unbearable for anyone." Irons stressed the fact that the price ceiling order is a temporary measure, and said it would be in existence only for the duration. But more emphatically did he assert that there would be no relaxation in the price ceilings, and that the OPA would take every possible means to see that there is no break through in the overall maximum schedules.

Daley, following up on Irons' explanation, emphasized that there can be no sales or services offered over the price ceiling under any circumstances, without violation of the federal law, and that the regulation even supersedes any existing price contracts. Allowances, discounts and the like which prevailed in March business also must be continued on that basis, he said.

## Men On Troop Trains Do Anything To Kill Time

(Last of a Series)  
By MARY WHEALEY

When you see a troop train go by, have you ever wondered what all those soldiers, crowded in the cars, did and thought and said? Just what they do to pass the time away on those long rides to unknown destinations.

They have a good time, at least on the surface. They kid and joke with the negro porters about everything they hear and see and after that they play penny-ante poker as long as they have a penny. There's always a game going somewhere.

Others attending included Mrs. D. A. Koons and Mrs. Ray Patton.

## Men On Troop Trains Do Anything To Kill Time

But they all admit with a cheerful grin that they never come out winner. Nobody does. Sooner or later, they are all even-steps again.

They take naps sprawled on the seats of the cars, in just their long grey underwear, to save those creases in their uniforms. They sleep despite a hub-bub of activity or a dull session across the aisle.

They read magazines and write letters that they beg-somebody to mail for them at the next stop.

They wave at girls along the siding and sometimes, if the train stops long enough, even get to chat with the girls while they are waiting.

They discuss everything under the sun, but the war. They long for ice cream or cold drinks on the hot days and always want to know the name of the town they are stopping in, even if it is just a minute.

They stare out the window at the few at the station and when the train pulls out they'll wave, everyone who can reach a window, until you are out of sight.

## Ackerly Class To Present Two Plays

ACKERLY, May 13—The speech class of the Ackerly high school is to present two one-act plays Thursday at 9 p. m. in the school auditorium here.

The first is Charles R. Kennedy's "The Terrible Meek," a three part conversation in the darkness following the crucifixion of Christ. One is the peasant woman, the mother of Jesus, another the Roman legionnaire who plunged the sword into His side, and the third the Roman captain who gave the orders. The dialect is unusual but modernly turned, and all three parts will be carried by Opal Frances Vernon, head of the speech and English department. She has given this many times before in several states.

In the second play, Nell Ponder, Geraldine Taylor, Nadine Walker, and Euna Lena Pierec will be cast in "A Party for Patty," a refreshing little comedy which has to deal with how a wealthy woman almost breaks a girl's heart and then mends her way to turn despair into happiness.

Between-act numbers will be given by girls of the music club, and Jan Carol Jackson.

## Downtown Stroller

Already the town is beginning to be full of strangers, men and their families here for construction of the flying school. For every familiar face, there is someone new to town to see. Hope that West Texas hospitality will make them feel at home.

Mr. and Mrs. ESCOL COMPTON have as their guests, his sister, Mrs. I. C. SNEED, and son, ALAN, of Longview, Tex., who will be here until Monday.

After all these months of talking via the phone we finally met up with Mrs. C. M. SEAW at the First Christian church and got introduced. She was helping out at the district luncheon meeting.

J. T. ALLEN and the Rev. H. W. HAYSILIP were the only male members at the district meeting at the church but both seemed to bear up well in spite of being out-numbered.

Mrs. C. A. MURDOCK and Mrs. HARRY LEES had a real system worked out on that pouring ice tea for those at the luncheon. Mrs. MURDOCK took the lead dishing out the ice and followed by Mrs. LEES pouring out tea. And it was a thirty group too, so it seemed, but they certainly handled the situation.

Seems Mrs. M. E. HARLAN sprained her ankle the other day and other members of the Baptist Women's Missionary Society got her a card which all intended to sign at the meeting and meet her. But when they got there, they found Mrs. HARLAN had hobbled up, so they just gave her the card anyway.

## Girl Scouts Elect New Secretary At Troop Meeting

Electing Dorothy Moore as secretary, the East 4th St. girl scout troop met at the church scout hut Tuesday for a business meeting.

Plans were made to meet next Tuesday at the church at 5:50 o'clock and go to the park for a picnic.

The scout pledge and salute was given and the troop was formed into four patrols. Singing was led by Wanda Don Reece.

Others present were Charolotte Holden, Hazel Carmack, Dorothy Moore, Leta Thompson, Lola May Nell, Alphene Page, Betty Ray Nell, Duane and La Vern Porch, Ethelene Rainey, Alphene Covington, Mildred Sullivan, Woodine Hill, Clarabel Woods.

Jeanne Friddy, Dixie Lee Dunham, Margie Sandridge, Betty Jo Rice, Martha Beck, Lou Wanda Harrell, Dauphine Reece, Martha Ann Childrens, and Mrs. J. A. Coffee, leader.

### Monty Stratton Is Blasted By Borger Hitters

LUBBOCK, May 12 (AP)—Monty Stratton, former Chicago White Sox pitching star who lost a leg in a 1938 hunting accident, was just another West Texas-New Mexico league pitcher to the Borger, Tex. team last night.

Stratton, manager of the Lubbock team, went in as a relief hurler in the seventh inning of a wild game.

The Borger batters got to him for eleven hits and as many runs and went on to a 26 to 10 victory. Stratton gained some consolation, however, by singling in his only turn at the plate.

### Hospital Team Defeats Vaughn

Big Spring State hospital took an inside track position in the softball race Tuesday evening, trimming Vaughn's by a 17-7 score.

Led by Floyd and Brown, who gathered four and three hits respectively, the hospital sides ran up such a terrific score that the game had to be called in the fifth. In the opening inning, the institution men more than batted around to chase across nine runs and settle the issue completely.

Both sides were far from alert on fielding.

In games tonight, the State hospital meets the ABC club in an important game and the Lions tangle with Vaughn's in a tilt moved up from Thursday evening.

### Church League Starts Play On June 1

Details for a church softball league, organized for youngsters of intermediate ages, were approved Tuesday evening and arrangements completed for starting play June 1.

Prospects were good for a six-team league.

Herbie Johnson was on hand for the First Methodist, Billy Suggs for the First Presbyterian, the Rev. John English for the Wesley Memorial Methodist, Irby Cox for the First Baptist, and the Rev. Holt for the North Nolan Baptist mission. East Fourth Baptist also is to be included in the league.

Plans call for a double round robin schedule, with split season and playoff for the championship. This probably will throw the season into the middle of August.

Play will be on Monday, Tuesday and Friday afternoons on the high school field and will start at 6 p. m. Entry fee will be \$1 and Irby Cox has been named treasurer.

### S'west Race Ending Today

FORT WORTH, May 13 (AP)—Baylor and Texas Christian teams square off today for the last game of the Southwest conference baseball season.

The University of Texas has decided not to make up games with TCU and Rice because the Longhorns would not be enabled to win or tie for the championship.

The Bears won a double header from the Frogs yesterday, 13-5 and 2-0, sending TCU into the conference cellar for keeps.

In the first game the Bears kept banging away at Lefty Lonnie Dowell and were aided by eight Flyg errors.

The second tilt was a hurling duel between Howard Water of Baylor and Trotter Adams of TCU; the struggle was about even, the Bruins winning because of an error that permitted them to score two runs in the sixth.

### Eyesight Golfers' Biggest Trouble

NEW YORK, May 13 (AP)—Walter Hagen, veteran golfer, says it may be aging legs that end big time careers in tennis, boxing and basketball but that it is weakening eyesight that betrays a golfer first.

He's donned glasses for his return to competition for the 1942 PGA tourney late this month.

### Yanks To Have A Fling At Rugby

SYDNEY, Australia, May 13 (AP)—American soldiers say they'll take on the Australians at rugby, part of game of American football, and beat them at it.

As a result, U. S. army authorities have designated an officer to confer with the New South Wales rugby union which has undertaken to help equip the soldiers and instruct them in rugby.

International matches are planned.

Associated Press Sports Writer  
Gene (Junior) Thompson is a young fellow who always seems to have been bordering on greatness as a pitcher.

Every year since he joined the Cincinnati Reds in 1938 he has been considered a potential 20-game winner although his actual victories for three seasons have been 13, 16 and 3.

But the big, rangy righthander never was as close to crossing the border as he was in Brooklyn yesterday when he came within one blow of a no-hit game.

The only hit off Thompson was a pinch double in the sixth by his former teammate, Lew Riggs, one of the best pinch hitters in the game today, and it set up a run that cheated Thompson of even a shutout. The Reds won 5-1.

This was Thompson's second victory without defeat this spring and it heralded the news that Manager Bill McKechnie now has his pitching staff ready to terrorize the rest of the National League.

Cincinnati's triumph bunched all four clubs in the first division within four games, but Brooklyn's 2-1-3 game margin over the second place Pittsburgh Pirates was not harmed because the New York Giants bowled over the Buccaneers 7-3.

The Giants sprung a triple play, the first of the year in the majors, and rallied twice for four and three runs to help Lefty Cliff Melton achieve his fourth triumph.

The triple-killing came in the seventh inning when the Giants were leading by only one run. With Pittsburgh runners on first and second, Rookies Connie Ryan caught a liner by Frank Gustine and tossed it to Bill Jurge, who stepped on second and then tagged Pete Concarat charging down from first.

The Chicago Cubs managed to stop the rush of the Boston Braves, but only by a narrow 9-8 margin. The Braves tallied five times in an effort to catch up in the eighth, but two of the runs coming on a pinch homer by Jim Tobin.

The Philadelphia Phils cooled off the St. Louis Cardinals 5-2 behind the six-hit hurling of Frank Horst. The Phils were held to six safeties but linked together four successive singles in the third to rout Max Lanier.

All the games in the American League were postponed except the Philadelphia Athletics' struggle at St. Louis and Rookies Jack Wallens won this for the A's 5-4 with a three run homer in the eighth inning. Credit for the victory went to Phil Marchiondi, but he was rescued by Fred Caliguri when the Browns loaded the bases with one out in the eighth. Caliguri promptly fanned Vernon Stephens and Tony Criscola.

Chicago Quint Takes Prize In Bowling

COLUMBUS, Ohio, May 13 (AP)—The Budweiser quintet of Chicago, with a 3131 score, captured the juiciest plum—\$1,500 in cash—in the 42nd American Bowling Congress tournament.

The five-man event closed last night in the 72-day classic, the richest in ABC annals. Some 28,000 leggers competed for \$255,930 in prize money.

Today's doubles and singles will out the ten pin merry go round. Leaders are expected to remain unchanged.

Presently John Stanley of Cleveland paces the singles with 756, Edward Nowicki and George Bajer of Milwaukee tie doubles with 1377 and Tod Moskal of Saginaw, Mich., the all-ovens with 1973. In these brackets first place awards are, respectively, \$500, \$600 and \$800. Champions and title-winning team bowlers also receive gold medals.

Jerry Sadler Waits For Uncle Sam's Call

AUSTIN, May 13 (AP)—Railroad Commission's Jerry Sadler was back at his desk today—awaiting an army decision on whether he will be taken into the service.

Sadler quietly slipped away from Austin yesterday and turned up a few hours later at Fort Sam Houston where he took a physical examination.

"I am making application to become a private in Uncle Sam's army," he explained.

Sadler was mum on his future plans pending the outcome of his enlistment application.

### Beaumont's Overmire Wins 7th

By the Associated Press  
The leaders and the tail-enders in the Texas league won games last night.

Beaumont's Exporters, at the top, breezed along behind Frank Overmire, who racked up his seventh victory of the season. Earl Caldwell and the Fort Worth Cats were the victims, 3 to 2.

Behind in the sixth inning, the Exporters moved up on an infield error. J. P. Wood's three-bagger and Hoot Evers' single—these contributions provided the two runs that won the contest.

The Dallas Rebels remained far in the rear despite their last night's triumph over the Shreveport Sports, 4 to 0.

It was the second win of the season for Gordon Maltzberger and the second straight for the Rebels over the Sports in a three game series.

Maltzberger let the Sports have only four blows while Dallas got nine hits, five of them for extra bases, off Jack Brillheart and Floyd Speer.

One of the Dallas wallops was a homer by Arnie Traxler.

The San Antonio Missions rolled over Oklahoma City, 7 to 2. Indian pitcher George Bausewein's wildness was a factor in the Tribe's defeat; he walked six during the first five innings, passes forcing in two runs.

The Tulsa Oilers downed the Houston Buffs, 7 to 5, largely by virtue of Joe Berry's batting and pitching.

Berry worked 3-2-3 innings and maintained his perfect record of not having been scored on in 22 1-3 innings of relief duty.

More than that, he doubled home the tying run in the sixth and scored the winning run in the same stanza.

### New Records Are Set In Track Meet

DENTON, May 13 (AP)—The Lone Star conference track and field championship today is in the hands of East Texas State's team which yesterday rolled up 56 points, 10 more than second-place North Texas State.

Three new records were set: Albert Mikeška of North Texas State broke his own mark in the javelin throw with a toss of 204 feet 2 inches. Billy Myers of Stephen F. Austin ran the 440 in 48.4 and Al Bookman of North Texas hurled the discus 142 feet 7 inches for new records.

### SPORTS ROUNDUP

Wide World Sports Columnist  
NEW YORK, May 13—A gent from Arcadia, Fla., who modestly admits he's the "smartest man on earth," recently wrote Frank Y. Grayson of the Cincinnati Times-Star offering to sell for a mere \$100 psychological instructions that would insure the pennant for the Reds. He even offered to refund the dough if Cincinnati isn't two games ahead by Sept. 10.

...Only trouble is he's a year too late; last season plenty of scribes who picked the Reds would have been willing to contribute a few bucks....After all those months of searching, Yale didn't go far for its new football coach. Sioux City, home of Howie Odell, is only about a good punt from Cherokee, Iowa; Spike Nelson's home town....Dad Feldt, who has pitched some 1,600 Sunday sandlot ball games in Denver since 1925 figures he's good for another 10 or 20 years. He was 85 last month.

### Garloff Holds Spudders To 3 Hits, Wins 9 To 1

#### Former Local Players Share In 9-1 Win

Eddie Garloff, steady young Lamesa right hander, snapped the Wichita Falls Spudder winning streak (and it was quite a streak for the luckless Spudders) at two games here Tuesday evening, holding the Spudders to three scattered hits while his mates hammered out a 9-1 victory.

Only errors in the final frame robbed Garloff out of a well earned shut-out.

Eddie Stephens and J. L. Haney, who wore Big Spring colors last year, took their homecoming much too seriously to suit local fans. Big Eddie, obviously an improved player from last year both in fielding and in his running, laid on the ball with much of his old gusto, slamming out a single, a double and a triple.

Haney, always one to abuse that ball, laid in a single and a brace of doubles.

Larry Drake and Andy Mohrlock, also former Big Springers, went hitless, but Drake made a pretty throw in from right to nip Jordan coming home in the fourth. Garloff didn't depend upon his pitching arm alone, for he rapped out a couple of base knocks, one in the eighth accounting for two runs.

Jodie Tate, Lamesa's skipper, looked out of place coaching from the first base line, and Tink Riviere, president of the club and running mate of Jodie, was completely out of pocket in the right field bleachers.

Lamesa counted first in the third on Garloff's single, and a brace of doubles by Stephens and Haney. Three more came in the fifth on Spatafore's single, Stephens' triple and Haney's double, followed by two deep flies that advanced him home.

Two scratch singles accounted for three Lamesa runs in the eighth, along with a wild pitch and an error. Drake came home in the ninth while Martin and Peterson ran Bonnell down in a hot box between first and second.

The lone Spudder tally came when Heuvel walked, advanced on Koenig's error and then came home when Koenig mishandled Jordan's roller. Evans, on the mound for the Spudders, teased very good ball, being denied support at times. He struck out 10 men.

Lamesa Game To Aid Navy Relief

The navy relief fund will be the winner Friday evening when the Lamesa Dodgers tangle at Lamesa with the Lubbock Hubbers, Tink Riviere, president of the Lamesa club, said here Tuesday.

As a special attraction for the game, Monte Stratton, whose brilliant pitching career with the Chicago White Sox was nipped in the bud when a hunting accident cost him a leg, will pitch for Lubbock. Despite this handicap, Stratton still gets around well and lacks nothing of his old stuff when it comes to throwing the ball in there.

Ford Frick Wants A Place In Army

NEW YORK, May 13 (AP)—Ford Frick, president of the National League, has talked with army officials about the possibilities of joining Uncle Sam's team. Frick wants a job with action while the generals suggested that a man of 47 with executive ability would make a good desk soldier.

So Frick will continue as president of the National League.

CHICAGO, May 13 (AP)—Dizzy Dean is coming back to test his old right flipper in a baseball game May 24 at Wrigley Field.

Opposing him on the mound will be the negro hurling wonder, Leroy "Satchel" Paige.

Dean, now a baseball broadcaster in St. Louis, will lead a team of so-called all-stars against the Kansas City Monarchs, champions of the negro American league the last three years.

Golf Ball Can Be Found In The Dark

NEW YORK, May 13 (AP)—One Long Island inventor decided to do something about the threatened shortage of golf balls.

He and his friends claim to have perfected a light-absorbing paint that doesn't change the appearance or play of the pellet.

Fifteen minutes exposure to the sun or a half-hour stay on a well lighted bar will make any ball glow for 24 hours and a clinch to find in the dark. The inventor would train dogs to do the retrieving.

Woman's Place—On The Farm?

Whether it will be necessary to draft women for the war effort in the United States, as has been done successfully in England, has not yet been determined.

The Department of Agriculture has used excellent judgment in its preliminary organization of women's labor to help overcome the drastic shortage of farm help.

for city women. Urbanites can take over the housework and thus free the farm women who have had experience to help the men folk.

UNFAIR TO LOVE By Watkins E. Wright

Chapter Three DIFFICULT PROBLEM "Lizzie," said Kathleen, "where's Uncle Frank?"

Joe pushed aside his well-cleaned grapefruit rind. "Very well," he said, "that means I go on with my picketing-out front, in front of the theatre, wherever you happen to be."

Frank, "Especially girls like my charming niece, who have been local leading ladies."

Schools Serve As Centers Of Special War Activities

(Second of two articles) By JACK STINNETT WASHINGTON—Although each city or county school board will have to solve its own problem in meeting the all-out war time summer school program recommended by the U. S. Office of Education, it's a safe bet that never before will the nation's schools have been such a center of community war activity during vacation as this year.

the school systems are on a dead center financially or can't get Federal aid for a summer program of wartime education, the schools can, according to U. S. Education Commissioner John W. Studebaker's wartime commission, do more than a bit in an extra-curricular way.

State Wins In Neches Water Pollution Case

AUSTIN, May 13 (AP)—By action of the supreme court, the state today won its suit for an injunction restraining oil operators in the Neches river watershed from polluting waters of the stream.

The suit was filed by Attorney General Mann against 150 defendants. Five, including Goldsmith and Powell, appealed.

The Dallas court, finding the stream polluted by chloride, entering a judgment perpetually enjoining each defendant from allowing salt water and other deleterious substances to flow from tanks, pits and other reservoirs into the river or its tributaries.

Hollywood Sights and Sounds - - Lines For Democracy Flung Around

By ROBBIN COONS HOLLYWOOD — The movies daily spread the message of democracy. They toss off a line here, a speech there—serious or funny—and the theme is constant. A democracy is a good place to live; the other thing, Hitler, Hirohito, et al, is wide open to ridicule.

country. It protects your rights and your life. Why have you come here to destroy it? ... The law has to be engraved on our hearts—and practiced every minute—in the letter and spirit. It can't even exist unless we're willing to go down into the dust and blood and noise of battle every day of our lives to preserve it — for our neighbor as well as ourselves...

troop transport and the sabotage of the Suez canal. I'd lay down my life to succeed, because I believe that our way is right, that our race and our nation must control the world!"

In "Cairo" Jeanette MacDonald plays a movie star in flight from the Nazis in Europe. She has a scene with Ethel Waters.

If the movies sink a Jap aircraft carrier with ease in "Submarine Raider," they don't underestimate the type of mental fixation we're up against. There's this woman Nazi spy in "Cairo" who says: "I've been ordered here by the German government to assist in the destruction of an American

Hitler takes a royal ribbing in "The Wife Takes a Flyer." In one scene Allyn Joslyn, a German officer, tries to impress Joan Bennett as they dine in a private room. From a basket he takes foods stolen from invaded countries. "Ah, yah, the Fuehrer is a good provider," he boasts. "These from Denmark, fish from Norway, wine from France..."

Ethel: "I'll settle for Harlem, East Street, Central Avenue, and all points in between."

After this meeting Kirby B. returned to the West, leaving Sherman B. an invitation to come out to Washington and catch some salmon. Sherman B. thought that was a fetching idea except that out in the kitchen of his Stork Club he already had a refrigerator compartment full of salmon.

Man About Manhattan - - Yes, Broadway Is Crossroads Of World

"Talk of the Town," is a comedy, but Ronald Colman, stopping a courtroom riot, sounds a serious note: "... What are you doing here? Why have you come into a court of law with weapons and ropes? This is your law — the finest possession you have. It makes you free men—in a free

NEW YORK—It's a moth-eaten expression to say that Broadway is the crossroads of the world, but there happens often meetings in the White Light Lane for which there isn't a more descriptive phrase. For instance, two men met here the other day, for no other reason than that they had the same name and as a result they pooled their information to get at least a compact history of the Billings family.

history, and had, coincidentally, done much research. Sherman B., for instance, had dug up the fact that the "family name is really two words—being a contraction of two old English names — "Billings" and "Slee."

German Restaurants In Paris Bombed

BERN, Switzerland, May 12 (AP) Two more restaurants used by the Germans in Paris have been bombed, officials here said today.

One man is Kirby Billingsley, an editor of "The Wenatchee (Wash.) World" and the other man is the celebrated Sherman Billingsley, boniface of the noted Stork Club, glamorous rendezvous of stage, screen and society celebrities in the bright light sector.

Kirby B. came to New York to attend a convention of editors and, as he had read so much about Sherman B. in Broadway columns, he decided to call upon him in his resplendent club and see if they were relatives. It was quite a meeting. In the first place Kirby B. and Sherman B. look enough alike almost to be twin brothers. Then they started comparing family history and Sherman B. and Kirby B. began exchanging so much information about their mutual ancestors that it appeared, late in the night, that they were well on their way to compiling a family history that would go back to the middle ages.

BIG BOND SALE WICHITA FALLS, May 13 (AP) Ninety-three Wichita Falls citizens bought \$704,925 worth of bonds yesterday at a luncheon, part of this city's buy-a-bomber week observance, after Jeff Williams of Chickasha, Okla., urged them to "shoot the works."

Never in all her born days of reading nice things about herself Katharine Cornell had such poetic valentines printed about her as appeared this week in ALL the metropolitan newspapers. The drama observers minced no words in saying Shaw's "Candida" had received its finest presentation.

Note: This observer will be glad to present himself on Kirby B.'s fishing preserve as Sherman B.'s official representative if Sherman B. is too busy to accept Kirby B.'s kind invitation in person.

Kiwanians To Meet At Midway Thursday

The Kiwanis club will meet on Thursday at the Midway school for a special program. In order to expedite transportation the members of the club are asked to meet at the west door of the Crawford hotel at 11:45 a. m. and to go from there to Midway school together.

Children Treated For Food Poisoning

CLARENDON, May 13 (AP) — Rushed here from Hedley, 18 miles away by ambulance, 50 school children were treated yesterday for food poisoning after eating lunch in the school kitchen.

Nature Muzzles, Kills Deer

OROVILLE, Calif. — William Keyes found on the west side of Table mountain here the body of a 4-point deer which had died as a result of a freak of nature. Its horns had grown around its mouth and nose in such a manner that it could no longer eat, and had starved to death.

**Dirigibles May Be Used To Fight Subs**

WASHINGTON, May 13 (AP)—As axis submarines stalked their prey within sight of American shores, penetrating even into the St. Lawrence river, the attention of congress was drawn today to the possibility of building huge plane-carrying dirigibles that could seek them out and destroy them far and wide.

A first step toward authorizing the construction of great aerial battlewagons, as large as or larger than the ill-fated German airship Hindenberg, was taken by the house naval committee yesterday when it struck a "non-rigid" limitation from a bill providing for 24 more blimps to augment the coastal patrol.

The bill, already passed by the senate, was approved unanimously by the house committee.

Rep. Maas of Minnesota, the committee's ranking republican member, declared the navy's hands should be freed to construct rigid as well as the non-rigid type, for patrol work outside the range of a blimp.

Captain Charles E. Rosen Dahl, in charge of navy blimps, told the committee that the "rigids would fit into the picture."

**City Operates Under Income During April**

Use of cash reserve to make initial land purchases for the U.S. Army Flying School site reduced the City of Big Spring balance during April, but aside from that revenues exceeded general fund operations expenses.

From all sources, revenues stood at \$14,973, including \$417 in current taxes, \$480 in delinquents, and \$2,717 in gas and electric franchise payments. Water billed to consumers stood at \$8,835, a 59% gain over March and \$1,370 more than April for a year ago.

Total expenditures stood at \$22,691, including \$879 transferred to the interest and sinking fund, and \$7,756 used for purchase of airport lands, and which will be replaced when bonds for that purpose are issued.

Balance at the end of the month was \$26,176, a net decrease of \$7,718. For April interest and sinking fund payments stood at \$16,521 including \$5,000 in bonds and \$1,000 in warrants, the balance in interest and exchange, leaving the fund with a \$24,395 balance.

Golf and swimming pool revenues ran to \$262 for the month against expenses of \$360, reducing the balance in this non-tax fund to \$174. Cemetery fund revenues ran to \$431, which against expenses of \$244, boosted the balance in this fund to \$3,580.

**Press Relations Officer For Navy Visits Big Spring**

Head of a newly established U.S. Navy press relations office in Dallas, Lieut. Harold V. Banks was in Big Spring Wednesday morning, making a stop on a swing through West Texas in connection with naval recruiting and publicity activities.

Banks formerly was state editor of the Fort Worth Star-Telegram. His office will serve as contact point for Texas newspapers.

Lieut. Banks stressed the need of the navy for recruits in Class V-5 and V-1. The former is for aviation cadets, single and between the ages of 18 and 27 and having a high school education. V-1 is for freshmen and sophomores in college between the ages of 17 and 20, and who may enroll for future active service and complete their first two years of college.

**New Rumbblings Of Unrest In Europe Heard**

BERN, Switzerland, May 13 (AP)—From Norway to the Balkans came new reports today of sabotage and dissension which hindered the efforts of the axis to weld its version of a new European order.

From Vilna, in Poland, it was announced that 16 persons had been executed for working with Russian secret agents in a plot to sabotage German supply lines. The group was said to have killed a policeman in resisting arrest.

An attempt to blow up a Hungarian factory failed, said a Budapest dispatch.

Unconfirmed reports said one manager of an axis armaments factory had been shot for inability to enforce his production schedule.

The Hungarian newspaper Pester Lloyd reported that one Czech was killed, but another got away after shooting a policeman who found them about to set off dynamite along a railway near Prague.

From Norway it was reported that the German police had been reinforced, especially at Stavanger and Haugesund, where many former members of the Quisling party were said to have resigned and attempted a demonstration.

A dissident group within the party was said to have tried a coup against Vidkun Quisling.

Automobile wrecking firms in Canada have been ordered to dismantle all cars on hand to sell the resulting scrap, the Department of Commerce says, 1942.

**Nesbitt Will Head Mitchell Red Cross**

COLORADO CITY, May 13.—The election of C. E. Nesbitt as Mitchell county chairman of the American Red Cross was announced by the executive committee of the organization here this week. Nesbitt, who came to Colorado City five years ago from Big Spring will take over the post left open by the resignation of Dr. W. B. May, chairman since 1939.

Nesbitt, a World War veteran, saw the work done by the Red Cross on the other side. As Sergeant Nesbitt with Headquarters Company, 330th Field Artillery, 85th Division, he was overseas a year during the last war, and was so impressed with the merites of the organization that he accepted the responsibility to work from this side during the new war.

**US Seeking All Foreign Pictures**

NEW YORK, May 13 (AP)—Scenic pictures taken outside the United States by camera fans are wanted by the government, says Roy W. Winton, managing director of the Amateur Cinema League.

Winton said today that by special authorization the league had distributed 60,000 questionnaires through photographic dealers and camera clubs throughout the nation, requesting that all personally made motion-picture footage, still photos and transparencies be made available to federal authorities.

He said that the pictures should be sent to the league at 420 Lexington avenue, New York City, since he was prevented from disclosing immediately what branch of the government wanted the pictures.
