Excess Profits Tax Approved By House

Higher Levy Is Placed On Corporations

Approval in Senate Will Clear Way For Congress Recess

WASHINGTON, Oct. 1 (AP)—Legislation levying on corporations an excess profits tax of 25 to 50 percent was voted finally today by the house.

The measure, put into present compromise form by a joint committee after house and senate had passed differing versions, now goes to the senate where approval, expected tomorrow, would send it to the White House.

In addition to the tax sections, the bill contains provisions designed to speed up armament production and furnish a system of insurance for the nation's fighting men.

Including a 3.1 per cent boost in the normal corporation income tax, the bill will produce, tax authorities said, \$500,000,000 in revenue the first year and about \$1,000,000,000 thereafter.

When the tax bill clears the senate, congress will have only one major item on its calendar—a \$1,400,000,000 defense appropriations measure which carries funds for the conscription program and expansion of the standing army.

Leaders expressed confidence it could be passed in the White House this week. The measure would set up a new government insurance system for draftees, national guardsmen on active duty and other soldiers and sailors, permitting them to obtain policies up to \$10,000 at low rates.

The 3.1 per cent corporation income tax increase would boost the normal rate from the present 20.9 to 24 per cent. Special lower rates for corporations with less than \$25,000 net income would not be affected.

Under the excess profits tax schedule, the first \$5,000 of profits would be exempted with "credits" based either on a concern's past earnings or its invested capital also to be allowed. The minimum credit would be 8 per cent of a corporation's currently invested capital.

WPA Chief Is Death Victim

NEW LONDON, Conn., Oct. 1 (AP)—Colonel F. C. Harrington, 53, who capped a brilliant army career by becoming head of vast Works Projects Administration, died here last night at the Lawrence and Memorial Associated Hospitals.

Suffering from what his physician described as an intestinal obstruction, Harrington underwent an operation September 23 and apparently was on the road to recovery, able to converse by telephone with his children in Washington as recently as last Friday. Complications developed, however, and his condition became critical Sunday.

His two children, William, a student at Yale, and Miss Eleanor, were at his bedside. They are his only immediate survivors. His wife died in February, 1938.

Dawson County Fair, Opening Oct. 10, To Feature Free Gate

LAMESA, Oct. 1 (Sp)—A free gate will be offered at the Dawson county fair this year, officials have announced, and upon its success may depend the continuance of the plan.

Already arrangements for a colorful parade opening the three-day event on Oct. 10 are shaping up under the supervision of Conway E. King, Lamesa high school band director. Several business concerns have offered floats.

Workmen have completed most preparatory construction, having erected booths in the commercial and general exhibit buildings along with stalls for livestock displays. Two structures have been added to the permanent fair set up and utility connections made. FFA and 4-H club boys are finishing their booths.

Approximately \$500 in cash prizes will be given this year along with ribbon awards to exhibitors in divisions for poultry, livestock (cattle and hogs), general agricultural (grain sorghums, grains, forage, cotton, threshed grain, fruits, vegetables) for farmers, FFA and 4-H club boy classes; educational, arts and crafts; textiles; canned products and others.

Dairy cattle shown at the fair must be TB tested and Bangs tested, officials have announced. Judges are being furnished by the Texas A. & M. extension service.

Friday, Oct. 11, has been designated as Kid's Day at the fair and schools will be dismissed on that date over the county. Special prizes on the midway will prevail. Fair officials are: W. B. Collins, president; Connally Baldwin, vice-president; Raymond Lee Johns, secretary-treasurer; W. K. Crowley, F. L. Grisson, S. L. Forrest, J. T. Allen, A. W. Matthews, Mrs. Truman Thorp, C. A. Hollingsworth, W. M. Yates, Joe M. Peterson, D. L. Adeock, W. J. Beckham, George D. Norman and J. M. Peterson, directors.

B. J. Baskin, county agent, associate director; and these special directors: Allen, merchants' exhibit; John and A. G. Eardley, concessions; Grisson, general agriculture; Mrs. C. W. Shafter, home demonstration; Mrs. Dixie Kilgore, general women's; Ben Dapson, aided by E. V. Dunn, Jr., poultry; Harvey E. Owens with D. L. Adeock, Jr., livestock.

F. E. Hardy with Billie Joe Hardy, hogs; J. Logan Green with Robert Hunt, general agriculture exhibits; Mrs. I. W. Freedy, arts and crafts; Mrs. C. D. Applegate with Gene McEldown, educational; Mrs. T. E. Temple, textiles; Mrs. V. E. Hahn, canned products; Mrs. W. L. Marr, culinary exhibits; Mrs. J. D. Banta, 4-H club girls exhibits.

Almazan's Friend Slain By Police

MONTERREY, Mexico, Oct. 1 (AP)—Police and soldiers today shot to death Brigadier General Andres Zamora, old friend of Juan Andreu Almazan, losing candidate for president, to smother what they declared was a revolutionary plot to seize the garrison, governor's palace and other state and local offices here.

Authorities said they now had restored order and that all was quiet in Monterrey. Several persons were reported under arrest.

The newspaper Tiempo said military authorities descended on Zamora and his adherents after one of the latter, alarmed by the proportions of the reported plot, had tipped off police.

German Power Plants Raided By The RAF

Britons Blast Away At Enemy's Strategic Points

LONDON, Oct. 1 (AP)—Violent explosions in Berlin, Mannheim and elsewhere in Germany followed widespread RAF raids last night and early today, the air ministry news service declared in a summary of the air force's continuing attacks.

For over three and a half hours heavy bombers, which had slipped past the German anti-aircraft guns, moved over the German capital, raining bombs on power plants which already had been damaged in previous raids, the summary said.

The German "invasion bases" at Dunkerque, Calais, Ostend, Boulogne, Locriet and Le Havre were also pounded. The news service said the west power station in Berlin, hit last week, was clearly identified by flares.

A few minutes after the first stick of bombs had fallen there was a large explosion and numerous fires marked the success of the attack," it reported. It continued with these details: "The Klingenberg power station also was heavily bombed," railways were hit and a factory set on fire.

At the Mannheim railway yards the bursts of bombs was followed almost at once by a violent explosion and then by a whole "line of explosions so fierce and bright that our aircraft were lit up by them."

The fliers decided they had hit either ammunition trains or a series of dumps. BERLIN, Oct. 1 (AP)—"Highly successful" air raids on Britain, particularly London, were reported by the high command today while Germans minimized the effectiveness of British raiders who gave Berlin its longest alarm of the war last night.

"Our air force attacked war essential objectives in England by day and night in closed formations and with numerous incendiary bombs," said the high command's report of the preceding 24 hours.

The severest attacks were centered on London, as well as the sea region of the British Isles. It acknowledged "a strong defense" of London, but said the raids, especially during the day, were "highly successful" and declared that, in all, Britain lost 68 warplanes against German losses of 31 yesterday. (The British said 47 German and 22 British planes were downed.)

Third Quarter Business Off

Big Spring planned hopes on a big autumn business to revive slight losses reflected during the first three quarters of the year as reflected in building permits, postal receipts and new passenger car registrations.

Construction activity, gradually growing more lagard during the past two years, felt another notch in comparison with the three-quarter mark of last year. Through September permits totaled \$237,441, considerably under the \$249,975 at the same time a year ago and far under the \$378,790 for the first nine months in 1938.

The third quarter totals were lowest in several years, erasing a \$3,000 advance at the first half and substituting a \$12,000 loss. Postal receipts furnished the brighter spot with receipts of \$54,537 at the end of September, up from the \$51,441 at the same time last year and even above the \$53,484 at that point in 1938.

Bomb Attacks Continue For The 25th Day

Women And Children To Be Sent Out Of Populated Area

LONDON, Oct. 1 (AP)—With no end in sight to the bombs which have fallen on London day and night for 25 days, Britain's capital is preparing for the severest winter of war in its history.

Its plan is three-fold—to combat the German raiders with the strongest possible defense weapons, to speed an exodus of women and children to more sparsely settled and thus less bombed areas; to give those who must stay the utmost shelter.

After another night-long spate of attacks broken off just before dawn, London's anti-aircraft guards roared into action again this morning against scattered German raiders.

Early this afternoon several bombs fell in a thickly settled southwest London district and there were believed to have been casualties. A raider who penetrated to the central London area disappeared toward the southeast amid a burst of anti-aircraft shells, and followed by a patrol of British fighters.

One German plane, believed to have been that which earlier was reported to have strafed a train in a southeast London station, crashed in Surrey after a fight with a Hurricane.

Three other raiders were reported down out of formation in Devonshire Square. British fighters attacked a flight of about 15 which crossed the south coast late in the morning. After a tour of bombed areas, Harry Wiltkin, special commissioner for rehoming the homeless, told adults that "all those who can leave should."

Extension of the mother-and-child scheme is being considered. See LONDON, Page 5, Column 3.

REPORT SPANISH VESSELS SUNK

LONDON, Oct. 1 (AP)—Authorized British sources reported today that Italian submarines had torpedoed and sunk three Spanish vessels recently with heavy loss of life.

These sources said the 3,302-ton steamer Monte Monaco was sunk Sept. 28 off Cagliari, Sardinia, and four of the crew killed; the trawler Almirante Jose de Carranza sunk Sept. 19 with only one survivor, and the 3,302-ton vessel Cabo Tortosa sunk about the same time with no survivors reported.

FOOD RATIONED

VICHY, France, Oct. 1 (AP)—Stringent food rationing went into full effect throughout France today as restaurants were ordered to serve no restricted food—such as meat, bread and cheese—without receiving ration tickets from patrons.

Rome Denies 'Pressure' To Bring Spain Into The War

Talks For Purpose Of 'Clarifying Views'

ROME, Oct. 1 (AP)—Authoritative sources declared today that immediate Spanish entry into the European war was not an issue at conferences started this morning between Premier Mussolini and French minister of government, Edouard Berthoin.

The source added that England probably would "show victory" and say that "Spain resisted axis pressure," but that no such pressure had been brought to bear. The Spanish envoy's first talk with Mussolini was finished at 12:35 p. m. Serrano Suner then went to lunch with Italian Foreign Minister Count Galeazzo Ciano.

Foreign observers said they believed Serrano Suner and Mussolini would put the final touches to an understanding defining Spain's part in Italian-German plans to conquer Gibraltar. In general the fascist press reflected a belief that Spain could be used in the axis scheme as a base for attack on Gibraltar without entering into an outright military alliance.

Il Popolo di Roma declared: "Spain's position as it will remain for the present is that of being vigilant and watchful over all that happens in the European world, ready at the opportune moment to use her rights and achieve even with arms her aspirations."

The "right moment" was believed by foreign circles to refer to the time when Britain's collapse would appear imminent, for it is generally agreed that Spain is incapable of fighting a protracted war so soon after emerging from her devastating civil war.

City Prepares Its Tax Roll

The City of Big Spring became the first of three local tax collecting agencies Tuesday to complete the 1940 rolls and mail statements to taxpayers.

With the rolls complete and receipts written, statements were placed in the mail Monday evening, and early Tuesday morning a total of \$309 in current taxes had been paid. H. W. Whitney, city secretary said.

Officials at the school tax office estimated that it would require about 10 days in which to complete the procedure for the Big Spring Independent school district. John F. Wolcott, county tax collector-assessor, said that with a limited staff he could hope only to have the county and state rolls complete by Oct. 15.

MISSILES HURLED AT WILLKIE, WASTEBASKET INJURES GIRL

DETROIT, Oct. 1 (AP)—A girl autograph hunter, struck on the head by a metal wastebasket as she waited outside a downtown hotel to see Wendell L. Willkie last night, was reported in serious condition with a skull fracture today.

The basket was one of several missiles which showered down on the crowd following the republican presidential nominee shortly after he had entered the hotel.

The girl was identified as Betty Wilson, 19. A dozen stitches were required to close a scalp laceration. Tracing the source of the missiles, police arrested a woman who gave her name as Miss Doris La Rue, 51, and said she was an employe of the Reconstruction Finance Corporation.

Paul Wenzel, chief of detectives, quoted Miss La Rue as saying she had hurled the five-pound metal basket and other objects from her eighth floor room "in a spirit of fun." She was held on a disorderly conduct charge pending the outcome of Miss Wilson's injuries.

Police said a bottle, a wooden chair, a heavy phone book and a bedspread also had been hurled from the window. No one else in the crowd of about 1,000 was injured.

Einstein Becomes American Citizen

TRENTON, N. J., Oct. 1 (AP)—Federal Judge Phillip Forman welcomed Professor Albert Einstein to American citizenship today with an observation that the scientist's presence here becomes America's gain.

Judge Forman, pointing out that he himself was the son of immigrant Jewish parents, said "I am deeply cognizant that only in America would it be possible for me to occupy the position which I do as the representative of my country."

"In our concept he was created equal with all men," said Forman. "The German-Jewish scientist, who would have preferred the isolation of his own city in his native land, has chosen to become an American citizen. He has chosen to live in our country and to share with us the fruits of our civilization."

Pick Jury To Try Mexican

ELDORADO, Oct. 1 (AP)—Ten jurors had been named here at 11:30 a. m. today for the trial of Emiliano Benavides, charged with the slaying of Henry Calcolte in this county Sept. 5, and two motions of the defense for continuance or postponement had been overruled.

A supplemental motion this morning asked postponement on the grounds that the Mexican government and the Mexican embassy at Washington had requested the U.S. department of state to postpone the trial until they could "investigate the illegal transportation of Benavides from Mexico across the international border in violation of the extradition treaty between Mexico and the United States in 1899."

Williamsburg CHINA

We are happy to present this famous pattern in old pink lustre, copied from a Williamsburg teapot dating back to Colonial times.

We know that you will be interested in knowing that, when the King and Queen returned to England last summer following their tour of the United States and Canada, they carried with them a set of Williamsburg china, presented to them by Mrs. Roosevelt.

This earliest of Early American design is modestly priced—too.

DOWNTOWN STROLLER

Mr. and Mrs. Tom McLaughlin were in town Monday and Mrs. McLaughlin looked modish in a black suit with grey blouse and black accessories. He is the man who gives the knockout horseshows each spring . . .

Evelyn McCurdy and Dorothy Lee Bassett are no relation and don't even look alike but everyone confuses their names. They are so used to it by now that they answer to either name. Must be because they are together a lot and people forget which is which . . .

Looks like a metropolitan area these days with our white and green busses whizzing through town, blasting horns and taking passengers on and off. Yesterday it took us five minutes to cross the main drag what with traffic and everything . . .

Mr. and Mrs. Cecil McDonald and their little daughter Cecilia all look as much alike as peas in a pod-to-us. They are all reddish blondes and have happy smiles. They make a pretty picture together . . .

Mrs. L. D. Jenkins dropped in to report on the meeting of Catholic Women in Midland and tell us all the news. She is the sweetest in a reporter's dream, always on time and accurate. We think she missed her calling . . .

Mrs. Harvy Williamson's favorite color is black and she wears it almost exclusively. With her dark hair worn in a coronet braid and her severe black, she always looks theatrical and dramatic . . .

Incidentally, did you know there are only 78 more shopping days until Christmas?

It's A Dull War For Stranded Nazi Sailors

FORT LAUDERDALE, Fla., Oct. 1 (AP)—War is a boring business for 44 Germans who roared the freighter Arauca into Port Everglades last December to escape the pursuing British cruiser Orion.

The grim chase, including the first shot of the war fired within sight of the United States, was the only excitement the conflict has provided for the crew, who are now marooned in their haven and leading humdrum lives under rigid restrictions enforced by the immigration service.

No one knows when they can return to their native land. Even if Nazi officials decided to risk the motorship in a dash for home, authorities here would not permit her to sail until claims against the Hamburg American Line are settled.

Two coast guardsmen constantly patrol the deck, with orders to keep unauthorized persons off the ship and to prevent departure. The English are so confident the vessel will not leave that they have withdrawn the lookout they had stationed on the dock during the first weeks the boat was here.

The status of the crew is odd—they can be neither admitted nor deported. Marion M. Black, immigration service officer who keeps an eye on the Germans, explained that they are in a position resembling that of shipwrecked sailors who reach a foreign port.

"They came here to find a haven of safety," he said. "If they think there is danger for them at sea, they can remain."

Trouble Starts This Way

FREDERICKSBURG, W. Va., Oct. 1 (AP)—Winifred L. Watkins of Richmond and Winifred L. Watkins of Birmingham, Mich., are having a tough time as freshmen at Mary Washington college here. "I've a letter from your boy friend," said the Richmond Miss Watkins to Miss Watkins of Michigan.

"And I've got a letter from your boy friend," replied the latter.

FINES DOUBLE UP

KANSAS CITY, Kansas, Oct. 1 (AP)—Harold McKain, given a summary officer he was hurrying to police court to answer another summons for speeding, told the arrest-summons for speeding.

Judge Edmund B. Smith fined him \$7.50 for the first summons and \$5 for the second. There was seven miles difference in speed.

AN ANALYSIS OF THE WAR DEVELOPMENTS

By DEWITT MACKENZIE
The important situation of the day centers in the meeting between Signor Mussolini and Spanish Envoy Suner in Rome to discuss Spain's part in axis plans to reduce the Great British stronghold of Gibraltar as an essential phase of the effort to smash England's domination of the Mediterranean.

I have discussed this situation so thoroughly already, that I suggest we await further developments and turn our attention today to England's general position in face of this and other serious threats.

This thought is inspired by a letter I have received from a New York resident who has a German name and obvious Nazi sympathies, roundly taking me to task because I have ventured the view that England isn't yet beaten.

He (or she) declares the British are licked and don't know it. My correspondent says I'm letting my imagination run away with me, and further deposes:

"Nineteen days (now 24) of the bombardment of London and England is a rather long time for the German Luftwaffe, I admit, but if you knew anything about German thoroughness, endurance and power or were willing to admit it, you would have begun to worry about your British friends ever since they lost their good sense and declared this war on Germany. This even if the Germans do not perform the expected daily miracle of doing the impossible.

"Britain is licked, only in accordance with British custom and disposition it takes them a little longer to realize it than it does anyone else."

I received much comment on this column—some favorable, some accusing me of being anti-Nazi and pro-British, and some charging that I am pro-Nazi and anti-British. It lent wholly pleasant to be damned but I get consolation from the fact that the damning is so equally distributed as to give me hope that after all I'm keeping an even keel.

I still believe that Herr Hitler isn't in position to impose peace terms on England, great as have been his achievements.

England isn't out of the woods yet. It's safe to say she would be the last to underestimate the undoubted "German thoroughness, endurance and power." At this moment she is bracing herself for two threatened crises—the projected assault on Gibraltar, and a possible Nazi attempt to invade England.

Then there is the danger that rests in the terrible punishment which England, and London in particular, is receiving from bombing.

There arrives a point at which human endurance can stand no more. There has been no indication thus far that London can't take it. On the contrary, the people have stood it amazingly well. Still the danger is there. Having assessed all these hazards against England we are entitled, in order

Arrest Of American In Rumania Protested

BUCHAREST, Oct. 1 (AP)—The United States legation filed a strong protest with the Rumanian government today over the arrest and mistreatment of H. L. Freeman, Saratoga Springs, N. Y., oil man.

The note spoke of the "illegality" of his arrest and reported beating by iron guardists and demanded full satisfaction.

Freeman was arrested last week in the investigation into an alleged plot to sabotage oil wells. He denied implication.

The legation obtained Freeman's release.

The Federal Bureau of Investigation has over 11,000,000 sets of fingerprints on file in Washington, D. C.

SOUVENIR SNATCHERS COST THE HOTELS TEN MILLION

SEATTLE, Oct. 1 (AP)—Souvenir snatchers cost the nation's hotels an estimated \$10,000,000 last year—and the towels, blankets, silver and knickknacks are still disappearing.

It's really a staggering total when the hotel managers add up the missing items at a year's end, commented Mrs. Grace H. Woolley, manager of the national membership division of the American Hotel association, who estimated the figure while here for the American Hotel association convention, opening Wednesday.

CRIPPLED DOG FINDS WAY TO HOSPITAL

HOUSTON, Oct. 1 (AP)—Lady, a little spitz dog, suffered a broken leg when hit by an auto.

She limped straight to a hospital, made her way down the long halls to the emergency room and whined in pain until she attracted an interne.

Lady's leg was set in a plaster cast.

SECURITY BILL

MEXICO CITY, Oct. 1 (AP)—A social security bill has been sent to congress by President Cardenas. Its contents were not announced but it was described as one of the last items on the social reform program of Cardenas.

Merit System Is Advocated For Health Dept.

FORT WORTH, Sept. 30 (AP)—Installation of a stable merit system in the employment of personnel, with its opportunities for genuine career service, is an urgent need of the Texas state department of health, Dr. George W. Cox, state health officer, declared here today.

Dr. Cox was applauded vigorously by more than 400 delegates attending the opening session of the eighteenth annual convention of the Texas Public Health association when he asserted that the "day of favoritism" has ended and that the public now demands efficiency and economy in governmental service.

He said the merit plan would be instituted. Also on the morning program were Dr. C. C. Applewhite, regional consultant of the United States public health service at New Orleans, who discussed public health administration, and State Senator Martin, who spoke on public health as an economic measure in state administration.

FDR's Message To Go To Conscripts

WASHINGTON, Oct. 1 (AP)—President Roosevelt's message to the men subject to conscription is "that each of us must willingly do his bit if we are to hold fast our heritage of freedom and our American way of life—our national existence itself."

FD To Greet Pan-American Army Chiefs

WASHINGTON, Oct. 1 (AP)—President Roosevelt, fresh from his own tour of defense progress in the strategic Chesapeake bay area, reserved an open spot in his crowded schedule today to greet Pan-American army chiefs here for an extensive inspection of the growing military establishment of the United States.

Today marked the beginning of the intensive two-week program which will take army officers of Bolivia, Colombia, Costa Rica, Dominican Republic, Guatemala, Honduras, Panama, Peru and Uruguay to air, artillery and infantry training centers and to the industrial sections which are forging weapons of defense.

The itinerary will take the visiting Latin American missions from the District of Columbia to Texas and Oklahoma, to Detroit and New York and to various other focal points of defense effort.

Gen. George C. Marshall, army chief of staff and official host of the visiting military men, said he felt sure the inspection trip would result in a better understanding of our common defense problems and in closer cooperation towards the security of the western hemisphere.

Freighter Held At Galveston

GALVESTON, Oct. 1 (AP)—A variety of causes kept the freighter Pan-American, loaded with gasoline for Japan, in port here today.

The freighter, carrying about 65,000 drums of gasoline, is having difficulty getting necessary government authorization, the Galveston News says.

Also, the paper declared, the ship which received minor damage in a collision with another ship Sunday night, is being picketed by the C. I. O. National Maritime Union of Unlicensed Seamen, protesting her taking a gasoline cargo to Japan.

Fifteen or twenty members of the crew have quit the ship.

The Pan-American loaded lead cargo for Japan at Brownsville before going to Texas City about ten days ago to take her gasoline in drums. The ship has taken bunker fuel in Bolivar Roads here preparatory to leaving.

Officers Named For Elbow Sunday School

ELBOW, Oct. 1 (Spl.)—New officers were elected Sunday to serve the Elbow Sunday school for the ensuing year. Benny Asbury was named superintendent, Mrs. Ray Shorter, assistant superintendent; Miss Lyla Faye Dunlap, secretary-treasurer; Jack McKinnon, song leader; Mrs. T. M. Dunagan, pianist. Teachers include Mrs. Rufus Rogers, Mrs. T. M. Dunagan, Mrs. Florine Neill and Dan McRae.

Outgoing officers were Ross Hill, superintendent; Duke Lipscomb, assistant superintendent; Mrs. B. J. Petty, secretary-treasurer; and Mrs. Duke Lipscomb, Mrs. Ross Hill, teachers. Mrs. Neill and Mr. McRae continue as teachers, and Miss Dunlap has been song leader and Mrs. Dunagan was reelected pianist.

Youthful Cabinet Chosen In Panama

PANAMA, Panama, Oct. 1 (AP)—Dr. Arnulfo Arias, who shattered precedent by winning the presidency at the age of 39, chose a politically youthful cabinet in preparation for his inauguration today.

The members, none of whom served in the previous administration, average less than 45 years of age.

Observers said his key cabinet choices indicated a middle-of-the-road foreign policy with a friendly attitude toward all nations.

MORE MARRIAGES
SAN ANTONIO, Oct. 1 (AP)—An all-time high in number of marriage licenses issued in one month was reached here yesterday when the 500th license for September was issued. It went to a sergeant in the regular army.

THE LIGHT THAT FAILS—Fire in East London's industrial section light the night sky enough to silhouette the skyline, including St. Paul's cathedral (left), as Nazi raiders repeat their nightly calls—presumably, some observers think—to hit military objectives and to wear down British morale as well. Flames could be seen for miles around bombed area.

NAZI CALLING CARD—When this piece of a Nazi bomb was plunging Londonward, Britons got so far from it as they could. But this is after the raid, and E. E. Spurr of London examines it. The bomb hit near an air raid shelter.

'The Marines Have Landed'—And A New 'Mosquito Fleet' Is In Action

"The marines have landed..." The colonel smiled as he gave out the old and famous report. Standing on the shore at Johnson's Bay on Santa Catalina Island, Col. D. G. Ogleby had just watched a company of 80 barefoot marine reserves jump from the decks of a fleet of yachts, splash through knee-deep rollers to shore and with rifles ready "capture" a land-head as an invasion base.

"It is a highly successful operation," the commandant of Los Angeles area reserves announced. It marked the unveiling of southern California's "mosquito fleet," a squadron of small boats which probably would be quickly pressed into service for shore patrol if the United States went to war. There are some 5,000 such craft in local waters, ranging up to palatial 120-foot yachts.

Here 'n' There

Leland L. Martin, who used to hold forth at the Forsan schools, paused here briefly Tuesday to renew acquaintances. Now superintendent at Crane, he is preparing Friday to leave with his 29 faculty members, their guests and board members on a trip to Alpine, around the Davis mountains and the McDonald observatory. Of course, at the end of the school he will have a trip for the juniors and seniors, just as he did at Forsan.

Maybe it's fun, but the management of the Big Spring Motor Co. falls to appreciate this kind of sport. Some small boys have been getting into the company's used car lot and driving the cars around over the premises. They can't get out of the lot, but they can dent fenders, etc. Which is why the management has consulted police.

In case you are puzzled over the presence of a large number of Monahans and Crane school children in town Tuesday morning, here's the answer. The two buses from Monahans and one from Crane (with 67 aboard) were en route to Abilene so the children could hear the U.S. Marine band concert during the afternoon.

J. H. Greene, chamber of commerce manager, is polishing his speaking voice in anticipation of Oct. 10. On that date, he will deliver the principal address at the Andrews chamber of commerce banquet. The West Texans will accompany him to appear on the program.

A patriotic response greeted the appeal of Lee Porter, county clerk for volunteers for clerical work on registration day, Oct. 16. More than 20 called to offer their services. This number, however, is but a good starter of the total needed.

Mrs. A. E. Walker and daughter, Robbie Piner, Mary Ann Dudley spent the weekend in Roswell, N. M., at N.M.M.I. where they were the guests of James Webb, J. L. Wood and Arvie Walker. They saw Arvie play in his first football game with the Institute's team.

Vernon (Johnny) Johnson who formerly was employed here at Woodham's grocery and then moved to Odessa when the store left Big Spring, has joined the army air corps division at Lowry Field, Colo. Johnny had been taking flying lessons in Odessa and decided suddenly Friday to "join up." He will be classified as a mechanic according to a letter received here.

There is a new boss at the Bill Gage home, 709 E. 14th St., since Sunday and his name is John William and he's thirteen days old. The Gabes adopted the infant Sunday and according to Grandmother Gage, that is her sixth grandchild. They can't quite decide who is the proudest of him the parents or grandparents.

The immediate operation, the colonel explained, was offensive. "Suppose," he said, "some power has seized one of the Hawaiian islands. Our job would be to get it back. Hundreds of these boats could be shipped across by transport and used to land forces for an attack. Because of their low draft and easy handling, they can approach to a few feet of shore."

Just the fleet's major purpose, he indicated, is defensive. "Almost all of them can mount machine guns effectively," he went on. "A majority can carry one-pound cannon, some larger. And torpedo buoys can be attached to the sides of all but the smallest."

Los Angeles' unit of the U. S. power squadrons is the fleet's nucleus. The power squadrons is a national organization, strongest in the east alone. The Great Lakes but rapidly gaining members here. Only the most skillful pilots and navigators can join.

MEXICO DUE TO SHIP SCRAP TO JAPAN

MEXICO CITY, Oct. 1 (AP)—Mexico is expected in business circles to find an increased market for scrap iron in Japan, now faced with an embargo on scrap iron shipments from the United States. Mexico recently asked for bids on 100,000 to 150,000 tons of scrap iron. Bids were received from Japan, the United States and Canada.

Part of the iron is held by the government-owned National Railways and the remainder by the government oil industry.

TWO REBELS KILLED IN MEXICO CLASH

MEXICO CITY, Oct. 1 (AP)—Dispatches from Tamaulipas state said today two members of a rebel band were killed in a clash in which two soldiers were wounded slightly.

Chihuahua state reported two killed—both rebels—in a like encounter.

Unofficial reports from Chihuahua said more than 50 members of various outlaw bands had surrendered.

TWO AMERICANS

ON THE PLATFORM

LOOKING 'EM OVER

With Jack Douglas

Limping around on a game foot, Ernie Lombardi is not expected to handle Cincinnati's backstop chores in the opening round with Detroit in the World Series. "Old Hoss" played the part last year that seems to be something of a tradition in every world's championship tilt—a goat.

To the horror of Cincy backers, surprise of the Yanks, and confusion of Reds' Manager Bill McKechnie, Lom reclined on the home area while a gan of New Yorkers beat a path across the plate. As it later came out, Ernie was injured when accidentally struck and was unable to get back on his feet.

Except for the loss of Lombardi and the possible absence of Second Baseman Lonnie Frey, suffering with a broken big toe, the one-run winners should be in shipshape condition for Del Baker's Detroit Tigers. The tight pitching Reds and the wild-eyed Tiger sluggers are due to make the festivities interesting for all customers.

Pat Murphy, Big Spring Steers' head mentor, tells of an excellent play he once received from one of his well-wishers. This play had everything that a football team could possibly need to run the ball across for a touchdown. He studied it thoroughly, wondering why the principle of the maneuver had ever failed to occur to him.

He figured it would fill the bill. Then, he discovered something else about the play; it would more than fill the bill—to the extent of one man, in fact, because this particular play had twelve men in it. Knowing he would have difficulty persuading game officials to cooperate with him in the matter of running in an extra man, the Irishman forgot about the whole thing.

With an open date at the end of the week, Big Spring's Longhorn footballers are brushing up in preparation for the grind ahead of them. Odessa, probably the stiffest competition they will meet in the circuit race, will be first on the menu for the Steers in District 3AA. We are of the opinion that Big Spring will have a good shot at the loop title if they can hurdle the Odessans.

Armstrong's Title Ruled Void By Maryland Unit

BALTIMORE, Oct. 1 (AP)—Asserting it was "time to stop the tying up of boxes and smash monopolies," the Maryland state boxing commission declared Henry Armstrong's welterweight championship vacant today.

Stanley Scheer, commission chairman, said the move was directed against the "New York boxing monopoly" in general.

The action came, Scheer declared, after he was advised by Eddie Mead, Armstrong's manager, that the titleholder could not fight anywhere without the consent of Promoter Mike Jacobs of New York.

Efforts had been made to match Armstrong with the winner of the Oct. 14 bout here between Louis (Kid) Cocco of New Haven, Conn., and Izzy Janazzo of New York.

Scheer said Mead told him Jacobs would not permit the champion to meet Cocco.

"If Armstrong intends to limit his fights to second and third tiers, there is no reason why Maryland should recognize him," Scheer said.

"Maryland will recognize the Cocco-Janazzo bout, scheduled for the 15-round title distance, as a championship event."

Forsan Golf In Final Lap

FORSAN, Oct. 1 (Sp1)—Forsan's Open Golf club membership tournament moved toward the final round with eighteen entries still swinging clubs. S. B. Loper is matched with Hollis Parker in the championship flight closing lap.

Flights and pairings are: Championship consolation—Ward Scuddy vs. T. E. Yarbro; first flight—Dan Yarbro vs. Paul Johnson; second flight consolation—G. F. Painter vs. C. B. Connally; second flight—M. H. Dubrow vs. W. R. McCamey; second flight consolation—P. D. Lewis vs. D. L. Boyd; third flight—M. M. Hines vs. Bill Conger; third flight consolation—E. H. Noe vs. Pierson Morgan; fourth flight—O. L. Bradham vs. Sam Rust.

Vols Edge Buffs To Take Dixie

HOUSTON, Oct. 1 (AP)—The Nashville Volunteers, contemplating the joys of revenge, rolled home today with a present for the home folks—the Dixie series championship.

Last year the Vols submitted meekly to a pummeling by the fourth-place Fort Worth Cats, but this season they retaliated by trouncing the honest-to-goodness champions of the Texas league—the Houston Buffs.

To make the cake sweeter, the Southern association club turned the stunt in simple fashion, taking four games to Houston's one.

The Buffs did their bit toward Nashville's cause, throwing away silver-plated opportunities in the clinching game last night through poor fielding and failure to hit in the clutch.

The volunteers won the game, 5-3, with two unearned runs in the tenth.

Jeffcoat, strikeout king of the Southern association, fanned eight Buffs.

After Willard Herahberger's death, Jimmy took up the slack. He played in 16 games, caught both ends of one doubleheader, and sketched most of the runner who thought they could steal a base.

Offensively he turned in nine hits in 37 tries for a .243 batting average. Two of them were doubles, one of which knocked in the winning run of a valuable game.

Nothing sensational—just some hits where they were worth about \$1,000 apiece to the club.

If you think his 40-year-old legs need firecrackers, witness that he beat out a punt and stole a base—the latter in the final game of the season.

So keep an eye on James if he gets in.

Louisville's Colonels, playoff champions of the American association, clash here tomorrow night with Newark of the International league in the little world series.

The Colonels, who finished fourth in seasonal play 9 games behind the leading Kansas City Blues, sank the Blues here last night 3 to 0 to win the playoff 4 to 2.

Newark defeated Baltimore 3 to 2 last night to take the International playoff.

SHREVEPORT, La., Oct. 1 (AP)—The Centenary Gentlemen can claim a record of some sort, at least for their section, as football travelers. They played Texas Christian at Fort Worth last Saturday, so to Houston to meet Rice this week, then after a home game against St. Louis university, they travel to Tucson to face Arizona.

Other "road" games this season include Washington university at St. Louis, Southwestern at Memphis and Texas Tech at Lubbock.

Grid Ranks Not Thinned By Draft

AP Feature Service

The call to arms has summoned a sprinkling of football players to the colors but a survey indicates that comparatively few college teams will be affected by loss of personnel.

It has been announced that college men would be temporarily deferred should they be called in the draft, but this does not necessarily apply to college men who are members of the National Guard.

Reports from Washington say the state adjutant general must rule on any discharges of football players from the National Guard. Without such release, players or coaches must go when the Army calls up their units. Opinion seems to be that collegians probably won't be taken any time soon.

Cochman Wallace Wade of Duke university expressed the feeling of most coaches when he said: "There would be absolutely no disposition on our part to attempt to have any player excused from military service to play football. We feel it is more important for a man to serve his country than to play for Duke."

Another reason to expect that college players will be able to play this season is that it likely will be several weeks after the draft registration on October 16 before draftees are called and the gridiron season may be nearly completed.

Smaller colleges would be harder hit than larger institutions by loss of players belonging to the National Guard. Football teams at some smaller schools will move en masse to training camps if all guard units are called.

Outstanding examples are the Fayette, Mo., Central College and Louisiana College at Pineville, La. Fayette's entire team belongs to the guard; Louisiana college's squad of 25, 14 are guardsmen.

"Our boys joined the guard to make spending money," one college coach explained. "Most boys don't have to do that in the larger universities."

At land grant colleges military training is compulsory. The first two years are mobilization officials have indicated they are in no rush to take these boys out of school because they are receiving the same sort of training they would get in an army camp.

The air corps was the favorite service branch for volunteers this fall. Among big time players who enlisted was Howard Pritchett, junior right end at Notre Dame.

Marvin Fairbanks, San Francisco State college sophomore, a 200-pound outstanding tackle in his league, joined the coast artillery. He liked football so well, though, that he paid his season's tuition to qualify for a single game, September 13. Then he left school. After refunds, it cost him about \$3 to play one game.

Here's what is going on at some of the nation's schools; Joe Ruettgers, U. C. L. A. guard, has enlisted in the air corps. Ottawa, Kas., university will lose nine regulars if their guardsmen are mobilized.

At Oklahoma A. & M., Grant Newman, senior quarterback, has enlisted in the air corps. Three Utah players, including Ray Peterson, fullback, joined air or navy forces. At Denver, Jack Lumley, guard, joined the National Guard and Hershey Young, junior and a triple threat quarterback, is virtually qualified for air corps instruction work and probably would be welcomed by recruiters.

Colorado State Aggies have five players in the 16th field artillery, a guard unit that hasn't been summoned yet. In the Rocky Mountain conference Greeley State and Montana State are hard hit. Montana lost six players to the National Guard. Among them was Joe Wilcox called by his coach "the greatest sophomore back we

Lacking An End Meyer Makes One

FORT WORTH, Oct. 1 (AP)—Apparently Leo Duteh) Meyer, the Texas Christian coach, figures the way to find a good end is to look for a fullback. Both the T. C. U. first string flankers are converted fullbacks. Connie Sparks was switched last season after being leading scorer and all-conference fullback in 1938 and Phil Roach played fullback for three years in high school.

Steers Have Open Date Next Friday

Taking advantage of a breather before the District 3AA title race starts, Pat Murphy's Big Spring Steers are getting in fighting trim for their initial game with Odessa, October 11.

No serious injuries are on the Longhorn roster, although Horace Bostick, Bovine halfback, is limping around on a foot that was diagnosed as a fallen arch by the medic. He expects to get back in shape shortly. Frank Barton, guard, was a little under the weather yesterday afternoon, although he was out for practice. Except for several minor bruises and sprains, the rest of the Murphys are not marked after Friday night's fray with the Lubbock Westerners.

Concentrating on passing attack, the Steers expect to be able to give the Odessans a bit of trouble with an aerial blitzkrieg, although this particular department has not been up to the most efficient standards so far this season.

Power plays have been giving good results for the Bovines, but yesterday's session gave some attention to line drives.

New stands are being erected at the south end of the football plant, with the expectation of having use for them when the season gets well underway.

Loyola Rated Over Tech

LUBBOCK, Oct. 1 (Sp1)—Having scored 54 to Texas Tech's 14 points in three previous games, the Loyola Lions of Los Angeles will be top-heavy favorites to win their fourth consecutive game from the Red Raiders here Saturday night at 8:30 o'clock.

The Lions, under new Coach Marty Brill, opened their season by taking an easy 13 to 0 melee from Redlands college of California. The speedy Red Raiders inaugurated their campaign in a blistering game with the rugged Oklahoma A. & M. Aggies which terminated in a 6 to 6 tie.

More than 10,000 fans are expected to witness Saturday night's classic which will pit Texas Tech's dazzling speed against Loyola's experience and weight advantage.

Both teams work off the Notre Dame offense which means there will be plenty of baffling maneuvers along with dangerous touchdown passes.

Two of the nation's best known stars will clash. Loyola will show the brilliant Don MacIsaac who is something of an "iron-man" performer because he is capable of playing both end positions and can be used by the Loyola mentor at either right or left flank. Texas Tech will turn C. L. Storrs, giant left halfback, loose against the Lyons. Storrs is one of the best triple-threat stars in the country.

It was Storrs who pulled last week's game out of the fire. With only 20 seconds of playing time left he rifled a 59-yard pass to Clarence Tilroy who raced the remaining 30 yards for the touchdown that tied the game. Beside Storrs, Coach Pete Cawthon will have his other grass-burning, mercury-hipped boys in the game such as Thayne Amonett, Don Austin, Walter Webster, Roger Smith and Charlie Dvorack, all who performed with credit against the redoubtable Oklahoma Aggies.

Coch Marty Brill has advised he will invade Lubbock with 11 backfield men and 15 linemen, five guards, three centers, five tackles and five ends.

have ever had," Dana Bradford, an end, joined the air corps; Cornelius Dogteron, fullback, went into the Canadian army. Greeley State lost eight players, including two lettermen, to the guard.

Johnny Orozovsky of Garfield, N. J., one high school football star affected. He is a New Jersey national guardsman.

Title Duel Due To Go For Limit

Reds' Lombardi, Frey Are On Injured List

CINCINNATI, Oct. 1 (AP)—The Cincinnati Reds of the National league and the Detroit Tigers of the American, a couple of worthy champions, will pile into each other before a jam-packed crowd of 33,000 at Crosley field here tomorrow in the opening game of the 1940 world series.

They will battle for two days here, shift to Detroit for three more shots at each other, and then roll back here next Monday to settle the argument.

The title is settled by four out of seven, and most of those who follow baseball think the Reds and the Tigers are likely to go the limit. They appear to be evenly matched—Cincinnati's tight pitching against Detroit's distance hitting.

Though it is far from conclusive the most popular opinion is that the Reds are due to give the National league its first championship since 1934.

Two National league umpires reflect the feeling about Manager Bill McKechnie's outfit: "You're crazy if you bet against those boys," said one, while his companion nodded agreement.

"They're tough, and I've umpired long enough to know. Maybe they look crippled right now, with Lombardi and Frey limping around. Maybe some bookmaker is offering odds against them. But don't let that fool you. These Reds are very hard to beat as long as they have a couple of fellows like Paul Deringer and Buckey Walters serving up that apple."

It is seldom one umpire—much less two—will let himself grow this enthusiastic about a ball team. So this might constitute a hunch.

The Detroiters pulled into town last evening. Both clubs were scheduled to work out at Crosley field this afternoon.

Neither pilot last night would name his starting pitcher. Manager McKechnie said Deringer and Walters would divide the first two games. The best guess is that Deringer will be scheduled to pitch across for Hank Greenberg and Rudy York and the other Tigers to hit at the main shooting stars at 12:30 (CST) tomorrow. Pilot Del Baker of the Tigers said it would be either Schoolboy Rowe or Buck Newsom on the hill, and the general opinion was that it would be Newsom.

Colo. Crowns Golf Champ

COLORADO CITY, Oct. 1 (Sp1)—Championship of the fall city golf tournament at the Colorado City country club was won Sunday by Bob Battle, who defeated E. C. Nix, Jr., 2-1 in the finals. Nix was top man at the recent invitational tournament held in Big Spring.

Steve Bodine defeated Rosa Dixon 2-1 to win the first flight. Bob Grantland won the consolation championship.

In the championship semi-finals, Battle defeated James Pritchett, winner of the spring city tournament and medalist for the fall tournament. Nix defeated John Shropshire. Bodine edged Marvin Majors and Dixon downed Joe Cox in first flight semi-finals.

Thirty-two qualified for the tournament. Pritchett's medal score was a two-below-par 70.

They Didn't Mind, But Others Did

LINCOLN, Neb., Oct. 1 (AP)—Judd Woods and Bill Diets didn't mind so much when the car in front of them struck a skunk, losing full benefit of the perfume to them. But when they got home: The garageman refused to store the car until it had been washed. Woods' dog got under the bed—and stayed.

And Diets had to sleep in a shed back of his apartment house.

SW Squads Report Minimum Hurts

By the Associated Press

Injuries were at a minimum today as Southwest conference football squads prepared for one game and several important inter-sectional tilts.

Jack Grain, University of Texas star who went out of the game with Colorado last week, was found to have only a slight hip injury. He will be ready to go against Indiana at Bloomington, Ind., Saturday.

The Baylor university squad reported no injuries as the Bears prepared to leave tomorrow night for Denver and their clash with Denver university Friday night. Arkansas had Delbert Wolf, a halfback, at practice again after being out three weeks because of a broken hand. The Razorbacks play Texas Christian university at Fort Worth Saturday in the conference opener.

Texas A. and M. had only the customary bumps and bruises as the Aggies prepared for their game with Tulsa university at San Antonio Saturday.

Only Roland Goss, an end, was ailing as Southern Methodist university worked the kinks out from the long trip from California where the Mustangs beat U. C. L. A. The Ponies play North Texas Teachers at Dallas Saturday.

The Rice Owls open the season this week in a game against Centenary at Houston.

Trampling Of Pitt Fails To Chase Worries Of Ohio State's Schmidt

COLUMBUS, O., Oct. 1 (AP)—That opening game 30 to 7 victory over Pittsburgh's far from puny Panthers hasn't erased the worries of Coach Francis Schmidt of Ohio State the least bit.

The tall, usually taciturn tutor of pigskin pyrotechnics grinned: "The boys looked mighty good, didn't they? I never expected to win by a score like that."

Then his face clouded.

"But that just makes it so much tougher for us the rest of the way. They've had seven tough ones coming up," he intimated. "They've all been laying for us' because we're Big Ten champions, and now they'll point at us more than ever because they'll figure we must be pretty tough to beat Pitt like that."

Schmidt admitted he had a flock of talent on his squad, with veterans two deep in every position and some mighty likely sophomores just aching to beat the letterman out of a job.

"But," he said, "we're not the only one that's got 'em."

The Buckeye capital's famed downtown coaches—probably the most rabid bunch of football fans in the country—are all set to start awarding gold footballs to the Buckeyes on the basis of the opening victory, but Schmidt doesn't subscribe to such ideas.

"We were pretty good last year, too," he recalled, "but look what Cornell and Michigan did to us. We'll just wait until it's all over before talking championships."

Don Scott, Ohio's flashy quarterback being boomed here and there for all-America honors come November, didn't hurt his chances any in the opener, although Tackle Charley Mang, a blond giant, and fullback and captain Jimmy Langhurst lionized the spotlight.

Three full teams were in there against the Panthers, and the parts were so interchangeable that you couldn't tell a first-stringer went out and a third-stringer took over. They'll bear watching, these Bucks.

Most attractive is an advertisement of an apartment hotel that offers tenants "everything that you would wish a home to be minus the burdens."

Perhaps it is just as well, for we have so many other cares today that the care of a home would be the straw that overloads us.

Family life, as it once existed, provided something for every member of the family to do to-

ward the common welfare and comfort. The chores and tasks were sometimes felt to be onerous but they were done and left a sense with each member of being a necessary part of the family and trained them into the knowledge that no man lives to himself but that we are dependent on each other at some time in life.

Such training cannot be given in any place except a home where there are things to be done besides sleeping and eating. They are not a part of apartment hotel life, and while the tenants of those places have more time for amusement and recreation of various sorts they seldom have time for family councils and discussions of family affairs.

WASHINGTON—Answering the mail orders: M. G. Columbus, O.—You'll have to take up your problem of rising prices with "Aunt Hill," but if you are less familiar with Dean Hartlett Elliott than I am (which is knowing her hardly at all) you had better not address her that way.

What the administration and Miss Elliott figure so far is that the upcoming prices are merely a reflection of improved industrial conditions. However, if you feel differently about it, write Aunt Hill a letter, in care of the Defense Commission, 20th and Constitution Ave.

I'll guarantee that if you have a legitimate cause, you won't get ignored. "Aunt Hill" is so darned busy NOT ignoring people that she has had to cancel her three-times-a-week golf game and give up swimming.

SAN JUAN, P. R.—Young Puerto Rican bloods squiring their girls to the movies this week have a treat in store. . . They're seeing "Lo Que El Viento Se Lleva," which in the U. S. means "Gone With the Wind."

Something to make note of is the holiday excitement at the docks each Monday when the incoming liners from New York arrive. Puerto Ricans greeting their loved ones are a spectacle not easily forgotten.

From a souvenir point of view, one of the island's best buys is the hand-made throw rugs, fashioned from string and old sugar sacks. They sell for a dollar each and come in bright blue, red and white.

Hollywood Sights And Sounds

By Robbin Coons

HOLLYWOOD—If they ever pass around a gold-plated doorstep for the "best-all-around" director in town my nominee is going to be Sam Wood.

A couple of years ago a fellow and I argued about Wood. The fellow said: "Wood? He hasn't anything. Just a guy who can make a good picture if he's got a good script and a good producer."

Well, after "Chips" Sam made "Our Town," a picture not to be forgotten soon. And then he skipped over to something entirely different, "Rangers of Fortune," swashbuckling sagebrush comedy.

Sam's been at it more than 22 years now, and variety is nothing new for him. He's done frank hokum, he's done comedy (including the Marx brothers), he's conquered in "artistic" fields as well.

The Christopher Morley best-selling novel is in work now, with Glinger Rogers as Kitty and Dennis Morgan as Wyn Strafford. And Sam knows he has a problem: He has to "photograph the mind of a girl."

Morley told his story with Kitty's thoughts, her view of the events in her life from adolescence to maturity. The technique is fine on the

Chapter 20 JOHN'S PLAN Pedro would have to be at the first barn, she thought. He watched them approach, soberly, smiling gently at John, and treated Constance with the courtesy of a ranch manager's son for the owner's daughter.

As nearly as I can get it, the whole thing started back in Lincoln's time and, because it held true for a while, became something of a political adage. However, political wisecracks here say that Maine is not even typical and that if you want to get the true pulse of voting trends, you should go out to—well, say some county in Iowa or Nebraska.

Memory Of The Moon By Jeanne Bowman thought of dependance which had made him offer to ride with Donna, a symbol of every man's desire to have a woman lean on him.

Life's Darkest Moment!

Constance opened the door and slipped in. She went resolutely to the room, through a side door, across the shadowy-deep space of the willow grove and up the hill. A fire was burning on the patio hearth. Peter Taylor's silver hair was burnished to copper by the glow.

Constance waited for a long time. Behind her the fire crackled; behind her the mantel clock ticked off the moments. "I can't do it, Peter," she sighed. "I . . . I'm trying to be loyal to too many people. I . . . I only wanted you to promise me that if . . . if you were called upon to make a decision, you would be true to yourself. I mean you—"

Suicide And Double Murder Verdict Is Returned At Houston

HOUSTON, Oct. 1 (AP)—A verdict of double murder and suicide was recorded today in a shooting that claimed the lives of William and Arthur Young and Mrs. Beatrice Vergne Young.
Justice of the Peace W. C. Ragan said William Young, 50-year-old fruit peddler, killed his brother and divorced wife, then shot himself to death.
Ragan revealed that William Young left a note charging his brother and sister-in-law had turned the minds of his children against him.
Man Sticks Neck Out; Yes, It Got Caught
SPOKANE, Wash., Oct. 1 (AP)—Marion Hogan peeked out of the elevator he operates, touched the starting handle and the divided doors snapped on his neck.
For 20 minutes he gaped at a crowd gathered outside while a building engineer climbed into the elevator through a trap door at the top and removed the doors.
Hogan emerged "unhurt but uncomfortable."

Women's Help Is Sought On Refugee Work

Women of Big Spring and Howard county soon will be asked to forego an occasional afternoon of bridge in order to contribute their time and talents toward the production of refugee garments, Shine Phillips, Red Cross chapter chairman, said Tuesday.

The chapter has received notice that 400 pounds of yarn have been shipped here for use in the knitting of garments, he said. Already the local chapter, with just a few women working under the direction of Mrs. Gib Sawelle, has produced 300 knitted articles of exceptional quality.

In addition to the yarn, soon 750 pounds of materials will be sent here for production into garments for war refugees, said the chairman, who emphasized that none "of them will go to Germany."

Currently he is seeking a location to establish a center for the activity. Several electric sewing machines will be installed, he said.

THE RADIO SHOW—The "Prize Parade," featuring Burt Sloan and his orchestra with Billy Smith, will have its first broadcast Tuesday at 6:45 p. m. over the Texas Quality Network, which consists of WOAI—San Antonio, KPRC—Houston, and WFAA-WBAP—Dallas and Ft. Worth. The program will be heard every Tuesday, Thursday, and Saturday at the same time, under sponsorship of Grand Prize beer.

TEACHER RESIGNS
Resignation of Doris Thomas as English instructor at the high school was accepted by the school board in a called meeting Monday afternoon.

Miss Thomas has gone to Corpus Christi to accept a position in the advertising department of the Caller-Times. Doris Casale, third grade teacher at north ward, was transferred to the high school, and Judith Pickle was elected by the board to succeed Miss Casale at North Ward.

The board, considering an offer for a trial demonstration of a blocking board for the matter until passed at a regular meeting.

London

(Continued From Page 1)

child removal scheme to include 14 London boroughs was announced by Health Minister Malcolm MacDonald, Lord Woolton, minister of food, announced that 58 emergency feeding centers have been opened for the homeless in London.

"More than 22,000 school children have been evacuated from London in the last two weeks," MacDonald said. "Many more ought to go."

Intensification of London's preparedness comes at a time when the next air siege seems to be letting up slightly and when promise is held for stronger defenses.

Observers reason that the government's efforts are not the result of any particular change in the situation but merely are an effort to get in the best possible shape before the cold weather sets in.

The admiralty disclosed that British shipping has taken a worst jolt of the war in the week ending Sept. 23 by acknowledging that Nazi submarines had sunk 19 British vessels totaling 131,957 tons. The loss of three allied and five neutral ships brought the total tonnage loss to 159,288 tons—almost three times the previous weekly average.

Informed quarters, speculating on the reason for the sudden increase in losses, expressed belief the Germans might have pressed French and Italian submarines into service.

"We must be prepared for these things," they said, as part of Adolf Hitler's "attempt to end the war before winter."

London, meanwhile, counting an estimated 5,000 dead and 8,000 wounded in almost incessant September air raids, received "official assurances" that new defense system is being developed to meet night attacks—source of a majority of the casualties.

Inspired articles in the London press quoted high official quarters that the new defense should be in operation in from one to three months.

Whether the defense would be a new combat plan or a new night anti-aircraft weapon—or both—was not disclosed.

Men With Slight Physical Defects May Form Special Unit Of Army

(Editor's Note: Physical development and protection from disease are two of the most important phases of national defense. The following article, the second of a series on "Health for the New Army," tells how drafters with slight defects will be segregated in special camps until they are in shape.)

By STEPHEN J. McDONOUGH
Associated Press Science Writer
WASHINGTON, Oct. 1—Fifty thousand men who might escape the draft because of physical disability may be called to the colors during the next six months for special training.

They will form the rehabilitation corps—an army not entirely fit for military duty but with remediable defects which, after a few months of treatment, will put them in shape for full military duty.

Men with only slight physical defects, such as foot troubles, minor eye troubles, diseases due to poor nourishment, tonsillitis, skin infections, hookworm, and infections of the digestive tract which can be easily treated will be put into this corps, under present plans, for acclimatization and repair before going into regular training camps. No men with tuberculosis, venereal disease, or similar ailments will be included in the group.

In such camps, similar to those organized during the last World War, men will be given a well-balanced diet, setting-up exercises, thorough medical treatment, class room training on military subjects, and part-time drill in a toughening program.

LEISURE PURSUITS COME FIRST WITH THE COLLEGIANS

CLEVELAND, Oct. 1 (AP)—Joe College and Betty Coed spend more time playing than anything else except sleeping, the National Recreation Congress heard today.

Porter Butts, director of the division of social education at the University of Wisconsin, said a survey of mid-western students showed "the average student spends 41.1 hours a week in leisure pursuits." "The greatest amount of this time is occupied by relatively aimless loafing, bull sessions, radio listening, drinking and driving."

"Organized student activities are scarcely a threat to academic interest, involving only 36 per cent of the student body and only 2.5 per cent of the total leisure time."

ALIEN REGISTRATION BLANKS RECEIVED

A new supply of registration blanks may be ample for completion of the alien registration program here, Postmaster Nat Shick said Tuesday.

To date there have been 234 registrations of aliens in Big Spring. Aliens who have made application for final registration are booked almost solidly through Wednesday, he said.

Mrs. W. G. Morehead, Chicago, Ill., is visiting with Mrs. Anna D. Whitney. Mrs. Mary Cox of Purcell, Okla., is expected to arrive Wednesday to be house guest of Mrs. Whitney's.

Lora Farnsworth, county home demonstration agent, has as her guests her parents, Mr. and Mrs. J. W. Farnsworth, and her niece, Lanora Farnsworth, of San Angelo.

Draft Advisory Group To Be Recommended

District Judge Cecil Collings said here Tuesday morning that he was making recommendations to Governor Lee O'Daniel for members of the conscription advisory committee for the 70th judicial district.

The governor had requested him Monday to recommend the name of a lawyer in each draft district (generally a county) in the judicial district.

Judge Collings said he was contacting the attorneys he would recommend to ascertain if they would serve.

Under terms of information furnished by the governor, the advisory boards for registrants will consult and advise with registrants and give assistance in preparing questionnaires and to have certain association members designated to visit the sick or other registrants who are unable to come to the designated headquarters.

In each county or draft area, associate members of the board will be named and need not necessarily be attorneys. Governor O'Daniel recommended that there be at least one associate member to each thousand population in the area.

According to Judge Collings, the associates will be named by the board when the governor acts on his recommendations.

No compensation is provided for advisory boards of registrants or their associate members.

Death Claims Mrs. Thayer

Mrs. Charles H. Thayer, resident of Big Spring for 18 years and widow of a Confederate veteran, succumbed Wednesday night at the home of a daughter, Mrs. J. A. Hail, 1501 Main street, victim of a long illness. Mrs. Thayer was 68 years old.

Born in Cyrene, Mo., August 28, 1871, she was married to Mr. Thayer in 1901 at Globe, Ariz., where they resided until his death in 1919. Following service in the war between the states, Mr. Thayer was for years a government administrator on an Indian reservation in Arizona.

Mrs. Thayer came here in 1922 from Carlsbad, N. M.

Besides Mrs. Hail, survivors are another daughter, Mary Thayer of Oklahoma City; and two brothers and two sisters, all of Cyrene, Mo.

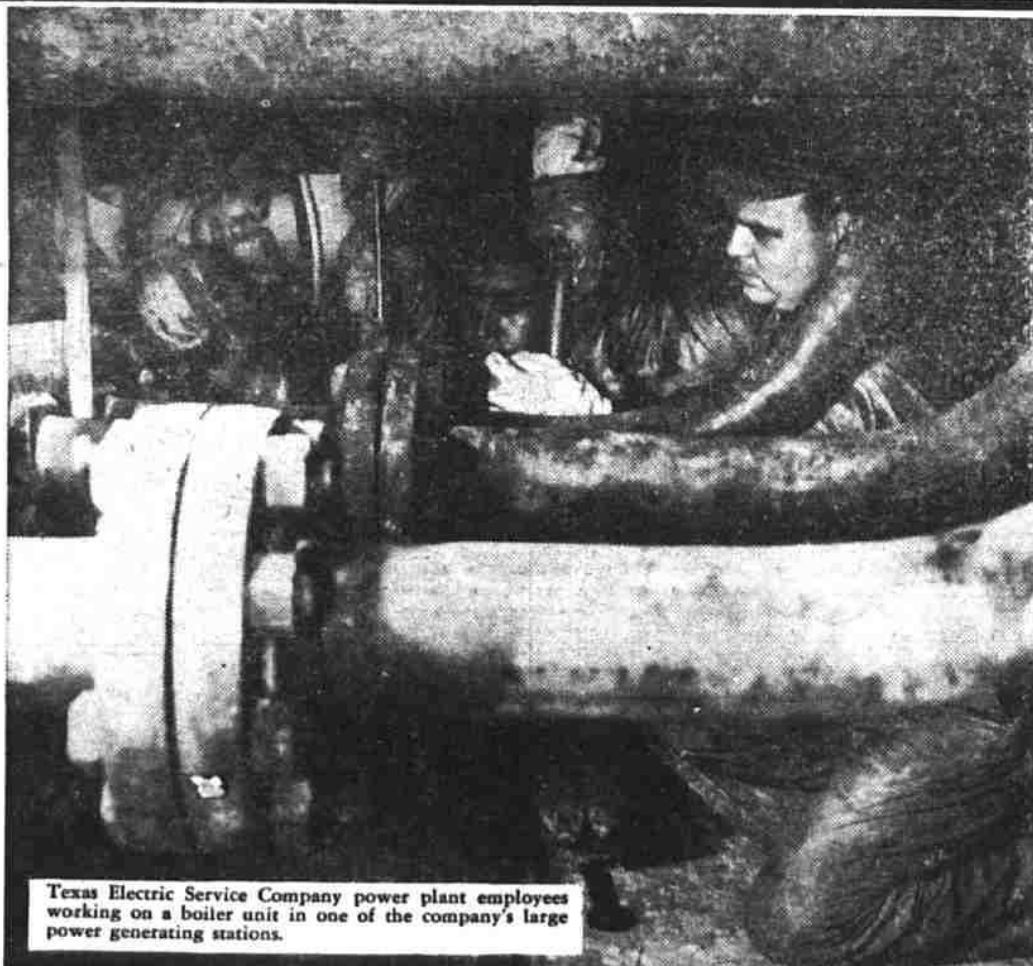

The funeral service will be held at 2:30 Wednesday afternoon at the Nalley chapel, with Dr. J. O. Haymes, pastor of the First Methodist church, officiating. Mrs. Willard Read will sing. Active pallbearers will be Dee Foster, C. W. Dents, W. O. Thompson, Willard Sullivan, Cecil Hull, Frank Hull, Felton Johnston and C. E. Suggs. Named as honorary pallbearers were Dr. R. O. Beadles, Ernest Hull, W. O. Leonard, Russell Stringfellow, Frank Powell, Bill Todd and R. E. Blount.
