Plans Laid For Gideons' State Meet

Prayer and praise services, banquets, street meetings and church services will be heaped into three busy days for Texas Gideons when they convene here Oct. 28-31. Although less pressed for time, members of the Gideon Auxiliary, meeting in conjunction with the men's gathering will face an active schedule. Among the speakers to address the Gideons are Dr. R. S. Beal, Tucson, Ariz., who will appear at two evening worship services and a breakfast session; Joe Evans, El Paso, who will conduct a prayer meeting and will preside at the Saturday evening banquet; Wallace W. Rangelier, Beaumont, W. P. Mead, Abilene, W. D. Turner, Waco, R. L. Sanders, Amarillo, Gene Harrison, Dallas, Frank Thurmond, Greggton; E. E. Maxon, Fort Worth, Dr. P. D. O'Brien, Big Spring, L. E. Thomas, Houston, R. L. Ferguson, Dallas, Paul Stone, San Antonio, and Edward A. Savage, Big Spring, will testify as to what the Bible meant to servicemen. A street meeting will be in charge of the Dallas Camp. G. G. Morehead, local camp president, will welcome visitors, being joined by Rev. James S. Parks, president of the Big Spring Pastors association, and Mayor G. W. Dabney, Jack Parks, Pasadena, will respond. On Oct. 31 Gideons will be assigned to pulpits in this area and possibly two score or more churches will hear the lay speakers. Mrs. C. W. Witt, Amarillo, and Mrs. J. F. Ferguson, Dallas, will preside at sessions for the Auxiliary. There will be informational meetings on Oct. 29 and 30 with a luncheon on the second day officially concluding the Auxiliary activities.

Indians Even Series, 4-1

BRAVES FIELD, Boston, Oct. 7. (AP)—Bob Lemon squared the world series for Cleveland today by setting down the Boston Braves with eight hits for a 4-1 victory in the second game of the best-of-seven classic before 39,633. Manager Lou Boudreau, who went hitless in Johnny Sain's opening victory, led the Indians with a sparkling day afield and at bat. His double started a two-run spurge in the fourth and he drove home the third run off southpaw Warren Spahn in the fifth. He started one double play, was in the middle of another, made a fine catch of a pop fly in short center and picked a man off second. Lemon, accomplishing what his more famous pitching mate, Bobby Feller, failed to do, came through with a series win in his first start because the Indians were able to handle Spahn. Lemon, a 20-game winner in the regular season, struck out five men and walked three. The converted infielder who failed the Indians twice in the final weeks of the season, missed trying the series record for chances by a pitcher. He handled 10 chances — 3 putouts and 7 assists — one less than Nick Althoff did for the Chicago White Sox back in 1946.

Flood Waters Plague South Florida Area

MIAMI, Fla., Oct. 7. (AP)—Flood waters left by Tuesday's hurricane plagued sections of South Florida today and Army engineers reported a 1,000-foot break in a new dike west of Fort Lauderdale. National Guardsmen, called out at the request of Broward County Sheriff Walter B. Clark, patrolled South Pompano where a tornado demolished 25 homes and injured seven persons. Guardsmen also watched the dike around plantation homes near Fort Lauderdale after authorities heard rumors of threats to "blow up" the levee to drain water off nearby farmlands. Meanwhile, the hurricane which left 11 dead, 300 injured and crop damage estimated at \$6 million in Cuba before drenching the Florida "Gold Coast", moved northeastward in the open sea. It was west southwest of Bermuda early today, moving forward about 20 miles per hour with hurricane force winds covering an area 70 miles in diameter. The storm was intensifying and enlarging slowly, the Weather Bureau said. Some acceleration in its forward movement was expected. Lamar Johnson, Everglades drainage district engineer, said high water in Broward County "looks very much like a repetition of last fall's serious floods." Tuesday's hurricane dumped more than nine inches of rain on the lower east coast but bypassed farm and cattle lands around Lake Okeechobee where little more than an inch of rain was recorded.

Blount Featured In Collier's Story

Big Spring's colorful R. E. (Peppy) Blount, who divides time at Austin between the University of Texas classrooms, the Longhorn football practice field and the legislature where he serves the district as its representative, is the subject of Bill Fay's feature sports column, "Inside Sports" in the Oct. 16 edition of Collier's magazine. The article deals briefly with Peppy's career as a B-25 flier in World War II, the methods he employed to gain re-election to the legislature and his antics on the football field without approaching too seriously the man himself. A remarkable likeness of Peppy, drawn by John Cullen Murphy and encircled by four long-shot views of the local product in football regalia, accompanies the article.

Revised Paving For Gregg Will Be Given State

Revised plans for paving on North Gregg street and the Lamesa highway probably will be submitted to the state highway department for approval within the next few days, city officials reported this morning. The highway department is scheduled to construct the paving from the Gregg street viaduct to the north city limits, while curbing to be supplied by property owners. Plans were virtually completed and the city was preparing to begin installation of curbing several weeks ago, but a revision to provide increased width was approved. Originally it was planned to pave a width of 55-feet, but the new plans call for 64-feet.

Soviet Demands That Italy Turn Over Naval Units

MOSCOW, Oct. 7. (AP)—The Soviet News Agency Tass said today Russia has demanded again that Italy turn over Italian naval units to the USSR at once. Tass said Soviet Foreign Minister V. M. Molotov made the new demand after summoning Italian Ambassador Manlio Brosio to the foreign ministry. A Moscow radio broadcast, heard in London, quoted Tass as saying Molotov had reminded Brosio on Oct. 4 that under the peace treaty Italy is committed to turn over to Russia 33 ships within three months of the date the treaty came into effect—Dec. 15, 1947.

Truman Pushes Vote Campaign On East Coast

Dewey Maps An Offensive In Midwest

President Truman, handed a new setback in the South, pushed his vote campaign up the Eastern Seaboard today. Gov. Thomas E. Dewey meanwhile mapped an eight-day offensive into the Midwest with a 38-talk tour scheduled to cover nine states. Mr. Truman's Dixie reverse was an announcement by E. H. Crump, Tennessee Democratic leader, that his powerful Shelby County organization will support the States Rights ticket in the November election. "Truman has sold the South down the river for Negro votes in large northern cities," Crump said in a statement at Memphis last night taking issue with the President's civil rights program. The President moved on toward a major speech in Jersey City, N. J., tonight after telling a party rally in Philadelphia's Convention Hall that the Republicans are trying to put all the plain people into a "company union" run for the benefit of the National Association of Manufacturers. He said the GOP candidates "have all their promises wrapped up in a package called unity" which they guarantee to cure more ills than any patent medicine you ever saw. The Democrats, Mr. Truman continued, believe in unity of free men and unity in great causes but will "fight to the end" against "unity under the rule of big business." Dewey's associates said he intends to keep stressing the "unity" theme in his campaign tour, which gets underway Sunday night. The GOP presidential candidate is scheduled to make three broadcast addresses on the trip which will take him into Pennsylvania, Kentucky, Indiana, Illinois, Oklahoma, Missouri, Minnesota, Michigan and back to New York. Gov. Earl Warren, Dewey's running mate, headed into Wisconsin after a foreign policy speech in Chicago last night. The Californian called for more public information on the government's handling of foreign affairs. He said the foreign policy program outlined by Dewey is a "hopeful and confident approach" to world problems. Gov. J. Strom Thurmond, the States Rights presidential candidate, said the nation's major political parties have been "seized" by advocates of totalitarianism. The South Carolinian told a Roanoke, Va., audience last night that these advocates "have made a stooge out of Henry Wallace, a mouthpiece out of Tom Dewey" to "serve evil designs."

Alcoholism Will Be Discussed By Yale Expert

Alcoholism as an illness will be discussed at an open meeting set for 8 p. m. today at the city auditorium by Horace B. Fort, Fort Worth, Yale Institute of Alcohol Studies staff member. This is not the first appearance for Fort in Big Spring, for he spoke to a large and interested group more than a year ago under the auspices of Alcoholics Anonymous as assistant to the director of the national committee for education on alcoholism. Recently he was made consultant of youth education for the Yale Institute's branch for the Southwest. His topic is to be "Alcoholism, the Illness, Its Nature and Treatment." Also on the program will be an anonymous recovered alcoholic woman who will relate "My Experience with Alcohol." Fort set the keynote for the meeting this evening when he addressed the Lions club Wednesday, pointing out that alcoholism is a state of compulsive drinking from whence there may be recovery when the victim admits he is powerless to cope with the problem and wants help to beat his situation. In his talks, Fort eschews any controversy over the wet and dry issue, declaring that "our concern is the thousands upon thousands who are caught in no-man's land between the opposing forces of the wet and dry battlefield." Special entertainment will be furnished by Marion Beam, basso, accompanied by Mr. C. W. Norman. The meeting is open to any person interested in coping with the problem of alcoholism.

BRITISH AIRMEN SAY RED PLANES DROP LIVE BOMBS

BERLIN, Oct. 7. (AP)—British fliers engaged in the Berlin airlift said today they had seen Russian planes drop live bombs in the Soviet occupation zone about 12 miles northwest of Berlin. There is a possibility the reported incident might have been part of large-scale Russian air war maneuvers announced for today over the Soviet Zone, Berlin and allied air corridors, including bomber flights. There was no confirmation from either German or Russian sources of the bomb report. The German press several months ago reported that Russian planes on maneuvers dropped live bombs on a small town, causing some casualties. The British fliers said they saw the bomb-dropping at 11 a. m. (5 a. m. EST). They related the incident to the four-power Berlin Air Safety Center. Just how many bombs they saw dropped was not specified. The British quoted an RAF pilot in their report to the Air Safety Center as saying he saw actual bursts on the ground from bombs dropped by Russian pilots. The flier said he saw the explosions from a height of 4,000 feet. The Russians announced extensive war maneuvers near and over Berlin. Some of their activity drew American and British authorities accused the Russians of not giving prior notice of 16 Soviet flights in the control zone during the morning. The U. S. said also gunnery practice the Russians scheduled in the air lift corridors was dangerous and told the Russians if they planned to fly bombers in formation over Berlin, this would break four-power rules. The four-power control zone is an area within a 20-mile radius of the downtown allied control authority building. The four powers agreed it extends 10,000 feet up. Capt. Vincent H. Gookin of Quincy, Mass., U. S. member at the Air Safety Center, said some of the protested Russian flights were made as early as 4 a. m. Gookin said that after he protested, the Russians appeared at 11 a. m. to post notice of flights which already had taken place. Gookin said there was unannounced Russian parachute jumping at an airport southeast of the U. S. Army's Tempelhof Air Base. Yak fighters were said to have practiced firing at both aerial and ground targets in the Berlin Zone. Russian attack planes and an unspecified number of Russian bombers also flew in the Berlin area. An American flier reported at 5 a. m. he almost collided with one of three Russian planes, flying at 1,200 feet at the northwest edge of Berlin. Capt. Benson Carr of Monticello, Miss., control officer at the British Air Safety Center, said he was bringing the American pilot into a landing when the flier said he passed three Russian C-47's at the low altitude and that one nearly hit him.

Stevenson Injunction Is Dismissed

ATLANTA, Oct. 7. (AP)—A federal court order today dismissed a temporary injunction seeking to bar the name of Lyndon B. Johnson from the Texas general election ballot. The special three-judge court, a division of the Fifth Circuit Court of Appeals, held: "The order of injunction is set aside" and the case is remanded with direction to dismiss the petition. The injunction was granted last month in a Texas District court on petition of former Gov. Coke Stevenson. In the recent Democratic primary, Stevenson lost to Johnson by votes in a race for the U. S. Senate. Stevenson has charged that three Texas counties deprived him of the election.

Meat Price Drop Hits Butcher Shop

CHICAGO, Oct. 7. (AP)—The drop in hog and meat prices was getting down today to where it counts for most people — at the retail butcher shop. Many stores throughout the country slashed pork prices for the coming week end, a direct result of the sudden outpouring of hogs from the country. The oft-mentioned but never very apparent "consumer resistance" was pooh-poohed in some quarters as a cause for the decline. And it was in pork, much more than in beef or lamb, that butchers were posting the lower figures. While retail outlets were cutting prices, the hog market's steady slump came to at least a temporary halt. Prices firmed a bit at most markets yesterday. However, wholesale pork quotations continued to ease at Chicago. Agriculture Department officials, packing house sources and representatives of farmer organizations gave these opinions of the hog-pork price breaks: 1. It's a seasonal matter, but came a little earlier than usual this year. An Agriculture Department official at Chicago said farmers knew the drop was coming, as it usually does in November, and had marketed spring pigs the past few weeks in an effort to "beat the break." 2. The meat packers are moving pork quickly. A leading packer spokesman said the industry was going into the "accumulative season" when supplies are built up. But, he said, "Nobody wants to hold now and they are pushing pork right out into wholesale channels." 3. Many packing plants are short of help, which makes them less aggressive buyers of live animals than they otherwise would be. A South St. Paul packing plant manager said, "The help shortage in plants is apt to be a factor in the future in lowering prices." 4. The whole thing may just be a temporary flurry. James Elliott, president of the National Association of Retail Meat Dealers, said, "The chances are that after the usual heavy runs at this time of year meat prices will go back to where they were two weeks ago." 5. Consumer resistance was a doubtful factor. Elliott said there was none "to speak of." But an Indianapolis said the housewife had heard so much about bumper crops lowering prices that she was reducing her buying.

West Accused Of Blocking Disarmament

PARIS, Oct. 7. (AP)—Russia accused the Western Powers today of blocking world disarmament for the past 20 years, and demanded that the big four immediately cut their armies by a third. Soviet Delegate Andrei Y. Vishinsky led off debate in the United Nations political committee on a Russian resolution calling for a ban on atom bombs and a one-third cut in armed forces, and armaments within a year. A few minutes before, the political committee had shunted to an 11-nation subcommittee the East-West dispute over atomic energy controls. The Russians had urged in the political committee that the Atomic Energy Commission scrap its work of two and a half years, and "let in a breath of fresh air." The political committee, made up of all 58 UN members, adopted an Ecuadorian resolution establishing the atomic study subcommittee. This group will draft a resolution directing the atomic energy commission to resume its attempts to achieve an atomic controls treaty. The Russian bloc supported the resolution. Committee President Paul-Henri Spaak of Belgium named to the committee the United States, Britain, France, Russia, China, Canada, Brazil, Ecuador, India, Sweden and the Soviet Union. Vishinsky, taking up his arms reduction proposal, declared that Russia has been striving for world disarmament more than 20 years, but that the West brought all efforts to naught because of concern over "security first." He said the United States continuously insisted on "judicious" proposals for arms reductions.

Four Are Killed In Mississippi

BROOKHAVEN, Miss., Oct. 7. (AP)—Four persons were killed today in a collision between their automobile and a truck trailer on Highway 51 a mile north of the Lincoln-Pike County line. Killed instantly were Cecil Stacks of Epps, La., about 38, driver of the automobile; and Carl Morgan and Martha Albritton, whose home towns were not immediately available. Yvonne Hammonds, about 15, of Brookhaven, died en route to a hospital.

Whales Beach Themselves

CRESCENT BEACH, Fla., Oct. 7. (AP)—Forty-four whales swam out of a rough ocean and beached themselves today. Most of the mammals, which ranged in size from seven to 14 feet, died quickly as they were rolled over the sands by the rough surf. A few remained alive and efforts were made to drag them back into the water.

Water Meet Definitely Set For October 14

Dabney Confirms Conference Date Upon His Return

Mayor G. W. Dabney today confirmed that a meeting of the Colorado River Municipal Water association has been set here for Oct. 14. Returning from El Paso, where he attended the meeting of the League of Texas Municipalities, the mayor was contacted by M. H. Ulmer, Midland, president of the CRMW, seeking approval of the date and making a check on arrangements. The session has been set to open with a luncheon at 12 noon on Oct. 14 at the Settles and the business parley will continue as long as is required. No copy of the agenda has been made available, said Mayor Dabney, but he said he gained the impression that specific recommendations would be made at the meeting here. This is the first session in approximately a year since the presence of a salt condition on the upper reaches of the Colorado river was divulged at an association parley. Engineers, together with the U. S. Geological Survey and State Board of Water Engineers, have been studying the problem since that time. Originally, the proposal was for a dam a few miles upstream from Colorado City to impound a lake capable of furnishing 26 million gallons of water per day to Colorado City, Big Spring, Midland and Odessa. There has been some talk about a smaller dam across the Colorado with perhaps other auxiliary dams to impound an equivalent amount of water without inviting mineralization.

Frantic Trip Is Too Late To Stop Death

FORT WORTH, Oct. 7. (AP)—A 30-hour train trip by a frantic Fort Worth wife who sped here to be at her husband's side ended on a tragic scene early this morning when she found him dead on a blood-soaked bed. He was Charles C. Armbrust, 47, proprietor of a cafe here. Peace officer Gus Brown returned an inquest verdict of suicide. The tavern owner's left arm had been slashed deeply. Two notes were found in the tavern. Mrs. Armbrust had rushed here from Sylvania, Ohio, where she had been visiting relatives for the past two weeks. The woman said her husband telephoned her from here Sunday and seemed upset and nervous. He told her to expect a letter. The letter, written Thursday and postmarked Sunday, arrived Tuesday. Mrs. Armbrust said her husband wrote that he would not be alive when she returned. Mrs. Armbrust telephoned a daughter here, Mrs. Betty Barnett, to see about her father. The latter called police, and Homicide Detective John Dunwoody visited the man, who seemed to be in good spirits then. Meanwhile, Mrs. Armbrust tried to board a plane to fly here, but flights had been cancelled because of weather. She left Ohio by train early Wednesday morning, arriving today.

Malone Robbery Suspects Held

SAN ANTONIO, Oct. 7. (AP)—Three heavily armed men, one believed by police to have participated in the Malone state bank robbery, were arrested in a downtown hotel here early today. Capt. L. C. Sandaway and Detectives A. C. Dunaway and J. J. Patino arrested the three men and a woman companion after police had received a tip they were in town. The officers reported they found an automatic shotgun, two high-powered rifles and a black .38 caliber pistol in possession of the group. The pistol, according to the officers, answers the description of the weapon used by the bandit who robbed the Malone bank Tuesday of \$15,000. Possession of one of the men the officers found \$2800 including a \$1000 bill and \$100 bills. The Malone bank loot included a number of \$100 bills, it was reported.

ACTIVITY ON UPSURGE

Republicans Hold Howard County Rally At The Settles

The importance of Texas—principally, to Texas school children—of state title to tidelands, was stressed at a Howard county Republican rally held Wednesday evening at the Settles hotel. Possibly the first such gathering of its kind ever to be held here, the meeting attracted more than a score of local GOP's, and the group confidently looked toward an upsurge of power in Texas. The group endorsed the Dewey-Warren ticket, and, in so doing, laid emphasis on the fact that the Republican platform unequivocally favors placing title to coastal lands with the states. On this issue, the Republicans said, the Democratic platform offers no such position. Speakers at the rally quoted Chairman Ernest O. Thompson of the Texas Railroad Commission as saying that Texas could drill 10,000 wells in its tidelands and produce nearly 20 million barrels more a month. Breaking this figure down on a royalty basis, local GOP's pointed out that this could net some \$10 million more per year for the state school fund, or the equivalent of \$60 per child. This, they argue, is an issue that all Texas voters should consider in casting a ballot in the November 2 general election. The rally also endorsed Jack Porter's candidacy for the U. S. senatorship from Texas, and urged votes for the local Republican ticket. This ticket, a precedent-setting one for Howard County, includes R. L. Tollett for county judge; G. L. Monroey for county commissioner of Precinct 2, and L. E. Eddy for county commissioner of precinct 3.

The living room was decorated with white chrysanthemums and greenery. White baskets of pom-poms flanked the fireplace, and plumosa fern was twined around the mirror with branched candelabra, completed mantelpiece decorations.

Wearing a suit of gray gaberdine with black accessories, the bride carried gardenias on a white ribbon, with tuberoses attached to ribbon streamers.

Gypsy Ted McCollum of Lorraine, cousin of the bride, wore a pink gaberdine suit with brown accessories and had a corsage of pink gladioli fashioned with charrusee malmie. The bride's mother had a corsage of peach gladioli and the bridegroom's mother wore gardenias.

Best man was G. C. Broughton of Big Spring. Candles were lighted by Buddy Spikes and Pete Shannon, brothers of the bride and bridegroom.

Mrs. Lucille Daugherty played wedding music and accompanied Beverly Johnson who sang "Because" and "Ah Sweet Mystery of Life."

The bride's table was centered with white chrysanthemums flanked by tall white candles. Opal Kcard, Ida Jo Hart and Mary Edith Scarborough served the bride's cake and punch.

The bride is a graduate of Snyder High school and attended North Texas State Teachers College. She has been employed in the business office of the Cowper Clinic and Hospital in Big Spring.

The bridegroom was graduated from Turkey High School. He served in the armed services for two years, 18 months of which were spent in Korea. He is employed by the Bailey Welding Supply company in Big Spring, where the couple will make their home.

Out-of-town guests at the wedding were the bride's grandparents, Mr. and Mrs. J. N. Miller of Colorado City; Mr. and Mrs. Roy L. Miller of Colorado City; Sally Miller of Philadelphia, Penn.; Mrs. J. E. Spikes, Mrs. Fay McCollum and Gladys Spikes of Lorraine; Mr. and Mrs. Dan George of Wichita Falls; Mr. and Mrs. H. C. Spikes of Benjamin; Mr. and Mrs. Burr Brown of Coahoma; Mr. and Mrs. Doyle Thomas of Big Spring; Mrs. Odie Lane of Big Spring; the bridegroom's mother, Mrs. Joe R. Shannon, and the bridegroom's sister and brother, Edna and Pete Shannon, of Big Spring.

EAT PLENTY AND TAKE OFF UGLY FAT

Many people have reported amazing results with this home recipe. It's easy-to-prepare at all and costs little. Just go to your drugstore and ask for a ounces of liquid Barocretin. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take two tablespoonfuls twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose belly fat and help regain slimmer, more graceful curves; if you reduce pounds and inches of excess fat don't just seem to disappear almost like magic, from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money.

Lost 47 Pounds
"When I commenced to take Barocretin, I weighed 212 pounds. I now weigh 165. I lost 47 pounds on the first two bottles. I feel so much better after losing that weight. I think it is a wonderful medicine and thanks to Barocretin."—Mrs. Gertrude Greer, Chalmers Courts 4, Apt. 1, Austin, Texas.

Lost 20 Pounds
"I lost 20 pounds taking four bottles of Barocretin and I feel fine."—M. M. Gates, 512 29th Street, Corpus Christi, Texas.

UMW Goes To Work On Plans For 'Fourth Round' Wage Hike

CINCINNATI, Oct. 7. — The United Mine Workers convention went to work today on "fourth round" wage and welfare demands to be handed to coal operators next summer.

The miners, like workers in other basic industries, have had three yearly wage-rate boosts since war ended two years ago.

The amount of pay increase to be sought was not expected to be fixed at this convention, but the 3,000 miners and UMW officials at the meeting were certain to ask for the same pay for a 35-hour week as the diggers now receive for five 8-hour days.

The amount to be sought in the next contract, to be effective July 1, may depend largely on the cost of an expansive medical and hospital service program which was announced today.

Connally To Oppose Guard-Reserve Plan

WASHINGTON, Oct. 7. — Sen. Tom Connally (D-Tex.) says he intends to oppose, when it comes before Congress, a plan to merge the National Guard and the organized reserves.

Connally said yesterday the proposed merger is a threat to the guard's continued existence.

U. S. Gives Sanction For Berlin City-Wide Election November 14

BERLIN, Oct. 7. — The American commandant in Berlin has given U. S. sanction for a city-wide election here, but says he expects the Russians to "refuse or give an evasive answer."

Col. Frank Howley announced approval last night of a request by the anti-Communist city government to hold elections as scheduled on Nov. 14. He said he expected the British and French to do likewise.

To date the Russians have brushed off the proposed election by forbidding required publication of notices in their sector.

"It is known that by Soviet orders in the Russian sector, steps by the borough administration for the election were stopped," Howley declared.

"It is only with the greatest of difficulties that the United States, Britain and France were able to obtain the opportunity for the people of Berlin to vote the Communist-appointed government out of office in 1946."

The Communist-led Socialist Unity Party (SED) polled 18 per cent

of the vote in 1946.

"It is obvious to all the people of Berlin that the SED is Communist-controlled, Communist in principle and servile to one foreign power," Howley said. "It is a fair assumption that when and if democratic elections are held the people of Berlin will express in unmistakable terms their disapproval of the obstructionist tactics of the Communists."

Thirty-Five New Cases Of Polio

AUSTIN, Oct. 7. — Thirty five new cases of polio in 26 Texas counties last week boosted the year's total to 1,491 victims, the State Health Department has reported.

Last week's incidence was the smallest since the first week in April, the department said. The drop follows the customary seasonal pattern.

Zale's sell more Diamonds than any other jeweler in the Southwest

"Even the blind can see the value in a Zale DIAMOND"

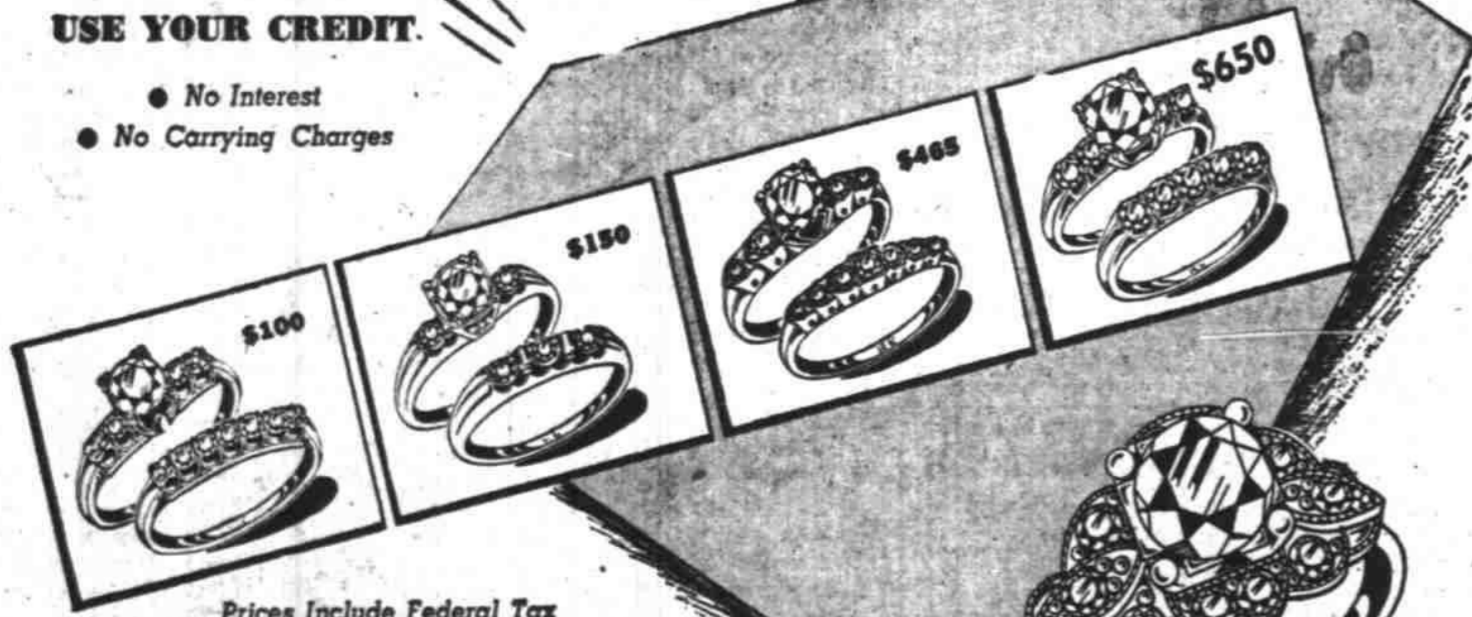

We're quoting a customer who walked into our store the other day... a lady who was totally blind. She asked one of our salesmen to pick out a large diamond ring for her, and (in her own words)... "even though I can't see, I know that I can trust Zale's to give me the finest diamond for my money."

And you can depend upon Zale's doing just that! We admit we were pleased, not just because of the five-hundred-dollar sale, but because of the confidence this customer has in Zale's. We've spent over 24 years giving our customers the best diamond buys, and we're proud of our reputation as THE place to buy diamonds.

Traffic Problem That Needs Some Serious Local Study

Every once in a while we read of bad accidents which have resulted from collisions between automobiles and railroad cars. It's not at all essential that you run in front of a train in order to get hurt or to skid under the locomotive drive wheels. Many grade crossing mishaps result from cars plowing into the side of a train.

Some of these swing around to a dock for unloading, they extend well into or almost across a street.

Field Day Will Offer Chance For Conservation Perspective

A date and place have been fixed for a field day for the Martin-Howard Conservation District. The time is Dec. 9, and the place the C. A. Denton farm east of Big Spring.

One of the major weaknesses of soil conservation work is not public acceptance of the importance of the program, but in piecemeal stabs at it.

WAS MASI OUT?

Cleveland Fights Back With Lemon On Mound

BOSTON, Oct. 7. (AP)—The Boston Braves go after their second straight World Series victory today with Lefty Warren Spahn opening Cleveland's Bob Lemon.

Arguments erupted up all over town last night after publication of Associated Press pictures of the vital play of the opener—an attempt by Bobby Feller to pick pinch runner Phil Masi off second base in the eighth inning of a 0-0 game. Eventually Masi came home on Tommy Holmes' single with the run that gave the Braves a 1-0 triumph.

Many neutral observers insisted the pictures showed that Manager Lou Boudreau of the Indians had tagged Masi a foot off the bag. Others were unconvinced.

Feller and Boudreau have been working the same play all season. They probably have nipped at least 10 runners off base enroute to Cleveland's first pennant since 1920. This time Umpire Bill Stewart of the National League ruled they didn't get their man.

Of course there will be no official protest by anybody connected with the Cleveland Club. It's purely a matter of the judgment of an umpire whose word is final in baseball.

"Interesting" was the comment of President Bill Veeck of the Tribe after seeing the photo. Hank Greenberg, a part-owner, said the pictures would start a lot of controversy. All agreed it was just one of those things that nothing could be done about.

Masi had just entered the scoreless ball game as a runner for Bill Salkeld who had worked Feller for a walk to open the last of the eighth. Mike McCormick did the expected by bunting Masi to second with a sacrifice.

With first base open, Boudreau decided to intentionally pass Eddie Stanky, still handicapped by the ankle he broke in July. Some of the grandstand managers second guessed Lou on that. But he was passing a .315 hitter to set

up a possible double play with the pitcher coming up next. Sibby Sisti was sent in by Manager Billy Southworth to run for the still limping Stanky.

Sain filed out. Then they tried the Boudreau feint and quick Feller twist, trying to catch Masi napping. Some things they succeeded. Others agree with Stewart.

Tommy Holmes, a left-handed batter sliced an outside fast ball past third base to left field, scoring Masi.

That tells the story of the scoring but it's only a small part of the great pitching duel between two of baseball's greatest modern right-handers, Feller and the Braves' Johnny Sain.

Feller, beaten in a two-hitter, was superb. Working off that high mound at Braves field, he had the 46,135 chilled fans thinking about a no-hitter as he mowed down the Braves for four hitless innings.

Marv Rickert, Jeff Heath's sub, broke that string with a single to right leading off the fifth. There were no more until Holmes came along in the eighth.

Feller passed only three but one was fatal.

Sain had perfect control, issuing no walks. His four-hit performance was a masterpiece. Cleveland could do nothing with his round-house curve, except lift easy pops into the air. As a result the Brave outfielders tied a series record with 15 putouts and the team had only three assists, equalling another mark. Twice Bob Elliott put him in jams with errors, his two-base wild peg in the ninth with two out putting the possible tying

run on base. The tobacco-chewing kid from Arkansas bressed a third strike past Wally Judnich to end the game.

On what Sain showed the powerful Indians, the pre-series odds deserve a reshuffle. The Tribe now is sure to see Sain once more and maybe twice.

The new odds show Cleveland still favored to win the series but at 7 to 10 instead of the 5 to 11 or 5 to 12 existing before the opener. Today's game is about even money in man to man betting.

If Spahn is able to tame the Indians, there will be a mad rush to hop on the Braves' band-wagon. He is the No. 2 man of Southworth's pitching duo although his 15-12 record for the year was a bit below expectations.

Lemon, a no-hit pitcher on June 30, is Boudreau's choice to get even before the Indians return home. Gene Bearden, hero of Monday's play victory, already has been named to work Friday's first game at Cleveland.

For most of the season, Lemon made Feller take a back seat in the Cleveland wigwag. He had won 13 games up to the All-Star Game break in mid season. After that he was just a 3-0 workman. Six times he missed out trying for his 21st victory after notching No. 20 on Sept. 3.

Both clubs will come to the park with their bags packed for the game immediately after the game to make the third game at Cleveland tomorrow afternoon. There are no off days in the series schedule, barring rain.

Texas Freshmen Play Oct. 15

AUSTIN, Oct. 7. (AP)—Buddy Jungmichel, Texas freshman football coach, is beginning to whip his prize crop of prospects into game form as the Yearlings move into the third week of organized drills.

For the first game of the season with the Baylor Cubs in Waco Oct. 15, he will probably use Jerry Robertson of Highland Park at the vital quarterback position in the T-formation.

The other likely backfield starters are Bob Raley of Bowie at left half, Byron Townsend of Odessa at fullback, and Red Mayes of Pampa at right half.

The first-string offensive line now stands with Joe Arnold, Corpus Christi, at center; James Pakenham, Longview, and Howard Hurt, Borger, at guards; James Lansford Carrizo Springs, and Jim McConkey, Highland Park, at tackles; and James Adams, Baytown, and Bill Hillburn, Austin, at ends.

Outstanding defensive specialists are Paul Williams, Lufkin, and Acre Linebacker; defensive halfbacks Reed Quinn, Austin, and Bobby Dillon, Temple; and safety man Buddy Wabert, Galena Park, the leading broken-field runner on the team.

However, Coach Jungmichel emphasized numerous switches might be made before the Yearlings take the field against the Baylor Freshmen Friday week.

The second game for the Yearlings will be with the Owlets at Houston Oct. 22, followed by the lone home game of the year Oct. 29 with SMU's Colts.

They play the TCU Polliogs at Fort Worth Nov. 11 and close the season against the Texas A&M Bees at College Station Nov. 20.

Herd May Stay Close To Ground Friday

LOOKING 'EM OVER

With TOMMY HART

The rival pro football parties, the National League and the All-America Conference, may bury the hatchet in their celebrated feud and send their champions out against each other in a "world series" in December.

Those reports have drifted in before but they're easier to believe now.

The long war between the two loops has been bitter and costly and some of the operatives probably would never agree to such a pact. However, for the good of professional football, it is likely to come to pass.

There are indications promoters of the leagues have already closed several times to discuss the title game. The reaction in both camps has been encouraging.

The National league, the senior circuit among football as well as baseball teams, has been the organization to win over to the idea. However, one authority, who seemed to know what he was talking about, reported that the Chicago Cardinals had proposed the game in the first place.

The game would probably be referred to as the "Christmas Bowl" game and would, of course, be played on that day, probably in the Los Angeles Coliseum, which will seat 103,000 persons. (The elements can't be trusted anywhere else that late in the year.)

The All-America league closes its season on Dec. 5, the NFL a week later.

When the Abilene grid Eagles turned back Wichita Falls the other night, their best back was sitting in the press box helping spot players for the scribes. He was temporarily out with injuries. He's Howard Ingraham, who may be good enough to rate all-conference.

PHILLIES TRY TO BEAT DRAFT BY 'SELLING' STAN Stan Holmberg, the former Texas A&M grid star who played here in 1945 as a member of the Harvard AAF team against Southwestern University, was sold by the Philadelphia baseball Phillies to Toronto. The Quakers then turned around and brought him back 24 hours later.

That kind of business may puzzle the fans. However, the Phils were simply trying to beat the draft by such a transaction. Stan is a boy who was paid \$25,000 bonus for signing and the Phillies didn't want to take a chance on losing him.

STOCKTON STILL SEARCHING FOR ACCURATE PASSER The Big Spring high school football Steers' passing game is still a bit-and-miss affair because Coach Mule Stockton hasn't been able to find a boy who can handle the pigskin with much authority.

Artless Davis can pass 20 yards further than anyone else on the squad but he isn't accurate. Virgil Roundtree is very good at short distances but can't get the ball very far down field.

Stockton expects his kicking woes to lessen somewhat when Amos Jones returns to duty soon. Amos has been out since the first day of practice because of a hernia operation. Amos was a guard with the Yearlings last year but did much of the team's kicking. Stockton figures on making him a blocking back when he returns.

KENNEL CLUB AGAIN ACTIVE OVER WEST TEXAS Kennel clubs are functioning again in such West Texas cities as San Angelo, Midland, Odessa, Lubbock, Amarillo, Dumas, Abilene and Roswell, N. M., and club officials in each of those cities hope something can be done toward reviving interest in the local organization.

Object of a kennel club is, of course, the promotion and encouragement of the breeding of pure-bred dogs; the general welfare of the canines; and the advancement of good sportsmanship and good fellowship among all dog lovers.

Persons interested in reorganizing the local club may pick up a few pointers by corresponding with C. V. Hargood, who serves as secretary-treasurer of the West Tex-New Mex Dog Show circuit, and who can be contacted at 1909 Bailey street, San Angelo.

Real State Hi Championship May Be Decided

By HAROLD V. RATLIFF Associated Press Sports Editor

Eight games stand out in a crowded Texas week-end with the schedule of Fort Arthur and Brackenridge (Dallas) and the clash of Port Arthur and Brackenridge (San Antonio) not only the feature battle between unbeaten teams but one that should establish inter-conference superiority.

Massive Port Arthur, long regarded as the No. 1 team of the state, will be upholding the honor of the Class AA Conference. Brackenridge is the recognized kingpin of the City Conference.

Other major games have John Reagan (Houston) playing Austin of Houston in a clash of undefeated, untied eleven in an important District 3 City Conference tilt and Highland Park (Dallas) going to Waco for another battle between unbeaten, untied teams.

Odessa tackles Amarillo in the feature of the West while Marshall and Kilgore get together in the Eastern stand-out.

These are conference games in eight districts, two of them in the City Conference. It is the biggest week-end to date in the championship races.

This week's schedule by districts: CITY CONFERENCE: 1. Thursday: Graham at Sunset (Dallas); Friday: Sherman at Woodrow Wilson (Dallas); Saturday: Dallas at Brackenridge (Dallas). 2. FEAR PROPAGANDA OPPORTUNITY FOR REDS

U. N. Delegates Think Assembly Should Avoid Discussing Knotty Franco Problem

PARIS, Oct. 7. (AP)—Some United Nations delegates said today the present UN Assembly would be wise to avoid a discussion of the knotty problem of Franco Spain. They said any attempt by the western powers or even Latin American countries to make friendly overtures to Chief of State Franco would be seized upon by Russia and her satellites as an excuse for anti-fascist tirades. Delegates who follow closely the activities of Monarchists and Republicans in Spain said any help to Franco now might mean collapse of what they called "well advanced" maneuvers by his domestic opposition. A delegate closely connected with Washington diplomatic circles said even the idea of befriending Franco as an anti-Communist bul-

wark for military considerations is mistaken. He asserted a secret military agreement, including the use of bases in Spain, already is in existence between Washington and Madrid, despite official denials in both capitals. British and American sources said the attitude of their governments toward Franco had not changed. There have been, however, many reports that persons influential in United States political circles demanded the admission of Spain to the UN and her participation in the European recovery program to bolster Europe's anti-Communist defenses. Some UN delegates said Britain now is confident an agreement will be reached between Spanish Monarchists and Republicans to unify their forces against Franco.

They said failure of Franco to reach an agreement with the Monarchists was shown after the generalissimo's meeting with Don Juan, pretender to the Spanish throne, when the Monarchists resumed their contacts with Republicans led by Former Premier Indalecio Prieto. Underlining this interpretation was the news that Don Juan had refused Franco's invitation to send his young son to Spain to be educated. An authoritative Spanish source in Paris said yesterday the boy was returning to school in Switzerland. Agreement between the Republicans and Monarchists would create the condition required by France, Britain and the U. S. in

their 1946 declaration which condemned Franco and said the three powers would support a democratic interim government.

Scouting Revival In Offing, Says Area Executive

A revival of interest in scouting in general is in the offing, H. D. Norris, assistant area executive, told the Big Spring scouts' meeting Wednesday evening in the high school cafeteria. The number of troops stands constant at 12 and cub packs have declined by three in reaching five, he said, but there are four troops actually in process of organization and four Cub packs. At least one additional troop is in prospect for the Latin-American section. "It's the old story," said Norris, "of scores and scores of boys eager to get into scouting and of a shortage of men willing to give

time to help boys. Leadership is our crying need."

Facilities are now better than ever, he said, with the First Baptist, East Fourth Baptist, Wesley Methodist, Rotary, Kiwanis, sponsored troops all having huts.

Other reports showed that Cub packs headed by Frank Medley and Mrs. Lucian Jones gave a model meeting for council Cubbers; that 19 scouts had staged overnight hikes; 40 had helped the Jaycees in a traffic promotion; 13 had ushered at football games; and others had helped sponsor the bicycle parade and speakers contest during Salute to Youth week. Health and safety activities include distribution of fire hazard checks by scouts.

All district committee members as well as any who gave to the scout ranch project, were invited again to the note burning Oct. 14.

Many Never Suspect Cause of Backaches

This Old Treatment Often Brings Happy Relief

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 60 years. Doan's give happy relief and will help the 15 million of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

TWO-DAY EVENT
Parade To Open Martin's Fair

STANTON, Oct. 7—Agricultural products, livestock, educational, commercial and institutional displays will go on exhibit here Friday at the opening of the annual

Martin county Fair.

The two-day event will open officially with a parade on Friday afternoon which is expected to be the largest procession of its kind ever to move over Stanton streets. High school bands from Big Spring, Midland, Lamesa, Coahoma and Lorraine are scheduled to participate in the opening activity. The parade also will include decorated floats and entries from educational and civic organizations.

A football game between the Lorraine Bulldogs and the Stanton Bulldogs has been scheduled as a Friday night feature.

On Saturday attention will be focused on livestock exhibits, with judging to start at 9:30 a. m. Martin county 4-H club members will exhibit beef steers and pigs. Jack Holmes, Ward county agricultural agent, will judge beef cattle, while Earl Sears, vocational agricultural teacher at Lamesa, will judge the swine entries.

The fair is sponsored by the Stanton Lions club. Directors are Cecil Bridges, chairman; Horace Blocker, Gordon Stone, J. C. Mott, O. B. Bryan, L. H. Batton, Bob Whitaker.

The Lions club has arranged for a huge fireworks display to be touched off on Saturday night to close out the fair activity.

Mix a tablespoon of cinnamon with two tablespoons of sugar and sprinkle the blend over hot buttered toast; place under the broiler for a few seconds.

From where I sit... by Joe Marsh
Get The Truth!

Called on my good friend "Cappy" Miller, who edits the County Bee, the other day. And hanging up on the wall of Cappy's office is this slogan for his paper:

"Remember there are two sides to every question. Get both sides. Be truthful."

A good slogan . . . not just for a newspaper—for people, too. Because there'll always be two sides to every question: the side of those who vote one way, and those who vote another—the side of those who enjoy a temperate beverage

like beer or ale, and of those who swear by nothing but cider.

And from where I sit, once you've got both sides—and faced them truthfully, you realize that these differences of opinion are a precious part of what we call Democracy—the right of the individual to vote as he believes, to speak his mind, to choose his own beverage of moderation, whether beer or cider.

Two Women Ask Court To Decide W. C. Fields Case

LOS ANGELES, Oct. 7. (AP)—Two women have asked the court to decide the final disposition of the body of Comedian W. C. Fields, who died nearly two years ago.

Mrs. Magda Michael, his secretary and executor of his estate, filed a petition yesterday asking the court to make the determination. She stated the widow refused to allow cremation, although Fields had specified it in his will.

The widow, Mrs. Harriet V. Fields, who had been estranged from him for 30 years, has asked the court for permission to dispose of the body as she sees fit. Fields died Christmas Day, 1946.

Mrs. Fields also is contesting the will. Fields left her \$20,000, distributing most of the rest of his \$780,000 estate to other relatives and friends. Mrs. Fields contends she is entitled to half the property under the community property law.

Largest Contingent Of Returning War Dead Is Honored

NEW YORK, Oct. 7. (AP)—Remains of 7,047 American war dead, the largest single group ever brought home, arrived from Europe yesterday aboard the Army Transport Carroll Victory.

Some 1,200 relatives attended a memorial service at the Brooklyn army base pier.

World War II dead returned to this country now numbers 90,000, the Army said.

Judge Sets Aside Accident Award

DALLAS, Oct. 7. (AP)—An award made last May by the Texas Industrial Accident Board was set aside by Federal Judge William H. Atwell here yesterday.

The state award had given compensation to four minor children of John Travis Aston of Corsicans, who was killed in an automobile crash in 1947.

A suit brought by the National Surety Co. of New York charged that Aston was not directly engaged at his occupation when the fatal accident occurred.

Franco Orders City Elections

MADRID, Oct. 7. (AP)—Chief of State Franco has ordered that municipal elections—the first in 12 years—be held through Spain Nov. 21, Nov. 28 and Dec. 12.

If the pre-civil war system of municipal elections is followed, the balloting will mark the Franco government's longest step toward liberalization, observers said. Balloting has been permitted once before under the Franco government—in July, 1947. At that time the people voted only in a referendum to confirm Franco as chief of state and establish procedure for selection of a successor to him.

NO MORE DRESSING IN PUBLIC VIEW

ATLANTA, Oct. 7. (AP)—There'll be no more dressing in public here in Atlanta. From now on, says Police Chief Herbert Jenkins, the blondes, brunettes and red-heads will have to get their clothes on in private.

Jenkins said last night he had received hundreds of complaints, mostly from women, that too much dressing was going on in front windows.

He sent Mrs. Ruby Barrett, a policewoman, to all department stores with an ultimatum that in the future shades must be drawn on show windows when mannikins are being dressed or undressed.

Flies Build Up A Resistance To Steady Use Of DDT Spray

WASHINGTON, Oct. 7. (AP)—That super fly killer, DDT, is having trouble killing flies. Flies apparently are building up a resistance to it. Dr. P. N. Annand, chief of the Bureau of Entomology and Plant Quarantine of the U. S. Department of Agriculture, says reports have come from several parts of the country that DDT isn't killing the 1948 crop of flies.

This is what the fly experts have feared. Apparently the flies are giving a good demonstration of the old jungle law of the survival of the fittest. But the fly experts have several aces up their sleeves.

Robinson, Steve Belloise Signed By New Group

NEW YORK, Oct. 7. (AP)—The Tournament of Champions today had Welterweight Champion Ray Robinson's signature on a contract to fight Middleweight Steve Belloise. And they had pictures and witnesses to prove it too.

Sugar Ray signed the document last night at the Harlem offices of "Ray Robinson Enterprises" in the presence of Manager George Gainsford, officials of the T. of C., newspapermen and photographers.

The articles call for the welter boss to receive a guarantee of \$30,000 or the privileges of taking 35 per cent of the gate, and the same cut of radio, television and movie money, if any. The bout will be a ten rounder at the Jersey City, N. J., Armory, Dec. 2.

Belloise is to receive a \$20,000 guarantee too, or the privilege of 27 1/2 per cent of the receipts.

Fighting at nearby White Plains last night, Belloise could gain no better than a draw with Randy Brown, an unknown from Mt. Vernon, N. Y.

The reason for all the signing hullabaloo was the almost simultaneous announcement Tuesday by the 20th Century Sporting Club and the T. of C. that each had corralled Robinson for a fight with Belloise.

Robinson didn't deny this. Sugar Ray, long known in the boxing business for his forgetfulness where oral agreements are concerned, simply apologized for the mixup. He said "I didn't know George (Gainsford) had settled with the T. of C. while I was talking business with Strauss."

"After all I've got to look out for myself," George Klez (President of the T. of C.) offered me \$20,000 guarantee. The 20th doesn't give guarantees any more. And Klez and Andy Niederreiter (promoter for the T. of C.) have assured me that this fight will be an elimination to find an opponent for Marcel Cerdan. I want a shot at that Frenchman's middleweight crown more than anything else."

Gainsford then chimed in.

"Why Ray will fight for the 20th Century too, if they want, and can find a suitable opponent, Dec. 17."

Postholes Dirt Cheap In Illinois

DECATOR, Ill., Oct. 7. (AP)—Postholes are virtually dirt cheap in this area. About two cents a hole, to be sure.

This little figure was reached by a Macon County Court jury in a condemnation suit brought by the Illinois Power Co.

The case got into court when some landowners objected to having the power lines on their property.

A post hole was figured to take up about 49-1000 of an acre. So the jury decided that Farmer Oscar French was entitled to eight cents for the equivalent of four holes on his property. His land was valued at \$400 an acre.

Farmer John F. Streich, whose land was valued at \$350 an acre, was awarded 16 cents for 10 poles.

Mexican Artist Says He's Insulted In Lubbock Cafe

LUBBOCK, Oct. 7. (AP)—A Mexican artist and his American wife complained to police that they were "insulted" when they were refused service at a Lubbock cafe because of his nationality.

Later, Mr. and Mrs. Fidel Figueroa of Tuxco, Mex., said they were served breakfast yesterday at one of the city's leading hotels without incident.

Chief of Police Lewis Kittell tendered official apologies to the couple. They then said they considered the incident closed.

Mrs. Figueroa is a former Texas newswoman known as Leslie Curtis. At present she is a correspondent for the Mexico City Herald and Post.

BROTHERS MEET FOR FIRST TIME

HALIFAX, N. S., Oct. 7. (AP)—Two brothers, both past 60, met here yesterday for the first time.

Some time ago, John F. Glendon of San Francisco, Calif., addressed a letter to "James Glendon, Halifax" and the meeting resulted. The two had never met because of a family break-up that sent John into a founding home at the age of two.

Dr. Annand says this is the situation.

Flies are killed by coming in contact with DDT, sprayed on surfaces. It works through their nervous systems. Apparently a fly gets a "hot foot" after he alights in an area sprinkled with DDT. Some flies already have received a killing dose of the poison by the time their feet begin to tingle.

Some other flies apparently can take more DDT and live to tell their grandchildren about it. After escaping they breed. And they pass on to their offspring this ability to take a dose of DDT that would be a knockout punch to another fly. Possibly their feet are more sensitive to DDT, too. So it turns out the weak flies, or ones with insensitive feet, are killed. Other flies, with sensitive feet, or of strong physique, survive to breed a super family.

Scientists long ago suspected something like this might happen and they went to work in laboratories. They sprayed flies, in cages, with DDT. They allowed the survivors of each spraying to breed. In the 43rd generation, with all the weaklings eliminated, they produced a fly that could take three times as much DDT, without curling up his toes, as an ordinary fly.

Department of Agriculture scientists see these two leading possibilities:

1. Possibly the surviving flies develop more sensitive feet through each generation. They get the "hot foot" quicker than other flies when they land on the poison and fly away before they get a killing dose.

2. Or they are just all-around better flies, with more health and more vigor. At least they have more DDT-resistance. That's the most likely theory, Dr. Annand says.

He and other department scientists aren't too worried about the situation. In their laboratories they have been 43 jumps, or generations ahead of the wild flies—the kind that are getting harder to kill in your kitchen or stable.

They have found that if one or two generations of flies aren't sprinkled with DDT, the offspring lose some of their resistance. So they wait a couple of generations and then shoot such a heavy dose it wipes out the whole fly generation, with none escaping to breed bigger and better flies.

Another ace up the sleeve is a combination poison, mixing DDT with other insecticides. In some tests this has proved to be just the haymaker the doctor ordered.

THIEVES HARD UP, STEAL BRIDGE

CHILLICOTHE, Mo., Oct. 7. (AP)—A Livingston county 30-foot steel bridge has been stolen. John Slattery, county highway engineer, said the thieves ripped off the bridge flooring, tossed it into the stream, then used a cutting torch to dismantle the steel beams. The steel was hauled away.

Pope Sends Appeal For The Protection Of Child Morals

VATICAN CITY, Oct. 7. (AP)—Pope Pius XII appealed to Latin America last night to purge its newspapers and movies of "everything that might cause scandal or perdition for youth."

Speaking in Spanish by short wave radio from the summer pontifical residence at Castel Gandolfo, the Pontiff addressed the Inter-American Congress of Catholic Education at La Paz, Bolivia.

The Pope urged "dissipation, so far as is possible, of that atmosphere of independence and excessive liberty which youth feels in our times and which leads it to reject all authority and restraint."

BOGART STOMPS ON RATTLER

HOLLYWOOD, Oct. 7. (AP)—Just like in the pictures, Humphrey Bogart played the tough guy.

Without a script showing, Bogart—who lives in a wilder part of Hollywood called Benedict Canyon—yesterday vanquished a rattlesnake and a wildcat. That's what the man said.

Here's how Bogey unreeled it:

The rattlesnake bit one of the actor's pet boxer dogs on the nose. Bogey trampled the snake to death, lanced the dog's nose and hustled him off to a veterinarian.

When he got back, another boxer was being attacked by a wildcat. He routed it with four shots from his .22 rifle.

Through it all slept Mrs. Bogart, Lauren Bacall.

She had seen it all before—in Bogey's films.

Convicted Murderer Absolves Two Others

NEW YORK, Oct. 7. (AP)—A convicted murderer says a priest's advice and the sight of doomed men trudging past his death house cell on their way to the electric chair led him to sign a statement absolving two men sentenced to die with him for a waterfront slaying.

Andrew Sheridan, 46, formerly of Jersey City, N. J., was brought from the death house at Sing Sing Prison to general sessions court yesterday to tell his story.

Arguments were heard on a motion to set aside the convictions of John M. Dunn and Daniel Gentile, both of Queens. They and Sheridan were sentenced to death on first degree murder charges for the slaying of Boss Stevedore Andrew Hinz Jan. 7, 1947, in a waterfront feud.

Dunn and Gentile also are awaiting execution in Sing Sing. Last Aug. 7, Sheridan said in a sworn affidavit that the slaying was committed by Jeff Lepore, reported missing by his parents, and John Duff, who died recently. Yesterday, Sheridan testified that he planned Hinz's slaying and supplied the weapons for the shooting.

States' Righters Slate A Strong Drive In Texas

HOUSTON, Oct. 7. (AP)—States Rights Democrats have announced plans for a presidential campaign to begin Oct. 18. It will continue "until every town in Texas is covered."

The vigorous fight to capture Texas' 23 electoral votes for Gov. J. Strom Thurmond of South Carolina includes:

1. A fund raising barbecue in Houston Oct. 18 with tickets selling for "one day's income to save the south."
2. Whirlwind speaking tours by approximately 40 southern congressmen, governors, U. S. senators, and former governors and senators. The tours begin Oct. 19.
3. Gov. Thurmond will end his campaign Oct. 28, 29 and 30 with rallies at Fort Worth, San Antonio, Austin, Waco, Wichita Falls, Corpus Christi, Beaumont, Port Arthur and possibly Amarillo and Tyler.

Seven Year Old Train Wreck Case On FBI's Docket

WASHINGTON, Oct. 7. (AP)—The spectacular wreck of the Pennsylvania Railroad's Buckeye Limited seven and one-half years ago is the subject of a new nationwide FBI lookout notice.

The Buckeye plunged over a 45-foot embankment into the Ohio River near Baden, Pa., on the night of March 16, 1941. Five persons were killed and 129 were injured.

Investigation showed that an entire rail had been removed from the track with such skill that the signal wire was not broken.

The FBI's notice, carried at the request of Pennsylvania Railroad police, is included in the October number of the FBI law enforcement magazine.

The FBI said a \$5,000 reward for information leading to the arrest of the guilty person or persons is still in effect.

The notice added that punishment up to death is provided for anyone convicted of wrecking an interstate train in which loss of life occurs.

Zapotocky Says No War To Be Fought Over City Of Berlin

PRAGUE, Oct. 7. (AP)—Premier Antonin Zapotocky told the Czechoslovak parliament today "this country will not be dragged into war over Berlin, because there will be no war over Berlin."

The Communist premier's statement was broadcast to the country as he presented the outline of a five-year economic plan scheduled to begin next Jan. 1. It will succeed a two-year plan.

Zapotocky said "the Czechoslovak republic will remain independent." He scoffed at rumors this country would be annexed to Soviet Russia.

Teacher Flees From Nazis To Gorki, She Has Last Reunion With Son

(Copyright, 1948, King Features Syndicate, Inc. Reproduction in whole or part strictly prohibited.) (In today's article, Mrs. Kasenkina relates how the Red Army set fire to her school under Stalin's scorched earth policy; how the Communist bureaucrats fled from Moscow before the advancing Nazis, abandoning workers and employees to their fate; how she finally escaped to Gorki, for a last reunion with her son.)

By Oksana S. Kasenkina Edited by Isaac Don Levine My son went off to become a soldier at the moment of the greatest peril to Moscow. It was a moment when the love of Russia stirred in many hearts despite the hatred

they had harbored for the Soviet regime. The Communist propaganda knew how to exploit the patriotic upsurge of the people. Oleg, too, was eager to come to the defense of the fatherland, but I hoped that he would get adequate training in the Red Army.

"Mamochka, how will I know where you're going to be?" he asked at parting.

"And I won't know where to reach you, Olya," I cried. We arranged that I would try to make my way to Gorki, formerly Nizhni-Novgorod, where one of my sisters was living, and that we should keep in touch through her.

Until the last hour, when the Germans were already within artillery range and when rumors of the evacuation of Moscow were flying thick and fast, I clung to the thought of abandoning it to the invaders. The last Communist officials to leave reproached me for showing such sentimentality.

"Go and join the partisans," was their farewell shot to me. I had never handled a rifle.

The head of one neighboring village Soviet tried to persuade me to remain behind and await the Germans. "Why are you leaving?" he argued. "They won't last where you are going." This peasant had even disobeyed the govern-

ment order to drive the stock of the collective farm into the interior. Instead he turned all the cattle loose.

Three years later I revisited Tushkovo, and to my horror found nothing but rubble and ruins where the school had once been. The elaborate mansion housing the fine library and museum, and all the other buildings had been burned to the ground, with the exception of one corner of the brick structure. I found Ossipova, a former resident still there, had turned all white. She told me that the Red Army had taken over after my departure, and set fire to the institution, in accordance with Stalin's scorched earth policy, at the approach of the Germans.

From other folks who had survived the occupation I heard tales of German atrocities. The people who remained behind were decimated, maltreated and robbed by the German "liberators" as they had never been even by the loathed Communists.

Subsequently, I encountered a colonel who upon discovering that I had taught at Tushkovo, remarked nonchalantly:

"So that's where you lived, eh? I put the torch to it myself. That was some collection of books you had there."

But I never really anticipated such an end on the day October 15, 1941, when I started out in the direction of Moscow. At three o'clock that morning six of us teachers left our school, each carrying a bundle of essential belongings. The already wintry sky was alive with fiery activity. The Germans were reported to have enveloped Moscow from three sides. They were directly behind us.

Our party split up and at 6 o'clock three of us crossed the Moskva River and reached the suburban station of Kubinka. From there we got to Moscow by tram.

I had virtually no money, and went with one of my companions to report to the Commissariat of Education in the building of the Moscow Soviet. After some interviews and conferences with aides to Commissar Potemkin, I was assigned to a teaching post in the city of Barnaul, in western Siberia. I was then told:

"Come early tomorrow morning for traveling expenses."

That day the sky of Moscow was filled with smoke from the burning of confidential archives in innumerable government quarters. The wind whirled charred papers in the air. Everybody saw that the Communist bureaucrats were in a state of panic. Many openly expected the end of Soviet rule.

Towards evening there was an air raid alarm. We ran to the nearest shelter in the subway at the Byelorussia Station. There we spent the night. The following morning, we made our way to the Commissariat of Education. Outside

there were automobiles loaded with trunks and cases. None of the officials were inside. Commissar Potemkin and all his aides and staff had fled. Overnight a tremendous change had come over Moscow. Directors of factories and heads of departments had emptied their treasuries, commandeered cars, and fled eastward. Workers and employees were abandoned to their fate. Only the building superintendent remained in the Moscow Soviet.

"We have no money," my companion and I cried, explaining that we had received our appointments and had been told to come in the morning for traveling funds. The old man shook his head, waved his arm in the direction in which all the big shots were escaping, and took pity upon us two women. He gave us all he could spare, 150 rubles each, with the advice:

"Go as far as you can with this."

During the next few days, while I was trying to locate a train bound for Gorki, the center of Moscow took on the aspect of a deserted city, except for marching army units. Occasionally one heard the explosion of a bomb and the roar of a collapsing structure. On the highways leading out of the city ruthless measures were being taken to stop in their tracks looters who were fleeing with caravans of goods. The booty would be taken away and the plunderers shot on the spot.

To add to the nightmare, barricades were being thrown up on the main arteries in the outlying districts through which the Germans were expected to advance upon the city. Barrels, overturned streetcars, furniture, all kinds of wreckage were piled into these hasty and primitive defenses.

On October 20, when old-timer residents were convinced that Moscow was as good as taken by the Germans, I got close enough to a train scheduled to leave for Gorki and was swept onto its platform by the surge of a frenzied mob. It was a human anthill, with people clinging to the roofs and windows of the cars. Wedged in the passageway between two end platforms, I somehow managed to reach Gorki, some 300 miles away.

My sister astounded me upon my arrival with the announcement that Oleg had already been there looking for me.

(Tomorrow: Russian preparedness—1 rifle for 10 men.)

INTRODUCED IN CHARLESTON

Rice, For Centuries A Principal Food, Is Wholesome And Healthful

For many centuries rice has been the principal food of more than half of the world's population: It was introduced into this country at Charleston, S. C., in 1694. It soon became a popular, widely used food in the American colonies. Eventually, rice culture spread to the rich Gulf coast lands of Texas and Louisiana. Today these great rice plantations constitute a thriving, mighty agricultural commonwealth with few equals, supplying millions of families with a low-cost but most delicious, wholesome, and healthful food.

knowledge progressed. It was learned that old-fashioned methods of milling rice eliminate much of the health elements in the grain. But today during the modern milling process, healthful, essential Vitamin B-1 is restored to Vitafied Comet Rice without any change of color, taste, or quick-cooking qualities. It is milled to contain, after restoration, the same abundance of Vitamin B-1 as brown rice.

In addition to its health values, Vitafied Rice also has other important advantages. It is said to cook faster, lighter, and flakier as a result of its processing. With increasing modern emphasis on healthful improvements in the producing and preparing of all kinds of foods, Vitafied Rice is an important development. Long recognized as one of the most economical and one of the most versatile of foods, rice today, by virtue of the Vitafied process, ranks among the world's most healthful foods.

Try some of the following proven rice recipes for substantial foods at moderate cost:

RICE PANCAKES
1 cup warm cooked Vitafied Rice
1 cup milk
2 eggs
1/4 teaspoon salt
2 tablespoons melted butter
1/4 cup flour
2 teaspoons baking powder
Combine rice, salt, milk, butter and egg yolks. Stir in sifted flour and baking powder. Fold in stiffly beaten egg whites. Bake on hot greased griddle. Yield, 28 3-inch cakes.

RICE PILAU
1/4 cup uncooked Verifed Rice
2 thick slices of salt pork, finely sliced
3 cups hot water
2 medium size onions, cut fine
2 cups tomato juice and pulp
4 tablespoons minced parsley
Salt, Pepper and paprika
Fry the salt pork until it is slightly browned. Then add the rice and stir until the rice is a golden brown, adding the onion meantime. Add the hot water gradually, cover and cook, when the rice is tender, add the remaining ingredients.

Place the mixture in greased baking dish and bake in a moderate oven (350 degrees F.) for 1/2 hour. Yield, 6 servings.

TEXAS HASH
2 large onions, sliced
3 tablespoons shortening
2 cups canned tomatoes
1 teaspoon chili powder
1 teaspoon salt
1/4 teaspoon pepper
2 green peppers, cut fine
1 lb. hamburger meat
1/4 cup uncooked Vitafied Rice
Cook the onions and green peppers slowly in shortening until onions are yellow. Add the ground meat and saute until the mixture falls apart. Add the tomatoes, rice, and seasonings. Arrange in a large casserole, cover and bake in a moderately hot oven (375 degrees F.) for 45 minutes. Yield, 8 serving.

Minister And Wife Die In Car Wreck

WOODVILLE, Tyler County, Oct. 7. (AP)—The Rev. and Mrs. Kenneth C. Minter were killed in a traffic accident last night 20 miles west of Woodville on U. S. Highway 190. He was pastor of the Woodville Methodist Church and had held pastorates at Corpus Christi, Midland, Gonzales and other Texas churches.

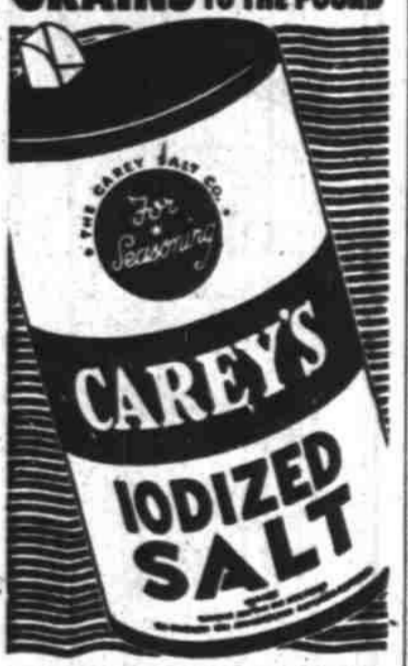

The Rev. Minter's automobile sideswiped one truck and then crashed head-on into another.

Baby Windsor Awaited By 21 Blood Relatives In Britain

LONDON, Oct. 7 (AP)—Kinfolk will be a minor worry to Baby Windsor, Princess Elizabeth's child, whose birth is expected in November will be more than an only child.

Leaving out second, third or further removed cousins and the folks who just married into the family, the blood relations number 21.

There are the parents, two grandmothers, one grandfather, two great-grandmothers, four aunts, four great aunts and six great uncles. The parents divide these: twelve on the side of Princess Elizabeth and seven for Prince Philip, Duke of Edinburgh.

Grandmothers will be Queen Elizabeth and Princess Alice Elizabeth Julia Marie, the duke's mother.

King George VI is the lone living grandfather.

The two great-grandmothers are 81-year-old Queen Mary of England and 85-year-old Victoria Alberta Elizabeth Mathilde Marie, Marchioness of Milford Haven.

Neither parent has a brother so uncles are out.

Most famous aunt is 18-year-old Princess Margaret, younger sister of the mother. Three other sisters of Duke Philip, are Princess Margarita of Hohenlohe-Langenburg; Princess Theodora, the Margravine of Baden; and Princess Sophie, the Duchess of Brunswick.

Great aunts are King George's sister Mary, the Princess Royal; Queen Elizabeth's sisters, Lady Mary Frances, the Baroness Elphinstone, and Lady Rose Constance, the Countess Granville; and Princess Alice's sister, Crown Princess Louise Alexandra Marie Irene of Sweden.

Most famous great uncle is the Duke of Windsor, who gave up the British throne to which this youngster will be second-in-line heir.

Another is his brother, Duke of Gloucester. Then Queen Elizabeth has three brothers—the Earl of Strathmore and Kinghorne, the Hon. Michael Claude Hamilton Bowes-Lyon and the Hon. David Bowes-Lyon. Philip's sole surviving male relative, his father's brother Prince George of Greece, completes the list.

If all 21 gathered together in Windsor Great Park it wouldn't make a very big picnic.

Committee Lays Christmas Plans

General plans for a community Christmas activity were made and sub-committees were named to handle detailed arrangements at a meeting of the chamber of commerce retail merchant's committee Wednesday morning.

C. W. Norman, committee chairman, presided at the session.

A sub-committee to set a date for the proposed activity is composed of Herb Edenbaum, chairman, Lewis H. Price, Boone Horne and Georgia Johnson. On the finance committee are E. H. Connally, chairman, Ralph Wyatt, T. B. Atkins and Mrs. Earl Weaver.

A. Swartz will head the decorations committee, and he will appoint others to that unit.

The merchant's committee voted against a proposed "trades day" project. The proposal was discussed by Carson E. Pierce, representative of an organization which has arranged similar activities at other points.

New ALLIS-CHALMERS MODEL WD

Of the 17 major improvements built into this tractor, here are three which in themselves place the WD in a class by itself:

- POWER ADJUSTED WHEEL TREADS**
Power of the engine is used to adjust rear wheel tread at different spacings.
- TWO-CLUTCH POWER CONTROL**
Two clutches permit continuous operation of power take-off and hydraulic system—Independent of tractor motion.
- FIVE-WAY HYDRAULIC SYSTEM**
Complete hydraulic control of mounted and pull-type implements.

FULL LINE OF IMPLEMENTS. A complete new line of hydraulically-operated, quick-hitch companion implements—both mounted and pull-type—all matched to the power, speed and weight of the WD tractor.

Angels Seem To Inspire The Ladies Who Fix Treats For Church Supper

By CECILY BROWNSTONE
Associated Press Food Editor
I feel sorry for anyone who's never been to a church supper. The turkey, or chicken pie, or macaroni and cheese, or hot potato salad, or butternut or sour cream pie—all these dishes that can be made at home. But somehow or other the angels seem to inspire "the ladies" when they're cooking for a church event and I've never been at one at which the food did

CHICKEN CELERY CASSEROLE — Homespun recipe.

not taste heavenly. I'll never forget the kidney beans

tasted—several summers back—at a Vermont church supper. Or the simple dish of homegrown beefsteak tomatoes cut in thick slices, beautiful beyond words on a milk glass plate, and seasoned beyond description with vinegar, sugar, fresh basil. And still another time the same tomatoes with another subtle seasoning—was it tarragon? A reminder to all good church suppers has just come into my kitchen. It's the Inglenook Cookbook, recently published by Harper and Brothers (New York, \$2.00). The recipes in it were chosen from more than five thousand submitted by church people in response to a call by the Brethren Publishing House for reliable and wholesome cooking rules. The cookbook has the usual categories from breads to vegetables, including chapters on "International Cookery" and one simply called "One Dish."

Anyone who likes homespun recipes will enjoy this cookbook—even the way many of the recipes are written will give you great enjoyment. Take this one for instance, contributed by Mrs. Lulu Sanger Dull, of Los Angeles, California.

Cinnamon Slaw
Ingredients: 3 apples, ½ cup sugar, ¼ cup cinnamon candies, 3 cups cabbage, ½ cup mayonnaise.
Method: Cook diced apples, cinnamon candies and sugar together, covered, for 5 minutes, and allow to get cold without lifting lid. When ready to serve add mayonnaise to shredded cabbage then apples. Makes a beautiful salad.
If it's your job to cook, rather than to eat, at a church supper you'll be interested in the chapter on Group Cookery. Here are two recipes from it that could also be used for a home party.
Orange Glazed Sweet Potatoes
Ingredients: 4½ pounds boiled sweet potatoes, 1½ cups brown

sugar, 1½ cups white sugar, 2 tablespoons cornstarch, 1½ cups orange juice, ¼ cup butter, 1 tablespoon salt.
METHOD: Arrange sliced apples in buttered baking pan. Combine sugars and cornstarch; add orange juice. Cook 5 minutes, stirring constantly. Add butter and salt. Pour over potatoes. Bake in a moderate oven for 25 minutes. Serves 20.—Mrs. Pearl H Hoover, Harrisonburg, Va.

Cheese Apple Crisp
Ingredients: 3 quarts apples, ½ tablespoon cinnamon, 1½ cups water, 1½ tablespoons lemon juice, 1½ pounds sugar, 2 cups flour, ¼ teaspoon salt, ½ pound butter, ¼ cup grated cheese.
Method: Arrange sliced apples in shallow greased baking pans. Sprinkle with cinnamon. Add water and lemon juice. Combine sugar, flour and salt work in butter to form a

crumbly mixture. Lightly stir in grated cheese. Spread mixture over apples and bake in a moderate oven, 350°F., until apples are tender and crust is brown and crisp. Serve 25.—Ms. Pearl Hoover, Harrisonburg, Va.

The chicken casserole pictured here is always a favorite at church suppers. Here's a household size recipe.
Chicken and Celery Casserole
Ingredients: 2 cups chopped celery, 4 tablespoons chicken fat, 4 tablespoons flour, 2 tablespoons salt, dash pepper, 1 cup chicken stock, ½ cup milk, ½ cup water drained from celery, 2 cups diced cooked chicken, 1 cup corn flakes, 2 teaspoons melted butter or margarine.

Method: Cook celery until tender; drain saving water. Heat chicken fat, stir in flour, salt and pepper. Gradually add chickenstock, milk and water drained from celery, stir-

ring until smooth. Cook until thickened, stirring constantly. Spread layer of chicken in greased casserole. Add layer of celery, another layer of chicken and so on. Pour sauce over top. Sprinkle with corn flakes that have been crushed into fine crumbs and mixed with melted butter. Bake in a moderately hot (400 F.) oven about 10 minutes or until thoroughly heated. Makes 6 servings.

Mexican Consul Says Transportation For Workers Is Bad

JACKSONVILLE, Oct. 7. (AP)—A Mexican consul investigated a truck accident near here Tuesday night and reported that the accident brought to light "a serious situation which most certainly must be corrected."

Consul Ojeda Cortez, 24, of Mexico was fatally injured when a truck carrying 25 Mexican farm laborers from Laredo to Pine Bluff, Ark., overturned near here. Fourteen others were injured.

Mexican Consul Angel Cano of Dallas said last night that the "means used for transportation of these men is utterly inadequate, at least in this case."

LARGEST SHIP IN HISTORY

Navy Provides New Peek At Super Aircraft Carrier

WASHINGTON, Oct. 7. (AP)—The Navy has provided an additional peek at what its new 65,000-ton aircraft carrier will look like.

The vessel, which will cost an estimated \$124 million and take four years to build, is scheduled for keel laying late this year or early next at Newport News, Va. Designated the CVA-58, the super carrier will have a flush deck, with flag and navigation bridges on telescopic shafts on the side. Elevators to bring planes on deck will be located along the sides of the 1,030 foot flight deck, with a larger elevator far aft.

The CVA-58 will have four catapults—two on the bow and one on each side—instead of the two on present carriers. The additional catapults will permit faster launching of planes.

The Navy said the new carrier should be capable of operating airplanes well over 100,000 pounds in weight. Adm. Louis E. Denfeld, chief of naval operations, told congressmen during discussion of the carrier that it would be able to launch planes the size of a B-29. There have been recent published reports that the Navy has plans for a 50-ton plane with a 1,500-mile range.

The contract to build the ship—the Navy's third flush-deck carrier and the largest vessel in naval history—was given to the Newport News Ship Building and Dry Dock Corp.

The Navy explained that an island on the flight deck previously was necessary for navigational purposes and to direct gun fire. The development of radar, however, made it possible to be rid of the island, making more room on deck, and at the same time making the ship less visible to an enemy.

The big carrier, like several of the navy's latest warships, will be too big to go through the Panama Canal. She will be 130 feet wide at the water and 190 feet wide at the flight deck.

CHOCOLATE ECLAIRS
A Tested Virginia Roberts Recipe from the New Photo-Method for Party Baking
Quantity: 20 Eclairs

Ingredients:
1 cup sifted American Beauty Flour
1/4 teaspoon salt
1 cup water
1/2 cup butter or other shortening
4 eggs

1 If American Beauty Self-Rising Flour is used, omit salt in recipe.

1. Measure and sift flour and salt.
2. Heat water and butter to boiling point in top of double boiler over direct heat. Place top of double boiler over boiling water.
3. Add flour and salt to hot mixture, stirring to form a smooth batter. Continue cooking, stirring until batter loosens from sides of pan.
4. Cool mixture to lukewarm.
5. To lukewarm mixture, add one egg at a time. Beat well after each addition.
6. Drop batter by spoonfuls, 2 inches apart, onto a greased baking sheet.
7. With a small knife, shape batter into 1" x 4" oblongs.
8. Bake in a hot oven (450°) for first 15 minutes; reduce temperature to 350° and continue baking for 30 to 35 minutes. Do not open oven during first 30 minutes.
9. When cool, split each Eclair with a sharp knife, cutting close to the bottom. Fill with cooled Cream Filling, and frost with Chocolate Topping.

CREAM FILLING
1. Measure and sift together 1/2 cup sifted American Beauty Flour, 1/4 cup sugar and 1/4 teaspoon salt.
2. Scald 3 cups milk in double boiler. Add dry ingredients slowly, stirring continuously. Cook until mixture thickens.
3. Beat 2 eggs, add a small amount of hot mixture, and stir.
4. Add egg mixture to remainder of mixture in double boiler, stirring until blended. Cook 1 minute. Add vanilla. Cool.
If American Beauty Self-Rising Flour is used, omit salt in recipe.

CHOCOLATE TOPPING
1. Melt 3 squares chocolate with 1 tablespoon butter or margarine.
2. Add alternately, 1/4 cup milk and 1/4 cup powdered sugar, beating until smooth after each addition. Spread on top of each Eclair.

The northern shores of the great Lakes are believed to be rising at the rate of about a foot every century.

Colgate Given One Of First Pocket Books

HAMILTON, N. Y., Oct. 7 (AP)—One of the first pocket-size books ever printed has been given to Colgate University. It is a copy of Horace's "Poemata," published in Venice nearly four-and-a-half centuries ago by Aldus Manutius.

Gift of the late Dr. Arthur S. Chittenden '95, of Binghamton, the volume will be kept in the university's rare book room.

Wanting to make books available to the poor, the printer Aldus in-around 1501. He also invented modern punctuation, italic type and coined the phrase, "printer's devil."

Aldus had employed a Negro boy left behind by a merchant vessel. Negroes were a rarity in Venice and people began to say Aldus was employing black art and had a black imp of the devil.

To stop the rumor, Aldus exhibited the boy with the declaration that "Be it known that I, Aldus Manutius, printer, have this day made public exposure of the printer's devil. All who think he is not flesh and blood may step up and pinch him."

Texas Marketing Official Wants Surplus Grain Used

SAN ANTONIO, Oct. 7 (AP)—The Texas director of the production and marketing administration of the U. S. Department of Agriculture says that using the current grain surplus to produce meat will cause high prices to drop.

B. F. Vance told a 17-county meeting here yesterday that an increase in pig production is the quickest way to end high prices.

SOIL CONSERVATION

Sheriff's Posse Farm Has 11 Acres Seeded To Grass

Eleven acres were seeded to native and introduced grasses on the Sheriff's Posse farm last week Dr. M. H. Bennett, president of the association, announced. The Posse Association had the assistance of J. C. Ebersole with the Soil Conservation Service, located at Abilene, in making the fall planting.

Ebersole furnished a special grass drill and used seed granted the Martin-Howard Soil Conservation District to plant the grass. The Ranch bluestem, weeping lovegrass and lovegrass, side oats grama, slender grama, Lehman's lovegrass and western wheat grass.

SHOVEL and HOE

A Garden Column by Virginia Scott. Presented by the Big Spring Garden Club.

Indoor gardeners will be looking around for bulbs to force in water. The early Roman Hyacinth is one of the daintiest and most graceful of window garden subjects. They are pretty when grown in ornamental bowls with prepared bulb fiber. Must be kept moist and do not need any fertilizer. September planted bulbs bloom in December.

Dutch Hyacinths for garden planting are different. They come in named varieties or can be bought in mixture. Good ones are Pink Pearl, Lady Derby, deep rose — pink, Albatros, white; City of Harlem, yellow; Queen of the Blues. These Hyacinths can also be forced in water. Should not be started until December. If you wish to save out a few from your regular garden planting, store them in open bags in cool, dry places with temperature of fifty to sixty degrees. Dutch Hyacinths may be planted in the garden all during the coming month.

Through song and story, a great deal of sentiment has been attached to "fragrance in the garden." We agree with the songs and stories. There is such a natural association of fragrance with flowers that, instinctively, we hold it most any blossom to our nose and feel cheated when there is no pleasing odor.

You will get your money's worth from Viburnum Burkwoodi, Daphne Lilac, and Clematis Mrs. R. Brydon. They are intensely fragrant, and beautiful as well. Try them.

POTTING SOIL

A gardener from Mississippi wants information on potting soil. All pot plants do not thrive in the same kind of mixture but, for general purposes, use two parts of good garden loam, one part leaf-mold, one part sharp sand. Add one pint bone meal and two quarts of well rotted cow manure to each bushel of mixture.

There are acid-loving plants, such as Azaleas, and the succulent plant that require special soil mixtures. Ferns require a fibrous soil made by adding humus or peatmoss to the regular potting mixture.

Annual seedlings or plants such as Petunias, Calendulas and dwarf Ageratum can be potted now to bloom on the window sill later. These plants may be found potted in a shady place outdoors until established. Protect them from wind.

New Tax Sources For City Sought At El Paso Meet

EL PASO, Oct. 7 (AP)—A resolution seeking new sources of tax revenue for Texas cities was approved by the League of Texas Municipalities in session here.

The resolution was passed by league delegates on the recommendation of Malvern M. Mars, a Fort Worth councilman.

Mars said he believed a trend toward centralization of taxation in federal and state governments has "greatly impaired financial conditions of counties and cities generally."

A nine-point legislative program designed to give municipalities more power and revenue was approved by the league's legislative action committee.

Gov. Beauford Jester spoke at the convention Tuesday night after he concluded a series of meetings with the governor of Chihuahua, Mex., on improving relations between Texas and Mexico.

New officers of state affiliated organizations of the league announced include: Municipal Utilities League — M. C. Dalchau, Llano, president; W. J. Miles, Seguin; T. J. Green, Lubbock, and Don Nixon, Lampasas, vice presidents.

Association of Assessing Officers — Perry C. Burks, Amarillo, president, and Charles Cottle, Orange, vice president.

Public Works Association — W. F. Hicks, Paris, president; J. M. Nagle, Houston, vice president, and R. B. Sherrill, Vernon, secretary.

Riding Academy Is Opened Here

Opening of the Boots and Saddle mounts will be available at all times for horseback riders, has been announced here.
