OUR BEST TO YOU... CLASS OF '79

At Graduation Time students begin to wonder about their future and what each person's job will be in today's world.

As the future of our nation, state and city, today's graduates will hopefully choose a field which will benefit their community.

There is much need for trained and professional chiropractors. As a Doctor of Chiropractic, a person can surely help and benefit their community. Look into the opportunities available in this professional field. Call or visit for more information:

The Sculptura.

As striking as it is functional. Here's a phone that looks like a fine piece of modern sculpture. Available in brown, yellow or white with either rotary dial or Touch-Tone® service. From the Design Line* Collection. You buy the phone housing. The working parts remain ours... so if there's ever a problem, we'll fix it. To see the Sculptura, call your Southwestern Bell business office or visit your nearest PhoneCenter Store.

Congratulations

ON DIPLOMA DAY...

You can talk to me about

ANY type of Life insurance

Don't feel you have to go to one place for life insurance planning, to another for annuities, group, hospitalization, disability income, education and retirement plans.

I can take care of all your personal, family, and business insurance needs — because of my many years of experience in helping people with a variety of coverage and protection programs, and because I have the facilities and know-how of a great insurance company behind me.

If you have an insurance need, call me today.

TAKE 2 YEARS OF ARMY BEFORE COLLEGE.

If you think you could get more out of college two years from now, consider the benefits of the Army's new 2-year enlistment.

A CHANCE TO LEARN. Joining for 2 years does limit your choice of Army specialties. But there are still many challenging choices available that will test your skill, strength and stamina. Your duty assignment could take you overseas, or anywhere in the continental United States. You'll learn discipline, responsibility and leadership. Qualities that can make you a better person.

A CHANCE TO SAVE. Starting pay is now up to \$419.40 a month (before deductions). Plus, the Veterans' Educational Assistance Program (VEAP, for short) will help you accumulate as much as \$7,400 for college. (Ask your Army Recruiter for details.)

A CHANCE TO SERVE. Our country has always counted on the soldier. It still does. And you'll be a prouder person for having served your 2 years in the Army. You'll gain experience. Maturity. And a clearer idea of what you want.

For more information, call your local Army Representative. The address and phone number are in the Yellow Pages under "Recruiting." Or call the number below toll-free.
