**B&PW To Sponsor Vocational Series**

Big Spring Business and Professional Women's club, in co-operation with the YMCA will sponsor a "Vocational Exploration Conference beginning Dec. 4 at Y headquarters, officials of the two organizations announced today.

The conference will be composed of six meetings, with discussion of each subject to be supplemented with film illustrations.

Purpose of the conference is to provide helpful hints and suggestions for discussion for prospective young business women who want to obtain and hold better positions. The conference will be open without charge to all high school seniors in Howard County, college students and young women who hold positions with business firms.

The conference schedule: Dec. 4, "How to Get a Better Job and Keep It;" Dec. 5, "What is a Business Office, Anyway?;" Dec. 6, "Are You Good at Selling?;" Dec. 9, "Recreation Can be Profitable, Pleasant Work;" Dec. 10, "Nurses: Many Doctors Sometimes;" Dec. 11, "Getting Along Means Getting Ahead."

An ancient law of Great Britain states that a person must go to church on foot; otherwise the local constable is called on to confiscate the vehicle and sell it for the indigent of the parish.

**Relief At Last For Your Cough**

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expectorate germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

**CREOMULSION** for Coughs, Chest Colds, Bronchitis

M. H. Ulmer who farms 18 miles north of Big Spring in the West Vealmoor conservation group has recently completed an 8000 cubic yard earthen tank. H. C. Carter, a local dirt moving contractor, was engaged by Ulmer to do the work. The tank was designed by local Soil Conservation Service engineers and partial payment made by the AAA in conservation payments.

In addition to the stock tank Ulmer is carrying out a well rounded conservation program on his farm. He has all of his terraces completed, planted 600 acres of peas this fall and since recent frosts has planted about 300 acres of rye and equally that much wheat.

Ulmer states that rye is the best small grain crop for the soil that he has grown. It adds more organic matter back to the soil than wheat, oats or barley and a noticeable difference can be seen in production of following crops in favor of rye. According to feeding standards, rye has an average digestible crude protein of 9.9 per cent as compared to 9.2 per cent for wheat, 9.7 per cent for oats and 9.0 per cent for barley.

A large acreage of small grain was planted this fall. Most of it has come up to a good stand, but will need additional moisture to afford grazing during the winter months.

Farmers in the Richland conservation group who have small grain crops are as follows: Leslie Bryson, 23 acres; Clyde Denton, 62 acres; W. E. Kilpatrick, 40 acres; S. H. Puckett, 100 acres; W. B. Puckett, 108 acres; A. Yates, 80 acres; and O. J. Brown, 121 acres. John Morris has 400 acres in wheat, and W. A. Rawlings has 70 acres and expects to plant 25 acres more.

In the Luther conservation

group L. S. Proctor has 150 acres in small grain, J. O. Haney has 140 acres, C. B. Lawrence has 272 acres and O. R. Crow has 158 acres. Lawrence and Crow each expect to plant about 140 acres more as soon as possible.

E. A. Hoisager of the North

Vealmoor conservation group and Clyde Denton of the Richland group are having terraces constructed on their fields. O. R. Crow who has a farm near Vealmoor and W. A. Rawlings are both maintaining their terraces by plowing to them with a disc plow.

**Rep. Fisher Favors A Special Session**

SAN ANGELO, Nov. 20. (AP)—Rep. O. C. Fisher (D-Tex.) said here yesterday that President Truman should call a special session of Congress, if necessary, to

Big Spring (Texas) Herald, Wed., Nov. 20, 1946 3

pass legislation concerning the possible walk-out of 400,000 soft coal miners scheduled for midnight tonight.

Fisher said he favored such a session "if President Truman wants more legislation for use in

dealing with John L. Lewis, president of the United Mine Workers, in the present crisis."

It was not until 1790 that optical glass in the modern sense was manufactured.

**Burrus Feeds Featured By Hawkins Store**

More and more Howard county farmers are taking advantage of the Hawkins Feed Store's convenient location, and the reception which has been given to the new business has prompted an increase and wider selection of merchandise.

The store was opened last February by J. L. Hawkins, owner and manager, at 700 Lamesa Highway.

Hawkins arranged to carry Burrus Texo feeds as his principal line, and he believes he made a wise selection. Burrus, one of the country's greatest manufacturers of feed, is of the Southwest, with mills at Fort Worth, Dallas, McKinney and San Benito, and the company purchases most of its raw materials from farmers in the Southwest, especially Texas.

A new, 10-story building now being erected in Fort Worth at a cost of a million dollars, will further increase the company's facilities.

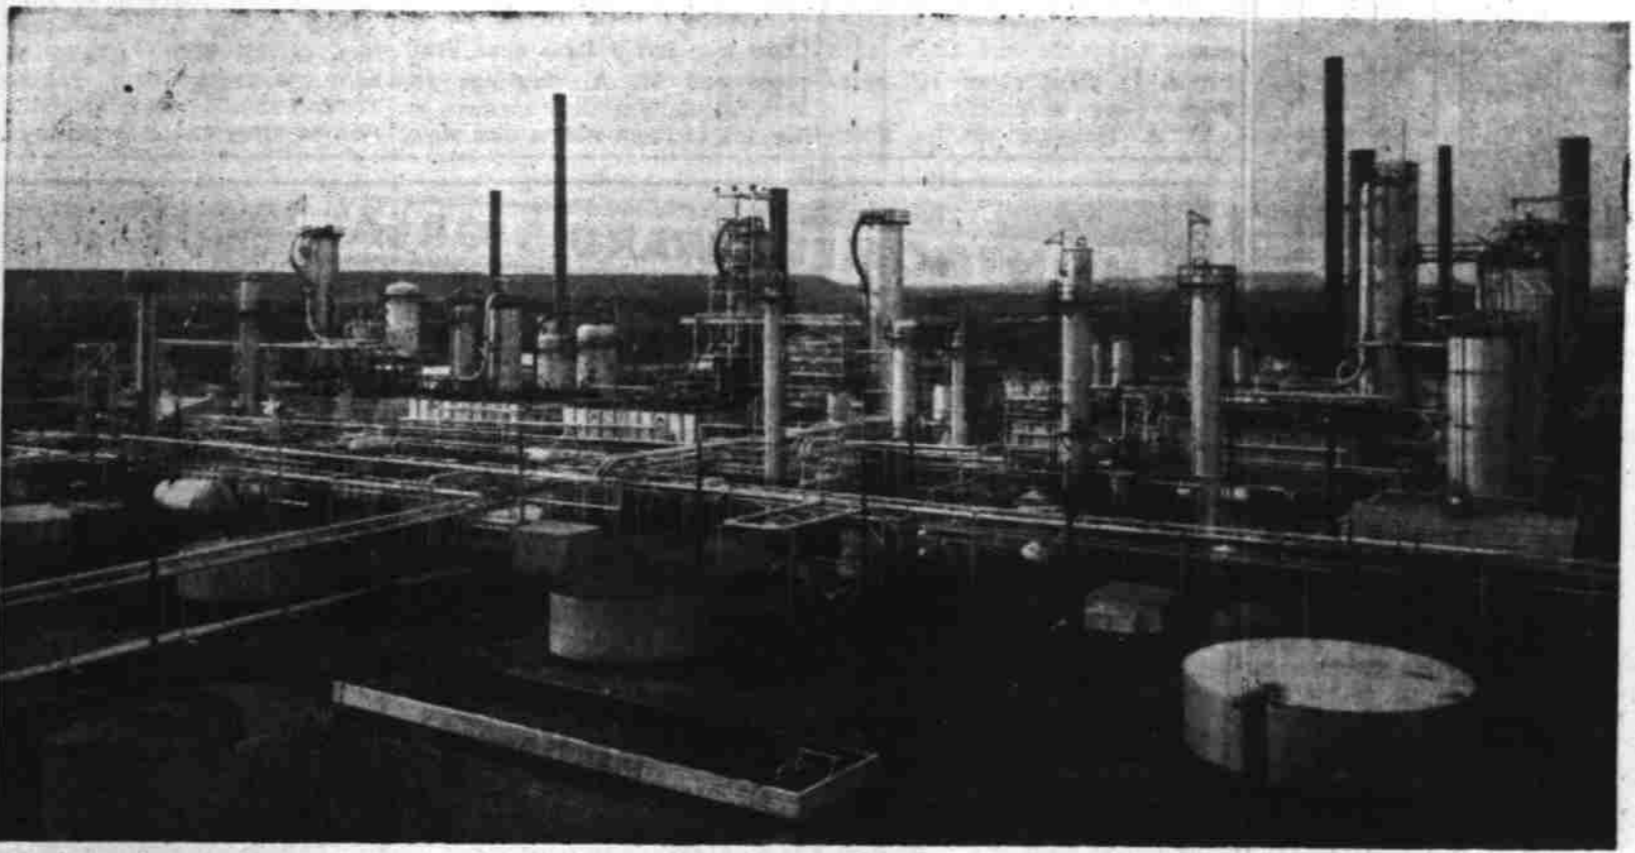

Hawkins believes Burrus has been able to keep its retailers better supplied than many other manufacturers during the recent feed shortages, and now with new fall stocks, Hawkins is offering attractive varieties.

On hand now are plenty of dairy, chickens, hog and calf feeds. The poultry feeds currently available include laying mash, pellets, chick starter, growing mash, turkey finishing mash and others.

Another item, which is important to livestock owners during the winter months is the range cube. Hawkins has a good stock of 20 percent cubes, which are grain balanced and help supply protein usually obtained by stockmen from cottonseed cake.

The New York Botanical Gardens has prepared a list of soil conservation, ornamental and food plants for the U. S. Navy to use in rehabilitating devastated Pacific islands.

Norway ranked fourth among the nations in merchant shipping before the Nazis overran the country in 1940.

**"OFFICIAL" VIEW**—When directors and preferred stockholders of Cosden Petroleum Corp. met at headquarters offices adjacent to the refining plant here Monday, this is one of the views they got of the modern plant in operation. While here they voted a \$1,250,000 refunding issue, a 6 3/4-cent per share dividend in arrears on the five per cent convertible preferred, and heard reports of increased operation profits before taxes. And one of the considerations in the decision was the plant and organization which turns out and distributes a higher octane motor fuel which has found wide favor in West Texas and other areas. (Jack M. Haynes Photo).

**Soft Water May Be Had Easily, And At Low Cost**

Many people in hard water areas such as that in which Big Spring is located are beginning to realize the value of water softening facilities, and many are taking advantage of the increasing simplicity by which plentiful supplies of soft, pure water can be obtained.

Formerly, home water-softening units entailed the buying of expensive, bulky equipment, but that has been simplified by the purchasing of Culligan soft water service, operated in Big Spring by Mr. and Mrs. R. L. Trapnell.

The Culligan softener is as simple to install and pay for as a telephone, and the user has only to pay a monthly rate and the installation and servicing of the unit is the responsibility of the Culligan representatives.

With such a simple way to get soft water, housewives don't have to tolerate all of the old hard water troubles such as skimpy soapsuds, bathtub rings, streaky dishes, cloudy glassware, dingy gray look on linens or heavy corrosion in teapots, plumbing and hot water heaters.

The soft water service can be attached to either hot or cold water pipes or to both, thus assuring water from every faucet that is sparkling clear, as soft as rain water, with all unpleasant taste and odor removed.

The soft water units can be obtained simply by calling the Culligan representatives, the Trapnells, at 535 to receive the sanitary pure water that every home owner wants for his family.

**Top Soil Available From Local Concern**

Beautification leaders are urging an early start this year as never before in hopes that a real showing may be made next spring.

West Texas Sand & Gravel company fits right into that picture in more ways than one. In the first place, many areas in the city require good top soil before lawns and flowers can be grown. West Texas Sand and Gravel company is ready to supply that need in modest or large amounts, whether it is for top dressing on grass or

a general installation of good soil. Many people, planning early, are contemplating walks and curbing around the place, or even graveled drives or paths. Here again West Texas Sand and Gravel has exactly the type of material to meet any need around the house. And there's no need to wait until some one drives by with a likely looking truck or wagon. A phone call to No. 9000 will get the job done quickly and economically.

**Vets Not Required To Send Funds With Bids For Surplus**

Veterans who desire to purchase surplus property by mail order need not send funds of any type until they are informed that the items ordered are available and in the quantities they request, Harold S. Gish, chief of the veterans division of War Assets Administration's Fort Worth regional office, advised today.

Gish stressed this procedure to avoid tying up funds of veterans who feel obligated to forward the full money value of their mail orders, which, in many instances, cannot be satisfied immediately in full.

Furthermore, when veterans send in funds with orders which cannot be filled, the refund is delayed for some time due to accounting procedures necessitating sending the refund request to the US Treasury, Gish said.

Poor little chest muscles all sore and "achey" from hard coughing? Quick, Mentholatum! Rub it on back, chest, neck. Your child will like that warm, gently stimulating action! Mentholatum helps lessen congestion without irritating child's delicate normal skin. At same time comforting vapors get down into irritated bronchial tubes, lessen coughing.

**Republicans Due To Take Firm Control Of Key Committees**

WASHINGTON, Nov. 20. (AP)—Republicans may seize heavy-handed control of four top senate committees in order to tighten their grip over the sources of legislation in the new GOP-dominated Congress.

While no final decisions had been made, Republican leaders indicated today they hope to squeeze the number of Democrats below the minority average on the Appropriations and Labor Committees.

They may also do it on two of a half dozen other important groups, including the new merged armed service committee, foreign relations, banking and currency, judiciary, rules and the newly combined inter-state and foreign commerce committee.

This would increase the Republican voting edge in the more powerful committees, where legislation vital to the nation's interests is put into preliminary form — and where legislation GOP leaders don't want can be bottled up.

The possibility of this maneuver was opened up by the new congressional reorganization law limit-

its the number of senate committees to 15 and by the election which left only 45 Democrats in the Senate.

The number of members the minority party is entitled to on each committee is determined by the ratio of its membership to the total senate membership.

The general ratio of 51 Republicans to 45 Democrats, figures to put seven Republican and six Democrats on 14 committees, with 11 majority and 10 minority members on the outside appropriations group which will be made up of 21 senators.

But the reorganization law provides that no minority senator can have more than two committee places. So there are Democrats available for only 90 of the 94 places that would be open to them under a general 7-6 ratio.

The Republicans, permitted to hold three committee places in some instances, seem not only willing but eager to fill these gaps, distributing the assignments where they will do the GOP the most good.

**Mass Induction Rites Slated By Legion Post**

A mass initiation ceremony of a scope never before attempted here is on tap for the Howard county American Legion post Thursday night.

Some 300 newer members of the organization are expected to be on hand for formal induction rites. Honor guests for the occasion will be the District Commander, A. C. Jackson of Lubbock, and members of his staff. In addition, Congressman George Mahon has been invited to be present. Both Jackson and Mahon are scheduled for brief talks.

The program will be in the ballroom of the Settles hotel, beginning at 8 o'clock. A series of entertainment features will inaugurate the evening, then the initiation and other business matters will be held.

Special notices have gone out to all Legion members, and Post Commander Harold P. Steck is anticipating a record attendance.

**Terminal-Leave Bonds Going Out To Former GI's**

WASHINGTON, Nov. 20. (AP)—After weeks of delay, the Army has started mailing out millions of terminal leave bonds to former GI's.

By Christmas, War Department officials said today, it is expected that the bulk of a current backlog of some 4,000,000 claims will have been paid. Most payments are in five-year treasury bonds but cash is used for odd sums.

The Army's delay in mailing bonds since the first applications were received in September was laid to a shortage of envelopes, now ended.

The Navy's disbursing office at Great Lakes, Ill., has been paying Navy veterans right along, and has settled more than 500,000 claims.

Some GI's face an indefinite delay in collecting their share of an estimated \$2,700,000,000 voted by Congress for accumulated wartime leave, because they have failed to report changes of address. Undelivered bonds and checks are returned to Army disbursing officers and held until correct addresses are reported.

**Score Of Class A Champs Known**

By The Associated Press  
Pieces in the jig-saw that is Texas schoolboy football are falling into place.

Two district champions have been determined in the Class AA division while Class A has almost a score of titlists on the line. Class B has decided more than a dozen champions and almost half of the district crowns have been passed out in six-man football.

Champions known in Class AA are Odessa in District 3 and Conroe in District 12.

Class A, which plays through to regional championships, has the following district titlists reported:

1—Tulia, 2—Phillips, 11—Munday, 12—Seymour, 13—Bowie, 17—Clarksville, 19—Mt. Pleasant, 20—Edgewood, 21—Atlanta, 22—White Oak (Longview), 23—Freeport, 30—Mart, 31—Cameron, 32—Fredericksburg, 33—La Grange, 37—Hondo, 38—Victoria, 39—Falfurrias, 40—Weslaco.

Class B, which also plays through to regional championships has reported the following district champions:

2—Whitharral, 3—Rochester, 5—Ft. Stockton, 6—Marfa, 12—Strawn, 13—Lewisville, 19—Spring Hill (Longview), 20—Beckville, 22—Valley Mills, 25—Caldwell, 28—Deer Park, 29—Crawford, 31—Bertram, 35—Edgewood (San Antonio), 38—Refugio, 40—Mirando City.

Six-man football, which plays to bi-district championships, has reported these district champions:

2—Farwell, 5—Dickens, 6—Knox City, 7—Water Valley, 9—South Lockett (Vernon), 10—Allen, 16—Kountze, 17—China, 23—Pawnee (Kennedy), 24—Los Fresnos.

All district champions must be determined by next week.

**Herd's Defense To Get An Acid Test Friday**

The Big Spring High school football Steers have been brushing up on their pass defense and with reason. Friday night, they come up against what is acknowledged to be the best pass combination in West Texas schoolboy circles when they tangle with Abilene's Eagles in an 8 o'clock battle here.

In Lloyd King, the War Birds have one of the better losses in these parts. It's Coach Pete Shotwell's receivers, however, that have been able to give the Abilene team's opponents so much trouble. The two Eagle ends, Harold Middlebrook and Duane Hendley, have the reputation for being the two top offensive ends in Texas schoolboy circles.

The Longhorns' pass defense looked notoriously weak last week against Midland. Against Abilene, it is going to have to be at its very best to make any showing.

Coach Johnny Dibrell figures he has the running game to compete with King and the Eagles' heralded Jeff Dobbyn, who recently became eligible. The Steer ground attack was slowed last week against the Bulldogs but came through when it had to. If Gerald Harris, Horace Rankin and company get any blocking against the War Birds, they may make it a miserable evening for the visitors.

**'Traveling Movie' Put Into Use By Texas & Pacific**

The first traveling railroad motion picture theatre to be used by any Southwestern line has been put in service by the Texas & Pacific Railway company and will be here Thursday and Friday.

An outgrowth of the "instruction car" familiar to railroad employees, this T&P converted passenger coach has a seating capacity of 68 and is equipped to handle visual education slides with synchronized sound instructions or regular sound movies. In addition, there is a blackboard and public address system for lectures.

The car will play a major part in the company's current safety and fuel conservation campaign, showing before some 1,500 employees from New Orleans to El Paso. The program will be conducted for the balance of this month and through December.

C. F. Adams, superintendent of rules and safety, and H. N. Ricks, fuel supervisor, will conduct the sessions for T&P employees who work in shops or on T&P trains and engines.

**Weather Forecast**

**Man Pleads Guilty To Traffic Charges**

James T. Carter entered pleas of guilty to two traffic charges in justice court this morning and was fined \$62, including court costs.

Carter, who surrendered to state highway patrolmen in Colorado City late last night, reportedly was involved in a minor automobile accident about five miles east of Big Spring about 10:15 p.m. Tuesday.

Police said Carter's vehicle crashed into a machine driven by Mike Flore Minello of Cleveland, who was enroute to Los Angeles. Minello's car was badly damaged but all parties involved in the mishap escaped injury.

**144 Buildings At Camp Berkeley Sold**

DALLAS, Nov. 20. (AP)—Sale of 144 buildings at Camp Berkeley, Abilene, for \$30,517 has been announced by Col. Henry Hutchins Jr., southwestern division army engineer.

Of 31 HH priority holders submitting bids seven received awards of 13 buildings. Hutchins said. Twenty-five of 133 bids submitted were approved.

The division engineer pointed out that over 50 percent of the successful bidders were not from Abilene and that they were awarded approximately three-fourths of the buildings.

Bids for an additional 150 buildings at Berkeley will be opened Nov. 25.

**Markets**

**COTTON**  
NEW YORK, Nov. 20. (AP)—Cotton futures at noon were 35 cents to \$1.35 a bale lower than the previous close. Dec. 31.71, Mch. 30.81, May 29.96.

**WALL STREET**  
NEW YORK, Nov. 20. (AP)—Stocks took a downward course in today's market as Wall Street nervously watched the national coal deadlock.

Despite widespread pessimism, liquidation was not urgent, and in quiet dealings declines for a number of leaders ranged from fractions to around 2 points near midday. A few issues resisted the trend.

**LIVESTOCK**  
FORT WORTH, Nov. 20. (AP)—Cattle 4,200; calves 4,000; cattle mostly steady, some cows strong 15-25c higher for two days; good and choice slaughter calves mostly steady; medium and low grades 35-50c lower; stockers steady; medium and good slaughter steers and yearlings 14.00-18.00; medium and good fat cows 10.50-15.00; culler and common cows 8.75-10.50; canners 7.00-8.50; bulls 8.00-13.50; good heavy bulls 14.50; good and choice fat calves 14.50-17.00; heavy baby beef type 19.00; common and medium 10.00-14.50.

Hogs 500; active, mostly steady; good and choice butchers, 180 lb. up, 25.00; good and choice 140-175 lb. 21.00-24.50; sows 23.00; stocker pigs 17.00-20.00.

Sheep 5,000; steady, quality considered; medium grade slaughter lambs 17.00-18.00; medium and good yearlings 14.00-16.00; common yearlings 10.00-12.00; good ewes 8.00-50; common and medium ewes 6.75-7.75; medium and good feeder lambs 13.00-16.00.

China's harness industry is carried on by women who work in their own homes.

**Man Pleads Guilty To Traffic Charges**

James T. Carter entered pleas of guilty to two traffic charges in justice court this morning and was fined \$62, including court costs.

Carter, who surrendered to state highway patrolmen in Colorado City late last night, reportedly was involved in a minor automobile accident about five miles east of Big Spring about 10:15 p.m. Tuesday.

Police said Carter's vehicle crashed into a machine driven by Mike Flore Minello of Cleveland, who was enroute to Los Angeles. Minello's car was badly damaged but all parties involved in the mishap escaped injury.

# Education In A Local Industry

If you want to see a real sight, something that will surprise you, then take off some Tuesday or Wednesday afternoon and sit in on the West Texas Livestock Auction or on the Big Spring Livestock Commission company sale.

You'll get a new appreciation for figures you read in weekly sale reports, and you'll get an appreciation for the efficiency with which these sales are handled.

Maybe 1,000 head of cattle don't sound like a lot to you as you read it, but when you stop to consider that a good portion of that stuff goes through the auction ring, one at a time, you see the necessity for keeping things moving.

It's largely a one day deal at both the sales, but it is a feverish day. Men put in two or three days work in one unloading, numbering the animals, getting them into the proper pen and then at the in-take gate of the auction ring at the proper moment.

The chant of the auctioneer will be fascinating and baffling, but if you listen to it long enough you can get the hang of it. But even more intriguing is the bidding. More surreptitious than a catcher signalling to the pitcher is the signal that some buyers use in upping the bid. Maybe it is the crook of a finger, the lift of an eyebrow, the wave of an arm, or the nod of the head. But somehow

the men in the ring and on the auctioneer's bench detect every one and cry the signal for upping the bid another notch.

Surprisingly, even on spirited bidding, little time is lost, for cattle course through the ring, started, bid and sold at the rate of little better than two a minute, not counting lot sales. Then they are hustled on to the scales, weighed and herded immediately to the buyers pen. And all of this is accomplished at top speed and with almost no mistakes.

Inside, tickets are relayed to the accounting room where the price is put against the weight and computed. Buyer or seller can call at the office at almost any time and settle his account.

But more than the appreciation for the organization which makes possible these sales, there should be an appreciation for the fact that here is a ready market for livestock raisers over a wide area. Among other things, dependable, ready markets constitute one of the real requisites for the development of any type of agricultural industry. One of the reasons cotton always has been a good cash crop was the fact that it could be sold at anytime of the year. As markets increase locally for other products, there is reason to hope that production in these will flourish.

# ROOMERS ARE FLYING—

Broadway Jack O'Brian

# Washington Merry-Go-Round—Drew Pearson

## Lewis Is Afraid Of Competition

(EDITOR'S NOTE: This is the third of Drew Pearson's columns on America's most powerful labor leader — John L. Lewis.)

WASHINGTON. — Both in high-up government circles and at every crossroad of America, people have been asking: "How can we avoid having John L. Lewis put a pistol to our head every six months? Why should one man be permitted the power to decide whether the railroads run, the steel mills bank their fires, and American homes be heated?"

The answer is difficult. For those who know John L. Lewis know he is not afraid of jail. He has been indicted before — during the Wilson administration. He could be prosecuted today under the Smith-Connally Act. But he would almost immediately become the hero of American labor — even including his labor enemies, of which there are many.

Actually, there is just one thing Lewis is genuinely afraid of — competition. The last thing he wants is the competition of gas and oil which would put many coal mines out of business, lower union dues, and cut the ground out from under his stranglehold of eastern industry.

Yet, though he dreads it, that is exactly what Lewis is slowly heading toward. Already long rows of coal cars are piling up on sidings in the Pennsylvania anthracite field, filled with barley anthracite, now a glut on the market, for just one reason — factories that have converted to oil because of continued boosts in the price of coal. This conversion to oil will increase according to how much the price of coal goes up. The process is too slow, however, to be the real answer to the coal strike.

NATURAL GAS vs. LEWIS

When it comes to an immediate weapon against John L. Lewis, however, the U. S. government has the best in the world right in its own hands. It is the two war-built big inch and little inch pipelines, constructed to carry oil from Texas to the east coast during the submarine peril, and now lying idle for two long years.

Several private companies have bid for these pipelines, proposing to bring the millions of cubic feet of natural gas now going to waste in Texas to the factories and homes of the industrial east. The pipelines could be converted in thirty days — possibly less. And they constitute the only real weapon the nation has against Lewis. It is the only thing that makes him lose sleep at night. He knows that

Laurence Olivier who will produce and direct the London version, telephoned Kanin for help. After listening to Kanin's enthusiastic summation of her capabilities over the transatlantic telephone, Olivier made the deal for her services, sight unseen.

"I predict Miss Donlan will score the biggest hit an American actress has made in London in many years," Kanin happily asserted. "She's really a find."

# The Nation Today—James Marlow

## CIO Hasn't Solved Its Problem

ATLANTIC CITY, N.J., (AP)—The CIO has kept it unity by acting on its communist problem. But it hasn't solved the problem at all.

For months CIO unions, some of them, have been boiling with fights over efforts by communist union members to win control or get key posts. These communist efforts — some real, some cooked up by enemies of the CIO — had been widely and publicly denounced.

There was talk before the convention opened that a fight over communism on the convention floor might split the CIO wide open. Such a split, now when the CIO is getting ready for what may

be a bitter wage struggle in 1947, might be fatal.

But there was no split, and no fight. The delegates approved a resolution opposing communism "interference" in the CIO.

(The vote was unanimous, although, since there were communists among the delegates, this meant communists voted against communism "interference.")

And that's as far as the CIO went. The CIO is simply an organization of 40 unions. The vote meant only: the national CIO is against communism "interference."

But if any one of these 40 unions have communist trouble, they'll have to settle it themselves. So nothing is solved.

But the CIO as an organization,

by avoiding a convention fight will be able to present a united front to employers in any 1947 wage battle.

Ben Gold, president of the CIO Fur and Leather Workers, was one of the convention delegates. He's an avowed communist, a member of the communist party executive committee.

Asked how he could bring himself to vote for a resolution against "interference" by communists in CIO affairs, Gold said:

"To maintain the unity of the CIO and resist the attacks of the employers and the reactionary Republican machine. If the employers thought the CIO was going to engage in a purge of witch-hunting, they must be disappointed."

## A Hit In London

NEW YORK — When a bawdy comedy called "School for Brides" opened here last season, it was notable for very little except the brunette beauty of a young lady among the minor principals, a Miss Yolande Donlan, who had the wolves among the first nighters scurrying around trying to scrape up an introduction. Their hopes were dashed quickly. Miss D. was, and is, a happily married gal, in private life the wife of Phil Truex, son of the famous actor, Ernest Truex.

This domestic brand of hopeful gawking on the part of New York's males now will have a British branch, for Miss Donlan has been tapped to play the lead in the London version of "Born Yesterday."

Until recently she had been understudying Eleanor Lynn, who has the lead in the road company of the Garson Kanin hit.

Outside of the attentions of the few first night wolves, Yolande was, to put it most favorably, a very obscure actress. Despite her appearance in "School for Brides," and a lengthy Chicago run in "Good Night Ladies," another blitz which managed to keep right on playing successfully despite being one of the least admirable comedies of any season, Yolande wasn't doing much for her career. While she had the sort of figure Schiaparelli likes to drape with costly piece goods, her dramatics weren't getting much past the basic point.

Yolande, just like every other young Broadway aspirant, went about managers' offices, auditioning, reading scripts, hoping, indulging in Sardi's and Louis Bergen's 45th Street saloon and hangout for the theatrically active. One day, in a routine visit, she auditioned for the lead role in the touring "Born Yesterday," Garson Kanin, the author of

## Hal Boyle's Notebook

### Still Martha Ellen

NEW YORK (AP)—"Hullo," said Martha Ellen. "Come in. It's been a long time."

It had been a long time. I hadn't seen Martha Ellen to talk to since we were cutting up frogs and studying sociology back in the old Kansas City Junior college in the pre-atomic age.

In those days Martha Ellen was just another pretty schoolgirl. She was slim—maybe even a mite on the skinny side, the plump girls might say—and had big expressive eyes and a soft sweet voice. But there were other girls more beautiful. I know because I was in love with three of them my freshman year.

But even then Martha Ellen Scott had one thing the others didn't have: A dream of greatness. And now it's come true. She's Martha Scott, screen and stage star, a veteran of seven movies

and five Broadway plays. But all so—she is still Martha Ellen.

She has her own four-story house on Sutton Place, one of those quietly austere East Side streets where if you drop a twenty-dollar bill you just kick it aside with your foot, because you want to be seen on Sutton Place bending down to pick up a measly double sawbuck?

When we went in, Martha's husband, Mel Powell, a top jazz pianist turned composer, was in the back room rambling around on the keys, which he manipulates for seven hours daily.

"I don't get tired of it," Martha said. "Sometimes he does."

Upstairs her four-year-old son, Scott, was catching some early shut eye.

"He's my only real hobby," Martha smiled.

We sat down in a large second-floor living room lined with books which she says she never gets time to read. Her chief reading now is her script role in George Abbott's comedy "It Takes Two," opening soon on Broadway.

Martha Ellen says the fun in being an actress lies more in the work itself than in any so-called glamor of fame.

"It's still the most fascinating kind of mental life to me," she said. "You live inside another person in each role. I like that."

Knotted up like a squirrel on the sofa, she giggled as she recalled how it all started—the long road that led her to bright lights.

She had never thought of the theatre until a boy she was secretly in love with in the Kansas City Westport Junior high school got a part in the class play. She tried out and won a part, too, just to be near her knicker pants hero.

When she came off the stage the opening night, he said:

"Oh, Martha Ellen, you were wonderful!"

But Martha Ellen hardly heard him. The audience applause was doing strange things to her ears and setting a new tune to her heart.

"He never did know I had been in love with him," she said. "ie's still in Kansas City."

## Texas Mental Hospitals—By Paul Bolton

**Eleemosynary Segregation Sought**

Editor's Note: This is another in a series of articles discussing the state's mental hospitals.

AUSTIN.—In the three preceding articles of this series, the discussions were (1) a general survey of the institutions, populations, staffs, etc.; (2) a discussion of the doctor-patient load; and (3) a discussion of finances which showed the startling fact that to come up to minimum standards Texas needed to spend \$9 millions more a year on caring for mentally ill.

These three discussions were submitted to Hal Logan, the board of control member who is in charge of eleemosynary institutions for comment and correction.

In this article some of Mr. Hall's comments will be set out:

In the first article, board of con-

rol figures were cited showing the range in the cost of "board" at the state institutions. Since this "board" is a part of the pay of attendants, it was used as a basis for estimating the probable overall pay of attendants. Mr. Hall says that the board lately is planning to overhaul its auditing systems to get more accurate figures on the cost of feeding patients and hired help; he thinks that an allowance of \$17.50 would be fair as the cost of feeding an attendant actually gets, he thinks, around \$125 a month; then he may get board and room for his wife at a very nominal cost.

Mr. Logan thinks too much stress could be laid upon whether an attending physician actually is a psychiatrist; that is, whether it

says psychiatrist on his diploma. Many of the physicians in the state service are perhaps more skilled in mental healing than some who are graduate psychiatrists. (In that connection it should be reiterated that the standards call for at least some diplomaed psychiatrists at each institution, and many institutions have none.)

Then Mr. Logan furnished figures which he believed to be fairly current on the number of physicians. As heretofore pointed out, the number of physicians used in figuring doctor-patient load was the number for each institution authorized by legislative appropriation. Mr. Logan's figures make the number of patients per doctor greater: In almost every institution, there are vacancies for physicians. By institutions:

Abilene Hospital, two vacancies; Austin, one; Austin State School (this institution is not used in the preceding articles) one vacancy; Big Spring, one; Rusk, one; San Antonio, four; Terrell, one; and Wichita Falls, four.

The largest number authorized at any institution is nine.

The board of control is now working on the 1947-48 budget for eleemosynary institutions, and until it is completed, no detail was available. However, the board has announced as a general policy that it will recommend a 15 per cent pay raise and Logan said this 15 per cent increase would be applied to physicians. Senior physicians get \$2,990 a year (plus their living). Thus a 15 per cent increase would mean for them something under \$450 a year more.

Asked whether he thought this scale would enable the board to fill its vacancies, Mr. Logan said he believed physicians will become more plentiful in the next year or so.

Mr. Logan emphasized the work the eleemosynary system is now doing toward segregation. The Confederate Home at Austin, no longer needed as a haven for Confederate veterans, has been transformed into a home for senile men. The Mexia prisoner of war camp acquired by the board will be used partly as a home for youths of a moronic type; and partly for senile women, allowing the segregation of these two types. Segregation is also needed for tuberculars; there are a few so afflicted in every state hospital. At Rusk, more nurses are assigned to the tuberculars than to the regular mental patients.

Mr. Logan said the vacancy situation as to patients is real—it wasn't brought about by putting cots in the halls." He said it was a matter of moving beds in wards closer together. There is now no waiting list for the state hospitals.

But in the event of a sharp depression, he does expect a sharp rise in their case load.

## In Hollywood—Bob Thomas

**More Film Skating**

HOLLYWOOD, (AP)—When Sonja Henie returns from her ice show tour in February, she'll be skimming the rink for the movies again. She has offers from Warner's and 20th-Fox, and she feels it's about time she was on the screen again. Not that she needs the money. With her two skating shows, her ice palace (which she rents to studios at a nice price) and other interests, she is one of the richest women in Hollywood.

Folks are betting that after her next picture, Deanna Durbin will leave Universal-International and set up a producing company with her husband, Felix Jackson, who departed from the studio last week.

Pine and Thomas are planning an action film called "Hardboiled," a sequel to "The Egg and I".

Apparently others agree with our plea for Fred Astaire not to retire from screen dancing. Mayor Charles Leeman and the city council of Fred's home town, Omaha, have entreated him to return and petitions are originating all over the country.

Paul Henreid's reason for leaving Warner's is that he was weary playing the same mooning lovers. So he'll try free-lancing to see if he can get varied roles. He'd sign with MGM if he could do a picture elsewhere each year. But the studio won't even give that to Gable.

Palm Spring's racket club looks like a convalescent home these days. Bob Stack was fighting off a

virus infection, Ernest Lubitsch recovering from a heart ailment and Ann Todd resting from the strain of waiting for Selznick to start "The Paradine Case." Only happy man was Charlie Farrell, who runs the place.

Perce Westmore celebrated his 25th year as makeup artist at Warner's. He rashly figures he has slapped on the greasepaint 800,000 times. He celebrated the anniversary by prettying Ida Lupino and Eleanor Parker, which may explain why he likes his work.

**WORD-A-DAY**

By MICKEY BACH

# Pacific Coast, Big Nine Leagues Sign Bowl Pact

BERKELEY, Calif., Nov. 20. (AP)—The Pacific Coast and Big Nine conferences early today signed a five-year football agreement that slammed the Rose Bowl door in anxious Army's face and probably will send Illinois—which voted against the pact—into the world's richest bowl contest Jan. 1.

Illinois, ranking fifth nationally, is the potential Big Nine (Western Conference) champion, having only to win from Northwestern Saturday to clinch the title.

Undefeated University of California at Los Angeles, No. 4 college eleven, holds the edge over the once-beaten University of Southern California, rated tenth in the national football poll, to become the host team for the bowl. The issue will be decid-

ed when the two teams clash Saturday at Los Angeles.

Should U.C.L.A. and Illinois emerge as rivals in the Tournament of Roses classic, the west would again see Buddy Young, fleetfooted Illinois back who starred for the Fleet City Navy team on the coast last year and for which UCLA alumni were at one time reported bidding.

An official press release by the Big Nine-Pacific Coast negotiators made no mention of powerful Army, but the terms of the agreement left the Blanchard-Davis machine—number one in the nation—out in the cold.

The contract is effective immediately "for the Jan. 1, 1947, Rose Bowl game," with each conference to name a representative from within its own ranks.

**DENIES OFFER**—J. V. Sikes, assistant to Coach Wallace Butts at the University of Georgia, said he knew "absolutely nothing" about the report that he was the likely choice to succeed Homer Norton as head football coach at Texas A&M. (AP Wirephoto.)

## UCLA's Offense Tops In Nation, Records Reveal

NEW YORK, Nov. 20. (AP)—The best offensive record in college football is owned today by the all-victorious Bruins of UCLA, who stake their claim to the Pacific Coast Conference championship and their hopes for a Rose Bowl berth on Saturday's struggle with Southern California.

Statistics announced by the National Collegiate Athletic Bureau show that the Bruins jumped from third to first place among the nation's offensive leaders by rolling up a combined total of 562 yards in their 61-7 rout of Montana last week, 387 of them on the ground.

Notre Dame regained the lead in the rushing department, moving up from second position to replace Detroit, which dropped to third.

Hardin-Simmons moved from fourth to second in rushing with an average of 295.8 yards per game, followed by Detroit with 277.1, UCLA with 276.8 and Utah with 263.5.

Army, still unbeaten and recognized as the nation's No. 1 team, is no better than tenth in both rushing and total offense.

Nevada continues to top the forward passing teams.

Texas Mines leads the list in punting, replacing Nevada with an average of 42.1 yards on 54 kicks.

The ten leaders in each department:

Total offense—UCLA, 409.9 yards average per game; Notre Dame, 399.8; Boston College, 371.7; Georgia, 375.1; Nevada, 371.7; Hardin-Simmons, 361.6; Yale, 349.8; Utah, 343.4; St. Mary's, 341.4; Army, 340.6.

Rushing offense—Notre Dame, 302.3 yards average per game; Hardin-Simmons, 295.8; Detroit, 277.1; UCLA, 276.8; Utah, 263.5; Mississippi State, 243.5; Pennsylvania, 242; Yale, 240.5; Northwestern, 229.9; Army, 228.7.

Passing offense—Nevada, 189.6 yards average per game; Georgia, 173.1; Boston College, 164; Texas, 160.2; Oklahoma A. & M., 151.8; Princeton, 149.3; Arizona, 143.6; Florida, 143.1; Marquette, 138.1; Indiana, 135.8.

Punting—Texas Mines, 42.1 yards average per punt; Nevada, 41.2; New Mexico, 40.7; Mississippi, 40.6; VMI, 40.2; Cornell, 40.2; North Carolina, 40.2; Miami (Fla.), 40.1; Southern California, 39.8; Alabama, 39.7.

# Yearlings To Meet Colorado City B Team Here Thursday

## Locals Campaign For Fourth Win Of Campaign

Colorado City's B football string comes to town Thursday, seeking to avenge a 14-0 defeat handed them by Jim McWhorter's doughty

youthful elevens collide at Steer stadium in a game booked to begin at 3:30 p.m.

The Wolf Pack will hold a weight advantage over the Big Springers. However, that didn't seem to make much difference Yearlings a month ago. The two

when the locals invaded the camp of the enemy last month and outplayed them.

Howard Jones set up the Yearlings' initial score in last month's game when he intercepted a pass thrown by Bill House and returned it deep into Colorado City territory. From that point, Billy Carlisle loped into the end zones. Carlisle later added the point in a dash through the line.

Pete Pierce gave the Big Springers some trouble later but the Yearlings scored again early in the fourth period to put the decision on ice. It was Arliss Davis, fleet half back, who did the honors.

Pierce once returned a punt 50 yards only to be thrown on the Big Spring ten yard line and the Yearlings held at that point. The Wolf Cubs made only one other major threat, going as far as the Big Spring 20.

McWhorter's passing combination of Carlisle and James Pettigo will combine with such running threats as Davis, Eddie Hooper and James Fannin to give the locals a well rounded offense.

Kenneth Guthrie, Victor Woods, Pettigo and others will be active in the Big Spring forward wall.

In six games played to date, the Yearlings have won three, lost two and tied one. They opened the season with a 19-0 victory over Midland, then beat Odessa, 35-0, before losing to the latter club, 6-0. They returned to winning ways against Colorado City, then were outscored by San Angelo, 19-14. In their last outing, Sweetwater fought them to a 6-6 dead lock.

## Opposition Voiced To Prep Boxing

AUSTIN, Nov. 20. (AP)—Unequivocal opposition to boxing as a high school sport has been expressed by the Interscholastic League, editorial mouthpiece of the Texas Interscholastic League. "Boxing has no place in interschool athletics," the magazine said in an editorial. "Any interscholastic contest whose prime objective is to cut down the other man, bruise and batter him, mark his face and body and then be declared the winner by knocking him unconscious is in direct opposition to every principle of good sportsmanship and the philosophy of interscholastic sports."

The newspaper said it had no quarrel with professional fighting.

## Banquet Planned For Red Devils

Members of the Central Ward football team, champions of the Grade school league for the second year in a row, will be honored guests at a banquet in the school cafeteria at 8 p.m. Friday, Dec. 6th.

Parents, teachers and the coach, D. A. Miller, will attend the function along with the players.

For the second consecutive season, the Red Devils went through the campaign undefeated and untied. They scored 138 points to a mere seven for the opposition.

## LOOKING 'EM OVER

With TOMMY HART  
Lamesa's baseball fortunes, at low ebb throughout the 1946 season, may take a turn for the better next spring.

According to information coming out of the Dawson county city, Lefty Craig has been appointed general manager of the Lobos and as such will represent the club at the minor league meeting in Los Angeles next month. Lefty will probably go west for the purpose of getting a working agreement with some major league outfit, something the Lobos desperately needed the past campaign.

It is doubtful George Sturdivant, one of two pilots the Lamesans had last season, will take that job even if proffered it next spring. George was ready to throw in the towel long before September rolled around but was cajoled into remaining at the helm.

Sturdivant, who is a crackerjack first sacker, was given an offer by Borgor after going on the shelf during the summer with a head injury. He probably could report to a fat contract there come spring.

Incidentally, the salary limit of the WT-NM league teams has been elevated from \$2200 to \$2800 for 1947, which means that each of the 15 players on a roster will be eligible for something like a \$50 raise in pay over the standard of the past year. Of course, there were several clubs in the circuit which didn't hesitate to exceed the pay limit or the class rule last season.

One of this section's more avid sports fans is Jack Rodgers, 13-year-old Ackerly youngster.

Young Jack corresponds with several athletic notables. Lou Welaj, the Fort Worth baseball player, sent him a baseball last summer. He received a letter from Jess Mason, the TCU grid standout, recently. H. C. Meith, who stars for the North Side eleven which appeared here, gave the youngster an arm band and Rodgers has several pictures of Harry Ghaul, the Miami university kicking star. Big Harry sent them out after Jackie wrote him recently.

Our attentions have been called not once but twice to the fact that it was Jim Breeden and not John Hart who refereed the Big Spring-Midland grid classic last weekend. Jim's job proved most commendable and praise worthy, especially to local fans who found him to be a cool customer when the going waxed warm.

The best young gridgers we were privileged to see in the Ward school league games were Jimmy Stewart and Randall Garner, Central; Jimmy Porter, College Heights; Raymond Glistrap and Delano Knox, East Ward; and Spec Franklin, West Ward. All should be ready for varsity competition with the Longhorns in a few seasons.

## Stanton Swamps JayCee Lassies

STANTON, Nov. 20. — The Stanton Independents swamped the Howard County Junior College girls' basketball team, 38-10, in an exhibition game played here Tuesday night.

Big Spring tried two defensive setups against the Stanton clan and both failed miserably. The Stanton fens were expert at searching out the basket from virtually anywhere on the court.

Claudie Dozier was the JayCees' outstanding player.

## Abbott, Three Strangers Appear On AC Grappling Card Tonight

Two Texans and two "furriners" pair off in the matches Pat O'Dowdy has cooked up for local wrestling fans at the West Texas Auction barn this evening.

In the front half of the double main-event, Ace Abbott of Abilene and Lee Landry, a swiftie from Beaumont, have at it while Pollo Condova of Mexico City and Lou Garner, a Boston strong-boy, comes to grips in the afterpiece.

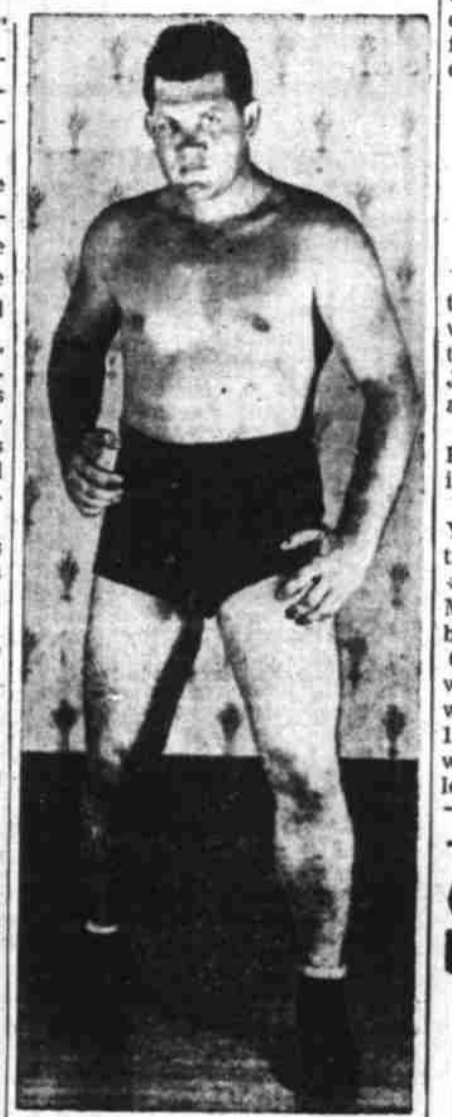

Of the four, only Abbott has pitched his teepee in these parts before. He appeared on O'Dowdy's first card three weeks back and slammed Billy Nichols to the canvas.

Landry has been winning his share of contests in other Texas rings but the promoter never had a chance to work him into the local picture until this week. He was originally committed to mingle with Art Brady, the Hollywood adonis, but agree to meet up with Abbott instead when the Huntington Park, Calif. boy hit sick bay.

Condova is a Mexico speed merchant whose speed should stand him in good stead against a bloke like Garner. Garner gained vast experience in eastern and midwestern rings and knows his way about the roped square.

Both matches will be for the best two-of-three falls. Starting time for the Abbott-Landry set is 8 o'clock.

O'Dowdy has reserved seat tickets on sale at the Club cafe. He's numbered all ringside and reserve seats at the arena.

## Six-Man Players Check In Togs

Players of the teams in the District Ten six-man football league have checked in their battle gear with the exception of the Water Valley Wildcats, who will probably play a bi-district game next week.

The Cats, unlike the kingpins of a year ago—the Coahoma Bulldogs—will carry an undefeated and untied record into play. The Dogs lost three early season games, then finished strongly to sweep to the championship.

Elvis Mathis' tallied 290 points while holding the combined foe to 54. Dick Miers and Gene Cope, two of the Cats' best bets for all-district honors, tied for individual scoring laurels. Each had 74 points.

Forsan, winding up with a 25-12 victory over Coahoma, finished in second place while Sterling City beat out Garden City for the third spot. Coahoma dropped to fifth place in the eight club circuit.

Mathis is in his first coaching year at Water Valley. He succeeded Diddle Young, who led the Cats to the district playoff last year.

Final standings:

Team	W	L	T	Pts.	Opp.
Water Valley	7	0	0	290	54
Forsan	6	1	0	213	110
Sterling City	4	2	0	290	143
Garden City	4	3	0	187	118
Coahoma	3	3	1	169	116
Courney	2	5	0	138	147
Merton	0	6	0	54	268
Knott	0	6	0	34	214

## Cagers To Play Jayhawk-Legion

Howard County Junior College Jayhawks and the Big Spring American Legion basketball team are due to reel off their postponed tilt at 7:30 tonight in the high school gymnasium.

Admission price has been set at 15 cents.

The game was originally scheduled for Tuesday night, but was postponed Tuesday afternoon.

The Jayhawks will be after their seventh straight victory, while the Legion team will seek to avenge close contest. In their initial contest with the Legionnaires, the Jayhawks squeaked through with a 34-33 decision.

## CAMACHO TO BE HONORED

EL PASO, Nov. 20. (AP)—A gold pen and pencil set will be presented to President Avila Camacho of Mexico when the Bowie High School football team goes to Mexico City Nov. 30 to meet the Mexico City YMCA.

## Gets Life Sentence, Will Appeal Case

SWEETWATER, Nov. 20. (AP)—A motion for a new trial for Jim Thomas, convicted Oct. 19, for the third time on a charge of murder in connection with the death of Dr. Roy Hunt of Littlefield, has been overruled by District Judge Albert S. Mauzey.

Thomas was sentenced yesterday to life imprisonment. His attorneys filed notice of appeal.

On the two previous convictions Thomas received a death penalty sentence.

## A Local Lady Spit Up Acid Liquids For Hours After Eating

For hours after every meal, a local lady used to spit up a strong, acidulous liquid mixed with pieces of half-digested food. She says it was awful. At times she would nearly strangle. She had stomach bloating, daily headaches and constant irregular bowel action. Today, this lady eats her meals and change is due to taking INNER-AID. Her food agrees with her. No gas, bloating or spitting up after eating. She is also free of headaches now, and bowels are regular, thanks to this Remarkable New Compound.

INNER-AID contains 12 Great Herbs: they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get INNER-AID in Big Spring.

## CARD OF THANKS

We wish to thank our many friends and neighbors for the food and flowers, kind expressions of sympathy offered in the recent loss of our darling Billy. May God richly bless you.

Mr. and Mrs. Claude Eppler  
Martha, James Hughlon. (adv.)

**CARD OF THANKS**  
We wish to thank all who were so kind to us during our recent bereavement in the loss of our loved one. The beautiful floral offerings, kind words and thoughtful helpfulness has made our burden easier to bear. Special thanks go to the city and state police for their assistance. May God's richest blessings rest on each of you.

Glenn Petree and Family. (adv.)

In Spain on Christmas Eve, or Nochebuena, throngs of young people crowd the streets anxious to perform "good deeds" before church bells toll the hour of the Holy Birth.

**Daily Crude Output Shows A Decline**

TULSA, Okla., Nov. 20. (AP) — The United States daily production of crude oil averaged 4,795,555 barrels during the week ended Nov. 16, a drop of 10,305 barrels from the previous weeks output, the Oil & Gas Journal reported today.

Both Texas and the eastern area reported large declines. Texas production dropping 5,500 barrels to 2,096,750 and the eastern area declining by 5,700 barrels to 64,800.

Illinois output was off 2,950 barrels to 204,000, and the Rocky Mountain area of Colorado, Montana and Wyoming reported a drop of 2,820 barrels to 163,800.

Kansas reported an increase of 2,450 barrels to 269,900. Oklahoma was up 1,950 barrels to 385,200. California increase 1,500 to 871,000. Mississippi production went up 1,250 to 78,350, and Louisiana gained 250 barrels to 407,000.

**RAZOR BLADES ON SURPLUS LIST**

The War Assets Administration has a problem about what to do with new razor blades.

However, WAA plans to solve it by accepting bids for the blades, which come five to a package, in lots of 2,000 packages or more. Bids will be accepted at the San Francisco office, 1161 Market street. In all there are some 9,000,000 blades involved.

**Lakeview Quartet Entertains Club**

Entertainment for the Rotary club program Tuesday was furnished by the Lakeview (colored) girls quartet, under the direction of E. M. Watson, principal of the school.

H. D. Norris urged Rotarians to attend a chili supper Nov. 25 at the First Methodist church to meet with members of Boy Scout troop No. 1, which the club sponsors.

Visiting Rotarians were Robbie Robertson, Abilene, J. C. Hammer, San Angelo, Bob Fuller, Lubbock, and other visitors were David Elrod, new assistant scoutmaster of the club's troop, Rev. C. A. Long, Rev. Gage Lloyd, and Jack McNulty.

**LETTER-COUNTING MACHINE BUSTED**

The local post office's letter-counting machine, which has totaled up millions of pieces of mail in the past two decades, has broken down for the first time since Nat Shick became postmaster nearly 14 years ago. However, the job of adding up the individual letters is continuing.

Postal clerks compute the number of outgoing letters by the pound, a fairly accurate system.

The apparatus is undergoing repairs in Washington and is expected to be returned here shortly.

**Simple Switch To Stop Phone Ringing**

CLEVELAND (U.P.) — For people annoyed by constant ringing of the phone Vincent Colonese has a cure. Simple: just turn it off.

Colonese has perfected a tumbler switch that fits into the base of the phone. Flip the switch and the phone stops ringing.

Colonese's experiment has been received favorably by telephone company officials here. They suggested he demonstrate it to the engineering department of the Western Electric Company, where phones are made.

The discovery of insulin revolutionized the treatment of diabetes.

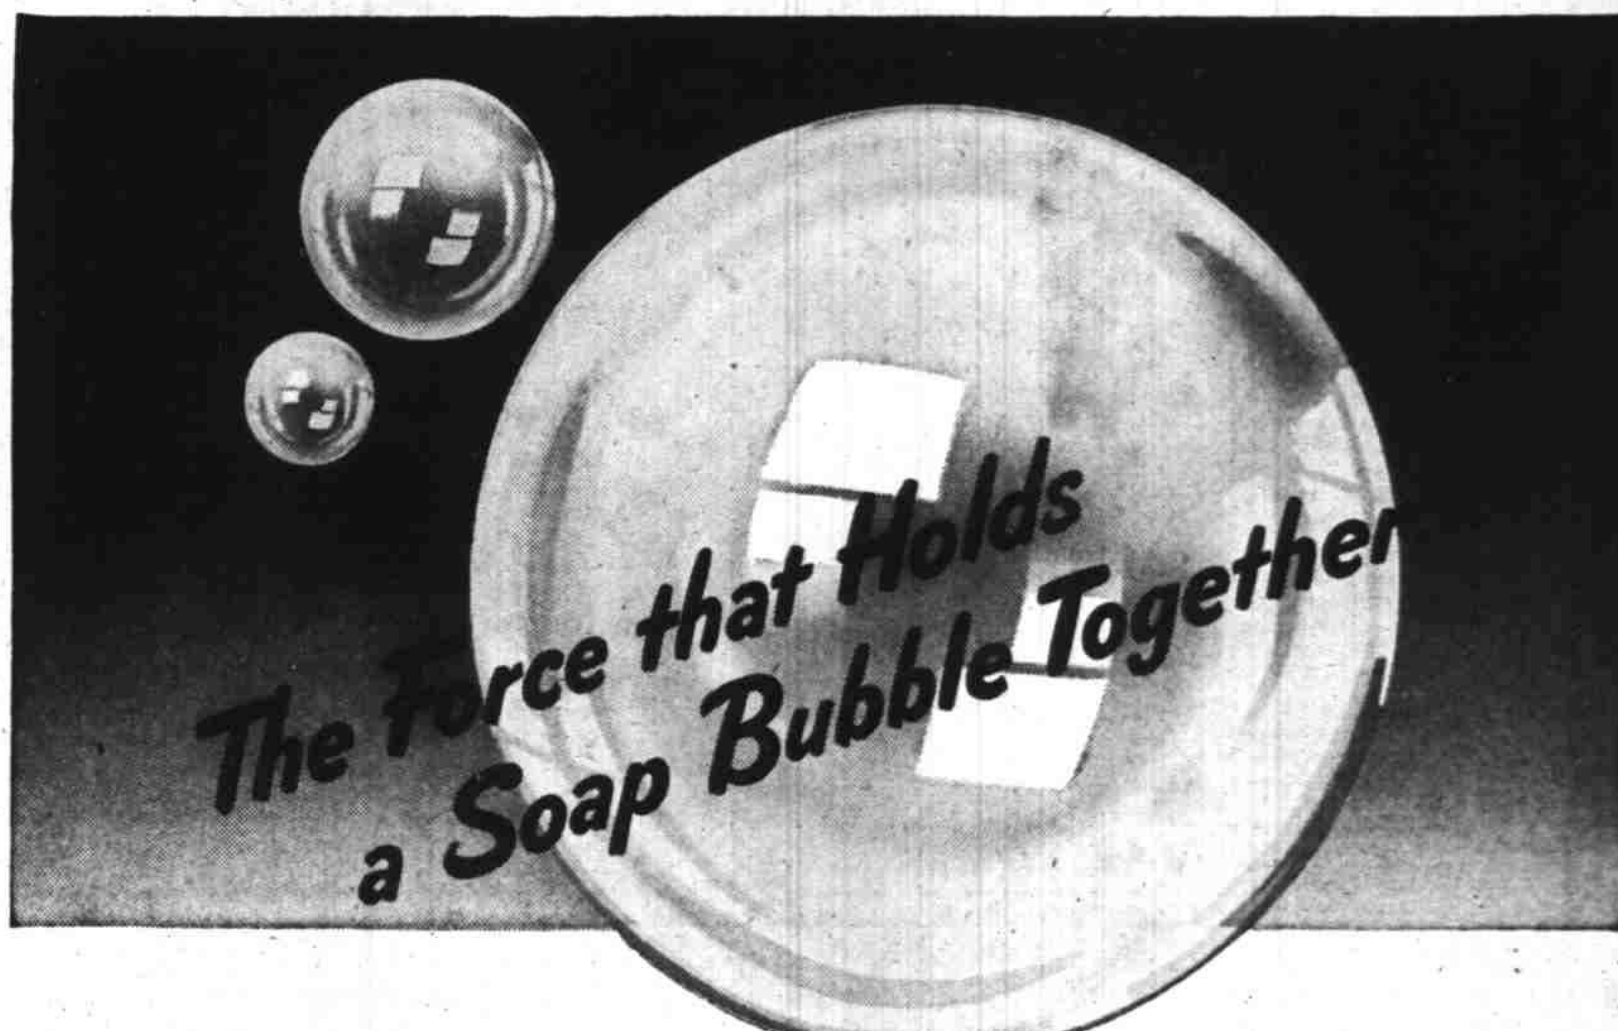

**ACCURATE BOOTER**

WILLIAMSBURG, Va., Nov. 20. (AP) — Fullback Stan Magdziak's teammates on the William and Mary football team have dubbed him "the Toe." Magdziak kicked 11 of 12 extra points in two

games — against Virginia Tech and Washington and Lee. His home is at Passaic, N.J.

The Great Lakes are in the U. S. zone of lowest annual evaporation.

**OIL-PLATES Your Engine!**

**ACTUALLY** a soap bubble is an extremely sheer net of molecules (held together by a strange attractive force) enclosing a sphere of air. And by pioneering in fields of molecular forces, Conoco scientists bring out new and better oils.

For instance, by molecular attraction, a special ingredient in Conoco N<sup>th</sup> motor oil is bonded to working surfaces of your engine. Unlike the soap bubble which vanishes when pricked, Conoco N<sup>th</sup> oil's ingredient holds on—is OIL-PLATED to cylinder walls and other parts.

OIL-PLATING stays up where it belongs... doesn't all drain down to the crankcase, even

overnight... gives you these big benefits:

- added protection when your engine starts up
- added protection from corrosive action
- added protection from wear that leads to fouling sludge and carbon
- added smooth, silent miles

That's why to OIL-PLATE now... at Your Conoco Mileage Merchant's. Look for the red triangle. Continental Oil Company
