THE NEW DOLL . . . Shown above is the picture of Dr. M. Jay McSween's four daughters, taken by Marinell de Vries, which received highest possible honors in the State Convention of photographers at Fort Worth this week. The portrait is being placed in the photographers association's permanent print collection. It was judged the best photograph in the exhibit. Four pictures by Fredric de Vries were awarded honor certificates at the convention. Both Mr. and Mrs. de Vries were presented distinguished service awards in recognition of service to the profession. The convention opened on Saturday, April 7, and was scheduled to last for four days.

CITY CLEAN UP TO BE APRIL 23-24

Cubs Scheduled To Tour Santa Fe Shops Tomorrow

A special train will arrive at Slaton about 10:15 a.m., April 14, with Cub Scouts from towns all over the South Plains as its passengers. The lads and their adult leaders will tour the roundhouse and facilities here as a part of the National Railroad-Cub Scout month program being observed this month. Officials of the Area Council have made arrangements for the Cub Scout Special to leave Lubbock at 9:45 a.m.

Cub Scouts and leaders from Tulla, Plainview, Hale Center, New Deal, Abernathy, Lubbock, Muleshoe, Sudan, Littlefield, Morton, Levelland, Smyer, Hurlwood, Seagraves, Seminole, Brownfield, Denver City, Ropesville, Lamesa, O'Donnell, Tahoka, Grassland, Post, Gordon, Floydada, Ralls, Crosbyton, Lorenzo, Dickens, and Dimmitt are expected to visit the roundhouse.

Some of the Cubs will arrive in Slaton by car and bus around 10 o'clock. Another group is expected to be on train 94. Civic minded citizens of Slaton are invited to meet train 94 and furnish the Cubs and their leaders with cars to visit over the city and see that they are returned to the designated point to make the tour of the roundhouse with those arriving on the special train. Motorists are asked to give the visitors much consideration by driving slowly and giving the pedestrian the right of way at all times.

Bland Tomlinson as Slaton Cub Scout Master, and Lewis Hollingsworth, District Chairman of the Cap Rock District, are due much credit in bringing this organization to Slaton for this event.

About 750 or 1000 Cubs and leaders are expected to be in Slaton for this occasion. After the tour of the roundhouse, the young visitors and their leaders will go to the City Hall lawn where they will have a picnic lunch. Slaton Cubs will sell pop during the lunch hour.

L. B. Hagerman, Executive Board Member of the South Plains area-council has been instrumental in the program and is assisting in planning the inspection trip.

Automobiles Are Deadly Weapons

A. R. Meador, Slaton photographer, says he considers the traffic menace as one of the greatest problems facing the people of the United States. The two recent fatal accidents that took the lives of two men in Slaton should stand as a warning to every one in Slaton, said Mr. Meador.

Road Completed To Serve Farmers

County Commissioner George Green reported this week that seven and one half miles of farm-to-market road, connecting Slaton to several prosperous farming communities that have not had hard surfaced road connection to the town, has been completed. The new road is to the Lorenzo highway and connects Midway, Robertson and Acuff to the Canyon farm-to-market road leading to Slaton.

Work Started On Drive-In Theatre

Weather permitting it is estimated that the Drive-In Theatre will be completed within six weeks. While no direct contact has been made with the owners of the Theatre by representatives of the Slatonite there are local reports that the construction work may be finished in less time than six weeks and that the Theatre will be open for business within a month.

Baptist Spring Revival Will Be Conducted Here April 15-22

MEREDITH E. WYATT

C. E. ARCHER

Spring revival services will begin Sunday, April 1, at the First Baptist Church, with Rev. Meredith E. Wyatt of San Antonio conducting the preaching, and Rev. C. E. Archer of Houston, directing the singing. Services will be held daily at 10:00 a.m. and 8:00 p.m. Sunday services will be at the usual time.

Meredith E. Wyatt, evangelist, recently became the pastor of the Beacon Hill Baptist Church in San Antonio. He had formerly been pastor of the First Baptist Church of Farmersville, where he is reported to have been an outstanding worker.

C. E. Archer, singer, is pastor of the Broadway Baptist Temple in Houston. He has served as pastor in Arkansas and as minister of Music and Education in Coleman and Childress, Texas, and in Pine Bluff, Ark.

Rev. J. T. Bolding of the local church, reports that both men scheduled to help in the revival here are excellent in their fields of the ministry, and he feels that the public will receive much good by attending the services each morning and evening next week.

City Officials Sponsor Drive For Sanitation

Monday and Tuesday, April 23 and 24 have been set by the City Commissioners, the Mayor and the Directors of the Slaton B.C.D. and Chamber of Commerce as Clean-Up Days for Slaton.

The two organizations are working together and wish to make an appeal to the citizens of the town to cooperate with the plans that will be given in detail in next week's Slatonite.

Mayor Lee Wootton said that the Sanitary Department reports that there is more trash, trimmings from trees, garbage, and trash of all kinds, scattered over the town than there has been for a long time, and Dr. W. E. Payne, city health officer, says that it is imperative that the town be cleaned up.

According to the agreement between the City Commissioners and the Directors of the B.C.D. the city will use all of its equipment, hire extra help and everything possible to get the town cleaned while the B.C.D. will provide two trucks and four men to assist in gathering up the trash.

President of the B.C.D., Bud Englund, said that every business firm and every individual citizen should clean up their premises and start gathering the debris where it can be placed in the alleys and side streets to be picked up on the two days next week that have been designated as Clean Up Days.

Annual Community Celebration Planned For Sometime In June

Plans are underway for a big community celebration, similar to last year's Frontier Day celebration, to be held sometime in June of this year. The Chamber of Commerce met Tuesday night and decided definitely to sponsor the big day. Jack Clark and Ted Swanner are chairmen of a committee which has been appointed to complete plans for the annual entertainment.

Ted Swanner announced Wednesday that a parade will begin the day's activity. Business men and individuals will have about two months to plan and construct their floats. Some kind of program will be conducted in the afternoon, centered around a western band, who the committee hopes engage for the day.

The celebration last year, called Frontier Day, proved to be quite successful, with the traditional parade in the morning, and beard contests, games for children, a square dance, and various other events following. A lot of old timers got together and thoroughly enjoyed remembering Slaton in its earlier days.

Although no details are available at this time, the committee in charge of the celebration has already begun making arrangements, and the citizens of Slaton are assured a lot of fun on that day.

Mr. and Mrs. Weldon Martin and daughter, Linda, spent the week end in Lorenzo with his parents, Mr. and Mrs. Acklas Martin and family.

Construction Of Lutheran Church Will Begin Soon

Plans for the new Slaton Lutheran church are forging steadily ahead, according to Lowell C. Green, local pastor. Working drawings will soon be completed in the San Antonio offices of Marvin Eickenroht, A.I.A.

The new church, construction of which is expected to begin early this summer, will consist of the first unit of a "master plan" that will later be expanded into a quadrangle of connected buildings that will cover nearly a city block. The first unit is to consist of a simple nave, seating approximately 175. When expanded, this unit is eventually to seat over 400.

The edifice is to be constructed of brick over tile walls. Gothic arched windows and open-timber ceiling are included in the plan. The buildings when completed will present to the eye a connected series in the "English Gothic" style, also known as the "English country church" plan.

"Mr. Eickenroht is one of the most qualified church architects in the southwest. He has designed many of the most outstanding edifices in this part of the country. We expect that his plans will give us a fine church that will be a real credit to the city of Slaton," stated Pastor Green.

Barbara Brooks Is Sweetheart Of Slaton FFA

BARBARA BROOKS

Barbara Brooks was recently elected F.F.A. Sweetheart of 1950-51. Barbara is 16 years old and a Junior in High School. She is the daughter of Mr. and Mrs. J. T. Brooks of Route 1, Slaton. Pansy Sloan, a Senior, was runner-up for the F.F.A. Sweetheart. Other candidates were Ann Grabber, Sophomore, and Annette Wilson, Freshman.

Barbara has been quite active around S.H.S. also having been in the Choral Club, Pep Squad, and Commercial Club. This year she is historian of the Future Homemakers of America besides acting in the Junior Play and serving as typist on the Annual Staff.

Road Completed To Serve Farmers

County Commissioner George Green reported this week that seven and one half miles of farm-to-market road, connecting Slaton to several prosperous farming communities that have not had hard surfaced road connection to the town, has been completed. The new road is to the Lorenzo highway and connects Midway, Robertson and Acuff to the Canyon farm-to-market road leading to Slaton.

Seniors Schedule Play Next Week

Don't be half safe . . . go to your calendar right now and draw a bright red ring around the date of April 20, so that you will be sure to remember the date of the senior play, "Aunt Samantha Rules the Roost." You will not want to miss the side-splitting antics of eccentric Aunt Samantha Simpkins, as portrayed by Paula Maxey, in her campaign for mayor of the town. The feminine side of the political minded old lady wins out when she gets hold of some love pills, and falls in love with her opponent, and rather than winning the election she wins him.

Others who will assist Miss Maxey in the two hour, three act comedy are Barbara Jochezt, Bess Ann Parker, Josephine Shepard, Arlene Telfertiller, Eugene German, Tommy Swanner, A. E. Burris, Henry Fleming, and Bobby Taylor.

The play is under the direction of class sponsors, Mrs. Yates Key and E. B. Jenkins. Proceeds will be used to help finance the senior trip at the end of the school year, and also to purchase a gift for the school.

Former Slatonite Is Buried Here

Funeral services were held for Mrs. Bertha Roberson, 59, former Slaton resident, at 3 p. m. in the First Baptist Church here. Mrs. Roberson died at 7 a.m., April 7 in Goodnight Hospital in Lubbock. Rev. John Baker, pastor of Trinity Baptist Church, Lubbock, officiated, and was assisted by Rev. J. T. Bolding.

Mrs. Roberson moved to Slaton with her husband in 1913. She had lived in this area most of the time since then except for a few years when she lived in Toyah, El Paso, and Portales, N. M. She had been away from Slaton about a year at the time of her death. She had been residing at 2601 39th Street in Lubbock.

She is survived by two sons, Albert Owen Roberson of Lubbock; and Robert Lee Roberson of Toyah; one sister, Mrs. P. H. Robertson of Lubbock, four grandchildren, and 18 nieces and nephews. Pall bearers were A. A. Gartman, Henry Rinne, A. A. Rinne, James Simpson, Monroe Hinson, and Hurman Robertson. Burial was in Englewood Cemetery.

Plant Exchange Planned By Club

Anyone having plants, flowers, or seeds which you would like to exchange for some other kinds of plants, is invited to bring them to the City Hall, west door, any time April 21, when the Civic and Culture Club sponsors the Plant Exchange. The purpose of the exchange is to beautify Slaton by distributing various kinds of plants and flowers to all parts of the town. However, if someone wishes to secure any of the items mentioned, you may get them regardless of whether or not you have placed something in the exchange.

Mrs. Bessie Donald, who is in charge of the program for that day, said that in the years before when such an event was held, it was responsible for many of the pretty gardens, lawns and flower gardens in the Slaton area. It was a popular event in the years before the war, with the gardeners and flower growers of this area, but has not been held in several years. The Civic and Culture Club, original sponsors of the Plant Exchange hopes that it will become just as popular again, and can be an annual affair.

Those who have no means of getting their exchange items to the City Hall should contact Mrs. Donald before the date of the program, Saturday, April 21, so that arrangements can be made to have them delivered.

Mrs. W. R. Tomlinson of Temple is visiting here with her daughters, Mrs. Howard Hoffman and Mrs. Claud Porter.

John Frye Is Stationed On Midway

Pictured above are Chief Yeoman Emigh, of Altoona, Pa., and John P. Frye, yeoman second class, USN, who are stationed on Midway Island in the Pacific area. The Naval Station which was closed by the Navy in June, 1950, was re-commissioned in August and is now being used as a refueling base for air evacuation planes returning from the battle fronts in Korea. Yeoman Frye is the nephew of Mrs. S. H. Adams, 255 S. 10th. He is currently serving as captain's write-up for the commanding officer of the Naval Station on Midway. He was recalled into active service with the Navy about six months ago.

Week's Question

Slatonites Disagree As To Whether HST Will Seek Re-election In '52

The all important presidential election of the United States is due in November of next year. From all indications, the various parties have about scraped the bottom of the barrel in an attempt to find men capable of taking the driver's seat in our federal government. It is imperative, however, that someone be elected by the people to direct them in the affairs of the nation, so there can be no doubt that someone, be he capable or not, will be inaugurated as President of the United States in January of 1953. As is usual, the year preceding the presidential election, the question arises "Will our current president 'run again'?" Although Harry Truman has indicated that he has made his decision as to whether he would accept the candidacy again, he has declined to release his decision to the public. Some of our Slaton citizens have their own ideas as to whether or not HST will run again, and their opinions are given to you here:

know where he will find a man who can do the job any better at the present time. He said he doesn't know of anyone in the Democratic party who would qualify, but he is sure that the Republican party doesn't have anybody.

Lewis Hollingsworth, manager of the Slaton office of Southwestern Public Service Co., and young civic leader, merely said, "No, I don't think Truman will run again." When asked if he would elaborate on his answer, with a smile in his voice he said, "No, you just don't think about him without thinking of some wise crack that would not be for publication."

Claude Cravens, prominent young lawyer, firmly believes that Truman will run again. "When a man gets all the money and privileges appertaining to that office he will try to keep it," he said. However, if he does run again, Claude says he knows one man who won't vote for him.

Andy Burks, minister of the local Church of Christ, says he thinks that Truman will run again, and if he doesn't win or won't miss it far.

Slaton People Worth Knowing

MRS. S. H. ADAMS

Coming to Slaton in 1911, Mrs. S. H. Adams has long been a prominent citizen of the town. She lives at 255 S. 10th with one of her two daughters. She was born in Coleman County and moved to the plains in 1900. She lived in Plainview and Lubbock before coming to Slaton.

Mrs. Adams is active in the Civic and Culture Club, Slaton Art Club, and the WSCS of the Methodist Church. She says that she loves doing church work more than anything. For many years she taught a Sunday School class but was compelled to give it up a few years ago because of her health. She was district secretary of the WSCS for several years, and has held nearly every office in the local organization at various times. She is still an active member of the society.

Besides church work Mrs. Adams enjoys visiting, reading and painting in her spare time. She said she used to paint quite a bit, but the last few years she has not had time to do much of it.

Her family consists of two daughters, one living here and the other in Princeton, N. J.; a nephew, John Frye who is stationed with the Navy on Midway Island; and a grandson, son of the daughter in New Jersey.

Mrs. Adams is a well known and highly respected citizen of Slaton.

Mr. and Mrs. K. C. Scott and Mrs. W. H. Smith had as their week end guests their niece, Mrs. Kenneth Bassett, and her husband of Amarillo, and Mr. and Mrs. Bill Acock and son, Mark, of Lubbock.

NOTICE
BY CITY OF SLATON TO OWNERS OF PROPERTY ABUTTING CERTAIN STREETS OF INTENTION OF CITY TO PAVE AND IMPROVE SAID STREETS AND TO LEVY ASSESSMENT AGAINST SAID PROPERTY AND THE OWNERS THEREOF IN PART PAYMENT THEREOF AFTER HEARING: AND TIME OF HEARING.

Whereas, on the 26th day of February, 1951 the City of Slaton by Resolution requested Parkhill, Smith and Cooper, Engineers of said City, to prepare plans and specifications and estimates of costs of paving and improving certain streets in the City of Slaton; and

Whereas, by Resolution passed on the 12th day of March, A.D. 1951 said City Commission approved said plans, specifications and estimates and determined that it is necessary that the hereinafter set out and enumerated portions of streets, avenues, and alleys in the City of Slaton be improved by raising, grading and filling same, by installing standard concrete curb and gutter, and by paving with triple asphalt surface treatment on six inch compacted caliche base:

UNIT NO. 23: Fourteenth Street from 22' South of the North Property Line of Jean Street to 22' South of the North Property Line of Powers Street.

UNIT NO. 24: Fourteenth Street from 22' South of the North Property Line of Powers Street to 22' South of the North Property Line of Edwards Street.

Whereas said Resolution provided that the property abutting said sections of said streets proposed to be improved and the owners thereof should be assessed and pay for not exceeding all the costs of curb and gutter abutting their respective properties plus 9/10ths of the remaining costs of the improvements in the Units on which the respective properties abut; and

Whereas, the estimated costs for said standard curb and gutter is \$1.45 per front foot and the estimated costs for paving is \$2.61875 per front foot, for each of said Units or Districts, the total estimated costs of improvements designated as Unit or District No. 23 is \$3,270.60, the total estimated costs of improvements for Unit or District No. 24 is \$3,270.60; and

Whereas, said Resolution provided that before the levy of such assessments, hearing be held under provision of Article 1105b of the Revised Civil Statutes of Texas, after notice given as provided by law;

Now therefore, under provisions of said Article 1105b R.C.S. of Texas, notice is hereby given to all said owners of property abutting upon said streets and alleys, and to all persons interested in said improvements that hearing will be held by the City Commission of the City of Slaton on the 28th day of April, 1951, at the City Hall at Slaton, Texas, beginning at 3:00 o'clock P.M., at which time any of said owners or interested persons who shall desire to contest any such assessments on account of the amount thereof or for any reason will be heard; and such hearing shall be continued from day to day and from time to

Hunting Accident Fatal To Youth

Funeral services for Donnie Henderson, 15-year-old Wilson boy who was shot accidentally when rabbit hunting Monday, were conducted at 3 p.m. Wednesday in Jacksonville Baptist Church with Rev. O. B. Martin of Sulphur Springs officiating.

Burial was in Jacksonville cemetery under direction of Stanley Funeral home in Tahoka.

The youth died at 1:30 p.m. Monday in Tahoka hospital, within an hour after a .22 caliber rifle was accidentally discharged into the back of his head. The boy was with three other youths on a rabbit hunt between Wilson and Tahoka. He was the son of Mr. and Mrs. Virgil Henderson.

With Henderson at the time were Claudia Phillips, about 20; J. H. Phillips, about 26; and Dan Tom Stoker, 14. All were from Wilson.

Sheriff Roland Clem of Tahoka reported this morning that the boys were in a car. They had been driving along the highway when they spotted a rabbit. The car was stopped and Stoker, in the back seat, opened the door and put one foot on the ground. The window was wound down and the youth fired about four shots at the rabbit.

The first the boys knew Henderson was wounded was when he slumped in the front seat. A bullet hit him directly in the back of the head.

The lad lived until he reached Tahoka hospital and was able to talk to the two Phillips boys before he died.

Sheriff Clem said the shooting was an accident.

Young Stoker became so hysterical that he was given a sedative at the hospital.

Henderson was a junior at Wilson High school. The family had moved to Wilson in September, 1949. He was born in Jacksonville.

Surviving are the parents, three brothers, David, Paul and John; the grandparents, Mr. and Mrs. A. J. Henderson and Mr. and Mrs. I. P. Moore, all of Jacksonville, seven aunts and seven uncles.

time as may be necessary to give all said property owners and interested persons a full, complete, fair and impartial hearing upon all matters with respect to such improvements and the levy of assessments in payment therefor.

After all persons have been heard and such hearing has been closed, assessments will be levied by ordinance against the abutting property and the owners thereof, which assessments will be a personal liability of the owners of such property and the first and prior lien upon said property as provided by said Article 1105b R. C. S. Texas.

Mr. and Mrs. V. O. Dunn of Abilene spent Sunday and Sunday night with their parents, Mr. and Mrs. L. A. Dunn.

Mr. and Mrs. Dick Craft and boys and Mrs. Gregory, all of Sweetwater, were in Southland on Sunday.

Mr. and Mrs. Leslie King of Hale Center, visited Mr. and Mrs. J. R. King Sunday, and Mr. and Mrs. R. E. King, who had spent last week here with their son J. R. and family, accompanied the Leslie Kings back as far as Plainview.

Mrs. Andy Matlock is back home after spending several days in Mercy Hospital at Slaton.

Black Becomes White
Titanium oxide, the brilliant white pigment that is used extensively in paints is obtained chiefly from ilmenite, a black mineral containing approximately 47 per cent iron and 53 per cent titanium dioxide. While deposits are found in various parts of the United States, the chief commercial sources of supply are Travancore Beach, India, and Norway.

Lamb Stew
For a well-flavored lamb stew, add celery, onions, and tomatoes to the water while cooking the meat.

Traveling Costs
Traffic consultants estimate that in a city of 1,500,000 persons, the cost of private car travel yearly is 120 million dollars, but only 18 million dollars is spent for trackless trolley, motor bus and street-car riding.

Care Of Gilts
Regardless of what one does with the rest of their spring pigs, gilts kept for the breeding herd should be kept on good pasture. Give them plenty of water and minerals and enough grain to keep them coming along nicely. A little protein supplement containing animal protein is very important to help them become good producers.

Hand Files
A hand file is a familiar household tool and a necessity in many industries. Nearly 112 million metal cutting hand files and rasps were made in 1947, and about 25,000 tons of high carbon steel bars were consumed in their manufacture.

Mrs. J. C. Bryan of Lone Oak, Texas has moved to Slaton to make her home with her sister, Mrs. H. S. Crews, and mother, Mrs. A. J. Nesbitt.

Pine Cones
A good source of additional farm income can come from the sale of pine cones. Some farmers have netted as high as one hundred dollars per week picking pine cones to sell to seed companies for use in producing pine seedlings.

W. R. Caldwell, Mr. and Mrs. John R. Caldwell, Mrs. Lula Caldwell, and Mr. and Mrs. Clifford Young visited Mrs. Josie Pellum and Mr. and Mrs. W. T. West at Kermit Tuesday.

Mr. and Mrs. Claud Anderson have returned from Los Angeles where they were with their son Roland, who is recovering from a serious operation. They report that he is greatly improved.

W. L. Meurer was admitted to Mercy Hospital on Tuesday for treatment of "flu".

Baptist Students Hear Mrs. Pylant At Banquet Here

Mrs. Lake Pylant of Wayland College, stressed Christian education in an address to about 30 Slaton High School seniors and officials of the Baptist Church, at the annual W.M.U. sponsored banquet honoring Baptist senior students, Thursday evening, April 5. Mrs. Pylant asked the question, "Where are you going and how are you going to get there when you get out of high school?" and pointed out the various ways of gaining one's goal in life. She said that unless one has a definite goal for which he is striving, he will just go around "in circles and get nowhere." A goal must be set with God as the central force in mind, she said, in order to make one's life worthwhile.

Anyone can go to college, she stated, and should not let finances hold him back. Almost every Christian college offers some kind of work plan for those who must work to gain education. "It is very necessary in these times to be prepared for the future with a good education," she said. The main purpose throughout her talk was to interest the students in attending Christian colleges.

Rev. J. T. Bolding gave the invocation preceding the banquet, and Mrs. George Green welcomed the guests. Paula Maxey responded to the welcome. Mrs. J. T. Bolding gave the benediction.

Also on the program were Miss Claudia Tyser and Don Brandon, both Wayland students, who entertained with several musical selections.

The women of the Training Circle prepared the dinner and it was served by some girls of the High School freshman and sophomore classes.

Jr. Civic - Culture Club Entertains Guests At Program

Mrs. J. B. Huckabay, guest speaker, reviewed the "Life of Clara B. Driscoll" at the guest night meeting of the Junior Civic and Culture Club Tuesday evening, April 3, in the home of Mrs. R. C. Patton, 345 S. 10th. Assisting as hostesses were Mrs. J. J. Maxey and Mrs. Leroy Holt.

Each member of the club brought a guest to the meeting. Guests were introduced as a part of the evening's program.

Mrs. Hack Lasater and Mrs. Edwin Cummings presided at the table, serving refreshments to members and guests as they arrived. About 44 attended.

Elementary PTA Has Visual Aid Program

The Elementary PTA met Monday evening, April 9 in West Ward Auditorium, with approximately 80 members present. A musical program was presented by the Harmony Band under the direction of Mrs. Virgie Hunter. Mrs. Allen Crowley was the inspiration speaker.

Mrs. Sug Robertson brought a program on audio-visual education, using films to illustrate her discussion.

Mrs. Eldon Boulter, vice-president, presided in the absence of the president, in a brief business session. Members of the Executive Committee were appointed to attend the District meeting at Lockney as delegates, or select someone else to attend as alternate delegate.

Robert Woodfin, who was injured several weeks ago when he was shot accidentally, was moved to Albuquerque Wednesday, April 4, for special treatment in the Santa Fe hospital. His mother reported that he seems to be getting along fine.

Slaton Women Give Their Favorite Tested Recipes

For you women who may have trouble finding a salad to suit your husband, here is one which sounds mighty good, and Mrs. Eldon Boulter, who submitted it to us, believes that you will be as pleased with it as she has been. This is an avocado salad, which has been derived from some other recipe, and with some ingredients added, has turned out to be the favorite of Mrs. Boulter's family. Following is a list of the foods which she uses in the salad:

- 2 avocados, mashed very fine
- 1 cup cottage cheese or 2 boiled eggs
- 2 or 3 stalks celery, chopped fine
- 1 large onion, grated
- 3 tomatoes, scalded and peeled, mashed
- 2 tbs. lemon juice
- dash of Cheyenne pepper or paprika

Tea-Shower Given For Recent Bride

Miss Wilda Ruth Hannah, recent bride of Lawrence D. Martin, was honored Thursday evening, April 5, with a tea-shower in the home of Mrs. Fannie Patterson. Mrs. Patterson greeted guests at the door, and presented them to the receiving line made up of Mrs. J. M. Hannah, mother of the bride, the honoree, Mrs. Donna Todd, and Mrs. Maurine Middleton of Amarillo.

Mrs. Byron E. Johnson and Mrs. Ray Talbot presided at the bride's book, where about 40 people were registered. Mrs. B. A. Hannah and Mrs. F. A. Drewry presided at the tea table.

Recorded music was played during the evening.

Hostesses were Mesdames Fred Schmidt, R. L. Smith, Harmon Thompson, Oree Glasscock, H. E. Woods, F. A. Drewry, B. A. Hannah, Dudley Berry, Otis Gutes, Byron E. Johnson, E. E. Culver, Kenneth Goebel, B. G. Gulnn, R. C. Sanner, B. P. Williams, W. B. Hestand, R. L. DeBusk, C. W. Wilks, L. B. Hagerman, George Culwell, Ray Talbot, Virgie Hunter, and Fannie Patterson.

All Day Meeting Is Attended By Rainbow Girls

Several Slaton Rainbow girls, Eastern Star members and Masons attended an all day School of Instruction for Rainbow Girls, held in Plainview, March 31. A free luncheon was served at noon. Sixteen assemblies of Rainbow were represented, and about 277 people registered.

Mrs. Marie Whitefield, Supreme Inspector of Texas, from Dallas, presided at the business meeting. Eight girls received B certificates. Two grand officers were present from Slaton. They were Beth Brasfield, Grand Representative from Texas to Conn. and Mrs. C. T. Scroggins, grand Visitor of Texas.

Those attending the meeting from Slaton were Mrs. C. F. Smith, Mother Advisor; Mrs. Douglas Wilson, Mrs. W. E. McCain, Mrs. Scroggins, Mr. C. E. Smith, Mr. B. A. Hanna, Beth Brasfield, Betty Sue Layne, Marion Foster, Annette Wilson, Janice Greer, Sue Hodges, Janice Clark, Glenda Lewellen, Nancy Clifton, Barbara McGinley, Linda German, Bonnie Holt and Janet Pearson.

The annual church services will be held at the Methodist Church Sunday, April 15. All Rainbow Girls and board members are invited to attend.

Mrs. Wells Named President Of New Baptist S.S. Class

A newly organized adult women's class of the First Baptist Church met at the home of Mrs. R. C. Patton, April 5 for a business meeting. Officers elected at the meeting are Mrs. Allen Crowley, teacher; Mrs. Clarence Wells, president; Mrs. T. V. Ellis, 1st vice-president; Mrs. Bland Tomlinson, 2nd vice-president; Mrs. Wayne K. Smith, 3rd vice-president; Mrs. L. O. Lemon, 4th vice-president; and Mrs. Bill Christman, secretary. Group captains are Mrs. Walter Barlow, Mrs. L. L. Duckett, Mrs. L. O. Lemon, and Mrs. C. C. Kenney.

The new class will be called the J. O. Y. Class, with the letters meaning Jesus, Others, Yourself.

Tech Student Is Guest Speaker At Church Meeting

Members of the Presbyterian Auxiliary heard a discussion on "Christ on the Campus" by Miss Emma Lou Garrett, senior Tech student, at their meeting Monday evening in the home of Mrs. Fred Schmidt. Miss Garrett was introduced to the group by Mrs. W. F. Rogan of Lubbock. Mrs. Rogan was presented by Mrs. Gus Clevenger.

Miss Garrett, a member of Westminster Foundation Center at Tech, told the group that there are more Presbyterian students at Tech than there are at Trinity University, which is a Presbyterian school. She read scriptures from the 4th, 5th, and 6th chapters of Ephesians, and the 13th chapter of First Corinthians. She ended her part of the program with a prayer.

In a business session Mrs. Schmidt presided in the absence of both the president and vice-president. Mrs. S. A. Peavy was acting secretary. Several letters of thanks for gifts and cards were read. Mrs. Margaret Bradshaw and Mrs. Charles Pack were on the sick list this week.

Mrs. Clevenger presented both of the guests with gifts. Mrs. Rogan is the wife of Rev. Wm. F. Rogan, who is a professor at Tech.

Refreshments were served to seven members and two guests.

The next meeting will be in the home of Mrs. Hershel Crawford.

News Of Slaton Men In Service

Friends of Sgt. Roland McCormick will be interested to know that he is "doing fine" according to the last letter his parents, Mr. and Mrs. Mack McCormick had from him. He is with the Heavy Mortar Company of the Third Division. In the letter, dated on March 27, he said the company was pushing toward the 38th parallel just north of Uijongbu. Sgt. McCormick narrowly escaped injury when fragments of a mortar shell hit his helmet. He was digging a fox hole and had just put his helmet back on when the fragment struck the steel helmet and bounced off. Sgt. McCormick has been in the army since September of 1950, and has been in Korea since December.

Pfc. Virginia L. Johnson, Women's Marine Corps, left Wednesday for Camp Lejeune, North Carolina, after spending a week with her parents, Mr. and Mrs. W. A. Johnson. Virginia is an instructor in Subsistence in the Supply School at Camp Lejeune and is the only woman instructor at the base. Other women are to be trained as instructors as quickly as possible, as well as in all phases of Marine Corps Operations, in which they can replace a man. The motto of the Women's Marine Corps is, "Free A Man To Fight."

Pfc. Tommy R. Hughie, who has been stationed in San Diego, Calif. is home on leave. He is a marine and will report back for schooling at Long Beach, Calif. He is the son of Mr. and Mrs. J. T. Hughie, of Slaton.

Mr. and Mrs. J. T. Hughie have received word from their son Pfc. Floyd Hughie, who is stationed in Korea. He said he is well and anxious to be back home with his friends.

All Army Organized Reserve units of Texas ordered to summer training at Fort Hood, Texas, will train at Camp Polk, La., Colonel C. M. Culp, Chief of the Texas Military District, announced today.

There has been no change in the dates the units will report to the training camps, Col. Culp said.

Included in the larger units that will train at Camp Polk are the 90th Infantry Division, June 17-30, and the 22nd Armored Division, August 5-18. Previous announcements stated that these organizations would go to Fort Hood.

Baptist Y.W.A. Has Regular Meeting

The Y. W. A. of the First Baptist Church met April 9 in the Educational Building of the church. The meeting was called to order by the president, Betty Dodson. Betty Sue Clack lead the opening prayer. A short business meeting was held. A program from "The Window" was given. The topic of the lesson was "There's A Job For Youth". After the meeting the girls went to the church for a short prayer meeting.

Those present were Rebecca Bolding, Betty Dodson, Wilma Kenney, Betty Sue Clack, Betty and Arvella Cheak, Mary Jo Meeks and Mrs. J. B. Huckabay.

The Gordon Home Demonstration Club is having a cake sale and bazaar at the Piggly Wiggly store in Slaton, Saturday, April 14.

Local Photographers Speak At SWPA Convention In Fort Worth

MRS. MARINELL DE VRIES

Three South Plains photographers are among the 10 speakers on the program of the Southwestern Photographers Association 1951 convention which began Saturday for four days in Fort Worth.

Frederic de Vries and his wife Marinell de Vries of Slaton, and Winston Reeves of the Reeves studio in Lubbock were chosen as speakers for being outstanding in their specialized fields of photography.

Marinell de Vries grew up in the Slaton photography shop of her father, A. R. Meador. As a child she learned about photo finishing, framemaking and all the other facts of photography.

Thirteen years ago she opened her own photography shop in Post. She specialized in photo painting, in which she took a portrait photograph of an individual, projected the image onto canvas, then painted the image in natural colors.

Five years later she moved her studio to Slaton and began increasing the area of her business. Today, photographic authorities consider her one of the three or four outstanding portrait photographers in the entire Southwest.

In January, she was a blue ribbon winner in a photographic contest sponsored by the SWPA in Austin. Her photographic portrait was of the four daughters of Dr. Jay McSweeney of Slaton.

Her photographic subjects have included Dr. M. C. Overton, Arno Dalby and son, Giles, Mrs. L. B. Sims' children, and Betty Thomas, Tech student, all of Lubbock, and her favorite, Joe Fadell of Fort Worth.

She recently completed a course of special study with Frederic Taubes, a painter and authority on the painting styles of the old masters.

Marinell will give a speech on photography coloring at the convention.

De Vries was formerly of New York state where he worked for 13 years prior to coming to Texas as editor of the Kodak reference handbooks for Eastman Kodak company in Rochester. He also served as a special sales and public relations representative for the company.

He is considered an outstanding

What Happened In Slaton Last Year

Taken from the April 14, 1950 issue of the Slatonite:

Lewis Hollingsworth, manager of the local office of the Southwestern Public Service, and J. E. Eckert, city commissioner, will leave Sunday to attend a Senate subcommittee hearing on the proposed Canadian River water development project in Washington scheduled for Tuesday.

Formal opening of the Slaton Youth Center will be made a week from this Saturday, April 22. An exact time for the evening's opening will be announced later.

Oil driller executive Paul Catez who is the associate district Lay Leader and chairman of the Board of Stewards of the Saint John Methodist Church in Lubbock will be feature speaker at the new organization of "Methodist Men" to be held at the local Methodist church April 17 at 7:30 p. m.

Four local citizens are conducting the national 1950 census here. They include Mrs. Claude Porter, Mrs. W. L. Howard, Ted Swanner, and Mrs. C. E. Hogue is the time keeper.

Slaton's Frontier Birthday, the first to be staged here since before the war, will be held Saturday, June 17, it was announced this week by the Chamber of Commerce directors.

Slaton's Rodeo, the first to be held here in several years, was scheduled to get under way on Thursday evening, April 13 and last through Saturday the 15th. Some \$1500 in prizes will be awarded to contestants during the three days.

Mrs. G. H. Sargent spent the week end with Mr. and Mrs. Roy Treadway and Mark Treadway at Miles, Texas.

Miss Bebe Brown from Wellington, Kansas spent Easter in the home of Mr. and Mrs. Travis Reynolds.

Mr. and Mrs. Bland Tomlinson attended a furniture convention in Dallas Monday and Tuesday.

Mr. and Mrs. Porter Davis of Plainview spent Easter here with Mr. and Mrs. W. T. Davis and family.

As a courtesy to Mrs. Henry Murrell, jr., formerly Miss Phyllis Hunter, a miscellaneous shower was given in the home of Mrs. W. E. Phol from 7:30 until 9 o'clock Friday evening.

Mr. and Mrs. Arthur Bentley left last week end for Kansas City, Mo., where he will be General Chairman of the Brotherhood of Railroad Trainmen. They will live at the Dickson Hotel until they can find a permanent home.

Mr. and Mrs. John R. Caldwell have returned to their home at Windom, Minnesota after visiting Mrs. Lula Caldwell and family. His father, W. R. Caldwell, returned home with them after spending two months here with relatives.

The couple will present speeches on the same two subjects at the Kansas Photographers Association annual convention in Wichita, Kans., April 22, 23, and 24.

The third speaking delegate from the South Plains to the convention in Fort Worth is Winston Reeves of Lubbock. Reeves also one of the leading photographers in the southwest was president of the SWPA in 1950, and is now a member of its board of directors and is owner of a photography and engraving studio in Lubbock.

Card Of Thanks

Words cannot express our appreciation to you, our friends, for your words of encouragement and sympathy, all your acts of kindness which were such a comfort to us in our recent sorrow. Thank you so kindly and may God bless each of you.

The "Voice of Defense" Reports to Texas

In times like these, when our way of life is threatened, Texans turn to their fastest, most dependable means of communication—and ask—

Is our telephone system prepared to handle its vital role as the 'Voice of Defense'...

Here's part of the answer. There are twice as many telephones serving Texas as there were before World War II. Thousands of miles of long distance circuits have been added. Over 17,000 more telephone men and women are on the job to see this new emergency through—skilled, experienced people, tested and proved in many emergencies.

But preparedness means continued growth. We're looking ahead and working ahead to keep telephone service one of Texas' greatest assets in its defense efforts.

Slaton Wins Two 3rd Place Ribbons

Slaton High School entered five events at the Interscholastic League meeting in Levelland on March 30-31, 1951.

Two third place ribbons were won by Slaton students in Boys' Senior Declamation by Bobby Norris and in the one-act play which was "On Vengeance Height" starring Shirley Smith, Ezra Corley, Paula Maxey and Russell Keys.

Shirley Smith of Slaton High was chosen second best actress in the one-act play contest.

The typing and shorthand results were as follows: In typing: 11th Place — A. E. Burris, 15th — Kay Porter, 18th — Ann Grabber. In shorthand: 9th — Pansy Sloan, 12th — Carolyn Steffens.

Levelland High won the first three places in typing while Morton took the top two shorthand places.

About ten local boys entered the track events on Saturday but did not place. —The Tiger's Cage.

Storing Sweetpotatoes

Store only sound, disease-free potatoes. The first step is to thoroughly clean the house and fumigate it along with all used crates by burning one pound of sulphur for each 1,000 cubic feet of storage space. The house should be made as tight as possible, and it must remain shut up for 24 hours.

Medical School
An average in premedical college work is not required for admission to medical schools, Dr. Donald G. Anderson of Chicago, secretary of the American Medical Association's council on medical education and hospitals, says. According to a recent report to the council, 10 per cent of students admitted to medical schools in the United States during the academic year 1949-1950 had no better than a C-plus scholastic average in premedical college work. Many others, Dr. Anderson pointed out, had B averages.

Marvin Truelock returned recently from a trip to Galveston and New Orleans, La. His children, Glenda and Calvin Grantham, accompanied him from Galveston to New Orleans, where they met Mr. and Mrs. Verne Marshall of Cedar Rapids, Iowa, Miss Irene Kurth of Colberg, Germany, two boys from Germany, and a boy from Holland.

The young people from foreign countries are attending school in Cedar Rapids under the supervision of the American Field Service. They came to America last fall and will return to their homes in July of this year. Their work in the schools here consists of high school graduate courses, since they completed high school in their home countries. The State Department is responsible for bringing foreign students to America on international scholarships to study here. While here they live in the homes of American families.

Miss Kurth, staying with Mr. and Mrs. Marshall in Cedar Rapids, and Glenda Grantham became acquainted by correspondence several years ago when Glenda got the German girl's name from her English teacher while attending school in Southland. An attempt to have the girl visit with them in Texas during the Christmas holidays was unsuccessful.

Miss Kurth's father is an engineer for a general motors company in Berlin, Germany. Being anti-Nazi, he was kept in a concentration camp for about a year during World War II. He owns homes in Berlin and Colberg. Due to the Berlin home being in the Russian zone, the Kurth family now live in Colberg.

Irene is 18 years of age, and Mr. Truelock says she is a brilliant student, making higher than average grades in the schools here. He says she speaks better English than most girls of German descent who have been reared in America. She is very fond of America. She told her friends from Texas that she would like to have come to Texas, but after talking to former prisoners of war who had been in camps in Texas, who advised her against it, she chose to go to Iowa. She is studying journalism and history.

Besides Miss Kurth, Glenda Truelock corresponds with young people from England, Czechoslovakia, and Sweden.

While in New Orleans Mr. Truelock and his party visited river docks, museums, parks, the old French part of New Orleans, and other places of interest.

Beautiful Efficiency

A spic and span kitchen that is beautiful as well as efficient has cabinet surfaces painted a tint of coral. The floor is covered in deep blue linoleum and wall surfaces that show between the upper and lower tiers of cabinets are a lighter tone of the same delphinium blue. The ceiling and the wall surface above the top cabinets are painted cloud gray.

Queen Zenobia

"Fetters of gold" fit for a queen were the lot of Zenobia, the great ruler of Palmyra, when she was taken captive by the Roman emperor, Aurelian. Instead of ordering her to die, as he might have done, Aurelian ordered that a beautiful villa be prepared for her at Tivoli where she spent the rest of her days.

Tour Of Lubbock Homes Is Planned

LUBBOCK, April 3—Third annual House Beautiful tour, sponsored by the Lubbock Women's Club, will be held from 2 until 6 p.m. Saturday and Sunday, April 14-15. Five homes will be open to visitors on Saturday afternoon. Sunday, four homes and the women's clubhouse are included in the tour, which is open to the public. Tickets, at \$1.25 each day, may be purchased at Lattimore's Gift Shop, 1706 Broadway. They will be on sale at the homes during the tour each day also, says Mrs. L. H. Kirby, chairman of arrangements.

Homes to be shown Saturday include those of the following persons: Mr. and Mrs. W. H. Melton, 1910 Thirty-second; Mrs. S. L. Forrest, 3305 Twenty-third; Mr. and Mrs. George R. Pierce, 3124 Twenty-first; Mr. and Mrs. O. B. Ratliff, Levelland Highway; Mr. and Mrs. J. L. Quicksall, Slide Road. Included in the Sunday afternoon tour are the homes of Messrs and Mesdames Yancey Price, 1921 Twenty-fifth; Vernon Thompson, 3102 Twenty-third; W. A. Fix, 3106 Twenty-second; Jack Markham, Cain Terrace; and The Lubbock Women's Clubhouse, 2020 Broadway.

Proceeds will go toward retiring the indebtedness on the club house, which was purchased two years ago by the women of 31 cooperating clubs. President of the Board of Directors this year is Mrs. George Berry.

Hospital Bed Need

Authorities agree that at least 45 general hospital beds per 1,000 population are required to meet the health needs of the country. There were only 3.5 beds per 1,000 civilian population in the United States in 1943, and not many more today. These beds tend to be concentrated in areas which have wealth and large population.

Tree Vitamins

A trace of iron, boron, zinc or manganese is as essential to the health of a tree as vitamins are to a human being. If these elements are deficient in the soil, a tree's life processes begin to slow down. One of the first manifestations is chlorosis, a yellowing of the leaves between the veins due to non-formation of the green pigment called chlorophyll.

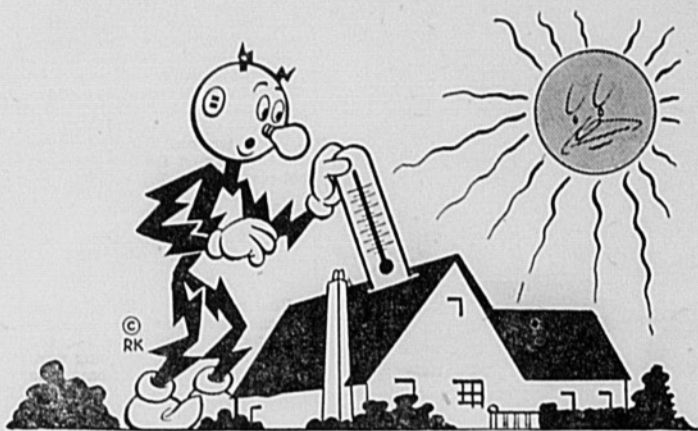

Sweet Potatoes

Sweet potatoes are a nutritious vegetable which can be served in a variety of ways, such as fried with apples or combined with ham.

Poultry Diseases

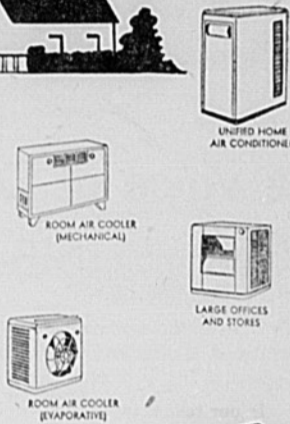

Poultry disease germs often ride from farm to farm on feed sacks, in egg cases, or on the shoes and clothing of visitors.

America's Largest and Finest Low-Priced Car!

The Styleline De Luxe 4-Door Sedan (Continuation of standard equipment and trim illustrated is dependent on availability of material.)

Yes, LARGEST . . . and the facts speak for themselves

It's LONGEST in the low-price field, a full 197 1/2 inches of spirited action and clean, sweeping lines. It's HEAVIEST in the low-price field, a staunch and solid 3140 pounds in the model illustrated. It has the WIDEST TREAD in the low-price field, a road-taming 58 1/2 inches between centers of the rear wheels. Longer, heavier, with wider tread . . . that's the measure of Chevrolet's rock-solid value . . . big in looks, big in handling and riding ease, big in road-hugging performance. Why settle for less than a Chevrolet . . . when Chevrolet is the lowest priced line in the low-price field.

Yes, FINEST . . . and here are the plain-spoken reasons

FISHER BODY QUALITY, renowned for solid and lasting goodness. UNITIZED KNEE-ACTION RIDE, smooth and gliding. VALVE-IN-HEAD ENGINE ECONOMY, spirited performance at lowest cost. PANORAMIC VISIBILITY, with a big curved windshield and large window area. JUMBO-DRUM BRAKES, biggest in Chevrolet's field. SAFETY-SIGHT INSTRUMENT PANEL, with shielded instrument lights. POWERGLIDE AUTOMATIC TRANSMISSION, billion-mile-proved, combined with 105-h.p. valve-in-head engine optional on De Luxe models at extra cost.

Ocean Anchovies
At least three distinct local populations of ocean anchovies inhabit the waters of the Pacific coast, according to Dr. J. L. McHugh, assistant marine biologist at the University of California's Scripps Institution of Oceanography.

Backward Nations
A Twentieth Century Fund survey points out that China and India, with 40 per cent of the world's population, account for only 2 per cent of its manufacturing and 8.4 per cent of its imports of manufactured goods.

Mr. and Mrs. Ed Haddock had as their guests for two days last week, Mrs. Haddock's brother and wife, Mr. and Mrs. R. D. Favor, Jr., of Clyde, Texas.

Keeps out Cold
You can prevent cold wintery breezes from seeping in around the windowpanes by applying strips of cellophane tape along the inside frame.

JUST TALK

by
A.M.J.

T. A. Worley, at the Citizens State Bank, says that he is glad the old air cooling apparatus is not going to be used any more since the bank has installed a new refrigerated system.

Last year, along in May, when the old air cooler was turned on, a family of mice, a bird's nest filled with over ripe eggs and some newly hatched sparrows, together with some cotton bolls and a six months old Slatonite, were blown out of the air pipes and most of it lit on Worley's desk.

—ooo—
What with the likelihood of atom bombs, a meat shortage, a price rise in soap, no paper to print the Slatonite on, more taxes, a shortage of candy, no nylon hose for my wife, a call to arms of veterans, a drought or a flood, the dog barking at night, a pain in my big toe at three in the morning, flying saucers, flying dish-pans and flying rolling pins, no more chrome, or spare tires on new automobiles, a leaky hydrant in the bathroom, a lumpy pillow, bed springs that creak, thumping noises in the middle of the night, ink spots on my shirt, gravy on my tie and holes that come in the toe of my socks, things are getting me all worried and taking aspirin does me no good at all. May try Hadaool.

—ooo—
On occasions, when my knees get stiff and my back aches I feel that it might be nice to be a child again and not have the responsibilities of the world on my neck, but when the youngsters come in to get their weekly papers, to sell on the streets, I feel that perhaps I am well off and don't know it.

They leave gloves, jackets, toys, spectacles, pocket knives and hats in the office and particularly a lot of school books. It is the school books that have made me doubt that I'd like to be a child again and be in school. Not long ago, through some perverse urge, I opened one of the books. It was an arithmetic book, and I tried to work one of the problems and I'm still dizzy, then I picked up one labeled Our American Neighbors, and it had words in it that would make a dictionary scratch its head, then I tried one that I have no idea what it was about, and I have been wondering whether I could pass a seventh grade examination if I should take about six months to prepare for it. If those kids understand one third that is in those books they know more than nine tenths of the adults do today.

—ooo—
It is nice to be old and ignorant. It makes it easier to edit a newspaper.

Last Thursday the Rotary Club members saw some motion pictures that are being shown all over the state by the Public Safety Commission and I feel sure that most every member there had a guilty feeling in several spots as the picture unfolded.

There are a lot of folks who have had minor automobile accidents, some who have had very serious ones and those of us who have never had anything more serious than a bent fender or two, are unusual, and those who have been free from such happenings are probably just plain lucky.

The inference of the story was that most of the accidents are caused by faulty driving and because folks do not follow the rules, but it is my opinion that most serious accidents are caused by speed and the fault is more the fault of the automobile manufacturers than it is the fault of the people who drive them.

As for myself I often think of the narrow escapes I have had and I consider myself very lucky for I've done some very foolish driving in my life and I believe that the war time law that cut the speed limit to fifty miles per hour helped more to reduce the accident rate than all the rules in the book and I'd like to see the government make it so that the manufacturers turn out cars that could not go over 50 miles per hour.

It would make me sore as the devil and I'd feel like I had been greatly mistreated, but I'd admit that such regulations would be fair. Until then you'll see me gaily flying along at slightly below or a little ahead of the speed

Slaton WOW Has Annual Pie Sale

Woodmen of the World Camp No. 2871 of Slaton, had their annual pie sale Thursday evening, March 29. The program was opened by T. L. Weaver with a prayer. Musical entertainment was furnished by T. L. Weaver and his string band, followed by a tap dance number by Mary Beth Eaves. The sale of pies was conducted by "Mel" Tudor. After the pies had been sold and eaten, the string band played again.

Sov. M. Beard of Littlefield gave a talk on Wood-craft.

Several visitors were present for the program.

And back to the Citizens State Bank.

The workmen have been beating and banging around on the ceiling above Howard Swanner's head, on the floor around his desk and dropping nails, dust and hammers around him until he acts like a man who has just returned from Korea.

Last week I went in to see how the supply of money is holding out and Howard was trying to get a man's signature on a note, count some money and dodge a workman who was swinging a hammer over his head. When he got the feat completed I asked him to get a cup of coffee. After he got his eyes uncrossed, his hair flattened down and the dust out of his ears, he said he felt like he had been working on a newspaper and inferred that he felt terribly sorry for anyone who had to take the punishment that we do at the Slatonite. Up until then I had known that there is very little money in the newspaper business, but I did not know that folks feel so sorry for us.

RETURN OF RITA—Still radiating the beauty that made her the film sweetheart of millions, Rita Hayworth recently stepped upon U. S. soil for the first time in 2½ years. The red-haired glamor girl greeted the press with a denial that her marriage to Prince Ali Khan is shaky, then asked for a good old-fashioned American hot dog.

Apples that Heal
Children afflicted with stomach disorders such as diarrhea have been cured with raw apple or apple powder. Apples—mellow apples—are peeled, cored, and grated into apple pulp. It takes three to 12 apples of medium size daily. Apple pulp, plus weak tea, is given for two days, as much as the child will take. Tests were made at the West Virginia agricultural experiment station.

Use for Spiced Vinegar
Save the spiced sweet vinegar which is left in bottles of pickles and spiced fruits. Use it in making gelatin salads; use it to thin mayonnaise; pour it over baked ham just before browning; use it in cocktail sauces for sea food; use it in place of cider when making mince pies. It is also good when used as a hot syrup and poured over beets.

Sunken Treasure
The coastal waters of the United States hold plenty of hard cash. One famous trove of four millions went down with a British frigate in New York's East River in 1780. Eighteen years later a Dutch war-sloop with 15 millions sank off Lewes, Delaware. Only a few tantalizing coins have ever been recovered from either wreck.

What Is A Boy?

Between the innocence of babyhood and the dignity of manhood we find a delightful creature called a boy. Boys come in assorted sizes, weights, and colors, but all boys have the same creed: To enjoy every second of every minute of every hour of every day and to protest with noise (their only weapon) when their last minute is finished and the adult males pack them off to bed at night.

Boys are found everywhere—on top of, underneath, inside of, climbing on, swinging from, running around, or jumping to. Mothers love them, little girls hate them, older sisters and brothers tolerate them, adults ignore them, and heaven protects them. A boy is Truth with dirt on its face, Beauty with a cut on its finger, Wisdom with bubble gum in its hair, and the Hope of the future with a frog in its pocket.

When you are busy, a boy is an inconsiderate, bothersome, intruding jangle of noise. When you want him to make a good impression, his brain turns to jelly or else he becomes a savage, sadistic, jungle creature bent on destroying the world and himself with it.

A boy is a composite—he has the appetite of a horse, the digestion of a sword swallower, the energy of a pocket-size atomic bomb, the curiosity of a cat, the lungs of a dictator, the imagination of a Paul Bunyan, the shyness of a violet, the audacity of a steel trap,

the enthusiasm of a fire cracker, and when he makes something he has five thumbs on each hand.

He likes ice cream, knives, saws, Christmas, comic books, the boy across the street, woods, water (in its natural habitat), large animals, Dad, trains, Saturday mornings, and fire engines. He is not much for Sunday School, company, schools, books without pictures, music lessons, neckties, barbers, girls, overcoats, adults, or bedtime.

Nobody else is so early to rise, or so late to supper. Nobody else gets so much fun out of trees, dogs, and breezes. Nobody else can cram into one pocket a rusty knife, a half-eaten apple, 3 feet of string, an empty Bull Durham sack, 2 gum drops, 6 cents, a sling shot, a chunk of unknown substance, and a genuine super-sonic code ring with a secret compartment.

A boy is a magical creature—you can lock him out of your work shop, but you can't lock him out of your heart. You can't get him out of your mind. Might as well give up—he is your captor, your jailer, your boss, and your master—a freckle-faced, pint-sized, cat-chasing, bundle of noise. But when you come home at night with only the shattered pieces of your hopes and dreams, he can mend them like new with the two magic words—"HI DAD!"

To Become Citizen
It is rather easy for an alien to become a citizen of the United States, provided he can prove legal entry into the country. Qualifications, briefly outlined, are: 20 years of age or over at the time of filing petition for naturalization, five years of continuous residence, belong to the white race or Chinese race or be a descendant of races which belong to the western hemisphere, such as American Indians, Eskimos and Aleutians. He must be able to speak English and write his name in the alphabetical characters of any one language.

Miranda Stamps Issued
On the 200th anniversary of his birth, Venezuela has honored General Francisco de Miranda by the issuance of four new stamps. Each stamp bears a vignette portrait of the Venezuelan born citizen of the world and Precursor of Spanish American Independence.

THIS and THAT FROM HERE and THERE

FYI—The Brantiff Airways is having trouble with its hostesses. The girls, following their training period, usually average 11 months flying before getting married. However, based on the number of engagement rings now being flashed about, the chief hostess for Braniff, Miss Dorothy Brindley, figures that resignations for 1951 will increase to 35 percent by June. A new "emergency-account-matrimony" class will begin April 9 to train new hostesses to replace those who are altar-bound. Texas girls who are interested can get a pass to fly to Dallas for an interview. Qualifications: ages 21-26; not over 5 feet seven inches in height; at least 2 years of college or business experience. —Gaines County News

Editorial Comments—If President Truman misses the political boat and is shoved back into Missouri politics, it will be his own fault. The President has appointed too many inefficient men to places of trust. These men may not have been crooks, as some people seem to believe, but at least they have not been discreet in their actions. They have fallen for the whims of those with whom they have been doing business. The unfortunate part of the situation is the insistence of the President that his appointees can do no wrong. He has defended them in their actions and defied Congress to investigate their acts. Truman is the product of the Pendergast machine politics of Kansas City. He should forget the olden days when the predominant feature was "To th evictor belongs the spoils." The United States of America

should be above the "spoils" system. There are enough headaches connected with the government that the President should not invite criticism of any system which it invites through the appointment of inefficient office holders. The daily press and the air waves are full of all of the conflicting evidence on these matters. Truman has few real friends left among the American people. He could do much toward restoring confidence in his ability to be President if he would clean house and keep the government free of graft. —The Canyon News

Hither and Yon—here's one going the rounds—probably everybody heard it before we got the word—but: Three South Plains farmers rode into Washington, D. C., recently to discuss cattle and cotton with the powers to be.

Seems taxies were scarce one morning about the time they ventured out of their hotel and they walked to the corner to hail a bus. One of the gentlemen unfolded a paper and began to read. The other two entered into conversation with a Yankee who was already awaiting a bus. As conversations go, talk got around to taxes, and the Yankee stated, "I see Truman is raising taxes."

Without notice, the third gentleman from Texas smashed the Yankee a terrific right to the nose. The Yankee slumped to the street. The Texan returned to his reading. His fellow Texans hurriedly summoned the hotel doorman who soon provided a glass of water which aroused the Yankee. The northerner immediately demanded to know the cause for the sudden attack. The newspaper reading Texan curtly replied, "'cause of what you said." "But," pleaded the Yankee, "I only said 'I see Truman is raising taxes.'" The Texan immediately dropped the newspaper and began pumping the Yankee's right hand, shouting, "I beg your pardon, sir, I thought you said 'I see where Truman was raised in Texas.'" —The Sun-News

Sketchbook—We should be one of the town's leading authorities on beauty, judging from the amount of free copy sent to us marked Attention: Beauty Editor. The little tidbits handed out with the compliments of John A. Clements and Good Housekeeping have only set us to looking for camouflages, however.

Clements apparently works on the theory that every woman is a lopsided parcel of humanity without the slightest bit of natural symmetry or beauty, and that his duty is to show them how they can deceive the male with optical illusions created by oblique lines of pencil and mascara and smudges of dark powder. —The Olton Enterprise

Trends—While on the subject, Trends can see no excuse for the "throw away" advertising sheet which is distributed regularly from Lubbock. No one seems to want the thing, as the biggest portion of them are still lying in yards and streets where they landed. It was somewhat better when the sheet was called "The Mail Box" and was distributed thru the mails, as the wastebasket in the postoffice caught most of them then. We think the city has an ordinance prohibiting the cluttering up of streets with such rubbish. If there is none, now would be an excellent time to get one on the books. —The Crosbyton Review

Observations—With all these crime investigations going on around the country we can't understand why the investigators didn't investigate Galveston. That's where Sam Maceo hangs out. He has charge of all the dives down on the island and the law just can't seem to hang a thing on him. Coke Stevenson, Jr., complains that his alcoholic men barely get out of town after closing up an illegal bar or two before they are opened again. We knew a young man once who operated a shooting gallery down there and he claimed that he never had to worry about fire or his place being robbed. He simply allowed the local racketeers to put a couple of slot machines in his place and the joint was visited every hour by a couple of hoodlums in a prowler. —The Seminole Sentinel

Danish Holiday Law
All Danish workers and salaried employees are guaranteed a statutory annual holiday of 12 days, with full pay. The holiday act requires the employer to credit the employee with four per cent of his wage or salary. Stamps covering the value of the holiday money are affixed by the employer in a special book. At the beginning of his holiday the employee cashes the amount due to him at any post office. This procedure obliges the employers to contribute a share of the holiday benefit even though the employee may change his job.

WORLD'S FASTEST CAR—At the wheel of his "Double-Torpedo," Italian racer Piero Taruffi gets towed in by two maintenance men after whizzing around the Appian Raceway in Rome at the record shattering speed of 186.25 miles per hour. The unique car, which set a world record, has two bodies, one for the driver and other for the engine.

Bleaching Nylon
Strong bleaches will weaken nylon, as they do other fibers. These bleaches should be used carefully, and only when stains cannot be removed by washing or cleaning. Bleaches may be used in the same strength as for cottons. Instructions for use of the bleach should be followed.

Simon Bolivar
Simon Bolivar is known as the "Liberator of Venezuela."

Keeps Them Flying
Pigeons have no appreciation the finer things, as for example city architecture. A new invention—inverted V-shaped wire pigeon proofing—keeps them and their slightly smeared off building fascades, cornices and ledges.

Perspiring Feet
Foot perspiration is a device the body to get rid of waste material and maintain balanced temperature.

Here's where You come into your own

Once in a while, any man is entitled to let himself go. He's entitled to that glow of pride that comes from feeling like the very important person that he really is. He's entitled to take practical steps to make his dreams come true. In short, he's entitled to own a ROADMASTER, and particularly a ROADMASTER as it is custom built for '51. For this great automobile is more than big and roomy and distinguished in its styling. It's more than sweetly willing in performance, and superbly poised in stride. It does things to you, when you let yourself sink deep down in the subtle softness of its cushions, and run a caressing hand over the fine texture of its fabrics.

This is everything a fine car should be! Of course, this brilliant performer is Fireball powered. It is cushioned by coil springs on every wheel. It provides, at no extra cost, the complete relaxation of Dynaflo Drive. It has durable and dependable sturdiness engineered into every mechanical part. But the best is yet to be told. When you check the ROADMASTER price list, you'll find that the car of your choice can be yours for hundreds of dollars less than you'll pay for others with comparable reputation. Come in soon and see this buy of buys in the fine-car field.

Equipment, accessories, trim and models are subject to change without notice.

The Slaton Club House Park has been cleaned up, a lot of new shrubs and plants put out and the grounds look better than they have in years.

However it is reported by parents that the play ground equipment that was placed at the park about two years ago, is nearly all broken up and that there is nothing there to amuse the children.

The installation of the rides, swings and slides were installed two years ago at a considerable expense to the business men of the community and proved well worth the expenditure as the children have enjoyed the facilities during the time that they were in working order.

Travis Reynolds and a committee working through the Rotary Club, and other organizations secured the original equipment, but evidently no means was provided to keep it in good condition.

Inspection of the back alleys and vacant lots over town indicate that the town has more debris, trimmings from trees and trash in the alleys, and on vacant property, than there has been in a long time, and the Board of City Development, together with the City Commissioners, are working on a clean-up program for the town.

The installation of a plant to manufacture insect poison that was under consideration by a California firm has been abandoned. The officials of the company report that they cannot secure the chemicals now to keep their other plants in full operation. Should conditions change the project might be considered at a later date.

The Slaton insurance tax rate is the lowest that it has been in many years and those who have policies expiring can save considerable money by taking out policies for three years instead of for only one.

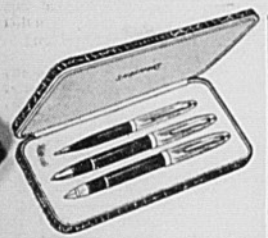

The Slaton Water Department reports that the use of water at the present time is nearly equal to the quantity used in the summer months.

Now is the time of the year to spray fruit trees. Those who have climbing rose bushes over town say that for some reason the vines are not having any buds on them. It appears that the bush roses will bloom profusely this spring.

A number of gardeners are busy putting out beans and some have planted sweet corn.
