With Eye On Gibraltar, Axis To Turn To Spain

ROME, Sept. 30 (AP)—Joint Italian-German plans for fulfillment of axis goals—including Gibraltar—have been reached at a Berlin conference which included Col. Wilhelm Keitel, chief of the high command of German armed forces, Virginia Gayda reported today.

The authoritative fascist editor said in Il Giornale d'Italia that a meeting between Spain's Minister of Government Ramon Serrano Suner, Italian Foreign Minister Count Galeazzo Ciano, German Foreign Minister Joachim von Ribbentrop and General Keitel had "unified plans of the three friendly powers."

This was taken in some foreign circles as a sign that Spanish Generalissimo Francisco Franco may have agreed to allow German troops to use Spain as a base for attack on Gibraltar.

Serrano Suner, who is on his way to Rome, will settle any points at issue between Italy and Spain in conversations with Premier Mussolini, Gayda said.

The expanding axis apparently is about ready to take in Spain as a full-fledged member. Gayda declared flatly that the axis plans for rearrangement of Europe and Africa include restoration of Gibraltar to Spain.

Further light on how the Rome-Berlin-Tokyo military and political alignment looks on United States aid for Britain was shed by a fascist authority who declared it would not be a cause of war.

Asked by a Spanish correspondent whether "sending arms to the enemy would constitute a reason to bring into force the military clause of the alliance," this informant answered:

"The sending of arms to the enemy could be a violation of neutrality and it may be examined by us at an opportune moment. But it would not be an attack. The clauses of the pact provide only for cases of attack and we will keep to the letter of the pact."

Italy tightened her belt another notch as the high command reported new blows against Britain in the Mediterranean.

For the first time in Italy, cooking fats were rationed. Henceforth, each person will be allowed 800 grams (28 ounces) a month, a half liter (slightly less than a pint) of oil and 10 ounces of butter, lard or suet.

NEW SOVIET TALKS
BERLIN, Sept. 30 (AP)—Axis diplomacy turned aggressively today in two directions—toward Soviet Russia and Spain—unless all signs in Berlin mislead.

RAIDS RENEWED ON LONDON

CZECHS ASSURED BRITAIN STILL ON THEIR SIDE
LONDON, Sept. 30 (AP)—Prime Minister Churchill told the people of Czechoslovakia in a broadcast today marking the second anniversary of the Munich agreement that the battle for Britain also is the "battle for Czechoslovakia."

The prime minister said the restoration of "Czechoslovakia's liberties" is one of Britain's "principal war aims."

Oil Companies Are Named In Trust Suit
WASHINGTON, Sept. 30 (AP)—The government filed suit today against the American Petroleum Institute and 22 major oil companies, charging unlawful monopoly, price fixing, and conspiracy in violation of the Sherman anti-trust act.

Contending that the defendant firms controlled virtually all of the crude oil available for refining and put independents "at a competitive disadvantage," the justice department asked the federal district court for the District of Columbia to restrain the companies from acquiring oil reserves for monopolistic purposes.

Dissolution of the Petroleum Institute was asked.

The government contended the institute was created by the defendant firms to promote illegal practices in the industry.

The following oil firms are the defendants: Atlantic Refining company, Standard Oil company, Cities Service company, Consolidated Oil corporation, Continental Oil company, Gulf Oil corporation, Mid-Continent Petroleum corporation, Ohio Oil company, Phillips Petroleum company, Pure Oil company, Shell Union Oil corporation, Siskiyou Oil company, the Socony-Vacuum Oil company, Standard Oil company of California, Standard Oil company of Indiana, Standard Oil company of Kentucky, Standard Oil company of New Jersey, Standard Oil company of Ohio, Sun Oil company, Texas Corporation, Tidewater Associated Oil company, Union Oil company of California, and approximately 30 subsidiaries of all the defendant firms.

"The maintenance of fixed prices," the complaint said, "has restricted or eliminated competition which would force the integrated companies to give to the consumer the benefits of lower costs arising from technological improvement, x x x"

Industrial Centers Hit, Berlin Says
Changing Weather No Handicap To German Attackers
BERLIN, Sept. 30 (AP)—Nazi warplanes are strafing the United Kingdom from Aberdeen to the English channel without stopping, causing new devastation to British war industries, the German high command reported today.

London and Liverpool, hit by "closed formations and individual planes," bore the brunt of Nazi attacks last night, said the communique.

Edinburgh and Leith in Scotland, were listed as targets for heavy caliber bombs.

Preliminary reports of the day's air fighting over southern England showed that the British had lost 38 planes and 14 German aircraft failed to return, informed German sources said.

Changing weather conditions, they insisted, did not hamper the German fliers in unloading bombs over London docks and other spots in southern England.

Damage caused, they said, was "extraordinary."

Informed sources elaborated on the high command statement to say "extraordinarily widespread" fires were seen in Merseyside port facilities and warehouses after the attack on Liverpool and explained high winds spread the flames.

The high command listed plane losses in air engagements yesterday at 18 British to four German.

RAF Claims Heavy Damage Inflicted On Nazi Bases
LONDON, Sept. 30 (AP)—A chain of fiercely burning fires in factories supplying Germany's war machine was reported by the air ministry today as the result of raids by British bombers lasting almost three hours last night over a broad sweep of Germany and the north-east coast.

The ministry gave this account, supplementing its communique's bare announcement of the RAF's objectives:

"Fires, followed by explosions which could be seen by aircraft crews sixty miles away marked a heavy attack on an oil refinery and storage plant at Magdeburg, carried out last night by aircraft of the bomber command."

"A plant known as Braunkohlen Benzol A.G., situated 200 miles inland from Germany's western frontier, was subjected to a series of raids which began shortly after 11 p. m., and continued for nearly three hours, x x x"

"Attacking in shallow dives, and often from low level, the raiders straddled the oil plant with high explosive bombs, leaving a trail of multi-colored fires and spasmodic explosions in their wake, x x x"

"Raiders taking part in this attack also bombed the railway at the southern exit of the city and started fires close to the main line junction."

"Meanwhile, at Stuttgart, 60 miles away in western Germany, other forces of heavy bombers were launching attacks against a large coal gas plant and the Bosch factory, which produces magnetos, spark plugs and other electrical equipment for the German services."

"Sticks of heavy-caliber bombs which fell across the gas works caused ten separate explosions, accompanied by brilliant white flashes."

Savage Fights Take Place In Haze Of Fog
Defenders Assert Most Of Thrusts Are Turned Back
LONDON, Sept. 30 (AP)—Nazi warplanes, coming over with gradually increasing strength, smashed again and again at London's defenses today, running into a continuous thunder of anti-aircraft fire and roaring dog-fights with Britain's swift fighter planes.

The actions took place in a haze of fog.

The British declared they had turned back most of the thrusts, downing at least 11 German planes.

But the fourth main drive of the day, in which a force of 120 Nazi planes took part, penetrated to the outskirts of London.

Although the main body was broken up, said the British air ministry, a few planes dropped bombs in London's western suburbs, causing casualties and damage.

The Nazi raiders swarmed inland from the channel coast from dawn until early evening.

The raiders were engaged heavily over Surrey's rolling country-side. The plane which crashed near Tadworth came down in flames after a long burst of machine-gun fire.

The fierce air fights occurred as Nazi bombers flew to the attack on London's millions of people and miles of buildings and industries.

Corporation Tax Increase Drafted

WASHINGTON, Sept. 30 (AP)—Congress put a \$1,000,000,000 excess profits tax bill at the top of its calendar today after a senate-house committee finished redrafting the measure to include a boost in the normal corporation income tax rate from the present 20.9 to 24 per cent.

The income tax increase would be in addition to the 25 to 50 per cent excess profits levy provided in the bill and, like the latter, would apply to 1940 corporation income.

Special lower income tax rates for corporations earning less than \$25,000 would not be affected by the income tax increase.

Final agreement on the legislation was reached yesterday.

Senator Harrison (D-Miss.), conference chairman, said the house would call up the agreement Tuesday, with the senate probably following suit the next day.

4 New Flight Scholarships

Names of four young men designated for CAA preliminary flight training scholarships, in addition to 10 so designated at the completion of a ground school training program Sept. 21, were announced Monday.

Dr. F. W. Malone, chairman of the chamber of commerce aviation committee and who supervised CAA arrangements here, said that Thomas Lacy South, Jack Gully, John Carroll Hollingsworth and Merritt Hall Barnes had been awarded scholarships made possible by donations from the Codden Petroleum corporation and the chamber of commerce, matched by the CAA.

Alternates, from whom the possibility of scholarships is not barred, were Lawrence Wesley Pearce, Mary Geneva Campbell, Dan Scott, Bill Henry Campbell and Winston Odell Harper.

Those previously informed of scholarships under the second preliminary program here were Billy J. Cook, Noel A. Brown, Billy Aubrey Davis, L. Herbert Fletcher, James Woodrow Campbell, Volle M. Sorrells, LaVerne M. Hamilton, Henry L. McKaikie, Jr., Guy Bumgarner and Glenn D. Aaron.

Lamesa Names Defense Group

LAMESA, Sept. 30 (SpI)—Appointment of a central local committee of the National Defense Council has been announced by Sam Richardson, president of the Lamesa chamber of commerce.

Named to the body were Cary A. Baldwin, chairman, J. Lee Kelley, vice-chairman, G. W. Barrett, secretary, Dr. A. M. Lindsey and Ross Gibson.

Chairmen of sub-committees set up by the central group are Ben J. Baskin, agriculture; Connally Baldwin, aviation; W. L. Marr, civic affairs; Henry Norris, education; M. E. Boren, finance; Dr. J. C. Loveless, medical; Charrel Jobe, military; Bill White, manufacturing; George Norman, housing; Raymond Lee Johns, labor, public and regional affairs; M. C. Lindsey, natural resources; G. W. Barrett, press; H. F. Nelson, radio; Mrs. Matt A. McCall, retailing; Rev. E. D. Landreth, social welfare; E. T. Balley and A. G. Bernard, utilities; D. C. Blackburn, veterans; and J. T. Smith, wholesalers.

CHINA CITY BOMBED

KUNMING, Yunnan Province, China, Sept. 30 (AP)—Twenty-seven Japanese warplanes brought the war in earnest to this city of southwest China today, dropping bombs that caused extensive damage to British missionary property and French buildings.

Asks Aid In Registration

An appeal for volunteers to assist in registering men under the selective service act on Oct. 16 was voiced here Monday by Lee Porter, county clerk.

Porter asked for men under 21 and over 35 years of age and for women to volunteer their services as registrars after he had received notice from Governor Lee O'Daniel that county clerks would be responsible for the registration in the various counties.

Those who can and will perform this service for the nation were urged to call his office, telephone No. 1410, and list their names, addresses and telephone numbers.

On the basis of the number due to be registered in the county, it was estimated that it would require a minimum of 75 persons.

Noted Author Hangs Self

NEW YORK, Sept. 30 (AP)—The death by hanging of Courtney Riley Cooper ended on a puzzling note the career of a noted author of high adventure and crime stories.

The 53-year-old writer, whose enthusiasm for circuses earned him the title of "Circus Fan No. 1," was found hanging by a rope from a pipe in a hotel closet early yesterday.

Friends said he had been in a state of nervous exhaustion from overwork. His wife said Cooper apparently had been dejected because the Federal Bureau of Investigation had shown no interest in information he had obtained in Mexico relating to German fifth column activities.

B. E. Sackett, special agent in charge of the FBI in New York, said neither J. Edgar Hoover, FBI chief, nor any other member of the organization had talked with Cooper about the Mexican matter.

Child Killed As She Prepares For Birthday Party

BIRMINGHAM, Ala., Sept. 3 (AP)—A candy-frosted cake that won't be eaten, with 11 pink candles that won't be lit, stood forgotten on the party shelf at Ann Dean's home today.

Ann, helping with last-minute preparations for her birthday party, started across the street to buy colored wrapping paper for gifts. Automobile brakes squeaked, a sharp cry, and neighbors helped lift the limp form, gay party-dress now stained and torn.

Ann died today of her injuries.

Applications Speeded Up

While the flow of parity checks continued Monday, the county AAA office indicated that first transmittals on conservation applications would go into the state office around 45 days ahead of the earliest previous date.

This being the case, it was considered possible that payments earned through conservation and soil building practices, might be received here well in advance of Christmas.

Girl Defeated In Holdup Attempt

SHREVEPORT, La., Sept. 30 (AP)—Mrs. A. M. Regan, grocery store operator, lunged into an armed girl who tried to rob her here last night, knocked the girl to the floor and held her until officers arrived.

Deputy Sheriff Will T. Prudhomme said the girl, about 20, entered the store while a male accomplice waited in an automobile. She flourished a pistol, and ordered Mrs. Regan to hand over money in the cash register.

SLUGGED BY GRIDDER SUSPECT ESCAPES; SOUGHT BY POSSE

SAN ANTONIO, Sept. 30 (AP)—Although knocked unconscious by a Harlandale football player, a man believed to be a fugitive from the Huntsville penitentiary managed to escape a widespread search by Bexar county officers Sunday in which bloodhounds were used.

Seek To Delay Murder Trial

ELDORADO, Sept. 30 (AP)—Venturemen called for the trial of Emiliano Benavides, charged with the murder of Henry Calcut Sept. 5, were to report back at 1:30 p. m. today after they had been excused temporarily this morning to allow time for a defense motion for continuance.

The request was made by attorneys for their client when the case was called and he was arraigned at 10 a. m.

Attorneys for the state announced ready and those for the defense asked time to prepare and file the continuance motion.

Weather Forecast

WEST TEXAS—Partly cloudy tonight and Tuesday. Occasional showers tonight, Tuesday afternoon and evening. Not much change in temperature.

LOCAL WEATHER DATA
Highest temp. yesterday... 85.0
Lowest temp. today... 61.0
Sunset today at 6:23 p. m.; sunrise at 6:49 Tuesday.

News About Business

A new feature—to appear in each Monday's Herald—is being inaugurated in today's issue: It's a page devoted to business news and developments, and will contain, each week, advertising messages and news stories about various business and industrial enterprises of the city.

ARMY TESTING PROJECTS ARE INSPECTED BY ROOSEVELT

ABERDEEN, Md., Sept. 30 (AP)—An inspection of a 28,000-acre "laboratory" where the army puts to the test ordnance ranging from tanks and 16-inch shells to rifle bullets started President Roosevelt off today on an all-day tour of Maryland defensive projects.

The president saw anti-aircraft guns, bombs, tanks, a ballistic laboratory, and a school which trains regular and reserve officers and enlisted men for ordnance work.

Mr. Roosevelt came ashore from his yacht Potomac shortly after 10 a. m. CST, and a 21-gun salute thundered the army's regulation greeting to its commander in chief.

'Fluid Drive' Featured On New De Soto

Hanshaw-Queen Showing The 1941 Models

Fluid-Drive with Simplimatic Transmission heads the list of 1941 improvements with which the De Soto Division of Chrysler Corporation announces its 1941 models. The new models are offered here by the Hanshaw-Queen Motor Company, 409 East Third Street.

Low-hung Rocket styling; longer, lower, wider bodies; two-tone interiors; flipper windows for rear seat ventilation; three new body types including a swank Town Sedan and a roomy club coupe; a stiffer frame, and safety rims that won't let a punctured tire be thrown off as among other De Soto contributions to new-model conversation.

But the spotlight is held by the transmission which is hailed as the greatest invention for motoring pleasure since the self-starter. In support of this claim, De Soto is telling the public to "drive all day without shifting or declutching, through city traffic or 'cross country'."

With such an intriguing device as this to demonstrate, the company expects fully 50 per cent of its volume to be Fluid-Drive equipped cars, although standard equipment will be the regulation transmission and gear shift in which improvements have been made to provide easier shifting. Available in conjunction with this standard transmission is a power shifter that makes operation of the gear shifter a finger-tip proposition.

Rocket Styling Featured

In its Rocket styling and two-tone interiors, De Soto accents the beauty of design which modern motorists demand. As the result of a new box-section type frame, a lowering of the entire car by 1-1/2 inches without any loss of headroom has been accomplished.

This new lowness on 121 1/2 inch wheelbase, added to the 51-1/2 inch increase in overall length, and the 2 1/4-inch wider bodies, gives a racy, road-worthy appearance to the new De Sotos that is accentuated by the long sweep of a chrome belt molding from nose to tail.

Front and rear fenders each have a chrome speed line, also which adds further to the "going places" look of the car.

From head-on, De Soto gives a definite impression of sturdiness and ability. Heavy die-cast chrome forms a vertical pattern grille. Fender tops have been flattened, and are one-piece with the hood-sides. The hood is of the "alligator" type, with its release in the driving compartment so that when the car is locked the hood cannot be opened. Another safety catch, under the radiator ornament, must be released before the hood can be raised.

At the rear, the new De Soto shows artful modeling with a rear window 47.5 per cent larger than last year, and no bulge to mark the luggage locker. Improvements in the locker itself include counterbalanced hinges which require no supporting arms for the lid, and permit it to be easily operated with one hand. Luggage lockers are lighted, carpeted, and carry the spare wheel vertically on the right side where it can be removed without disturbing other contents of the compartment.

Interiors Two-Toned

Upholstery, instrument panel, and even interior hardware have been given two-tone treatment in the 1941 Custom De Sotos. In the hardware the effect has been accomplished by using tenite inserts that match the darker upholstery color. More seat room and leg room in the front, and greater comfort all-around, results from the wider Rocket-styled bodies used in both De Luxe and Custom. Sedan rear seats have arm rests deeply recessed into the body, and in certain Custom body types a center arm rest will be regulation equipment.

Flourescent Lighting Put To Broad Uses

The field for the use of Flourescent lighting is nearly as broad as all lighting. Used for seeing and illumination, the lamp of daylight color gives a light almost perfectly matched to standard daylight. Colored objects are seen in all the vividness of their outdoor appearance. Bold floods of display color for attraction or decoration come from the use of these lamps, exposed or concealed, singly or in lines or groups. In addition to the new daylight color there are: warm white, blue, green, pink, gold and red.

Display rooms, sample rooms and reception rooms are enriched by the soft play of color from concealed flourescent lamps. Daylight flourescent lamps bring out the beauty of leaves and flowers, so florists' windows and showcases are an ideal place to use them, particularly since coolness is important. Flourescent lamps harmonize perfectly with modern residential interiors. Singly, or in pairs, they bring good supplementary lighting and advanced styling to the home. They are particularly effective for dining room, bathroom, bedroom, kitchen and hallway. Wherever good seeing and unobtrusive lighting are important, flourescent lamps may be used in quantity, and with daylight lamps, provide a display in all the beauty of their outdoor colors.

The lamp itself may be described in a few words: A slim tube of glass, in various lengths and diameters, that glows with striking richness when lighted. It gives out less than half the radiant heat, as well as more light per watt than is obtained from incandescent lamps. Architects, engineers, designers, lighting specialists have turned its unique advantages to the solution of many problems hitherto thought impossible.

These flourescent lamps and fixtures are now on display at Taylor Electric company.

Dodge Price Change Small

Prices for 1941 Dodge passenger car models have been announced by Forest H. Akers, vice-president and director of sales of the Dodge Division of Chrysler Corporation. New Dodges are being shown in Big Spring by the Jones Motor Company.

For the 1941 season, Dodge offers two distinct model series of Luxury Liners, one termed the DeLuxe Series, the other to be known as the Custom Series. While both series present entirely new designs, only the 1941 DeLuxe series, comprising three models, affords a basis for price comparison with the DeLuxe line of 1940. The newly introduced 1941 Custom Series is said to establish a new line-up of further enhanced values and, accordingly, an additional range of slightly different prices.

Though the 1941 prices of the DeLuxe Series show increases over the prices of the similarly designated models of 1940, the highest of the increases is but 2.1 per cent, the lowest being 1.1 per cent, making the average 1941 DeLuxe Model price advance 1 1/2 per cent.

The prices listed are for cars with or without running boards, and include bumpers, bumper guards, new safety-type wheels, spare wheel and tire, two tall lights, safety glass in all windows, deluxe type steering wheel, fenders and sheet metal finished to harmonize with a variety of new body colors. The Custom Series prices also include "Air-Foam" seat cushions.

Alleged Arsonist Dies

DALLAS, Sept. 30 (AP)—Sam Frankenstein, 30, charged with arson in connection with the explosion of gasoline fumes at a suburban drug store Sept. 19, died here yesterday of burns. Officers said a man, part of his flesh and clothes burned away, fled from the drug store after the explosion.

Monterrey Is Open In New Location

One of the sure signs of autumn in Big Spring is the opening of the Monterrey cafe.

And autumn, 1940, is an extra special event, for the Monterrey this year is open for business in a new location—in a building at 606 East Third street designed particularly for this unique and popular type cafe.

As all Big Spring people know, the Monterrey specializes in Mexican foods, and has established a wide reputation as the place where Mexican dishes can be obtained seasoned and served in de luxe fashion.

Mr. and Mrs. N. C. Barnes are operators of the Monterrey, a business they have supervised each fall and winter for seven years. For this season, they erected a new building, an attractively arranged and decorated place with tables and booths, and designed to give the best service to patrons. The Monterrey formerly was at 108 Runnels.

Opening of the new place took place this past week, and Mr. and Mrs. Barnes are putting finishing touches on the building, have everything in readiness to serve those who want a taste of "real" Mexican food.

For this season, they erected a new building, an attractively arranged and decorated place with tables and booths, and designed to give the best service to patrons. The Monterrey formerly was at 108 Runnels.

Opening of the new place took place this past week, and Mr. and Mrs. Barnes are putting finishing touches on the building, have everything in readiness to serve those who want a taste of "real" Mexican food.

Monterrey Is Open In New Location

One of the sure signs of autumn in Big Spring is the opening of the Monterrey cafe.

And autumn, 1940, is an extra special event, for the Monterrey this year is open for business in a new location—in a building at 606 East Third street designed particularly for this unique and popular type cafe.

As all Big Spring people know, the Monterrey specializes in Mexican foods, and has established a wide reputation as the place where Mexican dishes can be obtained seasoned and served in de luxe fashion.

Mr. and Mrs. N. C. Barnes are operators of the Monterrey, a business they have supervised each fall and winter for seven years. For this season, they erected a new building, an attractively arranged and decorated place with tables and booths, and designed to give the best service to patrons. The Monterrey formerly was at 108 Runnels.

Work Is Rushed For Opening Of Texas State Fair

DALLAS, Sept. 30.—To the tune of swinging paint brushes, rumbering trucks and the pounding of a thousand hammers, last minute work is being rushed this week for the opening of the State Fair of Texas on Saturday, October 5th. With an outstanding calendar of events scheduled for the 16-day show, Fair officials hope to top the 1939 record-breaking attendance of 1,096,708.

The Fair will present the greatest livestock show in its 53-year history. Headlined by the National Hereford Show and Regional Holstein-Friesian Show, the finest stock on the continent will compete for an all-time high of \$100,000 in cash premiums.

The amusements event of the season in the Southwest will be the Fair's giant outdoor musical revue, "Americana," to be presented on a 300-foot stage, with a cast of 150 dancers and top-name entertainers.

Topping the long list of free attractions will be the noted Mexican Marching Orchestra, the Swor Brothers All-Girl Minstrel, and a novel Tractor Rodeo.

With the Federal Government

participating, the 1940 State Fair of Texas will present the largest Chemurgy Show ever held, including as a feature, the National Plastics Show, an outstanding exhibit at the San Francisco World's Fair.

The Agriculture Building will house more than 150 elaborate exhibits from 60 countries, 32 Future Farmer groups, 26 Four-H Clubs and numerous Home Demonstration groups, paying tribute to the state's leadership in agriculture.

WAIT AND SEE The New DODGE with Fluid Drive JONES MOTOR CO. Dodge and Plymouth 401 Runnels

DrPepper

Fluid-Drive with Simplimatic Transmission heads the list of 1941 improvements with which the De Soto Division of Chrysler Corporation announces its 1941 models. The new models are offered here by the Hanshaw-Queen Motor Company, 409 East Third Street.

Low-hung Rocket styling; longer, lower, wider bodies; two-tone interiors; flipper windows for rear seat ventilation; three new body types including a swank Town Sedan and a roomy club coupe; a stiffer frame, and safety rims that won't let a punctured tire be thrown off as among other De Soto contributions to new-model conversation.

But the spotlight is held by the transmission which is hailed as the greatest invention for motoring pleasure since the self-starter. In support of this claim, De Soto is telling the public to "drive all day without shifting or declutching, through city traffic or 'cross country'."

With such an intriguing device as this to demonstrate, the company expects fully 50 per cent of its volume to be Fluid-Drive equipped cars, although standard equipment will be the regulation transmission and gear shift in which improvements have been made to provide easier shifting. Available in conjunction with this standard transmission is a power shifter that makes operation of the gear shifter a finger-tip proposition.

Rocket Styling Featured

In its Rocket styling and two-tone interiors, De Soto accents the beauty of design which modern motorists demand. As the result of a new box-section type frame, a lowering of the entire car by 1-1/2 inches without any loss of headroom has been accomplished.

This new lowness on 121 1/2 inch wheelbase, added to the 51-1/2 inch increase in overall length, and the 2 1/4-inch wider bodies, gives a racy, road-worthy appearance to the new De Sotos that is accentuated by the long sweep of a chrome belt molding from nose to tail.

Front and rear fenders each have a chrome speed line, also which adds further to the "going places" look of the car.

From head-on, De Soto gives a definite impression of sturdiness and ability. Heavy die-cast chrome forms a vertical pattern grille. Fender tops have been flattened, and are one-piece with the hood-sides. The hood is of the "alligator" type, with its release in the driving compartment so that when the car is locked the hood cannot be opened. Another safety catch, under the radiator ornament, must be released before the hood can be raised.

At the rear, the new De Soto shows artful modeling with a rear window 47.5 per cent larger than last year, and no bulge to mark the luggage locker. Improvements in the locker itself include counterbalanced hinges which require no supporting arms for the lid, and permit it to be easily operated with one hand. Luggage lockers are lighted, carpeted, and carry the spare wheel vertically on the right side where it can be removed without disturbing other contents of the compartment.

Interiors Two-Toned

Upholstery, instrument panel, and even interior hardware have been given two-tone treatment in the 1941 Custom De Sotos. In the hardware the effect has been accomplished by using tenite inserts that match the darker upholstery color. More seat room and leg room in the front, and greater comfort all-around, results from the wider Rocket-styled bodies used in both De Luxe and Custom. Sedan rear seats have arm rests deeply recessed into the body, and in certain Custom body types a center arm rest will be regulation equipment.

Buffs Series Hopes Pinned On Wilks

HOUSTON, Sept. 30 (AP)—Houston planned its fading Dixie series hopes today on Ted Wilks, a little fellow with a big heart. Wilks it was who pushed the Texas league club to its sole victory thus far over the Nashville Volunteers, whose big bats have bludgeoned out three wins in the four-out-of-seven series.

His opponent tonight will be George Jeffcoat, the Southern Association strikeout king. The Volunteers clubbed out an easy victory, 6-0, in the fourth game of the series here yesterday as Ace Adams, stocky hurler, scattered eight blows, permitting only one Houston player to pass first base. The series will be over if Nashville wins tonight. If Houston wins, the teams will travel back to Nashville for the resumption of the series Wednesday.

Westbrook Six Downs Coahoma

WESTBROOK, Sept. 30 (Sp)—Trailing at the end of the first half in a 15-12 score, Herman Parsons Westbrook Wildcats came back in the second to pile up 31 points and defeat Coahoma 43-15 in a six-man football game at Coahoma Friday.

The Felice sextet turned on a dazzling aerial attack to put the Coahomans out of the running. Frank Oglesby and Darrell Lambert turned in an outstanding offensive and defensive game for Westbrook. Every man on the Wildcat roster registered a tally. Next Friday afternoon Water Valley Invades Coahoma's home grounds and Westbrook will carry the battle to Garden City in the latter's precinct.

Rugged NTSTC Meets Second S'West foe

By The Associated Press
The North Texas Teachers of the Lone Star Conference, undaunted by a 27-20 defeat at the hands of Baylor last week end, meet a second Southwest Conference opponent Saturday, Southern Methodist's Mustangs at Dallas.

Perched on top of the LSC heap with an unblemished slate, the Sam Houston Bearcats meet the Mississippi State Teachers at Hattiesburg on Friday night.

Last week Sam Houston trounced Texas Wesleyan College, 6-2. Stephen F. Austin Teachers, toppled from the ranks of the undefeated by a 6-0 lacing at the hands of Southwest Louisiana Institute, take on Henderson State Teachers at Arkadelphia, Ark., Friday night.

East Texas Teachers, who took a 14-7 licking from Abilene Christian College try luck with another Texas Conference foe, Howard Payne, Saturday at Brownwood.

WASHINGTON, Sept. 30 (AP)—Approximately one-third of the nation's 3,600,000 non-citizens complied with the new alien registration law during the first month of its existence, it was estimated today by Earl G. Harrison, director of alien registration. Registration must be completed by Dec. 26.

Nation's Teams Battle For Places

SPORTS ROUNDUP

By EDDIE BRIETZ
NEW YORK, Sept. 30 (AP)—You won't believe this, but on Broadway Saturday morning some of the welschlanders were setting 4 to 1 on Pitt to beat Ohio State. Fellow chosen the outstanding player in the world series will get a set of 21 matched pipes worth \$500 from the manufacturer. So the Boston College Eagles feared the New Orleans heat. Haw!

Headline headliner—Hedy Lamarr's divorce recalls to newspaper men the bad headline of 1939. It was written by a guy on an up-state paper whose name, unfortunately, eludes us, and ran: Gene Markey weils Hedy Lamarr What a lucky Guy he are.

Recently one of the metropolitan sheets sent a photo to Missouri U. to get some shots of Paul Christian. Bill for flash bulbs, alone was \$40. Every member of Catholic U.'s forward wall is a member of the boxing team and you'd better not get tough with those bables—nor with Captain Tom Smith of the Iowa State team, who is better known as "Fosies." Omgosh... Your old pal, Johnny Paycheck, is now a special cop for a Chicago packing firm.

Today's guest star—Bob Steider, Buffalo Evening News: "Speaking of the war of nerves, what about the Detroit-Cleveland-New York Yankee final furlong along pennant lane."

Bill Daly and Pat Comiskey never would have got together as a boxing team if their cars hadn't crashed one day. Both got out and began calling each other names. They rode into town in Pat's car and took right up from there. Baseball men are talking about a big blow-off at this winter's minor league meeting. This time Judge Landis is liable to really pin somebody's ears back. You'll hear from us next in Cincinnati, which the chamber of commerce tells you is the home of Nixon Denton, who turns out the best sports column in this country for the Times-Star; also of the best suds in the republic. We believe both.

Get 'em told—The series money has been split and there's a cut for Oscar Vitt. If Oscar wants to make a hit He'll tell the Tribe, to 'ell with it

NEW YORK, Sept. 30 (AP)—Without trying to detract from the early accomplishments of such teams as Michigan, Boston College, Southern Methodist, Ohio State, Minnesota, Mississippi, Duke or Wake Forest, it's a good idea to remember that the 1940 football season is just getting under way.

Looking over the situation by sections, and remembering that another week may change the whole setup, here's how the races are going:

East: Boston College, on the strength of Saturday's 27-7 victory over Tulane, is on top. The Eagles are idle this week and the best prospects to grab the headlines are Cornell, Syracuse, Holy Cross, Fordham and Princeton.

Cornell opens against Colgate, 44-0 winner over Akron last Saturday. Syracuse takes on reputedly tough Northwestern; Holy Cross goes south to meet Louisiana State, 19-6 victim of Mississippi Saturday; Fordham opens against West Virginia, conqueror of Westminister, and Princeton tackles Vanderbilt, which whipped Washington and Lee 19-0.

Pitt's Panthers, defeated by their 30-7 beating from Ohio State, face the Missouri Tigers, who won over St. Louis 40-26. Yale takes on Virginia, 32-0 victor over Lehigh, and Navy, after a close call against William and Mary, meets Cincinnati. Georgetown, which nighted up a 56-0 score against Hampden-Sydney, 64-7 winner over Muhlenberg, on Friday night, Brown, Dartmouth and New York University, who did some good scoring jobs, continue to face minor opposition while Columbia, Harvard, Army, Penn and Villanova, among others, open with breathers. Penn's opponent, Maryland, dropped a 7-6 decision to Hampden-Sydney.

Mid-west: Big Ten and Big Six conference clash start with Ohio State playing Purdue, 28-0 winner over Butler, and Kansas meeting Iowa State, which lost to Denver, 14-7.

Minnesota, triumphant 19-14 over Washington, runs into Nebraska's strong team. Michigan, which piled California 41-0, encounters Michigan State, Indiana opens against Texas, which walloped Colorado 39-7; Wisconsin and Marquette get off together while Iowa plays South Dakota and Illinois meets Bradley. Oklahoma, a Big Six power, plays Oklahoma Aggies and Kansas State goes into the Rockies to face Colorado. Notre Dame opens against the College of the Pacific.

South: The Duke-Tennessee battle is the week's big feature. The Blue Devils, Southern conference champions, walloped V. M. I. 23-0 and the Vols beat Mercer 49-0. Georgia vs. South Carolina and Washington and Lee vs. Kentucky are other inter-circuit games. The only Southeastern conference clash sends Auburn against Tulane. In the Southern circuit, North Carolina State meets Clemson, North Carolina faces Davidson, Wake Forest meets Furman and Virginia Tech plays Richmond. The others have comparatively easy opposition.

Southwest: Southern Methodist bore out pre-season praise by conquering U. C. L. A. 9-6 Friday night, and now tapers off against North Texas Teachers. North Texas held Baylor to 27-30 Saturday. The first conference game sends Texas Christian, 41-6 winner over Centenary, against Arkansas, 28-0 victor over Central Oklahoma Teachers. Rice opens against Centenary and the Texas Aggies, after downing Texas A. and I. 26-0, meet Tulsa. Baylor plays Denver.

Rocky Mountain: Utah, defeated 34-18 by Santa Clara, begins the conference season against Brigham Young and Wyoming, 7-3 winner over New Mexico, plays Colorado State, victor by 20-0 over Colorado Mines.

Pacific Coast: The California Bears' next opponent is St. Mary's, which tuned up with a 16-0 win over Gonzaga Sunday. Southern California, conference favorite, was held to a 14-14 tie by Washington State, 41-0 winner over Idaho. Stanford, 37-0 conqueror of San Francisco, faces Oregon in another conference game. Washington meets Idaho and Washington State plays Montana.

The Tower of London once housed a menagerie.

Frogs Spill Dopesters In Initial Duel

DALLAS, Sept. 30 (AP)—Unsolled by defeat after an eye-opening inaugural that put the customary whacky touch to the Southwest conference race, the league moves into official business next weekend.

Sympathy accorded them in doleful pre-season forecasts removed by their own antics against intersectional foes Saturday last, the Texas Christian Horned Frogs and Arkansas Razorbacks have at each other over in Fort Worth Saturday.

The Christians, expected to head straight for the funeral parlor instead of the stadium when their great Kyle Gillespie went out with an ugly knee wound, arrived on schedule in a colossal sort of way—handcuffing Centenary, 41-6.

Sophomores, seemingly in an endless stream, poured across Centenary's goal line like old veterans. Arkansas asserted the old passing game, probably for want of a passer, and ran Central Oklahoma Teachers weary to pile up a 28-0 count.

The most shocking incident of the opening schedule was Baylor's apparent inability to cope with a passing game. The North Texas Teachers ran up an amazing total of 235 yards by air in scoring Baylor silly before finally falling, 27-20. Now Baylor must make the dangerous switch of climate to play a rather stout Denver university team at Denver next Friday.

Down in the new Alamo stadium in San Antonio, the Texas Aggies go in against a Tulsa university team that will give them a stern test than Texas A. and I. 26-0 victims of the Aggies last Saturday. It took John Kimbrough, Bill Conaster and Jim Thomason, old regulars, to put across the counters on A. and I. Tulsa was breezing to an easy win over Washburn.

Texas' Longhorns were down Colorado for two periods, leading 12-7, and then mixed fine running and passing with the Texas climate to batter a weary band from the Rockies, 39-7. Next Saturday at Bloomington, Ind., Texas needs its Jack Crain, injured Saturday, in a scrap against Indiana university.

Rice plays its first game Saturday against Centenary at Houston, and the railbirds are rather anxiously awaiting a first glimpse at Jess Neely's first Southwest conference product.

Southern Methodist, finally a 9-6 winner over U. C. L. A. before 78,000 at Los Angeles last Friday night after miffing many scoring chances, will work on its goal line punch before meeting North Texas State at Dallas on Saturday.

BOSTON TOPS AFTER EDGING TULANE SAT.

NEW YORK, Sept. 30 (AP)—Without trying to detract from the early accomplishments of such teams as Michigan, Boston College, Southern Methodist, Ohio State, Minnesota, Mississippi, Duke or Wake Forest, it's a good idea to remember that the 1940 football season is just getting under way.

South: The Duke-Tennessee battle is the week's big feature. The Blue Devils, Southern conference champions, walloped V. M. I. 23-0 and the Vols beat Mercer 49-0. Georgia vs. South Carolina and Washington and Lee vs. Kentucky are other inter-circuit games. The only Southeastern conference clash sends Auburn against Tulane. In the Southern circuit, North Carolina State meets Clemson, North Carolina faces Davidson, Wake Forest meets Furman and Virginia Tech plays Richmond. The others have comparatively easy opposition.

Southwest: Southern Methodist bore out pre-season praise by conquering U. C. L. A. 9-6 Friday night, and now tapers off against North Texas Teachers. North Texas held Baylor to 27-30 Saturday. The first conference game sends Texas Christian, 41-6 winner over Centenary, against Arkansas, 28-0 victor over Central Oklahoma Teachers. Rice opens against Centenary and the Texas Aggies, after downing Texas A. and I. 26-0, meet Tulsa. Baylor plays Denver.

Rocky Mountain: Utah, defeated 34-18 by Santa Clara, begins the conference season against Brigham Young and Wyoming, 7-3 winner over New Mexico, plays Colorado State, victor by 20-0 over Colorado Mines.

Pacific Coast: The California Bears' next opponent is St. Mary's, which tuned up with a 16-0 win over Gonzaga Sunday. Southern California, conference favorite, was held to a 14-14 tie by Washington State, 41-0 winner over Idaho. Stanford, 37-0 conqueror of San Francisco, faces Oregon in another conference game. Washington meets Idaho and Washington State plays Montana.

LONGVIEW-PORT ARTHUR TILT IS GRID FEATURE

Associated Press
A schedule that carries 18 conference games but spotlights an interdistrict clash between Longview and Port Arthur slips the Texas schoolboy football campaign into October when championships are won and lost.

The battle Friday night at Longview between the unbeaten, untied Lobos and Yellow Jackets is the major tilt of a week due to cut the list of teams with perfect records to 25.

Two other games send undefeated, untied teams against each other with Woodrow Wilson (Dallas) playing Hillsboro and San Jacinto (Houston) tangling with the Corpus Christi Buccaneers.

San Antonio's Golden Sandies meet Central Hill of Oklahoma City in the feature Intersectional clash.

The game will indicate whether the Sandies deserve their rating as one of the state's top six teams.

There are now 47 teams that have not tasted defeat but seven of these have been tied.

On the basis of the first three weeks of play the standing teams of the state appear to be Amarillo, Lubbock, Cisco, Masonic Home (Fort Worth), Arlington Heights (Fort Worth), Sherman, Longview, Corpus Christi, Port Arthur, Erackenridge (San Antonio) and Kerrville.

All these teams are undefeated and untied. Others with similar rankings are: Childress, Lamesa, El Paso High, Austin (El Paso), Bonham, Paris, Dallas Tech, Woodrow Wilson (Dallas), Brownwood, Stephenville, Bryan, Hillsboro, Marshall, Tyler, Lufkin, Jeff Davis (Houston), Sam Houston (Houston), Lamar (Houston), San Jacinto (Houston), Conroe, South Park (Beaumont), Austin, Laredo, Beeville, Brownsville, Harlingen and McAllen.

Undefeated but tied are Olney, Vernon, Galvestone, McKinney, Mineral Wells, Kilgore and Austin (Houston).

This week Vernon plays Lubbock and McKinney meets Sherman in "cut down games."

GRID INJURIES FATAL
FORT COLLINS, Colo., Sept. 30 (AP)—Jimmy Cholas, 18 year old Grand Junction, Colo., high school student died today of a head injury suffered Friday night in a football game.

TWO INJURED
WEST POINT, N. Y., Sept. 30 (AP)—Two men were injured and two escaped unhurt today as an army amphibian plane crashed in the Hudson river three miles north of the U. S. Military Academy.

Connie Mack Calls 'em Right Mighty Yanks In Backseat

By BILL WHITE
They snickered when Connie Mack predicted the Yankees would end in third place, but the "grand old man" of baseball, as usual, is enjoying the last laugh.

The season has ended and the world champions are in third place.

Thus the mighty Yanks have fallen—and that's the year's biggest baseball story. It's bigger than the fact that the Detroit Tigers held their aged infield together while Hank Greenberg and Rudy York pounded in enough runs in win their first American league title since 1935 in a mad scramble from the disintegration-torn Cleveland Indians and the Yanks.

No such contest sent National league fans swarming through the turnstiles. There the Cincinnati Reds were able to stave off the Brooklyn Dodgers early in the season—and coast home on the wings of a fine pitching staff and lots of hustle.

The year left other memories. There were two no-hit games, one by Cleveland's Bobby Feller and the other by Brooklyn's Tex Carleton. Five pitchers—Bucky Walters, Paul Derringer, Claude Passeau, Buck Newsom and Feller—won 20 games or more; a handful of freshmen bid for "rookie of the year" honors, with young Sid Hudson, Senator pitcher, making a strong claim; and the Indians' intramural war seemed destined to make Oscar Vitt the managerial victim of the year.

Pitching honors go to Schoolboy Rowe, whose courageous comeback is one of the year's bright spots and to fat, Florida

SIMPSON TAKES OKLA. GOLF TITLE

BARTLESVILLE, Okla., Sept. 30 (AP)—Meet the new Oklahoma state open golf champion—Bill Simpson of Bartlesville.

He won the crown yesterday with a 76-72, 148—six over par.

Jack Shields, Walter Emery and Frank Higgins, all of Tulsa, had 149's to tie for runnerup spot.

Defending champion Zell Eaton of Brownsville, Texas, had a tough time on the back nine each round and finished with 150.

Shields got a hole-in-one on the second hole of the afternoon round.

FORECASTS BOOST IN COTTON SALES

AUSTIN, Sept. 30 (AP)—A forecast that 1940 cotton sales would boom \$90,000,000 above last year came today from Dr. A. B. Cox, University of Texas economist who has asserted the governmental cotton policy has blocked U. S. cotton from foreign markets.

Cox, director of the university's bureau of business research, predicted a larger crop plus a four-year peak price would drive the total cotton income well above that of the past three years.

Consumption, he said, would be limited mostly to domestic use, including national defense demands.

RAIL INCOME UP

WASHINGTON, Sept. 30 (AP)—The Association of American Railroads reported today a net railway operating income for class one railroads of \$366,257,827 in the first eight months of 1940, compared with \$269,187,186 in the corresponding 1939 period.

PIRATES' FRISCH RENEWS CONTRACT

PITTSBURGH, Sept. 30 (AP)—Frankie Frisch pulled Pittsburgh's floundering Pirates back into the National league first division and promised a 1941 pennant contender so the management today rewarded him by adding another year to his contract.

LOOKING 'EM OVER

With Jack Douglas

After a frantic three-way scramble, the American league race for the pennant is finally over and the strife and stress of an extremely screwball diamond session is just past history. The beginning of the season saw a highly-touted Yankee team take a beating after it had been doped to give a repeat performance. The wolves then gathered around the broken body of a dying Yank team to quote the "I told you so's." But, the end of the season was featured by a last minute and valiant stand by the World's Champions. What with the Cleveland Indians crying all over the ball park and the Detroit Tigers whooping it up, the flag fray was slated to be a knock down and drag out affair. And it was, gentlemen—it was!

Just to cap off a particularly whacky season, the old pastime of hurling aged fruit and vegetables was revived in the Cleveland precinct.

Yes, it looks like baseball is here to stay in all its fury. There were those who said the game was sissified, but, after seeing umpires 'whupped' all over the lot and fans' hurling arms given plenty of exercise, the fans are willing to concede that maybe it still is one of the best ways to put the blood in circulation that has ever been devised.

Lamesa Grid Camp Lists One Injury

LAMESA, Sept. 30 (Sp)—All members of Lamesa's Golden Tornado football squad will be able to report to Coaches McCollum and Gregg today except Dean McElendon, who will be out with a rib injury.

After being afflicted with a bad case of fumbleitis against Tahoka last Friday night, the Lamesans will spend the week becoming more proficient in their ball-handling.

Out for a double purpose, to get revenge for a 19-12 licking last year and to keep intact their record of three victories in three starts this season, the Tornadoes are primed to wallop a strong Odessa aggregation this coming weekend. Odessa plastered a Ranger crew to the tune of 59-0 last week.

The following Friday night, the Tornadoes will take a swivel up to Plainview for a non-district tilt prior to the district opener with Big Spring, October 12.

Shortage Of Liquor Results From War

MEXICO CITY, Sept. 30 (AP)—The war has so reduced imports of whiskeys and wines from Europe that it has been necessary to intensify inspection precautions to prevent bottles of famous brands from being refilled with spurious liquors made in Mexico, the anti-alcoholic administration announced today.

MURDER, SUICIDE

WACO, Sept. 30 (AP)—Justice of the Peace Mickle Walker returned a verdict of murder and suicide after W. E. Granger, about 39, and his wife, were shot to death near here. He found that Granger shot his wife, then himself, last night. Both lived at Waco.

It Takes Time, Money And Effort To Put Wings On John Q. Citizen

By DEVON FRANCIS AP Aviation Editor NEW YORK — The government is talking about a development in private flying which will put 100,000 or more light planes in the air.

Aviation Editor Devon Francis turns the "prop." It cost him \$384 and 22 days to learn to fly.

At the expense of arousing some of the private flying enthusiasts, I am going to state that flying in airplanes as they are now being built probably will never be any more popular than, say, sailboating.

The procedure has been simplified considerably for the students enrolled in the federal civilian training program. They are out little money, they have definite hours for their training and they have extremely close supervision.

Getting the hang of managing a plane is a matter of good muscular coordination and quick judgment. Until your speed begins washing your control surfaces with air, for instance, you must handle the rudder carefully on takeoff.

You must learn the "feel" of a stall. You must learn to make three-point landings and "wheel" landings with the tail up.

You must learn all these things, but finally and most important, you must learn how not to get lost.

Coordination And Judgment

Looks Twice At Your Eyes

After mastering that—and don't forget a pretty rigorous physical examination in which the doctor looks twice at your eyes—you are eligible to try for a license.

But if you are an average American ticket holder, you will rob the baby's pig bank to spend an hour in the air. Flying is like strong drink. It's hard to stop.

Editor's Note: This is the first of a series of articles "Health for New Army," outlining precautions that will be taken to safeguard trainees under the national defense program.)

By STEPHEN P. McDONOUGH Associated Press Science Writer

WASHINGTON, Sept. 30—The army of 400,000 men who will take the oath of allegiance shortly after registration day, October 16, will be the healthiest conscription group in the nation's history.

Never has there been a more rugged group answering the call to the colors.

Local draft boards and the physicians in local communities will do the preliminary sifting of those called up for examination and as many as thirty per cent may be eliminated immediately because of

poor teeth, flat feet, hernias, hemorrhoids, tonsillitis, faulty vision, venereal disease and other ailments. None will be excused from possible duty but will be put on a deferred status under which they are subject to call.

Examining boards and physicians in communities who know the prospective draftees may eliminate some war department officials said, for no other reason than their inability to get along with other people.

Men selected for training will undergo a second medical examination, much more thorough than the home examination, when they reach a training camp. Here another ten per cent may be weeded out.

Confesses He Slew Woman

PHILADELPHIA, Sept. 30 (AP)—A legal trial that could lead to the electric chair began today for a 35-year-old short-order cook who admitted, police say, that he took attractive Mrs. Ethel Atkins to a vacant farmhouse 20 miles from the city and bludgeoned her to death in a liquor-infused rage.

Mrs. Atkins' body, nude and battered, was found late last Tuesday in an old dwelling at Horsham, Montgomery county. Wife of a Philadelphia bricklayer and mother of twin sons, she was related by a former marriage to the Duke tobacco family of North Carolina.

Yesterday, Police Captain William C. Engle said, William J. Earnest signed a statement that he killed Mrs. Atkins after accompanying her on a round of Philadelphia taprooms.

Police arranged to turn Earnest over to Montgomery county officials today. The statement Engle attributed to Earnest said Mrs. Atkins removed her clothes "as soon as we got in" the farmhouse. There was a party in a second floor bedroom, the police captain said Earnest told him, and then a fierce quarrel.

Seed Inspection To Be Tightened

AUSTIN, Sept. 30—With Texas farmers annually investing twenty-five million dollars in planting seed, the seed laboratory and seed certification division of the state department of agriculture today announced plans for an intensive program of seed inspection and law enforcement to safeguard their investments, according to J. E. McDonald, state commissioner of agriculture.

Working in close cooperation with the federal government, a program has been inaugurated to assure close inspection of all seed shipped either inter-state or intrastate. Under the state and federal statutes, violation of proper labeling regulations provides a maximum penalty of \$1,000 for the first offense, upon conviction.

Under the new set-up announced today by Linden Jones, recently placed in charge of the seed laboratory division, the state has been divided into districts and experienced men assigned to these territories. The primary duties of these men will be to assist seedmen in familiarizing themselves with all seed regulatory legislation, as well as enforcing seed laws, thus enabling the purchasers to grow improved plants, the demand for which has been increased by the federal crop curtailment program.

Loss of Gibraltar would be a severe blow to Britain's domination of the Mediterranean — and that domination is one of the foundation stones of her empire. Virginia Gayda, authoritative fascist writer, said in Rome today Gibraltar would be returned to Spain by the axis. He didn't say how the Rome-Berlin brotherhood would get the big rock, and he didn't claim that Spain was ready to enter the war.

We may know more about this after Spanish Generalissimo Franco's special envoy, Ramon Sener, has completed his forthcoming visit to Rome. There can be no doubt that Franco wishes to avoid active participation in the war. His country is shattered from the effects of the recent civil war and in no condition for further hostilities.

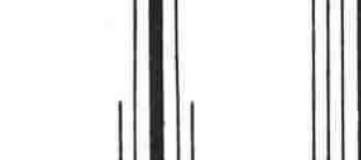

Should Franco join the axis actively Britain in all probability would clamp the naval blockade down on him, and that would be a catastrophe for his country. However, many believe that Hitler and Mussolini will bring pressure to bear so that Franco at least may grant them bases on Spanish soil for operations against Gibraltar.

The winning of the battle of the Mediterranean has become the big thing in the lives of the axis partners in view of the failure of the axis thus far to defeat England on her own home grounds. Should the axis secure control of the Strait of Gibraltar it wouldn't necessarily mean that Britain had lost domination of the Mediterranean, but her position would be grave.

TWO FROM CITY ARE ACCEPTED BY ARMY

Two more enlistments in the U.S. army from Big Spring were announced Monday from district recruiting offices at El Paso. Dale U. Young has been accepted for service in the 53rd Infantry at Fort Ord, Calif., and Oliver W. Lea also was accepted for the same assignment.

Hands Full—With two jobs in the New Deal administration, Jesse H. Jones (above) keeps tolerably busy. Already federal loan administrator, he recently took oath as secretary of commerce, to succeed Harry Hopkins, who resigned.

DEMOCRAT—As critically as though it held the answer to November elections, this flag is examined by President Roosevelt during his visit to the quartermasters' depot at Philadelphia. F.D.R. also visited naval yard.

AN ANALYSIS OF THE WAR DEVELOPMENTS

By DEWITT MACKENZIE

John Bull continues to proceed with astonishing regularity from one danger to another, like a hero of mythology, and now that the triple alliance bomb has exploded without killing any body he faces a grave threat in the possibility Spain may be persuaded to provide Germany and Italy with bases from which to attack Gibraltar.

This contingency is far more serious, as regards the immediate future, than was the creation of the alliance among Germany, Italy and Japan. The alliance is a barking dog calculated to frighten but may not bite. The Spanish danger is unspectacular but deadly.

Loss of Gibraltar would be a severe blow to Britain's domination of the Mediterranean — and that domination is one of the foundation stones of her empire.

Virginia Gayda, authoritative fascist writer, said in Rome today Gibraltar would be returned to Spain by the axis. He didn't say how the Rome-Berlin brotherhood would get the big rock, and he didn't claim that Spain was ready to enter the war.

We may know more about this after Spanish Generalissimo Franco's special envoy, Ramon Sener, has completed his forthcoming visit to Rome. There can be no doubt that Franco wishes to avoid active participation in the war. His country is shattered from the effects of the recent civil war and in no condition for further hostilities.

Should Franco join the axis actively Britain in all probability would clamp the naval blockade down on him, and that would be a catastrophe for his country. However, many believe that Hitler and Mussolini will bring pressure to bear so that Franco at least may grant them bases on Spanish soil for operations against Gibraltar.

THIS JEWEL IS NOT FOR SALE
Good name in man or woman, Mr. Shakespeare's Iago said, is the immediate jewel of their souls.
Back of every business success, back of the smallest product that contributes to that success, is an enduring good name. This is a jewel that is never for sale.
Advertising cannot make a bad name good. Nor should it try! But advertising can carry a good name to a rich and just reward. In fact, advertising is the voice of the good name. Through advertising, the good name is able to make the promises that men live by.
This newspaper is proud of the good names in its advertising columns. You will find nothing but good names here.

Traffic Death Total Mounts

CHICAGO, Sept. 30 (AP)—There was no holiday in traffic fatalities on the highways in August — the nation's heaviest vacation month. The surge of vacation travel last month was cited today by the National Safety Council as the major factor in what it termed a "startling" increase in the number of automobile deaths.

The council reported the country's traffic toll mounted to 3,220 deaths in August, the greatest rise in any month since March, 1937, and an 18 per cent increase over the 2,730 killed in August last year. The August total was a reversal of the 3 per cent decline recorded in July, and 17 per cent above the July toll. The normal July-August increase is 3 per cent.

The August toll boosted the total for the first eight months of the year to 20,640—a gain of 7 per cent over the 19,280 toll for the corresponding period last year.

Some Draftees Must Wear Old Uniforms

WASHINGTON, Sept. 30 (AP)—The army expects to provide its new selective service and other recruits with at least one new complete, regulation uniform, but some men will have to put up with ancient garb this winter for "second best" wear.

About 50,000 overcoats and large stocks of Melton breeches and leggings dating from the World War will be issued, informed officials reported today, to make up a prospective shortage.

Aside from these makeshifts, the delay in starting conscription has given the war department time to solve clothing problems which not long ago appeared insurmountable.

Deliveries are well under way now and manufacturers are turning out finished products at scheduled rates or faster.

The army's total clothing bill for a year beginning with the early summer of 1940 is expected to exceed \$300,000,000. The initial equipment of a soldier costs about \$100.

EXPOSITION CLOSES

SAN FRANCISCO, Sept. 30 (AP)—The \$50,000,000 Golden Gate international exposition came to an end last night before the eyes of its largest crowd, more than 500,000 persons who thronged Treasure Island to watch the fair pass into history.

Memory Of The MOON

(Continued From Page 6)

beauty. And when they turned, the western slope was rich with beauty.

"Chita," John pulled in close to her. "I've wronged you. I didn't believe a person could love land enough to long to possess it as you long to possess El Cabrillo. I'm beginning to understand."

Constance smiled at him. "Look, John, see the half-moon it makes, jutting out to sea. Notice the coves; and now look at the highway. Like a bandaid on the hair of a beautiful blonde... John, can you imagine that cut up; pink stucco and log-and-stone monstrosities every half-mile?"

John stared down at the scene. In the stillness faint sounds reached them, the plaintive lowing of cattle, the bark of a dog, the sound of a motor.

He reached for Constance's hand. "We'll keep it in one piece, Chita," he promised.

His horse shied as a silver-gray squirrel scurried before it, seeking the shelter of stub pine, and John rose with the horse, wheeled and came back smiling. "Oh, it's good to be in a saddle again. Dad would like it."

"Let's look at the barn," suggested Constance quickly and rode ahead. And in her mind she was repeating his words: "We'll keep it in one piece."

To be continued.

POP AND THE TAXI DRIVER

POP AND THE TAXI DRIVER HAVE GONE TO MEET THE SPECIALIST FOR TOMMY... WHILE SKIDD AND PATSY ARE AT THE STUDIO TO SELL POP'S NEW SONG...

Y'KNOW, IF MR. HIGGINS HADN'T

ADVANCED ME THAT MONEY FOR MY SONG, I COULDN'T HAVE HIRED THIS SPECIALIST TO CURE MY SON, TOMMY!!

MEANWHILE...

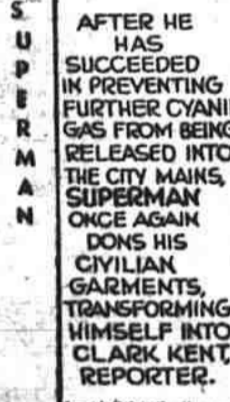

BUT SKIDD—WHAT ARE YOUR PLANS FOR SELLING POP'S SONG?

I'LL THINK OF SOMETHING! SHHH—HERE COMES SOMEBODY!!!

AFTER HE HAS SUCCEEDED

IN PREVENTING FURTHER CYANIDE GAS FROM BEING RELEASED INTO THE CITY MAINS, SUPERMAN ONCE AGAIN DONS HIS CIVILIAN GARMENTS, TRANSFORMING HIMSELF INTO CLARK KENT, REPORTER.

NOW TO HURRY BACK

TO THE DAILY PLANET AND SEE HOW LOIS AND JON ARE MAKING OUT!

WHERE'S LOIS?

GONE HOME. SHE FOUND SHE WAS MORE TIRED THAN SHE REALIZED.

ODD! NO ONE ANSWERS!

ONCE AGAIN REVERTING TO HIS IDENTITY OF SUPERMAN, CLARK TRAILS JON TERRILL'S AUTO...

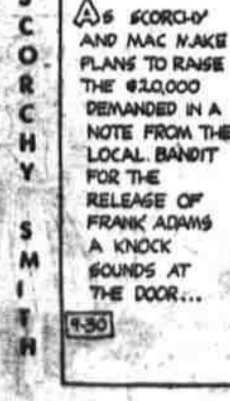

SHE MAY BE HOME

BUT I'LL FOLLOW TERRILL ANYWAY. I HAVE A HUNCH...

AS SCORBY AND MAC MAKE

PLANS TO RAISE THE \$2,000 DEMANDED IN A NOTE FROM THE LOCAL BANDIT FOR THE RELEASE OF FRANK ADAMS A KNOCK SOUNDS AT THE DOOR...

WELL, I'LL BE... A GIRL!

WHAT DID YOU EXPECT... A BRUSH SALESMAN?

BETTER PUT THAT POP-GUN AWAY,

SIG BOY, BEFORE YOU HURT YOURSELF!

WELL, HAVEN'T YOU GOT

A LADY IN OUT OF THIS FLOOD?!

NO SEE MISSY PA?

NO—SH HIDE MISSY MA'S MONEY IN LAUNDY-BASKET 'STEAD O' IN GARLAGE—CAN AN—

AND—THAT PHONEY

DETECTIVE WALKED OFF WITH TH' GARLAGE CAN, BUT TH' MONEYS STILL SAFE! LITTLE HILLA, YOU'RE TOPS!

BUT—WHILE I KNOW

NEITHER MA NOR TH' SAP IS CAPABLE OF TAKIN' CARE OF ALL THAT JACK, I'M NOT SO SURE NOW, THAT I AM EITHER! AND—IF I LOST IT FOR 'EM, I'D NEVER FORGIVE MYSELF!

NOPE, I DON'T WANT TH'

RESPONSIBILITY OF IT—I'M GOIN' TO TURN IT OVER TO MA!

WHAT? YOU HAVE

A SURPRISE FOR ME?

Dawson County Red Cross Has New Officers

LAMESA, Sept. 30 (Sp) — Resignation of W. V. P. (Billie) Baker has resulted in the appointment of W. L. Marr, Lamesa mayor, as general chairman for the Dawson county chapter of the American Red Cross.

Similarly, the resignation of J. D. Dyer as treasurer resulted in the naming of Sam Richardson, chamber of commerce head, to that post and as civilian relief man.

E. G. Stephens, special field representative of the national headquarters, came here to assist in reorganization of the local chapter.

Other officials of the chapter are: Mrs. W. D. Arnett, secretary; J. D. Dyer, home service chairman; Vernon Bryant, accident prevention chairman; James Sumpter, first aid chairman; Leslie Pratt, life saving chairman; Mrs. Ed Guynes, junior Red Cross chairman; Caryl Baldwin, disaster chairman; and Raymond Lee Johns, publicity chairman.

W. A. Wallace has been chosen as chairman of the annual roll call in Dawson county which will be staged from Nov. 11 to Nov. 30.

Case Of 'Sleeping Beauty' May Be Lead To Combatting Sleep Illness

CHICAGO, Sept. 30 (AP)—In death, Patricia Maguire, the "sleeping beauty" of Oak Park, Ill., gave to medical science new light on the nature of sleeping sickness.

As a result of their study of the brain of Miss Maguire, who lay ill for five years before she died following complications of an abdominal tumor and pneumonia, two physicians concluded that chronic epidemic encephalitis (sleeping sickness) is a persisting inflammatory disease instead of being an acute original infection.

From this came hope for future victims for the report of the two doctors indicated that a method of treating encephalitis may eventually be found because inflammatory conditions may lend themselves to treatment.

The doctors also reported that damage to the posterior or rear part of the hypothalamus region of the brain is the lesion or injury responsible for the production of pathologic sleep in human beings as well as in experimental animals.

Chronic epidemic encephalitis is an inflammation of the brain associated with drowsiness and somnolence.

The particular type with which Miss Maguire was afflicted was diagnosed as being of the Von Economo type, named after Constantin Von Economo, an Austrian neurologist. There have been epidemics of the disease, in Paris, Ill., in 1933 and in Indiana in 1934.

Miss Maguire's case attracted national attention. In February of 1932, the young woman, then 26, after several days of progressive drowsiness, sank into five years of almost unbroken sleep. Her diet, given through a tube, resulted in such a rapid gain of weight that it had to be reduced, the doctors reported.

Garner Finds Time To Write Wife A Letter

WASHINGTON, Sept. 30 (AP)—Vice-President Garner, here without Mrs. Garner, who is his secretary, for the first time in many years, found time to sit down and write a letter to her today.

Garner went to his office in the Capitol long before anyone except attendants had appeared, and asked one of them for a pencil and paper. He remarked that it was the first time since returning to Washington from Uvalde last Thursday that he had found time to write to Mrs. Garner, who has remained in Texas. Almost without exception she had accompanied him to Washington since he first came to congress, in 1903.

Mail plenty has gone out of the vice president's office to Uvalde in the past few days, however. Garner's chauffeur, Tom Hart, by instruction has forwarded most correspondence, except that in the official appearing envelopes, to Texas for personal there by either Mrs. Garner, or Louis Friday, a secretary.

French, Japanese Confer On Issues Of Indo-China

HANOI, French Indo-China Sept. 30 (AP)—Ranking French and Japanese representatives conferred at Hanoi today on what informed sources said were "larger issues" arising from military facilities granted the Japanese in northern Indo-China.

Emissaries of both sides journeyed to Langson to seek release of between 40 and 60 wounded and much larger number of other French soldiers held in that northern Tonkin center since the Japanese capture of Sept. 25.

Return of the Japanese coincided with the departure of the last Chinese leaders of the community. The entire staffs of the Chinese consulate, the Bank of China and other semi-official agencies left Hanoi last week.

Here 'n' There

As a result of a car mishap just before Christmas, George Choate, son of Mr. and Mrs. J. M. Choate, sustained injuries which precluded his walking again. But George, always active, won't let that stop him. Friends put him on his hospital cot and take him to a likely looking spot where he patiently waits for a dove to appear. From his cot he fires with remarkable accuracy. He already has bagged five birds.

Gloria Conley, daughter of Mr. and Mrs. E. M. Conley, ran into a mosquito that was loaded with trouble and ended up in the hospital with a fever contracted from the bite. But after two weeks of hospitalization, she appears all right and returned to school Monday.

After 100 years, the sugar bowl and spoon set of L. W. Jester, local cafe operator, is going to get a new coat. Jester turned the antique by Sheffield over to police to send in for nickel-plating. Spoons for the bowl dangle from special notches around the bowl rim.

Harvey Buncie apparently has won an important battle. Six weeks ago he was so severely injured in a car smash that it was doubtful that he would be able to walk. Now, although he must spend several months more in bed he probably will be able to walk around the first of the year. He was removed from the Cowper Clinic Sunday to his home.

While Joe Miller, 1204 Gregg street, was in church Sunday, someone took advantage of his good intentions.

Returning home he found his quarters had been ransacked and several items, including luggage, shirts, shoes, etc. had been taken. Police were investigating.

R. L. (Pancho) Nail is getting oratorical since he got into politics. His latest forensic foray is scheduled for Tuesday morning at college Heights school when he is to outline flag etiquette. He ducked an appointment Friday but got nailed for Tuesday.

Even Mickey Holmes doesn't think the Irish could cut much figure in the current war. "Sure and the Irish can fight, but with sticks and stones," he says. "And, would you be saying that even an Irishman can chuck a rock as high as an airplane can fly?"

Italians Attempt To Bomb Haifa

JERUSALEM, Sept. 30 (AP)—Hundreds of spectators on historic Mount Carmel watched an attempt of the Italian air force yesterday to bomb Haifa, British oil port on the Palestine coast, for the third time in eight days.

Witnesses said the big Italian bombers were met by withering anti-aircraft fire and twisted and turned in efforts to escape it. Finally the raiders were said to have climbed to a great height and loosed their bombs on waste land and into the sea.

Material damage was reported to be trifling. Ten persons suffered minor injuries.

over the county assisting in the work.

In relation to the number to be registered in the state, Howard county should have around 3,100 men between the ages of 21 and 25 who will be required to register on Oct. 16.

Governor O'Daniel, in his letter to county clerks, said that it would require from 20 to 30 minutes for each registration. Since the period of registration is 14 hours—from 7 a. m. to 9 p. m.—the average registrar might be able to handle up to 40 registrants during the day.

So far as possible, men will be required to register in their voting places. However, non-residents must register regardless of their location on Oct. 16.

Porter has been called upon to see that each registering place is provided with chairs, tables, pens and ink along with United States flags, which must be displayed at each place of registration. Election officials, with the exception of those who fall within the age of registration, will be asked to assist in the task. An especially large number of volunteers will be needed in Big Spring owing to the fact that about three-fifths of the county population resides in or near here.

CAA Classes

order early in October. A secondary flight training program at the airport under Art Wintheiser is due to be completed this week.

In order to make a survey which would facilitate the inauguration of a third ground training program here for non-college students, the chairman asked that all interested apply at the chamber of commerce office.

While only those who are 19 but not yet 26 years of age and who have perfect vision without glasses and can pass a physical examination are eligible for scholarships, any person may take ground training. Those who failed or passed previous courses but did not get scholarships may enroll. All interested, however, should apply at the chamber office.

CAA certificates of "evidence of aeronautical knowledge" have been received for those passing the last ground training course and may be obtained from Dr. Malone.

Beauty Operators In Convention

SAN ANTONIO, Sept. 30 (AP)—Outstanding exponents of America's three-billion-dollar beauty industry spent a busy morning and afternoon in San Antonio today as the second day's session of the national convention of hairdressers and cosmetologists, at which more than 7,000 delegates from all over the western hemisphere are present, featured such work as manicuring, facials, haircutting, permanent waving and shop management.

Mayme Madden, president of the Iowa state hairdressers and cosmetologists association, was mistress of ceremonies.

Educational features included a lecture and demonstration by Bostez Powell of Fort Worth on care of the nails. Helen Templeman of Kansas City, conducted a lecture on facial technique.

Beauty Operators In Convention

CHICAGO, Sept. 30 (AP)—A group of republican party leaders, headed by Herbert Hoover, Alfred M. Landon and Thomas E. Dewey, today prepared to open a series of campaign speeches, most of them in the Middle West in behalf of the Willkie-McNary ticket.

John D. M. Hamilton, executive director of the GOP national committee, said that schedules for all of the party leaders had not been completed, but that Landon, 1936 presidential candidate, would open the drive against the new deal tomorrow night in a speech at Hastings, Neb.

Former President Hoover's first Middle West address will be at Columbus, Ohio, on Oct. 9, Hamilton said.

NEW HIGHWAY TO FT. WORTH MARKET IS REQUESTED

AUSTIN, Sept. 30 (AP)—Southwest Texas county delegations today recommended that the highway department open a direct route to Fort Worth livestock market by linking existing highways in the Brady-Junction, Del Rio area.

Spokesmen asserted a direct route to the Fort Worth market would give them a second outlet for sales, throwing the San Antonio and Fort Worth markets into competition to the benefit of the producer.

They stressed also the military importance of such a route because of national defense projects rapidly developing in southwest Texas.

COLLECTOR NAMED

WASHINGTON, Sept. 30 (AP)—President Roosevelt today nominated Roy G. Pashal of Little Rock for collector of internal revenue for Arkansas and Victor Russell of Beaumont as collector of customs for District No. 21 at Port Arthur, Texas.

German Airman Close To Hitler Said Captured

LONDON, Sept. 30 (AP)—A 32-year-old German airman described as "a son of one of Hitler's most eminent advisers in the gentle art of murder of the air," was reported today to have been taken prisoner in Britain.

The Rev. E. L. Farnessey, vicar of Mappedurham, who reported the capture in his parish magazine, said his facts had been passed by the British censor.

There was no other indication of the prisoner's identity.

Both the air ministry and war office said they had no knowledge of the capture of any Nazi flier fitting the vicar's description.

CLAIMS GERMANY WILL HAVE BREAD

BERLIN, Sept. 30 (AP)—Walter Darré, minister of agriculture, declared today Germany's war year bread grains harvest would be only two per cent under the peacetime average and would "ensure the stability of bread rations in Germany for a long time to come."

He put the 1940 grain yield at 24,600,000 metric tons, or 903,000,000 bushels.

\$217.50 PAID OFF

Additional payments by firms and individuals underwriting the rodeo brought the total to \$217.50 Monday. Total amount due under the underwriters' agreement is \$300.

REPORT U. S. SAILOR HELD BY JAPANESE

SHANGHAI, Sept. 30 (AP)—A sailor from the U. S. cruiser Augusta was reported today to have been detained by a Japanese gendarme Saturday night and allegedly beaten at gendarme headquarters before officers from the warship effected his release.

The sailor was detained on the Whangpoo waterfront while returning to his ship, it was said, and held at the gendarme headquarters for two hours.

The Shanghai press asserted the sailor apparently had been drinking. After his release, it was said, he required medical treatment.

MANY LOSE WEIGHT BY NEW EASY PLAN—EAT CANDY EVERY DAY!

Many lose ugly pounds and have slimmer, more graceful figures. AYDS Candy contains NO DRUGS—No harmful ingredients—\$1,000 Purity Guarantee. We invite analysis. AYDS plan calls for no exercising. Many simply eat this delicious candy to curb their appetites for rich, fattening foods. AYDS plan is effective only in cases of overweight due to over-eating in eating, which includes most overweight people. AYDS Candy helps supply Vitamins A, B1, and D to prevent deficiencies that might occur due to limited appetite. Also contains valuable food factors from egg yolk, milk, maltose and selected vegetables. Only 7c a day—30-day supply for only 52c. Free Delivery. Be stylish—eat AYDS as thousands of happy women are doing! Get original AYDS—net an imitation. SATISFACTION OR MONEY BACK! Start now! Orders filled promptly. Just phone.
