Petitions Are Turned In

Second Liquor Election Becomes Possibility On The Precinct Level

Petitions calling for an election to allow the sale of all alcoholic beverages in the City of Slaton on an off-premise basis were turned in to the County Clerk Wednesday afternoon.

George S. Lemon, Jr., attorney for the wets, said the petitions were turned in bearing the names of 289 local residents seeking the election. A minimum of 254 qualified names must be on the petitions in order for the County Commissioners' Court to call the election, he said. The County Commission meets next Monday and the County Clerk's certification of the names on the petitions is expected to be ready for submission to the Commissioners.

Wets would like to have the election on Nov. 8th, a week later than earlier reported.

Meanwhile, Walter Lee Bednarz, representing a group which would like to see the entire Justice of the Peace Precinct Two of Lubbock County approved for the legal sale of all alcoholic beverages on-premise consumption, said that they would seek an election for sometime shortly after the City election, whether or not it carries.

Bednarz said that his group would probably vote "for" in the City election and not work to defeat it, even though there have been rumors of a split in the wet ranks because of the difference in opinion of whether the election should be for the City only or for the Precinct.

"We think the precinct has a better chance of going," said Bednarz, "and because of that we prefer a precinct election. Otherwise we would have called a City election several months ago."

Funeral Services Held Sunday For Kirby R. Dunlap, Who Died Saturday

Funeral services were held at 3 p.m. Sunday in the Slaton Church of Christ for Kirby R. Dunlap, who died at about 12:30 a.m. Saturday in Mercy Hospital.

Mr. Dunlap, operator of the Shamrock service station here and a resident of the Slaton area for 31 years, suffered a heart attack last Wednesday and failed to improve.

Mr. Dunlap, 43, was a veteran of World War II, serving in the armed forces from June of 1940 until October of 1945. He was chairman of a veteran's group which met in Slaton this past summer and is scheduled to meet here again next summer. All had served together at Bryan Field, Texas, during the war.

Officiating at the services were Harold Mobley, minister of the local Church of Christ, and Troy Brewster. Burial was in Englewood Cemetery under the direction of Williams Funeral Home. Pallbearers were Wayne Walters, Melvin Wall, and Kenneth Jones, all of Slaton, and John Markham, Walton Moseley and Don Hegi, all of Petersburg, where Mr. Dunlap had lived for several years.

Survivors include his wife, two daughters, Harriett and

KIRBY DUNLAP
Heart attack victim

Tefertiller Named Player Of The Week

Webber Tefertiller, quarterback turned halfback, was named Player of the Week at Tuesday noon's meeting of the Slaton Lions Club.

Tefertiller started the season out as quarterback but Coach M. W. Kerr switched him to halfback where he has been grinding out yardage in admirable fashion the last two weeks. Tefertiller was a standout as the Slaton High School Tigers defeated Crosbyton last Friday night, 36-14, scoring a touchdown and an extra point.

The red-head is just a sophomore at SHS and is being counted on heavily the next two years, as well as the remainder of the current season.

Slatonite To Observe Its 50th Anniversary

The Slatonite, oldest business institution in the community, will mark its 50th Anniversary next week.

This week's issue marks the

final issue of the 49th year of publication for the weekly newspaper.

Joel R. Combs, publisher, said "Open House" will be observed on Friday of next week, at which time the general public is invited to visit the paper, sign for door prizes, take guided tours through the plant and receive free mementoes of the occasion. Further celebrations will be conducted throughout the month as, Combs said, the newspaper will try to come into personal contact with as many of the people of the community as possible during October.

Coincidentally, next week is National Newspaper Week and will be observed as a special occasion at all newspapers throughout the country.

Door prizes to be offered at next week's Open House will include a man's watch, a chair for use in home or office, a Cole portable typewriter, a black desk lamp, a white desk lamp, a Bible, and a ball-point pen.

The Open House will be from 10 a.m. until 5 p.m. and guided tours, showing newspaper equipment in operation, will be held periodically during the day.

Free coffee and cookies will be served to all visitors.

Tigers Jolt Crosbyton, 36-14; Play Host To Lockney Friday

The Slaton Tigers pleased a hometown crowd last Friday night, getting their first win of the season and doing it resoundingly against Crosbyton Chiefs, 36-14.

Releasing a bevy of hard-running backs, the home team broke a 14-14 halftime deadlock to roar to victory.

Slaton moved the ball well, being forced to punt only twice. The Tigers scored the first time they had the ball on a 54 yard drive which was covered in nine plays. Halfback Kelly Mack Bownds and fullback

Steve Ball alternated carries with Bownds going over from the two yard line. Halfback Webber Tefertiller carried for the extra points.

The Chiefs also carried on their first drive, going 66 yards in 13 plays with a pass from fullback Jerry Jones to halfback Max Ratheal carrying for the final 13 steps and a touchdown. The extra point try failed.

The second Tiger score came the second time the team had the ball. Going 55 yards in nine plays, the big play being a

12 yard carry by quarterback Gene Talbert for a first down on the seven yard line, the drive was capped by Bownds, plunging the final yard over center. The extra point try failed.

Late in the second quarter, Crosbyton's Jerry Jones intercepted a Slaton pass and returned the ball to the Chief 34 yard line. The visitors drove 66 yards then in five plays, including two 20 yard pass plays, moving the ball to the Tiger 12 where a personal foul gave them another six. Ratheal moved over center for the final three yards. A pass was good for the extra points, making the halftime score, 14-14.

Crosbyton moved from their own 28 yard line to the Slaton 41 only to fumble and have Slaton recover, shortly after the second half kickoff.

The Tigers moved the ball to midfield, where they were forced to punt, the ball going out of bounds on the Chiefs 17. Slaton recovered another Crosbyton fumble on their own 35 yard line and scored in three plays, Tefertiller going the final seven yards for the score. Bownds scored the extra points.

Crosbyton took the kickoff and drove to the Slaton 24 where a penalty and incomplete passes stopped the drive at the 31 yard line.

The Tigers drove 69 yards in seven plays to score again. Talbert set up the TD with a 20 yard scamper around left end to the 11 yard line. A try at the line failed and then Talbert got the score up the middle after starting around end. The extra point try was good.

Following the kickoff, Crosbyton was forced to punt from their own 24, and Bownds fielded the ball, cut to his right and moved untouched to the goal line, making the final score, 36-14.

This Friday night, the team will play host to the Lockney

Longhorns in their fourth home game.

Rev. Ted Gaze, pastor of the First Baptist Church, and Rev. E. A. Wilbur, pastor of the First Christian Church, were named publicity chairman and Rev. Fred Banda, pastor of the Baptist Mission, was named to head the campaign among the Latin American residents.

Another meeting will be held next Wednesday in which to map strategy and make plans to oppose passage of the City election, Liles said Wednesday.

The dries delayed any comment on their plans for opposition to the election, saying that they would rather wait until the election is called before starting intense activity.

Liles pointed out that the only function of the group so far was the naming of officers. He said that they had not been and did not plan to be sponsors of any of the petitions which have been rumored in Slaton of late.

The community was struck by a rash of petition rumors last week, but no one The Slatonite has contacted has seen any of the supposed petitions or knows anyone who has.

Rumor had it that one of the legendary petitions concerned retributive action toward merchants who signed the application for petitions for the City election. It was said to involve a boycott.

Free coffee and cookies will be served to all visitors.

Evans School Will Get Additional Class Rooms

Plans for an addition to Evans School, in the flats area of Slaton, were discussed at Tuesday morning's meeting of the Board of Trustees of the Slaton Independent Consolidated School District.

The board voted to have plans and specifications for the addition drawn up by Butler and Kimmell, Lubbock architects. Bid-letting is expected within the next four weeks.

The addition will be attached to the south end of the present structure and will provide three additional classrooms and one cafeteria, with folding partitions to provide dual purpose use. There would also be a new kitchen. Estimated cost of the addition is \$35,000.

The addition will be semi-fire proof with terrazzo floors in Mexico.

The church is located at 700 So. 19th Street and the public is cordially invited to attend the services.

Additional work at the high school building is still pending. In other activity, the board voted to let Herbert H. Hall of Lubbock salvage the top two floors of the old Junior High building at a cost of \$1,500. Hall will leave the floor of the second floor intact and the building will be roofed and kept by the school district. This work will get underway upon acceptance of the new building by the board. The new building is not now expected to be ready for occupancy before November 1.

Also Dr. Lee Vardy, superintendent, reported on the financial status of the football program. Gates in home games played have brought in approximately \$1,860 with \$775 in the opening contest against Crosbyton, \$580 against Seagraves and \$505 against Crosbyton. Also game contracts in games played on the road have brought in about \$197 at Rotan and \$150 at Frenship.

Expenses in the program so far have included \$273 for officiating, approximately \$900 for insurance and \$1,400 for equipment. More equipment will be purchased during the year, he pointed out.

The board approved purchase of new uniforms for the girls' basketball team, expected to cost about \$250.

Only other activity at the meeting included payment of bills, authorization for Chester Williams, school business manager, to make tax adjustments on some lots which had been figured with houses on them but are vacant.

Board members present included Leon Walston, J. C. Smith, R. E. Ayers, Harold Tucker, Joe Miles, and Vardy and Williams.

IN REMODELLED WESTERN AUTO

Greenfield, manager of the newly remodeled Western Auto Store which holds Open House for friends and customers today through Saturday, is seen here with a woman customer, showing her a nationally advertised Wizard refrigerator offered for sale by the store. Door prizes and free gifts for all will be given each day of the special observance.

Newly-Remodelled Western Auto Holds Open House Next 3 Days

Greenfield, manager of the newly remodeled Western Auto Store which holds Open House for friends and customers today through Saturday, is seen here with a woman customer, showing her a nationally advertised Wizard refrigerator offered for sale by the store. Door prizes and free gifts for all will be given each day of the special observance.

The store has been remodeled on the inside including new painting, relocation of fixtures and a complete modernization. On display during open house will be the firm's new line of merchandise including nationally advertised Wizard appliances, household items, yard and garden tools, wheel goods, automotive accessories, Davis tires, batteries, seat covers, etc.

Greenfield moved here from Snyder three months ago to assume management of the store. He has had five years experience in a Western Auto Dealer Store and went to a school recently to be brought up to date on current Western Auto methods of adjustment, merchandising, etc.

He lives with his wife, Gaynell, and daughter, Debra Jane, 7, at 605 S. 17th Street. Greenfield said he was, "more than pleased with Slaton. I have found it to be a very friendly, courteous community. We plan on making our home here ... it'll be our home town."

Greenfield, who has Ernest Estrada as a full time employee, said the store would offer courteous service, fair adjustments and sell their items on a satisfaction guaranteed or money-back basis.

Season Tickets To Civic Lubbock Auctions Are Now On Sale

Lubbock, Inc. has announced that tickets to its auctions for the 1960-61 season are on sale in the office of the Lubbock Auditorium, 1000 Broadway, from 9 a.m. to 5 p.m. each day through Friday, October 14th for the Season tickets.

Season ticket patrons may receive a discount on their purchases if they desire to receive a choice seat for each show. Special attraction and season's shows and get their benefits from the season tickets.

That's The Spirit, Ladies!

As you have probably noticed in previous issues of The Slatonite, a local women's club is about to take on the task of restoring Slaton's band stand, the one on City Hall square (is there any other?), to near-original condition.

The band stand is one of the last relics of a bygone era when principal Sunday afternoon entertainment in the community emanated from the confines of that small, white covered box. The school band, a community band, or just any band would toot their horns and beat their drums to the delight of dotting parents and envious youngsters not yet old enough to join in the festivities.

That time in our history was not so bad... not so bad at all. Of course, for the most part, things are not bad right now. We're eating, most of us. Most people who want to work can get a job. We're driving cars we can't afford and taking trips on the go-now-pay-later plan, watching sports events when we should be working, barbecuing our own food and calling it fun and doing a whole bunch of things during a time which we call "prosperity."

That is, except listening to bands on Sunday afternoons. Seems we just don't have time for that sort of relaxation any more. But, in a way, I'd like to hear a band concert on a sunny, hot Sunday summer afternoon, wouldn't you?

But whether or not we ever hear that band concert again, we WILL have an appropriate band stand. The Daughters of the Pioneers Study Club is seeing to that. And they are to be congratulated.

Last summer, the Chamber of Commerce conducted a "haystack ballot" to see if residents of the community would like to keep the relic, or destroy it. Right away the answer came back, a resounding "YES" for fixing the band stand up and keeping it in good repair. But no one stepped forward to do the repairing... 'til now.

I guess you could say the Daughters of the Pioneers, "seen their duty and dood it."

It's a fine thing. In a community where you can't get many people together, pulling for the same thing, to do much of anything, it's pretty surprising. Most people would have said, "Leave it up to someone else" to repair the band stand.

Leader of this ambitious group of ladies is Mrs. Alex Webb, as president. Other officers are Mrs. John Morris, vice-president; Mrs. Bill Smith, treasurer; Mrs. B. N. Ball, secretary; Mrs. Earl Reasoner, parliamentarian; Mrs. R. H. Todd Jr., press; Mrs. Bob Conner, historian.

Membership roster includes Mrs. R. E. Ayers, Mrs. Martha Brown, Mrs. Ray Cook, Mrs. Don Crow, Mrs. B. F. DeVries, Mrs. Howard Hoffman, Mrs. John Locke, Mrs. Jack Nowlin, Mrs. Cecil Scott, Mrs. Joe Teague III, Mrs. Joe Walker Jr., Mrs. Rush Wheeler and Mrs. Glen Payne.

May their work be matched by the gratitude of the community. J.R.C.

It's Our 50th Birthday

With this issue, The Slatonite completes 49 years of service to Slaton and surrounding area. Several different publishers have owned the paper during that 50-year life span and the paper was combined with the Slaton Times in 1927.

The Slatonite is the oldest business institution in the community, actually getting into print before there was an incorporated City of Slaton. The City itself will celebrate its 50th Anniversary next summer and we expect that we will delay the mayor portion of our own celebration until that time.

However, we will engage in several activities during the course of this month, designed to commemorate our birthday.

Watch the front page for announcements in that regard, for we intend to do several things to come into contact with as many people of our city as we can during this month.

Also, we have adopted a new slogan, which can be read on the front page this week, beneath the nameplate. The slogan is, "United with Slaton in Service to All!"

There are many reasons why this slogan was adopted. In fact, there is a reason for nearly every word. We will go into it, explain it and why it was adopted in later issues this month.

In the meantime, though the present publisher has served only the last two years of the fifty, it has been an enjoyable two years with about the average number of friends and enemies chalked up. It is difficult for any newspaper to do a creditable job without offending some. We are aware that we have offended several Slaton residents, but we feel that, in each case, it was only in doing our job, as we saw it, that the offense was taken.

We also know that we have made a few friends in the 24 months we have published The Slatonite. In fact, in the light of several recent developments, it would appear that our friends far outnumber our enemies in this community. For this we will be eternally grateful.

The Sounding Board

(Editor's Note: Here are a couple of items we feel you will enjoy!)

From The Knox County Herald:

Are you tired? Run down? Do you feel awful? Over worked?

Perhaps there's a reason why!

We have run across some absolutely irrefutable statistics that show exactly why you are tired, And Broher... it's no wonder you are tired either. There aren't as many people actually working as you may have thought... at least not according to this survey recently completed.

The population of the country is 160 million but there are over 62 million over 60 years, which leaves 98 million to do the work. People under the age of 21 years total 54 million, which leaves 44 million to do the work.

Then... there are 21 million who are employed by the government and that leaves 23 million to do the work, 10 million are in the armed forces... which leaves 13 million to do the work. Deduct 12,300,000... the number in the state and city offices... and the state and city offices... and the leave 2,000,000 to do the work. There are 126,000 in hospitals, insane asylums, etc., so that leaves 74,000 to do the work.

But... 62,000 of these are bums or vagrants, who refuse to work, so the leaves 12,000 to do the work.

Now... it may interest you to know that there are 11,998 people in jail... so that leaves just two people to carry the load. That's you and me! and Brother, I'm getting tired of doing everything myself... So... LET'S GET WITH IT!

From The Lynn County News: If all the regulatory laws on the statute books were repealed and only the Ten Commandments were enforced, in ten years the United States would become the most lawabiding nation on earth—Roses for Reflection.

From The Big Bend Sentinel: Nearly everyone has heard the following story, but there may be a couple of our good Republican friends who haven't been close enough to a Democrat since the conventions to hear the tale. So, for what it's worth, and a chuckle or two here goes.

Lyndon Johnson, on his recent trip through the middle of Texas, was headed for a scheduled night time talk in Abilene. He was driving, and enroute, ran into car trouble on a short-cut Farm-To-Market road south of Abilene, near Lohn. As he surveyed the trouble and hoped a car would come by, his wish came true and a farmer, headed south toward Lohn, stopped his pickup and asked the senator if he could be of assistance.

To which the vicepresidential candidate replied, "Yes, I'm Senator Lyndon Johnson, and I'm on my way to Abilene for a speech." Replied the farmer, "Well, senator, I knew who it was the minute I spotted you, and I'll be right proud to help."

BREWER INSURANCE AGENCY

139 So. 9th

a few questions about the Democrat's farm plank." The senator agreed and it was decided to get the word around town as fast as possible and have all interested persons meet within the hour. When a large crowd had gathered, men went in search of a platform from which the vice-presidential nominee could speak. Finding none in the immediate vicinity, it was suggested they moved to the area of the stock pens. Here they could surely find a platform and besides, fellows could perch themselves on the rails to hear the talk.

Arriving at the stock pens, more embarrassment, no platform. One of the farmers spotted a high pile of manure and asked the senator if he would mind speaking from this vantage point. "Not at all," replied Johnson. "I was raised on a farm and don't mind th least bit." Starting off his remarks Senator Johnson added, "Ladies and Gentlemen, friends, I have two firsts to boast about today. It is the first time I've ever been to your fair city and it's the first time I've ever spoken from a Republican platform."

The Reader's Angle

Dear Editor,

School trustees perform a valuable service for their community. I should think reporting of their activities would be based on interest in the schools, not because of a question of right or wrong concerning these activities. It would be impossible for them to please all the people all the time.

If there is no community interest in our schools, you would be wasting time and news space to report on them. I hope this isn't true. I believe that the people are responsible for the schools; that the quality of education in any community is in direct proportion to the informed, intelligent, and active support of the schools by the people of that community.

Sincerely,
Mrs. R. L. Henry

(Dear Mrs. Henry,

Sincerely,

We agree.

The Ed. JRC)

Congratulations to Mr. and Mrs. James Mosser, 326 Texas Avenue, Slaton, Texas on the birth of a daughter, born Sept. 20, weighing 6 lbs. and 11 ozs.

Congratulations to Mr. and Mrs. Jackie Glen Gleghorn, P.O. Box 392, O'Donnell, Texas on the birth of a son, born Sept. 21, weighing 7 lbs and 6 ozs.

Congratulations to Mr. and Mrs. Arthur Cornelious, P. O. Box 141, Slaton, Texas on the birth of daughter, weighing 6 lbs. and 1oz.

Congratulations to Mr. and Mrs. Zell T. Parker, P. O. Box 152, Slaton, Texas on the birth of a daughter, born September 22, weighing 3 lbs and 7 ozs.

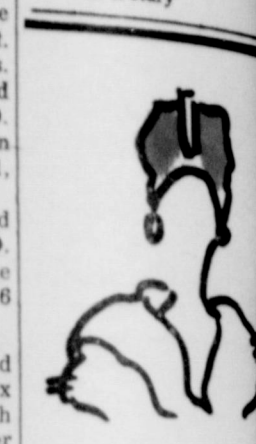

Congratulations to Mr. and Mrs. Bob Winifred White, 1025 S. 19th St., Slaton, Texas on the birth of son, born September 24 weighing 8 lbs and 7 ozs.

THE '61 PONTIAC IS OUT TODAY!

It's All Pontiac!
on a new Wide-Track!

New track-to-body proportion! The track is the width between the wheels. Pontiac is the only Wide-Track car. Body width is reduced, shaving side overhang, balancing more weight between the wheels. Best relationship of body width to wheel width ever tailored. Lean and sway are ancient history.

Announcing the new Pontiac Trophy V-8 Engine! We've improved the engine the experts said was perfect. New fuel induction system saves gas by using more air in the gasoline mixture. This makes the engine breathe more efficiently, giving you better acceleration. Eleven versions to choose from. Horsepowers range from 215 to 348. For best economy, specify the Trophy Economy V-8. Its lower compression ratio lets you use regular gas.

More headroom, legroom, footroom for greater comfort! You'll get great comfort in the extra roominess we've built into the '61 Pontiac. Seats are higher, yet there's more clearance beneath the steering wheel and more hatroom over your head. There is more legroom, more footroom. Doors are wider and designed to swing open farther. The more highway you put behind you (Pontiac specializes in this) the more you'll appreciate the new room that's all around you in this sleek new '61.

ISN'T THIS YOUR BIG YEAR FOR A WIDE-TRACK PONTIAC? IT'S ALL PONTIAC!

The Spell of a Story

Think back, grown-up! There haven't been many joys in life that compare to the thrill of being read to. Remember—we came to know most of those stories by heart—and we loved them more each time we heard them.

Robin Hood and Little John—King Arthur and Sir Launcelot—they became old friends. And the heroes of our Bible stories—David and Daniel and the Boy Jesus in the Temple—they lived before our eyes as though the centuries had melted away.

Those stories helped to mold our lives. They taught us courage and faith. We sought to be like the heroes we loved.

Today, grown-up, your child needs the right stories. Are you taking advantage of the Church's program of religious education for youth? Are you giving your youngster the best start in life by making yours a worshipping, a church-supporting home?

Copyright 1960, Kistler Adv. Service, Strasburg, Va.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

DPS Investigates Nineteen Rural Accidents During Month Of August

The Highway Patrol investigated 19 rural accidents in Lubbock County during the month of August, according to Sergeant E. L. Stroud, Patrol Supervisor of this area.

These wrecks have accounted for 4 persons killed, 12 injured, and a property damage of \$12,015.00.

This brings the total for the year in this county to 14 persons killed, 102 injured, and a property damage of \$107,577.00.

Prior to the first of this month there had been a total of 1,068 fatal accidents in Texas. These tragedies result in 1,342 persons losing their lives.

The back to school bell has already sounded for Texas school children. They will be using our highways and streets to and from school. Motorists should drive with more caution and care than ever before.

Sergeant Stroud pointed out that at the present rate of traffic fatalities, half of the elementary school children in Texas will be involved in a motor vehicle accident before they reach the age of 21.

Fifteen persons were killed and 240 injured in rural traffic accidents involving school buses in Texas during 1959.

State laws regulating traffic in regard to school buses read as follows: "The driver of a vehicle upon a highway outside of the limits of any incorporated city or town upon meeting or overtaking from either direction any school bus which has stopped on the highway for the purpose of receiving or discharging any school children shall stop the vehicle immediately before passing the school bus, but may then proceed past such school bus at a speed which is prudent, not exceeding (10) miles per hour, and with due caution for the safety of such children."

The Sergeant stated, "The driver of the passing vehicle is responsible for taking the due caution. He is responsible for knowing that his proceeding past the bus will not result in endangering any lives."

Remember, no one has a spare!

Give yourself a thrill . . .

Mercury for 1961 offers a completely new line of cars, with two series that are priced squarely into competition in the low-price field. The new Mercurys are 4 1/2 inches shorter and 1 1/2 inches narrower, yet they retain Mercury's reputation for interior comfort, riding qualities and distinctive styling. Fourteen models with a wide selection of engine and transmission options are offered, including the first six-cylinder engine in Mercury history. Pictured is the Meteor 600, four-door sedan.

Film Shown On Artificial Respiration

A film on artificial respiration was shown at last Thursday's meeting of the Slaton Rotary Club.

The film, sponsored by Southwestern Public Service, gave detailed information on the new method of mouth-to-mouth artificial respiration.

The new method is said to be vastly more effective than former ways of restoring the capability of breathing for one's self to the victim of drowning, shock, etc.

The film explained how it is necessary to pull the lower jaw of a victim forward, keeping his tongue from blocking the breathing passage, gripping his nose to prevent air escaping through the nose instead of go-

ing into his lungs, and breathing into the victim's mouth with the rescuer's mouth completely covering the victim's. This procedure forces air into the victim's lungs, raising his chest and actually breathing for him until he has recovered consciousness. Occasionally air will get into the victim's stomach through this method but a gentle press on the stomach can eliminate it.

The film was highly regarded by the club with members expressing the wish that everyone could see the film.

For this week's program John R. Anderson of Gail, Texas, the Constitution Party's candidate for Congressman from this district, will address the club on the treat of Socialism. Anderson quit his post as Borden County Democratic Party Chairman earlier this year and has been actively seeking the Congressional post on the Constitution Party ticket. His address here is billed as "non-political," however.

Mr. and Mrs. J.B. Robinson, her parents, Mr. and Mrs. Elmer Hitt, spent Sunday in the home of the Robinson's daughter, Mr. and Mrs. Jerry Dixon.

Elmer Hitt, Carl Chilcoat and their pastor, Rev. Elton Brian, all from the Pleasant Valley Baptist Church, attended the Brotherhood meeting held in the First Baptist Church and University Baptist Church in Abilene Tuesday of last week.

Using More Water Than Getting Back Under The Ground

The High Plains Water Conservation District in the southern part of Texas is expending only a fraction of the fresh water for irrigation, municipal

and industrial purposes; consequently, virtually all the water used comes from a vast underground reservoir that lies beneath the area. The water stored in the reservoir beneath the land's surface results largely from rain water falling in the local area and running into the many thousands of wet-weather lakes and depressions that dot the Plains. Only a small per cent of the lake water percolates through the bed of the lake to the underlying formations; consequently, many centuries of time were required to

fill the reservoir. Annual natural replenishment to the underground water is meager indeed when compared to the amount of water in storage, or when compared to the amount of water presently being pumped from storage each year. According to the High Plains District, more than 35,000 wells furnish water to more than 4 million acres of land in the southern High Plains for irrigation, and to fulfill all the

needs of industry and municipalities. About 98 per cent of the total amount of ground water pumped in the southern High Plains is used for irrigation. Because we have been pumping about 5,000,000 acre-feet of underground water annually while receiving only about 100,000 acre-feet of water as natural recharge annually, it is apparent that a very real problem confronts the people of our area.

Artificial recharge will probably play a major role in prolonging the economic life of the underground reservoir. Experimentation has been conducted by the High Plains Water District since 1953 in an attempt to determine the most practical methods for transferring wet-weather lake water, the only surface water available to the area, from the surface where the evaporation rate is very high to the underground formations where the water can be stored for future use.

Draining raw lake water directly into production wells has proven to be partially, if not completely, satisfactory. The High Plains Underground Water Conservation District, and others in the field of water conservation, are leading in the con-

THE AMERICAN WAY

Nikita, Go Home!

The Slaton, Tex., Slatonite, Thursday, October 6, 1960

Savings Month In Slaton Proclaimed

WHEREAS, The growing popularity of thrift and home financing services offered by the saving and loan associations of Texas has enabled over 900,000 persons to accumulate savings amounting to more than two billion dollars, which have been made available for the construction and purchase of homes in the State at the current annual rate of \$1/2 billion, and

WHEREAS, The savings and loan associations of Texas through a statewide educational program of their trade organization, the Texas Savings and Loan League, desire to call attention to the need for rededication to the principles and practice of thrift as a vital part of American initiative and enterprise through which any individual can attain success, and have adopted an appropriate slogan, "Save.....It's the American Way to Success," and

WHEREAS, The savings and loan association of Slaton has contributed greatly to the outstanding achievements of the business in Texas, and has promoted the cause of thrift and home ownership in this community,

NOW, THEREFORE, I, Clark Self Sr. Mayor of the City of Slaton, do hereby proclaim the month of October as Texas SAVINGS AND LOAN THRIFT MONTH in the City of Slaton, and urge all citizens to cooperate in its observance.

Continuing search for facts concerning the water situation as it exists in our area, and are recommending programs of conservation that will assuredly serve to prolong our present relatively high economic standards.

Some suggestions for maximum water conservation are:

1. Conserve rainfall by proper soil and water.
2. Select agricultural crops that will produce the greatest net income per acre-foot of water required.
3. Locate new wells as far from existing wells as is practical to minimize interference.
4. Reduce evaporation and seepage losses by replacing open irrigation ditches with closed distribution systems.
5. Apply water to crops at proper times and in proper amounts.

Bluebonnett Club Holds Sept. 28 Meet

The Bluebonnett Club met in the home of Mrs. T. E. McClanahan Wednesday Sept. 28, for their regular meeting.

There were 15 members and two visitors present. A day for the Thanksgiving banquet was set for Nov. 14.

Next meeting will be in the home of Mrs. Fannie Patterson, Oct. 12.

After the business meeting, games were enjoyed by all. Refreshments were served to the following members: Mesdames Jewel Wicker, Edith Starnell, Joyce Parks, Fannie Tague, Maud Sanner, Alice Jarman, Johnnie Blackerby, Bess Tudor, Ida Upham, Fannie Patterson, Grady Edmondson, Loreve Berry, and 2 guests, and Mrs. Paul Mangus of Rawlin, Wyo. and the hostess.

A "bear's nest" was the cowboy's name for a line camp. It got this name because the man who occupied the camp was more interested in his duties as a cowhand than in house-keeping.

Jerusalem, a city of contrasts where the ancient and modern rub shoulders, stands proudly in the Hills of Judea. Tower at right is YMCA. Large square building in center is famous King David Hotel. Old City wall runs along upper part of city. Four-spined building in upper center is Church of Dormition, housing Room of St. Stephen, located on Mt. Zion.

Mrs. Vaughn, Mrs. Prosser Of Visit To Israel

"I found the Israelis to be a friendly, helpful people who are accomplishing a great deal in a short time," stated Mrs. S. Vaughn, a housewife from Slaton, who visited Israel as part of a trip which included Europe and the Middle East.

The two local residents visited England, Holland, Belgium, Germany, France, Switzerland, Italy, Egypt and Jordan before arriving in Israel. They entered the Holy Land via the famous Mandelbaum Gate connecting Jordan and Israel.

After leaving Israel Mrs. Prosser and Mrs. Vaughn visited Greece and Italy before returning home.

Many of the one million immigrants who have reached her shores from eighty different lands and who have founded hundreds of cooperative farming villages. A number of these are located near the Holy Places which were included in the tour.

The two local residents visited England, Holland, Belgium, Germany, France, Switzerland, Italy, Egypt and Jordan before arriving in Israel. They entered the Holy Land via the famous Mandelbaum Gate connecting Jordan and Israel.

SANDRA WELLS DORM PRESIDENT

Sandra Wells, daughter of Mr. and Mrs. C. A. Wells, 330 So. 11th Street, recently was elected president of Hudspeth Hall, West Texas State College, Canyon.

Hudspeth Hall is a newly-constructed dormitory which houses 75 girls. Sandra is a sophomore elementary education major.

MR. AND MRS. BIGGS TO OBSERVE GOLDEN ANNIVERSARY

Mr. and Mrs. D. A. Biggs of 1235 South 8th will celebrate their golden wedding Anniversary Sunday, October 9th, with Open House.

Andy and Lillie were married at Millsap, Texas, in 1910. They came to Slaton on June 15, 1922 in a covered wagon. They

had two sons, Walter Andrew, deceased, who's family lives at 1325 South 12th, and Billy Joe residing at 220 South 2nd. They have 10 grandchildren and 4 great-grandchildren.

All of their friends and relatives are invited to drop by at any time from 1:30 p.m. to 4:30 p.m., Oct. 9th.

Miss Deanna Cole Is Honoree At Showers

The Slaton Club House was the scene for a bridal shower honoring Miss Deanna Cole, bride-elect of Robert Christopher, on Wednesday, Sept. 28.

Refreshments of punch and cookies were served from a table covered with a white madiera cut-work table cloth, and centered with a bouquet of pink roses and pink candles. Nuts and pink and white mints complimented the refreshments.

The hostess gift was an electric toaster, electric skillet and

toaster oven, given by the following hostesses: Mrs. C. W. Slyone, Mrs. I. E. McCarver, Mrs. Ray Miller, Mrs. Joe Baker, Mrs. M. M. Metts, Mrs. J. C. Smith, Neva Ables, Mrs. Melvin Kunkel, Mrs. J. H. Eaves, Mrs. George Harlan, Mrs. A. D. Howard, Mrs. Leonard

Johnston, Mrs. Lynn Perdue, Mrs. Joe Fondy, Mrs. Allen Swain, Mrs. Howard White, Mrs. Ina Hutcheson, Mrs. C. L. Cooper, Mrs. Joe Gibson and Mrs. J. B. Butler.

The home of Miss Patty Clark was the scene of a personal shower honoring Miss Deanna Cole, Saturday, Sept. 30.

Miss Clark was assisted as hostess by Misses Olivia Sanderson, Sharon Perdue, Mrs. Arlie

Bownds, Mrs. C. W. Slone and Mrs. Truman Ford.

Angel squares and pineapple sherbert with ginger ale were served to the following guests: Miss Ann Wright, Kay Kincaid, Linda Walker, Catha Walker, Dana Heaton, Joanne Thomas, Nancy Johnston, Joyce Gamble and Ronda Pettigrew.

The hostess gift was a gown and peignoir set.

Miss Cole is the bride-elect of Robert Christopher.

Centurettes Have Program On Entertainment

Monday evening, October 3, Mrs. Jerry Jones was hostess to the Centurettes when Mrs. Edward Maeker, president, presided.

Roll call of a kitchen Hint was answered by 17 members. "Entertainment on a Budget," which Mrs. Robert Heaton outlined for the club, was a very educational program.

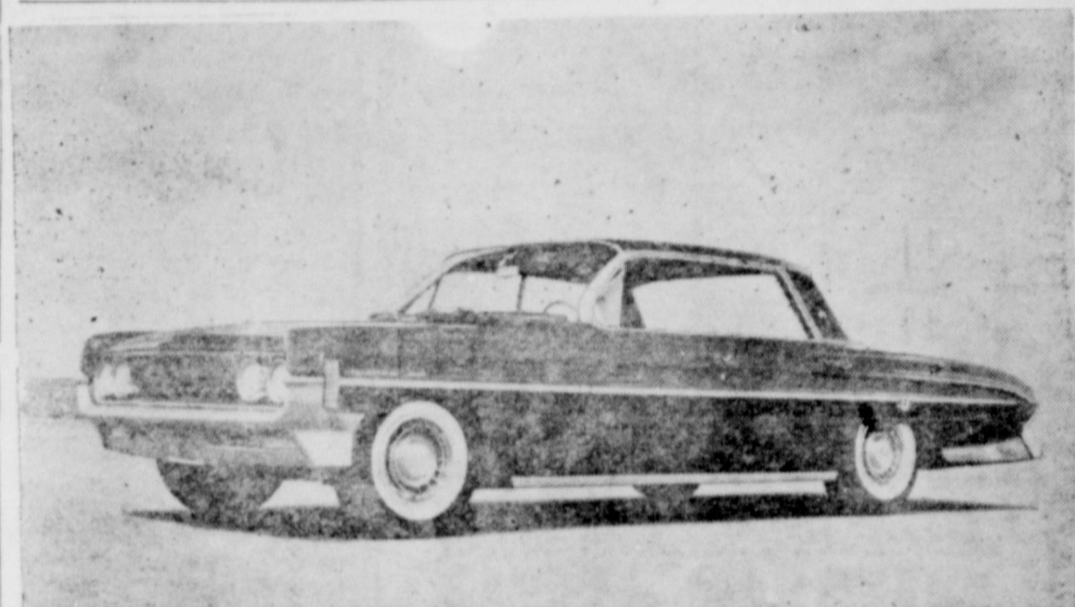

Refreshments of congealed chicken salad, stuffed celery, chocolate chips cookies and cakes were served to Mesdames Robert Heaton, Wesley Minton, Leroy Poer, Harley Castleberry, Ray Wilkins, Tip Culver, Tim Bourn, Jerry Don Ross, Joe Ross, Earl Johnson, Hobert Limmer, Ed Eakin, Jack Halliburton, Donald Basinger, Jones and Maeker.

Senior Citizens Club Meets Each Friday

The Senior Citizens Club meets at the County Club house each Friday at 10: a.m. with a covered dish luncheon, the food is always delicious and plentiful.

It is not a sponsored club, nor is it a welfare club, it is self supporting and purely a recreational club.

We play games, sing songs and have a devotional by one of our ministers. We take two lunches out to shutins each week and contribute to the welfare fund. Our theme song is, --Continued on page four --

Oldsmobile's all-new and distinctive styling motif for 1961 is exemplified by this Super 88 Holiday Sedan, a four-door hardtop (upper photo), and the Dynamic 88 Holiday Coupe. The new body lines give the cars a long, sleek look, but overall length of the 88's has been reduced 3 inches. The Super 88 is powered by the high performing 325-horsepower Skyrocket engine. Standard engine for Dynamic models is the 250-horsepower Rocket engine, designed to operate on lower cost regular-grade gasoline. All 1961 Oldsmobiles are available in a full range of 15 exterior colors, including nine metallic finishes. Interiors are the most attractive in Oldsmobile's history, with bright new fabrics color-harmonized with the exterior finishes.

On Display Thursday At Davis Motor Co.

would seem that one could laugh in the face of an air conditioner if it should go lame or at a water hose should it snap its neck, but things do not work that way.

This is the time of the year one needs a light coat, a warm fire, and some ice water all in one day.

It is no time for the equipment to break down. Who wants to spend money on a leaky air conditioner when it will soon be put to rest until spring or who is willing to knock all the skin off their knuckles patching water hose when it is going to be put in the garage to get hard as cement until the lilies start begging for a drink next May.

Practically everything at our house has gone hay wire in the last few weeks, including me. Our dog has fleas again and the can of flea fizz has fizzed out, our can of antkill has puffd its last puff and the ants

TELEPHONE TALK

by J. C. Outkoy, Manager

FIRST PHONE CALL VIA SATELLITE!

The day isn't too far off when you and your family, relaxing in your home right here in Slaton, may watch a royal wedding in Europe or a tennis match in Australia by live television. Or you may place a call to Singapore or Calcutta... by way of man-made satellites thousands of miles in the sky.

These things were only dreams a few years ago. Now they are much closer to reality, all because of "Project Echo." It was the first successful attempt to "bounce" a voice off a satellite.

Perhaps you've seen the silvery "Echo" satellite orbiting the earth. To think of "bouncing" a phone call off it staggers the imagination. But that's what happened when a Bell Telephone Laboratories engineer in New Jersey talked by way of outer space with an engineer in California. They said they could hear each other as clearly as if they were talking across town.

Project Echo relied heavily on telephone science and technology. Bell Laboratories scientists not only participated in the first test of voice communications via satellite, but Bell Labs provided the guidance system that directed the satellite into its selected orbit.

This test opens a new era of worldwide communications. The Bell System has already proposed a plan for using satellites as relay stations to carry telephone calls and television programs throughout the world.

HOW TO "HOLD THE PHONE"

You and your family may be among the many that believe the color wall phone is the handiest thing in your kitchen.

You probably realize how it brightens up the room and saves you time and steps. You probably like the way it saves space... doesn't take up valuable room on a kitchen counter or table.

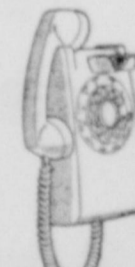

But did you know there is a handy way to keep the receiver from dangling if you are called away from the phone for a minute?

A number of people have told me they were surprised to learn they can hook the receiver over a notch on the top of their color wall phones until they return to the phone. The illustration shows how it works.

I thought you might be interested in hearing about this added convenience of wall phones in color.

Call by number. It's twice as fast.

SOUTHWESTERN BELL TELEPHONE COMPANY

have been prospecting all over the place, part of our cement walk has turned into a sand hill, the stock market has sagged pants, the space between here and the moon is getting clogged with all kinds of funny things, people want to argue with me about elections and if they don't I try to start an argument with them, one paper says business is bad and getting worse while the next day the same outfit says the recession is over and everything looks rosy. Move over and give me plenty of raving room.

Just Talk

For sometime the cold drink policemen who stand out in the middle of Lubbock street near the West Ward School have been bothering me in a way that I have been vaguely conscious of but unable, until this week, to realize why. Now I know. It is because they are smiling.

Perhaps real cops do smile but it does not seem the correct thing for them to do. They represent the law and all of them are pretty stern while on duty. To hear one blow his whistle turns my blood to ice water, whether he whistles at me or not, and to see a tin policeman standing there in the middle of the street with his arm raised in command, wearing a smile like a cat eating glue, doesn't fit my idea of propriety.

Just Talk

With the arrival last week of some coolish weather, I dug way deep in our closet and got out my precious stock of winter clothes. There are four lopard felt hats in various stages of dejection, none of which I have courage enough to discard. There is a lined knee length coat that is a cross between a lumber jacket and bear rug, its sleeves are soiled and a little ragged around the cuffs, water marks here and there from the past showers it has experienced, and the pockets bulge as if I had been carrying cantaloupes in them. But I cannot afford to part with it for it is the only garment in my possession that feels right when the breezes hover around ten degrees. Who is going to pay any attention to the worn sleeves, the bulges or the water marks when it gets that cold particularly when I go by with nothing but my big red nose sticking out?

There are two suits in the style of world war II and one that slightly resembles the kind men are wearing these days. Also four pairs of gray-stained slacks in colors that defy any known design of sport coat to be worn with them. Most of them are baggy at the knees and bulge in the back but on me they do not look so bad, for they have become accustomed to their surroundings. A brief look at the advertisements illustrating new styles in men's suits and slacks has discouraged me no end, for the pants seem to be styled to fit as tight as the

pants the skinny-legged women are wearing and the coats are about three sizes too small for the figures they are depicted as fitting. What most men need even more than women is something that will cover up their bulges, knobs and angles. In fact most of us would look better in something like the old warrior's tin coats of armor suits with a visor that could be pulled down over one's face. It is my plan to get such styles going by 1965.

Just Talk

We receive two daily papers, three weekly papers, three pocket-size magazines, three women's monthly magazines, two monthly men's magazines and the New Yorker every week. You may classify it as one that suits only a limited number of either men or women. The New Yorker is the only one that I peruse closely.

After reading all the things that a young bride should know, what to do when you arrive at the retirement age, what to do about juvenile delinquents, how Zsa Zsa Gabor teases the men and how to invest a million dollars, I am still so confused I do not know how to kill crab grass in our lawn.

If there is anyone in Slaton who would like the details on how to worry about any of the above mentioned problems, I have or soon will have one or two magazines and several newspapers that will contain the exact instructions on how to cope with them.

Just Talk

Along this line I have been collecting data on what to do after retirement. At my house you will find instructions on stamp collecting, old coin collecting, how to use old false teeth for fishing lures, how to cheat at horse shoe pitching, how to cure insomnia, suggestions on ulcers, what to do until the doctor arrives, interpretation of your dreams, how to live on twenty cents a day, how to repair old clothing and how to spend your old time. None of them are worth two hoops.

Just Talk

The following is from Paul Crume in the Dallas News: ON THE way to Valley View the other morning, Mrs. Charles R. Myers spotted a suspicious-looking little white building behind a farmhouse. It was about four feet square and eight feet tall.

Hoping to shut off conjecture, apparently, the owners had painted in big black letters on all the sides: "WELL."

PARENTS OF SON

Mr. and Mrs. Joe Holland are the proud parents of a son, Joe P. Jr., born Sept. 20, at West Texas Hospital in Lubbock, weighing 7 lbs. and 8 ozs. The maternal grandparent is Mrs. C. R. Potthast of Slaton and the paternal grandparents are Mr. and Mrs. J. C. Holland of Wingo, Kentucky.

A Message From "Teague Drug

NATIONAL PHARMACY WEEK OCTOBER 2nd - 8th.

A week dedicated to the ancient and honorable profession of pharmacy. A reminder to all pharmacists of our obligation to the health of the public.

THIS HEALTH TEAM PROTECTS YOU.

- 1. Research chemists and scientists investigate, discover and perfect new drugs and treatments. 2. Research physicians clinically test them for benefits and safety. 3. Pharmaceutical manufacturers finance these investigations and make drugs available for medical use. 4. Physicians and Dentists study case reports and prescribe medication and treatment. 5. Nurses assist physicians. 6. Pharmacists compound and dispense the exact medication prescribed by physicians and Dentists.

DEPEND ON OUR KNOWLEDGE.

We keep informed about new drugs progress. That is why we can fill any prescription, even those prescribed by physicians in distant cities.

Mrs. Elsie Becker, Rt. 2, Slaton, was admitted to The Texas Rehabilitation Center, Gonzales Warm Springs Foundation, on September 26. At the Center, she will have a program of rehabilitation treatments prescribed for her by the medical director, a special-

Southland Is Defeated By Wellman, 42-20

Wellman's Wildcats, "paced by back J. L. Pinson who scored three times, defeated Southland, 42-20, Friday night in the opening District 1B eight man football game for the two teams.

Fred Sedgwick added two touch-downs for the Wildcats, and Ronnie Sullivan scored once.

Ronnie Sales scored twice for the losers. Wellman's Sullivan passed for three extra point tallies. The Wildcat win gave Wellman a 4-1 seasonal record. Southland has one win compared to four losses.

ist in physical medicine and rehabilitation. The medical program at TRC is made up of physical therapy, occupational therapy, clinical psychology, speech therapy, 24-hour rehabilitation nursing, and recreational therapy. These are prescribed as needed for the individual patient.

In rehabilitation at the Center, the entire person is considered. Church services are offered, there is a school for children, and entertainment programs are held regularly. The goal is maximum rehabilitation... physically, socially, and emotionally... so the person can live and work to the best of his abilities.

TRC is a non-profit, non-sectarian hospital which assures needed care to Texans of all ages who have been disabled by many kinds of accidents and diseases. About 55 per cent of the operating budget must come from contributions of Texas citizens.

EXCUSE, PLEASE !!

Several names were omitted in a story in last week's Slatonite concerning a bridal shower for Eunice Buxkemper.

Included among the hostesses were Mesdames Leon Buxkemper, Emil Wimmer, Leon Schilling, Donnie Schilling and Oscar Schwertner.

In the cow country where ladies were scarce, the cowboys flocked to dances. Because there usually weren't enough ladies to go around, some of the men were picked to play the part of a female and dance lady fashion. The man so designated wore a handkerchief tied to his arms. This was called a "hiefer brand". His reward was being allowed to sit with the ladies between dances.

National Merit Scholarship Tests To Be Given Here, Principal Says

All 1962 graduates of Slaton High School who wish to enter the 1961-62 National Merit Scholarship competition should register now at the Counselors office, Truett Babb, principal, announced this week. The National Merit Scholarship Qualifying Test will be given at 9 A.M. Tuesday, March 7, 1961.

To be eligible for the test, Slaton High students must be second-semester juniors at the time of the examination. Students must pay a \$1 fee on the day of the test.

The tests are given each year by the National Merit Scholarship Corporation as part of the nation's largest independent

scholarship program. Awards are granted on the basis of intellectual merit, but student financial needs determine the size of individual stipends, which are renewable each year without further testing.

The NMS exam, administered by Science Research Associates of Chicago, also is valuable to students for selecting their careers or planning their courses in high school and college.

After the test, each participating student will receive an interpretive folder that reports individual test results for comparison with scores of high school students across the country. Thus, students may learn

their educational strengths and weaknesses — whether or not they plan to attend college.

In addition to the NMSC grants established in 1955 by the Ford Foundation and the Carnegie Corporation of New York, about 115 industrial corporations, foundations, and individuals give scholarships through NMSC. A considerable number of other scholarship agencies utilize the services of the NMSC in awarding their scholarships.

Ninth and tenth grade students at Slaton will get an objective insight into their scholastic development by participating in the National Educational De-

velopment Tests, Babb said. The tests will be given at 9 A.M. Tuesday, March 7, 1961 at the same time the National Merit Scholarship Qualifying Test will be written by juniors.

Last year over 300,000 students in 4,461 schools throughout the nation took the tests.

Prepared and administered by Science Research Associates in Chicago, the annual three-hour NEDT examination provides scores in English, social studies, mathematics, natural sciences, and word usage. The NET fee is \$1 for each student, payable at testing time.

Each participating student may plot his scores on a Student Profile Leaflet, to learn how he compares with other students at his grade level in the country.

This evaluation of educational strengths and weaknesses helps students plan their high school and college courses and make career decisions. The tests also

STRENGTH FOR THE WEEK

Christian evangelist, challenged Grenfell to go to Labrador, and thousands to follow Christ. He is still challenging thousands to a life of Christian service. He "being dead yet speaketh" (Heb. 11:4) through the schools and books which he left.

One hundred yards separate the birthplace cottage and Round Top where he lies buried, and yet, in between, he rounded up goodness and truth, love and mercy, a bit of heaven, and brought them to our world. It is not the distance, but the depth of life that gives it meaning.

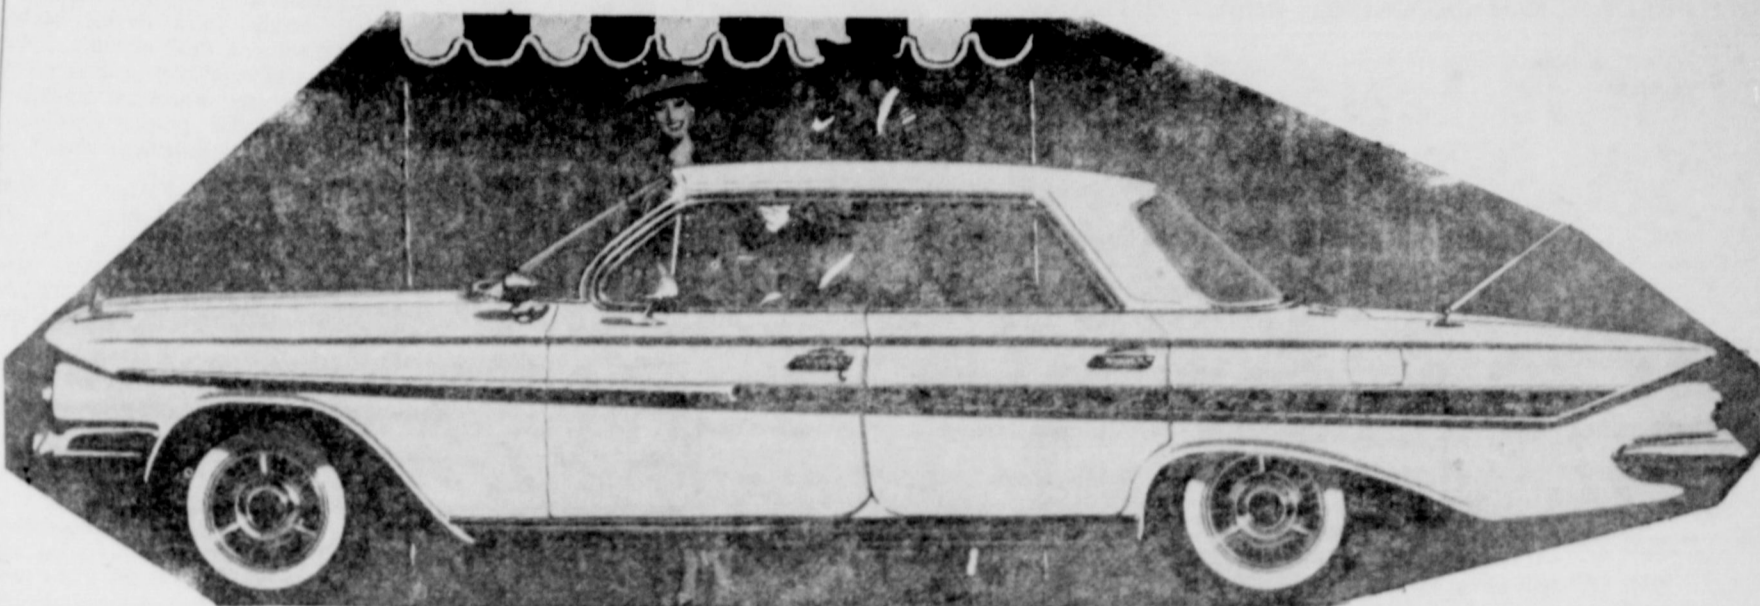

I would be humble,
For I know my weakness;
I would look up, and laugh,
and love, and lift. (Walter).

Our Father, we thank Thee for those who have poured out their lives that we may have a radiant and contagious faith. Teach all ministers unto Thy wisdom as we share this faith together and with others. Through Jesus Christ our Lord. Amen.

Rev. E. A. Wilbur,
First Christian Church

nineteenth century, is less than one hundred yards from his birthplace. "What commentary on the futility of life," I thought as I read of his birthplace and his grave at Northfield.

But a second and deeper thought came to me, "Between the beginning and the end, Mr. Moody rounded up a bit of heaven and brought it to men." The shoe salesman, turned

Chevrolet's new 1961 model automobiles, as well as the new Corvairs, go on display Friday at "Doc" Crow Chevrolet in Slaton. See Don Crow for full information on what Chevy has to offer for 1961.

CONGRATULATIONS To WESTERN AUTO On Your Open House HENZLER IMPLEMENT

Local Postmaster Gives Info On Overseas Mailing

In order to reasonably assure delivery by Christmas, the period November 1 to November 20 has been designated for the mailing of Christmas parcels and greeting cards to be sent by regular mail, to members of our Armed Forces and their families overseas. For Airmail, the period is December 1 to December 10.

All articles should be packed in boxes of wood, metal, solid fiberboard or strong double-faced corrugated fiberboard.

All fiberboard boxes should be securely wrapped in heavy paper and securely tied with strong cord. The boxes should be completely packed and tightly filled to prevent any rattling or loosening of articles within the package.

A slip of paper showing list of contents and addressee should be enclosed in the parcel.

Addresses must be legible and complete.

Old-timers of the Southwest called a paint or pinto horse an "Indian pony," since he was the favorite of the Indian because of the savage's love of color.

On the western frontier, the woman of the saloons and honky-tonks was called a "calico queen".

Elbert Wilson Feted With Dinner On Retirement From Power Co.

A retirement dinner was held Monday night, September 26, at Bruce's Cafe for Elbert Wilson, serviceman for Southwestern Public Service Company.

Wilson retired from active service on September 30th after devoting 40 years to his tasks. Attending the meeting were officials from the Amarillo and Lubbock offices of the company, together with co-workers from Slaton.

Albert Grigsby, local Santa Fe agent, attended as the official representative of Mayor Clark Self and read a letter of congratulations from the Mayor.

of ceremonies for the occasion. After a steak dinner, Kunkel introduced Grigsby, and then recognized Lewis Hollingsworth, utilization manager from Amarillo and a former manager of the Slaton office, who made several remarks concerning his work with Wilson some years previous. W. L. "Pete" Pearson, vice-president from Amarillo also former manager at Slaton, made a presentation of an electric razor and cigars to Wilson on behalf of the group. Arlie Hudson, Southern division manager of Lubbock, was next called on for a few remarks concerning his association with Wilson. Jim Elliott of Slaton, former manager and founder

of the predecessor company, gave some interesting bylines of time spent in the early days of the company.

Wilson was then called on and gave a few words concerning his 40 years with the company. He reminisced through both the bad days and the good days, through the war years and the peaceful years.

Those attending in addition to the above-mentioned were Coy Evans, division personnel and safety manager; Bill Horn, area engineer; Ted Dotts, division line superintendent; Glen Martin, division meter superintendent; Nolen Swan, administrative assistant from Lubbock. Also present were L. A. Reasoner, Marvin Rushing, Gerald Draper and Grady Harris of Slaton.

Melvin Kunkel, Slaton manager of SWPSC, was the master

Elbert Wilson Honored

Dinner Honors Elbert Wilson

Mr. Elbert Wilson was guest of Honor at a back yard dinner at the L. A. Reasoner home on September 29, 1960.

Mr. Wilson is retiring after 40 years of service with Southwestern Public Service Company. His retirement became effective October 1, 1960.

Present at the dinner were Mr. and Mrs. Elbert Wilson, Mr. and Mrs. Melvin Kunkel, Mr. and Mrs. Eugene Bednarz, Mr. and Mrs. Deen Jackson, Mr. and Mrs. Maryin Rushing, Mr. and Mrs. Gerald Draper, Mr. Grady Harris, Mr. and Mrs. Bob Brown of Lubbock, and the host and hostess, Mr. and Mrs. Leeman Reasoner. A yard light was presented to Mr. and Mrs. Wilson.

SHOW ON WORTH! CHEVROLET

NEW '61 CHEVY CORVAIR

More space . . . more spunk and wagons, too!

The newest car in America: the CORVAIR 700 LAKEWOOD 4-DOOR STATION WAGON.

Here's the new Chevy Corvair for '61 with a complete line of complete thrifty cars.

To start with, every Corvair has a budget-pleasing price tag. And Corvair goes on from there to save you even more. With extra miles per gallon . . . quicker-than-ever cold-start warmup so you start saving sooner . . . a new extra-cost optional heater that warms everyone evenly. Riding along with this extra economy: more room inside for you, more room up front for your luggage (sedans and coupes have almost 12% more usable trunk space).

And our new wagons? You'll love them—think they're the greatest thing for families since houses. The Lakewood Station Wagon does a man-sized job with cargo, up to 68 cubic feet of it. The Greenbrier Sports Wagon you're going to have to see—it gives you up to 175.5 cubic feet of space for you and your things.

Corvair's whole thrifty lineup gets its pep from a spunkier 145-cu.-in. air-cooled rear engine. Same rear-engine traction, same smooth 4-wheel independent-suspension ride. See the polished and refined 1961 Corvair first chance you get at your Chevrolet dealer's.

CORVAIR 700 CLUB COUPE. Like all coupes and sedans, it has a longer range fuel tank.

CORVAIR 700 4-DOOR SEDAN. Provisions for heating ducts are built right into its body by Fisher.

Spare tire is in the rear in coupes and sedans—leaving more luggage space up front.

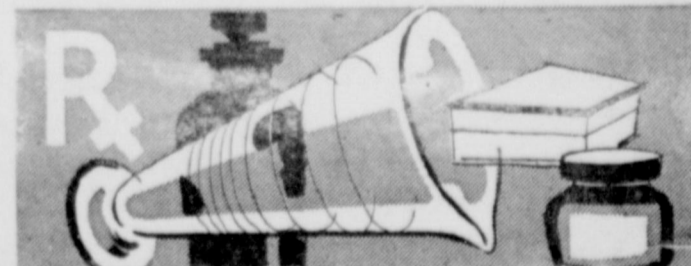

Even middle-seat passengers sit pretty, thanks to Corvair's practically flat floor.

Now in production—the GREENBRIER SPORTS WAGON with up to twice as much room as ordinary wagons (third seat optional at extra cost).

See Chevrolet cars, Chevy Corvairs and the new Corvette at your local authorized Chevrolet dealer.

YOUR HEALTH

Want To Learn More In School This Year?

LUBBOCK. — So you really want to learn more in school this year? Well, you're not alone. There

are indications that American students are viewing their studies with more seriousness this fall — a growing awareness that education is inevitably tied to success in a technical age, a reaction to the seriousness of Communist youth and Communist advances.

Because of this, two Texas Tech staff members, Dr. Berlie Fallon and Harold Wilkinson,

have come up with some tips on how to study.

A most important step is to develop a definite study plan and stick with it, they report.

Seek a good attitude toward your studies. Try to see reasons for taking every course. Create an interest in every subject. If you see no other reason for the course, set its mastery as a personal challenge. You probably will become interested.

Fallon emphasizes that good habits are necessary for proper study. Develop a study schedule and follow it religiously. When it is time to study a particular assignment, get to work on it immediately. The longer you put it off, the harder it will

be get on the job.

In making a study schedule, all subjects should not be given the same length of time. If you are studying material that requires the understanding of relationships, study for a relatively long period of time, about a half hour to an hour.

If you are studying new material, set aside part of every day to study, but make the study periods shorter, about an hour. In memorizing, study for a period of 15 to 30 minutes, then do something else. Come back to the memorizing if you haven't learned it the first time.

The two Tech researchers have some firm conclusions about the proper conditions for good study, too.

No one can do two things at one time, they point out. If you try to watch TV and study simultaneously, you will not master the subject and will spend more time on it than is necessary.

Most people cannot study well with any kind of outside interference, they conclude from their research, although some people can study with soft music without vocalization is playing in the background.

Distractions also are caused by photos, souvenirs, magazines and letters, Wilkinson says. Remove things of this sort from your desk or table before you begin to study. Have all the materials available that will be needed to do the job on which you are working.

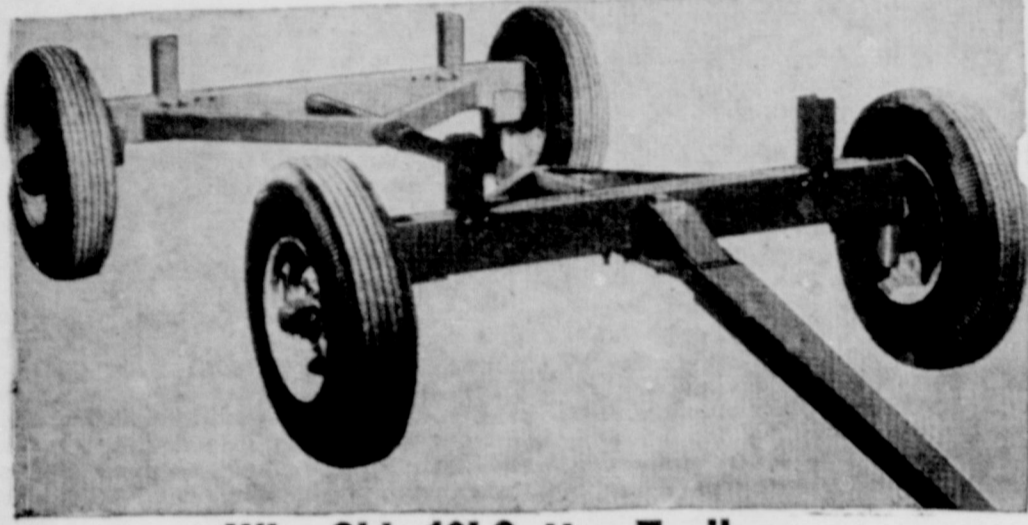

Your own mind can cause distractions by wandering. Do not let this happen. Some of the most common things that cause the student's mind to wander are thoughts of recent dates, athletic achievements, future success or failure and future events.

On the positive side Dr. Fallon and Wilkinson make the following suggestions: Study where it is quiet, well lighted and the temperature is comfort-

Mustangs Give 'Em Tuff Time But Fall, 40-25

The Whiteface Antelopes bounced back twice, then finally pulled away from a stubborn Wilson team to grab a 40-25 victory in a non-conference game at Whiteface Friday night.

The game got off to a dazzling start, with Wilson's Leroy Schneider breaking loose on a 75-yard touchdown run on the first play from scrimmage, and Whiteface's Odus Summers picking up a Wilson quick kick on his own 10-yard line and going all the way minutes later in the same quarter.

Quarterback Surpy Benevidiz kicked the Wilson extra point, and Eldon May ran across the Antelopes' extra points to give Whiteface an 8-7 lead at the end of the first period.

Wilson took the lead again early in the second quarter when Benevidiz threw a 30-yard pass to Larry Petty. The try for extra points failed.

Whiteface scored midway in the second, with Howie Smart going over from the five-yard marker. Tommy Cone ran across for the extra points to move the host team into a 16-13 lead. And Wilson never regained the lead.

Shortly before the half, Summers smashed over from the

three, and May added two points to boost the Antelope lead to 24-13.

Smart tallied again for Whiteface early in the third quarter on a four-yard run, and Summers added two extra points around end.

Schneider got loose on his second long run of the evening by returning the ensuing kickoff 80 yards to narrow the gap to 32-19.

May ran 15 yards for the Antelopes' final touchdown and Summers capped it with two extra points on a run.

Benevidiz passed to Charles Walton for Wilson's last score to end the game at 40-25.

Temperatures Average 66

Temperatures averaged 66 degrees in Slaton last week with maximum high recorded at Pioneer Natural Gas 92 last Thursday. Low was 46 on Monday, Sept. 26.

High recordings for the week were 75 Sunday, 72 Monday, 78 Tuesday, 83 Wednesday, 84 Thursday, 77 Friday and 82 Saturday. Lows were 49 Sunday, 46 Monday, 56 Tuesday, 50 Wednesday, 54 Thursday, 56 Friday, and 54 Saturday.

High Plains.

Accepting an invitation extended by the Plains Cotton Growers, the Lubbock Chamber of Commerce and others of the cotton industry here on the Plains, the National Cotton Council will hold one of its Board meetings outside of Memphis.

Leaders of the various segments of the cotton industry on the Plains will join with the NCC Board at its meeting beginning at 10 A.M. September 19 at the Caprock Hotel.

Scheduled for the Board meeting are reports of the NCC's chief economist and of its 4 program divisions — production and marketing, utilization research, sales promotion, and foreign trade. Also a report on Washington activities is scheduled.

A tour is scheduled for the visiting cotton men Sunday, September 18 beginning at 4 P.M. at which time they will visit

processing and research facilities in the area and cottonseed oil mill operations and the pilot spinning plant at Texas Tech.

J. Craig Smith, President of Avondale Mills, Sylacauga, Alabama, president of the NCC this year and will preside at the executive session of the Board meeting. Smith was in Lubbock September 2, at which time he spoke to the Annual Meeting of the Plains Cotton Growers, Inc.

Dee Allan Tucker In Marching Band At North Texas

DENTON. — Dee Allan Tucker of Slaton is one of 115 members of the Marching Band at North Texas State College this year.

The son of Mr. and Mrs. Delmer D. Tucker, 130 E. Dawson, he is a sophomore music major. Tucker is also a member of Phi Mu Alpha Sinfonia of America, national music fraternity for men.

Directed by Maurice McDow, the NTSC group will appear at six home football games here this season. The band has also been invited to present the halftime show at the Dallas Texans' professional football game in the Cotton Bowl Oct. 9. The performance will be carried nationally by the ABC television network.

Later this fall the marching group will be formed into the famed NTSC Concert Band, which has given performances throughout the nation in recent years.

All new... and here today!

MERCURY METEOR
600 and 800 series

Priced right in the heart of the low-price field

HIGHLIGHTS

- Modern new size... trimmer, better proportioned, for easier handling and parking.
- 7 self-servicing features including chassis that is pre-lubricated for first 30,000 miles.
- Even roomier than last year. More rear-seat shoulder room, hip room, and head room. More entrance room. Bigger trunk.
- New Super-Economy engines. Up to 15% more gas mileage. Mercury's first "6" plus new V-8's that use regular gas. Up to 10% better pickup than last year's brilliant Mercury.

1961 MERCURY METEOR 600

1961 MERCURY METEOR 800

First low-price car with a fine-car ride. Exclusive Cushion-Link suspension!

1961 MERCURY PRICE COMPARISON CHART

PRICES START HUNDREDS LESS THAN LAST YEAR
Optional equipment and transportation cost far less, too!

1. MERCURY METEOR 600	Priced right in the middle of the low-price field with such cars as Chevrolet Bel Air and Plymouth Belvedere.
2. MERCURY METEOR 800	Priced with the top series in the low-price field with such cars as Chevrolet Impala and Plymouth Fury.
3. MERCURY MONTEREY	Finest, most luxurious of all 1961 Mercurys.

HERE IS A NEW AND BETTER LOW-PRICE CAR — WITH A 12-MONTH OR 12,000-MILE WARRANTY

You're looking at the newest car in the low-price field... the Mercury Meteor. But the resemblance to other low-price cars ends with the price.

COSTS LESS TO DRIVE! You save on upkeep. Your Mercury dealer is extending his warranty on all 1961 Mercurys to one full year or 12,000 miles, whichever comes first. See him for full information. He will be glad to show you a copy of his new warranty.

You save on gas. Mercury's new, wider choice of engines and transmissions lets you tailor your new Meteor to your kind of driving. Choose super economy, super power, or any combination in between. And just think of these 7 other savings:

- A new pre-lubricated chassis lets you drive 30,000 miles before it needs another lubrication.
- A new-type oil filter lets you drive 4,000 miles between oil changes. Mufflers are aluminumized for more than double the life. Brakes are self-adjusting.

New zinc-coated body panels protect your car from rust two or three times as long. Spark plugs are self-cleaning, save gas. A special Super-Enamel finish never needs waxing.

LOOKS BETTER... AND IS! The styling and size are completely new. Trimmer, easier to garage, far more agile. You get a de luxe interior in every model at no extra cost.

FEELS LIKE MORE! Here's the first low-price car to provide a true "fine-car feel." Not just shock absorbers and springs for your riding comfort, but a unique new system of rubber cushioning called Cushion-Link suspension. It is exclusive on all Meteor 800's, Montereys, and Mercury station wagons. No more bumps from tar strips and other road-surface irregularities.

Don't miss the first showing! See your Mercury dealer now. Here, without question, is the newest and smartest buy in the low-price field.

LINCOLN-MERCURY DIVISION, Ford Motor Company.

Entering the low-price field this fall is the all-new, smaller Oldsmobile, the F-85. This smartly styled new six-passenger car is built on a wheelbase of 112 inches, with over-all length of 188.2 inches. The F-85 is offered as a four-door sedan or four-door station wagon, with deluxe versions of each (shown above). Sedans have a generous 12.1 cubic feet of usable luggage space, while cargo space in the station wagons is 73.5 cubic feet. The high performing, economical F-85 is powered by Oldsmobile's all-new aluminum Rockette V-8, a water-cooled engine mounted up front. Rated at 155 h.p., the 350-pound Rockette V-8 engine has one of the highest power-to-weight ratios in the industry and is engineered to perform efficiently on regular-grade gasoline. Luggage rack shown above on the deluxe station wagon is optional at extra cost.

On Display Thursday At Davis Motor Co.
