

Nationalists Claim Sinking Of Red Sub

By SPENCER MOOSA
TAIPEI, Formosa (AP)—The Chinese Nationalist air force claimed one of its bombers sank a submarine off the Red-held Tashan Islands this afternoon while other planes and warships wreaked

havoc on a Chinese Communist troop supply convoy. The air force said the bomber went into a power dive and bombed and strafed the sub, scoring direct hits and causing bubbles to rise as it went down. Planes patrolled the area for a long period but found no trace of the undersea craft.

March Hike Set In Oil Allowable

AUSTIN (AP)—The Railroad Commission boosted Texas oil allowable production for March to 3,279,263 barrels daily today, an increase of 37,682 over February.

Fields will be on 18 producing days, both statewide and for the big East Texas Pool, compared to 16 days for the short month of February.

The boost just about restored a cut of 38,327 barrels ordered a month ago.

The March order followed a public hearing at which spokesmen for most major purchasers of Texas crude requested 17 producing days for next month.

Three purchasers, Atlantic, Sun and Shell, asked for 18 days. Eighteen days were also requested for the big East Texas Field.

Commissioner Ernest Thompson told the industry representatives it appears crude stocks are low in the light of a recent study by a committee of the American Petroleum Institute.

He said the study on availability of crude showed 68 per cent of stocks are required for operational purposes, such as filling pipelines and the like. That would leave 32 per cent of the stocks actually available for use, he said.

Thompson estimated with present stocks at 260 million barrels, the 32 per cent available for use would equal about 13 days supply. He said he considered that too low.

Commissioner Olin Culberson inquired if purchasers were considering underproduction in making their nominations and if nominations were on a net or gross basis. Actual production usually runs about 5 per cent under the allowable.

Industry spokesmen said their nominations were net figures but they were unable to explain why they were asking for 17 days when their nominations total showed an increase of 55,352 barrels daily.

Culberson told them 17 days would actually result in a cut in allowable.

Howard County Engineer Hired

County Commissioners this morning employed a county engineer, filling a position that has been vacant for approximately two years.

Foster R. Dickey, 49, of San Angelo was named to the post. The appointment is effective Monday, although the engineer already is on the ground familiarizing himself with facilities and duties.

Dickey recently retired from the Army. He served as engineer for Goodfellow Air Force Base at San Angelo and held the rank of major.

Starting salary was set at \$6,000 per year, and commissioners said the pay could be advanced periodically to the maximum of \$7,300 if the arrangement proves satisfactory.

Dickey was given complete authority to operate the county road and bridge department, with commissioners to fix all policy. The engineer said some reorganization of the department probably will be necessary, but that he expects to spend two or three months studying present operations.

Commissioners voted unanimously for the appointment, which was recommended by County Judge H. H. Weaver.

The commissioners also discussed Man Found Hanged

DALLAS (AP)—Kalmann Wirchberg, 40, was found hanged at his home yesterday. His widow discovered the body.

THE WEATHER

BIG SPRING AND VICINITY Cloudy with scattered showers. High tonight 55. Low tonight 45. Clear Saturday and continued cold. High tonight 50. Low tonight 40. High today 50. Low tonight 40. High today 50. Low tonight 40.

Cigarette Tax Hike Proposal Is Introduced

By BO BYERS
AUSTIN (AP)—Rep. W. G. Kirklín of Odessa introduced a bill today to increase the cigarette tax one cent per pack in line with Gov. Shivers' recommendations.

A bill incorporating the governor's suggestion for a boost of two cents per gallon in the gasoline tax already has been introduced but has not yet had a hearing.

Kirklín, who estimated his cigarette tax would yield the state 10 million dollars per year more, said he will ask a hearing within two weeks.

A bill to drive lewd, corruptive or depraved comic books off the news stands was advanced by the House over warnings that it threatens freedom of the press.

Approval of Rep. Joe Pool's bill was by voice vote. He did not seek immediate final passage, saying later too many members were absent to seek such action.

Attendance at the session was light as the House made good for the first time on its early-session promise to stay on the job five days a week.

Reps. Maury Maverick Jr. of San Antonio and Edgar Berlin of Port Neches opposed the bill, asserting the threat it posed to freedom of the press is a greater danger than the potential harmful effect of bad comics.

Berlin said the "only way" to handle a comics clean-up is "to police it ourselves—as parents."

"Once you start a bureau of censorship of anybody—even if it's aimed at depravity or lewdness—it's only one short step to censorship of other kinds, to censorship of political news and news of other kinds," Berlin cautioned.

Pool told the House his bill does not set up a censorship board. It makes distribution, displaying or offering for sale of the objectionable comic books a misdemeanor subject to a jail sentence of six months, a fine of \$1,000, or both.

Pool said his measure has the backing of P.T.A. groups, mothers and fathers over Texas.

The Senate was in recess until Monday, but House members came back on the job for their first Friday session—marking their first five-day-week—since the Legislature began work Jan. 11.

Proposals to activate Gov. Allan Shivers' recommendations for an improved state hospital and special school system were introduced in the Senate yesterday. They included one constitutional amendment and four bills by Sen. Otis Lock of Lufkin.

The proposed constitutional amendment provides that mentally ill persons may be committed to state hospitals without a lunacy trial before a jury where the person is not charged with a criminal offense.

The other bills by Lock, similar to several pending in the House, would streamline methods of treating and discharging patients in state hospitals and students in the special schools for the mentally deficient.

The Senate yesterday adopted a House resolution asking Congress to limit the importation of oil. The resolution calls excess oil imports a threat to the economy of the state.

Introduced in the House yesterday was a bill by Rep. Heuben Dickie of Temple to regulate solicitation of funds for charitable purposes. It would require registration of such soliciting agencies.

Fourth Burn Victim Dies At Brownwood

BROWNWOOD (AP)—A fourth aged woman died today of burns received in a nursing home fire a week ago.

She was W. R. Hallmark, 79, retired Abilene baker. The blaze was at Allgood's nursing home last Friday.

Three elderly women and a man died as flames swept the home in 20-degree cold. The director of the Brown County health center reported the fire was caused by a patient's smoking in bed.

Puzzle Again Unsolved; Prize Goes Up To \$75

If you missed Cash Word Puzzle No. 2 in The Herald this week, don't feel too bad about it. Two thousand, eight hundred and fifty one other persons missed, too.

The report is, after checking 2,852 entries against the master solution which reached The Herald Thursday morning: No winners.

So, the prize advances another \$25, and the "jackpot" payoff next week will be \$75. And, if the winning entry, coming through the mail is on an open postcard, there'll be a \$250 bonus. (A note about the postcard: If you drop your entry into the special box at The Herald office, you don't need the card; just the clipping from the paper, or a reasonable facsimile. If you use the mails, DO NOT put your postcard in an envelope, just mail the card. We're trying to cut down on opening envelopes.)

The correct solution to Puzzle No. 2 appears on Page 10 in today's Herald. You'll see again, that the definitions are complex, and that you have to study them very closely to hit the ONE CORRECT word.

But the Cash Word Puzzle CAN be mastered, and those who want to keep trying their ingenuity and their word skill against the puzzle makers, will have a chance to cash in on a bigger prize. Puzzle No. 3 will appear in Monday's Herald, and you have until next Thursday morning to work out a solution that could win. Keep trying!

Wet Norther Moves Down On Texas; Rain Hopes High

Scattered Showers Are Forecast Here

Cold temperatures with rain is the forecast for Big Spring this afternoon and tonight, according to the U. S. Weather Bureau at Midland.

Scattered showers and temperatures to 28 degrees are expected to hit the city this afternoon and tonight.

The weather bureau also predicted gusty winds and blowing dust this afternoon. Tomorrow's high is expected to reach 40 degrees with not much expectation of rain.

The high reading today is predicted at 65. The low last night was 56 degrees and the high Thursday was 68.

A blizzard blew up in the Western Plains Friday and aimed snow, rain and freezing cold at Texas. Icy Canadian air was due to howl into the Panhandle shortly after noon and chill the state from Dalhart to Brownsville, cutting short balmy spring-like weather it's enjoyed several days.

Snow and temperatures of 15-35 were forecast for the Panhandle and Upper South Plains Friday night and early Saturday. Stockmen were advised to shelter animals, and motorists warned to beware of tricky pavement.

The weather bureau forecast an overnight low of 25-35 in the west and north parts of North Central Texas with a chance of snow in the north Saturday.

Freezing cold was expected to blanket upper Texas during the night.

The cold air wedge, knitting into moist Gulf air over the state, was expected to stir up scattered showers and thunderstorms over all sections of Texas. The drought-hurt state has had helpful winter rains in recent months, but more moisture is needed.

Although colder weather was forecast for South Texas, it was not believed the northern packed enough punch to hit the Rio Grande Valley with another freeze. A recent freeze in that semitropical area at Texas' tip killed

some tender vegetables. Citrus trees escaped damage. The norther was due in the Panhandle about 2 p.m.

John Zimmerman, forecaster at Dallas, said this norther would unload more moisture over dry Texas than several the past few weeks. The front was expected to cut short spring-like weather.

Ahead of it, skies clouded up and light rain began falling in Central Texas around Waco and Austin and in West Texas. The only measurable amount to 6:30 a.m. was .05 inch at El Paso.

Winds, sucked into the "low pressure" storm area, whipped across the state. Southerly gusts of 30 m.p.h. kicked up dust in the Upper Texas Panhandle Thursday, cutting visibility at Dalhart to one mile.

Pre-dawn temperatures Friday ranged from 43 at Dalhart to 67 at Brownville.

MRS. D. M. LOVELACE

... Not Enough Room For The Candles

Garden City Woman, 102, Observes Birthday Today

By ANNE LEFEVER
GARDEN CITY — "I'm just fine. Don't you think I am?" This was the greeting given by Mrs. D. M. Lovelace of Garden City to neighbors and friends who called on her Friday to wish her "Happy Birthday."

And, considering it was her 102nd birthday and she was recovering from a fall about five weeks ago, she was "just fine." When we talked to her, she had a dark dress, pressed cotton and she was quite dazed up for the occasion. Her daughter, Mrs. W. J. Williams, with whom she lives, said that for the past week, Mrs. Lovelace has asked, "Don't you think I had better put on my silk hose?"

A family dinner is planned today in the Williams home in Garden City, with the Mary Martha Sunday School Class of the Presbyterian and Methodist Churches acting as hostesses. Present will be her other two children, Mrs. A. T. Rogers, and Mr. Rogers, and Mr. and Mrs. T. R. Lovelace all of Big Spring. They, with Mrs. Williams, are the three children who are left of the nine born to Mrs. Lovelace and her husband, who died in 1925.

The honoree was born in Arkansas, but the family moved to Dallas when she was three years old. Her father brought in the lumber for one of the first stores to be built in that town. After her marriage, she and her husband lived in Hamilton County for a while and then at Midland.

The trip, in a covered wagon, took a month. The family stopped over on the way out in Garden City, and after a brief time in Midland, moved to Big Spring. This move was made on the recommendation of a doctor, who thought it would be beneficial to her health. Evidently it was.

When she reached the age of 90, Mrs. Lovelace expressed the wish that she would live to be 100. She had been active in the Methodist Church since 1895 up until about five years ago. Her main worry now, Mrs. Williams said, is that she isn't still young and active. During her lifetime, Mrs. Lovelace has been fond of piecing quilts but now her eyesight prohibits that, and she misses the pastime.

Besides her three children, Mrs. Lovelace has 17 grandchildren, 38 great-grandchildren and 15 great-great-grandchildren. A source of pride in the family is that she still has most of her own teeth. As her daughter said, "Hers have outlasted all her children's."

First Woman Bailiff

HOUSTON (AP)—Harris County had its first woman bailiff today. Mrs. Lois Martin, wife of Police Lt. Owen Martin and a grandmother, was hired yesterday and will start work March 1.

Demos Say Ike Plea Needed On Trade Bill

By CHARLES F. BARRETT
WASHINGTON (AP)—Key House Democrats said today only last-minute influence from President Eisenhower apparently can prevent a "crippling" amendment to Eisenhower's world trade legislation.

There were reports the President was planning an appeal for support through a message to Republican Leader Martin (Mass).

House Speaker Rayburn (D-Tex) said if Republicans couldn't muster more votes for the program than they did in preliminary skinning yesterday, the amendment probably would pass late today.

Rep. Mills (D-Ark), a leader in the fight for the administration bill, said an amendment to be offered by Rep. Daniel A. Reed (R-NY) "would seriously limit the President's discretion and cripple the authority he now has in the reciprocal trade program."

Mills added: "It appears that only the President can prevent such a devastating motion from being adopted by the House."

They commented as the House waded into its second straight day of touch-and-go debate on the tariff issue, a political battleground for over a century.

Eisenhower's bill, sponsored by Rep. Cooper (D-Tenn), would extend for three more years the President's power to negotiate reciprocal trade agreements. It also would give him added power to cut tariffs 5 per cent below present levels each year.

The Reed amendment, however, would declare the President could override a higher-tariff recommendation from the Tariff Commission only if national security "requires" such action.

It took three roll calls within 24 hours yesterday merely to establish procedure for considering the bill. In the windup, supporters of the program succeeded by only one vote, 193-192, in adopting a rule which limits foes to offering just one amendment.

But in the tentative first test yesterday, supporters were startled by a 28-vote licking. It appeared then the bill would be opened to a flood of trade-restricting amendments. The picture was reversed only after Speaker of the House Rayburn (D-Tex) stepped down from the rostrum to plead for the limitation.

On each roll call, a majority of Republicans voted against the procedure curbing amendments. A majority of Democrats supported it. Democrats did most of the shifting to save the day for supporters of the trade program.

Cosden Earnings Up 20 Per Cent

A 20 per cent increase in net earnings was noted Thursday as directors of Cosden Petroleum Corporation declared the regular 25 per cent share quarterly dividend.

In his report to the board at New York, R. L. Tollett, president, reported that net earnings for the first three quarters of the fiscal year ending Jan. 31, 1955, amounted to \$2,570,392.88. This was the equivalent of \$2.48 per share. For the first nine months of the previous fiscal year, earnings were \$2,142,724.82, or at the rate of \$2.07 per share.

The \$427,668.06 was equivalent to 41 cents or 20 per cent per share. Directors ordered the quarterly dividend payable to stockholders of record as of March 1, 1955, on the 1,036,323 outstanding shares.

State Hospital Job Near Finish

The new ward buildings and central kitchen at the State Hospital should be finished in about three weeks, according to W. J. Schwarzer, superintendent of the Eitz-Kitchens Construction Co.

The superintendent said the work had been held up due to unavailability of materials, but that work would be finished in three weeks or a month. The capacity of the State Hospital will be increased by approximately 350 beds when the new wards are finished. This will raise the total amount of patients to about 900 in the hospital, if the present number of patients are maintained in present buildings.

Other construction being planned is all-weather roads on the hospital grounds. Dirt roads have been used in the past, but an asphalt topping is now planned to make them more serviceable.

Derby Signup Period Again

It's registration time again this week for the Spag Box Derby.

Boys between the ages of 11 and 15 (they must have their 11th birthday before August 14, 1955, and must not have had their 16th birthday by the same date) are eligible.

They must register officially, on Fridays and Saturdays only, at the Tidwell Chevrolet Co. They must be accompanied by a parent or guardian, who must sign the registration form.

When they register, they get a free rule book which gives all information on building a coaster; and they are free to start work on the car. Boys must arrange to purchase official wheels (only kind permitted) and then must not spend more than \$10 on the rest of the racer. Those who complete their cars for the July 4th race will be reimbursed for their costs by a special sponsor.

Boys have a chance at winning handsome prizes here, and the winner gets an all-expense-paid trip to Akron, Ohio for the All American Derby. There he has a chance at \$5,000 in college scholarships, including \$5,000 first prize.

The blizzard edged in Wyoming from the north yesterday and slowly moved southward across the state and into northern Colorado today.

Two-mile-high Leadville reported 6 inches of new snow. Eagle measured 5 inches, and Craig and Denver 3 inches.

The Weather Bureau said the storm, accompanied by strong winds, had reached Pueblo in southern Colorado and was expected to spread over the rest of the state during the day. It was growing in intensity, the bureau said, and depths were expected to reach 5 to 8 inches.

Livestock and highway warnings were issued by the bureau for both Colorado and Wyoming.

Snow was piling up in southern Colorado, with reports of high winds on all mountain passes in the San Juan Basin.

Coalbank Hill near Durango has had 23 inches of snow since 9 p.m. Thursday and snow was still falling.

Wolf Creek Pass, between the San Juan and San Luis basins, has 15 inches of new snow.

Blizzard Blasts Wyoming And Colorado Today

DENVER (AP)—A howling blizzard with winds reaching 50 miles an hour in gusts swept over Wyoming and northern Colorado today.

Wind-whipped snow clogged major highways in Wyoming and bus line offices in Cheyenne reported all vehicles from the West were being held up. All air travel in the state has been canceled.

Concern was expressed over small, isolated communities on both slopes of the Continental Divide in Wyoming. Highway Patrolmen cautioned against "travel of any kind," pointing out that driving around blizzards might trap drivers as high winds whipped the snow along the ground in whirling waves and piled it into huge drifts in certain areas.

Heaviest snowfalls in Wyoming were 10 inches at Sheridan, in the northern part of the state, and 8 inches at mountain-surrounded Lander in the central portion. Elsewhere, the snow depth varied from one to 3 inches.

The blizzard edged in Wyoming from the north yesterday and slowly moved southward across the state and into northern Colorado today.

Two-mile-high Leadville reported 6 inches of new snow. Eagle measured 5 inches, and Craig and Denver 3 inches.

The Weather Bureau said the storm, accompanied by strong winds, had reached Pueblo in southern Colorado and was expected to spread over the rest of the state during the day. It was growing in intensity, the bureau said, and depths were expected to reach 5 to 8 inches.

Livestock and highway warnings were issued by the bureau for both Colorado and Wyoming.

Snow was piling up in southern Colorado, with reports of high winds on all mountain passes in the San Juan Basin.

Coalbank Hill near Durango has had 23 inches of snow since 9 p.m. Thursday and snow was still falling.

Wolf Creek Pass, between the San Juan and San Luis basins, has 15 inches of new snow.

BY FRENCH ASSEMBLY Premier Candidate Pineau Asks Vote

support of about 310 members would leave his government on shaky ground. Some unofficial tabulations last night gave him less than 290 sure backers.

Pineau's program was typical of a Socialist candidate. It included provisions for wage increases and continuation of former Premier Pierre Mendes-France's negotiations to grant more authority to France's restive North African protectorates. He also was pledged to continue the fight for French ratification of the Paris treaties providing for the rearmament of West Germany. Approved by the Assembly, they still face Senate action.

The bulk of Pineau's firm support came from fellow Socialists and members of center groups in the Assembly. The Communists on the left and far right-wing elements stoutly opposed him.

Premier Candidate Pineau Asks Vote

PARIS (AP)— Socialist Christian Pineau put his proposed Cabinet and political platform on the firing line today, asking the National Assembly to confirm him as France's 21st postwar premier. He was given no more than an even chance for approval.

The schedule for the Assembly session called for Pineau to present his Cabinet and program in a speech immediately after the opening of proceedings, with debate following. Political wrangling could postpone the vote on approval until late tonight.

Victory for Pineau would end the two-week Cabinet crisis and make him the first Socialist premier since the resignation of Paul Ramadier in 1947.

The Premier-designate needed a majority of the votes cast at the 627-member Assembly. However, anything less than the continuing

support of about 310 members would leave his government on shaky ground. Some unofficial tabulations last night gave him less than 290 sure backers.

Pineau's program was typical of a Socialist candidate. It included provisions for wage increases and continuation of former Premier Pierre Mendes-France's negotiations to grant more authority to France's restive North African protectorates. He also was pledged to continue the fight for French ratification of the Paris treaties providing for the rearmament of West Germany. Approved by the Assembly, they still face Senate action.

The bulk of Pineau's firm support came from fellow Socialists and members of center groups in the Assembly. The Communists on the left and far right-wing elements stoutly opposed him.

Ex-President Of Panama Indicted

Former Panama President Jose Ramon Quizado, flanked by National Guardsmen, sits (center) in National Assembly hall in Panama Feb. 16 at session during which he was indicted for homicide in connection with the assassination last month of his predecessor in office, President Jose Antonio Remon. On wall in rear is campaign poster bearing picture of Remon, placed there for session. Beneath picture are Assembly President Ernesto Estenoz and Deputy Demetrio Martinez (on right). The National Assembly is the only body in Panama which can try a president. (AP Wirephoto).

Wayward Youth, 16, Admits Killing Girl

DETROIT (AP)—A distraught father lifted the slashed and battered body of his curly-haired 9-year-old daughter from an ice-rimmed pond last night. Three hours later, a wayward 16-year-old youth admitted killing the girl, the prosecutor reported.

The victim was pretty Kathleen McLaughlin. Her body was found near her parents' spacious suburban home in fashionable Franklin Knolls.

Prosecutor Fred Ziem of adjoining Oakland County said Floyd Diamond, small for his age, admitted stabbing the child repeatedly with a jackknife and crushing her skull with a rock in a fit of passion that built up as he mauled her in roughhouse play.

The boy recently was released after a year in the Wayne County Training School. His stepmother Mrs. Marge Diamond said he had been a "problem child" who never got beyond the fourth grade.

The father, John J. McLaughlin, 42, found the body in the pond during a search about two hours after the child was last seen by her family.

The boy's formal statement to Ziem told what happened in those two hours:

Floyd, who lives three blocks from the McLaughlins, came by Kathleen's home and saw her playing. Together, they headed toward a skating pond near the one where the body was found. There they began scuffling and tripping each other. He knocked her down, and she called him a name.

That angered him. He slapped her hard. She ran toward the other pond but he caught her and tore

off her jacket and blouse as she struggled in his grasp.

He fondled her upper body but she broke free and ran again. Again he caught her and fell on top of her with his open pocket knife in his hand. The first stabbing was "accidental." But the sight of blood did something to him and he stabbed the girl's body repeatedly until the blade of his pocket knife broke. Then he opened a smaller blade and slashed her more.

Then he dragged her by the leg to the pond. As her exposed body touched the icy water, she cried out. He grabbed a large rock and hit her three times on the head before abandoning her in the water.

Ziem said he probably will seek a waiver of juvenile court jurisdiction so Floyd can be prosecuted for murder.

Conviction Upheld On Bribe Charges

FRANKFURT, Germany (AP)—The U.S. High Commission Court of Appeals today upheld the conviction of Charles Wilson, 33, former food chief of the Army's European Exchange System, on charges of demanding bribes for procurement contracts.

Chief U.S. Prosecutor Thomas C. Lancelin, of Everett, Mass., described Wilson as "one of several EES procurement officials who operated a bribery racket" in Germany in 1951.

He said the operation netted \$235,000 in kickbacks before it was broken up.

First Flying Radar Station Due On East Coast March 1

COLORADO SPRINGS, Colo. (AP)—Continental Air Defense Command headquarters here announced early today that the first plane in an East Coast fleet of flying radar stations will arrive March 1 at Falmouth, Mass.

It will be the forerunner of 30 Lockheed Super Constellations to be stationed at Otis Air Force Base there.

The initial craft will be flown

from McClellan AFB in California by Col. Oliver Cellini of Chicago, who will command the 551st Aircraft Early Warning and Control Wing at Otis.

The flying radar stations are designed to fly over the Atlantic. Wing personnel will engage in extensive training before the 551st becomes operational, CADC said. No date was given for arrival of the remaining planes.

Independence Day Dinner Scheduled; No Politics Slated

AUSTIN (AP)—Democrats will hold a \$50 a plate Independence Day dinner in Dallas March 2, with Gov. Shivers the speaker.

Details of a new organization, "The Texas Foundation" will be explained at the dinner, George Sandlin, chairman of the state Democratic Executive Committee, said.

The organization is to be non-political, Sandlin said.

Co-chairman for the Dallas dinner will be Mrs. Cullen Thomas, Mrs. Giles Miller and Hugh Prather Jr.

Sandlin said the Texas Foundation will gather and disseminate historical and current trends influencing Texas today.

The Foundation charter said it is non-political, and will not attempt to influence legislation.

Organizers and trustees of the organization were listed in its charter as W. B. Neely Jr., and Dorothy I. Neely, both of Midland, and Eric Moss of Corley.

The Foundation plans to offer university scholarships to students who show an aptitude for careers in government, Sandlin said.

Snowbound Cowboy Is Doing All Right

RAWLINS, Wyo. (AP)—Mike Cronin, in his 70s, has been snowbound all alone since before Christmas on the Al Engberg ranch, where he's tending cattle.

They got worried about Mike the other day and just to be sure the old-time cowboy was getting along all right, Roy Rasmussen flew over the ranch, south of here, and dropped reading material.

"From the hearty wave we got, I'd say Cronin is doing fine," the pilot reported.

The fleet of Super Constellations—extending the radar warning net hundreds of miles out to sea—will be like the fleet of over the Pacific sentinels that has been operating from McClellan Air Force Base at Sacramento since last spring.

The radar planes at Otis, each with 5½ tons of electronic equipment, will provide extra time for the Atlantic seaboard to deploy jet interceptors in event of enemy attack. There also will be extra time to get civil defense facilities into operation.

The air fleet will keep watch around the clock.

The ground radar stations now in operation have a maximum range of about 200 miles. They have blind spots that might let low-flying enemy planes sneak in unobserved. The radar planes will have no blind spots.

The Navy is reported to be planning to put a number of radar picket ships at sea. But they, too, might miss low-flying enemy planes. Radar cannot bend around the horizon.

The huge platform islands that the Air Force plans to build on the continental shelf in the Atlantic for radar warning will extend out about 125 miles. Equipped with 200-mile radar, they would scan an area more than 300 miles at sea.

The Super Constellations are counted on to airlift the warning net hundreds of miles beyond that. The planes, carrying wing-tip tank have a 4,000-mile range. Each plane is capable of carrying a crew of 31, but the normal complement is slightly less than that.

About five radar scopes in the plane are monitored by radar experts sitting at their stations in the dimmed-out center section of the plane.

Operating the same as ground stations, the plane spotters make chalk marks on a map. Their work is closely integrated with the shore network. Jet interceptors on the alert along the coast would be airborne in minutes in case an unidentified plane failed to respond properly to a challenge.

Sen. Lock Asks Fiscal Changes

AUSTIN (AP)—Sen. Otis Lock of Lufkin said yesterday Texas has made progress in fiscal reorganization, but more improvements are needed in order to get a real value out of the 711 million dollars spent each year on government.

Lock said Texas actually spent that much during the fiscal year which ended Aug. 31, 1954.

The figure was cited in a memo in which Lock urged the need of more fiscal reorganization.

Lock is a member of the Senate Finance Committee. He said the Legislature should continue its policy of first disposing of major "must" money bills before considering miscellaneous spending.

Only 88 million of the 711 reported came from the general revenue fund, he said. Federal funds accounted for 162 million on "strings attached" state services, and 461 million came from other state funds.

Lock said any comparison of his

figure of 711 million with totals reported for previous years would be misleading, because early reports did not show all state spending.

Disqualifying Asked For Priest Hearing

LEBANON, Mo. (AP)—Prosecutor Joe Grossenheider has asked Judge Claude Curtis to disqualify himself in the Thurman Priest murder case.

Grossenheider alleged yesterday that one of the defense attorneys for Priest has undue influence on Curtis. The state could not get a free and impartial trial under such circumstances, the prosecutor said.

The defense attorneys are Paul Dillard and Jean Bradshaw. Priest is charged with murder in the slaying of his pretty niece, Jeannette Ernest, 11, of Fort Worth near here Nov. 17.

Attorneys for Priest, a Grand Prairie auditor, have indicated a plea of insanity for their client.

S. African Cabinet Asks More Power

JOHANNESBURG, South Africa (AP)—Prime Minister Johannes Strijdom's government has asked Parliament to widen its police powers greatly. Strijdom's regime is pushing a dual program of racial segregation and weakening British influence.

Proposed changes in the justice code would give police the right to enter premises without warrants at any time to confiscate anything useful as evidence, and greater freedom to shoot in situations they regard as dangerous.

Blue Cross History

CHAPEL HILL, N.C. (AP)—Mrs. Ann Woodard Reid, 21, the first baby in the United States paid for by the Blue Cross hospital service plan, gave birth to an 8 1/2-pound boy in Memorial Hospital yesterday. He also was born under the Blue Cross plan.

DATE DATA

By Beverly Brandow

The Girl-Shy Phase

Dear Miss Brandow:
Jimmy telephoned almost every night and we date at least once a week. On my birthday he gave me a box of candy. According to all this, you would think he liked me, but when we meet at school he won't speak to me and when I see him at church he lowers his eyes and starts talking to some boys. If I ask him a question he mutters an answer and hurries off. What's the matter with him?
Rosalynd

Adolescence, that's his trouble. Girl shyness is a symptom that few boys escape. Fortunately it usually doesn't last long. He likes you, finds you fun to

talk to and be with, but he's not sure what the other boys that he was so recently playing cops and robbers with, would think.

The opinion of his friends matters a lot, and the thought of being branded a sissy is unbearable to him. It's not so much that he's ashamed of you, for I am sure he isn't, as it is that he is ashamed of himself for associating with girls. If you like him, play along with him. Don't shower your attention on him in public, but be casual instead and go your own way.

Even grown men become shrinking violets when they are complimented highly and made over by their sweethearts and wives in front of their friends, yet in private they thrive on such attention.

Either date another boy, or be sympathetic and wait for this one to outgrow the girl-shy phase.

("Is It Love?" is the name of a free leaflet. To get yours, write Miss Brandow care of the Herald, enclosing a 3 cent stamp to cover mailing.)

Record Sales Year Is Reported By Great Southern

A record year in sales is reported for 1954 by the Great Southern Life Insurance Company of Houston, it is shown in the company's annual report.

President Pat M. Greenwood announced that sales of new life insurance were greater during the past year than in any year since the company was founded in 1909.

Great Southern's agency department was re-aligned during the past year, and there are now 21 branch offices operating in Texas, Oklahoma, Louisiana and New Mexico.

"During 1954, 313 field representatives paid for approximately \$93,000,000 in new life insurance," said Greenwood. "Including our participation in the government's program of life insurance for federal employees, our new paid business for the year totaled in excess of \$125,000,000. We achieved a net gain of insurance in force of \$76,054,853. As of December 31, our company had in force \$715,009,884. Admitted assets stood at \$157,524,388, an increase of 8.5 per cent over the preceding year-end figures."

Great Southern is represented in Big Spring by Dalton Mitchell.

ROK Activations Set

TOKYO (AP)—Gen. Maxwell D. Taylor, U.S. Army Far East commander, today said two South Korean army reserve divisions will be activated Monday. They are the first of 10 reserve divisions set up under the U.S. military aid program to supplement 20 regular ROK divisions.

Lost 41 Pounds With Barcentrate

Mrs. A. M. Nunnally, 715 Ann, Dallas, Texas, states that she lost 41 pounds taking Barcentrate and Mrs. Blanche Sparks, Route 1, Box 99, Kilgore, Texas, says she lost 14 pounds; looks better and feels better. No starvation diet with Barcentrate. If the very first bottle doesn't show you the way to take off ugly fat, return the empty bottle for your money back. At all Texas drug stores.

Searching Blast Debris

Workers remove debris as they began a search for possible additional victims of an explosion which wrecked the first floor interior of the Tapp-Weinert building in Seguin. This picture shows the interior of the building which housed an oil firm, public accountants and law offices. Three persons were injured. Picture made by Rex Freeman of the Seguin Gazette. JESS TALKIN'

Several Ranchers Of Region Have Fed Out Lambs Recently

By JESS BLAIR
Several ranchers have fed out lambs in recent weeks. Harry Middleton sold about 1,200 fat lambs recently from his place near Ackerly. He had been feeding maize, bulls, meal and salt. Paul Wasson of Big Spring sent 800 to market, and Sonny Edwards sold off about the same number. At present Marion Edwards and Hudson Landers are feeding out a bunch of steers at the Landers' place west of Elbow. The bulk of the feed is silage which Landers grew from his grain sorghum fields last summer.

Hogs will be cheaper this year than they were last year. Prices will be lower during the spring and summer, but will rise again slightly by fall.

This prediction comes from A&M College, and is based on the 1955 pig crop which has increased by 8 per cent.

Bert Badger doesn't have any good news about this year's pink bollworm. He examined some gin trash one morning last week and found several live worms. This was from cotton that had been pulled after that 12 degree cold wave.

Badger says most of last year's worms were found in the late cotton crop, which included all the cracked and immature bolls. Since most of these were left in the fields, the worms have now cuddled down in their winter home awaiting the balmy winds of spring.

One strange thing about the pink bollworm, Badger says, is the moth's unerring instinct for cotton. If she hatches out too early, she starves to death. But if there is a cotton patch within ten miles she will just naturally head in that direction and not stop for lunch until she gets there.

In some areas, farmers can delay planting and ward off a serious infestation. But in West Texas a cotton grower plants when he has the moisture, anywhere from April 10 to the last of June. So far that reason, control of the pink bollworm is more difficult here than in some other areas.

Noble Read says he wouldn't have had a cow on the ranch these

last few years if it hadn't been for his tobosa grass. He has two or three sections of heavy tobosa turf on his place east of Coahoma and it has helped carry the cattle through the dry years.

He is feeding very little except to a bunch of springer heifers.

Bud Flannigan has one of the few foundation herds remaining in this area. He is feeding out hegar bundles, prairie hay and cottonseed meal on his ranch southeast of Big Spring. There are a few winter weeds coming out, but they need more moisture.

Alfalfa hay is still coming through Big Spring. The asking price is around \$40 per ton. One

Sightless Telephone Operator A Success

BONN, Germany (AP)—Marianne Hamann, 23, telephone operator on the West German Parliament's exchange, is blind but she rarely makes an error.

She carries her list of 1,300 extensions in her head.

Sightless since the age of 4, she has been an operator for the past two years. Her colleagues say she is tops in her job. Her fingers flash unhesitatingly over the switchboard.

Marianne is being held up as an example of what can be done to find useful and satisfying work for the blind.

The Labor Ministry has started a campaign to train West Germany's 30,000 blind to overcome their disability.

Turkish President Reaches Pakistan

KARACHI, Pakistan (AP)—Turkey's President Celal Bayar arrived here today for a state visit. He is expected to discuss widening the Turkey-Pakistan defense alliance to include Iraq.

Similar to the five-year mutual security agreement Turkey signed with Pakistan last April. The Turkish-Iraq agreement has caused a deep rift among the Arab states.

Judge Rules Prints, Ancient Or Not, Too Erotic For U. S.

BALTIMORE (AP)—A federal judge looked down his judicial nose yesterday at 112 prints depicting the erotic life of the ancients and ruled them obscene.

Judge Roszel C. Thomsen refused to turn them over to Cecil A. Rush, an amateur archaeologist who tried to import them from Germany. The prints were seized by customs agents.

Judge Thomsen gave Rush 30 days to decide on any further legal action.

The prints depicted Greek, Roman, Etruscan or Egyptian statues, vases, lamps or other artifacts decorated with "erotic activities, features or symbols." Many of them, said the judge, showed perverted practices.

Rush had claimed at a hearing last week that the portfolio was scientific or scholarly in the field of archaeology and therefore not within the seizure power of custom officials.

Deputy Not Yet Tied To Patterson Killing

By REX THOMAS and LEROY SIMMS
BIRMINGHAM, Ala. (AP)—Prosecuting attorneys still haven't linked ex-Chief Deputy Sheriff Albert Fuller to the killing of A. L. Patterson but they promised today to do it before his murder trial ends.

"You can say we will definitely put Fuller at the scene," said special prosecutor Cecil Deason after the first day and a half of testimony, which brought 15 witnesses to the stand.

Fuller, however, maintains he was not at the scene when Patterson was shot to death—that he can, in fact, prove that he was elsewhere.

Deason introduced the slain anti-vice crusader's campaign against organized crime into the record yesterday and told Judge J. Russell McElroy he would establish that as the slaying motive.

Patterson was shot down June 18 outside his Phenix City law office after winning the Democratic nomination for attorney general of Alabama on a vice cleanup pledge.

Fuller, who was chief deputy sheriff during the days when commercialized vice flourished unopposed in Phenix City, was indicted for the murder together with Arch Ferrell and St. Garrett. Ferrell was prosecuting attorney in the city and Garrett was state attorney general.

Garrett is suffering with a mental disorder and is being treated in a Galveston, Tex., hospital. One witness testified yesterday that he saw a shadowy figure running "as hard as he could" from the parking area where Patterson was slain while getting into his car.

But the witness, Ross Gibson, a former Phenix City restaurant cook, couldn't identify the man. Fuller has said he was in the county jail at the time of the murder; Deason says he will prove he wasn't.

Chief defense counsel Rodrick Beddow sought to discredit the long investigation by state authorities that led to Fuller's indictment.

From a University of Georgia student, Jimmy Sanders, of Columbus, Ga., he drew these statements yesterday:

That state investigators tried to get him to name Ferrell as the man he said he saw walk past Patterson's body shortly after the slaying.

That before giving him a lie detector test, the state officers reminded him both that a \$11,000 reward had been offered for a solution to the killing and that perjury, if he didn't tell the truth, could bring imprisonment.

But Sanders said the mystery man was neither Fuller nor Ferrell.

Walter Marshall At GM Training Center

Walter Marshall is attending the General Motors Training Center at Garland, to learn advanced automotive service techniques which he will use in his work at McEwen Motor Co.

Marshall, of 1800 Kentucky Way, is spending two days at the Garland school, one of a nationwide network of training centers being set up by General Motors to keep employees abreast of new mechanical developments and service techniques.

A mechanic with McEwen Motor Co. for the past year, Marshall selected the Fisher Body course, taking advanced study in model changes.

The Garland training center, with more than 26,000 square feet of floor space, has eight specialized shop classrooms, for use by the Chevrolet, Pontiac, Oldsmobile, Buick, Cadillac, GMC Truck & Coach, Fisher Body and United Motors Service division of GM.

Episcopalians Plan Centers At Colleges

AUSTIN (AP)—Episcopalians have started a 2½ million dollar fund-raising campaign to build student centers at schools throughout the state.

Education buildings will be built at the University of Texas, Texas A&M, the University of Houston, Lamar Tech, Prairie View, Texas Southern, Southwestern, Baylor, Sam Houston Teachers and the University of Texas Medical School at Galveston.

Bishops Clinton Quin and John Hines said yesterday about half of the money will be spent in Austin.

Three Textile Firms Are Merged Into One

BOSTON (AP)—Three textile firms, American Woolen, Texton, and Robbins Mills, were merged today into one giant corporation, Texton American, Inc.

American Woolen stockholders ratified the merger overwhelmingly yesterday, the last of the three concerns to agree to the merger.

Details involving the unification are expected to be cleared away Feb. 24, when directors of the new corporation will meet in New York.

Saw Death

Steve Schermann, 23-year-old immigrant from Yugoslavia, poses outside courtroom after he testified in Birmingham, Ala., that he saw A. L. Patterson slumped to the ground after he was shot in an alley in Phenix City, Ala., last June. Ex-deputy sheriff Albert Fuller is on trial for the murder. (AP Wirephoto).

California Polio Center Credited To Movie Titan

LOS ANGELES (AP)—The world's most modern polio hospital will be dedicated today. The 4½ million dollar edifice is largely a monument to the civic devotion of a movie magnate who once watched helplessly as his daughter lay near death in an overcrowded polio ward.

The eight-story communicable diseases unit of the Los Angeles County General Hospital will be in use in another month or so. Although taxpayers footed the bill through a bond issue, doctors and hospital officials give much of the credit to Don Hartman, head of production at Paramount Pictures.

In 1948, an epidemic year, Hartman's eldest daughter, Mima, then 17, was confined to the overcrowded polio ward at General Hospital. After she recovered, her father and James Simmons, an airline executive who also had relatives in the ward, formed a citizens committee to get a bond issue passed for a new hospital.

"Our only job," Hartman recalls, "was to overcome apathy." Hartman, a former screenwriter, wrote a moving script containing a short plea. He got MGM to film it and Cary Grant to star in it. Fox West Coast Theaters distributed it.

The film powerfully contrasted plans for the new hospital with the overcrowding in the old polio ward. Hartman organized other stars into speaking teams to plug for the bonds. But mostly Hartman pounded doors himself.

The hospital, 27 months in the building, will care for 256 patients, three to a room—with no wards.

Man Dies In Crash

BALLINGER (AP)—A 3-car collision near Talpa yesterday killed Ira Covington, 31, Grand Prairie salesman, and injured four other persons. The injured, none believed seriously hurt, are Sgt. Robert Caldwell, 42; his wife, Effie Marie, 32; a son, Robert Wayne, 8; and a daughter, Dorothy Lynn, 12.

IT HAPPENED

Some Changes Made

LONG BEACH, Calif. (AP)—Things turned topsy-turvy when the cruiser USS St. Paul commemorated its 10th anniversary yesterday.

C. P. O. James-Gardner was made commanding officer, temporarily, for having been aboard the cruiser longer than anyone else—eight years. He promptly assigned Capt. Claude V. Ricketts, his predecessor, to the galley to work on the noon meal.

Mayor George M. Vermillion of Long Beach and Mayor Joseph E. Dillon of St. Paul, who is vacationing here with his wife, were made seaman recruits. It didn't last long. After lunch normal procedure was resumed.

Cupid Took Holiday

SPRINGFIELD, Mass. (AP)—The men who keep track of such things report not a single marriage intention filed here the day after Valentine's Day.

Title Change Urged For Housing Camps

WASHINGTON (AP)—Legislation to grant local public housing agencies title to 37 farm labor housing camps was proposed today by Rep. Moss (D-Calif.).

Eighteen camps are located in California, eight in Florida and the remainder in Texas, Colorado, Arizona, Idaho, Oregon and Washington.

Since 1950, the camps have been operated by local agencies under the supervision of the Federal Public Housing Administration.

Oil Cargo Declines

HOUSTON (AP)—Port Houston reported a 10 per cent decline in the amount of oil products handled last year as compared with 1953. General cargo handled by the port increased 15.85 per cent.

UNCLE RAY'S CORNER

High-speed cutting machine used in a cold mine.

The chemists of several countries learned important facts about coal tar, but those of Germany came to the front. During the first World War, Germany had an advantage because her scientists knew how to obtain powerful explosives from coal tar.

Since that time, the chemists of many other countries have added to the world's knowledge of coal tar. Some of the most brilliant work has been performed in the United States.

Among the products, or by-products, of coal tar are perfumes. Think of obtaining pleasant odors which have been locked in coal through the ages!

British Desire To Buy Guided Missiles In U.S.

WASHINGTON (AP)—Great Britain, with much of her guided missile program still in the development stage, has been talking with the United States about buying some American weapons.

The talks, still in preliminary phases with any formal negotiations yet to follow, involve the U.S. Army's Corporal missile, a Defense Department spokesman said today in answer to a reporter's inquiry.

The Corporal is a "surface-to-surface" missile, intended for bombardment of enemy targets at ranges greater than are covered by conventional artillery.

There has been speculation that the Corporal can strike with effective accuracy up to 40 or 50 miles. The Army says its range is "far beyond" that of artillery, which covers up to 30 miles with big guns.

The Corporal is produced for the Army jointly by Firestone Tire and Rubber Co. and Giffilan Brothers, Inc. It has been in mass production for more than a year.

Any agreement for British purchase presumably would be made through the Defense Department and Army.

The spokesman said published reports that the British government already has purchased some other American missiles appeared premature, adding that the only missile involved so far is the Corporal and that in that case negotiations are only in the discussion stage.

The Corporal can be equipped with either a standard explosive warhead or an atomic charge. In firing it starts out propelled by a rocket motor. During its flight at over 2,000 m.p.h., a guidance system takes control to steer the missile toward its precise target—massed tanks, troops, ammunition dump, bridges or rail yards.

Rough Road Still Ahead On Statewide Dam Plan Tax

AUSTIN — The road ahead of the 3-cent state tax for water development could be a lot smoother. Unexpected resistance was encountered in a Senate committee hearing Tuesday night, giving a good indication of arguments that will be used against the measure as it moved through the Legislature — and if successful there, goes to the people next September. The measure was approved Wednesday by the committee.

The constitutional amendment, keystone of the Texas Water Resources Committee's solution to the state's water problem, met the following opposition:

1. Administration of the 100-million-dollar state water fund would be in the hands of a part-time board, like the Veterans Land Board.
2. The tax would be statewide, hitting some areas that are already taxing themselves heavily to pay for water projects and hitting other areas which have already developed all their water resources and which therefore wouldn't benefit.
3. The tax is against all property in the state instead of against water users.
4. The amendment is too long to be "suitable" for inclusion in the Constitution and should be redrafted.

Originally the bill read that the state could use its 100 million dollars for dams "in accordance with the priorities of use in effect at the time of adoption of this amendment."

Sen. William S. Fly of Victoria asked if this were a means of putting into the Constitution the "questionable" priorities of water use.

British Desire To Buy Guided Missiles In U.S.

WASHINGTON (AP)—Great Britain, with much of her guided missile program still in the development stage, has been talking with the United States about buying some American weapons.

The talks, still in preliminary phases with any formal negotiations yet to follow, involve the U.S. Army's Corporal missile, a Defense Department spokesman said today in answer to a reporter's inquiry.

The Corporal is a "surface-to-surface" missile, intended for bombardment of enemy targets at ranges greater than are covered by conventional artillery.

There has been speculation that the Corporal can strike with effective accuracy up to 40 or 50 miles. The Army says its range is "far beyond" that of artillery, which covers up to 30 miles with big guns.

The spokesman said published reports that the British government already has purchased some other American missiles appeared premature, adding that the only missile involved so far is the Corporal and that in that case negotiations are only in the discussion stage.

The Corporal can be equipped with either a standard explosive warhead or an atomic charge. In firing it starts out propelled by a rocket motor. During its flight at over 2,000 m.p.h., a guidance system takes control to steer the missile toward its precise target—massed tanks, troops, ammunition dump, bridges or rail yards.

Answering Fan Mail Proves Big Business

By BOB THOMAS
HOLLYWOOD (AP)—Seven years ago, an actress named Claire Rochelle got tired of waiting around casting offices and hoping for jobs.

She looked for another line of work and decided she might be able to make a living answering fan mail for movie stars. Her favorite was Howard Duff, the Sam Spade of radio, and she approached him. He signed up as her first client.

Today Claire Rochelle runs an industry that replies to over a million and a half pieces of mail yearly for 250 stars and TV shows.

Miss Rochelle and her husband Leo Hirsch run the United Fan Club and Fan Mail Service from an office on the Sunset Strip. I visited them and found the place buzzing with activity. One secretary was laboring over a batch of George Gobel mail.

"It's our latest sensation," said Miss Rochelle. "When we started with him three months ago, he was getting 50 letters a week. Now the figure is 3,800 a month and it's rising all the time. Everybody writes to him—children, old people, farmers and city folks."

Another current favorite is Marlon Brando.

The fan mail service receives an average of 120,000 letters monthly. Most are requests for photos, and these are dispatched to the writer. About 15 to 20 per cent require answers, and these are written by a staff of four secretaries. Fourteen others, mostly disabled persons, work on the outside addressing envelopes.

The cost to the star runs from 7 cents to 25 cents, depending on how large a photo they want to send. The average bill is around \$300 to \$500, but it can cost some of the hotter stars as much as \$1,500 to keep the writing fans happy.

Valuable Violin Gone

NEW BEDFORD, Mass. (AP)—A \$1,075 violin is missing and police are looking for "somebody carrying a violin who may not look like a violinist." Louis Frankel, 40, used the valuable violin last night while playing in a South Water Street tavern. When he left the room for a moment, he told police, somebody grabbed the instrument, case and bow.

Eskimo Mercy Flight

DENVER (AP)—A Military Air Transport plane brought 10 Eskimo youngsters, 9 months to 9 years old, here yesterday for treatment of tuberculosis. They were flown from Fairbanks, Alaska. The U. S. Public Health Service sent them for treatment at National Jewish Hospital.

Ben-Gurion Returns To Cabinet In Israel

JERUSALEM (AP)—Israel's first Premier, David Ben-Gurion, agreed last night to end his desert retirement and become defense minister again.

Ben-Gurion has been living on an agricultural project in the Negev Desert since quitting his dual post of premier and defense minister 14 months ago. He takes the defense post from Pinchas Lavon, who resigned for undisclosed reasons last night from Premier Moshe Sharett's coalition Cabinet.

Since both Ben-Gurion and Lavon are members of the Mafai (Labor) party, the switch presumably will cause no change in government policy.

WARNING!
Don't let cough from common cold hang on. Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion. Woman Dies Who Inspired Opera Music

YOKOHAMA, Japan (AP)—The woman who gave Puccini the Japanese melodies for his famous opera "Madame Butterfly" is missing and feared dead in the fire that razed a Catholic old ladies home here and burned to death nearly 100 women.

She is Mrs. Hisako Oyama, 85, widow of the late Tsunayuki Oyama, Japanese minister to Italy in 1899.

Mrs. Oyama's relatives tentatively identified a body as hers.

They said Mrs. Oyama, a devout Catholic, made her own decision to enter the home and paid her own way. Most of the inmates were destitute. The family said she told them, "I can be nearer to God there."

The world premiere of "Madame Butterfly" was 51 years ago Thursday at Milan's La Scala.

Before World War II, Mrs. Oyama told in a magazine article of her connection with the opera, the story of a geisha girl Cho Cho San's love for an American naval officer and her suicide when he deserts her.

Puccini needed Japanese musical themes and melodies that he could elaborate to give the opera an authentic Japanese atmosphere.

He was introduced to Mrs. Oyama, an amateur musician who sang to him the songs of her native land. Mrs. Oyama wrote that she was startled to find that Puccini, not too familiar with Japanese music, had used an old drinking song as his inspiration for the suicide music.

Billy Graham Film Showing Set Here

The Billy Graham film, "Mr. Texas," will be shown Sunday night, Feb. 27, at the First Church of God, 911 Main.

It will be presented at 8:00 p.m. and at the regular 7:30 p.m. service. The picture is the story of a Texas cowboy played by former Hollywood star, Redd Harper, who has given all his time to Christian films.

The feminine lead is played by Cindy Walker who has written many song hits of both popular and religious nature. Also in the picture are scenes of Billy Graham's evangelistic campaigns.

There will be no charge for this program.

A Bible Thought For Today

I have written to him the great things of my law, but they were counted as a strange thing. (Hosea 8:12).

Editorial

Parties Learn There Are 48 States

It seems the national committees of both major political parties got their wires crossed, or went off half-cocked, or something of the sort.

Hall and his cohorts abandoned the original September target, and indulged the hope that changes in state laws between now and then will make it possible for his crowd to convene sometime in August.

Stall Put On The Redistricting Bill

In almost every attempt to redistrict Texas for congressional purposes somebody has turned up a bill designed to "get" Sam Rayburn, now serving for the third time as speaker of the national House of Representatives.

over to a special board unless the Legislature itself redistricts at its first session after the census. Such a resolution requires a two-thirds vote to put across, and the measure failed 66 to 73.

Marquis Childs Impressive Unity On Foreign Policy

WASHINGTON — The remarkable demonstration of American unity on foreign policy which preceded the successful evacuation of the Tachen Islands is, as American officials are well aware, in marked contrast to the internal troubles of America's allies.

particular in view of the new tough-talking policy in Moscow. In Great Britain the Labor party is united in opposition to America's Formosa policy.

Potomac Fever

WASHINGTON — Atomic tests get under way in Nevada. If the blasts prove successful, the Defense Department requests your cooperation in reporting immediately the whereabouts of Nevada.

Republican Gov. Lee of Utah launches a "stop Eisenhower" movement. Lee is a conservative who wants to get back to Republican first principles—like losing elections.

Virtue Rewarded

TYLER, Tex. — A prospective juror escaped service because he told the judge he wanted to sit with his sick mother-in-law.

It May Have The Opposite Effect

James Marlow

Foreign Policy Vagueness May Mean Trouble

WASHINGTON — The very vagueness of the Eisenhower administration's intentions on defending the Quemoy and Matsu islands from Red Chinese attack could lead to serious trouble.

On Feb. 2 President Eisenhower told news conference his immediate aim is to make certain the Reds understand that the United States is absolutely determined to defend Formosa.

Several Churches Schedule Special Services For Sunday; Revivals, Singing Meet Slated

Special services, including revival meetings, an area-wide singing program and a sermon by a native of Jerusalem, have been planned by several local churches for Sunday.

BAPTIST
Dr. Harvey Springer will preach at both the 11 a.m. and 8 p.m. services at the Trinity Baptist Church. The evening service will be broadcast over station KTXC.

"The Equality of Salvation" will be the Rev. A. R. Posey's morning topic at the Baptist Temple. He will also preach at the evening service.

Dr. P. D. O'Brien will address the First Baptist congregation on "The End of Life's Pilgrimage" (Tim. 2:4-7) at the morning service. "Proof of the New Birth" (John 3:7) will be his evening topic. The worship will be concluded with a baptismal service.

CATHOLIC
At St. Thomas Catholic Church, 506 N. Main, the Rev. William J. Moore, OMI, will say Mass at 7 a.m. and 10 a.m. Benediction will be after the last Mass. Confessions will be heard from 4:30 p.m. to 8 p.m. and from 7 to 8 p.m. Saturday.

At Sacred Heart Church (Spanish-speaking), 501 N. Ayford, the Rev. Edward Bastian, OMI, will say Mass at 8 a.m. and 10:30 a.m. Rosary and Benediction will be at 6 p.m. Confessions will be heard from 7 to 8:30 p.m. Saturday.

CHRISTIAN
The Rev. Clyde Nichols will speak on "Against the Storm" (Acts 27:23-25) at the First Christian Church at the morning service. His evening subject will be "When All Around My Soul Gives Way" (Heb. 12:22).

CHRISTIAN SCIENCE
The Lesson-Sermon entitled "Mind" at the Christian Science Society will be keyed to the Golden Text from James 1:5.

CHURCH OF CHRIST
Lyle Price's topic at the morning worship at the Main St. Church of Christ will be "Members of His Body." He will speak on "Turning the Corner" at the evening service. An area-wide singing program will be held at the church at 3 p.m.

"Conditions of Forgiveness" will be the topic of the sermon Marion Crump will deliver at 11 a.m. at the Ellis Homes Church of Christ. He will also preach at 7:30 p.m.

CHURCH OF GOD
The Rev. W. E. Mitchell, pastor of the Galveston St. Church of God, will speak on "A Stirred Heart" (Exod. 33:22) at the morning service and on "Prayer" (Is. 66:1-10).

Mel. 4:10) at the evening service. A two-week home talent revival will begin Sunday at 7:45 p.m. at the church. The public is invited.

The Rev. Hal Hooker, pastor of the First Church of God, 909 Main, will have as his sermon topic at 10:50 a.m. "Love, the Prerequisite to Life." At 7:30 p.m. he will speak on "Little Things Mean A Lot."

CHURCH OF JESUS CHRIST OF LATTER-DAY SAINTS
Service at the Church of Jesus

Baptists To Open Training Union Revival Here Sunday

Churches of the Big Spring Baptist Association will start a week-long Training Union revival at 2:30 p.m. Sunday with a rally at the First Baptist Church.

Several denominational leaders from throughout the state will be on hand for the rally and to assist the various churches during the week.

Darwin Farmer, Dallas, associate state Training Union director for the Baptist Church in Texas, will direct the revival in all the churches. He also will be in direct charge of services at the First Baptist Church during the week.

Mrs. John McLean, also of Dallas, and Mrs. Gaylon Cothorn, Fort Worth, will assist with the First Baptist programs.

Other state workers to be on hand, and the churches in which they will serve, are Mary D. Taylor, Vincent; Mrs. Edna Lang, Baptist Temple; Mrs. Hudson Taylor, Lees; Lee C. Perry, West Side Baptist (Big Spring); Everett Whitlock, Airport; Ethelne Hamilton, North Side; Mrs. Pat Crawford, Hillcrest; Mrs. P. R. McMeans, Prairie View; Mrs. Ealy Jackson, Salem, and Nella Casement, Knott.

Mrs. McLean will conduct classes for elementary workers and visitors at 10 a.m. daily and each evening at 7:30 she will hold a workshop period in which children will be taught and adult workers are to observe. She will be available during the day for group or private consultation on work with children.

Mrs. Cothorn, whose husband formerly was youth director of the First Baptist Church, will instruct young people from a book entitled,

Christ of Latter-Day Saints will include a priest-hood meeting at 9 a.m. and a sacrament meeting at 7:30 p.m. Services will be held at the Girl Scout Little House, 1407 Lancaster.

EPISCOPAL
Services at St. Mary's Episcopal Church, 505 Runnels, will be a celebration of Holy Communion at 8 a.m. Family worship service will be at 9:30 a.m. and morning worship and sermon by the rector, the Rev. William D. Boyd, will be at

LUTHERAN
The Rev. A. H. Hoyer will speak on "Lord, Help Me to See Thee" at the 11 a.m. service at St. Paul's Lutheran Church following Sunday school and Bible class at 10 a.m.

METHODIST
Dr. Stephen Haboush, a native of Jerusalem, will deliver the sermon at the 10:55 a.m. service at the First Methodist Church. His topic will be "The Shepherd Psalm." The anthem will be "The King of Love My Shepherd Is." Dr. Jordan Grooms, pastor of the church, will speak on "Our Christian Heritage" at the 7:30 p.m. service.

The Rev. Gerald P. McCollom, pastor of the First Methodist Church in Sweetwater, who has been conducting a revival at the Wesley Memorial Methodist Church, will conclude the meetings Sunday. He will conduct both the 10:55 a.m. and 7:30 p.m. services.

PRESBYTERIAN
Dr. R. Gage Lloyd's sermon, "You and Your Faith," at the First Presbyterian Church will be broadcast over station KBST at 11 a.m. "To Him That Overcometh" will be his 7:30 p.m. topic.

TELEVISION
Regular Friday evening services of Temple Israel will be held in Room 30D of the Settles Hotel at 8 o'clock.

BUSINESSMEN'S BIBLE CLASS
The Businessmen's Bible Class will meet at 9:15 a.m. Sunday in the ballroom of the Settles Hotel.

BUILDERS' BIBLE CLASS
The Builders' Bible Class will meet at 8:30 a.m. Sunday in Carpenters' Hall. Coffee and doughnuts will be served prior to the lesson.

WEBB AIR FORCE BASE
The Rev. William J. Moore will say Mass at 9 a.m. at the Webb Air Force Base chapel. Confessions will be heard at 8:30 a.m.

The Rev. Charles J. Fix will preach on "On the Other Side" at the 11 a.m. general Protestant worship. Sunday school will be held at the same hour in the chapel annex.

ABILENE — Church of Christ members from throughout the United States will begin moving into Abilene this weekend for the opening Sunday night of the 37th annual Bible lecture series at Abilene Christian College.

The lectureship annually draws the largest gathering of members of churches of Christ in the nation. Able speakers among churches of Christ are invited to the campus to lecture on Bible subjects. Theme for this year's series is "Observe All Things."

While the lectures are primarily for ACC students, they have attracted wide interest in recent years among church members. Again this year three auditoriums will be used simultaneously for the series. Last year an estimated 6,000 persons were on the campus. Addresses Sunday night will open the lectureship. George DeHoff of Murfreesboro, Tenn., will speak on "The Word of God Which Lives and Abides" in Sewell Auditorium. At the same time LeMoine G. Lewis, associate professor of Bible at ACC, will speak in the College Church of Christ on "The Word Became Flesh." The series will end Thursday night.

Other principal lecturers are: Gus Nichols, Jasper, Ala.; Dan Fogarty, Longview; Alonzo Welch, Memphis, Tenn.; C. E. McGaughy, Oklahoma City; Charles Chumbley, Nashville, Tenn.; and Pat Hardeman, Urbana, Ill.

Reports on progress of churches of Christ throughout the world will be made, including speeches in the interest of the work in Switzerland, Germany, Japan, Canada and South Africa.

Plans are in the making for remodeling of the Stanton post office. Improvements will include a 20-foot extension, the installation of additional boxes, the flooring, lowering of the ceiling and equipping with modern heating and cooling apparatus. Remodeling is expected to start within a few weeks.

A. P. Kasch & Sons won the Plumbing and heating job on the Doling and Travis elementary schools in Odessa on a proposal of \$27,821.

II. The Young People's Fellowship will meet at the Parish House at 5:30 p.m. and instruction class at 7 p.m. in the rector's office.

LUTHERAN
The Rev. A. H. Hoyer will speak on "Lord, Help Me to See Thee" at the 11 a.m. service at St. Paul's Lutheran Church following Sunday school and Bible class at 10 a.m.

METHODIST
Dr. Stephen Haboush, a native of Jerusalem, will deliver the sermon at the 10:55 a.m. service at the First Methodist Church. His topic will be "The Shepherd Psalm." The anthem will be "The King of Love My Shepherd Is." Dr. Jordan Grooms, pastor of the church, will speak on "Our Christian Heritage" at the 7:30 p.m. service.

The Rev. Charles J. Fix will preach on "On the Other Side" at the 11 a.m. general Protestant worship. Sunday school will be held at the same hour in the chapel annex.

ABILENE — Church of Christ members from throughout the United States will begin moving into Abilene this weekend for the opening Sunday night of the 37th annual Bible lecture series at Abilene Christian College.

The lectureship annually draws the largest gathering of members of churches of Christ in the nation. Able speakers among churches of Christ are invited to the campus to lecture on Bible subjects. Theme for this year's series is "Observe All Things."

While the lectures are primarily for ACC students, they have attracted wide interest in recent years among church members. Again this year three auditoriums will be used simultaneously for the series. Last year an estimated 6,000 persons were on the campus. Addresses Sunday night will open the lectureship. George DeHoff of Murfreesboro, Tenn., will speak on "The Word of God Which Lives and Abides" in Sewell Auditorium. At the same time LeMoine G. Lewis, associate professor of Bible at ACC, will speak in the College Church of Christ on "The Word Became Flesh." The series will end Thursday night.

Other principal lecturers are: Gus Nichols, Jasper, Ala.; Dan Fogarty, Longview; Alonzo Welch, Memphis, Tenn.; C. E. McGaughy, Oklahoma City; Charles Chumbley, Nashville, Tenn.; and Pat Hardeman, Urbana, Ill.

Reports on progress of churches of Christ throughout the world will be made, including speeches in the interest of the work in Switzerland, Germany, Japan, Canada and South Africa.

Plans are in the making for remodeling of the Stanton post office. Improvements will include a 20-foot extension, the installation of additional boxes, the flooring, lowering of the ceiling and equipping with modern heating and cooling apparatus. Remodeling is expected to start within a few weeks.

A. P. Kasch & Sons won the Plumbing and heating job on the Doling and Travis elementary schools in Odessa on a proposal of \$27,821.

The Church and Its Sacraments

JESUS WAS BAPTIZED BY JOHN THE BAPTIST

Scripture—Matthew 3:13-17; Mark 1:9-11; Luke 3:21-22; John 1:29-34; 1 Corinthians 11:23-26.

By NEWMAN CAMPBELL.
WHAT is a sacrament? To the smaller children the word probably means nothing. However, it may be explained to them in very simple language.

A sacrament is one of the religious ceremonies in Christian churches, as instituted or recognized by Christ. The word comes from the Latin *Sacramentum*; from *Sacere*, in English, sacred. It is therefore a sacred rite of the church.

Christian parents have their infants baptized. For older persons the ceremony may be performed after they repent of their sins and acknowledge Christ as their Savior. The ceremony then means that those baptized are forgiven and enter a new life in Jesus Christ.

Before He began His ministry Jesus went to John the Baptist and asked to be baptized. John objected because our Lord had no sins to wash away, but Jesus insisted, saying, "Thus it becometh us to fulfill all righteousness." "And Jesus, when He was baptized, went up straightway out of the water: and lo, the heavens

opened, and the Spirit of God descended like a dove, and lighting upon Him: And lo, a voice from heaven, saying, This is My Beloved Son, in Whom I am well pleased."

Another great sacrament is the Lord's Supper, so-called in memory of the night before Jesus' betrayal and death. He and His disciples were gathered together to observe the Passover. Jesus knew it was the last time He would be with them until His Resurrection, but apparently the disciples did not realize what was so clear to Him.

Jesus took bread, blessed and broke it, and handed it to His companions, saying, "Take, eat: this is My body." Then He took the cup of wine, offered thanks, and gave it to them, saying, "Drink ye all of it; for this is My blood of the new Testament, which is shed for many for the remission of sins."

The manner in which baptism and the Lord's Supper are ministered in different Christian denominations is not a matter that needs discussion in our lesson. In Paul's letter to the Corinthians he quotes Luke 22:19, when

MEMORY VERSE
"Go ye therefore, and teach all nations, baptizing them in the name of the Father, and of the Son, and of the Holy Ghost: Teaching them to observe all things whatsoever I have commanded you: and lo, I am with you always, even unto the end of the world."—Matthew 28:19, 20.

of the Holy Ghost. For the promise is unto you, and to your children, and to all that are afar off, even as many as the Lord our God shall call."

His message affected many so deeply that "about 3,000 souls" were added to them that day.

We may mention briefly the story which we have read before, but is always very interesting and instructive, of the Roman captain who was so devout that God heard his prayers and sent Peter to him to explain Christ Jesus.

Peter's answer to Cornelius is especially interesting because it seems to be his realization of Jesus' words that they were to teach all nations. It was, "Of a truth I perceive that God is no respecter of persons."

Paul, writing his first Epistle to the Corinthians, reminds us of the Last Supper and of the proper manner of partaking of that sacrament.

"For as often as ye eat this bread, and drink this cup, ye do show the Lord's death till He come. . . . But let this man examine himself, and so let him eat of that bread and drink of that cup."

Dr. Walsh To Be Guest Speaker At Tarrant Meet

Dr. Lester A. Walsh, staff consultant in chiropody at the Malone & Hogan Clinic-Hospital Foundation is one of the three guest speakers at the Tarrant County Chiropody Society postgraduate course being held at the Western Hills Hotel in Fort Worth, Saturday and Sunday.

Dr. Walsh is a fellow of the American College of Foot Surgeons and past-president of that body as well as a past-president of the National Association of Chiropodists. He is an honorary fellow of the American Academy of Chiropody and was professor of experimental therapeutics at Temple University School of Chiropody for 19 years. He will lecture on "Foot Surgery," citing indications and contraindications in general; office and hospital procedures in soft tissue and bone surgery, and will exhibit color slides of bone and nail surgery.

Navy Secretary Sees No Immediate Battle

NEW YORK (AP)—Secretary of the Navy Charles S. Thomas predicts no immediate war in Formosa Strait because—as he puts it—for the first time in the cold war the Reds "came face to face with the harsh realities of sea power."

Thomas, in a speech last night on the 100th anniversary of the Naval Supply Corps, said Formosa will remain a problem for the United States because it is a part of a "pattern" for Communist conquests.

Shells and Souls

With encouragement from his parents and some fundamental scientific training this young man has learned a great deal about shells. He knows, for instance, that the ocean floor is covered with millions of living creatures which would be unable to survive without the protection of the shells in which they live.

With similar encouragement from his parents, and with some fundamental religious training, this young man will learn some far more useful truths about souls. He will learn, for instance, that God's highest creature—Man—lives in a moral environment just as hostile to his survival as that ocean floor, and that Man depends for his protection not on any outer armor, but on the inner being which God has taught him to call his soul.

And when our young man compares shells and souls he will discover that, just as God provides many of his lesser creatures with the means of building up and strengthening their shells, he provides Man with the Church, the Bible, and the Gift of Prayer to enable him to strengthen his soul.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Jayhawks Seek 8th Zone Win In Row

Harold Davis' Howard County Junior College Jayhawks bid for a perfect West Zone basketball season in an 8 o'clock game this evening against the Odessa Wranglers in Odessa.

The Hawks have won seven straight conference games and have already clinched first place in the circuit.

All heat will be off in the game, since Odessa sewed up second place by defeating Amarillo earlier this week.

ONLY TEN DAYS LEFT IN WHICH TO BUY \$20 SEASON TICKET

Local baseball fans have exactly ten days in which to buy season tickets to Big Spring Couden Cop home games at bargain rates, Club Owner Pepper Martin reminded the Herald this morning.

The tickets, good for 138 games (road games as well as home), are priced at \$20 each but, after March 1, they will revert to the regular price. That's baseball at about 14.5 cents a game.

Fence signs, score card space and box seats are also being sold by Martin and his business manager, Carl Bradley.

Martin said a few choice boxes still remain available. They sell for \$80 each.

L.S.U. Coach

Louisiana State University's new head football coach, Paul Dietzel, is shown shortly after the University Board of Supervisors announced in Baton Rouge, La., he had signed a three-year contract at \$13,000 a year. (AP Wirephoto).

Brigham Young Is Beaten By Utah State, 76 To 71

It looks as if Brigham Young was just whistling in the dark when it upset Utah in overtime last week to make a bid for the NCAA basketball tournament.

What toehold the Brigham got with that victory in the Skyline Conference race was eliminated last night when Utah State spilled them 76-71 and league-leading Utah, ranked No. 10 in this week's Associated Press poll, trounced Montana, 101-68.

That left the Utes with a 9-1 record and four games to play—all at home. And that just about clinches the league title and the NCAA berth for Utah.

Art Butte, as usual, was the big man for Utah, canning 28 points toward the Ute total, which set a Montana field house record. Lee Boothe's field goal and a free throw by Bart Johnson broke up a 71-71 tie for Utah State with two minutes left.

Wyoming, holding an outside chance for the title, combined height and a closing stall to defeat last-place New Mexico 59-52.

St. Louis lengthened its lead in the Missouri Valley Conference by winning at Wichita 91-78, despite an injury to Dick Boushka, the

Bills' leading scorer. Boushka came back to play the final two minutes of the first half.

Manhattan and Niagara, heading for the NIT, won easily in a Madison Square Garden doubleheader. Manhattan (15-3) zipped past New York University 78-61 in a game played under pro rules and Niagara (16-5) never gave St. John's of Brooklyn a chance in an 82-62 decision.

Patty Berg Leads In Serbin Play

MIAMI BEACH, Fla. (AP)—Only three strokes separated the first seven young women today as Patty Berg, the consistent veteran, led the way into the second round of the \$5,000 Serbin Invitational Golf Tournament.

Miss Berg fired a 73, one under women's par to finish yesterday's opening round a stroke in front of the field of 25 top professionals and 31 amateurs.

Babe Zaharias, the defending champion and Betty Jameson of San Antonio tied for sixth with 76.

Mrs. Zaharias was the sentimental favorite because of her comeback from a cancer operation, but the tough competition in the opening round indicated any one of a dozen might win.

Odessa will probably rely upon Dugan Johnson, Virgil Trower, Milton Gillespie, Tuffy Zellars and Don Webb or Jimmy Coulter tonight.

By beating Odessa, the Hawks can be assured of carrying the best record of any of the competing teams to the Regional Meet and one of the best to the State Meet.

Colonials Bid For Loop Title

Washington Place gets a chance to clinch first place in Elementary School Basketball League standings in a 5 p.m. game at the Senior High School Gym today.

The Colonials are the only unbeaten club in the race. They knocked over their chief challengers, Park Hill, earlier this week.

West Ware has been defeated twice but is still regarded as a tough hurdle.

In other games today, College Heights challenges North Ward and Central tries Park Hill.

Outlook Bright For Ball Clubs

Major league baseball clubs can look forward to a prosperous 1955 on the basis of advance sale of tickets.

With only one or two exceptions, and one of those is the New York Yankees, the clubs reported an increase in advance sales over 1954 in a survey by The Associated Press.

The increase is in line with the over-all jump last year, when the attendance climbed 9.7 per cent over the preceding season on a turnout of 15,935,881.

The Yankees advance is in excess of \$900,000 but they are about 10 per cent off last year's figures.

A week ago, the Pittsburgh Pirates had advance sales of \$326,811 compared with \$328,214.

Both the world champion New York Giants and the American League titlholders, the Cleveland Indians, are well satisfied.

The Giants ticket sales have passed a record half-million dollars whereas the entire advance up to the opening day in 1954 was only \$322,000.

The Indians said they do not keep comparative records but that sales are running ahead of last year when the club did around a million dollars in advance sales.

The Brooklyn Dodgers, benefitting from clever promotions, are at the \$600,000 mark, almost 15 per cent higher than a year ago.

Requests are coming in so fast at the new home of the Athletics in Kansas City that the club has not had time to strike a total.

Officials said the advance sale already has surpassed the 304,666 attendance for the entire season last year in Philadelphia.

Souchak Scorches Santone Course

SAN ANTONIO, Tex. (AP)—Massive Mike Souchak of Durham, N.C., who fashioned a record-tied 60 and set a new nine-hole mark of 27, headed the field that moved toward the halfway point of the \$12,000 Texas Open today still talking about a round that was fantastic even for this fantastic tournament.

Such things as a 62 winding up in second place, a golfer who shot three eagles on one round and still was three strokes out of the lead, a player 7 under par on five holes and 76 out of 167 bettering par made the round like something out of fiction.

Souchak's 60 tied the PGA record for 18 holes held by Al Brooch, Bill Nary, Ted Kroil and Tommy Bolt, and his 27 on the back nine of the 6,400-yard Brackenridge Park course cracked the record of 28 held by Ben Hogan, Toby Lyons and Bolt.

In second place was Freddie Haas, of Claremont, Calif., who had a 9-under-par 62 with a smoking putter, and third was John Barnum, of Grand Rapids, Mich., who shot three eagles and in one stretch of five holes was 7 under par.

Next in line were Peter Allis, of Dorset, England, and Al Baling, of Toronto, Canada, each with 64.

Souchak shot his great round despite a bogey when he three-putted one green. But he had two eagles and almost equaled Barnum's feat with 7 under par in one stretch of six holes.

"I putted like a demon," said the 210-pound professional of 2 1/2 years. He used only 25 putts on 18 greens.

Barnum was a picture of frustration on the 18th hole—shortest hole on the course. He took a 5 because he landed in a creek with his tee shot. If he could have birdied the 155-yard, par-3 hole, he would have tied Souchak's 60.

He was 10 under par coming into 18.

NEW YORK (AP)—Tony Trabert, still determined to prove himself the best tennis amateur in the world and then cash in as a pro, opens his bid for the National Indoor championship Friday night at the Seventh Regiment Armory.

Top-seeded after the withdrawal of U.S. grass courts winner Vic Seixas, Trabert fortunately gets what looks to be an easy first-round assignment. He plays little known Ray Antignat of Brooklyn.

PALM BEACH, Fla. (AP)—Polly Riley of Fort Worth and J. Walcott Brown of Manasquan, N.J., met Marjorie Burns of Greensboro, N.C., and Les Handt of Tampa, Fla., in a sudden death playoff Friday to determine the finalists in the Mixed Foursome Two-Ball Golf Tournament here.

It Was Cage Game, Caller Insisted

AMARILLO, Tex. (AP)—As a small-town correspondent of the Amarillo Daily News finished his telephone report of a high school basketball game, sports writer W. L. Powell questioned him: "By the way, was this a conference game?" "No," the reply came back, "it was a basketball game."

Eight KO's Highlight GG Tournery At Fort Worth

FORT WORTH (AP)—The lads with the haymaker rights and the shattering lefts took over the ring in last night's Golden Gloves. They all went for the knockout. Eight inside it.

It was the second night of the Golden Gloves Tournament and the fury mounted as three boxers decked their opponents for the 10-count and five others battered their ring foes into technical knockouts.

Only one returning champ fought last night. Wesley McDonald, Fort Worth heavyweight, pounded Herman Betke of Amarillo for a TKO in one minute of the first round.

Melvin Baker of Austin, making his second appearance, gained stature with a TKO over capable Billy Dickerson of Brownwood. Dickerson couldn't answer the bell for the third round. They were welterweights.

Another welterweight TKO was by Arlen Bynum of Abilene, making his second appearance. His performance was even more spectacular as he won his victory in 9:48 of the second round.

A fourth TKO was racked up by Tommy Davis of Tyler, a middleweight, he got his TKO in 1:35 of the first round over Joe Mitchell of Wichita Falls.

The first TKO of the night came when Leonard Smith, Fort Worth, stopped Leo Escobedo, Abilene in 1:35 of the second round in a bantamweight meeting.

All the 10-count knockouts came in first rounds.

Baltazar Flores, Beaumont, decked Connie Eckard, Waco, in 1:18. It was a meeting of featherweights.

Two bouts later in the same division, Sixto San Miguel, San Antonio, a poised, workmanlike boxer, kayoed V. R. Roberts of Abilene in 1:52.

John Hopkins of Houston used a power blow to the midsection to knock out Rogelio Reyes of Corpus Christi in 1:09. They were lightweights.

The bout that brought the biggest roars from the underdog getting the cheers, Emilio Vela of Harlingen, a capable puncher with poise and ring skill, pounded Frank Dunlap of Lubbock through two rounds.

Cates' mouthpiece across the ring and still was battling at the end. Cates' cool, experienced performance, gained mainly in fighting in Navy bouts, made the difference and marked him as a man to be watched. He is 21.

WACO (AP)—More than 110 high school and junior college coaches, here for Baylor's three-day football coaching clinic, watched movie last night of the 1954 Baylor-SMU game.

Put a PEARL 6-Pak right in your refrigerator

ALWAYS SAY... "BOTTLE OF PEARL PLEASE"

Here's The SOLUTION To CASHWORD PUZZLE NO. 2

count may be so clear that very little is left to the imagination.

19. Litter, yes; but the sheets of paper are only the vehicle of the Letter; they are not "represented" by the Letter. A Letter consists essentially of the message and conveyed by the paper and ink.

27. Gum is more apt, because strength is the prime quality that decides whether it is good. A workman is hardly interested in "chewing" Gum. Good Gum is probably no stronger than an inferior Gum, but there are other factors that make it better.

28. Master is the better word because if Matter were used the clue should read "thoughts on" instead of "thoughts of". You were asked to "scramble" or thus making it re in writing your answer.

CLUES DOWN:

2. Crises imply very serious situations and so matches better with the idea of being definitely deplorable. Crimes would be better with some qualification such as "serious", since many of them are minor and many are technical rather than wicked.

4. Mop is the clue better. Strictly speaking, a Job is a piece of work. That is, it doesn't really exist until you do it, and, at the stage implied by the clue, is a Job only in prospect.

6. Shopping may, or may not, involve such carrying. Shipping as a group term for nautical traffic in general, does involve it; and, as a verb, Shipping is, rather than "involves", such carrying.

8. Rest is more generally apt, since all men need it. Only a certain section of people receive Rent which gives this word a very limited application, but just "a man", as in the clue, could mean anybody.

11. Fed is more apt. "Only by their keepers" suggests that other people might try. This favors Fed. People might try to Feed them by throwing things into the cage, etc., but there would hardly be any question of trying to Lead them.

13. Dull is the better word. The very fact that the fight is Dull would make it extremely difficult for any but an expert writer to make it seem exciting. Many a Duel, however, has made a most exciting description possible. Of the two words Dull is the more apt.

14. Fit is best. To Fit is to fly or move in some direction. A Flat would only mean moving to those who lived in one and not to "most" people.

15. Cure is best. Surely it is an accepted thing that many medicinal ingredients taste awful, this being taken for granted without any reflection upon the medicine's Purity. Cure is an excellent answer.

18. Pet is the better word. As for Bet it is too indirect. It is from the practice of betting that a sportsman derives pleasure and not from the Bet itself. Even then, it is from the winning of the Bet rather than the actual placing of the Bet.

24. Eyes is better according to the wording of the clue. You protect Eyes when necessary. You protect Ewes where necessary.

EXPLANATION OF MORE DIFFICULT CLUES

CLUES ACROSS:

5. In some countries the Arts are government sponsored. Arms is not as apt because it is in most countries, rather than merely "some", that a lot of government money is spent on Arms.

7. A politician is just the sort of person to produce a convincing Report. Report is less direct, because it is unlikely that you are really getting the Report from him; strictly, you may well get the Report from his department, via him.

9. Gin fits the clue better. The sporting chap would be considered "rather fortunate" to be able to get a Gin whenever he wanted it under all circumstances, whether it was his favorite brand or not. It is not impossible that he could. To say that he would be "rather fortunate" in getting a "Win" every time he wanted one would be a gross understatement, indeed, since such a situation is inconceivable.

10. Beef is the better word. Practically the only people who do not consume meat or Beef are vegetarians. With them it is a matter of principle. While many people in principle oppose drinking Beer, there are as many others who do not drink it because of its effects on the system or because they prefer another type of liquor and not because of any principle.

13. A serious Defect is something seriously wrong, which may well reflect bad methods. A serious Defeat does not imply quite the same thing as a "bad" or "heavy" one, but rather one with serious consequences. The Defeat being serious, then, has no particular connection with the methods used but more likely the attitude of the people if it is an election, or equipment if it be war.

17. True of Lurid (sensational) accounts, but a truly Lucid account may be so clear that very little is left to the imagination.

Sorry You Missed - Try Again!

The "Jackpot" Now Jumps To \$75 Offered For Next Week's Winners

PUZZLE NO. 3 Will Be In Monday's Herald

Tournament Conference

Members of the Big Spring High School girls' volleyball team get together with their coach and manager to plot strategy for the Odessa Tournament, which is being held this weekend. They are, left to right, Marylou Staggs, Coach Arak Phillips, Louise Burchett and Manager Betty Earley.

LOOKING 'EM OVER

With Tommy Hart

Decision of the tall chapeaus at West Point and Annapolis to make their teams eligible for the football bowl games should do a lot about opening up the New Year's Day classics and enhancing their value in the eyes of the people who pay their freight.

The post-season classics have been threatening to die on the vine because the supply of first-rate ball clubs couldn't begin to meet the demand.

Only the winner in the annual Army-Navy game will probably take a bowl bid and then only if its record is good enough to merit a trip.

The decision is helpful to the committees of the Sugar and Cotton Bowls for another reason, too. It opens up another section of the country for them. The East, the Midwest and the Far West has been almost as isolated as Lower Slobbovia in recent years. Only the teams in the South have been accessible to the two major bowls and, the territory has been exploited too much, what with the bowl salesmen working both sides of the street.

Over at Midland, Coach Tugboat Jones has announced he won't begin spring football training until May 2.

Then, he'll have his boys working almost exclusively under the lights.

Jones wants his Bulldogs to get a running start in District 1-AAA next fall and reasons they won't have much time to get rusty between late May, when the workouts stop, and Sept. 1.

There are people in Midland who will tell you the Bulldogs are going to win it all next year.

Cosch Johnny Johnson of the Big Spring High School basketball team thinks Lamesa, Snyder, Sweetwater and Levelland will field the strongest teams in District 1-AAA next year.

Considering the possibility that the district will be divided for economic reasons, since there are nine teams, it doesn't take an Einstein to figure out that Johnson's Steers are in for trouble in 1955-56.

Lamesa returns the nucleus for a good ball club, and Big Spring hasn't beaten the Tornados in half a dozen years. Snyder's losses will be negligible. Back at Levelland will be Chester Jackson, tallest man on the team, and Larry Corbin.

Sweetwater was down this year but it is probably because the coaches didn't book a tough enough non-conference schedule. Dale McKeehan, the league's leading scorer, is returning. Fact is, the Ponies lose only Ken Drewery from their starting lineup.

Plainview gets hit hard by graduation, the first seven boys will be awarded diplomas in May. Vernon will be hurting, too, but chances are both teams will be in the other section.

Johnson loses all five of his starters from this year's team but he's building a team that will be hard to contain in a couple of years.

To the north, Knott's Bill Bolin isn't facing next basketball season with fear and trepidation, although his Billies got eliminated in the best of a three game series with Forsan for the District 19-B championship.

Bolin has Woody Long, Roosevelt and Delano Shaw and Jimmy Ditto, the latter a 6-foot-1 reserve, back from this year's club.

He also has Jackie Romine, a 6-foot-4 lad, becoming eligible.

Romine handles himself very well for a big man and will be hard to guard.

Knott won 13 of 20 games. Roosevelt Shaw averaged 13.5 points a game last season. Jerry Don Paige—another Billie regular—had 13.2 and Long, 11.1. Considering the fact that Jerry Don scored only two points in his first three games, that took some tall shooting.

All other schools in District 19-B get hit hard by graduation.

Ezzard Charles Is Favored In Norkus Battle Tonight

By JACK HAND

NEW YORK (AP) — If Ezzard Charles still has it, he should knock out 26-year-old Charley Norkus tonight at Madison Square Garden.

If two beatings from Rocky Marciano took too heavy a toll on the former champion, Norkus has his "chance of a lifetime."

Although Charles, 33, has been inactive for five months since he was knocked out by Marciano last September, he is a 1-3 favorite.

There is no comparison between the records of the two fighters. Charles is far and away the superior boxer.

Norkus, 26, has youth and a solid punch. In a few months, he has risen from obscurity to rank No. 9 among Marciano's contenders. A sensational knockout over Danny Nardico in Miami a year ago started the string but he slipped back near the shadows when he was stopped by Hurricane Jackson in May.

The sturdy lad from Jersey City and Port Washington, N. Y., whipped Cesar Brion, knocked out highly touted Charley Powell and

outpointed Roland LaStarza in his last three fights.

Since the September night when he was flattened by Marciano, Charles had done no fighting. He went back to work in the gym shortly after the first of the year.

Charles, rated No. 3, says he still thinks he can beat Marciano but there is very little chance that he will get another opportunity at the title he held until he was knocked out by Jersey Joe Walcott in 1951.

Netters Shade Andrews Bees

ODESSA, (SC) — Big Spring was to return to action at 3 p.m. today in the second round of the Odessa Junior College Volley Ball Tournament, meeting Seminole in a championship round game.

The Steerettes came through their initial test with flying colors, defeating the Andrews B team, 15-4 and 15-8.

Seminole survived by subduing Crane, 7-10, 15-7 and 15-9.

In other games, Lamesa trounced McCamey, 14-7, 15-6 and 15-4; Denver City nudged Midland B, 15-1 and 15-5; Pecos prevailed over Midland A, 15-7 and 15-1; Odessa outlasted Grandfalls, 15-2, 8-15 and 15-3; Monahans repelled Andrews A, 15-4 and 15-8 and Fort Stockton kayoed Snyder, 15-1 and 15-2.

In championship round games today, Lamesa meets Denver City, Pecos opposes Odessa, Big Spring faces Seminole and Monahans tests Snyder.

If Big Spring wins today, it will play a semi-final engagement with the Monahans-Fort Stockton winner at noon Saturday. A win there would send them into the 3:30 p.m. Friday.

Plainview Stuns Seminole, 61-51

PLAINVIEW, (SC) — Plainview, champion in District 1-AAA basketball, marked time for the playoffs by shading Seminole in a practice game here Thursday night, 61-51.

Seminole is the reigning 6-AAA king.

Hugh Bob Tilson scored 18 points to lead Plainview while Bobby Bryant counted 11.

Track Work Starts At Knott School

KNOTT (SC) — Track and field workouts have started at Knott High School, with 27 reporting.

The district committee meets at Sterling City Monday night to discuss spring dates.

Cosch Bill Bolin expects to carry from 10 to 12 boys to the various meets.

Stanton Loses To Whiteface

STANTON, (SC) — The basketball season ended abruptly for the Stanton Buffaloes here Thursday night, when the Whiteface Antelopes beat them, 55-37, to clinch first place in District 4-A.

Stanton had won South Half honors while Whiteface reigned as the North Half King. Whiteface settled the playoff in two straight games.

Whiteface now becomes eligible to meet the District 3-A champion in bi-district play.

Reese Washington paced the Antelopes to the win, scoring 22 points. L. S. Salsar had 18 for the winners.

Mike Baulch collected 12 and Jimmy Henson eight points for the home club.

Using their height to good advantage, the visitors simply swept the backboards clean.

Stanton could manage only six points in the first quarter and 11 during the first half of play.

STANTON (37) — Henson (14-6), Baulch (9-12), Myrick (3-3), Rhodes (1-4-6), Yates (1-2-1) Totals (98-37).

WHITEFACE (55) — Washington (8-18-22), Curtis (14-18), Salsar (14-18), Rhodes (8-6-6), Haldridge (9-1-1), Brooks (9-3-3) Totals (118-55).

Birdie Can Beat You, Says Jim

SAN ANTONIO, Tex. (AP)—What do the golfers think about those fantastic scores being shot in the Texas Open Tournament?

Thursday as Peter Thomson, the Melbourne, Australia, professional waited to tee off, the loud speaker brought these announcements:

"Mike Souchak has shot a 60 with 27 on the back nine.

"John Barnum has posted a 63."

"Say," asked Thomson solemnly, "is it too late to get my entry fee back?"

Quipped Jimmie Demaret, the Houston pro: "This is the only tournament in the world where you can shoot a birdie and lose ground."

Two Big Spring Teams Winners

GANDY'S creamery and Lefty Reynolds' team, both of Big Spring, advanced in the Knott Independent Basketball Tournament with wins here Thursday.

Gandy's turned back Coca-Cola of Big Spring, 63-62. Reynolds won over Forsan, 70-52.

In games tonight, Knott plays Garden City at 6 p.m., Coca-Cola vies with Forsan at 7:30 p.m. and Gandy's tests Reynolds at 9 p.m.

The tournament winds up Saturday night.

A Nifty Shot, But In Wrong Basket

TEXARKANA, Tex. (AP)—When the ball came in from out-of-bounds, center Carroll Spencer took it, pivoted neatly and dropped in as pretty a goal as was made in Thursday night's game between Redwater and Maud, Tex., high schools.

Today he's still regretting the shot.

Spencer plays for Redwater, but he fired the ball through the Maud basket. And the two points turned out to be the winning margin as Maud took the game and the district championship 61-60.

Clark Is Second In Scoring Race

Sweetwater's Dale McKeehan easily captured scoring honors in District 1-AAA the past season with a total of 228 points in his 14 games. The Mustang junior's per-game average was a robust 23.4.

Charles Clark, Big Spring, came up fast in the last two games to tie Hugh Bob Tilson, Plainview, for second place. Each had 237 points and a 15.9 average for conference games.

Al Kloven, Big Spring, was tied for seventh place in the scoring derby with 193 points and a 13.8 average.

Scoring Leaders:

Player	PG	PT	AVG.
Dale McKeehan, Sw.	118	27	23.4
Charles Clark, BS	92	237	16.9
Hugh Tilson, Plain.	92	237	16.9
Oene Miller, Vernon	83	235	18.8
Tommy Everett, Brook.	73	210	15.9

Eisenhower Warns GOP Not To Link Communists, Demos

By JACK BELL
WASHINGTON (AP) — President Eisenhower says Republicans ought not to link Communists and Democrats in the same class when they line up to fight their enemies.

The President's admonition was delivered to the Republican National Committee yesterday after it unanimously had affirmed a subcommittee's choice of San Francisco as the site and Aug. 20 as the opening date for the 1956 presidential nominating convention.

The committee thanked Eisenhower for "an inspirational and heart-warming talk" and proceeded to assert in a resolution offered

by former Sen. C. Wayland Brooks, Illinois member: "Thanks to him (Eisenhower) and his unequalled leadership, we approach 1956 not only determined to win, but convinced that we will win because America wants and is determined to have the quality of government which Dwight D. Eisenhower and the Republican party have given it."

Maintaining silence on his own plans, the President told the delegates not to close their "balance of values" in their struggle to win elections.

"Our greatest enemy is the Communists," he said. "Our great struggle today is a free world against a dictator world. Our greatest enemy is not the Democrats. We certainly know we can't have better allies when we are fighting anybody from abroad."

"So let's remember that . . . Let's not build up a picture that the worst enemy anyone can have is a Democrat. Far from it. We just don't think they can do as good as we do. As a matter of fact, we know it."

The President's cautionary remarks appeared directed at such GOP campaigners as Sen. McCarthy of Wisconsin, who assailed

Democrats in speeches entitled "20 Years of Treason," and at others who have accused Democratic officials of being soft toward communism.

Democrats have said Vice President Nixon was one of the latter, but Nixon has denied making any such general charges.

Eisenhower told the delegates that instead of the "progressive moderate" label he once used for his administration he now prefers "dynamic conservatism."

White Disdains Peace Overture

By DAVE CHEAVENS
AUSTIN (AP) — Some Texas Democrats who stayed hitched with Adlai Stevenson in 1952 have cold shouldered a reported effort to make peace with the "Eisenhower Democrats."

The 1952 Eisenhower backers are "going to have to prove they are real Democrats first," Agriculture Commissioner John C. White said yesterday.

"There isn't going to be any peace as things stand now," White told the Associated Press in comment on reports from Washington that a peace move was under way.

White was the only Democratic nominee for state office in 1952 who spurned dual nomination by the Republicans. He was a strong Stevenson supporter and is known to be in good standing with the Democratic National Committee.

The national committee and the Texas state committee are not on speaking terms because Gov. Allan Shivers and then National Committeeman Wright Morrow and other Texas leaders repudiated Stevenson in 1952, leading the state into the Republican column.

The national committee's operations in Texas are carried on by an advisory group of Democrats who stayed with Stevenson.

In Washington Wednesday, John E. McKelvey, Texas state commander of the Veterans of Foreign Wars, talked to Democratic National Chairman Paul Butler. Then he told reporters he thought some kind of compromise might be reached if Shivers would support the Democratic nominee in 1956.

Stevenson supporters all over the state called him yesterday to ask "who is McKelvey speaking for?" White said.

"He wasn't speaking for me. Is he speaking for Gov. Shivers? — don't know. Maybe so."

White is regarded as a top potential candidate for governor in 1956.

McKelvey said McKelvey was a Stevenson supporter in 1952.

Stroller Mishap Fatal

CORPUS CHRISTI, Tex. (AP) — Lance Edwin Donlevy, 5-month-old son of Mr. and Mrs. C. C. Donlevy, suffocated yesterday when his neck pressed against a metal rod on the front of his stroller.

Marks on the body indicated the tot was unable to lift his neck from the rod, which cut off circulation and air through his jugular vein and windpipe.

Editor, Aged 80, Continues 15-Hour, 7-Day Work Week

SOMERSET, Pa. (AP) — Henry Baker Reiley was 10 when he started his newspaper career as an apprentice typesetter. He worked 15 hours a day, seven days a week. Today the founder and editor of

the Somerset Daily American is observing his 80th birthday—and there's been little change in his work schedule.

He comes in mornings to peek out his daily two columns of editorials on the typewriter. Late in the evening visitors find him in the same swivel chair penciling through the day's flow of news.

Starting time now is 9 a.m. and it's often after midnight when he

switches off the desk light. The elderly veteran's only concession to this seven-days-a-week routine is an afternoon walk in recent years with his grandchildren and a short nap after dinner.

Anything special planned for today?

"No," one staffer replied. "He

may have a few friends drop in and maybe there will be a few gifts delivered. But I suspect it will be business as usual.

"He's not one for much fussing."

About one out of every 143 U. S. school children have crossed eyes.

Tickets For Guard Show Now On Sale

Tickets have gone on sale for the National Spotlight Revue, stage show to be presented here Mar. 1 under auspices of the National Guard, Capt. T. A. Harris, local Guard commander, has announced.

The tickets are available at the Chamber of Commerce, the Corden Station No. 7 (Fourth and Gregg), and at West Texas Stationers. Also, any member of the National Guard or Jaycees can furnish the tickets.

Capt. Harris said that Guardsmen will deliver tickets to any person requesting them through the National Guard telephone, No. 4-4645. Admission charges for the show will be \$1 and 35 cents.

The National Spotlight Revue will feature, music, dancing, comedians, jugglers, and a pair of magicians known as "The Jesters."

Mac Horn will be presented as a juggler and musical "exhibitionist." Wayne Chapman, organist; Les Lamarr and Poppy, the "comedy knockabouts;" and Poppy as "Little Miss-chevious" are others on the program. Eddie Jester will serve as master of ceremonies.

Capt. Harris said the National Guard share of the proceeds will go into the unit's benefit fund, and will help stage an open house and celebration to mark the Guard's move into the new armory building, probably in March.

Ft. Hood's Mock Fight Continues

FORT HOOD (AP) — The 1st Armored Division engaged "Aggressor" Nation forces today as a 17-day mock war continued on this Central Texas army post.

The simulated battles, a test of the armored division in atomic-age warfare, are centered along Cowhouse Creek, a stream that bisects the military reservation.

Atomic weapons made their first appearance in the activity yesterday, when a platoon of 280-mm atomic artillery set off a simulated blast in an area occupied by "Aggressor" forces.

The "Aggressor" troops are actually units of the 4th Armored Division.

Seeks Rearming Delay

DUESSELDORF, Germany (AP) — The Socialist-dominated West German Trade Union Federation has demanded that Parliament delay voting on rearmament until new Big Four negotiations on reunifying Germany have been held.
