the men start to work loading out the ore which is vital in manufacturing steel. Manganese is heavy, with a cubic foot weighing an estimated 700 pounds.

The old Spiller Mines property is owned by Glenn Capps, Mason County rancher and attorney. The old timers around here remember the site as cave where guana was taken many years ago the hard way—via pick, shovel and wheel-

barrow. Today, with modern machinery, mining is carried on much faster and it was said Friday that in surface mining of the manganese at Spiller Mines, the dragline would daily do the work of forty men.

—The Brady Standard

Cotton boll worms and other insect infestations are being encouraged by the rain which so recently saved the cotton crops, and an estimated 10,000 bales of cotton have already been lost, according to David Eaton, county agent.

A total of 38-100 inches of rain fell Tuesday, and 90-100 inches have been measured thus far this month.

—County Wide News

Business was very good, thank you, for the city municipal court over the week end. Better, in fact, than at any time since the court was established several years ago.

"Proceeds" included fines from two drunk Latin-Americans and three drunk Anglos, all of whom were arrested Saturday.

The "take" was more than \$200.

—The Seminole Sentinel

Handling Milk
Milk is a finicky food, and you must observe the three C's to insure your family of complete safety. Keep the milk cool, covered, and clean. Milk, you know, is a good disease carrier, and unless careful storage conditions are observed the results can be somewhat undesirable.

Gym Dedicated On September 5

This year S. H. S. has something that has been needed for quite a few years. Due west of High School is a large brick building which has just been completed. **THE NEW GYMNASIUM.** Construction of the new gym was completed prior to the opening of school at a cost of approximately \$75,000. The playing floor, 54 ft. by 84 ft. is made from a fine grade of hardwood flooring. Seating capacity of the new gym is about 850.

Formal dedication of this new building was made on September 5. Approximately 415 Jr. High and High School students assembled for the dedication.

J. W. Clifton, student body president, presided at the dedication. He introduced Lee Ray, Dillard and Bob Lambert, the football captains for 1951 and they commented on the importance of taking care of it. Betty Dodson, secretary of the student council, also told how students of S. H. S. could keep the gym looking nice.

During the dedication Mr. Vardy received a jacket from the 1950 football squad and coaches.

In concluding the program Mr. Gilbert welcomed all the new students and teachers in S.H.S.—The Tigers Cage.

"The Boss just complimented me on my spelling. He said it was very original!"

Clogged Drain Blaster
Handling Devices Company, Inc., Boston, Mass., has developed a device called "Drain Gun" which with the help of carbon dioxide cartridges shoots a blast of gas and air to unclog household drains. When punctured, the cartridge builds up pressure inside the gun to 80 pounds, then the gun is placed over the drain and the air pressure released with a spring-operated valve to blow out the clogged wastes.

FEED STORAGE IS IMPORTANT
Feed storage offers the poultry-raiser an excellent opportunity to cut costs in the maintenance of his laying flock. By proper storage of feeds and grains a raiser can prevent much waste, provide birds with clean, fresh feed, and in general help improve his operating efficiency.

Proper feed storage is easily obtained, and a poultryman who fails to store feed carefully is merely being careless in the management of his birds.

Large Quantities
Whether a laying flock is large or small, it is good management to buy feed in large enough quantities to keep the birds supplied for at least a month. By buying feed in large quantities you enjoy several advantages. For one, it is usually cheaper to buy in this manner. Also, you are more certain of a particular mixture. And you protect your layers by having a more uniform ration, with enough feed on hand to give them what they need.

With large quantities of feed on the poultry farm, the storage problem becomes increasingly important. It is poor business to let feed stand on a cement floor where it may become damp and moldy. Such practices not only waste feed, but threaten the health and life of your flock if spoiled or moldy feed is fed to the birds. It is extremely important to keep the feed in a clean, dry place.

Where To Store Feed
In storing feed, be careful to put it where mice and rats cannot get into it. A box or a bin built in the laying pen, or an adjoining feed room, or any other convenient place should prove quite satisfactory. To keep the feed clean and fresh, line the floor of the box with tin or galvanized metal. This will also help keep out mice and rats. Also partition the box so that mash may be kept in one section and scratch grain in the other. The box should also have a tight top as additional protection against rodents.

Make sure the feed bin is elevated above the floor so that a cat or a small dog can pass underneath. To prevent accidents, the box and footings should be securely placed in position. In constructing the feed storage bin, be sure that it is placed at a height which will allow you to reach all the way to the bottom of the box.

Silver Alloys
Copper is the most generally employed hardener for silver. Sterling silver usually contains 7.5% copper, while 10% copper-silver is one of the important coinage alloys.
