New Violence Flares Up On Strike Front

Score Injured In Clash Between Police And Pickets In California

INJUNCTION PENDING AGAINST SIT-DOWNERS

Chrysler Strikers Ordered To Appear Before Court Saturday

New outbreaks of violence heigh-tened tension in the fast moving drama of industrial conflict today. Nearly a score of persons were injured in a clash between police and pickets at the California Packing Corporation plant at Alameda,

(By The Associated Press

In Chicago more taxicabs were stoned and non-striking drivers pursued and beaten in a dispute that has crippled cab transporta-

At the Lancaster (Pa.) iron works, scene of a strike, a crowd pelled workers with eggs.

Injunctive proceedings against Chrysler Motor Corp. strikers gave rise to fear of possible violence a

The riot at Alameda started when non-union workers tried to pass a line of 200 union warehouseman pickets.

Tear Gas Used Police released tear gas bombs and firemen shot streams of water at the pickets. Clubs, fists and

rocks were brought into play. Circuit Judge Allan Campbell ordered Chrysler Motor strikers and union officials to show cause Saturday why an injunction should not be issued. The latter retaliated by announcing sit-down strikers would not permit corporation executives to enter Chrysler plants.

Approximately 55,000 employes were made idle by the Chrysler strike, which started after the corporation rejected the United Automobile Workers Union demand to be sole bargaining agent for the company's 75,000 workers. A dispute at the Hudson Motor Car Company kept 10,000 idle at Detroit. Reo Plant Strike

Replies To LaGuardia Statement **Draw Fire**

WASHINGTON, Mar. 11 (AP) Secretary Hull today instructed Ambassador William E. Dodd at Berlin to make vigorous representations to the German foreign office concerning recent articles appearing in the German press about the United States.

The secretary of state recently apologized formally to the German ambassy here for remarks made by Mayor Fiorello H. LaGuardia of New York in which LaGuardia re-ferred to Chancellor Hitler as a brown-shirted fanatic."

LaGuardia's statements, made before the women's section of the American Jewis Congress, evoked a deluge of criticism from the Gernan press in which LaGuardia not only was attacked but American institutions and Jewis women also were flayed.

This press campaign was called to Secretary Hull's attention by Wise, wife of the noted Jewish rabbi and chairman of the women's section of the American Jewis Congress.

retary Hull to dispatch immediate orders to Ambassador Dodd to express "emphatic comment" to the German foreign office and to say the United States government was amazed at the fierceness of the Ger-

CALIFORNIA WEATHER RAZZED IN PLAY ON NEW YORK STAGE

NEW YORK, Mar. II (P)-The city of Los Angeles ("on a clear day you can see Catalina") is given the gentle raspherry in a bit of boarding house foolery that the owner of the Denver Post, Mrs. Helen Bonfils Somnes, has brought to Broadway under the title of "Sun Kissed." The blonde daughter of the late F. G. Bonfils, with her hus-

band, George Somnes, as co-producer and director, opened "Sun Kissed" at the Little The-"Sun Rissed" at the Little Thentre last night.

The play, in three acts, is a
comedy by Raymond Van Sickle.
The action takes place in a Los
Angeles boarding house operated by a kindly old duffer, who
feels valvely that he can have a
mixed clientele of exuberant
spirits without any boy-meetsgirl complications.

A night comes when he is

Crows Cause Vast

OKLAHOMA CITY, Mar. 11 OP-Vart armies of hungry crows—described as the largest in the nation—raided Oklahoma's freshly planted fields toed for dynamite bombs to repair the attack

Game wardens, who have blasted as many as 50,000 crows from their roosts at a single crack, admitted their supply of bombs was "nearly exhausted." "I believe," said Game Warden L. D. Rickey, "Oklaho has more crows than any other state in the union."

"Farmers are calling in from all sections of the state asking help. They say they have never seen crows as bad as right now. The crows are following farmers un and down the'r farmers un and down ther fields, digging up oats and corn as fast as they are pianted."

He estimated the state had killed 200,000 during the winter. Rickey appealed to the Okta-homa legislature for help.

M'FARLANE GIVEN COMMITTEE POST

WASHINGTON, Mar. 11 (P) Texas had a new member on the house appropriations committee today, succeeding the late Repre sentative James P. Buchanan. The ways and means committee chose Representative W. A Three Days' Cough The Tramp and His Woman, work as time to the many or tablecloth, that is made and in one piece, instead of by joining a number of motifs. We've done it for you here, but at the many weeks, members of the Pioneer Members Meeting for the first time in many weeks, members of the Pioneer Bridge club were entertained by the Women's Council, of the First Christian church for Priday evening beginning at 7:30 of clock in the church basement want. It will look well on the diming-room table bod, or on the diming-room table bod want that a runner or centerpiece is used. We're including material suggestions and require for tires, etc. Is Your Danger Signal

A cough, chest cold or bronchial irritation today may lead to serious trouble temorrow. You can relieve them now with Croomulaion, an emulaified Crecoote that is pleasant to take. Crecomulsion is a medical discovery that aids nature to soothe and heal the infected membranes and to relieve the irritation and inflammation as the germ-laden phlegm is loosened and expelled.

Medical authorities have for many years recognized the wonderful effects of Beechwood Crecoote for treating coughs, chest colds and bronchial britations. A chemist worked out a special process of blending Crecoote witch is palatable and can even be taken frequently

and continuously by adults and children. Thousands of doctors now use Crecomulsion in their own now use Crecomulsion in their own this genuine, original product you can get a real dose of Crecoote so emulsified that it goes to the very seat of the trouble to help loosen and expel germ-laden phlegm.

Crecomulsion is guaranteed satisfactory in the treatment of coughs, chest colds and bronchial troubles, especially those that start with a common cold and hang on and on. Get a bottle of Crecomulsion right now from your druggist, use it all up as directed and if you fail to get satisfactory relief, he is authorized to refund every cent of your money. Get Crecomulsion right now. (Adv.)

MENTAL AILMENTS TREATED BY USE OF BEAUTY AIDS

Norman, Okla., Mar. 11 UP-Marcels and makeup go a long way to aid women suffering from mental ailments, Dr. D. W. Griffin, superintendent of the Central Oklahoma Hospital for Iusane, said today. "We teach them how to keep beautiful," said Dr. Griffin, referring to his 1,200 woman patients in the hospital which also

houses 1,600 men inmates. "We wouldn't do without beauty treatments for anything in the world.

"When the women get their hair done and their fingernails fixed, you should see the change

Dr. Griffin said most of the women patients were maniedepressives, suffering mental depression and an apparent less of hope and interest in their dally lives.

"Of course," Dr. Griffin said, "The beauty treatments are just a part of the general treat-

Dr. Griffin said one result of beauty treatments was

amusing.
"Some of these farmers in their blue overalls come down to see their wives for the first time, take one look at her and try to take her out of here before she is completely cured,"

Lightning Strikes Upward, Too, And With More Power

ALBUQUERQUE, N. M., Mar. 11 AP-Lightning, said Dr. E. J. Workman today, strikes upward as well as down - in effect,

And, the University of New Mexico physicist told the Society of American Foresters here, the upward stroke in this sort of light-

ing, is usually the more severe. "Bouncing" lightning, Dr. Workman explained, originates in a single, relatively weak down stroke, or "path maker." which literelly blazes a trail through the

The return stroke, generally of far greater intersity and speed, almost instantaneously flashes from ground to cloud, following in reverse precisely the same crooked apath of ionized air which the first

down stroke pursued. The effect is much like that of a bouncing ball, except that the lightning bounces back harder than it cornes down.

The return stroke, in fact, may be a succession of flusher—Dr. Workman said as many as 40 have been courted—all occurring so swiftly that to the human eye they appear as a single, shivering bolt.

MOONEY MAY APPEAR BEFORE SOLONS ON

SACRAMENTO, Calif., Mar. 11 (42-Thomas J. Mooney may be called before the California state scuate when it considers the assembly's overwhelmingly approved pardon resolution, some legislators said today.

The legislators, in discussing the "full and complete" parden pro-posal, said it was also probable the judge, district attorney and others who figured in Mocney's bombing conviction would be called.

Passed by a 45 to 28 assembly vote, the resolution which would exonerate Mooney of the 1916 San Francisco preparedness day bombing, goes on the senate file today.

AT OLD ESTATE

· Attractive Plates of Canapes Lend Smart Air To Springs Popular Cocktail and Tea Parties

By MRS. ALEXANDER GEORGE AP Feature Service Writer.

Colorful canapes are a smart send-off for the simplest of parties. Swept into popularity on the crest of the repeal wave—as an accessory to the resulting boom of cocktall parties—they gradually have come to fill many chinks in other party menus, They also have found wider use as appetizers to be served at the beginning of the meal.

The wise hostess has learned that when she serves canapes she must have a generous assortment of then and also a plentiful supply. For it is surprising the number which will disappear when even a few

Consequently she should plan or a per capita consumption of at least dozen for her guests. And if she has any doubts on their capacities

has any doubts on their capacities are should double that amount.

Although cocktail napkins are generally passed when cocktails are served canapes should not be sticky, since they are meant to be eaten with the fingers. They should be small enough to be eaten in one small enough to be eaten in one juice. Roughly refill the white or two bites, and they should be sticky small enough to be eaten in one juice. Roughly refill the white only in a bit of mayonnaise and lemon juice. Roughly refill the white two juices are supported in diameter. that the government keep title and control for at least 20 years of farms it might sell to tenants on easy terms. The committee's proposal would give the tenant-buyer title to his land as soon after a five-year trial period as he could make final pay-

control policy.

Chairman Jones (D-Tex) of the agricultural committee argued the ambitious tenant farmers would want to pay for his farm as soon as possible and operate it without government supervision.

Fifty years ago, only one farm-er in four did not own the land he worked. Today, two out of five are tenants. The bill provides that part of the money should be used to help

the masses of tenants, share-croppers and farm laborers improve thur living standards.

The president's farm tenancy committee proposed a federal tax to take a large part of the profits from land sold within three years,

as a means of discouraging land

price booms. Wheat Exports May Be Resumed By US **During This Year**

CHICAGO, Mar. 11 (P)-The gramble for the world's dwindling wheat supplies, which has lifted prices to eight year peaks, gave the American farmer a golden opportunity today to resume the role of exporter this year,

Board of trade specialists predicted that if domestic wheat pro-duction in 1937 is as large as expected, vessels once again will be leaving United States wharves ound for Europe with large quantities of grain. The United States has not been a wheat exporter for many months because the cumulative effect of several seasons of short crops has reduced stocks in this country to the lowest point since 1919.

In direct contract to conditions few years ago when the bins of virtually every big exporting na-tion in the world were buiging with grain for which there was no market, rearming European nations now find themselves scouring the southern hemisphere for wheat to feed populations and store reserves for possible war.

SEEK TO ARBITRATE STRIKE AT HOUSTON

HOUSTON, Mar. 11 (P)-Ex-sitown strikers waited in a "hopeful" atmosphere today for resumption of negotiations between union leaders, Federal Mediator Edwin A. Elliott and officials of the Emsco Derrick and Equipment company.

Last night the sitdown strikers peacefully moved out of the company plant here under an agreement which also stipulated the empany would not resume operation of the factory during the peace talks.

The strikers have asked wage increases and recognition of their union, an American Federation of Labor affiliate. Dr. Elliott said it was the first A. F. of L. member to employ the sitdown technique. The first conference ended last night with no agreement ansunced. Negotiators were quoted

as saying, however, that the at-mosphere was hopeful for quick settlement of the dispute. TOURS DISTRICT G. C. Dean, district supervisor of surplus commodity distribution, was on a tour of the district Thursday, his office reported.

A total of 5,959 persons was recotic laws last year, of whom 2,959 were convicted

Farmers Cited As First Link

And Terracing Urged By Soil Expert

WASHINGTON, Mar. 11 (UP) - May 4. Expansion of contour tillage and Falcaro was scheduled to lead terracing is urged by H. H. Ben-nett, chief of the soil conservation of New York, and compete in the service, as a "primary method" of singles and doubles on April 7. Beflood control.

ments have proved that farming set back the date until April 29. Bardwell to Irene. practices that conserve soil and water have a directly beneficial bear-ing on the control of floods and al-leviation of drouth conditions, Ben-

The effectiveness of soil and water conservation at flood sources in minimizing floods, Bennett said, is substantiated by several factors. Quick Bun-Off Stressed

He listed these two as important:

1. Flood loads are due in large part to rapid surface run-off of rainfall or melting snow and quick concentration of this water in stream channels.

2. The upland soils of a watershed constitute a storage reservoir capable of absorbing or retaining enough water to prevent, or at least greatly reduce, critical flood crests n the lower drainageways.

Proved and adaptable proced-ures to hold water in the soil are now available, he said.

"There is a widespread and growing conviction," Bennett said, "that the solution of the nation's flood problem lies in a co-ordinat-ed watershed program of prevention and control in which the upstream farmer will reinforce with soil and water-saving practices the downstream fortifications of the engineer at critical areas of great dan-

Act After Diet Expose

The demonstration program con-sists of strip cropping, contour til-lage and contour furrowing, construction of terraces, check dams, water-spreading dikes, woodland and gully plantings, and retirement of steep slopes and badly eroded areas from cultivation.

Seen By Clayton WIND-UP TRAINING SATURDAY A pledge to cradicate police brutality was made by the Hayashi cabinet after a 70-year-old member of the Diet, who said that he himself had been jailed and tortured, had argued eloquently for greater emphasis on personal rights in Japan.

At the same time the police department of Tokyo issued a handbook instructing its efficers to be more courteous to citizens and telling them phrases to be substituted for the vulgar expressions sometimes used.

Section 197 Clayton, Mar. 11 (AP)—W J Clayton, rated one of the world's foremost cotton merchants, believes foremost cotton merchants, believes foremost cotton merchants, believes sity will be concluded Saturday with a heavy intra-squad scrimmage climaxing the month's drilling. Head Coach Morley Jennings is well-pleased with the session and points out, "Our line will be much stronger from tip to tip next season than last fall. The progress of the backfield candidates has been rapid and we may wake up the midtle of October to find that the ball-carrying unit of the team is also superior to that of the '36

> The above assumption is indeed heartening to the many grid folwas less of a price factor than U. lowers of the Bruins who have S. government control measures, he spent most of their time since the said. Texas, he pointed out, still close of the recent campaign begrows more cotton than all of Latin reaving the loss of 10 lettermen who will graduate in the spring, in Clayton predicted world consump- cluding three all-conference per-228-pound tackle, and John D. Trailer Will Be Exhibited

nck Story To Be Here Saturday Demonstrating New Type 'Home'

Always among the first to experiant with new modes of transpor-tion, Jack Story, veteran aviator and widely known sports amounc-ar, will be in Big Spring Saturday to introduce locally the latest and most popular vehicle—the automole trailer, it has been announced by E. M. Conley, manager of the Montgomery Ward store here.

Since his first experiences with alrpianes as one of the earliest air-mail pilots, Story has had a part in many types of speed thrills. Af-ter giving up piloting he began a onreer of announcing big races. He was in Big Spring last year with the Ward safety show.

Now Story's preference has turn-ad from speed to comfort and con-venience. He asserts "for complete relaxation and economical living. give me the trailer. There is plenty of adventure in trailer life; but it offers a mode of living that prom-

ises to be highly popular."
Story trailer trip is on a nationwide scale. During his visit here Baturday he will park the trailer at the Ward store at Third and Gregg streets, where the public is ed to obtain a close-up of how Mr. and Mrs. Story can make a

omplets home in a trailer. His trailer is a Montgomery Ward model, just introduced, and is comwith beds, tables, closets, toves, a refrigerator and practicalother conveniences.
