

Chest Kick-Off Slated Tonight; Goal Is \$49,952

Howard County's Community Chest organization meshes gears today for the start of its annual five-agency fund campaign.

Counterattack By Reds Pushes UN From Peak

By ROBERT B. TUCKMAN SEUL, Korea (AP)—Allied artillery and warplanes pounded Chinese Reds as the Big North on Korea's Western Front today.

be distributed to workers following Rep. Mahon's address. Campaign General Chairman Elmo Wasson urges every person connected with the campaign to be present.

Workers in the special gifts phase of the Chest campaign are

Address of Congressman George Mahon to Community Chest workers will be broadcast over Radio Station KBST this evening.

Rep. Mahon is to be principal speaker at the Chest campaign kick-off dinner. His talk is to be made from 8:15 to 8:30 p.m. and will be aired at that time.

The kick-off dinner is to start at 6:30 p.m. at the Settles Hotel. The dinner will be served and other preliminaries completed prior to the congressman's address.

due to make their final reports at 4 p.m. today and results of the special gifts canvass will be announced at the kick-off dinner.

Chairman Ira Thurman has requested that all workers in his division submit their reports at the Community Chest offices, 117 1/2 Rannels, this afternoon.

Preliminary and incomplete reports Friday showed approximately \$12,000 contributed to the special gifts drive. Thurman said only about a third of the workers reported at that time.

The Chest campaign this year is for \$49,952. With the exception of \$3,600 added for establishment of a Big Spring Servicemen's Center, the budget is the same as in 1951.

Other agencies supported by the Red Feather five-in-one fund drive are Salvation Army, Boy Scouts, YMCA and Girl Scouts.

Stevenson made public yesterday his income and tax payments for the last 10 years. He disclosed he had paid \$211,980 in income taxes during the past 10 years.

A spokesman at Eisenhower's headquarters said he did not know at this point whether the general would report his tax returns for each year or whether it would be a general financial statement.

The headquarters announcement gave no indication of exactly when the statement would be released. A spokesman said he did not expect it before the general's departure tomorrow for a speaking engagement in Columbia, S. C.

There seems no doubt at Eisenhower regional headquarters here that the general had earned much more than Stevenson's reported \$500,052 income in the same period, but had paid much less in taxes.

The Democratic answer to the emotional \$18,000 expense fund incident involving Sen. Richard M. Nixon of California, the GOP vice-presidential candidate, found no immediate reply in the Republican camp.

The Democrats' end-around political play appeared to have caught the Eisenhower advisers

Admits Report Fund Donor Philip K. Wrigley (above), chewing gum manufacturer, confirmed to Chicago a published report that he contributed to the 1948 gubernatorial campaign fund of Adlai Stevenson. He told a reporter, however, "I didn't contribute to any fund for augmenting salaries of state employees. (AP Wirephoto).

ACCEPTS CHALLENGE Ike To Reveal His Financial Records

NEW YORK, Sept. 29 (AP)—Gen. Dwight D. Eisenhower's headquarters announced today that he will make public his entire financial situation.

The Republican presidential candidate thus accepted an implied challenge from Gov. Adlai E. Stevenson of Illinois, the Democratic presidential nominee, to bare the status of his finances.

Stevenson made public yesterday his income and tax payments for the last 10 years. He disclosed he had paid \$211,980 in income taxes during the past 10 years.

A spokesman at Eisenhower's headquarters said he did not know at this point whether the general would report his tax returns for each year or whether it would be a general financial statement.

The headquarters announcement gave no indication of exactly when the statement would be released. A spokesman said he did not expect it before the general's departure tomorrow for a speaking engagement in Columbia, S. C.

There seems no doubt at Eisenhower regional headquarters here that the general had earned much more than Stevenson's reported \$500,052 income in the same period, but had paid much less in taxes.

The Democratic answer to the emotional \$18,000 expense fund incident involving Sen. Richard M. Nixon of California, the GOP vice-presidential candidate, found no immediate reply in the Republican camp.

The Democrats' end-around political play appeared to have caught the Eisenhower advisers

wondering how they could explain satisfactorily a ruling by the Bureau of Internal Revenue. The bureau had made a ruling permitting Eisenhower to keep three-fourths of the income he received from his book, "Crusade in Europe."

This ruling—similar to others in some like cases—permitted the general to pay only 25 per cent tax instead of the higher income rate, because he was held to be operating outside his usual field of activities when he furnished the information for the published volume.

Perhaps with something of this in mind, Stevenson laid down last night a summarization showing he had received a total income from 1942 through 1951 of \$500,052 on which he paid income taxes of \$211,980.

Harry Calls Ike 'Front Man For Unholy Crew'

Adlai's Income Tax In 10 Years Over \$200,000

By DOUGLAS B. CORNELL SPRINGFIELD, Ill. (AP)—Gov. Adlai E. Stevenson disclosed last night that his income over the last 10 years was a half million dollars. And he paid Uncle Sam more than \$200,000 of it in taxes.

For three years of his gubernatorial term that are covered by the returns—1949 through 1951—Stevenson's state salary was \$35,209.68 and his outside income \$151,210.26, for a total of \$186,419.94. Taxes came to \$84,459.35, so the net was \$101,960.59.

Here and there, like any other taxpayer, the governor made mis-

Big 3 Aides To Meet On Austria Pact

LONDON (AP)—Deputy foreign ministers of the Big Three Western Powers meet again today to see what can be done about an Austrian independence treaty despite Russia's refusal to attend the conference.

Prospects for a solution to the six-year impasse were not bright. In rejecting the invitation to the meeting, the Soviets indicated they were standing pat on terms they have held to throughout the protracted negotiations.

Russian notes delivered Saturday to the American, British and French Embassies in Moscow also insisted the West must scrap its idea of an abridged treaty and accept the Soviet demand that the Trieste issue be considered along with any Austrian settlement.

Dispatches from Moscow said hopes for any agreement between the Soviet Union and the West were at about their lowest ebb. Diplomats here privately suggested that the deadlock was due more to any inability to agree on the terms of a treaty. This view was supported by Austrian government officials, who unofficially indicated they believe Russia has no desire to get out of the country and no intention of doing so in the foreseeable future.

Austrians hoped that possibly the United Nations might be able to solve the deadlock.

RIGHT-OF-WAY TOSSED ABOUT IN THE MAILS

The last right-of-way deed to the Vealmoor-Highway 87 lateral road was received over the week-end—with strings attached. C. W. Roberts of Fort Worth, owner of the right-of-way, sent the deed to a local bank with a draft form. The deed was still unsigned.

County Judge Walter Grice said that what Roberts meant to do was have the bank hold the deed until the County filled out the bank draft. Then the bank would turn the deed over to the County.

Speedboat Ace, John R. Cobb, Dies In Mishap

LOCH NESS, Scotland, Sept. 29 (AP)—The jet-propelled speedboat Crusader blew to pieces in a cloud of smoke and spray on Loch Ness today, carrying British Speed Ace John Rhodes Cobb to death at a three-miles-a-minute clip.

Cobb, out to break the world hydroplane speed record, was traveling at about 200 miles an hour, witnesses said, when the speedboat disappeared in a flurry of spray and was scattered in pieces about 100 yards from the shore.

Cobb's wife saw her 52-year-old speed demon husband race to his death. She hid her hand in her face and turned away as the boat exploded. Cobb was picked out of the water still alive, but died a few moments later.

When the smoke and spray cleared, only four pieces of the wreckage could be seen from the shore, and these quickly disappeared beneath the waters of Loch Ness, fabled home of the horn-headed Loch Ness "monster."

The Crusader was roaring down the course toward the end of its first measured mile. The 31-foot speedboat, latest of Cobb's many racing vehicles, was skipping up and down over the surface.

"Suddenly," said G. E. Nicholson, a hotel manager who witnessed the accident, "it disappeared in a flurry of spray and disintegrated."

"We don't know what happened. One minute the Crusader was there. The next, it was not. There were just a few pieces floating about."

Hurricane Charlie Veers Off To Sea

MIAMI, Fla. (AP)—Hurricane Charlie, the season's third, sped northeastward in the Atlantic off Nova Scotia today but Hurricane Dog was dead.

Charlie still packed winds up to 100 miles an hour near the center last night and was whirling toward the far northern shipping lanes at 15 to 20 miles per hour.

Meanwhile, Dog had dwindled to a squally wave with winds only 30 to 40 miles an hour over a small area.

Whistle Stop Tour In North Dakota

By ERNEST B. VACCARO ABOARD TRUMAN TRAIN (AP)—President Truman today bitterly denounced Gen. Dwight D. Eisenhower's charges of corruption in government by calling him a "front man for an unholy crew" of lobbyists using that issue as "a political football."

Truman tore loose with one of his most scathing attacks on the Republican presidential nominee in a "whistle stop" speech at Fargo, N. D., where he told a trainside crowd they'd better hesitate about returning the Republicans to power if they "want to avoid a third world war."

Eisenhower, he said, "seems to be listening to some strange advice so far as foreign policy is concerned."

The President tackled the issue of corruption in his administration on his formal whistle stop speech of his 8,500-mile, 15-day coast to coast tour. He said he had been "getting rid of wrongdoers" over the "opposition of Republicans in Congress."

Truman made an earlier rear platform appearance at Breckenridge, Minn., where he spoke off-the-cuff.

Other "whistle stop" talks were down for Grand Forks, Larrimore, Lakota, Devils Lake, Minot, Bismarck, Stanley, Tjoga, Williston in North Dakota and Wolfe Point, Mont.

It was a gloves-off attack Truman urged on his former chief-of-staff at Fargo.

He said of the Eisenhower who once quoted Truman as saying Truman would support him for anything he might want, including the presidency, "the general has swallowed the propaganda of the special interests, 'hook line and sinker.'"

"He may not know it," Truman said of Eisenhower, "but he has become a front man for the lobbyists."

"They are sending him around the country with advance agents to put up billboards and balloons and pass out the confetti. They have plenty of money to put into these things. The Wall Street bankers are just pouring it out."

Truman said Eisenhower admits he's trying to win the election by "appealing to the people's emotions, not to their intellects."

"That's why you won't find anything in most of his speeches except slogans, generalities and scare words," the President said.

"I think it's insulting to the American people to tell them they make up their minds according to their emotions, and not on the basis of the great issues that are before them."

Truman called Eisenhower a candidate "who has spent all his life in the Army and doesn't know much about what has been going on in the United States."

To the farmer he said: "The last time you had a Republican administration your farm mortgages were being foreclosed so fast you couldn't count them."

San Antonio Is Added To Adlai Talk Itinerary

DALLAS, Sept. 29 (AP)—A fourth Texas City, San Antonio, has been added to the speaking itinerary of Democratic Presidential Nominee Adlai Stevenson.

Speaker of the House Sam Rayburn, chairman of the Stevenson-Sparkman Campaign Committee of Texas, announced today that the fourth city will be added to Candidate Stevenson's schedule and that the Illinois governor will be accompanied by Sen. Lyndon Johnson during his two-day campaign swing through Texas.

Gov. Stevenson will speak first at Fort Worth at about noon Oct. 17. Then he will visit Dallas, Houston and San Antonio during his two-day visit.

The site of Gov. Stevenson's Dallas address was not definite. Stevenson will arrive in Texas just two days after the Republican presidential nominee, Dwight Eisenhower, has completed a two-day visit.

Eisenhower will reach Houston the morning of Oct. 14 and visit Waco, Lubbock and San Antonio that day. On Oct. 15 he has a scheduled speech from his special train at Longview and then will go on to Shreveport.

Week End Polio Toll Increases

HOUSTON, Sept. 29 (AP)—Polio's week-end toll was up today, with two city and three county cases reported to the City Health Department.

The department also listed two non-resident patients brought here for treatment and one "possible" victim was being examined at Jefferson Davis Hospital.

The comparably high total followed a week in which the department reported but few cases. The city count is 428 cases and 18 deaths as compared to 143 cases and eight deaths at this time last year. The county count is 263 cases and eight deaths as compared to 49 cases and three deaths last year. Those brought here from out of the county number 237 cases and 12 deaths.

Prison Inmates On Sit-Down Strike

SALT LAKE CITY, Sept. 29 (AP)—Inmates of the Utah State Prison staged a sit-down strike today in protest against board of pardons regulations governing credit given prisoners for good behavior.

Prison officials said the prisoners refused to perform tasks normally assigned to them. Instead they are remaining in the cells, refusing even to leave—so far—for their meals.

There have been no disturbances, officials said, and the prisoners are making no noise.

FOR COURTHOUSE GROUNDS Landscaping Plan Given County Dads

County Commissioners this morning heard details of a suggested plan for beautifying the courthouse property upon completion of the new building now under construction.

Nat Shick, who said he had been studying the situation for some 10 years in preparation for the day when the county would finally be able to construct a new courthouse, advanced an idea for a complete landscaping plan. He suggested that terraces be installed on portions of the courthouse property which rise above street level, declaring that the terrain on the courthouse block presents an opportunity for beautification that is unique and available to few other cities.

Traffic Signals Operate On New Time Sequence

Third Street traffic signals were operating on a new timing and change sequence pattern this morning.

The new signal system will operate for 30 days on a trial basis. If it proves successful, the system will be kept in effect.

The signal changing sequence has been changed from single to double alternate, with two lights showing green while the next pair flash the red stop signal. Formerly, alternate instead of adjacent signals were green (or red) at the same time.

Time between changes has been extended from a 35-second to 50-second interval. Cycle now includes 25 seconds red, 21 seconds green and four seconds yellow. Formerly the cycle consisted of green and three seconds on caution.

The new sequence will enable traffic to move non-stop at a maximum speed of 19 miles per hour. Maximum non-stop speed under the old system was 14 miles per hour.

City Manager H. W. Whitney and Electrician Roy Rogan estimate the change will increase the flow of traffic by 33 per cent, other conditions being ideal. Rogan, who proposed the change after an exhaustive study of signal timing patterns, completed physical alterations of the traffic signal wiring and actuating equipment last week, after the timing change was approved by city commissioners.

Howard County Tax Valuations Increase

Howard County's tax valuations for this year total \$2,568,265, a gain of approximately three and a quarter million over last year.

Laughlin AFB Fliers Dead In Plane Crash

RUIDOSO, N. M., Sept. 29 (AP)—Two Air Force majors from Laughlin Air Force Base, Del Rio, Tex., died in a flaming plane crash here yesterday.

Scores of spectators watched as Maj. J. H. McElrath and Maj. Bart McKee crashed their training plane a scant 200 feet from them.

But the fiercely burning flames prevented any attempt at rescue. None of the spectators, gathered at the airport here, for auto speed tests, was injured.

AF Group Leader Downs First MIG

SEUL, Korea, Sept. 29 (AP)—Lt. Col. Albert S. Kelly, commander of the U. S. 51st Fighter-Interceptor Group, today got credit for his first Communist MIG-15 destroyed.

The Air Force said Kelly drew the Red warplane into violent maneuvers over MIG Alley deep in North Korea today. The Communist pilot lost control and the plane plunged into the Yellow Sea. Kelly, of 1728 Avenue "O," Huntsville, Tex., also has one damaged MIG to his credit.

State Won't Seek The Death Penalty

WICHITA FALLS, Sept. 29 (AP)—The state said today it would not ask the death penalty for Mrs. Mary Jean Parsons, young Tulsa, Okla., socialite charged with killing her husband.

Mrs. Parsons, 21, sat quietly in the courtroom between her parents when her trial for murder opened today.

THE WEATHER BIG SPRING AND VICINITY: Generally fair this afternoon. Tonight, Tuesday, not much change in temperature. High today 88, low tonight 62, high tomorrow 90. Highest temperature this date 97 in 1947; lowest this date 38 in 1914; maximum rainfall this date .49 in 1903.

House Unit Comes To Defense Of African Air Base Builders

By ELTON C. FAY
 WASHINGTON (AP)—The long-lambasted builders of the 421-million-dollar North African air base system found friends today in a House subcommittee.

The House appropriations subcommittee on military construction had some kind words for the military and civilian builders of the U. S. bases in Morocco and some admonition for critics—although the House members didn't mention the Senate Armed Services Preparedness Committee by name.

Following by a few months the sharp and critical report of the Senate group which charged waste and confusion in the construction of the African Airfields, the House committee issued its own report. It said, among other things, "at:

1. The "notoriety given the Moroccan air base construction" was based "in large measure on a fragmentary record."

2. As the House committee's investigation developed facts, "a picture appeared substantially different from the one previously placed before the public. The implication that little had been accomplished was false. By the time these hearings began in April, 1952, less than a year after ground had been broken, two giant airfields were

in use, and a third was well on the way to a condition of use." (The program involves construction of five bases.)

3. "As far as the charges themselves were concerned it was seen that some were indeed based on fact and represented constructive criticism. Many, however, were based either on falsehoods, gross exaggerations, or that type of half-truth which emphasizes faults only and ignores the amount of work done and the difficulties under which the job had to proceed."

The bases are being built under direction of the Army's Corps of Engineers, which is headed by Lt. Gen. Lewis Pick, to specifications of the Air Force. The construction contract is held by a group of firms combined under the name Atlas Constructors.

One bomber field has a runway 11,000 feet long, 200 wide. Some of the fighter plane runways, which also can be used for medium bomber operations by such planes as B-29s and the newer B-47 jet bombers, have 9,000-foot runways.

The House group agreed there had been difficulties, that as one witness who came before it said, the program at one stage was "sick" but recovered. However, the committee's report and the two

volumes of testimony that accompanied it set forth reasons for some of the problems encountered.

First, the committee contended, there was the urgency and haste which existed when the projects were started. The Korean War had begun and it was feared a general war might be imminent.

"This was the state of affairs under which the work began rather than the calmer moments in which we evaluate decisions taken with the benefit of hindsight," the report said, adding:

"A most serious circumstance was the lack of advance planning."

The Army Engineers had not been notified of the great extent of the project until the emergency suddenly arose, although the Air Force had been considering the program since 1948.

Elsewhere the testimony also dealt with the contractors' difficulties in recruiting labor in the United States because the program was delayed until the building season here had made heavy demands on the labor market.

Another "complicating factor was the complete change in construction requirements made in the winter and early spring of 1951."

The committee said the Moroccan base program originally was estimated at about \$300 million but now would cost about \$421 million. It said the reasons for the increase are: The estimate made in May 1951 was made without accurate information on Moroccan construction costs; prices increased generally; the Air Force added materially to the type and number of facilities for which it had planned originally.

Question In Protocol?

Gov. Adlai Stevenson (left) and Vice-President Alben Barkley (right) seem to be insisting that the other go first. They are holding their lunches in their hands after being served at the outdoor lunch served at the Barkley home in Paducah, Ky. Mrs. Barkley is at center. (AP Wirephoto).

IN COMING ELECTION

Sparkman Doubts Nixon Fund Value

WASHINGTON (AP)—Sen. John Sparkman says he doubts the "Nixon fund" controversy will have any great impact on the Nov. 4 presidential election.

The Alabama Democrat was interviewed twice yesterday, over CBS-radio last night and NBC-television earlier, about the \$18,235 fund raised privately for California's Sen. Richard M. Nixon, Sparkman's Republican opponent for vice president.

Asked whether he would accept such a fund, Sparkman replied: "I personally would not."

He said he had never had a fund of any kind, not even a campaign fund. He said he has managed to save money each year since 1936, when he first was elected to the House. He moved to the Senate in 1946.

He said he did not want to pass judgment on the Nixon fund or on donations Gov. Adlai Stevenson, the Democratic presidential nominee, said he used to attract

good men to appointive posts with the Illinois state government.

As to his personal finances, Sparkman said:

"I've made it a point all my life to put some of my money into savings. I've bought government bonds and they've matured. I've bought insurance, certificates and they've matured."

As soon as he can find time, Sparkman said, he will release a breakdown of his income for the past 10 years, as Gov. Stevenson did yesterday. An article in yesterday's New York Times, Sparkman added, gives a general picture of his financial status.

The story, quoting Sparkman, lists these principal assets:

Life insurance of \$50,000; about \$20,000 in government bonds; some \$10,000 in stocks; a \$675 business investment; a \$35,000 home in Washington on which about half of a \$20,000 mortgage is paid off; a home in Huntsville, Ala., built for about \$4,500 in 1927 and paid up; a 150-acre farm near Huntsville bought for \$3,000; about \$4,000 in cash savings; and a 1950 Buick and a 1946 Chevrolet.

Sparkman said his wife's income is "her personal affair." He said Mrs. Sparkman is his office receptionist at a base pay of \$4,500 a year and owns 49 per cent of radio station WAVU in Albertville, Ala.

HOSPITAL NOTES

BIG SPRING HOSPITAL
 Admissions — Mrs. Lena Hogue, 624 Ridgley; Otis Trolinger, 702 E. 5th; Mrs. Suddie Armstrong, Rt. 1, Ackerly; Hardy L. Harris, 1600 State; Mrs. Wiley Halley, Gail Rt.; Malcolm Green, Sterling City Rt.; Luther S. Arnold, 1204 W. 25th; Odessa; Earlene Williams, 808 Gregg; Mrs. Mildred Whirley, Tarzan; Billy Berryman, 104 W. 13th; Horace Ivey, Monahans; A. C. Hines, 209 N. Nolan; Mrs. Sarah Buckner, 1103 E. 4th; Millard Ferguson, 135 W. 2nd.

Dismissals — Charles G. Willingham, Brownwood; Mrs. Margaret Wood, City; Bobby Fisher, Stanton; M. S. Earnestine Howell, Colorado City; Mrs. Lois Johnston, 800 E. 16th; Mrs. Helen Boles, 1600 Sycamore; Mrs. Laura Cross, Stanton; Mrs. Dorothy Stepp, Odessa; Mrs. Belle Ellett, 505 NW 10th; Mrs. Marie Bucham, 1010 Wood; Leon Hogg, Stanton; Joan Carpenter, 1211 Sycamore; H. L. Lockhart, 1105 Chestnut; Sandra Trappnell, 1212 E. 16th; Mrs. Louise Walton, 708 Nolan; Mrs. Earlene Williams, 808 Gregg.

COWPER HOSPITAL CLINIC
 Admissions — Mrs. V. E. Dickena, City; Mrs. J. C. Cox, City.

Dismissals — James Dwayne Myrick, City; Cotton Holcombe, City.

Animals Are Plentiful Over Airport Area

People living along the Snyder Highway in the vicinity of Big Spring airport are about ready to call out the Society for Prevention of Cruelty to Animals.

Residents of the area say they're catching more than their share of discarded pets.

Cats and dogs, apparently thrown out of automobiles, show up at the airport and peoples' houses at the rate of two or three per day. Some of the pets are accompanied by litters of kittens and puppies—all seeking homes.

The people living out that way can't support them all, says Barney Edens, airport manager. They've given them away, disposed of the pets in other manners, and still have more cats and dogs than food and shelter.

The practice of throwing away pets in the airport area has been widespread for more than a year. It seems to be gaining followers while residents of the section are gaining pets.

"They don't want any more, says Edens.

Europe Group Asks Soviet Open Curtain

STRASBOURG, France, Sept. 29 (AP)—The consultative assembly of the Council of Europe unanimously called today for a peaceful rollback of the Iron Curtain to Russia's pre-World War II borders.

Delegates from 14 Western European nations and the Saar did this in adopting a declaration that Europe by history and nature extends from the Mediterranean to Russia's pre-war frontiers. Nations behind the Iron Curtain will always have seats waiting for them in the assembly, the declaration added.

At the same time the assembly expressed determination to bring the few free Western European nations not represented here into the Council of Europe, along with those peoples who live "under a

totalitarian regime" in Western Europe—a reference to Spain.

The declaration of policy was embodied in a report of the assembly's special committee charged with watching over the interests of European nations not now represented in the Council of Europe.

Wide Search On For Plane Bomb Suspect

MEXICO CITY, Sept. 29 (AP)—The search for a man suspected of time-bombing a passenger plane to collect insurance reached fever pitch yesterday and brought forth a federal warning against lynching.

"Respect for the law and individual guarantees is just as important as the capture of this terrible criminal," Federal Attorney General Francisco Gonzalez de la Vega told reporters.

"The criminal's life is guaranteed, and his punishment must be decided by the courts."

Mexico does not have capital punishment.

A nation-wide police dragnet was out for Emilio Arellano Schelge who police said bought tickets for seven of the plane's 17 passengers including his own uncle, and insured their lives for 2,000,000 pesos

(\$240,000). He also provided the seven with farewell gifts bearing their initials which would have helped identify their bodies.

The explosion in the baggage compartment of the Oaxaca-bound plane last Wednesday blew a hole in the fuselage, wrecked flying instruments, and slightly injured two American tourists of the 20 persons aboard. The pilot brought the craft down safely at a military airstrip.

Control tower employees at the Mexico City airport identified Arellano from photos as the man who repeatedly asked for flight reports on the plane's progress.

Police described Arellano as fairly tall, slender, "horsefaced," about 50, with a U. S. technical education. They asked the United States Federal Bureau of Investigation to help search for him.

Drilling Contractors To Expand Activity

OKLAHOMA CITY, Sept. 29 (AP)—Directors of the American Association of Oilwell Drilling Contractors have voted to expand the group's field of activity and streamline membership in its standing committees.

A. W. Thompson, Houston, president, yesterday urged the association to take fuller responsibility in national affairs of the petroleum industry. After his talk, directors voted to create a new legislative committee with its operation to be decided by the association's convention which opens here today.

NOSE, THROAT,

and Accessory Organs not Adversely Affected by Smoking Chesterfields

FIRST SUCH REPORT EVER PUBLISHED ABOUT ANY CIGARETTE

A responsible consulting organization has reported the results of a continuing study by a competent medical specialist and his staff on the effects of smoking Chesterfield cigarettes.

A group of people from various walks of life was organized to smoke only Chesterfields. For six months this group of men and women smoked their normal amount of Chesterfields—10 to 40 a day. 45% of the group have smoked Chesterfields continually from one to thirty years for an average of 10 years each.

At the beginning and at the end of the six-months period each smoker was given a thorough

examination, including X-ray pictures, by the medical specialist and his assistants. The examination covered the sinuses as well as the nose, ears and throat.

The medical specialist, after a thorough examination of every member of the group, stated: "It is my opinion that the ears, nose, throat and accessory organs of all participating subjects examined by me were not adversely affected in the six-months period by smoking the cigarettes provided."

Telephone work is a family affair for the Kincys of Dallas. D. W. Kincy (second from left) started it when he went to work for the telephone company back in 1898. Now retired, Mr. Kincy has seen two sons follow in his footsteps—Harrell (left), with 20 years' service, and Dan (second from right), 10 years with the company. Latest Kincy to become a telephone man is Ronald (right), Dan's youngest son who has more than a year of service.

ONE FAMILY—six telephone careers

TWO MORE THIRD GENERATION KINCYS are now making a career in the telephone business. Dan's sons, Dan Jr. (left) and Richard (right), heard so much at home about the advantages and opportunities in telephone work that they applied for jobs as soon as they were old enough. Both are telephone installers, and, at present, are on leave from their jobs, serving in the United States Air Force.

FUTURE "VOICES WITH A SMILE"? There's a good reason to believe the number of Kincy telephone careers will grow. Harrell Kincy's daughters, 13-year-old Sandra (left) and 9-year-old Karen (right), expect to follow the Kincy family tradition as operators. Collectively, the Kincys look back with satisfaction on more than 80 years of telephone work—and look ahead to many more.

WHY HAS GENERATION AFTER GENERATION of Texas families like the Kincys chosen life-long careers in the telephone business? To begin with, it's important and interesting work—this job of supplying the world's best telephone service. It is an up-from-the-ranks business with good pay and plenty of opportunity for ambitious men and women to get ahead—the kind of career telephone people urge their children to carry on.

FOR FASTER LONG DISTANCE SERVICE... CALL BY NUMBER

Cattle Imports From Mexico Said Very Low

CHICAGO, Sept. 29 (U.P.)—Few, if any, Mexican cattle have gone into the United States since the ban against importing the animals was lifted.

That was the report today from the National Live Stock Producers Association's monthly magazine.

Cattle imports from Mexico had been prohibited since 1946 because of an outbreak of foot-and-mouth disease in the country. The U. S. Department of Agriculture had predicted that a half million head of cattle would be imported into this country during the first year after removal of the ban.

But the cattle producers' magazine said several conditions are retarding trading.

"One of the principal reasons," the magazine said "is that per capita meat consumption in Mexico is 40 pounds a year, of which 30 are beef. Some 2,500,000 head of cattle are required annually to meet domestic consumption."

"Also, 19 packing plants were established in Northern Mexico between 1947 and 1952. These plants have become an integral part of Mexican economy and many officials believe that export taxes on meat may be lower than those for live animals in order to keep these plants operating at a profit."

The magazine said there were reports to indicate the Mexican government plans to tax exports of live cattle at \$7 to \$13 a head. The U. S. tariff would be added at the rate of 2 1/2 cents a pound for cattle weighing more than 700 pounds, 2 1/2 cents a pound on weights 200 to 699 pounds, and 1 1/2 cents a pound for those weighing under 200 pounds.

Four Fatal Shootings Noted Over Week End

By The Associated Press

Death by gunfire, coming in a flurry of shootings across the state, boosted the state's violent deaths to 11 for the week end.

Four persons met death from gunshot wounds and a seventh gunshot wounds and seven others died in traffic accidents as the automobile rang up its usual heavy toll.

FULBRIGHT REMARKS

Expense Funds Take Up Too Much Time

By EDWIN B. HAAKINSON
WASHINGTON (U.P.)—Sen. J. William Fulbright said today both Republicans and Democrats are devoting too much attention to probing each other's political and expense funds.

"I don't think that any of these people on either side are dishonest

corrupt politicians," the Arkansas Democrat told reporters. He added:

"All of this obscures the real fundamental issues of the presidential campaign and leaves the impression with the public that everybody is corrupt."

Louisiana Dems Expect State To Back Stevenson

LITTLE ROCK, Ark. (U.P.)—Four Louisiana Democratic party officials, here for a six-state party strategy conference, say their state will vote the Democratic ticket in November.

One of the delegation labeled Louisiana Gov. Robert F. Kennon "our mugwump governor" because of his endorsement of the Republican Eisenhower-Nixon ticket.

The group—Dr. George S. Long, brother of the late Sen. Huey P. Long; Leroy Chandler of Alexandria, William J. Erikson of New Orleans, Democratic state committee vice chairman, and Severn T. Darden, district attorney at New Orleans—arrived last night in the vanguard of party officials for the Southern Regional Conference opening today.

The Louisianians said they are shelving intra-party differences in the face of a determined effort by Republicans to win the November election.

"We raise Cain with each other in Louisiana but we unite for a common cause," Chandler said. Dr. Long predicted that "regardless of our mugwump governor, we will give Gov. Stevenson a big majority Nov. 4."

Officials from Kentucky, Arkansas, Mississippi, Tennessee and Texas also arrived for the two-day planning conference.

Men In Service

PFC STANLEY HAYHURST

Men In Service

FORSAN, Sept. 27—Pfc. Stanley Hayhurst, who sailed from Camp Kilmer, N. J. on Aug. 21, has arrived in Southern Germany, his parents, Mr. and Mrs. L. M. Hayhurst have learned. Southern is located in the Bavarian Alps on the Swiss border. Once it was used as a center for Hitler's youth movement Pfc. Hayhurst was assigned to Saumur, France with the 52nd Signal Base Maintenance Battalion. He is living in a chateau with a small unit of 150 men, he wrote his parents.

Serving aboard the USS landing ship tank No. 27 during its second tour of duty in the Far East is George R. Clark, ensignman (freeman, U.S.N. son of Mr. and Mrs. Ray C. Clark, of Big Spring. Clark reported aboard the 827 Oct. 8, 1951, from the destroyer USS Bass in San Diego, Calif.

Marine Cpl. Harold G. Jones, husband of Mrs. Jane Ellen Jones, of Big Spring, and son of V. E. Jones, 1108 Runnel St., has arrived in Korea and been assigned to the Seventh Marines, an infantry regiment of the First Marine Division.

Cpl. Jones joined the Marines at Abilene. He was promoted to corporal in April of this year. He and his wife have one child, Glynna Dianne, age 2 months.

Rev. Burns Rites

SOUTH BEND, Ind., Sept. 29 (U.P.)—Funeral services for C. Rev. Edward Michael Burns, C. S. C., who once served at St. Edwards University, Austin, Tex., are scheduled here Tuesday.

Two New Versions Of The Bible Making Appearances This Week

By GEORGE CORNELL

NEW YORK (U.P.)—It's the same basic story, but some of it is told a little differently in two new versions of the Bible.

Their appearance is hailed by churchmen as a major religious milestone.

To be published tomorrow is a new revision of the entire Scriptures, completed after a 15-year interdenominational Protestant undertaking. Advance copies were made available today.

And published today was a new translation, by Roman Catholic scholars, of the first eight books of the Old Testament—the initial phase of a historic project to retranslate all ancient Biblical manuscripts.

As an example of how the books vary, here are the new and old versions of the 20th verse of the first chapter of Genesis:

Protestant—(old King James Version)—"And God said, Let the waters bring forth abundantly the moving creature that hath life, and fowl that may fly above the earth in the open firmament of heaven."

Catholic—(new Revised Standard Version)—"And God said, Let the waters bring forth swarms of living creatures, and let birds fly above the earth across the firmament of the heavens."

Protestant—(old Douay Version)—"God also said: Let the waters bring forth the creeping creature having life, and the fowl that may fly over the earth under the firmament of heaven."

Catholic—(new Confraternity Version)—"Then God said, Let the waters abound with life, and above the earth let winged creatures fly below the firmament of the heavens."

The Catholic translation, first ever done by the American Catholic clergy is an attempt at a clearer, more accurate version than the Douay Bible, which is based on a 15-centuries-old Latin Vulgate translation by St. Jerome.

The Protestants' new "Revised Standard Version" was authorized by 40 denominations. Publication is sponsored by the National Council of the Churches of Christ in the U. S. A.

Original manuscripts, some of

them discovered in modern times, were used in clarifying involved passages and outdated usages and correcting old copying errors.

Following are other excerpts: Old King James—(Genesis 11:1)—"And the whole earth was of one language and of one speech."

New Revised—"Now the whole earth had one language and few words."

Old Douay—"Whoever shall shed man's blood, his blood shall be shed: For man was made to the image of God."

New Confraternity—"Whoever sheds the blood of man, by man shall his blood be shed; for in the image of God man was made."

Both new versions change "thee" and "thou" to "you," except in prayers to God. Other archaic forms, such as the "est" and "eth" verb suffixes, are eliminated.

Although the first eight Old Testament books of the Catholic translation were put out in a special volume today, years of work remain to complete the Bible. The finished Protestant revision shows the changes over the entire Scriptures.

New Revised—"Whoever sheds

the blood of man, by man shall his blood be shed, for God made man in his own image."

Old Douay—"Whoever shall shed man's blood, his blood shall be shed: For man was made to the image of God."

New Confraternity—"Whoever sheds the blood of man, by man shall his blood be shed; for in the image of God man was made."

Both new versions change "thee" and "thou" to "you," except in prayers to God. Other archaic forms, such as the "est" and "eth" verb suffixes, are eliminated.

Although the first eight Old Testament books of the Catholic translation were put out in a special volume today, years of work remain to complete the Bible. The finished Protestant revision shows the changes over the entire Scriptures.

New Revised—"Whoever sheds

Texans Listed Among Scholarship Awards

NEW YORK, Sept. 29 (U.P.)—Two Texans are among 12 Young Women's Christian Association staff members to receive scholarships given under a YWCA plan to maintain and strengthen qualified staff members.

Mrs. Harrison S. Elliott, general secretary of the YWCA National Board, announced the scholarship awards yesterday.

Texans named were Lillian Bright-Davies of (1410 41st St.) Galveston, from the Houston YWCA, and Eileen Bigelow of (323 Oakes Ave.) Everett, Wash., also from the Houston YWCA.

This has been amazingly fulfilled. It is as though some one today prophesied that London or New York should be destroyed and never be rebuilt. Babylon had her chance and failed. God has the last word. "Babylon, the glory of kingdoms... shall be as when God overthrew Sodom and Gomorrah. It shall never be inhabited." — Isaiah 23:19-21.

Campaign Fits Rougher Pattern But In Time Passions Will Cool

Americans take and give a lot of good-natured kidding even in the best of a political campaign. Latest example of the kind, which some might consider not quite so good-natured, was perpetrated by the Democratic Club of Whittier, Calif. Senator Nixon's home town. The club sent the senator a ham in recognition of his performance on radio and television the other night.

Its predecessors. Which is to say, rough. Lincoln, who probably caught more hide-burning and soul-searing criticism from the opposition as well as from within his own party ranks than any President, was once asked how he felt about being pilloried. Old Abe said he felt like the fellow who was ridden out of town on a rail—if it wasn't for the honor of the thing, he'd just as soon walk.

Nepotism, Even If Efficient, Dimly Regarded By Taxpayers

Congressional nepotism—the employment of a relative—has been practiced for a long time. There is no specific law against it, and many of the employed relatives undoubtedly earn their pay.

but draw his pay, it is a plain case of getting money under false pretenses; whether actionable or not, we do not know, but it certainly should be.

Merry-Go-Round—Drew Pearson

Senator Morse Introduced A Bill Requiring Registration Of Gifts

WASHINGTON. — In 1946 when this columnist exposed the stock market manipulations of Senator Elmer Thomas, Democrat of Oklahoma, I suggested to Senator Wayne Morse, Republican of Oregon, that he introduce legislation requiring every member of Congress to file with the Securities and Exchange Commission a statement of his gifts, stocks, bonds, commodities and the clients of his law firm.

He's point of view to have the financial background of all four candidates scrutinized by either a Senate committee or an impartial, non-partisan group. Senator Nixon in his telecast report to the nation suggested that Stevenson and Sparkman should subject themselves to financial examination, which is a good idea. But he omitted Eisenhower.

The bill, I regret to say, did not pass. Had it passed the "Affair Nixon" would not have happened, since his gifts and any operations by his law partners would have been a matter of public record.

For instance, Nixon's law partner, Thomas Bewley, happens to be secretary of an interesting \$12,000,000 company which plans to build seamless pipe in California, the Western Tube Corp. The man really behind this corporation is a Roumanian, Nicola Malaxa, regarding whom there has been considerable controversy as to whether he is pro-Communist.

"And Now For A Change In Tempo—"

Business Mirror—Sam Dawson

Retail Trade Runs Ahead; Business Seen Brighter In Immediate Future

NEW YORK, Sept. 29. — Fresh signs appear today that the fall pickup in business is getting into its stride. They help to sweeten an overall situation that makes many observers uneasy: a production slow-down in some other parts of the world; a falling off in world trade; a splinter of dividend rate cutting by some U. S. firms; a trickle of earnings reports that show profits still sliding from their year-go level.

But the immediate future near at home looks a little brighter. Retail trade is running slightly ahead of a year ago. The Federal Reserve Bank reports department store sales edging up by one per cent over last September.

import trade is bright. Main hope, as he sees it, is the steady growth of population in the U. S. Another industry that has seen dim days since the war—the bus and street car companies—is feeling better. Harley L. Swift, president of the American Transit Assn., says there's been a turn in the tide that carried passenger traffic down 35 per cent since World War II ended. More people are crowding into them now than last year.

This Day In Texas

General Earl Van Dorn received welcome news from his spies on this day in 1858, news which sent his forces into instant action. Four companies of cavalry and one of infantry accompanied by 125 friendly Indians had set out from Fort Belknap two weeks before in search of marauding Comanche Indians. After days of scouring the country between Red River and the north fork of the Canadian, scouts finally brought word that they had located an Indian village ninety miles to the east. After a 37-hour forced march Van Dorn's troops charged the Indian camp of 120 lodgers, housing over five hundred Indians.

Broadway—Mark Barron

Upturned Nose Won A Part In Play For Sheila Bond

NEW YORK — Because she had an upturned nose, Sheila Bond won a serious dramatic part in a Pulitzer Prize-winning play. "My mother remembers me as a roly-poly tot," the pretty girl who has become a star both on Broadway and in Hollywood said the other day while a pouring rain outside was making a futile effort to erase the heat wave that was smouldering Manhattan.

Scene and one of the chorus girls in a nightclub show in which I was playing pushed me on stage. Otherwise I would never have gone on. "Before I could say a word or sing a note—and I couldn't because I was scared to death—one of the directors yelled 'Look at that upturned nose!' She says two words and it's a Brooklyn accent. Kid, the part's yours."

THE TIMID SOUL

Good Hunter Is A Live Hunter; Gun Company Offers Suggestions

The opinions contained in this and other articles in this column are solely those of the writers who sign them. They are not to be interpreted as necessarily reflecting the opinions of The Herald—Editor's Note.

- One of the leading gun manufacturing concerns, Remington Arms, sells tools designed to kill. At the same time, the concern—wanting to protect its investment and the lives of the people who use its weapons—has drawn up some simple suggestions for safer hunting trips. In view of the fact that the hunting season is upon us, it seems appropriate to repeat them, even though most of them might have a familiar ring. The fact that you respected all or part of them on your last trip into the great-outdoors perhaps is the reason you're alive today. Obeying hunting rules is like obeying traffic rules. You can't respect them only 90 per cent of the time and expect a 100 per cent dividend. At any rate, here are the suggestions the Remington people pass on: 1. Whenever you pick up a gun, whether you are indoors or outdoors, always first point the muzzle of the gun in a safe direction and examine the piece carefully to make sure whether or not it is loaded. 2. Pointing a loaded or unloaded gun toward a companion is a violation of every principle of good sportsmanship. Do it just once and you have lost the respect of your partner. Never indulge in 'horseplay' with firearms. 3. Never leave loaded guns unattended. 4. When you are resting, always lay

- your gun down flat, preferably unloading it first and with the muzzle pointing away from everyone. No one can enjoy a lunch looking down a muzzle of a gun, loaded or unloaded. 5. In climbing over fences or obstructions, always first pass your gun over to your companion or pass it through the fence and lay it on the ground. A stumble or a fall might prove disastrous. 6. Before loading your gun, always make sure that the barrel and action are free from obstructions. Foreign matter in guns causes more 'blown up' guns than any other factor. Should you stumble badly or fall and your gun muzzle touch the ground, always unload and look through the bore to be sure that it is not clogged with mud or dirt. 7. Never pull a gun, loaded or unloaded, toward you from a boat, car or through a fence. 8. Always see that your safety is on until you are ready to shoot. 9. Always make sure of your target before pulling the trigger. Take a good look... then look again. Never fire in the direction of a sudden sound. 10. Don't be afraid of being accused of having 'old maid' ideas in the practice of these simple rules. To paraphrase an old saying, a good hunter is a live hunter. — TOMMY HART

Gallup Poll

Republicans Hold A Wide Margin In California Sentiment Today

By GEORGE GALLUP, Director, American Institute of Public Opinion. PRINCETON, N. J., Sept. 29.—Despite Gov. Earl Warren's fears that California is a "doubtful" state for the G.O.P., the latest Institute test of voter sentiment finds the Republican party today running well in the lead in California's presidential race. Whether Gov. Adlai Stevenson's recent barnstorming tour of the state has changed sentiment remains to be seen. The bulk of today's survey was completed before his tour had ended. The poll also does not reflect popular reaction in California to the revelations concerning Sen. Richard M. Nixon's \$18,000 fund. Institute interviewers put two questions to each California voter in today's survey. One dealt with the choice of party in the presidential race. The other asked each voter his preference as between Stevenson and Eisenhower. The vote on this latter question shows Eisenhower running from 4 to 3 points ahead of his party in California today. Here are the results in California on the two survey questions:

standings. It can be seen that the Republican party is from 8 to 9 points stronger today in California than the Dewey ticket was at the same time four years ago. In the 1948 election, Dewey received 47.4 per cent of the total vote cast in California.

Democratic Vote Drops. Although the governor and both U.S. senators from California are Republicans, in presidential races the G.O.P. has not carried the state since the Hoover-Smith election of 1928. Republicans can take comfort from the fact, however, that the Democratic percentage in presidential elections in California has declined steadily since the Roosevelt landslide of 1936. Truman barely nosed out Dewey in 1948 partly because Henry A. Wallace's candidacy split the Democratic vote. Still the combined percentage for Truman and Wallace—52.6 per cent—was far below what Franklin D. Roosevelt customarily polled in California. In California, the declining trend of the Democratic vote in presidential elections can be seen from the following table:

HOW CALIFORNIA HAS VOTED

Year	Democratic	Republican
1948	52.6%	47.4%
1944	56.8	43.2
1940	58.1	41.9
1936	67.9	32.1
1932	61.0	39.0

CALIFORNIA (32 Electoral Votes)

Party	Percentage
Republican	54 1/2%
Democratic	40 1/2%
Still undecided	5

Comparison with 1948

Party	Percentage
Eisenhower	59%
Stevenson	37
Still undecided	4

Uncle Ray's Corner

Flying Fish Can Land On Ships

Early one evening, while I was crossing the Bay of Bengal aboard an ocean liner, I saw scores of flying fish flitting above the waves. The flights seemed to be hardly 100 feet in length, and the fish kept within a yard or two of the surface. There was a time when most persons found it hard to believe that fish could fly, or make any motion in the nature of flight. Now there are thousands of persons (including tourists on their way to, or from, Bermuda) who have seen such fish with their own eyes. Sailors of long ago returned to port with stories about fish which had flown up above the deck and dropped there. Other persons probably told the sailors that they were spinning yarns. Now we have clear records of flying fish landing on the decks of vessels. Bermuda fishermen sometimes go out at night with lights on their boats, and return with fish which have "flown aboard." Perhaps these strange fish should be called "gliding fish." Their so-called wings move back and forth at times, but the motion seems to be only a trembling set up by the wind. After careful study, scientists decided that a flying fish gets out of the water by swimming quickly and

by giving a strong push with the tail as it starts to rise above the surface. To some extent, at least, these fish are kept in the air by the action of wind currents. It seems to be correct to say that they go through the air by gliding, rather than by flying in the manner of birds or bats. In the same places as birds have wings, flying fish have long, broad fins. Sometimes the fins are a bit longer than the body, but there are several kinds of flying fish and the fins differ in size and shape. Flying fish are small. Their average length, when full grown, seems to be only about 12 inches. Among the many members of this family is the California flying fish. This kind is seen off the coast of southern California and is larger than average. The adults have a length of about 18 inches. For NATURE section of your scrap-book. Tomorrow: More About Flying Fish. Science pupils and their teachers may obtain a free copy of a new Uncle Ray leaflet entitled FASCINATING FACTS ABOUT THE PLANETS. Simply send a self-addressed, stamped envelope with your request to Uncle Ray in care of this newspaper.

MR. AND MRS. A. D. KIKER

Kikers Observe 50th Wedding Anniversary

COLORADO CITY — The golden wedding anniversary of Mr. and Mrs. A. D. Kiker of Colorado City was celebrated Sunday afternoon, with family and friends from over West Texas attending.

The Kikers were married September 28, 1902 in Green's Creek community in Erath County. Both were from farm families and Mrs. Kiker was a native of Alabama.

In 1906, the Kikers moved to nearby Dublin, and Kiker began work as a dispatcher in the Dublin postoffice. He still remembers the flu epidemic of 1918, when, with postoffice crews cut by death and illness, he would complete his dispatch of outgoing mails at Dublin and hurry to Stephenville, where he did a like chore. For three weeks, Kiker ran the Dublin office almost alone and kept mail going from both offices.

After leaving Dublin in 1919, the Kikers moved to Hamlin, Rotan and to Colorado City in 1924, where Kiker began work for a furniture company as salesman and undertaker. He had become a licensed undertaker in 1924.

In 1931, he opened the Kiker Funeral Home, following in the footsteps of his brothers, M. P. Kiker of Breckenridge and George D. Kiker of Abilene, who had opened funeral homes in the early '20s. He is now virtually retired, but still ready to help if needed, he says. The funeral home is now operated by Doyle Kiker, a son; Mrs. N. H. White, a daughter; and a son-in-law, Ivan Barber.

In addition to those named, and Mrs. Barber, another son, George Kiker, lives in Amarillo and a daughter, Mrs. LeRoy Brown Jr., in Dallas. Grandchildren are Bob

and David Kiker, Creighton White, Ivan Barber Jr., and Davis and Susan Brown.

All of the Kiker children were able to be present for the anniversary celebration and assisted in preparations for the event. Other members of the houseparty were Mrs. Brady Warren, Mrs. Willis Jones, Mrs. R. E. Post, Mrs. Joe Gunning, Mrs. Ell May, Miss Neida Garrett, Mrs. Jess Craddock, Mrs. Oscar Price and Mrs. Irene Robertson.

The golden theme was used in the decorations and floral arrangements. The mantel was decorated with yellow glads and pompon mums, flanked by yellow candles and forming a background for golden wedding rings. The golden rings framed pictures of the bride and groom in 1902 and today.

The buffet carried a long arrangement of large yellow China mums, with golden leaves, centered with golden hearts and completed with candelabra holding yellow candles at the ends.

The serving table was centered with yellow roses — fifty for fifty years of married life — in a yellow bowl, and a figurine group of cupids on gold leaf plaques.

About 175 friends and relatives called, including the following out-of-town guests: Mr. and Mrs. Parnell Hearin, Midland; Mr. and Mrs. William Apple, San Antonio; Mr. and Mrs. George Kiker, and Mr. and Mrs. D. M. Strong of Abilene; Mr. and Mrs. M. P. Kiker of Breckenridge; Mr. and Mrs. S. A. Kiker, Mrs. Carroll Robbins and Mrs. W. S. Phillips, all of Bronte; Mrs. O. S. Kiker of Rotan, and from Big Spring, C. N. Morton, the Rev. and Mrs. Orval Strong, and Mrs. Bernice Cochran.

Some Cooks Literally Murder The Groceries

By DOROTHY ROE
Associated Press Women's Editor

Turn down the fire, girls—you're murdering the groceries.

You're cooking on all four burners, and things are much too hot.

So says Florence Carhart, head dietitian at the New York Institute of Dietetics, where they turn out hundreds of expert chefs and dietitians every term.

The amount of good, expensive food burned up in America every day would feed a large-sized army.

says Miss Carhart, who allows as how the greatest and most common mistake of the U. S. housewife is overcooking the family meals. Says she:

"You can lose as much as four pounds on a 12-pound roast, if you cook it at high temperature. At the present price of meat, that's like burning up \$4."

Miss Carhart's opinion is upheld by eminent authorities in the nutrition field, such as Dr. Stefan Ansbacher, medical director of the Corporation of America. In a recent study on the loss of vitamins in meat during home preparation and storage, he concluded:

"Losses in nutritive value can be and are serious under some conditions. Thiamine and pantothenic acid are both soluble in water and destroyed by heat. These losses are greater at higher temperatures and increase with the length of time of heating or storage."

Thus the housewife who cooks her vegetables a long time in a jug of water, and shrivels her roast in a blast-furnace oven not only is burning up the grocery budget but also may be starving her family.

Both Dr. Ansbacher and Miss Carhart recommend cooking vegetables in as little water as possible for a short time, and saving the cooking liquid for soups, gravies and sauces. Meats, they agree, should be cooked at low temperatures—in an oven of not more than 350 degrees—to avoid loss of nutritive value, weight and flavor.

Chile Con Queso

4 medium tomatoes
3 chili peppers (small hot peppers)
1/2 pound grated cheese
Toast, toasted tortillas, or crackers.

Peel tomatoes. Chop very fine and boil with pepper. Add to melted cheese and cook 20 minutes in double boiler.

Serve on toast, crackers, or tortillas that have been toasted in oven or fried in hot fat.

Condensed tomato soup makes an excellent sauce for meat loaf. Heat the soup just as it comes from the can, stirring as you do so.

Girl Scouts Plan Course For Leaders

Jean Oats and Margaret McAdams, area Girl Scout director, and Rex Browning, field director, will teach a basic leadership course Tuesday at the Little House beginning at 9:30 a. m.

The sessions will continue until 3 p. m. and leaders are asked to bring a sack lunch. A baby sitter will be provided for mothers of young children.

The course is for leaders of Brownie, Intermediate and Senior troops. Mrs. Arch Carson, training chairman, announced that those who feel they cannot attend for the duration of the course will be free to leave when they must.

Eager Beavers Plan Reunion Next Year On 7th Birthday

Members of the Eager Beaver Sewing Club voted to have a reunion next September when the group met in the home of Mrs. Dick Hooper, 1703 Nolan, recently.

The reunion will be held on Sept. 8, the date the club was organized in 1946.

Mrs. R. I. Findley presided over the business session and Mrs. Neal Bryant read the treasurer's report. Each member presented the hostess with a wash cloth.

Refreshments were served to six members and a visitor, Shirley Burnett, Mrs. J. D. Kendrick, 1408 Nolan, will be the hostess next Friday.

MENU FOR TOMORROW

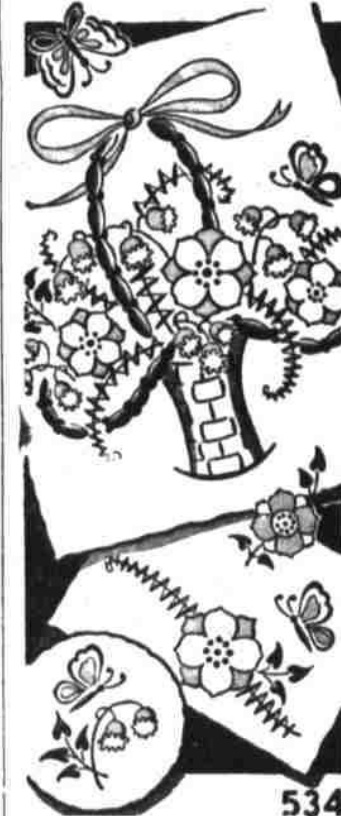

WEEKDAY LUNCH
Tomato Noodles*
Shredded Lettuce Salad
Pear and Grape Cup
Crisp Bacon
Bread and Butter
Beverage

(Recipe for ...arranged Dish Follows)

TOMATO NOODLES

Ingredients: 1 tablespoon salt, 3 quarts boiling water, 8 ounces egg noodles, 2 tablespoons butter or margarine, 1 cup diced celery, 1/2 cup thin strips onion, one 8-ounce can tomato sauce.

Method: Add 1 tablespoon salt to the rapidly boiling water. Gradually add noodles so water continues to boil. Cook uncovered, stirring occasionally, until tender. Drain in colander. Melt butter in a skillet over low heat. Add celery and onion; cook slowly, stirring often, until as tender as desired. Mix with cooked noodles and tomato sauce. Heat, stirring a few times, and serve at once. Makes 4 to 6 servings.

Cotton Is New Trend In Home Wear

Comfy but very chic lounging styles in warm winter cottons are a new fashion trend.

You'll find your favorite type whether you're sophisticated or casual—and whether you spend the long winter evenings studying in a college dorm or entertaining at home in a city apartment, reports the National Cotton Council.

For smart separates that are completely reversible, warm cotton corduroy is printed on the reverse side in an unusual block print. Tapered pants and wrap-around vest for the urban mood match a peasant skirt and laced bodice, each designed to be worn with full-length cotton blouses.

Very much "at-home" on campus and in the dorm are the tweedy denims, combined in mix-match combinations with plaids and stripes. Eisenhower jackets and slacks, coolie coats and slim pants, middy pullovers and full skirts are outstanding styles.

Pajama sets for lounging or sleeping are combined with versatile dusters that are fashionable enough for real entertaining and practical enough for outdoors wear on early fall days. Smart dark-toned cotton knits, bright tattersall flannelettes, quilted cottons and corduroys are high-fashion choices. One such ensemble tops navy cotton knit balbriggans with a water-repellent corduroy duster.

Here's how you tell when a pan of gingerbread has baked enough: The top should have a light springy feeling when gently tapped with the fingers, the sides of the cake should have shrunk slightly from the sides of the pan, and there should be no sticky particles left on a clean toothpick or wire cake tester inserted in the center.

OPEN LETTER

Bud Irvine

To Whom It May Concern:

WE DON'T ASK that you accept it because our preacher is a great and good man. If it doesn't read in your Bible the same way he preaches it, we insist that you reject the message; then come and show us, so we can reject it too.

Our preacher will give the Bible references as he preaches. Bring your pad and pencil; take down the references and study the scriptures when you get home. Along with Paul, we invite you to "prove all things" (1st Thessalonians 5:21). Accept what is taught only after you have seen for yourself that it is so.

We cordially invite you to hear Brother "Bud" Irvine of Baytown, Texas, October 1 to 12, at 7:30 each night. This is our regular fall meeting.

Who knows? you too, may come to say, "This is what I've been looking for."

Come and See!

Earnestly yours,
T. H. Tarbet, Minister
Church of Christ
East 4th at Benton

B&PW Club Entertains At Breakfast Sunday

H. W. Whitney, city manager, was guest speaker at a breakfast given at the B&PW Club Sunday morning at the Settles Hotel.

The breakfast was one of a number of observances planned by the group for National Business Women's Week, Sept. 28-Oct. 4.

Mr. Whitney's topic was "How The Club As A Service Organization Can Improve The Community." He cited four general needs of the community: additional parks and playgrounds, a recreation center for teenagers to combat juvenile delinquency, beautification of highways and an increase in educational facilities.

Cautioning the group to select as their project one of real interest to a majority of the members, he said they should be prepared as individuals and as a group to give work and time to the project.

Mrs. Nell Frazier accompanied the group singing of "America" and a hymn, and Dr. Ora Johnson gave the invocation. Mr. Whitney was introduced by Mary Cantrell, who was in charge of arrangements for the breakfast.

Roast lamb on the menu for Sunday dinner? Then make an easy mint sauce by mixing together a quarter cup of granulated sugar, a third cup of finely chopped fresh mint, and a half cup of cider vinegar. Let the sauce stand for an hour or so before serving.

Adele Cole, club president, introduced the three guests, Mrs. Ruby Taylor, Imogene Wade of Paint Rock and Mrs. Frank Donovan of Eden.

Members were reminded of the packing party and covered dish supper Friday night in the home of Mrs. Frazier. Boxes of clothing will be packed for shipment to Europe to Germans who have escaped from behind the Iron Curtain. Mrs. Thelma Roe is in charge of arrangements.

Council To Meet

The City Council of P-TA will have its first meeting of the year Wednesday at 3 p. m. in Room 102 at the High School. Mrs. W. N. Norred, president, urged all unit presidents and Council chairmen to attend.

Forum To Meet Friday

The Modern Woman's Forum will meet Friday at 3 p. m. in the home of Mrs. A. B. Wade, 1405 Hunnels, it was announced today.

Dairy Foods Rank Top In Nutrition

Your physician will tell you there is no finer food in the world than dairy products, and your taste and general good feeling will tell you there are no finer dairy

products in the world than those bearing the label of Banner.

Hot Bread Easy With New Loaf

Remember that tantalizing fragrance which wafted from Mama's oven when she baked hot bread? And how delicious hot bread can be when properly anointed with a bit of butter?

Mead's Fine Bread can't bring back Mama's oven, but it has brought piping hot bread within easy reach of every one.

To add to the high quality and flavor, Mead's is now marketing at your favorite grocery store a new product that is destined to prove popular — Mead's Fine HOT Bread.

The product is compounded of top quality ingredients, as are all Mead's breads, but it also has in it pure butter to give that extra something.

The loaf comes in a clear cellophane wrapping with lettering in red and yellow. It is easily distinguished by emphasis on the word HOT, and by the red sticker on the end which specifies that it's Mead's HOT bread.

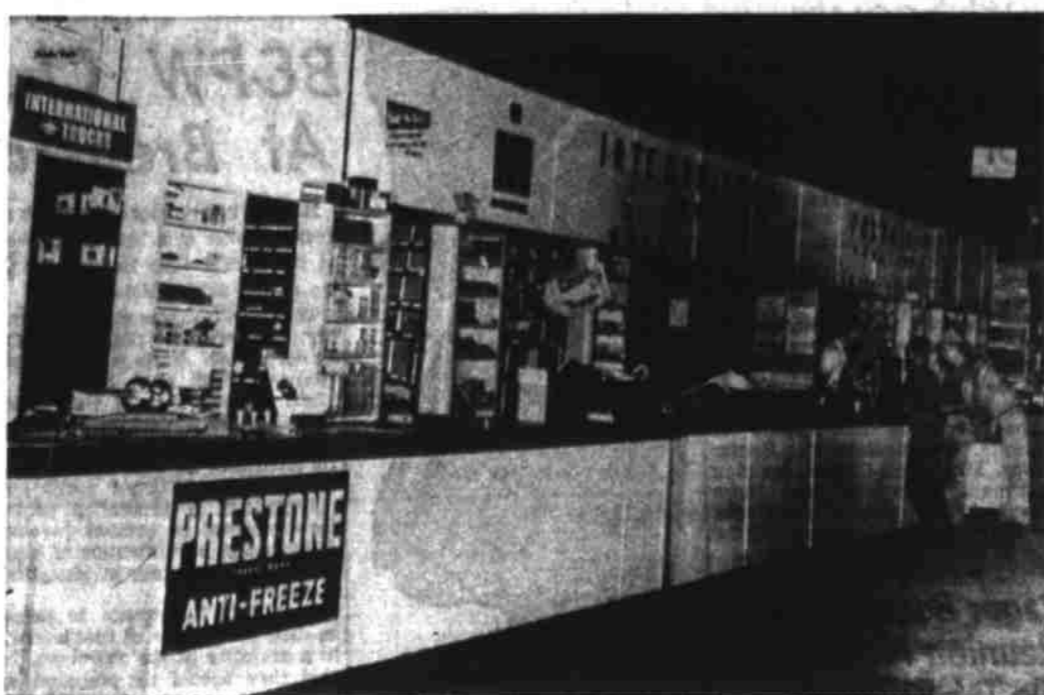

Here's the way it works, according to Bob Mead, manager.

Set your oven at 200 to 250 degrees — no more. Just place the loaf in the oven as is — wrapper and all. When it has had time to become hot, open at one end and remove the bread as wanted. If any remains, twist the wrapper and save it back for the next day, or the second day for that matter. It will be still fresh and ready to put back in the oven for pre-heating before serving. Moreover, all the freshness and stimulating aroma of hot bread will be right there to please you.

The name "Banner" on a bottle or carton is an assurance that the contents are pure, wholesome, and safe for even the youngest baby or most elderly invalid. All plants of this organization meet the highest sanitary specifications set up by both state and federal food and health laws and regulations and are regularly inspected not only by government representatives but by the organization's own staff. Banner management insists on having nothing less than the greatest possible cleanliness.

Banner milk is sold either Pasteurized or homogenized, as the customer may prefer, and in either state it has been processed through equipment so clean and sterile that all possibility of the presence of bacteria has been completely eliminated. To the wholesomeness of milk Banner has added absolute safety.

Banner Dairies also handles ice at the plant at 709 East Third Street.

Complete Parts Supply

Besides offering a long line of famous names in motors and implements, Driver Implement Company also maintains one of the best stores of parts in this part of West Texas. Parts are stocked for International trucks, Farmall tractors and for McCormick-Deering implements. If any part should be temporarily out of stock, Curtis Driver has rapid order service to meet emergencies.

Keep Equipment In Shape To Take Advantage Of Fall Rain

While there hasn't been a whole lot of work for farm tractors to do this summer in Howard County and much of the surrounding area, there is still farm equipment that needs to be placed in good running order with expert mechanical service and new parts for the better days that are coming, and there is no better place to have this work done than at the Driver Truck and Implement Co., Inc., 909 Lamesa Highway.

This company holds the agency for International Trucks, Farmall Tractors, the famous IHC freezers and refrigerators, the McCormick-Deering line of equipment, and has a complete parts and service department, being prepared to do any job that needs to be done on all types of light and heavy motorized equipment. The company also handles a complete line of tires and is prepared to furnish these in all types and sizes.

Now is a good time to get that equipment ready for the planting of fall cover crops and this is not too early to get the farm and ranch trucks ready for the hauling jobs that will be necessary this winter.

The Driver Truck and Implement Co., 909 Lamesa Highway, is well prepared with the necessary parts and with skilled and trained workmen to do these jobs in tip top shape, and this well and favorably known Big Spring business firm stands behind their merchandise and their work.

The Driver Truck and Implement Company especially invites farmers to come in and talk with them about their probable farm equipment needs for next year and to re-investigate the latest types of equipment and attachments available from the lines handled by this company.

They are especially anxious to have farmers and their wives call and look at their line of freezers and refrigerators with all the improvements that have been developed by International Harvester. Now is a mighty good time to have those repairs made on that farm equipment with the replacement of worn parts and the adjustments that can be made by trained and skilled men such as those employed by the Driver Truck and Implement Co., Inc., 909 Lamesa Highway.

Don't Let Winter Catch You With Your Pipes Down

It's nearly that time of year again, and Runyan Plumbing Company has the equipment, materials and know-how to completely prepare your home or business for the cold winter months ahead.

Floor furnace or other central heating equipment installed by Runyan's will provide the answer to perennial heating problems. Runyan Plumbing Company, Big Spring's oldest establishment of its kind, can furnish the equipment as well as make necessary installation.

Raymond Runyan, field manager for the concern, will make free estimate of the cost of any job and will calculate the size and type of unit needed in any building, residential or commercial.

The plumbing firm also can provide information on the procedure for getting lost-cost home-improvement loans for financing a new plumbing or remodeling old systems.

Every phase of plumbing work is performed by Runyan's and satisfaction is guaranteed for every job, whether it be repair, installation, or a simple service call.

Years of satisfactory service in the Big Spring area are what have made the firm the oldest plumbing concern in the city.

Runyan personnel like to consider their plumbing projects from the building or homeowner's standpoint. Mrs. Edith Trappnell, office manager for the firm, points out that adequate plumbing is one of the most important factors to be considered in planning a new home or other building.

Good plumbing is essential to health, comfort and safety, she emphasizes. With this in mind, Mrs. Trappnell points to a number of items to be taken into consideration — convenient arrangement of fixtures, provision of sufficient storage space, use of quality fixtures and materials, and general attractiveness of the installation.

Runyan Plumbing Company stocks American Standard fixtures, among the most flexible (from the arrangement standpoint) and attractive on the market. The firm also maintains adequate stocks of pipes, fittings and other supplies for completing installations. Water heaters in several popular and time-proven lines are offered.

Runyan Plumbing Company is located at 505 E. 6th Street. Telephone number is 535.

Control Roaches, Pests Easiest Way With New Product

No use messing up the place with powders and other outmoded means of combatting those roaches and other pests.

Science has come up with a new liquid that may be painted over surfaces frequented by these insects. Marketed as Johnston's No-Roach, the liquid leaves an invisible but lethal film.

These pests are paralyzed and die after walking across the surface. Applications last for weeks and sometimes for months. No-Roach is economical and easy to apply.

It is on sale in Big Spring at Furr Food, Collins Bros., Cunningham & Phillips, Big Spring Hardware, Piggly Wiggly and Big Spring Drug.

UMW Group Slated To Ratify Contract

WASHINGTON (AP)—A fat new contract with Northern soft coal operators was due to be ratified today by the United Mine Workers' Policy Committee.

Final details of the agreement were worked out over the week end between Union President John L. Lewis and Harry Moses, representing the Northern owners.

The agreement calls for a \$1.90 a day increase boosting the basic daily wage to \$18.25, plus a 10-cent-a-ton hike in the 30-cent royalty paid by owners into the union's welfare fund.

Spraberry Flows in New Area Of N-Central Dawson County

Oil flowed in substantial volume from the Spraberry in a new area in north central Dawson County during the week end.

Cities Service No. 1-B Leverett, 10 miles north and slightly west of Lamesa flowed 24 barrels of oil in two hours on a drillstem test and another 11 barrels unloaded as the drillpipe was pulled.

A northeast offset to a recently completed small Spraberry producer has been staked two miles northeast of Stanton.

Another drillstem test was in prospect for Sinclair No. 1 G. T. Hall, northern Glasscock County exploration which recovered some sulphur water in an initial test in the Ellenburger.

Borden

Superior No. 14-598 Jordan, C SE SW 39-97, H&TC, which last week had shows in the Strawn, drilled to 8,025 in shale and lime in search of the Mississippian pay found in the Fluvanna pool in northeast Borden.

Superior No. 2-517 Lemons, C NW NW 517-97, H&TC, drilled to 2,368 in lime.

Stephens No. 1 Bacon, C SE SE 46-25, H&TC, a mile northwest of Hobbs, produced in southeast Borden, was pulling packer to try to ascertain the point at which the casing was leaking.

Dawson

Cities Service No. 1-B Leverett, 1,980 from the south and west lines of section 3-4, D. L. Cunningham Lamesa, was a 7,950 in shale and sand. It took a drillstem test from 7,690-7,726 with the top open four hours. Gas surfaced in seven minutes, oil in two hours. In two hours the test flowed 24 barrels of oil, cut 2 of a per cent with mud. The oil was 38-gravity. While pulling the drillpipe, 11.8 barrels of oil unloaded. Top of the Spraberry was 7,430, a datum minus of 4,363. This venting is 10 1/2 miles north of the Manning No. 1 Huddle, a lone Spraberry producer just west of Lamesa. It is nine miles west and four south of the Smith Spraberry production in northern Dawson. In other producing area, it is three miles southeast of the Welch (San Andres) and eight northeast

IKE

"full disclosure" of his personal income.

Sparkman made the statement yesterday when interviewed in Washington on the NBC television program, "Youth Wants to Know."

The nominee disclosed his assets and told what his earnings, outside of his congressional salary, were.

Sparkman, referring to Stevenson's statement that the two Democratic candidates would give out their income tax figures for the past 10 years, said he would do that "as soon as I can get to it."

Democrats thought the promised Sparkman "full disclosure" might be considerably more explicit than the heralded full disclosure of financial operations made by Nixon in a spectacular radio-television broadcast last week. These Democrats said Nixon failed to make any real accounting of his income as Sparkman plans to do.

The contrast between the Stevenson-Sparkman incomes and expenditures and the Eisenhower-Nixon incomes and outgo may be emphasized by the Democrats in the next few weeks of campaigning.

Eisenhower files out of here tomorrow to Columbia, S.C., in a third invasion of Dixie territory where he hopes to harvest some electoral votes in the November election.

TRUMAN

everything required for the presidency, "great ability, experience in civil government, humility and people."

As for his own administration, Truman declared "the record is good."

"We've crushed the Communist conspiracy in this country," he said. And we've stopped the advance of communism all over the globe."

He said the Communists have been stopped cold in Korea and that they haven't crossed another frontier since, anywhere in the world."

He said the special groups "pulling the strings behind Eisenhower include:

1. The "power lobby" which "wants to do away with lost cost public power."
2. The "grain speculation lobby" that doesn't want the farmer to get the price of the crops he raises."
3. The railroad "lobby" that's been "jacking up your freight rates in North Dakota—and fighting tooth and nail against the St. Lawrence Seaway so you can't get freight rates down."
4. The real estate lobby "that wants to gouge everyone who needs a home to live in."
5. The "rich man's lobby" that's always trying "to open tax loopholes for the wealthy."
6. The tariff lobby which wants rates so high they can pick up extra profits while the country loses the world market for grains.

"In short," he said, "it's all the special privilege groups from the oil lobby to the China lobby, and they've all joined together behind the Republican party."

of the Mungerville (Pennsylvanian) fields.

Texas Crude No. 2-85 Classen, C NW SE 95-M, EL&RR, drilled to 8,059 in lime and shale.

Glasscock

Phillips No. 1-C McDowell, C SW NE 31-33-2a, T&P, was at 1,990 feet after setting the 7-in. string at 1,983.

Sinclair Oil and Gas No. 1 G. T. Hall, C SW NW 6-34-2a, T&P, northern Glasscock exploration, was at 10,965, preparing to drillstem test. It took a drillstem test in the Ellenburger from 10,900-948 with the top open three hours. Recovery was 100 feet of drilling mud with 100 feet of muddy sulphur water.

Howard

Cosden No. 1-B Chester L. Jones, C NE SE NE 5-25, H&TC, seeking the Coronet-2900 pay in northeast Howard, celled to 377 where it set 7-in. string.

Pan-American Production Co. No. 1 Pauline Hamlin, C NE SE 43-32-3b, T&P, two miles south of the Westmoor pool, drilled ahead to 4,330 in lime and shale.

Martin

Phillips No. 1-C Schar, section 324 LaSalle, drilled on bridging plug at 4,664.

Gulf No. 1-P Glass, C SE NW 12-39-1n, T&P, was below 11,572 in lime.

Plymouth No. 1 J. E. Millhollon will be a northeast offset to the Phillips No. 1-C Schar, W. R. Morris (in the Spraberry for 37.76 barrels per day). Exact location is to be 1,980 from the north and west lines of section 7-35-1n, T&P, two miles northeast of Stanton. Contract depth is 8,000.

Stanolind No. 1 Marion Flynt, C SW SW 12-24b, Hartle: CSL, drilled to 12,817, and was running casing.

Rycade Oil Corp. and Zephyr No. 1 Stinson and Burley, 1,920 from south and 860 from west lines section 26-36-1n, T&P, 11 miles west-northwest of Stanton and 2

Receiver Is Named For Automobiles

As a result of a suit brought by Commercial Credit Corporation against James W. Davis for foreclosure of a chattel mortgage, Judge Charlie Sullivan has appointed Johnnie Griffin receiver for two automobiles.

Judge Sullivan ordered Griffin to obtain the two automobiles and hold until further notification from court. Commercial Credit held a lien on the cars because of two loans made to Davis.

Davis is behind in his payments and now owes \$1,447.97 plus \$250 attorneys fees. It is claimed that the cars are worth only \$1,200 now—not enough to pay the debt.

Man Faces Charges Following Accident

A Big Spring man is in jail and facing a charge of driving while intoxicated as a result of a traffic accident north of Big Spring Sunday.

The man is accused of driving the car which sideswiped an automobile operated by Leroy Johnson of San Angelo about 4 p.m. Sunday on the Lamar Highway. Johnson's car was knocked off the road by the impact.

The San Angelo motorist secured license number of the other machine and notified police who arrested the other driver.

MARKETS

COTTON
NEW YORK, Sept. 29 (AP)—Cotton prices were unchanged to 70 cents a bale in 48 hours. Oct. 24-26, Dec. 28-30 and Mar. 28-31.

LIVESTOCK

seeking Grayburg production, was preparing to plug and abandon at 4,355 in Grayburg.

Mitchell

Cosden No. 1 Pearl Kincaid, C SW NW 60-20, LaVaca, drilled to 3,800.

Sterling

Pan-American No. 1 Foster, C SE SW 17-13, SPRR, six miles west of the Marvin Wichita-Albany field, drilled to 1,750 in shale and sand.

STEVENSON

(Continued From Page 1)

takes on his returns. Last year's, for example, showed a loss on farming operations of \$1,521.64 in the separate forms used for farmers. But he left of \$1,000 and took a deduction of only \$321.66.

Back in 1942 and 1943, Stevenson's contributions included \$10 each year to the Institute of Pacific Relations. The Senate Internal Security Subcommittee headed by Sen. McCarran (D-NeV) said in a report July 2 that Communists and pro-Communists took control of the IPR. The report also said there was no evidence the majority of its members supported it for any reason except to advance the professed research and scholarly purposes of the organization.

Stevenson announced Saturday night that he would make public his tax returns for 10 years and so would his vice presidential running mate, Sen. John J. Sparkman of Alabama.

I have often thought that every candidate for high public office should, as a matter of public disclosure, make a full disclosure of his personal financial condition over a period of years.

Gen. Eisenberger showed no immediate inclination to go along with that idea. In New York for a campaign interlude, the GOP nominee was silent on the question of tax returns.

Final Rites Held For Infant Tyler Daughter

Graveside rites were held at 10 a.m. Monday in Trinity Memorial cemetery for Alice Dance Tyler, infant daughter stillborn to Col. and Mrs. Henry S. Tyler Jr., 1416 Wood, on Sept. 26. Brief services were conducted by Chaplain (Lt.) Edward R. Lawler of Webb Air Force Base, where Col. Tyler is executive officer, and the remains were placed to rest in the babyland section.

Enters VA Hospital

Moses Soracho of Big Spring was admitted to the local VA Hospital Saturday night with a head injury.

Police said he was hit on the head with a broken bottle. Report on seriousness of his injury was not available at the hospital.

Chamber Employee

Mrs. Katie Massey started work today as receptionist at the Big Spring Chamber of Commerce.

She replaces Mrs. Connie Reque, who resigned. Mrs. Massey is a former employee of the Chamber, having served as receptionist in 1951.

Jury Panel Excused

A petit jury panel which reported for duty in 118th District Court this morning was excused for the week.

Judge Charlie Sullivan announced that all jury cases originally set for this week had been postponed.

Judge Sullivan planned to hear some non-jury cases this afternoon.

County Farm Bureau Ready For Convention

All plans are complete for the annual convention of the Howard County Farm Bureau at the new Fair Association buildings, Tuesday evening at 6:30 according to County Agent Durward Lewter.

Congressman George Mahon and Loya D. Barbour of Iowa Park, a district director of the Texas Farm Bureau Federation, will be the guest speakers. C. H. DeVaney of Coahoma, vice president of the state organization will be master of ceremonies.

Musical entertainment will be supplied by the Sand Tone Quartet composed of Gilbert Cook, Lt. Bob Baker, Dr. Dwight Jones and Tolford Durham.

Bureau members and their guests are being asked to assemble at 6:30 p.m. Supper will be served at 7 and plans call for the meeting to open promptly at 8 p.m. The principal business matters to be presented to the convention are resolutions to be forwarded to the state convention; the election of delegates to the state convention; and the election of eight directors for the county organization.

The state convention will be held in the Plaza Hotel, San Antonio, Nov. 10-12.

Plans will also be made at tomorrow night's meeting for the annual membership drive in October. Howard County had a membership of 747 in 1950; 715 in 1951 and has a goal of 850 members for 1952.

Suit Is Dismissed With Prejudice In Case For Damages

Otto L. Cooley's suit for damages against K. M. King was dismissed with prejudice by County Judge Walter Grice this morning.

The two parties had made a settlement out of court.

Cooley brought suit after an accident on Oct. 6, 1951. He was going north on Birdwell Lane, and Mrs. King was making a left turn going south. Cooley claimed \$158.77 damages claiming that Mrs. King was negligent in not making hand signals and not yielding right-of-way.

Midland Firm Named In Suit Filed Here

Ted O. Groebel of the Westex Oil Company brought suit for debt in the 118th District Court Monday against Mr. and Mrs. W. G. Keeler of the K. & K. tire company in Midland.

At the same time Groebel filed suit against the First National Bank of Midland and the Midland National Bank for garnishment of the defendants bank account.

Groebel stated in his petition that he owns the building in Midland where Mr. and Mrs. Keeler operate their business. The lease terms call for 3 per cent of net sales and he went on each gallon of gas sold, he claims. Groebel claims that the Keelers are delinquent in payment of \$5,833.99.

Eight Candidates Are Initiated By FOE

Eight candidates were initiated as the Fraternal Order of Eagles held its district No. 4 meeting here at 2 p.m. Sunday.

Speaker for the occasion was W. H. (Bill) Hatten, legal advisor for the Texas-Louisiana bi-state aerial. Hatten talked on "Equality."

More than 150 attended the party, presided over by District Chairman Roy Bell, Big Spring. Delegations were here from Odessa, Midland and San Angelo. Next district meeting is set for Oct. 26 in Midland.

LEGAL NOTICE

THE STATE OF TEXAS
TO: ARTHUR A. VAN WOOD Defendant, Grantee
You are hereby commanded to appear by filing a written answer to the Plaintiff's Petition at or before ten o'clock A.M. of the first Monday after the expiration of forty-two days from the date of the issuance of this citation, same being Monday the 3rd day of November, 1952, at or before ten o'clock A.M. of said County in Big Spring, Texas.

Said Petition was filed in said court on the 1st day of August A.D. 1952, in this cause, numbered 888 on the docket of said court, and styled JAMIE VAN WOOD Plaintiff, vs. ARTHUR VAN WOOD Defendant. A brief statement of the nature of this suit is as follows, to wit: Plaintiff suing for a divorce based on three years voluntary abandonment, alleging no children born and no property accumulated, married February 16, 1949 and separated May 15, 1949. Plaintiff's residence, ineligibility as a residency requirement, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ten days after the date of its issuance, it shall be returned unexecuted. The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the seal of said Court, at office in Big Spring, Texas, on the 19th day of September A.D. 1952.
Agent: GEO. C. CHOATE, Clerk, District Court, Big Spring, Texas.
By Elizabeth A. Burrell, Deputy.
(SEAL)

Colorado Citian Elected Head Of Highway 80 Group

M. N. Caddell, Colorado City, was elected president of the U.S. Highway 80 Association at the organization's annual national convention in El Paso Saturday.

A. C. Bishop, Sweetwater, was named secretary-treasurer for the association. J. H. Green, Big Spring, was appointed chairman of a resolutions committee for the meeting.

Caddell is a former president of the highway association's Central Division.

The Highway 80 Association's board of directors will meet in about 60 days to set up a permanent finance department. Date and place for the directorate meeting has not been announced.

Attending the convention from Big Spring were Greene, A. McNary and Paul Liner.

Texas Voters Do Not Need To Register In Order To Cast Ballot

County Clerk Lee Porter today emphasized that voters in Texas do not have to register. All they have to do is pay their poll taxes to vote, and it is too late to do that now for this year.

Several movie houses have been showing slides reading, "Don't forget to vote. Register now." Porter said that the slides were designed for areas all over the United States because a number of states require registration before voting.

A number of people have been calling the County Clerk's office asking where and when to register.

Profanity Expensive, Court Fines Man \$45

Use of profane language cost a Big Spring man \$45 in Corporation Court this morning.

According to police reports, the man used abusive language in addressing the wife of a city employee. He was escorted to the police station by the owner of the business who also signed the complaint.

The fine was assessed as a result of the charge of creating disturbance by use of abusive language.

Fender Skirts Stolen

Ray Phillips, 1602 State, reported theft of a pair of fender skirts from his automobile Saturday night. The accessories were stolen while the car was parked near the Fifth and Main intersection, Phillips said.

Collision Reported

A minor traffic accident at 400 Gregg Sunday afternoon involved cars driven by Walter McKenley, Barrow of Webb Air Force Base and Jerry Doyle Vaughn of 507 Gregg, police reported. No personal injuries resulted.

Jack Weddell Madigan, VA Employee Here, Succumbs

Jack Weddell Madigan, 56, employee of the engineering division at the Veterans Administration hospital, died at 6:25 a.m. Monday at the VA Hospital.

Services will be held Tuesday at 4:30 p.m. at Eberley Chapel. Chaplain C. O. Hitt of the VA Hospital will officiate, assisted by the Rev. M. E. Fisher, Wesley Methodist Church. Military graveside rites will be conducted by the 3560th Air Police Squadron of Webb Air Force Base.

Born in Aspen, Colo. on July 20, 1896, Madigan had resided here since July 20, 1950 when he joined the VA staff. Prior to that time he had been employed in Houston by the Dow Chemical Company. He enlisted in the U. S. Navy on April 14, 1917 in Denver, Colo., and was discharged as boatswain mate first class at Salt Lake City, Utah on June 9, 1919.

Surviving are his wife, Mrs.

JACK WEDDELL MADIGAN

Bobby Madigan, associated at the Little Shop; a daughter, Charlotte Madigan, Baltimore, Md.; a stepson, Mack W. Corley, San Antonio; step-daughter, Le's Charlene Corley, Abilene; his mother-in-law, Mrs. Lela Lester, Big Spring.

PARSONS

(Continued From Page 1)

where Mrs. Parsons walked into the El Paso police station flanked by attorneys and said she had killed her husband.

She had waited several hours after the shooting, she said, to phone her parents, Mr. and Mrs. Burton Fleegeer of Tulsa, to tell them of the shooting. Fleegeer hired the El Paso attorneys by telephone after his daughter had told of the shooting by telephone.

The pretty, blue-eyed and nervous young blonde told officers she shot her husband after they had argued over financial help her parents were giving the newly-weds. Parsons, whose home was Pleasantville, N. Y., had objected because her parents were helping so much, she said.

The sanity trial was held last May in El Paso. Attorney Fisher then told a jury Mary Ejan was insane when she twice pulled the trigger of a .22 pistol just inches from her husband's head.

A brother had testified that he told his mother, Mrs. Fleegeer, that "Mary Jean is crazy" but added that the mother forbade him to ever say such a thing again.

Mrs. Parsons has been in the Dallas sanitarium while free on \$50,000 bond.

Lack Of Equipment Prevents Planting In Mitchell County

COLORADO CITY — Joe Cowan, Mitchell County agriculture agent, and Painter C. Wylie, work unit conservator with the Colorado City unit of the Soil Conservation Service, say all that is keeping more farmers from immediately planting cover crops is a lack of equipment.

They estimate that at least 50,000 acres of small grains will be planted in this county on the rainfall received last week. Seed dealers estimate their sales through Saturday at approximately 300,000 pounds. Crops being planted are wheat, oats, rye, barley, alfalfa and a mixture of vetch and rye. Most farmers who had drills available have already gotten their seed in the ground, according to reports. Inoculants for the legumes have been reported temporarily short at some supply sources.

Du Pont Plant Is Damaged By Blaze

ORANGE, Sept. 29 (AP)—Fire late yesterday caused more than \$100,000 damage to Du Pont's plant here, a spokesman said today.

The fire started about 5:30 p.m. in the cyclohexane unit of the chemical company's plant. It was subdued two hours later but continued burning under control most of the night.

\$500 Bond Is Set

A \$500 bond was set in County Court this morning on Rodolfo Rodriguez, charged with driving while intoxicated. Rodriguez was not met the bond and was still in jail.

Rodriguez was arrested Sunday night about 11 p.m. by Deputy Sheriffs A. C. Abernathy and V. G. Grady.

Carburetor Too Rich Makes Motorist Too Poor

Car owners who are wasting money and not getting proper gas mileage due to over-rich mixtures will be pleased to learn of a Wisconsin inventor who has developed a very clever unit that helps save gasoline by "Vacu-mating." It is automatic and operates on the supercharge principle. Easily installed in a few minutes. Fits all cars, trucks and tractors. The manufacturers, the Vacu-matic Carburetor Co., 8417-700 W. Blaine St., Wausau, Wis., are offering a Vacu-matic to anyone who will install in on his car and help introduce it to others. They will gladly send full free particulars if you write them or send your name and address on a post card today. (Adv.)

You can expect to be spoiled!

Once you own a new International Truck, you'll never be quite satisfied with anything less.

The reasons are simple. International Trucks are engineered for your job. You get a truck that is easier to handle . . . that gives you lower operating and maintenance costs, longer truck life.

These are just a few of the reasons why so many International Truck owners are repeat buyers. Why not stop in soon for all the reasons?

You'll do better with these International Truck features:

- All-truck engines—exclusively for truck work—built in the world's largest truck engine plant.
- The "roomiest, most comfortable cab on the road"—the Comfo-Vision Cab designed by drivers for drivers.
- Super-steering system—more positive control, easier handling and 37° turning angle.
- The traditional truck toughness that has kept International first in heavy-duty truck sales for 20 straight years.
- The truck engineered for your job, selected from the world's most complete line . . . 115 basic models, from 1/2-ton pickups to 90,000 pounds GVW ratings.
- America's largest exclusive truck service organization.

International six-wheel models are available in GVW ratings from 22,000 to 70,000 lbs.

For complete information about any International Truck, see—

Buy on Proof!

Before you buy any truck, let us give you a list of persons in this area who have recently bought new Internationals like the one you are considering. Check with any or all of them. Find out how our Internationals cut hauling costs on jobs like yours.

WASHINGTON (AP)—The Defense Department today identified 118 battle casualties in Korea in a new list (No. 659) which reported 38 killed, 91 wounded, two missing and seven injured.

LASHES ATTITUDE Medical Profession Scored By Doctor

By FRANK CAREY
WASHINGTON (AP)—The doctor-chairman of a presidential health commission said today organized medicine should cease "its current policy of proclaiming that it alone can decide what the average doctor should think about the pressing problems of the day."
Dr. Paul Magnuson, head of President Truman's controversial "Commission on the Health Needs of the Nation"—whose formation has been sharply criticized by some members of the American Medical Association—said in an address presented at the annual Scientific Assembly of the District of Columbia Medical Society:
"From the bottom of my heart I want to say this... to every doctor in this country: It is our plain and simple duty as doctors to furnish leadership in every national, state and community effort to look into ways of improving health conditions in America."
"If we abdicate this responsibility; if, like Marx and Antoinette, we say 'let them eat cake,' then other elements in our society will take over and we will find ourselves under a distasteful system of medical care."
"If organized medicine is to retain its rightful place of esteem in our society, it had better cease and desist at once from its current policy of proclaiming that it alone can decide whether there are any health problems in this country,

and that it alone can decide what the average doctor should think about the pressing problems of the day."
Magnuson did not define what he meant by "organized medicine."
He made the statement in relating his reasons for accepting President Truman's appointment last November to head the commission under a directive "to make a critical study of the nation's total health requirements... and to recommend courses of action to meet these needs."
"I told the President," Dr. Magnuson said, "that I was unalterably opposed to compulsory national health insurance, and that I would never be a party to any scheme designed to further such a plan."
"President Truman has repeatedly advocated legislation that would provide such a national health plan under a federalized tax system. The AMA has spearheaded opposition to such a system, declaring it would mean 'socialized medicine.'"
"The President said," continued Magnuson, "he was not necessarily committed to any one plan. Several plans came up with a better series of proposals than the ones he advocated, he would be the first to support them if they would insure better health for all the people."
Magnuson said the commission—composed of representatives of medical, organized labor, farm, industrial, consumer, educational and other fields—would make its report and recommendations in the near future.

Revivalist Closes Big Spring Meeting

Revivalist Lester Roloff closed out his evangelistic campaign here last night with "God's Last Call."
The closing sermon was based on a text in Revelations with the invitation that "whosoever will" may come. Rev. Roloff said it was the last invitation and the last message in the Bible.
Fifty-five professions of faith were reported at the Sunday night service, bringing the total for the two-and-a-half-week revival to 228. There was no record of other decisions which members of sponsoring organization said were numerous.
The revival, sponsored by local Baptist Churches, was attended by congregations ranging up to 6,000 people. Several said it was the greatest number of persons ever to attend a religious service in Big Spring.

Parade Of Pets Makes Ball Park Look Like Zoo

The Big Spring baseball park took on the appearance of a zoo Saturday night, as children of the community exhibited animals in a pet parade, one of the closing features of National Kids Day observance.
Entries ranged from horses to alligators, as the youngsters had their pets competing in 10 different divisions.
The alligator, entered by Jake Gilekman, was voted the most unusual pet, while a Palomino horse entered by Gerald Wooten, was the largest pet.
Other first place winners included the following: Pet with the curliest tail, a Pekingese entered by Barbara Ann Dailey; pet with longest ears, a Spring Spaniel entered by Eddie Kinney; pet with most spots, a Cocker Spaniel entered by Judy Cauble; pet with shortest legs, a Chihuahua entered by Mary Lou Lopez; blackest pet, a kitten entered by Jerry Bowerman; whitest pet, a kitten entered by Linda Crocker; the noisiest pet, gold fish entered by Butch Vaughn; most obedient pet, dog entered by Don Anderson; best cared for pet, Collie entered by Nettie Fay Laws.
The Saturday night events at the baseball park, which included the pet parade and a Little League baseball game, concluded a full day of activity for the youngsters. The National Kids Day observance here was sponsored by the Big Spring Kiwanis Club. An estimated 2,000 children got in on the activities during the day.

IF STEVENSON WINS First Lady's Role Could Be Problem

By RUTH COWAN
WASHINGTON (AP)—Carolyn Hagner Shaw, editor of "The Social List of Washington," the 1953 edition of which is just off the press, is worrying today over possible perplexing problems in protocol that might arise after November.
She plans a supplement in February on who's who in the capital's official and social life to take into account what the nation's voters do and the next President's executive appointments.
The main problem that has Mrs. Shaw reading up on the lives of American Presidents is: What about the role of "first lady"? She is very important when it comes to seating arrangements at official parties.
Should Gen. Dwight D. Eisenhower, the Republican nominee, be elected there would be no problem, for his wife Mamie would be first lady.
But should Gov. Adlai E. Stevenson, the Democratic candidate, be elected, and his sister, Mrs. Ernest Ives of Bloomington, Ill., serve as hostess as she has since her husband became governor of Illinois—would she be the nation's top-ranking woman, taking precedence over wives of diplomats?
Furthermore, what rank would her husband, Ernest Ives, a retired diplomat, have in relationship to high-ranking government officials?
Those are questions that have Mrs. Shaw, niece of the first official White House social secretary, Isabelle Hagner in the days of Mrs. Theodore Roosevelt, studying history.
Protocol in Washington's official and social life isn't to be taken lightly as can be recalled by the famous Dolly Gann-Alice Roosevelt Longworth to do over who outranked whom.
Mrs. Gann was official hostess for her brother, Vice President Curtis in the Coolidge administration. "Princess Alice's" late husband, Nicholas Longworth, was then Speaker of the House.
Entertaining in the nation's capital sometimes can be grim and serious. A wrongly placed place-card can dent a promising career.
One objective of the social list-known as the "Green Book"—be-

Student Pilot Killed Came From Denmark

The student pilot killed in Thursday night's training aircraft accident near Garden City, was identified today as Hans Rasmussen, a Danish student receiving flight training at Webb AFB under the provisions of the Mutual Defense Assistance program.
Rasmussen was the son of Mr. and Mrs. Jorgen Rasmussen of Lyngby, Denmark. He had been in the United States since 1951, and had received primary flight training at Malden Air Base, Missouri, before reporting to Webb AFB.

Over 100 Rounded Up In San Antonio Raids

SAN ANTONIO, Sept. 29 (AP)—More than 100 persons, including 12 minors, were rounded up in police raids here yesterday as police carried on clean-up operations in newly-annexed areas.
Police Chief R. D. Allen said the work would continue.
Allen said most of yesterday's raids were in areas that had been warned previously.
The local vice squad, air police, liquor board agents and police patrolmen took part in the raids.

El Salvador Roundup Nets 1,000 Suspects

SAN SALVADOR, El Salvador, (AP)—A roundup of suspected supporters of last week's abortive Communist revolutionary plot has netted more than 1,000 persons, informed sources said last night. Hidden arms caches still are being found.
The nation had been under a state of siege, a modified form of martial law, since Friday.
