Italy-Based Planes Raid Bulgarian Rail Center

By AUSTIN BEALMEAR
LONDON, April 20 (AP)—RAF Italy-based bombers raided the railway center of Plovdiv, Bulgaria, today in a continuation of the powerful Allied offensive in which some 6,000 planes loosed 9,000 tons of explosives on Hitler's Europe in the 36-hour period ended last night.

Italian bases from the daylight strike said bomb flashes spotted the target area in Plovdiv, which lies 80 miles southeast of Sofia and is an important point in the rail network of southeastern Europe.

British-based bombers were inactive last night after the unprecedented Allied assaults on Germany yesterday, but Nazi raiders struck England for the second successive night and loosed bombs along the southeast coast.

Nazi Leaders Vie In Praising Hitler

LONDON, April 20 (AP)—Top ranking Nazi leaders vied in praising Adolf Hitler on his 55th birthday anniversary today and urged the German people to give him steady loyalty in this period when "the war situation has become difficult and tense."

burden of the anniversary exhortations fell to Propaganda Minister Paul Joseph Goebbels, Reichsmarshal Hermann Wilhelm Goering and Dr. Otto Dietrich, Nazi press chief.

A Berlin broadcast directed outside Germany declared all three statements were fundamentally the same—calling for unity behind "the greatness of the fuhrer."

Fighting Flares In City Streets

ALLIED HEADQUARTERS, Naples, April 20 (AP)—Fighting in the rubble-strewn streets of Cassino flared up sharply yesterday as Allied machine-guns raked the German-held Continental hotel and Hotel Des Roses and the enemy replied with heavy mortar fire against the railway station occupied by the Allies.

The two hotels, in the southern part of the town, have been the most troublesome German positions in Cassino from the very outset. The Allied machine-gun action indicated that positions of the contending forces have changed little in the recent quiet weeks.

There was little other activity in the battered town except for the fitting of propaganda leaflets into the area by the Germans. The Allied air force, hindered by poor weather, had one of its quietest days in weeks.

Black Markets May Effect Gas

WASHINGTON, April 20 (AP)—Congress was told by an OPA official today that with "hot" C coupons bringing 50 cents each and illegal transactions draining off an estimated 2,500,000 gallons daily, black market operations soon may force a reduction in civilian gasoline rations.

This assertion was made by Shad Polier, director of gasoline rationing enforcement for the Office of Price Administration, in a digest of black market operations prepared for a house interparty subcommittee investigating the gasoline situation.

The 2,500,000 gallons of gasoline which Polier said is the daily "tribute" to "the thieves and counterfeiters who steal, print and sell gasoline coupons and to the chiselers who buy them or buy gas without coupons" would increase "A" rations by 30 miles a month or boost the top limit for "B" rations from the present ceiling of 325-475 miles to an estimated 700 miles monthly for business drivers.

Chamber Officials Leave For Parley

J. H. Greene, chamber of commerce manager, accompanied by C. S. Blomsheld, left Thursday morning for Amarillo to attend the Chamber of Commerce Managers Association of West Texas annual meeting.

They were to pick up Mrs. Louise McCall, Lamasa chamber manager and perhaps other representatives from that organization. A. Merrick also was due to go from here.

M. J. Bennefield, Brady, CMAWNT president, spent Wednesday evening here enroute to Amarillo for the meeting, which is stressing planning programs. In his party were Aubrey Townsend, Brady chamber president; H. O. Broad, president-elect; Tommy Brooks, past president of the Texas American Angus association; and Judge Evan J. Atkins.

Navy Unleashes Fury

Allies Slice Thru Jap Blocks In Eastern India

Nipponese Ring Around Garrison Is Now Threatened

SOUTHEAST ASIA HEADQUARTERS, Kandy, Ceylon, April 20 (AP)—Allied troops advancing southeast from Dimapur on the Bengal-Assam railway have sliced through Japanese roadblocks and positions ringing the besieged Kohima garrison in the battle against enemy infiltration of eastern India, it was announced today.

Allied headquarters said the relieving column was joining in the offensive to clear the Japanese from positions threatening the 35-mile road between Kohima and Dimapur.

To the south, further successes were announced in the battle for the Imphal plain as British infantry and tanks pushed outward from their Imphal positions into the jungles and hills.

The enemy was pushed back in the sector northeast of Imphal and repulsed in hand-to-hand fighting when he made two attacks southwest of Imphal.

In north Burma, Lt. Gen. Joseph W. Stilwell's Chinese extended their long string of victories by capturing Warazup, 25 miles by road from Kamajing in the Mogaung valley. The 22nd Chinese division occupied the ruined village after hard fighting.

To the east the Chinese 38th division scored another substantial success by encircling the remnants of a Japanese division and inflicting heavy casualties on the trapped enemy.

(Domel) broadcasts from Tokyo today declared the Japanese had launched a "general offensive" against the British at Themawa, southeast of Palewa, on the Arakan front along the Bay of Bengal.

It also was declared that the fall of Imphal was imminent, with the base's first line defenses already in Japanese hands, and that the British had been forced to flee from their "hivellike positions" on a hill southwest of Kohima.

C. R. Murdock Dies Of Wreck Injuries

Cecil Raymond Murdock, 52, succumbed at a local hospital at 11:20 p. m. Wednesday of complications from an automobile crash near Fairview which claimed the life of his wife on March 7.

He had been a resident of Big Spring and Howard county for approximately 21 years. Surviving are one daughter, Mrs. Corynne Morrow; one son, Joe Kenneth Murdock; and one grandson, Kenneth Morrow, all of Big Spring.

He also leaves his father, J. C. Murdock, Mission, and five brothers, Carl of Odessa, H. H. of the U.S. Navy, L. C. of Houston and Cloyes of Mission. All are here except H. H. Murdock.

The body will lie in state at the Eberley-Curry chapel until time for rites at the East Fourth Baptist church at 2 p. m. Friday with the Rev. W. H. Colson in charge. Burial will be in the city cemetery beside the grave of his wife, and pallbearers will include Cliff Wiley, Horace Taylor, J. M. Thomas, V. V. Strahan, J. M. Crabtree, Leo Porter, C. Y. Clinkscapes, G. C. and Milton Brookston, Louis Thompson and Bill White.

Texan Home With 'Lucky 13'—Piloted by Edward G. Wendorf of West, Tex., the Grumman Hellcat 'Lucky 13' comes in on her nose on a carrier deck after a strike at Kwajalein Dec. 4. An anti-aircraft shell knocked out the plane's radio and damaged its arresting gear, but she came in—and downed two Jap Zeroes on the way home. (AP Wirephoto from U.S. Navy).

Soviets Beat Off Attacks In Poland

LONDON, April 20 (AP)—Large scale German tank and infantry attacks have been beaten back in the southeast corner of old Poland after fierce, seesaw fighting, Moscow announced today in a communique which also told of the capture by Russian shock troops of Fedyukhyn Heights, formidable barrier guarding the approaches to besieged Sevastopol.

The Nazi, apparently in an effort to save their big communications center of Lwow, launched the heavy counter blows east of Stanislawow, 70 miles southeast of the base, and "some populated places changed hands" before the assaults were repulsed, the communique said.

'World Charter For Labor' Seen At Penn. Meet

PHILADELPHIA, April 20 (AP)—The first step toward a "World Charter for Labor" seemed in the making here today as the International Labor organization opened the most important meeting in its 25 years of existence, with 40 member nations represented, and two non-members sitting in.

The conference (made up of two government, one labor, and one employer delegate from each nation) is prepared to consider several revolutionary ideas which would tie the expenditure and flow of money in the post-war world to the working conditions of laboring people.

Shipping Date Is Fixed On Lockers

Harris and Beeman Co. contractors for the Big Spring Freezer Locker plant, Thursday advised that a shipping date for locker materials had been set.

The metal lockers are due to leave St. Louis on May 4, a company official said in a telephone conversation Thursday. That probably will mean arrival here about the middle of the month.

House Military Committee Recommends That Men Rejected For Full Military Service Be Inducted For Non-Combat Duty Or Go To Work

WASHINGTON, April 20 (AP)—That selective service reclassified 4-F's into groups doing essential work and those not in essential jobs.

That selective service and the War Manpower Commission publish a list of occupations which would entitle a 4-F to be reclassified into 2-AF or 2-BF (occupational deferment).

Mrs. Barnhill Found Dead At Residence

Mrs. Parline Barnhill was found dead at 10:30 this morning in her home at 205 N. W. 3rd. She had died during the night of a heart involvement.

A resident of Big Spring since 1925, she was the mother of Mrs. Joe R. Boadie and J. B. Dean of Big Spring, Noah Dean of Sulphur City, Calif., and Arnold Dean of El Paso.

Health Of Mothers And Children Discussed At Central Ward Meeting

Mrs. H. G. Keaton Named President Of School's P-T. A.

Health of mothers and their children was the theme of the program at the meeting of the Central Ward Parent-Teacher association Wednesday afternoon at the school.

The organization accepted the resignation of Mrs. Larson Lloyd, president, and elected Mrs. H. G. Keaton as president and Mrs. Hack Wright as vice president.

Mrs. Lloyd called the meeting to order. Mrs. Wayne Pearce, program chairman, introduced Chaplain James L. Patterson of Big Spring Bombarrier school, who gave a devotional on health, and Miss Jewel Barton, nurse, who spoke on "Practical Use of Preventative Health Measures."

Health means physical, mental and spiritual well-being, Miss Barton said. The mother's first duty is to keep herself well so she

may be of best service to her child. She should report to a doctor for yearly checks for herself as well as her child, she said.

She emphasized mothers should not send children with fever or rash among other children, and that when going to a doctor's office she should let the nurse know the child's symptoms so the child will not be placed in the waiting room among other children.

She urged mothers to take the Red Cross home nursing course. A business meeting was held in which Mrs. Keaton read the secretary's minutes. The executive committee had received Mrs. Lloyd's resignation. The executive committee recommended purchase of a couch to be placed in the school. Mrs. L. D. Jenkins, Mrs. C. W. Deats and Mrs. C. C. Worrell were appointed members of a committee to buy the couch.

The nominating committee recommended the new officers. Mrs. J. C. Lane and Mrs. Iva Huneycutt presented a report on the P-T. A. conference conducted in Odessa last week.

Mrs. Della K. Agnell, a guest, reported plans for the city P-T. A. installation tea to be conducted May 3.

The room count was won by Dean Bennett's room. Those present were Mrs. Agnell, Mrs. Worrell, Mrs. J. H. Jennings, Mrs. J. D. Chiles, Mrs. Wayne Matthews, Mrs. Keaton, Mrs. L. G. Talley, Mrs. T. E. Martin, Mrs. Lee Jenkins, Theola Sullivan, Mrs. Dewey Young, Mrs. James A. Fowler, Mrs. Kelley Lawrence, Mrs. T. A. Stephens, Grace Mann, Marjorie Lay, Virginia Haley, Mrs. Culin Grigsby, Mrs. Emma Grigsby, Mrs. Pearce, Mrs. Robert Parks, Mrs. E. H. Happel, Mrs. Deats, Mrs. Jenkins, Mrs. M. S. Beale, Mrs. A. G. Hall, Mrs. Lloyd and Mr. Bennett.

BOLERO SUIT: Dressy enough for any occasion with its brilliant Roman-striped taffeta blouse. Suit is sheer navy wool.

B'Spring Man Arrives In Okla. From Persia

CHICKASHA, Okla., April 20 (AP)—What does Persia have that Texas doesn't claim?

Well, extreme heat for one thing, but that isn't the point of a story told by T. J. Walker of Dallas, one of 26 Texans who have just arrived at Borden General hospital here. All had been evacuated to this country from overseas service.

Arriving in New York, Walker, who was injured in October in an ammunition explosion while in service with the Persian Gulf command and who can get around a bit on crutches, was granted a pass to visit the city.

A man walked up to him and inquired if his insignia didn't indicate he had been in Persia. Getting an affirmative answer, the stranger informed the soldier he had been in Persia, "and I wish you would tell my wife how hot it gets there. She won't believe me."

The New Yorker invited Walker to his home for dinner. He was introduced to members of the family and several young women of the neighborhood.

Introducing Walker, the New Yorker commented, "This Texas soldier has been in Persia and I want him to tell you something about that country," to which the young women, in a chorus, replied:

"Persia? We don't want to hear about Persia. We want to hear about Texas. We want to hear about Texas."

All 26 patients got off the train at Borden General hospital with one thought in mind—visit Texas on the first furlough.

The wife of Pvt. Clinton F. Hull of (1401 West Fifth) Big Spring was on hand to greet him. "She came in as I had walked up the hall to wait for her," Hull said laughing. "She didn't see me, so I walked up in back of her and said, 'Who are you looking for?' She turned around and just looked at me for a minute. Then she grabbed me and kissed me."

Hull enlisted Nov. 13, 1940, and went overseas in October, 1943. He had been training in the British Isles.

The other Texas patients included: Pvt. James W. Beasley, Corpus Christi; Pvt. Gonzalo E. Alanis (802 E. 10th), Austin; T. 4 Burnett A. Thiapen (508 Paul Ave.), Lufkin, and 2nd Lt. Andrew M. Soil, Brownwood.

Mrs. Bill Edwards Gives Party For Kongenial Klub

Kongenial Klub members attended a party Wednesday afternoon in the home of Mrs. Bill Edwards.

Bridge was the entertainment. Prizes were won by Mrs. Hack Wright, club high; Mrs. E. B. Compton, second high, and Mrs. Cecil McDonald, bingo.

Those attending were Mrs. Staples, Mrs. Jim Zack and Mrs. C. O. Nalley, guests, Mrs. Jack Smith, Mrs. Wright, Mrs. Compton, Mrs. McDonald and Mrs. Edwards.

Girls Take Flowers, Books To Hospital

Several girls took part in USO visiting Wednesday night, delivering flowers and books to the post hospital at Big Spring Bombarrier school.

They were Beth Gibson, Anne Argulich, Nita and Melva Chapman, Betty Jo Pool, Helen Duley and Lillian Jordan.

Kiwanis Club Ladies Night Program Will Be Held At Settles

Kiwanis club will entertain with a ladies' night program at 8 o'clock Thursday night in the Settles hotel ballroom.

Club members and their wives will dine and witness a program.

RELIEVE STIFFNESS IN NOSE Open colds, blockades and give your head cold the special treatment. Use only as directed. Always get PENETRO NOSE DROPS

BACKACHE, LEG PAINS MAY BE DANGER SIGN Of Tired Kidneys

If backache and leg pains are making you miserable, don't just complain and do nothing about them. Kidneys may be warning you that your kidneys need attention. The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 2 pints a day. If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start making backaches, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

Methodist Youth Session Is Held At Colorado City

COLORADO CITY, April 20 (AP)—A business and social session for the conference of Methodist Young People of Sweetwater district was highlighted here Tuesday evening by the election of officers and by plans for an intramural camp and summer association to be held during the vacation weeks this year.

Wanda Partain of Sweetwater was chosen president of the district Youth Fellowship. J. B. Terry of Midland was named secretary-treasurer. Eloise Cooper of Roscoe, publicity chairman.

Presiding at the meeting was Adam Adams, of Roscoe, outgoing president. Bernice Cason of Stanton is retiring secretary-treasurer.

The conference director of Youth work, Mattie Sue Howell, Lubbock, addressed the group at the session. There were 165 representatives from 15 churches in the Sweetwater district on hand.

Representatives to the conference were here from the following churches: Ackerly, Blackwell, Big Spring First Methodist, Big Spring Wesley Methodist, Buford, Coahoma, Dunn, Loraine, Midland, Roscoe, Synder, Stanton, Sweetwater Highland Heights, Union Chapel, and Colorado City.

Mrs. Reed Speaks At Cadet Wives Meeting Wednesday At Club

Mrs. J. F. Reed, wife of Colonel Reed, spoke on duties of an officer's wife at a meeting at the Cadet Wives club Wednesday in the Cadet club at Big Spring Bombarrier school.

A business meeting preceded the program. The club is to elect officers and conduct a baby shower at next week's meeting.

Twenty-five women attended.

NO MORE CHROME

LONDON, April 20 (AP)—Reuters in an Ankara dispatch said today Turkey had announced officially it would stop exports of chrome, which Germany needs for munitions.

How to RUIN DRESSES AND LOSE FRIENDS

1. It's tragic how some girls lose their friends and ruin their dresses because of perspiration odor and stains. And there's no excuse for it! It's easy to save dresses, it's easy to save friends.
 2. Prevents under-arm odor. Helps stop perspiration safely.
 3. A pure white, antiseptic, stainless cream.
 4. No waiting to dry. Can be used right after shaving.
 5. Awarded Approval Seal of American Institute of Laundering—harmless to fabric. Use Arrid regularly.
- Arrid is the largest selling deodorant. Sold at all stores selling toilet goods—10c, 30c and 50c a jar.

Activities at the USO

THURSDAY
Square Dancing
FRIDAY
Informal Dancing
SATURDAY
4:00 - 10:00 — Cookies and coffee furnished by Luther Home Demonstration club to be served by volunteer hostesses.
9:00 — Recording hour in lobby.

CALENDAR

THURSDAY
EAST WARD P.T. A. meets at 3:30 p. m. at the school.
G. I. A. will meet in the WOW hall at 8 p. m.
FRIDAY
TRAINMEN LADIES plan to meet at 2:30 p. m. in the WOW hall.

Negro Boy Leads To Capture Of Germans

WACO, April 20 (AP)—A 12-year-old negro boy, Roosevelt Slay, led to the capture of Josef Timmler, 23, an escaped German prisoner of war.

Federal Bureau of Investigation Agent A. A. Dewey told a Central Texas peace officers conference here that Slay heard a description of the escapee, who escaped the Mexico prison camp Monday. On his way home from a circus, he saw a man who fitted that description walking along a highway. He went to the farm of Troy Roberson and Roberson soon took the Nazi.

That, Agent Dewey said yesterday, is an example of cooperation between officers and the public that makes apprehension of fugitives possible.

Spectacles were invented by a monk in Florence, Italy, in 1135.

Carter-Smith Rites Are Announced By Parents At Colorado

COLORADO CITY, April 20 (AP)—The marriage of Sara Carter, youngest daughter of Mr. and Mrs. B. N. Carter, and Pfc. Cecil Smith is being announced in Colorado City this week by the parents of the bride. Pfc. Smith recently returned from the Hawaiian Islands where he was stationed for 27 months with the mounted Marines who patrol the island coast. He is the son of Mr. and Mrs. E. E. Smith, also of Colorado City.

The wedding of the couple took place Monday evening, April 17, at 8:30 at the home of the officiating minister, Rev. William Colson, pastor of the Fourth Street Baptist church in Big Spring.

Pvt. Billy Barber of Lubbock army air field was best man and the bride was attended by Billie Gary.

After the single ring ceremony Pfc. and Mrs. Smith left for a wedding trip to Fort Worth and other points. Both the bride and groom are graduates of Colorado City high school and both were active in school and social affairs.

Four Shots Fired At Union Headquarters

MEXICO CITY, April 20 (AP)—Four shots were fired last night in a disturbance at a downtown railway with United States aid. A few hours after a wildcat strike had tied up railroad yards for an hour.

The government, which is currently reconstructing Mexican railways with United States aid, announced severe penalties would be imposed as a result of the strike, called by a union group protesting an election at which its candidate lost.

BED SORES—Relieve Eas and soothe chafe. Form medicated coat of protection between skin and chafing bedclothes with Mexsana, the new soothing, medicated powder.

Can't Remember His Child's Name

DALLAS, April 20 (AP)—A father brought his year-old-baby to Parkland Hospital here for treatment. "What is the child's name?" a nurse in the admitting office asked. The father looked blank and said he couldn't remember. "I'm a truck driver and have five children," he explained. "I'm on the road most of the time and sometimes I just can't keep all their names straight."

K. C. Wilsons Are Parents Of Son

LT. and Mrs. K. C. Wilson of Indianapolis, Ind., are the parents of a son born at the post hospital at 10:45 p. m. April 17. The infant weighed six pounds, one ounce, and has been named James Franklin.

Colorado Marine Back

COLORADO CITY, April 20 (AP)—Word has reached Mr. and Mrs. B. N. Carter of Colorado City of the safe arrival in San Diego of their son, Master Sergeant B. N. Carter, Jr., who has been serving with the U. S. Marine Corps somewhere in the Southwest Pacific for the past 15 months. Sgt. Carter enlisted in the Marine Corps in August, 1941. On his recent arrival back in the states he was married to Betty Reid of Hollywood.

"Did you ever think of sending each shoe in a separate parcel? Hoping my idea works so Marine Pfc. Hanson gets those shoes so he can kick a Japle or two for me."

Stamp Leakage Costs State In Heavy Revenue

AUSTIN, April 20 (AP)—More than one million dollars a year is being lost to the state through cigarette tax stamp leakage, says H. A. Smith, director of the state's cigarette tax stamp division.

Licensed cigarette dealers are now selling three hundred million tax free cigarettes per month to army post exchanges and officers clubs.

Inasmuch as the exact number of military personnel is a secret, the state cannot ascertain whether or not this is above and beyond the number actually required for the consumption of the military and their immediate families, Smith said.

State law permits military personnel the privilege of buying all the tax-free cigarettes they want for consumption on the post-grounds, but forbids their carrying more than two tax-free packages of cigarettes off the grounds.

Smith said that wives both of enlisted men and officers as well as retired military folk are buying more than they are to consume, and either re-selling or giving the surplus to friends and neighbors.

A further drain on the tax-free privilege, is from the multitude of civilian employees on post exchanges and military establishments, who can buy two packages of cigarettes morning, noon and night, without the seller being able to keep check on the purchases, said Smith.

In an effort to control this leak, Major Richard Donovan of the 8th service command has had all exchanges post a notice warning purchasers they may not by state law leave camp with more than two packs of unstamped cigarettes.

Despite this warning, the loss continues, Smith said. He indicated that some action to curb this drain was being contemplated, but declined to go into details.

Among the first to supplement sailing ships with oars were Mediterranean pirates, who overhauled beached victims.

Political Announcements

The Herald makes the following charges for political announcements, payable cash in advance:

- District offices ... \$20.00
- County offices ... \$17.50
- Precinct offices ... \$10.00

The Herald is authorized to announce the following candidates subject to the action of the democratic primary, July 22, 1944:

For Congress: **GEORGE MAHON** and **C. L. HARRIS**

For State Senator: **STERLING J. PARRISH**

For District Attorney: **MARTELLE McDONALD**

County Judge: **JAMES T. BROOKS**

Tax Assessor-Collector: **JOHN F. WOLCOTT**

For Sheriff: **BOB WOLFF** and **DENVER DUNN**

For County Attorney: **GEORGE T. THOMAS** and **H. C. HOOPER**

County Clerk: **LEE PORTER**

District Clerk: **GEORGE CHOATE**

Treasurer: **MRS. IDA L. COLLINS**

Commissioner Precinct No. 1: **WALTER W. LONG**, **J. E. (ED) BROWN**, and **A. L. McCORMICK**

Commissioner Precinct No. 2: **H. T. (THAD) HALE** and **W. W. (POP) BENNETT**

Commissioner Precinct No. 3: **R. L. (PANCHO) NALL**

Commissioner Precinct No. 4: **GLASS GLENN**, **AKIN SIMPSON**, and **EARL HULL**

Justice of Peace, Prec. No. 1: **WALTER GRICE** and **J. S. NABORS**

Constable, Prec. No. 1: **J. F. (JIM) CRENSHAW** and **J. T. (CHUF) THORNTON**

Moved: Mr. and Mrs. Walter M. Davis have received word that their son, James W. Davis, CM 1/c, has been moved from Camp Peary, Va., where he has been since joining the Seabees six months ago, to Camp Endicott at Davisville, R. I., for a six-weeks platoon school. Davis formerly lived here but was working in California when he enlisted, and his wife is still in war work at San Bernardino. Among his relatives here are two sisters, Mrs. Rebecca Jones and Mrs. O. B. Warren, and uncles and aunts: Walter and Charles Robinson, Luther Redelle, Mrs. Melle Haggard.

Taxes Bring In Texas' Revenue

AUSTIN, April 20 (AP)—Most of Texas' revenue dollar comes from taxes and licenses, and the greatest part of each dollar spent by the state goes for education, public welfare and highways.

Reviewing receipts and disbursements of state funds for the fiscal year ending Aug. 31, 1943, Comptroller George H. Sheppard reported to Gov. Coke R. Stevenson that:

All receipts, revenue and non-revenue, totaled \$278,175,347. Total cost of government for the year was 181,795,948 but the state paid out a grand total of 240,255,600 including such items as tax refunds and repayments and payments for securities purchased.

Out of each dollar spent for government, nearly 34 cents went for education; approximately 29 and one-half for public welfare including pensions, benefits and retirements; 22 plus for highways. Two cents of every dollar went toward payment of the public debt; four cents for eleemosynary and correctional institutions; and roughly one cent each for judicial, executive, regulation of business and industry, conservation of health and sanitation, development and conservation of natural resources.

City Landlords Asked To Help

Cooperation of Big Spring landlords in filing change of tenancy forms and in registration of all rental units was requested Wednesday morning by Wallace Law, examiner in the area OPA rental office.

Continued study of questionnaires filled in by Cosden and Big Spring Bombardier school employees has revealed additional cases where the forms were not filed and some units were not registered, it was stated.

Renters sub-renting units should register the sub-rented property, Law said. Landlords are being notified of violations indicated on the questionnaires and most have been cooperative, he said.

In cases of flagrant violations, more enforcement action will be taken in the future. W. A. Orth, regional rent executive of Dallas, said during a visit here last week.

The air-cooled radial engine, which contributed much to the development of aviation, actually was invented before the first airplane — in 1902 by Charles W. Manly.

WEDDING — 1944 STYLE
CAMP BUTNER, N. C. — (AP)—When Lieut. Warren R. Turner, of the field artillery, and Miss Lillian Stubbins, left the chapel here after being married they

passed under an arch of grim \$5 howitzers instead of the traditional arch of sabers. Their wedding carriage was a jeep, decorated with wild flowers. And — a husky lieutenant caught the bride's bouquet.

'IKE' FOOLED SCHOOLMATES
FILER, Idaho, (AP)—Mrs. Earl Ramsey remembers Schoolmate Dwight D. Eisenhower as a sandy-haired, quiet, retiring high school senior at Abilene, Kas., who had little time for girls. The class pro-

phesy tabbed Eisenhower as a future history professor rather than a man who would help make history.
The Chinese are said to be the first people to use thumbtacks.

Mussels, oysters and clams remove great quantities of debris from ocean water near shore.
The colon and semicolon were first used in English punctuation in the 16th century.

The Andes mountains reach their highest altitude in Peru.
MOROLINE
WHITE PETROLEUM JELLY

THESE AND HUNDREDS OF OTHER BARGAINS ARE AVAILABLE NOW at Wards

PRINTED DURATION PERCALE **yd. 19c**
Pleasantly low price for these long wearing prints. Attractive designs. Tubfast, 36 inches wide.

BETTER COTTON PLAID BLANKETS **98c**
Unusually heavy and serviceable. Softly napped, easy to wash. 1 1/4 lbs. 70"x80". Pastels.

MEN'S 'GRENADE' MOC TOE OXFORD **3.85**
The ever-popular moc type oxford in bootmaker finish. Brown leather, roomy plateau last.

YOUTH'S GENUINE BUFFALO OXFORD **2.98**
For the boy who's hard on shoes! The sturdiest of scuff-resistant leathers, with a non-scuff flt.

MEN'S SPEED SHORTS AND SHIRTS **each 35c**
Men like the snug fit of these ribbed cotton knits! The shorts have taped fronts for comfort.

WARDS SEMI-SHEER RAYON HOSE **75c pr.**
Flattering 100-denier hose with reinforced tops and feet. Smart colors. 8 1/4 to 10 1/4.

BOYS' SPORTS AND DRESS SOCKS **29c pr.**
The styles and colors that boys like—in good quality cottons. Size 8 1/2 to 10 1/2.

PRINTED LUNCHEON CLOTHS **1.19**
Gay patterns—hand screen printed on sturdy cotton. Tubfast, pre-laundered. 52"x52".

BEAU DURA BRIEFS AND PANTIES **49c**
Knit of Spun-L—the finer rayon. Full cut, run-resistant, need no ironing. 34 to 44.

SCUFF PROOF TIP OXFORD **2.29**
Children's neat brown oxford with reinforced tip to prevent scuffing. Sizes 8 1/2 to 12.

FAMOUS ESQUIRE HOSE FOR MEN **39c, pair 1.10**
Good-looking, long wearing reinforced tops and feet. Short or regular. 10-12 and 13.

DURABLE, COLORFUL ANKLETS **15c pr.**
For boys, girls and women. Sturdy cottons in a choice of patterns and colors. 6 1/2-10 1/2.

LATEST STYLES IN HANDBAGS **2.98**
Wonderful dress-up and tailored bags that you can wear now and all Summer long!

MEN'S HOMESTEADER WORK SHIRTS **98c**
Full cut for comfort! Rip-proof main seams! 99% shrinkproof. In sturdy chambray or cotton covert.

FLATTERING SLIPS THAT FIT WELL **1.98**
Expertly cut rayon crepes and satins—embroidered or lace-trimmed. Long wearing. 32-40.

ROCKFORD WORK SOCKS FOR MEN **Pair 19c**
Heavier. Seamless, well reinforced. Ravel-proof, rib knit tops. Absorbent cotton. Sizes 10-13.

COTTON COVERT PANTS ARE TOUGH! **1.49**
This tightly woven, hard-finished fabric takes plenty of wear. Sanforized—99% shrinkproof.

NEW THORNE WOOD TIES—PRICED LOW! **49c**
Choose from a large variety of handsome patterns, new Spring colors! Shape-holding rayons.

WARDS SLEEK NEW RAYON GLOVES **59c pair**
They cling so smartly to your hands, and feel so expensive! The season's colors. 6 to 8 1/2.

Barefooted Marine Who Wears 15EE Shoes Will Receive A Pair By Mail

POCATELLO, Idaho, April 20 (AP)—The post-office finally accepted these shoes for delivery to Marine Pfc. Lawrence I. Hanson, somewhere in the South Pacific—and just in time.

Aerial Invasion Brings Results

WASHINGTON, April 20 (AP)—Secretary of War Stimson said today that "our aerial invasion of Germany is continuing, and the pressure is increasing and enemy resistance on the whole is decreasing."

He thus summarized the European aerial offensive in a press conference during which he also stressed the heavy blows by Allied aviation against Japan in the Pacific and in Southeast Asia.

Discussing the effectiveness of the big-scale raids on German fighter plane factories, Stimson said that the enemy's production of this type of plane had fallen off an estimated 20 per cent since January.

The enemy's reserve of planes therefore will not come easily, Stimson said, but he cautioned that "critical periods" are ahead in the air war.

The secretary said that Allied air operations from Italy have reached the point "where they almost overlap" Soviet air operations. As an example, he noted that the Russians have raided Galati, Romania, only 100 miles from Ploesti where American bombers have attacked.

In the Southwest Pacific Allied air power "meets practically no resistance," Stimson said. He said there is "no occasion for mystery" concerning the fighting in the Burma-India area, adding that the British have a superiority in troops and there is a "distinct superiority" held by the Allies in the air.

CLAIM SHIP SINKING

LONDON, April 20 (AP)—Today's German communiques asserted that American bombers sank the Swedish Red Cross ship Embla yesterday off the south coast of France. There was no confirmation.

Allies Fire On American Planes

WASHINGTON, April 20 (AP)—The War Department has confirmed the loss of a second group of American planes, shot down when Allied as well as enemy anti-aircraft guns were turned on them by mistake, bringing the total losses in such incidents to 478 men and 24 planes.

The latest accident reported occurred at Catania, Sicily last July 13-14. Ten transport planes were shot down and 44 officers and men lost. The War Department said it was estimated that 50 per cent of the loss was due to "friendly" anti-aircraft fire.

The first such known incident occurred July 11, off Gela, on the southern Sicilian coast when 410 men and 23 transports were shot down as they flew into the range of enemy and Allied fire in the wake of enemy planes. Allied anti-aircraft fire which was turned on the planes in this instance was said to have come from both land and naval guns but in the more recent loss the navy emphasized that the fire did not come from U. S. naval vessels.

These were the two major incidents in a chain of accidents which now totals six. February 22—13 men killed, 45 wounded in the accidental shelling of three landing boats by an American destroyer in a landing assault on Parris Island in Eniwetok in the Marshall Islands. "Restricted visibility," and "difficult conditions of navigation" were blamed.

Seeks Return Of Okla. Oil Land

WASHINGTON, April 20 (AP)—Return by the navy of 532 acres of oil land near Moore, Okla., to its former owners will be sought by Senator Thomas (D-Okla.) in a rider to the new \$35,000,000 navy appropriation bill.

The navy condemned the land for an Auxiliary airfield, but decided not to use it for that purpose when a large oil well came in nearby, indicating existence of a considerable field in the area.

The former owners now want it back, but the navy is holding it. Thomas declared in an interview, despite a recommendation by Navy Secretary Knox that the land be returned.

The navy paid \$48,431.60 for the land, and spent \$150,000 on the field, "and the farmers are ready to reimburse the navy for the full amount," Thomas said.

A comprehensive bill has been introduced in the house by Rep. Vinson (D-Ga.) to cover such situations, Thomas said, and the navy reported favorably on the measure, sending it to the budget bureau for clearance.

Thomas was advised by the bureau that the navy recently requested that the matter be held up because the navy is not sure its viewpoint was correctly expressed.

"Someone who wants to take advantage of the situation for speculative purposes is holding this up," Thomas asserted. "I'm not going to see this develop into another Elk Hills scandal—converted into a navy oil reserve and leased to a private company for exploration."

Women Koglers Play League Games

Cosden koglers gained three games by forfeit when the Hester's team failed to show up for the weekly league play of the women's bowling association Wednesday night.

The Club Cafe aggregation won two from Schlitz and Texas Electric nodded twice to Swartz. Mary Stages, a Swartz member, rolled high game with 192. Olive Cauble tallied 477 for the high individual series. High team game and series went to Cosden with 786 and 2074 respectively.

Plans Complete For A&M Dinner

Program plans had been completed Thursday for the annual San Jacinto day dinner of Howard county A. & M. club to be conducted at 7 p. m. Friday in room 1 at the Settles hotel.

A. & M. ex-students from Sterling City will join the group here. Bruce Frazier, president of the Howard county unit, will preside. The program will open with the national anthem, followed by roll call. C. R. Donaldson of Big Spring will present "The April 21 Tradition." A. T. Bratton of Sterling City will read a message from P. C. Bolton, acting president of the college, on "On the State of the College." Tommie Stuart of Big Spring will present the report from Jake Hamblen, president of the ex-students' organization on "We Are Going Places."

Burke Summers of Big Spring will give local announcements and acknowledgments. A Sterling City man who was a member of the first graduating class of the college will conduct the closing ceremony.

Approximately 20 reservations had been made Thursday, said Dudley Mann, who has charge of reservations in Big Spring. Maj. A. D. Morrow is taking reservations at Big Spring Bombarrier school. Reservations may be made through Friday.

IN UNIFORM

American Defense Service medals have been awarded to S Sgt. Edmund S. Yanowski and to Sgt. Frank J. Hess, according to an announcement by Lt. Col. James F. Reed, commanding officer of the Big Spring Bombarrier School. The medal goes to men who have seen honorable service at any time between Sept. 8, 1939 and Dec. 7, 1941.

Among Texans who held a reunion at the Red Cross club in London on Texas Independence day when J. Frank Doble, Texas university professor who is a fellow at Oxford this year, was featured speaker was S Sgt. Charles A. Frost of Big Spring. 2nd Lt. John D. Flanagan of Sweetwater also attended.

Aviation Cadet John W. Gary, son of Mrs. Josie Gary, has successfully completed his basic flying training at the Lemoore (Calif.) Army Air Field and is being assigned to an advanced AAF school for final training before commissioning.

Capt. Henry Fisherman and family have been visiting here with his parents, Mr. and Mrs. Sam Fisherman. Capt. Fisherman is stationed near Phoenix, Ariz. He has a brother, Capt. Frank Fisherman, who is in Sicily.

Here 'n There

HERE N THERRE 4 Fire consumed a three-foot hole in the roof of the A. Shortes home at 1409 W. 3rd street Thursday morning. A bucket brigade had functioned perfectly and the blaze which originated from a low fuse was out when firemen arrived.

Burglars broke into the Wesley Methodist church at 1208 Owens street, presumably Wednesday night, and made away with around \$12 in war stamps, police reported Thursday.

Thieves were reported to have stolen a tire and wheel from the car of Mrs. Paul Coburn at 610 Nolan street, police reported.

The navy is interested in obtaining more trainees for its rapidly expanding program in radio and electronics, Lt. Comdr. L. H. Rideout, Jr., in charge of the Dallas navy recruiting office, said Thursday. Men in the 17-50 age bracket will be considered, especially if they have experience or background in radio, electricity, math or physics.

Two Howard county registrars, William Hughes Reed and Billy Ray Hambrick, volunteered for induction in the army air corps and were sent directly to training stations following induction at Lubbock Monday, selective service headquarters reported.

SERVICE SUGAR RATION WASHINGTON, April 20 (AP)— Servicemen on leave will get sugar rations in units of one pound for each 36 meals or less that they eat at home instead of a quarter of a pound for every nine meals. The Office of Price Administration announced today.

Citations Given Aerial Groups

WASHINGTON, April 20 (AP)— Presidential citations have been awarded to two bombardment groups of the United States army 8th air force, one of which participated in the big Schweinfurt attack last October and the other in a devastating attack on Brunswick in January of this year.

Announcement of the citation for conspicuous battle action was made today by the war department.

The 390th Bombardment group was commended for its part in the "highly successful bombing mission" to Schweinfurt in which 60 American planes were lost. The citation said the operation took seven hours and ten minutes and covered 923 miles.

"Over 370 of the miles," the citation reported, "were flown without friendly fighter support. Carefully planned and savagely executed German fighter attacks persisted from the time the group reached Luxembourg until it was over the channel on the return trip. The 390th Bombardment group encountered as many as 100 hostile aircraft, both single and twin-engine fighters, attacking singly, in twin-engine fighters, screened by ME 109's and FW 190's, attacked with cannon and rocket projectiles. Fourteen enemy aircraft were destroyed and five additional were damaged."

The 94th group, in its mission to Brunswick, flew 1,032 miles in five hours and 20 minutes. "Twenty-five miles from Brunswick," the citation said, "a message was received recalling the airborne forces because of adverse weather conditions over some bases. Unable to verify this order, the 94th bombardment group continued on the briefed course.

"In the target area, accurate anti-aircraft fire and hostile fighters consisting of Me 210's; JU 88's ME 110's, FW 190's and ME 109's damaged all but one aircraft of the formation. x x x Outnumbered three to one by hostile fighters and with all but one of its aircraft damaged, this group returned to home bases with the loss of seven aircraft. x x x The 94th bombardment group is officially credited with the destruction of eight enemy aircraft, four probables and six damaged."

Big Spring Soldier Helped Clear Jungle In New Maneuver To Expose The Japs

Pfc. Willie A. Sunday, Big Spring, had a hand in a novel machete crew maneuver devised by Brig. Gen. Julian W. Cunningham, Sixth army task force commander, to protect the advance of American troops.

While cutting brush in front of the main line is not unusual, cleaning of the jungle behind advancing troops was a new stroke which confounded the Japs at Arawa by making infiltration behind lines practically impossible.

After the artillery laid in a barrage, the infantry moved up and then cavalry troops, armed with machetes, axes and slung rifles and guarded by tommy gunners, followed 50 yards behind, cutting as they went.

The infantry met such fierce opposition ahead that at times the cavalrymen found themselves cutting in front of the fighting. Sometimes they cut brush from the tops of Jap dugouts which the infantry had overlooked.

"It was a strange advance, all right," said Pfc. Sunday, "but it was for keeps and the Japs never did come into our lines again. The beachhead was really made secure and we had a base for operations up the coast. We had some funny experiences, practically cutting down trees with snipers in the top, and running into surprised Japs who had held their fire in hope of getting into the rear of attacking troops. They were, you could say, slightly exposed."

Pfc. Clyde Summers, 25, Shawnee, Okla., said Japs explained that they were trained jungle fighters but that the Americans had wiped out the jungle!

"ALL-BRAN WORKED WONDERS FOR ME!" Says Constipation Sufferer

There's real hope for common constipation sufferers in this uncollected letter!

"Thanks for what KELLOGG'S ALL-BRAN has done for me. I'm 74 years old. Had been taking pills and salts almost every night, 6 weeks ago, I started eating KELLOGG'S ALL-BRAN every morning. Soon I had regular movements without any trouble. I can't praise ALL-BRAN enough. It sure works wonders for me." Mr. E. C. Zook, Box 114, Fairbury, Ia.

How can such amazing results for thousands be explained? Scientists say it's because KELLOGG'S ALL-BRAN is one of Nature's most effective sources of certain "cellulose" elements, lack of which in the diet is a common cause of constipation. They help the friendly colonic flora buff up and prepare the colonic wastes for easy, natural elimination. KELLOGG'S ALL-BRAN is not a purgative. Doesn't "oversee you out!" It's simply a gentle-acting, "regulating" food.

If you have constipation of this type, eat KELLOGG'S ALL-BRAN regularly with milk and fruit, or mixed with other cereals. Drink plenty of water. See if you, too, don't get real help! Insist on genuine ALL-BRAN, made only by Kellogg's in Battle Creek.

The English call a thumb-tack a drawing pin.

To Run: Earl Rogers, principal and director of education of San Marcos Baptist academy for years prominent in Texas educational fields, announced Thursday he would be a candidate for the office of state superintendent of public instruction. He pledged to "rid the educational scene of many confusions and conflicts existing at present," to plan for post-war education and cooperate closely with the state board and legislature.

Livestock

FORT WORTH, April 20 (AP)—Cattle 1,200; calves, 350; about steady; medium and good steers and yearlings 13.00-14.25; beef cows 8.50-10.50; good and choice fat calves 12.75-14.00; yearlings 9.00-12.00.

Hogs 2,800, unchanged; good and choice 200-270 lb. butcher hogs 13.55; good and choice 150-190 lb. averages 10.00-13.25; packing sows 12.00 down.

Sheep 4,000; fully steady; spring lambs topped at 14.50; common to good shorn lambs with No. 1 or No. 2 pelts 10.50-13.00; medium grade woolled lambs 13.00; shorn feeder lambs 7.00-9.25.

COURIER ARRIVES

STOCKHOLM, April 20 (AP)—A diplomatic Courier who left Sicily by plane Tuesday landed in Rome and proceeded to the Vatican with parcels sent by Vatican envoys in the United States and Australia. Aftonbladlet said today. The plane, painted in Vatican colors, was reported to have been escorted by British planes part of the way after which a German escort took over.

On The Spot

GARY, Ind., (AP)—The little stray lamb that Gary police found wandering in the streets has been on a liquid-milk-diet but soon will be switched to greens when it is placed on a farm.

The lamb still will be under police custody, however, and will remain a problem until somebody calls for it.

The police do not have a permit from the OPA to sell the animal, nor a license to slaughter it.

Cat Lover

NEW YORK, (AP)—Mrs. Muriel Shaffer, an animal lover threw caution to the wind to descend 10 feet into a sewer to rescue a struggling Maltese tomcat from the water.

She made no complaint when the unappreciative feline clawed her last pair of nylon stockings. In fact she offered to pay expenses for treating the cat.

Automobile factories produce enough mechanized equipment to equal 16.3 million cars and trucks a year.

GRIN AND BEAR IT

"You have the wrong attitude, Herkimer!—You should consider yourself well up in society if you go to things and don't want to attend!"

By Lichty

Mix and sift dry ingredients. Add milk gradually, beating until smooth. Add egg yolks, well beaten. Add butter. Fold in stiffly beaten egg whites. Bake in waffle iron.

Creamed Chicken
2 cups cooked chicken, cut coarsely
1 cup chicken stock
1 cup light cream
*3 tablespoons butter
3 tablespoons flour
Dash of rosemary
Salt and pepper to taste
Melt butter. Remove from stove and blend in flour. Return to stove, add stock and cream and stir constantly until thickened. Add seasonings and chicken. Place over hot water until chicken is hot.

Butterscotch Tapioca
1-4 cup quick-cooking tapioca
*1-3 cup sugar
1-8 teaspoon salt
1 egg yolk, beaten
2 cups milk
1 egg white, stiffly beaten
*2 tablespoons margarine
*1-3 cup brown sugar
Cook tapioca, sugar, salt, egg yolk and milk over boiling water without stirring for five minutes. Stir and cook five minutes longer. Melt margarine. Add sugar and cook until the mixture bubbles, stirring constantly to prevent burning. Add this to the cooked tapioca. Cool. Fold egg white into cooled tapioca mixture. Chill.

Guaranteed To Please
"Baked Pork Tenderloin"
Potato Cakes
Green Pepper Salad
Whole Wheat Bread
Coffee Ice Cream (Recipes Serve Four)
Potato Cakes
2 cups mashed potatoes
*Butter
1 tablespoon chopped chives
Mix chives well into well-seasoned mashed potatoes. Form into cakes about three inches across and an inch thick, and fry in butter on each side until each has a crisp golden brown crust.
Green Pepper Salad
2 small green peppers
Cream
*1-2 pound cream cheese
1-2 teaspoon Worcestershire sauce

1-2 cup walnuts, coarsely chopped. Cut the tops off the peppers and remove the seeds and membranes. Pour scalding water over them and allow them to stand for a minute. Remove the thin outer skin. Cool. Moisten cream cheese with cream. Add Worcestershire sauce and nuts. Fill peppers with this mixture. Put into the refrigerator to chill thoroughly. When ready to serve, cut with a sharp knife into rounds about one-half inch thick and place on a bed of lettuce, decorated with mayonnaise, sprinkled with paprika.

Ladies Not Ladies

INDIANAPOLIS, (AP)—Women jury members aren't ladies, they're gentlemen, says the Indiana court.

It so ruled in dismissing a case in which the appellant contended the trial judge had instructed only half the jurors when he addressed a jury of six men and six women "gentlemen of the jury."

Can't Blame Them

VERNON, Ind., (AP)—For a few moments this Jennings county seat thought it had been bombed. As military aircraft appeared overhead an earth-shaking explosion was heard and a house began burning.

A large fuel tank had exploded while being soldered.

"Boy, am I sitting pretty!"

NATIONAL 3-MINUTE OATS
A NATURAL WHOLE GRAIN CEREAL

will like. There are many ways to cook eggs—try them all. Toast will perhaps be the most usual form of breakfast bread, but whip up a double lot of muffins now and then, and serve them toasted at a second meal. Or have a "boughten" coffee cake or bun for a change.

And can you have all those good things in a hurry? You certainly can! Here's how!
TIME-SAVER BREAKFAST
Orange Juice
Hot, Cooked Oatmeal
Milk
Soft-Cooked Eggs
Cinnamon Raisin Buns
Butter or Margarine
Coffee

BREAKFAST WORK PLAN
1. Put cold water in bottom of double boiler; put eggs into water and heat.
2. Meantime: measure water for oatmeal in top of double boiler; bring to rapid boil.
3. Measure quick-cooking oats; add with salt to boiling water in top of double boiler. Place over water in bottom of double boiler, which should be kept just below boiling. Cook oatmeal 5 minutes, stirring occasionally.
4. Meantime: measure water for coffee; bring to boil. Measure coffee into pot.
5. Turn on oven; heat cinnamon raisin buns.
6. Squeeze orange juice.
7. Pour boiling water over coffee in pot.
8. Remove eggs; spoon oatmeal into bowls. Breakfast has been prepared in 10 to 15 minutes.

Menus For Your Approval

By CHARLOTTE ADAMS
Eggs Benedict (Rationed Items Are Starred)
Eggs Benedict
Cauliflower
Lime Gelatin Ring
Nut Muffins (Recipes Serve Four)
Eggs Benedict
2 English muffins
*2 thin slices boiled ham
4 eggs
Hollandaise sauce
Toast muffin halves and butter very lightly. Cut ham slices in half, and place a half slice on each half muffin. Poach eggs and place one on each ham-covered muffin. Pour Hollandaise sauce over each.
Nut Muffins
2 cups sifted flour
3 teaspoons baking powder
1-2 teaspoon salt
*3 tablespoons shortening
*2 tablespoons sugar
1 egg
1 cup milk
3-4 cup chopped nuts
Mix and sift flour, baking powder, sugar and salt. Stir in chopped nuts. Add combined milk and well-beaten egg and melted shortening; stir enough to moisten flour. Bake in greased muffin tins at 400 to 425 degrees 20 to 25 minutes.

Treat The Family To Waffles
Creamed Chicken and Waffles
Citrus Fruit Salad
Butterscotch Tapioca Pudding (Recipes Serve Four)

Here's how you can use

COFFEE AS AN AID IN REDUCING

Plenty of Exercise

That's taken for granted. Right. But drink Admiration in the course of your exercise. Admiration picks you up, postpones fatigue, and supplies extra energy with which to carry on your activities. You'll find you tire less easily, have much more strength, and feel better.

Don't get the idea that "Admiration Coffee makes you thin." It's a wonderful blend of choice, expensive coffees, full of flavor, and a delight to drink. But it's a drink—not a weight reducing medicine. However, if you are reducing, Admiration can be made a mighty ally. Here are a few suggestions.

Moderate Eating

To be sure. Many authorities maintain most excessive weight comes from over-eating. Admiration Coffee drunk with your meals will increase the flow of gastric juices in the stomach, thus facilitating better digestion. Its energy-giving goodness also will give you a quick satisfaction, reducing the desire for a large amount of food.

Frequent Recreation

Recreation is good for the spirit as well as the body. When people have little else to think of or do—they eat. And in weight reduction the idea is to stay away from food as much as possible. Thus as you pause in your recreation and others suggest food—make yours a cup of Admiration Coffee. Its flavor and aroma will give you as much enjoyment as food gives others.

Watch Weight

This is most important, for you can thereby control your eating and progress. Quick loss of weight, authorities agree, is not healthy. Gradual loss is better. It's the least bothersome too. An occasional cup of Admiration in place of an in-between meal snack is ideal, for it satisfies the desire for food, yet supplies practically no weight-building food values.

Admiration Coffee Picks You Up
It's the pick-up in coffee that makes it the universal beverage of good cheer. Coffee postpones fatigue, relaxes, brightens the perception, all the senses, and increases physical strength. When you add to this the delightful flavor and richness of a blend like Admiration... well, weight reducing isn't such a task as it might appear.

4-F Classification Stabilizes Porker Grid Prospects

FAYETTEVILLE, Ark., April 20 (AP)—In these times when most coaches can't anticipate whether their teams will be carrying footballs or guns on autumn Saturday afternoons there comes word that the 4-F classification has made things pretty stable at the University of Arkansas.

Yes, sir, Arkansas has few worries for 1944 unless there's a marked change in the draft situation. Coach Glen Rose wound up spring training with 13 lettermen from last season, not to mention three squadmen, who will be around for sure when the referee's whistle sounds in September.

Those fellows, including Coach Rose, either are 4-F or have army discharges.

Thus it is that Arkansas expects to figure pretty well in Southwest conference grid circles next fall. In recent normal times when they got all the football players in these parts, the Razorbacks didn't fare so well as last season when they won their first conference game in some three years. Now they're expecting to do a lot better.

Lettermen scheduled to return are Earl Wheeler and Carl Lee Jackson, centers; Leon Pense, center-guard-tackle; Bob Cope and Henry Ford, guards; Jim Young and Charles Johnson, tackles; William Brown, guard or tackle; Al-

ton Baldwin, Roxie Rankin and Lamar Dingler, ends; Ben Jones, end or back, and Marvin Lindsey, back.

Squadmen expected to be back are Thomas King, tackle or guard; Melvin McGaha, end, and Jo Centeno, back.

Of the 25 men who went through spring training, 18 are either 4-F, have discharges or are deferred.

Rose would make no predictions as to what his Razorbacks would do next fall. "Having only recently returned from the army, I lack the necessary information to form an opinion on probable stars for next year," he said.

Boston Yankees Gain Potential Drawing Card

By HUGH FULLERTON JR. PHILADELPHIA, April 20 (AP)—The Boston Yankees, whose assets going into yesterday's national league meeting consisted only of boundless optimism and three pieces of paper, came up with a potential drawing card today.

Given first pick at the annual pro football draft of college talent, they chose Angelo Bertelli, Notre Dame 1943 passing ace whose home is in West Springfield, Mass. Bertelli is in the marines and presumably won't be available until after the war.

Of the eleven college stars chosen in the first round of drafting, only three even possibly will be on hand to play in 1944. Creighton Miller, Notre Dame's all-America halfback who was medically discharged from the army, was Brooklyn's first choice. Steven Van Buren of Louisiana State, picked by Philadelphia, still is in college and is due to graduate in June and Johnny (Presto) Podesta of St. Mary's, was discharged from the marines after playing as a trainee at the college of the Pacific last fall.

Other choices included: Chicago Cardinals — Saxon Judd, Tulsa; Paul Blackburn, Rice.

Brooklyn — J. R. Callahan, Texas; Ralph Park, Texas.

Philadelphia — Joe Parker, Texas.

New York — Clyde Flowers, Texas Christian.

Washington — Harold Fischer, Texas.

Chicago Bears — Abe Croft, Southern Methodist; C. B. Stanley, Tulsa.

Mythical Farm But Real Theft

LUBBOCK, April 20 (AP)—Cpl. Lee Cargile's mythical hog farm "just east of the service club" caused the boys around South Plains Army Air Field to grin when he tried to tell them somebody had stolen a one-room house he owned in New Mexico.

Cargile, former Lubbock school teacher, related incidents of his alleged farm and how he was fattening up hogs on mess hall scraps until those about him eventually learned all about raising hogs—except that Cargile knows nothing about hogs himself.

The plump, red-faced corporal who is 49 and slightly too old for combat duty although that's where he'd like to go, went on a furlough recently.

He returned with the news that somebody had stolen his house. "They didn't leave anything but the cistern," he wailed. The fellows all guffawed.

But the affidavit he brought back from New Mexico, and forwarded to the proper authorities was quite real.

Somebody actually had stolen the corporal's house.

Citizenship was extended to all Indians in the United States by act of Congress in 1924.

JAP LOCOMOTIVE — Pfc. James C. Barrett (left), Philadelphia, and Corp. Thomas A. Saerer, Newark, N. J., examine a Japanese gas-driven locomotive on Majuro in the Marshalls.

COP'S HOLIDAY — A Chicago policeman on vacation, Johnny Miklos looks over a Chicago Cubs uniform at French Lick, Ind., where he is working out as a pitcher with the Cubs. Miklos is a veteran of several years of semi-pro ball.

SPORTS ROUNDUP

By HUGH FULLERTON JR. PHILADELPHIA, April 20 (AP)—Professional football had its counterpart to Tiny Maxwell, colorful college referee, in Jim Durfee of Columbus, O., whose officiating helped establish the national league and whose memory still is fresh in the minds of the circuit's best yarn-spinners.

Here are a couple of the tales that have been rehearsed in the past few days:

Decision Reserved

It was during a game between those bitter Ohio rivals, Canton and Massillon, and the game was nearing its end when the visiting club moved down near the goal line. The spectators crowded around the field and when a visiting back flung a long pass across the field, the man who caught it disappeared into the throng as he stepped across the goal line. A moment later he came flying out again, minus the ball, his headgear and most of his jersey and when the ball finally was located it was well out on the field and in possession of a home player. Durfee, the referee, surveyed the scene and announced: "The decision will be rendered in my hotel tomorrow morning" and without waiting for the end of the game he left the field.

Protest Overruled

Another difficult decision that Durfee had to call came in a big league game when a little half-back failed to throw a pass and was grabbed by a huge lineman from the other side. The big fellow slung the little one over his shoulder and was carrying him toward his own goal when the passer calmly tossed the ball down to the ground. It was ruled an incomplete pass but the Giants' Steve Owen, who tells the story in the role of offended coach, protested to Durfee. "Why didn't you penalize them for intentionally grounding a pass, Jim?" Steve demanded. "Why, Steve?" Durfee replied blandly. "I was looking that boy straight in the eye and I saw no sign of intent."

Misplaced Sympathy

After Glenn Cunningham, former world mile record holder, entered the navy, a friend told what happened when Glenn went to Camp Dodge, Iowa, for his pre-induction physical examination. The doctor looked at the fire-scared legs that had carried Cunningham to fame as a runner and asked sympathetically: "Do you have any trouble getting around?" "Why, Steve?" Durfee replied blandly. "I was looking that boy straight in the eye and I saw no sign of intent."

Governor Will Not Attend Conference

AUSTIN, April 20 (AP)—Governor Coke R. Stevenson said today a prior engagement in Denison, May 28, will make it impossible for him to attend in Harrisburg, Pa., the annual governors conference May 28 to 30.

At Denison the governor will be a principal speaker at memorial ceremonies arranged by the Rev. C. C. Minor.

Governor Martin of Pennsylvania had announced that Stevenson was among state representatives who had accepted invitations to attend the governors conference.

More than 8,000 American Indians saw service in World War I, most of them as volunteers.

The first London bridge was built in 994.

Leon's Flowers Your Telegraph Florist F.T.D. 1204, Main Phone 1877 — 392-W

Meyer Feels TCU Will Be Better

FORT WORTH, April 20 (AP)—Coach Leo (Dutch) Meyer of Texas Christian University looks for a better brand of football next fall than characterized the 1943 season and he feels the Horned Frog team should show considerable improvement.

"Nearly all institutions have made an effort to obtain freshman players for the coming year and I am sure they will have more civilians on their squads than a year ago," said Meyer as he checked the results of spring training at T. C. U. Twenty-eight men went through the session and he expects 12 to 15 more to report in the fall.

Meyer said he expected to have a dozen or more good boys who have not yet reached the age of armed service and that there were some good prospects in the V-12 unit.

Back Joe Kucera, who played at Rice last season, now is at T. C. U. and Clyde Flowers, all-conference tackle who has been shifted to the backfield; George Gartner and Zeke Chronister, regular ends last season, form the nucleus of this year's team. Meyer termed these among the top prospects on the basis of their showing in spring training: Jesse Mason, Dallas; Ransom Jackson, Little Rock, and Scott Rainey, Fort Worth, backs; Bryan Taylor and Carl Jones, Corpus Christi; Embrey Walton, Fort Worth; Alben Houdek, Ennis, and Shirley Anderson, Lufkin, linemen.

Sellers Gives Opinion About Federal Funds

AUSTIN, April 20 (AP)—Attorney General Grover C. Sellers today said that while the state has not yet been authorized by legislative action to use its portion of monies paid by the federal government in lieu of taxes, cities and counties have been so authorized.

In an opinion requested by Charles A. Tosch, Dallas County auditor, Sellers said specifically that the legislature has authorized cities and counties to receive funds from the federal housing authority in lieu of taxes, and may dispose of the money in any legal manner.

The opinion explained that the federal government, in acquiring land that became exempt from state and local taxes, agreed also to bear a proportionate share of local governmental expenses by making such payments, and receive in turn local governmental services that taxable property would receive.

The housing authority law passed by the 47th legislature, said Sellers, authorized promotion of projects in cooperation with the federal government and provided for payment in lieu of taxes, the agency to agree to make payments to the city or county or any such political subdivision for improvements, services and facilities furnished for the benefit of the housing project.

"Since the legislature has authorized the counties to receive gifts from the United States government, in the nature of monies paid in lieu of taxes, but has not directed the method in which said monies shall be allocated to the respective county funds, we are of the opinion that the commissioner's court by the exercise of its discretion may make disposition of the funds in any legal manner for legal purposes," the opinion stated. "The determination as to the fund or funds of the county to which this money shall be allocated is left to the commissioner's court. The county treasurer, upon receipt of such monies, shall hold them in suspense or in an account for monies, the status of which is not known, until such time as the commissioner's court orders the final disposition of them."

In a prior opinion the attorney general ruled that the state's portion of monies paid by the federal government in lieu of taxes were gifts to the state and were subject to allocation by the legislature.

An acre of land used to produce corn on the average provides food for a person for 635 days; if the corn is fed to hogs, it provides food in the form of pork for only 125 days.

Giants, Browns Are On Top In The Majors With Two

By JACK HAND Associated Press Sports Writer

Don't look now, but the New York Giants and the St. Louis Browns are hiding up on top of the major leagues where you'd never look for them.

The won and lost records operate with the devastating effect of a runaway elevator at this stage of the game but you can't blame Managers Mel Ott and Luke Sewell for having fun while it lasts.

As the clubs go into an slim six-game schedule today preceding Friday's second openers, excellent pitching efforts by Ewald Pyle and Bill Voiselle of the Giants, and Steve Sundra and Jack Kramer of the Browns, make them the only unbeaten teams who have won two starts.

It took a boost from the boss in the form of Mel Ott's 464th major league home run to put over Pyle's bid for his first National league victory after a disappointing trial in the American. Ott's early clout after George Hausmann walked, gave the New Yorkers their 2-1 edge on Boston, although Jim Tobin qualified to join Bucky Walters in the "we wuz robbed" department by losing a three-hitter.

Sundra gave the Browns their second in a row with a three-hit effort against Detroit. The Tigers, beaten 3-1, had only Rudy York's homer to thank for missing a shutout but it was York's 1000th big league hit, if that can be any consolation.

While Ott and Sewell were enjoying a spot of sunshine, the New York Yankees ran into trouble when two promising rookies, Johnny Johnson and Walt Dubiel, were beaten as the champs dropped both ends of a Patriots' Day doubleheader in Boston, 6-1 and 8-2.

Emmett O'Neill outpitched Dubiel, a Newark graduate, before 13,050 in the afternoon after George (Pinkie) Woods had beaten Johnson in the morning with 3,376 watching. Jim Tabor won the second game with a homer and celebrated with three hits.

Orval Grove got the Chicago White Sox off on the right foot with a 3-1 verdict over the Cleveland Indians in a delayed opening game that drew 5,705 fans. Guy Curtright and Leroy Schalk paced the Sox attack against their 1943 "Jinx man," Al Smith.

A base on balls to Gil English by Deacon Donahue, Phil rookie hurler from Utica, N. Y., proved his undoing as Paul Waner came through with a pinch hit single to give the Brooklyn Dodgers a 5-4 verdict in the tenth. Donahue pitched only the tenth after the Phils tied it in the ninth.

Cincinnati got another top-row pitching effort and made it count for a win as Elmer Riddle duplicated Walters' opening day three-single performance but topped it with one vital change. He won from Chicago, 2-1.

Attendance dipped sharply as usual after the opening day enthusiasm, with seven contests drawing 34,575 paying customers. The Philadelphia at Washington game was postponed and Pittsburgh and the St. Louis Cardinals were unscheduled.

Milk Producers Urged To Watch Sanitary Items

Pointing out that warm weather multiplies the sanitary problems of the milk man, V. A. Cross, sanitarian for the Big Spring-Howard county division of the Midland-Ector-Howard county health unit, has sent out letters to producers under the Big Spring milkshed, urging increased vigilance in production.

While spring and early summer is a busy time for the average farmer-dairyman, it also is a busy season for flies, Cross reminded. However, time devoted to early destruction of fly breeding places will pay big dividends.

The sanitarian urged that milk be cooled immediately and properly, that utensils be thoroughly sterilized. He also suggested that cows be checked, premises kept clean, that a safe water supply be maintained, and milk delivered promptly to plant.

Objective is to keep the bacteria count well under the 200,000 maximum allowed for safe milk, Cross said. At one time last summer, a few producers had milk with counts up into the millions but cooperated with the health unit to effectively bring this down. Some ended up with supplies that contained even less than 20,000—a remarkably low count.

Tommy Hitchcock Killed In Crash

NEW YORK, April 20 (AP)—Lieut. Col. Thomas (Tommy) Hitchcock, Jr., 44, internationally famous as one of the greatest polo players of all time, has been killed in an airplane crash in England where he commanded a P-51 Mustang fighter group.

Death of the hard-riding, 10-goal polo star, who had served in World War I as the youngest member of the Lafayette Escadrille, was disclosed by his family, who said they had received a cablegram from Ambassador John G. Winant.

A spokesman for the family said the crash occurred at Salisbury, England, Tuesday, during a routine flight, not in combat.

Range Paralysis Or 'Leucosis' In Chickens

By W. A. BONEY, JR., Extension Poultry Veterinarian

Leucosis or range paralysis is caused by an agent, probably a virus, which has not been isolated as yet; therefore, no vaccine or specific drug have been developed for the disease. The effect of this agent on the body is that it causes an abnormal growth of blood cells and the deposition of them in various tissues causing them to lose their functions.

The disease is transmissible through the egg from adult to offspring and from infected to non-infected birds by external parasites (blue bugs, fleas, mites, mosquitoes, etc.) The disease makes its appearance in several different ways, that is, according to where the agent sets up in the body. If the causative agent starts in the eye, that is where you will see its outward appearance; that is, the grey eye from range paralysis. The pigment of the iris immediately around the pupil fades out from the original reddish bay color to a jagged grey (jagged). Be careful about culling young birds before they are in production because their eyes are normally of a grey color.

Another form which exhibits itself of course, is the paralytic form which affects either the wings or legs, causing the bird to be lame, from which the disease derives its common name "range paralysis." This name is somewhat a misnomer, because there are other forms of it that do not produce a paralytic condition.

Since the disease within itself is a form of a tumor, you will sometimes find birds that are just fading away, that is, rapid emaciation with diarrhea, and upon autopsy the body cavity will be filled with cauliflower-like tumors varying in size from pin point to the size of walnuts or larger. They will be found all up and down the intestines and on the ovaries and liver.

Occasionally the disease takes the form of what is called the big liver disease. That is where you usually have sudden death — no other symptoms, and on autopsy the whole abdominal cavity is filled with a greatly enlarged, darkened, crumbly liver. Sometimes we run into another form which is called osteo-petrosis (enlargement of the bones.) This usually affects the shanks and causes them to become greatly distorted in size, being three or four times as large as they should be. The shanks will be hard and will not show any signs of pus or other fluids.

As we stated before there is no treatment for the disease, but we can make some recommendations, that probably will help. One, keep down external parasites through a good program of sanitation and spraying with carbolineum one part and kerosene four or five parts. Two, if possible, prevent the introduction of young pullets into the same houses with old birds. If this is not possible, then before putting these young pullets in the house with older birds, do a thorough culling of these birds and take out all the light weight, emaciated, crippled and grey eyed birds. It is believed that by keeping the birds away from the nightly droppings by use of screened droppings pits or boards, the spread of the disease will be slowed.

Birds showing the grey eye form should be looked for daily and removed. Many of such birds

are edible or can be sold, provided they are found before too much weight is lost.

In purchasing replacement stock, inquire as to how much of this disease is present in the flock that produced the eggs.

This disease can be greatly reduced by daily culling and a good sanitation program. Birds once affected with any form of leucosis never recover — so remove them early and save feed, many and labor.

Production Contest

Planned by Howard County Victory Council and approved by Big Spring Chamber of Commerce.

The aim of this contest is that every farm in Howard county produce adequate supply of certain foods for the home table. The kinds of food will include milk and butter; meat and lard; chickens and eggs, and fresh and canned vegetables.

According to the tentative plans that have been made, each farm would receive a score in the percentage it makes of perfection in its food supply. The farm in each community that makes the highest score would be honored at a community food exhibit in a county wide food exhibit to be held in Big Spring in late summer or early fall.

Another aim of the contest is to develop community leadership in this part of the contest suitable medals would go to the best leader of each community.

Then there will be the contest between communities. This would be decided by food exhibits from the communities, and the leadership and cooperation shown by people of the communities in food production.

Big Spring Chamber of Commerce has agreed to sponsor the food exhibit next fall. The plan provides for community booths to feature food produced in the community and in its leading farm. Suitable prizes would be offered for both the community exhibit, and its best farm.

'Any Rags Today?' Is Cry Of Gov't.

AUSTIN, April 20 (AP)—Rags, rags, any rags today? The familiar cry of the old peddler is now a war-time appeal from the government.

A. Patrick Flood, state salvage manager, has issued a call to all housewives to round up all the old rags, bits of wool felt, busap bags and ends of manila rope, which they turn up in their spring house-cleaning.

Rags are needed by both the army and navy as well as war plants, said Flood and now is the time for housewives to put them to good use in helping win the war, by turning them in to their local salvage station.

The smelt, a fish common to Lake Michigan, disappeared mysteriously from those waters in the winter of 1943.

Fighter Pilots Fined For Minor Offenses

By WILLIAM L. WORDEN (Substituting for Hal Boyle)

ABOARD AN AIRCRAFT CARRIER IN THE SOUTHWEST PACIFIC, March 23 (AP)—A "wave-off" costs a fighter pilot on this ship 50 cents.

A "wave-off," the signal of the deck officer guiding a pilot to a landing that his approach is unsatisfactory. The pilot is waved away from the ship and must start approaching all over again.

The ship is levered by the fighter squadron, which also has an involved set of financial penalties for pilots who cut into the traffic circle of planes while awaiting orders to land, for those who overshoot slightly on landings and run into deck barriers and even for those who have serious accidents in taking off or landing.

One pilot, who turned a plane on its back on the deck a few days

ago, escaped with only a sprained finger. But his squadron mates, in solemn session, assessed him four dollars in fines, which hurt him worse than the finger.

Terminology used by the people talking over the ship's loud-speakers is a strange mixture of very modern instructions, high-flown official language and traditional phrases.

Oddest and most common of all is the order about smoking. Today this has been repeated over and over aboard this vessel during a fueling operation. "The smoking lamp is out throughout the ship."

The Navy, officially, ignores the grammatical oddity and also that there has been no such thing as a smoking lamp on a warship since the days when matches were so scarce that sailors seldom had them and a flickering lamp actually was kept somewhere below decks so that men could light their pipes from it.

Luxurious life note: The orders of the day invite all officers and men to join daily sunbathing. The purpose is to lessen danger of extreme sunburn when they have to stay out all day in battle, and to combat tropical skin rashes.

There are 55 separate American Indian languages and many dialects.

She Deserved It

NEW YORK, (AP)—A Bronx woman had a tiff with her husband, ran to the street and turned in a fire alarm to get help.

She got plenty—three engines, two hook and ladder companies, two battalion chiefs, a deputy chief and three police prowl cars.

In court later, she paid a \$25 fine for turning in a false alarm.

There are 679 windows in the capitol at Washington.

A Test For Education

It is no test of a man's education that he has been to this school or that, or even that he studied under any great teacher.

Pres. Arthur C. Williams of the University of Illinois suggests a five-point guide for identifying an educated man. Here are the points:

- 1. Ability to use and understand his native tongue in speech and writing, in order to convey his ideas and thoughts clearly and effectively to others.
2. Ability to judge, compare, evaluate—in short to criticize objectively—the ideas, thoughts and conceptions of other men, and to engage in creative thinking for himself.
3. Knowledge of men and their affairs.
4. Knowledge of the physical world and the universe in which he lives.
5. Knowledge of a profession or a vocation for the purpose of earning a living.

Refreshing View

Not long ago William M. Jeffers, former director of the synthetic rubber program, said that synthetic rubber is now about on schedule, that absolutely essential civilian needs are being met; that we will be able to produce synthetic rubber for our needs and be able to dictate to producers of natural rubber in the future what the price shall be.

Discounting that Mr. Jeffers naturally would give his prodigy a pat on the head, it is still refreshing to hear someone pronounce a "sequacy" instead of shortage. While there have been serious delays in the program, particularly in the petroleum field, the over-all rubber picture is such that considerable credence must be given Mr. Jeffers report.

If it is so that our program is beginning to hit high gear, then there is no point in constantly crying "shortage" as a feeble means of frightening the public into being war-conscious. It is better to remind them that having the program on schedule does not mean that the market will be flooded with new tires, but simply that essential users will be taken care of promptly. It also might be well from time to time to remind users of tires that synthetic rubber is nothing more than a plastic and not rubber at all, and that the rubber industry still has a tremendous research job ahead of it yet before the substitutes behaviour can be accurately predicted.

Capital Comment—

Gossett Scores Two-Thirds Rule

WASHINGTON—There is the usual let down in Washington as the result of President Roosevelt's absence from the city.

"Col. James Roosevelt Arrives in Capital" announces local paper in headline. Names are often news. Hundreds of colonels arrive in capital every day without even being mentioned in the newspapers.

To prove the point, another headline on a dispatch from Laguna Beach, Calif., says: "Mrs. Jimmy Roosevelt Tagged for Fast Driving." Hundreds of wives of colonels and lieutenant colonels get tagged for fast driving without attracting national notice.

Former Chief Justice Charles Evans Hughes and his wife took a stroll down Connecticut Avenue recently, which was Mr. Hughes' 82nd birthday. The former chief justice is one of the few great figures left in this country who wear sizeable whiskers.

Cong. Ed Gossett of Wichita Falls, just back from a visit to his district, thinks that all the talk and investigation about post-war will come to exactly nothing unless and until the constitutional provision requiring a two-thirds vote in the senate to ratify treaties is changed.

"This Congress in effect has no voice now whatsoever concerning international dealings and more and more in the future will be inept and impotent in these matters. The constitutional provision as to a two-thirds vote in the Senate is an obstacle to congressional expression, it handicaps this country in the administration of international affairs," says Ed.

"Let us remove this stump upon which our international affairs

The War Today

by DeWitt Mackenzie Associated Press War Analyst

Pierre Laval, chief of the French Vichy government, has issued a panicky warning to his countrymen not to cooperate with the invading armies.

Said he: chutists will be dropped over France x x x they chutists will be dropped over France x x x they will seek the cooperation of French partisans, and civil war will break out in France x x x for months I have worried about the possibility of a landing."

No wonder Laval has worried for months. This man who has played the Nazi game, and even sent thousands of his own people into slavery in Germany, knows that if bloody reprisals do start he will be one of the first the loyalists will try to hunt down.

Who's going to retrain the forces of vengeance in the early days of the invasion? There are said to be hundreds of thousands in the underground army of French loyalists. Many of them are armed despite the fierceness of the Nazi gestapo punishment for possession of weapons.

The loyalists are likely to start operating in the interior of France as soon as the invasion gets under way. They will strike where they can at both Germans and Hitlerite sympathizers. The main Allied forces won't be there to prevent civil strife, even if there are parachute troops as Laval expects.

That's the grim problem which our General Eisenhower, as Allied commander in chief, will be up against. Obviously he can be sure of controlling only the territory in which he actually has troops. The German military will be too busy standing off the invasion to find much time to deal with warfare among Frenchmen.

Thus far the underground army is said to have obeyed instructions from the Allies and the French Committee of National Liberation. Once the lid is off, however, passions will run high and all the pent up hatred of nearly five years of Nazi brutality will be let loose. That's why Laval's shrewd political mind foresees civil war.

Back from the factory and shipyards, Rosie will adore the post-war kitchen. As revealed in the sketches it seems to have everything but a punch press for doughnut making—Detroit News.

It's hard to see how some of the candidates find time to do any campaigning—they're so busy talking.

Among the synthetics the world could get along with less of we might list radio applause.

A headline says gun-toting is on the increase. Lots of room on the hip where we used to carry billfolds, or something else.

editor of the farm letter called "The Spade" when he was inducted. The card was postmarked Anniston, Ala.

Cong. Lindley Beekworth of Gladewater, calling attention to federal funds for farm-labor purposes, fears "that not enough consideration has yet been given to the plight of small family-sized farmers who have been employing one, two, or three farm hands in their annual agricultural operations."

Capt. D. B. Hardeman dropped in for a visit this afternoon. When I think of D. B. I also always think of Alex Lewis. He says Alex is now a captain in the Air Corps in Italy. Alex was born and reared in Austin, graduated from the university the same year D. B. did. Alex left the Daily Texan to edit a trade journal.

And Nothing Can Be Done About It

Hollywood—Movie Producers Have Jitters

By ROBBIN COONS HOLLYWOOD—Those studio gentlemen with the jitters and the harassed countenances, children, are producers. Those others with the shakes are casting directors. All of them have been reading about Uncle Sam's turning a speculative eye on the 4-F's.

Not so long ago these same gentlemen were moaning because, even in peacetime, they hadn't enough leading men to go around. With the war they moaned higher—the Gables, the Taylors, the Jimmy Stewarts were going, going, gone. They would have to depend on married men with children, on men over 38, on 4-F's. When Uncle called for the pre-Paris Harbor papas, the waiting rose anew. They built up a backlog of nice, well-preserved, presentable 4-F's. (Samples: Sonny Tufts, Gregory Peck, William Eythe, John Hodiak, Peter Coe.)

Take away the 4-F's, and subject the "over 38's" to call for labor battalions as some in Washington talked of doing, and Hollywood would be making (1) all-woman pictures, or (2) pictures about granddaddies (Lewis Stone, Lionel Barrymore, Wally Berry) and little girls. . . .

Quote: Lane Turner on her motherhood — "The studio was worried, and I thought about it a lot too, what effect the baby might have on my career. But the

Washington—Tho Retired, Michelson Still Writes

By JACK STINNETT WASHINGTON—On the eve of almost certain bid for a fourth term, I doubt if there is any one who has written, without rancor, but with more complete frankness about President Roosevelt than Charles Michelson.

Since Michelson was for 12 years publicity director for the democratic national committee, and most of that time was on the fringe of the "inner circle," this might seem surprising, but not if you know Charlie.

He retired last year of his own volition to make way for younger men, more able physically to stand up to the rough and tumble of national politics. He spends his leisure now playing dominoes with the boys in the back room" at the National Press Club. Except for an understanding party loyalty, his days of grinding the democratic axe are over, but no man to whom writing has been second nature for more than 40 years can quit the habit.

His article last month in the American Magazine on the president was a frank appraisal of a man whom he knows well and with whom he has been associated for years. His follow-up article on "The President's Palace Favorites" is even more revealing.

Michelson tells for the first time, so far as I know, the influence that Col. Edward M. House, that shadowy in-and-outer of President Wilson's administration, had in shaping the New Deal. Here is something for the historians to play with and it's certain to lead to an unearthing of Col. House's anonymous novel, "Philip Dru: Administrator," which, written in 1911, startlingly parallels the New Deal political and social philosophies.

He also sketches briefly but revealingly the feud between former Undersecretary of State Sumner Welles and Cordell Hull that finally forced the former's resignation, and verifies something that I wrote in this column at the time: That it was the fundamental differences in the two men that led to the break and not any minor squabble over our policies toward Russia, or England, or any one else.

He emphasizes another point that is interesting: that Bernard Baruch, now special adviser to the Director of War Mobilization, could have had, on a number of occasions, and probably could even have no many cabinet posts he asked for, but that being "as canny as he is wise," has known that he can do more good on the outside than mixed too closely with the "Palace Guard."

Michelson scores a half dozen other points: why Dr. Stanley High was ousted from the inner circle; the part Raymond Moley played in shaping the New Deal; what happened to "Tommy the Cork" Corcoran; how Harry Hopkins pulled a political boner that has kept him in hot water with administration opponents ever since.

There's much more and if there isn't much that most good Washington reporters haven't suspected all along, there is quite a bit that demanded more than suspension to put down in black and white.

Charlie Michelson is doing one of his best services to the public right now in blowing away some of the clouds that hide the facts about the administrative branch of government and its politics. Hope he will extend these necessarily limited efforts into full-length memoirs.

Trigger-Quick House Committee Wants To Save Guayule Program

By TEX EASLEY WASHINGTON, April 19 (AP)—Members of a house committee, faced with a congressional ethics barrier, are wondering how to proceed to get the senate to save the \$30,000,000 guayule rubber program from liquidation.

In an economy mood, the house put into the new agriculture department appropriation bill a \$3,000,000 item to close out the war-born undertaking.

Since then the special house committee investigating the guayule program made a tour of production areas in the southwest—principally Texas and California—and returned convinced that rather than abandon it congress should add a couple of million dollars to permit its continuation for another year.

"Certainly we're convinced it would be a tragic mistake to liquidate the program now," commented Rep. Poage (D-Tex), the committee chairman. "But that's exactly what is going to happen unless the senate saves it."

"It is not for us to tell the senate what it should do, however, and we don't intend to do so."

"The point is, we have investigated this matter thoroughly since our own house appropriations committee voted, by a 4 to 3 vote I understand, to abandon the program. I believe the house now would vote to continue the program if it had a chance at this time."

Just how to go about letting the senate appropriations committee, which now has the bill under study, know all the facts has Poage stumped.

Evidence obtained by the committee during its western trip indicated guayule could be grown profitably in this country if the rubber sold at 30 cents a pound, Poage said, and some witnesses believed 20 cents would be sufficient.

Large areas of South and West Texas are particularly suited to guayule production, said Poage, and on test plots grown under the federal experimental program two-year old shrubs were found to have the same rubber content as three-year old plants from the old intercontinental Rubber company sources in California.

County Men Are Reclassified

Most of the group was reclassified 1-A or 4-F in the new classification list announced today at Howard county selective service headquarters.

The list follows: 1-A—Fadrigue A. Hernandez, Edgar L. Stephens, Coleman C. Draper, Oscar T. Tate, Pete B. Reeves, Willie W. Patterson, Raymond S. Sylvester, Alvin J. Bearden, Charles C. Brewer, Glenn T. Guthrie, Perry D. White, Clyde G. Barron, Federico S. Ramirez and William C. Bostick, fathers; Raymond O. Plunkett, James W. Noble, John A. Marshall, John V. Cherry, E. J. Tatum, Duin T. Spain, Jr., Steven F. Baker and Truman F. Dennis, non-fathers.

1-C—W. H. Perry, John B. Brown and Burt Williams. 4-F—Eldon O. Harrell, Chester H. Rudd, Earnest Moser, Edwin Etheridge, Augustus D. Rosser, Gregorio Bonilla, Miguel Jure, Antecio R. Fierro, Porfirio V. Fierro, Tomas Valles, Herman R. Pickle, Pedro V. Diaz, Lloyd L. Butler, Glendon C. Brown, Jerry B. Bucher, George O. Tillinghast, James H. Wilkerson, J. R. Tex Williams, Rube C. Baker, Lonnie M. Gary, Jr., Tommie B. Ulmer, Ora L. Harrington, Jack D. Grant, J. A. Smith and Blas V. Armentad.

1-A-L—Aubrey Jones, Wilbur H. Armistead, Gattis L. Barnard, Benjamin L. Long, Chester D. Robinson, Leroy A. Scott, William D. Ferguson and W. L. Wilson, Jr. 1-H—Pedro S. Enriquez. 2-C—L. B. Thomas, Carl D. Reid, Preston M. Denton, William L. Gaskins and Herbert E. Keune.

Courtney's Troop Gets Honor Award

Troop No. 18 of Courtney won the court of honor banner at Stanton Tuesday evening as second class awards went to 12 Boy Scouts.

The court was the first of the regular monthly series which will be held in the western half of the district for Stanton, Courtney and Lenora troops, and was presided over by Horace Blocker, chairman. Next court is May 23 at Courtney.

Second class awards went to Charles Pinkerton, Carl Bankston, Jimmy Everett of troop No. 14 (Stanton), Billy Jay Smith, Jackie Wise, J. W. Graham, Tony Roberts, Doyle Hale, Taylor Cross, Glenn Stewart, Troy Alcorn, Jimmie Glaspe of No. 18 (Courtney). Five scouts from Lenora under Grover Springer, 22 from Stanton and 12 from Courtney under J. W. Graham and Bobby Davenport participated.

Vermont was once claimed by Both New York and New Hampshire.

Maryland Drydock company ship-

yards. The freighter, coming into the field Shipyard, Inc., where the injured were taken, reported that of those hurt, three had broken backs. A number of others were cut by flying glass.

The freighter plowed between 15 and 20 feet into the side of the ferry, which was jammed with workers on their way to their jobs at the Bethlehem-Fairfield and

harbor, struck the ferry boat. A

coast guard picket boat which was following the freighter aided in getting the injured to shore.

The cymbal is the oldest known

musical instrument made of brass, and was used as early as 1047 B. C.

Solons Have Bear By Tail In Prices

By JAMES MARLOW and GEORGE ZIELKH

WASHINGTON, April 20 (AP)—Congress has a bear by the tail. It almost certainly won't let go. Not altogether.

The OPA and government controls over rationing, prices, rents and wages stem from a law which expires June 30. It is the law to keep living costs steady.

Congress now is engaged in determining whether to renew the law. It is unlikely that the law will not be renewed in some way.

Without controls—when things to buy are scarce and money is plentiful—there'd be a free-for-all.

But renewed how? If price controls are lifted, some businessmen might sigh with relief but labor would scream. If wages are permitted to rise, business would scream.

Labor has taken its stand before the senate banking committee which is considering legislation to renew the law. Labor wants price controls continued.

Also: Labor says prices already have risen out of line with wages and so it wants wages upped.

This is not a new cry from labor. Labor has been fighting for wage increases for months and this is the way it reasons:

The government's bureau of labor statistics (BLS) monthly compiles a living cost index. The index says living costs have risen 23 per cent since January, 1941.

The War Labor Board (WLB) which controls wages has taken that index as a measuring stick for keeping wages in line with living costs.

About 18 months ago—when living costs were only 17 per cent higher than January, 1941—the index could be raised 15 percent over what they were January, 1941, but no more.

It has stuck to that policy—called the "Little Steel" formula because the WLB was dealing with steelworkers' demands at the time—although the BLS index shows living costs now are 23 percent higher than January, 1941.

Labor snickers at the index, calls the WLB halter on wages the "big steel" formula, and says living costs are really 43 1-2 percent higher than January 1, 1941, and

Texas Army Nurse Rests At Home After Dodging Germans In Albania

DALLAS, April 19 (AP)—A tanned and Titian-haired army nurse, Second Lt. Ava Ann Maness, was taking it easy at her Bonham, Texas home today after four months of dodging Nazis in German-held Albania.

The tall, 32-year-old lieutenant looked fit when she landed at Love Field airport here yesterday, in spite of the nerve-racking experiences she had undergone in Europe. She was one of a group of 13 nurses, 15 enlisted men and two air officers to get back to Allied soil after losing their way in bad weather and landing deep in Albania last Nov. 8 while on a routine flight from Sicily to Italy. Lieutenant Maness and two other nurses became separated from the others. They hoofed it across snow-covered Albanian mountain ranges to get out.

"I'm so glad to be back," Lieutenant Maness said, smiling happily at her family who had come to the airport to meet her. The family included her tall, lean father, John H. Maness, who has his home in Bonham but who is now working as a carpenter for a trailer manufacturing company in Dallas; her step-mother, Mrs. John H. Maness; her brother, six-foot three-inch Don Maness, 17, of Bonham who has his eye out for a berth in the army air forces and her aunt, Mrs. J. M. Caviness of Paris, Texas.

"She always was adventurous," Maness said of her daughter. "She used to ride horseback and liked to jump her pony over paper bonfires. I guess she got plenty of adventure in Europe."

"Nothing ever bothered her," Mrs. Maness remembered. "She always was as calm as a post."

Lieutenant Maness probably needed steady nerves in her flight her two companions were only minutes ahead of the Germans. Another time they crossed a mountain range during a snowstorm.

For a long time they were hidden in the home of a friendly Albanian family. They played three-handed bridge, smoked Albanian cigarettes, ate rice, figs, spinach, mutton, chicken, turkey and water buffalo. They drank vermouth and goats milk.

"I even gained weight," Lieutenant Maness said.

An Albanian messenger put Allied authorities in touch with the nurses. Instructions were sent and the Texas girl and her companions followed them to the letter, setting out on foot for a designated point. When they reached it they looked for a man who would answer their sign with the correct counter-sign. They found him. And in a matter of a few days they were back in Allied hands. Then they were granted special leaves.

Lieutenant Maness is a native of Honey Grove, Fannin county, Texas, and later lived at Paris. She is a graduate of Roston, Texas, high school; John Tarleton College at Stephenville and Paris Sanitarium Nursing School, Paris. She was formerly employed at Northwestern Hospital, Amarillo, Texas, and received her army training at Lubbock army air field and Bowman Field, Ky.

She has a sister, Doris Maness, 26, also a nurse, at a Base Hospital in Persia; a brother Jim Maness, who is employed in the construction of a pipeline in Persia; another brother, John H. Maness, Jr., who works for the Brown and Root Construction company at Houston, Texas, and a third brother, Sgt. H. G. Maness, a mechanic in the army air force, who is stationed somewhere in the Pacific area.

"My family," John Maness Sr., smiled, "is getting around."

Young Frick Trains At Sheppard Field

WICHITA FALLS, April 20 (AP)—Private Frederick C. Frick, 26, son of National League President Ford Frick, has started basic training at Sheppard Field with the desire to be an air force gunner.

"I want to get back to the battlefield," said Frick, who served two years with the Office of War Information in North Africa and London. He entered the air forces last March 15.

Frick likes baseball but admits golf is his favorite sport.

Poll Tax Is For Revenue Ends

AUSTIN, April 20 (AP)—The attorney general's department reminded yesterday in an opinion that the poll tax is a head tax levied and collected for revenue purposes.

Nowhere does the law predicate liability for the tax upon the question whether the person against whom it is levied is a qualified voter, the opinion added.

The specific question answered in the affirmative by the opinion, sought by Criminal District Attorney John R. Shook of Bexar county, was whether the tax should be collected after January 31 of each year.

It concluded: "x x x the tax collector is not only authorized but it is his duty to collect a poll tax from every person between the ages of 21 and 60 years, not otherwise specifically exempt under the statutes, residents of his county on the first day of January preceding the due date of October 1 whether paid before February 1, the date they become delinquent, or thereafter, when paid to issue a receipt therefor."

However, it was pointed out, that on receipts issued after January 31 the collector should stamp "holder not eligible to vote."

The Army's first plane was flown by Orville Wright in 1908.
