Frank McKinney Set To Be Dem Chairman

INDIANAPOLIS, Oct. 30. (AP) — Frank E. McKinney, an Irish banker who pulled Indiana Democrats out of the red in 1948, is set to become the Democrats' next National Chairman — a fund raising job — Wednesday.

The 47-year-old son of a fireman said Monday night he had agreed two days before to accept the party's top job.

Just a few hours earlier, the outgoing chairman, William M. Boyle Jr., gave his support, explaining that he'd talked with President Truman about the matter.

SEN. ANDERSON SEES

Truman-Barkley Ticket Predicted

By JACK BELL. WASHINGTON, Oct. 30. (AP) — Sen. Anderson (D-NM) predicted today the Democrats will come up with a Truman-Barkley ticket again in 1952.

Anderson, who heads the Democratic Senatorial Campaign Committee, said he believes Sen. Taft (R-Ohio) will be the Republican nominee.

A lot of speculation will be aired about the Democratic ticket when the national committee meets Wednesday to ratify the selection at Frank E. McKinney, Indianapolis banker, as party chairman.

Korean War Vet To Address Air Reserve Group

A veteran of the Korean campaign and a former member of the local unit will talk to the 9818th Volunteer Air Reserve group this evening.

He is Lt. Andre A. Arcand, who arrived back in Big Spring only last Friday under the rotation plan. The meeting is set for 7:30 p.m. in the city courtroom.

Lt. Arcand was a member of the local air reserve group until recalled a year ago to active duty with the Air Corps. In the meantime, he completed 50 missions over Korea and was sent back to the States Oct. 21 under the rotation plan.

Red-Led Students Parade In Tehran

TEHRAN, Iran, Oct. 30. (AP) — Five thousand Communist-led students, shouting "down with British and American imperialists," battled past barricaded police today and paraded in defiance through Tehran's streets.

At least 20 were injured in a brief, bloody clash outside the gates of Tehran University.

Students, including girls, charged through heavy police lines and wielded flats, bricks and sticks to break the cordon drawn up to keep them inside the university area.

December Layoffs To Affect 30,000 At River Rouge

DETROIT, Oct. 30. (AP) — Layoffs during the first two weeks of December will affect 30,000 employees at its big Rouge plant in Dearborn, the Ford Motor Co. said today.

About 15,000 workers at Ford plants in 25 cities will be laid off during the latter part of December, the company said.

The layoffs are attributed to model change-overs and government production quotas.

Atomic Blast Said Largest Of The Series

Explosion Said Visible 75 Miles Away From Site

LAS VEGAS, Nev., Oct. 30. (AP) — A brilliant flash, followed by a mushrooming cloud which shot up with the speed of a rocket, marked the third of the AEC's current series of atomic tests today.

Despite a bright dawn, the flash was visible here, some 75 miles away. Throngs of early risers gathered at knots at every high vantage point to watch.

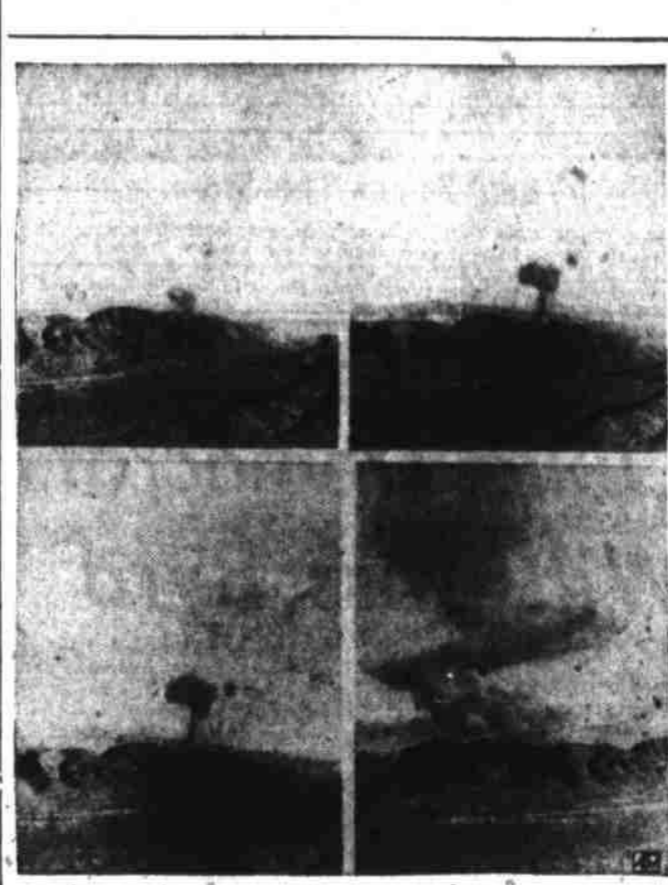

Dennis Schleck, photographer for the Las Vegas Review-Journal, had a vantage point in an airplane flying over Las Vegas.

Schleck said he caught a brief glimpse of a skyrocketing fireball, quickly blanketed out by a cloud which he reported appeared to be ice-capped.

At Henderson, Nev., 11 miles east of here toward Hoover Dam, houses rattled a few minutes, but residents said there was none of the noise which accompanied the second in the series last Sunday.

Schleck said an airplane was visible at high altitude shortly before today's explosion. It was the largest of the present series, which has included a baby blast from a tower and a slightly more spectacular drop from a plane.

U.S. Plan May Solve Oil Issue

By JOHN SCALI. WASHINGTON, Oct. 30. (AP) — Reaction to an American plan appears to have buoyed State Department hopes that Iran and Britain may reach a settlement unhooking the flow of Iranian oil to the West.

Premier Mohammed Mossadegh of Iran is sufficiently interested in American suggestions to prolong his stay for further talks on the problem. He originally was to have flown home last weekend, but is still here.

Responsible informants said American mediators are trying to persuade Iran and Britain to resume direct talks and to agree on a stop-gap plan for moving refined oil to the West.

This two-fold approach is based on an American belief that weeks, perhaps months, of detailed talks may be necessary before the British and Iranians agree on a permanent settlement and put it into effect, even after they resume face-to-face conferences.

Narollah Enjism, the Iranian who is president of the United Nations general assembly, said in New York he expects a settlement outside the U. N.

The State Department believes some temporary arrangement to move 840 million worth of Iranian oil products now stored in huge tanks near the Abadan refinery should be worked out.

Temporary Injunction Granted CRMWD Against Martin Unit

Judge Jack Roberts granted a temporary injunction Monday against the Martin County Underground Water Conservation District No. 1.

This action, which holds up the enforcement of the district's rules and regulations pending adjudication of litigation brought by the Colorado River Municipal Water District, was taken in 126th district court in Austin Monday.

Pleadings and testimony had been heard by District Judge Roberts during the day. The Martin county district was represented by George T. Thomas, Big Spring, and the CRMWD by Millard Parkhurst, Dallas, and Victor Bouldin, Houston.

Monday's hearing was regarded as the opening move of a legal contest on the validity of the MC-UWCD. Bouldin contended that the boundaries bore no true relations to the actual underground reserves, that the reservoir transcended county boundaries and that therefore it was illegally constituted. He also alleged regulations would be restrictive.

Thomas, in his answer, said that if boundaries were incorrect, the law provided means of alternation by petition; that boundaries did not have to be co-terminous with those of the actual reservoir; that the CRMWD had not made its full engineering data available; that the CRMWD had not shown that enforcement of regulations would interfere with its operations; and that the CRMWD had not exhausted its regular legal and administrative relief before seeking an injunction.

The latter point, said Bouldin, represented a fundamental difference of viewpoint of the litigants in that it was the plaintiff's position that if the district's creation was not legally sound, then its acts were void.

Another Meeting Slated Tonight

By ROBERT B. TUCKMAN. MUNSAN, Korea, Oct. 30. (AP) — A United Nations truck negotiator said today "we're trying to get this war settled" but the Reds are making "no attempt to get a reasonable solution."

The statement came from Maj. Gen. Henry I. Hodes, chairman of the U. N. truce subcommittee, during the sixth joint subcommittee session at Panmunjom.

The negotiators met three hours but failed to make headway toward creating a Korean cease-fire line. Another meeting is scheduled for 11 a.m. Wednesday (8 p.m. Tuesday CST).

Brig. Gen. William P. Nuckols, U. N. spokesman, said: "The Communists continued to press for their proposal which would trade indefensible territory in West Korea in the Ongjin area for important positions along the battlefield. No progress toward a solution was made."

Reds Cut Down As UN Scores New Advances

By SAM SUMMERLIN. 8TH ARMY, Korea, Oct. 30. (AP) — Allied infantrymen in Eastern Korea beat back an attack near Heartbreak Ridge by 1,000 Chinese in pre-dawn darkness today, then drove ahead 1,000 yards in daylight.

On the Western Front, United Nations forces gained more than half a mile northwest of Yonchon with little trouble.

Reinforced Chinese who had hurled day-long attacks at the Allies southwest of Kumsong in the center of the line Monday made only two small probing attacks Tuesday. Both were turned back.

The heaviest fighting Tuesday was in the mountains between Kumsong and Heartbreak Ridge. A battalion of screaming Chinese stormed against Allied infantrymen in the early morning blackness.

90% For! 10% Against Time to settle... END THIS QUIBLING! On June 15, 1950, an Emergency Board appointed by the President under the terms of the Railway Labor Act—An Act largely fathered by the unions themselves—made its recommendations on certain wage and working conditions ("rules" in railroad language) which had been in dispute between employees and the railroads. More Than 90% of Employees Accept Since then, terms equal to or better than the Board recommendations have been accepted by about 1,200,000 railroad employees—more than 90% of the total of all workers. They are represented by 20 of the 23 standard railroad unions. Less Than 10% Refuse But three unions—with about 130,000 men, or less than 10% of the total—have refused to accept, even after months of negotiations. These three unions are the Brotherhood of Locomotive Engineers, the Brotherhood of Locomotive Firemen and Enginemen, and the Order of Railway Conductors. These are three of the so-called "operating" unions. Already the highest paid men in the industry, their leaders demand still further advantages over other workers. In all, there are about 270,000 operating employees. But not all of them, by any means, are represented by B.L.E., B.L.F.E., or O.R.C. As a matter of fact, less than half—132,000 to be exact—are in these three unions. More than half—about 140,000—are in other unions, principally the Brotherhood of Railroad Trainmen. What makes the whole situation so hard to understand is that these 140,000 operating employees are working under wages and rules which the leaders of the other 130,000 say they cannot agree to. What Do the Railroads Offer? They offer these three unions the same settlement which was contained in a Memorandum of Agreement signed at the White House on December 21, 1950, by four brotherhoods and the railroads. Later these brotherhoods sought to repudiate this agreement. But on May 25, 1951, the Brotherhood of Railroad Trainmen signed a complete agreement carrying out the principles of the Memorandum Agreement of December 21. They have been working under this agreement since May 25. What About Wages? Under the terms of the agreement, yard engineers, firemen and conductors would now be receiving a wage increase of \$3.34 an hour (\$2.73 a day) and road engineers, firemen and conductors would now be receiving an increase of 19 1/2 cents an hour (\$1.56 per day). Large sums of retroactive pay have already accrued and if the agreement is carried out, will be paid promptly. What About "Cost of Living" Increases? The White House Agreement includes an "escalator" clause under which wages will be geared to changes in the Government's cost-of-living index. Two such increases—April and July, 1951—have already been paid to the 90% of railroad employees covered by signed agreements. What About the 40-Hour Week? The White House Agreement calls for the establishment of the 40-hour week in principle, for employees in yard service. The employees can have it any time after January 1, 1952, provided the manpower situation is such that the railroads can get enough men to perform the work with reasonable regularity at straight time rates. If the parties do not agree on the question of availability of manpower, the White House Agreement provides arbitration by a referee appointed by the President. What Else Do the Union Leaders Demand? The continued quibbling of the leaders of the three unions has to do principally with rules changes, which have already been agreed to by the Brotherhood of Railroad Trainmen. Of these, the principal one seems to be that having to do with so-called "interdivisional service"—runs which take in two or more seniority districts. The union leaders would bar progress and efficiency in the industry, and better service to the public, by maintaining a situation where they can arbitrarily stop a railroad from establishing such interdivisional runs. The carriers propose that if a railroad wishes to set up an interdivisional run, the railroad and the unions should try to agree on such run and the conditions which should surround its establishment, and if the railroad and the unions can't agree, the matter will be submitted to arbitration. But the three union leaders still refuse. Rules Can Be Arbitrated The railroads have not only offered these three unions the same rules agreed to by the BRT and covered by the White House Agreement, but have even agreed to submit such rules to arbitration. The Industry Pattern Is Fixed With the pattern so firmly established in the railroad industry, it seems fair to suggest that the leaders of B.L.E., B.L.F.E., and O.R.C. stop their quibbling and take action to make the railroad labor picture 100% complete. Certainly today's economic and international situation calls for a united front. And certainly no good reason has been advanced why these three unions should be preferred over all other railroad employees. We are publishing this and other advertisements to talk to you as fast as we can about matters which are important to everybody.

CHURCHILL PICKS

Four More Named To British Cabinet

By EDWARD CURTIS
LONDON, Oct. 30. (AP)—Prime Minister Winston Churchill named four more members today to the Cabinet with which he hopes to lead Britain out of her economic and international crises. The new ministers are: Harold MacMillan, 57, minister for housing and local government. Lord Leathers, 67, secretary for coordination of transport, fuel and power. Harry Crookshank, 58, minister of health and deputy leader of the house. James Stuart, 54, a son of the Earl of Moray, minister for Scotland. He already has selected eight cabinet men which is slated to meet for the first time Wednesday, shortly before the first session of the newly elected Parliament. Indications were that Churchill's cabinet may total 16 or 17 members. He has nearly 70 more key government posts to fill. The new Prime Minister, whose party won a scanty majority of 18 seats Thursday, has been assembling his new government since he took office Friday. The aging Churchill already has been making preliminary moves abroad. Britain's ambassador to Iran, Sir Francis Shepherd, was summoned home to discuss with his new boss, foreign Secretary Anthony Eden, the deadlocked British-Iranian oil dispute. Eden also was planning a new British nite to Egypt, which is trying to force British forces out of the Suez Canal area and the Sudan. There was talk that Britain's envoy to Cairo, Sir Ralph Stevenson, also might be called home for conferences. Lord Beaverbrook's Daily Express demanded today the introduction of an emergency budget to provide a revision in the tax set up. The strongly Conservative Daily Mail said the government's first job is to tackle "finance and food—or the kitty and the kitchen."

"Death March" Victim Said In Korean War By Mistake

SEATTLE, Oct. 30. (AP)—The wife of Cpl. Eugene Sturant Corder, 31, says her husband, a disabled survivor of the Bataan death march, is serving front line duty in Korea "by mistake." Corder, a native of Abilene, Tex., first entered the Army in 1941 prior to Pearl Harbor. He was in the Reserves and called back into service last November. "My husband and I have both protested to every official possible," the mother of four said Monday. "All we ever get for an answer is that, 'There must have been some mistake.'" After being called back into service, Corder was ordered overseas last February but was hospitalized at El Paso because of his old wound. She said that after several months' hospitalization, Corder was told he would be given a medical discharge. Instead, he was suddenly transferred to Fort Lawton here and 10 days later was on his way to Korea. She said he has seen front line duty. Mrs. Corder said that after he left for overseas, she applied for a hardship discharge. The request was denied. She said that she wrote Rep. Hugh B. Mitchell (D-Wash). Mitchell replied that he had contacted the Surgeon General and asked that Corder be given a physical examination to determine his fitness.

AFL Says Sen. Connally Wrong On Six Issues

WASHINGTON, Oct. 30. (AP)—An American Federation of Labor publication says Sen. Connally has voted "wrong" on six key issues and Sen. Johnson has been "wrong" three times. The score was based on ten rollcalls. In a box score of votes in Congress in the last three years, "The League Reporter" also tallied what it considered the "right" and "wrong" votes of Texas members of the House, all Democrats, on ten questions. This showed:

	"Right"	"Wrong"
Beckwith	7	3
Bentsen	6	4
Burleson	3	7
Combs	8	2
Fisher	1	9
Ikard (no tabulation)	0	0
Kilday	2	8
Lucas	2	8
Lyle	9	1
Mahon	3	7
Patman	9	1
Pickett	1	9
Proge	2	8
Ragan	1	9
Rogers	1	9
Tragan	2	8
Thomas	6	4
Thompson	5	5
Thornberry	6	4
Wilson	2	8

(Speaker Rayburn votes only in case of a tie)
The votes were on questions involving the Taft-Hartley labor law, public housing, income tax, "wet-backs," price rollbacks, defense housing, European aid and others.

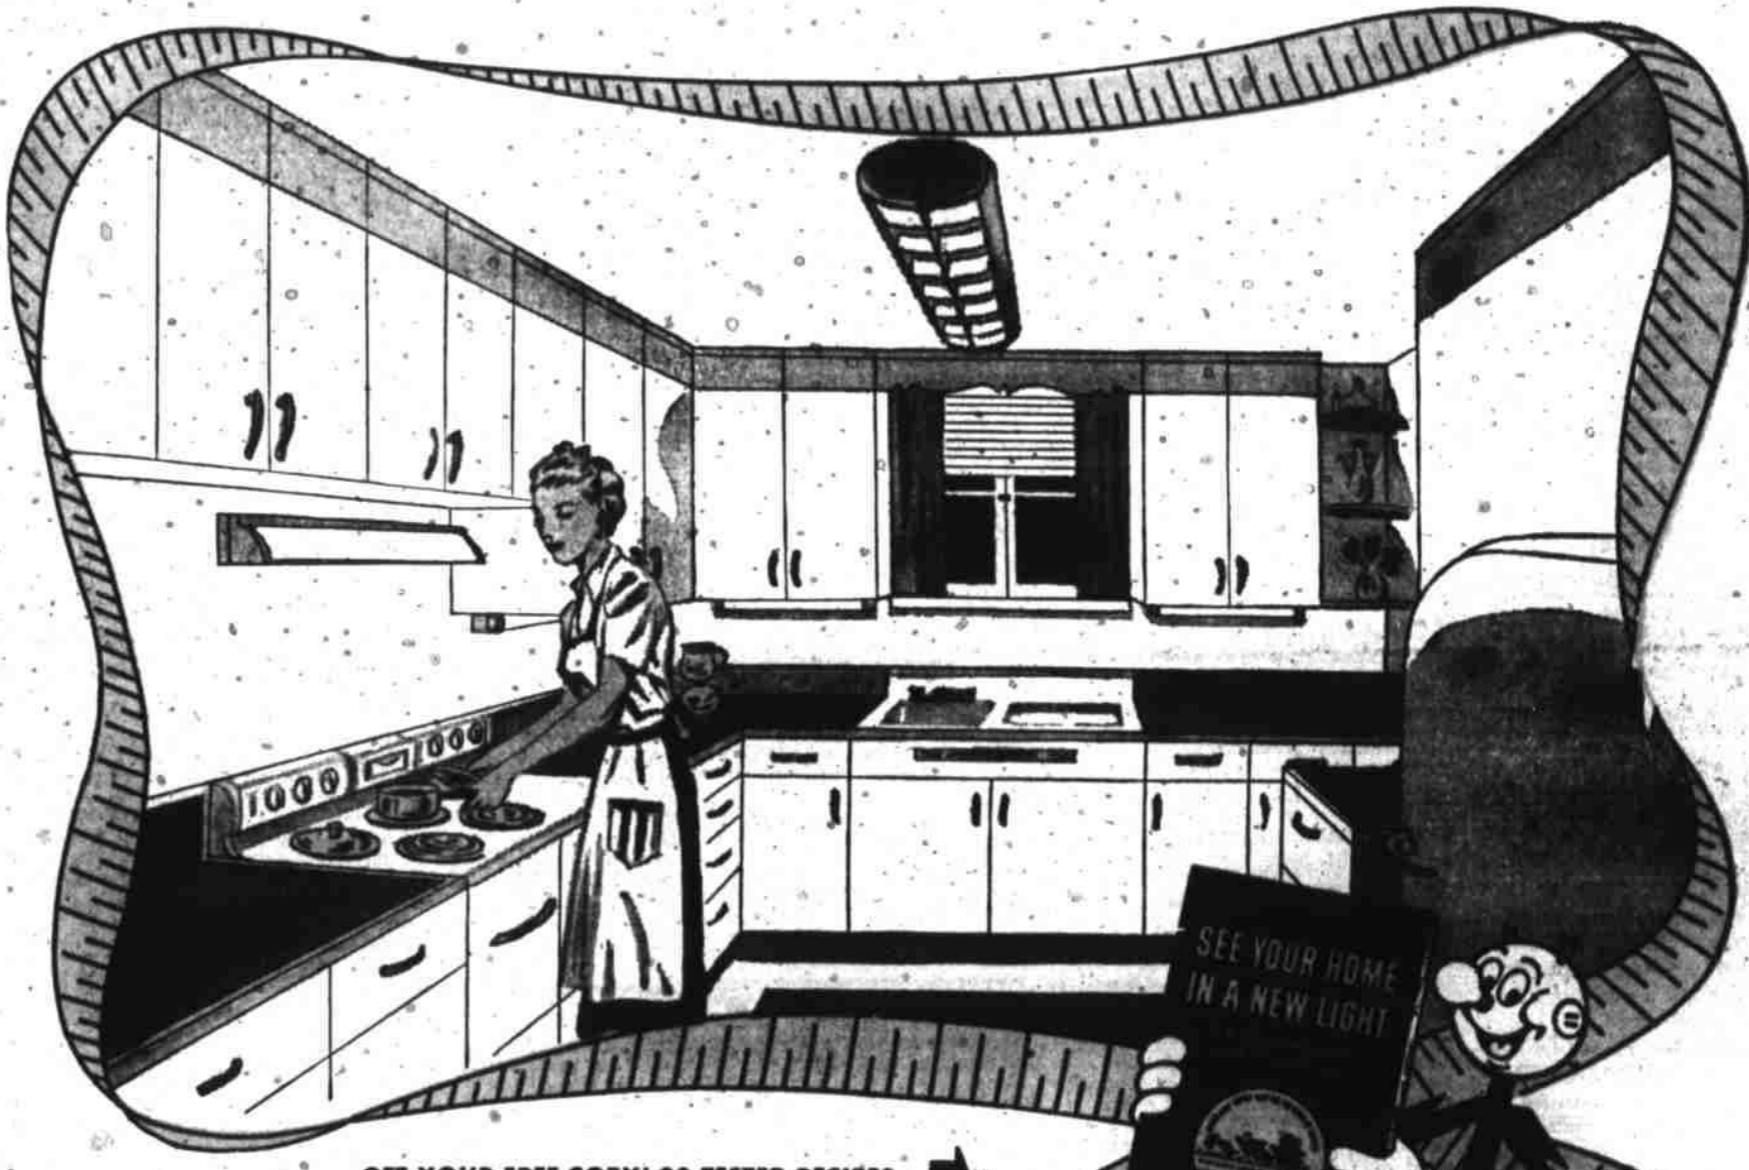

Trial Continues In Debt Suit Of Ag Commissioner

WICHITA FALLS, Oct. 30. (AP)—Testimony continued today in the trial of a \$2,651.22 debt suit filed against John C. White, State Agricultural Commissioner. The suit was filed by White's former campaign manager, Mrs. H. W. Weir. Before the trial opened Monday, Mrs. Weir filed an amended petition asking \$2,651.22 instead of \$4,010.39 as in her first petition. White testified Monday that "at no time did Mrs. Weir actually give me any of her personal money." Mrs. Weir claimed she loaned him money for "living expenses, traveling expenses, clothing and other necessary items during the election campaign." White told the jury Mrs. Weir handled all money contributed during the campaign. He said he had no knowledge of how much was received or how it was disbursed.

Wood-Ruiz Rites Performed In Colorado City Church

COLORADO CITY, Oct. 30. (Sp1)—Meredith Ladell Wood, daughter of Mr. and Mrs. Jasper Wood, of Colorado City, became the bride of Joseph O. Ruiz of Seagraves in a candlelight ceremony, Saturday evening.

The double ring ceremony was a read by the Rev. John Hughes, pastor, in the First Christian church before an altar banked with greenery and white mums.

The bridegroom is the son of Mrs. Theresa Ruiz of Plaquemine, La.

The bride was given in marriage by her father, and was attended by her sister, Mrs. Sherman Hart, as matron of honor. Bridesmaids were Doris Randle, Mrs. E. B. Carlock and Mrs. Goodwin Simpson of Colorado City, and Mrs. Ewing McIntyre of Sterling City.

Mrs. Hart wore a white moire taffeta dress designed with close fitting bodice, circular skirt and a cap sleeves, and carried a bouquet of red roses. The bridesmaids wore identical dresses and fitted lace caps, with mitts to match, and carried colonial bouquets of white carnations with red streamers.

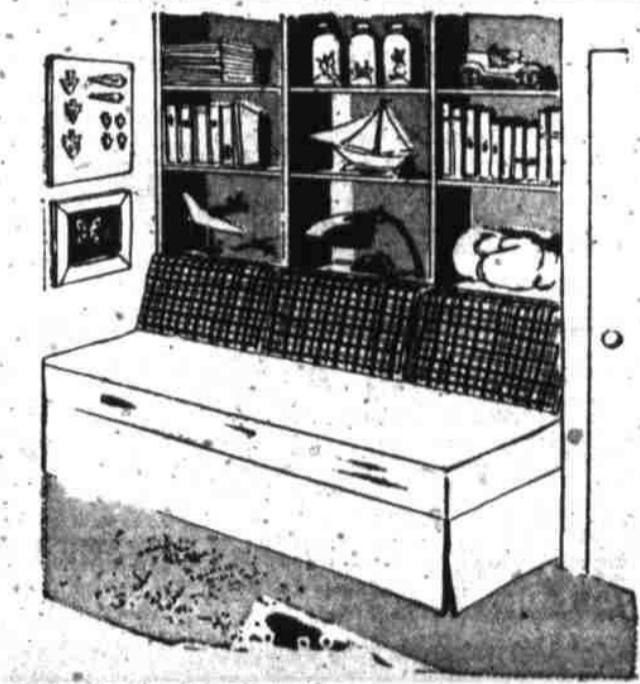

Jerome Burkemper of Colorado City was best man. Ushers were Owen B. Bennett of Levelland, Sherman Hart, E. B. Carlock and Goodwin Simpson of Colorado City.

The flower girl was Sharon Lea Hart, niece of the bride, who wore

DESIGNING WOMAN If Boy's Room Crowded Try Extra Storage Space

By ELIZABETH HILLIER

A boy often draws the smallest bedroom in the house, and he's sure to cram it with everything under the sun. It's a room that gets out of hand if it isn't well planned, especially for extra storage space and sturdy furnishings that take up the least possible room. Here is a plan that solves three problems. It fits a bed into minimum square feet and it provides both seating space and shelf room for the kind of possessions that aren't easy to store. The deep shelf structure turns the trick — it starts at the bed top with a closed front and begins open shelves at the top of slanted bolsters. The bed on large casters slides under the shelf structure in the daytime and pulls out at night. With the bed top depth lessened by fitting under the structure, and also by the bolsters, the bed is comfortable to sit on. And note that the bedspread is the kind that helps keep order, too. Because it's tailored to fit the bed exactly, it can't go on the wrong way and even with a lot of rumpus stays snugly in place.

Learn how to retain and restyle your furniture with beautiful finishes and how to do about furniture finish repair. Area Musicians To Be Presented During District TFMC Convention

The two-day program of the District 9 convention of the Texas Federation of Music Clubs has been announced by Mrs. Harold Talbot, publicity chairman of the Music Study Club.

The convention will be held in the new Howard County Junior College auditorium Friday and Saturday—the first to be held in the new building since its completion.

Prominent visitors will be Mrs. Ina Wooten Jones of Abilene, state first vice-president; Mrs. Paul Moss, state recording secretary, and Mrs. R. P. Morrison, district president, both of Odessa; and Mrs. Raymond Marshall, fourth vice-president of TFMC.

All clubs in the district will participate in a fine arts program to be presented Friday evening at 8:30. A chorus from the Music Study Club, directed by Mrs. Omar Pittman and accompanied by Roberta Gay, will sing "Gloria in Excelsis" (Twelfth Mass) by Mozart.

Composing the chorus will be Mrs. J. F. Neel, Mrs. L. C. Shipman, Mrs. Don Newsom, Mrs. Ruth Burnam, Mrs. Harold Talbot, Mrs. J. W. King Jr., Mrs. Bill Griese, Mrs. Choc Jones, Mrs. Homer Willoughby, Mrs. H. G. Keaton, Mrs. Leslie Green, Edith Gay, Elizabeth Cope and Betty Farrar.

Others who will appear on the program are Lamar Chapman of Odessa, pianist; Mrs. Charles Rajtan, vocalist, accompanied by Mary Rodgers, both of Pecos; Pauline Womack, violin soloist, accompanied at the piano by Clara Jo Green, both of Monahans.

Mrs. Harold Talbot and Mrs. Bill Griese in a vocal duet, accompanied by Mrs. Bill Griese; Robert Duttret, vocalist, accompanied by Robert Sewell, both of Odessa; Clara Jo Green, pianist, Monahans; Mrs. Don Newsom, vocalist, accompanied by Mrs. Leslie Green; and a four-piano selection featuring Roberta Gay; Mrs. J. A. Joffy, Mrs. Chester Barnes and Mrs. Fred Beckham.

Mrs. Robert Middleton, social chairman, assisted by Mrs. Don Newsom and Mrs. Fred Beckham, are in charge of arrangements for a reception to be held in the music room of the auditorium for out-of-town visitors and members of the local club following the program.

At the formal opening at 9:30 Saturday morning, the Jayhawk Choir, under the direction of Elizabeth Cope and featuring Betty Oglesby as soloist, will sing "Holy, Holy, Holy."

Roberta Gay, president of the local club, and President E. C. Dodd of HCJC will welcome the visitors. Mrs. Frank Myers of Pecos will respond. Mrs. J. B. Elder and daughter, Marilyn, of Midland will be presented in a piano duet.

At a luncheon at 12:15 at the Settles honoring the visiting state officers, Mrs. David Barlow of New York City will sing, accompanied by her mother, Mrs. Nell Frazier.

A business session will follow at 2 p.m., at which time Mrs. Marlon B. Beam of Odessa will be

MRS. INA WOOTEN JONES

MRS. R. P. MORRISON

presented in vocal solos, accompanied by Mrs. H. M. Jarratt.

The convention will close following the junior recital, which is scheduled to begin at 3:45. This portion of the program also will be open to the public.

Guest artists who will take part are Martha Mast of Midland, pianist; Sylvia Hacker of Odessa, vocalist; Annette Smith of Midland, pianist; Connie Scott of Midland, accordionist; Arthur Dean, Odessa, pianist; Margaret Ann Ammer, violinist; Monahans, and Billie Little of Pecos, pianist.

Rev. Moore Is Honored At Party

The Rev. William J. Moore, O.M.E. was honored with a party at the St. Thomas Catholic church hall Monday evening.

Children of the church were also feted with a special Halloween celebration at this time when costumes were judged and prizes awarded.

Costume prize winners were Mike Gilbert, Jamie Huchton, and Carolyn Sweeney, divisional firsts, and Phillip Huchton, Bobbie Gilbert and Harold James Fisher, second places.

Other prizes were awarded to Rae Ellen Gilbert and David McInnis who won in a musical chair contest.

The 150 persons attending also sang old time and popular songs accompanied by pianist, Mrs. Leslie Green.

Members of the decoration committee which set up the Halloween motif were Norrell Dean, Ghoste, Marybeth and Paul Jenkins, Bill and Jack Gilbert, Fudgie Gray, Sharan and Jerry Choate and Mr. and Mrs. Bill Sneed.

Mrs. B. Huchton, Marybeth Jenkins and Sharan Choate took care of the fish pond.

Serving refreshments were Mrs. B. G. McNaillen, Mrs. Martin Dehlinger, Mrs. Bill Sneed, Mrs. John Sweeney and Mrs. L. D. Jenkins.

Young People Of Church Given Party

LUTHER, Oct. 30. (Sp1)—Mr. and Mrs. Earnest Williamson entertained members of the young people and intermediate classes with a Halloween party recently in their home.

Mrs. Buford Smith of San Angelo has been visiting with Mrs. Tom Spencer during the past week.

Mr. and Mrs. Clayton Benton and son recently moved to Lather from Odessa. They now live on the Henry Moates place.

Mr. and Mrs. O. R. Crow and children visited the O. R. Phillips family in Midland Sunday afternoon.

Mrs. W. D. Anderson has been visiting Canyon relatives recently. Tom Spencer, Bill Hanson and R. V. Middleton of Big Spring were on a business trip Sunday.

Early Service May Prevent Winter Trouble

Many car owners can save themselves plenty of worry during the winter months ahead by patronizing the service department of the Jones Motor Co., located at 101 Gregg street.

It is a well-known fact that automobiles withstand the rigors of cold weather best when all of the hundreds of parts are functioning properly. Mechanical defects are more likely to show up during a blizzard than in times when temperatures are mild.

The service department at the Jones Motor Co. is a good place to have any defective or mal-functioning parts located and replaced or repaired before they cause complications.

The modern shop at the Jones Motor Co. boasts fine equipment. Personnel are thoroughly trained, many of them with special factory training provided through the Chrysler Corp. They make a specialty, of course, in service and repairs to all Chrysler products, but are qualified to give expert service to all other makes of cars and trucks as well.

Two Airmen Killed In Training Crash

CHICKASHA, Okla., Oct. 30. (U.P.)—Two airmen from Perrin Field, Tex., were killed when their training plane crashed at the municipal airport Monday.

Witnesses said the Air Force trainer undershot the concrete landing strip. The engine was hurled 30 feet and the wings pushed back over the fuselage. Names were withheld.

Outside Falsies On New Bathing Suits

LOS ANGELES, Oct. 30. (U.P.)—The bathing beauties of 1952 will be out in the open with their deceit, if any.

The major California swim suit makers previewed their new lines before the fashion editors, and showed, among other things, suits with outside falsies.

They are called the "flying wing" bras. A wriggle on the bodice turns down for the flat-chested girl but wears up, eclipses a too-generous bosom.

Another hit Monday was an all-nylon black velvet swim suit by Catlins, complete with a jeweled choker collar. The collar unites and transforms into a belt for those who prefer their bathing suits strapless.

Phillips Tire Co. Opens Branch Store

The Phillips Tire company, one of West Texas' best known tire concerns, has opened a branch store at 207 North Gregg street in Big Spring. The original store, of course, is situated at Fourth and Johnson streets.

The new concern, which will handle about the same line of products as the first store, is known as the Phillips Farm Store and is to be managed by Lloyd Curry, an employee of the Phillips establishment for about five years.

Phillips Farm store has in stock hundreds upon hundreds of good used tires, each capable of giving long mileage to users.

The Phillips Farm Store also stocks good tractor tires, suitable for any type of vehicle used around the farm.

Ted Phillips, owner and manager of the concern bearing his name, recently installed the latest in recapping equipment, which serves to give a "processed" tire the same design it originally had.

Known as the "Lodi" recapping equipment, it is similar to the models used in the biggest tire manufacturing concerns in the country. The recapping equipment is operated under the expert hand of Bill Dodd, long time Phillips employee.

US Royal tires and tubes, made to fit all makes and models of automobiles and trucks, are stocked by the Phillips store.

Phillips also maintains a seat cover department and stocks a wide line of covers. The covers, of course, are made to order.

Top Refrigeration Service Is Offered

Refrigeration needs—whether the problem be installation, repair, or tune-up service—can be filled by simply calling Clarence Trantham at the Modern Appliance company, 115 Main street.

Trantham is skilled in all phases of refrigeration work, and is ready to apply his aptitude to any job, from the smallest tune-up to the largest repair or installation project. Service is available anytime, day or night. For day service, the phone number is 1833; at night, call No. 3493-W.

Trantham specializes in both domestic and commercial refrigeration service. His business includes the sale of both new and used refrigerators and cooling equipment.

The Modern Appliance company is authorized dealer for the Philco line of refrigerators, and the ABC Automatic Washer, America's leading washing machine.

Among the most popular Philco refrigerators available from Trantham is the Model 1112, an 11-cubic-foot box that occupies no more floor space than the old six-foot model. Trade-in allowances of up to \$100 are now being offered on old refrigerators being replaced with the modern Philco.

Outstanding features of the Model 1112 include the Zero Zone freezer compartment which holds up to 40 pounds of frozen foods; the Quick-Chiller, a drawer compartment which stays seven to 15 degrees colder than the main food

compartment; and the new full-length door which permits the housewife to utilize all space from the floor up.

The Quick-Chiller, located in the heart of the refrigerator, is ideal for storing leftovers, day-to-day supplies of meat, etc. The shelves of the Philco bear a durable chrome finish, sturdy enough to eliminate sag and permanent enough to prevent rust or stain.

Model 1112 boasts 18.8 square feet of shelf area, three ice trays with a capacity of 42 cubes or six pounds of ice, and the 11 cubic feet of storage room in the same space formerly taken up by the six-foot refrigerator.

Trade-In Deal Is Invited By Trantham

How would you like to get a \$100 trade-in allowance for your old range on a new fully automatic Philco electric?

Clarence Trantham, at Modern Appliance company, 115 Main, has one new Philco electric range on which he is offering the \$100 allowance. Any range will be acceptable, but no hot plates. First come gets the bargain.

Good Supply Of Butane Tanks On Hand At Smith's

Frosty weather will be showing around here soon, and scores of rural families will be stepping up their consumption of butane gas.

Others may be hurrying to have butane systems installed, but they could move in that direction now with the help of Smith Butane company, Lamesa highway, a neat beat Old Man Winter to the punch.

At the present time, Smith Butane has a good supply of tanks available. These run from smaller bottle types to the 1,000-gallon reservoirs. However, Smith recommends use of larger tanks because of the savings effected and the margin of uninterrupted operation.

In the case of larger tanks, the winter demand does not patch up the case of the very small units. Smith Butane makes a regular check of tanks for its customers and keeps records to indicate when supplies might need replenishing.

Besides the tanks, Smith Butane also has on hand an unusually good stock of space heaters for butane users. These include the famous Dearborn cool-wall types of circulating heaters as well as the radiant type of Humphrey heaters. These are hallmarks of quality in the heater field and there are not better buys in the long run.

Dana, Shay & Barker No. 1 McKnight, C NE NE NB-367-47, H&TC, 12 miles east and slightly north of Gall, took a drillstem test at 7:47-47 in Pennsylvania lime. The test was open four hours and gas surfaced in 10 minutes. Recovery was 4,536 feet of drilling mud and gas, and the fluid was estimated to be 50 per cent oil. The drillpipe unloaded all the way out of the hole, and final recovery was half a gallon of drilling water. There were no signs of formation water. Open flowing bottomhole pressure was 500-1,450, and the 15 minute shutin pressure was 2,950. Operator took an electric log and

Trucking Firms Get Brief Restraining Order Against State

BEAUMONT, Oct. 29. (AP) — Two trucking firms have obtained a temporary restraining order from state officials to permit the movement of Army tanks from Red River Arsenal at Texarkana to Houston and other points in Texas.

Judge W. Tom Kenna set hearing on a permanent injunction for Nov. 9.

The Gulf Southwestern Transportation Co. and F. Cobb Truck Line, both of Houston, contended that permits to transport the tanks for the Department of Defense had been denied despite their offer to pay all fees for special permits and to post bond for damage to roads.

Striking Longshoremen On The Picket Line

Striking longshoremen of the American Federation of Labor and International Longshoremen's Association formed a picket line in front of the American Export Lines' Pier 24 at the Hudson River and West 44th Street in New York where the Italian liner Vulcania docked. The vessel brought home Mavor and Mrs. Vincent Impallitteri. The striking longshoremen have succeeded in paralyzing the giant port of New York. More than 20 miles of piers have been shut down since the walkout began over a week ago. (AP Wirephoto).

Truman Signs Bill Raising RR Pensions

WASHINGTON, Oct. 30. (AP) — President Truman signed legislation today increasing benefits for more than 400,000 persons now receiving aid under the railroad retirement act.

The bill increases railroad retirement benefits by 15 percent or about \$100 million a year.

The boost will take place Nov. 1 for the 100,000 retired rail workers now on the benefit rolls.

Maximum monthly payments of \$144 will be raised to \$165. Minimum payments now run as low as \$20; such a pension would be increased to \$23.

Mr. Truman said the legislation provides "badly-needed increases."

Wilson Boasts U. S. Outproduces Soviet

PITTSBURGH, Oct. 30. (AP) — Defense Mobilizer Charles E. Wilson helped dedicate a huge new steel works today and said it symbolized the might of America's growth, as an arsenal against Russia.

Boasting that this country now produces as much steel in 13 weeks as Russia does in an entire year, Wilson said:

"Uncle Joe Stalin and his fellow occupants of the Kremlin may not be impressed by moral arguments or diplomatic persuasion, but they do read production figures."

The ceremony inaugurated the big new open hearth shop of the Jones & Laughlin Steel Corp.

Wilson said the new works represents a major step toward raising the present annual production of 107,000,000 tons toward the 1953 goal of 118,000,000 tons.

He said that the nation is doubling its aluminum production, stepping up oil drilling and refining and "adding vast amounts of electric power."

Sharon Ridge Rules Stated By RR Unit

AUSTIN, Oct. 30. (AP) — Rules for the Sharon Ridge (1,700-foot) field in Scurry County and for the North Jacksonville (Woodbine) field in Cherokee County were announced Monday by the Railroad Commission.

The rules included these:

North Jacksonville Woodbine — spacing 833 feet between wells and 330 feet from wells to property lines; 20-acre proration units; allowable based 75 per cent on average and 25 per cent on number of wells; gas-oil ratio of 1,000 cubic feet of oil per barrel of oil produced.

Sharon Ridge 1,700-foot — spacing 666 feet between wells and 330 feet from wells to property lines; allowable based two-thirds on number of wells and one-third on acreage.

OWL OUT FOR HALLOWEEN?

NEW YORK, Oct. 30. (AP) — "Who?" said the owl, in a sixth-floor Bronx apartment last night.

Julian Reltman, unaccustomed to owls in his kitchen, left hastily and called the Society for Prevention of Cruelty to Animals.

A society agent caught the bird, figured it to be a fugitive from the nearby Bronx zoo.

On a Halloween bender, perhaps.

Socialism Costs British Hospitals American's Bequest

PROVIDENCE, R. I., Oct. 30. (AP) — British socialism has cost two London hospitals bequests left them by a Newport millionaire.

The State Supreme Court voided gifts Monday to the London Hospital and the Elizabeth Garrett Anderson Hospital because they are operated under the National Health Service Act of 1948.

The first represented the income from \$35,000 worth of real estate. The court ruled that because of nationalization it could not be reasonably sure the money would go to charity as specified by the will.

McGee Wins Fourth Stay Of Execution

AUSTIN, Oct. 29. (AP) — A 65-day stay of execution for Richard McGee, convicted slayer, has been approved by Gov. Shivers to allow time for a sanity hearing.

The reprieve is the fourth granted McGee since his conviction in the slaying of E. M. Allison, Lubbock grocery executive. The delay moves McGee's execution from Oct. 31 to Jan. 1.

Postponement became necessary when the sanity hearing at Midland was declared a mistrial because illness of a juror and was transferred to El Paso. The new hearing has not started.

Mrs. E. M. Massey, Martin County Resident, Succumbs

STANTON, Oct. 29. (AP) — Mrs. SoDonia Massey, 56, wife of E. M. Massey and a long time resident of Martin county, died at 12:10 a.m. today after a long illness.

Mrs. Massey had been in ill health for several months and had been hospitalized here most of the past month.

She and Mr. Massey came to Martin county in 1926 from Merkel. They settled at Lemora, where she was very active in the Methodist church and taught one of its Sunday school classes for years. More recently they had lived in Stanton but retained their Lemora farming interests.

Funeral will be held at 3 p.m. Wednesday at the Methodist church in Stanton with the Rev. J. E. Hazzell, pastor, officiating. Assisting will be the Rev. Allen Adams, Sparanberg, and Elmore Johnson, Stanton Church of Christ minister. Burial will be in the Evergreen cemetery under direction of Arrington Funeral home.

The remains will be in state at the family home until time for services.

Mrs. Massey was born SoDonia Henslee on April 15, 1872 at Fall Creek in Hood county. She was married to E. M. Massey on Dec. 4, 1920 at Fall Creek.

Surviving are one son; H. W. McGonagill, Cleburne; three daughters, Mrs. Beatrice McCreless, Mrs. Alvira Puckett, and Loretta Massey Stanton; two sisters, her twin, Mrs. Sopronia Chandler, Central, N.M., and Mrs. Sarah McCarty, Austin; two brothers, M. H. Henslee, Merkel, and H. W. Henslee, Grandbury; five grandchildren and two great-grandchildren.

Funeral services will be 8 p.m. Wednesday at the Trinity Episcopal church, Stanton. Interment at Evergreen cemetery.

Negroes Move Away To Industrial Areas

WASHINGTON, Oct. 30. (AP) — There was a definite trend of Negro population away from the South to industrial areas during the 1940-1950 decade, census figures showed today.

The Census Bureau hasn't issued its final figures on population by races but a tabulation of its preliminary figures on White and non-White population for each state shows the trend.

The bureau classified as non-White the country's Negro, Indian and Asiatic population except in certain instances the non-White population is all Negro.

This is the picture:

From 1940 to 1950 the non-White population of the 13 Southern states was virtually at a standstill, showing a net gain of only 55,637. Seven of the 13 states showed declines.

During the same period the White population in those 13 states gained 4,453,354 — nearly 100 times the gain shown by the Negro population.

In that decade the non-White population of eight major industrial states — California, Illinois, Michigan, Missouri, New Jersey, New York, Ohio and Pennsylvania — rose from 2,908,549 to 4,584,009, a gain of 1,555,451.

In that same decade the White population of those eight states rose 7,887,052.

In other words, in the South the White population gained about 16 per cent and the Negro population gained a half of one per cent.

But in the eight industrial states the White population gained about 14 per cent and the non-White population nearly 55 per cent. Of the 13 Southern states, seven showed actual declines in non-White population. They were Mississippi with a drop of 87,000, Alabama, Arkansas, Georgia, Kentucky, Oklahoma and Texas.

109 Additions Result From Revival Here

Thirty-five professions of faith and a total of 109 additions have already resulted in Big Spring from the All-Texas Methodist Revival being conducted this week.

The three Methodist churches in Big Spring are cooperating in the statewide movement with services at 7:30 p.m. daily. Preachers from the McAllen district are leading the revival here.

An extensive visitation program and pastor-training in the assimilation of members is being conducted in connection with the revival. Preachers meet each morning for a period of instruction, while lay workers gather prior to evening services to start visitation.

Fifty-four laymen participated in the visiting program Monday evening, securing a total of 72 commitments.

A unique telephone hookup, connecting religious leaders — all districts of the Northwest Texas Methodist Conference, is made at 11 a.m. daily to facilitate reports on the progress of revivals. Following the conference reports, 27 districts in Texas are connected for statewide reports.

Pastors conducting the services here this week are from the McAllen district of South Texas. They are Rev. Walter Cartwright, Ed-Eden, at the Park Methodist Church; Rev. Kermit Gibbons, Ed-Eden, at the First Methodist; and Rev. C. H. Hardt, McAllen, district superintendent, at the Wesley Memorial Methodist Church.

Tax Liens Filed Against Gambler

MILWAUKEE, Oct. 30. (AP) — The government says Gambler Sidney Brodson, who told a Senate committee he bet between a half million and a million dollars annually, owes \$342,120 in income tax failed to report.

Tax liens in this amount were filed Monday.

An official said the alleged unreported income could be assumed to be gambling profits.

FB Directors Due To Meet Tonight

Howard County Farm Bureau directors are scheduled to meet at 8 p.m. today to lay plans for the organization's 1951 county convention.

Date for the convention will probably be set, and directors may also hear preliminary reports from nominations and resolutions committees. The meeting tonight will be held in the Farm Bureau office at 4th and Scurry.

Illinois No. One Eleven In Williamson System

By PAUL B. WILLIAMSON

As the Williamson System anticipated, last week wasn't nearly as upsetting as the previous one. Most of the really big upsets — and some of them were truly astonishing — occurred in lower-bracket ranks.

The System's percentage for the week was 86.1 correct on 963 scores reported, including 44 last ones from previous week.

Because of sheer ability and shake-ups among other leaders Illinois barged to the top spot last week in the Williamson NATIONAL ratings, with a standing of 978.

Michigan State moved into second place in slaying Pittsburgh by 53-20 after coming from behind for the third time this fall.

Southern California, in squeaking by Texas Christian by a mere 28-26 score, dropped from No. 1 to No. 3.

Maryland, nipping up the biggest score (53-15) by anybody against Cornell U. in many years, jumped to position No. 5.

The remaining five leaders in order were Tech (barely won over Vandy by 8-7), Tennessee (rested against Tennessee Tech by 68-0), California (came back over Oregon State by 35-14), Auburn (over-

founded Tulane and the experts by 21-0), and Wisconsin (slaughtered Northwestern by 41-0).

The Williamson System, besides giving its good over-all percentage on correct had many unusual good picks to its credit last week on closely-rated games.

LOOKING 'EM OVER

With Tommy Hort

Know this princeling of the dog world? I understand he's Willie Wingback.

He's the champion gate crasher of them all. His technique is simple. He merely trots past the ticket taker, motioning as if to indicate "he's got it back there," meaning that imaginary person-around-the-corner who never shows up.

Football fascinates Willie Wingback. At times, he cocks his head and stares at the boys butting heads on the field, as if to say, "We canines have more sense than to try and knock each other's brains out over a silly piece of inflated leather. They could at least play with a T-bone steak."

At other times, Willie will make like a broken field runner hurrying to beat a half dozen would-be tacklers to the flag—and always score.

Willie likes to have his picture taken. When the Herald cameraman leveled on him, Willie really hammed it up.

Any day now, I expect to go to Steer Stadium and find him kicking off for one of the teams.

STEERS THINKING IN TERMS OF WINNING
Speck Franklin, who is playing fine football for the Big Spring Steers now, says "It's on to Lamesa for the club, meaning the Steers are thinking in terms of beating the Tornadoses, rather than just meeting them."

The victory over Plainview last weekend did a lot of things for the boys. Mainly it restored their confidence in themselves.

In other years, the Steers have become identified as a "one-game team" from time to time, meaning they looked great in one assignment and then fell back into their doldrums. But this club appears to be different. It seems to have the fierce desire to go places.

Coach Carl McClean says he felt good over the attitude of his boys during last Friday night's game, even when the Steers were 13 points behind.

His morale got a boost even at that stage because lads coming to the side lines for a rest kept telling him: "We can beat this team. I know we can. We'll win."

One of the few individuals I know who predicted a Big Spring victory Friday night was D. R. Gartman, once a Steer regular himself.

D. R. knows most of the players personally and has coached some of them in his spare moments. He told this writer prior to the game that the Steers were going to surprise everyone.

So, if you're in doubt about the outcome of this week's game with Lamesa, you might consult Mr. Gartman and his tea leaves.

I think the half time acts at Steer Stadium are becoming increasingly good, thanks to Band Director J. W. King and his counterparts of visiting bands. Who said vaudeville was dead?

Baylor Is Rated 8th In Nation

By ED CORRIGAN

NEW YORK, Oct. 30. (AP)—Tennessee remained a solid choice as the top team in the country in the Associated Press fifth weekly football poll today.

The unbeaten Vols., who swamped Tennessee Tech Saturday, 68-0, garnered 1,213 points and 59 first-place votes from the sports writers across the nation.

Trailing in second place was Michigan State, the runner-up last week. The Spartans notched 1,131 points but had only 25 first-place votes. They defeated Pitt, 53-26.

The rest of the first ten included Illinois, No. 3; Maryland, No. 4; Georgia Tech, No. 5; Princeton, No. 6; Southern California, No. 7; Baylor, No. 8; California, No. 9; and Wisconsin, No. 10.

The first six teams are among the nation's undefeated and untied eleven. Southern Cal has been beaten once, while Baylor has been beaten once, while Baylor has been beaten once.

Stanford, with a 6-0 mark, could do no better than eleventh. San Francisco, another team with an unblemished record — 6-0 — is No. 20.

Only one newcomer joined the first ten. That was Wisconsin, after its 41-0 triumph over previously undefeated Northwesterns. Texas, which scored a 14-0 victory over Rice, dropped out of the select circle, winding up 12th.

Georgia Tech, which had been hot on the trail of Tennessee and Michigan State, dropped to fifth. Southern California and Baylor also slipped one notch each.

As a reward for its starting 53-15 shellacking of Cornell, Princeton jumped from eighth to sixth. Illinois and Maryland also advanced.

The first ten, with team records in parenthesis:

1. Tennessee (5-0)	1,213
2. Michigan State (6-0)	1,131
3. Illinois (5-0)	1,022
4. Maryland (5-0)	905
5. Georgia Tech (6-0)	892
6. Princeton (5-0)	884
7. So. Cal. (6-1)	864
8. Baylor (4-0-1)	845
9. California (5-1)	819
10. Wisconsin (3-1-1)	287

Newcastle Rolling In District 9-A

WICHITA FALLS, Oct. 30. (AP)—Newcastle continues to roll along as the big threat in District 9-A football.

The Bobcats have seven consecutive victories, gaining 182 points while their opponents get none.

The Bobcats have defeated Burk Burnett, Olney, Throckmorton, Valley View, Jacksboro, Heurietta and Holliday.

LITTLE SPORT

Arkansas Hogs Are Hard Hit By Injuries

By The Associated Press

The Southwest Conference injury list this week could be counted up on ten fingers and most are on the Arkansas squad.

The Razorbacks bemoan three first-stringers lost for the season. At least four more may not see action against Texas A&M Saturday.

Coaches at Rice, Baylor, TCU and SMU hope to field full squads Saturday. Texas and A&M each have a doubtful starter.

Physicians advised Arkansas Coach Ott Douglas against playing Halbrook Dean Fryor, with a broken jaw this season. End Bill Jurney and Quarterback Jim Rinehart are out for good after operations.

The rest of the Razorback injury list reads: Linebackers Jim Smith and Floyd Sogely with leg injuries. Safety Man Johnny Cole with a sore side, Quarterback Lama Mahan with a shoulder injury and Center Bob Griffin. Some may play Saturday.

W. T. Rush, two-year letterman guard for the Aggies, will be out with a bruised hip.

End Don Menasco, a doubtful starter for Texas against SMU. He got an ankle injury in the Arkansas game. Tackle Jim Lansford missed practice yesterday but is expected to be ready by Saturday.

SMU studied defense against Texas played most of yesterday's drill.

The TCU defense team went through a long hard scrimmage but the offensive team was a spared from heavy contact work. B. J. Floyd, John Harville, Gilbert Barstow, Ray McKown and Roy Picoock missed the rough work because of minor injuries but all will be ready Saturday. Mal Fowler, injured tailback, definitely will play against Baylor also.

Baylor went through a light drill. Secret sessions on defense against TCU formations are scheduled for today.

Rice is in its best physical condition as it prepared for Saturday's invasion by the pass-minded Pitt Panthers.

Longhorns Face Mammoth Task

The Big Spring Steers, upset winners over Plainview last week, face a huge task in their second conference contest this weekend.

Big Spring squares away with Lamesa in the Tornados' own backyard. Don't let that 33-7 defeat suffered by Lamesa at the hands of Midland last week fool you. It's certainly not lulling Coach Carl Coleman and his lads to sleep.

No one knows better than Coleman that Lamesa has a dangerous ball club, a club that can score from any point on the field.

In Jerry Millsaps, the Tornados have one of the great quarterbacks in the state. Millsaps can run and he can throw.

In Ray Taylor and Marshall Crawford, Millsaps has two of the finest targets in high school ball.

Pass defense has given Coleman some sleepless nights. True, the Big Spring defenders halted Plainview's aerial game last week but the Bulldogs didn't throw many passes. Millsaps is due to fill the air with aerials Friday night.

Lamesa doesn't have too large a ball club—the heaviest forward is the 170-pound Alvin Smith. But the team is fast and shifty.

The Tornados are coached by O. W. Follis, who was an aide under Bob Harrell last year. Asst. Follis are Russell Coffey, Everett Martin and Jack Wetzel.

The Lamesans are the highest scoring team in the district but they got that way in one game. They journeyed out to El Paso to clean up on Thomas Jefferson, 72-0, not long ago.

Lamesa has beaten such teams as Paschal of Fort Worth, Thomas Jefferson and Mineral Wells while losing to Brownwood, Arlington Heights of Fort Worth and Midland.

BIG PUZZLE

Vols, Georgia Tech Boosted As Bowl Teams

DALLAS, Oct. 30. (AP)—One fellow turned off the radio and took a nap when Texas A&M had a 14-point lead on TCU going into the last quarter. He awoke and heard that TCU had made 20 points in the final period to win 20-14.

The fellow is going around giving himself a swift kick these days.

Nobody else is known to have left the stadium or turned off the football game recently.

Just who is going to win the title and play in the Cotton Bowl New Year's Day will also probably be decided in the last 30 seconds of the last game.

As Jere Hayes, sports editor of the Dallas Times Herald, said the other day: "I can make nearer naming the team that will play the Southwest Conference champion in the Cotton Bowl than the team that will represent the Southwest Conference."

Hayes was talking about Tennessee and Georgia Tech as the hottest prospects for visiting team.

TCU leads the race by a half-game. Baylor is the only undefeated team but it was tied by Texas A&M 21-21.

The Frogs have to play Baylor and Texas — two of the best bets for the title — away from home. Rice, which is in as good shape as Texas, looks better off, having three of its four remaining games at home — Arkansas, Texas A&M and Baylor.

Baylor scored two touchdowns in the last quarter last week to tie A&M. And it's going on that way all season. Two games have been decided by two points, one by six, one by eight, one by 10.

Coahoma Meets Steers Friday

Three teams are tied for first place in District 5-B football standings.

The deadlock will be broken, at least in part, this weekend when two of the leaders — Coahoma and Robert Lee — clash at Robert Lee.

The Bulldogs and the Longhorns have 3-1 won-lost records, along with Hermleigh, a Johnny-Cosco. Lately team, Hermleigh lost to Hobbs 21-0, early in the season and then proceeded to chill Coahoma, 14-0, to foul up the race.

The Cardinals oppose Loraine in Loraine this weekend and will be highly favored to win that one. Dickie Wall, the Hermleigh star, seems to get better each time out.

Wall scored both touchdowns as Hermleigh-chilled Robert Lee, 13-4, last week.

If the Coahoma club can stop Norman Roberts this week, it stands a good chance to achieve victory over Robert Lee.

In the district's other games this week, Bronte goes to Ira and Hobbs hosts Trent.

JACKSON CHAIRMAN

ABILENE, Oct. 30. (AP)—The new chairman of the national track organization sponsored by the National Association of Intercollegiate Basketball is Oliver Jackson, Abilene Christian College track coach.

8th Grade 11 Loses, 14-12

COLORADO CITY, Oct. 30. (AP)—Colorado City scored out the Big Spring Eighth grade football team, 14-12, here Monday afternoon. It was the first defeat in three starts for the Yearlings.

Ronald Wooten took a pitchout from Charles Johnson and ran 45 yards for one Big Spring score while Tommy McAdams dashed 30 yards for the other.

McAdams tried to kick both Big Spring extra points but failed.

Colorado City scored on sprints of eight and 13 yards.

The Big Spring 8 team play at 8 p.m. in Odessa Saturday.

The Junior high school Yearlings take on Crockett Junior high in Odessa at 2:30 p.m. Saturday. The Yearlings have now won seven straight games.

Efforts were reportedly being made to take the Junior high school band to Odessa for the contest.

LOVERA CIGARS

MILDNESS... Texas Style

Pleasing the Texas taste is Lovera's specialty. It is blended for Texas smokers—mild, yet with the sure-enough tang that Texans want.

Always fresh... a fine wrapper... all long-filler tobaccos... you'll never find a milder, more even smoking cigar.

Try Lovera for a week. You'll agree—it is "mildness, Texas style."

Ismalia Road Block Set Up By British

CAIRO, Oct. 30. (AP)—An Egyptian military spokesman said the British army barred all road traffic today between Ismailia, British base at the mid-point of the Suez Canal, and the rest of Egypt.

order of the day, said the situation is "dangerous" and asked his troops to handle it "with firmness and a minimum of bitterness. He added that "necessary steps have been taken to maintain our position."

The ban took effect at dawn, when the British began halting traffic at a highway control point 30 miles west of Ismailia, he said.

Both the traffic ban and Erskine's order followed admission by Egyptian Interior Minister Fouad Serag el Din that underground "liberation battalions" are being formed to drive the British out of Egypt. He denied that the government is furnishing arms.

The British barrier apparently was set up to break contact between main groups of the battalions and any members of them who might be inside British lines.

This was the second time the British have cut road traffic between the canal and Cairo since the British Army was ordered to use whatever force was necessary to counter Egyptian efforts to oust them.

Atomic Trials "Successful" In Argentina

BUENOS AIRES, Oct. 30. (AP)—Argentina says she has successfully completed "big scale trials" at an isolated atomic energy plant and is nearing the development stage of an atomic reactor for industrial use.

A communique from Dr. Ronald Richter, physicist, in charge of Argentine atomic research, added that technical installations at Huehul Island in Nahuel Huapi Lake, a 10,000-foot-high spot in the Andes 750 miles southwest of Buenos Aires, will be made available "with logical limitations" to Argentine and foreign scientists and technicians within a short time.

The statement did not say Richter's experiments had achieved an atomic explosion. Neither did it give any details about the "big scale trials," Oct. 26.

Previous announcements have said Argentina had discovered ways of producing nuclear energy by a thermonuclear reaction through the use of terrific temperatures applied to the cheapest kinds of materials.

(Some foreign scientists said that the "thermonuclear" description seemed to indicate a reaction more in the nature of atomic fusion, such as U. S. physicists now are working on for the hydrogen bomb, rather than the earlier type of atomic fission developed for the atomic bomb.)

Siamese Twins Are Doing Fine

DAYTON, O., Oct. 30. (AP)—Siamese twins born Sunday to Mrs. Wesley Galyon, 25, were doing fine in an incubator today. The hospital disclosed their birth Monday.

Joined at the abdomen, they weighed 11 pounds, 11 1/2 ounces at birth. Doctors said they have not decided if they could be separated.

"We were expecting twins and were hoping for them," said the 27-year-old father, "but this came as a terrific blow to us."

The Galyons have two other children, a boy, 1, and a girl, 2.

Denies Issuance Of License To A Girl For Prostitution

PORT ARTHUR, Oct. 30. (AP)—An official of the Port Arthur police department denied that the department had issued a prostitution license to a 14-year-old girl "in any sense of the word."

Assistant Chief J. C. Enright made the denial Monday after the girl told Houston officers she was licensed by Port Arthur police after they photographed and fingerprinted her. She was found in a Port Arthur bawdy house.

"There is no such thing as the police department licensing call houses or prostitutes," Enright said. "We pick up all suspicious characters, print and mug them and check records—but that can't be construed as a license."

Mother Watches Son Die As Private Plane Crashes

PORT TOWNSEND, Wash., Oct. 30. (AP)—A mother, trapped 20 hours in a wrecked plane with her dead husband, told Monday night of watching her son die as help approached.

Mrs. Maye Mortensen, 33, and her daughter, Kathleen, 5, were pulled alive but seriously injured from the jammed-up wreckage.

Well Managed Radio Stations Needn't Fear TV

HOUSTON, Oct. 30. (AP)—The president of the National Association of Radio and Television Broadcasters says properly managed radio stations have nothing to fear from television.

Harold E. Fellows spoke Monday at the NARTB's district meeting here.

Fellows said that despite television, "radio is getting bigger and bigger every day."

He said more stations were in the black at the end of 1950—"television's third year"—than there were at the end of 1949.

Fellows gave three reasons for radio's continuing prosperity: its speed, flexibility, and intimacy.

"Nothing on God's green earth or under the blue sky above can win friends and influence people as quickly and as cheaply as radio," he said.

Fellows said radio advertising rates should be increased.

"We have been 30 years without evaluating ourselves," he said. "We need to establish a realistic rate structure in competition with other advertising media."

Statewide Search Hunts 3 Prisoners

BROWNFIELD, Oct. 30. (AP)—A statewide search was ordered after three prisoners escaped from the Terry County jail Monday.

Sheriff Ocie Murray identified them as Reuben Merritt, 50; Jackson Dodgson, and J. C. Williams. Eight other prisoners refused to leave the jail.

Mother Watches Son Die As Private Plane Crashes

PORT TOWNSEND, Wash., Oct. 30. (AP)—A mother, trapped 20 hours in a wrecked plane with her dead husband, told Monday night of watching her son die as help approached.

Mrs. Maye Mortensen, 33, and her daughter, Kathleen, 5, were pulled alive but seriously injured from the jammed-up wreckage.

Richard O. Mortensen, 35, was killed outright in the crash and the son, Russell, 8, died hours later of a skull fracture.

The Seattle family crashed Sunday night on a wooded ridge near here while returning in their private plane from Bellingham, 80 miles north. They were not located until Monday afternoon.

"I knew Dick was dead," said Mrs. Mortensen, "but Rusty lived for a long time as we lay there. I believe he died just a little while before the rescuers came. Perhaps if they had come sooner he would have lived."

Kathy's first words were "If I could just sit down." She was trapped the entire time in a bent-over standing position.

Republicans Clash Meeting; Too Many Democrats Attend

JACKSONVILLE, Fla., Oct. 30. (AP)—A meeting of the Duval County Republican executive committee never got past the roll call Monday night.

It was adjourned to let committee heads check party registration of all committee members. Several were challenged and accused of being registered Democrats.

Report New US Try To Gain Tidelands

DALLAS, Oct. 30. (AP)—The Dallas News said today the federal government is looking for a way to get control of the tidelands of Texas and other states without having to go through Congress.

Allen Duckworth, state editor of the News, wrote that the move may come as an executive order by President Truman. Or, he said, it may be a new statement of policy by the Department of Interior—made after approval of the President.

The reason would be the need of more oil production for national defense, Duckworth wrote.

Martin White, solicitor for the Department of Interior, confirmed a report that the federal government might try to move without congressional sanction. He was asked about the story in Washington.

Duckworth quoted Attorney General Price Daniel of Texas as saying that such action "would be the last straw" and that he would resist to the last any such attempt.

White said the department had made no final decision. That would come, he said, after a conference at the "very highest order." That "higher level," Duckworth wrote, is presumed to be the White House.

Another source told the News the Department of Interior had caused informal talks to be held with oil companies having state drilling leases. Oil companies with state leases were asked what their attitude would be if the federal government took over and replaced their state leases with federal leases.

In effect, Duckworth wrote, that would mean that the federal government would protect the investment of the oil companies.

Losers would be the states. Rentals and royalties that went into state treasuries would be paid to the federal treasury.

Connolly To Speak

CORPUS CHRISTI, Oct. 30. (AP)—Sen. Connolly will speak Saturday at the convention of the County Judges' and Commissioners' Association.
