**Targets For Trouble . . .**

There has seldom, and probably never, been a time when some group of people have not been prophesying the destruction of the world. On occasions the day of doom has been set and in some localities the entire population has been known to gather and pray for deliverance from such a catastrophe.

From what one reads in the papers it is evident that the people of the United States, and probably many of the people in other parts of the world, believe that the destruction of the universe might come at any minute. To live with the thought that the Russians might drop a bomb on you any day must be a terrible fear and the practicing of protective methods against atom bomb attacks, as is being done in many big cities, must be a very depressing way of life.

To ignore the possibilities of such attacks would be foolish, and the planning and practice that is going on may be more than worth while, but we who live out here where atom bombing would be of little value to any enemy, should be grateful. Perhaps we should be careful in inviting big industries to West Texas, for they might create targets that could bring on such bombings. Its something to think about.

A big oil field would do just such a thing.

**Opportunity Is Hammering . . .**

Are the people who live in West Texas so accustomed to the wide open spaces and flat terrain of this part of the world that they are unable to enjoy the softer scenes that nature can provide and does in other parts of the nation, or are we so lazy out here that we cannot summon enough energy to take advantage of the things that nature would do for us if we would only make the effort to encourage her.

That many trees and plants will not grow spontaneously out here in the semi-arid country, is self evident, as the lack of their natural growth proves, but, most anything will grow in our soil except tropical plants, if we do a little irrigating.

There is not a town in all of West Texas that takes advantage of the opportunity to make its streets and surroundings as attractive as could be, if some of the trees and plants, that make for beauty, were propagated.

True, many homes are surrounded by all kinds of decorative vegetation and because they are, the bareness of the parks, streets and property under the ownership of both cities and counties, stands out for its lack of beauty, in comparison to the homes. Not only are many West Texas homes outstanding for their surroundings, but they demonstrate what can be done in growing wide varieties of flowers, shrubs and trees.

The first towns and communities that take advantage of the opportunities offered in such efforts will be well paid by the publicity they will gain and by the attracting of new citizens who will come to such towns because of the homey appearance such efforts make.

There are thousands of elderly people who are looking for towns in which to make their new homes. Most of them are well fixed and quite often buy or build expensive homes. They add dignity to a town and their past experiences make them valuable citizens. These people would most likely be attracted to towns where the citizens of the town take pride in the appearance of the town in which they live.

There are many opportunities to make this town outstanding for its surroundings. It will take leadership and work. Are we too lazy?

**Financial Spotlight . . .**

Within the last few weeks, executives of two of the largest financial organizations in the world have been touring Texas. The head of the house of Morgan and the head of the Chase National Bank both have visited with Texas bankers and business leaders.

For public consumption, they have chatted amiably of national and world conditions, and they have made complimentary remarks about the undisputed fact that Texas industrial development is going ahead much faster than that of the rest of the nation.

But, in public at least, these financial leaders and other executives of important banking and financing organizations have not gone much beyond generalities. Nevertheless, there is undoubted significance in the frequency of these visits and the caliber of the men doing the visiting.

There are great sums of American capital looking for a place of investment that offers safety with a reasonable assurance of profit. That a good deal of this capital is destined in the next few years to find its way to Texas seems highly probable. Already, many national concerns have established plants within the state.

It behooves us as Texans not only to welcome these visitors and encourage the investment of their capital here but to assist them in finding projects that will make their capital productive.

For despite the great expansion in industry that has already taken place in Texas, it is obvious that the surface has hardly been scratched.—Selected.

**Leisure Time And Crime . . .**

The forty-hour week and increase in leisure time is contributing materially to the increase in crime, says O. B. Ellis, manager of the Texas Prison System.

There is truth in this statement. To some people leisure time is most enjoyably spent in a tavern. If money for this purpose runs out, then there is a temptation to get it by illegal means. The acquisition of additional leisure time can bring no good unless a very great majority of the people have the mental resources within themselves to employ leisure time profitably.

The remark by Mr. Ellis can be applied to social trends other than the increase in leisure time. The whole program

shoulders of the individual. It is not a situation to encourage good-citizenship.

This is not saying that we will not have more leisure time for the common man as increase in power and machine production make shorter working hours possible. It is not saying that we should not have some form of old-age pensions. But it is saying that a very great problem is posed by these new programs and conditions. Mr. Ellis is in a good position to look ahead and realize it.—The Dallas Morning News.

**Quotes . . .**

The handwriting on the wall means there's a child in the family. — Lincoln U. Clarion.

"No, Gertie, a red corpuscle isn't a Russian non-com." — Air University Dispatch.

The dog is liked by old and young. He wags his tail and not his tongue. — The Auburn Plainsman.

BETTY THOMAS, Burbank High School student, lends a hand with mailing of the San Antonio Livestock Exposition's 1952 premium list, which is now being distributed. Premiums for San Antonio's third annual stock show total \$47,477.

**ORDINANCE NO. 100**

AN ORDINANCE PROHIBITING THE SALE AND DISCHARGE OF FIREWORKS, TORPEDOES, ROCKETS, ETC., WITHIN THE CITY OF SLATON, TEXAS, REPEALING ALL ORDINANCES IN CONFLICT HEREWITH, AND DECLARING AN EMERGENCY.

Section 1. No person, firm, company, corporation or association shall cast, throw or fire any squib, rocket, cracker, torpedo, grenade, gun, revolver, pistol, cap or cartridge, or other combustible fire works of any kind in the City of Slaton, Texas.

Section 2. No person, firm, company, corporation or association shall exhibit or have in his possession, with the intent to give away or sell or offer for sale, within the City of Slaton, Texas, any squib, rocket, cracker, torpedo, grenade, gun, revolver, pistol, cap or cartridge, classified and known as fireworks or noise making devices, or other combustible fireworks of any kind within the City of Slaton, Texas, provided, however, that this section shall not apply to the sale of any such articles by wholesalers to each other or to the sale of any such article or articles at wholesale to merchants conducting business entirely without the City of Slaton, Texas, or to the sale by wholesalers for private or public demonstration as hereinafter provided.

Section 3. Nothing in this ordinance shall be construed to apply to the sale, storage or use of railroad track torpedoes, or other signaling devices used by railroads, or to the sale, storage or use of flashlight composition by photographers or dealers in photographic supplies, or to prevent any public or private demonstration or display of fireworks of any kind if conducted under proper police supervision after application has been made and permit issued by the Chief of the Fire Dept. of the City of Slaton, Texas, for such demonstration. Said permit shall not be granted unless such demonstration or display shall be of such a character, and so located, discharged or fired, as in the opinion of the said Chief of the Fire Department after proper inspection shall not be hazardous to property or endanger any person or persons.

Section 4. Any person, firm, corporation, company or association who shall violate any of the provisions of this ordinance, or suffer or allow the same to be violated, shall upon conviction therefor be fined in any sum not to exceed One Hundred Dollars (\$100.00).

Section 5. All ordinances or parts of ordinances in conflict herewith are hereby repealed.

Section 6. In view of the fact that this ordinance is necessary for the immediate protection and preservation of the public health, safety and general welfare, it becomes necessary that same shall be in full force and effect immediately from and after its passage and it is accordingly so ordained.

Passed and approved, this 26th day of February, 1942.

J. H. TEAGUE, Mayor City of Slaton, Texas

Attest: H. WARD, City Clerk

**Color Compass**  
Among the Pueblo Indians in the Southwest, the four colors—yellow, green, red and white—are associated with the cardinal points of the compass.

**Trailroads of Scrap**  
Last year the steel industry used nearly 70,000 tons of scrap purchased from outside the industry. That was equal to nearly 1,400 carloads a day. The need is greater now. More scrap is vital to maintain and increase high steel output.

**Shine Little Glowworm**  
According to a noted entomologist, 2 or 3 large lighter beetles can produce the glow of one match, but it takes more than 50 of the ordinary summer variety fireflies to create this same amount of light.

**Rubber Usage**  
One hundred years ago less than a 1,000 tons of rubber were used in this country annually. Last year more than a billion tons went into thousands of items such as tires, mountings, highways, utensils, etc. Greatest growth in use came with the automobile age.

**Baby Blue Eyes**  
All babies have blue eyes because the pigment cells of the iris, which determine eye color, have not developed at the time of birth, but appear between six and twelve months after birth. Then the eyes assume the color they will have through life.

**More Than Ever**  
Class I railroads on June 1, 1951, had more new locomotive power units on order than ever before.

**Rail Traffic**  
One out of every three freight cars on American railroads transport coal.

**For Summer Dining Charm**  
You can add a note of whimsy to outdoor dining these days with your paint brush. One attractive table-for-two has the top surface painted white with green fern designs on it that match the chairs chair pads.

**Coffee Drinkers**  
More than 100,000,000 Americans, or about two out of every three, drink coffee for breakfast, according to figures compiled by the Pan-American Coffee Bureau.

**Fish Traps of Wood**  
Considerable Douglas fir piling up to 99 feet long has been shipped from Seattle, Washington, to Alaska for use in fish traps.

FOR SALE: 6 column Burroughs hand operated adding machine in good condition. \$45.00 at the Slatonite.

**Safer Cough Relief**

When new drugs or old fail to stop your cough or chest cold don't delay. Creomulsion contains only safe, helpful, proven ingredients and no narcotics to disturb nature's process. It goes right to the seat of the trouble to aid nature soothe and heal raw, tender, inflamed bronchial membranes. Guaranteed to please you or druggist refunds money. Creomulsion has stood the test of many millions of users.

**CREOMULSION** relieves Coughs, Chest Colds, Acute Bronchitis

**A Message of Importance To Every Automobile Driver In The State of Texas**

**Here's What You Should Know About The New Texas "Safety Responsibility Law"**

- 1 Enforcement Begins January 1, 1952.** On this date, the new Safety Responsibility Law, as passed by the Legislature, goes into effect. This law was designed to protect you against financially irresponsible drivers and owners of motor vehicles involved in accidents. It affects all drivers and motor vehicle owners (except Federal, State, County and City-owned cars).
- 2 What Must You Do After An Accident?** Under existing laws, you must file a written report to the Department of Public Safety if your car is involved in an accident where there is a death, an injury or property damage in excess of \$25. Under the new law, a written report must be filed within ten days if your car is in an accident resulting in death, injury or property damage in excess of \$100.
- 3 You Don't Have to Carry Liability Insurance, But . . .** If you are not insured against bodily injury and property damage liability, you must be able to deposit with the Department of Public Safety security equal to the estimated damage, not exceeding \$15,000.00, to cover all claims growing out of an accident anywhere in Texas in which you or your motor vehicle were involved. If you cannot establish financial responsibility for the future, your driver's license and your motor vehicle license plates are automatically suspended.
- 4 It's Easy to Establish Financial Responsibility** with a motor vehicle liability insurance policy. If you do not now have such a policy, call your local insurance agent today. He is a qualified insurance counselor who will be happy to advise you concerning your needs.
- 5 What is the Minimum of Your Liability?** The law permits each driver to establish the following minimum limits of liability: up to \$5,000.00 for injuries sustained by one person; up to \$10,000.00 for all personal injuries resulting from one accident, and up to \$5,000.00 for property damage. You do not have to establish such liability but it is the easiest way.
- 6 Select An Established Insurance Agent.** The agents listed below know the insurance business and represent well-known dependable capital stock insurance companies. These agents are not of the kind that are here today and gone tomorrow. Their names are listed in the telephone directory. A telephone call will find them ready to serve you—not only NOW—but YEARS from now. Call the one of your choice.

- Pember Insurance Agency
- F. A. Drewry Agency
- J. H. Brewer Insurance Agency
- Hickman And Neill Insurance Agency

# Letters To Santa Claus

Dear Santa,  
I am a little girl 6 years old. I want a Bonny Braids doll.  
Love,  
Thelma Lee Kidd

Dear Santa Claus,  
I'm a little girl nine years old in the fourth grade, and I want some real china dishes and some silverware for tea parties and anything else you want to bring me. My sister, Barbara, wants a Talking Doll, some silverware and an iron and ironing board. Our baby sister, Beverly Kay, is sure would like a doll and a pumpy horse.  
Thank you very much and be sure to see all the children in Slaton.  
Love,  
Cherie, Barbara, Beverly Kay Arrants

Dear Santa Claus:  
I am a little girl 4 years old and have been real good. I will be better next year if you will bring me a wedding doll, a bed for her, and a record player. I will leave you some coffee and cake.  
Love,  
Sue Ann Sides  
2614 - 38th St.  
Lubbock, Texas

Dear Santa Claus:  
I am a little girl 3 years old. I would like for you to bring me a baby doll and a blanket to wrap her in, and a bed to put her in, so bring me some candy and nuts and chewing gum.  
I love you,  
Cindy Lou Sides  
2614 - 38th St.  
Lubbock, Texas.

Dear Santa Claus,  
I have tried to be a good boy and am looking for you to come see us.  
I would like a fire wagon that you pedal and a big teddy bear you can, or anything I get I'll be glad.  
And remember I have two brothers and two sisters.  
Lots of love,  
Mike Fondy

Dear Santa Claus,  
My name is Larry Bill Moeller and I am 4 years old. I would like for you to bring me a punching bag, a marble machine and a robe and house shoes. I'm trying my best to be a good boy. We don't have a chimney this year so I'll have the door unlocked. Please don't forget any others. I say my prayers every night. Oh yes, please bring my teddy bear some pajamas and a blanket for my horse. Thank you.  
Larry Bill Moeller

Dear Santa Claus:  
I am a little girl 6 years old. Have brown eyes and blonde hair. My name is Annette Kempin. I would like for you to bring me a big doll, also candy, fruits and nuts. Don't forget my 3 brothers, Gary, age 2 yrs., James, age 5 yrs., Robin, age 8 yrs.  
Be sure and don't forget my daddy and mother, also little grandma Stahl. Mother would like a double sink for her kitchen.  
Lots of love,  
Annette Diann Kempin  
Rt. 3, Box 199B  
San Antonio, Texas

Dear Santa:  
I'm a five year old girl and would love for you to bring me a pretty baby doll and a bag for her clothes. My little brother wants you to bring him a truck and a little boy doll, as we play dolls together.  
Thank you,  
Sherry Patton

Dear Santa Claus,  
I would like for you to tell me what to get for Christmas. I have an electric train and a truck, a tractor, and a box of toys. I have a football, too. I would like a basketball.  
Love,  
Jimmie Stephens

**Jungles To Snowland**  
The snow-covered barren wastes of the Arctic were once covered by lush tropical jungles. Discovery of coal beds there, in which were found the remains of many kinds of tropical trees, convinced scientists that the "top of the world" was once a country much like Africa.

### REVIVAL PROGRESSING

Rev. Claud Holt, local pastor of the Assembly of God Church, located at the corner of Eighth and Powers Streets, one block east of the Slaton High School, reports that the revival at their church is progressing nicely.  
The Evangelist, Rev. Leo Swicegod, is delivering some fine messages each night at seven-fifteen.  
We urge the public to attend these services, as the pastor and local congregation extend a warm welcome to all.

### Wilson News

BY NELDA RAYMOND

The Wilson High School Basketball Tournament turned out to be a big success last week end. It was held on Thursday, Friday and Saturday nights. The following teams participated: Lorenzo, Idalou, Wilson, New Home, Southland, Cooper and Robertson. The Lorenzo boys took first place, while the Wilson boys took second place. The Idalou girls took first, the Lorenzo girls second.

The W.M.S. of the Wilson Baptist Church met Monday in an all day meeting at the Church. The women quilted two quilts for the Texas Baptist Orphan's Home in Round Rock. About twenty-five women were present. Mrs. Bill McLaughlin and Mrs. Jiggs Swann were program chairmen. Mrs. Homer Campbell and Shirley, Mrs. Jiggs Swann and Mrs. George Wil-

### Cub Scout News

The Cub Scouts met for their pack meeting November 29, in the Scout Hall.

In a brief business meeting some future dates were set for Cub activities.

On December 13, the third training film will be shown at Scout Hall under the direction of the Scout Executive from Lubbock.

On December 20, the Cub Scout Christmas party will be held at Scout Hall. Gifts will be exchanged by the Cubs. Each den will also be responsible for a Christmas basket to go to a family of its choosing.

In an impressive ceremony around four campfires the following scouts received awards: Tommy Bonds—Lion, David Bonds—Bear, Dickie Todd—Wolf and Gold Arrow; Jay McSween—Wolf; Bronnell Daniel—Wolf; and Eddie Gravel—Gold Arrow.

Each Den gave as its stunt a puppet show. Both the hand and string puppets showed plenty of industry and ingenuity on the part of the Cubs, Den Mothers, and Den Chiefs.

At the close of the pack meeting, Den 1 was awarded the plaque for having the most parents present.

### Neon Sign Colors

Neon glows red under an electric discharge, and is used alone in signs where that color is desired. Other colors are generally obtained by fluorescence, in the same way as with fluorescent lamps. Combined with another gas is some mercury vapor, from a drop of mercury placed inside the tube. This gives large ultraviolet radiation, which falls on a powder lining the tube. The powder is phosphor, a compound which absorbs the invisible ultraviolet and emits visible light. By proper choice of phosphors, a wide variety of colors may be obtained. Sometimes colored glass is also used in the tube to give further choice.

Liamson, and Mrs. Howard Cook gave specials in songs. Others on the program were Mrs. Pat Swann, Mrs. J. A. Martin, Mrs. Howard Cook, Mrs. W. F. Raymond, Mrs. Erwin Sanders, Mrs. Arvin Holder, and Mrs. Walter Stien.

### GLASS MENAGERIE PUP—

It has certainly never been a rare sight for one to see a dog in his cups, but to see a dog in its glass, well, that's something else again. Worse yet, if a man in his cups should see a dog in his glass—! But, before this gets out of hand it might be pertinent to say that the eight-ounce Chihuahua belongs to Beverly Reichard of East Texas, Pa.

### BOSTITCH

B-8 Stapler

A low-priced stapler that is really good. • A desk fastener, a hand stapler, and a tacker, all in one.

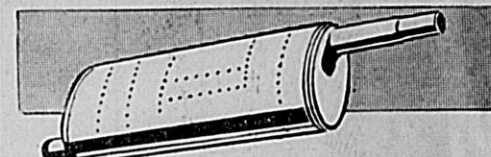

SLATONITE

**Wise Precaution**  
While heating equipment is shut down for the summer, all doors, pipes and iron portions should be checked to see if they need to be repainted. Cellar dampness may cause trouble unless this is done.

**Eye of The Day**  
Our field flower, the daisy, was so named as a contraction of the term "Day's eye." This referred to the flower's similarity to the sun and its surrounding rays, according to the World Book Encyclopedia.

Opens Wednesday  
At Your Friendly  
Slaton Theatre

## News Of Slaton Men In Service

One of our thoughtful readers as suggested that we publish addresses of Slaton men in service so that their friends can remember them with cards at Christmas. The boys enjoy hearing from friends at home, and a number of people here have wanted to send cards and asked for addresses, so we are contacting parents and relatives and will publish as many as we can get.

2nd Lt. James W. Marsh, 050763 USMC, Tnk. Pl. A.T. Co., First Marines, First Marine Div. FMF Pac, FPO, San Francisco, Calif.

We'd like to have addresses of all of the Slaton men in service but we weren't able to contact all of the parents this week. If you have someone in service, we'd appreciate your calling in his address for next week.

The boys overseas report that it has taken as long as six months for a letter stamped with a three cent stamp to reach them, but that air mail usually arrives in eight to ten days. Cards from their friends at home might make Christmas away from home less lonesome.

If family living during the coming year is to assure comfort and adequate food, clothing and shelter, plans must be made to meet the shortages of materials and labor, as well as rising costs.

Wheat farmers in the Panhandle turned to grain sorghums in 1951 for replanting wheatlands. Approximately 65 per cent of the wheatland in the area was planted to grain sorghums and a bumper crop was harvested.

## Santa Fe News

John E. Chappell, Santa freight claim agent at Amarillo, has been promoted to freight agent at Topeka, Kans.

R. S. Outlaw, Santa Fe freight solicitor at Chicago, has announced the appointment of Charley to succeed E. O. Schoonover, who ceased. Chappell had succeeded Schoonover in the Amarillo office in August, 1950.

James G. Goodrich, assistant freight claim agent for the Santa Fe at San Francisco, will succeed Chappell at Amarillo. Goodrich will have jurisdiction over Panhandle & Santa Fe territory.

Goodrich, 42, is a native of Louisiana but his Santa Fe service, beginning from February, 1943, has been in California.

## What They Write

Federal Building, Lubbock, Texas, November 28, 1951

Mr. A. M. Jackson, The Slaton Slatonite, Slaton, Texas

Dear Mr. Jackson: I note that it is about time for me to renew my subscription to the Slaton Slatonite. However, not knowing what the current subscription rate is, therefore, I am requesting that you renew my subscription and bill me accordingly. Please keep the paper coming at the House Office Building in Washington.

I hope that you have had a grand year and that the holiday season will be a time of joy and happiness for you and all those who hold dear.

Thanks a lot for the many past issues you have extended to me through the years.

Cordially yours,  
GEORGE MAHON

Let the Slatonite give their low prices on all prizes

### Dressed (Not) to Kill

ably, above, a pet fawn of farmer Gene Schmidt of Renelle, Minn., poses in her red blanket and scarf hoping that nimrods, to say nothing of nimrods, will hold their fire if they notice her. Schmidt shown at left, feeding Sally, says the fawn means a lot to him. And it's apparent, says Schmidt, that Sally means a lot to someone else now that a young buck has started courting her. The fawn, found by the farmer last spring, has been fed on a milk diet for months to keep her alive. And Schmidt prays no one who sees the beautiful sight of Sally grazing will not be seeing it through the sight of a rifle. Here's hoping hunters who like wild fun don't go for tame fawn.

### Story Of A Farmer And His Hired Hand Explains Inflation

Are you among those who find the economics of inflation too complicated to comprehend? An editorial in the Brady Standard gives one King County philosopher-economist's handy and simple answer. W. Frank King says:

"Once there was a farmer who raised corn and a man who raised hens, but no corn. The hens said: No corn, no eggs. So the man agreed to work for the farmer for one day a week for \$5 a day. And the farmer agreed to sell corn to the man for \$1 a bushel.

"They paid each other off every time with the long green. The farmer paid the man \$5 and the man paid the farmer back \$5 for the five bushels of corn which he wheeled home in his wheelbarrow. After a while, the man said to the farmer: 'Everything's gone up, and I regret intensely to inform you that I can't work for less than \$6 a day.'

"The farmer said: 'I understand. But you must understand that everything's gone up with me, too, and I regret intensely to inform you that I can't sell my corn for less than \$1.20 a bushel.' The man said he understood. So the man got \$6 a day and at \$1.20 a bushel paid the farmer \$6 for five bushels of corn. Both of them said: 'Happy days are here again.'

By and by, the man said to the farmer: 'Things have gone up still more and I can't work for less than \$7.50 a day.' The farmer agreed that was fair, but told the man things were going up still higher with him. He would have to get \$1.50 a bushel for corn. The man agreed that was fair, and both said: 'Prosperity is here.'

"After all, the man was getting \$7.50 a day. The farmer was getting \$1.50 a bushel for corn, and the hens were getting five bushels, as usual. And so things went until the man was getting \$10 a day and the farmer got \$2 a bushel—and the man gave the farmer \$10 for five bushels. And the man told his wife: 'Ain't it wonderful — \$10 a day!' And the farmer told his wife: 'Ain't it wonderful — \$2 a bushel!' And the hens kept on clucking away on five bushels of corn.

"And the statisticians down Washington way said: 'Ain't it wonderful—national income at record levels.' And the politicians said: 'Ain't it wonderful, and bragged that they had done it. And everybody felt so good and prosperous that the man and the farmer voted for the politicians.

"The man got three times as much for the eggs, but paid three times as much for his shoes and everything else he bought. And the music went round and round and is still going that way."

### Statistics Given For Field Crops

Circular 130, a new publication, released by the Texas Agricultural Experiment Station, entitled, 'Field Crop Statistics for Texas' gives information on field crops grown in Texas from 1880 to 1950, inclusive.

This publication, prepared by C. A. Bonnen and L. P. Gabbard, of the agricultural economics and sociology department is the third of a series of four circulars which will replace Circular 80, 'Statistics for Texas Agriculture,' published by the experiment station in 1937.

Circular 117, the first of the series, dealt with the production of cotton. The statistics of livestock and poultry and their products were covered in the second, Circular 120. A later publication will bring the information on fruit and vegetables up to date.

Field crops covered in Circular 130 include wheat, rice, rye, corn, grain sorghums, oats, barley, peanuts, flaxseed, forage sorghums, hay, alfalfa, cowpeas, sudan grass, hairy vetch, grass seeds, broom-corn and others.

The publication consists of tab-

### News Summary Featured Weekly

"Will The Windsors Ever Separate?"—Elsa Maxwell, famous hostess and intimate friend of the Duke and Duchess of Windsor tells the behind-the-scenes story of one of history's greatest romances. It's in The American Weekly, that great Magazine distributed with next Sunday's Los Angeles Examiner.

"The Boy Who Changed The Heart Of A Town."—The town was indifferent to its needy and sick. Everyone was too busy to worry about juvenile delinquency. Then 12-year-old Jimmie Peake got polo . . . and a miracle happened. Read it in The American Weekly, that great Magazine distributed with next Sunday's Los Angeles Examiner.

les, charts and maps which show the per acre yields, prices, acreage harvested, total production and farm value for the various field crops.

Single copies of Circulars 130, 117 and 120 may be obtained from the Publications Office, College Station, Texas.

**Magnetic Base Lamp**  
Adequate illumination for precision jobs can be provided with a new magnetic base, 40 watt bulb lamp, called "Handi-Lite." A universal ball and socket and swivel arm allows the lamp to be focused in almost any angle.

**Purse Protection, Too**  
When you think how thin the metal strands of window screens are, it's easy to realize how quickly rust can destroy them. One coat of screen enamel a year keeps screens in excellent condition indefinitely.

## Travel the Santa way for your Christmas holiday

Crowded highways or stormy weather will not interfere with your holiday trip when you go Santa Fe.

Santa Fe is the family way to travel. Children under 5 years ride free, under 12 for half fare, when accompanied by an adult. Take along your Christmas bundles, too; 150 lbs. of baggage allowed free with each adult ticket.

Let your Santa Fe Agent arrange your holiday trip.

## You be the Judge!

Fill your crankcase with new, improved Phillips 66 Heavy Duty Premium Motor Oil. Try it for ten days, or up to 1,000 miles. If it doesn't satisfy you on every count go to any Phillips 66 Dealer, and he'll arrange for a refill using any available oil you want at our expense.

Yes, we guarantee this great new motor oil will satisfy you. We can do this because we know it has the quality you want and need. It brings you a new high in Lubri-tection:

**WEAR PREVENTION?** Yes! It keeps corrosion and friction from harming your engine.

**BEARING PROTECTION?** Yes! Acids are neutralized—protecting bearing surfaces from pitting.

**CLEANING ABILITY?** Yes! And a clean engine means more power—less gasoline consumption.

**LOW OIL CONSUMPTION?** Yes! It resists decomposition—so fewer make-up quarts are needed over thousands of miles of operation.

It's because of important features like these that Phillips 66 Heavy Duty Premium Motor Oil

surpasses manufacturers' specifications for all makes of cars. It's truly a "Heavy Duty" motor oil—will do an outstanding job in trucks as well as passenger cars. Try it! We guarantee satisfaction.

# CHEVROLET

More people buy Chevrolets than any other car!

WE'LL put it up to you! There must be plenty of good reasons why more people buy Chevrolets than any other car.

Here are some things to think about.

There's the way Chevrolet looks. Nice clean, curved lines—like cars in the high-price field! Chevrolet's Body by Fisher sets the pace among low-priced cars.

There's the way Chevrolet rides and handles. The smoothness and big-car comfort of Uni-

tized Knee-Action. Bigger brakes—biggest in the field—for safer, surer stops. Finest no-shift and standard driving at lowest cost with Power-glide or Synchro-Mesh transmission.

There's the way Chevrolet saves. Chevrolet is the lowest-priced line in the field and the savings go on and on with low operating costs.

There are plenty more reasons why Chevrolet is America's favorite. Come in and let us show them to you.

**Chevrolet's time-proved POWERglide automatic transmission**

Finest no-shift driving at lowest cost. Combination of Powerglide, Automatic Transmission and 105-h.p. Engine optional on De Luxe models at extra cost.

## Farmers Are Not Optimistic About 1952 Agricultural Outlook In Area

Ben Becker says we will have to get winter moisture before we will have much prospect for agriculture for this area in 1952.

He expects the area to feel the same labor difficulties that were experienced this year. He thinks mechanization in harvesting will probably increase to take care of part of that difficulty. Mr. Becker thinks it is very likely that the cost of farm labor will increase along with other expected increases, when larger defense expenditures push consumer income higher.

Mr. Becker says unless some changes are made production costs will be higher next year. This year's production costs were high and there is no indication now that the increase will not continue on important items used in farm production, but he doesn't expect

a comparable increase in prices the farmers will receive for their products. He doesn't think they'll go any higher than they are now. He doesn't think there will be an increased demand for farm products unless it would come thru the foreign market. The rearmament program might make available additional foreign exchange in spite of the money shortage in most European countries.

As for this year's production of cotton in this area, he says the total figures are high but there was just more acreage in cotton, not more cotton per acre.

Judge Smith says the 1952 agricultural outlook for this area is very poor at this time, but that it is really too early to tell. He says the drought this area suffered this year and the present lack of moisture is a definite factor against expectation of a prosperous year in

1952. The weather is unpredictable and gross farm income depends on volume of sales and production, which in turn depends to a large extent on the weather.

He thinks there will be enough farm labor available if we can continue to get laborers from Old Mexico, but he wouldn't be surprised if farm wages should increase in 1952 as employment and incomes rise. Judge Smith says production costs will also go up next year, but that prices received by the farmers will probably hold the 1951 level. He feels there is no prospect for an increase in the foreign market because the countries that might be buyers are broke.

It has been said that 1951 was a near record for total production, but not in this area, says Mr. Smith. He says the total amount of cotton coming from the area and the State is misleading in comparison with other years, because Texas had more acreage in cotton this year. The yield per acre was not as high as comparisons with other years would indicate.

## Posey Items

R. L. BOYD

Rev. J. M. Morrison of Lubbock served Sunday in place of Rev. D. A. Ross, the regular pastor, who was called to Abilene. Two cars collided Sunday morning at the road intersection near the gin but no one was injured. Some of the students have been canvassing the community for magazine subscriptions.

Lewis Drolmer made a recent trip to Kilgore where he obtained a new car.

Some of the farmers who have finished gathering cotton have reported a yield of about one-third bale per acre which is some better than was expected at the first of the season.

A. M. Carroll of Lubbock, a former resident was a Sunday visitor of Mr. and Mrs. M. P. Gentry. Billy Boyd, who is with the Army in Germany, writes that his

company has moved into new winter barracks. The soldiers have been living in tents. James Vannoy and R. B. Boyd reported some success in hunting quail near Spur the first day of the season.

Mr. and Mrs. C. E. Birdwell and children of Tahoka were Saturday visitors of Mr. and Mrs. Ed Maeker.

S. N. Gentry attended a Methodist meeting at Idalou one day last week.

Some of the cotton now being ginned at the Posey Gin is said to be coming from a distance because of the crowded condition of gins at other places.

A greater net return was obtained from feeding steers four lbs. of cottonseed meal and four lbs. of sorghum daily than from feeding two lbs. of cottonseed meal and six lbs. of grain in feeding tests conducted at the Spur Experiment Station.

Now there was MARY... the Parson's brand-new wife and the prettiest thing that ever came to town! And BILL... who could out wrestle, out race any of them as his faith led him down strange pastures! JACK STARK... who had more good in him than people suspected! And his girl JENNY... who loved the town out-cast because, "All he needed was a decent woman." Also MRS. BILLY WORTH... who kept up with the fashions and kept wives watching their husbands... You'll never forget their wonderful story!!!

I'm proud to present it... and urge you to see it with some one you LOVE VERY MUCH!

## Wilson Honor Roll Pupils Announced

J. P. Hewlett, superintendent, announces the following list as Wilson's Junior High School and Elementary School Honor Roll for the second six weeks' period.

Seventh Grade—Chester Campbell, Bruce Hewlett, Larry Maeker, Dolores Rhoades, Patsy Spears, Ida Pearl Mason, Lois Luttrell, Dixie Hewlett, Joyce Raymond, Mary Lou Lichey, Kay Bohall and Eunice Buxkemper.

Sixth Grade—Shirley Campbell, Joyce Church, Kenneth Hanes, Neita Hewlett, Waymon Templen, Delores Lamberson Mark Pair, Martha Pair and Marvin Schoepf.

Fifth Grade—Willie Pat Baxley, Linda Jo Croxson, Elizabeth Parker and Jeanette Schneider.

Fourth Grade—Sue Campbell, Betty Jo Hanes, Donald Klaus, George Templen, Linda Roper, Jimmy Jeffreys, Jerald McGehee, Erva Owens and Sherry Tilley.

Third Grade—Mike Wall, Rodney Maeker, Jo Carolyn Williamson, Glenda Young, Lavada Galneau, Doris Lamb, Lola Autry and Margaret Croxson.

Second Grade—Larry Petty, Lena Johnson, Abie Justice, Sharon Lumsden, Carol Lamb, Jack Mason, Nancy Foster, Larry Spears and Vondel Rinne.

First Grade—Mary Zamora, Bobby Stone and Billy Hatchel.

The State Farm and Ranch Safety Committee reminds rural residents that when the 1952 resolutions are made, one of the first should be to make every day during the coming year a safe one. Every able bodied member of every family will be needed during the year to carry on the production activities on the farm or ranch.

Cream 40, a new variety of Southern pea, has been developed by the Texas Agricultural Experiment Station and foundation seed will be distributed to growers for increase in 1952.

Whale Diet Many peoples of the Far East regularly stretch their diet of rice, fish and vegetables with whale meat, following in the gastronomical footsteps of square-rigger men from Massachusetts. The crews of Yankee whaling ships sailing far from Cape Cod contended more than a century ago that steaks cut from a young sperm cow made seagoing barbecue fit for a king.

## THE NEW FRIGIDAIRE ELECTRIC RANGE WITH "WONDER OVEN"

BROIL A STEAK AND BAKE A CAKE... SAME TIME... SAME OVEN!

It's the greatest improvement in ranges in years... 2 ovens in one, or one extra-large oven! Each oven with separate temperature controls! Lock-stop shelves are adjustable to 10 positions. Simpli-Matic Oven Control and Cook-Master Oven Clock Control. Lifetime Porcelain finish—inside and out.

**JUST TALK**

by  
**A.M.J.**

A man seldom gets an opportunity to go in for fancy colors and weird designs in clothing except when it comes to pajamas. That's where I shine. The fire proof drawer where my wife has mine partitioned off is almost dangerous to open. My favorites are two pair, each in stripes two inches wide, one pair is blue and white and the other red and white. If they were black and white I'd get put in the penitentiary if I ever had to go out in them, for the cops would surely take me for an escaped convict.

Not long ago I bought a real fancy pair with a turtle neck and an elastic band around the circumference and when I put them on I looked as if I had swallowed one of J. H. Brewer's watermelons, as big as the one he promised to bring me but never did. As my wife is the only one who gets to see me in my most glorious splendor, I do not get as much pleasure from wearing my very choice selections as I should, and besides I don't like the expression on her face when I get a new pair. It takes her several months before she gets used to them.

Does anyone have a good remedy for curing the effects from overeating candy? The season has arrived when folks start offering each other candy every time you pay a visit to a neighbor or friend, and there never has been a variety of candy that I can turn down. By December the twentieth I'm going to have a most powerful candy stomach-ache and I feel sure that I'm going to need aid in overcoming the effects. But friends please put the candy out where I can make a candy hog of myself.

Thursday, November 29, Mrs. Sherell Boyd, of Post, got the members into quite a turmoil on politics, present conditions, and what to do about this and that. She read an article written by Mr. Gallop of the Galloping polls, that are taken on every subject from how many folks want babies, to how many people suffer from bunions. The subject of what she read was, "What we don't know can hurt us." She and Mr. Gallop enumerated a list of questions that had been asked folks such as, "Where is Korea?" "Who is the Secretary of State," and "How much damage does an atomic bomb do." Mr. Gallop said that very few people knew all of the questions, and about half could answer none.

When she read the list I was glad she did not ask me to answer for I certainly would have been stumped as to where Korea is. I do not know what direction I would start in order to get to Arkansas. All I know is that Korea is right up against a part of

China and if I were in Korea I would not know where I was nor how to get back. In fact I am pretty well lost right here in Slaton and I think nothing of spending several hours trying to get back to the business district when I venture into the Northwestern part of town.

So far my ignorance concerning Slaton has not hurt me, but there may be dangers lurking in the outskirts of Slaton that I know not of. Mrs. Boyd is a mighty fine lady and a former newspaper woman. I suppose she is still a newspaper woman. She said that she had worked for Mr. Gallop in taking polls and that she had suffered from having many a door slammed in her face.

As to "What folks don't know can hurt them," I'm sure I could have done a lot better if I had known what I know now a long time ago. I'd have changed my course and gotten into some kind of business where one does not have to have the jitters all the

time in order to make a shaky living. There is one thing though, and that is I am afraid if most people did know all the facts about most things that most of them would get on the tallest building they could find and hop off.

"What do you want for Christmas." That's what I have been asking my wife and that's what she has been asking me. The reply going both ways is "Nothing." If that's what we both should get we probably would have a row that could be heard as far away as the Vasear Brownings.

Knowing that she would pay no attention at all to what hints I might pass out I still endeavor to steer her in the right direction, but I know good and well that I'll get some things that I have never thought of receiving that will shock me to the bone.

We have stuck away in the back closet a glass dingbat that a merchant sold me one Christmas that was supposed to make "DELICIOUS COFFEE." I gave it to my wife and as she does not drink coffee she seemed a little disappointed. The first time she tried to make coffee in it the top part stuck and we both wrestled the thing all over the place and never did get the top and bottom part separated. That was four years ago. The coffee grounds are still in it.

The next year I gave her a big bottle of perfume and to my surprise she liked it, but the aroma that it gives off makes me see spots in front and back of my eyes, and I have tried to brush the stuff off the dresser with little success as the bottle is about an inch thick and won't break.

Christmas before last she gave me a shirt with big plaid design on it and I wore it down town. The first thing one of the Post Office loafers said was that I had forgotten to take off my pajama coat. It was very discouraging. She has been trying to get me to wear that shirt ever since.

She has, I am sure, been hint-

**Snyder Man Injured In Wreck Near Here**

A 35-year-old Snyder man, Ford Caperton, was in Lubbock Memorial hospital early Friday suffering a broken left ankle and right hip as the result of a highway accident seven miles southeast of Slaton on the Post highway about 7 p.m. Thursday.

Friends reported that Caperton's car, a 1950 Oldsmobile, went out of control and overturned. The car, they said, was demolished. The man was rushed to the hospital, where he remained in surgery until nearly midnight.

Attendants said the man was in "fairly good" condition. ing for a lot of things that she would like to have for Christmas, but I have no idea what they are, and I may buy her another coffee maker, and I'm sure I'll get some kind of shirt.

**Southland News**  
MRS. FLOY KING

Visiting Mr. and Mrs. L. A. Dunn last week were their daughters, Mrs. Laura Brazil of Mineral Wells and Mrs. Bill Roberson of Houston.

Mrs. L. B. Hambright left Sunday for Abilene to visit her parents, Rev. and Mrs. Mason and be with her mother, who will undergo surgery Tuesday.

Mr. and Mrs. Bobby Trimble have moved to Southland.

Mr. and Mrs. J. F. Winterrowd of Amarillo were in Southland visiting their children Saturday.

Mr. and Mrs. Bobby Donaldson of Slaton visited her parents, Mr. and Mrs. Richard Lewis Sunday.

Mrs. Esther Gravis and children of Amarillo spent the week end with her brother and family, the Otto Quisenberrys.

Union News

MRS. M. D. GAMBLE

Several from the Methodist Church attended the District Conference at Idalou last Friday.

Mr. and Mrs. Rhea Pierce have been ill with the flu and Mr. Pierce was critically ill the last of the week with strep throat after being given a shot of penicillin, but is improving at present.

Mr. and Mrs. Doyle Teeter of Abernathy spent the week end with Mrs. Teeter's parents, Mr. and Mrs. F. A. Nelson. Mr. and Mrs. Amos Sedgwick and children of Goodland were supper guests, also in the Nelson home.

Mr. and Mrs. Melvin Cade attended the Shriner's meeting at Lubbock last week.

Dinner guests in the home of Mr. and Mrs. F. S. Kahlich Sunday were: Mr. and Mrs. Wilfred Nesbitt and daughter, Mr. and Mrs. Milton Piwonka and children, and Mr. and Mrs. Alfonso Denzer and children, all of Slaton.

Visiting in the home of Mr. and Mrs. J. B. Patterson Sunday were Mrs. Patterson's sister, Mrs. R. T. Huie, of Whitewright, Texas, Mr. and Mrs. Clarence Jordan and children of Ropesville, Mr. and Mrs. Earl Peterson and children of Monroe, Mr. and Mrs. C. L. Griffin and Iris, Mr. and Mrs. Clester Griffin and children, Mrs. Annie Peterson and Mrs. T. J. Richardson. One night last week Mr. R. T. Huie and two sons, J. T. and Edsel Huie of Whitewright visited in the Patterson home.

Visiting in the home of Mrs. S. D. Nelson Sunday were Mr. and Mrs. Will Tapp of Pleasant Valley, Mr. and Mrs. F. A. Nelson and children, Mr. and Mrs. G. L. Nelson, and Mr. and Mrs. Doyle Teeter of Abernathy.

A donation was started Sunday to build a new parsonage in the near future for the Methodist Church. More definite plans will be made later.

Visiting Mr. and Mrs. Rhea Pierce Sunday were Rev. C. R. Hankins, Mr. and Mrs. T. E. Patterson, Mr. and Mrs. Sankie Johnson and Mr. and Mrs. Bobby Jones.

The Union Home Demonstration Club met Nov. 23, with Mrs. F. H. Griffin with eight members and Miss Pratt present. Miss Pratt gave a demonstration on ironing with a new starch and plans were made for the Christmas party to be in the home of Mrs. C. L. Griffin Dec. 12. Each one will bring a gift. Refreshments were served to those present.

Mr. and Mrs. Leslie Greene and Lou Ann visited Sunday with Mr. and Mrs. Charlie Ward at Ropesville.

**FUSSY AT FUESSEN**—Two feminine Austrian tourists learn the fine art of dipping their feet into a vat of disinfectant without splashing their nylon. All visitors crossing into Germany are forced to undergo the sole-high bath to prevent them from possibly spreading the foot and mouth disease among cattle in Bavaria by carrying the germ on their shoes. Already, large numbers of livestock in the Fussen area have been infected with the death-dealing sickness.

**PUPOTATO**—Jan Fardell of Seattle, Wash., must have a psychotic potato bug on a vine in his garden. This misshapen tuber, resembling a big-nosed puppy, is just one of many weeds to which Fardell

A Foods And Nutrition Specialist Gives Tips On Cooking Game Meat

Although game meat is different in flavor from domestic meat, it can be palatable and nutritious. Frances Reasonover, foods and nutrition specialist with the Texas Agricultural Extension Service, says that standard methods of cooking beef and lamb are successful for venison and antelope. "All game should be cooked according to the type of cut and age of the animal, she adds. For tender cuts, such as loin and shoulder, use dry heat, the specialist suggests. Season the meat with salt and pepper and place on a rack in an uncovered

pan, fat side up. Do not add water and do not cover. Extra fat, such as bacon, may be added to venison or elk. Roast in a slow oven, 300 to 350 degrees Fahrenheit, allowing 25 to 30 minutes per pound. If the meat is frozen, a longer time will be needed for cooking. When frying game meat, Miss Reasonover says to first heat the frying pan until it is sizzling hot. Brown both sides of the meat, turning only once. Season when ready to turn. For thick steaks or chops, reduce heat after brown-

ing to finish cooking. Insert a rack under the meat to prevent overcooking the meat next to the pan. Steaks, chops, or ground meat patties may be broiled on a hot, greased broiler rack about three inches from the heat. If the meat is very lean, brush with fat. When it is brown enough, season and turn. Reduce the heat and cook until done. Serve on a hot platter. Less tender cuts, such as flank, round, rump, or shortribs, can be made tasty by braising. Miss Reasonover says the first step by this method is to brown the meat slowly on all sides in a heavy utensil. Then season with salt, pepper, herbs, spices, or vegetables. Add a little liquid in the form of water, soup stock, vegetable juice, or sour cream. Cover closely and cook at a low temperature until tender. Cooking it may be done on top of the range or in a slow oven at not over 300 degrees Fahrenheit. Proper seasoning for wild game is important, Miss Reasonover emphasizes, especially if the "game" taste of meat is not relished. Bay leaves, thyme, marjoram, savory, parsley, chives, green pepper, celery and onion tops, garlic, cloves, sage, allspice, tomatoes, ketchup, fresh dill leaves, sliced oranges, apples, and Worcestershire are a few suggestions. Basting wild game with pickle juice, tomato juice, orange, lemon or grapefruit juice, or sour cream enhances its flavor, the specialist adds.

RECIPE OF THE WEEK BY MARY LEE TAYLOR

**Fudge**  
Broadcast: December 1, 1951

1. Mix well in saucepan..... 6 tablespoons cocoa  
1 1/2 cups sugar  
1 1/2 tablespoons corn syrup  
9 tablespoons Fat Milk  
3 tablespoons water

2. Cook over low heat, stirring until sugar dissolves. Boil slowly, stirring often until candy forms a soft ball when a tiny bit is dropped into cold water. Cool at room temperature, without stirring, until lukewarm, or until hand can be held comfortably on bottom of pan.

3. Add, then beat until candy holds its shape..... 1/2 teaspoon vanilla

4. Pour into greased pan about 9x5 inches.

5. Press into top of fudge at 1 1/2 dozen shelled nuts\* once (not salted)

6. When firm, cut into eighteen 1 1/2-inch squares. Makes 1 1/2 pounds.

\*Pecans, walnuts, filberts or almonds can be used.

You Will Need:
