FINAL 41-7

## Mules Kick Pirates To Take First Win

### ★★★ This Is Your Only Warning!

School has started, and with the first weeks of school, numerous traffic violations have been tabulated by the Muleshoe City Police. Chief Buddy Black this week has issued a warning, and "This is your only warning!"

He has said, "The traffic signs

Joe Ellis, longtime Muleshoe city employe, had back surgery last week at St. Mary's Hospital in Lubbock.

He is expected to return to his home in Muleshoe sometime this week.

The Muleshoe Chamber of Commerce suggests that anyone considering doing business with an unknown firm check with the Better Business Bureau of the South Plains Inc. for a reliability report.

The WATS telephone you can call without charge is 1-800-692-4466.

Lions will be out in full force Wednesday during their annual broom sale. You are asked to please cooperate and save your broom and mop orders for the Lions, who use the proceeds for local projects.

Mr. and Mrs. W.M. Vise of Muleshoe were recent guests at Rosedown Plantation and Gardens in St. Francisville, La.

Rosedown is a restored plantation empire in the Feliciana, the region made famous by artist-naturalist John James Audubon who painted more than 30 of his birdlife studies there more than a century ago.

Mr. and Mrs. J.E. McVicker and daughter, Susan McVicker, of Austin recently returned from a week long trip to the Islands of Hawaii. They toured Oahu, Hawaii and Kauai Islands.

Mrs. Odys Blaylock is now out of the hospital and has moved to an apartment. Her address is Warren Terrace, Apartment 69, 4740 North Mesa, El Paso, Tx. 79912. Her sister is staying with her.

Terry Dodd, son-in-law of Mr. and Mrs. June Wagon, is in the Osteopathic Hospital, 27th and Georgia, Amarillo, Tex. 79109.

Mr. and Mrs. Royce Clay, minister of the Muleshoe Church of Christ, are in Guyton, Okla. for a meeting from Sunday to Wednesday.

Howard Elliott is in room 800 of Methodist Hospital undergoing surgery.

### Telephone Dialing Changes

Bryan Galloway, customer service manager for General Telephone from Littlefield, has issued a change in the system of dialing a number on your same line.

Due to the installation of new equipment for direct distance dialing due to go into effect in October, the former system of dialing "119" and then the number has been changed. To reach a party on the same line as you have on the telephone, Galloway said to dial "69" and then follow with the seven digit number.

When direct distance dialing goes into effect, the first number to be dialed for that system is "1" thus the change has to be made to keep the long distance switching equipment operating properly.

around the schools mean just what they say!" He has spent some time driving around the schools checking to see that all warning signs are in order, the flashing lights warning of school zones are working and preparing for the extra police officers who will be working during school hours enforcing the speed laws and other traffic laws in and around the schools.

The chief commented, "Society in general accepts and demands the control of traffic movement in hazardous and high risk areas. Law Enforcement officers are employed to detect violators, issue citations, and file formal complaints in court."

He also said, the allowable tolerance for violators will be the same as allowed for a 2,000-4,000 pound vehicle against a 40-80 pound child. In other words, the judge will consider the effect if the vehicle should, in its violation, hit a child while violating the local traffic laws and ordinances.

In effect this week, additional officers, who will be working overtime in an effort to combat the flagrant violations of existing ordinances, will be issuing citations to court. There will be no warnings issued. Chief Black said the notations through the local media will be the only warnings given, and there will be no exceptions as to who the violators may be or why they may be -- they just shouldn't, if they want to avoid a citation.

Parents, there is also a warning for you. Driver's license checks may be made, and for any unlicensed minor found driving, citations will be issued to both parties, the minor for no driver's license and the owner of the vehicle for permitting unauthorized minors to drive.

The officers will be issuing citations for speeding in the school zones, all which are clearly marked; the flashing light zones on American Boulevard; the 15 mile per hour restricted speed in and around the areas of the schools, and disregarding the two-way and four-way stop signs.

According to state law, the maximum fine for such violations can be up to \$200, and most judges are known to lean a

Cont. on Page 2, Col. 6

## Flu Vaccine Clinics Needing Volunteers

Members of the First Lady's Volunteer program are looking for more volunteers to assist with mass immunization efforts against the A/New Jersey strain of influenza, or Swine Flu, according to Sammie Ethridge, volunteer coordinator for Bailey County.

The virulent strain of influenza is expected to appear in epidemic proportions this fall and winter unless enough Texans are immunized against it.

The Texas Department of Health Resources and the First Lady's Volunteer program are combining their forces in an attempt to eliminate the threat of this epidemic.

Clinics will be established in every community in the state to meet this challenge, and these clinic shots will be free.

The First Ladies are assisting with the recruitment and organization of the state-wide volunteer program to complete the immunization campaign.

The immunization program will be carried out in two stages. A bivalent vaccine, for the elderly and those with chronic illness, will be available. It will contain protection against both the A/New Jersey or swine flu and A/Victoria strains of influenza.

A monovalent vaccine, for A/New Jersey, or swine flu only, will be available for the remaining population. This vac-

**POLICE WARN, SLOW DOWN**  
... Muleshoe City Police Chief Buddy Black shows some of the reasons extra officers will be on the streets of Muleshoe in key hours starting tomorrow (Monday). Repeated violations of school crossing and school zone laws has forced the action. No warning citations will be issued, explained the chief. Chief Black said, "All these signs mean just what they say!"

## Industrial Seminar Scheduled Tuesday Chamber Discusses Projects

Eight small cities besides Muleshoe are expected to be represented Tuesday for an Industrial Commission seminar to be conducted in Muleshoe beginning at 9:30 a.m. with a welcome to Muleshoe by Ted Barnhill, president of the Muleshoe Chamber of Commerce.

Homer Tucker, senior industrial development consultant from the Texas Industrial Commission will present introductory remarks on his behalf and that of his staff members who will assist in conducting the all-day seminar. This will be the first time for an Industrial Seminar to be conducted outside Austin.

E.H. Sheffield, manager of the community services department of the Texas Industrial Commission will present the orientation to industrial development at 9:40 a.m. followed by Homer Tucker with the prospect's view of "My Hometown".

Collier Watson, community services division at Austin will present the "Texas Department of Community Affairs" prior to the 11:30 a.m. lunch break.

All members of the seminar will have a dutch treat lunch from 11:30 to 1:00, at which time the seminar will reconvene.

During the afternoon session, leading off will be E.H. Sheffield, who will discuss "Industrial Financing"; Kenneth Owen, area development department of the Southwestern Public Service Company at Amarillo will give "Evaluating, Securing and Presenting Industrial Sites and Buildings"; "Prospects of Tourism" will be discussed by Phil Davis, Chief of Community Relations, Tourist Development Agency, Austin; Wayne Franke, Assistant of Government Affairs Manager for General Telephone in San Angelo will discuss "Research and Analysis"; "Prospecting and Other Economic Development Opportunities" will be discussed by Kenneth Owen and Homer

Tucker will conclude the seminar with "Organizing for Action."

Cont. on Page 2, Col. 7

## Mule Defense Holds Cooper

"We're going to get better. I promise you that!" were the words of Athletic Director and Head Football Coach Don Cumpton last week following the Mules' first game of the season. Coach - you fulfilled that promise on Friday night. Everybody got to play before the end of the Muleshoe Mules-Lubbock Cooper Pirates game when the score reached 35-0. By the end of the game, the score was 41-7 and no one, but no one, left their seat until the final

whistle was blown.

Muleshoe won the toss and holding to a ground game, moved the ball downfield on a 76 yard drive before Dean Northcutt scored from one yard out. He scooted around right end for the touchdown with 6:04 left in the first quarter. Tony Vela made it 7-0.

With Mule defense stubbornly holding on, the Pirates were held from scoring and a Mule threat which started on their own 44-yard line was wiped out on the Pirate 11-yard line after a

big 15-yard penalty. Well into the second quarter, stubborn Mules kept the Pirates from effectively moving the ball before the clock moved to 6:07 of the second. A scamper downfield for 41 yards by Jeep Shanks put the Mules second touchdown on the score with Vela again adding an extra point.

A costly Pirate fumble in the second, which was recovered by Martin Nowlin helped start out the third touchdown which was completed when Quarterback Randy Whalin passed to Billy Donaldson on a 39 yard pass, followed by Dean Northcutt making it into the end zone from about one-half yard out.

Muleshoe went into the half-time with a score of 28-0 following a 10 yard pass from Whalin to Donaldson in the end zone which made the fourth time for the fourth time for the Mules to put points on the board. Vela again hit on the extra point kick.

Smartly marching and sharply sounding, the Muleshoe Mighty M Marching Band followed the Pirates Marching Band onto the field at halftime and entertained during half-time with newly added banners featuring black backgrounds with huge white 'M'.

During the third quarter, the coaches started switching out the players and allowing most of the second string to take to the field against the Pirates. No scores were made during the third quarter, although the Mule defense, with the second string in charge, also kept the Pirates from threatening too seriously.

Going into the fourth, the Mules who were threatening late in the third quarter, made it over from the two yard line when Julian Dominguez swept around to his left and into the end zone. Vela again toed in an extra point. At that time, there was 11:57 on the scoreboard clock.

Ernie Vela intercepted a Pirate pass to help save a threat from the Pirates who were beginning to move the ball but the Mules failed to move the ball so took to the air. Pirates Quarterback David Martinez made the big play for the Pirates when he intercepted a Nowlin pass and ran it all the way back for a 68 yard touchdown play for the Pirates. At 9:35 of the fourth, the Pirates were on the scoreboard. A kick for PAT was good and the Pirates stood at 35-7.

Muleshoe's final points in the game were late in the fourth quarter. Jeep Shanks added another touchdown to his tally when he went in from the one yard line. An attempt for an extra point by Marcus Beversdorf failed. Less than one minute of play was left for a last ditch effort by the Pirates.

Who won the game? The Muleshoe Mules, all of them. That's right, first game jitters were over, and the Mules went out onto the field to play. The passes clicked and the runners ran, the blockers blocked and the guards guarded.

Next week, Muleshoe will play another home game before taking to the highways. They will play Tulia in Benny Douglass stadium at 8 p.m. Be there!

**HE KICKS, AND HE CAN RUN**... Tony Vela, who can kick, and added five points to Muleshoe's score against Lubbock Cooper Friday night, can also run, as he proves here. He broke a couple of tackles in the second half and added a few of the more than 450 yards racked up by the Mules in the game.

### Paint Horses Win Prizes During Fair

Several local and area people walked off with most of the top wins in the Curry County Paint Horse Show at the fair in Clovis this week.

Mr. and Mrs. Glen Carter's weanling filly, Fantastic Deb, won first in halter class and won the WTNMPC weanling halter futurity; also a two year old mare, Jack's Frost, won first in halter class and grand champion of the halter class.

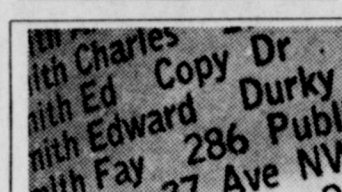

Jim Pearson's stallion, One Man's Opinion, won the cutting contest.

Dec Ann Kinard showed a weanling stallion colt, Mr. Overo, who was second in the halter class; Opinion's Pistol, a yearling gelding was second in halter class and Bartender Madk, an aged gelding was second in halter class; third in trail class and fourth in Western Pleasure.

Sunny Boy, a weanling stallion colt, shown by Dallas Kinard, was first in halter class; Opinion Too, a yearling stallion colt was first in halter class and Hai Opinion was fourth in halter class.

Cindy's Gem Bar, owned by Pete Jesko and shown by Dallas Kinard, was fourth in class.

Record corn crop expected in 1976.

### It's time your family stopped being just "Smith Harold" in the telephone directory.

The new edition of your telephone directory is going to press soon. If you have only a single listing, a lot of people are going to have trouble looking up other members of your family. Certainly, your wife deserves her own listing. And giving a teen-ager a place in the directory is a nice way of saying "You're growing up." To add or change a listing just call our business office. They can tell you how little extra an additional listing will cost. It's as easy as picking up the phone.

### School Board Agenda Light For September

Although several items are listed on the agenda to be considered by members of the Muleshoe I.S.D. School Board next Monday night at 8 p.m., the agenda is fairly light.

When the members meet at 8 p.m. in the school administration office they will hear current reports of the various departments of the schools as well as a tax collection report.

### Three Way Boosters Met

The Three Way Booster Club held its weekly scheduled meeting Tuesday night at 8 p.m. at the Three Way School Cafeteria.

A total of 40 persons attended this meeting at which plans to purchase a new audio-visual camera for filming games was discussed. Coaches Pat Risinger and Tom Newton awarded "skull and crossbones" to several players for last week's game against Wellman. Eagle players receiving skull awards were: Craig Kirby, Adam Rodriguez, Eddie Rodriguez, Jerry Waltrip, Albert Rand, Bill Hodnett, Louie Key, Ronnie Altman, Donnie Young, Earnest Cantu, Ken Eubanks and Jarrol Layton.

They will review steps taken to conform to Title IX Regulations and discuss possibilities of integrating boys and girls P.E. classes; they will be considering the approval of the Preliminary Application of Foundation Funds; discuss the Texas Association of School Boards Convention; and discuss criticisms of school employees.

### Breakfast Will Honor Teachers

A Chamber of Commerce breakfast Thursday morning will honor some 15 new teachers to Muleshoe and the Muleshoe Independent School District classrooms.

Scheduled for 6:30 a.m., the breakfast will be sponsored by the Muleshoe Chamber of Commerce, with Bob Finney as breakfast chairman.

### Effie Mullinax Rites Pending

Singleton-Ellis Funeral Home in Muleshoe received word early Saturday morning of the death of J.M. Mann, father of Franklin, around 6 a.m. at Methodist Hospital in Lubbock.

The Funeral Home said no arrangements had been completed at presstime. Another death in the Muleshoe area was around 10 p.m. Friday night at the Muleshoe Nursing Home, of Mrs. Effie Mullinax, who had been a resident of Muleshoe for the past year.

little more heavily on persons committing school zone violations. One violation, which is the two block area between West Third and West Fifth Street on Avenue G. This area with speed bumps. The minimum fine for violating the five mile per hour speed in that area is \$20, and the maximum is \$200. This is the street that is between Junior High and High School.

### Flu...

Cont. from Page 1

United States since about 1930 of person-to-person transmission of a human influenza virus related to that of swine. The virus of swine influenza is relatively stable as opposed to the changing viruses which cause flu in people.

There is little difference in the virus which caused flu in swine in the early 1930's from the swine virus of today. Once every 10 years or so, the changes in a virus which causes influenza in man is most dramatic. This leads to extensive outbreaks such as the pandemic of Asian flu of 1957 which caused an estimated 70,000 deaths in this country, primarily among the elderly or individuals with chronic illness.

An estimated 45 million cases of influenza occurred in this country during the fall of 1957. The Hong Kong strain was prevalent in this country during the fall and winter of 1968-69. An estimated 79,900 deaths were caused by this epidemic in the United States and approximately 50 million persons in this country were affected by it.

### Seminar...

Cont. from Page 1

of Muleshoe will be honored during a breakfast in November by the Chamber of Commerce. Receiving the first two awards were R.A. Bradley in 1974 and H.D. Hunter in 1975. The breakfast is planned in lieu of a banquet. The CoC is asking for nominations for this award. During the Chamber of Commerce banquet in January, possibly to be named, along with the Outstanding Farm Family in the county will be the Outstanding Boy and Outstanding Girl in the Muleshoe Schools.

Flu vaccines in the past have been variably effective. It is generally believed that effectiveness ranges somewhere between 70 and 90 percent.

When a distinctive new strain comes along, scientists are generally able to better match a vaccine to the new strain, and it is likely that a high degree of effectiveness can be achieved in a vaccine against the swine-like virus, said Dr. Duff.

The Texas-wide campaign will begin this fall. Plans for conducting the immunization program have been developed by the Texas Department of Health Resources, which will receive the state's vaccine supply and distribute it statewide.

All resources of the Department of Health Resources will be utilized in the unprecedented mass immunization project, as well as resources in the private sector of medicine and volunteers through the First Lady's Volunteer Program.

Dr. Duff noted that people allergic to eggs could have a reaction to the vaccine, since it will be made utilizing fertilized egg embryo.

A bit of detective work was used to implicate swine virus in the 1918, killer pandemic.

When influenza strikes a person, the defense system of the body builds up antibodies against the disease. Testing of blood of individuals who were living in 1918 shows that almost all have antibodies to swine-like virus, reports the Department of Health, Education and Welfare's Center for Disease Control.

This suggests, said the CDC, that a virus of this sort may have caused the 1918 pandemic. Such antibodies are also found in many persons over the age of 50, suggesting that a swine-like virus was widespread in human populations, perhaps up to 1930.

"Methods for isolation and culture of viruses were not developed until 1930," said Dr. Duff, "so the influenza virus that produced the 1918 pandemic was never isolated."

"However," he said, "since about 80 percent of the people who are old enough to have had influenza in 1918 show antibodies against hog influenza, this suggests that the swine virus and the 1918 virus are similar."

The 1918 influenza pandemic was unique because of its high mortality, and the fact that so many of the fatalities occurred among apparently healthy young men and women, said Dr. Duff.

There is NO evidence at this time to indicate that the virus recently identified at Fort Dix has the same characteristics of virulence as the 1918 virus.

Another highly significant fact about the Fort Dix influenza is that this new strain of influenza virus was identified early, before an epidemic spread that usually occurs with new strains.

This allowed time to prepare a vaccine against the new virus and to plan and implement an immunization campaign against it. A specific vaccine has to be made.

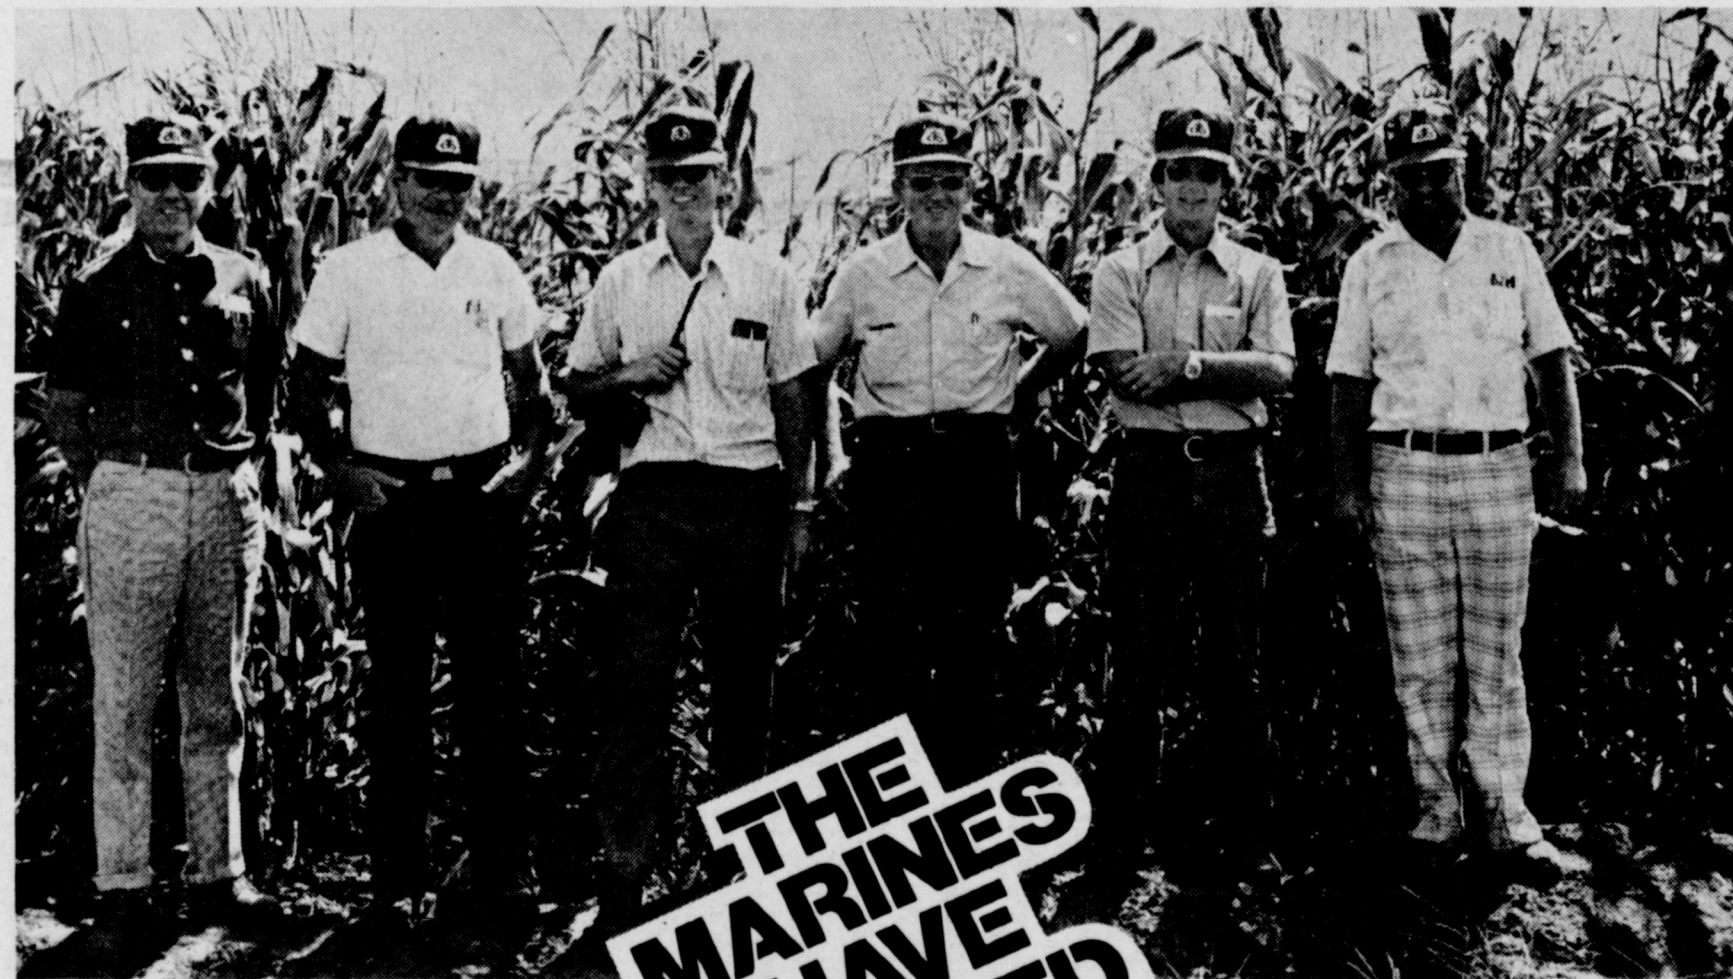

9-45 a.m., Sunday - A conference for youth led by Dr. Dan Kent on "Freedom and Responsibility", and a conference for Young Adults led by Dr. Robert Pinder on "Marriage Enrichment".

12:00 Noon, Sunday - A luncheon will be held for Adult II Sunday School Department and their families. A short time with the conference leaders will be provided.

6:00 p.m., Sunday - A conference for all the adults will be held in the church auditorium with Dr. Pinder speaking on "How to Handle Conflict". For the youth there will be a conference led by Dr. Kent in the Senior High Sunday School Department.

The members of First Baptist Church, with its staff, extend an invitation for everyone to attend any or all of these conferences.

Strange Apparel Chief-I thought you said your locker contained nothing except clothes. What's that whisky doing in it? Seaman--Oh, that's my nightcap.

No sooner had head smut been discovered in the local corn crop than the considerable expertise of Pioneer Hi-Bred research arrived to assess the situation. Six of the forty-man Pioneer corn research team rushed to examine corn fields throughout the affected area. Together with the agronomy service personnel out of Southwestern Division headquarters at Plainview and the Division's district sales managers, they have formulated recommendations for corn farmers in this area.

THE NEWS IS BOTH BAD AND GOOD

There are a few fields in which damage from head smut exceeds 20%. These are invariably fields which have been planted to corn for several seasons. Since head smut is soil born and there is no practical chemical treatment to control it, we can expect infection to increase from one year to the next when conditions are right. This year's weather, (dry and cool) was particularly conducive to infestations of both types of smut fungus.

THE FIRST JOB IS TO IDENTIFY THE ENEMY

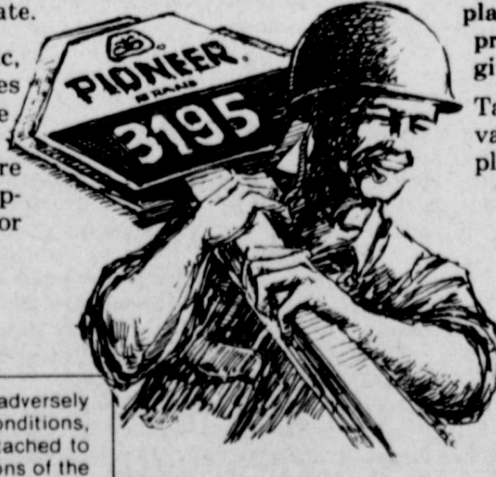

There are two kinds of smut in the corn fields of Parmer, Castro, Deaf Smith, Bailey, Lamb and Hale counties: common smut and head smut. Common smut has little, if any, economic significance. Head smut is the real culprit. Estimates are that it will reduce the yields of some fields by over 20%.

Common smut (*Ustilago maydis*), sometimes called boil smut, is repulsive but does not usually reduce yields. It is characterized by galls, bulbous growths which are at first covered with a glistening, greenish-to-silvery-white tissue. The galls may appear on any part of the corn plant including the exposed tips of healthy ears protruding beyond the sheath. The plant becomes host to wind or water born spores which stimulate cells in young tissue to proliferate.

Head smut (*Sphacelotheca reiliana*) is systemic, the plant being infected by soil-born teliospores in the seedling stage. The outward signs of the disease are less conspicuous than common smut. It first appears when ears and tassels are formed. Tassels of infected plants usually appear to be covered with a reddish-brown or black, spiny rust. Silkless shucks look as if they might cover a short, fat ear of corn but opening the shuck exposes a mass of black, worm-like teliospores or a tangle of bright green, leafy buds.

The good news is that Pioneer has three excellent hybrid corn varieties that show strong resistance to head smut. One of these varieties is well known to area farmers and is the most planted variety in much of this area...Pioneer brand 3306. Two other Pioneer varieties...3184 and 3195...which were planted widely in this area for the first time this year, not only resist smut but have even greater yield potential than the well-known yield champion, Pioneer brand 3369-A.

If you have a field that shows signs of head smut infections, plan to switch to one of the three Pioneer varieties that provide resistance to the disease and, at the same time, give you a shot at the best corn yield you have ever had. Talk to your Pioneer dealer now about ordering Pioneer varieties 3306, 3184 and 3195. It makes a lot of sense to plant all three.

# WindHarnessing Under Research

Windy days occur frequently throughout the Southern High Plains. Harnessing this cheap and abundant resource to power irrigation pumps is the objective of a new study at the USDA Southwestern Great Plains Research Center, Bushland, Texas. According to Dr. B.A.

Stewart, Director, the Center at Bushland recently received funds from the Energy Research and Development Administration for the study. The research project will be a joint effort and approval is pending on a cooperative agreement between the Bushland Center and West Tex-

as State University. Drs. Arland Schneider and Nolan Clark, USDA Agricultural Engineers at Bushland, will evaluate pumps and power transmission equipment for linking pumps to a wind rotor. At the same time, Drs. Vaughn Nelson, Bob Baricau, WTSU Physics Professors, and Dr. Earl Gilmore, Amarillo College Professor, will study performance of wind rotors.

The objective of the research is to assemble and test a complete irrigation pumping system including a wind rotor, pump, and gear drive. Large wind rotors are now being built and tested, and many irrigation pumps are available. "The challenge will be to link them together to form a successful irrigation pumping system," Dr. Stewart said. Research plans call for purchasing and erecting a wind rotor that will produce about 50 horsepower. This rotor will be

much larger than the present windmills that dot the High Plains. These small windmills used to pump stockwater produce about one horsepower from 12- to 16-foot diameter fans. The proposed irrigation pumping system will have a rotor that is 40 to 50 feet in diameter. The type and design of the rotor have not been finalized, but it is anticipated that the rotor will be ready and installed by April 1977. It is anticipated that the rotor

will be mechanically linked to a pump on an irrigation well at the Research Center. Pumps to be evaluated with the wind rotor system are air lift, turbine, positive displacement piston, and positive displacement rotary types. Drs. Nelson and Baricau, from West Texas State University, and Dr. Gilmore, from Amarillo College, have compiled extensive information about the amount and availability of wind energy in Texas. Their findings

show that the High Plains has more power available from wind than anywhere in the U.S. The energy available from wind is exponentially related to speed. In other words, doubling wind speed increases available power

eight times. "People on the High Plains do not always look forward to windy days," Dr. Stewart said, "but some day irrigation farmers may count a stiff breeze a blessing."

## New Recirculating Sprayer Big Field Day Attraction

A recent innovation in weed control equipment is proving effective in controlling johnsongrass, a weed pest that infestates the Texas High Plains, reports a Texas Agricultural Experiment Station scientist in Halfway.

The innovation is the recirculating sprayer, a device attached to tractors which is used to kill weeds which are taller than the crop.

The sprayer is one of several featured highlights in the upcoming 67th edition of the Texas Agricultural Experiment Station's annual field day, Tuesday, September 14. The afternoon event will be at the Experiment Station at Halfway, 14 miles west of Plainview on Highway 70.

Dr. John Abernathy, TAES scientist who heads up weed control research for the Lubbock Experiment Station which is co-hosting the field day, says the recirculating sprayer has

given in research tests excellent johnsongrass control in cotton and soybeans at a cost of less than two dollars an acre.

"The sprayer is in commercial production now," says Abernathy, "and is locally available. Several commercial units will be displayed during the field day activities."

Guests will see experimental tests using the recirculating sprayer in such studies as chemical roting of sorghum, johnsongrass and shattercane control in sorghum, whiteweed control in skip row, and volunteer sunflower control.

In addition, prairie sunflower, rough blackfoot, cottonweed, nutsedge, lanceleaf sage, and oakleaf thornapple, along with other existing weeds will be viewed from an identification and control standpoint in various crops, notes the researcher.

"A considerable amount of crop injury from herbicide use has been observed this season," he says. "We will explain the latest data on how much residual herbicide is required to cause injury to rotational crops as well as some specific herbicide injury problems in corn."

Abernathy adds that research over the last three years has shown wide differences in crop response to certain herbicides. He says some specific crop varieties are much more tolerant than others to various herbicides.

Tours of the 320-acre site begin at 1:00 p.m. with tractor-pulled trailers carrying field day guests along a one-hour route throughout the afternoon. In addition to six featured agricultural field stops, slide-audio presentations of research highlights and a large farm machinery display supplied by area implement dealers can be viewed.

**TAX ADJUSTMENT**  
Senate-House conferees have agreed to restrict sharply tax deductions for workers and businessmen who use a portion of their homes in connection with their jobs.

**GOOD NEWS**  
The government's index of leading economic indicators rose in July for the 17th consecutive month, an indication that the nation's recovery from recession has continued.

# Miss Caldwell, Terry Scott Exchange Wedding Vows

United in marriage were LaDonna Caldwell and Terry M. Scott on August 28, at 8:00 p.m. in the Muleshoe Church of Christ. Performing the double ring ceremony was Royce Clay, Minister of Muleshoe Church of Christ.

Parents of the bride are Mr. and Mrs. Gene Caldwell of Muleshoe. The groom's parents are Mr. and Mrs. Glenn A. Scott of Lazbuddie.

Given in marriage by her father, the bride wore a traditional white gown of organza, trimmed in venise lace and fashioned with an empire fitted bodice, designed with a high neckline and long tapered sleeves. The A-line skirt flowed into a chapel length train.

Her elbow length veil was edged with Venise lace and sprinkled with Venise Motifs attached to a Venise lace cap.

She carried a cascading bouquet of pink roses and baby's breath.

The couple pledged vows before candelabras holding pink candles, entwined with greenery and baby's breath, and decorated with pink bows. Honor pews were marked with pink candles, entwined with greenery, baby's breath and pink bows. Baskets of pink gladiolas, white daisies and baby's breath were on each side.

Serving as matron of honor was Mrs. Terry Houchin of Lubbock, sister of the bride. Miss Linda Mason of San Angelo was maid of honor. They wore formal length dresses in shades of pink, empire waist, and puffed sleeves. Spring bouquets with ribbons and love knots were carried by each. Mrs. Gene Caldwell, mother of the bride, wore a long dress of blue polyester with matching lace jacket. Mrs. Glenn Scott, mother of the groom, was attired in a beige floral knit. Both wore corsages of pink roses.

Melissa Wagon of Muleshoe was flower girl, dressed in shades of pink. She carried a white basket of pink and white flowers and dropped pink and white love knots. Lee Scott, brother of the groom, was ring bearer.

Karen Scott, sister of the groom, registered guests at the wedding. Serving as best man was Gary Elliott of Needmore, cousin of the groom. Keith Phillips of Lockney, served as groomsman. Ushers were John Jones, Muleshoe; Scott Brown, Lazbuddie; and Terry Houchin, Lubbock.

Singing selection for the wedding were a group from Muleshoe Church of Christ, who sang "Whether Thou Goest", "I Pledge My Love To Thee", "Faithful and True", and the "Wedding Prayer".

The reception following the wedding was held at the church. Members of the house party were Mrs. W.B. Wagon, Jr., Mrs. Kenneth Nesbitt, Mrs. Clarence E. Mason and Mrs. Roland McCormick.

The bride's table was covered with a full satin skirt overlaid by white lace and shirred at points with pink bows. Crystal and silver appointments were used and featured a four-tiered white cake decorated in shades of pink. The bridal bouquet served as centerpiece.

Pink slush punch, mints, and nuts were served for the bride by Mrs. Terry Dodd, Canyon, Miss Jana Braswell, San Angelo, and Mrs. John Jones, Muleshoe.

For a wedding trip to Colorado the bride wore a mint green with peach floral sweater knit jacket and shell, with matching skirt. Her corsage was listed from her bridal bouquet. They will make their home in Muleshoe.

The rehearsal dinner was hosted by Mr. and Mrs. Glenn Scott at the San Francisco Restaurant.

## Bridal Shower Honors Miss Diane Dale

Miss Diane Dale, bride-elect of Jeff Skipworth, was honored with a bridal shower Saturday, August 28, 1976, at the Needmore Community Center.

Greeting the guests were the honoree, her mother, Mrs. Lewis Dale, and the prospective groom's mother, Mrs. Jimmy Skipworth.

Special guests attending were Mrs. Vada Alexander of Amarillo and Mrs. John Haynes of Llano. Registering the guests was Miss Sharon Wrinkle.

The serving table was laid with white lace over pink edged in wedding bells with a centerpiece of pink poppies, better time roses, hibiscus and baby's breath with self falage. Cake and punch were served by Miss

Jana Garrett, Miss Ginger Johnson and Miss Lavera Carpenter. The hostesses presented Miss Dale with a set of Farberware stainless steel and matching electric skillet.

Hostesses were Mrs. Phil Garrett, Mrs. Roy Wrinkle, Mrs. Lewis W. Shafer, Mrs. M.G. Killough, Mrs. Gene Hamilton, Mrs. Dale Newson, Mrs. Harold Allison, Mrs. J.R. Carter, Mrs. S.K. Flatt, Mrs. Rudolph Moraw, Mrs. Harold Cowan, Mrs. W.T. Watson, Mrs. Leland Jones, Mrs. Neal Dillman, Mrs. Jack Schuster, Mrs. Tom Jinks, Mrs. Fred Beene, Mrs. Benny Pena and Mrs. James Crane.

There were some fifty guests attending.

MISS DIANE DALE

Special guests, relatives of the Kirklands, were Mrs. Frank Pletzsch and Mrs. Sonny Gardner of Roscoe; Mrs. Dick Kirkland and Mrs. Perry Kirkland of Vega and Mrs. Richard Kirkland of Canyon.

Other guests were Mrs. Gerald Harder of Hereford; Mrs. Don Cumpston, Mrs. Raymond Schroeder, Mrs. Rodney Murphy, Mrs. Randy Crook and Mrs. Dave Lynn.

Every Morning

One thing about the speed of light—it gets here too early in the morning.

—Tribune, Chicago.

## Shower Fetes Mrs. Kirkland

Mrs. Lester Kirkland was honored at a layette shower Wednesday evening in the home of Mrs. Gary Goodin, 808 West Eighth.

Guests were served a buffet supper of tomato cups, stuffed with chicken salad, lime and fruit gelatin salad, broccoli-cheese casserole, blueberry muffins, and strawberry short-cake.

Gifts were displayed on a pink linen covered table with a centerpiece of a stork and flowers.

Special guests, relatives of the Kirklands, were Mrs. Frank Pletzsch and Mrs. Sonny Gardner of Roscoe; Mrs. Dick Kirkland and Mrs. Perry Kirkland of Vega and Mrs. Richard Kirkland of Canyon.

Other guests were Mrs. Gerald Harder of Hereford; Mrs. Don Cumpston, Mrs. Raymond Schroeder, Mrs. Rodney Murphy, Mrs. Randy Crook and Mrs. Dave Lynn.

The Muleshoe Young Homemakers assisted with bingo at the nursing home on Thursday afternoon, September 9. Punch and cookies were served by the following Young Homemakers: Mrs. Randol Copley, Mrs. Brian Noble, Mrs. Jerry Ruthardt, Mrs. Gary Elliott and Mrs. Raymond Davenport.

Those winning bingo games were Mamie Miller, Martha Williams, William Parker, Carrie Boydston, and Anna Nicholson. Two games were won by Archie Scarlet.

The Muleshoe Young Homemakers will have their first meeting on Tuesday, September 14, at 7:30 p.m., at Muleshoe High School.

All members and new members are urged to attend this meeting. It is important that all attend because projects and programs for the coming year are to be voted on.

## Homemakers Assist With Bingo

MRS. TERRY M. SCOTT

## Double Ring Ceremony Unites Miss Garza, Garth

John Garth, son of Mr. and Mrs. D.T. Garth of Muleshoe and Miss Teresa Garza, daughter of Mr. and Mrs. Charlie Garza of Bryan, were married at 5:00 p.m., September 5, 1976, in the Immaculate Conception Church of Muleshoe. Father Ralph Zinser from Nazareth performed the double ring ceremony in the absence of the Muleshoe priest.

The bride wore a princess style dress of ecru color, with Leg-o-mutton sleeves and a front panel of matching lace. An ecru picture hat and a bouquet of blue carnations and white daisies completed her old-fashioned look. The bride's attendants were dressed in blue formals with blue and white picture hats and corsages. The groom and his attendants wore blue suits with white boutonnières.

Organist playing for their wedding was Shirley Pegger of Dimmitt.

Members of the wedding party included: Maid of Honor, Abelia Garza; Best Man, Chuck Smith; Candlelighter, Jackie Buck; Flowergirl, Alice Garza; and Ringbearer, Jamie Buck.

The sponsor of Knives was Delfina Savala; Sponsor of Dimes, Delia Perez; Sponsor of the Lasso, Mr. and Mrs. David Perez; Sponsor of the Cushions, Mr. and Mrs. Carl Buck; Sponsors of the Book and Rosary, Mr. and Mrs. Tom Villa; and Ushers were Kip Garth and Mackie Buck.

Guests were registered by Jo Garth and Hope Garza.

The reception was held in the Catholic Center following the

wedding. Hostesses were Mrs. Richard Rivera, Mrs. Charles Smith, Mrs. Rod Springfield and Mrs. Mike Durbin. They served punch and a three-tiered traditional wedding cake, flanked by cakes on either side, with the names of the bride and groom. The bride opened her gifts at the closing of the reception.

Out-of-town guests attending were Abelia Garza, Hope Garza, Mike Garza, Barbara Garza, Mr. and Mrs. David Perez and Delia, Mrs. Richard Rivera, Mr. and Mrs. Felix Baldaras, Eloy Gonzales, Mrs. Ann Crespin, Charlie Perez and Priscilla Perez, all of Dimmitt.

Those attending from Bryan were Mr. and Mrs. Charlie Garza, Alice Garza, Delfina Savala, Jr. Savala, and Joe Martinez.

Mr. and Mrs. Carl Buck, Jackie Buck, Jamie Buck, and Mr. and Mrs. Mackie Buck came from Shallowater.

From Canyon were Kip Garth and Terry Mick, and Mr. and Mrs. Wayne Garth of Dumas. Others attending were Mr. and Mrs. Herbert Garth, from Dalhart, David D. Smith from Odessa, Kim Crane and Patty Morreles of Amarillo; Mr. and Mrs. Rudolph Moraw of Needmore and Mr. and Mrs. Tom Villa of Friona.

The entire wedding party and guests proceeded from the reception to the home of Mr. and Mrs. D.T. Garth for a snack supper and refreshments.

Mr. and Mrs. John Garth, after a short honeymoon trip, will be at home in Dimmitt.

MR. AND MRS. JOHN GARTH

3. Baltimore Orioles.
4. Ohio State.
5. College football.

The best way to get a day's work done is to work a day.

## Locker Reunion Held

The children of the late Mr. and Mrs. W.A. Locker attended a family get-together Sunday, September 5, in the home of Mr. and Mrs. Morgan Locker, of Muleshoe.

A covered dish dinner was served at the noon hour, with home made ice cream and cake. It was eaten in the afternoon, along with lots of visiting and reminiscing.

Attending were Mr. and Mrs. Morgan Locker and children.

Karen and Fred; Mr. and Mrs. Earnest Locker, Roy Locker, Mr. and Mrs. Don Locker and daughter, Gay; and Mr. and Mrs. Bennie Bruns and Leah, all of Muleshoe.

Others were Mr. and Mrs. Fred Locker of Bula; Mr. and Mrs. Phil Garrett and daughters Jana and Janell of Farwell; Mr. and Mrs. Doyle Winfield and girls, Sherry and Sharla, of Littlefield; Dr. and Mrs. Jim Nelson and girls, Cindy and Jennifer, of Stilwater, Okla.; Earnest Allen Kendricks and sons, Warren and David, of Perryton, and two visitors, Ruth Street of Earth and Rona Wheeler, of Littlefield.

Mr. and Mrs. W.A. Locker and children moved to Bula in 1924, coming here from Duke, Okla., with their seven children, four daughters and three sons. Only three are living -- Earnest, Fred and Morgan.

Here's the dirt: they're in the Yellow Pages. For a clean sweep of washing machines, any other appliances— or any product or service— remember... They're there at your fingertips when your fingers do the walking through the Yellow Pages.

MRS. RICKY LEE FAVER

## Miss Pena, Faver Married At Home

On Friday, August 30, Kathryn Marie Pena, daughter of Mr. and Mrs. Benny Pena, and Ricky Lee Faver, son of Creston Faver and Mrs. Joyce Isles, were united in marriage by Rev. H.D. Hunter in the home of the bride's parents.

The bride, given in marriage by her father, wore a wedding dress designed by Queen Fit. The floor length dress of ivory knit jersey was of contemporary styling. The empire bodice of ribbed knit had a slash keyhole design, which was trimmed in Venice lace that also accented the waistline and the high stand-up collar, also trimmed with pearl clusters.

The bodice was set off with flared rib knit sleeves, which were also trimmed in Venice lace and pearls. The empire waist led to a full skirt with lace-trimmed hemline and attached chapel train. To complete the outfit, the bride selected a chapel length veil of ivory nylon illusion, which was attached to a fitted headpiece. Pearl clusters accented the headpiece in a design that complemented the dress.

In the wedding tradition, the bride wore a blue garter for something blue. For something old, the bride wore a ring given to her by the groom during their high school days. Something borrowed was a diamond watch brooch that was worn by the bride's mother on her own wedding day. Something new was the bridal ensemble. For good luck, the bride carried a sixpence in her shoe.

The bridal bouquet was one of cascading burgandy colored roses, sprinkled with assorted pink and white flowers.

The living room was decorated with a color scheme of burgandy and green. Soft candlelight filled the room and a centerpiece of pink carnations, red roses and gladiolus enhanced the decor. A white, feathery memory candle graced the registration table and small golden bells and burgandy ribbon laid a path for the bride.

Mrs. Sharla Wilson of Dumas served as matron-of-honor. Cecil Duke of Lubbock was best man.

Traditional wedding music played on chimes and piano filled the air as the bride came down the stairway followed by her sister, Christi, who carried the bridal train. Miss Patty Pena, sister of the bride, played the chimes accompanied by Miss Cassie Precure on the electric piano. Christi Pena also

served her sister by being the ring bearer and Benny Ray Pena, brother of the bride, was the candlelighter.

The bride's table was covered with a green lacy table cloth to carry out the colors. The three-tiered wedding cake and punch were served to guests by Miss Patty Pena and Miss Sandra Faver, sister of the groom. A wedding portrait finished the table decor. After the ceremony, the bridal bouquet was placed on the table. Burgandy colored long stemmed rice flowers were available to guests for the traditional throwing of rice.

For a going-away dress, which was a gift to the bride from her father, the bride wore a skirt and sweater set. The blue skirt was complemented by a long-sleeve blue and burgandy sweater.

After a short honeymoon in Amarillo, the couple returned to Canyon. The bride is a senior Computer Science major at West Texas State University, and plans to complete her education in the spring. The groom is employed by Maywood, Inc. of Amarillo.

Out-of-town guests included Allen Brown of Amarillo; Mrs. Jack Wilson of Dumas; Cecil Duke of Lubbock; Miss Leslie Matthews of Canyon; Jackie Weede of Canyon; Mr. and Mrs. David Faver of Canyon; Mr. and Mrs. Al Isles of Portales, New Mexico and Mr. and Mrs. Chano Silva of Ft. Sumner, New Mexico.

The Muleshoe Art Association will begin its 76-77 fall season the 14 of September at 2:00 p.m., in the community room of the Muleshoe State Bank.

Their guest artist for this month is to be Pat Krahn of Lubbock. She will be doing a drawing demonstration, using charcoal over a Water Color Wash.

The association would like to

**CELEBRATES 95TH BIRTHDAY** . . . Mrs. Horace Blackburn is showing her mother, Mrs. A.C. Bray, a birthday cake made for her 95th birthday, by Mrs. Sherman Inman. Mrs. Bray's only living children are twins, Mrs. Blackburn and A.B. Bray, of Dallas. They had their birthday the day before Mrs. Bray's. Bernice and his wife came but had to leave early. Mrs. Bray is a resident of the Muleshoe Nursing Home.

## Muleshoe Order Of Eastern Star Observes Anniversary

Mr. and Mrs. Elbert Nowell, Worthy Matron and Worthy Patron of Muleshoe Chapter No. 792, Order of the Eastern Star, presided at the Stated meeting Tuesday evening, September 7, in Masonic Hall. Routine business was transacted and Initiation held.

Plans were completed for Friendship Night to be held October 9, at 7:30 p.m. at which

time the 50th anniversary of Muleshoe Chapter will be observed.

Invitations to Friendship nights were received from Tulia, September 11, 7:00 p.m.; Hereford, September 14, 6:00 p.m.; Littlefield, September 16, 6:30 p.m.; Friona, September 18, 7:00 p.m.; Earth, September 27, 6:30 p.m. and Floydada, October 2, at 7:30 p.m.

The annual Memorial Service was observed, with the Worthy Matron placing the greenery upon the Altar and reading a poem, and the Chaplain offering prayer.

Refreshment hostesses were Mrs. Linda Nowell and Mrs. Margaret Epting.

Humor is a rare gift. If you can laugh at the world and at yourself you are lucky.

## TOPS Members To Attend Rally Days

Queen of the Week in TOPS was Mrs. Walter Sain. First runner-up was Mrs. T.R. White and second runner-up was Mrs. J.O. Parker. There were 20 members that weighed in. Nine members are planning to attend Rally Days in Perryton, on October 9.

The club had a card from one of their members, Ruth Miller, who is vacationing in Florida. She plans to return to club before long.

The club ordered pecans to be sold in the future. They closed with the goodnight song and dismissed.

Dawnda Deann Magby

Mr. and Mrs. Skip Magby of Muleshoe are the proud parents of a new baby girl born August 29, 1976, at 12:15 p.m., in the Friona Hospital. The baby weighed seven pounds and 12 and a half ounces and was named Dawnda Deann.

Grandparents are Mr. and Mrs. Fred Burch of Lazbuddie and Mr. and Mrs. Boyd Magby of Muleshoe. Great-grandparents are Mrs. W.W. Wilson of Muleshoe; Mr. and Mrs. Richard Magby, of Picketts, Okla., and Mr. and Mrs. W.M. Burch of Maud, Okla. and Mrs. Dona Durbin, of Maud, Okla.

Concord flights said profitable to U.S.

## Xi Omicron Xi Plans Flu Clinic

Mrs. Charles Pummill and Mrs. Curtis Walker were hostesses for Tuesday night, September 7, for Xi Omicron Xi Chapter of Beta Sigma Phi. The meeting was held in Mrs. Pummill's home.

Following the opening ritual, Mrs. Pummill, president, conducted the business meeting in which committee and officer reports were given. The bridge marathon, being sponsored by Xi Omicron Xi, is underway. Another ways and means project will be a garage sale held at the home of Mrs. Doyce Turner on September 17 and 19. Members are asked to donate items to the sale.

For a service project, the sorority will be sponsoring a Cystic Fibrosis drive on Monday evening of September 27. Members of Xi Omicron Xi and members of the FHA Club at high school will conduct the drive.

Following the business meeting, Mrs. Gene Howard and Mrs. Joe King shared with the group a program on Communications; Kinds and Conversations.

Mrs. Howard demonstrated how body language is a type of communication. Members were asked to identify other persons just by the touch of the hand. Mrs. Howard impressed upon the members how important

your body actions are and how others may conceive ideas just from the effectiveness of one's body motions. They encourage everyone to be aware of their actions and how they effect other people.

Mrs. King then demonstrated the art of the conversation by showing how well people perceive what they hear. Mrs. Marcia Henry and Mrs. Bob Finney were asked to describe a picture; the other members were to draw what they perceived from the instructions. Pictures that were supposed to be a light bulb developed.

Also, present at the meeting was Josie Alonzo, a representative of the Department of Public Health. She showed a film on the Swine Flu and asked members to volunteer to help with the Clinic, which hopefully will be in October.

Those attending were Mrs. Spencer Tanksley, Mrs. Charles Pummill, Mrs. Curtis Walker, Mrs. Eric Smith, Mrs. Marcia Henry, Mrs. Bob Finney, Mrs. Gene Howard, Mrs. Joe King, Mrs. Paul Poyner, Mrs. Kearney Scoggin, Mrs. Max King, Mrs. Tom Jinks, Mrs. Doyce Turner, and Mrs. John Agee.

Traditional wedding music played on chimes and piano filled the air as the bride came down the stairway followed by her sister, Christi, who carried the bridal train. Miss Patty Pena, sister of the bride, played the chimes accompanied by Miss Cassie Precure on the electric piano. Christi Pena also

## WELCOME TO MULESHOE

We would like to welcome back to Muleshoe, Major and Mrs. Jerry Hicks. The Hicks are originally from Muleshoe. Jerry Hicks joined the air force in 1955. He and his family travelled all around the country before settling here in Muleshoe. Hicks was stationed in Clovis, New Mexico for 2 years, Vietnam 1 year, Montgomery Alabama 1 year, Clovis (again) 2 years, Lybria 9 months, England 2 years, Korea 1 year, and at Carswell Air Force Base in Ft. Worth, Texas for 3 years.

Major Hicks wife's name is Shirley. They have three children. Debbie - 8; Jeffrey - 6; and Mark - 2. The Hicks family attends the First Baptist Church. Debbie and Jeffrey are enrolled in Richland Hills Elementary School. They reside at 1901 Ave. H.

TEXAS

**'UNACCEPTABLE'**  
The United States does not find "acceptable" a North Korean statement indirectly expressing regret for the killing of two American officers in the Demilitarized Zone between North and South Korea, the State Department reports.

**INFLATION HELD**  
Inflation held at a steady pace during July, with relatively slight food price increases taking some of the sting out of rises in the cost of gasoline and medical care, the government reported.

**Bula News**  
By Mrs. J. Blackman

The Bula community and surrounding area got a rain Monday afternoon and night. Measured amounts were from two to four inches. This has been the heaviest amount of moisture we have received since September 7, of last year.

James Goldston and sons, Wade of Amarillo, spent the weekend with his grandmother and family, Mr. and Mrs. H.M. Black.

Mrs. Junita Brannon of San Antonio, is here spending several days with her parents, the V.C. Weavers. She is resting and recuperating from a heart attack she suffered several days

past.  
Mr. and Mrs. J.C. Withrow and children Jeff, Jarrod and Karla spent the weekend at Red River, N.M. They stayed at Cotton Wood Park Sunday. They attended church services at the Questa Church of Christ.

Keri Leigh Bars of Carlsbad, N.M. spent the weekend in the home of the Nolan Harlans. She is a great niece of Mrs. Harlans. She and her cousin, John David Harland spent the school holiday playing and visiting.

Visiting over the holiday weekend with Mrs. John Hubbard were her daughters, Mr. and Mrs. Barney Oldfield and girls, Kimberley, Jacque and Shannon, of Grants, N.m. and Mr. and Mrs. Richard Stanley, of Hereford.

Mrs. F.L. Simmons and Mrs. Tom Bogard visited Wednesday in Littlefield with friends, Mrs. Nora Gaston, and at the hospital with Mrs. Rowena Richardson. They visited at the Amherst Hospital with Mrs. Lula Harlan.

Mrs. Lula Harlan was able to return from the Amherst Hospital Saturday to the Knights Rest Home in Littlefield. She has been a resident there for several months.

**LCC Seminar For Child Care Scheduled Monday**

A seminar designed especially for volunteer workers who deal with children will be conducted Monday (September 13) by the Lubbock Christian College Continuing Education Division.

"The one-day program will give valuable tips to anyone who works with young people, including scout leaders, Sunday school teachers, volunteers at the YM-YWCAs and persons involved in the Big Brothers or Big Sisters organizations," said Frankie Faver, head of LCC Continuing Education Division.

It will be held from 6:30 to 9:30 p.m. in the Mabee American Heritage Auditorium on the LCC campus. There is a \$5 registration fee.

Speakers will include Mrs. James Russell, field director for the Caprock Girl Scout Council, Bill Warnish, an attorney, Dr. James Beyer, LCC psychology professor, and Dr. John L. Castleman, LCC professor of education.

For advanced registration call Mrs. Faver at 792-3221.

Cecil Jones is to be dismissed from the Lubbock Methodist Hospital last of this week. He has been a patient for the past two weeks.

First Class Army St. Harvey Boleyn, wife, Cue, and daughters, Kathy and Thresa, have been visiting her with his father, Mr. and Mrs. Doc Boleyn.

Sgt. Boleyn is stationed at Ft. Riley, Kansas. He has been with the army for 17 years. While here, he also visited with his sister and family, Mr. and Mrs. Dean Waltrip and children at Maple, and with the Harley and James Boleyn families at Littlefield.

Mr. and Mrs. Paul Young recently spent several days at South Fork, Colorado in the nice cool, pleasant weather.

Mr. and Mrs. Eugene Bryan returned Monday from Paris, where they attended a reunion for the Bryan family. Approximately 75 relatives were in attendance for the reunion. It was held at the coliseum on the fair grounds in Paris.

C.A. Williams had the misfortune of being involved in a car and pickup wreck late Friday afternoon, near Maple. He was rushed to the Lubbock Methodist Hospital, where they found he had several broken ribs. He has been in intensive care since, but felt like he would be able to be put into a private room this week.

Mrs. Rowena Richardson continues to be confined to the Littlefield Hospital. Her doctor reports she is doing some better.

**Relatives, Friends Visit Mrs. Taylor**

Relatives and friends were supper guests in the home of Mrs. Corda Taylor, Saturday. They were served home made ice cream, pie, coffee and cake.

They were her daughter and son-in-law, Joyce and Cecil Osborn of Malpais, Calif. and her granddaughter and great-granddaughter, Linda Summers and Jennifer, from Cloverdale, Calif.

Two sisters, Mrs. Lorodo Sevatius from Pleasant Hill, N.M., Mrs. Lucille Hargrove, from Anton, a brother, Lynn Anderson of Anton, a brother and sister-in-law, Mr. and Mrs. Bub Hand, of Pleasant Hill, N.M., and friends from Texico, Mr. and Mrs. Glenn Kelley and boys, John, James, Scott and Adam, attended.

Later, part of the group drove to Plainview, Sunday and were dinner guests in the home of Mrs. Taylor's granddaughter and husband, Mr. and Mrs. Rex Mauney. They attended church in Akins where Mauney is music director.

The Osborns left for their home in California, Monday.

**Alpa Zeta Pi Watches Film On Swine Flu**

Alpha Zet Pi Chapter of Beta Sigma Phi met September 7 in the home of Mrs. Louis Cardinal with Mrs. Tommy Merritt serving as co-hostess. Josie Ilonzo from the Department of Health Resources was introduced. She presented slides on Swine Flu and its vaccination. She also asked for volunteers to help with the immunization clinics that will be held in the near future.

Mrs. Tommy Black, yearbook chairman, presented the yearbooks, and read the President's message. Members of the yearbook committee are Mrs. Tommy Merritt, Mrs. Jerry Wenmohs, Mrs. Tommy Little and Mrs. Jerry Gleason.

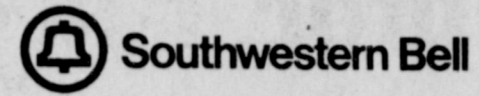

Mrs. Alec Schuster was welcomed into the chapter as a new member. Mrs. Tommy Merritt presented a program on Parliamentary procedures. Mrs. Cardinal and Mrs. Merritt then served refreshments to the following members, Mrs. Ted Barnhill, Mrs. Clifford Black, Mrs. Tommy Black, Mrs. Steve Black, Mrs. Monty Dollar, Mrs. Tim Foster, Mrs. Jerry Gleason, Mrs. Corky Green, Mrs. Dave Marr, Mrs. Mike Miller, Mrs. Danny Noble, Mrs. Gary Toombs, Mrs. Jerry Wenmohs, Mrs. Paul Wilbanks, Mrs. Hilbert Wisian, and Mrs. Alec Schuster.

**Public Notice**

Southwestern Bell, in accordance with the rules of the Public Utility Commission of Texas, hereby gives notice of the company's intent to implement a new schedule of telephone rates in Texas effective October 7, 1976.

It is expected that the requested rate schedule will furnish an 18 percent increase in the company's intrastate gross revenues.

A complete copy of the new rate schedule is on file with the Public Utility Commission at Austin, Texas, and with each affected municipality, and is available for inspection in each of the company's public business offices in Texas.

**AVISO PUBLICO**

RESUMEN DE LAS ENMIENDAS PROPUESTAS A LA CONSTITUCION ELECCION GENERAL DEL 2 DE NOVIEMBRE DE 1976

**NUMERO UNO EN LA BOLETA (S.J.R. 49)**

Revocando Secciones 49-d and 49-d-1 del Artículo III de la Constitución de Tejas, S.J.R. 49 enmienda Sección 49-c del Artículo III de la Constitución de Tejas para disponer y autorizar \$400 millones adicionales de bonos para el desarrollo de agua en Tejas que se puede emitir a la aprobación de dos terceras partes de los miembros de cada cámara de la Legislatura para tales fines de desarrollo del agua que la Legislatura pueda prescribir.

boleta es lo siguiente: "La enmienda constitucional autorizando un incremento de \$400 millones de la cantidad de Bonos del Desarrollo de Agua en Tejas que podrán emitirse al ser aprobada por dos terceras partes de la legislatura; enmendando y consolidando disposiciones de Secciones 49-c, 49-d, y 49-d-1 del Artículo III de la Constitución de Tejas; y revocando Secciones 49-d y 49-d-1 del Artículo III de la Constitución de Tejas."

**NUMERO DOS EN LA BOLETA (H.J.R. 99)**

La enmienda contiene prohibición específica contra el uso de fondos del estado para el desarrollo de recursos acuáticos del Río Mississippi y también requiere que antes de que pueda encargarse de cualquier proyecto particular para el desarrollo de agua que requiere un gasto de mas de \$35 millones de producto de los bonos, debe de ser aprobado por resolución de la Legislatura.

H.J.R. 99 propone una enmienda a la Constitución de Tejas para aumentar de \$100 millones hasta \$200 millones la cantidad principal agregada de bonos para el desarrollo de agua en Tejas que se puede emitir y que están en circulación por el Texas Water Development Board para proveer donaciones y préstamos para la mejoría de la calidad de agua como establecido por la Legislatura. La fraseología de la enmienda propuesta como aparecerá en la boleta es lo siguiente: "Una enmienda constitucional para incrementar desde \$100 millones hasta \$200 millones la cantidad de Bonos de Desarrollo de Agua en Tejas que podrán ser emitidos con el propósito de mejorar la calidad del agua."

**PUBLIC NOTICE**

SUMMARY OF PROPOSED CONSTITUTIONAL AMENDMENTS GENERAL ELECTION NOV. 2, 1976

**NUMBER ONE ON THE BALLOT (S.J.R. 49)**

Repealing Sections 49-d and 49-d-1 of Article III of the Texas Constitution, S.J.R. 49 amends Section 49-c of Article III of the Texas Constitution to provide for and authorize an additional \$400 million in Texas water development bonds that may be issued on approval of two-thirds of the members of each house of the Legislature for such water development purposes as the Legislature may prescribe.

The amendment contains a specific prohibition against the use of state funds for the development of water resources from the Mississippi River and also requires that before any single water development project may be undertaken requiring the expenditure of more than \$35 million in bond proceeds, it must be approved by resolution of the Legislature.

The amendment removes the constitutional requirement that certain revenues must be used to retire water development and water quality enhancement bonds and removes the constitutional interest rate limit on such bonds.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment authorizing an increase of \$400 million in the amount of Texas Water Development Bonds that may be issued on approval of two-thirds of the legislature; amending and consolidating provisions of Sections 49-c, 49-d and 49-d-1 of Article III of the Texas Constitution; and repealing Sections 49-d and 49-d-1 of Article III of the Texas Constitution."

**NUMBER TWO ON THE BALLOT (H.J.R. 99)**

H.J.R. 99 proposes an amendment to the Texas Constitution to increase from \$100 million to \$200 million the aggregate principal amount of Texas water development bonds which may be issued and outstanding by the Texas Water Development Board to provide grants and loans for water quality enhancement purposes as established by the Legislature.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"A constitutional amendment to increase from \$100 million to \$200 million the amount of Texas Water Development Bonds that may be issued for water quality enhancement purposes."

# MULES TALE

Official Publication of Muleshoe High School Written and Edited by Students of the Muleshoe Schools

Vol. 11 No. 2

EDITOR Nancy Ramm,

Sunday September 12, 1976

## Mule's Tale Salutes Senior Players

### Eighteen Seniors Efforts Honored

The Mule's Tale Staff of Muleshoe High School salutes the Senior Football players and coaching staff. Most of these boys have played competitive football for five years; so in their final year we would like to honor the effort and dedication that these young men have shown.

Robert Brown is the 17 year old son of Mr. and Mrs. Vernon Brown. He plays flanker on offense and corner on defense. Robert enjoys football and track. Robert commented, "I think the football team as a whole has a lot of potential. We have a lot of enthusiasm."

Jimmy Ybarra is the 18 year old son of Mr. and Mrs. Jesse Ybarra. He is a Senior and he plays split end on offense and strong safety on defense. Jimmy's activities are basketball, football, track, and art. His comments were, "This year the Mules are expected to have a good year; and with the support of the student body, the coaches, and everyone in this community, there is no way we can keep from having a very good season."

Julian Dominguez plays fullback on offense and defensive linebacker. His activities are art, track and football. He is 18 years old, the son of Mr. and Mrs. Julian Dominguez. Julian's comments were, "Well, this is my last year to play for the Mules and I plan to do everything to help them out. I feel that we can win district and go further; but it is going to take a lot of work and I think that everybody on the team is willing to give 100 percent to get where we want to go. G.A.T.A.!!!!"

Billy Donaldson is a 17 year old Senior who is active in football and track. He is the son of Mr. and Mrs. R.L. Donaldson. Billy plays defensive end and flanker. Billy thinks that the Mules have a good team this year and he said, "Everyone has lots of enthusiasm and we are closer as a team."

Juan Martinez is the son of Mr. and Mrs. Jose Martinez. He is 18 years old and is active in football and track. He plays offensive guard and defensive noseman. Juan said, "We have a lot of enthusiasm. We did a lot of talking last year and this year we are going to back up what we said."

Danny Gonzales is the 18 year old son of Mrs. Cruz Gonzales.

### Student Council On The Go

Tuesday morning at 7:30, the Student Council met in Room No. 14, Nancy Ramm, Chaplain, led the prayer to open the meeting. The meeting was held so the Council could discuss money-making projects for the year. Some of the projects discussed were selling noise makers such as wooden clappers and cowbells; also selling bumper stickers labeled "Black Magic" were discussed. It has been suggested to the Council to put ropes around the Mules that the Seniors of 1976 had put in the floor in the main hall.

Committees were appointed to look into the cost of the money-making projects and the ropes for the Mule.

They also decided to enforce the rule concerning attendance. After three unexcused absences, the member will be removed from the Council. The Student Council needs people who are willing to work very hard to make the Council an organization which can contribute to the betterment of Muleshoe High School.

### FHA Freshmen To Be Honored

The Sophomore and Junior FHA members will host a party for Freshman members, September 16, in the old park. The party will be from 6:00 until 8:30 p.m. They will have a hamburger supper and get acquainted

Danny plays defensive linebacker, offensive quick and strong guard. He is active in football, Student Council and F.T.A. His comments were, "I believe that we've got a heck of a ball club. I believe that we can win if we want to. We did not win Friday night, not because we didn't want to, but we just ran out of time. We have not only Seniors, I am going to do my best to do everything to win, and go to state. We have not only Seniors, but we also have some Juniors and two Sophomores who want to win. I believe that with all these people we can win and we're going to. We are going to State and put Muleshoe on the football map."

Matt Phelps is the seventeen year old son of Mr. and Mrs. Bernard Phelps. He plays offensive strong tackle and defensive tackle. Matt is active in FTA and FFA. He commented, "Muleshoe in the past has always produced teams that were hard to beat or played good. We are tired of playing hard to beat and playing good, and we want to win."

Alonso Ontiveroz is the 18 year old son of Mr. and Mrs. Abel Ontiveroz. He plays defensive nose guard and offensive center. He is active in athletics and Student Council. Alonso commented, "Well, I think we have a real good team this year. We have the ability, character, and pride; and that's what a real good team needs. I think we can go all the way to Bi-district and so on."

Tony Vela, an 18 year old senior, is the son of Mr. and Mrs. Joe Vela. He plays left linebacker and fullback for the Mules. Tony's activities include participating in other sports. His comment was, "This year's team has come a long way. I believe with the attitude of the players we can win District."

Kim Helker, the 18 year old son of Mr. and Mrs. Roland Helker plays as defensive tackle and on the offense team for the Muleshoe Mules. Kim is classified as a Senior at MHS and is very active in various activities. In addition to football, Kim also participates in Speech, FTA, DECA, and Student Council. He said, "As a player for the Mules, I think that we have a very good team and we can win a lot of games. GATA."

An outstanding player for the Mules this season is the 18 year old son of Rev. and Mrs. Gerald Pepper. Tom is a Senior offensive guard, and defensive nose man. He is the MHS Student Council President, FTA Secretary-Treasurer and is active in Speech.

"The team has a better attitude than I've ever seen. I feel

### Freshmen Start With Winner

The Freshman football team won their first game of the season defeating Portales by a score of 38-6. We were pleased with the way the boys played.

Zeke Pecina led the way by scoring four touchdowns. The line, consisting of Samuel Beversdorf, Arnold Madrid, Bruce Crabtree, Jesse Lackey, Curtis Elder, and James Atwood, did an exceptional job of blocking. Reuben Orozco did a good job of lead blocking on our touch-downs. The Muleshoe also score on a pass play from Morti Vandiver to David Patterson. Al Ontiveroz kicked four extra points and ran one extra point.

The next game for the Freshman Mules will be at Tulia next Thursday at 5:00 p.m.

### Question In The Night

### At Large

A delegate at large is a man who goes to a convention without his wife.

-Detroit News.

we can win over anyone and capture the State Championship," commented Pepper.

Randy Whalin is the 18 year old son of Mr. and Mrs. Herbert Whalin. He is a Senior quarterback and free safety for the Mules. Randy is the Art Club President, a Student Council representative, and he participates in all athletics. Randy stated, "We have never felt more as a team than we have this year, mainly because we know to do everything to win, we have to be together. We are ready to start a tradition and put Muleshoe on the football map."

Joe Don Prather is the Mule's offensive center and defensive end. He is the 17 year old son of Mr. and Mrs. Donald Prather. Joe Don is involved in FFA, DECA, and FTA. He commented, "We have a really good team with a great attitude toward winning. The team really likes the coaching staff. As long as the team stays together we will go as far as our ability and the good Lord will let us. Because this is my last year at M.H.S., I only want to win the District 3-AA championship and go on to state. I want the fans to keep packing the stands and supporting us all year."

Darrell Rasco is the 17 year old son of Mr. and Mrs. Odell Rasco. He is a senior defensive strong safety and tight end. He is active in FFA, National Honor Society, Art Club and is the FTA reporter. Darrell said, "The coaches have worked hard to produce a football team at M.H.S. With pride and desire, we will win."

Tommy Marlow is a senior defensive tackle and offensive quick tackle. He is active in FFA and FTA. His parents are Mr. and Mrs. D.A. Marlow. Tommy feels that we have great coaches, cheerleaders, fans, and a fine football team this year.

A senior defensive tackle and strong guard this year is Robby Young. He is the 17 year old son of Mr. and Mrs. John R. Young. His activities are FFA, FTA, and athletics. Robby said, "We have an excellent football team this year and an excellent coaching staff. We are going to prove this by winning the district championship, and going to the state playoffs."

Another senior player, Willard Norman, is a flanker and a back. He is the 18 year old son of Mr. and Mrs. Jim Norman. He is active in football, basketball, FTA, and enjoys rodeoing. He thinks we have a good team, good coaches, and will go a long way this year.

A senior linebacker and tackle for the Mules this year is Ricky Norton. He is the 18 year old son of Mr. and Mrs. Bill Norton. Ricky is active in Student Council, FTA and is a member of the Muletrain-Mule's Tale staff. He also enjoys riding motorcycles, painting and going to school.

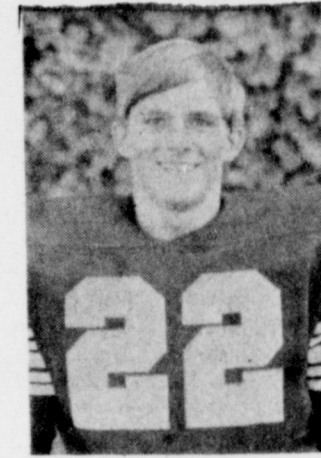

Ricky says, "I feel we are going to have a very good season."

The seven coaches, as well as the players, have worked hard and shown a great deal of enthusiasm. Varsity Head Coach Don Cumpston is the athletic director who coordinates the entire football program. Gary Goodin coaches the receivers and the defensive ends; Lester Kirkland is the backfield coach; David Lynn is in charge of the offensive and defensive lines; Randy Crook coaches the secondary and Junior Varsity secondary and assists in the freshman football program; Rodney Murphy coaches the Junior Varsity team; and Raymond Schroeder is in charge of the freshman squad.

### Happy Birthday

The Mule's Tale Staff wishes the following students a very "Happy Birthday". We would also like to send a belated one to those whose birthdays were this past summer.

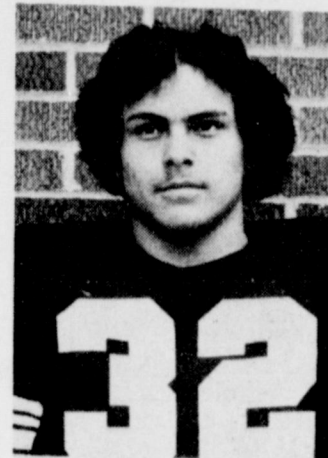

September 1 - Curtis Reynolds; September 2 - Terry Burton, Patricia Parra, Karen Head; September 4 - Rami Torres; September 5 - Mike Rodriguez; September 8 - Tom Pepper; September 9 - Paul Davis; September 10 - Terry Davis, Dickey Sudduth, Karen Stovall; September 11 - Jim Norman, Patricia Orozco; September 12 - Gilbert Costilla; September 13 - Curtis Elder; September 14 - Joe Castorena; September 15 - Steve Gartin, Terry Newell, Betty Pedraza; September 16 - David Jaramillo; and September 17 - Sherri Reese, Steve Owens.

### Mulette Maneuvers

The Varsity Mullettes are working hard in preparation for their season opener at Nazareth, November 16. Although that contest is still many weeks in the future, the Mullettes will need all of that time for practice before they can compete with other good teams. Presently, the team is working on fundamentals including basic offense, defense, and the forward press. At the end of the second week of practice, Chana Eubanks was named Varsity Player of the Week and Becky Turner was selected as the Freshman Player of the Week by Coach Bob Graves. These girls exemplified the best qualities of a player during practice.

M.H.S. Along with basketball, she is also active in F.T.A. and Student Council. Chana is a Mulette guard and her comments were "We have a lot of ability and team spirit. I think we have a great year ahead of us."

Becky Turner is the daughter of Doyle and Janelle Turner. She is a 14 year old freshman and a cheerleader. Becky plays forward on the freshman team. She stated, "I feel that with a lot of hard work we will have a very good season."

### Calendar 76-77

- OCTOBER 1 - End of first six weeks period.
- OCTOBER 29 - No school. District XVII Convention. Homecoming
- NOVEMBER 16 - End of first quarter.
- NOVEMBER 19 - Teacher Inservice Training. No school.
- NOVEMBER 25-26 - Thanksgiving Holidays.
- DECEMBER 23 - JANUARY 2 - Christmas Holidays.
- JANUARY 11 - End of third six weeks.
- FEBRUARY 23 - End of second quarter.
- FEBRUARY 24-25 - Teacher Inservice Training. No school.
- APRIL 7 - End of fifth six weeks.
- APRIL 8-12 - Easter Vacation.
- MAY 20 - Commencement and Baccalaureate.
- MAY 26 - End of third quarter. Last day of school.

### School Insurance Deadline Set

Students who wish to purchase students insurance should do so before September 21. This insurance is accident insurance only. There is a school plan - \$12.00 or a 24 hour, 12 month plan for \$30.00. Anyone who is interested see Marcus Gist.

### DECA News

DECA has begun the 76-77 school year by electing new officers and setting up money-making projects. The newly elected officers are Linnie Davis, president; Lisa Mason, vice president; Mylinda Graves, secretary; Will Davis, treasurer; Vicki Williams, reporter; Betty Pedraza, historian, and the parliamentarian will be selected next Friday.

The first DECA project for this year is the Parking Project. Volunteer DECA members help park cars at the games on Friday nights. Another project well

underway is the DECA Store. The merchandise includes school supplies, iron-on decals, and Mule pins. All money from projects goes to send students to Leadership Lab (South Plains College) and to contest later on in the school year.

The D.E. classes are busy learning about displays and planning ways for them to be applied to the School Store.

### FTA Members Teach Classes

Thursday morning, September 2, 1976, six Senior members of FTA had experience teaching at Richland Hills during the parent-teacher coffee.

All six girls taught second grade. Donita Dale taught for Mrs. Elsie Kendall; Tanya Burton substituted for Mrs. Mabel Wolfe; Nancy Ramm attended to Mrs. Jo Jinks' class; Laura Beene taught for Mrs. Eloise Wilson; Mrs. Estelle Fox's class was assisted by Jo Roming, and Patti Poyner taught Mrs. Billie Carlyle's class. All the girls had a memorable experience.

### FFA News

The FFA Officers will have a meeting September 15 at 7:00 a.m. at the XII Steak House. Breakfast will be served.

Several students will attend the Dallas Stock Show on October 18 to the 23. Clayton Ramm will show a Cross Breed Steer; Keith Hawkins, a heifer; Ben Harmon, two lambs; Beth Harmon, two lambs; Penny Howell, two lambs; Brad Morrison, two barrows; Blake Stevens, two barrows; and Donnie Gage, two barrows. Good luck to these students.

The FFA Chapter would also like to thank Jack Baker who is sponsoring the 1976-77 FFA calendars.

Getty leaves bulk of his fortune to charities.

Ford: no desegregation where no rights violated.

Coach Comments

We were pleased with the effort of our football players against Portales. We were extremely disappointed that we did not win the game, but felt like we gained from the game in many ways.

The support of all the student body during last weeks pep rally was tremendous. We certainly appreciate this and encourage all students to "Keep It Up". The cheerleaders deserve a big pat on the back for last weeks Pep Rally for all the work they did. We appreciate their effort. Let's all get together and BEAT THE HORNETS!!!!

Butz: properly used poison is good.

# First Ladies', Cotton Fashions Modeled In Muleshoe

First Ladies' Fashions and Fancies In Cotton, sponsored by Ciba Geigy and Bailey-Lamb Women's Cotton Promotion Association plus a showing of four 1976 Cotton fashions from Anthony's store, was held Tuesday evening, September 7, at 8:00 p.m., with host Lyndal Murray, manager.

Fashions were won by ten of Americas First Ladies over the past 200 years.

Lyndal Murray, manager of Anthony's, asked the "Denim Dolls" of Bula to come and model in the style show. Wanda Legan of Bula was the narrator for the show. Mrs. Blackman said, "Mr. Murray wanted us to hold it in his new store for his grand opening."

The women over the county modeling in the style show are as follows:

**MARTHA WASHINGTON**  
The Martha Washington night gown was modeled by Mrs. Anna Black. The night gown retained the three-quarter

length sleeves of fashionable day dresses, featuring a ruffled neckline, forming a soft drape over the shoulders. Ruffled sleeves add a particularly feminine touch. The matching night cap was a familiar feature of Martha's daytime attire.

**DOLLY MADISON**  
Of our nation's First Ladies, none was more celebrated as a hostess than Dolly Madison. Representing Dolly Madison, Mrs. Judy Kirk modeled her formal wear that influenced a return to classical lines. This evening dress features a tall, slender silhouette. The original empire lines was popular in the early years of the 19th century. It is still popular today. The gown features a high waist line just beneath the bust and short full sleeves which end in a ruffle. The neckline is filled with fine lace. The style utilizes cotton fabrics that are light, clinging and supple. Soft petticoats are built into the dress, ending in a short train.

**JULIA TYLER**  
The hooded cloak, worn by Estelle Drake, representing Julia Tyler is made of seven and a half yards of wide whale corduroy and banded in duplicate from Textiles, Inc. Fully lined, it allows freedom of movement. Beneath the cloak, the bodice is corded in each of the seams and features soft sleeves.

**NELLIE TAFT**  
Nellie Taft was among the first families to travel in a government-owned car. Linda Cox modeled the light weight motorizing dress of textured fabric that has an under-bodice of cotton lace. Corsets, still a necessity in 1911, created the fashionable long lean line. Banding the contrasting texture, set off by buttons and piping, decorate the bodice and skirt revealing a pleated flounce at the bottom edge. The wide-brimmed hat is flattering to the face and functional as protection from road dust.

**GRACE COOLIDGE**  
This woman personified the modern woman. Graceful and dignified, she was hearty enough to play backyard baseball with her sons. Tanya Burton is shown wearing this cotton sportswear, including shorter skirts, which appealed to women's newfound sense of freedom. This pleated skirt allows movement about the court. The sweater, a distinct forerunner of today's styles, faced with 100 percent cotton, is from Gloversville Continental Mills, Inc. The blouse under it features a feminine shawl collar. Pulled down on the hair, the cloche hat is a casual reminder of the flapper era.

**ALICE ROOSEVELT**  
Cynthia Isaac modeled the wedding dress of Alice Roosevelt. The leg-o' mutton sleeves of this creation are fluffed to their fullest to retain shape. Thus shoulders become the focal point for a distinctly feminine collar. The eyelet gown is an ecru tint, 100 percent cotton by Park Shiffli. It is supported by a petticoat with four fully gathered flounces, the skirt has a two and a half foot train.

**HARRIET LANE (BUCHANAN)**  
If Iva Star Noble had been Harriet Lane (Buchanan) she would have worn this type of beach attire. It is made of dark blue dotted Swiss and features petticoats as well as bloomers. Long stockings, laced with ribbons, completely cover the legs. The short sleeves and skirt are finished in a corded, pleated ruffle. And because sun was considered bad for the complexion in the mid-1900's, a hat shaded the face.

**EDITH ROOSEVELT**  
Susie Claunch, acting out Edith Roosevelt in the 1900's. At that time she would have worn this three-piece cotton velveteen riding habit still seen on the

ness. Mrs. Chris Hodnett, modeling in Jane Pierce's dress is shown featuring a fringe from its own plaid cloth. The pagoda sleeves are split to reveal full undersleeves. Lace complements both sleeves and collar. A capelet covers the low shoulder line of the bodice. The hoop underneath, made of five concentric steel bands hung from the waistband is covered by a single petticoat.

**JANE PIERCE**  
By the 1850's, skirts were becoming wider and wider, the hoop petticoat substituted for the many undergarments previously used to give skirts full-

ness. Mrs. Chris Hodnett, modeling in Jane Pierce's dress is shown featuring a fringe from its own plaid cloth. The pagoda sleeves are split to reveal full undersleeves. Lace complements both sleeves and collar. A capelet covers the low shoulder line of the bodice. The hoop underneath, made of five concentric steel bands hung from the waistband is covered by a single petticoat.

Those women modeling for Anthony's were Mrs. Frankie Brown, modeling a coordinate made of Dan River fabric, from Anthony's Tuesday night, at the Fashion Show.

Pat Black came out in a goucho pant set made of Crumpton corduroy. Mrs. Graves is modeling a jumpsuit made of cotton and dacron blend. It is easy care dacron and cotton blend. The trade name is Glad Rags.

Betty Tedroza wore a long casual dress, produced by Vicki Vaughn, in the style show for fashions, held at Anthony's. A group of women comprised of ten counties in the South Plains, forms the "Denim Dolls" individual group. Bailey-Lamb Association tries to promote cotton which is one of the

main money crops. President of the local association is Mrs. Cecil Jones. Secretary is Mrs. Richard Black and reporter is Mrs. John Blackman.

Their organization has been organized eight to ten years. They were interested in promoting their main product, cotton, so they formed the organization to do so.

Bobbi Owen is the designer of the Ciba Geigy's historic fashions. She is a resident costume designer at the university of North Carolina, Chapel Hill.

Ciba-Geigy is one of the world's leading chemical companies, that has facilities around the globe. Their headquarters is in Greensboro, N.C. Manufacturers a broad line of crop protection chemicals.

The company is committed to cotton throughout its broad line of cotton herbicides and insecticides. Major products also are geared to other key crops including corn, soybeans and alfalfa.

The style show was concluded with a winner for the \$25.00 gift certificate, given by Anthony's. Mrs. Nel Gatlin of 111 Quincy in Muleshoe won and will be able

to purchase anything in the store she wants with her gift certificate.

Nellie Taft's Motoring Dress Modeled by Linda Cox

### Music Appreciation

I am not a musician, but as I write this I think back and realize how my taste in music has changed. Early in life, it took only the simplest childhood jingles to please me, then in school I was trained and taught to appreciate more intricate music. All through life I feel that my knowledge of... and appreciation for music has grown and matured.

Through study and help from others, I have also grown as a Christian and have a better appreciation of my Lord.

My knowledge of, and love for God increases with each church worship service... This way of life and worship, I would recommend to anyone. Won't you try it...

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

EVERYONE IN THE CHURCH  
THE CHURCH IN EVERYONE

**Card Of  
Thanks**

May we the family of Rena  
Carroll take this opportunity to  
express our deepest apprecia-  
tion for the beautiful cards that  
you sent to Mom during her stay  
in the hospital. To the many who  
contributed to the fund started  
in her behalf. For the beautiful  
flowers, food and acts of kind-  
ness shown during the passing of  
our lovely mother.  
We as her family and you as  
her friends will miss her bright  
smile.

We gain comfort from the  
knowledge that she is now in  
Heaven with the Lord she loved  
so dearly.

Thanks**

The family of Truman Lindsey  
wish to express our appreciation  
to all of our friends who in so  
many ways wrapped their love  
and concern around us during  
this time of sorrow.

The floral offerings were so  
beautiful, the food so good and  
bountiful and the memorial gifts  
so deeply appreciated. Your  
visits in our home, your phone  
calls, your beautiful cards and  
letters have all been such a  
comfort to us. We know that  
God richly blessed us by allow-  
ing us to be in Muleshoe.

We extend a special thanks to  
the nurses and to Doctor Pum-  
mill who were so kind and  
helpful to us. Our prayer is that  
God will hold each of you in the  
palm of his hand and grant you  
rich blessings.

**CAPTURE  
LOST  
HEAT  
WITH  
A  
heat pump  
and save money...**

The heat pump is a home heating system that ac-  
tually captures heat that would otherwise be  
wasted. The electric heat pump actually squeezes  
warmth out of cold outside air and uses that  
warmth inside your home.  
The Lost Heat you pay for is a real villain, but  
you can turn him into a good guy with an electric  
heat pump. Call The Electric Company for complete  
information on the electric heat pump. It saves  
energy, saves money.

Company**

**FOR SO MANY PEOPLE**

## New Encephalitis Outbreak Is Feared

Some health officials are predicting an outbreak of St. Louis encephalitis around the state and nation. St. Louis encephalitis (SLE), a sometimes fatal disease of the nervous system, has been identified positively in the Houston area. Officials are watching closely Dallas, the Corsicana area and the Conroe area for confirmation of suspected cases. Mosquitoes get the disease mainly from birds and give it to people. Monitoring human, bird, and mosquito populations in several states has shown SLE present.

Only two of the approximately 80 mosquito species in Texas can carry SLE, the Texas Medical Association (TMA) says. Texas state health officials are continuing regular monitoring of mosquito populations in about 30 areas for signs of infected mosquitoes.

Only a few cases have been confirmed in Houston but many people are alarmed, remember-

ing Houston's 1975 outbreak when there were 32 confirmed cases with two deaths. There were an additional 28 suspected cases with five deaths. Similar or larger encephalitis outbreaks have occurred in the Lower Rio Grande Valley, the Corpus Christi area, Dallas and the Lubbock region in years past, a state health department official says. There is no known cure for any type of encephalitis.

TMA says the best way to control encephalitis is to vigorously fight mosquitoes. People can destroy mosquito breeding grounds by getting rid of standing water in tin cans, old tires, flowerbeds, boats, etc. Cutting tall grass and weeds robs mosquitoes of some hiding places. Staying indoors at night, wearing protective clothing and applying a mosquito repellent intended for use on the body also can help. Repellents containing the chemical ingredient

diethyltoluamide can be useful. A local health department may be able to fog an area with a bio-degradable insecticide and may even resort to aerial spraying in some cases to kill adult mosquitoes. Standing bodies of water can be sprayed to kill mosquito larvae. If a private citizen wishes to treat an area, the health department can advise about their own spraying schedule and insecticides available.

For every serious case of SLE, it is estimated there are between 65 and 150 other cases, many unreported. Encephalitis can be a serious disease but there should be no cause for great concern about a mosquito bite until encephalitis symptoms develop. A biting mosquito may not have been the right species or it may not have been infected if it were a possible carrier; it

may not have transmitted the infection if it did carry encephalitis; if it did infect someone, symptoms might be relatively mild. Humans cannot give SLE to each other. SLE symptoms can include high fever, headache, urinary problems, weakness, speech and movement problems, sluggishness and unconsciousness.

## Lionel Orozco At Fort Hood With Calvary

Specialist Four Lionel Orozco, son of Mr. and Mrs. Dolores Orozco, Muleshoe, recently was assigned to the 1st Cavalry Division at Ft. Hood.

Specialist Orozco, a scout and a reconnaissance specialist in Combat Support Company, 1st Battalion of the division's 7th

Cavalry, entered the Army in 1972 and was last stationed in Germany.

## FARMERS

Joint-Venture Sunflower Production Contracts are being offered to Sunflower Producers on the High Plains by a European Firm thru a Joint-Venture agreement with John F. Herzer & Associates of Lubbock.

Cash price to the producers shall be determined on the date of delivery of seed by using the combined price of Sunflower Oil and Sunflower Meal in Rotterdam.

The producer is guaranteed a base price of \$3.09 cents per pound which is correlated to a combined Ex-Tank Sun Oil and CIF Sun-Meal price of \$747.00 per metric ton at Rotterdam. The Joint-Venture Contract offers the producer a \$.50 per metric ton for each \$1.00 fluctuation up or down above the \$747.00 combined price of Sun Oil and Sun Meal.

This Joint-Venture Contract gives the High Plains Sunflower Producers who contract with John F. Herzer & Associates the assurance of a strong Local Market determined by the World Market demands for Sun Oil and Sun Meal based on the Rotterdam prices.

Producers interested in discussing Sunflower marketing through Joint-Venture Contracting or Direct Selling on an open market at harvest are asked to call 792-4418, or 747-0314, or 1-894-3598, JOHN F. HERZER & ASSOCIATES. "THE SUNFLOWER PEOPLE OF WEST TEXAS."
