

Don't Blame Railroads If Wheat Ground-Piled

NEW YORK, May 21. (AP)—If grain piles up on the ground in the wheat belt this summer, take a second look before blaming the railroads. Wheat for your next year's bread is just starting to flow to processing plants. This movement will swell to a flood in July and August, overtaxing mill and elevator facilities. Ground-piling at that time—they call it "open storage"—is not unusual. Modern methods have compressed the bulk of harvesting into a short period. That is the season of overies for more cars to carry the grain. Here's what the railroads have done to get ready for their big task of hauling the winter wheat crop: Late in April they assembled more than 20,000 box cars at country loading stations. Fully loaded these cars will carry nearly 35 million bushels of wheat on each trip.

Thus the railroads hope to move from storage quickly much of the 1948 wheat held under government loan and purchase agreements that expired April 30. And do it before the new crop movement is in full swing. The 1948 winter wheat harvest, by latest estimates, will total 1,021,467,000 bushels, second largest on record. Despite this, the Association of American Railroads this week expressed confidence its members roads could "move every bushel of grain for which storage space is available." Storage space—or the lack of it—is the real problem. That it is serious was emphasized by the recent government offer to pay farmers 10 to 11.5 cents a bushel if they would hold in farm storage for another year some 60 million bushels stored under the

1948 price support program. Officials said this was intended to help relieve the commercial storage situation. At the end of April more than half the public elevator capacity in the winter wheat belt was reported filled with last year's crop. The U. S. Department of Agriculture said there was available on that date in seven winter wheat states only 76 million bushels of storage space. Reports of the AAR car service division show 18,700 more box cars on western railroads than at the same time a year ago, with 7,300 more box cars ready for service in the wheat belt. It appears the railroads this season will escape the barrage of criticism aimed at them by shippers clamoring for cars in recent years—especially in 1947. And the new target may be the lack of adequate storage space. The AAR points out that if terminal elevators and mills are unable to keep up with the flow of grain from the farms and country elevators, it will be necessary to embargo additional shipments to those points until the situation eases.

MAKES CHARGE — Charles H. Collison (above), former New York corporation lawyer, charged in Frankfurt, Germany, that he was released as deputy chief trust-buster in the American zone of Germany because some persons feared what he might disclose to the new U. S. high commissioner. (AP Wire-photo).

Russians Would Participate In Greek Parleys, Under Conditions

MOSCOW, May 21. (AP)—Tass, the official Soviet news agency, said Friday Russia has told the United States and Britain she is willing to take part in negotiations for settlement of the Greek civil war, under certain conditions. Tass said, would include withdrawal of all foreign military aid to the Greek Nationalist Government. (The United States is pouring millions of dollars into Greece to help her government fight the Communist-led guerrillas.) Tass said Dean Rusk, U. S. assistant secretary of state, and Hector McNeil, British minister of state, proposed unofficial discussion of the Greek issue at a meeting with Andrei Gromyko, Soviet deputy foreign minister. It said the meeting took place in New York April 26. Gromyko, the agency reported, replied that Russia "would not refuse" if the United States and Britain formally proposed three-power joint action. But, it con-

tinued, he told them "it would be best to utilize" the recent peace proposals of the Communist-led Greek guerrilla government as a basis for settlement. (The Russian terms, as described by Tass, follow closely terms which the rebels have proposed to the Greek government on several occasions, and which each time were flatly rejected. The Athens government demands the rebels' unconditional surrender.) Tass said Gromyko proposed that, if the big three powers decide to work together on the Greek problem, they jointly call for an end of hostilities, the Greek government to proclaim a general amnesty and call free elections. He proposed creation of an international commission to control troubled frontier areas of Greece Russia to serve on the commission, Tass said. (This departs from past Soviet policy. The Russians have refused in the past to join any United Nations Commission studying frontier problems in Greek areas bordering Communist-ruled Albania, Yugoslavia and Bulgaria.) That setp, Tass quoted Gromyko as saying, should be accompanied by an end of foreign military aid to the Greek Nationalist Government. He said Russia would agree to serve on an election board to guarantee free elections in Greece, and that the board should include also representatives of the other big powers and the Communist-led guerrillas.

VFW Buddy Poppy Sale Will Be Held In City Saturday

Annual Buddy Poppy sale of the Veterans of Foreign Wars will be held here Saturday. The ladies auxiliary of the local post will conduct the sale, assisted by members of the High Heel Slipper club. As in previous years, the majority of proceeds will be used for local veteran welfare projects, and the remainder will be used to pay disabled veterans for their labor in making the poppies as well as to help maintain the VFW national home for war orphans and widows. Other rehabilitation and service programs of the organization will be aided. The Buddy Poppy sale is a non-profit venture authorized by Congress for bringing direct assistance to needy veterans, their dependents and survivors of servicemen. The VFW considers the Buddy Poppy a living memorial to war dead because it offers a means to help living veterans in the name of those who died. Post officials have urged Big Spring people to support the sale under the slogan of "Honoring the Dead by Helping the Living."

Electra Citizens Find Way To Stop Disdainful Zephyr
ELECTRA, May 21. (AP)—If Electra citizens don't get writer's cramp, they can stop the Fort Worth & Denver City's streamlined Zephyr every time it comes through here. All they have to do is work up more than a bagful of mail for each trip. As it is, a lot of whistling has been going on in this little North Texas town that claims the railroad has made a whistle stop of it. Electra is fighting a new schedule that halts the Zephyr only to pick up or discharge long-haul passengers. Since the new schedule went into effect, the Zephyr has stopped 16 out of 17 trips to pick up or let off passengers. The train goes through at 5:51 o'clock in the morning and 3 o'clock in the afternoon. Now Station Agent N. M. Baird has orders to flag down the train when necessary for it to pick up first class mail. That means more than one bagful has to be waiting at the station. The train crew can snag one mailbag from a hook as the Zephyr speeds by.

Three Women Acquitted Of Robbery Charge

RENO, Nev., May 21. (AP)—A woman wrestler and two girl companions took the verdict calmly in a first degree robbery case here. But their friends cheered when the jury acquitted them of the charge. The three were charged with beating and robbing Salvatore Manriquez, Sacramento, Calif. cafe owner, of some \$1,500 gambling winnings Jan. 28. The girls are Johnny Mae Young, 28, the wrestler; Eva Lee McDewitt, 24, a Houston bar owner, and May Anise Huse, 22, a former barmaid and night club photographer from Monrovia, Ala. The jury had been asked to decide whether Manriquez was "rolled" or was the victim of his own amorous advances. "The defense wants you to think 'Amorous Sal' came to town to enjoy all the vices," Asst. Dist. Atty. Gordon Thompson told the jurors. "I can't stomach this age-old story that when a woman is involved she was being attacked by a beast." The girls' attorney, Peter Echeverria, who was admitted to the bar only last week, attacked Manriquez' lapse of memory as being "very convenient for a married man." Manriquez had testified he couldn't remember anything after several drinks with the women until he woke up in their car with his head streaming blood. He was pushed out and almost froze to death before he was found. Jack Mackmull, Army pitcher, is the extra-point kicking specialist for the Cadet football team in the fall.

Scientist Makes Report On Love Life Of Germs

By FRANK CAREY
Associated Press Science Reporter
CINCINNATI, May 17. (AP)—Love life in the germ world may be the key to why certain microbes develop resistance to powerful drugs like streptomycin, some scientists theorized today. They offered that interpretation to a report made by Dr. Joshua

Lederberg of the University of Wisconsin in the 49th annual meeting of the Society of American Bacteriologists. Lederberg reported evidence that at least one form of bacteria can produce itself sexually, just as animals and man do. This is at variance with the long-held concept that microbes reproduce themselves only by cell division—that is, a given germ divides in two to produce two offspring without the aid of a sexual partner. Some scientists who heard the report said the significance was this:

1. The work offers a possible explanation as to why a certain germ—such as the tuberculosis bacillus—becomes resistant to streptomycin after a time in certain cases of the disease. The explanation might well be, they said, that germs which are themselves sensitive to the drug come, offspring that are too tough for the medicine. 2. The research opens up wide studies on heredity. Such genetic research, they said, is not largely done with the aid of fruit flies, which require months for a given problem because it takes that time for reproduction. In contrast, they said, bacteria multiply in from 18 to 48 hours. Doctor Lederberg reported on studies employing an organism called "escherichia coli"—a germ commonly found in the intestinal tract and is not necessarily a cause of any sickness. Ordinarily, he said, this germ causes lactose—the familiar-sugar found in milk—to ferment in the test tube. But he found that when certain combinations of this cell germ were placed in test tubes together, a strain was produced which failed to ferment the lactose—indicating the production of an offspring which was different from either of the original types.

Russia Accused Of Holding More Japs Than Admitted

TOKYO, May 21. (AP)—An occupational official Friday accused Russia of holding more than four times as many Japanese prisoners of war as Moscow admits. This was the reaction to an announcement by the Soviet repatriation authority in Moscow that 95,000 Japanese prisoners remain in Russian hands. Moscow said these all would be repatriated by November. Col. Ben Anderson, chief of the repatriation division, said headquarters and Japanese government figures show "408-729 Japanese prisoners of war remain to be accounted for." The figures include Japanese captured in Manchuria and on the former Japanese islands north of the homeland. About 20 Japanese repatriation ships have been standing by for more than a month on the West Coast awaiting word to sail for Russian ports. Approximately 918,000 Japanese have been repatriated so far from Russian-controlled territory. This includes civilians. Moscow said the total number of Japanese soldiers captured was 594,000.

Texans Weary Of Carrying Surplus Load

HOUSTON, May 21. (AP)—Texas oilmen say they are tired carrying the load in the fight against surplus stocks of crude and petroleum products.

Other states, they say, have shown little cooperation while Texas has been slashing its crude production allowances approximately \$40,000 barrels daily since January 1.

The complaints broke out briefly during Thursday's statewide prorator hearing which ended with Texas drawing its sixth consecutive cutback in crude allowances.

U. S. Bureau of Mines figures for the week ending May 7 show domestic crude stocks increasing 1,340,000 barrels to a total of 272,595,000.

barrels, while California climbed 1,079,000, Oklahoma jumped 421,000, Louisiana increased 103,000 and the Illinois-Indiana area jumped 346,000 barrels.

Maston Nixon, Southern Minerals Corporation, Corpus Christi, advised the commission domestic crude and petroleum products stocks in six weeks have increased 8,115,000 barrels, with California accounting for 5,226,000.

"This indicates our sister states are not working as we are in Texas," commented Commissioner Olin Culbertson. "Other states are not doing their part of the job."

The commission, despite ordering a June allowable cut of 32,285 barrels as compared with the May 14 figure, gave indication the supply-demand crisis has been met adequately.

June's daily allowable of 1,987,157 it was explained, carries out the commission's desire to hold allowances at a level approximating that of May 1 when the state's permissible crude flow totaled 1,982,492 barrels daily.

Dere Mable's Bill Is Banker Today

NEW YORK, May 21. (AP)—Want to know what happened to Bill, the fellow who wrote those famous letters to "Dere Mable?"

Well, it's an American success story. Bill, who misspelled his way into Mable's affections and the affections of 1 million buyers of that World War I book, about an educated feller, but he certainly was smart.

Today is he vice president of a New York bank. No longer pretending that he can't spell, he is also author of another book which the movies have bought for \$100,000 and for which he was scheduled, even before publication day, to collect umpteen thousand more for book-of-the-month-club and magazine rights.

"Bill" was Edward Streeter, and Edward Streeter's newest book, out yesterday, is "Father Of The Bride." Streeter is the rare combination of successful banker and successful novelist. He plays it both ways, and hits both jacks. Anybody ought to do well on a banker's salary; anybody ought to do well on royalties from two best sellers, "Dere Mable" and "Daily Except Sunday" and now a very probably third, "Father Of The Bride." It is a kind of double indemnity; Streeter can't lose.

He looks like a man who never has lost, either. Above all, he does not look like the traditional picture of the novelist, freezing in a garret, unshaven, collar open, cuffs frayed. On the contrary, Streeter's gray hair is parted exactly in the middle and smoothed back, with not a hair out of place. He signs million-dollar checks, or whatever a banker or best-seller signs, with a gold-capped fountain pen. He wears pinch-nose, rimless glasses. The long points of the collar of his spotless white shirt are buttoned down neatly. He sits at a tall mahogany desk, secretaries and messengers at his call, his back turned to the frosted windows which face the most famous avenue in America, where the bank of New York and Fifth Avenue Bank stand at 44th Street.

"Banking is more fun, writing a book is more work," says Streeter, who may look like a banker but talks, at least about novels, like a novelist. In the "Father Of The Bride," Mable's Bill has become a different sort of fellow: Stanley Banks, who is, fictionally, not a banker but a New York lawyer with a country home and a daughter to marry, or marry off.

The background of Streeter's story is the marriage of his own

daughter Claire in May 1947. Four weeks before the big day, Streeter began this novel. He wrote bits on the backs of used envelopes, and jotted down material when he was out visiting friends. Always he works in long hand. The approximately 45,000 words took him 18 months. He can write, he says, only when he has something to write about. In 25 years, consequently, he has done only three books; he hasn't even started any other.

As soon as he hit on the idea for this one, he asked Guyas Williams, who illustrated "Daily Except Sunday," to work with him again. But by an odd coincidence Williams had just signed a contract with the New Yorker Magazine to do a series on the same subject, and was afraid he couldn't help his friend. No help, no novel, said Streeter. So the New Yorker considerably ran all of Williams' cartoons in one big generous batch last year, and freed him for this job.

The writing involved one serious problem. Streeter couldn't tell his story without a hero who enjoyed a sizable income. His publisher, Simon & Schuster, said that if the "Father" of the bride earned more than \$5,000 a year, it would boost the book up to the level where it would apply to very few people and so, perhaps, appeal to very few readers.

But Streeter, the novelist who is as handy with figures as a banker, used pad and pencil on "Mr. Blanding Builds His Dream House" and found that Mr. Blanding's expenditures added up to \$85,000; even that fortune didn't keep the book from being a runaway seller. That cinched the matter for A. & S., which is also the publisher of "Mr. Blanding."

After World War I Streeter worked for two years on the Buffalo Express. Finding that a reporter's pay was not keeping him and his family in the style to which they were accustomed by "Dere Mable," he joined the Bankers Trust Company. He moved to the present bank in 1931.

Wildlifers Meet

AUSTIN, May 21. (AP)—Directors and committees of the Texas Wildlife Federation are meeting here today and Sunday to discuss the 1950 Texas sportsmen's competition.

City Building Is Heaviest Since January

Construction contracts in Big Spring reflected the heaviest volume of building since January last week, as permits were demanded for virtually all types building work. Largest permit was for an estimated cost of \$51,000 for the new airport terminal building. Actual work on that project is expected to begin within the next few days. Estimated cost of permits issued during the week totaled \$85,895, which increased the year's total to \$605,145.

Dollar volume of real estate transactions apparently were still off the pace, although seven warranty deeds were recorded at the county clerk's office. Total consideration listed in the seven deeds was \$15,493, while the current total for the year is \$65,391.

The Texas Employment Commission office reported 409 reception contacts and 38 new work applications last week. At the same time the TEC office received 32 new job orders and made 47 referrals to jobs, which resulted in 30 placements. Active applications on file at the end of the week totaled 333. The TEC office handled 57 claims actions for unemployment compensation during the week.

Mental Treatment Ordered For Cubicle Hermit and Mother

NEW YORK, May 21. (AP)—Mental treatment in a state hospital has been ordered for Paul Makushak, the Brooklyn hermit who was sealed in a dark, walled-in cubicle for 10 years, and his mother.

State Supreme Court Justice Charles E. Murphy has disclosed that he had signed commitments for the pair, who are now in Kings County Hospital where they have been under observation.

The 32-year-old Makushak, bearded and ragged, was dug out of his hole-in-the-wall April 26. His self-imposed exile from the world was disclosed after his mother, 58, became ill, and asked a neighbor to take over her task of lowering food into the cubicle.

Commitments to a mental hospital ordinarily are for an indefinite period, or until the patient is judged mentally sound and ready for release.

WINGS OVER BIG SPRING

Edwards Drilling Pilots In Dusting

With the cotton dusting season not far removed, Bill Edwards is drilling his pilots on low flying and equipment operation. Edwards, whose Farm Air Service last year brought aerial dusting to the area for the first time, has been conducting the drills on his ranch. He will have three pilots helping him and six planes. Already a number of bookings have been made for the fast moving dusting, grass seeding, fertilizing, etc.

Construction is due to start by mid-week on the new terminal building. Work order has been issued.

Weeds are dying out along one runway where a chemical spray was applied. It is difficult yet to determine the effectiveness due to extremely heavy growth of grass. The port was mowed for the first time last week and the area has almost solid turf.

More inquiries are being received from women racers who plan to compete in the transcon-

tinental contest for women early in June. Several plan to stop here overnight June 1 or 2 enroute to the all-women's aerial show in Miami, Fla.

Aviation committee of the chamber of commerce is at work already with an idea of promoting an Army-Navy day during the centennial week in October. If plans materialize, efforts will be made to get several outstanding officials and latest type aircraft here for the event.

Navy traffic picked up during the week and civilian traffic continues to gain with the return of warmer weather. Thunderstorms in this area, however, have curbed a big upsurge.

J. D. Church found that West Texas winds can present real difficulties to speedy flying. Saturday it took him two hours and four minutes to buck a headwind to Lubbock where he had a couple of parachutes packed.

LOCAL RED CROSS, RADIO HAMS ORGANIZE DISASTER EQUIPMENT

Facilities for emergency communications in event of a disaster in Big Spring were developed further this past week, through cooperation of the local Red Cross chapter and the Big Spring Amateur Radio Club.

The Red Cross financed purchase of an auxiliary power supply, which would permit operation of

radio equipment in event of commercial power interruption, and the unit has been placed under jurisdiction of the radio operators' organization.

It has been housed at the Radio club's building at the old NYA site, along with transmitter and receiving gear which has been set up through volunteer labor by the "hams". The radio club has been working diligently on a manual of procedure for emergency communications, and all its facilities will be at the disposal of the Red Cross for coordinated work in time of any emergency. The radio amateurs plan a demonstration of their activities during a special "field day" program on June 18-19.

NEGRO GIRL, 10, BEARS HUSKY BOY

BUTLER, Ala., May 21. (AP) — A 10-year-old Negro girl gave birth to a 7 3/4 pound boy at Barber Hospital here last night.

Hospital attaches described the baby as "normal" and said the mother was "in good condition."

Dr. W. J. Barber, performed the delivery. The young mother was brought to the hospital by her parents at 4 p.m. She was taken to the delivery room at 6:30 and 15 minutes later the baby was born.

Dr. Barber recalled he had attended the girl-mother at her birth. Checking his records, he found she was born Sept. 25, 1938, at her parents' farm home near Butler.

When sifted flour is called for in cake-making a good method is to sift the flour right into the measuring cup, filling the cup until it is more than full, then using the edge of a spatula to level the flour off.

Mrs. FDR, Jr., Now Eligible To Get Divorce

MRS. FDR, JR.

RENO, Nev., May 21. (AP) — Ethel Du Pont Roosevelt became eligible today to obtain her divorce from Franklin D. Roosevelt, Jr., but her plans were veiled in secrecy.

Mrs. Roosevelt arrived here April 8, under an assumed name. But her identity soon became known. She had hoped the divorce would escape public notice. Young Roosevelt then was in the midst of his first campaign for public office, climaxed this week by his election to Congress from the late Sol Bloom's district to New York.

Yesterday, her attorney, George Springmeyer, asked the press to treat the divorce with "decorum."

"After all," he told a news conference, "Mr. Roosevelt some day may be President of the United States."

(Because the son of the late President was born in Canada, there is a constitutional question whether he could be President.)

Mrs. Roosevelt completed her residence requirements today. But when or where her court appearance would be made was not disclosed. Springmeyer indicated it would be at some remote county seat. He asked newspapermen not to try to follow him around the state in his car.

Young Roosevelt and his Du Pont heiress were married at Wilmington, Del., June 30, 1937. They have two children, Franklin D. III, 10, and Christopher, 7.

Dallas News Has 434 Pages Today

DALLAS, May 21. (AP) — The Dallas Morning News tomorrow will publish a 434 page edition, "Telling The World The Story of Texas." The News said the Texas Unlimited Edition will be the second largest ever printed in this country. The six pounds of reading matter has more than 5 million words. Printing of advance sections was completed yesterday. The edition will sell for 50 cents a copy.

Downward Trend In Car Deaths Continues

AUSTIN, May 21. (AP) — The downward trend in Texas automobile deaths continued in April. The State Highway Patrol reported today 118 persons were killed in April compared with 135 in April a year ago. Total killed so far this year was 530 compared with 595 in the same months last year, an eight per cent decline.

Highway Patrol Gets 40 Additional Men

AUSTIN, May 21. (AP) — Assignment of 40 recruit patrolmen has brought the Texas Highway Patrol to full strength. Chief W. J. Elliott said Saturday the appointments become effective June 1, and no further recruit schools will be planned until the need for new men justifies.

State VFW Hits Rent Decontrol

AUSTIN, May 21. (AP) — The state commander of the veterans of Foreign Wars Saturday said his organization is bitterly opposed to decontrol of rents in Texas.

The VFW will fight the decontrol of rents on a statewide basis, Commander S. A. Childress of Waco said in a prepared statement.

"Many thousands of our veterans are renters. Because of excessive building costs, these men have been unable to buy or build their own homes," Childress said. "Many of our veterans are students and are barely getting by, and according to available information, rents have soared from 50 per cent on up in communities where rent controls have been lifted."

He said he has requested the VFW legislative officer in Washington, D. C., to continue the fight against the rent decontrol program.

If rent ceilings are to be taken off, Childress said, the VFW favors keeping such action on a city or local basis.

Meet The "Seniors" of the COSDEN FAMILY

This is the 45th of a series of special Cosden presentations, recognizing the long and valued services of those employees who have been associated with Cosden for 15 years and longer. Cosden is proud of the scores of its workers who have contributed to its success through so many years.

HERBERT McClUSKEY

A 16-year veteran of Cosden's pipeline department is Herbert McCluskey, who started as a maintenance employe on January 1, 1933, and is now a pumper.

McCluskey was born in Tennessee and attended school in that state. He moved to Oklahoma, and was engaged in construction and railroad work in that state until 1920, when he moved to Coahoma. He did highway work for three years, moved for a time to Breckenridge, then returned to Coahoma in 1926, to go to work for the Marlin Pipeline Co., in the Chalk field.

He left Marlin for the Cosden employment.

McCluskey was married to Miss Nadine Schultz of Coahoma in August, 1922. They have four daughters and two sons, Clarence, Ruby Mae, Jessie Bell, Blanche, Wapda Faye and Neel. The McCluskeys own their home at 220 Main street and are members of the First Christian church.

McCluskey gets in work around the house in his leisure hours, and follows baseball for recreation.

So see your Oldsmobile dealer. Drive either the luxurious '38" or the spirited '38"—lowest-priced "Rocket" Engine car!

SERMON TO BE GIVEN IN AUDITORIUM

Commencement Week Begins For Big Spring Schools Today

Big Spring schools today enter upon commencement activities and the final week of the current term. Most churches are suspending traditional evening worship today in order that congregations may attend the annual senior sermon at the municipal auditorium at 8:30 p. m.

The Rev. Alsie Carleton, pastor of the First Methodist church, has been chosen as the speaker, and his message will be "Young Men and Old Lies," based on Job 2:1-4. As in former years, the program for the senior sermon and for com-

mencement on Wednesday at the same hour and place will feature student participation. This evening, Charles Rainwater will play the professional and recreational music and a student chorus will sing Barnaby's "Now the Day is Over."

In this group will be Vegavene Apple, Ellen Eastham, Jo Ann Tanner, Mary Louise Porter, Rebecca Rogers, Charlotte Williams, Charles Rainwater, Richard Laswell, Jimmy White, Tex Massey, Richard Deats, Carroll Choate, Mary Jane Hamilton, director, will accompany. Invocation will be by the Rev. R. Gage Lloyd, First

Presbyterian pastor, and the benediction by Rev. Lloyd Thompson, First Christian minister. W. C. Blankenship, superintendent, will preside.

Early Monday morning graduation candidates will leave for Christoval on the customary Senior Day outing. During the week other students will complete examinations and teachers will finish grading and year-end records so that by Friday all books will be returned and report cards distributed. There will be a pile of lost items heaped in the principal's office at high school as lockers are cleared.

Commencement on Wednesday will feature Dr. James P. Cornetta, president of West Texas State Teachers college at Canyon, as the speaker. Richard Deats and Patsy Young, speakers, and Billie Jean O'Neal, pianist, who were chosen by the class for places on the eighth grade promotion program four years ago have been selected again for these roles.

Eighth grade promotion exercises have been set for Thursday evening in the city auditorium.

SOIL AND SOUL SUNDAY—Today has been proclaimed as "Soil and Soul Sunday" by Governor Beauford Jester, inaugurating Soil Conservation Emphasis week. The special Sunday was instituted by Farm and Ranch magazine several years ago to call attention of man's duty as "Stewards of the Soil." This year several other agencies are joining in the observance. The governor, in signing the proclamation, said that "it is fitting that religious groups should assume the initiative in carrying the message of stewardship of the soil."

Paul Waiser, state conservationist, Dr. R. D. Lewis, Texas agricultural experiment station director, J. D. Prewitt, vice-director of the extension service, A. B. Kennerly, Farm & Ranch editor, D. W. Williams, vice-chancellor Texas A & M, V. C. Marshall, executive secretary state conservation board, and R. A. Manire, state vocational agriculture director, watch the governor sign the proclamation.

HALF OF CLASS TO CONTINUE EDUCATION

College Bulks Large In Plans Of Stanton High School Grads

STANTON, May 21—Half of the Stanton high school seniors who filled out a questionnaire submitted by the Daily Herald—plan to attend college.

Tech leads the field with four prospects. Two plan to enter Howard County Junior College, and one each at A.C.C. and McMurry. One other is contemplating a college course and may go to a school in Abilene or the University of Texas.

Four out of the five boys going to college elected Tech and three are pointing for engineering and one a business career. Boys planning to go to work immediately contemplate salesmanship and farming. Four girls have college in mind as a stepping stone to costume designing, business administration and radio work. Those planning on early work have office duties, department store and secretarial work in mind. Only one class member, a girl, has early marriage planned.

Average age for the 10 girls is 17 and for the eight boys 17½. Most girls said they intended to live in Stanton, although two thought work would take them elsewhere. Only one boy answering this particular question planned to leave, and that because of work opportunity elsewhere. All 10 girls are church members

and nine attend regularly. Seven boys are church members and six attend regularly. Seven girls and six boys think the church has met the challenge in interesting young people; two girls and one boy think not; and one was undecided. Five girls and four boys thought the community was meeting the challenge for youth; two girls and three boys thought otherwise, and three were undecided. Reasons on both sides of the question were about the same—that is one group thought the community was providing organizations and activities for its youth, while others thought entertainment opportunities were too limited and adults were too easy to criticize and too reluctant to help. One boy thought a unanimity of community spirit helped fill the bill.

Most admired their city and because of this and family ties wanted to continue to live at home. They agreed that high school experience had been beneficial, and some mentioned fields of study which had held their interest.

Stromboli, Sinking Back Into Its Obscurity, Looks To U. S. For Aid

By JULIU HUMI

STROMBOLI, Italy—The eight-square-mile island of Stromboli which the natives call "Island Without Hope," is only 50 miles from the Italian mainland, but its inhabitants look toward the distant United States for salvation.

The bright light of Hollywood shone briefly on Stromboli's lava and cactus while the world ogled the romance between Ingrid Bergman and Italian movie director Roberto Rossellini. Then the spot light faded, leaving the island as desolate as it was when Rossellini picked it for a movie location because it offered conditions worse than in a concentration camp.

Marooned by nature on the only constant active volcano in the world, the population within the last 20 years has dropped from 4000 to 750, leaving behind a ghost village of empty, quake-scarred houses in which weeds and cactus have replaced the furniture.

Most of Stromboli's emigrants

have settled in New York where they have formed the "Unione Stromboliense," an organization which is collecting funds for the gradual evacuation of all the islanders, a process which might take up to 20 years.

The exit of the Stromboliense started shortly after the volcano's last major eruption in 1930, when six were killed by a huge tidal wave. Ever since, the island's two parish priests have fought a losing battle trying to persuade the people to hang on to the constantly rumbling and smoking mountain which rises 3000 feet out of the Mediterranean.

Despite the priests' lack of success, there is no doubt that the 750 Stromboliense are the most conscientious church-goers in Italy. To them the church provides the only pastime, on an island devoid of bars, cinemas, automobiles, or even bicycles. Most of the inhabitants have never seen a train. The weekly passing of the mailboat, from Messina to Naples, is a social event attended by the island's four policemen, the priests and most of the population.

To survive on the barren land the inhabitants must work hard and long. Although most of the natives are fishermen, the fishing season only lasts two months. The island provides a pitiful crop of grapes, from which the islanders make sweet "Malvasia" wine, a specialty for which mainlanders pay up to 2000 lire (\$4) per bottle. Only livestock on the island are a few bony goats who graze the wild cactus.

Although most of the older people of Stromboli are old to fate, the 280 children born on the island within the past 10 years might yet see a brighter future. Their names are registered with the Stromboli Union in New York for eventual emigration.

Youth, 16, Wants Crime Education

DALLAS, May 21. (AP)—"Send me to the state training school at Gainesville," a 16-year-old would-be bad man told police, so "I can learn more about being a criminal."

He was arrested Friday after locking several women in a rest room under city hall.

The North Carolinian said he had stolen money from about 200 parking meters in Tyler. Officers said someone had been stealing the money, throwing away the money boxes and locking the meters back up.

"I've pulled 300 burglaries in my time," the tall bushy haired boy said. "Then I have to get caught locking some old women up in a rest room. I was just doing it for fun."

"I ain't going to tell you about all them jobs. I'll just tell you about enough to get me to Gainesville. I hear you can learn a lot about crime there."

Police withheld the boy's name.

First Train Of Fuel Oil Moved

First trainload of distillates, moving under and expanded order for train lots of petroleum products, rolled eastward Saturday from Cosden refinery to its Orme bulk terminal at Arlington.

The 20-car tender moving from here Friday night was the first under the order broadened by the railroad commission on April 22 and made applicable for May 10.

Prior to that time, Cosden had been moving gasoline and naphtha to its Sweetwater, Abilene and Orme plants under special rates for trainload shipments. The new order embraces the field of distillates as well.

This means that fuel oil, Diesel oil, and the various middle cuts from refining can now be moved at a rate of 18 cents cwt to Orme in trainload lots as against 36 cwt for single car lots to the same point.

The T&P railroad and Cosden pioneered the trainload movement in February of 1947 in what became popularly known as the "Pipeline on wheels" experiment. This was because the 20-car minimum shipment was the equivalent of a reasonable pipeline tender. The angle of being competitive with the pipeline entered into the expansion of the order, for it was noted that pipelines can and do transport distillates in the same lines as higher grade fuels.

Cosden averages from 12 to 14 trains of gasoline and naphtha per month under the original order, which the carrier elected to continue after a year's trial. Some markets for distillates already exist, but the volume of this will be developed by Cosden under the new arrangement.

month under the original order, which the carrier elected to continue after a year's trial. Some markets for distillates already exist, but the volume of this will be developed by Cosden under the new arrangement.

ALL YOU DO IS PUCKER UP
 —Jeannine Elaine Arlund (above), 11 months, is puckered up because she's whistling in Des Moines, Ia. Her parents, Detective and Mrs. Jack Arlund, say they discovered she could whistle two months ago at a band concert when Jeannine puckered up—they thought for a cry but instead she whistled. So far she can't carry a tune but her three sisters are coaching her. (AP Wirephoto).

O'Brien Twins Named As Officers In University Group

ABILENE, May 21—Robert and Richard O'Brien, twin sons of Dr. and Mrs. P. D. O'Brien of Big Spring, were chosen president and vice-president respectively of the Zeta Theta cast of Alpha Psi Omega, national honorary dramatic fraternity, for next year at the last meeting of the year held last week on the Hardin-Simmons University campus.

Robert and Richard, sophomores at the university, have taken an active interest in the various activities on the campus including their membership in Alpha Psi Omega, Players club, and the Science Club.

Both boys have shown their ability as background designers in their work on the spring and fall major productions produced by the Players Club of "The Skin of Our Teeth" and "The Great Big Doorstep."

FINANCE-TAXATION ISSUE BLOCKS WAY

Legislators In Weary Search Of Road To Final Adjournment

AUSTIN, May 21. (AP) — Legislators tired of working at \$5 a day are looking for a road leading to final adjournment of the 51st session.

There was some talk it had been found, but there was more talk that final solution of the finance-taxation issue may take another three or four weeks.

All sorts of plans have been proposed to make spending fit income. These included:

1. Enactment of some form of expanded omnibus tax measure;
2. Submission of a constitutional amendment putting on a special ad valorem levy to finance eleemosynary buildings;
3. Passage of the eleemosynary bill without the buildings, necessitating a special session to work out the question of how to pay for such buildings.

Gov. Beauford H. Jester promised last week that he would call a special session if provision was not made for eleemosynary buildings by this Legislature.

Even if the \$21 million eleemosynary building item is deleted, there was considerable doubt whether the Legislature could balance the budget.

The House was unhappy this past week because the Senate failed to take up the pending major money bills that must be passed before the Legislature can quit. The Senate Finance Committee, then substituted its figures for House figures in the big money bills and sent them to the floor for debate.

The Senate could jump on them Monday, Lieut. Gov. Allan Shivers was scheduled to be back in the chair then.

Meanwhile, the stock pile of work done by the 51st session mounted. Gov. Jester has signed a total of 236 bills—76 from the Senate, 150 from the House. He let three become law without his signature and vetoed one local measure at the request of the author. Jester has on his desk 26 House bills and seven Senate bills.

Three major measures were approved by the Senate and returned to the House for concurrence in amendments during the past week. They were the proposed removal of the ceiling on welfare spending, the eleemosynary board bill, and the underground water bill.

The House passed a rent decontrol bill and sent it to the Senate, where it will be given public committee hearing Tuesday. The House let a horse race betting bill live only 20 minutes, debated the driver responsibility law, and approved the junior college appropriation bill totaling \$4,200,000.

Idaho Village Prepares For Boom As Atomic Plant Site

ARCO, Idaho, May 21. (AP)—This little community, selected as the site for atomic reactor plants, needs a new jail and airport. Although construction won't start on any of the plants this year and negotiations for the site are still incomplete, Arco's 600 people are preparing for the boom.

The station — to test new types of reactors — ultimately will cost several hundreds of millions of dollars. Although Atomic Energy Commission officials have said expenditures in the first years will be relatively small.

(Two reactors, both atomic power plants, have been announced for construction at the Arco station. One is the power plant now under design for the Navy by the Westinghouse Company. This first ship plant will be built and tested here on dry land. The second is a plant for testing materials. The intense radio activity in atomic piles alters some of the qualities of construction materials. The extent and effects of these alterations are mostly unknown.)

(It also has been announced that several additional reactors may be built at the Arco station and Chairman David E. Lilienthal said the AEC expects to produce electricity from the atom within 4½ years.)

Choice of Arco for the reactors has brought heated protests from Montana officials who want the plant located in the Fort Peck-Glasgow section of Montana. However, Lilienthal said negotiations with

the Navy for the site at Arco were "proceeding satisfactorily."

Top priority for Arco now is a new jail, expected to house occasionally some of the 6,000 workers who will be employed at the \$600 million reactor test station.

Although the county seat of Butte County Arco has only a temporary two-cell jail. County commissioners are awaiting further details from the AEC before deciding how large a housegoose to build.

As for the airport—Arco residents are getting tired of land speculators and businessmen seeking opportunities in the sagebrush landing their private airplanes on the highway.

State Senator Earl J. Soelberg himself a pilot, is trying to promote through state officials quick action on construction of a landing field.

Turnover of Arco's choice business and residential lots has been rapid since announcement of the AEC plans. O. T. Jones, the village's sole real estate dealer, said 130 land transactions were made in the first two days.

The bank at Arco reported one lot purchased for \$100 had sold for \$600. Another nearby lot sold for \$1,000. Jones said one speculator had purchased 45 lots in the center of town and a five-acre tract on the outskirts a few days before announcement of the site.

Arco is taking steps to protect against mushrooming of temporary nature and the village board is considering a zoning ordinance banning trailer camps and temporary buildings within the village. A large-

Four-Day Drop In Stock Market Halts Saturday

NEW YORK, May 21. (AP)—A four-day decline came to a full stop Saturday in the stock market in more than seven months.

Only 230,000 shares changed hands, the smallest total since 190,000 on Oct. 9. A week ago volume amounted to 360,000 shares.

Railway and motor stocks were among the steadiest. Steels, which recently have been pounded down to, or within a fraction of, the year's lowest prices, were wobbly.

Bethlehem Steel, for instance, dropped to a new bottom with a loss of just ¼ point and closed erred over its low for awhile, but came back and finished with a gain ¼ off at 27½. U. S. Steel hovered at 70.

Marked up ¼ each were Chrysler at 50½, Packard 3½, and Studebaker 19½. General Motors dipped ¼ to 57½.

Gains were posted for Santa Fe at 87, Southern Pacific 41½, Baltimore & Ohio 32½, Chesapeake & Ohio 32½, and Illinois Central 27.

Holding back were U. S. Rubber, American Telephone, North American Co., Cerro De Pasco Westinghouse Electric, Eastman Kodak, and Gulf Oil.

The Associated Press average of 60 stocks remained at 62.9, a low since April 29. The industrial group tended downward but rails and utilities inched ahead.

Bond trading shrank to the low-

New Automobile Stocks Decline

DETROIT, May 21. (AP)—Field stocks of new cars appear to be declining under the pressure of increased sales.

In January they reportedly numbered about 600,000 units. Today they probably do not exceed 400,000.

The figures are estimates. Auto makers with cars in storage don't want to talk about them. It can be said, however, that sales pressure—and perhaps some discount trimming—has moved out a lot of vehicles held in storage through the winter.

The field stocks are mainly of cars in the medium price field. Probably when the current buying surge has spent itself the stocks will rise again. For the present the manufacturers are watching them level off—and hoping the decline will continue well into the summer.

One company that a few months ago had more than 25,000 cars in the field now has less than 14,000; another whose unsold stock at one time reached into the 30,000 level has noted a substantial decline.

Actually a 400,000 unit field stock isn't as large as it sounds. Included in the count is every car en route from the factory to the distributor or retailer as well as units the dealer is preparing for delivery.

est in nearly 35 years.

Saturday's leveling off of the market marked the end of a four-day setback, which put the market within hailing distance of the low of the year.

4-H Club Members Warned Of Deadline In Pig Contests

Howard county 4-H club members who plan to compete in the Sears Foundation pig contests must submit their essays by the end of the month, County Agent Durward Lewter reminded Saturday.

The awards will be made on June 1.

Weights of all Sears pigs in the county have been recorded at the age of eight weeks, Lewter said.

Some of the weights, with names of the club members who are caring for the litters, are as follows: Lowie Rice, nine pigs weighing 350 pounds; Arlon DeVaney, 11 pigs weighing 336 pounds; Donald Denton, 11 pigs weighing 423 pounds; Elvon DeVaney, six pigs weighing 250 pounds; Charles Pachall, five pigs weighing 230 pounds; James Cautle, five pigs weighing 264 pounds.

ROTARY HOE Controls Weeds in the row

REDUCES HAND HOEING

Quoting Mr. D. L. Jones, superintendent, Texas A & M Experiment Station, Lubbock: "At present, this is practically the only tool that will control weeds in the drill row before close sweep cultivation is possible."

Here are some advantages of the rotary hoe:

1. Uproots weed seedlings in the row; allows topsoil to dry, preventing further weed growth.
2. Works best at high tractor speeds, without damage to cotton or corn plants—up to 60 acres per day.
3. Definitely stimulates young crops.
4. Breaks soil crust, helping crops to come up.

Allis-Chalmers rotary hoes are front-mounted, where you can watch them easily without turning your head. You can keep the teeth exactly on the row, getting rid of the weeds that cause the most trouble.

See us right away about an Allis-Chalmers Rotary Hoe for your farm.

Probe Family Trees In Cancer Research

HOUSTON, May 21. (AP)—Family trees play an important role in a cancer research project at the University of Texas.

Dr. Clarence P. Oliver, professor of zoology at the Austin University, said doctors in Austin, San Antonio, and Galveston are studying family trees to explore a theory heredity is a factor in cancer incidence.

Oliver described the study before physicians and scientists attending the third annual cancer research symposium at the M. D. Anderson Hospital for cancer research at Houston's \$100,000,000 Texas Medical Center.

Another speaker at the symposium's concluding session said America's cancer research program is threatened by a shortage of trained cancer pathologists in the experimental field.

Dr. Harold L. Stewart, chief of pathology at the National Cancer Institute, Bethesda, Md. said the pathologist is the key man in diagnosis of cancer.

"Yet there are large cities throughout the United States with no single pathologist sufficiently trained to recognize cancer tissues when he sees them," he said.

City License Bureau Is Closed For Week

Local office of the Texas Driver's License Bureau will be closed throughout the coming week, it has been announced by C. B. Strain. Normally the department is open Mondays, Wednesdays and Saturdays.

All personnel on duty there will be on vacation, Strain said.

"Hearts Entwined" Set

Design No. E-1121

A pair of hearts form the head rest of this beautiful crocheted chair set. A single sweetheart rose is the motif of the design. Pattern No. E-1121 contains complete instructions.

To order: Send 20 cents in coin, with pattern number, to Needlework Bureau, Big Spring Herald, Box 229, Madison Square Station, New York, N. Y. An extra 15c will bring you the Needlework Book which includes free patterns and a variety of designs for knitting, crocheting, and embroidery.

Taft Sees Powerful GOP Support For Bipartisan Economy Proposal

WASHINGTON, May 21. (AP)—Senator Taft (R-O) forecast nearly solid Senate Republican support Saturday for a bipartisan move to slash about \$2 billion off appropriations.

Announcing that GOP members are abandoning their unsuccessful efforts to trim separate money bills, the Ohio senator said he will ask his party members to get behind a proposal being drafted by Senators Russell (D-Ga) and Cordon (R-Ore).

Russell and Cordon are working out a formula for percentage cuts. These would be applied to most of the appropriations to run the government for the year beginning next July 1. They expect to effect reductions of from \$1,500,000,000 to \$2 billion in this way.

Russell told a reporter the plan is to hang the proposal on the last regular money measure which goes before the Senate.

If Congress approves the measure with this rider, the authors think they will have a form of insurance against any presidential veto. They argue that President Truman wouldn't be likely to veto an important money measure just to strike out the economy move.

Mr. Truman has contended that his \$41,558,000,000 budget is a rock bottom figure.

THE WEEK

(Continued from Page One)

cleaned their herd to make up a truckload of 19 for Arizona consignment.

It begins to look like the biggest camping summer on record for the Boy Scout Buffalo Trails council. Already 553 boys have registered for a week at the Davis Mountain Boy Scout Ranch, and 50 units have not yet reported. The final figure likely will reach 750.

About the most popular spot in this area at the end of the week was Moss Creek lake where hundreds flocked to wet a hook upon reopening of the body to fishermen. Incidentally, Powell Creek lake, three miles to the southeast, is brimming in the wake of heavy showers on its sheds. The lake has a reserve of nearly a billion gallons.

Schools end the current session this week. Adults can breathe a sigh of relief with some youngsters, for activities surrounding the close of school have become so numerous as to exhaust Papa and Mama.

Dairymen witnessed an outstanding film last week on what makes a cow give milk. Entirely educational, the show was effective in stimulating herd improvement. One of the fields yet to be developed to its potentialities in this region of the state is that of dairying. There are many problems, but they may be solved.

Entries are being sought in the centennial seal contest. Anyone who has an idea for a simple design to express the spirit of the occasion should submit it to the centennial offices, currently in the chamber of commerce office.

News last week told of 14-year old Michael Hippisley being afflicted in London with fits of sneezing. Treatments have failed to fix the cause. Our theory is that it comes from pronouncing the name.

AMA Nears Goal

CLEVELAND, May 21. (AP)—The American Medical Association's war chest for fighting the Truman health insurance proposals already has more than \$1,500,000 in it. Dr. Morris N. Fishbein said Saturday.

Fishbein, editor of the American Medical Association Journal, said collections had reached 80 per cent of the war chest goal of \$3,500,000.

Walker To Conduct Demonstration In Grass Judging Here

Fred Walker, range management specialist for the extension service is due here May 28 to conduct a special grass judging demonstration for Howard county 4-H club members.

The demonstration will be conducted from 9 a. m. to 3 p. m. at the 4-H club show building.

At that time a team to represent Howard county 4-H clubs in district grass judging competition will be selected. The district contest will be held at Lubbock on June 4.

Howard county teams have topped the district in grass judging for the past five years. However, the scope of the judging event is being increased this year to include grasses from all sections of the state. Heretofore, club members have been required to judge only the grasses of this area.

All adults who are interested in range improvement are invited to attend the demonstration here Saturday.

McDonald Rites Set Today At Stanton

STANTON, May 21.—Funeral services for William S. McDonald, 71, who died at his home here Friday morning, will be held at 3 p. m. Sunday at the First Baptist Church.

The Rev. T. R. Hawkins, Baptist pastor, will officiate, while Nalley Funeral home is in charge of arrangements.

Pallbearers will be R. C. Hedrick, L. B. Hedrick, M. M. Gibson, S. E. Cross, C. W. Gilmore and W. B. Kilpatrick. Burial will be in the Stanton cemetery.

For Strike Goes On As Talks Fail Again

DETROIT, May 21. (AP)—Peace talks failed again Saturday to settle the 17-day Ford strike.

Ford and the CIO United Auto Workers set another session for Sunday, one day before a threatened bolt of the negotiations by the union.

The recess was called after the company rejected another UAW proposal and the union appealed to 40 leading Michigan citizens to hear the issues of the strike "explained first hand."

UAW President Walter P. Reuther asked top company officials to join union leaders in the public airing Tuesday night of a troublesome production "speedup" dispute.

Runaway Vehicle Hits Residence Here Saturday

A station wagon without a driver or passenger plunged down an embankment, crossed the 400 block of East Sixth street and crashed into the side of a house Saturday afternoon, police reported.

The machine, owned by John C. Harmon, was parked behind Harmon's house at 404 East Sixth. It rolled down the embankment beside the house, continued across the corner of a vacant lot to the street, then leaped the curb and crashed into the R. W. McNew house, 510 Goliad.

The impact crushed part of the outside wall and dislocated a window in the house. There were no personal injuries.

Forsan High School Grads Get Diplomas In Program Thursday

FORSAN, May 21 (Sp1)—Diplomas were awarded to 14 graduates of Forsan high school at graduation ceremonies held at the high school gymnasium Thursday evening.

Pauline Massey was valedictorian of the class, Mary Ruth Howard, salutatorian, and Kenneth Baker was the highest ranking boy in the class.

Martelle McDonald of Odessa gave the commencement address, and Judge Paul Moss of Odessa also spoke. Following the procession, a mixed quartet gave numbers following the salutatory address, and again following the valedictory

Principal address was made by Sewell Jones, minister of the Church of Christ in Big Spring. Students on the program included Bobby Leonard, who gave the class history; and Peggy Knight, who read the class prophecy. Diplomas were presented by Supt. G. D. Kennedy. Jesse Overton gave the invocation and Price Bankhead the benediction.

Midland, Snyder Men Die In Car Mishaps

Widely separated Friday night automobile accidents took the lives of a young man from Midland and another from Snyder.

Fatally injured in a two-car collision 4 1/2 miles west of Odessa on Highway 80, was Robert E. Beggs, 23, Midland. His body will be sent by Rix Funeral Home of Odessa to Willis Point today for burial. His 18-year-old wife and William J. Donaghe, 66, driver of the second car, were injured. At a Midland hospital their condition was said "not critical." The two cars were demolished.

Joseph Eiert Shipp, Jr., 24 Snyder, died Saturday morning in a Henrietta hospital five hours after his car rammed a bridge abutment 11 miles southeast of Wichita Falls on Highway 287. Floyd M. Leatherwood, also of Snyder, a passenger, was injured. State police said Shipp apparently went to sleep while driving.

Property Owners To Get Bills For New Paving Here

Property owners who have not yet received statements for new paving may expect to hear from the contractor within the next few days.

City commissioners Friday accepted as completed all new paving that was not included in a previous acceptance about two months ago.

Brown and Root crews finished the last units on the contract here last week, and formal acceptance by the city clears the way for collections to begin.

Rains last Sunday night damaged topping at the intersection of 13th and Goliad streets, part of a unit that was completed only a few days earlier. The contractor will restore the surface, however, to the original specifications.

FARMERS

(Continued from Page 1)

said. Some of them believe the rains this year have provided a better season than the last "wet year" the county experienced, while virtually all others agree that prospects are fully as good as those of 1941.

Hard showers played havoc with some cotton fields that were planted earlier, but weeds are blamed for poor stands of cotton, Lewter observed. In all cases the farmers will rush to clear fields before the weeds can drain the moisture. Cottonseed are not so plentiful as they were earlier, but apparently the farmers are finding them.

Range prospects also are reported excellent. Grasses are thriving, with growth all but matching that of the weeds in the cottonfields, the farm agent said.

The moisture and rapid-growing vegetation may help promote another problem for the farmers, however, Lewter said grasshoppers were already hatching in the Viney center area and they may be expected to develop rapidly in other parts of the county within the next two weeks.

The farm agent said he was urging all farmers to check closely for signs of grasshoppers between June 1 and June 10. The predicted period would tell the story of Howard county's grasshopper menace for 1949.

Supplies of government poison will be available when the time comes for control measures, and Lewter said he believed damage could be curtailed to a minimum, provided proper steps are taken to fight the grasshoppers.

Early Settlers Recall City's 'Big Spring'

The "big spring," whose official discovery dates back to 1840, is recalled by some of the Howard county early settlers who have been sending in coupons for the centennial year.

One of these is C. W. Deats, who says "I remember going to the big spring with my brother Ralph, who would put me on a big boulder while he and the older boys would swim and dive in the spring." Dr. Deats came to the county in 1834.

Names of all those who have been in the county for 40 years—since 1909—or longer, are requested. Their reminiscences, too, are appreciated. The coupon may be used. Other names recently received: T. R. Lovelace, 1887; Mrs. T. R. Lovelace, 1892; Dr. Deats, 1894; Mrs. W. R. Settles, 1894; Alton G. Smith, 1899; Mrs. Minnie Smith, 1899; Mrs. Akin Simpson, 1900; Mrs. Barrena Henderson, 1903; Zora Winslow Carter, 1903; Mrs. Herbert D. Stanley, P. C. Leatherwood, Sr., both 1906; Mrs. O. R. Smith, Holt Shumake, Geo. W. Neff, Ben Whitaker, Mrs. J. B. Nall, Maud McMurray, Theima McGee, Mrs. Estella Porch Yates, J. M. (Jim) Smith, Mrs. W. H. Ward, S. L. (Luke) Smith, Mrs. Haydn Hinman, C. B. Lawrence, Frank Pool, all 1907.

L. J. Davidson, Sterling Price Petty, Sr., Mrs. Dock Wallace, Mrs. Charles Koberg, all 1908; Mrs. Geo. W. Neff, A. S. Woods, C. U. Shultz, Mrs. R. V. Hart, Frank B. Wilson, Mr. and Mrs. George Owen, Mrs. Lola Blount, O. R. Smith, all 1909.

Withers Mile Is Captured By F. W. Hooper's Olympia

Wins By Half Dozen Lengths

NEW YORK, May 21. (AP)—Fred W. Hooper's Olympia, the beaten Kentucky Derby favorite two weeks ago, staged a sizzling comeback today to capture the 74th running of Belmont Park's famed Withers Mile.

The son of Heliopolis-Miss Dolphin hung in on five three-year-old rivals, including stalwart Ocean Drive by romping home six lengths in front after leading from start to finish. It was Olympia's first race since he staggered home sixth in the Derby.

Jockey Eddie Arcaro, who was aboard for the colt's bitter Derby disappointment, steered the Hooper ace under the wire six lengths ahead of Ocean Drive. Greentree Stable's One Hitter was third three-fourths of a length behind Ocean Drive, but a half a length over Mrs. Akxel Wichfeld's Daiquiri in a photo job for the lesser money.

Woodvale Farm's Halt, also making his first outing since the Derby, could do no better than fifth again. Crispin Oglebay's Noble Impulse was last.

A crowd of 38,444 established the Hooper entry the 9 to 20 favorite and the one-two windup returned \$2.90, \$2.80 and \$2.20 for \$2. One Hitter's show price was \$2.60.

Oilers Booked To Play Ozona

The Forsan Oilers will tackle with Ozona's Giants in an exhibition baseball game in Guinn park at San Angelo Friday night, it has been announced.

The Oilers, members of the Tri-County league, already hold one decision over Ozona. Byron Stuart is manager of the Ozona club. He'll probably send Bob McChesney, former Hardin-Simmons university ace, to the pitching rubber.

Wes Robertson's Forsan club are also lined up to play Kermit in Kermit Friday night, June 3.

Athletics Move Into 2nd Place

PHILADELPHIA, May 21. (AP)—The Philadelphia Athletics vaulted into second place in the American League Saturday as they defeated the Detroit Tigers 15-7 to sweep a two-game series. Right-hander Carl Scheib, relieving starter Phil Marchildon, with the score 7-4 against the A's, pitched one-hit ball. Eddie Joost clubbed his seventh homer.

New York Yankees Clip Sox, 4-3

NEW YORK, May 21. (AP)—Johnny Lindell followed a ninth inning two-base error by Rookie First Sacker Gordon Goldsberry with a single to left Saturday to give the New York Yankees a 4-3 triumph over the Chicago White Sox.

Browns Decided By Senators, 7-6

WASHINGTON, May 21. (AP)—In a wild game cluttered with 19 walks, a hit batter, a wild pitch, a balk and five stolen bases, Washington defeated the St. Louis Browns 7-6 Saturday, with a two-run rally in the ninth.

Course Readied

FORT WORTH, May 21. (AP)—Colonial Country Club, ravaged by floods of the past week, is now being repaired and officials say the \$15,000 Invitational Golf Tournament June 2-5 will go on as scheduled.

LINE-UP STILL INTACT—After 28 years, the line-up of the Big Spring high school football team of 1921, known then as the Jayhawks, is intact. A week ago the Jayhawks gathered for their first reunion after the historic season when they captured the first district title for Big Spring after formation of the interscholastic league and won eight of 10 games, scoring four points to opponent's one. Matching pictures show the team members in exact positions with their picture in the high school yearbook. El Rodeo, except for Albert Bailey, second from right, in top row. Bailey could not be present for the original picture. Pictured are: Top row, (all from Big Spring unless designated) left to right, G. C. Cox, coach, Houston; Hayden Griffith, right guard; Charles Stovall, left guard; Wesley Line, Dallas, right tackle; Buell T. Cardwell, Odessa, center; Albert Bailey, left end; R. C. Montgomery, Carlsbad, N. M., line coach. Center row, Melvin Pitman, fullback; Louie Pistole, Huntsville, right halfback; Athel Porter, quarterback; Bottom row, Lee Porter, quarterback; Dr. Wofford Hardy, left halfback; Dr. Lee Rogers, center; Jack Nab, left end; Bill Bonner, left guard. (Jack M. Haynes Photos.)

Ed Houser Gains Aggie Numeral

COLLEGE STATION, May 21. (Special)—Eddie Houser of Big Spring is included in the list of 12 Texas A&M freshman basketball players who will be awarded numerals for the 1948-49 season, according to an announcement made by the Athletic Council here this week.

Houser was a starting forward for the first-year Cadet eagers this past season and his season scoring total of 64 points ranked him fourth among the team's leading point-makers.

During the spring training period which was completed recently, the former Big Spring High School all-around athlete was a member of the No. 1 five as a guard. Marty Karow, the varsity basketball coach, rates Houser as one of the leading prospects up from this season's freshman squad even though his transition from forward to the unfamiliar guard position appeared unsuccessful at the beginning of the spring drills.

Obie Bristow, Jr. Farmer Shoot 76's To Qualify For City Meet

Obie Bristow and J. R. Farmer led Saturday qualifiers for the annual City golf tournament at the muny course but the 76's they posted lacked a stroke of tying the solitaires John Pipes and Bobby Wright.

Pipes, a medalist a year ago, and Wright carved out their scores earlier in the week.

Some 15 linksmen took time off to play part or all of their qualifying rounds Saturday, bringing the number of entries to 44. A score or more or due to ankle over the par-74 course today, deadline for entry.

Last year, a record breaking field of 61 players entered the tournament.

Entries will be shooting for a raft of cups offered by the Malone-Hogan hospital clinic. The champion gets his name engraved on the large trophy on display at the Muny golf shop and gains permanent possession of a smaller cup.

Club officials are planning on drawing up pairings for the meet sometime tonight. Players will have a week to play each of their matches.

Bobby Maxwell, defending champion, is due in from Dallas toward the end of the week. He does not have to qualify.

Players qualifying Saturday and their scores included:

Hugh Cochran, 93; Vernon Al-dredge, 92; Charles Bailey, 79; Cecil Rhodes, 93; Johnny Malaise, 39; (nine holes); Dick O'Brien, 83; Conn Isaacs, 93; Grady Downing, 96; J. R. Farmer, 76; W. E. Ramsey, 78; Joe Black, 77; Obie Bristow, 76; N. W. Derryberry, John Hogan and Frank Dillon. The latter three were still out late Saturday.

Coahoma Seeks First Victory

COAHOMA, May 19.—Coahoma's Bulldogs, still seeking their first victory of the Tri-County baseball league season, tangle with the Ackerly Eagles in a 3:30 o'clock bout here today.

The Dogs, who are managed by Earl Reid, were nudged, 9-8, by Ackerly in their initial start against Forsan last week. Reid has been trying to repair the clicks in the Coahoma armor all week.

George Porter is apt to twirl for Ackerly, which slaughtered Knott last week, 16-10.

Today's game was originally booked to be played in Ackerly but was moved because the teams switched sites for their first game earlier in the season.

NBC TO CARRY COTTON BOWL

DALLAS, May 21.—The 1950 Cotton Bowl football game at Dallas will be aired by NBC and the National Broadcasting system, it has been announced.

Cotton Bowl contests previously have been broadcast by the Mutual Broadcasting system. NBC and the Southwest Conference recently signed a contract granting the former rights to air the next three games.

Merchants Plan Carlsbad Trip

The Big Spring Merchants, a local softball aggregation, will go to Carlsbad, N. M., next Saturday for a double header with a team representing that city. First game is booked for 7:30 p. m., the second for 9 o'clock.

Cotton Mize, pilot of the Merchants, is getting his team together at the present time and expects to have his charges working out most of the coming week.

Mize will shoulder the pitching burdens along with Johnny Day-long.

Others due to make the trip include Winifred Cunningham, Jim Corbell, Jack Griffin, Noel Hull, Andy Daylong, Teddy Gross and Aubrey Conway.

Bucs Defeated By Boston, 8-2

PITTSBURGH, May 21. (AP)—Boston's Braves exploded for seven runs in the eighth inning Saturday to beat the Pittsburgh Pirates 8-2.

Pete Reiser homered for the Braves in the eighth. Warren Spahn won his fifth game against two losses as Murray Dickson dropped his sixth.

Colts May Sign Lefty Shelton

San Angelo sources revealed that Sam Harshaney, pilot of that city's Longhorn baseball league entry was talking contract with Lefty Shelton, star hurler of the Forsan league entry.

Shelton has now pitched four shut-outs in a row for Forsan, one of them a no-hitter.

Bill Hannah, Sweetwater utility player, has drawn his release from the Sweetwater Swatters.

Three other members of the club—Lyle Boyd, Jim Tackle and Jesse Priest, all pitchers—were to be cut loose by the Sweetwater club Saturday.

Dobson Blanks Clevelanders For Red Hose

BOSTON, May 21. (AP)—Boston's Red Sox got a great pitching job from Joe Dobson Saturday as they defeated the Cleveland Indians 4-0, dumping the world champions into seventh place and taking over sixth themselves. The paid attendance of 35,961 was the largest at Fenway Park in many years.

Lefty Shelton, who has pitched four shutouts in a row for Wes Robertson's Oilers, will probably toe the rubber for the South Howard County team again to night.

Jake Johnson's Cosden choice will probably send Branch Spriggs to the mound.

Both the mentioned hurlers have pitched no-hitters this year. On each occasion, the victim was Ackerly's Eagles.

The Cosden lineup was strengthened recently by the addition of several high school players.

Forsan's batting order has played havoc with Cosden. Ackerly, Knott, HCJC and Coahoma pitching in that order. No one has come close to beating the Oilers since the season got underway.

Cosden owns a 2-3 won-lost record in league play but has been showing marked improvement in recent weeks and must be afforded a chance to come out on top.

Coahoma Clips Forsan Legion

COAHOMA, May 21.—Freddy Molina struck out 18 men as he led the Coahoma American Legion junior baseball team to a 10-7 victory over the Forsan Legionnaires here Saturday afternoon.

The Coahoma club had to come from behind to gain the win, scoring five runs in the eighth frame to break the tape in front.

Seeing action for Forsan were Fuller, 2b; Creelman, cf; Gilmore, cf; Baker, ss; Camp, 3b; T. Fuller, 1b; Clayton, rf; Shortes, lf; and P. Howard, c; Miller, cf; and Bennett, p.

In the lineup for Coahoma were Burkhead, c; Echols, 2b; Rodney Cramer, cf; Hoover, lf; Dorothy, 3b; Brooks, rf; Woodson, rf; Bill Cramer, 1b; Read, ss; and Molina, p.

Forsan 141 000 100—7
Coahoma 100 011 35x—10

Ex-Big Springer Beaten, 7 And 5

MIDLAND, May 21.—Off her game, Mrs. Gloria Strom Ezell of Midland, formerly of Big Spring, was beaten in the semi-finals of the second annual Midland invitational women's golf tournament here Friday, 7 and 5.

Mrs. Ezell's conqueror was Mrs. Bonnie Awtrye, Odessa. Mrs. Awtrye was four up through nine holes.

Mrs. Guyette Hodde of Hobbs, N. M., was to be Mrs. Awtrye's opponent in the finals.

Hitters Shinc In Big State

By The Associated Press

The Big State League might well lay claim to being the sluggiest loop in the country.

Twenty-five players are batting 300 or better and five of those are over the 400 mark.

The hitting also is reflected in the club averages which show Austin on top with 298 and Texarkana next with 279. Gainesville, the weakest hitting club, has 240.

Gainesville, however, tops in club fielding with 963 while Greenville is second with 960.

Emory Hiesko of Austin continues to be top man in batting. Averages through games of May 15 show the Pioneers slugger to be slugging .468 in 29 games with 52 hits in 111 times at the plate.

Skip Bass and R. T. Upright of Waco are still two-three. Bass with .441 and Upright with .417.

Sid Peterson of Wichita Falls and Jodie Phipps of Texarkana both added a win to their record last week to head the pitching with five victories and no losses apiece.

BOROWY HURLS PHILS TO WIN

CHICAGO, May 21. (AP)—Hank Borowy hatted and pitched the Philadelphia Phillies to a 5-1 victory over his former Chicago Cub mates here Saturday. The slender veteran scattered seven hits and drove in three runs with a double to rout Dutch Leonard in the second inning.

Nice Way To Go
MEXICO CITY, May 21. (AP)—Kid Azteca, 152, retiring Mexican welter champ, bid farewell to the ring last night by knocking out Art Hardy, 156, in the fifth round.

The Kid formally renounced his title March 16. He had held it for 16 years in which of 154 bouts he won 54 by knockouts.

CLASH AT 3:30

Refiners Invade Forsan For Joust With Oilers

FORSAN, May 19.—The all-triumphant Forsan Oilers, leaders of the Tri-County baseball league, entertained the Cosden Refiners at 3:30 p. m. today.

Lefty Shelton, who has pitched four shutouts in a row for Wes Robertson's Oilers, will probably toe the rubber for the South Howard County team again to night.

Jake Johnson's Cosden choice will probably send Branch Spriggs to the mound.

Both the mentioned hurlers have pitched no-hitters this year. On each occasion, the victim was Ackerly's Eagles.

The Cosden lineup was strengthened recently by the addition of several high school players.

Forsan's batting order has played havoc with Cosden. Ackerly, Knott, HCJC and Coahoma pitching in that order. No one has come close to beating the Oilers since the season got underway.

Cosden owns a 2-3 won-lost record in league play but has been showing marked improvement in recent weeks and must be afforded a chance to come out on top.

Collegians Meet Knott Nine Today

Howard County Junior college's Jayhawks host the pesky Knott Hill Billies in a Tri-County baseball league game booked for 3:30 p. m. on the college diamond west of town.

The Hawks are currently riding in second place in circuit standings, only a game off Forsan's pace, but need this one to remain in the scrap for first place.

A. J. Cain will probably go moundward for the collegians while Ray Chapman may toil on the slab for Knott.

Several of the players Coach Harold Davis of the Hawks has recruited from the high school ranks become eligible for league play today and should add authority to the batting order.

Knott is due to rebound after that 16-10 tacking suffered at the hands of Ackerly last week. The Billies have beaten Coahoma and Cosden this season but lost to Forsan, Ackerly and the Hawks in other starts.

In event Cain, a lefty, can't go all the way on the hill for HCJC, Don Henry may be called in for relief duty.

Sid Peterson of Wichita Falls and Jodie Phipps of Texarkana both added a win to their record last week to head the pitching with five victories and no losses apiece.

Charley Parker Hangs Up Spikes

AUSTIN, May 21. (AP)—Charles Parker, ace University of Texas sprinter, will not run again this season.

Parker was expected to compete in the Southwest Conference-Big Seven meet June 4 in Kansas City and in the NCAA track meet June 17-18 in Los Angeles, but Trainer Frank Medina advised him to put away his running shoes.

An injury to his left leg early in March kept Parker off the cinders until one week before the conference meet. He won the conference 220 for the third time in a row and finished third in the 100 but he still had no "spring" in the injured leg.

Parker placed second to Mel Patton of USC in the NCAA 220 last year. He has one more year of eligibility.

Sprinter Perry Samuels and High Jumper Robert Walters will be the university's only entries in the NCAA meet.

Eight Longhorns will participate in the Kansas City competition. They are shot putter George Petrovich, javelin thrower Ray Marek distance runner Bobby Whisenant and Dick Brooks, discus thrower Clay Krames, and Samuels and Walters.

Colts May Sign Lefty Shelton

San Angelo sources revealed that Sam Harshaney, pilot of that city's Longhorn baseball league entry was talking contract with Lefty Shelton, star hurler of the Forsan league entry.

Shelton has now pitched four shut-outs in a row for Forsan, one of them a no-hitter.

Pete Reiser homered for the Braves in the eighth. Warren Spahn won his fifth game against two losses as Murray Dickson dropped his sixth.

COACH TO MEET WITH LEGION TEAM HOPEFULS ON TUESDAY

All boys interested in playing American Legion baseball this summer have been invited to meet with Conn Isaacs, newly named coach, at 3:30 p. m. Tuesday at the high school gymnasium.

All information relative to the youngsters, including copies of birth certificates and so forth must be forwarded to state headquarters by June 1. Isaacs said.

Several veterans of the 1948 team, including Howard Washburn, Jack Lee, Harold Rossion, Wilmon White and Howie Jones, are due to be candidates for positions on the team again this year.

Isaacs emphasized that Latin-American boys were eligible to try out and he hoped many of them would report for drills.

Last year, Big Spring competed in a district which had Midland, Odessa, Lamesa and Coahoma as other members. It is probable Forsan will field a club in the conference this season. The Forsan team will be sponsored by the local post of the American Legion but will be made up of athletes from that area and will be coached by a Forsan party.

All boys 16 years of age and younger are eligible to take part in Legion play.

Lamesa Loses To Bowie, 9-1

LAMESA, May 21.—Bowie of El Paso advanced into the second round of the state high school baseball tournament by nudging Lamesa, 9-0, behind the six-hit tossing of Joe Tringullien here Friday afternoon.

The Bears had defeated Lamesa in the first game of the playoff Thursday, 9-1.

Bowie banged ten hits off Jerry Phillips, including extra base blows by Jose Corona and Joe Galarza.

B'Spring Riders In Borger Meet

Two riders from Big Spring will participate today in the three-state Tourist Trophy motorcycle races in Borger.

Garner Thixton and George Shipley will be carrying the colors of the Big Spring Motorcycle club in the races held under sanction of the American Motorcycle association. Garner recently won places in the hill-climb at Mineral Wells and the TT races at Lubbock. The two will be accompanied by Cecil Thixton.

Next week several riders from Big Spring plan to go to San Angelo for AMA hill-climbing events.

WILLARD SIGNED

HOUSTON, May 21. (AP)—The Chicago Cubs have signed Bobby Willard, Rice Institute baseball catcher, and assigned him to Decatur, Ill., of the Class B Three-I League.

Indians, Cayuses Tangle In Single Battle Today

Locals Return Home Tuesday

Harold Webb's Indians and the Big Spring Broncs tangle in a single game in Midland at 3:30 p. m. today, then close out their three-game set Monday night.

The Hosses return home Tuesday, at which time they tie up with Roswell's offense-minded Rockets in a three-out set extending through Thursday. After the Roswell engagement, Midland's Tribe moves into the village for three tilts.

Pat Stasey's mound choice for Big Spring today may be Manny Rodriguez, who has already notched two wins.

MIDLAND, May 21.—Big Spring's Broncs staved off a belated rally to defeat the Midland Indians, 9-7, in a Longhorn baseball league game played here Saturday night.

Pat Stasey clouted a fifth-inning home run for the Hosses with Ace Mendez on the base path.

Mendez and Felix Gomez practically "stole" the show for the guests, pilfering five sacks between them. On one occasion, they worked a double steal off Pitcher Ralph Blair, who was charged with his fourth loss.

Freddy Rodriguez, starting hurler for Big Spring, gained credit for his fourth win of the campaign but he wasn't around for the finish.

The fast-baller gave up three runs in the seventh and the roof caved in the following round, when Midland collected two more tallies. Gil Guerra came in to put out the fire.

Together, Rodriguez and Guerra gave up 14 hits, four more than the Hosses got off Blair and his successor, Rudy Kelley. Three of the Indian safeties were doubly by Kenneth Jones.

Stasey had a three-bagger in addition to his homer.

Table with 4 columns: Name, AB, R, H, E. Rows include Gomez, Mendez, Ramirez, Stasey, Vallejos, Hernandez, P. Rodriguez, Guerra, P. Stasey.

Table with 4 columns: Name, AB, R, H, E. Rows include Blair, Jones, P. Stasey, Vallejos, Hernandez, P. Rodriguez, Guerra, P. Stasey.

ST. LOUIS, May 21. (AP)—Jackie Robinson drove home six runs and scored three Saturday as the Brooklyn Dodgers flattened the St. Louis Cardinals, 15-6. Pee-wee Reese who scored five times, climaxed an eight-run, ninth-inning rally with a three-run homer.

Table with 4 columns: Name, AB, R, H, E. Rows include Reese, Williams, McCormick, Slider, Robinson, Hodges, Purdio, Capompolita, Miska, Branca, A-Hernandez, Banta, Barney.

Looking 'Em Over

by Tommy Hart

Organized baseball, which has legislated something like 300 athletes out of jobs, must flow to something toward correcting that fault. Minor leagues throughout the country are in a stew over the fact that many a class-man, generally someone who has spent three seasons or longer in professional ranks, has had to be released because of a surplus in their ranks. In the Longhorn league, only two class men can be carried on each roster, whereas last year three could be employed. The statute was adopted so that more rookies could be taken on. However, it made no provisions for those class men who were not quite good enough to move up the ladder, yet wanted to remain in the game. Here's the probable solution to the knotty problem: All players will remain in the "limited-service" category after leaving the rookie ranks until they spend as many as 45 days in a league of higher classification. The Odessa club wasn't the only pro outfit to make overtures to Don Clark, the HCJC diamond flash. Greenville wanted a look at him, too. Al Aton, president of the Big Spring Broncs, has cut ball losses to two or three a night, despite the fact that an averted depression rivaling the Grand Canyon is located only a few dozen yards behind the grandstand at Steer park. Aton has minimized the problem by hiring an expert crew of ball hawkers. Aton can also be credited with polishing up the concession booths and teaching his help a more professional approach.

Ramsdell in Brilliant Debut On Coast

When Willard Ramsdell, the ex-Big Spring hurler, made his Coast league debut for Hollywood the other night, he set the Los Angeles Angels down with two hits as the Stars won an easy 6-1 decision. They called Manny Rodriguez of the Broncs "Dumbo" not because there's anything slow about his thinking apparatus but due to the fact his ears, like the storied elephant, are rather prominent. Manny should be tough to hit when he learns to break his curve ball a little faster. The Hosses have that "teasy" complexion when either one of the Rodriguezes are hurling. Seven of the players have names ending either in "er" or "s". Ancestors of Bert Baez, the ex-Bronc who twirls for the Big Spring Tigers at Steer park today, came from France. Sweetwater sources say the reason the

Smithhart One Of Top Hands In League

One of the most underrated ball players in the Longhorn league is Miles Smithhart, the Angelo infielder. Miles is a ball player's player in that he keeps his troubles to himself and gives his all on the field. He's one of the top hands in the league for getting on base, gets many a walk but carries enough authority in his bat to merit a pass when the chips are down. The freckled-face laid working out with the Hosses these days is Bobby Beall of Knott, who Pat Stasey predicts will be a top hurler. Beall already boasts a curve that crackles. Don Swartzentruber, probably Iowa's best school-boy athlete the past school year, is reported ready to enroll at Louisiana State university. He won 11 athletic letters in high school. Dory Funk, now taking here as a grappler, is working on his wrestling superfreedom fight. He recently wrestled Dean Detton, once the heavyweight champion of the World, in Amarillo. B. B. Lees and Jackie Barron of Big Spring were two of 12 freshmen who won varsity football awards at Eastern New Mexico college at Portales. The Howard County Junior college football team will travel to Corpus Christi next Sept. 29 to play Del Mar's Vikings. The Vikings are coached by Ralph Murff, who made the "arrangement" with Harold Davis of HCJC.

SCHERTING OUT FRONT

Hosses Set Pace With Bat, Afield

Records released Saturday by the Longhorn baseball league statistician, Troy Kegans of Abilene, plainly show why the Big Spring Broncs are leading the standings.

The Hosses pace the league in both team hitting and team fielding, the former with an average of .296 and the latter with an average of .946.

In individual averages, Harry Scherting of Vernon has taken the batting lead with a mark of .452, which is ten percentage points ahead of Alex Monchak, the second leading clouter. Last week's leader, Dick Gyselman of Sweetwater, dropped to third with an average of .421.

Julio Ramos of Big Spring tops all pitchers with a mark of five victories in as many starts.

Table with columns: Name, AB, R, H, TB, 2B, 3B, HR, SB, BB, SO, RBI, Av. Rows include Big Spring, Odessa, Sweetwater, Roswell, Vernon, Midland, S. Angelo, Ballinger.

Table with columns: Name, AB, R, H, E. Rows include Club, PO, A, E, DP, Pct. Rows include Big Spring, Ballinger, Vernon, S. Angelo.

FIDO RUNS AND RUINS A RACE
A brown and white mongrel was a quiet spectator all during a high school track meet in St. Paul, Minn., until the gun sounded for the 440. Then he leaped into the act. For a while he led the field. But twice he broke the stride of Gene McDermott (right) by running between his legs, costing Gene a likely meet record. The finish, as shown, was McDermott, first; Fido, second; Don Speiser, (left) third. (AP Wirephoto)

Baez To Rubber In Tiger Test

Stung by a loss suffered at the hands of Grandfalls last week, the Big Spring Tigers return to action at Steer park along about 3:30 o'clock this afternoon.

Guests for the occasions are the Midland Colts, like the Bengals a Latin-American nine.

Manager Ynez Yanez of the Big Springers will entrust the mound work to Humberto (Bert) Baez, a former Longhorn league operative. Baez is one of the most versatile hands long to be seen in these parts.

The little fellow started out as a first sacker in his native Cuba. He can also play any other position in the infield and has tended pas-up the battery.

His best pitch is a curve ball but his strength lies in his control. He studies the opposing batter and generally knows just where to put the ball.

Baez's receiver will be either Tom Fierro, a veteran backstop, or Doyle Stewart, a big fellow better known for his ability as a soft-ball player. Galindo Lara, youthful catcher, injured his hand recently and will be out for about two weeks.

All other Tiger hands, including Elias Gamboa, Pat Martinez, Isa Mendosa, Eddie Subia and Tom Arista, will be on hand to back the battery.

Gomez Hits Two Round Trippers As Broncs Win

ROSSELL, May 21.—Lefty Julio Ramos gained his sixth pitching victory of the season as against no losses when he led Big Spring to an 11-8 victory over the Roswell Rockets here Friday night.

The Rockets battered Ramos for 15 hits but Felix Gomez and other mates of Ramos also wore their hitting clothes into the park.

The Broncs bashed out 17 safeties, including two homers and a single by Gomez. One of Gomez's drives came in the second with a man on base and the other in the eighth, also with a man on.

The blows were his third and fourth four-masters of the season.

Pat Stasey had two safeties for the Big Springers.

Bob Crues hit his eighth homer for the New Mexicans, who managed to break even in a two-game series with Big Spring.

Table with 4 columns: Name, AB, R, H, E. Rows include Gomez, Mendez, Ramirez, Stasey, Vallejos, Hernandez, P. Rodriguez, Guerra, P. Stasey.

Table with 4 columns: Name, AB, R, H, E. Rows include Blair, Jones, P. Stasey, Vallejos, Hernandez, P. Rodriguez, Guerra, P. Stasey.

ST. LOUIS, May 21. (AP)—Big Tom Hamilton of Texas dominated Southwest Conference baseball in the season just closed, leading in batting, hits, runs, homers and total bases and fielding flawlessly at first base.

Final averages released today by Executive Secretary James H. Stewart showed Hamilton tops in batting with a prodigious .474 in 15 games. He got 28 hits in 59 times at bat, finishing 95 points ahead of his teammate, Ed Kneupper, who hit .379.

Table with 4 columns: Name, AB, R, H, E. Rows include Hamilton, Kneupper, H. Stewart, L. Stewart, D. Stewart.

DEEP WILDCAT

Humble Spots For Mitchell Venture

MIDLAND, May 21.—Humble Oil & Refining Company is to start drilling immediately at its No. 1 Pearl Bell Crabtree, as a 9,000-foot wildcat in Northwest Mitchell County, to explore into the Ellenburger.

The venture is to be 600 feet from south and west line of the north half of section 2, block 26, H&TC survey. That makes it a short distance from the Coleman Ranch field which produces from the Permian lime above 3,000 feet.

Seaboard Oil Company of Delaware was preparing to take a drillstem test at its No. 2 Hodnett, flanker to the Vealmoor field, North-Central Howard County. Total depth was 7,906 feet in lime.

It is 660 feet from south and west lines of section 29, block 32, T-3-N, TP survey.

Seaboard is trying to regain circulation at its No. 1 Long, another flanker to the Vealmoor field and 660 feet from north and west lines of section 33, block 32, T-3-N, TP survey. Total depth was 7,909 feet.

Also in that area, Seaboard No. 5 H. N. Zant was drilling below 6,182 feet.

This project is 600 feet from east and 662.8 feet from north lines of southwest quarter of section 28, block 32, T-3-N, TP survey.

Oil and signs developed from a deep lime formation thought possibly to be Pennsylvanian at Sinclair Prairie Oil Company No. 1 Williams, Northwest Borden County wildcat, 660 feet from north and east lines of section 45, block 32, T-4-N, EL&RR survey, 11 miles northwest of Gall.

A three-hour drillstem test at 9,570-9,650 feet recovered 720 feet of slightly oily and gas cut drilling mud. There was no water or free oil.

REAL ESTATE

Gaines County Explorations Making Hole

MIDLAND, May 21.—Shell Oil Company, Inc. was preparing to set surface casing at its No. 2 Hawkins wildcat adjacent to the Flanagan field in South-Central Gaines county, and one-half mile south of No. 1 Hawkins, discovery from the Ellenburger. Total depth was 4,303 feet in lime.

It is 660 feet from south and east lines of section 8, block A-23, ps1 survey.

Drilling was continuing toward the Ellenburger at the other three outposts to the Flanagan field.

George P. Livermore No. 1 Head 631 feet from north and 610 feet from west lines of section 12, block A-23, ps1 survey, was beyond 10,262 feet, making hole in lime.

Magnolia Petroleum Company No. 1 Flanagan, another flanker, had reached 40,108 feet and was continuing in lime.

It is 1,960 feet from north and 660 feet from west lines of section 9, block A-23, ps1 survey. The other Flanagan stepout, Shell No. 1 Selma Andrews, et al, 660 feet from south and west lines of section 2, block A-23, ps1 survey, was deepening from 6,276 feet in lime.

Ralph Lowe No. 1 Cunningham-Shell, Southwest Gaines county wildcat, which has already indicated the discovery of commercial production from the Pennsylvanian lime, had developed possibilities of discovering oil and gas in a lower section, probably Devonian.

This prospector, located on the northwest side of the Doss field, which yields oil and gas from the lower Permian above 7,200 feet, ran a two-hour and 45 minute drillstem test at 9,847-9,900 feet. Recovery was 50 feet of clean oil and 930 feet of oil and gas cut drilling mud. There were no signs of formation water.

San Angelo, May 20.—An upsurge in wildcatting in West Texas this week accompanied encountering of heavy gas in a western Crockett county wildcat and completion of a west extension to Ellenburger production in the Benedum multiple-pay field in Upton county.

Three quarters of a mile northwest of the shallow Lancaster Hill pool in Crockett county, Hassie Hunt No. 1-L, Gulf-University, C NE SE 10-20-U, rated 2 1/2 million cubic feet of gas daily on a drillstem test from 7,043-86 feet in sandy lime believed to be Silurian. It was drilled below 7,360 feet.

Plymouth No. 1-R, H. F. Neal, west extension to Ellenburger production in the Benedum field in Upton and Reagan counties, completed for a 24-hour flow of 809.04 barrels of oil through a 5-6-inch choke from open hole at 11,490-510 feet. It is in the C SE NE 9-4 1/4-GC&F.

Humble No. 1 Ralph Pembroke, wildcat in Block X, C. C. DeWitt survey, recovered 117 feet of oil and gas cut mud in a drillstem test from 6,335-700 feet in middle Permian.

Texas Union Oil Co. prepared to start No. 1 Bradley, a proposed 4-

Heavy Gas Show In Crockett Paces Upsurge Of Wildcatting In Area

100-foot, rotary wildcat in Runnels county, five miles north of Ballinger. It is 467 feet from the north line and 343 feet from the east and west lines of a 52-acre lease in the L-shaped Elliott Holmes survey.

H. G. Spillar and Roy L. Crawford of Austin staked No. 1 A. C. Ernst and L. Ernest, slated 5,200-foot rotary wildcat four miles west of Winters. It will be 330 feet out of the southwest corner of the southwest 80 acres of section 73-63-CTRR.

George W. Strake No. 1 Mattie Smith, indicated discovery of a second and deeper Cisco pay in the Runnels county pool, is going on pump after swabbing oil from an acidized section at 3,108 feet. The oil bearing lime is believed to be the basal Gunnite or the top of the Bunker. It is 900 feet east, 330 feet north of Strake No. 1 B. A. Jacob, Gunnite discovery in J. Hensley survey 83.

Southern Minerals staked No. 1 S. C. Houston, C NW SE 15-36-2s-T&P, six miles south-southwest of Stanton. The wildcat is projected to 6,000 feet.

Comanche Corp. and others will drill a wildcat in the shallow Garza field to 8,500 feet to Ellenburger. No. 1-A Garza Deep-Montgomery & Davis will be 690 feet from the south, 910 feet from the west line of section 5-5-K, Aycock.

Humble prepared to start No. 1 James L. Brunson, proposed 5,500-foot rotary wildcat two miles southwest of Bronte, 2,919 feet north-east and 700 feet northwest of the southeast corner of section 331, Nichols Eastland survey.

In the south part of the Bronte (Palo Pinto) Field, Humble No. 1 U. T. Lowry estate flowed 15 barrels of oil in 42 minutes on a test from 4,314-60 feet and cemented 3 1/2-inch casing at 4,360 feet. It is C NW SE 45-1A-H&TC.

Hickok and Reynolds, Inc., and Dan Auld, discoverers of the Bronte field, staked location for No. 1 J. L. Keeney, C SE NE 45-1A-H&TC.

Southern Minerals and Seaboard No. 1 Albert N. Rawlings, slated Ellenburger wildcat in Casimera Rubio survey 23, topped Strawn lime at 5,168 feet, 3,328 feet below sea level. No shows have been recovered.

A 22-mile pipeline is being laid from the Pas Tex pump station in the North Snyder (Canyon) field to the Shell pipeline east of Dunn, Hiawatha No. 1, L. M. Wilson, C NW SW 183-97-H&TC, half mile south and quarter mile east of the Diamond M (Canyon) field, flowed 138 barrels of oil in 24 hours from open hole at 6,745-61 feet.

Drillstem Gauge Is Due Bronte Outpost

Preparations were being made to drillstem test in the East-Central Crockett county Ellenburger at J. K. Wadley No. 1 Gray, wildcat two miles north of Bronte.

The venture was bottomed on 5,628 feet. A first attempt to test this horizon was made on that total depth with packer at 5,333 feet. After the tool was open eight minutes, gas reached the surface. Packer slipped 15 minutes after it was set. Recovery was 400 feet of gas cut drilling mud.

Tentative top of the Ellenburger has been called on 5,585 feet. A Schlumberger survey before the first test attempted indicated porosity.

Location is 330 feet from north and west lines of section 429, block 1-A, H&TC survey.

East-West Trade Questions Settled

BERLIN, May 21.—Financial questions holding up East-West German trade have been settled in four power talks, Maj. Gen. George P. Hays said today.

The deputy U. S. military governor informed a news conference that negotiations with the Russians have yielded a system of credits which carefully skirt the ticklish question of money in this two-currency land.

All that remains now is to resolve some details on the economic side, Hays said. He expects to happen at the next meeting of the economic advisers of all four powers, probably Monday or Tuesday.

CANYON PROSPECTS

Three Locations Staked In Scurry

Locations for three new explorations to go to the Canyon lime of the Pennsylvanian in Southwest Scurry county, have been reported for immediate drilling.

Two of the developments are to be drilled by Pearson-Sibert Oil Company and the third is to be an operation of Hiawatha Oil & Gas Company.

Pearson-Sibert No. 2-A Bishop will be 1,365.777 from the east and 660 feet from the north lines of section 162, block 97, H&TC survey.

Pearson-Sibert No. 3-A Bishop will be 1,365.777 from the east and 660 feet from north lines of section 162, block 97, H&TC survey.

Both projects are slated to go 8,500 feet, unless they find and test the Canyon above that point. They are approximately 13 miles southwest of Snyder and adjacent to the

Tidelands Compromise Talk Gains In Wake Of High Court's Decision

By The Associated Press
Talk of a compromise settlement was revived last week as the Supreme Court authorized the federal government to sue Texas and Louisiana for paramount rights to the tidelands of the two states. The decision had been expected.

Most Texas and Louisiana officials announced intentions to continue the battle. Lieut. Gov. Allen Shivers of Texas was an exception.

"We might as well be practical and see if we can work out some kind of compromise," he said. "We've lost all of our legal skirmishes and it looks like we may lose those that are yet to come."

A proposal for compromise settlement of the tidelands ownership controversy is expected to be placed before Congress within a few weeks.

Its supporters say there is no chance for passage of bills calling for state or federal ownership and that final Supreme Court disposition of the Texas-Louisiana case can not be expected until late next year.

A compromise in Congress now, Washington sources say, would overcome the congressional stalemate and slow progress in the legal battle and lead to immediate full scale development of the valuable oil lands.

The United States has 1,400,000 miles of improved roads.

Possibilities Of Lower Permian Seen In Upton

Possibilities of a lower Permian strike have been encountered at Humble Oil & Refining Company No. 1 Pembroke, et al, wildcat projected to the Ellenburger six miles north of the Benedum area of East-Central Upton county.

A lime and sand formation was drillstem tested for two hours at 7,034-7,068 feet, using a six-inch top choke and 3/4-inch bottom hole choke.

A good blow of air held at the surface throughout the test. Recovery was 2,200 feet of gas in drilippe plus 103 feet of heavily oil and gas cut drilling mud.

Drilling ahead to 7,191 feet in a sand and shale formation identified by observers as the Leonard section of the Permian, operator logged oil stains in cuttings and shows of oil on pits. The venture was circulating for another drillstem test.

Location is 660 feet from north and 2,247 feet from east lines of block 35, C. C. DeWitt survey.

A northwest offset has been staked to Magnolia Petroleum company No. 1-A TXL, Ellenburger discovery to open the Pegasus field in North-Central Upton county.

It is to be Phillips Petroleum company No. 1-BB TXL, 664 feet from south and 660.5 feet from east lines of section 22, block 41, T-4-S, TP survey, just south of the Midland county line.

It is projected to around 13,500 feet or to the Ellenburger at a lesser depth. Drilling will be with rotary tools.

Slick-Urschel Oil company No. 1 Neal, slated Ellenburger wildcat, about one and one-quarter miles northwest of the nearest Ellenburger production on the northwest side of the Benedum field, in East-Central Upton county showed some signs of gas in a drillstem test of the Devonian.

The investigation was at 10,656-832 feet. The tool was open four hours and 20 minutes. Recovery was 3,150 feet of gas cut drilling mud. No signs of oil or of formation water were developed. The venture is making more hole.

THIS DOWSER REALLY GOES TO TOWN WITH HIS TRUSTY PAIR OF PLIERS

STOYSTOWN, Pa., May 21. (AP)—The good people of Stoystown have a new respect today for Dave King and his pair of pliers. Recently the Stoystown Water Co. decided it needed a new well but didn't want to dig a lot of test holes. King was called into play as a dowser.

A dowser is a person who claims ability to detect underground water by using a divining rod. Some dowzers employ peach tree twigs but King—an Amishman from Pennsylvania's Lancaster County—scorns such old-fashioned methods in favor of a pair of wire pliers. King paced across a plot of ground for the water company until at one point the pliers almost leaped from his grasp.

"There's a lot of water here," he announced. Using a pendulum made with a piece of string and a gold ring set in motion over a tumbler of water, he counted the

number of vibrations. Water, he said, would be found first at about 141 feet, again at 200 and 291 feet.

Despite the skepticism of a few residents, the water company started drilling. Yesterday, they reported, the drillers reached the 141-foot mark—and water gushed forth.

Yes sir, that Dave King and his pliers are highly considered in these parts now.

Deny King George Treated At Mayo Clinic This Month

LONDON, May 21. (AP)—A Buckingham Palace spokesman said today reports that King George VI had his leg ailment treated at the Mayo Clinic, Rochester, Minn., this month were "absolutely untrue."

"The King has not left the country," the spokesman said.

He added the monarch received Prime Minister Clement Attlee May 3, his doctors on the fourth and other physicians on the 17th. "In the intervening time he was either in London or at Windsor Windsor Castle, outside of London," the spokesman explained.

It was "palpably absurd," the spokesman added, to think that the King could make a foreign journey without being recognized early and often.

Walter Kirtley, a retired Nebraska City, Neb., executive, claimed Friday he saw a man who was identified to him as the King carried into the Mayo Clinic a fortnight ago.

Citizens Parading To Moss Creek Lake

There was evidence aplenty that fish in Moss Creek lake were being offered transportation to the frying pan Friday, as the city reservoir was opened to fishermen for the first time in two months.

There was no way to determine the number of fishing permits sold for the opening day rush, since the licenses could be purchased at several places.

City firemen, however, were doing a rushing business at their minnow tank, which was set up Wednesday at the city hall fire station. The firemen had sold about 100 dozen baits by mid-morning.

A substantial number of automobiles decorated with tell-tale cane poles were observed heading toward the lake Friday morning. Others, of course carried bait casting and fly fishing equipment.

Area Rent Director Tells How Landlords Can Obtain Hikes

Fair net operating income is only one of several adjustment provisions open to landlords for obtaining rent increases when justified, Area Rent Director Dor Seale reminded Saturday.

"Four principal adjustment provisions continue in effect," Seale explained. "They are major capital improvements, comparability, substantial increase in occupancy, and increase in services, furniture or furnishings."

This means that landlords can still get more rent for improving their rental units or for better service to tenants, the rent director emphasized. It also means that no landlord is required to maintain rents below the level generally prevailing for comparable controlled accommodations.

To qualify for a rent increase due to major capital improvements, a landlord must do more than ordinary air of replacement, however. Examples of projects that will earn higher rental are addition of an extra room or bath, modernization of an old kitchen with new, up-to-date fixtures, or completely rehabilitating the rental unit. When granted, the adjustment reflects the difference in rental value of the property as well as increased costs of construction, Seale explained.

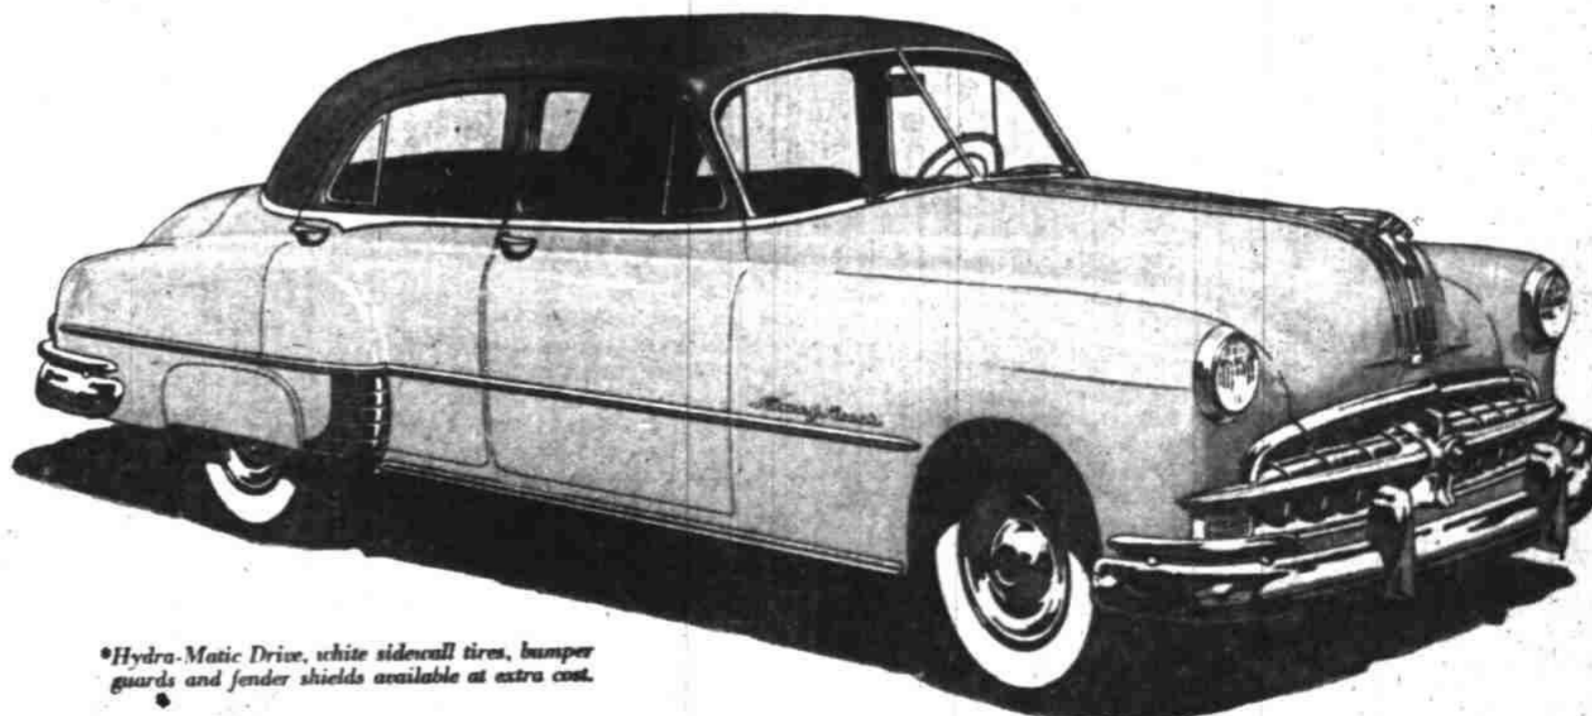

The rent office will give a "prior opinion" as to value of any prospective improvement or increased service before the project actually is started. The increase will not be granted, however, until the work is complete and a petition is filed in the area rent office.

Becker Training With 5th Armored

Jack E. Becker, an army recruit, has been assigned to the Fifth Armored Division at Camp Chafee, Ark., for eight weeks of basic training. He is assigned to Co. B, 34th Medium Tank Battalion. Becker is the son of Mr. and Mrs. A. R. Becker of Big Spring.

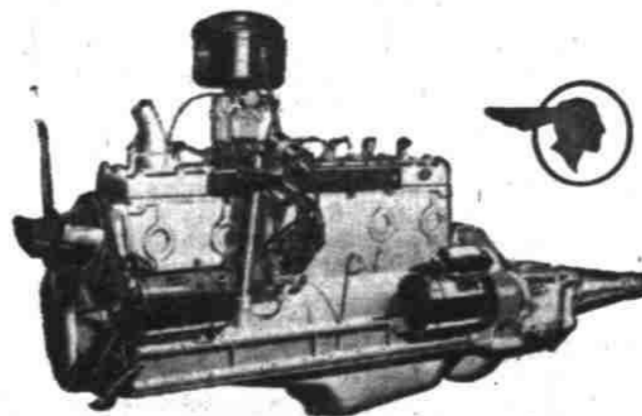

You ought to be driving a '49

PONTIAC

*Hydra-Matic Drive, white sidewall tires, bumper guards and fender shields available at extra cost.

America's Lowest-Priced Straight Eight!

WORLD'S SWEETEST ENGINE!

You really don't know what topflight performance is until you've driven behind the great Pontiac engine. Its power, its quiet smoothness and its economy are a revelation—and will be for miles and miles!

Until they see the actual figures, few people realize that the big, beautiful Pontiac eight is America's lowest-priced straight eight. Not only does it undersell all other straight eights by a substantial margin, but it actually costs less than many six-cylinder cars!

The fact that the Pontiac eight gives so much for so little is the basic reason for the great and growing popularity it enjoys.

Pontiac has distinguished appearance, and distinctive Silver Streak styling. Its spacious Body by Fisher is handsomely upholstered and appointed. It offers the amazing driving ease of GM Hydra-Matic Drive.* And it carries the well-known Pontiac promise of long life and fine, dependable performance over the years.

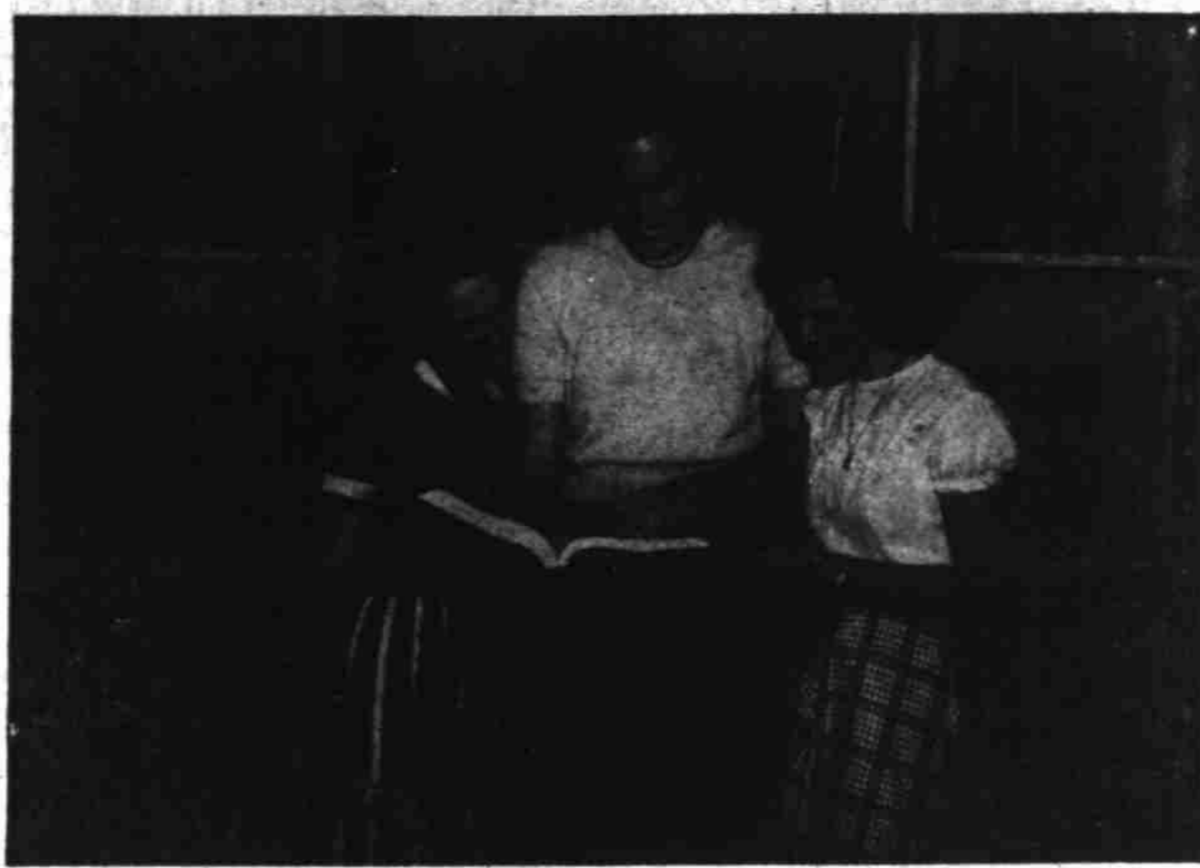

We honestly believe that no other car carries such definite assurance of really enjoyable performance at so low a cost. We invite you to come in and take the wheel yourself. We're sure you'll be very pleasantly surprised.

Big Spring, Texas

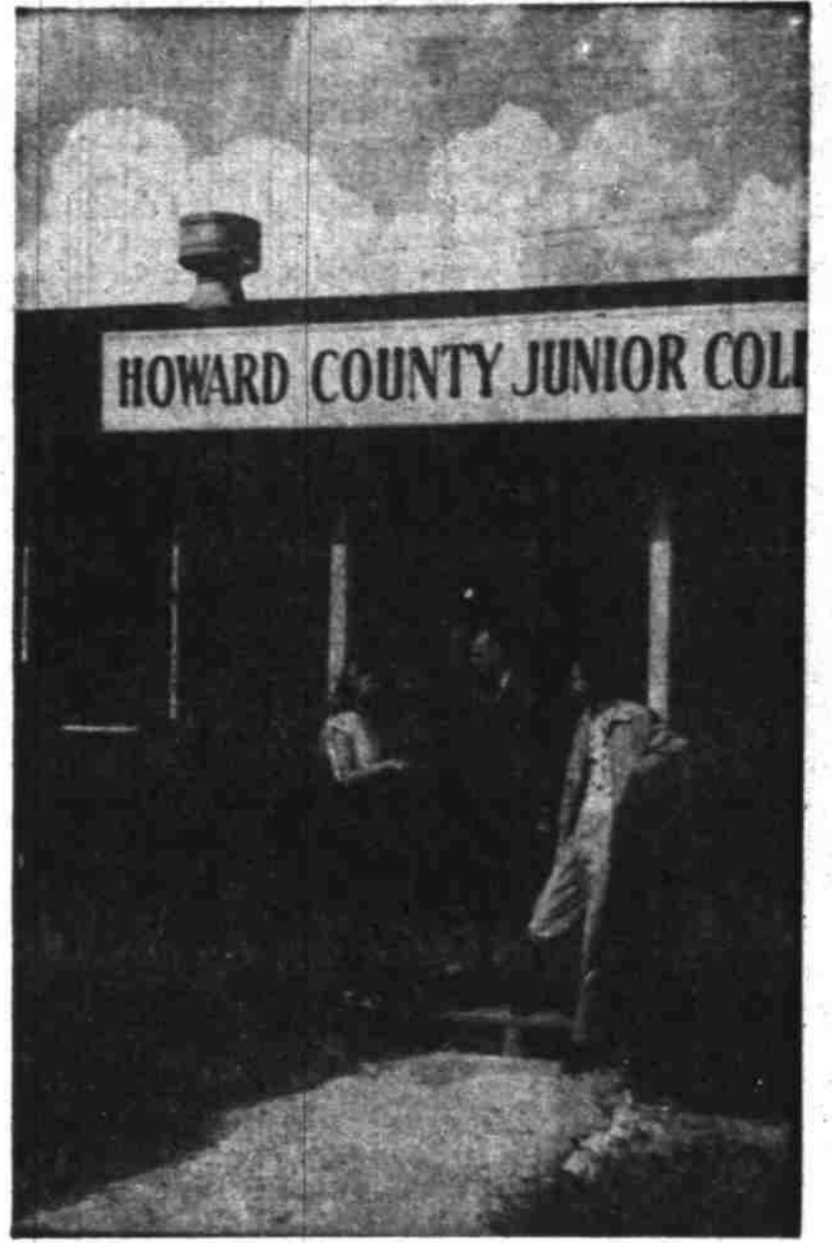

BSHS Grads Take A Look At HCJC

BUSINESS DEPARTMENT—When some 20 Big Spring students begin their college work at HCJC, one, interested in the business phase of learning will be Mary Louise Porter, left photo seated, state high school typing champion in 1948. Looking on, are J. F. Jones, commerce head, and Rebecca Rogers, another 1949-50 student.

BEST FOR RESEARCH—Ellen Eastham, (in photo above) left, and Patsy Young, right, visit the HCJC librarian, Margaret Cowen. Now containing a good stock of books, newspapers and magazines, the library has grown from "zero". Libraries are important to any school and the college is attempting to keep up to date.

WELCOME TO COLLEGE—E. C. Dodd (right photo), college president, welcomes Mary Louise Porter, left, and Kyle Miller, right, to the HCJC campus. This picture was taken in front of the administration building, main building of the local campus. New buildings are planned for completion by the time the 1949-50 students are ready for graduation.

SHOP WORK—Frank Medley (left photo), industrial education and engineering instructor, demonstrates some of the shop machinery for Kyle Miller, left, and Roy Mac White, right. Students have an opportunity to learn a great deal about principles involved in using wood-work tools.

REFRESHMENTS—Bill Hammock, (right photo), serves afternoon refreshments to Jo Nel Neel, left, and Quepha Preston, right, on a tour of the college made last week. Students visited most departments of the college, meeting a number of instructors and getting first hand information concerning next year's work.

CHEMISTRY LAB—Of interest to many girls as well as boys, is the school chemistry lab. (left below). Everyone likes to experiment and many types of work can be accomplished with the complete equipment found in the HCJC science department. Pictured are: left to right, Roy Mac White, Charlotte Williams, J. T. Clements, instructor, and Jean Robinson.

LETTERING—Frank Medley discusses a phase of his department with Rebecca Rogers and Jimmie White, Big Spring High School graduating seniors, in picture at right below. Medley says that the college engineering offers practical information which can be used in everyday living.

(All Photos by Jack M. Haynes)

Big Springers To Attend Local College In Fall

Present indications are that some 20 Big Spring High School seniors will choose the advantage of staying at home while attending college when institutions of higher learning open their doors next fall. There will be no "homes away from home" for these students. Of course, there will be those who will say that it's much better to go away to school, but there are any number of reasons for staying at home which will make those who choose Howard County Junior College glad that their town is a junior college site.

Still one of the newer colleges, HCJC is offering a large number of courses in varied fields. Courses are offered in the fields of science, commerce, English languages, music, agriculture, business education, sociology, speech, mathematics, industrial education, engineering, social studies and biology.

In addition to such regular activities, the students have an opportunity to carry on their own student government, electing their own student body president. Last year's president was Louis Mizeley. They also have an opportunity to take part in the publication of the school newspaper and annual. There are any number of worthwhile clubs on the campus. During the past year such organizations as the athletic club, German club, literary guild, male chorus, Spanish club, veterans club and mixed chorus spent an active year. In addition to such regular events as those in the field of athletics, there are many social activities, including the highlight of the year, Round-Up Week.

Farrar Pre-School Presents Operetta

Children of the Farrar Pre-School presented a smooth and entertaining presentation of the operetta, "Sleeping Beauty," in the municipal auditorium Friday evening. The presentation was a colorful one with outstanding costumes. The operetta seemed well casted and the players stayed in character well. Betty Farrar substituted for Shirley Collum, who was to have played the part of the old woman, but was unable to be in

the performance. Members of the cast for the portrayal of the ancient fairy tale, with original words and music by Oliver William Robinson, were: King, Tom Oatman; Queen, Anne Homan; Herald, Ken Lawrence and Frank Reynolds; Ladies and Gentlemen of the Court: Danny McCrary and Jayne Cook, Gerald Farrar and Sue Ellen Griffin; John Reed Schwarzenbach and Carolyn Thompson, Robert Vance Lebkowsky and Rosalie DeVaney, Jerry Younger and Deane Mansfield, Ken House and Genell Hughes, Jim Burk and Karen Lynn Downing, Richard Allen Monschke and Toni Sessions, Bill Bonner and Mozelle Groebli, Tom Bunch and Ann Sessions, Billy McDonald and Dean Terrazas, Richard Barry Clark and Brenda Cowper, John Fish and Linda Kay Connolly; the wicked fairy, Jane Cowper; Princess Rosa, Cleo Rita Thomas; and Prince Charming, Skipper Driver. The twelve good fairies: Susan Zack, Rachael Phelan, Karon Koger, Jane Guin, Sally Adair, Linda Kay Limer, Gretchen Briden, Sandra Kay Adair, Gerrilyna McPherson, Jeanette Martin, Frankie Morgan and Kathy Johnson, were responsible for the lovely ballet presentation in Act II.

BIG SPRING HERALD

SOCIETY SUNDAY, MAY, 22, 1949 SECTION 1

Instruction School To Be Held Here

A special School of Instruction for this district of the Order of the Eastern Star will be held at the Masonic hall Thursday, May 26. Registration will be held at 7:45 a. m. and the school will begin at 9 a. m. It will be a day session only. Luncheon will be served in the Maverick room of the Hotel Douglas at noon in honor of the grand officers, all Eastern Star officers and the past and present matrons and patrons of all Eastern Star chapters represented. Special guests expected to attend the school will include Mrs. Esther Baldwin of Wichita Falls, worthy grand matron; Dr. G. T. Roger, worthy grand patron of Decatur; Mrs. Pauline Baker of Amarillo, grand examiner and Mrs. Lela Wilson of Crane, deputy grand matron. Mr. and Mrs. Roy C. Cook of 1001 N. Gregg have just returned from a two weeks vacation in Los Angeles, Calif., where they visited their children, Mr. and Mrs. Alvin Cook and family, Mrs. Taylor Hopper and family and Mrs. Floyd Crew and family. The Cooks traveled via American Airlines.

Legion Round-Up Club Holds Dance

Oscar Nabors, Garner McAdams, Jack Thompson and Tommy Whaley were guest callers when the Legion Round-Up Club held Friday night at the Legion Hall for a dance. Other guests were Mr. and Mrs. Worth Peeler. Those attending were: Mr. and Mrs. George Amos, Mr. and Mrs. Steve Baker, Mr. and Mrs. Neal Barnaby, Mr. and Mrs. Roy Bruce, Mr. and Mrs. Henry Bugge, Jim Bob Chaney, Po Bowen, Mr. and Mrs. Johnny Griffin, Mr. and Mrs. Kenneth Guley, Mr. and Mrs. Larry Jordan, Mr. and Mrs. Art Kern, Mr. and Mrs. Charles Lusk, Mr. and Mrs. W. E. Pate, Mr. and Mrs. Elmo Phillips, Mr. and Mrs. John Ratliff, Mr. and Mrs. Howard Salisbury, Mr. and Mrs. Roland Schwarzenbach, Mr. and Mrs. Phil Smith, Mr. and Mrs. Howard Stevens, Mr. and Mrs. Howard Stovall, Dr. and Mrs. Clyde Thomas, Mr. and Mrs. Charles Vines, Dr. and Mrs. T. J. Williamson, Mr. and Mrs. C. E. Hutchinson, W. L. Koutz, Mrs. Lloyd Shursen, Christine Smith, and Bernie Coughlin.

Mrs. Leslie E. Green Is Shower Honoree

Mrs. Leslie E. Green, the former Helen Duley, was named honoree at a bridal shower given in the home of Mrs. Omar Pitman, 1411

Meeting Dates Are Changed By YMCA Dance Club

Plans were completed to change the meeting date to the first and third Thursday of each month at the business session and dance at the Square Dance club at the YMCA Thursday evening. A picnic was scheduled at the City Park Thursday, May 26. Square dancing was held following the business session. Attending were Mr. and Mrs. Frank Wilson, Mr. and Mrs. Bill Bonner, Mr. and Mrs. Jack Roden, Mr. and Mrs. Joseph Jones, Mr. and Mrs. T. L. Basham, Mr. and Mrs. Jake T. Morgan, Mr. and Mrs. Newell Leopard, Mr. and Mrs. J. D. Jones, Mr. and Mrs. Roy Reeder, Mr. and Mrs. Sam Bloom, Mr. and Mrs. Joe Blum, Mr. and Mrs. Burl Haynie, Mr. and Mrs. R. Fitzgerald and guests, Mr. and Mrs. Oscar Nabors, J. M. Smiddy, Mr. and Mrs. Grady Duling and Janelle Haynie.

Runnels, Friday evening from 8 to 10 o'clock. Hostesses for the affair were: Mrs. Nell Frazier, Mrs. C. O. Nalley, Mrs. H. G. Keaton, Mrs. Bill Griese and Mrs. Pitman.

Guests were greeted at the door by Mrs. Frazier, who presented them to the honoree and Mrs. Griese. Organ numbers were played during the calling hours by Mrs. Pitman.

Pastel colors were used in floral arrangements throughout the entertaining rooms and in the refreshments, which included small iced cookies topped with miniature wedding bells. Mrs. Frank-Smith of Odessa, and Mrs. Burl McNallen of Forsan, served the guests from a table appointed with a cut-glass epergne with Dresden butterflies around it. The floral arrangement for the table was composed of rainbow asters. Gladioli were used in the register arrangement. The bride's book was marked with blue satin ribbon and rainbow asters. The blue ribbon and asters were used again in the gift display room. Mrs. Alma Gollnick and Mrs. C. O. Nalley displayed the gifts. Approximately 150 guests were included on the invitation list.

W. F. Pachalls Entertain Club At Social Meet

Mr. and Mrs. Walter F. Pachall entertained the members of the Lutheran Men's Club and their wives at a social in their home, North scenic, Thursday evening. The Rev. Ad. H. Hoyer discussed the program topic, "My Service To My Country," followed by a round table discussion by the members. Games of pinochle and dominoes comprised the entertainment. Refreshments were served. Attending were Mr. and Mrs. F. G. L. Snow, Mr. and Mrs. John Foster, W. C. Heckler, Herman Weise, Albert Hohertz, Joe Radanof, Ted Pachall, Walter Pachall, the Rev. and Mrs. Hoyer, Mr. and Mrs. Bynum, M. W. Rupp and Gilbert Pachall.

Pilgrimage Announced

An open invitation is extended to all Garden Club members to enter their yard in the Garden Club pilgrimage Wednesday, June 22 from 9:30 to 11:30 a. m. This will be a regular meeting date and any member interested will please notify Mrs. Ross Boykin, pilgrimage chairman.

WORN TO BRIGHTEN COSTUMES

Women's Hats Will Be Talked To Time's End

By MILDRED YOUNG

When all other topics of conversation are exhausted, women's hats will still demand their share of vocal treatment. Since days long beyond recall, men have looked at women's hats laughed and made all sorts of comments. Perhaps creations worn by men may be, on the whole, a little more practical. But women, as well as men, must have something to brighten their costumes. With ties what they are, you seldom hear a woman discuss a man's prized tie in the same method which a man describes the hat which flattened his own pocket book. Ties may not be as expensive as hats, but surely there can be no argument that if women's hats are ridiculous so are men's ties. In a woman's opinion, women are fortunate that, though men have strayed from the ordinary, that still women have more choices in wearing apparel. Where types of men's clothing are limited women's are almost unlimited. Some men go for colorful clothes, but generally speaking, women's clothes are more colorful. They go more for the buttons, bows, frills and laces, which are uncommon in traditional male wardrobes. But two items of apparel in both worlds take an outstanding place in the sun. The two items are: A woman's hat and a man's tie. Having gazed at the latter on many occasions, it is our firm conviction that if men were creating women's hats they would use the same combinations they use in their ties. Deliver the good women from such a fate as that! We know a minister who thinks that it is the height of good humor to tell about how scared he is to go into the pulpit on Easter Sunday morning. He declares that in addition to the fact that he wears himself out before he gets up to deliver his sermon by attempting to smell the odd looking flowers on women's hats, that he also develops a complex by fearing that the birds perched on some of the creations will burst into song and drown out his carefully prepared address completely. We will agree that some of the hats might be termed as funny, but women have been given credit many times for being able to create a hat out of any combination of materials. Just give her some pots and pans from the kitchen, they say, and she'll make a hat that will surprise if not please you. Just think what a life-saver that would be in times of depression! What man could make a presentable hat from a worn-out dish pan?

Janice Boardman Presented Medal

Janice Boardman was presented with the Charles Palmer Davis medal for making the highest grade in her class in Current Events during the assembly program at the school Tuesday. Supt. W. C. Blankenship made the award. Davis founded Current Events for the purpose of informing younger pupils of present day affairs and to prepare them for good citizenship. Following the presentation members of the eighth grade class enacted a pageant, "The Atlanta Community," for their parents' entertainment. Lorena Huggins, class teacher, directed the performance.

Gertibelle Wilkerson Exchanges Wedding Vows With J. H. Morgan

Candlelight nuptial vows were repeated by Gertibelle Wilkerson, daughter of Mr. and Mrs. A. C. Wilkerson, 1009 E. 16th, and James H. Morgan, son of Mr. and Mrs. J. T. Morgan, in the First Presbyterian church Saturday evening.

MRS. JAMES H. MORGAN

The Rev. R. Gage Lloyd read the double ring, informal service as the couple stood before an altar banked with baskets of mixed flowers and background greenery. Lighted cathedral tapers in graduated candelabra illuminated the chapel.

Mrs. L. G. Talley, organist, played a medley of love songs prior to the ceremony and the traditional Lohengrin's, "Wedding March," for the processional. Mrs. Talley was attired in a green street length dress with gold accessories and a gardenia corsage.

Given in marriage by her father, the bride was attired in a silver grey crepe dress, fashioned with a square neckline, short sleeves and full skirt featuring tiers of miniature tucks. She wore navy accessories and a navy straw bonnet hat trimmed with veiling. In carrying out the traditional something old and borrowed, the bride wore a necklace belonging to Mrs. J. C. Robinson; something new was her wedding ensemble and something blue, was a garter. She carried a white-carnation corsage atop a white Bible. Satin ribbon streamers cascaded toward the floor from the arrangement.

Mary Beth Morgan served as maid of honor. Miss Morgan wore a sky blue crepe dress, spectator accessories and a gardenia corsage. Her hat was of natural straw.

Ruth Hobbs lighted the candles. She chose a dress of pale pink, spectator accessories and a light brown straw hat. Her corsage was of gardenias.

Mrs. Wilkerson, mother of the bride, wore a black crepe dress featuring side drape effect and square neckline. She wore black accessories and a corsage of red

roses. The bridegroom's mother, Mrs. Morgan, chose a tailored navy blue dress, with black accessories and a red rose corsage.

Cleo Tarter of Sweetwater was best man. J. N. Young, Jr. served as an usher.

The bride is a graduate of Big Spring high school and has been employed at the State National Bank for the past two years. The bridegroom also graduated from the local schools. He served overseas in the Navy for 27 months and attended Hardin Simmons college. Abilene for two years where he will return this summer, to complete his major in Petroleum Engineering.

For traveling, Mrs. Morgan wore

a navy blue summer-weight tailored suit with navy accessories and a corsage of white carnations.

Following a short wedding trip in Carlsbad, N. M., the couple will be at home at 1934 N. 2nd St., Abilene.

Mr. and Mrs. Buel Fox Move To Wichita Kansas

Mr. and Mrs. Buel Fox of 202 Jefferson will make their home in Wichita, Kas. in the future. Fox has been promoted to district supervisor for the H. J. Heinz Co and will leave today for that city. Mrs. Fox will remain here to sell their home and she and their son, Bobby of A & M college, will join Fox shortly.

Mrs. J. Franklin Named Honoree At Shower On Friday

Mrs. Jack Franklin was honored Friday afternoon with a pink and blue shower in the home of Mrs. A. L. Woods, 1001 W. 2nd with Mrs. Cliff Hendricks as co-hostess.

Decorations were snapdragons and tiger lilies, and pink shadow rose corsages were plate favors. Games were played and refreshments served to Mrs. Lester Gibbs, Mrs. Olen Priest, Mrs. Denver Yates, Mrs. Tom Carr, Mrs. E. R. Richardson, Mrs. Nathan Stalcup, Mrs. M. O. Hamby, Mrs. Roy Franklin, Mrs. D. P. Day.

Mrs. V. M. Witt, Mrs. Dorothy Lovell, Mrs. A. M. Hayworth, Mrs. A. D. Franklin, Mrs. Bill Barber, Mrs. Darwin Webb, Mrs. O. L. Franklin, Miss Dorothy Day, Mrs. Clifford Hale, Mrs. D. Oliver, Mrs. L. Stevens, Mrs. Odell Buchanan, Mrs. Mona McCullum, Mrs. S. T. Franklin, Mrs. Louis Stall, Mrs. Albina Rowland, Mrs. Jewel Stevens, Mrs. Claude Hendricks, Mrs. A. E. Hendricks, Mrs. Lee Burrow, Mrs. M. M. Kerr and Mrs. Jim Sanderson.

HI-talk

By Dolores Franklin

Included among the girls who journeyed to Midland Tuesday night to attend Midland's third annual Gymboree program were: Carolyn Mills, Jovieta Whittington, Mary Frances Wyatt, Peggy Lamb, Sandra Swartz, Jo Ann Smith, Lynette Blum, Teddy Carpenter, Helen Phillips, Judy Doug-

last, Peggy McMurray, June Grey, Darlene Sneed, and Quepha Preston. There also were many other B. S. H. S. girls. The program was very interesting and consisted of many various fields of entertainment. Some of the things witnessed were tumbling, boxing tap dancing, modern dances, and folk dancing. One of the most outstanding performances was given by the boy's tumbling team of Midland; however all the performances were good. The Big Spring girls who attended went by bus, accompanied by Arah Phillips and Anna Smith.

Graduation exercises are just around the corner, and for most seniors, it is a sad event. B. S. H. S. won't be the same without them and we'd like to wish them "bon voyage". The seniors plan to leave at 5 A. M. Monday morning, via trucks for Christoval.

Attending the Press club weiner roast and dance were: Amos Jones and Katie Lue Jones, Kelley Lawrence and Lou Ann Miller, Deffie Merworth and Jackie Jennings, Cuan Grigsby and Marletta Staples, Sue Wasson and Billy Satterwhite, Kimball Gughrie and Jean Pearce, Lindsey Marchbanks and Marilyn Martin, Frank Phillely and Bobbie Jean White, Joyce Choate and Jackie Little, Carolyn Mills and Donnie Carter, Jovieta Whittington and Arless Davis.

Sub Deb Club is planning to have their spring formal June 1 and the High Heel Slipper Club formal is scheduled for June 20. The High Heel Slipper Club met Monday night in the home of Billie Jean O'Neil. Attending the meeting were: Peggy Carter, Gayla Mosier, Betty Jo Raley, Beverlynn Jones, Janelle Beene, Judy Beene, Ellen McLaughlin, Florine Cass, Nancy Whitney, Dolores Franklin, Clarinda Harris, sponsor, and the hostess.

Mrs. Erma Steward announced Friday part of the 1950 El Rodeo staff. On the staff are: Dolores Franklin, editor, Janelle Beene—associate editor, Jovieta Whittington—senior editor, Peggy Toops—art editor, Joyce Choate—staff assistant. The other positions have not yet been chosen.

The Rainbow girls will be selling popples for the American Legion Auxiliary, Saturday May 28.

Attending Mackey Dee Younger's slumber party Friday night were: Joyce Choate, Rita Faye Wright, Deffie Merworth, Marilyn Guitar, Judy Lawson, Janelle Beene, Luan Creighton and Dolores Franklin.

COSDEN CHATTER

Officials Make Business Trips Over Nation

By Personnel Department
 R. W. Thompson attended a statewide oil and gas promotion hearing at Corpus Christi Thursday.

Averil McClain will have as her guests for a few days Mrs. D. G. McClain and two sons Michael and Richard of Fort Worth.

J. M. Simpson, Cosden jobber at Amarillo, reported that he had one service station damaged in the tornado.

The Cosden Auxiliary will meet tomorrow night at 7:45 at the YM-CA.

Anna Mae Berry spent last weekend in Fort Worth and has been on vacation the past week here in Big Spring.

The sales department has had as visitors this week: J. F. Toler of Tahoka, Rex Baggett, sales representative of Abilene and Van North of Spur.

Other visitors in the office included: Paul Hicks, Craver-Hicks Company of Midland, Jack Price of Austin; Bill Beler of Wichita Falls; Paul Ricker of Midland; J. A. Padon and J. M. Kerly, Warren Petroleum Corporation of Tulsa; and Wallace Emery, Ethyl Corporation of Dallas.

The following were on the sick list this week: W. A. Henderson, P. E. Witt, E. W. McCarty, H. G. Austin, W. I. Anderson and B. T. Bridges.

We are happy to hear that Philip Gresser who has been seriously ill, is in an improved condition. We also are glad to have C. L. Patterson return to work Friday after recovering from surgery.

Some of our early vacationers are: Henry Hensley, Walter Bishop, J. W. Sanderson, B. D. Rice, Elmer Giles, W. G. Simpson, W. E. Morris, and Troy A. Powell. Mr. and Mrs. A. H. Alexander are spending the weekend in Nocona and Lawton, Okla., visiting relatives.

R. L. Tollett left this morning for New York to attend the regular meeting of Board of Directors. He will return via Pittsburgh and Chicago and will be back in Big Spring next Saturday.

M. M. Miller left last Tuesday morning on a sales trip through the middle western states. He will attend the meeting of directors of the company in New York tomorrow and will return to Big Spring Wednesday.

Roger M. McDaniel of El Paso was the guest of Mr. and Mrs. Leslie E. Green Thursday.

Mrs. B. L. LeFever Draws High Praise

Mrs. B. L. LeFever drew high praise for her review of "Bride of Fortune" Thursday evening at the Settles under sponsorship of the Friends of the Library association.

Besides the sparkling review, the program arranged by Mrs. T. C. Thomas, chairman, included piano selections by Mrs. Leslie Green, and several woodwork exhibits.

These were prepared by Howard County Junior College woodwork students and included a serving tray, mesquite wood lamp, two novelty tables, magazine and tie racks, upholstered footstool. Virginia Carpenter, daughter of Mr. and Mrs. Joe Carpenter, submitted a novel centennial seal design for display.

Floral centerpiece for the book review was furnished by Estah's Florist.

Margaret Christie Leads Club Program

FAIRVIEW, May 21. (Sp) — Margaret Christie, county Home Demonstration agent, demonstrated the proper way to separate fruits from vegetables for home freezing methods and the correct method of cutting up a chicken for a deep freeze unit at the meeting of the local Home Demonstration club in the home of Mrs. W. A. Langley Thursday.

Arrangements of snapdragons and other spring flowers comprised the decorations. Refreshments were served. Attending were Mrs. Helen Davies, Mrs. L. Z. Schafer, Ella Hammack, Mrs. J. W. Wooten, Mrs. O. B. Engle, Mrs. J. F. Sellers, Mrs. B. F. Bigony, Mrs. Shirley Fryar, Mrs. W. H. Ward, Mrs. Ray Smith, and visitors, Frances Davies, Mrs. C. E. Suggs, Mrs. Frank Cook, Dorothy Bigony and Mrs. Dorsey of Iraan.

Louise Logsdon Presented Gift At Club Meeting

Louise Logsdon was presented with a birthday gift at the meeting of the Happy Stitchers Sewing club in her home, 206 N. E. 12th, Friday after noon.

Plans were completed to entertain with a picnic in the City park Sunday afternoon at 1 p. m. All members and their families are invited to attend.

Ella Ruth Morton will serve as club hostess in her home, 704 Douglass St. Friday May 27.

Refreshments were served to Mardena Mathies, Norma Newton, Lorraine Williams, Betty Franklin, Polly Sundy, Ella Morton, Bennie Daughtery, Ruth Findley, a guest and Louise Logsdon, the hostess.

Mrs. J. C. Tonn Gives Devotional For Class Meet

Mrs. J. C. Tonn brought the devotional from Pralins, "Let the Lord Help Us With Our Burdens," at the meeting and social of the Go Gettun class of the North Side Baptist church in the home of Mrs. J. E. Parker, 1105 N. Scurry, Friday.

The program was opened with group songs and the class motto from Luke 14:23. James L. Long presided during the business session.

It was announced that the next meeting will convene in the home of Mrs. Bert Mathies, 704 Douglass, June 24.

Refreshments were served during the social hour following the business session. Attending were Mrs. J. C. Tonn and Jimmy, Mrs. Earl Hollis, Mrs. Bert Mathies, Mr. and Mrs. James L. Long and David, Mr. and Mrs. W. L. Richardson and Pat, the Rev. and Mrs. L. B. Moss, Jackie and Ted and the hosts, Mr. and Mrs. J. E. Parker.

Garden City Commencement Exercises Are Held; Awards Are Presented

GARDEN CITY, May 21. (Sp) —Special awards were presented to the local school students having the highest scholastic rating at the commencement exercises in the school auditorium. Gracia Ross made the grade school presentations at the eighth grade commencement Tuesday evening and H. L. Lovell gave the high school awards at the senior commencement services Wednesday evening.

In the first grade, Joe Harris was the student with the highest grade point average and James Nelson Cook and Wayne Harrison, tied for second place; Lynda Ruth Ballinger was the award for the second grade, with second place awards being presented to Clifford Stephens, Marck Schaffer and Glenn Joe Riley; third grade awards were given to Doylee Little, first place and Canilo Loveas, Kenneth Smith and Jimmy Daves, second place winners; fourth grade presentations were made to Frank Powell, first, and Dianne Marie Watkins and Lorin McDowell, Jr., second; fifth grade awards were won by Latrelle Venable and Roland McArthur; sixth grade winners were Lynda Kay Carson and Doris Ann Hahn; seventh grade pupils that were honored were Theora Calverley, first, and Michael Cunningham, second and

RIBBON RAMBLINGS

By MILDRED YOUNG

Methodists of "our town" will be going to Amarillo this week for the annual session of the North-west Texas Conference which always closes with the sometimes interesting pastoral appointments for the coming year. Grapevine, as we know him, predicts no change for first church, at least. Known in some circles as the people "who hate to see them come and hate to see them go," most Methodists have an interest in this closing item of business, if in no other part of their conference. Generally speaking, most Methodists, including yours truly, have some feeling one way or the other when the conference year closes and they watch the appointments with something of the feeling that one looks over the scores of a ball game. Many are interested in what happened to former pastors and friends over the conference as well as the appointment of their own pastor. By this time next Sunday, all Methodist churches of this region will have new pastors, new by appointment, at least. It's true that a regular church goer has a fair idea of what the outcome will be, but even Dr. Gallup gets fooled once in awhile.

Talking about preachers, the theological schools will soon be sending out hundreds of young preachers and one of the surprises of their lives will probably be that their congregations are going to want a little bit of everything, all in one package. Which is something that people in all professions seem to learn quickly and the hard way.

Ever listen to the conversations in your church groups about what people expect of their pastors? It must be rather confusing to any minister to find that his congregation desires him to specialize, but here's the catch. They all want different fields. The father and mother with growing children want him to be a youth specialist; those who love music will want him to specialize in good music and see to it that the choir improves and that the church takes an interest in the musical world and the city's musicians; sermon tasters will demand that he be a great preacher, eloquent and attractive; solid businessmen will ask that he have good business judgment and handle the church finances perfectly; the community-minded will urge that he give much time to the social needs of the community, especially in the field of after-dinner speaking. Guess we might fall in the field of a sermon taster, we don't know about you.

Gillispie, Mrs. W. K. Scudday, Mr. and Mrs. R. W. Spencer, Mr. and Mrs. W. B. Philpott, Mr. and Mrs. H. A. Haynes and Mr. and Mrs. O. L. Rich.

'Safety' Is Topic Of E. M. Owen At Dinner Meeting Of Shell Chapter

GARDEN CITY, May 21. (Sp) —E. M. Owen, assistant superintendent for Shell Pipe Line, spoke on the subject, "Safety In the Home, On the Job, Or Wherever One Might Be," prior to the presentation of awards at the dinner meeting of the Shell Safety chapter in the local music room Thursday evening.

Safety awards were presented to the Roberts Field agents for 1976 days without an accident and to the Garden City station. Individuals receiving safe driving awards were G. C. Roberts, two years; J. L. Bennett, eight years; H. E. Peacock, 13 years; H. A. Haynes, 14 years and R. Kneer for 19 years without an accident. Service awards were given to K. L. Gillispie for ten years service and V. L. Bennett for 15 years service.

L. W. Fisher, area safety engineer, presented safety awards to Mr. and Mrs. R. W. Spencer and Glenda, Mr. and Mrs. O. L. Rich, Georgia and Tommy, Mr. and Mrs. K. L. Gillispie and Mary, Mr. and Mrs. H. A. Haynes and Lu, Mrs. Eva Cunningham, Mrs. E. M. Teele and Mrs. Fred Ratliff. Fisher projected the film, "Birth Of An Oil Field," following the presentations.

Mrs. Rube Ricker and Mrs. C. G. Parsons played the musical selection, "Sleepy Time Gal." Mrs. Ricker and Mrs. L. L. Watkins played "Twelfth Street Rag" and "Black and White Rag," and Phil Smith sang the number, "Cruising Down the River," accompanied by Mrs. Ricker and Mrs. Watkins.

V. L. Bennett was appointed chairman of the picnic committee, with R. W. Spencer, J. B. Green, J. K. Alfred and O. W. Gaul as committee members. The picnic will be held Saturday, September 10.

Attending the dinner were O. W. Gaul, L. W. Fisher, J. K. Alfred, Mr. and Mrs. E. M. Owen of Colorado, Mr. and Mrs. J. B. Green, Mr. and Mrs. A. B. Livingston, Mr. and Mrs. R. H. Kneer, Mr. and Mrs. H. E. Peacock, Mr. and Mrs. R. A. Fullen, Mr. and Mrs. S. J. Porter, Mr. and Mrs. J. R. Crumley, Mr. and Mrs. L. M. Duffer, Mr. and Mrs. V. L. Bennett, Mr. and Mrs. G. C. Roberts of Forsan, Joe W. Coplin, Emily Hayde, J. C. Shumate, Mr. and Mrs. Phil Smith of Big Spring, Mr. and Mrs. I. L. Watkins, Mr. and Mrs. G. G. Parsons, Mrs. Rube Ricker, Mr. and Mrs. K. L.

203 RUNNELS ★ BIG SPRING, TEXAS

Nine Newcomers Make Homes In Big Spring

For the second week in succession, nine newcomers were introduced to the city of Big Spring by the community hostess, Mrs. Jimmy Mason.

Mr. and Mrs. H. W. McCown of 1316 Wood have moved here from Wichita Falls. They have three children, Larry, four, Nancy, seven and Harlan Ray, ten. McCown is the new manager at White's store.

The new residents of 1008 Goliad are Mr. and Mrs. G. B. Keen and son, Charles Vernon, age ten. This family is from Midland and he is employed as a druggist at Walgreens.

Formerly of Dallas, Mr. and Mrs. John B. Dale now reside at 309 Runnels. Dale is employed as the district manager of the Nash Motor Co.

Mr. and Mrs. R. E. Ambrose of Colorado City now live at 1407 East Third St. Ambrose is associated with the Shell Oil Company.

Mr. and Mrs. James J. Bogart and children, Mac, two and Martha, six, are the new residents at 502 N. W. 10th. He is a government employe and they formerly lived at Mesquite.

Mr. and Mrs. J. S. Henley and son, Jackie, age 11, moved here from Midland. They live at 107 N. E. 12th and Henley is representative for Jewel tea.

Employed as National Geophysical radio operator, Mr. and Mrs. O. Wasson now reside at 808 Gregg. They were formerly of Post.

Mr. and Mrs. G. W. Newberg and infant daughter, Mary, nine months are the new resident at 409 1/2 Nolan. Newberg formerly lived here before moving to Marshall. He is employed as apprentice machinist for the T.P.

Formerly of San Angelo, Mr. and Mrs. Billie J. Ray are making their home at 909 Runnels. He is employed as a mechanic at Truman Jones Motor Company.

Wedding Date Set

LOLITA ANNE BARBER

Mr. and Mrs. V. C. Barber, formerly of Jacksonville, Florida, announce the engagement and approaching marriage of their daughter, Lolita Anne, to Richard S. Grimes, son of Mr. and Mrs. George S. Grimes of Big Spring. The wedding will be held in the East Fourth Baptist Church on the evening of June 3. No formal invitations are being issued, but all friends are being invited to attend.

Farewell Party Given In Park By Sewing Club

Members of the Busy Fingers and Fancy Doers Club met at the city park for a barbecue honoring Mrs. P. C. Holland, who is moving to Andrews. Secret pals were revealed and a gift presented to Mrs. Holland by the club.

Those present were: Mr. and Mrs. Dee Morris, Mr. and Mrs. Jack Young and Ronald Gene, Jacquelyn and David, Mr. and Mrs. J. C. Fisher, Bobbie Creed and Sue, Mr. and Mrs. Odell Dupuy, Jerry Wayne and Sylvia, Mrs. P. C. Holland, Harvey and Paula Sue, Mr. Knight, Mr. and Mrs. Glen Orr, Linda and Ronnie, Mr. and Mrs. Frank Griffith, Frank B. Molly and Harold and Roy.

State President To Be Entertained

Mrs. E. O. Duey, state departmental president of the American Legion Auxiliary, will be entertained at a dinner by the local Auxiliary chapter in the Hotel Settles Friday at 7:30 p. m.

Reservations must be made to Virginia Schwarzenbach by Thursday noon, May 26. Tickets are \$1.75 per person and all Auxiliary members are requested to attend. The dinner will be informal.

During the program hour, Mary Louise Hendricks will play a cello solo, Mrs. Robert E. Lee will make a chalk talk and Glynn Jordan will present a reading. Accompaniment will be furnished by Helen Green.

District officers expected to attend are Mrs. L. B. Elliott of Colorado City, 19th district president; Mrs. Riley Duff of Lubbock, assistant vice-president; Mrs. Albert Morrison of Morton, past president of the 19th district; Mrs. Mae Murfee of Lubbock, past departmental chaplain and Gold Star sponsor and Mrs. J. G. Merrick of Colorado City.

Following the dinner, Mrs. Duey will be escorted to the Legion home, where she may see a teenagers party in progress and view the local Auxiliary home.

Elsie Guenther To Be Speaker At Area Meeting

Elsie Guenther of the international headquarters in Kansas City, Kas. will serve as the principal speaker at the luncheon meeting of the Beta Sigma Phi Annual Area Council in the Hotel Settles today.

NOW THE HARD OF HEARING CAN HAVE BALANCED HEARING

The many hard of hearing of Big Spring and surrounding counties will have an exceptional opportunity to discover for themselves the new way to hear—in the way people who have no impairment hear — BALANCED HEARING. A free hearing clinic will be held on Tuesday May 24th, at the Settles Hotel, 1 p. m. to 6 p. m., by Mr. J. C. Hammer, at which time he will check the hard of hearing for their individual hearing problems, and discuss with each the Scientific Correction for BALANCED HEARING. This clinic will serve to introduce the new Constellations, by Acousticon (the world's first and oldest manufacturer of electrical hearing aids.) Come in—discover for yourself how Acousticon has created not one or two, but 36 new and

Fourth Graders Have Ice Cream

Fourth grade students of Central Ward School met in the home of Mrs. M. A. Cook, their class teacher, at 1611 Main for an ice cream party given in the Cook back yard. Gifts from the fourth grade were presented to E. B. Blackburn and Mrs. M. A. Cook. Pictures were taken and games played. Hostesses for the affair were: Mrs. M. A. Cook, Mrs. M. F. Summar, Mrs. Arthur Caywood, Mrs. Olen Puckett, Mrs. Frank Martin, Mrs. J. C. Harmon and Mrs. Jamerson.

Those attending were: Delores Clark, LaJuan Caraway, Glenda Harmon, Jimmy Deal, Lewis Porter, Ross Doss, Riss Roberts, Criss, Don Summar, Sylvia Bunch, Sharon Jacobs, Claudia Nichols, Lee, Kay Jamerson, Bobby Caywood, Frank Hardesty, Phil Puckett, Michael Hunter, Tom, C. G. Smith, Buddy Martin, Joe Earnest, Ray Sunshine, Margaret Martin, Margaret Ann Turner and Tommy.

West Ward Pupils Have Social Meet

Mrs. T. L. South's third grade class of the West Ward school entertained the room mothers at a social in the school Thursday afternoon.

A gardenia corsage was presented to Mrs. South by the room mothers. Games were played and refreshments were served.

Attending were approximately 26 students, Mr. A. E. Bradberry, Mrs. Car Madison, Mrs. C. W. Kesterson, Mrs. Sherman Whitaker, Mrs. Leona Cain and Mrs. South.

Westside Baptist Class Has Social

Mr. and Mrs. Fred Winn entertained the members of the Kate Morrison Sunday school class of the Westside Baptist church and their husbands at a social in their home Thursday evening.

Refreshments were served and games were entertainment.

Attending were Mrs. J. R. Phillips, Mrs. C. L. Kirkland, Mrs. Perry Buchanan, Mr. and Mrs. E. O. Sanderson, Mr. and Mrs. J. O. Murphy, Mr. and Mrs. N. M. Hipp, Mr. and Mrs. Elmer Buchanan, the Rev. and Mrs. Cecil Rhodes and Anthony, Mr. and Mrs. J. C. Madry, Mr. and Mrs. Guy Simmons, Naomi Arender of Abilene and the hosts, Mr. and Mrs. Fred Winn.

Trainmen Ladies Have Luncheon

Trainmen Ladies met in the WOW Hall Friday afternoon for a regular session and covered dish luncheon.

Those present were: Reba Meador, Mary Alice Christensen, Ethel McCanless, Mary Jenkins, Mrs. C. E. Taylor, Gertrude Wasson, Otho Fey Nevin, Janie Smith, Esther Powell, Mabel Spears, Elsie Hogg, Winnie Ralph, Mildred Moore, Edna McCoslin, Thelma Borough, Velma Kesterson, Lorene Tuckness, Nelva Briden, Alice Cain, Beatrice Webb, Jewel Rayburn, Effie Meador, Della Hicks, Jean Meador and Maggie Bird.

Musgrove Home Is Scene Of Club Meeting Friday

Mrs. M. L. Musgrove was hostess to the meeting of the Rook Club in her home, 1510 Scurry, Friday afternoon with Mrs. E. L. Wise as co-hostess.

Spring flowers comprised the decorations and refreshments were served.

Mrs. Henry Williamson won guest high and Mrs. D. C. Sadler won membership high.

Mrs. A. C. Bass will entertain the club at the next meeting in her home, 605 Main, Friday, June 17.

Attending were Mrs. Arthur Woodall and Mrs. Henry Williamson, guests and Mrs. D. C. Sadler, Mrs. R. L. Warren, Mrs. J. Lusk, Mrs. W. F. Cook, Mrs. S. P. Jones, Mrs. P. Marion Sims, Mrs. Horace Taylor, Mrs. A. C. Bass, Mrs. Arthur Pickle and Mrs. Musgrove and Mrs. Wise, hostesses.

Latin Club Has Breakfast In City Park

In concluding activities for the year, members of the first year Latin class entertained the second year students with a sunrise breakfast and bicycle party in the City Park Saturday morning.

Food was prepared by Mr. and Mrs. Nat Shick and Lillian Shick, Latin instructor.

Approximately 80 persons attended the affair.

Piano Students Featured Friday

Roberta Gay will present her piano students in recitals to be given in the First Methodist Church on Monday and Tuesday evenings. Performances have been scheduled for 8 o'clock and will include solos and ensemble numbers.

Primary and intermediate groups will be heard Monday night and Junior and Senior groups on Tuesday night.

Grads Want Work Opportunity As Well As Congratulations

Commencement activities begin today with the annual senior sermon, to be followed with graduation.

Each crop of graduates gives just cause for pride, for new members of an adult society are on the threshold of fitting into the scheme of things.

Hague's Record Made Because His Community Permitted It

After thirty-two years of off-challenged but unshaken political hold on Jersey City, Boss Frank Hague went down to ignominious defeat earlier this month when a ticket headed by his nephew and political heir, Frank Hague Eggers, was soundly thrashed by a former Hague ally, John V. Kenny.

that Jersey City lost 15,000 population in the decade 1930-40, but gained almost as many voters.

Nation Today—James Marlow

U. S. People Accept Without Question Anything To Stop Reds

WASHINGTON, MAY 21. — ALL over the country it must have been something like this:

But a couple of other things explain the lack of deep public interest in the history-making hearings:

Affairs Of The World—DeWitt MacKenzie

Dutra's Visit To United States Is Bright Gleam In Dark World

THE VISIT BY BRAZILIAN PRESIDENT Eurico Dutra to the United States is a happy burst of sunshine through the international storm clouds.

"In the international field," declared the general, "this friendship, through its practical manifestations and by virtue of its example, is the greatest guarantee of good understanding and comprehension among the other sister nations in this hemisphere."

IN AN ADDRESS BEFORE A JOINT session of the Senate and House, the general referred to relations between Brazil and America "as a rare example of fraternal association of two peoples which has prevailed over a period of more than 120 years."

"AND SO WAS YOUR OLD MAN!"

Merry-Go-Round—Drew Pearson Hand Of Mrs. Mon Wallgren Revealed In Truman's Withdrawal Of Hubby's Name

WASHINGTON — It was Mrs. Mon Wallgren, wife of the likable, buffeted ex-governor of Washington, who finally caused President Truman to withdraw her husband's name as chairman of the National Security Resources Board.

replacements for more than 30 lesser lights who became discouraged and quit. Those remaining are feuding over policy or brooding over lack of work.

Ernest A. Cole, who worked his way up from watchman to lieutenant of the guard, was given a gold badge and retired to private life.

However, we mustn't overlook that there are 19 other republics belonging to the hemisphere pact. That declaration of friendship shouldn't be allowed to lie fallow so long lest it lose its fertility.

Around The Rim—The Herald Staff Some More Cooperation Would Help Ease Solicitation Evils

If you are on occasion brought to the conclusion that Big Spring is being "driven to death"—drives for funds, that is—don't feel exclusive. The same observations are coming from all other towns, large and small.

There has been another, if related, sort of effort here to make donations and subscriptions do more good. That has been the solicitation control program sponsored by the chamber of commerce, which has asked all business men in the town to join in signing, and observing, a uniform pledge.

HOSPITAL MURDER TRIAL

Two Witnesses Say Saucier Slew Man

WICHITA FALLS, May 21. (U.P.)—Testimony continued Friday in the trial of T. C. Saucier, 33, accused of beating and stomping a patient to death at the Wichita Falls State Hospital. Two witnesses testified yesterday they saw Saucier do it.

He is on trial for murder with malice in the death of Thomas Houston Gibbons, Sulphur Springs produce dealer. Gibbons died last March 4 less than 20 minutes after he was admitted to the hospital. Saucier was a hospital attendant.

One witness was Travis McLaughlin, 29, of Sulphur Springs who entered the hospital on a voluntary 90-day commitment for alcoholism. The other was Silbui W. North, 36, an attendant.

Ebb Wheeler and Bill Mabe, deputy sheriffs, took McLaughlin to the hospital with Gibbons. McLaughlin emphasized that Gibbons caused no trouble.

Wheeler testified that Gibbons "minded like a child. He appeared ruffled and talkative, rather than his normally quiet self."

McLaughlin said he and Gibbons were turned over to Saucier and North.

He said Gibbons and Saucier went into the linen room and that he followed while North stood at the door. McLaughlin testified that Saucier then told Gibbons to take off his clothes.

"Mr. Gibbons reached for his shirt collar to unbutton his shirt," McLaughlin said. "Saucier hit him in the pit of the stomach with his fist."

"Mr. Gibbons bent over to catch his stomach and then Saucier hit him in the back of the head. He fell to the floor. His head popped like a shotgun. And there was blood on the side of his face. Saucier kicked him."

McLaughlin said Saucier then picked up Gibbons, knocked him down again and "stomped him and kicked him with the right heel of his shoe."

McLaughlin said David Beck, an attendant also under indictment in Gibbons' death, came into the room and jumped on Gibbons.

The witness said both Saucier and Beck beat and stomped the prone man and that Saucier choked him while Gibbons pleaded for help.

"Mr. Gibbons was down on the floor begging."

"Mother, queen, help me. Jerry, help me."

"I told him, 'man, I can't help you.' There were four of them I was afraid."

McLaughlin said Jerry was the nickname Gibbons gave Deputy Mabe while en route to Wichita Falls.

Mrs. Stella Gibbons, widow of the dead man, testified that during the last year when Gibbons' mind had been affected he had often referred to his dead mother as "mother, queen of my heart."

North said that in the bathroom Gibbons took a "wild swing" at Saucier and that the attendant grabbed him, knocked him down and stomped him "six or seven times." He said Gibbons then was placed in the bathtub.

"I said, 'Saucier, I believe he's

Big Spring Man Purchases Tire Company Here

Lloyd Wooten, well-known Big Spring civic leader and a former employe of the Goodyear Co. has announced the purchase of the Troy Gifford Tire Co., located at 214 West Third street.

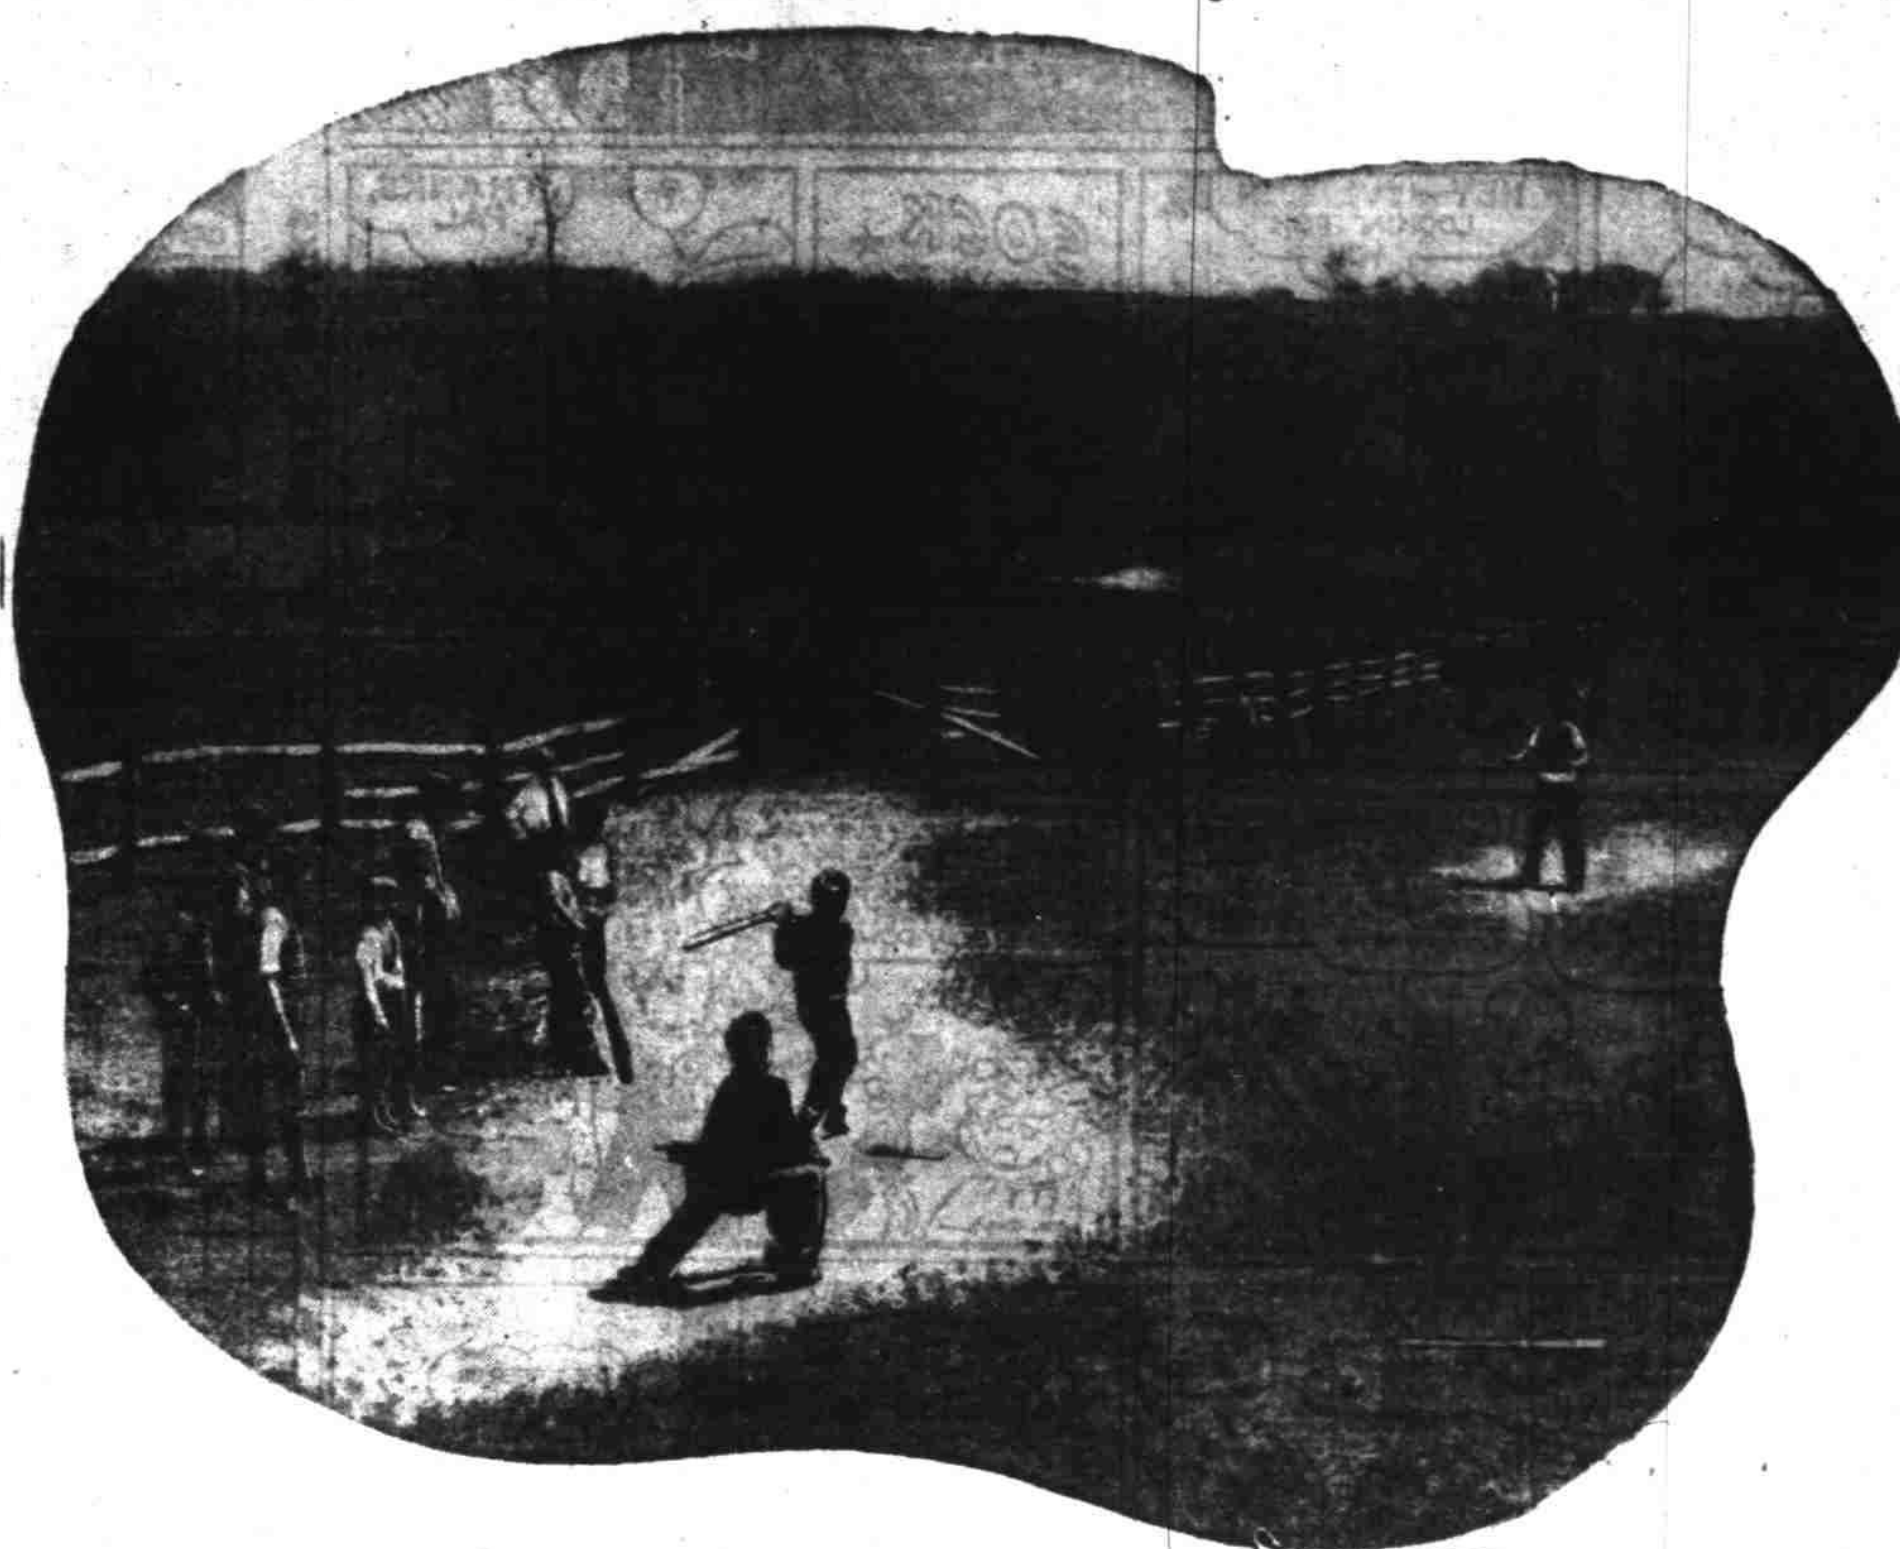

Henceforth, the firm will be known as the Lloyd Wooten Goodyear Service Co., specializing primarily in tire service and Goodyear batteries, tubes and other accessories.

The new owner of the Goodyear retail establishment has been a resident of Big Spring since 1935. In 1944 he joined the Goodyear organization for a training period that acquainted him with the company's merchandising program over most of West Texas, and then worked for some time in Goodyear's adjustment office in Dallas.

Wooten then returned to Big Spring and took up radio advertising and became one of the city's most energetic young civic leaders. He was instrumental in organizing the Big Spring Junior Chamber of Commerce, which he headed during its first year of activity, and at present he is serving as a vice-president of the Texas Junior Chamber of Commerce. Wooten was named outstanding young man of Big Spring by the Jaycees for 1947-48, and served as vice-president of the Howard County Fair Association and general superintendent of the fair which was held last fall.

"Our purpose here is to provide the best tire service possible," the new owner declared, as he took over the local Goodyear store. The store, of course, includes a complete service station. A few traffic items will be stocked from time to time, but in the main, Goodyear tires and accessories will head the merchandise at the establishment.

The Sand Lots of America

Baseball has been a healthy and wholesome influence in the lives of American youth. It has taught them the lessons of fair play and obedience to rules in all human relations. Like other clean sports, it has furnished an outlet for youthful energies and enthusiasm.

The delinquency in America today is traceable to idle time spent in street-loafing and back-alley sessions with questionable associates rather than in healthy, constructive activities.

In contrast, it has been said that the character and stamina shown by American boys on the battlefields of the world was built up on the sand lots of this country in clean and invigorating sports.

Only a nation founded on the concepts of Christianity can produce this fair-minded and honest sportsmanship. Only by upholding such standards as the Golden Rule can we expect our youth to engage in constructive spare-time activities.

Thus we find that religion is the true answer to delinquency. So that Christian teachings may become a greater part of our national life, we must bring our youth into the Church where they will learn to live and play by the Golden Rule.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Bing Crosby Turns Knight For Role In Mark Twain Classic

If you were suddenly catapulted back into time and found yourself in Sixth Century Britain with King Arthur and his Round Table knights, you'd be as bewildered as Bing Crosby to whom exactly that happens in his new Paramount picture, "A Connecticut Yankee in King Arthur's Court." Bing plays the title role in the Technicolor, music-spiked production of Mark Twain's immortal classic and is co-starred in the film, offered today and Monday at the Ritz theatre with Rhonda Fleming, William Bendix and Sir Cedric Hardwicke.

"A Connecticut Yankee in King Arthur's Court" is the kind of story that lends itself so well to dramatization that it was the basis of a Rodgers and Hart Broadway musical a number of years ago. It was a silent motion picture in 1921 and it was filmed again in 1931 with Will Rogers. However, all three of these productions took a good many liberties with Mark Twain's original story, which is not true of the new Paramount picture.

This adaptation by Edmund Beloin hews closely to the novel and every effort was made to match the film story and its atmosphere to the Twain classic.

In the Bing Crosby film, the story begins and ends in 1910, the year Twain wrote the novel. From that era the hero is hurled back to 528, just as in the original, so that today's picture might have been made the year the novel was published, if motion pictures at that time had today's perfection of photography, sound recording and technicolor—and Bing Crosby!

So, for the first time, readers who have loved the Mark Twain classic, will be able to see it as the author himself might have adapted it to motion pictures. Certainly, it is not presumptuous to believe that he could have been delighted with Crosby in the role of Sir Boss, the Connecticut Yankee who turns King Arthur's court hilariously topsy-turvy. This is the first time in his career that Bing steps out of character into costume, and it would take a story as great as Mark Twain's to have gotten him to do so.

ROUND-TABLE ROMANCE—A new comer Rhonda Fleming joins Bing Crosby in the music, comedy and romance that make up a new version of the Mark Twain classic, "A Connecticut Yankee in King Arthur's Court." The Technicolor picture, which makes Sir Bing out of Der Bingle is at the Ritz theatre today and Monday.

IN "BAD BOY"—Lloyd Nolan, Jane Wyatt and Audie Murphy appear here in a scene from "Bad Boy," the Lyric theatre's offering for today and Monday which puts the famous Texas-boy war hero in a stellar role. A story of youth rehabilitation, the picture tells of the work of the Variety Club's Boys' Ranch at Copperas Cove, Texas.

Audie Murphy Does Good Turn In 'Bad Boy'

Hollywood pays a tribute to the Variety Club of Texas' Boys' Ranch, that organization's chief humanitarian project, in the film "Bad Boy," which is at the Lyric theatre today and Monday.

In "Bad Boy," Audie Murphy, Texas' great war hero plays the part of an orphaned boy forced to take to the road at an early age.

Actually, Audie knows a lot about the role he played, because he, too, was orphaned at the age of 16 and required to help support his brothers and sisters.

Murphy, who received more decorations in World War II than anyone else in our armed services, used his discharge money to remove the children from an orphanage and buy a home for the youngsters. He's taken care of them ever since.

"Bad Boy," says Audie, "is the story of a breed of youngsters I know something about. I'm an orphan myself, and I've met lots of others, especially during my hitch in the army. They deserve all the help and sympathy we can muster for them."

"I have the greatest admiration for Variety Clubs International who not only cooperated in the filming of 'Bad Boy,' but who provided the structure about which the story was written.

"It is their Boys' Ranch at Copperas Cove, Texas, where boys are being rehabilitated, that forms the setting for 'Bad Boy.' I portrayed one of the 'bad boys' in the picture, while Lloyd Nolan portrayed Marshall Brown, director of Boys' Ranch; James Gleason, his assistant, and Jane Wyatt, Mrs. Brown.

Romantic Comedy 'Mating Of Millie,' Plays At Terrace

Starring Glenn Ford and Evelyn Keyes, Columbia's "The Mating of Millie" is offered for purely entertainment purpose at the Terrace Drive-In theatre tonight and Monday night.

For the two stars, "Millie" marks their first appearance together since "Desperados" and the fifth time they have been in the same film. Ford, who rose to top screen importance as the tough guy who tamed the tempestuous "Gilda," portrays a budding author, holding down jobs as bus driver and department store floorwalker until his royalty checks come in.

Miss Keyes' playing of a very prim, man-shy young lady, personnel director of a large department store, who suddenly needs a husband and quickly, too (for the strangest reason), is said to reveal her as an expert light comedienne and a welcome addition to Hollywood's celebrity list.

In the story, Ford is only the first one whom she tries to snag for a mate. Although he gallant-

ly refuses (he doesn't object to marriage as long as it doesn't happen to him), he agrees to help her find an eligible bachelor.

Two handsome suitors (Ron Randall and Willard Parker) turn up shortly, for Ford is an excellent teacher. "Millie" has now become a vivacious siren, and the freedom-loving floorwalker starts having his pangs of jealousy. It all works out to everyone's delight in a climax which is said to be riotously funny.

The reason for Millie's rather urgent husband-searching is an adorable little orphan boy (played by Jimmy Hunt) whom she wants to adopt but can't until she's married. Mable Paige, Virginia Hunter and Virginia Brissac also have key roles.

Seventh Victim Of Tornado Succumbs

AMARILLO, May 21. (AP) — Mrs. Hazel Duffey, 38, of Fort Worth, died here Friday, seventh victim of a tornado that lashed the southern section of Amarillo Sunday night.

Mrs. Duffey was visiting a sister, Mrs. Charles Maserang, 23, in Amarillo when the tornado struck. Mrs. Maserang was killed Sunday night.

Eighty-three persons were injured.

HIGHLIGHTS ON KBST

Wartime Drama Is Guild Offering

Deborah Kerr, Peter Lawford and Ian Hunter star in "Flare Path," Terence Rattigan's story of a love triangle set in England during the blitz of World War II, on "Theatre Guild on the Air," this evening at 8:30 over KBST.

Miss Kerr portrays Patricia Graham, a glamorous actress torn between her love for a famous film star played by Ian Hunter, and her devotion to her husband, an RAF pilot, played by Lawford.

"Flare Path" is the first successful serious drama written by Rattigan, famous playwright of the Broadway and London stage hits, "The Winslow Boy" and "O Mistress Mine." The play, which describes the trials and emotions of a group of RAF officers and men, resulted from Rattigan's own wartime experiences as a rear gunner with the RAF Coastal Command.

"Flare Path" was written in part while the author flew patrols off the coast of West Africa during World War II.

NEW PROGRAM
This evening at 6 o'clock, KBST will begin a new series of programs called "It's The Tops," presented by the U. S. Marine Corps. The fast-moving program will feature the lovely voice of Connie Haines, with music by the famous Page Cavanaugh trio. Mel Allen will be the announcer.

TOWN HALL
The topic for discussion on this week's America's Town Meeting of the Air will be "How Much Must We Spend For Real Estate Security?" Speakers who will take part in the discussion include Sen. Millard Tydings, chairman of the armed services committee and member of the Senate foreign relations committee; Hanson W. Baldwin, military editor of the New York Times and author of "The Price of Power;" Rep. Dewey Short, ranking Republican on the House Armed services committee; and Sen. Edwin C. Johnson (D-Colo.) chairman of the Senate interstate and foreign commerce committee and member of the Joint

Hoover Blasted By Social Security Head

NEW YORK, May 21. (AP) — Republican opposition to President Truman's social security program, says Oscar R. Ewing, is "spearheaded by the spiritual leader by the Republican party, Herbert Hoover."

"Mr. Hoover would reimpose upon the American people the philosophy of dog eat dog," Ewing, federal security administrator, told the Bronx Democratic County Committee Thursday.

DANCE PROVED MUCH TOO GOOD

LAS VEGAS, Nev., May 21. (AP) — This desert resort will think twice about inviting the Jemez Indians again for Hell-gordo week.

During the parade last Thursday, the New Mexico tribe did a rain dance ritual, guaranteed to bring rain. It has rained every day since in this arid city which slogans "Fun in the Sun."

Speaks At ABClub Luncheon Friday

"Digestion is a chemical process requiring approximately 20 hours," said Otto Peters, Sr. at the luncheon meeting of the ABClub in the Hotel Crawford Friday.

Peters in discussing, "Water As An Aid In the Functioning of Body Organs," further said that "water is a means by which waste products are removed from the body."

"If any of the four methods of excretion is impaired it necessarily loads the other three to carry the poison which is 27 times as venomous as the poison of a rattlesnake," continued Peters. "Sixty five per cent of the body is composed of water and 110 ounces of water is required per day; food provides 70 ounces of water a day, thus requiring each human to obtain 40 ounces externally," said Peters.

In conclusion, Peters said, "that much of the ill health now in existence could have been helped or could be helped by the drinking of more water."

Club members voted to set aside the two meetings preceding the National ABClub convention scheduled for June 26, 27, 28, 29 for purpose of making plans.

Announcement was made that the convention housing committee will meet to formulate plans at the City Hall Monday at 8 p. m.

Mrs. Leslie E. Green, the former Helen Duley, was presented with a gift from the club. Mrs. Green is a club sweetheart.

Belgium took its name from the Belgae, a group of Celtic tribes which inhabited ancient Gaul.

JOBS ARE OF MANY TYPES

Opportunities For Young Men In Home-Building Increasing

By RODNEY M. LOCKWOOD President, National Association of Home Builders

Opportunities in the home building for young men with proper training have increased greatly in recent years. Our way of supplying homes has changed considerably. The "merchant builder" — the man who buys land, develops it, plans communities and erects homes in accordance with that plan—has largely taken the place of the former carpenter-builders who constructed their houses at most at random, and in small numbers. This fundamental difference has meant that home building operations have grown to a new scale. The companies that develop our homes are larger, more stable and carry out a wider range of operations than the builders of a decade or two ago. Consequently they can offer a greater variety of openings for trained young men. They have need of engineers, land planners, draftsmen, time keepers, expeditors, construction supervisors and sales personnel. Job opportunities in the building field extend far beyond construction and sales operations. Home building today has wide ramifications extending into the manufacture and supplying of materials, labor relations and financing. We are currently building at the rate of a million or more homes a year. This demands a vast amount of materials and their proper distribution.

The volume of materials needed has opened jobs with manufacturers, both in plants and in representation. More labor is employed in home building than at any time. In many areas union contracts prevail. This in turn requires sound labor relations and trained specialists in this field. The erection and sale of a million homes a year requires plenty of financing so that families may buy homes under the best possible financing plans. This, likewise, has made it necessary for financial institutions to expand personnel in their business. Many colleges and universities have recognized the opportunities that have been created in home building for their students. Thirty-odd universities now offer courses in various phases of the business. More than 100 college students enrolled in light construction courses and allied subjects recently journeyed from all parts of the country to attend the convention of the National Association of Home Builders in Chicago. These students were there at the express invitation of the Home Builders, who as a group are intensely interested in obtaining trained young men for their organizations. In turn, the students left the convention convinced that their chances for "getting ahead" were as bright on the new horizons of home building as in other parts of the business world. There are now more opportunities than ever before for boys who wish to enter the skilled building trades. Since the war, more than

130,000 apprentices in brick-laying, carpentry, plastering and other trades entered training on the road to filling the peak demands for journeymen in these lines of work. Four years of classroom work and on the job training are required here, with highest wages in history the reward. In this field, high school students have many opportunities to get into the building game. It is the hope of all concerned — government, the unions and the builders — that out of this cooperative training will come the building supervisory personnel of the near future — the foremen and construction supervisors.

Home building is not a simple business. But with the ever increasing demand for new homes, it offers a field with a future.

Fire Damages Cafe

A small area of the roof at the El Patio Cafe, 400 Northwest Third street, was damaged by fire at 11:25 o'clock Thursday night city firemen reported.

The blaze was started from a short circuit in electrical wiring, firemen said.

Rebekahs Slate Sale

Funds raised from a cake and pie sale Saturday by the Big Spring Rebekah lodge will go toward clubhouse improvements. The sale is slated to be held in the Rogers Food store, club officials announced.

Conger Nomination By Truman Seen As Breaking Dixie Ice

WASHINGTON, May 21 (AP)—President Truman Friday appeared to have broken the ice on southern appointments with his nomination of Abraham Benjamin Conger as federal judge in Georgia.

Conger was recommended by Sen. George (D-Ga.), vigorous foe of the President's civil rights program and one of the Democrats who has refused to go along with Mr. Truman's request for \$4 billion in new taxes. The President's action in sending the nomination to the Senate Thursday was widely interpreted as a victory for those in the Democratic Party who have counseled against trying to punish Dixie lawmakers who didn't get out and root for the President in last year's campaign. Democratic National Chairman J. Howard McGrath, as leader of this group, has been trying his best to patch up the breach which the civil rights issue caused between the southerners and the main body of the party. McGrath, who went to bat at the White House for George on the nomination, told a reporter he was "very pleased" at the President's decision to appoint Conger. The action also made it seem that Mr. Truman wasn't laying down an iron-clad rule when he said recently that those who don't support his program in Congress can't expect a voice in patronage or job dispensing matters.

John P. (Stuffy) McInnis, Harvard baseball coach, was a member of Connie Mack's famous "\$100,000 infield."
