

Allies, Reds Debate Plans For Germany

BERLIN, Jan. 20. (AP)—The four military governors of Germany met today in an allied control council meeting which may produce important effects on the future of the Reich.

Soviet Marshal Vassily Sokolovsky was expected to deliver the current views of Moscow and demand a dissolution of the American-British bizonal organization in western Germany.

The address—expected to be one of the most important policy speeches Sokolovsky ever has made to the four-power council—may contain the answers to questions Germans have been asking for months.

The council has not met since the breakdown of the foreign minister's council in London, nor the subsequent formation of a new British-American bizonal setup in western Germany.

Sokolovsky is expected to state the Soviet position on Bizonia, PROTESTS BIZONIA

BERLIN, Jan. 20. (AP)—Soviet Marshal Vassily Sokolovsky made a sharp statement to the allied control council today against the establishment and reorganization of the joint British and American zonal organization, an official reported.

which, it is believed, will be a flat rejection and demand for dissolution of the setup, under which Germans themselves have been given considerably more authority.

Many American and British officials believe that the Russian commander will then declare that the U. S. S. R. wants to force the western allies out of Berlin on the grounds that they have violated the Potsdam agreement.

Sokolovsky also may state the Russian position on British-American proposals for currency reform. This, too, is expected to be a rejection of the latter's terms.

The Russians have insisted on printing half of the new money inside the Soviet zone. The British and Americans have demanded that the new money be printed in Berlin under four-power supervision.

Gen. Lucius D. Clay and Lt. Gen. Sir Brian Robertson, the American and British commanders, respectively, will inform Sokolovsky of the bizonal set-up and invite the Russians to join.

Beef steers, sheep and capons groomed by junior feeders in Howard county will go on exhibition at 5 p. m. Wednesday at the official opening of the 11th annual Howard county 4-H club and FFA Livestock show in the warehouse area of the former Army Airfield.

Visitors at the show may inspect the exhibits at any time after the opening hour until the annual sale begins on Friday night.

Judging has been scheduled for Friday, with steers to be awarded ribbons during the morning and sheep and capons during the afternoon.

The exhibitors will be competing for more than \$500 in prizes arranged by the Big Spring Junior chamber of commerce, sponsor of the show.

Animals exhibited in the event will be offered for sale at auction on Friday night. Sale time has been set for 7:30 p. m.

Judges for the show are John C. Burns, Fort Worth, who will judge beef steers, and W. I. Marshall, San Angelo, who will judge sheep and capons.

The entry list compares favorably with any ever listed for the annual event, with exhibits booked for milk-fed and dry lot-fed steers, fine wool, cross bred and South-down lambs, and capons.

The 4-H club entry list, with name of feeder.

See STOCK SHOW, Pg. 4, Col. 5.

County Stock Show Is Ready For Opening

Tobey Favors Meat Ration Legislation

Senator Backs 'Get Ready' Bill By Colleagues

WASHINGTON, Jan. 20. (AP)—Chairman Tobey (R-NH) of the Senate banking committee came out today in favor of a "get ready" meat rationing law.

But Rep. Wolcott (R-Mich), who heads the House banking group, said he still is opposed to granting President Truman any more cost of living powers "until we see what use he makes of the powers we already have given him to control inflation."

Actually the legislation sponsored by two of Wolcott's Republican colleagues, Senator Flanders (Vt.) and Rep. Javits (N.Y.), simply would authorize the Administration to get ready for meat rationing.

Their bill would let the Agriculture department go so far as to print ration books, but Congress could veto any move to put the program into effect.

The two banking committees constitute the first hurdles the Flanders-Javits bill must clear before it can be considered by both the Senate and House.

The Agriculture department has predicted a serious meat shortage by Spring.

Mr. Truman several times urged Congress to grant the Administration stand-by authority to restore rationing on a limited basis.

The Senate banking committee has been holding hearings on various bills to carry out these sections of the President's 10-point anti-inflation program. It arranged to hear today a group of Army and Navy oil experts.

They were called because Secretary of the Interior Krug told the committee last week that if Congress grants the requested stand-by powers, he will order a 60-day price "freeze" for fuel oil, gasoline, all other petroleum products and coal. Krug also said it might be necessary to ration fuel oil and gasoline.

Senator Buck (R-Del) said he has made up his mind, "as of now anyway," to oppose the bill. He previously had stated he would be for it if he could be convinced that rationing would work without price controls.

See LUNCHEON, Pg. 5, Col. 5.

Pauley Demands Senators Prove Trading Charges

WASHINGTON, Jan. 20. (AP)—Edwin W. Pauley demanded today that Senate investigators either prove he used inside government information for personal gain or acknowledge publicly that he made money in commodities through sheer business ability.

He insisted that the full record of his admittedly profitable market dealings "is a story of profit honestly and honorably made, legally, ethically and in the American tradition."

Pauley, a special assistant to Secretary of the Army Royal, declared "I have never at any time in my life used any government information for personal financial gain."

Flames Destroy Automobile Here

An automobile belonging to Jessie Hall was destroyed by fire at 7:30 p. m. Monday, the city fire department reported.

Firemen said the machine was parked in the 2400 block of Scurry street and it was completely enveloped in flames before the fire was discovered. Cause of the blaze was not determined.

Half an hour earlier firemen were called to 1900 Gregg to another automobile fire, but the fire was extinguished before equipment

from Huey Long's followers by beating Earl Long for governor in 1940, has asked voters to "continue good government" and "hold your gains." He is allied with the present Governor Jimmie Davis, who is prevented by the constitution from succeeding himself.

Morrison has appealed to the farmer and to the labor vote. He has pointed out he was the only member of the Louisiana delegation to vote against the union-curbing Taft-Hartley bill. Organized labor has endorsed no candidate.

Judge Kennon has stressed the fact that he is a war veteran, and has an all-GI ticket. He has roundly criticized Jones' previous administration.

TO CLOSE MORNINGS

The Howard County Library will be closed mornings for the remainder of the week due to the fact that the librarian is ill.

Jester Declares Water Meet First Of Series

Co-operation In Water Programs Urged By Jester

Governor Beauford Jester told a luncheon gathering of the combined service clubs of Big Spring, together with delegates of the West Texas Water conference, today that a "spirit of unselfish cooperation among the cities of West Texas is what it will take to fully restore our soil and develop our water resources."

West Texas, for all of its growth and productivity, is only partially developed, he declared, yet "this great region" faces definite limits on water resources. The problem, he continued, is "how to capture enough of this essential resource to put West Texas civilization on a sound basis for 100 years to come."

Sen. Sterling J. Parrish, Lubbock, presented the governor to the audience gathered in the Settles ballroom, and predicted "this meeting will be recorded in history as one truly affecting the destiny of a great people and a great section." Interest of Gov. Jester was especially appreciated, he asserted, because "we have been so long ignored (in West Texas)."

Lloyd Wooten, president of the junior chamber of commerce, hosts for the luncheon, introduced Frank Kelley, Colorado City, co-ordinator for the conference. Kelley in turn presented visiting dignitaries and Paul Rieker, Big Spring, who sang during the serving period.

The governor said he doubted "if West Texas has ever had a more important conference than the West Texas Water Conference which has assembled here today." He said that many people in the area "are not fully aware of the limits of water resources within this great and productive region."

He reviewed hydrological surveys by the state board of water engineers and the U. S. Geological Survey, but said data on small watersheds (200 square miles and less) and underground courses was inadequate. The governor expressed the hope that "future appropriations" will permit field in-

Decision Near On Tax Slash

WASHINGTON, Jan. 20. (AP)—Republican tax cutting plans reached the decision stage today.

Speaker Martin (R-Mass) called the House GOP steering committee to an afternoon 3 p. m. (CST) session to shape party policy on the red hot domestic issue.

There was every advance indication the committee would: 1. Ignore the urging of Bernard M. Baruch to put off tax cutting for two years.

2. Reject flatly President Truman's request for a 40 "cost of living" tax cut for everyone with an offsetting revival of the wartime excess profits levy on corporations.

3. Throw its weight instead behind a trimmed down version of the Knutson Bill.

High Republicans who would not allow the use of their names predicted the Knutson plan would be trimmed down—possibly to an overall cut of \$4,000,000,000—with chief emphasis on lower rates for taxpayers in the low brackets.

There was general agreement among GOP leaders that present exemptions should be boosted from \$500 to \$600 and that the principle of community property taxation—allowing husbands and wives to split the family income for tax purposes—to be applied uniformly throughout the nation.

Gold Is Released To Back Drachma

ATHENS, Jan. 20. (AP)—In a move to bolster the rapidly depreciating Greek drachma, the United States has released \$2,000,000 in American-held Greek gold, Dwight P. Gross, chief of the American mission to aid Greece, announced last night.

At the same time, threats of an impending large-scale guerrilla attack were reported along the country's northern borders. Reliable sources at Salonika said there were heavy movements of military vehicles in Albania and Yugoslavia, toward the Greek border.

These informants said it was believed an attack was in preparation somewhere along the Greek frontier.

TO CLOSE MORNINGS

The Howard County Library will be closed mornings for the remainder of the week due to the fact that the librarian is ill.

CITY'S GUEST — Governor Beauford H. Jester, is in Big Spring today for the West Texas water conference, which he announced will be followed by similar conferences to encompass all sections of the state.

LETTERS PROTEST 'CZAR'

Band Leaders May Testify On Petrillo

WASHINGTON, Jan. 20. (AP)—Chairman Hartley (R-N.J.) said today he will call on the leaders of some of the nation's "name" bands to tell the House Labor committee whether they like the way James C. Petrillo is running their union.

Hartley told reporters he has had many letters from "rank and file members" of the American Federation of Musicians "protesting some of the things Petrillo has done."

He declined to name any of the band leaders or musicians who will appear, but said they will be questioned on their opinions of the AFM's new ban on musical recordings after the committee has quizzed Petrillo himself tomorrow.

The committee's hearing on the record ban and other AFM activities was in recess today after the completion of testimony from the four major radio networks.

Rep. Lesinski (D-Mich) a committee member, accused the networks yesterday of trying to use the hearings "to intimidate the union" while they are negotiating a new contract with the AFM. Their present contracts expire January 31.

"A committee investigation at this time, when negotiations are going on, tends to make a farce of collective bargaining," Lesinski said. "It seems to me the broadest purpose of intimidating the union."

To Mediate Dispute

LAKE SUCCESS, Jan. 20. (AP)—The United Nations security council voted 9 to 0 today to establish a three-nation "good offices" committee to mediate disputes between India and Pakistan. Russia and the Soviet Ukraine abstained.

CONTEMPT CITATION SOUGHT

Fisher Case Heads Back To Tribunal

OKLAHOMA CITY, Jan. 20. (AP)—The legal battle of a 23-year-old Negro woman to enroll in the University of Oklahoma law school today was headed back to the United States Supreme Court, which only last week directed the state to establish equal law school facilities for Negroes and whites.

A Negro school of law established here in a surprise move yesterday by the Oklahoma state regents for higher education was branded by Negro leaders as a "Jim Crow law school."

At a mass meeting here attended by some 600 Negroes, James E. Stewart, president of the local chapter of the National Association for the Advancement of Colored People, said the association's attorneys will go back to the Supreme Court to contend that "some unit of the state government is in contempt" of the court's ruling.

Roscoe Dunjee, editor of a Negro newspaper here and a national director in the NAACP, said the organization's legal staff is to meet today in Washington, D. C. to plan future legal steps.

Negro seeking admission in the university's law school will not attempt to enroll in the newly created law school but will stand on her application for enrollment at the state university, Dunjee said.

Accompanied by Dunjee and NAACP officials she visited the state university at Norman yesterday morning and filed application to enroll.

Governor Opens Discussions Here

By BOB WHIPKEY Herald Staff Writer

The administration's highlighting of the Texas water problem was emphasized in Big Spring today, with announcement by Governor Beauford Jester that the West Texas regional conference under way here is only the first of a series that will encompass the whole state.

This disclosure was made as the governor opened the discussions pertaining to related water problems of the 92-county areas of western Texas, with the purpose, as he put it, "of taking stock of the present and potential water supplies of West Texas, the present and potential needs of the area, and of endeavoring to find a solution to the acute shortages in some areas."

The governor's remarks, opening a conference that immediately swung into a technical presentation of present supplies and future needs, put emphasis on the fact that all of Texas must develop and conserve water to insure continued development.

"It is late enough," said Jester, "for us to meet and face the water facts of West Texas. But it is not too late, but timely, if from the start we are making today we will go forward determined to solve the vital question of water supply x x x"

A crowd so large that the originally designated meeting room at the Settles hotel had to be abandoned in favor of the municipal auditorium was on hand at the start of the conference. There were upwards of 150 present, including water agency representatives, governmental officials, industrial chiefs and civic workers from all over the state. The visitors were welcomed to Big Spring by Mayor G. W. Dabney.

Under guidance of Frank Kelley of Colorado City, co-ordinator, the program moved briskly, and statistical presentations from four of the nine sub-areas set up for the conference reports had been heard by the noon recess.

Governor Jester's talk referred to the great natural resources of the Lone Star state, to the continued expansion of what he termed the "last frontier for many forms of expansion and economy," but pointed out that "in many areas the municipal, industrial and agricultural growth has reached the maximum unless supplemental water supplies are developed. In fact water is the limiting factor in this development in more than two-thirds of this state."

Every part of Texas needs to make the same study that has been started in the western portion of the state, Jester asserted, and said "I plan to call water conferences for other parts of Texas during the coming months of this year."

The governor later suggested that the Big Spring conference might set a pattern by which other areas could start to work on their own problems. And in his preliminary address he said: "It is hoped that out of this conference of West Texans will come a plan which we can all support for the development, conservation and utilization of every drop of water available for the continued development and expansion of this great section of Texas."

The West Texas water problem was called a tremendous one by another who has made an extensive study of it—J. B. Thomas of Fort Worth, president of the Texas Electric Service company and a guiding hand behind the proposal to impound waters of the Colorado river for use by four, five or more West Texas municipalities.

Thomas appeared on the program following Governor Jester, and said the water problem was like that of eating an elephant: "It can only be done by cutting the elephant into many pieces and getting a lot of people to chewing on them."

Thomas established the thesis that West Texas' hope of solution is the proper conservation and utilization of its meager rainfall. The Permian Basin area, he observed, has enough water fall to satisfy its orderly needs only with the most careful, sustained, long-range planning.

"All the water we're going to get comes in rainfall," he said, "and it doesn't fall when we want it to. All that goes into storage, either above or below the surface, must come from the rains. We need every drop that falls on West Texas, and we must arrange for and conserve that storage, both above and below the surface."

Thomas said that some West Texas towns are on almost a hand-to-mouth basis in water supplies, and that continued growth will be dependent upon the establishment and proper utilization of additional supply.

During the afternoon, further presentation of sub-area briefs was

SIDELIGHTS

Official Car Assists In Highway Case

It took an assist from Gov. Beauford Jester's official car to pin a driving while intoxicated charge against one party here last night.

Tuesday afternoon the governor answered a subpoenae before the 70th district court grandjury to confirm details of the incident in which his highway patrol escort caused the suspect to be nabbed.

The Jester car, traveling from Austin in the direction of Big Spring Monday evening, pulled in behind a weaving truck which reportedly ran several oncoming machines off the highway.

Driver of the official car, unable to contact Big Spring's police department on his short wave radio, instead turned in San Angelo police, which in turn notified the Department of Public Safety headquarters in Austin.

The local patrolmen were alerted by Austin in due time and drove several miles southward, where they stopped the trucker and took him into custody. His cargo proved to be a load of perishable food.

He was Eunice Kere of Raymondville, who entered a plea guilty to the charge in county court this morning and was fined \$100 and costs.

Another person facing the same charge, Homer Henry, also entered a plea of guilty and was fined \$75 and expenses.

Weather brought Governor Beauford Jester into Big Spring earlier than his original plans had called for.

He had announced intentions of flying here from Austin Tuesday morning, but late Monday airline flights were cancelled in central Texas. The governor moved up his schedule, made the trip here by car, reaching Big Spring about 9 p. m.

He isolated himself for the rest of the evening to complete notes for his Tuesday talks, working with a volunteer stenographer, Mrs. Harold Canning, who answered a local "emergency" request to assist in handling dictation and typing work.

The water conference here today attracted the largest representation of the Texas daily press that has been in Big Spring in several years, probably since the West Texas chamber of commerce convention in 1940. Writers were here from the Amarillo News-Globe, the Lubbock Avalanche-Journal, the Plainview Herald, the San Angelo Standard-Times, the Abilene Reporter-News, the Fort Worth Star-Telegram, and the Dallas Morning News.

Dulles Says U.S. Must Counteract Reds In Europe

WASHINGTON, Jan. 20. (AP)—John Foster Dulles said today Soviet leaders are trying "by every act short of new war" to destroy the weakened economies of Europe's free states.

The Republican foreign affairs expert told the Senate Foreign Relations committee that this effort "will probably succeed unless the United States does something to help these convalescent countries regain their health." He testified at the committee's hearings on the Marshall Plan for American aid to 15 western European nations.

Dulles said it is to the "enlightened self interest" of this country to take the "step towards peace" involved in aiding those European nations now outside the communist orbit.

Dulles told the Senators he became convinced at the London foreign ministers' conference that the drive for peace has passed from the "words" to the "deeds stage."

NO FAVORITES

Louisianians Will Decide Puzzling Governor's Race

NEW ORLEANS, Jan. 20. (AP)—Louisiana Democrats braved a prediction of chill rains today to express their choices for governor in one of the state's most puzzling political contests of recent years.

Seeking the office are former Governors Sam Jones and Earl K. Long, U. S. Rep. James H. Morrison and Appeals Judge Robert F. Kennon.

Veteran political observers have shown little agreement in ideas on the relative strength of the candidates, probably survivors for a second primary Feb. 17, and potential lineup of support in the run-off by today's losers.

The Democratic nominee is certain of election in Louisiana,

where Republicans have been impotent since reconstruction.

The campaign, which began slowly and vaguely, moved to a fast finish on the spur of a charge in Congress last week by Rep. James Dornieux (D-La.) that long had evaded \$100,000 in income taxes. Dornieux said a Jones supporter.

About 900,000 Democratic voters, a record, are officially reported as registered.

Long has based his campaign on promises of highways, schools and old-age pensions. He served as lieutenant governor for about 11 months in 1939-40 moving up to governor following the resignation of Richard W. Leche during the "Louisiana scandals."

Jones, who wrested the state

First Methodist WSCS Begin New Bible Study At Circle Meetings

The Women's Society of Christian Service of the First Methodist church met in Circles on Monday afternoon.

Mrs. W. F. Cook led the Bible study entitled, "Great Prayers of the Bible," at the regular meeting of Circle One which met with Mrs. L. W. Croft.

Mrs. Dave Duncan gave the part, "Jacob at Bethel," Mrs. H. F. Taylor gave, "Prayers in the Life of Joseph," and Mrs. H. M. Rowe compared "Prayers of Abraham and Moses."

Mrs. T. J. Walker was elected president, replacing Mrs. Clyde Johnston, who recently resigned.

It was announced that both Circle One and Circle Two would serve at the Rainbow Girl's banquet, which will be held at the Methodist church Feb. 12.

Refreshments were served to Mrs. W. L. Vaughn, Mrs. B. H. Settles, Mrs. T. J. Walker, Mrs. H. F. Taylor, Mrs. H. M. Rowe, Mrs. Clyde Johnston, Mrs. Abbey Anderson, Mrs. E. E. Gay, Mrs. S. B. Nobles, Mrs. L. W. Croft, Mrs. M. Wentz, Mrs. W. F. Cook and Mrs. Dave Duncan.

Mrs. Cecil Collins and Mrs. R.

Missions Is Topic Of Baptist WMU

"Missions in the Bible" by Mrs. J. B. Lawrence was the topic of discussion at all circle meetings of the East Fourth Baptist church. Circles one and two met in the home of Mrs. Cleve Reece with Mrs. A. W. Page leading the missionary discussion.

Mrs. Cleve Reece led the opening prayer.

Attending were Mrs. O. R. Smith, Mrs. Martha Smith, Mrs. L. B. on, Mrs. A. W. Page and the hostess.

Circles Three and four met in the Tom Buckner home.

Mrs. Bill Sandridge called the meeting to order and Mrs. J. S. Parks led the opening prayer. Mrs. George McLellan gave the devotional taken from Luke 4:21-26.

Mrs. D. J. Wright, mission study chairman, led the program on missions. She brought out the idea that the whole outlook of the Old Testament is missionary, the fundamental reason for missions is that God is reaching out for a lost world to save it. Since man is a sinner, then God must seek him. Hence the whole movement of divine revelation is God's movement toward man and not man's movement toward God. This is the heart and soul of missions.

Those attending were Mrs. K. L. Click, Mrs. L. F. Brothers, Mrs. C. M. Harrel, Mrs. R. J. Barton, Mrs. J. S. Parks, Mrs. Bill Sandridge, Mrs. George McLellan, Mrs. D. J. Wright and the hostess. Circle Five did not meet.

RIDING HIGH - Correct ski wear for winter 1948, as designed by Fred Picard - water repellent poplin skirt piped in bright color, worn with black gabardine pants and helmet stocking cap.

Rev. Gage Lloyd Reviews Book At Auxiliary Meeting

The Rev. Gage Lloyd gave a review of the book, "Committed Up to Us" which is based on the challenge to world wide evangelism at the meeting of the Presbyterian Auxiliary Monday morning.

The Auxiliary met for an annual inspirational meeting and the Rev. Lloyd led the opening prayer.

Mrs. L. B. Edwards, auxiliary president, announced the schedule for the week of prayer and self-denial which is next week. The auxiliary is to meet in the home of Mrs. Edwards on Monday afternoon at 2:30 in the L. G. Talley home on Tuesday and with Mrs. Gage Lloyd on Thursday.

Mrs. A. A. Porter led the closing prayer.

A covered dish luncheon following the meeting was served to Mrs. A. B. Brown, Mrs. L. B. Edwards, Sally Norton, Mrs. W. R. Settles, Mrs. E. C. Boater, Mrs. L. G. Talley, Mrs. Sam Baker, Mrs. Dee Davis, Mrs. A. Ruhpp, Mrs. Gage Lloyd, Mrs. Steve Tamsitt, Mrs. Paul Solder, Mrs. A. A. Porter, Mrs. Cecil Wasson, Mrs. F. H. Talbot, Mrs. Dalton Mitchell, Mrs. G. A. Barnett, Mrs. Lula Hardy, Mrs. E. L. Barrack, Mrs. W. G. Wilson, Mrs. T. S. Currie, Mrs. Bob Eberley, Mrs. L. E. Milling and Mrs. F. W. Medley.

Junior Girls Auxiliary Hear Stories At Meet

"Little Candles" was the topic of the program of the Junior Girls Auxiliary of the First Baptist Church Monday afternoon.

The candles of different colors, red, yellow, brown, black and white, representing the different races of people were lighted from a tall white taper which represented Jesus, the light of the world and was placed on a birthday cake.

At the close of a story on this subject, the group sang, "This little light of mine." A story about fairy shoes, which told about a junior girl who took the words of Jesus "follow me" and fitted them to her life so that she might always travel the right pathway just as if she were wearing magic shoes, was also told to the girls.

A letter from M. Baranyay, secretary of the Hungarian Baptist Union was read. The girls sent food to Europe in November and this was the first reply.

Those present were Glennie Coffey, Mary Frances Norman, Janice Brooks, Ethel Chapman, Janice Anderson, Lisa Jean Turner, Peggy Todd, Virginia Carpenter, Lisa Curry, Anna Belle Lane, Beatrice Hobbs, Evelyn Wilson, Mary Jo Cochran, Janice Rankin, Patsy Beam, Mrs. J. W. Arnett and Mrs. G. L. Brooks.

To detect general evidence of life on planets other than the earth would require telescopes much larger than any in existence.

CHANGE of LIFE?

WMU Of First Baptist Have Four Meetings

The Women's Missionary Union of the First Baptist church met in circles Monday.

The Maybelle Taylor Circle met with Mrs. B. O. Funderburk Monday morning for missionary study conducted by Mrs. Lonnie Coker.

Mrs. Adrian Vaughan led the opening prayer and Mrs. Willard Hendrick gave a short devotional.

The circle decided to get a new Bible teacher for the coming month.

Refreshments were served to Mrs. E. A. Turner, Mrs. Lonnie Coker, Mrs. Marie Haynes, Mrs. Willard Hendricks, Mrs. Leroy Talkington, Mrs. Adrian Vaughan, Mrs. R. C. Thomas and the hostess.

The Lucille Reagan Circle met with Mrs. P. D. O'Brien with Mrs. Vernon Logan giving the program taken from "Do You Know", a column from the Arizona Beacon, a paper on home missions.

Mrs. O'Brien gave the devotional. Those attending were Mrs. McDonald, Mrs. Roy Odum, Mrs. Marie Haynes, Mrs. Dave Puckett and the hostess.

Mrs. H. E. Choate was hostess to the Christine Coffee Circle and she also gave a program on missionaries.

Mrs. G. H. Hayward gave the devotional.

Those attending were Mrs. A. L. Hobbs, Mrs. E. B. Kimberlin, Mrs. G. H. Hayward, Mrs. H. E. Choate, and Mrs. Alton Underwood.

Members of the Mary Willis Circle met with Mrs. Cora Holmes and honored her with gifts as it was her birthday.

Mrs. B. Reagan taught the Bible lesson from John 3:22. Mrs. W. B. Buchanan pronounced the benediction.

Mrs. Theo Andrews will be the next hostess.

Those present were Mrs. B. Reagan, Mrs. W. B. Buchanan, Mrs. R. D. Urey, Mrs. Theo Andrews, Mrs. J. E. Hardesty, a visitor, Mrs. J. L. Haynes and the hostess.

The East Central Circle did not meet because of the weather.

Ackerly Visitors

ACKERLY, Jan. 20. (Spl) - Mr. and Mrs. Ray Adams and daughter, Cherry, visited relatives in Sanger over the week end.

Mrs. R. N. Adams has as her guests Mr. and Mrs. John Lloyd and family of Floydada.

Sunday visitors of Mr. and Mrs. Harvey Adams were Mrs. Bertha Mitchell and daughter, Syble, of Lamesa.

Mr. and Mrs. Charlie Creighton of Big Spring were recent guests of Mr. and Mrs. Fred Thomas.

Velma Crane, daughter of Mr. and Mrs. Bruce Crane, and A. E. Cannon of Amarillo were married there recently.

Mr. and Mrs. Derwood Schoolcraft and daughter, Carol, of Waverly, Kans., were Monday guests of Mr. and Mrs. G. E. Criswell.

Mozelle Rhea of Big Spring visited her mother and father, Mr. and Mrs. George Rhea, Monday.

J. W. Middleton was taken to a Big Spring hospital Sunday, after he had suffered a slight stroke Sunday afternoon.

81 Year Old Fort Worth Lady Gets Rheumatic Relief With Mertzox

"Before taking Mertzox I had rheumatism so bad that I suffered all the time," says Mrs. D. Thomas, 1305 Weatherford Street, Fort Worth. "I think it is the most wonderful medicine I have ever taken, and I am 81 years old."

This splendid medicine goes to work at once to help relieve constipating matter that may have been in the system over a long period of time. Relieves constipation within a few hours and helps to tone the bowels into a more rhythmic action. Expels gas and gives a real seat for food. Helps to build rich, red blood. Aids kidneys and helps to overcome getting up nights. Why not go to your druggist today and ask for Mertzox Compound?

NOTICE

Mrs. Mary Frazier will open her Dining Room at 411 Runnels Street, Thursday, January 22. Good home cooked food will be served. Family Style three times daily.

Mrs. F. C. Robertson Teaches Circle Lesson

Mrs. F. C. Robertson taught the lesson entitled, "Third Missionary Journey of Paul," at the regular meeting of the Martha Circle of the First Christian church, which was held in the home of Mrs. T. E. Baker Monday.

Plans were completed for the covered dish supper, which will be held at the church Thursday night. The Martha Circle will be in charge of the program consisting of musical selections and readings.

At the next meeting, the lesson will be taught from First Thessalonians and all members are urged to bring their Bibles.

Refreshments were served to Mrs. F. C. Robertson, Mrs. C. M. Shaw, Mrs. J. H. Stiff, Mrs. Willard Read, Mrs. Cliff Wiley, Mrs. L. M. Brooks, Mrs. T. E. Baker, Mrs. D. W. Webb and Mrs. H. E. Clay.

Mrs. Whetsel Has Bridal Shower

Mrs. Douglas Whetsel, the former Janetia Byers, was honored with a gift tea in the home of Mrs. E. W. Burleson Friday evening.

Hostesses were Maudie Wilson, Clara Wright, Bonnie Byers, Mrs. Sandy Little, Mrs. James Byers, Mrs. George Riggan, and Mrs. Roy Wilson.

Maudie Wilson, Clara Wright and Mrs. James Byers displayed the gifts. Mrs. Sandy Little presided at the bride's book. Mrs. George Riggan served punch and Bonnie Byers and Emma Wilson served cake.

In the receiving line were Mrs. E. W. Burleson, Mrs. Douglas Whetsel, Mrs. J. T. Byers, and Mrs. A. M. Whetsel.

The honoree wore a gray suit with a corsage of blue iris. Her mother, Mrs. J. T. Byers wore a black and white suit. Mrs. A. M. Whetsel, mother of the bridegroom, wore a black suit.

The table was laid with lace and had a centerpiece of candelabra filled with sweetpeas and ferns.

Approximately 75 persons called during the evening.

Mrs. Garland Conway Is Honored At Bridal Shower In Rowland Home

Mrs. Garland Conway, the former Jacquelyn Flynt, was complimented with a bridal shower in the home of Mrs. Dub Rowland Friday afternoon.

Hostesses included Mrs. W. W. Davis, Mrs. R. W. Rogers, Mrs. Roy Rickner, Mrs. H. H. Long, Mrs. Avery Faulkner and Mrs. Sam Smith.

The table was laid with lace and centered with an arrangement of ivy which created a wishing well effect.

Mary Davis served tea and Mrs. R. W. Rogers served the cake. Johnny Kennon presided at the bride's book.

Those attending were Mrs. Logan Baker, Mrs. J. W. Purser, Mrs. C. E. Higginbotham, Mrs. Billy Casey, Mrs. Dave Carter, Mrs. James McWorter, Mrs. Harry Montgomery, Mrs. S. C. Rhott, Mrs. Aubrey Leonard, Mrs. Earl Brownrigg, Mrs. Ed Freeman, Mrs. Sarah Gibbs, Mrs. Darrel Flynt, Mrs. E. S. Conway, Mrs. Novice Womack, Wanda Conway, Mrs. Ted Jackson, Mrs. J. B. Collins, Mrs. J. W. Elrod, Sr., Mrs. Bascomb Bridges, Mrs. R. L. Cook, Mrs. Mary Coffee Lock, Mrs. Roy Brown, Mrs. J. C. Rogers and Rebecca Rogers.

Mrs. C. S. Kyle, Mrs. W. H. Powers, Mrs. Lee Proctor, Mrs. Miller, Mrs. Leta Kelley, Martha Kelley, Mrs. Jack Nall, Mrs. E. W. Fletcher, Jr., Mrs. H. H. Long, Charlotte Long, Mrs. H. W. Killingsworth, Mrs. Dan Conley, Mrs. J. A. Westmoreland, Natalie Smith, Helen Monroe, Mrs. Durdward Lewter, Mrs. H. C. McNabb, Mrs. E. C. Casey, Mrs. C. B. Sullivan, Mrs. R. A. Porter, Mrs. Albert Davis, Mrs. Ira Henthorne and Mrs. Louise Thompson.

Mrs. Ray Shaw Hosts Lydia Circle Members

Lydia Circle of the First Christian Woman's Council met in the home of Mrs. Ray Shaw Monday evening, with Mrs. F. M. Purser leading the discussion.

Mrs. Purser spoke on, "The hospitality of Women in the Bible."

Georgia Johnson led in prayer. Attending were Mrs. Shelly Hall, Mrs. J. L. Miller, Mrs. F. M. Purser, Zeida Brown, Mrs. J. R. Creath, Georgia Johnson, Mrs. James Wilcox, Mrs. L. A. Eubanks, Mrs. Lloyd Thompson, Mrs. E. H. Hall, Mrs. H. D. Childress and Mrs. M. C. Lawrence.

LOST 37 POUNDS WITHOUT DIETING

"When I started taking Barcostrat, I weighed 210 pounds," says Frederico Rodriguez, 6709 Estaban Street, El Paso, Texas. "I now weigh 173. I ate anything I wanted. I have not gained any weight since."

When you buy Barcostrat, you buy a preparation for taking off weight. You do not pay for any printed diet - nor for vitamins to fortify you against weakness while on a starvation diet. You need never know a hungry moment while taking Barcostrat.

If you are overweight and want to take off ugly fat, just go to your druggist and ask for four ounces of liquid Barcostrat. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take just two tablespoonful twice a day. That's all there is to it.

More than a million bottles of this amazing grapefruit juice recipe have been sold in Texas in 3 years.

If the very first bottle doesn't show you the simple, easy way to take off ugly fat, return the empty bottle for your money back.

Telephone preview for 1948

As we enter 1948, the 50,000 telephone people in the Southwest are continuing to work hard to make telephone service better than ever and to get service to people waiting. Here is what we think 1948 will bring:

INSTALLATIONS

Shortages of switchboards, cable, and wire continue, but we were able to install 460,000 new telephones last year for a net gain of 295,000. This year we expect to equal or better that total.

CONSTRUCTION

Dollars spent on construction last year came to 115 million, close to three times as much as in any previous year. In 1948, the job will take even more money—150 million dollars! That will buy new buildings, switchboards, cable, wire, and other things needed to supply more and better telephone service.

DEMAND

Demand for telephones continues at 50,000 a month. New orders keep the waiting list long, but it is smaller now than a year ago. About 200,000 persons in the 700 exchanges we serve are now waiting for service, but 3 out of 4 of them applied in 1947.

LONG DISTANCE

Improvements in long distance service are coming in 1948 as we add more miles of wire needed to handle calls. Some 50,000 miles of circuits were added in 1947. We expect to double that total in 1948.

SERVICE

Telephone service will grow better as more switchboard equipment brings relief from the extra-heavy loads now being carried. More than 18 million calls a day were made in the Southwest during 1947. This is well over a million more than the previous year, and a new record. The trend is upward for 1948.

RURAL SERVICE

We connected 50,000 more rural telephones last year. Our large-scale program to bring telephone service to more farms will continue in 1948. We hope to be serving 260,000 telephones in rural areas by the end of this year, nearly twice as many as at the start of 1946.

We worked hard to do what we did in 1947. We've still got an uphill job. We'll be doing the best we can to put in more telephones and further improve telephone service during 1948.

Beef Tragedy

OKLAHOMA CITY (UP)—Nine pieces of fire-fighting equipment stopped at Mrs. D. M. Evans' home but the firemen were too late to save her beef roast that had burned to a crisp. Neighbors who saw smoke from the Evans' kitchen sounded the alarm.

Garbage Safe

ATLANTA, Ga. (UP)—The City Health Department dares any hostile force to pull an air raid on its garbage dump here. Discarded air raid alarms have been installed at the incinerator to call officials when they are needed at the general office.

Torn, Paid For

NEW BEDFORD, Mass. (UP)—A New Bedford citizen who tore up two library books 20 years ago saved his conscience by sending Librarian William T. O'Rourke \$15.

Bill Runs High

AUBURN, Ala. (UP)—Alabama Polytechnic Institute extension service experts say that rats run up a yearly feed bill of \$5,000,000 in the state. Entomologist W. A. Riffin said an average rat destroys around \$2 worth of food stuff a year.

Big Spring (Texas) Herald, Tues., Jan. 20, 1948 3

Grow More Wool

ADELAIDE, Australia (UP)—The rate of wool production of sheep can be affected by as much as 250 per cent by variations in the nutritive qualities of pastures,

according to investigations of the Australian Council for Scientific and Industrial Research. Early experiments showed that one to two ounces of protein supplement per sheep per day resulted in the production of extra wool.

Donald's Facing Expansion Plans

Donald's Drive Inn, one of the most popular eating places of its kind in Big Spring, will shortly be enlarged. Donald Brown, proprietor, announced recently.

Increased business has forced Brown to think in terms of more ample quarters. As a result, he now plans to make the establishment big enough for 40 booths, compared to the 24 it now has.

Another business establishment located on one corner of the drive inn's lot was recently moved away, providing additional parking space for Donald's customers.

The concern, which specializes

in Mexican food, is located at 2408 Gregg street and, due to its proximity to Highway 87 South, it has become a favorite stopping place for tourists and local residents alike.

Steaks, chops and short orders can also be prepared by Donald's cooks. Liquid refreshments of all kinds are also sold.

Car-hops, who are on duty at Donald's at all hours, are prepared to accept the orders of persons who do not care to leave their vehicles.

Special neon lights distributed across the top of the establishment are designed to catch the eye of the passer-by in the evenings. The friendly atmosphere the customer experiences once he does call influences him to visit the place again.

Business telephone number of Donald's is 9507.

Year Around Special
Ice cream is a special the year around with Banner Creamery. In fact, special flavors and blends are stressed for each month of the year, so that there is never a time that Banner is not ice-cream conscious.

Stagg Provides Machine Service To Local Shops

A complete stock of automobile parts, plus a machine shop service unsurpassed in this area is available to automobile mechanics and car owners here through Stagg's Auto Parts and Machine Shop located at 415-17 East Third street.

This local establishment is operated chiefly to take care of demands of mechanics and retail automotive servicing and repair concerns in the Big Spring area, and at the same time to offer a variety of accessories to motorists on a retail basis.

The Stagg's automotive machine shop is strictly a wholesale department. Here, local mechanics and garage men can depend upon precision work of the highest type for a number of services, including complete rebuilding of motors, re-conditioning bearings, reconditioning rods and regrinding crankshafts.

On shelves in the Stagg's stock department are all types of mechanics tools and various other equipment required for operation of automotive servicing units and shops.

Parts and other equipment carried in stock are all of nationally known brands. Stagg's also offers car owners attractive, dependable accessories.

FLORAL HEADQUARTERS — This attractive, homey atmosphere from outside through all of Caroline's Flower shop, provides a congenial setting for local floral headquarters — 1610 Gregg — whether for latest and freshest cut flowers, bouquets, sprays, pot plants or bulbs and flower plants. Caroline's stocks are seasonal, complete and thrifty. (Jack M. Haynes Photo).

Banner Ready For Big Demand Gain

All signs point toward a big and busy year in Big Spring—and Banner Creamery is ready for it. Right now Banner is receiving more milk from its producers than is necessary to meet the immediate demand, and with the seasonal increase in the spring, the concern will be more than able to meet increased milk and cream needs.

More than that, Frank Powell, manager, is directing a complete overhaul of the plant machinery, including all engines, compressors and tanks. Besides giving assurance of maximum refrigeration performance, Banner will be ready to produce 2 1/2 tons of crystal clear, pure Banner ice every day.

How Banner has succeeded from boosting its producer yield from about 200 gallons at this time last year to 1,020 gallons per day now is no accident, Powell explained. Banner decided to go in for on the spot production and as a result began gathering quality dairy animals from other sections of the state. These were placed with producers, old and new, and as a result the production is multiplied five times with the spring flow—which usually about doubles production—due to come. In addition, Banner has around 800 gallons per day on the local shed from Colorado City, which can be utilized any moment.

So come what may, Banner is ready to supply the demand, Powell explained.

Quality, Quantity Same; Color Awaits Greenery Of Spring
If your cream line looks peaked these days, don't be alarmed. The color will be back with spring. When cows begin grazing on wheat, barley, oats or any spring grasses, the color of cream will begin to take on that rich, yellow hue. Meantime, the nutritional value of cream is still just as great, according to Frank Powell, Banner manager, and Banner milk maintains just as great percentage cream in winter as summer.

LONDON, Jan. 20. (AP)—Prime Minister Attlee rejected today a proposal that he organize a meeting with President Truman, Prime Minister Stalin and the heads of other Allied states in an effort to prevent further deterioration of the international situation.

Sponge fishing is frequently mentioned in ancient Greek literature.

What To Do For That Sluggish, Down-and-Out Feeling

Remember the time when you could eat like a horse, bubble-over with energy, get up in the morning, feel like a new man, and digestion was fast, strong as an ox? As the years advance the "old stomach" and the "old changing blood" need help. Now you may again release vibrant energy to every muscle fiber, get up every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

UMT Is Urged At Legion's Defense Rally

AUSTIN, Jan. 20. (AP)—The United States has not gone to sleep following World War II as it did after previous conflicts, Sumner T. Pike, member of the U. S. Atomic Energy commission, told post office workers of the Texas American Legion in a defense rally here yesterday.

While Pike believed the nation's chances of being prepared for war are better than any other postwar period, Lt. Gen. Walton H. Walker, Fifth Army commander, stressed the need for keeping up the armed forces through universal military training.

"Until world peace can be assured, we must set up a force to show that aggression will not be profitable," Gen. Walker declared.

The atomic bomb is no more suitable as the only weapon for national defense than is a 16-inch gun for guard duty, Pike stated. It does not dispense with any branch of the present armed services, he explained.

His personal view was that preparedness for war will not necessarily bring on war. The contrary view of the pacifists hardly fits the facts of history, he observed.

Schools Receive Peach Shipment

West Texas schools have received a shipment of 1774 cases of dried peaches from the United States Department of Agriculture, which will be distributed to school lunch rooms.

Group Approves 24 Soil Plans

An addition 24 plans for conservation practices to be carried on during 1948 have been approved by the county committee in the past two weeks, bringing to \$11,632.47 the aggregate money allocated for such work thus far.

In all, Howard county was allocated a total of \$35,400 for such work during the current year.

Tracing applications and the number of feet in the plans approved by the committee included:

W. H. Haney, 6800 feet; Eddie J. Carpenter, 4070; Jim Meadow, 33,000; L. J. Painter, 21,120; Roy Lewis, 33,000; Dock Wallace, 4000; C. A. Self, 23,760; Walter Robinson, 10,560; Leland Wallace, 10,560; Dr. W. B. Hardy, 35,120; and Alvin M. Anderson, 35,120.

Senators Reject Plea For Kuter As Head Of CAB

WASHINGTON, Jan. 20. (AP)—The Senate Armed Forces committee today rejected a personal plea from President Truman to allow Maj. Gen. Laurence S. Kuter to become chairman of the Civil Aeronautics Board and retain his rank and pay as an air force general.

The committee refused to approve necessary special legislation in the case. This confirmed an earlier unanimous vote by the same committee against the legislation.

Senator Bridges (R-NH) told reporters there were two votes. He said the first was on a proposed compromise by Senator Tidings (D-Md.), which would have allowed General Kuter to serve for one year as CAB head with the committee sending a letter to Mr. Truman saying it disapproved of the policy of naming military officers to civilian jobs.

Water Meet Opened By Governor Jester

(Continued from Page One)

on the program, and from these produced. With drilling of more wells, the water table is falling, and ultimately irrigation will be retarded.

Childress area, compiled by D. T. M. Davis and reported by L. A. Chapman of Colorado City; most towns and villages in area dependent upon wells, since much of surface water is contaminated (gyp and salt); average daily consumption in area 3,500,000 gallons, will jump to estimated 8,000,000 by 1980. Most of wells short-lived, and additional surveys contemplated.

Ahliene-Big Spring area, nine counties, reported by John Womble, Ahliene: surface supplies used in nearly all the area, and where not used, extensive programs underway to develop same. Ahliene has sufficient lake resources. Sweetwater developing a new one. Robert Lee and Bronte hard pressed and looking to Colorado river development; Colorado City's demand soaring, quality of well water poor.

Permian Basin area, reported by M. J. Benefield, Odessa: includes Andrews, Crane, Dawson, Ector, Gaines, Glasscock, Reagan, Midland, Upton, Ward and Winkler, and an area of great population growth. All areas dependent upon wells, with little opportunity for surface development; water in many communities "gypsy." Surveys under way toward the Colorado river development for Midland and Odessa. It was predicted by Benefield that water needs will quadruple between now and 1980, soaring from a present usage of 18,000,000 gallons daily to more than 75,000,000.

At the conclusion of the briefs, D. A. Bandeen, manager of the West Texas chamber of commerce, was to give a summation. This was to be followed with talks by John D. McCall, water rights attorney for Dallas; E. V. Spence, chairman, State Board of Water Engineers, and representatives of the U. S. Geological Survey—Trigg Twitchell, surface waters; W. L. Broadhurst, ground-water; and B. Ireland, water quality. Also to be introduced are John W. Pritchett and H. A. Beckwith, members of the Water Board, J. E. Sturrock, manager of the Texas Water Conservation association; and Charles H. Miller, Pecos, member of the Water Compact commission.

No. 1 Arledge, Coke County, Is Completed

Sun Oil company No. 1 J. W. Arledge, recent discovery for a new oil field in north-central Coke county, has been officially completed.

On a 24-hour flowing potential test the well flowed 176 barrels of 48 gravity oil. The pay at 6,595-6,620 feet, in the Marble Falls lime had been treated with 500 gallons of acid.

The potential test gauged was taken through a one-quarter inch tubing choke. Gas-oil ratio was 1.270-1. Casing pressure was 975 pounds and tubing pressure was 300 pounds.

This new discovery is eight miles east and one mile north of the Jameson field, the nearest oil field and also a Sun discovery. It is four and one half miles north-west of Anco, and 1,980 feet from south and west lines of section 261, block 1-A, H&TC survey.

Plymouth Oil company No. 1 Foster, North-Central Sterling county exploration, about 11 1/2 miles north and west of Sterling City, has shown its first signs of oil and gas in the Ellenburger.

Operator ran a four hour drillstem test at 8,316-71 feet, for four hours recovery was 270 feet of clean oil and 270 feet of oil and gas cut drilling fluid. No formation water developed.

There was a blow of gas at the surface after the tool had been opened 12 minutes. It was not gauged or estimated.

Operator was to drill five feet deeper and take another drillstem test. This development is a long southwest stepout from the same company No. 1 Frost, which has made a small amount of oil and some water from a thin Ellenburger section at 8,354-64 feet.

Sun oil company No. 1 Hale, northeast Martin county prospect, about 19 miles north of Stanton, and 1,980 feet from north and east T&P survey, T-3-N, was taking a drillstem test 1 A, sand section at 7,030-7,065 feet.

That formation had logged some shows of oil. The age of the zone has not been officially identified.

County Cash Balances Rise

Howard county cash balances rose sharply during December on the basis of heavy receipts.

Net gain was \$64,000 on receipts of \$114,800, for disbursements totaling \$50,800. As a matter of fact, the actual receipts and disbursements were \$10,000 less than these figures show, for that amount was in a transfer, shown both as an expenditure and a receipt.

Heaviest disbursements came from the general fund, where \$13,605 was expended, and next heaviest was in the road and bridge fund, where \$11,703 was the outgo. The officers salary fund expended \$7,892, the jury fund \$3,452; permanent improvement \$123; special road and bridge \$10,000 in a transfer to the road and bridge; \$3,750 on 1945 road bond redemption; and \$78 on lateral road.

Receipts and ending balances of all funds were: Jury \$6,295 and \$5,727; road and bridge \$12,197 and \$9,790; general \$29,506 and \$24,389; officer salary \$9,388 and \$4,589; permanent improvement \$8,915 and \$12,396; special road bond \$110 and \$2,928; road and bridge special \$16,940 and \$14,464; viaduct warrant \$46 and \$841; road bond 1945 series \$10,745 and \$18,756; lateral road none and \$4,830; road machinery warrants (three accounts) \$10,682 and \$15,957; road bond 1945 series balance \$55,047.

Winter sports were added to the Olympic program in 1924—four have been held.

Dvina Departs

TOKYO, Jan. 20. (AP)—The Russian ship Dvina, which entered the northern Japanese port of Kushiro Jan. 13 after nearly sinking in a severe storm, departed today in tow of a Russian tug. Kyodo news agency reported. The destination was not announced.

TAXES An Accounting Problem

Income is determined by accounting. So, accounting is at the root of income taxation.

Naturally, business has always turned to Certified Public Accountants for aid in preparing its income tax reports, and for assistance in settling disputed tax items with the government.

The government, too, welcomes the aid of CPAs in explaining to taxpayers the accounting requirements involved as evidence by the fact that the Treasury Department authorizes CPAs to represent clients in tax proceedings.

By assisting in the prompt payment of the right amount of taxes — corporate or individual — Certified Public Accountants help to reduce the cost of paying — and collecting — the Nation's Taxes.

11th Annual 4-H Club Show January 21-22 and 23

Tuesday and Wednesday this section's spotlight will be focused on the livestock industry in Big Spring and surrounding territory... outstanding development, featured by this annual Livestock Show, has won public approval for the movement which, in effect, is based on service to the community. It has been instrumental in teaching the youth of this section to be self-supporting, progressive and independent... It has—and will continue—to make Big Spring a better place in which to live.

ATTRACTIVE SHOW LIST

**Livestock Prizes, Premiums
 Will Aggregate Over \$500**

Premiums and special prizes at the 11th annual Howard County 4-H club and FFA boys Livestock Show will aggregate something over \$500, composing one of the most attractive lists ever offered at the event.

All regular premiums were arranged by the junior chamber of commerce, sponsor of the show, in co-operation with dozens of Big Spring and Howard county business men and other individuals.

Premiums have been assured for the first 10 places in each class of the various divisions, which include steers, capons and lambs.

The beef steers will be divided into four classes, with showings for both heavyweight and lightweight milk-fed animals. Premiums for each class will be \$12 for first place, \$10 for second place, \$8 for third place, \$8 for fourth place, \$7 for fifth place, \$6 for sixth place, \$5 for seventh place, \$4 for eighth place, \$3 for ninth place, \$2 for 10th place.

In addition, the champion dry-lot fed steer and the champion milk-fed steer and the champion milk-fed steer and the champion milk-fed steer of \$10 each, the grand champion of the show will receive a wrist watch, the reserve champion will receive \$25 and the steer making the most gain since June 11 will receive a special prize of \$20.

Premiums for both heavyweight and lightweight classes of capons will be offered as follows: \$2 for first place, \$1.75 for second place, \$1.50 for third place, \$1.25 for fourth, \$1 for fifth, 50-cents for sixth, seventh, eighth, ninth and 10th.

Grand champion capon will receive an additional prize of \$3, while the reserve champion will receive \$2.

Heavyweight and lightweight fine wool lambs and heavyweight and lightweight cross bred lambs will compete for the following premium list: \$5 for first place, \$4 for second place, \$3 for third place, \$2 for fourth place, \$1 for fifth, sixth, seventh, eighth, ninth and 10th places. The champion fine wool lamb and champion cross bred each will receive \$5 additional, while reserve champions will receive ribbons.

Five prizes will be offered in the Southdown lamb class, with first place to receive \$5, second place \$4, third place \$3, fourth place \$2, fifth place \$1. Premium for the champion Southdown will be \$5.00.

A prize of \$10 will be offered the grand champion lamb of the entire show, while the reserve champion will receive \$5.

C-46 Crashes Near Mukden Airport

SHANGHAI, Jan. 20. (AP)—A Chinese National Aviation Corp. C-46 transport plane, reported loaded to capacity, crashed a few minutes after its takeoff from the Mukden airport today, it was reported here.

Pilot C. F. Wiss, an American (hometown unavailable), two Chinese crewmen and 10 passengers were reported hurt, some seriously.

Freedom Train Will Stop At Amarillo

AMARILLO, Jan. 20. (AP)—Congressman Gene Worley notified friends here yesterday that the Freedom Train would visit Amarillo May 16. The train had not been scheduled to stop here at first.

**Investigation
 Of Explosion Is
 Resumed By Army**

SAN ANTONIO, Jan. 20. (AP)—A three-man board of Army officers today resumed its probe into a series of sewer blasts and fires that damaged Fort Sam Houston and an adjoining residential area last Saturday night and early Sunday morning.

The board yesterday estimated damage to the post's sewer system at \$15,000.

Fire damage in civilian areas nearby previously had been estimated by Fire Chief C. A. Hart of San Antonio as \$20,000.

Members of the board of inquiry are Lt. Col. E. R. Cowles, post inspector; Lt. Col. Ruben Starr, assistant post executive officer and Lt. Col. K. D. Vernor, post engineer and fire marshal.

**Veterinarians Study
 Their Problems**

SAN ANTONIO, Jan. 20. (AP)—Some 200 members of the State Veterinary Medical association of Texas today continue their discussion of the profession's problems.

Yesterday the group elected these officers:
 Dr. D. C. Frederick of Houston, president; Dr. William Hardy, second vice president, and Dr. C. C. Young, Nacogdoches, third vice president.

Dr. E. W. Wupperman, Austin, was re-elected treasurer and Dr. E. A. Grist, College Station, was re-elected executive secretary.

**Red-Bearded Man
 Robs Pharmacy**

LUBBOCK, Jan. 20. (AP)—A red-bearded bandit last night robbed a Lubbock prescription pharmacy of \$175 in cash and 400 grains of assorted narcotics. It was the second such robbery here within a month.

The robbery took place about 9 p. m. The man forced owner S. M. Lytal and messenger boy Albert Burnett at gun point to open the cash register and safe.

India, Ceylon and the Netherlands East Indies produce about 80 percent of the world's export tea.

Former Science Editor Given Institute Post

SAN ANTONIO, Jan. 20. (AP)—Victor H. Schoffelmayer, science editor emeritus of the Dallas Morning News, today was appointed to the staff of the Southwestern Research Institute of San Antonio and Houston, acting director W. M. Hammond said. Schoffelmayer, for 30 years science and agriculture editor of the

News until his retirement last year, will be an active member of the staff of the Institute, which was recently endowed by oil man Tom Slick to conduct research for Texas industry on a non-profit basis. Hammond said Schoffelmayer would serve largely in a consulting capacity, working with chemists, biologists, botanists and engineers in the laboratories. Schoffelmayer has written several books on agriculture and chemistry. Alligator snapping turtles reach weights of more than 200 pounds.

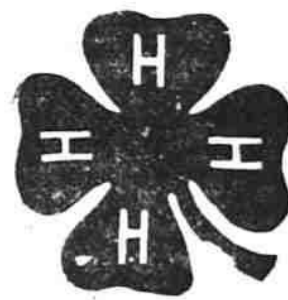

OTHERS HELP

JayCees Arrange Details Of Show

Members of the Big Spring junior chamber of commerce, sponsoring organization, and several other interested individuals have served in various capacities in making suitable arrangements for the 11th Annual Howard County 4-H club and FFA Boys Livestock Show. Several of the workers also will devote considerable time to chores which must be pursued while the show; M. T. Jenkins, assistant superintendent; Ed Robnett, assistant ward-lewter, who will serve as general superintendent of the show; M. T. Jenkins, assistant superintendent; Ed Robnett, assistant superintendent; Donald Lay, assistant superintendent in charge of milk-fed steers; Sam Buchanan, assistant superintendent in charge of dry-lot fed steers; L. J. Davidson, assistant superintendent of sheep; H. O. Phillips, assistant superintendent of sheep; Dale Puckett, assistant superintendent of capons; C. H. DeVaney, weigher. Most of the preliminary work has been effected through work of special committees. The Jaycee publicity committee for the show is composed of Jack Wallace, Herb Feathers and Bill Cox. Serving on the premium committee are Harvey Wooten, Jack Thompson, Travis Griffin, Rad Ware, Bill Horn, C. O. Isabell, Travis Jenkins. The sales committee is composed of H. W. Wright, chairman, Repps Guitar, Bill Cox, Donald Lay, Bob Hodges, Ray Griffin, C. in Grigsby, George White, Marion Edwards. The county adult 4-H club committee also has played a vital role in planning the show. Included in that group are Donald Lay, Sam Buchanan, L. J. Davidson, Ed Martin, W. J. Rogers. The Jaycee standing committee on agriculture is composed of Durward Lewter, Harvey Wooten and Henry Bugg.

Mitchell Boys Ready To Show Their Projects

COLORADO CITY, Jan. 20.—Mitchell county 4-H and F. F. A. boy feeders are ready to go with their Eleventh Annual Livestock show here Monday and Tuesday, Jan. 26 and 27, according to L. A. Chapman, manager of the Colorado City chamber of commerce which sponsors the exhibit each year. Show dates were speeded up to be in tempo with several major state livestock shows being held earlier in 1948 than in former years. Prizes totaling \$1,000 in cash and a number of ribbons will be awarded by the sponsor organization. W. L. Stangel, dean of agriculture at Texas Technological college, will act as judge of the various classes in dry lot and milk fed calves. Nelson DeWolfe of Abilene will judge rabbit entries, and W. I. Marshall, district seven extension service agent, will judge poultry. The show has been moved this year from the city-county building in downtown Colorado City, to the Frontier Roundup grounds east of here on highway 80. A newly erected livestock barn will house exhibits and judging will be done in the rodeo arena which offers bleacher seats to spectators. Hereford breeders from Nolan, Coke, Sterling, Howard, Borden, Fisher, and Mitchell counties will also participate in breeders' classes with prize registered animals. Entries, according to Chapman, indicate that the show will be the largest boys' livestock show ever staged here.

Stassen Wants Texan In Next GOP Cabinet

AMARILLO, Jan. 20. (AP)—Harold E. Stassen brought his campaign for the Republican presidential nomination here last night and told an audience of 2,000 that Texas should be represented in the next Republican cabinet. "This would establish constant participation in the establishment of national policy by a man with the background and knowledge of this great area of our nation," he said. "It would also help in better informed decisions in the United States cabinet and would assist in interpreting national Republican policy to the people of this part of America."

Stassen spoke earlier yesterday at Lubbock, where he called for increased participation in politics by youth. Stassen urged special efforts be made in Texas "to secure the election of at least two Republican congressmen in November."

He also expressed the hope Texas would some day be a two-party state. In answering queries from the floor, he advocated a policy of firmness with Russia and said he favored continuing rent controls, universal military training and a modified Marshall Plan to be administered by a bi-partisan agency.

Stassen scored President Truman's proposed income tax reductions as "a political offer of 40 pieces of silver for every voter." He said he favored an immediate \$3,000,000,000 reduction in income taxes. The GOP candidate was to appear in Tulsa today.

Independent Oil Problems Studied At Midland Meet

MIDLAND, Jan. 20. (AP)—Problems of the independent oil men were stressed here yesterday as officers and members of the executive committee of the independent Petroleum Association of America opened a two-day meeting. Merele Becker of St. Louis, association president, outlined the industry's problem and made particular reference to the material shortage and possible federal control of the industry. Proposed legislation affecting the oil business was outlined by Russell Brown, Washington, Minor S. Jamesone, Washington, submitted reports on production and material shortages. Harold B. Fell of Tulsa, executive vice-president, and C. E. Buchner, Ardmore, Okla., executive manager, also spoke. Becker and E. C. Moriarty, Wichita, Kan., oil man, were on the night program.

During the World War II campaign in France Gen. Eisenhower's armies required more than a million gallons of gasoline every 24 hours.

Bandit Refuses Any Small Change

PHILADELPHIA, Jan. 20. (AP)—A bandit held up taxi driver Richard Hartline but refused to take the money when he found it only amounted to two dollars. "Keep it," snarled the gunman as he took his leave of Hartline. The cabbie scratched his head and decided inflation must be here.

4-H CLUB SHOW TIME AGAIN

January 21 - 22 - 23

Another great show put on by a great bunch of youngsters... We're proud of them.

Allen Grocery

205 E. Third Phone 615

Five Escapes Are Given Sentences

TEXARKANA, Jan. 20. (AP)—Sentences ranging from three months to three years were handed five inmates of the Federal correctional institution here who escaped and were recaptured in November. Sentenced yesterday were Orville A. Holleman, Grand Prairie; Lamar Barnett, Victoria; William McDonald, Waco; Thomas Wigley, Pasadena, and Rod Milton Powell, Jr., San Antonio. All pleaded guilty to charges of escaping and of theft of a government car in which they made their escape.

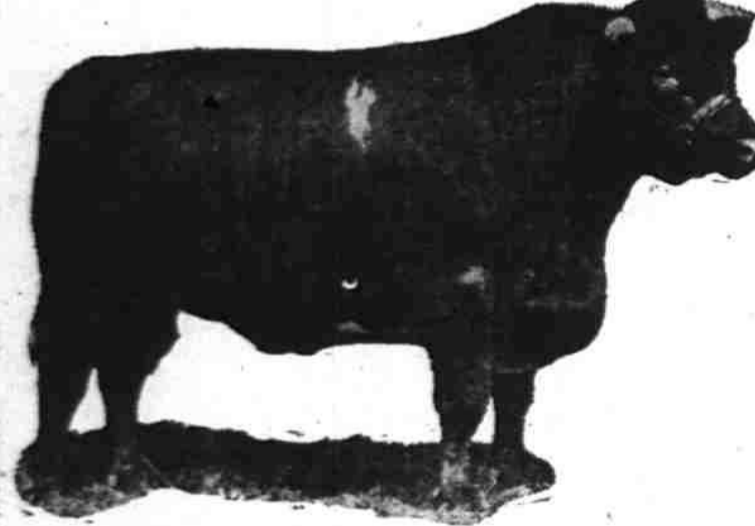

Man Is Indicted For Killing Aggie

HOUSTON, Jan. 20. (AP)—A Harris county grand jury yesterday indicted Donald E. McGowan, 27, of Houston and Boston, in the Nov. 23 death of Robert L. Tucker, 24, Texas A. & M. college sophomore. Tucker was shot a few minutes after he alighted from a bus at Jacinto City. District Criminal Judge Frank Williford ordered McGowan held in county jail without bail.

Lawman Has Personal Interest In Case

PHILADELPHIA, Jan. 20. (AP)—Detective Benjamin Simon had a personal interest in his assignment to track down a thief who stole three pistols from a gun shop. When Simon arrived at the shop yesterday he discovered one of the guns missing was his own, a .38 caliber police special revolver left for re-bling.

There are more than 140,000 miles of oil pipe lines in the United States.

Better Stock

MEANS BETTER BOYS AND A BETTER HOWARD COUNTY

We know that the 4-H Club Livestock Show's purpose is to better an industry that has been the strength of West Texas since its first settlers... and to teach the youth of this region to be self supporting and progressive. We are proud of it.

**Civic Job Proves
To Be Unrewarding**

CINCINNATI, Jan. 19. (AP)—Dave Bingle, who resigned as city truck driver in suburban Cleves last fall to run for council and was elected, has quit council to return to his old job.

Bingle, who took office Jan. 1, told newsmen he thought he could get a job with a private concern after resigning the city post, since it was not possible to hold two positions with the city.

However, he said he was unsuccessful and decided it was more profitable to work for the city as a truck driver for 85 cents an hour than to serve on council at \$96 a year.

Made Good

SHOPIERE, Wis. (UP)—The Congregational Church here decided that 34-year-old Frank J. Doyle has completed his apprenticeship as church clerk. Doyle ran for the post for the 63rd time in the annual church election. The congregation decided to elect him for life.

City Picks Boot

LYNN, Mass. (UP)—Long known as the "Shoe City," Lynn is represented in the state legislature by a delegate named Boot.

VOTED ATHLETE OF THE YEAR — Johnny Lujack, Notre Dame All-American quarterback, shows some of his young admirers how he holds a football when getting ready to have a pass. Lujack was named the male athlete-of-the-year for 1947 in the annual Associated Press poll. (AP Wirephoto).

**Kansas Pushes
Oil Production
To Record High**

ULSA, Okla., Jan. 20. (AP)—Principally as the result of a big increase in Kansas, the nation's crude oil production reached an all-time high average of 5,341,135 barrels daily during the week ended Jan. 17, the Oil & Gas Journal reported today.

The figure was an increase of 11,990 barrels over the previous week's output.

Kansas' production was 294,550 barrels daily, a gain of 22,800 barrels.

Other increases included: California, up 2,200 barrels to 933,600 barrels; the eastern area, up 800 barrels to 62,800; Florida, 150 to 875; Oklahoma, 600 to 407,000; Colorado, 950 to 46,640; Montana, 190 to 25,090, and Wyoming, 240 to 131,390.

Decreased production was recorded in: Michigan, down 2,090 barrels to 44,490; Illinois, off 5,400 to 170,400; Indiana, 1,000 to 17,200; Arkansas, 2,450 to 85,800; Louisiana, 1,800 to 473,150, and Mississippi, 3,200 to 110,400.

Production in Alabama, Kentucky, Nebraska, New Mexico and Texas was unchanged.

**Howard County Will Be Well
Represented At Houston Show**

Howard county will be well represented at the 1948 Houston Fat Stock Show and Livestock Exposition which opens January 31 and continues through February 15 at Sam Houston Coliseum when the 16-day program will be packed with outstanding livestock exhibitions, rodeo thrills, and other colorful educational and entertainment features.

With more than 7500 head of

prize stock expected, and \$80,000 appropriated for this phase, the livestock exposition will surpass that of any previous year. For the first time in the 15-year history of this gigantic southwestern enterprise, the livestock exhibitions will not be held simultaneously. The market show will be held for the first week, and the breeding show, the second week.

**Iraq Students
Riot Against
British Treaty**

BAGHDAD, Iraq, Jan. 20. (AP)—Students and police exchanged shots today as authorities struggled to quell riots by more than 6,000 youths protesting a new British-Iraq treaty of alliance, signed last week.

Demonstrations by mobs of students broke out yesterday and continued today. One mob hurled stones through windows of the United States information service offices, but no attempts to enter was reported. Police foiled efforts of the mob to reach the British embassy.

Today's attempt by police to block crowds of marching, shouting students failed under sheer weight of numbers, and the students resisted with sticks and stones. Police resorted to firearms to halt the mobs, and shots were returned from the ranks of the demonstrators.

It was not possible immediately to determine the number of injured, if any.

A portion of the offices of the English newspaper, Times, here was reported burned as the students expressed bitter resentment against the treaty. Rocks were thrown through windows of the Arab News Agency offices.

Market and public activities were paralyzed as pitched battles between outnumbered police and the students spread throughout the city.

During yesterday's demonstration, crowds of students called for dissolution of Parliament and a new election. They carried banners reading: "Down with British Imperialism," and "long live free independent Iraq."

China Expedition

SHANGHAI, Jan. 20. (AP)—Milton Reynolds, American industrialist, and Bradford Washburn, director of the Boston Museum of Science, arrived last night to prepare for an expedition into the mountains of western China.

**Wildlife Expert
Takes Position
At Oklahoma A&M**

AUSTIN, Jan. 20. (AP)—Dr. Walter P. Taylor, widely known Texas wildlife expert and conservationist, will take up the same sort of work in Oklahoma Feb. 1, friends here have been advised.

Dr. Taylor will set up a new co-operative wildlife research unit at Oklahoma A. and M., Stillwater, on that date. Since 1935, he has been leader of the co-operative unit at Texas A. and M.

Dr. Taylor is known over Texas for his advocacy of game, fish and soil conservation.

Named To Board

McALLEN, Jan. 20. (AP)—Lloyd M. Bentsen, Sr., of Mission has been appointed a member of the board of trustees of the University of Corpus Christi, college president E. S. Hutcherson announced.

THESE WERE CHAMPS IN 1947 — Howard county 4-H Club members will bring out their best steers, lambs and capons Wednesday afternoon when the 11th annual 4-H Club and FFA Livestock Show opens at the former Army Airfield. Animals pictured here took top honors at the show last year, but they will be replaced during Thursday's judging by a new set of champions. The 1947 winners

include James Fryar (above left) whose lightweight milk-fed entry was named grand champion steer; Ronnie Davidson (above right) and his reserve champion steer; Raymond Phillips (lower left) and his grand champion lamb; Delbert Davidson, (lower right) and his reserve champion lamb. (Jack M. Haynes Photos).

Marschall, Burns Will Do Judging

Judging duties at the 11th annual Howard County 4-H club and FFA Livestock Show, which opens Wednesday afternoon, will be performed by two well-known and widely recognized livestock experts.

Judge for beef steers will be John C. Burns, Fort Worth, who serves in a similar capacity for some of the largest regional livestock shows in the Southwest.

W. I. Marschall, San Angelo, will judge lambs and capons. Marschall, a district agricultural agent who formerly supervised the district including Howard county, is well known here. He has made numerous field trips in Howard county pertaining to all phases of agricultural and livestock work, and he has served as judge for past local events and for many others throughout West Texas.

Col. Walter Britton, College Station, will serve as auctioneer at the club sale Friday night. Britton sold club animals at conclusion of the show here last year, and he also has sold animals for the Howard County Hereford Breeders Association and for a number of private auctions of registered cattle in this county.

Twelve Colorado Lions Are Honored

COLORADO CITY, Jan. 20. — With the Rev. R. Y. Bradford as master of ceremonies, Colorado City Lions honored twelve local members for length of membership and service. Presented twenty-five year charter chevrons were Joe H. Smoot, Walter W. Whipkey, Lewis B. Elliott, and Dr. Harry A. Logsdon. Twenty year chevrons were awarded Charles C. Thompson, Thomas R. Smith, president of the organization, and George H. Mahon, congressman from the nineteenth district of Texas. Ten year chevrons went to Dr. Oscar Rhode, Ford Merritt, Charles Root, Bill Williams, and to Dr. W. B. May.

Robertson Cops Bowling Tourney

J. D. Robertson romped home with the trophy Sunday in the final rounds of Nathan's bowling tournament, turning back E. B. Dozier, one of the ranking favorites, and C. J. Staples.

Robertson, warm throughout the tournament, turned on the steam to beat Dozier 530-494 in the semi-final round while C. J. Staples was hard-pressed to turn back Conn Isaacs, 557-545.

Continuing his torrid pace, Robertson then rolled a blistering 566, not too far ahead of Staple's 540 in the final round. Dozier clipped Isaacs in the match for third place.

Crushed To Death

LEVELLAND, Jan. 20. (P)—Wilson Grimes, 26-year-old truck driver, was crushed to death here yesterday when a 2,400 pound drill collar fell as it was being loaded onto his truck.

The awards were presented by P. F. Finch, director of training and safety for American Buslines. Other company officials present at the luncheon were Don Auld, assistant manager of operations west for American; J. F. Carpenter, superintendent of operations for the Dallas district; V. D. Wiley, regional manager, El Paso; C. L. Rogers, supervisor in Big Spring.

Brief addresses were made at the luncheon by city and county officials and local civic leaders who were special guests at the presentation.

The guests included Mayor G. W. Dabney, Chief of Police Pete Green, Sheriff Bob Wolf, County Commissioner R. E. Gilliam, and Lloyd Wooten, president of the Big Spring junior chamber of commerce.

The session here was one of half a dozen such events scheduled at points of American Buslines from St. Louis to the West Coast to give special recognition to drivers with outstanding safety records.

Immediately after the presentation ceremonies, company drivers attending the luncheon convened for a safety training meeting conducted by Finch.

Lu Yu, a picturesque Chinese clown of the 8th Century wrote what is believed to be the first book about tea.

J. Davidson and Clarence Fryar; Bob Simpson, Big Spring, L. J. Davidson.

Exposition Has 17 Howard Entries

Seventeen steers have been entered in the Southwestern Exposition and Fat Stock Show livestock competition in Fort Worth, Jan. 30 through Feb. 8, by the members of Howard County 4-H Clubs.

The 4-H entries will compete in the boys' livestock show. The livestock will be quartered in one of the six new livestock buildings, built at a cost of \$1,500,000, on Will Rogers Memorial show grounds.

Included in the buildings are dormitories providing free accommodations for exhibitors and herdsman. Hot and cold running water, showers and wash rooms are provided in each dormitory.

Livestock and horses entered in the 1948 Southwestern Exposition and Fat Stock Show will compete for over \$71,500 in premiums, a \$10,000 increase over the 1947 premiums.

GM Train To Stay Week In Dallas

DALLAS, Jan. 20. (P)—The "Train of Tomorrow," General Motors' ultra-modern design for railroad traffic, stopped here yesterday for a week's stay.

More than 2,000,000 persons have viewed the streamlined train in eight months of transcontinental travel.

Annexation Ruling

CORSICANA, Jan. 20. (P)—Judge A. P. Mays ruled yesterday the city of Corsicana had a right to annex by ordinance without election some 2,600 acres of land adjacent to the old city limits.

Safety Awards Go To Drivers

Drivers for American Buslines, who have made impressive safety records, were presented awards in ceremonies yesterday at a luncheon meeting in the Crawford hotel attended by officials of the bus company, the city and county.

Highest on the list was recognition for 10 years of driving without avoidable accident by George Webb, veteran bus operator for American.

Others on the list included G. H. Green, six-year award; H. S. Parrott, four-year award; L. B. Wilde, and F. P. Hill, three-year award; J. D. Thompson, L. E. Pate and E. F. Johnson, two-year award; J. C. Trotter and C. L. Rogers, one-year award.

Drivers may qualify for the various awards only by operating their respective buses without accident which might be even partially blamed upon the operator for the designated periods, officials of the bus lines explained.

The awards were presented by P. F. Finch, director of training and safety for American Buslines. Other company officials present at the luncheon were Don Auld, assistant manager of operations west for American; J. F. Carpenter, superintendent of operations for the Dallas district; V. D. Wiley, regional manager, El Paso; C. L. Rogers, supervisor in Big Spring.

Brief addresses were made at the luncheon by city and county officials and local civic leaders who were special guests at the presentation.

The guests included Mayor G. W. Dabney, Chief of Police Pete Green, Sheriff Bob Wolf, County Commissioner R. E. Gilliam, and Lloyd Wooten, president of the Big Spring junior chamber of commerce.

The session here was one of half a dozen such events scheduled at points of American Buslines from St. Louis to the West Coast to give special recognition to drivers with outstanding safety records.

Immediately after the presentation ceremonies, company drivers attending the luncheon convened for a safety training meeting conducted by Finch.

Lu Yu, a picturesque Chinese clown of the 8th Century wrote what is believed to be the first book about tea.

Start For A Pioneering Venture

Governor Beauford Jester could not have selected a spot more cognizant of a water problem than this area in calling the West Texas water conference today.

That is not because of any immediate problems, for indeed the situation in this locality at the moment is sound. But through the years, the constant search for more supplies to match rocketing demands has shown us that water reserves are not solved unless they are solved for tomorrow—and day after tomorrow. And all of West Texas needs to come to a similar understanding of this problem.

It is necessary to grasp two facts—that demand increases not only with population, but in a much greater ratio. For instance, in 1900 Big Spring had 1,255 people. Supply of water was limited pretty largely to what peddlers brought around in barrels from the original big spring. The per capita consumption possibly was no more than 5,000 gallons per year.

Conservatively speaking, our population has increased at least 15 times. Had per

capita consumption remained static, last year we would have required 100 million gallons of water. Instead, we used right at 900 million gallons.

This is not peculiar to Big Spring, but rather typical of the entire region—and the state for that matter. For as cities grow, certain industries are necessary and others are attracted as well as general needs for water multiplied. Thus, the consumption curve accelerates more rapidly than that of mere population.

Extend the population and consumption curves of the past four decades of West Texas and put them against the known reserves and potential supplies of water in this region, and right away the matter is brought into focus.

The conference today is significant because the governor, as the one logical person to call such a parley, has opened the door enough for us to put our foot in the crack. It's a start toward cooperative pioneering in meeting a problem long before it pins us to the wall.

Why A Glass Of Juice Is News

When a glass of lime juice, consumed by a wizened little old man, becomes international news, it's worth a second look.

That tiny nourishment, however, represented the end of a fast that brought leaders of the Hindu realm to their knees and senses. Mohandas K. Gandhi, India's famed mahatma and one of the most dynamic personalities of our age through his historic passive methods, accomplished by a few days of personal starvation

what armed bands had not accomplished through thousands of murders.

All manner of force and threats of force had not offered a ray of hope in the conflict between Hindus and Moslems. Yet this little old man, who doesn't believe in force at all, brings about a real and an immediate hope simply because leaders fear he might starve himself to death.

Perhaps we need a few Gandhis in the international situation.

Affairs Of The World—DeWitt MacKenzie

Gandhi Achievement Is Great

Mohandas Gandhi's fast ("unto death," if necessary) to compel the Moslems and Hindus to cease the bloody strife which has threatened to plunge the Indian sub-continent into war, ended yesterday in triumph for the aged and frail little Mahatma. He received pledges that his peace program would be carried out.

Of course it is probable that not even Gandhi himself believes this means the immediate inauguration of an unbroken era of brotherly love between Hindus and Moslems—between the new dominions of Pakistan (mainly Moslem) and India (largely Hindu). Bitter religious and racial differences which have been going on for centuries can hardly be wiped out in the twinkling of an eye.

Still, the Mahatma's achievement is great, for he has shocked untold millions into pausing and reflecting on the iniquity of communal strife. He has received promises from the government of

India that all steps will be taken to alleviate the plight of Moslems within that predominantly Hindu dominion. And both Moslem and Hindu leaders have sworn that they will strive for communal peace.

This has been an historic event in the stirring life of the Indian peninsula's four hundred millions—the man who, more than any other, has been responsible for winning his people's independence from England. Rarely has his country been so stirred.

On Saturday, when the doctors warned that Gandhi's life was in danger from fasting, the capital city of New Delhi took the day off to pray for his survival. All business was suspended, and thousands of feuding Hindus and Moslems joined in mass demonstrations which were calculated to convince the Mahatma that the religious hatreds were quenched. However, he clung

True Stories Of West Texas—N. H. Kincaid

Wildcats Prove Unpredictable

It first, on that warm, still night in July, 1917, and yelled to one of the grounds. "Hey, Bill; she's coming in! I'm getting down from here!"

And his decision was none too soon. The low rumbling noise had become a snarl and the earth itself seemed vibrating with emotion as though it were doubled up with pain and about to begin retching any moment.

And then it happened. Almost immediately the packing, block and all, came hurtling upward and a stream of natural gas shot skyward. The little wildcat, Nannie Walker No. 1, had blown herself in at 3400 feet. She was to be the first of many in the Ranger field of Eastland county, and this field was destined to startle the oil-producing world.

So mused Andy Urban, the driller, as he hurried onto the field at dawn the next morning. Born in Findley, Ohio, June 18, 1868, he had been following the oil business most of his life. He got his first rig in Indiana; but

he was a wildcatter and he followed his nose westward. He drilled for himself and he drilled for others.

Urban was in Bartlesville, Okla., in 1905, with the first indication of oil interest in the Indian Territory; in 1911 he moved down to Wichita Falls. But now, in the edge of the Cross Timber section of West Texas, he felt that he was helping to usher in his biggest and best strike. "And if so, here is where I quit roaming and stay put," he had mused on the way over this morning. "The children's schooling was being hindered too much, as things were."

But the well was still blowing off gas when he arrived—8,000,000 cubic feet of it daily, it proved. And it continued to do so, as the days slipped into weeks and the weeks into months. Some of the gas was used but most of it was allowed to escape into the air. It was piped 200 feet away from the well with four inch pipe.

In the meantime another wildcat had been brought in on the nearby McCleskey farm at 3,435 feet, and it was a producer. All the oil world was acclaiming it and it was more than fulfilling Urban's prophecy. And just when he was becoming reconciled to his own bitter disappointment in his gasser, it blew into the oil sand and yielded 1000 barrels daily! This was in January, 1918.

Andy settled in his adopted West Texas, where he still lives today. "I have seen a lot of improvement in the oil field work during these past 30 years," he explains. "Drilling has now become a science and wildcating is no longer such a gamble. Waste has been reduced to a minimum and the old days of flowing wide open, as well as those of the open earthen tanks, are gone. Why," he concluded, "there have been so many changes that I wouldn't even know how to handle a rig now! And I owned a string for 50 years."

Texas Today—Clayton Hickerson

O'Daniel And His Real Estate

From George Washington to W. Lee O'Daniel, the real estate business in the nation's capital has been exciting.

The junior Senator from Texas manages to stay in the news with his, while George Washington's real estate ventures were almost silent.

Differences in their real estate dealings won't end there, however. O'Daniel has made money out of the same land that caused Washington and his friends to lose.

Instead of buying property east of the capitol as Washington and his friends had hoped, the Federal government went West. Now buildings on that same land have returned handsome profits to O'Daniel and his business associates.

A few days ago O'Daniel sold the old Washington bank building on Pennsylvania avenue to the Brotherhood of Railway Trainmen for \$55,000. He paid \$26,500 for it in 1945. It formerly housed the offices of the "W. Lee O'Daniel News."

Just as the 80th Congress was recessing last summer, O'Daniel sold his 40-room, 14-bath residence, the Senate Arms, in transactions totaling \$127,000. The Senator had bought it for \$54,000 and evicted the tenants, because he needed it all, he said.

Now Jefferson Properties, Inc., a Delaware corporation, headed

by O'Daniel's executive secretary, Harry Knox, formerly adjutant general of Texas, is selling apartments in a building bought early last year for \$19,000.

The six apartments in the Jefferson properties building range in price from \$10,000 to \$12,000 per unit.

Also listed as officers in Jefferson Properties, Inc., are Abby Jane Knox, vice-president, and Fred H. Donohoo, Donohoo, like Knox, is an O'Daniel aide.

Paradoxically, the building which once housed the O'Daniel News, critical of labor unions, now will house the Public Affairs Institute, an official of the BRT says.

The BRT man described the public affairs institute as a "liberal research group."

There are Texans in Washington who believe the Federal government should have bought all this property when Washington, George, that is, offered it for sale the first time.

Promote Safety
AKRON, (UP)—The typical American's interest in sports and in setting new records is the key to a new safety program. F. F. Goodrich has announced for 1948. The sports angle is double-barreled, providing not only the "themes" for three season contests, but also part of the rewards. Representatives of winning divisions will get all-expense trips to the Kentucky Derby, the World Series and the Army-Navy football game.

Hal Boyle's Notebook

Unfinished House

WASHINGTON, (UP)—Both America and the White House—home of its presidents—were born in quarrel and grew in controversy.

The story of the battles from which the United States emerged less taught to every schoolboy. Less well known is the slugging that has surrounded every change made in the White House—now brought again into the news by President Truman's proposal to tack a \$15,000 back porch on the old dwelling.

The arguments began before the building was erected. There were objections that the site was swampy and unsanitary. Those in favor said the opponents merely wanted to locate it elsewhere to improve the value of their own real estate.

Other quibbles were made that it was too lavish—yet several White House ladies later thought it old-fashioned and undesirable and wanted to shift to other quarters.

All that is left of Major Hoban's original building are the foundation and part of the walls. In 1814 when some visiting Englishmen thoughtlessly set it aflame—no fire insurance either in those days—it had already cost \$333,207. By 1840 the rebuilt edifice had set the taxpayers back another \$301,496.

Andy Jackson—There was a man who knew how to throw a party! He made it the voter's joint. The door was closed to no one, and at official soirées the common people rushed in uninvited and chased the servants around to grab refreshments.

Jackson got \$25,000 a year but spent \$10,000 of his own money for entertainment during his two terms. And when he left Andy didn't have enough money to pay his traveling expenses home.

Things quieted down in the White House after Jackson and in time it became impolite to discard chewing tobacco on the floor. They don't even have cuspidors there now.

Each succeeding president remodeled the house, spending from \$12,500 to \$50,000 each year between 1871 and 1902.

Then in 1903 Teddy Roosevelt—incidentally the first president officially to designate the building as "The White House"—spent \$65,196 to build executive offices and a whopping \$475,445 to modernize and reconstruct the old mansion along its original lines.

The changes kept going on—and probably always will. The darned place probably still does not have a juke-box.

Today And Tomorrow—Walter Lippmann

Finletter Report

THE main recommendation of the President's Air Policy Commission, of which Mr. Thomas K. Finletter is the chairman, is that we should start at once to make the Air Force capable of delivering a sustained assault at long range upon the industrial centers of the Soviet Union.

The commission has found that under present conditions, that is to say while the country is at peace, the development of such a striking force could be accomplished in about four years, and would call for additional appropriations of about 24 billions over and above what we are now spending on the Army, the Navy, and the Air Force.

If we assume that the Army and Navy are not to be reduced while this strategic air force is being created, then for the five years 1948-1952 inclusive, our military expenditures will be over 75 billion dollars. That is without universal military training. Apparently it is also without the very large sums which would be needed to sustain rapid and intensive research and development of the new weapons which are now in the experimental laboratories. It is also without the industrial measures, for example the synthetic development of oil, about which Secretary Krug testified this week.

The Finletter commission has, however, been very careful not to recommend that this gigantic program be adopted now as a whole. What it recommends is that this program be begun this year and that at the end of the calendar year 1949—that is two years from now—it should be reviewed. It is, therefore, in fact, a two-year program which would cost about 5 billions extra. If this program is adopted now, we shall be in a position two years hence to proceed with the creation of the great air force. If it is not adopted now, then two years hence it will take two years longer before we could, without re-imposing war controls, have in being such a force.

Head Hard
MACON, Ga. (UP)—Leon Eugene Holt, 38, Negro, toppled 75 feet from a scaffold, hit on his head and lived to tell about it.

Washington Merry-Go-Round—Drew Pearson

Football Deal Worries Krug

WASHINGTON. — It looks like Ed Pauley has an innate and unhappy faculty for leaving muddy tracks wherever he walks. He is now about to muddy up the financial life of another cabinet member, this time Secretary of the Interior Julius A. Krug.

Krug, a former University of Wisconsin football star, has long hankered to get an interest in a professional football team, and last summer worked out a deal with William Levy, the Louisville, Ky., department-store man, to purchase a 5 per cent interest in the Los Angeles Rams. It cost him \$7,500.

The remaining interest in the team is owned by Levy, with 20 per cent, and the Reeves chain-store family, with 75 per cent.

However, the Rams haven't been making money. And the Reeves family proposes selling one-half its share to Ed Pauley, which would give him 37 1/2 per cent and virtual control.

This in turn makes business partners out of Pauley and the cabinet member who has to pass on millions of dollars' worth of

Pauley's tidewater oil lands. For, by a recent Supreme Court decree, submerged tidelands oil lands are now the property of the Federal government.

Pauley is no small operator. His holdings of tidelands oil run into millions. In fact, he was the man who helped collect around \$300,000 in campaign contributions for the Democratic party in the hope that the Democrats would keep tidelands oil under state control (which incidentally Truman did not).

Now that tidelands, or submerged oil, has reverted to the Federal government, some ticklish problems have to be settled regarding the companies which are still operating as virtual squatters on this forbidden territory. And Krug, charged with protecting the oil lands of the nation, has to pass upon the leases of his new football partner.

Result: Krug may sell out his share in the Los Angeles Rams. He doesn't want to, because it would mean a loss, and no man who has to live on a government salary can afford to take

a loss. But nevertheless, he may have to do it.

In other words, it's tough to be a government servant these days—especially when Ed Pauley keeps tracking mud.

MORE FRIENDSHIP

A total of six Friendship projects are now being organized by patriotic citizens in different parts of the nation. They will have an important impact on Europe. In fact, no money value can measure the good will they will spread—especially if American citizens accompany the food and apply the old, old principle that the gift without the giver is bare.

Here are the six Friendship projects:

1. New England Friend Ship — The SS Eucadia has sailed from Boston for Glasgow with 1,200 tons of food and clothing for Scotland. This was collected from all over New England when the mainline Friendship train was not able to go through that part of the country.
2. Abraham Lincoln Friendship Train—will start from Lincoln, Nebraska and Springfield, Ill., on Feb. 12 with cars collected from all over the Middle West. Chancery Gus Gustavson of the University of Nebraska is helping sparkplug the train with Carl Sandburg, Lincoln's famous biographer, as general chairman. The Church World Service and Churches of all denominations are cooperating.
3. Northwest Friend Ship — The SS Gretna Victory with about 5,000,000 pounds of food and clothing will sail from Seattle about Feb. 1. This was collected by the people of Washington, Oregon, Idaho, Montana and Alaska after the mainline Friendship Train was unable to go through the Northwest. The state department has recommended that this ship go to Germany and Austria which hitherto have not received Friendship visits. It has not yet been decided whether any northwest citizens will go with the food.
4. Michigan Friendship Caravan—The junior chambers of commerce in about 70 Michigan cities have done a great job of collecting 1,000 tons of food for France. Originally it was planned as a motor-truck caravan, but when not enough trucks were available the New York Central RR patriotically helped out. In Detroit 5,000 grocers helped collect the food. The Jaycees are sending five men to France to interpret the spirit of Michigan friendship.
5. California Milk Ship — Governor Warren of California who rode on the Friendship Train all through his state and who did so much to help start the original train is sending California's maritime training ship "Golden Bear" on a good-will mission carrying canned milk. The ship has to take a cruise anyway, so the governor thought.
6. North Carolina "Friend Ship" — The North Carolina Council of Churches is endeavoring to raise a shipload of clothing during the week of Jan. 25-31. Every county in N. Carolina has set up a committee and is working to take care of one of Europe's greatest needs—clothing. Their slogan is "fill a ship with friendship."

AA Cage Picture Scrambled In Most Prep Conferences

LOOKING 'EM OVER

With TOMMY HART

Humberto Baez, the wee bit of a hurler who won 17 games for the Big Spring baseball Broncs last year, won't be decorating the mound at Steer park again this season.

Baerz has been sold to the Denison-Sherman club of the Big State League and the deal should make all parties concerned happy. Bertie wanted to go up. At Denison-Sherman, he'll be working for Manager Juan Rodriguez, a fellow Cuban who knows his capabilities well.

The diminutive hurler should be much better in East Texas, where the damper climate will make his No. two pitch curve better. The Broncs management would like to have him back to anchor the local pitching corps but wouldn't think about standing in the way of promotion. Too, he was a limited service man and his departure means that another rookie can be taken on.

Baerz turned in perhaps his finest performance in the third game of the Shaughnessy playoff series between Sweetwater and Big Spring last year. The Broncs were reeling from the effects of a brutal 26-1 massacre at the hands of the Sports when Bertie mounted the knob in the opening game here. All he did was hit, strike out five, walk but two and led his team to a 6-0 victory.

OILERS HAVE SIX VETERANS RETURNING THIS SEASON

Gene Gregston, the Odessa sports scribe who came over for the high school basketball game here Friday night, expressed doubt that Howie McFarland, who piloted the Odessa baseball club in the Longhorn league wars during 1947 season, would be back at the helm this year.

Gene seemed to think that some one within the Dallas chair (Odessa is a Rebel farm) would get the job, which is probably the best paying post within the circuit. Oddly enough, the Oilers had been corresponding with Lloyd Rigby in regard to the job until he suddenly signed with Vernon.

The Oilers have six men returning to the fold this spring — Outfielder Harvel Jakes, Pitchers Ernie Faccio, Muscles Conniff and Lloyd Nelson, Second Baseman Rex Pearce, Outfielder Harville Jakes and Catcher Al Zigelman.

Of that group, only Faccio, Conniff, Pearce and Jakes will probably be around at the start of the season.

A. D. Ensey, the Odessa owner, recently was proffered the services of Harry Davis, who managed Greenville last year, and Bubba Floyd, Dallas utility infielder, but turned down both.

The Odessa club may land Billy Russell, the Fort Worth schoolboy hurler signed recently by the Dikas club. Russell has been ordered to Lubbock but may serve his apprenticeship in Class D ball.

BRONCS TO PLAY NORTH SIDE, LUBBOCK, AMARILLO

Odessa's football Broncs, by the way, are going to play non-conference games with Lubbock, North Side (Fort Worth), El Paso high and Amarillo next fall.

The North Side and El Paso games will be played on the Hosess' home field.

Briefs: Lefty O'Doul, the famed Man in the Green Suit who now manages the San Francisco Seals, hopes to take that AAA club to Japan for exhibition games at the close of next season's play. Only two states in the nation, Wyoming and Vermont, are without Organized baseball at the present time and a professional club may shortly be placed at Cheyenne. . . . Ziggy Sears, the Texan who umpired in the big leagues for several years, will appear in the role of an arbiter in the movie "Story of Babe Ruth," in which William Bendix has the leading role. . . . Jack Hutcherson, who owned the Big Spring baseball club back in 1938, is now a successful druggist in the TCU vicinity of Fort Worth. He likes nothing better than to talk over old times with any local fan who chances to drop in to see him.

Kirilenko Wins AC Assignment

Leon "Mad Russian" Kirilenko nursed his victory streak at the Big Spring Athletic club to two in a row Tuesday night when he disposed of Dory Funk, Hammond, Ind., in three falls.

Funk had been favored in some quarters to measure the Moscovite but, outside of the second fall — which he won — he seemed to be at a disadvantage.

Pierre La Belle, Paris, France, started a comeback by winning a fast preliminary bout from George Lopez, Tampico, Mexico. That one also went the limit.

Felines, 'Dogs In Tournament

Two District 3AA teams will compete in the 17th annual Reagan county basketball tournament this weekend.

San Angelo's Bobcats, still very much in the running for the flag, take on the strong Crane Cranes at 1:30 p. m. Friday. Midland's Bulldogs tangle with Sonora at 4 p. m.

Winner of the Crane-Angelo contest clashes with the survivor of the Grandfalls-Eldorado debate at 9 a. m. Saturday. The Midland-Sonora winner opposes either Iraan or Lake View at 10:15 a. m. Saturday.

Angelo is the defending champion.

1947 Champions To Get Test

By The Associated Press

Favorites are hard to find as teams in Texas' gigantic high school basketball race head for the half-way mark.

With few exceptions, two or more teams in each district are running head and head for a spot in the playoff and a crack at the state championship in Class AA, A and B.

More than one thousand teams are shooting at these three state titles, scheduled to be decided in the annual tournament at Austin in March.

Class AA, making its last stand with Big City schools as members, has come up with its closest race in years and in almost every case district titles will be decided on a round robin basis.

Class A and B, where the majority of Texas schools compete, will decide their regional titles in tournaments, and almost every district is a dizzy scramble.

Sportswriters who cover schoolboy basketball have summarized races in their area. And the AA situation is briefly this:

Five teams are capable of winning district one: Amarillo, Plainview, Lubbock, Pampa and Borger.

Three players have stood out thus far. They are Bill Howton, Plainview; Darrell Davis, Pampa; and Jack Alderson, Lubbock.

In District Two the powers are Childress, Vernon and Wichita Falls. For individual stars in this loop, Childress has T. Jones and Billy Ray Hall, Wichita Falls has Kenneth Standridge, Gene Boren and Billy Skidmore.

Big Spring's Steers might get a feeble vote as District Three favorite, but Abilene, San Angelo and Odessa are strong contenders.

Abilene, winner of the district title eight of the last ten years, has only two lettermen back, Gene Landrum and Bob Bailey.

El Paso's defending state champion is on the spot in District Four, but Bowie (El Paso) and Austin (El Paso) are each able to come in first. Nemo Herrera's Bowie Bears have an impressive early-season record, having lost only one game.

Sherman and Bonham, the latter with Max Hickfang as its ace, overshadow other teams in District Five. Sherman's center Don Klein sparks his team.

Highland Park (Dallas) and Denton are doped to fight it out for District Six honors.

In the Fort Worth District, Seven, Polytechnical is a shade ahead of Arlington Heights and Paschal.

Crozier Tech, Woodrow Wilson, and Sunset make Dallas' District Eight a three-team affair.

Breckenridge and Stephenville are the two top teams of District 9AA.

Temple's Wildcats and Ennis appear strongest in District Ten, though the rest of the loop could alter the picture and surprise none.

Longview, Kilgore, Gladewater and the remainder of District 11AA make it one of the better district races.

Lufkin, Nacogdoches and Bryan pace Dist. 12AA, while the Houston District of 13AA has Milby, Jeff Davis, and Sam Houston in a scramble.

Milby won 18 straight games. Beaumont, Goose Creek and Pasadena run about in that order in Dist. 14AA.

Thomas Jefferson (San Antonio), Lanier (San Antonio), Brackenridge (San Antonio), Austin and Kerrville could finish on top in Dist. 15AA, which shapes up as one of the toughest districts in the state.

The Valley teams in Dist. 16AA look like they'll need the full season to decide a winner.

From 1860 to 1890, the Pennsylvania oil fields were the chief source of petroleum in the United States.

Roach Helpful To His Parents

PLAINVIEW, Jan. 20. — If Lavern Roach, the Texas Marine, ever battles his way to the middle-weight championship, he'll enlarge on those words a fighter ordinarily says over the radio from "Hello, Ma, I won" to "Hello, Ma, Hello, Pa, I won for you."

That's the big obsession of the pride of Plainview as he pushes his way toward the top in boxing. The journey thus far has been in the category of sensational because he's only had 23 professional fights and lost just one—the first.

The other night Roach reached the big time as he licked Tony Janiro, a well-ranked fighter in his first appearance as a headliner in Madison Square Garden. Now they're talking in New York about Roach drawing a \$100,000 gate in a bout with Marcel Cerdan.

Well, the quicker the money rolls in the better. Here in this Panhandle town they know the gentlemanly ambition of the gentlemanly, clean-living young ex-Marine is to help his parents. They encouraged him in his desire to be the world's best fighter and his father had much to do with his development.

There's also another good reason why the 22-year-old Roach is after the big dough: A pretty Plainview girl.

At Quilgote, Tex., today his father is operating a garage made possible by young Roach.

Lavern was a good fighter from the start. As an amateur he did well in the Golden Gloves and while in the Marines engaged in 33 bouts winning all except one—a disputed decision to Joey Varoff.

Named the most promising boxer to come out of the Armed Forces in World War II, Roach received the identical award that presaged the long strides into boxing history of Gene Tunney of World War I.

Lacy Selected Angelo Pilot

Whether or not San Angelo gets to open the Longhorn baseball league season or delays its re-entry into professional ball until 1949, the Colts have a manager.

C. West, owner of the team, announced Monday that Bill Lacy, who got trials with two major league clubs in the late 30's, would assume the managerial reins.

Lacy received tryouts with the St. Louis Cardinals and Detroit Tigers as well as the Minneapolis Millers of the American Association. A second sacker, Lacy hails from Zapata, Tex. He has been scouting for several years and during the 1947 season conducted baseball schools at Del Rio, Laredo, New Braunfels and Sante Fe and Albuquerque, N. M.

West stated that Lacy's contract, of course, was contingent upon the entry of Angelo into the Longhorn league.

Sterling City Nudges Stanton

STANTON, Jan. 20.—A field goal by Jackie Tweedle in the last two seconds of play iced a see-saw battle for Sterling City over Stanton here last night.

The victory left Sterling undefeated in 21-B league play and nudged Stanton from a tie for the lead. Sterling held a 14-10 half-time advantage, but the lead swapped hands six times within the last four minutes of the game, and it was not until Tweedle slipped in his two pointer that the issue was settled.

Tweedle was high for the winners with nine points, but Stallings, Stanton, was high point individual with 10.

Sterling City goes to Forsan tonight in a game that will test its lead in the loop.

STERLING CITY FG FT PF TP
Tweedle 3 3 1 9
Droesham 0 0 1 0
Smith 1 2 4 3
Kling 2 0 1 4
Mitchell 0 0 1 1
Hudson 0 0 1 1

Totals 9 7 10 23
STANTON FG FT PF TP
Morrow 3 0 1 6
Newland 1 0 4 3
Kendry 1 0 3 2
Henson 1 0 2 10
Stallings 5 0 1 10

Totals 11 0 13 23
Half time score: Sterling City 14, Stanton 10.

Stanton Sextet Wins 4th Tourney

STANTON, Jan. 20.—The Stanton girls basketball team has turned its attention toward Whiteface this week, where Coach H. G. Hambrick's sextet will participate in a tournament Friday and Saturday.

The locals will play their first round clash in the event on Friday afternoon.

The Stanton girls won their fourth tournament of the season last Saturday night, taking championship honors in an invitational meet at Meadow. To date Coach Hambrick's court artists have lost only one game, and that by a one-point decision to an out of state aggregation which had not suffered defeat in three years.

Hancken Is Signed

GREENVILLE, Jan. 20.—The Greenville Majors of the Big State baseball league had a new manager today: Morris "Buddy" Hancken.

Club President Edgar Ablowich last night announced the former manager of the Ballinger Cats in the Longhorn league had been named to manage the Majors this year.

Hancken, 31, a catcher, formerly played with Beaumont, Seattle, and Philadelphia.

COACH NAMED REGISTRAR

NACOGDOCHES, Jan. 20.—Stanford W. McKewen, veteran basketball coach at Stephen F. Austin college, has been named registrar, succeeding Miss Mary I. Love. McKewen will continue as coach until the end of the present season.

NO 3AA GAMES

Steers Play Andrews Wednesday, Friday

Johnny Malaise's Big Spring high school basketball Steers take a vacation from 3AA conference play this week but will not be idle. The Longhorns invade Andrews

Wednesday night to do battle with the Andrews Mustangs, then open play in the Odessa tournament at 3 p. m. Friday against that same Andrews club.

Andrews reportedly has one of the toughest Class A teams in this sector and should give the Bovines plenty of trouble.

If the Steers get by Andrews in the Odessa show, they will probably play Fort Stockton in the second round.

Ike Robb, ace guard, joined Jim Bill Little on the sidelines Saturday night. Ike injured his ankle in the first minute of play against Midland and will probably be lost to the Steers for at least two weeks.

The Longhorns play their next conference game against San Angelo in the Bobcats' gymnasium Tuesday, Jan. 27. They return to action here against Sweetwater Friday, Jan. 30.

Hawks To Clash With ACC Bees

Howard County Junior college returns to exhibition basketball play here Saturday night, clashing with the Abilene Christian college B string at the Tenth and Johnson street fieldhouse. Game time is 8 o'clock.

The ACC reserves recently lost a 45-40 decision to San Angelo Junior college, who was beaten by the Hawks earlier in the campaign.

However, the locals will enter the fray without the services of two regulars, Earl Lusk and Tommie Elliott. The boys reportedly have taken jobs and quit school.

Hancken Is Signed

GREENVILLE, Jan. 20.—The Greenville Majors of the Big State baseball league had a new manager today: Morris "Buddy" Hancken.

Club President Edgar Ablowich last night announced the former manager of the Ballinger Cats in the Longhorn league had been named to manage the Majors this year.

Hancken, 31, a catcher, formerly played with Beaumont, Seattle, and Philadelphia.

COACH NAMED REGISTRAR

NACOGDOCHES, Jan. 20.—Stanford W. McKewen, veteran basketball coach at Stephen F. Austin college, has been named registrar, succeeding Miss Mary I. Love. McKewen will continue as coach until the end of the present season.

BOSTON, (UP)—The first Massachusetts resident to lose his 1948 automobile license plate was Lt. Gov. Arthur W. Coolidge.

Mrs. Roosevelt Says U.S. Must Build Strength

HYDE PARK, N. Y. Jan. 20. (AP)—Calling the Russians "dangerous," Mrs. Eleanor Roosevelt says that unless the United States "finds ways to be strong enough, so Russia will work with us, we will have to build for another war."

"We need tact as well as strength" in dealing with Soviet, she said last night in her first public address since returning from last month's Geneva meeting of the United Nations commission on human rights, of which she is chairman.

If the United States withdrew from Europe, "Russia would go in everywhere we went out," the President's widow told a meeting of the Hyde Park historical association.

"We are the most powerful nation in the world," she said. "Russia is next. She is newer, therefore not so secure. x x x They infiltrate where they can, and they are going to expand if they can. They really believe their way is the only way to govern the world. We have to believe just as strongly in our way."

Mrs. Roosevelt said that because the United States is older than the Soviet Union, "we have to be more understanding. We have to out-think them."

Claiming the U. N. has made progress toward international understanding, she said "It's much better to have our differences out in the open than to have them seething underneath, and suddenly burst into flame."

The "communist economy is not one of plenty, but one which people turn to when there is nothing else to turn to," she said, adding: "Europe is in the position. It's Russia or the United States. Either we work together in the United Nations, or face each other as enemies. That would be very painful for all of us."

Japanese Diet Will Open Second Session

TOKYO, Jan. 20. (AP)—The Japanese diet will open its second session under the new constitution tomorrow, with Emperor Hirohito attending as a symbol of national unity.

Hirohito will offer a brief statement, expected to urge the legislators to work in harmony.

GENERAL HONORS FRANKLIN — General Dwight D. Eisenhower places a wreath on Benjamin Franklin's grave in Philadelphia after paying homage to him in historic Christ church where Poor Richard worshipped. It is the 242nd anniversary of Franklin's birth. (AP Wirephoto).

'VERY SURE'
Buffalo Taxi Driver Says He Saw Missing Pianist-Actress

BUFFALO, N. Y. Jan. 20. (AP)—A taxi driver said he was "very sure" he had seen Jacqueline Horner, missing 14-year-old pianist-actress, in Buffalo yesterday, but police discounted the report after inquiry.

Assistant Detective Chief Fred H. Rambuss said investigation did not substantiate the report by Leo Wilson that the girl he had driven in his cab to a railroad station was the missing piano prodigy.

The girl left her Hollywood, California, home last Tuesday after an argument with her mother, Mrs. Clara Horner. She was presumably going to her music teacher's studio.

Her father, George Wright Horner, lives here. The parents were divorced in 1942.

There also were reports that the girl had been seen in various California communities.

A San Bernardino policeman said he saw her. A couple in Santa Monica reported seeing her near the beach with a young man. Persons living near her home also said they had seen her there.

Buffalo Detective Sgts. Richard Reed and James Carroll said Wilson gave this report:

He drove a girl "about 17 to 18 years old" and a man "about 30-35 years old" from a downtown hotel after the man reported their train was about two hours late.

On the return trip to the hotel, the man asked the location of Cypress Street. (Jacqueline's father lives at 51 Cypress St.)

The detectives said immigration officials declared that if the girl were Jacqueline she could not have entered Canada without being identified.

Meanwhile in Hollywood, Mrs. Horner said, "I'm convinced Jackie has been kidnapped."

Atlanta Modernizes
ATLANTA, Ga. (UP)—The Georgia Power Co. says that the last of Atlanta's street cars will disappear from service in 1948. The company plans to spend \$8,000,000 to replace the old trolleys by a fleet of trackless trolleys and gas-line-driven buses.

Close Together
LYNN, Mass. (UP)—Within 18 hours, Clarence L. Sweeney, 47, and his son Clarence A. Sweeney, 22, became fathers of babies born at Lynn Hospital.

There are more than 40 different species of sharks found in the Caribbean Sea.

Wheat To Britain
PERTH, Australia (UP)—The first shipment of an estimated 28,500,000-bushel wheat crop in Western Australia has been consigned to Great Britain.

The average cost of the U. S. weather service is about six cents per capita each year.

Peace of Mind

because there's complete relaxation when you Travel by TRAIN!

There's practically no limit to the ways you can get comfortable—when you travel by train. If you get tired sitting—get up and walk around, you're not confined to a narrow seat. Wander back in the lounge car and enjoy a refreshing drink while you watch the scenery go by—at ground level, where you can enjoy it.

Yes, you can make yourself at home on the train... even take off your shoes if you want to and enjoy downright solid comfort all the way—arrive fresh and in good spirits. And while you're riding in comfort, you know you are riding in complete safety, too—all of which adds up to wonderful peace of mind... when you travel by train.

TEXAS AND PACIFIC RY.

Prefer Brains
STATE COLLEGE, Pa. (UP)—Penn State College students have decided it might be easy to waitz your way to college popularity, but the average co-ed much prefers the brainy type. A poll by students showed the most popular men with women are intelligent, honest, loyal and dependable. The survey also showed that the most unpopular students were lazy, boastful and tardy.

Change Arranged
BOSTON (UP)—A legislative order was needed before one representative could be seated in the Massachusetts House. Miss Fannie M. Buzzell of Hudson was married between the election and the opening of the session. The order had to be adopted to allow seating her under her new name, Mrs. Joseph E. Dettling.

Horse Is Thrill
KETCHIKAN, Alaska (UP)—Many youngsters in this Alaska city have seen a real, live horse for the first time in their lives. The horse was brought here aboard a boat by a farmer and logger for use on his acreages in the Unik River section.
