

Hot Sunshine Has Cold Wave On Run Here

Fair and warmer weather forecast for Big Spring. Bright sunshine sent Big Spring's thermometer rising toward highest levels for the week Friday, following three successive nights of sub-freezing weather.

In the wee hours of Friday morning, the mercury dipped to 22.9 at the weather bureau here, but at 11:30 had risen to 46 degrees, promising to pass Thursday's high mark of 49.

Forecast for tonight and Saturday is fair and somewhat warmer weather.

Nearly all of Texas is emerging from the grip of the cold wave which sent temperatures in many points to their lowest levels in history for this time of the year and penetrated deep into South Texas to inflict heavy damage on early winter truck crops.

At Edinburg a killing frost, first at this time of the year in the valley in two decades, brought heavy destruction to tomato, bean, squash and pepper crops, annihilating yields in many sections. Amount of damage had not been ascertained. The mercury plunged to 30 degrees, but the sun was shining bright.

Coolest weather of the year hit Leake early this morning when temperatures tumbled from a high of 57 degrees yesterday afternoon to a low of 29 this morning. A heavy frost covered the entire area. Growers of tomatoes, sweet peppers and other tender vegetables reported heavy damage to their crops.

Temperatures were unusually low in the coast section. Houston reported a heavy frost this morning and a low of 29 1/2 degrees lowest in twenty-four years for this date, but skies were clear and the mercury rising gradually. Port Arthur reported 29 degrees this morning.

Roberts Case Ruling Upheld

Judgment of the county court in probating the will of the late W. T. Roberts, Howard county's first white settler, was upheld in 70th district court today.

Mrs. Maggie Roberts, widow of one of Mr. Roberts' sons, and her adopted son, Don Roberts, had sought to prevent probate of the will. They were not included in the list of legatees.

Saturday the cases of W. E. Rayburn vs. Mary E. Rayburn, suit to reform judgment concerning custody of minors, and the divorce petition of Amelia Farrar vs. A. B. Farrar were due to be up for hearing.

Other matters cleared by the court since its opening here two weeks ago included: Non-suits by the City of Big Spring vs. E. W. Burleson, F. C. Reese, M. W. Reese, M. H. Tate, P. Y. Tate individually for paving assessments; divorce suit of Mrs. T. I. Belk vs. T. I. Belk dismissed; Ruth Burnam divorce from Bill Burnam and custody of minor child to plaintiff; Lila Day divorce from Eugene Day and custody of minor child to plaintiff; Mildred Seabourne divorce from Wayne Seabourne and custody of minor child to plaintiff;

Julie Wendland divorce from J. C. Wendland, and custody of minor child to plaintiff; Mrs. Jane Babb divorce from Marvin W. Babb and restored maiden name of Sadler.

Wilhelm Kunze Freed On Bond

NEWTON, N. J., Nov. 15. (AP)—Wilhelm Kunze, national leader of the German-American bond, was released in \$1,000 bail today after he pleaded innocent before Sussex county Judge John C. Losey to an indictment charging him with "promoting race hatred" against Jews.

Kunze was indicted with nine other bond members and associates who pleaded innocent when arraigned October 18. The national leader's arraignment was deferred because Kunze was in California. Kunze was indicted for having permitted the speeches to be made at the bond's Camp Nordland at Andover.

Now Boys! Don't Crowd!

WASHINGTON, Nov. 15 (AP)—A "first come, first served" rule was laid down today for the acceptance of selective service volunteers.

National headquarters, in issuing the ruling, informed local draft boards that whenever there was doubt as to which of two or more men was first, the question could be decided by lot.

Dr. Clarence A. Dystra, selective service director, said that in some local board areas volunteers exceeded the first year's quota. Only enough volunteers to fill a quota may be accepted, he emphasized.

Groebel Tells CAA Of Air Route Need

Texas, Colorado Representatives Heard By Board. WASHINGTON, Nov. 15 (AP)—Witnesses from Texas and Colorado urged the Civil Aeronautics board today to consider favorably airline applications for direct connection routes between the states and extension of West and Southwest Texas feeder and main lines.

Those from Denver at a hearing in Washington, CAB executive, described the importance of the proposed lines to Denver as a market outlet into Texas and on to Mexico.

The Texans said development was necessary to serve Texas southwest area and to provide direct west coast connections. Spokesmen for the Houston chamber of commerce particularly urged the latter development.

William Redding, representing the Denver chamber of commerce, said there was great need for direct air service between that city and all central and western Texas.

Groebel Testifies. Carl Hinton, manager of the Amarillo chamber of commerce, and William Holden, representing the Fort Worth chamber, said their cities would welcome improved communication with other points in the western part of the state.

Ted Groebel, president of the Big Spring chamber of commerce, told the examiner that oil men in that area frequently had to go to Austin to discuss proration orders and would welcome an air service.

Thomas Rossi, representing the Houston chamber of commerce, and C. Y. Early of Brownwood declared air service was needed to other Texas cities.

A. D. Simpson, director of the Houston chamber, said that many Houston firms had branch offices on the west coast, and predicted that direct connections now necessary would result eventually in the establishment of through planes from Houston to the west coast.

Gilbert Garretson of the Laredo chamber of commerce cited as reasons why Laredo should be given air service its importance as a commercial city and its strategic location as a main freight and passenger gateway to Mexico and Latin America.

A. B. Davis and C. E. MacGedgen of the Lubbock, Tex., chamber of commerce favored applications for permits to serve their section on the grounds of national defense and general community progress.

Davis said the amount of business transacted in Lubbock in proportion to its population was greater than in the more thickly populated areas of the east. MacGedgen said the growth of population and transportation requirements demanded good air connections for the area.

Lines whose applications are involved in the hearing are Braniff Airways, Inc.; Continental Air Lines, Inc.; Transcontinental and Western Air, Inc.; and Essair, Inc.

Frank S. Roberts Speaks At Midland

MIDLAND, Nov. 15.—Frank S. Roberts, governor of Rotary district 127, spoke at the Rotary club here yesterday following an assembly meeting with club officials and committee chairmen.

Roberts spoke on a theme he has carried out in similar visits with other clubs in the region—responsibilities of Rotary in view of present day conditions. He also talked on vocational responsibilities of the club. Monday he visited with the Big Spring club.

Scharbrough's Bond Reduced

MIDLAND, Nov. 15.—Bond for L. V. Scharbrough, Odessa, was lowered from \$10,000 to \$5,000 by District Judge Cecil C. Coombs here last night at a habeas corpus hearing brought by Clyde Thomas, Big Spring attorney and counsel for defense.

Scharbrough faces a charge of rape. Bond originally was set for \$10,000 by Justice of Peace B. C. Gridley at Midland.

Friday noon Scharbrough had not posted bond.

Arm Is Amputated

Orville Garren of Midland underwent amputation of his right arm Thursday night at the Big Spring Hospital following an accident Thursday morning at a feed mill in Midland. Garren caught his arm in a mill belt, mangle the member. The arm was amputated just below the shoulder.

Italian And German High Officials Talk

Commands Refuse To Talk About Innsbruck Meet. BERLIN, Nov. 15 (AP)—Heads of the German and Italian high commands met today at Innsbruck and parted without giving any hint of the subject of their conversation other than the German news agency's statement that they had "military discussions about the joint conduct of the war."

The conference brought together Marshal General Wilhelm Keitel, chief of the German high command, and Marshal Pietro Badoglio, his opposite number in Italy, together with their staffs.

Authoritative sources did not deny that the Greek military situation was taken up, but they remarked that German diplomatic relations with Greece were unchanged today. They said also: "There are many other places concerning which the general staffs, as befores allies, must confer."

One of those at the conference was the German artillery general Alfred Jodl, one of Adolf Hitler's most intimate co-workers. The German and Italian military attaches in Rome and Berlin also were there.

Spanish Minister Makes Mystery Trip

BERN, Switzerland, Nov. 15. (AP) Spanish Foreign Minister Ramon Serrano Suner's trip to Paris was interrupted here today as raising anew the possibility of an axis drive against the British stronghold of Gibraltar, guardian of the Mediterranean's western entrance.

(Serrano Suner left Madrid unexpectedly last night for Paris, accompanied by Baron de las Torres, chief of Protocol, and military aides. There was no explanation as to the purpose of his trip.

(The only comment in the Spanish press which threw any light on the situation was that in the newspaper A. B. C., which repeated a recurring phrase: "That the axis in most intimate relations."

(Serrano Suner's trip to the German-occupied former capital of France turned observers' eyes not only toward Gibraltar but toward France's African empire, which was considered by many informed sources to be the real hitch in Franco-German collaborations.

Spain's desire to extend her colonial empire at French expense is no secret and it was reported in diplomatic quarters here that General Charles De Gaulle's "free French" seizure of Libreville—only a few miles from Spain's fertile Rio Muni colony—and General Maxime Weygand's activity in French North Africa, bounding Spanish Morocco, had much to do with the Spanish foreign minister's trip.

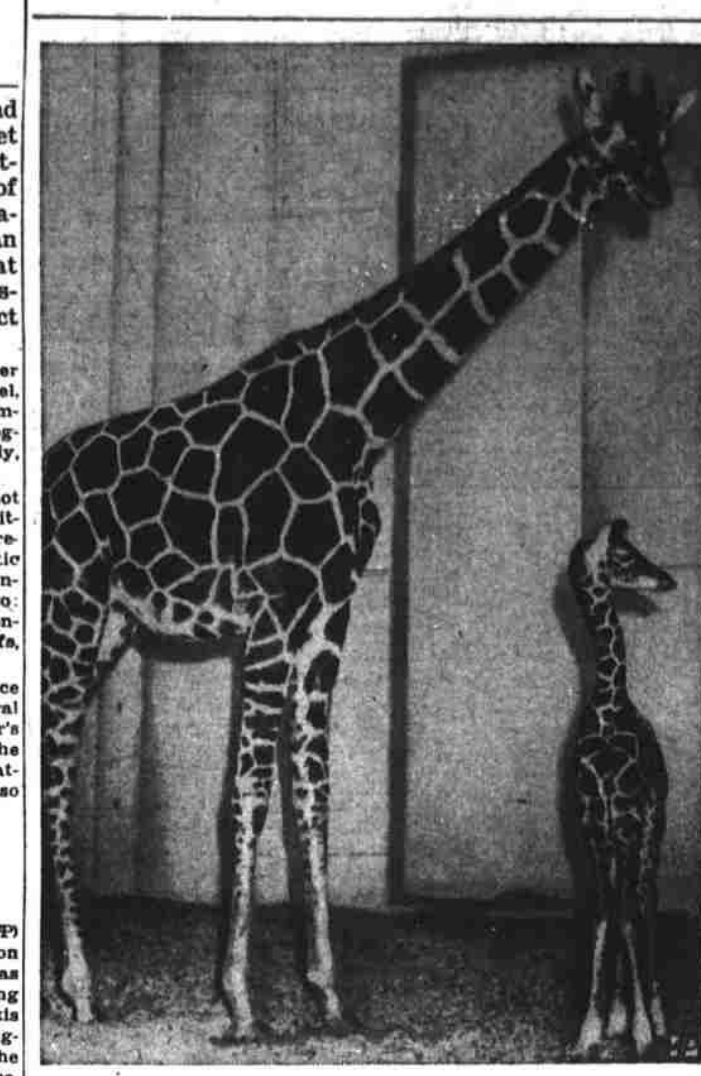

Laval Seeks To Prevent Break

VICHY, France, Nov. 15 (AP)—Vice Premier Pierre Laval was reported to be enroute to Paris today to attempt to stave off a definite break with Germany.

French-German relations have reached a critical stage as a result of the expulsion of more than 100,000 French-speaking residents of Nazi-occupied Alsace-Lorraine. Dispatches from Paris said German authorities had added to the friction by cutting off passes to travelers from the occupied to the unoccupied zone.

The French government already has filed a strong protest with the German armistice commission over the expulsion. Urgent cabinet sessions have been summoned for today and tomorrow.

German Raiders Kill 1,000 Persons In English Town

WHO'S WHO AT ZOO.—Birth of this 110-pound baby at Brookfield zoo in Chicago delighted Zoo Director Edward H. Bean, who says it's the first reticulated giraffe to be born in the western world. Reticulated, he explains, means that animal's marking is netted, like a piece of lace. The new arrival compensates for death of another giraffe baby last September.

Greeks Continue Chasing Italians

ATHENS, Nov. 15 (AP)—Destruction of two Italian divisions, presumably totaling about 30,000 men, was claimed by the Athens radio today and advices from the Albanian frontier credited Greece's armed forces with continued sweeping successes in all sectors.

Previous reports had mentioned the destruction of only one division but the radio said a second was destroyed while seeking to aid the first.

The Greek army has taken the initiative along the entire 100-mile battlefront from the Ionian sea to the Yugoslav border and is driving the Italians back everywhere, the radio declared.

In the coastal region the Greeks were said to have driven the invaders back to the Albanian border, forcing a retreat reported to be assuming the proportions of a rout.

The radio credited the Greeks with taking "thousands" of prisoners after having "beaten and dispersed" an Italian force which outnumbered them three to one.

The fighting in which the two Italian divisions were said to have been wiped out was reported to have taken place in the Pindus mountains, near the center of the battlefront.

One of the divisions, the radio said, was trapped after advancing into Greek territory and the second was cut to pieces when it was sent to the aid of the first.

The Greeks were now reported fighting on Albanian soil in this sector as well as on the northern flank, where they previously claimed the capture of mountain positions dominating the Albanian invasion base.

The Greek high command's communique last night told of "intense infantry, artillery and air activity" along the entire front and reported the Greeks had captured 200 more prisoners and "war material of all kinds."

Spain Bars U.S. Correspondents

MADRID, Nov. 15 (AP)—The Spanish government barred the entire American press from operating in Spain effective Monday.

All American correspondents, including those of the Associated Press, United Press, New York Times and Chicago Tribune, were informed that from Monday on they would be prohibited from sending out dispatches.

The above newspapers and agencies mentioned are those with regular offices and staff correspondents in Madrid.

The reason given was that the United States government had refused entrance visas for correspondents of the Spanish agency E. F. E. which the agency had planned to send to America and that E. F. E. had been refused permission to set up an office in the United States.

It had been proposed to send as E. F. E. correspondent to the United States Jose Antonio Jimenez Arana, brother of the director general of the Spanish government press bureau, Enrique Jimenez Arana.

Women Asked To Aid In Red Cross Sewing

Participation of a larger number of Big Spring women in the Red Cross garment sewing campaign is needed, according to Mrs. G. G. Sawtelle, supervisor of the work.

"We have a few faithful volunteers who are carrying a heavy load in this work," said Mrs. Sawtelle, "but we need to divide the work up among more women, in smaller towns in this area, almost 100 per cent of the women are participating in sewing garments."

Howard county has a large quota of children's dresses, women's skirts, baby blankets and sweaters to finish before January 1. About a fourth of the dresses and skirts and all blankets have been taken out for sewing, and several requests for sweater yarn have been received. This yarn is expected to arrive within a few days.

Material for the dresses and skirts is cut at the Red Cross office adjoining the west entrance of Hotel Settles. Volunteer workers need only to sew the garments. This may be done at the office, or in the volunteer's home.

When yarn for sweaters arrive 700 women will be needed to knit one sweater each. Howard county's quota being 725 pounds.

All clothing goes to England.

Strike Closes Plane Factory

DOWNEY, Calif., Nov. 15 (AP)—The Vultee airplane factory was closed today by a strike.

A CIO picket line was established early today, thereby actively beginning the first strike at a factory manufacturing military aircraft since the start of the present national defense emergency. A breakdown of wage negotiations caused the walkout.

A spokesman for the firm said it was hoped that the plant could remain open with a skeleton crew, but at 7:30 a. m. it was forced to announce to several hundred workers that operations could not begin.

The company has on hand orders for \$39,000,000 worth of planes for the United States and another \$11,000,000 worth for export.

103-Year-Old Dies

JUNCTION CITY, Kas., Nov. 15 (AP)—Mrs. Hannah Templeton, 103, died today at the home of a daughter. Born July 27, 1837, at Hume, N. Y., Mrs. Templeton had lived here 60 years.

Flames Sweep Coventry As Bombs Strike

Industrial City Suffers Fiercest Attack Of War. LONDON, Nov. 15 (AP)—A thousand persons lay dead or injured and great fires swept today through the ruins of Coventry—the work of massed German bombers who raided the ancient industrial city with fire and blast bombs last night.

Many fires still burned fiercely this morning and firemen were working against overwhelming odds.

Uncounted townspeople still were buried in great piles of rubble, so thick and tangled that the work of rescue was held up. Rescue squads, their ranks depleted by the death of many brave members during the night, stood by to aid as soon as conditions would permit.

Scores of public and private buildings including hospitals, shelters, the cathedral, police station and postoffice, were demolished or damaged.

The population was officially described as having gone through an "ordeal with great courage" and heroism.

The city with a population of about 190,000, is one of England's most important industrial cities and is located about 75 miles northwest of London.

It has been one of the Germans' most regular targets in bombing raids on England.

(The Germans said "hundreds" of planes took part in the raid. They said the city was a prime military objective because the Morris, Bristol, Rover and Napier motor works are located there, as well as the general electric plant.)

A communique said "it is feared" that extensive damage was done and many buildings destroyed, including the cathedral.

At least two raiders were shot down, the British said. They said the city was a prime military objective because the Morris, Bristol, Rover and Napier motor works are located there, as well as the general electric plant.)

Big Spring Hunters Start Early To Southwest Texas Deer Haunts

With the prospect of good weather and a bumper game crop before them, Big Spring hunters started moving south and west this morning in order to properly welcome opening of the 1940 deer season at dawn Saturday.

The season on ducks and geese opened today with turkey and deer hunting delayed until tomorrow morning. Nimrods may go after the migratory waterfowl until December 30. Season on wild turkey is held through December 31. White-tail deer hunting will be

brought to a close on December 31. West of the Pecos river, open season is declared on black-tail or mule deer from November 15 to December 30. East of the Pecos, mule deer may be bagged up to December 31.

Mason county, Big Bend area, and Davis mountains are the sections most prominently spotlighted in the chase after the elusive buck. Prepared to play a game of tag and bring home the venison, several parties of Big Springers hit the hard trail this

morning. One party left yesterday, while others will be leaving for game country throughout the current season.

Determined to be among the first on hand when guns start cracking Saturday morning, Elton Taylor and party left Thursday morning for the Davis mountains. This band of hunters, composed of R. T. Finer, Frank Powell, Hobbs Hayward, H. W. Smith and Taylor will be out in the field a week. Sunday morning they will be joined by Albert Fisher, Jr., and

E. P. Driver. Another crew of nimrods left for their annual deer and turkey hunt in Kimble county this morning. R. Milton, Tom Ashley, J. L. LaHue, Jack Smith, H. Petty, Pat Sullivan, Virgil Smith, and J. D. Jones make up the party. These hopeful seekers of the buck have included Elex and Buck, two negro cooks par excellence, in their expedition.

T. MASON COUNTY. Milton Broughton is leader of a group that will invade deer territory around Mason county. Included in Broughton's party are Vernon Logan, Martell McDonald, Sherman Smith, Henry Long, and Broughton's nephew.

Hitting the trail toward the Davis mountains is a party that includes J. D. Hall, Jr., of Cleburne, former Big Spring, Earl Brownrig, J. B. Collins, Earnest Odum, Alvin Walker, Jimmy Walker, Wilkinson. This aggregation of hunters left this morning and will likely make the hunt a three or four day affair.

Also looking forward to a session with the white-tails in the Dawson mountain country are D. W. Jones, E. D. Hicks, and R. O. McClinton. These men left this morning for a two or three days of hunting.

TO DAVIS MOUNTAINS. E. B. Carriger, L. B. Proctor and W. A. Clinton left today for a round of hide-and-seek with the buck out in the Davis mountains. George Oldham will pilot a party that left today for the rock-ribbed Davis mountain sector. Included in the group are Gerald Liberty, O.

H. McAllister, Bob Asbury, Sr., and Asbury, Jr. They will spend two or three days on the chase.

Dr. W. B. Hardy, Sr., Dr. C. W. Deats and son, Wesley, will trek into the Eagle mountains for their annual bag of deer. They started their advance early this morning. John Alford, his three sons, and James Dickson left today for the Big Bend territory for an annual hunt for bucks.

J. E. Stotter, Dewey Martin, and Mr. Luce from Wichita Falls left today for Lakey, south of Mason, for an attempt to bag their limit of deer and turkey.

Dr. G. T. Hall is leader of a party that started on its annual deer and turkey hunt in Mason county this morning. About twenty hunters made up the group. Four of those in the band are Norman Reed, Bill Battle, Joe Flock and E. E. Brindley.

Crystal, China Shower Given For Bride-Elect In W.P. Edwards Home

A crystal and china shower was given Thursday afternoon from 5 o'clock to 5 o'clock in the home of Mrs. W. P. Edwards for Mary Bell Edwards, bride-elect of C. H. Mansfield. Mrs. C. E. Shiva was co-hostess with Mrs. W. P. Edwards.

Mrs. Edwards' marriage is to take place December 1st at 9 o'clock in the morning in the home of her parents, Mr. and Mrs. M. M. Edwards.

The tea table was lace-laid and centered with a white cake surrounded with orchid chrysanthemums. Other mums decorated the top of the cake that held a miniature bride and bridegroom. Suspended from the chandelier was a white satin ribbon and orange-blossom wedding bell tied with a white net bow belonging to Mrs. Albert M. Fisher. Mrs. Fisher used the wedding bell in her own marriage ceremony.

Mrs. Fisher presided at the silver tea service. Pink and white mints and individual cake squares topped with pink rosebuds were served with rolled sandwiches tied with a pink ribbon.

Bronze and white mums were also used in the entertaining room. Miss Edwards wore a red wool dress trimmed with silver nail heads at the neck and on the large pockets. Mrs. W. P. Edwards dressed in a purple velvet formal gown and Mrs. Shiva in a black velvet formal-length gown trimmed with a red rose corsage at the neckline. Mrs. Fisher wore a black chiffon dinner dress and had a gardenia corsage.

The guest list included Mrs. G. R. Cunningham, Mrs. E. O. Ellington, Mrs. Bernard Lamun, Mrs. W. V. Nichols, Mrs. Carl Strom, Mrs. George Wilke, Mrs. E. E. Fahrnkamp, Mrs. J. G. Sarah K. Wooten Hostess At Luncheon Given For Mothers At Hockaday

Sarah Katherine Wooten, daughter of Mr. and Mrs. H. W. Wooten, was one of the hostesses at the luncheon which complimented mothers of girls enrolled in the Hockaday School in Dallas, Friday, in the dining room on the campus. Five hundred guests were present.

Tables were decorated by members of the Garden Club, who also made colonial bouquets for each guest. Original songs were composed and sung to the mothers. Many out-of-town guests attended.

A style show was presented by students modeling costumes worn in 1913, when the school was founded, as contrasted with the styles of 1940.

Miss Laneous Notes

The sudden advent of cold weather has got people remembering back when they wore those long-handled tucked into their ribbed stockings and high-topped shoes.

When you were the first kid in the neighborhood that had to put the darn things on and the last one to take them off in the spring.

That was when the school glamour girl didn't have to wear such old-fashioned coverings and it was a strain on your popularity as you thought, "So he such a back number. Then, too, after the first washing, those ankle-huggers bulged and no matter how neatly you tried to fold them over, that tell-tale bump was still there to exasperate and embarrass your adolescent mind.

And often when it was cold in the mornings and even your distinguished mind had decided that there are several people that declare loudly they would gladly put them on.

But it looks like such over-padding went out with the arrival of calories, talking pictures, and the average youngster of today wouldn't know a pair of long-handled if they saw them.

Children keep their bare knees stacked out all winter and don't seem to be the worse for wear and it must take them just about half the amount of time to get dressed now as it used to.

Mrs. C. J. Staples In Charge Of Lesson For Study Group

Center Point HD Club Has Lunch On Tour Today

Thursday noon the Center Point Home Demonstration Club members entertained other women of the county who were making the achievement tour with a luncheon.

The lace-laid table was centered with a large bowl of yellow and red chrysanthemums on a reflector edged with cranberries.

A display of various articles was shown including feather comforters, pieced quilts, pillow cases, pot holders, cup towels, vanity sets, luncheon cloths, crochet bed spreads, afghans, lace, rugs, plywood trays, and jars of canned vegetables and fruit.

Mrs. S. H. Hanson showed her remodeled house, which included a bath, an extra bedroom, and a modern kitchen. The kitchen has a large built-in cabinet across the side. Her color scheme is red and white, and used in wall paper, curtains, and upholstered and painted cane-bottom chairs. Mrs. Hanson has paid for all the improvements, including a new bedroom suite with money made from selling eggs and butter besides buying the groceries and commercial feed used with home-grown feed in feeding. Most of the feed is home-grown.

Guests assembled in the living room after the display and Mrs. Hanson gave the club report. An average of 50 pounds of cotton has been used by each member, and 3200 containers of food were canned. Mrs. U. S. Dalmont read the poem, "Just Friends."

Big Spring Markets Handle Few Thanksgiving Turkeys

Holiday Birds Fatten Late In Territory

Movement of turkeys from Big Spring to outside markets is smaller than normal this year, according to local produce men.

One produce house has shipped a few dressed birds to metropolitan markets for sale for Thanksgiving tables, but shipments are smaller than last year.

Harvey Wooten, of Wooten Produce company, said he is of the impression the farm crop of turkeys in the Big Spring territory is nearly as large as last year, but the birds are fattening later.

"I haven't been offered many good turkeys," he said. "Most of them are too small for the market. I guess it was due to a late hatch or something."

According to E. A. Nance of N. & N. Produce company, hens offered for sale this year have been in fairly good condition, but toms were "rough." He has discontinued buying for outside markets until the Christmas season, but is handling some birds for local consumption.

Finis Buggs of Pocking House Market reports that he has received a few turkeys in fair condition for local sale.

All local buyers are offering 12 cents per pound for No. 1 birds. According to Buggs, retail prices will probably be 15 cents per pound for turkeys on foot, 18 cents for feathered, and 23 cents for fully dressed.

Most turkeys raised in the Big Spring area are expected to move to market when Christmas buying begins locally about December 1. "There's going to be turkey for everybody Christmas," remarked one local buyer. "There's no shortage now, and there'll be more for Christmas."

Elsewhere in Texas—the nation's leading turkey producing state—reports indicate that a Thanksgiving crop of excellent quality is moving toward next week's festive tables.

The open market for northern and eastern Thanksgiving sales closed at most Texas shipping centers Wednesday, with prices showing a strong tone.

At Cuero—turkey capital of the world—there was a rise of a full cent in prices on reports of heavy losses in northern blocks because of wintry weather.

A cent higher than a year ago, the Cuero market was 11 1/2 cents for No. 1 toms and 13 1/2 cents for No. 1 hens. Prices at Brownwood just before the market close were the same as in 1939, 11 cents for No. 1 toms and 13 for No. 1 hens. Brady reported that the 11 and 13 cent quotations there were about two cents under last year on the same date.

At Plainview dealers paid 15 cents for young hens, 12 cents for young toms, and three cents under those prices for old birds.

Kiwanis Club Has Crowded Schedule

"National Education Week," election of officers and directors for next year, the final word on sponsorship of an outstanding event for early in 1941, and a short session devoted to Boy Scout Troop 3 Thursday gave members of the Kiwanis club one of the fullest luncheon meetings of the year.

School officials presented by George White, program chairman, were C. W. Cunningham, W. C. Blankenship, King Bides, Bill Dawes, J. H. Coffey, Edmund Notestine and Ira Thurman. Following a brief outline of the local school set-up by Cunningham and Supt. Blankenship, the program was thrown into an open discussion of operation of the Big Spring school system during which Kiwanians were urged to unload any

GERMANY LEGALIZES EATING OF DOG, FOX, BEAR, BEAVER MEAT

BERLIN, Nov. 15 (AP)—A new law, effective Jan. 1, today legalizes the meat of dogs, foxes, bears and beavers for human consumption, but observers doubted the measure would greatly augment the reich's food supply.

The law subjects these meats to the same rigid health inspection as beef and pork.

It indicates that such meats have been on German menus, probably in larger amounts recently as people find that the weekly pound meat allowance in Germany is not sufficient.

Most observers here surmise, however, that the second war winter, hard as it may be, will treat Germany easier than almost any other country in continental Europe.

William Green Is Quiet On Peace Issue

NEW ORLEANS, Nov. 15 (AP)—William Green, president of the American Federation of Labor, kept a tight lip today on any direct talk of peace with the Congress of Industrial Organizations but hinted that his followers were ready for settlement.

At the same time Green, who arrived last night to prepare for the AFL convention opening Monday, approved the predicted appointment of Dr. Harry A. Mills, Chicago economist, to the National Labor Relations Board.

Refusing point blank to answer any question on his attitude—or the AFL's attitude—toward peace with the CIO headed by John L. Lewis, Green said in an interview: "I may discuss the problem in my address Monday. But I say this for what conclusions may be drawn from it: The AFL last year appointed a committee to deal with the CIO."

"But nothing came of it because Lewis would not permit appointment of a committee to deal with our committee."

Other AFL officials openly favoring peace, however, said since their arrival here they would watch with sharp interest the CIO convention opening Monday in Atlantic City.

Joshua Cosden Assets Auction At \$66,500

NEW YORK, Nov. 15 (AP)—Final assets of the Joshua S. Cosden fortune—reputed to have amounted to \$35,000,000 at one time—have been auctioned for \$66,500.

Cosden, established and at one time controlled the Cosden Oil company in Big Spring.

The purchaser, and sole bidder, declined to identify himself but said he acted as agent for others.

Former Wall Street associates of Cosden—who said he was ill in California—believed the assets, including life insurance policies and an apartment house lease, was all that was left of Cosden's great fortune.

Two insurance policies of \$25,000 each on Cosden's life brought \$12,000 each and three notes of \$25,000 each, payable to Cosden's wife, brought \$1,000. The midtown New York apartment house lease was purchased for \$35,000.

Men who knew Cosden as "Josh" in his lush Wall Street days recalled that he once turned down an offer reported at \$100,000,000 for the southwestern oil empire he then controlled.

Former associates said they had not heard from Cosden often in recent years, but that they knew he was now ill and they believed his fortune had shrunk to the assets sold Wednesday.

Jealous Bird Gets Death Sentence

WINSTED, Conn., Nov. 15 (AP)—Bill, an 18-year-old parrot, was under a death sentence today, convicted by Mrs. Frank D. Griswold of attacking her four-month-old son, Onville, in a jealous rage.

The child was bitten on the face and mouth yesterday as he was lying in his crib, and was taken to a hospital. Attendants said the wounds were not serious.

Mrs. Griswold said that the parrot had been jealous of the baby since he was brought home from the hospital, and added that she would have the bird killed.

Three Big Spring Youths Join Army

Three Big Spring men have enlisted in the United States army recently through the Fort Bliss recruiting office, according to Col. C. McLaughlin, district recruiting officer.

They are J. L. Robinson, Clinton F. Hull and James T. Abern. All were assigned to the infantry at Fort Sam Houston, San Antonio.

A few vacancies still exist in the infantry for qualified young men between the ages of 18 and 25, according to Col. McLaughlin.

Old Motorists 'Flunk' Quiz On Traffic Laws

PITTSBURGH (UP)—Inexperienced motorists are more familiar with traffic rules than veteran drivers, the Pittsburgh Better Traffic committee has discovered.

The committee conducted a quiz at the Pittsburgh Automobile Show, in which novice drivers generally made better scores in answering questions on safe driving rules than motorists who have been driving cars for a long time.

If your car has starting trouble as the weather gets colder, there is one sure-fire prescription—

HIGHER TEST (more volatile) GASOLINE

That's a perfect description of Phillips 66 Poly Gas.

During the coming winter months, you can confidently expect... based on past experience... that the Volatility Number (high test rating) of this amazing motor fuel will be 30 per cent higher than the average Volatility Number of premium price gasolines.

Think of it! Most motor fuels, including those which cost 2¢ extra per gallon, will not come within halting distance of the volatility given by Phillips 66 Poly Gas, which sells at regular price. If you wonder how Phillips can afford to be so generous with high test quality, remember that Phillips is the WORLD'S LARGEST PRODUCER of natural high test gasoline.

Find out for yourself how this extra high test gasoline gives extra fast starting, even after your car has been standing all night in the cold. Note the faster warm-up. Feel the improvement in power and pick-up. And don't forget, you get more mileage, because you save the gasoline usually wasted by excessive use of the choke with low test motor fuel.

Tonight, get a trial tankful of extra high test Phillips 66 Poly Gas, without paying a penny extra. Then tomorrow, you can touch the button and START everytime, no matter how cold the day.

Phill-up with Phillips for Instant Starting

Yearlings Break Lubbock's Long Winning Streak With Upsetting 7 To 0 Victory

Visitors Had Won Seventeen Straight Tilts

Chalking up their first win of the season, Big Spring high school's Yearling footballers threw the record book for a tremendous loss and bowled over Lubbock's junior Westerners, 7 to 0, yesterday afternoon in Steer stadium.

The Big Spring victory shattered a Lubbock string of seventeen straight triumphs. Near the fourth quarter's half-way mark the Yearlings moved into winners' row with powerhouse drives by Fullback Doyle Stewart. Picking up 4 and 5 yards at a lick, the Big Spring steamrolling full, moved down the field approximately 45 markers without being stopped until he was brought up short by Lubbock's last stand defensive wall on the 8. Losing the ball and then recovering it after Lubbock fumbled when forced to kick on fourth down, Big Spring rolled down the line from the 15, ending in paydirt when Stewart plowed over from the 4.

LUBBOCK THREATENS
Lubbock failed to make more than one outstanding goal line threat. Getting good dividends on sweeping end runs, the flyweight Cowhands reached high water mark on the Yearlings' 7, but were hurled back by powerful thrusts led by Guard Bob Boykin and Center Bob McDonald. For the rest of the afternoon, Big Spring ruled the roost except on a few occasions when Lubbock put on sudden bursts of speed.

Lubbock's return to the old statute of liberty play on two instances in the second canto netted 20 and 25 yards each. Groundwork had featured role throughout the roundelay, both clubs depending on power through and around the lines for yardage gains. Big Spring racked up a cipher on three attempted overheads and Lubbock's four passing blasts resulted in just one completion.

Stewart was spotlighted throughout the show, the 190-pounder breaking through Lubbock's defenses almost at will. Seemingly unable to cope with the Yearling full's surges, Lubbock was forced into concentrating on the rest of the lineup in attempts to tie up Big Spring's charges. Stewart turned in a performance that showed him at his best this year.

The two forward wall standouts, Boykin and McDonald worried Lubbock during the entire session with a heads-up brand of offensive and defensive maneuvering. Filling in at the halfback position, the two Matlock twins put on an exceptionally aggressive style of offensive tactics, playing a large part in preparing the ground for Stewart's 45 yard march down the gridiron in the fourth period. Billy Baron, alternate quarterback, battered the opposition on Big Spring's advances.

Yearling Coach Carl Coleman stated after the struggle that Lubbock had the fastest team his boys have met. It was these same Lubbockies that downed Sweetwater's Colts, 7 to 6. The Yearlings were forced to bow to Sweetwater a few weeks back.

To round out the season, the Yearlings will be entertained by Midland's Lightweights on November 20, and will invade San Angelo's ballgame on the 27th. Big Spring will be out to get revenge in these duels, having been beaten 7 to 6 by the Midlanders and 14 to 9 by San Angelo in games earlier in the season.

Starting lineup for Big Spring: Dearing, A. and Newton, ends; Brown and Boykin, tackles; Smith and Sims, guards; McDonald, center; E. Bostick, quarterback; Simmons and Massey, halves; Stewart, fullback.

Substitutions for Big Spring: Coffey, guard; Matlock twins, halves; Barron, quarter.

Crowell Boy Plays Both Halfback And End To Lead State In Ground Gaining, Otherwise Spark Team

Dies Prepares To Issue New 'White Paper'

WASHINGTON, Nov. 15 (AP)—The Dies committee, it was learned today, has in preparation a "white paper," setting forth the material developed by its investigation of German and Italian consular officials in the United States.

The committee will meet here Monday to decide whether to issue the "white paper" instead of holding a series of hearings which would form a major part of the committee's third annual report to congress, particularly in view of the fact that the committee's authority expires officially in January.

Dies and Representative Voorhis (D-Calif.), another member already have urged that the committee's life be extended, as it was on two previous occasions, and also that its expense money be increased.

Mr. and Mrs. Jack Roden and daughter, Dorthen, left last night for a vacation of two weeks in Houston and Galveston. They will also go to Oklahoma for a short visit with friends before returning to Big Spring.

WASHINGTON, Nov. 15 (AP)—As an end, Junior Haseloff is a star halfback—and vice versa.

The critics rave about John Kimbrough of the Texas Aggies with his 49 yards, but, after all, Kimbrough only has to play fullback and besides it required 120 tries to roll up that yardage.

Haseloff holds down a two position for Crowell high school. In the first place he's the greatest wingman in this school's history. In the second place he is the top average ground gainer of Texas schoolboy football—in which about 20,000 youngsters participate.

In the third place he needed only 41 tries to make 437 yards, just one-third of Kimbrough's carry and only 12 yards short of his total.

While he isn't doing the blocking and tackling, the 170-pound Haseloff whirls to the other side of an end-around play.

In addition to his average of almost 11 yards per try, he has caught eight passes for 139 yards and has scored 36 points, which would be a mighty good season even for a halfback.

His average gain is the highest for any player Crowell ever has produced—and remember Crowell gave to football one Dick Todd, who scored more than 600 points in his high school career.

Todd today is with the Washington Redskins of the National Professional league and is tied for the top scoring honor.

Haseloff's value to the team can be gauged not only in his ground gaining ability but his durability. In his school's nine games he has played every quarter.

Last night, as Crowell rolled over Iowa Park 15-8, Haseloff carried the ball six times, gaining 47 yards and losing three. He had runs of 10, 18 and 12 yards, scored one touchdown on a 9-yard pass and caught four passes for a total of 59 yards.

Quite a boy!

Here's How One Observer Picks Money Winners

By HERS BARKER
NEW YORK, Nov. 15 (AP)—The weekly attempt to march through the football list (hoping to escape too many offside penalties): Michigan - Northwestern: Add this one up any way you want to and it still looks razor-close. Each beaten once by a one-point margin, and by Minnesota, the nation's current No. 1 team there's some doubt whether Tommy Harmon will be in perfect shape and this vote for Michigan is predicated on the assumption that he will be.

Stanford-Oregon State: The Indians had better be on their toes all the way or their perfect record will go by the boards here. Stanford, but not by much.

Pitt-Nebraska: There are few better defensive clubs than the Huskers, Nebraska.

Notre Dame-Iowa: Nile Kinnick was the reason the Hawkeyes whipped Notre Dame last year. There's no Kinnick at Iowa City this time. Notre Dame.

Georgia Tech-Alabama: Tech's on the skids and this game won't help much. The ballot is cast for Jimmy Nelson and Alabama.

Southern Methodist-Arkansas: Pretty close but stringing with Southern Methodist.

Baylor-Tulsa: Not many clubs can take Tulsa but this faint-hearted nod goes to Baylor.

Texas Christian - Texas: The choice is Texas.

Washington-Southern California: The Trojans have mislaid the winning combination. Washington.

California - Oregon: California gets better all the time and rates this vote.

U. C. L. A.-Washington State: Apparently UCLA can't get going. Washington State.

Oklahoma-Missouri: Figures very close. Out of the hat, Missouri.

Auburn-Louisiana State: The Plainsmen are hot. Auburn.

Tulane-Georgia: Fireworks can be expected. Tulane.

Texas Tech-Wake Forest: Probably close. Taking Tech solely because it will be playing at home.

Catholic - Hardin - Simmons: Catholic.

Today's Guest Star: Harry Martinez, New Orleans States: "If I had to lose my shirt picking an underdog this week it would be Iowa to ruin Notre Dame's undefeated record." Any team that can hold Huff Jones' Nebraska Cornhuskers to a 6-14 score can play for my dough.

HOUSTON, Nov. 15 (AP)—The Baptist General Convention of Texas, nearing the close of its meeting here, voted today to request President Roosevelt to cancel the appointment of an "ambassador" to the Vatican.

Looking em Over

With Jack Douglas

And so, you who would pick a winner in stadia scattered hither and yon, gather around the witch's kettle while we try to hit the jackpot.

Southwest football sometimes borders on the unreal side, but there is one shot that we believe every person will call right and just to get off to a good start the strongest shall be first.

Texas Aggies vs. Rice Owls: Why dicker around too much about this one. Even the most rabid Rice supporter is not giving the Houston lads an outside chance of doing much more than joining the crowd in watching Brother Kimbrough lead the shouting Farmers in their regular Saturday afternoon camp meeting.

Hardin-Simmons, the only school better than Texas A. and M. of the Southwest conference to boast a perfect record among the state colleges, goes to Washington to tackle the potent Catholic university Cardinals.

The Cowboys have played six games, scoring 147 points to 32 for the opposition.

At Lubbock, they're calling the Texas Tech vs. Wake Forest tilt the "biggest the town has ever seen." Tech is undefeated but tied. Wake Forest has won five and lost to Duke and Clemson.

It is a crucial week in Texas minor college conferences, with the championship in the balance in two of them.

Howard Payne, topping the Texas conference without defeat, plays Abilene Christian college at Brownwood.

In the Lone Star conference, unbeaten North Texas State closes the title campaign against East Texas State which must win to even so much as tie for the championship.

Tough little Texas A. & I. and Mose Simms' colorful St. Mary's Rattlers open the Alamo conference race at San Antonio. The other member of this circuit, West Texas State, plays Oklahoma City university in an inter-sectional game.

The schedule: This week's Texas minor conference and independent college schedule:

Thursday—Austin College vs. McMurtry at Sherman (night).

Friday—Abilene Christian College vs. Howard Payne at Brownwood (night); Texas Wesleyan vs. Trinity at Waxahatchie (day); Daniel Baker vs. Southwestern at Georgetown (night); Sam Houston State vs. Southwest State at San Marcos (night).

Saturday—Hardin-Simmons vs. Catholic university at Washington (day); North Texas State vs. East Texas State at Commerce (day); West Texas vs. Oklahoma City university at Canyon (day); Wake Forest vs. Texas Tech at Lubbock (day); Texas A. & I. vs. St. Mary's at San Antonio (night).

Each of the teams in the championship race has beaten the other this year, thus the present tie for district championship. Spenberg has piled up 230 points during the season and Klondike has added up 234. In their first game Spenberg was the winner by a score of 20-12 while in the last game Klondike was the victor 27-14. Both times the games have been played on muddy fields.

Texas College Teams' Records Threatened

By the Associated Press
Texas' two independent college football teams—each with "howl ideas"—have their work out for them this weekend in trying to retain undefeated standings.

Hardin-Simmons, the only school better than Texas A. and M. of the Southwest conference to boast a perfect record among the state colleges, goes to Washington to tackle the potent Catholic university Cardinals.

The Cowboys have played six games, scoring 147 points to 32 for the opposition.

Masonic Home Gets Nod For District Crown

Mighty Mites Beat Arlington Heights To Clinch Title

By the Associated Press
Masonic Home's little rascals rolled down the Texas schoolboy gridiron trail today, regarded as certain winners of the Fort Worth district championship.

Undefeated, untied and unscored on, the mighty mites last night beat Arlington Heights 7-0 to virtually clinch their sixth title in nine seasons.

A pass from C. D. Sealey to Clyde Roberts for 25 yards brought the Mason touchdown and Ray Coulter converted.

The Masons still have their 25-yard line intact. No team this season has managed to get past it.

More crucial games are scheduled in the state today and tonight, headlined by the Sherman-Paris struggle at Paris for the District 5 title. Both teams are undefeated and untied and the winner will be looked on as a clinch to come through as district champions.

At Temple Corsicana battles the Wildcats for leadership of District 10 and in District 2 it's the same between Graham and Wichita Falls.

Jeff Davis can sew up the Houston district flag with a victory over San Jacinto tonight.

There are 4 games on today's schedule and six tomorrow.

RICE WORRIES MIGHTY AGGIES

By ELLIX R. McNEEL
DALLAS, Nov. 15 (AP)—Only two steps removed from a likely Rice Bowl nod, a second unbeaten season and a history-making re-act performance as titlist of the Southwest conference, the Texas Aggies tomorrow start the leap.

Stout, surprising Rice Institute stands before them first. Some 25,000 are due to stream into College Station for the collision.

Rice is formidable—a goal fundamentally sound football team. But, as one war reporter described it, "a defeat for the Aggies would go down as the biggest upset since Mrs. O'Leary's cow let the lantern have it."

The Aggies shook So with Methodist, a great team itself, with such power last weekend that all doubts about their greatness were dispelled.

Meanwhile, Rice, still very impressive in beating off Arkansas, 14-7, has tackle trouble. Two erstwhile starters, Billy Hard and Bob Smith, are reported ready to play but not in the pink. It will be more than interesting to see Rice's grand old Bob Bramley, a fullback who has pulled games from the fire for the Owls, durt with Kimbrough.

The Aggies' line of concrete, the seven boys who weigh in above 200 pounds and have a season record of allowing something like 23 yards per game on enemy rushing plays, will get a workout. Rice runs with the ball. Passes are in their play bag, but Jow Neely Jr. built a solid, smashing ground game.

In seven games, the Aggies have piled up 1,819 yards while Rice, in six—and six tough ones—has managed for 1,388 yards.

Only Tulane has whipped the Owls in a season that has already been acclaimed a terrific success by the homefolk.

Stanton Beats Steer Reserves

Big Spring high school's reserve Steers were trampled by Stanton yesterday afternoon at Stanton with the score of 32 to 14.

When Stanton got the jump on the opening shot of the game, the Reserves put the closing touch on the show with a last-play paydirt strike by Billy Womack, quarterback.

Big Spring's first tally came when Peppy Blount, wingman, took a 30-yard pass from Womack and scored 30 more to hang up the count.

Coach Pat Murphy took only twelve men along for the engagement. They were Blount and Knapp, ends; Shaw and Hardy, tackles; Suggs and Webb, guards; Campbell, center; Lamun, a d Lewis, halves; Womack, quarter; Moore, fullback; Perry, end.

Austin College Wins Over McMurry, 19-7

SHERMAN, Nov. 15 (AP)—The Austin College Kangaroos defeated McMurry 19-7 here last night in a Texas conference game.

It was Austin College's third victory in the circuit. Ringold scored one touchdown and Floyd two with the latter kicking extra point.

Mundy raced 67 yards for McMurry's counter.

Pink Boll Worm Moves Into New West Texas Area

Herald Austin Bureau
AUSTIN, Nov. 15—The pink bollworm which in recent years has become a major menace to the cotton farmer, moved into two more West Texas counties in serious numbers during the past year, according to the annual report of Agriculture Commissioner J. E. McDonald.

Tom Green and Concho counties have become highly infested with the cotton pest, making necessary the extension of control measures to these areas, McDonald said in his report to Governor W. Lee O'Daniel.

Eradication procedure was continued during the past year in the heavily infested areas of Brewster, Culberson, Jeff Davis, Presidio and Terrell counties, and part of Hudspeth county.

Among the West Texas counties reported highly infested are Andrews, Concho, Dawson, Ector, El Paso, Garzes, Glasscock, Hockley, Howard, Irion, Loving, Martin, Midland, Mitchell, Pecos, Reeves, Sterling, Tom Green, Upton, Ward, Winkler and Yoakum, and parts of Coke county.

Many problems that have been marking time because of the hearing of a national election we may now expect to see taken up and settled or definitely laid aside. With the go-ahead signal the government will be able to do things that heretofore have been stalled because of more pressing demands of acquiring or retaining office.

violations will be public, in this way differing from hearings under the old commission restrictions against political activity. The reason for this is that Hatch act violations are subject to review in the courts. A complete public record will have to be made for court hearings in cases persons found guilty by the commission decide to appeal.

Cafeteria Service Is Tested In Reformatory

COLUMBUS, Ohio (UP)—Ohio penitentiary's 3,692 inmates soon may have their meals served cafeteria style if experiments now under way prove successful. Small-scale rehearsals of cafeteria-feeding already have been conducted. Warden Frank D. Henderson announced the system would be tried in its entirety if subsequent trials proved equally successful. "The men will get their food while it's hot, and they will be able to select the kind and amount of food they want, thus eliminating waste," said Henderson. Under the old system, the inmates sat at tables and were given their food from serving dishes, which often cooled before their contents were distributed. All men received equal helpings, regardless of their appetites.

World War 'Foes' Meet At Recruiting Office

CAMDEN, N. J. (UP)—Anton Schmagner was a machine-gunner in the German army 22 years ago. Recently he accompanied his son, Rudolph, to the Camden recruiting office, where the boy enlisted in the Army Engineering corps. Rudolph's examining officer was Lieut. Col. Lee Sumner, who fought in the battle of the Somme—the same battle in which Anton Schmagner was a German gunner.

Warsaw Jews Are Put In Ghettos

BERLIN, Nov. 15 (AP)—Nearly all Warsaw Jews have been moved in to a walled ghetto of the former Polish capital, it was disclosed today.

DNB, the official German news agency, said that following orders by German authorities, most of the Jews who settled outside of Jewish quarters which had sprung up in Warsaw during the centuries, had been brought back into a "new Jewish quarter" in the last few weeks.

DNB said that the section was erected despite present building difficulties and that Jewish businesses were being moved into the ghetto section by section.

Soon, the news agency said, Warsaw will have no Jewish businesses outside the ghetto walls.

Here 'n' There

H. G. Wells, noted British writer and lecturer was reported to have been in Big Spring Wednesday night but did not make his visit an extended one. It might be said that he just breezed through or passed over, since he was traveling via airplane and stopped in this town just long enough for the plane in which he was a passenger to take on fuel.

Somebody is doing some Christmas business here at this early date, and we have authority of the U. S. postoffice for it. Friday Postmaster Nat Shuck said that three packages had gone out from the local office with stickers instructing "Do Not Open Until Christmas." In this connection Shuck said that his office is making plans to handle what he believes are hopes will be a record Christmas volume in record time.

Usually crashes occur out on the streets, but Friday morning a taxi driven by W. E. Davis and a pickup truck piloted by Hubert Clawson tangled in the alley intersection between Main and Runnels streets in the 100 block. Only property damage resulted.

Police held a man in custody Thursday night for investigation. They thought the man might be a bit sane, and Friday they were more than slightly inclined to that view. The prisoner was found, sans clothing, sitting on a cold steel bunk. Officers felt that the thermometer at least supported their suspicions.

Santos Aguros, a Mexican from the valley, and his daughter were hauled into corporate court on a charge of attempted petty theft in a local department store. He began scraping his meagre cotton picking earnings together to pay a fine, so he could return home. The judge came up with a bargain instead of a ruling—Santos could keep his money if he would get on home. Santos, happy and admittedly reformed, pointed southward.

Carrying the colors for the Big Spring chapter of the American Business Club, Hugh Duncan, E. K. Heater, Cecil Snodgrass, and Ted Phillips drove to Lubbock Thursday night and attended the Ladies Night affair given by the Lubbock club.

Fort Worth Rodeo Opens Tonight

FORT WORTH, Nov. 15 (AP)—The all-American rodeo and horse show opens tonight by paying tribute to the man who was known in every corner of the west's range-land.

The Will Rogers Memorial coliseum will be dedicated with a 45-minute memorial to the late humorist-philosopher.

Cowboys and cowgirls, bands and rodeo queens and two movie actors—Leo Carrillo and Rochelle Hudson, who knew Will Rogers—will attend the ceremonies.

The rodeo and horse show, with 130 cowboys and cowgirls as entrants, will continue for ten days.

New Member Named To Labor Board

WASHINGTON, Nov. 15 (AP)—President Roosevelt nominated Harry Amelis, Chicago educator and economist, today to a five year term on the national labor relations board, taking the place vacated by Chairman J. Warren Madden.

The president also submitted to the senate a nomination for Madden to be a judge of the United States court of claims.

Mills, 67, was a member of the labor board before it was reconstituted and given greater powers under the Wagner act in 1935. He is expected in some quarters to cooperate with board member William M. Leiserson in the latter's program for changes in staff and procedure. Edwin S. Smith is the third member of the board.

State Approves New Patriotic Textbook

AUSTIN, Nov. 15 (AP)—The state board of education has ordered new textbooks on civil liberties and the problems of democracies made available to schools in February instead of September, 1941.

The books, including among others recently adopted for optional use in public schools, are for the 7th, 8th and 9th grades.

Ben O'Neal of Wichita Falls, board member, said the texts were adopted with a view to bringing to children the real meaning of democracy.

'Greater Reich' Absorbs Lorraine

WASHINGTON, Nov. 15 (AP)—Germany's expulsion of French-speaking residents from France's province of Lorraine was regarded here as one more step in Chancellor Hitler's plan to absorb that long contested borderland in his "greater reich."

If the French are being replaced by Germans from the Ruhr valley—as reported in informed circles in Vichy—it may also mean that persistent British bombing of Germany's highly industrialized Ruhr valley has been effective to a degree not hitherto admitted by Berlin.

Turkey Shoot Set
The American Legion post at Coahoma is following its custom of staging a turkey shoot again this year. Two shoots are scheduled, one for Nov. 18-20, and the other, a pre-Christmas affair, for Dec. 19-21.

Cooks Go A. W. O. L.
RALEIGH, N. C., Nov. 15 (AP)—The food at the Carteret county prison camp is "not so good," complain the convicts—and even the state prison department agrees. Until Monday night, the camp had four cooks. And the food was pretty good. But all four cooks escaped.

AAA Official Visits
Jack E. Hall, junior field officer and assigned to district six-north, was here Friday for a routine visit with the county AAA office. He was on a trip to inspect offices at other points in his district.

Garnett Appeal Entered

Notice of appeal was given Thursday afternoon by H. C. Hooser, Big Spring, and Duke Kimbrough, Midland, attorneys for W. S. Garnett, Batesville pastor, fined \$100 here Wednesday on a charge of selling securities without a license. J. L. Moreland and F. C. Reede signed a \$1,000 recognizance bond for the Rev. Garnett.

Under Court Ruling - - T. & P. Railway May Lose Title To Sections Of Right-Of-Way

Herald Austin Bureau
AUSTIN, Nov. 15—Owners of West Texas land abutting the Texas & Pacific railroad right-of-way who hold their property under original grant from the state may claim title up to the center of the railroad right-of-way.

That was the implication today of a far-reaching opinion handed down by the third court of civil appeals in which the state was held not to have title to the railroad right-of-way in Ector county. The court decided that under a rule laid down several weeks ago by the Texas supreme court the owner of the abutting property had title.

When James V. Alfred was attorney general, he filed suit against the Texas & Pacific to recover for its state title to the railroad's right-of-way. It was ruled by the courts then that the state retained its original ownership (including rights to oil, gas and other minerals under the land), and the railroad had only an easement.

Several weeks ago the Texas supreme court, in the Rio Bravo and Cox vs. Campbell cases, held that where a grant of land goes to the borders of a railroad right-of-way, or highway right-of-way, the grant covers all the property to the center of the road. That is, the grantee on one side owns fee simple title up to the center of the road, and the grantee on the other side owns fee simple title to the other half of the right-of-way.

Applying this rule of law, the third court of civil appeals decided this week in Joslin vs. State that the owner of land bordering the T. & P. right-of-way held title as against the state. It was believed that the case would be appealed to the supreme court for a final decision.

Chinese Assert Japs Weakening

SHANGHAI, Nov. 15 (AP)—Chinese military leaders, professing to see evidence that the tide of Japanese invasion definitely is ebbing, have issued a statement in Chungking declaring that China is planning for three years more of war if necessary.

This was considered a reply to recent rumors of Japanese peace overtures.

Chungking authorities, according to dispatches from the capital, reported that further withdrawals of Japanese forces from occupied Chinese territory were imminent.

C. L. Ely Given Life Sentence
KERMIT, Nov. 15 (AP)—After deliberating four hours a Winkler county jury last night convicted C. W. Ely, Jr., and sentenced him to life in the state penitentiary for the slaying of Earl Burckett, Monahan night watchman, on March 17, 1939, as Burckett was lodging Ely in jail.
In a previous trial at Monahan Ely received the death penalty, but the court of criminal appeals reversed the verdict on the grounds that the arrest had not been lawful.
