

Tickets Disappear In Hurry

The 1,325 adult tickets sent here for the Big Spring-Breckenridge game in Breckenridge Friday night were gone within an hour after they were placed on sale at Steer Stadium this morning. The above picture was made not long before the ticket supply was exhausted here. An estimated 150 persons remained in line when the windows closed.

Confession Told In Girl's Slaying

BEAVER FALLS, Pa. (AP)—Elijah Thompson, a 23-year-old unemployed laborer, has confessed to the killing of Helen Jean Bryant, 16, a state policeman testified today at a hearing at which Thompson was held for grand jury action.

State Police Sgt. John Krzton said Thompson, a Negro, Saturday night admitted slaying the pretty high school girl. Krzton said Beaver County Dist. Atty. Richard P. Steward was present when Thompson admitted the killing.

The partially nude body of the girl was found Saturday covered with leaves and dirt on a hillside near her home.

Thompson was remanded to the county jail. He did not enter a plea.

He is a neighbor of the slain Alloggia, (Pa.) High School sophomore. He was arrested Saturday some 12 hours after the girl's body was found. Her head had been crushed.

The information charging Thompson, a Negro, with murder was filed by Police Chief Matt Zvonar of Hopewell Township, where the slaying occurred.

Dep. Coroner Margaret Sanders said there were indications that an attempt had been made to rape the girl, but she said there is no conclusive evidence.

Dist. Atty. Richard P. Steward of Beaver County has declined to go into details about Thompson's arrest.

Chief Zvonar said he believes Helen Jean was killed Monday when she was reported missing after leaving home for school. The girl had to walk along a narrow path through a wooded area to reach her bus.

Meanwhile, 100 miles southeast of here at Conemaugh, Pa., state police and Cambria County authorities continued an around-the-clock investigation of the pre-Halloween "trick-or-treat" slaying of 6-year-old Karen Mauk.

Four Puerto Rican Nationalists Get Suspended Terms

NEW YORK (AP)—Four Puerto Rican Nationalist leaders who previously pleaded guilty to seditious conspiracy charges got off with six-year suspended sentences today.

Last Tuesday 13 other Nationalists convicted after a trial got similar six-year sentences, but were ordered to serve them.

DISAPPEARS SATURDAY Navy Continues Giant Search For Missing Plane In Atlantic

NEW YORK (AP)—The Navy threw 200 planes and 25 surface craft into a wide-ranging search today for a big Navy transport aircraft missing over the Atlantic with 42 persons.

The flight was the second attempt made by those aboard to get to the Azores and Port Lyautey in Africa. The Navy said they had taken off earlier Saturday in another plane but had to turn back 2 1/2 hours later when the plane developed trouble. They transferred to the now missing plane and started out again.

The Weather Bureau in New York said water temperatures in the search area ranged from the mid-50s up. To the south the sky was clear, but in the northern, cooler parts of the ribbon of ocean there were thunderstorms today.

The missing plane carried 21 passengers, including two women, wives of U.S. officers, and five children. There were 21 crewmen aboard because the big ship was carrying an extra complete crew.

Their husbands comprised the crew of the Navy Super-Constellation missing with 42 aboard on a routine flight from the Patuxent Naval Air Test Center here to the Azores.

They first learned the plane was missing by phone about noon yesterday. Within minutes, Cmdr. L. W. Meachum, senior chaplain at the big Navy installation, and his two assistants had divided the list of next-of-kin living on or near the base and begun making personal calls.

"The wives naturally are worried, but are taking it bravely," Chaplain Meachum said. "They are very appreciative of their neighbors and friends who came as shipmates to express their sympathy and condolence. The wives have faith in God and are keenly appreciative of the spiritual ministry extended by their chaplains."

On his rounds, he said, he found that in every case other Navy wives were with those whose husbands were missing.

Mrs. Nancy Cole, wife of the senior officer aboard the plane—Lt. Cmdr. John Sanford Cole—spoke quietly, almost calmly. "I won't say I'm not worried," she said, "but I just know they're going to find them all right."

No More Breck Ducats Expected

Pat Murphy, business manager of the local schools, received word at noon today that no more reserve seat tickets would be forwarded here for the Big Spring-Breckenridge football game in Breckenridge Friday night.

School officials in Breckenridge said there was an unprecedented demand for ducats there.

Murphy said he had been informed that 1,250 general admission tickets for the game would go on sale at the Breckenridge stadium at 7 p.m. Friday and would be sold on a "first-come, first-served" basis.

No fan will be turned away from the game, Breckenridge officials stated. Areas will be roped off in the end zones and beyond the seating area for fans, if the demand for tickets is that heavy.

Student tickets were all but sold out here this morning.

Demand for tickets to the game are coming from all over the state. A Snyder party asked for 50 reserved seats this morning and was turned down. Similar requests have come from Abilene, Sweetwater, Fort Worth and other areas.

Eight Big Spring residents reported to police over the weekend that hub caps were stolen from their cars.

W. A. French, 1714 Hillside Drive stated two hub caps were taken from his 1954 Lincoln sometime Saturday night. The same evening B. C. Stevens' car—a 1950 Pontiac—was relieved of two hub caps.

Stevens said it was parked at 319 Princeton.

Reports Sunday of stolen hub caps came from Mrs. Harold Gilmore, 2008 Nolan; Jess Wilbanks, 208 Washington Place; J. B. Harrison, 1104 E. 4th; H. S. Parrott, 500 Virginia; Justin Holmes, 201 Washington Boulevard; and a L. Denning, 104 Canyon Drive.

Two and three hub caps were taken from all vehicles, and officers believe most were taken Saturday night despite reports on Sunday.

That's one of the reasons Gov. Shivers and George Sandlin, state chairman, issued weekend appeals to Texans to go vote.

The Republicans also want as big a delegate strength as they can muster. Their vote Tuesday also will determine their strength at the 1955 national Republican presidential convention.

Food Poisoning Call Seems Fake

SEATTLE (AP)—An anonymous telephone call, which said poisoned food had been delivered to Vice President Nixon's hotel room here Saturday night, appeared today to have been the work of a crank.

Burt C. Cline, Secret Service agent in charge of the Seattle office, said "nothing has turned up so far" in laboratory tests of the food made by a Seattle firm.

"But there will be several hours more of waiting before we can be certain," he added.

The "poison scare" occurred here when a light evening meal, tomato soup, sandwiches, strawberry ice cream and tea, was taken to Nixon's room Saturday evening, before his half-hour state-wide televised address to a Republican rally.

The anonymous telephone call came through the hotel switchboard from outside the hotel before the food actually reached Nixon.

The food was removed and another menu prepared by hotel cooks under Secret Service supervision. Nixon, advised of the phone call, dismissed it as the "act of a crank," his secretary, William Kloepper Jr., said.

DECATUR, Ill. (AP)—A strike of school janitors, maintenance men and bus drivers today forced closing of 20 of Decatur's 28 public schools.

It was estimated between 11,000 and 12,000 children were getting the unscheduled holiday because of the walkout. The only schools open were six that have gas or oil heat.

Eight Residents Missing Hub Caps

Both Democrats and Republicans Monday tried to stir up Texas with the urge to go vote in Tuesday's general election.

They had varying reasons. The general election usually has rubber stamped the nominations made in the state, and most of the Democrats don't take the trouble to vote.

However, the vote in Tuesday's election is the first step in the chain toward representation of Texas Democrats in the 1956 national presidential convention.

The vote for the Democratic candidate for governor—Allan Shivers—will decide the number of delegates each precinct may send to the county convention in 1956.

From the county conventions, delegates are named to the state convention and from there to the national convention.

That's one of the reasons Gov. Shivers and George Sandlin, state chairman, issued weekend appeals to Texans to go vote.

Campaign Comes To Close Tonight Republicans Held In Uphill Struggle

WASHINGTON (AP)—Control of Congress appeared to be hanging in a narrow balance today as President Eisenhower and Adlai E. Stevenson prepared to wind up a blistering campaign with appeals for the voters to turn out in force tomorrow.

Republicans were regarded nationally as fighting an uphill battle to retain their present slender control of the Senate and House, won two years ago. Democrats jubilantly were claiming they would sweep both into their camp and take over up to half a dozen GOP governorships.

But there remained an air of uncertainty, generated by disputes over the effectiveness of strenuous last-minute campaigning by Eisenhower and the depth of penetration of what the Democrats called "Red smear" charges against some of their candidates.

From the White House tonight Eisenhower will beam a television (CBS) and radio (Mutual-ABC) appeal to the voters to march to the polls. He will be joined by Vice President Nixon, cast by the Democrats in the role of chief campaigner—author of the Communist-government issue. Nixon speaks from Denver. The program is scheduled for 8 p.m. EST. For the West Coast, the program will be rebroadcast three hours later.

Stevenson, the 1952 Democratic presidential nominee, who has said Eisenhower has joined in a GOP chorus on the issue of domestic communism, speaks by radio (CBS) from Chicago.

His talk is scheduled for 10:15 p.m. EST.

Democrats busied themselves with what National Chairman Stephen A. Mitchell called a "walkathon" in an effort to counter the "10 times 10" telephone drive initiated by Eisenhower Saturday.

Democrats were urged to walk to the homes of 10 neighbors and ask them to vote. Republicans were asked to telephone 10 friends and urge them to go to the polls. There was no accurate indication of the effectiveness of either campaign, despite claims of widespread success. Telephone companies generally reported normal traffic, with increases in some areas.

Democrats conceded privately that they had been hurt in some critical races by the charge that many of their candidates were "left wing." Atty. Gen. Brownell said Saturday night that if Democrats win control of Congress, the new chairman of committees which deal with corruption and communism would be a "new kind of 5 per center—they supported the President's program only 5 per cent of the time." He did not name them. Brownell said the "big reason" for having a GOP Congress is that "in this field of communism."

Stevenson said in his Saturday night speech that the President "evidently... has embraced" what Stevenson called the GOP "campaign of slander."

Stevenson also said that Eisenhower, by repeating a Republican contention that the Democrats never brought prosperity except through war, had affirmed GOP been "standard Communist propaganda for years."

Nixon, now campaigning in the West, telegraphed his statement to the Associated Press. Noting that Stevenson's address was broadcast by NBC, Nixon described his statement as a condemnation of what he would have said if he had had broadcast time for a reply to Stevenson.

The vice president said the "Stevenson-Truman campaign" was made up of: "Quips—50 per cent. 'Innuendo and name calling—45 per cent. 'Honest discussion of the issues—5 per cent.'"

Nixon Charges Demos Use 'Big Lie' Technique

WASHINGTON (AP)—Vice President Richard Nixon said today a "fanatical, left wing clique" of Democrats has conducted a "dishonest" campaign, based on the "big lie" technique, for an "anti-Eisenhower Congress."

"They started this campaign by questioning the President's honesty," Nixon said in a statement. "They are ending it by slyly impugning his patriotism."

"I know that millions of Democrats will resent the tactics of this left wing group whose standards of honesty, security, and morality are not representative of the great traditions of the Democratic party."

Nixon referred to it as "the Stevenson-Truman campaign to elect an anti-Eisenhower, ADA, left wing Congress." He did not mention any other names. ADA are the initials of Americans for Democratic Action, a group which describes its members as anti-Communists, liberals, and supporters of the principles of the New Deal and Fair Deal.

Nixon said a Saturday night speech by Adlai Stevenson, 1952 Democratic presidential nominee, "was one of the most vicious, scurrilous attacks ever made by a major political figure on the President of the United States."

Stevenson said in his Saturday night speech that the President "evidently... has embraced" what Stevenson called the GOP "campaign of slander."

Stevenson also said that Eisenhower, by repeating a Republican contention that the Democrats never brought prosperity except through war, had affirmed GOP been "standard Communist propaganda for years."

The vice president said the "Stevenson-Truman campaign" was made up of: "Quips—50 per cent. 'Innuendo and name calling—45 per cent. 'Honest discussion of the issues—5 per cent.'"

He added: "It is apparent that they cannot forget that there was the 5 per cent administration."

Nixon said a repeated cry of "smear" had come from the opposition but that "not one of the members of this group has been able to name any statement I have made in this campaign which is untrue."

According to the opposition then of the "big lie" technique, Nixon said "they have attacked the security risk program of the President with a fury bordering on hysteria" and attempted to create an impression it is not necessary, and in any case the risks were hired by the Eisenhower administration.

Nixon said the truth is that "96 per cent of the 4,985 Communists, fellow-travelers, sex perverts, people with criminal records, dope addicts throughout the state have been working hard this year and hope to get it passed."

Sheppard Trial Bypasses Legal Dilemma On Juror

By WILLIAM NEWKIRK

CLEVELAND (AP)—The Sheppard murder trial temporarily bypassed a legal dilemma over a juror with a purported police record today, and went ahead with the business of finding two alternate jurors.

The disputed juror, James R. Manning, a real estate agent and father of three, showed up in his regular seat this morning, hunched forward in his chair and nervously staring straight ahead.

The prosecution says Manning failed to disclose he was convicted on a morals charge 11 years ago and this could mean having to start the trial of Dr. Samuel H. Sheppard all over again.

Manning's pastor, Rev. G. R. Naumann, appeared in the court this morning, too, and talked with Judge Edward Rhythm briefly before proceedings began.

Elephant Tries Trick-Or-Treat

LOS ANGELES (AP)—Five-year-old Sheba took advantage of a traffic jam to garnet a half hour's trunk-or-treat style.

It was easy for Sheba, a young lady elephant. Her trailer overturned on Firestone Boulevard Saturday night. She was unhurt. While she was waiting for the blocked lanes to be cleared she put on a show for youngsters making their Halloween rounds.

"She spent all her time begging peanuts from the kids," highway patrolman said.

Contractor Charles Campbell's Work

When Charles Campbell, local contractor, installed his brick stone on the above structure, the result was a fine looking office building. Now being used as a dentist's office, the structure is located on the corner of Eighth and Main Streets. Though having the appearance of always being an office building, this structure was formerly a stucco residence. Campbell has given a number of structures in Big Spring a new face with his brick stone and muriel stone. He can

place the stone in a minimum of time, and the finished product looks just like brick or Alstin stone, depending on the type facing ordered. The brick stone, as can be seen above, is designed with a number of individual brick facings on it. Close inspection even fails to show that it is not actual brick. Campbell, whose office is at 400 Abram, also contracts concrete and stucco work. His phone is 4-2407.

Thixton Shows Radically New Motorcycles

Radical changes have been made in 1955-model Harley Davidson motorcycles, now being shown and demonstrated at the Cecil Thixton Motorcycle and Bicycle Shop, located at 908 W. 3rd Street in Big Spring.

In starting its second half century, the Harley Davidson company has come out with its most attractive and most serviceable motorcycles ever made.

The 74 OHV motorcycle, which comes in seven standard and one special color, has improved its bearing arrangement and modernized its headlight and license plate bracket and added such features as aluminum sealing plates for oil-tight joints between rocker arm covers and cylinder heads.

In short, it is new from front to back.

The Harley-Davidson machine can be had in such colors as Arctic Brown, Atomic Blue, Hollywood Green, Pepper Red and Anniversary Yellow.

The 74 OHV gets anywhere from 38 to 40 miles per gallon of gasoline, whereas the 55-inch K sports model needs only a gallon for every 55 to 60 miles of travel.

The famous Harley Davidson 165 model will do even better in fuel consumption, getting between 80 and 100 miles per gallon.

Powerful New Ford Tractor Makes Tough Job Seem Easy

The new Ford tractor has reserve of power which makes tough going seem easy because of the "Red Tiger" engine with which it is equipped.

All a person has to do to understand why this engine furnished such excess power is to look at it. Inspection is urged by personnel of Big Spring Tractor Company, agent for Ford tractors here.

Lloyd Wasson, manager, or one of his clerks will be on duty during all business hours to explain the various details of the tractor and engine workings. The company is located on the Lamesa Highway.

On inspection of the tractor you will see a new overhead valve engine, with big bore and short stroke that cuts the travel of each piston approximately five miles in a working day, reducing friction and helping to make possible greater power with new economy of gas and oil.

The tractor also has an engine with big rotating exhaust valves, new lightning-fast governor and dozens of other examples of advanced engineering. Ignition is completely weatherproofed. All oil is normally filtered every time around.

The whole engine is extra strong and extra rigid, as well as extra powerful.

Wasson claims that the more you know about tractor engines, the bigger kick you'll get out of looking over the one in the new Ford tractor.

"The more you know about tractors, the better you'll realize that here is the most modern tractor on today's market," he stated.

Big Spring Tractor Company has a complete line of Dearborn accessories for the Ford tractor, and the firm also is dealer for Firestone tires and distributor for Amalie oil. The company is equipped to overhaul and service all makes of tractors.

Five Accidents Occur In City

Five traffic mishaps were reported in the city over the weekend, but there apparently were no serious injuries.

Claude L. Washburn, El Nido Courts, received first aid attention following a collision at 10th and Main about 11:05 p.m. Saturday. He was driving a car in collision with a vehicle operated by Betty Kay Hahn, 807 Rosemont.

An accident in which the cars were damaged considerably was reported in the 1700 block of West Third about 7:30 p.m. Drivers were Clifford G. Smith, 209 Airport Rd., and Richard E. Dirrick, Webb Air Force Base.

Sunday at 6:05 a.m. Ray J. Whitely, 402 Galveston, and A. A. Cook, 1009 Wood, were driving cars which collided at Fifth and Union. A car operated by Henry Epperson, 613 NW 4th, collided with a light pole in the 600 block of Northwest Fourth. The pole was in the street, according to the police report.

Edward H. Moore, 1004 E. 6th, and Billy Joe Price, Slaton, were drivers of cars which collided at 9:20 p.m. Sunday at Edwards Boulevard intersection with Gregg Street.

LaVega's Game At West Tops

Central Texas moves to trim its impressive list of unbeaten Class AA schoolboy football teams this week with games involving two perfect-record teams and a pair of records tied but unbeaten.

LaVega at West, a District 20-AA clash, heads the list, with the 19-AA meeting of Waxahachie and Teague close behind.

At West, the host Trojans and the visiting Pirates will field teams which have kept perfect records in spite of some close early-season decisions. West is unbeaten and untied in eight games, LaVega in seven.

West had its closest call in the season opener before edging Athens, 7-6. The Trojans have since had trouble with Waco B and Hillsboro, beating each, 7-0, but have played chip-down ball the last two weeks with a 27-19 triumph over McGregor and a 33-0 whacking of Waco Tech in conference competition.

LaVega's roughest moments came in the Hillsboro contest when the Pirates were held to, 13-12. They walloped Marlin, 47-6, in the conference opener last week.

Waxahachie takes a one-ated team to Teague, which has also been deadlocked once. Waxahachie played Class AAA Corsicana to a 14-14 standstill. The Indians took a 19-0 victory over another AAA team - Irving - and last week knocked Ennis, from the state's unbeaten list, 33-29.

The Teague deadlock was a 6-6 affair with Rusk two weeks ago. Other teams still unbeaten and untied include Phillips and Canyon in 1-AA, Colorado City in 4-AA, Seagoville in 12-AA, Mount Vernon in 14-AA, Linden in 15-AA, Killen in 21-AA, Gonzales in 23-AA, LaMarque in 27-AA, Nederland in 28-AA, Freer in 31-AA and Raymondville in 33-AA.

Unbeaten but tied teams include Comanche in 9-AA, Carthage in 10-AA and Livingston in 17-AA.

Of the group, Raymondville faces perhaps the stiffest test, playing at Westaco.

Atlanta looms as a stiff threat for Linden.

White House Denies Charge

WASHINGTON (AP)—The White House today labeled "ridiculous" Adlai Stevenson's assertion that President Eisenhower has a "standard Communist propaganda."

With the congressional campaign in its final hours, James C. Hagerty, presidential press secretary, was asked for comment on the remark Stevenson made in a New York speech Saturday night.

"I have no other comment except to say it's just ridiculous," Hagerty replied.

Stevenson, the 1952 Democratic presidential nominee, told a party rally in his New York speech: "Not just the vice president and the Republican campaigners, but now the President himself has affirmed the proposition that our prosperity has been achieved in the past only at the price of war and bloodshed."

"This of course has been standard Communist propaganda for years and is believed by many to prove that the United States is ready to precipitate war in order to save capitalism."

Stevenson added he was sure that Eisenhower "must have spoken thoughtlessly and carelessly."

Vice President Nixon has denounced what he termed Stevenson's "smear attack on Eisenhower, and plans to reply to the former Illinois governor in a nationwide address tonight.

Porkers Face Rugged Test

Time is running out on those who have thought Arkansas' young Razorbacks would crack under the mounting pressure of an unbeaten Southwest C conference football march, and if their dire predictions are to come true it will have to be in just two weeks.

The tight-listed Razorbacks, riding through six straight victories on a combination of smart football, alertness and a element of luck, meet the first of their two remaining foes Saturday at Little Rock when they battle the famed "November team" of the conference—Jess Neely's Rice Owls.

Always in November the Owls reach their height and the Razorbacks appear in for an afternoon as tough or tougher than those gone on before.

Rice still is in the championship race and could throw things into a huge mess by knocking over the wonder boys of the Ozarks even though Arkansas is unbeaten and untied and leading the conference with a brilliant 4-0 record. Southern Methodist and Baylor also are still in the race and the Methodists could take over first place by a combination of happenings this week. Should Rice beat Arkansas and Southern Methodist triumph over Texas A&M at Dallas, the SMU would be on top by a half-game.

Airman Treated After Scuffle During Arrest

An airman, involved in an altercation with police, was under treatment in a hospital here Monday for an eye injury.

Cpl. A. L. Rodriguez was taken to the Copper Hospital for treatment, and the attending physician said there was a possibility that sight in his right eye might be impaired.

Chief of Police W. W. York said that the airman was struck with a "slapper," a flat leather version of a night stick, after he had slugged Patrolman J. C. Walton in the nose.

Walton also was given treatment for his injured nose. York said that the incident occurred the second time Rodriguez had been picked up Sunday night for drunk and disturbance. Arrested originally at 11:45 p.m. outside the VFW post on Northwest Fourth Street, following a reported brawl on the inside, Rodriguez was released to his wife and brother to be taken home.

Then he was accused of starting an altercation with his brother, and Patrolmen Walton and J. D. Campbell picked him and took him to the station.

Upon arrival there, the man began bragging about his prowess as a prize fighter and all but floored Walton, who then quelled him with a lick from the "slapper." At the hospital some further difficulty arose because he was brought under control, said York.

York expressed regret that Rodriguez had been injured but said that under the circumstances he did not see how Walton could have done other than defend himself. "Slappers" are used because they do not ordinarily inflict injuries, he said.

Remember The Kitchen In Christmas Gifts

Even a kitchen needs to be remembered at Christmas. Women who sew know that kitchen accessories such as aprons, pot holders, or pretty dish towels are popular Christmas presents.

One of the easiest-to-sew Christmas gifts is an apron—and no housewife ever had enough of them. Local sewing center experts point out that an apron can be completed in an hour, provided the home seamstress makes full use of her sewing machine attachments and time-savers.

A simple apron pattern from your pattern service usually takes only a yard of material and may be trimmed a dozen different ways, with appliques, rickrack, contrasting binding, novel pockets and so forth.

For the gal with the country kitchen, nothing beats a red-and-white checked gingham. For the cocktail party set, try gleaming satin in a startling color. Apron possibilities are endless, limited only by your imagination.

There are other kitchen accessories which make welcome and inexpensive gifts. Pot holders, for example, can be whimsical as well as practical, decorative as well as functional.

An oven mitt is endlessly useful, and a clever seamstress can use her zigzag attachment to outline a hand on the back, perhaps even adding red fingernails and a sequin ring, just for fun.

Slender handle-holders slip over the handle of a saucepan or skillet. A round pot holder decorated like an apple may be hung decoratively on the wall or used as a hot plate pad, as well as filling its original purpose.

Be sure to make all pot holders with a small brass ring or a loop of binding in the corner, so that they may be hung on a kitchen hook.

The quilting attachment on your sewing machine will help you make professional quilting over the padded section. The multi-colored binder will enable you to finish bound edges quickly and neatly.

Fabric for dish towels is available at piece goods counters, and it's easy to make unusual fish towels, and then use commercial pattern transfers to add a decorative note. For an added touch, do machine embroidery over the pattern by using the fashion stitch method.

Start now to stitch your Christmas presents, and you'll avoid that last minute scramble.

Mary Margaret McBRIDE SAYS

Ants Are the Darnedest People!
As I watched with a sort of helpless fascination, the busy black ants succeeded in tugging the dead fly completely into a small hole they had bored in the cement between the stones on the terrace.

I had been planning to pour hot water into the hole until I began to read John Crompton's "Ways of the Ant," and since then I know, or at least suspect, too much about what is going on beneath the terrace to be able to sponsor such an act of destruction.

Of course, my surmises may run a little wild, for the ants about which Mr. Crompton records the strangest and most esoteric habits probably don't live under my stone floor.

At least I haven't seen any golden-haired beetles around. Ants, according to Mr. Crompton, are gourmets and these beetles exude from the bases of their golden hairs a secretion which certain ants find irresistible. So they lure the creatures into their nests and feed them on food intended for their own infants or, worse, even the infants themselves.

Another kind of ant has a strange partnership with a blue butterfly. These butterflies in the ant-ber or neetar, and in return the ants dig holes in the earth and range the caterpillars in rows for the cocoon period. When the butterflies emerge, the ants escort them above ground.

Chronos Crompton speculates about whether this proves that ants, unlike men, take a long-term view about preserving

a species which is valuable to them.

My own favorite in the ant world is the "rotund" which has to be specially trained for his work from infancy. He does a human confectionist's rounds and feeds by workers until they are fat and round as casks. Then they are hung up on the cellar ceiling—and tapped for food in lean periods.

Crompton, who is fiercely defensive of the ant in spite of some of its odd behavior, wonders injured how these insects could have so annoyed Mark Twain that the great humorist found it necessary to slander them.

"Science," wrote Twain, commenting on Solomon's advice to go to the ant, "has recently discovered that the ant does not lay up anything for winter use. . . . He does not work, except when people are looking, and only then when the observer has a green, naturalistic look, and seems to be taking notes. . . . His vaunted industry is but a vanity and of no effect since he never gets home with anything he starts with. This disposes of the last remnant of his reputation, and wholly destroys his main usefulness as a moral agent; since it will make the sluggish hesitate to go to him any more. . . ."

"The ant never ASKED us to admire it," scolds Crompton. "All it wishes to do is conduct its affairs in its own way."

But what a way sometimes!

Shipwrecked Dolls Find A Rescuer

AP Newsfeatures. — A sea and shore rescue service—for dolls—is operated by Albanie (Dollie) Merritt.

The 55-year-old woman watches for castaway and shipwrecked dolls, restores them, and names them for wrecked vessels. She has found about 200 dolls on tidewater flats, buried in sand or in rubbish heaps. She also has 1,700 old dolls from four continents.

A piece of china found near the remains of the two-masted schooner "Ella Clifton" at Kennebunk port provided a clue to one doll. Mrs. Merritt finally unearthed all of the broken doll, which she named Ella Clifton.

Near the rocky surf at Walker's Point, beside the wreck of "The Wanduy," she found an old rag doll. She dusted, cleaned, restuffed and painted the doll, now named Wanduy.

Sometimes months are needed to piece a doll together. Missing parts must be replaced from parts of others. Once she patiently sifted sand to recover 30 scraps of china to restore a doll's head.

Mrs. Merritt has been collecting dolls since her girlhood at South Wellfleet, Cape Cod, Mass. Her oldest doll is a 180-year-old hand-dressed English product.

Mrs. Merritt's father, the late Allyne Merritt, named her Albanie after a Cunard liner. He taught marine engineering at Massachusetts Institute of Technology.

The name Dollie didn't stem from Mrs. Merritt's hobby. It was tagged to her by a sister.

Planned Leftover Dish

Little leftover ham and chicken will make a fine luncheon dish this way: Scoop out baked potatoes and mash with butter or margarine, a little hot milk or cream, salt, pepper and minced parsley. Now dice the chicken and ham fine and add. Pile the mashed potato back into the shells, sprinkle with grated cheese and reheat in the oven or under the broiler.

Pecan Dumplings

One-half cup of coarsely chopped pecans when added to dumplings, provides a fresh variation for an old favorite.

Start Bulbs In Water For Christmas Blooms

Growing flowers for Christmas in a living room is not easy, but it can be done! Paper White Narcissus bulbs are started and grown in carefully regulated temperatures. Without such care the flowers are likely to be inferior, and the stems weak, because the bulbs have not matured to the degree most favorable for "forcing."

"Forcing" is the florist's word for making a plant flower out of season; and the formula for accomplishing this is much the same with all bulbs.

Bulbs develop, even in storage; and take time to reach the stage where they are ready to grow. When planted, they first must produce roots, since top growth with good roots is weak, and seldom flowers.

Paper White narcissi, planted in bowls filled with gravel or perl chips and water, should be kept in a temperature below 60 degrees for four weeks; preferably in dim light. When root growth is sufficient, top growth will begin, and then they should have all the light possible.

Best flowers will result when the temperature never exceeds 70 degrees; keep them away from radiators and steam pipes, and out of overheated living rooms.

Instead of gravel, bowls may be filled with bulb fibre, or potting soil. Containers should be deep enough to allow two inches of gravel, fibre or soil below them. Set the

Blanda Spurs Bears To Biggest Upset

By JOE REICHLER
Associated Press Sports Writer

It's not George Blanda's fault the Chicago Bears aren't leading the National Football League's Western Division today. The Bears, one-time NFL rulers, are in third place with a mediocre 3-3 record but it would have been a lot worse without Blanda.

The rugged 197-pound pass-and-kick expert from Kentucky University, enjoying his greatest of six seasons with the Bears, appears on his way to win the league's All-Star quarterback berth. It was Blanda pitching and Harlon Hill catching yesterday as the Bears defeated the previously unbeaten San Francisco 49ers, 31-27, in one of the season's biggest upsets.

Pair In 45-Mile Match

Probably the year's screwiest golf match is the one staged by Californians Jim Rogers, 25, kneeling, and Leonard Nash, 28, addressing the ball. They are trying to see who'll take the fewest strokes driving a golf ball 45 miles to Palmdale by way of the Los Angeles Creek highway, with the winner collecting \$1. They got the idea, they said, as a means of getting away from the smog in Pasadena, where they teed off to start the match. Longhorns Pace Loop, Scoring

All by themselves at the top of District 1-AAA, the Big Spring Steers open drills this afternoon for their biggest test of the 1954 season—a Friday night outing with Breckenridge in Breckenridge.

The Longhorns gained the lead in the standing by shelling Levelland last weekend, 20-0.

At the same time, Breckenridge was flashing a return to form by trampling Lamesa, 35-0.

The winner of the engagement in Breckenridge will become an odds-on favorite to go on and win the title, although the Steers will have two games remaining on their schedule and Breckenridge three.

Sweetwater occupied the top spot until last Friday night, only to lose

to Vernon, 12-7. Vernon is still in contention for the championship, since it has a record of two wins, against a tie and a single loss.

In other games this week, Lamesa goes to Vernon and Plainview visits Sweetwater. Snyder and Levelland are not scheduled.

Vernon figures to handle the Tornados easily while Sweetwater shouldn't have much trouble with Plainview.

Big Spring emerged as the highest scoring team in the league after last week's games, having counted 180 points in seven starts.

The Steers also lead in conference point-getting, with 93 points in four assignments.

Breckenridge boasts the best defense, having yielded but 53 points in six starts. In three conference engagements, the Buckies have surrendered only 20 points.

Trinity Chalks Up 13th Win In Row

Trinity University is just three games away from an undefeated, untied season and a certain spot in somebody's bowl game Jan. 1.

The Tigers have West Texas State, North Texas State and Texas A&M on the schedule before they call it a season Nov. 26.

Trinity was superb last week in crushing McNeese State of Louisiana, 68-0, for its sixth straight triumph this season. It, incidentally, was Trinity's 13th consecutive victory, one of the best records in the nation.

The Tiger showdown comes Nov. 20 when they meet North Texas State with the Gulf Coast Conference title on the line. But this week Trinity entertains West Texas State, for whom the Tigers once broke a winning streak.

North Texas State, which lost to San Jose State, 27-30, last week, plays Mississippi State at State College, Miss., Saturday.

Midwestern, third member of the conference, tied Central State of Oklahoma, 20-20, last week but is idle this week.

Texas Conference Title At Stake

The championship of the Texas Conference goes on the line this week and unless they tie, either Howard Payne or McMurry will own the title after Saturday. Each is undefeated in the 3-member circuit.

They clash at Brownwood to decide the championship.

Eastern New Mexico, third member of the league, was eliminated last week when it fell before McMurry, 55-13. It was Eastern New Mexico's second loss.

Howard Payne was playing independent University of Corpus Christi and winning, 53-7.

Eastern New Mexico clashes with Sam Houston State of the Lone Star Conference at Huntsville Saturday night.

RICE PLAYS ARKANSAS

SWC Representative In Bowl Could Be Known This Week

BY HAROLD V. RATLIFF
DALLAS (AP)—All the tickets have been sold and the Cotton Bowl is just waiting for the ball to bounce so it can have at least one of the teams for the New Year's Day football game.

That's how it has been in the Southwest Conference this season—the games are so close they're driving the boys who deal in point spread a trifle nuts. For instance, with 28 fewer points Arkansas would be out of the race instead of leading the league. And Texas Christian would be in first place instead of out of the race if it had made only 14 points more.

Host team in the Cotton Bowl is the conference champion but just who that team is going to be is as uncertain as what team will be picked to play it.

It's possible but not probable that the conference representative will be known this week. That would depend on some very startling things happening. Arkansas leads the league with a 4-0 record. Southern Methodist is second with a victory and a tie. Baylor is third with a 2-1 record and Rice is fourth with 1-1. Rice plays Arkansas at

last Saturday. Now, if Southern Methodist wins the remainder of its games it will take the championship because it would have at least a half-game lead on any other team.

Unless the Cotton Bowl team is decided within the next two weeks, preferential lists of the teams still in the running will be obtained so that contacts may start toward obtaining the visiting team.

Howard Grubbs, secretary of the Cotton Bowl, says they never before have been quite so confused over prospects for the visiting spot. Few eligible teams have records to warrant selection. However, Cotton Bowl officials indicate Penn State, West Virginia, Mississippi, Georgia Tech, Alabama, Georgia and Pittsburgh are being eyed. Pittsburgh might become the hottest prospect in the group if it beats Ohio State this week. Pitt whipped West Virginia last week.

"A strong finish by a team that had taken some early season defeats, especially in beating some top teams, might be good enough to get a team into the Cotton Bowl," Grubbs pointed out.

LOOKING 'EM OVER

With Tommy Hart

The current Big Spring school-boy football team has now gone longer without suffering defeat than any local club since 1931.

That year, the Steers won their first eight games, then yielded to Sweetwater, 7-0, and played a 6-0 tie with San Angelo. The touchdown they gave up to the Mustangs was the only one they yielded all season.

Levelland has gotten off to a bad start in AAA football. No one will file a protest with the Texas Intercollegiate League for that near riot which occurred there last week, but you can bet they'll be on what amounts to probation with District 1-AAA.

The conference cannot tolerate such rowdiness and retain the proper dignity and order. As for the officials who worked the game, their mistakes probably were honest but they made a grievous mistake of letting the game get away from them.

A big, rough team like Big Spring (rough, mind you, not dirty) is apt to draw more penalties than a smaller team but it does seem weird that, in two games, the Steers have been assessed penalties totaling 160 yards, compared to but five yards for the opposition.

Even the coaches are beginning to wonder about it all.

The game is behind Big Spring, much as it is being replayed by local fans who didn't think the Steers were done justice in the game. (Some demanded that the officials be investigated but did not say who had the authority to subject them to such scrutiny or compass judgment on them.)

The Steers have only Breckenridge about which to think. Regardless of how they were treated in Levelland, they scored a very convincing victory, a win that set the stage for a natural battle this weekend.

The Steers can't afford to rest on their laurels, or be drawn into an argument over the merits of the case on their trip north. No one knows it better than they. So, pardon them, if they think only about Breckenridge for the time being.

Local scouts report that the Steers are capable of and can topple Breckenridge, despite the home field advantage and all—if they make no mistakes.

The alert Bucaroos are like Arkansas in that they capitalize on blunders of the opposition.

The performance of John Birdwell last week brought smiles to the coaches' faces.

John was a little slow in coming around this year but the mentors always felt he was potentially one of the great ends in the state. He's got adequate speed, is strong as a bull and amazingly agile.

Levelland probably never heard of him before Friday night but he stayed in the hair of the Lobo backs all night. On one occasion, a blocker rushed at him to clear the way for what appeared to be a long gain down the side. What did John do but leap over the blocker, pounce on the ball carrier and bulldog him to earth for no gain.

John is the type of boy who can pick up ball players in bunches, and sort them out until he finds the ball carrier.

Campy's Team Wins Over All-Stars

HOUSTON (AP)—Roy Campanella's All-Stars defeated the Negro American Baseball League All-Stars 6-2 here yesterday at Buff Stadium.

Dave Hoskins, former Dallas football star, now on the Cleveland Indians, gave up eight hits but was the winning pitcher.

Don Newcombe is scheduled to pitch for Campanella's team tonight.

No Bowl Bids Yet

SAN ANTONIO (AP)—Head Coach W. A. McElreath of the Trinity football team says his team has received no bowl bids—yet.

The Tigers won their 13th straight game Saturday over McNeese of Louisiana 68-0. It was their sixth of the season.

Surly Villain

Bob Geigel (above) is part of a tag team that will meet the James boys, Jesse and Johnny, in Tuesday night's wrestling matches in the Howard County Fair building Tuesday night. Geigel, an old-fashioned ring villain, will team with Doc Gallagher. The two reign as Southwestern States tag champions. The matches will be the first held indoors here this year.

Betsy Rawls Again Wins Texas Open

FORT WORTH (AP)—Betsy Rawls sank a 6-foot putt for a birdie after trailing most of the match. Her comeback brought her an advantage on the 34th hole when she shot a birdie four. But Miss Hicks evened on the 35th with a birdie and sent the match deadlocked to the final hole.

Both were one over par for the 36 holes.

In other flights, Mrs. H.C. Riedel, Dallas, won the championship consolation. Mrs. Gene Harding, El Paso, took the first flight title; and Jan Tartie, Los Angeles, won the first flight consolation.

Tech Meets Arizona This Week In Border Feature

By EDDIE LEE
PHOENIX, Ariz. (AP)—The Red Raiders of Texas Tech, their Border Conference football crown clutched in shaky hands, travel to Tucson this week to see if they

can wear it for another year. The University of Arizona Wildcats have been giving every indication of the desire to take it away from them.

This stems from a monstrous line led by Paul Hatcher and Buddy Lewis and a stellar backfield built around tailback Art Luppino, the nation's leading rusher and scorer.

The Wildcats have won five of their six games, two in conference play. Luppino has scored 123 points, 23 of them in Saturday's 48-12 victory over West Texas, and has rushed for 892 yards, 179 of them in the Saturday game. Tech, idle Saturday, has won three, lost two and tied one and has two conference victories.

Hardin-Stimmons, defeated for the first time in the conference Saturday by the surprising Arizona State at Tempe, 14-13, visit Texas Western, 12-7 victors over New Mexico A&M in Saturday's third game, in next Saturday's other conference contest.

Tempe entertains rugged Cincinnati in the top non-conference game while West Texas visits Trinity. The New Mexico Aggies, who haven't won in seven starts, have an open date.

Cars 4 And 88 Paces Races

Cars 4 and 88 dominated the Stock Car races held at the Big Spring Speedway Sunday afternoon, between them winning all the races on the program.

Clyde Majors was at the wheel of Car 4 while Raymond Hamby drove Car 88.

Hamby won the 20-lap feature in a race marked by a collision between Cars 9 and 4. No one was injured.

Hamby also copped the Trophy Dash and was followed across the line in the three-lap race by Majors.

Majors finished first in the eight-lap Slow Car heat, the ten-lap Fast Car heat and the four-lap Australian Pursuit.

Majors won the time trials by negotiating the lap in 17.8 second and again in 19.2.

Jimmy Doe had the second best overtime time, spinning his two laps in 18.1 and 18.9.

Vossler Is Upset By Jim Moeller

MEXICO CITY (AP)—Texas State Amateur Champion Ernie Vossler was out of the Mexican Amateur Golf Tournament today, a 1-up victim of Jim Moeller of Houston.

Bobby Cupt of Fort Worth, who tied with Vossler for medal honors, stayed in the tournament with two victories. He beat Miguel Rubio, Mexico City, 1 up on the 20th hole and defeated Alex Cummins, Mexico City, 5 and 4.

In another third round men's match Rex Baxter, Amarillo, Tex., defeated Dr. Brandon Carrell, Dallas, 6 and 5.

Homecoming Game Slated Saturday

FORSAN (SC)—Six-man football teams of Forsan and Garden City clash here at 8 o'clock Saturday night in Forsan's annual Homecoming game.

Second place in District Seven will be at stake in the contest.

Chick Harbert will be host pro when the 37th FGA championship is held at the Meadowbrook Country Club at Northville, Mich., next July 29-31.

Top-Rated 11's Bounced Around By Grid Upstarts

By ED WILKS
Associated Press Sports Writer

There's a great deal of prestige connected with being listed among the nation's top 10 teams in college football, but the only squads who regard you with respect are the ones you've already licked.

Look what happened last weekend: West Virginia, ranked No. 7, was dumped off its unbeaten streak by Pittsburgh, admittedly an improving team, but one that had lost three of five.

Wisconsin, listed No. 8 with a 4-1 record, was socked by Iowa, an

ex-top 10er with a 2-2 record, 15-7. Oklahoma, No. 2, had to scramble to beat Colorado, 13-4. The Buffs, with a 4-2 record, had been pointing for the Sooners since last season and managed to hold to a 6-0 lead into the final period.

Arkansas, No. 4, had plenty of notice Texas A&M was out for an upset and had to scrap for a 14-7 victory, with both TDs set up by Aggie fumbles.

Army, No. 5, thought it had a breeze against twice-beaten Virginia, but barely made it, 21-20. Notre Dame, No. 6, was busy all afternoon restraining Navy, 6-0.

And now that these ordeals are over, there's yet another round of ambitious foes ahead this weekend. Ohio State, Army and Arkansas would appear to have drawn the toughest among those not listed in the top 10.

The Buckeyes (6-0) meet Pitt, an outfit that has won three in a row after dropping its first three games.

Army next opposes Yale, a 5-1-0 team that insists the Cadets, with their 5-1 record, aren't the best in the East.

Still unbeaten Arkansas (6-0) has another of its weekly "tests" ahead in Rice. The Razorbacks have the upper hand in the Southwest Conference, and presumably in the race for the Cotton Bowl, but Rice's Dick Moegle looks to be the best back they've faced.

An embarrassing weekend might also be in store for Purdue, the No. 9 team, which handled Illinois with ease, 8-14, last Saturday. The Boilermakers face Iowa, apparently a now turned speller after being knocked out of the Big Ten race.

Oklahoma (6-0) and Notre Dame (4-1) should have easier times this weekend. The Sooners meet Iowa State (3-4) and the Irish play Penn (0-6).

Moegle And Hooper Still Set SW Pace

DALLAS (AP)—The battle for statistical leaderships in Southwest Conference football has tightened up like a wet hand and Rice's Dicky Moegle, Baylor's Billy Hooper and Texas A&M's Elwood Kettler have reason to worry about the closing rush of Henry Moore of Arkansas and Duane Nutt of Southern Methodist.

Moegle leads the ball-carriers with 506 yards on 72 runs but another came for Moore like that against Texas A&M could topple the Rice Rambler from his perch. Moore carved out 154 yards on 25 carries against the Aggies and moved from a distant fourth into second just 59 yards behind.

Nutt threw for a tremendous 173 yards against Texas to advance within 21 yards of Hooper in the fight for the lead in passing. Hooper got only 59 yards against Texas Christian and now has 573 yards on 35 completions in 65 throws. Nutt has connected on 42 out of

65 for 557 yards and his completion average is startling—54.

Nutt also is breathing on the neck of Kettler in total offense. The Aggie quarterback leads with 656 yards on 154 plays. Nutt is only 53 yards back and has compiled his 601 yards on 52 fewer plays.

Other individual races also are close. For instance, Ray Taylor of Texas Christian leads the punters with an average of 41.7 yards on 29 kicks but George Walker of Arkansas has 41.9 on 30. And in pass receiving, Del Shofner of Baylor is only four yards behind leading Henry Gramminger, also of Baylor. Gramminger has caught 11 for 236 yards and Shofner eight for 232.

Moegle tops the punt returners with an average of 14.7 yards on eight runs and Don Watson of Texas A&M leads the kickoff returners with an average of 25.3 on six returns.

Southern Methodist still is the team leader. The Methodists are No. 1 in offense with an average of 340.5 yards per game and lead in defense by giving up only 228.2 yards per contest.

SMU leads in passing with 135 yards per game and Rice in rushing with 206.2. SMU is barely behind Rice in rushing. The Methodists have averaged 205.6.

Young Officer Faces Charges Of Harassing

AUGUSTA, Ga. (AP)—A slim, young officer was under house arrest at Camp Gordon today following outcome of a pretrial investigation into charges he ordered recruits to hang a fellow trainee by the feet from a tree limb.

Third Army headquarters also charged in a statement that 2nd Lt. Charles C. Anderson, 34, formerly of St. Louis, Mo., forced recruits to take sand baths, do exhausting physical exercises and shout an obscene phrase from a tree top.

The 5-foot-10 officer, described as soft-spoken and "on the handsome side," served as a master sergeant in the Far East and won two battle stars in Korea.

He was on his first assignment as an officer, in command of Company A, 1st Infantry Training Regiment, when the Army charges, he forced recruits to undergo "harassing and humiliating" treatment.

Anderson declined comment. Third Army headquarters said that after the pretrial investigation was completed the commanding general at Camp Gordon would determine the appropriate action to be taken.

Details of the case were released Saturday by Lt. Gen. A. H. Bolling, commanding general of the 3rd Army who stressed that no injuries were suffered.

Racist Group Chief Pleads Innocent To Assault Charge

WASHINGTON (AP)—Bryant W. Bowles, president of the Association for the Advancement of White People, entered a plea of innocence today to a charge that he beat up a Negro letter carrier.

After entering his plea, Bowles asked for a conference with Asst. U.S. Atty. Kenneth D. Wood. Wood agreed to the conference to hear Bowles' side of the case and determine whether to go ahead with the prosecution.

Wood said that such conferences usually were granted when requested by a defendant. Bowles is accused of beating up Roscoe V. Cooper, 29, in the lobby of the building where Bowles' pro-segregation organization has its headquarters.

Bowles and his wife, Lois, have filed a charge of disorderly conduct against Cooper. They alleged Cooper used profane and abusive language to Mrs. Bowles. Cooper is scheduled to be tried Thursday.

Pope Crowns Image Of Virgin As Rites Mark Marian Year

VATICAN CITY (AP)—In the supreme ceremony of the Roman Catholic Church's Marian Year, Pope Pius XII crowned an ancient image of the Virgin Mary today and proclaimed her queen of heaven and earth.

In an address from the altar of St. Peter's Basilica, the 78-year-old pontiff called on the Virgin's "unending goodness" to "obtain for men who are solicitous of their responsibilities the grace to overcome despondency and indolence."

The Pope warned that "at this hour no one may allow himself a moment's rest, when in so many countries, just freedom is oppressed, truth obscured by the machinations of lying propaganda, and the forces of evil, as it were, seem to be unleashed upon the earth."

Husband To Keep Triplets Estranged Wife Abandoned

ADELAIDE, Australia (AP)—David Crolla took possession today of the triplet sons his estranged 18-year-old wife tried to pass up for adoption.

Crolla, 21, took the 7-week-old babies from a maternity hospital house to the two-bedroom home he shares with his parents. Asserting he would never let the children go, he said his mother will look after them.

Crolla's wife, Betty, had refused to see the babies after they were born, saying if she saw them it might weaken her resolve to have them adopted.

Adoption offers reached Adelaide from as far away as the United States. Most were for one baby but several were for all three.

India Takes Over French Colonies

NEW DELHI, India (AP)—India's tricolor replaced France's today over the five Indian settlements which the French had ruled for nearly three centuries.

The flag raising followed the signing in Pondichery this morning of documents between the two nations transferring the settlements to the Indians. Pondichery had been the capital of the 196 square miles and 325,000 peoples of the territorial pockets, which also include Karikal, Chanderanagar, Mahe and Yanam. Indian police began entering Pondichery after midnight.

India and France agreed on the transfer Oct. 21 after seven years of squabbling and negotiations over the territory. Prior to the agreement legislators from the scattered areas voted 170-8 for merger with India.

Nehru Says China Reds Desire Peace

SAIGON, Indochina (AP)—Indian Prime Minister Nehru says China's Communist rulers want peace to carry out 15 or 20 years of intensive industrial development.

Stopping off here en route home from his 10-day visit to Peking, India's Premier told newsmen yesterday the Red government chief, Mao Tse-tung, had estimated three or four five-year plans would be needed to put China on her feet economically and that he wants to avoid anything which would block achievement of this goal.

"My visit to China has led me to believe the people of China are anxious to have peace and avoid war," Nehru declared.

Sheppard Attacks High Court Rulings

DALLAS (AP)—State Atty. Gen. John Ben Sheppard, scoring what he called "socialistic tendencies," says recent U.S. Supreme Court decisions are giant steps toward erasure of state boundaries.

The attorney general spoke here last night before the 7th annual clinical assembly of the American College of Osteopathic Surgeons. He also scored what he termed "the high cost of centralization."

Hagler Identified By Gas Station Man

FORT WORTH (AP)—David Hagler has been identified by photographs as the driver of a station wagon near the scene of the Oklahoma torch slaying the night of the crime, the Star-Telegram said today.

A Davis, Okla., filling station employe, John Hight, picked Hagler's photo from a group shown him by agent Golden Kennedy of the Oklahoma Crime Bureau.

"I'll say that," Kennedy quoted Hight as saying when he came to a police "mug" number, charged with murder in the tasteless charred corpse case.

Batista Opposition Quits Vote Race, Asks Boycott

By SAM SUMMERLIN
HAVANA, Cuba, (AP)—Strong man Fulgencio Batista ran unopposed in Cuba's presidential elections today as opposition candidate Ramon Grau San-Martin withdrew and urged Cubans to stay away from the polls.

Gratu quit the race last night after the five-man Superior Electoral Tribunal unanimously turned down his request for a delay of 8 or 10 days in today's balloting. The 72-year-old former President denounced the elections as a "farce."

Batista, who has been in power in Cuba since he forced his way back to the top in a 1952 coup, returned fire in a television speech. He charged that Grau withdrew "because he knows he cannot win" and called on Cubans to ignore his call for a boycott.

In addition to a president, the island republic is choosing a vice president, a new Congress, six governors and many mayors and lesser officials.

Approximately 2 1/2 million Cubans were eligible to vote in the elections, Cuba's first major balloting in six years.

Gratu's name and those of his followers will appear on the secret ballots. Grau has said, however, that under the rules of his Cuban Revolutionary party (PRC) none can accept offices or seats in the Congress even if they get the most votes.

An estimated 20,000 police, soldiers and sailors stood guard at the 8,319 polling places and other strategic points throughout the island to keep order following a campaign filled with terrorist activities and severe government crackdowns.

No casualties were reported up to the eve of the election although bombs exploded in scattered places the last few days.

Security forces, making surprise raids and searching automobiles, said they uncovered hidden bombs, arms and ammunition and arrested more than 100 suspected "subversives." Universities were closed to prevent demonstrations. Firearm permits were withdrawn.

Police blamed the campaign disturbances on Communists and followers of ex-President Carlos Prío Socarras, whom Batista overthrew. Prío, in exile in Florida, already had called for Cubans to boycott the election.

Mothers Trade Infants After Hospital Switch

STRATFORD, England (AP)—Two young mothers who refused to exchange their babies after doctors said they had been switched at the hospital have finally given in. They tearfully traded the 5-week-old boys yesterday — on a trial basis.

Doctors at the Forest Gate Hospital discovered last week they had made an error in identification the day after the infants were born. Subsequent blood tests proved there had been a mixup.

Mrs. Vera Bowers, 22, and Mrs. Sheila Read, 24, said they still are not convinced they had the wrong babies.

"We have been over every aspect of the problem," Mrs. Bowers' husband said, "and our wives have finally realized that if there is to be a switchover it has to be done as soon as possible."

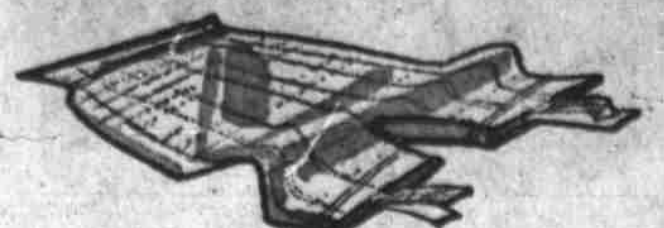

Mrs. Bowers added: "Before we come to a final decision, we want to see how the babies react."

Almost Broke Man Proves He's Honest

NEW ORLEANS (AP)—A 54-year-old man — ill, jobless and only \$3 away from being broke — found \$84 on a street yesterday and spent several hours searching for its owner before returning it to a church organization.

The man identified himself as Bryan Diggs, a bank watchman before failing health put him out of work.

Mrs. Angelo Calabresi said she had collected the money for a repair fund at St. Mary's Church. Diggs refused any reward, telling Mrs. Calabresi he had \$3 and "that's enough for me."

UNCLE RAY'S CORNER

A polder is an area of land which has been reclaimed from the sea. The Netherlands had many polders before the present project was started. During a motor trip from Amsterdam to Rotterdam I saw polders which date back more than 300 years.

It is hard to say how much land in Holland is above sea level, and how much is below. The level of the sea changes with high and low tides. In times of heavy storms, the level rises above the high tide mark.

If we take the average level between high and low tides, one fifth of the whole country is lower than that average. One fifth of the country amounts to about 2,500 square miles. Some of the land is 21 feet

It has come to my notice that certain special interest groups are backing a write-in campaign in an effort to defeat me as County Commissioner in the General Election on Tuesday. I am proud that you selected me as the Democratic nominee, and had I not been, I would be most cheerfully supporting the nominee.
