

Stalin Announces Fall Of Crimean Fortress - Port

LONDON, May 10 (AP)—The fall of the Crimean fortress-port of Sevastopol after a 24-day siege was announced today by Premier Marshal Stalin in an order of the day which indicated one of the two original besieging Soviet armies may already have rushed to the main front for a new Russian westward offensive.

April 19 reached Sevastopol's southern environs. The omission suggested that Yermenko and his men might have been moved elsewhere in preparation for important new operations. Through fall of the city the Soviet Black Sea fleet regained the second of two valuable ports from which to venture against Axis forces on Romania's coast 200 miles to the west. The other is Odessa, 150 miles to the northwest, recaptured by the Russians April 10.

Bombs Keep Falling—

Bombers Raid From Italy

By AUSTIN BEALHEAR LONDON, May 10 (AP)—Four-engine bombers from Italy apparently took up the pre-invasion offensive against the European fortress today in the wake of night assaults on both Berlin and Paris by RAF Britain-based "heavies." The German radio said fierce battles raged over the eastern Alps, possibly heralding another blow from the Mediterranean to Austrian targets.

American Thunderbolts and Marauders and RAF Mustangs and Mitchells, accompanied by fighters, streamed out of Britain, smacking rail yards and airfields in France and Belgium, carrying the offensive into its 26th straight day. But up to mid-afternoon, there were no official reports of operations by United States "heavies" from Britain which had been over the continent steadily for the last 15 days.

City Commission Opening Bond Bids

Prospects were that at least a dozen bids would be submitted Wednesday afternoon for the City of Big Spring's latest offering—a \$400,000 waterworks development issue. Members of the city commission were to open the sealed proposal at 2 p. m. in the commis-

sion room and planned to let the issue to the lowest bid. Because substantial premiums might offset lower rates of preferred interest, it was expected that the lowest net bid might require a few hours to figure.

DAN CONLEY

Conley Elected Lions President

Dan Conley, director of public school music, was elected Wednesday to head the Big Spring Lions club for the year beginning July 1. The election, held annually in advance of the district 2-T convention, developed a spirited contest between tickets dubbed as the "steamrollers" and "streamliners," and a few write-in candidates. Others elected were: Jack Smith, first vice president; Otis Grafa, second vice president; Boone Horne, third vice president; Dean Bennett, secretary-treasurer; John Coffee, Liontamer; Stanley Claiborne, tailwister; and Cecil C. Collings and C. J. Staples, directors.

Baptists Look For Large Attendance

Leaders in the First Baptist church were hoping for an attendance in excess of 300 for their "two for one" prayer meeting at 8 p. m. today. Goal is to have at least two persons attending for the name of every name called from the church service roll. Families were urged to check the church to see that the serviceman or men from their circle are listed on the roll. As a part of the service a gold star representing Lt. Hulien Robertson, who died as the result of an airplane crash near Fort Worth, will be pinned to the service flag. The roll will be called and those representing men in service will be recognized. Object of the meeting is to demonstrate to those in service the determination of the church to back up their contribution with prayers and worship.

Allies Operate Near Mogaung

SOUTHEAST ASIA HEADQUARTERS, Kandy, Ceylon, May 10 (AP)—Allied forces are operating on three sides of Mogaung in northern Burma, Almiral Lord Louis Mountbatten's headquarters disclosed for the first time today, indicating that a determined Chinese-British-American drive was in full swing to reopen a land route to China. A communique said heavy casualties had been inflicted on the Japanese south of Mogaung—the first official announcement that Allied forces, presumably Chindits, are operating in that sector. Sharp blows also have been dealt the enemy in the vicinity of Mawlu, some 75 miles southwest of Mogaung, where the airborne Chindits have been operating since March against the Mandalay-Myitkya railway. Fitting into the picture were Lt. Gen. Joseph W. Stilwell's American-Chinese forces in the Mogaung valley and native Burmese beating down Japanese attacks in the Fort Hertz valley in their double-barreled push to the south against Mogaung and Myitkya. These latter forces are closing in on the Japanese 18th division which already is reported as becoming disorganized. Stilwell's forces, supported by tanks and artillery, have been attacking strong Japanese positions east of the main Mogaung valley road and south of the Hwelon river, headquarters said.

Newsperman Dies

HOUSTON, May 10 (AP)—Larry Jewell, 47, well-known Newsperman and for the last two years public relations counsel for the Houston anti-tuberculosis league, died early today in a local hospital, after a long illness.

ed in the Sevastopol pocket as the Russian victory drive began Sunday. Many died trying to escape by sea, the Russians said. A midnight Moscow communique said Russian artillerymen hauled about 80 guns yesterday to the north shore of Sevastopol Bay and destroyed many enemy ships in the inlets while infantrymen on the east and south side of the city plunged through for the final mop-up. German suicide corps were said to have clung to the last to three-story defense works carved into the city's bluffs—caves that the Russians used as ammunition depots and defense headquarters in the 250-day German siege of the port in 1941-42.

Nazis Reported To Be Trying To Tighten Defense

Outlook Changes From Four Years Ago When Mighty Took Weak LONDON, May 10 (AP)—The Germans were reported striving hastily to tighten up their shaken western defenses on this fourth anniversary of the Nazi drive through the low countries as the gigantic British-American air campaign developed new aspects pointing toward a climax in preparation for invasion D-Day.

Thus the war in the west had swung in a full cycle, reversing the position of May 10, 1940 when the Germans, supreme in the air and on the ground, sent their legions crashing into Belgium and the Netherlands in the all-conquering blitzkrieg which led quickly to Dunkerque and the collapse of France.

With conclusive defeat in the air starting him in the face, Adolf Hitler has designated 29-year-old Maj. Gen. Oberst Peiz to command German air forces in the west and ordered him to assemble a force to combat the impending Allied invasion, said reliable American sources from underground Europe.

Peiz, looked upon as an air genius and a prime favorite of Hitler, was given the task of keeping together a force to strike back at the invasion fleets—no matter what damage the homeland suffers in the meantime.

No matter what the Germans do, even the most conservative American and British air leaders are agreed the Allies can win full control of the air within seven to 10 days after the invasion starts. In addition to the enormous acceleration in Allied attacks—in the first 10 days of this month there has been almost as much activity as in the two previous months—there were at least three new phases noted:

These were: (1) the RAF's new attacks against German ammunition dumps and other critical concentrations; (2) the two-pronged bombing of both railroad junctions and airfields; and (3) the speeded up drive against railroads and bridges.

Union Requests Ward Contract

CHICAGO, May 10 (AP)—Immediate extension and enforcement of a CIO union contract with Montgomery Ward and Company, released from government control last night, was asked by the union today in a telegram to the War Labor Board. The appeal to the WLB to extend the expired contract pending negotiation of a new agreement followed yesterday's collective bargaining election won by the union, whose controversy with the company led to federal seizure of the plant last April 26. The union's action came as Sewell L. Avery resumed control of the huge mail order house.

Avery, barred by federal officials from entering his office returned today following a ruling last night by secretary of commerce Jesse Jones ending federal possession of the Chicago properties. The CIO union won the collective bargaining election—a basic issue in the dispute over extension of a union-company contract—by a vote of 2,440 to 1,593, out of a total of 4,894 eligible employees.

Flying Fortress Crashes Near Big Spring Tuesday With Only Resulting Injuries A Sprained Ankle And Hurt Nose

A bloody nose and a sprained ankle were only injuries reported following the crash of a B-17 Flying Fortress 12 miles northwest of Big Spring at 4:45 p. m. Tuesday. The bomber, on a routine training flight from the Pyote Army Air Field, was said to have been flying quite low over town and appeared to be in trouble. Heading northwest, the plane continued until five of the flight crew had bailed out. Five others remained in the ship which made a belly landing just east of the Lamesa highway. Considerable damage to the Fortress was reported.

Clothes Rationing May Be Possible

WASHINGTON, May 10 (AP)—The National Cotton Council said today rationing of clothing is possible unless cotton textile ceiling prices are raised sufficiently to insure parity for raw cotton.

Father Of Martin Co. Sheriff Dies

STANTON, May 10 — Funeral for James Hardin Zimmerman, 72, pioneer Martin county resident, will be held at 3:30 p. m. Thursday at the First Baptist church here with the Rev. Buren Sparks, Ft. Davis, officiating, assisted by Rev. Wayne Cook, Stanton Methodist pastor. Burial will be in Evergreen cemetery with Eberly-Curry Funeral Home of Big Spring in charge.

Mr. Zimmerman, who had served three terms as sheriff of Martin county and who operated the Stanton hotel, succumbed Tuesday night at Andrews. He had suffered a stroke a week ago. He is survived by his widow and sons, Sheriff Morris Zimmerman, Stanton, James Zimmerman of Pecos; a daughter, Mrs. Elton Tom, Stanton; two brothers, Walter Zimmerman, Albany, B. B. Zimmerman of Burnett; and one sister, Mrs. Claud Brown, Lampasas.

Fed. Judge Drops Ward Injunction

CHICAGO, May 10 (AP)—Federal Judge William H. Holly today dropped injunction litigation stemming from government seizure of Montgomery Ward and Company Chicago properties without ruling on legality of the federal action in taking possession. The court told company and government counsel that he "considered the case dismissed" but would rule Friday on whether it should be recorded as dismissed with or without prejudice.

Plans For Rural Exercises Made

Program is being completed for a county-wide graduation service for rural elementary schools to be conducted at 8:30 p. m. Tuesday and arrangements are being made for separate services at Forsan, Knott and Coahoma. Chaplain James L. Patterson of Big Spring Bombardier school will be the speaker at the county-wide service, which will be conducted in the city auditorium. It was announced Wednesday in the office of Walker Bailey, county superintendent. The program will include group singing, musical contributions by Gay Hill, Lomax, Midway and Center Point students, and presentation of diplomas and awards. Program for the Forsan services, both elementary and high school, were announced by Dan McKee, Forsan superintendent. The high school baccalaureate service will be conducted at 8:30 p. m. Sunday, with Rev. P. D. O'Brien, pastor of the Big Spring First Baptist church, delivering the message. High school graduation will be conducted at 8:30 p. m. May 17 at the school. Shine Phillips, author and druggist, will give the graduation address. Wanda Nell Griffith, will give the valedictory address and Betty Vaidy will give the salutatory address. Miss Griffith has an average of 92.52 and Miss Lamb, 92.47. Neither has made a grade below 90 in the last two years.

The Forsan elementary service will be conducted at 8:30 p. m. Tuesday, Rev. J. W. Arnett, Forsan Baptist pastor, will deliver the sermon. Knott and Coahoma programs have not been announced. Both are independent school districts. Dates of closing of schools were announced as follows: May 19, Forsan, Elbow, Moore, Lomax and Hartwell; May 26, Center Point, Midway, Gay Hill, Morgan and Cauble. The Vealmoor school opened first, closing later for cotton picking, and will be last to close.

Citizens Invited To Highway Session

Any business men or others of Big Spring are invited to attend the state meeting of U. S. Highway 87 association at 2 p. m. Thursday at the Settles hotel, it was announced at the chamber of commerce. Gordon Kenley, Texas vice president, is to preside. A. B. Davis, manager of the chamber of commerce at Lubbock, is manager of the association. Big Spring is entitled to 38 delegates and as many more as wish may attend. Other cities which have indicated they will send delegates are Lamesa, Brady, Lubbock and San Antonio.

Yanks Reported Driving Toward Base Of Sulmona

By NOLAND NORGAARD ALLIED HEADQUARTERS, Naples, May 10 (AP)—Still pursuing withdrawing German forces, Eighth Army troops have thrust a wedge deep into enemy territory along Italy's mountainous backbone and at last report were driving directly toward the German base of Sulmona, it was announced today.

Front advices indicated there was little or no opposition, although the Germans were said to be carrying out extensive demolitions.

A communique announced Allied troops had entered the town of Palena, on the little Aventino river 25 miles inland from the Adriatic and 11 miles southeast of Sulmona, and a subsequent announcement told of the occupation of the mountain villages of Fallascoso, seven miles north-east of Palena and San Angelo, 12 miles southeast.

The Eighth army forces also seized high ground near the hamlet of Gamberale, two miles northwest of San Angelo on the road to Palena. The advances carried the Allied troops a minimum of nine miles beyond previously announced positions.

A full explanation of why the Germans pulled back was not yet available, but the move apparently was taken to shorten and straighten their mountain lines. The Germans, who have broadcast various propaganda reports of Allied preparations for a new offensive somewhere in Italy, appeared to be increasing their defenses on the main Fifth army front south of Cassino. While their big guns provided a covering fire, German working parties were heard felling trees and digging in on the west bank of a river.

An Allied patrol with tank support raided an enemy-held house west of Cisterna on the Anzio beachhead, inflicting casualties. Headquarters said six enemy tanks attacked the raiders, but four hits were scored on the German vehicles and one was left afire.

Although bad visibility kept heavy bombers on the ground for the second day, British Wellingtons last night renewed attacks on the west coast ports of Genoa and Livorno.

Chinese Lose In Honan Province

CHUNGKING, May 10 (AP)—Chinese forces have all but lost their grip on the north-south Peiping-Hankow railway in Honan province, the Chinese high command indicated today. Two strong Japanese columns were reported less than 14 miles from a juncture as they struck from the south from Chumiaten and entered the railway town of Sulping from the north. The invaders from Chumiaten were said to have gained several miles, appreciably narrowing the 14-mile gap. The invaders pressing toward the ancient Honan province city of Loyang, however, were said to have been checked east of the Yi river. The nearest Japanese forces several days ago were reported only six miles from Loyang. (A Tokyo broadcast said today that Japanese forces squeezing through Hulao Pass on the road to Loyang yesterday captured two more towns.)

Gandhi Expected

POONA, India, May 10 (AP)—Mohandas K. Gandhi, Indian nationalist leader who was released from internment last week, is expected to arrive in Bombay Thursday and stay at Juhu Beach, 19 miles north of the city.

## Amazing Way for "RUN-DOWN" people to get NEW VITALITY... PEP!

**1—Promote the flow of vital digestive juices in the stomach**

**2—Energize your body with RICH, RED BLOOD!**

THESE two important steps may help you to overcome the discomforts or embarrassment of sour stomach, jerky nerves, loss of appetite, underweight, digestive complaints, weakness, poor complexion.

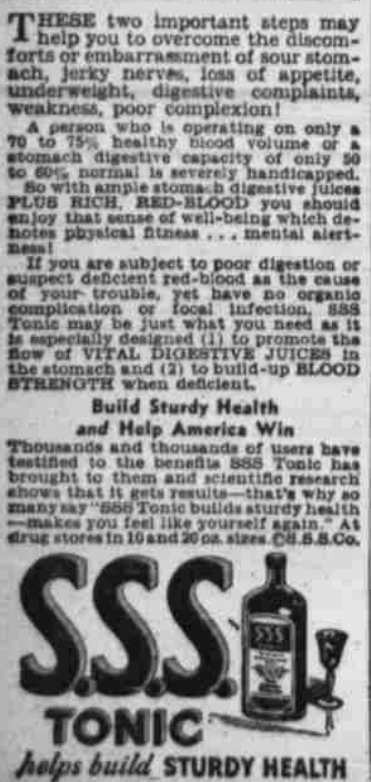

A person who is operating on only a 70 to 75% healthy blood volume or a stomach digestive capacity of only 50 to 60% normal is severely handicapped.

So with ample stomach digestive juices PLUS RICH, RED-BLOOD you should enjoy that sense of well-being which denotes physical fitness... mental alertness!

If you are subject to poor digestion or suspect deficient red-blood as the cause of your trouble, yet have no organic complication or focal infection, SSS Tonic may be just what you need as it is especially designed (1) to promote the flow of VITAL DIGESTIVE JUICES in the stomach and (2) to build-up BLOOD STRENGTH when deficient.

**Build Sturdy Health and Help America Win**

Thousands and thousands of users have testified to the benefits SSS Tonic has brought to them and scientific research shows that it gets results—that's why so many say "SSS Tonic builds sturdy health—makes you feel like yourself again." At drug stores in 10 and 20 cent sizes. CH.S.S. Co.

### Rise Predicted For Neches River

SILSBEE, May 10 (AP) — Continued rise was predicted for the next two or three days in the mounting Neches river at Evadale, Jasper county, while warning was issued of a rise on Village creek, which empties into the Neches near Weiss Bluff.

C. E. Ellsworth, district engineer for the U. S. geological survey, said yesterday that the Neches' reading at Rockland, Tyler county, was three feet higher than it had been in forty years, and the stream continued to rise .75-inch per hour at Evadale.

### Originator Of Poppy Day Death Victim

ATHENS, Ga., May 10 (AP) — Miss Moina Michael, who originated "Poppy Day" in 1918 as a memorial to the war dead, died in a hospital early today after an illness of several months.

Known as the "Poppy Lady," she also originated the annual memorial to soldiers and sailors who died at sea in the first World War. Yearly she made a seven-foot anchor of poppies, setting it adrift at Savannah, Ga., until 1930. Thereafter, the anchors were launched by naval authorities at Annapolis.

She carried the "Poppy Day" idea to the American Legion, which sponsored it in August, 1920. The British Legion adopted it in 1921. Since then poppy sales have brought millions of dollars, chiefly for the aid of disabled war veterans.

**Local Man Is Member Of Crew Whose Planes Always Function**

AN EIGHTH AAF BOMBER STATION, England — Three ground crew mechanics and their crew chief have set a record on their Flying Fortress bomber base. For fifty consecutive missions no ship assigned to their care has been forced to turn back for a mechanical failure. They are M/Sgt. Julian A. Murdoch, 21, crew chief, of 552 West Peach St., Atlanta, Ga., Sgt. Herman H. Moser, 28, of Big Spring, Texas, Sgt. Robert B. Compton, 24, of Mexia, Texas, and Cpl. Howard E. Sisk, 25, of South Bend, Ind.

Included among the veteran Fortresses they have serviced are: Paddy Grenlin, Golden Bear, Hell's Halo and Chow Hound. They are now assigned to the

Chow Hound, piloted by 1st Lt. Jerred L. Newquist, of Route No. 2, Pendleton, and 1414 S. E. Oak St., Portland, Ore., who says he thinks they are the 'hottest' group of mechanics in the E.T.O. Commented their squadron commander, Lt. Col. Donald E. Sheeler, of 1324 Sorin St., South Bend, Ind.: "By their reliability, conscientiousness and devotion to duty this crew has materially contributed to the success of operations from this field. It is reasonable to believe that some of the combat sorties could not have been accomplished had they not consistently labored, often under adverse weather conditions and frequently throughout the night, to service their assigned aircraft and to see that it was in such perfect mechanical condition that no abortives were necessary."

**PAPPY IS A GRANDPA**  
DALLAS, May 10 (AP)—Senator and Mrs. W. Lee O'Daniel have a new grandson. The senator announced yesterday the birth of a ten pound boy, Jack Devereau Wrather III, to their daughter, the former Molly O'Daniel, and Wrather.

**ELKS CHOOSE SITE**  
HOUSTON, May 10 (AP)—San Antonio was selected convention city by Texas Elks at the concluding session of their three-day convention here yesterday.

American farmers will use more than 11,000,000 tons of commercial fertilizer this year.

**J. H. Greene Speaks Here At Meeting**

"Freedom Through Recreation" was the subject of main discussion Tuesday afternoon at the monthly meeting of the North Ward Parent-Teacher's Association.

J. H. Greene, guest speaker, talked on "Recreation and Whose Responsibility" and said that it is the responsibility of parents to see that children are occupied with recreational activities during the summer months. He listed ball games and other out-door games as good wholesome entertainment for growing boys and girls. Students of the third and fourth grade sang four songs and following closing remarks by Mrs. B. E. Winterrowd, retiring unit president, Mrs. Walter Davis, incoming president, took charge. Committees appointed included Mrs. Grady Dorsey, Mrs. Winterrowd and Junia Johnson, program; Mrs. Melvin Choate, finance; Mrs. George Hill, radio; Mrs. M. L. Hayworth, health; Mrs. Clayton McCarty, safety; Mildred Creath and all teachers, membership; Marie Walker, magazine; Mrs. Winterrowd, parent-education.

Mrs. W. F. Cook's second grade won the room count, and a treasurer's report revealed there was a balance of \$129.94 in the unit fund. Reports on Scout work in Big Spring were given by Mrs. Melvin Choate and Mildred Creath, and it was announced that the school picnic would be held May 19th. The group will leave the school at 12 o'clock and will remain at the park until 3 o'clock. Those attending the meeting were Mrs. Marie Walker, Mrs. Clayton McCarty, Mrs. George Hill, Mrs. Steve Corcoran, Junia Johnson, Mrs. Beulah Hayworth, Mrs. E. S. Crabtree, Mrs. Walter Ruckart, Mrs. Walter Davis, Mrs. Melvin Choate, Mrs. Garnett Miller, Mrs. W. F. Cook, Mrs. Jack Whitehead, Mrs. A. L. Cooper, Mrs. H. C. Boutwell, Mrs. Sam Hill, Mrs. E. D. Stevens and Mrs. F. M. Patterson.

A double bend in the Mississippi river at the southwest corner of Kentucky has given that state about 10 square miles of territory that cannot be reached without passing through Missouri or Tennessee.

Whistles and cheers joined with hand-clapping at both performances, as Cowgirl Betty White, senior from Lamesa, led as master of ceremonies.

The Hardin-Simmons musicians at both performances drew much applause with renditions of a war song medley, Over There, and Alexander's Ragtime band. The afternoon concert also included Weber's Euryanthe and the field artillery marching song, Keep the Caissons Rolling Along, while the night performance included the Army Air Corps song, Both performances opened with the Star Spangled Banner.

Featured vocalist at both concerts was Frances Merle Cooper of Colorado City, recent winner of Hour of Charm competition over 80 other southwestern college singers. She sang Summertime, from Porgie and Bess, at both performances, Romance from The Desert Song in the afternoon and Poincianna and "I Love You" at night.

Instrumental soloist was Don Yarbro, freshman piccolo player, offering the Message of Spring and Yankee Doodle, and Billie Bob Lewis, freshman trumpeter, playing Emerald Isle. The evening trumpet ensemble was There Are Such Things.

Also on the evening program was Phyllis Sutherland, San Antonio senior, playing Old Home Down on the Farm as a trombone solo.

The band encore, afternoon and evening, was Pennsylvania Polka. The band reached Big Spring after concerts in Snyder and Lamesa. The 34 girls and six boy members remained in Big Spring overnight, leaving early today for Colorado City, Lorraine, Roscoe and Sweetwater for concerts today.

Women of the First Baptist church served a lunch in the late afternoon to the visitors and gave them lodging overnight.

Constipated? Given up hope of finding lasting, gentle relief? Then read this unsolicited letter:	
"I am a rural letter carrier. For more than 15 years I used a laxative every night. About a year and a half ago a good friend suggested that I try KELLOGG'S ALL-BRAN. I did so—with the result that I have not taken a pill since. I eat ALL-BRAN generously every day. I feel a great help." John H. Martin, Westminster, Maryland.	
How can such helpful results come about? Scientists say one common cause of constipation is lack of sufficient "cellulose" elements in the diet—and KELLOGG'S ALL-BRAN is one of Nature's most effective sources of these important elements. They help the friendly flora to fluff up and prepare the colonic contents for easy, natural elimination. KELLOGG'S ALL-BRAN is not a purgative, but a natural, gentle-acting, "regulating" FOOD.	
If your constipation is this kind, eat KELLOGG'S ALL-BRAN regularly, as a cereal or in several muffins. Drink plenty of water. See if you don't get help, too. Insist on the genuine ALL-BRAN, made only by Kellogg's in Battle Creek, Michigan.

The hand that rocked the cradle had to have a good trigger finger, because the Minuteman's wife often did her "marketing" in the forest with a gun. She was a Jill of all trades, too—cook, spinner, weaver, pork salter, candle maker, baker, laundress and gardener.

How are her great, great granddaughters doing? Very well, thank you. Some are serving with our

armed forces. Some work in war plants. Others grow Victory Gardens, preserve fruits and vegetables, cook, serve, sew... save fats, cans and paper... make things last, wear them out and do without. They carry their own bundles, keep the family cheerful—in a word, they are doing their share to win the war by taking over on the home front—for their husbands and sons.

The women of America have proved their resourcefulness in the kitchen in countless ways. Many have discovered that a glass of cold, golden Budweiser makes their simple wartime meals taste better.

## Intersectional Series Opens For Majors Today

By JACK HAND  
Associated Press Sports Writer

Luke Sewell's St. Louis Browns and the once-futile Phillies can stamp themselves as serious pennant contenders or just spring morning glories in the first intersectional series of the major league season opening today in the National's western half and the eastern cities of the American league.

Pre-season experts had spotted Washington and New York as the teams to beat in the American with Chicago a possibility, but the Browns have scrambled the rope sheets in the first three weeks by climbing out in front by

tramping Detroit and Chicago and shading Cleveland.

St. Louis and Cincinnati were generally conceded to be the one-two clubs in the National and they have been running that way until the Phils began to bang the Giants and Braves around and moved into second. On paper, the rejuvenated Phils don't belong in that class, but unless their western trip proves differently that doesn't mean a thing.

Now comes the payoff. Tonight the Browns go to bat against the Senators as Clark Griffith opens his steady night-game diet. After Washington, St. Louis goes to Philadelphia, Boston and New York in successive series.

With the Red Sox showing improvement, especially in the hitting department, and Joe McCarthy back with a Yankee club that boasts a six-game win streak, the Browns should be fully tested before they return home May 24. In other American series opening today, Detroit will be at New York, Cleveland at Boston and Chicago at Philadelphia.

Freddy Fitzsimmons' Phils face an even rockier road than the Browns. Opening today in Chicago, where the Cubs under Charley Grimm are hungry for red meat after losing 12 in a row, the Phils then get that tough St. Louis and Cincinnati pitching before winding up the invasion in Pittsburgh. The Cardinals get a peek at the tattered Dodgers and Boston and New York have night dates, respectively, at Pittsburgh and Cincinnati in other series openers.

One of the first sea foods which the Pilgrim fathers found and enjoyed in the new world was the lobster.

## SPORTS ROUNDUP

By HUGH FULLERTON, JR.  
NEW YORK, May 10 (AP)—The baseball committee that looked into the high school situation learned that approximately 96 per cent of the high schools support basketball teams, but only 52 per cent participated in baseball. . . . And since the war began baseball interest decreased 14 per cent while basketball showed an increase. . . . On the other side of the picture reports from such widely spaced spots as New Orleans, La., and Bergen county, N. J., indicate that "education" or "publicity" (choose your own word) will lead the players and fans to show fresh interest in school basketball. . . . Crowds of 15,000 aren't unusual at championship ball games in New Orleans, where interest in professional sport has declined in the past 15 years. . . . Bergen county supports 27 school ball teams, drawing players from 70 towns and small cities. . . . One thing that stands out in both places is that they have coaches who know their jobs and who work hard at coaching.

There was considerable stir among the agriculturists around Rumson, N. J., the other day when the news came out of the birth of twin calves in Mike Jacobs' barn. . . . It was the first such event in the vicinity in 35 years, but Uncle Mike wasn't unduly elated. . . . "They were both bulls," he complained. "I'd have given \$50 if they had been heifers." . . . The assumption is that Mike thinks his publicity department can supply enough bull.

Roland (Frenchy) Gladu, Braves' third baseman, the only player who came straight from England to land a big league job. . . . Frenchy broke in with Del Bissonette's Quebec team in the Provincial league in 1939, shifted over to Quebec's Canadian-American league in '41 and hit well over .300 during those three years. . . . Then he took a road trip to England with the Canadian army and was discharged just in time to report for spring training. . . . In the season opener he speared a Giant liner then smacked a triple for his first hit. . . . The Braves lost but the fans gave Frenchy the glad hand.

## Horseshoe Toss Uncovers Diamond

RICHMOND, Va., May 10 (AP)—The "lucky" horseshoe rang as it struck the earth and the horseshoe pitcher noticed a bright object partly uncovered.

It was the "Punch" Jones diamond—described as the largest alluvial diamond ever found in the United States, the largest of any kind found in eastern United States, and the second largest of any kind ever found in North America.

R. J. Holden, professor of geology at Virginia Polytechnic Institute, speaking today before the annual meeting of the Virginia academy of science, told of the finding of the diamond at Petersburg, Va., a few hundred yards from the Virginia line.

William P. "Punch" Jones, who with his parents, Mr. and Mrs. Grover C. Jones, and fourteen brothers visited the world's fair in New York in 1940, was pitching horseshoes with his father.

That was about 12 years ago. But in spite of a boyish exclamation of "See, I have found a diamond," the stone was not submitted for study until recently. The younger Jones kept the object as a curio but did not offer it for expert inspection until many years later "because I did not care to face ridicule for my wild suspicion."

Prof. Holden, chairman of the geological section of the academy, identified the stone as a diamond. He told the academy that the diamond, now loaned by father and son to the National museum in Washington, is of 34.46 metric carats, is white with a slightly greenish tinge, and has no visible impurities except one black spot.

The diamond, he added, is larger than the Dewey diamond of 23.75 carats which was found in 1855 near Richmond and was for many years the largest diamond by far in the United States.

## TEXAS DEMOCRATS THROW ROCKS AND ROSES AT NEW DEAL; HOWARD DELEGATION FOR FDR

Uninstructed Units Have Edge Following County Parleys

By The Associated Press

Texas democrats looked forward today to their state convention at Austin, May 23, where the fourth term question, which colored many county conventions yesterday, may get another going over.

The New Deal drew rocks and roses from Texans as hot words and close voting marked the county conventions. Of 64 counties reporting, 33 named uninstructed delegations; 28 voted to instruct for Roosevelt; two, Bowie and Midland, instructed their delegates to vote against a fourth term, and Colorado county voted for Texans to take no part in the national democratic convention.

Many counties instructed their delegates to support Sam Rayburn (D-Texas) as nominee for vice-presidency. Counties which instructed for Roosevelt were Travis, El Paso, Howard, Wichita, Fannin, Falls, Cuthbertson, Floyd, Hunt, Coleman, Comanche, McLennan, Grayson, Dawson, Cherokee, Cass, San Antonio, Jefferson, Denton, Brown, Lubbock, Smith, Madison, Nolan, Taylor, Dickens and Nueces.

Counties which named uninstructed delegations, in accordance with the state democratic executive committee's recommendations, included Dallas, Tarrant, Harris, Hill, Jim Wells, Navarro, Harrison, Hale, Henderson, Brazos, Angelina, Bell, Gregg, Gray, Lamar, Cooke, Hidalgo, Palo Pinto, Tom Green, Jack, Aransas, Potter, Bexar, Knox, Shackelford, Jones, Galveston, Stonewall, Runnels, Motley, Lynn, Crosby and Webb.

Sharp resolutions in a few instances accompanied election of uninstructed states, others followed a pattern set by the state democratic executive committee's recommendations, and one convention, that in Jefferson county, upbraided the state committee for dictatorial methods.

The Harris county convention passed a resolution which spoke of the "growing tendency and apparent purpose of certain members of the federal administration to disregard the plain provisions of our constitution," and instructed delegates to seek some program to relieve the nation of "such ills."

The Dallas county convention passed a resolution calling for the maintenance of a constitutional form of government.

In another resolution the Dallas delegates to the state convention were instructed to "work for the adoption of a resolution providing that in event the national democratic convention fails and refuses to restore the two-thirds rule in the procedure for the nomination of president and vice-president of the national democratic ticket that presidential and vice-presidential elector for Texas shall not thereafter be bound to vote for such nominees for president and vice-president."

A Fort Worth, Tarrant county democrats voted to send 61 uninstructed delegates to the state convention. The convention passed a set of resolutions in which the seizure of Montgomery Ward's Chicago plant was condemned, the retention of poll tax was asked, the supreme court ruling that negroes can vote in democratic primaries was criticized and the military leadership of the war was praised.

At Austin, loud unanimous acclaim was given the resolution sending a delegation to the state convention instructed for a fourth-term for President Roosevelt.

## Man Admits To Killing Woman

CRYSTAL CITY, May 10 (AP)—

A confession that he killed Mrs. Louise Villegos by hitting her in the back of the head with his fist and shipped her body in a trunk from Chicago to Los Angeles has been signed here by a United States citizen of Latin American descent, Deputy Sheriff Garrett Barnes disclosed.

Barnes quoted the man as saying last night he did not know the blow had been fatal to Mrs. Villegos, and that he did not realize she was dead until he had attempted to bring her to. Then, according to the deputy sheriff, the man said he spent the night in the Chicago apartment where the incident had taken place.

The suspect said he struck Mrs. Villegos during an argument, which, he said, had followed a visit to a Chicago tavern, where the two had had some drinks.

The next day, Barnes quoted the man as saying, he put the body into a trunk, left the apartment and located a man friend. He said he did not tell the man what was in the trunk, but that he had the friend and a cab driver haul the trunk from the apartment to the Chicago Union Station. It was the friend, he said, who sent the trunk to Los Angeles in care of a "John Lopez."

A trunk containing a woman's body was opened in Los Angeles last Friday. A way bill showed the trunk was sent from Chicago April 30 by a "John Lopez" to the same name there. No Los Angeles address was included. The way bill was marked "will call."

Only clues available to authorities were the blood-soaked clothing of the woman, a towel marked "Fleetwood Motel, 624 South State street," and another bearing a laundry mark.

The body was packed in salt and various articles of clothing thrown over it. Tricking of melting salt caused a Railway Express clerk to notify authorities, who opened the trunk.

Deputy Barnes said the man was picked up in Crystal City on the advice of Chicago police, and that he did not know that charges had been filed against him. The man said he was working in an aircraft plant at Chicago at the time of the slaying and that he obtained leave and returned to his home in Crystal City. He said he was 26 years old and a native of Uvalde, Texas.

Texas State Police and Crystal City officers, including Barnes, were witnesses to the confession.

The President's yacht, the Potomac, is the fourth ship in naval history to bear that name.

## Local Democrats Turn Down Critical Resolution, Endorse FDR

Voting down a resolution that delegates go uninstructed to the state democratic convention, county democratic delegates passed a resolution Tuesday afternoon endorsing the Roosevelt administration "as a whole."

The delegates did not receive any motion, however, that delegates go instructed. The motion endorsing the present administration was substituted for the motion that delegates go uninstructed.

The resolution as passed follows: "That the Roosevelt administration be and it is by such resolution endorsed as a whole by the Howard county presidential convention in due season."

Delegates named to the state convention were George Mims, Mrs. Russell Manion, Russell Manion, C. E. Thomas, Mrs. Reba Thomas, Mrs. Ada Arnold, Grover Cunningham, and L. S. Patterson, all instructed to support the president for a fourth term.

Thomas acted as chairman of the meeting and Mrs. Manion, as secretary. Thirteen delegates voted and two other delegates and several visitors were present.

Those attending were L. S. Patterson, chairman of the county democratic committee, Mrs. J. T. Anderson, Mrs. O. T. Arnold, Mrs. W. H. Power, Mrs. Mill Knowles, Mrs. A. J. Cain, Mrs. Manion, John Coffee, Leroy Echols of Coahoma, E. T. O'Daniel of Coahoma, Grover Cunningham, Thomas, W. L. McColister, W. A. Avant, and Mims.

## Texas Foreseen As Important In Steel Production Industry

AUSTIN, May 10 (AP)—The iron ore and steel industries of the United States are interested in the processing and utilization of Texas ores, George H. Anderson, vice president of the Lone Star Steel company, said at a meeting of the University of Texas industrial and research council and railroad and commercial utility industrial experts.

Anderson predicted that both Daingerfield and Houston will become "important steel making centers supplying the needs of the southwest for steel products." Steel, he said, was the cornerstone for industrial development in the southwest.

Victor Schoffelmayer, agriculture editor of the Dallas Morning News, predicted that a post-war housing boom will accelerate the Texas lumber and wood-processing industry; that paper manufacture will be stepped up, and new industries spring from sweet potato and other dehydrated and quick-freezing processes.

## No Rush Follows Meat Unrationing

By JAMES MARLOW and GEORGE ZIELKE  
WASHINGTON, May 10 (AP)—

Housewives apparently haven't felt any urge—because of meat unrationing—to buy out the butcher shops.

The "unrationing" except on beef steaks and roasts, went into effect a week ago.

Now, after reports from all its regional offices around the country, the War Food Administration says there has been no great buying rush.

One reason given: before unrationing, meat points generally had been low enough to allow most families sufficient meat. This forestalled a desire to splurge when points were removed.

But it seems likely that more meat will be consumed now than before it was point free. Able to get unrationed meat as they want it, housewives can spread red points on the rationed kind.

OFA says the total anticipated supply of meat for civilians in May is 25 per cent greater than a year ago.

Two things can throw the picture out of focus: 1. Meat distribution had been geared to a rationed supply. It takes about four weeks for meat to move from packing house to neighborhood butcher shop.

Any large increased buying in one city could mean less meat generally for that city until the distribution system was able to cope with it.

This may be happening now in some places although, as noted above, according to WFA it is not general.

2. If there was heavy demand in the mid-west, near the packing plants, the areas most distant from the plants might feel a pinch. For, if prices were fairly equal around the country, the packers could save shipping expenses by selling closer to home.

On April 28, in a story about the plight of the white collar workers, we said in one paragraph: "The War Labor Board considers any wage less than 50 cents an hour sub-standard and permits increases up to that figure without board approval."

We have received queries on this, asking about the sub-standard wage and board jurisdiction. An official within the National WLB here was authorized for the statement that the board considers less than 50 cents sub-standard. Asked about it again yesterday, he reaffirmed it. Subsequently, challenged by another WLB employe, he said he had erred but only to this extent:

Below 50 cents is sub-standard almost everywhere except in some very few poor sections where less than 45 and even 40 cents is sub-standard.

But then we asked WLB Chairman William H. Davis for a clarifying opinion. He said the statement—that the board considers less than 50 cents sub-standard—

was "right in a sense" which will be explained below.

It was technically incorrect to say wages increase up to 50 cents hourly could be granted without board approval. No approval is needed up to 40 cents. From 40 to 50 cents application must be made to the regional boards. Those boards have been authorized by the national board to grant such increases.

When there is a dispute, however, the regional boards settle the increase from 40 to 50 cents according to the prevailing wage rate for the job or industry in that area.

When he said the statement that under 50 cents is sub-standard is "right in a sense," Davis explained it was hoped that voluntary requests to raise wages to 50 cents would "tend to bring the prevailing rates" up to 50 cents.

## Mummy must've forgot to OIL IT

**American mechanical genius** shows itself at an early age. Youngsters are hardly out of their diapers before they know that today's world moves on a film of oil.

A few years more, and they have learned that the life of any mechanical device depends, in large part, on the quality of the lubricant. But even grown-up car owners are sometimes late in finding out a simple clue to choosing a quality motor oil.

It is contained in this plain, straightforward statement: If you want our best oil, remember we specify that Phillips 66 Motor Oil is our finest quality. . . . the highest grade and greatest value. . . . among all the oils we offer to average motorists.

Regular oil change has never before been so important, now that you must "Care For Your Car For Your Country." Authorities state that, with today's reduced driving, every two months is the safest change period. So get rid of winter-worn, contaminated lubricant. . . . get quality, by asking for Phillips 66 Motor Oil.

## Never On Page One—'Cannon Cockers' Doing Vital Job

By JOHN A. MOROSO, 3RD  
(Substituting For Hal Boyle)  
WITH THE U. S. NAVY IN BRITAIN (Delayed) (AP)— "Cannon cockers" in the navy are the men who load our planes with bombs, fuses and ammunition.

At a naval air base here recently an emergency came up and the lads loaded 17 planes in less than three hours. In a speed test the boys at the same field heeled 50,000 rounds of .50 calibre ammunition in one day.

You don't hear much about these crews because their job is not spectacular but it is vitally important and many a Nazi plane has been shot down with bullets that were carefully and lovingly loaded by a boy who will never see page one.

Vice Admiral Sir Bertram Ramsay, boss of the Allied fleet's massed in Britain, is highly pleased with his chief of staff and has only one complaint about him. He cannot read his handwriting.

Ramsay himself is an extremely affable man, partly bald, of med-

ium height and wearing row upon row of medals and campaign ribbons. A great factor on his side is that American officers like him and the British officers around him.

One of the most popular bands in the United Kingdom is the Coast Guard's "Amphibians" and each of the 17 players is a bona fide seaman. These boys have been through all the fighting in the Mediterranean but they haven't let it interfere with their life.

Recently they have been touring hospitals and clubs near their base which with their regular duty has put them on a 20-hour-a-day working basis.

Leader and pianist Allen P. Dudley, Wellington, O., says the most popular numbers are "One o'Clock Jump," "Woodchopper's Ball," and "Shoo Shoo Baby."

### Court Upholds Bond Refusal

AUSTIN, May 10 (AP)—The supreme court ruled today that Attorney General Grover C. Sellers properly refused to approve the re-issuance of four issues of Jefferson county bonds.

The decision, quickly following last week's oral arguments in the important test case, disposed of a question which had attracted wide attention from counties and from buyers and sellers of bonds.

The opinion, by Chief Justice James P. Alexander, held that none of the bonds in the four cases disposed of simultaneously were originally issued under the same chapter of the bond law applying to the Cochran county decision, and therefore the Cochran county opinion did not apply.

In the Cochran county case, the court held that courthouse bonds voted in 1924 could be redeemed at any time after five years after they were issued, even though the commissioners at the time of issuance had made no stipulation concerning the right to redeem the bonds before maturity.

Jefferson county had sought to re-fund four issues of bonds, issued under the general and one special law, at lowered interest rates. The attorney general refused to approve the refunding, and Jefferson county sought through a mandamus to compel approval of the bonds.

This supreme court refused to do, in effect upholding the attorney general's opinion that these particular bonds, not being due now, are not redeemable at this time.

The court last week heard arguments in which attorneys representing bondholders now drawing up to five per cent interest contended that counties had no legal or moral right to re-issue the bonds at lowered rates. Jefferson county argued that under the Cochran county decision, it was legally entitled to refund the bonds, and that it also had a moral obligation to its taxpayers to take advantage of current money market conditions and re-issue the bonds at lower interest.

There were numerous intervenors in the case, including insurance companies which were large holders of bonds that would be affected. Both the University of Texas and the State Board of Education also had heavy investments in such bonds.

under it, we've got to have a ruling on that."

When the judge replied that the property was back in the hands of the company and the government had moved out, Smith asked "what about this lawsuit?" referring to the temporary injunction petition.

Judge Holly said that matter was still pending unless there was a motion to dismiss it or he, the court, acted himself.

Shea said the government had terminated possession, the property was back in company possession, the (NLRB) election has been held and presumably any differences now will be settled through collective bargaining.

Therefore, Shea added, the case in court is "a moot question and the court should not rule."

"I take it the government is moving for dismissal," Judge Holly said.

"The government desires that the court act however it sees fit," Shea replied.

Smith insisted that if the injunction case was dismissed it should be dismissed "with prejudice." The government objected to that demand.

Judge Holly said that he considered the case dismissed but that he would issue an order Friday on the question of dismissing it with or without prejudice.

### Steer Gridders To Meet Seniors

Rivalry between the 1944 model Steer football and the seniors who were on the squad last season is mounting daily and is due to be at the explosive point when the two teams meet under the lights at Steer stadium at 8:30 p. m. Thursday.

Coach John Dibrell said his youngsters were in good shape for the game and had a remarkable determination to plaster the seniors. However, the seniors have several rugged and experienced men at key spots who may make the teens hang on as has been the case for several seasons in the annual spring classic which climaxes spring training.

There will be no charge for the game and the public is invited to attend.

### Church Members Attend Bible Clinic

Representatives of eight churches attended a Vacation Bible school workers' clinic Wednesday morning at the East Fourth street Baptist church.

An estimated 50 persons attended from First Baptist, East Fourth, West Side and North Nolan churches in Big Spring and Forsan, Knott, Garden City and Lee's.

The clinic was conducted by Rev. W. H. Colson, pastor of the East Fourth church; Rev. P. D. O'Brien, pastor of the First church, and Ernest Hock, educational and music director at the First church.

### CC Office Receives Three Housing Calls

Three persons said they have inadequate living quarters in telephone calls to the chamber of commerce and one person expressed willingness to build six additions to a tourist camp here Wednesday morning.

The chamber of commerce is seeking a complete list of persons who have inadequate living quarters in order to use the information in seeking to interest the National Housing Authority and Federal Public Housing Administration in financing additional housing here.

It was urged that all persons with unsatisfactory quarters telephone or call at the chamber by Thursday afternoon.

### Navy Meet May Mean Busy Tokyo

By The Associated Press

The meeting in San Francisco of the navy's triple-threat to Japan — Admirals Halsey, Nimitz and King—is looked upon by military observers as a hint that when the European invasion begins, Tokyo may be too busy to listen to the radio.

The navy said little about the meeting except that it had been held and that Admiral Nimitz, Pacific fleet chief, had received a new decoration — his second distinguished service medal — for "his sound judgment and masterful conduct" of operations in 1941 and 1942 following the enemy assault on Pearl Harbor.

The navy said the three admirals met last week end.

The west coast meeting is believed to have been singularly significant because the United States fleet commander-in-chief, Admiral King, is known to feel that the Pacific fight must be carried through without cessation no matter what happens to Hitler's empire before Tokyo falls.

### Laval Wants Seat Of Government Moved

NEW YORK, May 10 (AP)—A Blue network correspondent reported from London today that Pierre Laval, chief of the French government, has asked the Germans to transfer the French government seat to near Paris, fearing that when the invasion comes French parachute troops may strike swiftly to isolate Vichy.

At the same time the correspondent reported that German storm troopers are being given a rash training to man small submarines and torpedo boats in the shallower waters of the English channel and the North sea as part of the enemy's defense plans against the invasion.

**Navy Recruiter To Be Here On Thursday**  
Yeoman L. N. Brashears, Navy recruiter, will be in Big Spring Thursday morning at the Postoffice building, on a routine recruiting trip. Brashears expects to be here from 9 to about one o'clock. Boys 17-years-old are being enlisted in the Navy now with the opportunity, if found qualified, of training in any of the Navy's 50-odd trade schools, or training in

a specialized rate right on the job. In these schools, youths may become qualified technicians in their chosen rate before being assigned to duty on sea or land, whichever their specialty may demand.

Also urgently sought, are men and boys who can qualify for radio technical training. Brashears is equipped to give the Eddy radio test to men from 17-50 years of age who wish to take it. The Eddy test is a comprehensive examination covering basic mathematics, fundamental electricity and elementary physics. Men who successfully complete this test will be enlisted as seamen first class, and assigned direct to a radio technical school.

WAVE information and application blanks may also be secured from the Navy recruiters in Big Spring any Thursday morning.

**Wanted To Buy**  
WANT TO BUY five or six-room home, reasonably close in; will pay cash. J. W. Skipworth, 206 S. First St., Lamesa, Texas.

**Navy Recruiter To Be Here On Thursday**  
Yeoman L. N. Brashears, Navy recruiter, will be in Big Spring Thursday morning at the Postoffice building, on a routine recruiting trip. Brashears expects to be here from 9 to about one o'clock. Boys 17-years-old are being enlisted in the Navy now with the opportunity, if found qualified, of training in any of the Navy's 50-odd trade schools, or training in

a specialized rate right on the job. In these schools, youths may become qualified technicians in their chosen rate before being assigned to duty on sea or land, whichever their specialty may demand.

Also urgently sought, are men and boys who can qualify for radio technical training. Brashears is equipped to give the Eddy radio test to men from 17-50 years of age who wish to take it. The Eddy test is a comprehensive examination covering basic mathematics, fundamental electricity and elementary physics. Men who successfully complete this test will be enlisted as seamen first class, and assigned direct to a radio technical school.

WAVE information and application blanks may also be secured from the Navy recruiters in Big Spring any Thursday morning.

More than 2,200 American hospitals have one or more electronically-produced fever machines.

### Mexico Defense Commission On Way To States

MEXICO CITY, May 10 (AP)—The U. S.-Mexico joint defense commission took leave of this capital yesterday and began its return journey to Washington via Vera Cruz, Merida (Yucatan), Havana and Miami. High military officials with an escort of troops were at the airfield to see the commission off and a military band played music for the occasion.

The commissioners landed their transport plane at Vera Cruz before noon and were met there by General Heriberto Jara, minister of the navy, who showed them the progress made in constructing the shipyards and great dry dock on the island of San Juan De Ulua (harbor of Vera Cruz).

After cordial speeches, in which Admiral Alfred L. Johnson, of the commission, congratulated General Jara on the works just inspected and predicted a great future for the Mexican navy and merchant marine, the commissioners left for Merida, where they were to spend the night. They were to arrive in Havana today to take on gasoline before proceeding to Miami, on their return to Washington.

Before leaving Mexico City Gen. Guy W. Henry of the commission, said that he and his associates had found the military equipment sent here by the U. S. government to be in perfect condition. He had words of high praise for the fitness and discipline of the Mexican soldiers and the competence of their officers and declared that Mexico is in condition to meet any military emergency.

### Have a Coca-Cola = Pukka Gen (SWELL INFO.)

... or how friends are made in the R. A. F.

Have a "Coke" is a friendly greeting among R. A. F. flyers back at early dawn from a night mission. It's like a salute among comrades in arms that seals the bonds of friendship in Plymouth, England, as in Plymouth, Mass. It's an offer as welcome on an English airfield as it is in your own living room. Around the globe, Coca-Cola is spreading the custom of the pause that refreshes,—has become a happy symbol of good-hearted friendliness in many lands.

### Ickes Indicates Saudi-Arabian Pipeline Is US Ace-In-The-Hole

NEW YORK, May 10 (AP)—The Saudi-Arabian petroleum pipeline proposal appeared today, on the basis of the latest explanation by Petroleum Administrator Ickes, to represent primarily the U. S. government's ace-in-the-hole in an international oil supply poker game.

Commenting that the plan for a government-owned project is subject to "modification and improvement," Ickes told the Economic Club that shortly after the original announcement Britain sent representatives here for two weeks of discussions on world oil, and added:

"All I can say is that if these conversations have in any way been encouraged by the interest in the pipeline proposal, then I wonder if even my critics would not agree that the efforts that have been made to date constitute a substantial contribution toward a desirable result."

"There seems to me to have been far too much emphasis on this pipeline. I am certain that you will agree that there are bigger issues involved."

"In fact, there is involved our entire international relationships as to oil, particularly our relationships with Great Britain."

Ickes said of the project:

"It is only a single, and not too important item in what we may hope eventually will be a comprehensive national oil policy, embracing both domestic and foreign operations x x x."

He said he hoped for an international agreement, "between the peaceful nations, as to oil operations, implementing the tenets of the Atlantic Charter and the good neighbor policy."

### Abolition Of FSA Is Recommended

WASHINGTON, May 10 (AP)—Abolition of the Farm Security Administration was recommended by a special house committee today in a report which accused the agency of controlling its clients "to the extent of telling the borrower how to raise his children" and "how to plan his home life."

The FSA, the committee said, "has not been wisely administered and has been used as an experiment station of un-American ideas and economic and social theories of little or questionable value."

The committee, headed by Rep. Cooley (D-N.C.), emphasized that its criticism applied to the administration of Rexford Guy Tugwell and the recently-appointed administrator, Frank Hancock, for having made "substantial and worthwhile changes in both policies and personnel."

Nevertheless it called for abolition of the FSA and regional agricultural credit corporations, discontinuance of the emergency crop and feed loan offices, liquidation of FSA's resettlement, and rural rehabilitation project, and transfer of the federal aid to low-income farmers program to the farmers' home corporation.

Its investigation, the committee said, showed that beginning with the administration of Tugwell and continuing through the Baldwin regime, the FSA financed "communist resettlement projects where the families could never own homes x x x and was supervising its borrowers to the extent

of telling the borrowers how to raise children, how to plan his home life and, it is strongly suspected in some cases, how to vote."

The FSA's rural rehabilitation loan program was commended by the committee, which said it has "actually relieved distress and human suffering in many stricken agricultural areas," despite abuses in administration. The tenant purchase program, it added, also has "been operating efficiently" and should be continued and expanded under the farmers' home corporation.

Located in Hidalgo and Willacy counties, the Texas development includes 24,000 acres purchased from an insurance company at approximately \$40 an acre. It was formed as a cooperative farming settlement for the benefit of families of Mexican descent.

The committee said the FSA obtained an option on the land.

"Apparently no adequate statute could be found for the organization of a true cooperative x x x the Farm Security Administration x x x applied for and obtained a charter for a charitable corporation," the committee report continued.

"After having accomplished, by indirection, the consummation of its plans thus far, the Farm Security Administration loaned to the corporation \$1,266,250, which was used by the corporation in the purchase of land, farming equipment, and for operating expenses, all of which was in complete disregard of the will of congress."

IN one of our battlefield hospitals works the shining figure of a nurse in service. For her, there's no relenting, no faltering in her job of caring for our fighting men.

The railroads have a job, too. Towards every front must go an evermounting flow of troops and supplies.

To this load is added the gigantic home front task—consumer goods to home folks... essential materials to war plants. And—an ever increasing number of war-service and civilian travelers must be carried.

Every American citizen also has a job. Across the nation, Red Cross Blood Donor Centers are open—they plead for a pint of blood to save a life. Give if you can. Keep buying war bonds... our fighting men need your help.

It will take the combined efforts of every American... faithful to his job... to win the Victory.

### Page Calls For Guard Use In Training Of Men In Postwar Days

WASHINGTON, May 10 (AP)—Blending of a federal postwar universal military training program with state national guard units was suggested today by Brig. Gen. J. Watt Page, Texas selective service director.

Gen. Page, former head of the Texas guard, told a reporter he did not believe congress would eliminate the national guards in formulating a peacetime military training program.

The Texas declared that the various state national guards must be reorganized after the war, however, to make sure that they provide a training in the latest techniques of modern warfare.

### Marine, Two Women Injured In Wreck

BENAVIDES, Texas, May 10 (AP)—Two women, and a marine, en route to Laredo to the bedside of his sick mother, were seriously injured when their automobile overturned near here late yesterday.

The injured were Mrs. Anita Marie McCuen and Mary Jase Voemans of Corpus Christi, also en route to Laredo, and Pfc. Pilar R. Cantu, USMCR, who was picked up here by a naval base ambulance following the accident.

**CONOCO N<sup>th</sup> MOTOR OIL**

I'd hardly think I'm a real American if I didn't always hanker after the latest thing in automobiles. Most everyone feels the same—wanting a new car. So even with Peace, is some new car with my number on it coming right off the assembly line? Who knows? I'm well off, though—still riding handsome—because I kept thinking of all the different oils to help a car. And I noticed ad after ad agreeing that your engine always forms acids inside... Risky... Bad danger of corrosion. But a station man showed me a can of Conoco N<sup>th</sup> motor oil, and it said that a modern synthetic in Conoco N<sup>th</sup> furnishes the working parts with OIL-PLATING—like a special surfacing to resist the acids; not letting them easily eat metal away. So you needn't fret too much for a new car, when a switch to Conoco N<sup>th</sup> oil will safely OIL-PLATE your engine right now. Let the future car improvements try beating that!
