

Labor Difficulties Spread Over 15 States

Independents' Aims To Aid Oil Industry Are Outlined Here

75 At Banquet To Hear Officials Of Organization

Aims and policies for 1936 of the Independent Petroleum Association of America—an organization which has enrolled more than 2,500 members since its start in 1929—were outlined before a group of oil men and others at a banquet Tuesday night by H. B. Fell, executive vice-president of the association.

Approximately 75 attended the affair at the Crawford hotel to hear Fell and C. E. Buchner, executive secretary, present the organization's program to protect the oil man and stabilize his industry and make a plea for its support by interests in this section.

Five-Point Program

Fell explained the IPA's program as adopted by members at the annual convention. A five-point platform, it is based on the organization's central aim of protecting the welfare of the domestic petroleum industry through the securing of proper relation between supply and demand.

"This platform," Fell said, "is one calculated to benefit the entire industry, and the IPA is furthering it with that thought. Our association is carrying on no fight, with majors or any other group, but is working in the interest of all oil men and those associated in the industry."

The five-point program:

- (1) Securing of federal legislation limiting importation of crude oil to a fixed proportion to the national consumption demand. This is embodied in the Disney bill, now before congress, which would fix that proportion at four and one-half percent. The bill also calls for an excise tax on fuel oil imports, asphalt imports and other products equal to price differentials.
- (2) The independent official said that imports had been pared under the excise tax of 1932, but that crude oil still is being shipped into this country at the rate of 140,000 barrels per day.
- (3) Orderly Storage Withdrawn
- (4) Orderly withdrawals from storage to prevent the flooding of the market.
- (5) Immediate withdrawal of fear went up. "The market would bust, prices would crumble. 'Woe is me' was heard throughout the land.

"But the Texas commission rocked along. We held our production to a point within the market demand where the producer could get a fair price and the consumer would pay a reasonable price.

"Look where California is today. Her reserves are depleted, she has no new fields to augment them. Has not the Texas policy of operation proved soundest in the long run?"

"Some of you are prone to look at the problem in terms of your own well, or your own field, or your own production district. We have to look at the long-range picture, to the future as measured by the past."

'LEGION' HEAD?

Ray Ernest (above), Michigan state prison guard, was named by Detroit police as district leader of the "Black Legion," whose activities are under investigation in connection with the flogging and death of a prison guard. (Associated Press Photo)

Black Legion Probe Widens, Arrests Seen

Investigation of the organization of hooded "night riders" spread. A congressional inquiry was demanded by Chairman Dickstein, New York democrat, of the house immigration committee. He said he intended to determine whether the organization is connected with "black shirts" or has international connections.

Officers were investigating reports that the Legion operated in Ohio in Colorado.

6,000,000 Members?

V. F. Effinger, whom McCrea has sought for questioning, asserted in Lima, Ohio, that the Black Legion had more than 6,000,000 members, and that "it will go right ahead promoting the best interests of America and American citizens, despite the unfortunate affair in Detroit."

Investigators here received without immediate comment a report from Columbus, Ohio, that a witness before a legislative committee had testified that he was a member of the Black Legion and that "a great many of its members had been placed as foremen on works (FERA) projects" in Lima, Ohio.

The witness, George Armstrong of Lima, was quoted as saying "members of the Black Legion got most of the jobs on relief work."

The Michigan investigation into the hooded terrorist society whose members have been named in murder, kidnaping and flogging warrants, widened in a series of examinations into every unsolved crime of violence committed in the state within the last few years.

A promise by Attorney General David H. Crowley to call grand juries in each county in which such crimes could be traced to the black cloaked night riders spurred the investigations of violence and terrorism in at least five southern Michigan counties. Five of incendiary and undetermined origin also were under investigation.

AMERICANS CASH IN OVER THREE MILLION ON IRISH SWEEPS

DUBLIN, May 27. (AP)—Residents of the United States won approximately \$6,504,750 on the Irish Sweepstakes today.

Among them were holders of 20 tickets on three "money" horses—Mahmoud, the winner, for \$150,000 each; Hye on Taj Akbar, second, for \$75,000 each; and six on Frankerton, third, for \$50,000 each.

Diplomas Go To 131 High School Grads

Capacity Crowd Hears Address By Knapp; Honor Students Named

With a challenge from Dr. Bradford Knapp, president of Texas Tech, that the "West Texas you are willing to make it," the largest graduating class in the history of Big Spring high school passed over the school-day threshold Tuesday evening.

A capacity crowd jammed the municipal auditorium for the commencement exercises which came near being thrown into a state of confusion when Dr. Knapp was detained until after starting time due to excessive rains between Big Spring and Lubbock.

To W. C. Galbreath went highest honors for having attained a record of 96.7 for his four years work in school. Close behind was Bobby McNew with a four-year average of 90.

Develop the Individual

Warning his listeners that "civilization never advances on purely material benefits," Dr. Knapp adjured the graduates to seek the intangible empire builders—moral stamina, character, virtue, unselfishness.

"West Texas," said, "lives in the hearts of its people" and not in its limitless natural resources. The way to develop it is to develop the individual, asserted Dr. Knapp.

He recited natural resources, native ability of the people, and acquired ability of the people as the three foremost factors in the building of any land. Although natural resources are conceived as being fixed, Dr. Knapp pointed out that they could be improved upon as exemplified by introduction of grain sorghums into this section, by the increasingly popular movement to conserve soil and moisture by terracing and contouring. Such are the problems confronting the graduates of today, he said.

The individual who has courage plus something to offer need not fear for a job, in the opinion of the speaker. The young man or woman who has the courage to live up to the glorious heritage of a West Texas will be the builder of the West Texas of tomorrow," he added.

Student Speakers

Preceding Dr. Knapp were two student speakers, Charles McQuain and Bobby McNew. Charles discussed the rise of the cattle kingdom in West Texas, showed that West Texans were a peculiar breed.

Ed Merrill, leader of a movement for improvement of the burial grounds, was distributing the authorization slips, and said he expected many others to sign. Those who cannot give a day's work at the cemetery are being asked to sign the slips and pay for an unemployed worker in their place.

At the prevailing wage scale, such a contribution would amount to \$2.40—30 cents per hour for eight hours work.

The signed orders will be turned over to the re-employment service office and C. T. Tucker, director, will supply the men. When the workers have finished their day's labor, slips of authorization will be given them by Merrill and the men will collect from those who contributed the day's work. Those who have not been given an opportunity to sign one of the slips are requested to call the re-employment office and order a worker sent to the cemetery.

With this group of men and volunteer workers, Merrill said he hoped a large number of laborers would be at the burial grounds tomorrow for an intensive clean-up.

Merrill asked that as many citizens as possible donate a day's work and bring along work implements. Arrangements have been made to serve coffee and women of the town have been asked to provide sandwiches for workers.

50 Sign To Send Workers To Cemetery

Approximately 50 persons this afternoon had signed orders authorizing the local office of the national re-employment service to provide as many laborers for clean-up work at the cemetery Thursday.

Ed Merrill, leader of a movement for improvement of the burial grounds, was distributing the authorization slips, and said he expected many others to sign. Those who cannot give a day's work at the cemetery are being asked to sign the slips and pay for an unemployed worker in their place.

At the prevailing wage scale, such a contribution would amount to \$2.40—30 cents per hour for eight hours work.

The signed orders will be turned over to the re-employment service office and C. T. Tucker, director, will supply the men. When the workers have finished their day's labor, slips of authorization will be given them by Merrill and the men will collect from those who contributed the day's work. Those who have not been given an opportunity to sign one of the slips are requested to call the re-employment office and order a worker sent to the cemetery.

With this group of men and volunteer workers, Merrill said he hoped a large number of laborers would be at the burial grounds tomorrow for an intensive clean-up.

Merrill asked that as many citizens as possible donate a day's work and bring along work implements. Arrangements have been made to serve coffee and women of the town have been asked to provide sandwiches for workers.

British Liner Starts Voyage

Queen Mary Given Rousing Sendoff On Initial Sea Crossing

LONDON, May 27. (AP)—The SS Queen Mary, Great Britain's mightiest liner, sailed for New York today. The great vessel was given a spectacular sendoff by jubilant Britons who poured into Southampton to witness the departure. Hundreds of thousands jammed the docks and the decks of excursion steamers.

Every detail of the sailing, from the embarkation of passengers to engine room sounds, was broadcast. On her maiden voyage, the ship has 2,650 passengers aboard.

Unable to claim the Queen Mary as the largest ship in the world, the British clinging steadfast to the hope that the 80,778-ton liner will prove the fastest.

To better the time of the French liner Normandie she must attain an average cruising speed of more than 30.35 knots, the record set by the French vessel on a return voyage to New York.

On trial run, the Queen Mary has steamed 32.84 knots, faster than any liner ever has gone before, but only a fraction above the top speed of 32.3 knots achieved by the Normandie.

FORSAN STUDENTS TO LEAVE JUNE 8 ON WEST TOUR

Members of the junior and senior classes of Forsan high school will leave June 8 on a month's tour to the west coast and the national monuments of the northwest, Leiland J. Martin, superintendent, said Wednesday.

Accompanying the students will be Mr. and Mrs. Martin, Mr. and Mrs. Max Greenwood, Norman C. Malechek, Eloise Nelson, and Miss Sue B. Mann, deputy state superintendent.

H. F. Railsback, principal of the Highway school, said Wednesday that he planned to have the high school students of that school in Dallas on June 12 when President Franklin D. Roosevelt will visit the Texas Centennial.

GIANT MEMORIAL TAKES FORM

The hill of presidents on the Mount Rushmore memorial at Rapid City, S. D., is taking more definite shape as the faces of the early presidents of the United States—Washington and Jefferson—are hewn out. First outlines of Lincoln may be seen on the right. (Associated Press Photo)

City Budget Provides For A New Dept.

Appropriation Is Made To Take Care Of Airport Operation

Formal approval of the city budget for the fiscal year with an amendment calling for an appropriation of \$7,630 to cover a new department marked the meeting of the city commission Tuesday evening.

No changes were made in the proposed budget presented at a public hearing May 15 except the provision made for the airport department necessitated when the city voted for municipal ownership on the same date.

City Manager E. V. Spence said the new department had been created in order to secure government aid without delay in event it was available.

In the only other item of important business, commissioners banned carnivals from the city limits. An ordinance making it a fine offense to hold a carnival within the corporate limits passed without dissenting vote and repealed an ordinance of Nov. 28, 1933, which permitted them to show in the city for a license fee of \$50. The ordinance was passed to repeal one voted Nov. 11, 1930, to ban the shows from the city.

TO CONSIDER FD'S TAX SUGGESTIONS

WASHINGTON, May 27. (AP)—Democrats of the senate finance committee called a secret caucus today to consider President Roosevelt's tax suggestions received by the committee in a conference at the White House last night.

As a result of the conference, the committee will seek to increase the revenue of the tax bill, it was announced.

The latest treasury estimates, prior to the White House meeting, placed the prospective yield of the bill at \$569,000,000 permanent revenue and \$82,000,000 temporary, compared with the \$620,000,000 permanent and \$517,000,000 temporary funds requested by the president.

SWIMMING POOL OPENING CELEBRATION SET JULY 4

An attraction centered around the formal opening of the municipal swimming pool and designed to not only keep Big Spring people here but to attract hundreds into the city on July 4 was tentatively planned Wednesday by the chamber of commerce public relations committee.

Billing it as the "Carnival of Fun and Frolic," the committee outlined a day of activity consisting of swimming and diving tournaments, softball tournament, tennis matches, croquet contests, golf competition, bridge tournament, special picture shows, etc.

Invitations will be sent to Congressmen George Mahon and R. E. Thomson to be special guests of honor along with an official representative of FWA. The swimming pool was constructed as a FWA project.

Sub-committees will be named shortly and Big Spring and surrounding territory flooded with advertising for the occasion.

On the committee are Harry Phillips, G. A. Woodward, Shire Lees, Ruby Bell, M. K. House, J. T. Robb, Ira Thurman, Omar Pittman, Elmo Wasson and Eugene Spence.

Strikers In Various Areas Total 30,000

Passengers Jerked Out Of Cabs In Dallas Taxi Drivers' Walkout

(By The Associated Press)

Fifteen states sought today to quell labor discord spawning among a swiftly growing army of strikers.

Two persons were jerked from Dallas taxicabs as striking drivers there tied up 90 per cent of the city's 300 metered vehicles. One striker was arrested after pulling a passenger from a cab in the downtown area. One woman was jerked from a cab.

The Dallas strike was called after owners refused an increase in wages and commissions.

Peace negotiations generally were deadlocked over the nation. It was estimated over 30,000 workmen are out on strike.

California Clashes

There were few instances of trouble, the most serious being clashes between strikers and non-strikers in the California vegetable fields where three men have been shot.

William Green, president of the American Federation of Labor, declared the strikes were a manifestation of what was bound to follow the supreme court's decisions destroying such great principles as the NRA and the Guffey act established.

At Akron, O., 30 union workers of the Goodyear Tire and Rubber company awaited trial on charges of violating a state anti-rioting statute. Three national guard officers watched the plant.

At Portsmouth, O., an affidavit was filed in municipal court charging a special guard for the Wheeling Steel corporation with directing company guards to fire 40 or 50 shots at a group of pickets early Tuesday. The guard was Al Birdwell, 48, former sheriff of Scioto county. National guard officers investigated strikers' requests for protection by troops. About 5,500 workers are affected by the strike.

Remington-Rand Hit

Union leaders at Syracuse, N. Y., ordered a strike of all workers in six plants of Remington-Rand, Inc., situated in the east and middle-west. They estimated 6,000 workers were involved company officials placed the figure at 4,200.

In New York, 6,000 barbers in lower Manhattan were ordered on strike. Anthony Merlino, union vice president, said 23,000 barbers in the Bronx, Brooklyn and the Times Square and West Side sections of Manhattan already were out.

In east Arkansas, the Southern Tenant Farmers Union asserted 3,000 workers were on strike but cotton planters insisted that cultivation usual.

Six thousand loggers were out on strike in Oregon. One mill, employing 300 men, was shut down for lack of logs.

Group Recommends Case Be Sent To The Courts

WASHINGTON, May 27. (AP)—The house committee investigating the Townsend old age pension plan voted today to recommend to the house that Dr. F. E. Townsend, Clinton Wunder of New York, and J. B. Kiefer of Chicago be cited for contempt and that the case be given to the federal district attorney.

The recommendation was taken for Dr. Townsend's walkout on the committee and his refusal to testify further. Wunder and Kiefer, Townsend aides, also had refused to testify.

Attorney Defiant

Earlier today, Sheridan Downey, counsel for Townsend, advised the committee "I do not honor your subpoena" in answer for examination in the house inquiry into the old age pension organization.

Downey said: "Like Dr. Townsend, I challenge you to punitive action, for the unholy record of this investigation is the shield that protects us."

The committee accepted the statement for consideration in an executive session.

Big Spring Man To Drill Wildcat Test In Jones County

Plans to spud an oil test in unproven territory in Jones county were announced in Abilene Tuesday, dispatches from there said, by B. F. Robbins, Big Spring independent operator. He plans to start the test on or before June 4 at a location already selected three miles northeast of the courthouse at Anson.

Two thousand acres are included in Robbins' block. He was in Abilene this week attending to arrangements for drilling.

Robbins, veteran operator in Oklahoma, North Texas and West Texas fields, has made his home at Big Spring for the past ten years and is interested in acreage and producing royalties in Howard and Glasscock counties, as well as Big Spring city and Howard county farm property.

The new test will seek production in a territory as yet wholly in the wildcat classification. Nearest production is on the Herndon farm a mile and a half south of Anson, where an old test, until last year not considered a commercial producer, made 10 barrels hourly initial production following acidization.

JAPAN WANTS TO KEEP SUBMARINES

LONDON, May 27. (AP)—Japan made a conditional demand today for the right to retain eight submarines she built about the limit of the London naval treaty permitted.

Kainosuke Fujii, counselor for the Japanese, presented the demand to the British in answer to England's request to Washington and Tokyo for permission to break the treaty's limitations on destroyers.

FLOOD THREATS PAST IN SO. TEXAS AREA

(By The Associated Press)

Recurring fears of floods in South Texas were definitely stilled today as streams reached their crests and receded. Buffalo Bayou ceased to threaten Houston, the crest passing well within the banks. The Colorado river was receding at Austin.

QUARTET WILL GIVE PROGRAM AT KNOTT

The Stamps quartet of Lubbock will give a concert at Knott Saturday night at 8:30 it was announced Wednesday.

The group will remain to participate in the Tri-County singing convention program at Courtney on Sunday.

W. J. TUCKER FORCED TO CANCEL SPEAKING

William J. Tucker, executive secretary of the state game, fish and oyster commission, was prevented from filing his speaking engagement here Tuesday evening because of a death in the family.

Les Hanson, president of the local sportsmen unit, said it was probable that Tucker would appear here later.

Miss Aileen Odom, daughter of Mr. and Mrs. L. A. Odom of Stanton, who underwent an operation for mastoid trouble at Big Spring hospital several days ago, was reported doing as well as could be expected.

NEW OFFICIAL

City's Entry In Contest To Be Selected

Choice of some young woman as "Miss Big Spring" will be made today by three judges from a field of 20 beautiful girls who are vying for the honor of representing this city in the state-wide contest for Texas Sweetheart No. 1 in Fort Worth May 30.

First part of the contest which will determine the winner is to be held at the municipal swimming pool at 5:30 p. m., the time having been moved back half an hour to permit more people witnessing the parade of beauty.

While Jack Hendrix announces their appearance, the girls will emerge from the bath house and parade slowly around the pool. They will be identified by ribbon streamers bearing the sponsor's name.

After their first public appearance, the girls will be weighed and measured to ascertain the best physical proportions.

At 9 p. m. they will appear again on the Ritz stage, this time in evening attire, and will be finally judged by three out-of-town winners will be announced from the stage.

"Miss Big Spring" will have her expenses paid to Fort Worth and will have a chance at the title of No. 1 sweetheart, which carries with it a six month's contract with MGM, or one of 36 places in Billy Rose's Centennial musical revue.

Prior to the initial appearance of candidates at the swimming pool, swimming and diving exhibitions will be held, it was announced.

Girls To Parade At Pool At 5:30, Theatre Tonight

Murder Case Is Reversed

AUSTIN, May 27. (AP)—The court of criminal appeals today reversed and remanded the conviction of Mrs. Ethel Johnson of Dallas for the murder of her daughter-in-law, Mrs. Bernice Blankenship, in Coryell county.

Mrs. Johnson was assessed 25 years.

The court affirmed a previous ruling that Glenn Warren must die for the killing of Charle Caniser, in Angelina county, and overruled a motion for rehearing in Grady Warren's death sentence for the murder of E. C. Brown, in Smith county.

WOMAN CONVICTED IN SLAYING WILL BE GIVEN A NEW TRIAL

AUSTIN, May 27. (AP)—The court of criminal appeals today reversed and remanded the conviction of Mrs. Ethel Johnson of Dallas for the murder of her daughter-in-law, Mrs. Bernice Blankenship, in Coryell county.

Mrs. Johnson was assessed 25 years.

The court affirmed a previous ruling that Glenn Warren must die for the killing of Charle Caniser, in Angelina county, and overruled a motion for rehearing in Grady Warren's death sentence for the murder of E. C. Brown, in Smith county.

KARPIS' PAL PLEADS GUILTY, GETS TERM

NEW ORLEANS, May 27. (AP)—Fred Hunter, arrested with Alvin Karpis, pleaded guilty today to conspiracy to harbor Karpis. He was given two years in federal prison.

Rev. Ess Ferguson, who underwent a major operation at Big Spring hospital recently, is doing nicely.

APPROPRIATION FOR RELIEF IS APPROVED

WASHINGTON, May 27. (AP)—The senate appropriations committee today approved a relief appropriation of \$1,425,000,000 to be given directly to President Roosevelt, with authority for the FWA to use an additional \$300,000,000 for heavy construction.

The funds are included in the \$2,564,000,000 deficiency appropriation.

Weather

BIG SPRING AND VICINITY—Mostly cloudy tonight and Thursday.

WEST TEXAS—Mostly cloudy, probably local showers tonight and Thursday.

EAST TEXAS—Cloudy, occasional showers tonight and Thursday.

WAKE UP YOUR LIVER BILE—Without Colic—And You'll Jump Out of Bed in the Morning Like a Cat

The liver should pour out two pounds of bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You get constipated. Your whole system is poisoned and you feel sour, sunk and the world looks pink.

Washburn is only makeshifts. A more powerful movement doesn't get at the cause. It takes those good, old Carter's Little Liver Pills to get those two pounds of bile flowing freely and make you feel "up and up".

LOCAL GOLFERS LEAVE FOR MINERAL WELLS Pittsburgh Pirates, Red Sox Get Texas Longhorn Baseball Stars

ROBBINS, ROGERS TO COMPETE

Shirley Robbins and A. L. Rogers left this morning for Mineral Wells where they will compete in the annual tournament of the West Texas Golf Association.

Although qualifying will not start until Thursday, Robbins and Rogers left early today in order to have time to acquaint themselves with the course and rest up for the grind Thursday when over two hundred West Texas star golfers will take to the links to play 18-hole qualifying rounds.

Other Big Spring golfers may be on hand by Thursday morning. Obie Bristow, who usually makes all of the major golf attractions in this state, is considering entering. Eddie Morgan, top-notch youngster, was not sure he could make the trip.

Robbins, a veteran golfer and once country club champion, has competed in five West Texas Golf Association tournaments. He played in 1929, '32, '33, '34, and '35. He won the first flight in 1929. Shirley had a 38 in a practice round on the Munny course last Sunday.

Rose and Vaughan of Lamesa played on the Munny course here last week to get in practice for the W. T. tournament. Mineral Wells has an excellent grass greens course, and golfers have been practicing on the Munny here to get used to the greens.

W. T. tournament winners:— 1925—San Angelo, Alex Collins. 1926—Breckenridge, Al Badger. 1927—Abilene, Guy Witherspoon. 1928—Mineral Wells, Dennis Lavender. 1929—Stamford, N. C. Bussey. 1930—Brownwood, Dennis Lavender. 1931—Lubbock, Chas. Qualls. 1932—San Angelo, James Phillips. 1933—Wichita Falls, Carnes Wil-

son. Set who the president was. "Primarily for this reason, at the annual meeting held at Stamford it was decided to elect a permanent president so that at all times any club would know how to contact regarding the association. As the writer (Allen Guinn) was instrumental in promoting the association, drafting the by-laws, etc., he was elected president, and has been re-elected each succeeding year.

"The association is now one of the most active in the state, and has the largest attendance of any association in the south. There has never been any trouble in the association, and each tournament has brought together a bunch of the best fellows on earth who get together and enjoy companionship as well as the good old game of golf."

Three "Aces" To His Credit

Lee Hubby, hotel accountant, has scored three holes-in-one on the Munny course here in less than a year's time. Hubby now ranks as golf's leading ace maker of the southwest. He is shown proudly displaying the No. 6 iron and ball he used in making his third hole-in-one last week.

Twenty West Texas Stars Expected For Golf Tourney

Best In This Section To Be Here For Invitational

A field of about 25 local golfers and 20 visitors is expected by the tournament committee for the first annual invitation tourney of the Big Spring Women's Golf association here June 3-7.

Invitations were mailed last week, and local committees have been appointed and carefully laid plans assure the visitors of five days packed with entertainment and festivities will open on June 2 with a pre-tournament party at the country club house and mixed foursomes during the day to acquaint golfers with the local course. Mrs. Ralph Rix will have charge of the mixed foursome matches, and the committee for the pre-tournament party is composed of Meses. A. Swartz, Lee Hubby, Harry Stalcup, Bill Tate, Ben LaFever and Cal Boykin. Mrs. Harry

son. 1934—Big Spring, Carnes Wil-son. 1935—Abilene, Johnny Marston.

Too Fast---Walker Must Alter Style

BRITISH OFFICIALS SKEPTICAL

LONDON, May 27 (AP)—A man with an Olympic worry in V. W. G. Stone, England's walking champion—and for good reason.

Stone is a blue streak on the cinders, so much faster than his British rivals that they scarcely can keep him in sight, yet the Olympic officials have notified him he won't be among those present at Berlin this summer unless he alters his walking style.

"And why not," asks Stone, justifiably, having just won the British seven-mile championship. "Because," comes the rejoinder, "we're not so sure that you're really walking. Maybe you're running."

And that's how matters stand. A potential Olympic champion (they claim his time is well under the Olympic record) might have to stay at home because his country's officials, suddenly smitten with a conscience since the winter Olympics at Garmisch, don't wish to take any chances.

They were not quite so thin-skinned at Garmisch, where they played a couple of outwaded British-Canadians on their championship ice hockey team right to the bitter end, in the face of concerted opposition.

Moving pictures, it is pointed out by Stone's supporters, reveal nothing amiss with his walking. He retains, it seems, unbroken contact with the ground, which is the vital difference between walking and running. Yet he has such a peculiar, unorthodox lope, and is so much speedier than any rival heretofore, that officials simply won't believe it.

Ups And Downs The judges' eyes never left Stone while he was winning the English championships the other day. One portly official fopped flat on the ground, a newspaper held above his eyes, so that he might rivet his attention on Stone's feet. Yet he, 's'help him, couldn't see anything wrong, and neither could his fellow judges.

In another meet, in February, the same thing happened. Stone won a 10-mile event in incredible time, breaking the existing record by almost three minutes, and the judges decided he really was walking.

A week later, though, in another race, he was disqualified near the finish, when leading his nearest competitor by half a mile. On March 14 he won the Essex County championships, breaking the course record, and the judges could find nothing wrong. A fortnight later, in a race at W. Ford, he was disqualified when leading the field by 200 yards.

Stone, right now, is pretty much upset about the entire matter. He might learn to operate a "pub" and leave the Olympic committee flat.

Fischer Turns To Steel Shafts But Still Prefers Old Hickory

By W. C. PETERSON CINCINNATI, May 27 (AP)—Johnny Fischer, youthful Walker copper from Cincinnati, has discarded temporarily, at least, some of the old hickory-shafted clubs that carried him through many golf tournaments and helped him set the qualifying record of 141 blows in the 1933 national amateur.

He's trying out a new set of steel-shafted irons with longer range. But he's not convinced yet that the steel shafts will prove themselves.

I hate to give up that old No. 3 iron I used to get the eagle two at the ninth in the 1933 amateur, says Johnny, the former Big Ten conference and 1932 national collegiate champion from Michigan, who is studying law at the University of Cincinnati. "That shot changed the whole outlook on the qualifying round and helped me set the record of 141."

He'll carry plenty of the old trusty hickory-shafted sticks when he competes as a member of the Walker cup team again. These include a spade niblick that has been in his bag since he undertook competitive cam-

TRACKMEN TO ENTER AAU MEET

(By United Press) University of Texas championship baseball team, splitting up into two directions, will leave Austin after final examinations next week for greener professional pastures.

To the Boston Red Sox, Dick Midriff of Gonzales, pitcher, and Aubrey Graham of Yoakum, second baseman who closed the 38-game season batting .440, have already gone, probably to be farmed out for seasoning after a trial period.

The Pittsburgh Pirates have made an offer to Melvin Preibisch of Sealy, centerfielder with a batting average of .339, and "Uncle Billy" Dieck, veteran Steer coach, said Preibisch would accept if he got no better offers.

The Gulf Oilers at Thompson, coached by Heinie Baumgarten, former Longhorn star, will get most of the 13 lettermen. Next week Morris Sands of Chatfield, fast left fielder who batted .499 this season; W. T. Holt of Houston, right fielder batting .454; Leroy Western, infielder, right fielder; Lloyd Rigby, Wilmer, third; J. C. Munro, Austin, first; Norman Branch, Montgomery, pitcher who won five in six; Luke Winborn of Dallas, shortstop; Joe Fitzsimmons, Dallas, catcher, and three non-lettermen will join the Oilers.

Henry Ramsey, Austin, pitcher; Don Thomas, El Paso, fielder, and several trackmen will be in summer school, playing for Austin semi-pro teams.

Harvard, Yale And Cornell Make Ready For Track Meet

California Team To Pass Up I.C.A-A Events

LOS ANGELES, May 27 (AP)—Now that it has been definitely established that the big California team will pass up the I.C.A-A track and field championships in the East to play in their own backyard, the "old guard," which includes Harvard, Yale, Cornell, etc., has settled down to the task of preparing for an old-fashioned battle of the type that took place annually before Southern California, California, and Stanford appeared on the scene and stole the show.

Since the Golden Bears of California came over the mountains to win the title in 1921, eastern teams have tasted the fruits of victory only once—in 1924 when Yale managed to crash through and break the west coast's monopoly of the meet.

The default of Southern California leaves the door wide open for one of the eastern schools to take the team trophy for the first time in a dozen years. Failure of the Trojans to defend the title may lower the caliber of many individual performances but it does promise a keen fight for team honors in contrast to the sweeping victory of the winning team last year when Southern California scored 51 points to almost double the total amassed by the runner up, California.

Harvard appears to be the logical choice mainly on the basis of its strong showing in the "Ivy" meet a few weeks ago. Cornell seems to have a fair chance of spoiling Harvard's first triumph in the I.C.A-A classic since 1908. Manhattan, triumphant in the past three years in the indoor title meetings, has failed to show any great scoring threats in its outdoor efforts and is conceded little chance of gaining the decision over the "old guard."

Princeton, Yale, Pennsylvania and Dartmouth are likely to score few individual successes but they do not appear to have enough strength spread out over the entire program to be likely to threaten for the team prize.

Harvard has a dependable performer in Captain Milton Green, who won both hurdle events and the broad jump in the "Ivy" meet. He may not repeat his triple triumph in the I.C.-A-A meeting but he can be counted on to score a raft of points.

Jaspers May Surprise The 400-meters promises to be a great race when Eddie O'Brien, Syracuse's hope for the Olympic 400-meter championship, takes the mark against John Hofstetter of Dartmouth. The Dartmouth youngster turned in a 47.8-second quarter on one occasion this spring—the fastest effort flashed by any eastern runner this season.

O'Brien has been slow in rounding into his best form. This is partly due to the fact that he has been hampered by a slight cold and partly due to Coach Tom Keane's determined bid to bring him to his peak when it really counts — for the intercollegiate championships and most of all for the Olympic tryouts and championships.

Manhattan College may come along fast and surprise those who are inclined to rate its chances on showings in early spring meetings. The Jaspers had a tough winter on the boards, so it was necessary to give them a rest before starting the outdoor campaign. Most of the Green stars were not up to their best efforts in the early showings and may give a different performance in the I.C.-A-A championships.

Angelo Team Offers Debate

Concho Club Play Oilers On June 14 And July 4

John Hobaugh, manager of the San Angelo baseball team, yesterday gave the Concho Oilers the choice of two dates.

Hobaugh wired that his team could play Concho on June 14 and July 4. Arrangements will probably be made for games on those dates.

Spike Henninger, manager of the Concho team, has been attempting to match games with the strongest clubs in this section, and San Angelo has a comparatively strong line-up this season.

BILLIARD EXPERT Harry Oswald of Detroit, one of the foremost pocket billiard instructors, will appear at the Union club here Monday under the auspices of the National Billiard Association of America's third annual national "better billiards" program.

Naturally, Oswald will concentrate on instruction classes so both women and men with a special invitation to the ladies. He is recognized as a past master at this phase of the game. Local novices and mediocre players have a splendid opportunity to take advantage

Coach Pete Waters has a flock of capable middle-distance and distance runners. His weight and field performers are not up to the caliber of the other contestants and seem unlikely to help in the scoring.

Wins 6 Times Kansas has won the track championship in Big Six meets six times in the past 27 years, and holds six of the 15 standing records for track and field events.

Harvard, Yale And Cornell Make Ready For Track Meet

LOS ANGELES, May 27 (AP)—Now that it has been definitely established that the big California team will pass up the I.C.A-A track and field championships in the East to play in their own backyard, the "old guard," which includes Harvard, Yale, Cornell, etc., has settled down to the task of preparing for an old-fashioned battle of the type that took place annually before Southern California, California, and Stanford appeared on the scene and stole the show.

Since the Golden Bears of California came over the mountains to win the title in 1921, eastern teams have tasted the fruits of victory only once—in 1924 when Yale managed to crash through and break the west coast's monopoly of the meet.

The default of Southern California leaves the door wide open for one of the eastern schools to take the team trophy for the first time in a dozen years. Failure of the Trojans to defend the title may lower the caliber of many individual performances but it does promise a keen fight for team honors in contrast to the sweeping victory of the winning team last year when Southern California scored 51 points to almost double the total amassed by the runner up, California.

Harvard appears to be the logical choice mainly on the basis of its strong showing in the "Ivy" meet a few weeks ago. Cornell seems to have a fair chance of spoiling Harvard's first triumph in the I.C.A-A classic since 1908. Princeton, Yale, Pennsylvania and Dartmouth are likely to score few individual successes but they do not appear to have enough strength spread out over the entire program to be likely to threaten for the team prize.

Harvard has a dependable performer in Captain Milton Green, who won both hurdle events and the broad jump in the "Ivy" meet. He may not repeat his triple triumph in the I.C.-A-A meeting but he can be counted on to score a raft of points.

Jaspers May Surprise The 400-meters promises to be a great race when Eddie O'Brien, Syracuse's hope for the Olympic 400-meter championship, takes the mark against John Hofstetter of Dartmouth. The Dartmouth youngster turned in a 47.8-second quarter on one occasion this spring—the fastest effort flashed by any eastern runner this season.

O'Brien has been slow in rounding into his best form. This is partly due to the fact that he has been hampered by a slight cold and partly due to Coach Tom Keane's determined bid to bring him to his peak when it really counts — for the intercollegiate championships and most of all for the Olympic tryouts and championships.

Manhattan College may come along fast and surprise those who are inclined to rate its chances on showings in early spring meetings. The Jaspers had a tough winter on the boards, so it was necessary to give them a rest before starting the outdoor campaign. Most of the Green stars were not up to their best efforts in the early showings and may give a different performance in the I.C.-A-A championships.

THRILLER GOES TO DALLAS, 2-1

By The Associated Press Texas League round-up: Al Baker, young Dallas fast-baller, outlasted Irv Stein, new Tulsa pitcher, at Tulsa last night and the Steers nosed out the Oilers, 2 to 1, in a thrilling 12-inning battle that opened a three-games series between the teams. The Steers failed to get a man on first after the opening until the ninth, but they began solving Stein's curves in the ninth and kept pecking away until they won the game.

Carl Knott, Oklahoma City center-fielder, slammed a double with the bases full in the ninth inning and the Indians won an 8 to 7 thriller from Fort Worth. The Indians were trailing by a run as they went into their half of the ninth.

The Houston Buffs swept a doubleheader with the Galveston Buccaneers by scores of 7 to 3 and 2 to 1. Old Mike Ovensgros hurled the opener while young Herbert Moore and Sherer worked in the night-cap.

Mile Plus MIAMI, Fla., May 27 (AP)—Tropical Park officials have figured that the horse running on the outside of the pack runs approximately 5 yards farther in a mile race than the one at the pole.

Tenant Farmers' CHATTANOOGA, Tenn., May 27 (AP)—Norman (Kid) Elberfeld, veteran of the diamond, says baseball has its forgotten youngsters—those "farmed out" by the leagues. "The farm system," the Kid says, "is robbing youngsters of a chance to make good in the national pastime. Why, a kid hasn't got a chance these days. If he isn't quite good enough to break in the majors, he is kept in the minors."

Shopping For 'Beef'

GAINESVILLE, Fla., May 27 (AP)—The "Gator Coach" Josh Cody is out to "sell Florida" to promising young high school stars of the state.

Commenting that the University of Florida team is in dire need of "beef," the mentor said: "We must sell Florida to the prospects before other schools can get the inside track. Why, do you realize we discovered almost two full teams of husky Florida boys playing varsity football for other colleges throughout the country?"

On Five Teams ORLANDO, Fla., May 27 (AP)—Lanky, lean-jawed Al Rayburn reentered Orlando high school this year. Here's what he accomplished athletically: In the state championship track meet, Rayburn captured five first places—the 120-yard high hurdles, pole vault, high jump, broad jump and 200-yard low hurdles. Was selected on the All-Florida high school

Stalcup will have charge of a long-driving contest, and Mrs. Theron Hicks, who will be the No. 1 local entry, will have charge of the qualifying rounds.

The chicken barbecue on Wednesday, June 3, will draw a large crowd. All-country club members will be invited to attend. Tickets, at 50 cents, will be on sale until Tuesday afternoon, June 2.

Some of the better known feminine stars expected to compete here include Mrs. Will Minter of Abilene, and Mrs. Carl Mahan, president of the Abilene Women's Golf association; Mrs. Rhea Vernon, president of the Women's West Texas association; Mrs. Naomi Liddis, Baird; Mrs. John E. Phillips, Fort Worth; Mrs. W. K. Powell of San Angelo, runner-up in the West Texas tournament; Miss Lois Thompson, Mrs. Cliff Dean and Mrs. Guy McAfee of Lubbock; Mrs. Worrell and Mrs. Skiles of Clovis; and Mrs. Bammie Edmondson of Dallas.

Amarillo, Midland and other West Texas cities are expected to have golfers here.

"I Wish I Had A Paper From Home"

CARDS SWEEP DOUBLE-HEADER

National and American league clean-up:
 Jim Winford allowed only two hits as the Cardinals swept a doubleheader from the Pirates by taking the second game yesterday, 6 to 2, after Dizzy Dean had won his seventh victory of the season as St. Louis won the first game by the same score.
 Harry Gumbert pitched hitless ball for four innings and held the Brooklyn Dodgers in check throughout as the Giants downed Brooklyn, 7 to 3.
 Inspired by Chuck Klein's return

after an absence of three years with the Chicago Cubs, the Phillies pounded the Boston Bees to a 7 to 2 defeat in the series opener. Klein immediately felt at home in his comeback, collecting two of the Phils' 17 hits.
 The Cubs bounced back into the first division as they came home from their losing road trip, backed little Roy Henshaw's steady pitching with a seven-run spurge against Leo Stine in the third inning, and defeated Cincinnati, 10 to 4.
 The gold-plated Red Sox, pointing their big guns at the New York Yankees and the American league lead at one and the same time, nosed out the loop pnoemal-

SCHEDULE CHANGE

A mixup in the Muni schedule once again forced postponement of the Settles-Frost softball game scheduled for Friday night.
 The game has been changed to Tuesday at 7:30 p. m. The Frozers were originally scheduled to meet Taylor's team on that date.

er 5 to 4. The victory, aided by Jimmy Foxx's 12th homer of the season and Wes Ferrell's tight pitching up to the ninth, put the Sox only half a game back of the New Yorkers in the league standings.
 Detroit and Chicago divided the first doubleheader of the season at Navin field, the Tigers losing the final game, 9 to 2 after hammering out a 12 to 9 victory in the opener. In the final game Auker was knocked out of the box in the seventh after yielding 11 hits.
 The lowly St. Louis Browns jumped on three Indian pitchers for 11 hits and took the first game of the three-hit series, 8 to 5.
 With Buddy Lewis and Cecil Travis leading a 13-hit barrage, the Washington Senators defeated the Athletics 8 to 2 in the first of a three-game series.

ARDENA VELVA CREAM MASK

Elizabeth Arden's newest mask is different from all others because of its creamy consistency. As it dries the mask forms a light, satiny film on the skin, and you can actually feel it lifting and tightening. Ardena Velva Cream Mask is a splendid quick treatment as it removes fatigue lines.

LEARN HOW TO GIVE YOURSELF an Elizabeth Arden Home Treatment FROM THE Elizabeth Arden Representative.

Miss Amos will explain to you the correct use of Elizabeth Arden's preparations.

High School Teachers Scatter For Homes And Colleges This Summer

Now that commencement is over, high school teachers are beginning their trek homeward, those of them who are not remaining in Big Spring. The number that plan to attend college this summer will leave during the coming week-end.

Miss Fredrick Adkins will go to her home in Lubbock. Alec Alexander will attend S. M. U. in Dallas. Miss Enid Avriett will take a position as librarian in Georgetown at Southwestern university.

George Brown will go to Athens. Miss Nell Brown will attend school at Denver, Colo. Pascal Buckner, Beth H. Parsons and Mrs. W. O. Low will take special work at A. and M. college.

Miss Pearl Butler will go to her home in Arlington. J. A. Coffey, Mrs. W. N. Paulsen and Miss Reta Debenport will teach in summer school here.

Remaining in Big Spring will be: D. W. Conley, Miss Agnes Currie, Mrs. C. A. Frost, Gene Gardner, Miss Dorothy Jordan, Wayne Matthews, Miss Florence McAllister, Miss Clara Pool, Miss Lillian Shick, Miss Ione McAllister.

Mr. and Mrs. Ralph Houston will go to Austin to the University of Texas. Mrs. Jewel Isbell and Miss Lillian B. Wade will spend the summer at home in Rockwall.

Miss Lorraine Lamar will go to Stanton; J. C. Milburn, Troy; Miss Mattie Ramsey, Brownwood; Miss Marguerite Wood, Meadow; Miss

Happy Go Luckies Are Entertained

Mrs. Lee Parker Hostess For Centennial Party

Mrs. Byron Housewright was elected to membership in the Happy Go Lucky bridge club Tuesday afternoon and was present at the party as a guest.

Mrs. Lee Parker was the hostess and entertained with a clever Centennial function. Roses and bluebonnets were the flowers. Favors for the guests were small bluebonnets made of crepe paper; they held candy. The hand-made tallies and score pads were shaped like the state.

Mrs. Dubberly and Mrs. Hendrix cut for high club prize, since their scores were identical. Mrs. Hendrix won the luncheon set. Mrs. Housewright received a similar gift for guest high and also a bridge set for slam prize.

Low score prizes were dish towels and went to Mrs. Mason for guests and Mrs. Graves for members.

A pretty salad plate was passed at the refreshment hour. The five guests playing were: Mrs. Byron Housewright, Olen Stewart, H. E. Duncan, Vernon Mason, George W. Hall.

The members old and new, attending, were: Mrs. Hugh Dubberly, J. E. Bringham, J. L. Stewart, who will entertain next, Ray Patton, Bill Donald, Hugh Hendrix, and G. C. Graves.

Mrs. Lee Hubby Is Petroleum Hostess

Mrs. Lee Hubby entertained members of the Petroleum bridge club on the mezzanine floor of the Settles hotel Tuesday afternoon with a very enjoyable party, members only attending.

Mrs. Talley scored highest. Present were: Mrs. Calvin Boykin, L. M. Bankson, Percy Bosworth, Roy Combs, Sam Goldman, Fred Read, Noel Lawson, Adams Talley.

Mrs. Lawson will be the next hostess. Mrs. D. C. Buffington and three children, Gordon, Neda, Ruth and Delma, have gone to Jal. N. M., to join Mr. Buffington for the summer.

Catherine Young, Edna, following her Monterey trip; Miss Marguerite Collins, Dallas; Miss Zella Counts, Fort Worth; Miss Aleale Forester, Denton; Miss Ruth Fowler, Llano; Mrs. Anne Greene, Abilene; Miss Elouise Haley, Cross Plains; Miss Mamie Ruth Harris, Grapevine; Miss Lottie Mae Light, Grand Prairie; Mrs. Loretta McElhannon, Belton; Miss Lula Ted Watson, Lubbock; Miss Fendell Whitley, Denton.

C. L. Cromwell will attend N. T. S. T. C. at Denton and Miss Lorena Hughes, E. T. S. T. C. at Commerce. Miss Clara Secret will teach in Texas Technological college as she did last summer.

Wild Rose Cutwork Pattern

By RUTH ORR

Pattern No. 306. Going to have a party? Here's just the cloth for your buffet supper. The decoration is a simple but effective design of wild roses done in cut work.

The pattern is in two sections so that it can be applied to the two ends of a short cloth for use under your coffee or tea service or on a longer scarf for your buffet. The curve of the design makes it possible to form a circular center for use on a luncheon or refreshment cloth, using the small motif to match for napkin corners.

Or you may use the large designs for the ends of pillow cases and the small matching motif for the top corners of sheets.

The pattern envelope contains genuine hot-iron transfer pattern comprising two of the large motifs, each 11 1/2 by 22 inches and four small motifs, each 2 1/4 by 2 3/4 inches; also complete, easy-to-understand illustrated directions, with diagrams to aid you.

To obtain this pattern, send for No. 306 and enclose 10 cents in stamps or coin (coin preferred) to cover service and postage. Address Big Spring Herald, Needlework Dept., P. O. Box 200, Station D, New York, N. Y.

Beauty Authority At Drug Store Tells Her Secrets

The Elizabeth Arden representative at Cunningham and Phillips this week has a daring color chart for women in quest of the beautiful who come to let her demonstrate what toiletries can do. This chart shows how one can wear any color with the proper make-up to bring one's coloring into harmony with the costume.

In the short time Miss Amos has been in the West she has already learned that Big Spring women require three special forms of treatment. They need a mask for their skin, a medicated tonic for their hair, and protective powder base.

The perfect mask, said the representative, is the new Velva cream mask recently developed by Miss Arden. It has soothing qualities of cream and the excellent effect of a hardening mask.

One of the most interesting bits of information Miss Amos gave this reporter was an account of how careful Miss Arden is before she puts her products on the market. She tries them out for two years in her own salon before she sells them over the counter. That does away with experimental creams that are not able to live up to their ballyhooed announcements.

Mrs. Herbert Fletcher is hostess to H. D. Club

Mrs. Herbert Fletcher has hostess to the Center Point H.D. club at the home of her mother, Mrs. John Churchwell, recently. The members answered roll call with a helpful hint.

Mrs. Hull demonstrated a non-fattening mayonnaise. It was announced that the club is sponsoring a benefit 42 party at the school house Saturday night to which the political candidates are invited to be introduced.

Refreshments were served to: Mrs. Ernest Hull, W. M. Fletcher, Owen Leonard, Albert McKinney, Albert Eden, Flem Anderson and Herbert Fletcher. There were two visitors, Mrs. W. H. Wise and Mrs. Churchwell.

Mrs. Woodie Brigance will be hostess on June 5 at 2 o'clock in the afternoon.

Tuesday Club Is Entertained By Mrs. W. W. Inkman

Members of the Tuesday luncheon club were delightfully entertained at the Settles hotel this week by Mrs. W. W. Inkman. Mrs. Tom Helton scored highest.

Players were: Mrs. M. H. Bennett, M. K. House, C. S. Blomsheld, R. V. Middleton, Harry Hurt and Shila Phillips, who will entertain next.

Pep Squad Committee Entertains

Miss Lillian Shick and Girls Celebrate Achievement

Miss Lillian Shick entertained members of the pep squad who served on the banquet committee and two other chairmen with a dinner party at the Settles hotel Tuesday evening preceding commencement exercises in which most of the party personnel took part.

Paper parasols were the place cards and gifts from Miss Shick were favors. These were individual sachets wrapped in colored cellophane.

Members of the committee present were: Eddy Ray Lee, Mary Louise Inkman, Doris Cunningham, Judith Pickle, and Lois Whitehead. Also present were: Nina Rose Webb, who was chairman of the finance committee, and Frances Stamper who headed the date committee for the banquet.

Tuesday Dinner Bridge Club Disbands During Three Summer Months

Mrs. C. R. Worley entertained members of the Tuesday dinner bridge club this week, this being the club's last session until September.

Mrs. McKinney made the highest score. A clever gingham dog and calico theme was employed in the party accessories.

Members present were: Misses Jeannette Barnett, Emily Bradley, Mmes. Fred Read, Elmer Craven,

Mrs. Houser And Mrs. Gibson To Stage Two Recitals This Week

Mrs. Annie Gibson Houser and her mother, Mrs. Sude Gibson, will present their pupils in piano and expression in two recitals Thursday and Friday evenings at the high school auditorium at 8:15. These recitals will close the spring term. The summer term will open soon.

Winner of the spring scholarship that carried with it four months free tuition is Sandford Edwards, five-year-old son of Mr. and Mrs. W. K. Edwards.

The child has been studying music only since January and in the last four months made the highest average of any pupil in the class, and has completed nine months work in five months. He was four years old when he started music.

The judge who heard him play in Abilene in the piano tournament said he was the youngest child she ever judged in the tournament and she was particularly impressed with the rendition of the 20 selections he played, especially with his finger technique.

Sandford apparently inherits musical ability from both sides of the family. His paternal grandfather was one of the most gifted musicians in Big Spring in her day and frequently composed music. His mother is a well-known musician and constantly oversees his practicing. She said she has no trouble whatever in getting him to practice.

Cecilia Westerman, eight years old, ran Sandford a close second in the race for the scholarship. She has done nine months work in less than the time.

Thursday night Sandford Edwards and Cecilia Westerman and other younger pupils of both the

music and expression classes will play. The personality singers will give novelty numbers. Friday night the more advanced pupils will perform, and the awards for the term will be announced. The public is invited.

Fairview News

Leroy Warren of Martin county is spending the week with Mr. and Mrs. Charlie Warren and Arlander Warren.

Mr. and Mrs. Jim Kendrick of Knott spent Wednesday with Mrs. R. I. Findley and family.

Excellent rains this week have greatly benefited all the farm lands in this community.

Robert and Vird Whatley have been in Hartwells community for the past week, assisting their brother, June Whatley, in planting.

Mrs. R. I. Findley and family spent Sunday in the Jim Kendrick

home at Knott. Mr. and Mrs. G. C. Broughton and family; Marion and Mack Newton of Moore and Mrs. Clyde Bloodworth of Fairview spent Sunday with Mr. and Mrs. Charlie Warren.

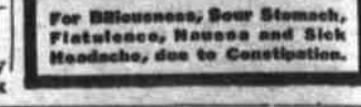

The condition of Mr. Duncan is reported about the same.

Benefit Party To Be Given At School House

The Center Point H.D. club is sponsoring a benefit 42 party on Saturday night, May 30 at the school.

A variety of games will be played. There will be music and a cake-walk. Political candidates are invited and will be introduced. The party will begin at 8 o'clock.

H. F. Perry of McAllen, Texas, produced 60,620 pounds of oranges from his 90 21-year-old trees.

For Bloating, Bow Stomach, Flatulence, Hoarseness and Sick Headache, due to Constipation.

Bilious Spells

In bilious spells, one of the first things to do is to take a dose of Black-Draught to relieve the attending constipation. You can rely on Black-Draught whenever a laxative is needed.

Mr. T. L. Austin, of McAdenville, N. C., tells of having used Black-Draught for a long time. "There is a box full on my mantle now," he writes. "I take it for biliousness. If I did not take it, the dullness and headache would put me out of business. It is the quickest medicine to relieve me."

Black-Draught is purely vegetable. It is one of the most economical laxatives. Sold in 25-cent packages containing 25 doses.

ALL SET FOR ANNUAL RATTLESNAKE DERBY

Gov. Clyde Tingley of New Mexico purchased the first tickets for the premier "rattlesnake derby" at Carlsbad, N. M., a feature of the Cavern City Cavalcade July 2-5. Shown with the governor are Carlsbad's Cavalcadettes (left to right) Winno Jean Wheeler, Opal Bonney, Virginia Rigdon and Pearl Hogan. (Associated Press Photo)

DEATH ON CROWDED SIDEWALK

This graphic photograph shows the scene at 96th street and West End avenue, New York, when an automobile, running wild, jumped the curb and rode down four men before crashing into a building. Of the four, one died and the other three were seriously injured. Joe Levy, an amateur photographer, happened on the scene shortly after the accident and made this picture. (Associated Press Photo)

Ousted President

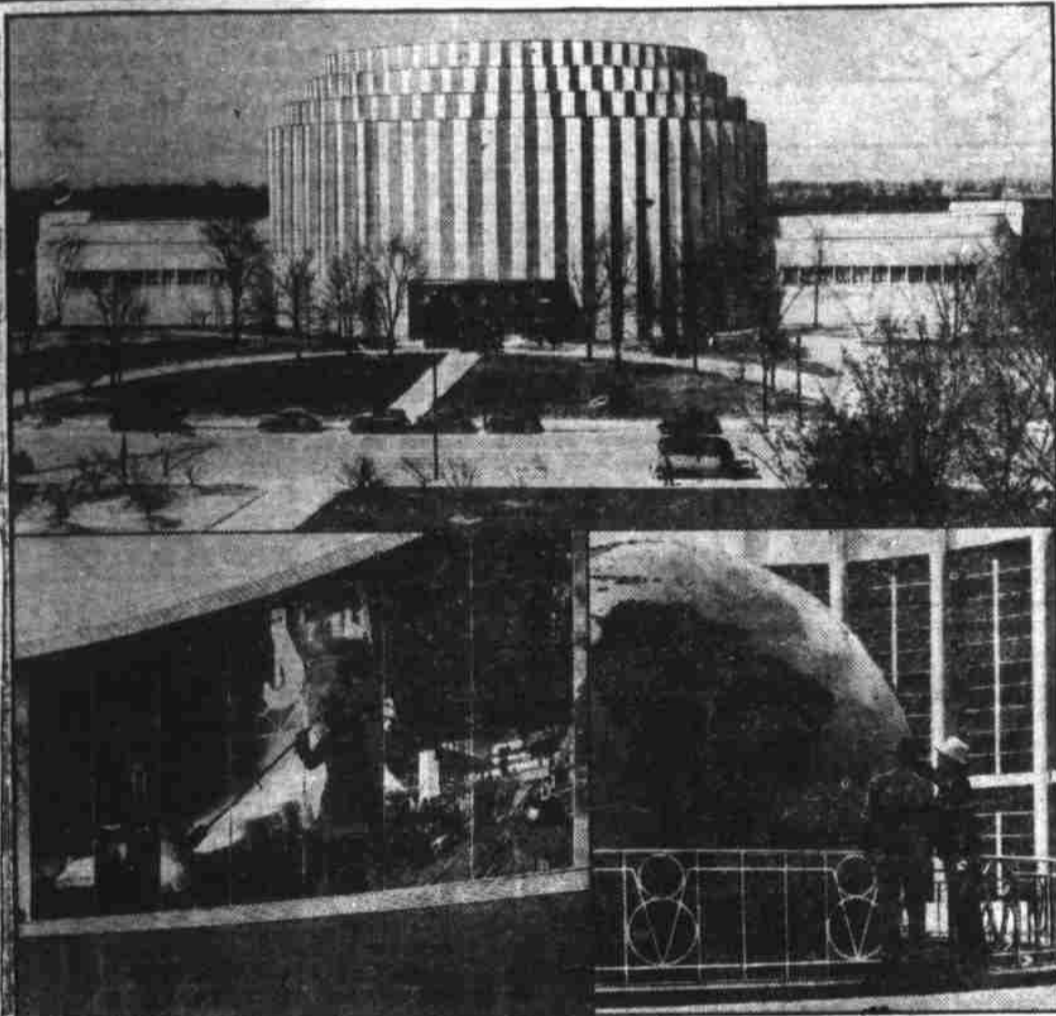

President Luis Tejada Sorzano of Bolivia (above) was forced to resign by army officers and civilian members of the Socialist party when they took over the country's government in a bloodless coup. (Associated Press Photo)

'STEP RIGHT INSIDE, LADY'

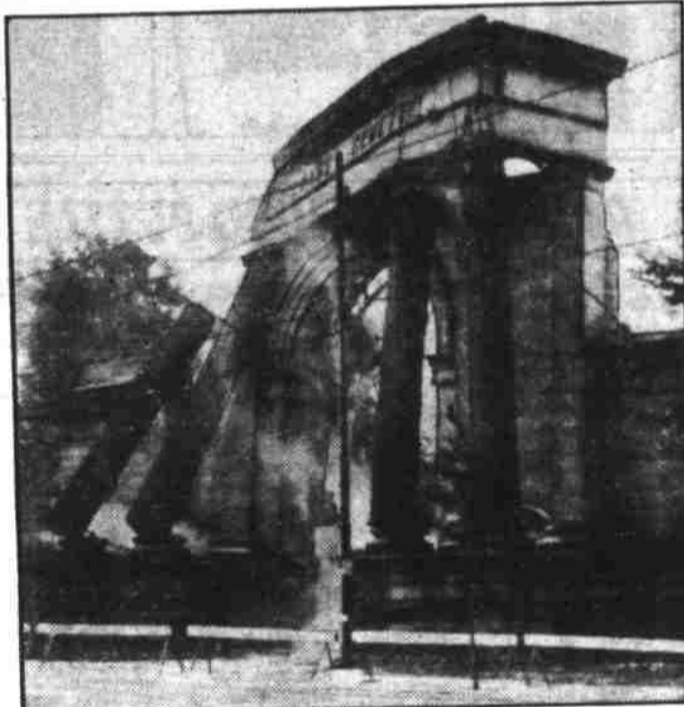

The cameraman caught a bit of gallantry on the part of a New York policeman as he gave 17-year-old Nancy Serville a lift into the patrol wagon outside Flushing court. She was held under \$25,000 bail after boys accused her of being a gang lookout. (Associated Press Photo)

Unique Gateway to Ford Rouge Plant Opens

THOUSANDS of visitors attended the formal opening of the Ford Rotunda, the unique new public entrance to the Ford Rouge plant, largest industrial exposition in the world. The great building, visited by 12 million people at the Chicago World's Fair, has been reconstructed in steel and Indiana limestone. TOP, a photograph of the Rotunda taken from the roof of the Ford Administration Building in Dearborn, Mich. The grounds are being landscaped and sectional reproductions of 19 historic Roads of the World wind around the Rotunda, making a drive about 3,300 feet long. LEFT BELOW, a camera shot of the great photographic murals, 32 of which rise nearly 20 feet in height on the wall of the central section. RIGHT BELOW, the Ford World, a 20-foot revolving globe weighing 12,000 pounds, showing the location of Ford industries throughout the world. It is in the 92-foot patio at the heart of the central gear-shaped section. The Ford Rotunda is 424 feet long, 110 feet high and the central structure is 215 feet in diameter. In the Rotunda are exhibits of Ford methods, machines and products, a beautiful little theatre seating 388, public lounge, exhibition rooms and many other features.

CEMETERY GATES DEMOLISHED FOR DEMOCRATIC CONVENTION

Century-old portals of Woodlands cemetery at Philadelphia were caught by the cameraman as they were pulled down to make way for a new road that will lead to Philadelphia municipal auditorium, where the Democratic national convention will be held. (Associated Press Photo)

New Social Security Head for Southwest

Ed McDonald, veteran member-secretary of the Oklahoma highway commission, was named regional social security director for Missouri, Arkansas, Kansas and Oklahoma. (Associated Press Photo)

BAPTIST LEADERS CONFER JOINTLY

The Rev. J. H. Rushbrooks (left), of London, general secretary of the Baptist World Alliance, and the Rev. George W. Truett of Dallas, Tex., president of the alliance, shown as they conferred between joint sessions of the Southern and Northern Baptist conventions at St. Louis. (Associated Press Photo)

Taught to Talk

Helan Siefert, 8, of Bridgeport, Neb., blind and unable to hear or speak, learned to use 400 words after 20 months instruction at an institute for blind at Watertown, Mass. She "hears" with her fingers. She is shown with her teacher, Margaret Hooper. (Associated Press Photo)

CRASH TAKES LIFE OF LUMBERMAN

This is the wreckage of the plane in which Harry P. Williams, husband of the former Marguerite Clark, star of the silent films, and his pilot, John Worthen, were killed when they crashed near Baton Rouge, La. Williams was a millionaire Louisiana lumberman and an aviation enthusiast. (Associated Press Photo)

PREPARING FOR BIG RACE

The Daily Washington Merry-Go-Round
By DREW PEARSON and ROBERT S. ALLEN
WASHINGTON—What to do about Comptroller General J. Raymond McCarl is causing considerable discussion in the inner circle of White House counselors.
Appointed by President Harding, the 15-year term of the heavy-set, Windsor tie-wearing Nebraska republican expires July 1. Under the law he cannot be reappointed.
Some of the militant left-wing new dealers are after McCarl's scalp. They charge him with trying to hamper the Tennessee Valley Authority, the Public Works Administration and other new deal undertakings. They are urging that he be ousted from the government service.
Other administration take an entirely different view.
They make the surprising suggestion that McCarl should not be dropped, that instead his unexcelled knowledge of government business should be utilized in the office of budget director.
The job has been vacant since Lewis Douglas broke with the president in the summer of 1934. Daniel Bell, a treasury career man, has been filling the post as acting director. Roosevelt offered him the appointment, but he declined, preferring to keep his high rank in civil service.

STATE FINANCES IN THE BLACK
Gov. James V. Allred's review of state finances, made before the Texas Bankers association, was concise and explicit.
It showed a favorable condition probably rivalled by few American states, even those that have reached down into the pockets of their people on relief for sales tax tribute on bread and meat.
Allred's report showed that Texas will close its fiscal year, July 31, with an actual cash balance of around four million dollars, considering the treasury as a whole.
The state's unfunded debt is about \$12,000,000 representing deficits in the general revenue and Confederate pension funds. Its cash balance in school, highway, permanent and available funds, exceeds this amount by the margin of the cash balance he announced.
Texas also is fortunate in respect to its funded debt. The state owes about \$14,000,000 on its bread-bond issue for relief purposes, and provision has been made to meet these bonds as they mature. The state has assumed county and district bonds whose proceeds were used to build state highways, and about \$60,000,000 of that type of bonded debt remains. Provision, through use of part of the gasoline tax, has been made to retire all these bonds.
The governor's financial report to the bankers shows that administrative funds have healthy balances, and the general revenue, running about five months behind current warrants, will show a tendency to catch up as annual ad valorem taxes are collected early next year.
Being in debt is the normal state of a governmental agency. The federal government is more billions in debt than at the end of the World War. Many states have fought the spectre of bankruptcy, after borrowing all they could.
Allred did not review available untapped sources of taxation, which will be reached first to supplement the old-age pension fund, then will remain subject to assessment to wipe out the deficit in general revenue.
But his report did show the state, or the whole in an enviable condition financially, its credit in excellent shape, its revenue applied to necessary governmental functions and to permanent improvements such as highways and public service, such as education. School funds are especially prosperous.
And the Texas governor showed the bankers this sound financial status has been held without "the tax-on-poverty" of a general sales tax system.

Real Sympathy
Retorting to the complaints against McCarl by the left-wing new dealers, his friends in the inner circle group contend that he has been cooperative and sympathetic.
They point out that Harry Hopkins as relief, civil works and works-relief administrator, General Hugh Johnson as NRA boss, Morris Cooke as head of the Rural Electrification Administration, and other top-rung new deal executives have never had difficulty with the comptroller general.
The argument is also advanced that if McCarl, noted as a watchdog of the treasury, became budget director, the administration would have an effective answer to republican attacks about extravagance and reckless spending.
McCarl and the president are old friends, have been on cordial personal terms throughout McCarl's incumbency in the White House.
Convention Program
Charley Michelson, political pundit of the democratic national committee, is planning a 200-page program for the Philadelphia convention. That is 100 pages more than was ever dreamed of before by either party.
Advertising in the democratic convention program will cost \$2,500 per page, and is being sold by a staff of high pressure salesmen to space buyers who know which side their bread is buttered. Advertising alone is supposed to net \$250,000.
Charley hopes to sell 100,000 copies at Philadelphia. Guests and delegates will be "invited" to purchase special copies at \$2.50.
Since the textual matter is obtained free from various government press staffs, the net profit per copy should be around \$1.50, which may earn another \$150,000 for the democratic party, making a total of \$400,000.
Jim Farley is following the policy of raising his campaign funds from the masses.
James Landis
Jim Landis, on the whole an excellent chairman of the securities exchange commission, has a one nasty habit which he cannot banish. He has a long memory for those who thwarted him.
Way back in the days when the securities act was being administered by the federal trade commission, Andy Ten Eyck, ex-secretary to Roosevelt and later an adviser on the SEC legal staff, was requested by Chairman March to draw up a memorandum showing why the new stock exchange bill and the securities act should be administered by the trade commission.
Landis, a member of the commission at that time had other ideas. He wanted to set up a separate securities and exchange commission, of which he hoped to be a member. So Landis counseled Ten Eyck not to write the report.
"But," replied Ten Eyck, "I have to. March is a commissioner."
"Oh that's all right," suggested Jim Landis, "there are ways of letting the drugs sift to the bottom."
"Wha do you mean?"
"Och, there are ways of just not doing anything about it."
Despite Landis, Ten Eyck wrote the report. That was two years ago. The other day, after previous warning, Ten Eyck received a succinct letter, signed "James M. Landis." It ordered him to sever his connection with the SEC.
Ten Eyck happens to be a conscientious worker and a pioneer in regulating the stock market. Other officials in the SEC had offered House last Wednesday night following a three-hour chat with the

Report Made By Auditor Of Texas U.

\$2,771,000 Spent By Institution During Year In Austin
AUSTIN, May 27—Some interesting details of the financial operations and condition of the University of Texas have been made public by Charles H. Sparenberg, auditor of that institution. He said that the administrative and instruction divisions of the main university spent \$1,750,000 in Austin during the year ending Aug. 31, 1935. Auxiliary enterprises such as the dormitories, cafeteria, union building, intercollegiate athletics spent \$386,000. Other expenditures included \$10,666 for fellowships and scholarships, \$18,685 from student loan funds and \$605,000 in plant funds including purchase of lands, new buildings, building, additions, furniture and equipment, with more than half of this latter sum spent in Austin.
Added to the \$2,771,000 spent by the university itself, Mr. Sparenberg estimated that 7,778 students in the last summer school spent \$583,300 and 7,628 students in the long session now closing spent \$4,119,120.
The total figure of \$7,473,500 does not include the money spent here by the university co-student association, the Texas Student Publications, Inc., nor the money spent in Austin by visitors attending football games, the Texas relays, and annual intercollegiate league meet and other events held at the university, Sparenberg said.
Speaking of the university endowment or permanent fund, he said the book-value last August 31 was \$32,161,899, but only \$16,000,000 of that sum is productive. Included in the total figure, he explained, is 2,000,000 acres of land in West Texas belonging to the University of Texas carried on the books at a nominal value of \$5 an acre; \$4,000,000 in bonds of the university regents and \$2,000,000 in bonds owned by Texas Agricultural and Mechanical college which were used for building purposes. The Texas A. and M. college is getting slightly less than one-third of the income that comes from bonds purchased by endowment funds received from oil production upon university lands. Sparenberg compared the University of Texas endowment fund with that of Harvard which has between \$140,000,000 and \$150,000,000, the largest in the country.
He said figures for the year ending last August 31 showed the value of the university's physical plant was \$18,315,000 and that \$2,000,000 is being added by reason of new construction.
Sparenberg ventured the prediction that the university building program will not have an ending at least for a number of years.
When the \$4,000,000 building program was projected, we thought that the buildings would do for a number of years," said "But during the last year four new dormitories and the university main building have been under construction by reason of the PWA program. It seems that the PWA program picked up where the \$4,000,000 program ended. If present plans of the board of regents are carried out, another building program will

Man About Manhattan

By George Tucker
NEW YORK—It being quiz week on most campuses, your conniving tutor has arranged a surprise examination for the class today. No pledge necessary:
Q. Sean O'Casey, the Irish playwright, startles playgoers in what manner?
A. He wears turtle-neck sweaters to important first nights.
Q. Under what peculiar circumstances was the song, "I'm Looking at the World Through Rose Colored Glasses," first introduced?
A. It was sung in a Broadway speakeasy by a piano player—who was blind!
Q. Can you name a famous poet living in Paris who is the papa of a celebrated actress?
A. Richard LeGallienne.
Q. For what irregularity is Leopold Stokowski, the conductor, famous?
A. He never uses a baton.
Q. Approximately how many restaurants and taverns are there in New York?
A. About 118,000.
Q. Next to sitting on sway-back pianos, what are Helen Morgan's principal hobbies?
A. Rearing tropical fish and growing orchids.
Q. What, of all things, is Katharine Cornell's idea of fun?
A. To go fishing off the coast of Spain.
Q. By what bombastic title do Billy Rose's press-agents call him?
A. The little Napoleon.
Q. Which of this season's dramas was named after a New York thoroughfare?
A. "Moon Over Mulberry Street."
Q. Can you name other plays that have been named for streets?
A. "No. 9 Pine Street," "Broadway," and "Madonna of Avenue A."
Q. Why do chorus girls steal lump sugar from restaurants?
A. They like to feed it to the horses of mounted cops.
Q. Describe the man who once referred to Noel Coward as "Destiny's Tot."
A. He is roly-poly and wears thick-lens glasses and answers to the name of Alexander Woolcott.
Q. Identify three celebrities who, though unrelated, have the same surname.
A. Pearl Buck, novelist; Frank Buck, wild game hunter; Gene Buck, former associate of Ziegfeld and head of the

Society of Composers, Authors and Musicians.

Q. Where is Arlette Stavisky, wife of the late French financier who shot himself or was murdered by gendarmes when his hock empire collapsed last year?
A. Toting as an obscure entertainer for \$50 a week in a Broadway cabaret.
Q. Can you name a notorious Bad Man who was gunned in a cheap Jersey tavern within the past year?
A. Dutch Schultz.
Q. What man has the loneliest job in New York?
A. The cop on duty in front of President Franklin D. Roosevelt's town house, in 68th street. Although the house is unoccupied most of the time, he "dassant" even sneak around the corner for a cooling beer for fear the Lieutenant might come by. That's one beat the Lieutenant ALWAYS makes.
Jane Altman, who sculptors wild animal groups, is a Georgia girl and once was shipwrecked off the lower Mexican coast. Her brother, J. G. Altman, is a professor of Spanish in Mexico City.

Peoples' Friend

As the group of progressive senators emerged from the White House last Wednesday night following a three-hour chat with the president, newsmen bombarded them with questions about what they had discussed.
"Just a social gathering, but the refrain from all but Sen. Henrik Shipstead. The tall, pompadoured Minnesota farmer-laborer had a different story.
"We talked about the common people," he said. "How best to improve their lot. I have always been for the common people. My colleagues say they are too, but I notice" (pointing to the other departing guests) "that they have limousines waiting to take them home.
"I'm walking home. Just like you boys. I'll walk with you."
Liquor Stores Open Till 11 P. M. PHILADELPHIA (UP)—The Pennsylvania state liquor control board has announced that all state stores in the city will remain open until 11 o'clock each night during the democratic national convention. The stores, of course, are closed on Sundays and legal holidays.
Hutchinson, Kan., "cruiser cops" are bandoning cars for motorcycles.

By MARGARET BELL HOUSTON

Chapter Seven
LADY IN PERIL

But the figure was real. It fitted swiftly up the drive, keeping to the shadows of the still dripping bushes. With a furtive glance back into the moonlight, it passed between the sleeping stone lions, mounted the steps and rang the bell. Somewhere inside the clamor sounded, and the figure waited, listening, still with further glances toward the gates.

Steps sounded within, the door opened, and the figure flew in like a dark bird out of the night. Old Timothy stood staring in the dimly lit hall. It was a girl in a long green cape, the hood of which was thrown over her hair. She was wet from the rain, and breathed quickly as if she had been running.

"Well, Miss," began old Timothy, himself only half-dressed, having

couch, shaped like a half-moon. Around her face her hair had formed in dark, wet rings. She wore a black dress with a white Puritan collar. Her hands clasped and unclasped, and she shivered, cold without the wrap. There was no fire in the fireplace.

Rupert stood looking at her, seeing her through a red haze.

"You're a lawyer," she said, glancing up at him. "I'm right about that?"

Rupert dropped heavily into the big carved chair beside the couch. The girl was chilled, he noted with vague interest.

Rupert rose, took "Elinor's" shawl and laid it about the girl. She wrapped herself in it obediently. It looked bright on her, bright as a fire against her black hair, her deep-hashed shining eyes. Still

"If you've broken a law—" Hope said, she shivered. "I'm just . . . nervous," she said. "Are you a lawyer?"

Rupert drew his hand across his eyes. The shawl dazzled them. "I am," he replied. "I am the son and the grandson of lawyers. As for carrying on the name, I leave that to younger, to master-minds."

"Then tell me," she said, leaning toward him. "If you've broken a law—if you're in danger—in terrible danger—"

"In danger," repeated Rupert, as she paused.

She nodded quickly. "It happened in another state. That's what I want to know. If you've broken a law—in another state—"

Again she paused, seeming to observe that he was not listening. Rupert was listening, but her words beat against his ears senseless as pebbles. "If you've broken a law," he had broken no law, yet Elinor had condemned him. A few hours before, she had sentenced him to death. Had killed him herself—with words—with words like knives.

In her bright shawl the girl seemed the core of a great fire. Her eyes—they were not really black. It was the lashes that made them look so dark. They were like—What was that gem so limp a brown that it looked yellow? . . . Topazes. They were like yellow topazes.

"What is your name?" he asked. She looked away. Presently she spoke.

"Hope Devine," she said.

Rupert pondered this. The sound had . . . associations. It was a phrase, and yet it might also be a name.

"Where are you from?" he asked.

Still she did not look at him.

"From the south," she said.

He pondered this also. South America? The South Seas?

"What town?" he inquired.

"El Paso. Down by the border . . . by the Rio Grande."

"Tell me about yourself," he ordered.

(Copyright, 1935, Margaret Bell Houston.)

Timothy weighing the possible consequences of sending the lady away, or exposing the master to her disillusionment, turned to see Mister Rupert descending the stair.

"What's the trouble?" asked Rupert.

Except for a thickness of voice he seemed little different from the Rupert of the early evening. His coat was off, and his stock of black, unruly hair a bit more rumpled, but that was all. Slowly, steadily, he came down the stair, along the hall. Timothy gave the lady back her flower, and withdrew. Somewhere down the hall a door closed behind him. Rupert and the girl looked at each other.

"What is it?" he asked.

"I wanted to see Mr. Joris," she replied.

Rupert made a slight open gesture with his hands.

"Well . . . what do you think of me?"

She looked down, looked away. "I won't do!" smiled Rupert.

"Oh, yes!" quickly. "Only I thought . . ."

Her eyes came back to him. "It's urgent," she added. "It's business. Can I . . ."

"Come in here," said Rupert, and led the way to the library. Here he lit the lamp with only a little fumbling, and bade the girl sit down. She laid off the hooded, wet cape, and sank into the seat before the fireplace, a deep-cushioned old

All Germany Drafted In War Preparedness Scheme; Detailed National Inventory Started By Ministry

BERLIN, May 23, (AP) — Side by side with rearmament, Germany is pointing her economic and social forces toward the next war.

A peace-time plan, untried on such a vast scale, has been sketched and an office created in the war ministry to carry it through.

The idea is called "Wehrwirtschaft." It is designed to gear the entire nation to support the fighting forces by closely co-ordinating and channeling all phases of life.

It calls for a long reach into every nook and cranny of the nation's cupboard.

Appeals reminiscent of war days are being made to housewives. They are being asked to organize their homes to such mathematical precision that waste will be banished.

One typical campaign requests that empty toothpaste tubes be saved, so the metal can be re-used.

This preparation for the next war, which German military men say probably will be a "totalitarian war"—or one wherein every able bodied person and everything the nation possesses will be utilized, constitutes "Wehrwirtschaft."

Army Man Lists Duties

The fundamentals as described by Major Kurt Hesse in the "Military Science Review" published by the ministry of war, are these:

(1)—The spiritual and mental preparation of all those who have to do with industry and business. This means, said Major Hesse, the mobilizing of men to the idea of sacrifice in the interest of the public good and the renunciation of some of life's necessities during war time. This task can be fulfilled only if public servants, who are responsible for economic preparedness, have the support of all, and especially of the leaders of business.

(2)—Statistical preparation of the possibilities and necessities during war. One of the characteristics of the situation in 1914, Major Hesse asserts, was the failure to take stock of raw materials on hand and those that would be needed.

(3)—The securing of nourishment through increasing home production, and in building up reserves, of cereals, animal foods, fats, oils and meat; the regulation of imports with an eye to possible war needs and the making of contracts beforehand with foreign importers for war-time supplies; the equipment of agriculture with machinery to replace manual labor, always scarce when farmers go off to fight.

These wage-earning women, sewing gas masks in a German factory, are typical of the effort which the entire nation is being coached to make as preparedness for a possible war which would tax every resource of the Reich.

(4)—The management of industrial raw materials by specific plan for war-time so that all domestic materials can be fully used and foreign materials be obtained by contracts.

(5)—The management of energy, more especially of electricity, by coordinating plants and power lines.

Private Capital Favored

A long-term view of economic preparedness, says Major Hesse, is favored by the army. This runs counter to some tendencies within the Nazi party which press for immediate action. By "long-term" the major says, the army means a plan that conserves domestic raw materials, for example, as much as possible during peace time and substitutes foreign materials.

Other authorities on the subject say business and industry must have leadership as strong as the army's in order to work out the scheme. Private enterprise, however, apparently is to be left untouched as present intentions do not call for nationalization, in the army's view, of any industries, not even munitions factories.

Burglars Smash Cakes

CLEVELAND (UP) — Burglars who broke into a bakery but failed to open the safe vented their spite on choice pastries. They smashed

FEATURED IN FILM AT LYRIC

Shirley Deane and Johnny Downs, in a scene from "The First Baby," a story of a young married couple and their adventures in parenthood, which is offered Wednesday and Thursday at the Lyric.

KELLOGG PRODUCTS ARE DISTRIBUTED IN CENTENNIAL BOX

Big Spring householders Wednesday were being "treated" to a special Centennial package of Kellogg products, as representatives of the company distributed samples throughout the city.

In promoting its cereals, the Kellogg company is distributing a large box which contains packages of All-Bran, Rice Krispies, Wheat Krispies and Shredded Wheat. The box is especially decorated and lettered to recognize Texas' 100th birthday. It advertises the Centennial central exposition in Dallas, bears a picture of the Alamo, and on one side tells some interesting facts about the Lone Star state.

Mrs. Florence Curry, 100, of Horton, Kas., has 34 grandchildren, 43 great-grandchildren and six great-great-grandchildren.

Two big wedding cakes that were to be delivered the next day,

Mule Rates As Dangerous

SACRAMENTO, Cal. (UP)—The mules are more dangerous than the airplanes, according to figures quoted by Dudley Steele, state chairman of the American Legion aviation committee, who said that in 1935 more persons were killed to death by mules than were killed in airplane accidents.

PA'S SON-IN-LAW

B-BUT--Y-OU'RE NOT G-GOIN' T' SHOOT US, ARE YA? T-T-THAT'D BE M-MURDER!

SURE I GOTTA! I'M AFTER 'SLUG'S' DOUGH WHAT'S HID HERE, AN' IT'S TOO RISKY HAVIN' YOUSE GUVS ABLE T' SIC TH' COPS ON ME!

"In danger," repeated Rupert, as she paused.

She nodded quickly. "It happened in another state. That's what I want to know. If you've broken a law—in another state—"

Again she paused, seeming to observe that he was not listening. Rupert was listening, but her words beat against his ears senseless as pebbles. "If you've broken a law," he had broken no law, yet Elinor had condemned him. A few hours before, she had sentenced him to death. Had killed him herself—with words—with words like knives.

In her bright shawl the girl seemed the core of a great fire. Her eyes—they were not really black. It was the lashes that made them look so dark. They were like—What was that gem so limp a brown that it looked yellow? . . . Topazes. They were like yellow topazes.

Piggy Turns The Tables

HEY! WOT--

B-BUT YOUSE AIN'T GOIN' T' SHOOT ME, ARE YA? I--I-I DON'T SHOOT YOUSE!

THAT'S NOT YOUR FAULT, YA RAT! IT WAS ONLY THAT LITTLE PIG, BLESS HIM, THAT SAVED OUR LIVES!

"What is your name?" he asked. She looked away. Presently she spoke.

"Hope Devine," she said.

Rupert pondered this. The sound had . . . associations. It was a phrase, and yet it might also be a name.

"Where are you from?" he asked.

Still she did not look at him.

"From the south," she said.

He pondered this also. South America? The South Seas?

"What town?" he inquired.

"El Paso. Down by the border . . . by the Rio Grande."

"Tell me about yourself," he ordered.

Chevrolet Truck Caravan Will Be Here On Thursday

Thirty thousand dollars worth of Chevrolet commercial vehicles, all in one group, will be here Thursday for inspection by Big Spring people.

In order to familiarize the general public with the many economical and modernized features of the 1936 Chevrolet trucks, the Chevrolet Motor company is sponsoring a truck caravan being routed through North Texas.

Ben Carter of the Carter Chevrolet company, local dealer, announced that the display of commercial units will be in Big Spring Thursday and can be viewed at the Carter company from 8:30 a. m. to 8:30 p. m.

Entertainment features are combined with the caravan and the public is invited to see the display and enjoy the special numbers.

R. D. Mahoney, Chevrolet factory representative who is in charge of the caravan, will make demonstra-

the market and resulting price cuts. "We recognize," said Fell, "that stocks must be reduced, and favor this, but we want it done in orderly fashion. Dumping of crude and gasoline stocks can only mean destruction of the price structure."

(3) A practical method keeping supply within demand, with each state given its just share of the total output. States are urged to keep their allocations within figures of the bureau of mines. "We are making encouraging progress in this direction," Fell told the crowd. "Four states have agreed to follow bureau figures in their allowable figures, and we believe the Louisiana situation will be straightened out soon."

(4) Provision for orderly development of new pools by agreement of operators. "The IPA thinks that steps should be taken to develop new pools without waste and without overproduction. It also believes that an orderly method can best be obtained through agreement of the operators."

(5) Provisions for voluntary agreements in the industry with approval by the proper federal agency. This program concerns principally the marketing and refining divisions of the industry. While the IPA is opposed to federal control of the petroleum industry, Fell said, it believes that stabilization can be effected through voluntary agreements that would meet approval of the government, and that the government can assist in handling of problems beyond the jurisdiction of the several states.

Fell also discussed legislative topics affecting the oil industry, asserting the belief that the pending revenue measure would be altered so that the proposed tax on undistributed corporation surpluses would not be injured. The organization advocates a program whereby all business interests would participate on an equitable basis.

Membership Drive
Buchner made a brief talk following Fell, presenting a plan for more IPA memberships in this territory. Oil operators, royalty owners and others were asked to enlist in the organization to help promote its program. A talk on similar lines was made by Ben LeFavor, and a committee was named to canvass oil men in the territory in an IPA membership drive. On the group are Lee Harrison, Bob Piner, Ben LeFavor, Otis Chalk, R. M. Brown, R. L. Cook and S. Caprito. The committee met Wednesday morning to start its work.

Fell and Buchner came here from Midland, where they conducted a similar meeting Monday

Mexican Children Present Program Before Lions Club

Mexican children Wednesday presented a musical program before the Lions club in its regular weekly meeting under the direction of John R. Hutto, principal of the Kate Morrison ward school.

While two girls sang a duet, four tiny tots carried out a novelty dance number. Following them a group of older entertained the club with three chorus numbers, two of them Texas songs sung in English and the third a native song sung in Spanish. They were accompanied by Miss Vada Summers.

Hutto spoke briefly, reporting on the progress made by the Lions club sponsored Boy Scout troop. He also expressed appreciation of the Mexican people for club's activities directed toward their benefit.

Announcements of the Broadway of America state convention Thursday in Colorado and of the bathing revue here Wednesday afternoon were made.

Guests for the day were R. M. Randerson, Abilene; Dale Warren, Colorado; Ferria Bass, Claude;

Diplomas (CONTINUED FROM PAGE 1)

people because they constantly fought to survive, told at the part the longhorn played in the development of this section, how horses and cowboys were inseparably linked with the picture, and how the crash of 1885 transformed the cattle industry from an adventure to a business.

Bobby traced the history of West Texas from the time Coronado passed into the purple mist through passes of the Davis mountains, the rise and fall of the Comanches and other Indians, the coming of the railroad in 1882, the development of ranching and the dawn of a new day with the stringing of barbed wire fences and plowing of new fields, and showed how the habits and customs of the people had vitally affected the growth and expansion of the section.

Honor Group
Students making the national honor society, membership in which is determined by scholastic and leadership qualities, were announced by Principal George Gentry as Sam Atkins, Inez Bynum, June Cook, W. K. Edwards, Jr., W. C. Galtiers, Ruth Griffin, Jean Hostetter, Mary Louise Inkman, Arnie Jenkins, William G. Kirby, W. A. Little, Bobby Ruth Lloyd, Bobby McNew, Charles McQuain, Judith Pickle, Winifred Piner, Mary Jane Reed, Frances Stamper, Charlene Williams, and Thelma Willis.

Diplomas were presented to 120 graduates by Grover C. Dunham, secretary of the school board. One other was presented to Ruth Walters in absentia.

Invocation was by Rev. H. C. Reddoch. A vocal trio, composed of Jane Lee Hannah, Clarinda Mary Sanders and Wanda McQuain, accompanied by Mrs. Bruce Frazier, was presented in two numbers. Rev. W. H. Anderson, pastor of the Wesley Memorial church, pronounced the benediction.

POSTOFFICE READY FOR BONUS PAYMENT

While specific instructions have not been received, the local post office force is participating a rush month in June when bonus payments are made.

Postmaster Nat Shick said Wednesday that no information as to the method of payment had been given him but that the department had recommended no vacations be allowed during the month of June.

He has on hand a supply of transmittal forms which lead to the impression that bonds will be taken by the local office and payment issued by mail, probably from Dallas.

R-R BAR NEWS

This community has received some fine rains during the week. Edwardean Coates visited Louise Bond Tuesday.

Miss Mervine Hurbert has returned home after a visit in the Lomax community.

Ford Coates and sons of Lomax visited in the Grover Coates home Wednesday.

Fairview News

Rev. Willis J. Ray, Baptist missionary, preached here Saturday night for Rev. Williamson, who was unable to be at the service. He will be here next Sunday. There were 53 present at Sunday school.

The Sunday school recently presented Rev. Williamson with a watch.

Mrs. J. T. Rogers is reported improved. She has been staying with her daughter, Mrs. Forrest, in the Moore community.

Several people from this community attended the home-coming program at Center Point Sunday.

Graduation exercises in Big Spring this week attracted several from Fairview.

Mr. and Mrs. Walker Reed visited in Big Spring Sunday evening.

Slow rains falling in this community during the week have been of great benefit to the crop lands. A fine season is assured, and crops that were planted last week are coming up.

Farmers are filling ditches and cleaning lots for the first time in several months. All will be busy with planting for some time now.

Illness of some of the members caused a postponement of the scheduled meeting of the home demonstration club last week. Date of the meeting will be announced later.

Morris and Lorene Wooten visited in the Tarzan community last
