### WINNERS IN FLOWER SHOW ANNOUNCED BY SPONSORS

#### J. & W. Fisher's "Today And Yesterday" Win- dow Attracts Much Attention; P-T. A. Ex- hibit Given First Prize

Above is KENNETH McCOLLOUGH, of Clovis, N. M., who performs equally well on the clarinet and saxophone. He has been with Cowboy Bands two years and featured in various solo num-

Prizes in the annual flower show exhibit of the City Federation in which windows of the downtown business houses were decorated as a part of the air fete decorations, were awarded Wednesday evening following a tour of the exhibits conducted by Mrs. Ira Driver, chairman of the flower show committee.

The P-T. A. display in the window of the Grissom-Robertson store was awarded first prize for originality of design; the J. and W. Fisher Department store exhibit won second place with its "Yesterday and Today" theme while the Spanish patio in the Wolcott Motor Company arranged by Mrs. J. M. Morgan won third. Honorable mention was afforded the Elmo Wasson store and the Hely-Scify store.

Mrs. W. R. Douglas headed the committee which arranged the winning display. Among the windows receiving a great deal of comment is the "Today" and "Yesterday" window of the J. and W. Fisher Department Store. In this exhibit comparison is made between West Texas as it was in the past, a cleverly erected pasture scene with grazing cattle and an adobe hut and wandering blanketed Indians, as opposed to the West Texas of today, portrayed by a modern home surrounded by a flower garden. This display was arranged by Mesdames Joe Fisher and Bernard Fisher.

Another window which has received a great deal of attention is that of the Elmo Wasson's Store For Men. This exhibit is made up of a wealth of exceptionally attractive and unusual flowers, potted plants predominating. Mrs. Elmo Wasson supervised the arrangement of this display. "The Rock Garden" is the name of the display in the windows of the Grand Leader. A large ship is mirrored in a pool, and yields place to the more modern transportation device, the airplane.

### ALLISON LOSES NET BOUT TO MERCUR

FOREST HILLS, Sept. 12 (AP)—Fritz Mercur, of Bethlehem, Pa., gained the semi-final round of the national tennis singles championship today, ruining the hopes of Wilmer Allison, the fighting Texan, by scores of 8-6, 10-8, 6-4, in the quarter-final.

Allison, conqueror of George Lott two days before, struck Mercur on one of those days when the Pennsylvanian was at the peak of his brilliant game. On the defensive from start to finish, the Texan could not cope with the subtle and searching attack with Mercur focused upon him.

Francis T. Hunter, the study, 30-year-old internationalist from New Rochelle, qualified to meet Mercur in the semi-finals tomorrow by out-standing Richard N. Williams, 2nd of Philadelphia, champion 13 years ago, and winning 6-0, 6-3, 3-1.

No airport in West Texas between Fort Worth and El Paso ranks with that opened by fitting ceremonies and celebration in Big Spring Wednesday and Thursday. Equipment and facilities at the Big Spring airport exceed those appointments in any air terminal between the two extremes of West Texas. Big Spring does not boast the first airports for Midland, Abilene, San Angelo, Sweetwater, and Snyder celebrated their airport openings before Big Spring finally completed its gift to aviation. Not first, but best has been Big Spring's motto in development of aviation. At the Big Spring flying field, there is now completed and in use, two hangars, a machine shop, beacon light, rapid refueling equipment, flood lights, and boundary

### AN EXAMPLE OF BIG SPRING AIR-MINDEDNESS

L. F. ("SCOTTY") McKay, of Big Spring, goes for his second aerial ride in thirty-six years. This retired railroad engineer, who has been in the employ of the Texas & Pacific Railroad since 1881, saw the first train come into Big Spring the next year, and now with all the enthusiasm in the town about the airport opening, he decided to go riding in an airplane. Although this was his first plane ride, he rode with Donaldson in his balloon at the World's Fair in Chicago in 1893 the last trip the balloon made aloft before it was blown out over Lake Michigan and lost. Mr. McKay is shown handing his ticket to Howard Woodall, one of the Southern Air Transport System pilots here.

### Luncheon Clubs Meet

#### ROTARIANS HEAR MUSIC

Congratulations On City's Airport Heard At Meeting

Music by a trumpet quartet from the Cowboy Band of Simmons University and the introduction of guests in Big Spring for the Airport Celebration featured the luncheon of the Rotary Club today.

C. T. Watson, secretary of the Chamber of Commerce and chairman of the Vocational Service Committee of the club, was in charge of the program. He read telegrams from Ollie Webb, assistant to the president of the Texas and Pacific Railway, expressing regret that he could not be present for the airport dedication ceremonies. A similar telegram of regret from J. W. Carpenter, president of the Texas Electric Service Co., was read. Both of these gentlemen expressed their congratulations to Big Spring for its progressive spirit in community matters.

"Gib" Sanlefer, member of the Abilene Rotary Club and in charge of the Cowboy Band, told of the pleasure of the band at being in Big Spring and introduced a trumpet quartet from the band which played the "Sweetheart of Sigma Chi."

Greetings to Big Spring and congratulations upon the completion of the airport were expressed by the following guests: W. R. Bradford, of the Fairchild Aircraft Corp., Dallas; Miss Helen Hubbard Swift

(Continued on Page Six)

#### CALIFORNIA MAN TALKS

Standard Air Lines Traffic Manager Commends City

J. T. Whitlaw of Los Angeles, Calif., traffic manager of the Standard Air Lines, Inc., was principal speaker at the meeting of the Lions club held at noon Thursday in the basement of the First Christian church.

Mr. Whitlaw, a guest at the air fete here, spoke on the prospects for aviation, stating that aviation is not a coming thing; it is here. The speaker commended Big Spring on the vision in placing itself in a position to be among the first cities when air mail routes will be established. Big Spring is on a direct line with other West Texas towns in the transcontinental air route, a fact that will mean immeasurable advantage to the city, the speaker pointed out.

Mr. Whitlaw expressed himself as being struck by the large Big Spring airport, which is sufficient large to accommodate the largest airlines.

A number of visitors were guests of club members at luncheon. Visiting Lions were also in attendance.

Entertainment numbers were given by the Lions Orchestra, recently organized. The orchestra is made up of R. D. Kuykendall, director, Newt S. Jennings, Otto Schick, Mrs. Morgan Martin, Cecil Floyd, Roy Hester, Ethel Vandergriff, Pete Sellers, T. J. Wheeler, H. Blakledge, Rainwater, Walter Deata Jr. and Mike Gillespie.

Mr. Jennings had charge of the program while Cecil Collins, president, presided at the meeting.

### DEFUNCT BANK RECORDS SENT TO NEW YORK

DENVER, Sept. 12 (AP)—Transportation to New York of all the records of the bank of Telluride in connection with the federal investigation of C. D. Waggoner's half million dollar swindle was arranged today by federal officers here.

### Diebolt Heiress Shot By Gardner

CLEVELAND, Ohio, Sept. 12 (AP)—Mrs. Barbara Diebolt, 62, heiress of the Diebolt brewing fortune, was shot and killed at her Euclid village home today by a gardener angered because he had been dismissed, police said.

#### KIWANIANS HEAR OWEN

Scholarship Presented To Miss Lawley; Metcalfe Speaks

Presentation to Miss Opal Lawley, Big Spring high school graduate of last spring, of the club's scholarship, with a club pin signifying its interest in her college career featured Thursday's luncheon of the Kiwanis club at the Methodist church. The presentation was made in an address by Rev. R. L. Owen, club secretary.

Among the many visitors who were heard were Leona B. Metcalfe of San Angelo, representing this district in the house of representatives; Miss Mabel Gouldy, staff correspondent of the Fort Worth Star-Telegram; Mrs. Mamie O'Neal, representing the Fort Worth Press, and Miss Mildred Gardner, "Duchess of Fort Worth," who is secretary to the general manager of the Southern Air Transport system.

Little Miss Wilsford scored a hit with the club men in two individual songs. The assembly, led by E. J. T. Ennis, sang "The Eyes of Texas" and "Kiwanis Builders."

It was announced that the club will sponsor Boy Scout Troop No. 3, of which Rev. Owen is scoutmaster.

On motion of Garland Woodward, President,illard was authorized to appoint a committee of five to take charge of a Christmas tree for poor children of the county during the holidays.

### MOTHER OF ELEVEN DIES HERE OF MOTOR ACCIDENT INJURIES SUFFERED ON VACATION TOUR

Victim of an accident that occurred while she was en route with her husband and a younger child for a vacation in New Mexico, Mrs. Josephine Hill, 47, mother of eleven children, died in a local hospital late Tuesday. Enroute ten days ago from her home in Alexandria, La., where burial will be made, Mrs. Hill jumped from the family car when a fire was discovered in the machine. In her excitement she stepped from the running board before the car was stopped and suffered a fractured skull in the fall. She was brought here by a motor bus and rushed from the bus station to a hospital in an ambulance from the Eberly funeral home, which prepared the body for burial. The accident occurred between Big Spring

### CITY'S RECORD CROWD GATHERS SECOND DAY OF CELEBRATION

#### Army Aviators Maneuver Before Returning To Kelly Field; Additional Ships On Field; Aviation Leaders Heard

The Spirit of an empire was depicted in Big Spring this morning before the eyes of more than 15,000 persons, gathered from every nook of that empire. The evolution of transportation which has progressed in West Texas from the Indian brave's barebacked pony to the airplane in fewer years than in any other section of the country marched in the feature parade of the Air Fete over a three-mile route in the business district—represented by replicas of the various methods West Texans have used to save time and expense in transporting themselves, the products of their farms and ranches and the merchandise they have purchased.

Automobiles were parked solidly along both sides of Runnels street before the parade. The parade route was lined with spectators. The parade marched first. People jammed the sidewalks and overflowed into the streets, leaving only a narrow lane for the parade. The route covered a total of thirty blocks through a crowd that set a record for the city.

### PIONEER'S FUNERAL TO BE HELD

#### C. R. Marchbanks Dies Of Heart Disease; Burial Saturday

Funeral services for Cumling Robertson Marchbanks, 71, resident of the Morgan school community of Howard county for 23 years, who died unexpectedly of heart disease at 7 o'clock Wednesday evening while assisting in caring for stock in the barnyard of his farm home, will be held from the Methodist church at 3 p. m. Saturday with Rev. W. G. Bailey officiating. Mrs. Charles Morris will have charge of the service.

Mr. Marchbanks, head of one of the most favorably known pioneer families of the county, married Miss Molly Jones December 1, 1883. They were wed 46 years. He was a native Texan, born in Tarrant county, and a member of the Methodist church 46 years. He has been in ill health two years.

He is survived by his widow and the following children: Mrs. C. R. Marchbanks, Big Spring; J. W. Marchbanks, Big Spring; R. C. Marchbanks, Wink; Mrs. Bertha Buchanan, Big Spring; F. C. and L. B. Marchbanks of the home and Mrs. Edna Martin of Horton, Kansas. All of the children, with the families, will attend the funeral.

Eight grandchildren, four boys and four girls, also survive him. They are Louise Barbee, Guy Wallace, Pearl Marchbanks, Japette Marchbanks, Gordon Buchanan, Jr., Melburn Buchanan and Chris and Dora Martin.

Three sisters, Mesdames M. Churchwell and Mandy Churry of Cleburne and Mrs. Jane Farris of Huntsville may not be able to attend the funeral. A brother, R. P. Marchbanks, and family, of Big Spring and two out-of-town brothers, A. C. Marchbanks and A. Marchbanks also survive.

### PYTHIAN SISTER OFFICER COMING

Mrs. Fannie Sue Gordon of Fort Worth, district deputy of Pythian Sisters, will be here Friday to assist in reorganizing the local Temple of that order.

All Pythian sisters are asked to meet her at the Odd Fellows hall at 2 p. m. or 7:30 p. m. Friday.

### Next Monday Afternoon

The Herald's FREE Cooking School starts. There will be lectures each afternoon for five days by Mrs. Myra Oliver Dougan, national cooking expert.

Make your plans now to attend each of Mrs. Dougan's lectures in the basement of the Methodist Church. Interesting! Instructive!

Attend The Herald's FREE Cooking School

### PROTECTING THE CAPITOL

The Travis county courthouse and jail rest on ground leased from the state over fifty five years ago, for a period of 99 years. Travis county commissioners plan a new courthouse of six stories, to cost several hundred thousand dollars, the new structure to occupy the site of the old.

Governor Moody has instructed the attorney general to see if something can't be done to prevent Travis county from constructing such a building on the site proposed, on the ground that it would detract from the appearance of the state Capitol—being, in a sense, right in the front entrance of the magnificent structure which cost about three million acres of West Texas land.

The governor's position is well taken. The people of Texas do not want their capitol grounds cluttered up with other buildings—especially when it is proposed to place such buildings on land belonging to the state, under lease or otherwise. If worst came to worst, they would favor the bill by Senator Hornsby of Austin, proposing that the state pay Travis county \$40,000 for its old courthouse and relinquishment of the lease.

The old capitol may be out of date architecturally and it may need a million or two dollars worth of repairs on it, but it is still one of the world's largest and finest structures. It is too fine a building to be ruined by the encroachment of other structures.

It is to be hoped the present difficulty is settled so that the grounds around the capitol may be kept open to the view of admiring Texans.

### ALTERNATE JURORS

Ohio justice was severely criticized in the Remus case, but apparently the Ohio judicial system has some commendable features after all. During the trial of Dr. Snook one of the jurors became ill and went to the hospital, but the trial did not halt. An alternate juror who had been sworn in along with the other 12 took his place and the trial proceeded.

Down in North Carolina the other day the trial of 16 rioters accused of killing a police chief came to a sudden halt when one of the twelve jurors went violently insane. There was nothing for the court to do but declare a mistrial and start all over again. An alternate juror system would have saved the state a lot of money in that case.

Texas might look into the Ohio plan. Many trials in this state are ended suddenly because of illness among the jurors.

When newspaper cameramen sought to photograph the ruins of the T.A.T. airliner on Mount Taylor in New Mexico, their cameras were smashed. The reaction of one Texas newspaper man was immediate. He bundled up all publicity material sent out gratis by the air transport company, enclosed a clipping concerning the camera-smashing incident, and mailed it back to the firm's publicity headquarters. Eloquent gesture, what? A good many

people think the newspaper should present only the pleasant facts of life, and one of the first to resent an effort to present news that may be unfavorable is the free-space grabber.

It may be years before the world will be able to make practical use of such a dizzy speed as 332 miles per hour, established last week on a triangular course 249 miles long by a British seaplane. Indeed, it is doubtful if such a speed could ever be put to practical use, though that is a matter for the experts to decide. The point is that the British pilot maintained that speed over a course 249 miles long. At times on the straight stretches his ship hurtled through space at the rate of 350 miles per hour. The new official speed record would carry a plane entirely around the earth at the equator in three days flat—one-third as fast as the earth whirls in the face of the sun. And the end of speed is not yet. Those who have been arguing that a rate beyond 500 miles would set fire to a plane may have their theory tested before many years.

One of the surest things you can learn from conversation with opponents of the eighteenth amendment is that more liquor is drunk under prohibition than under open saloons. You have heard that argument thousands of times in the last ten years. Now France is one of the wettest countries on earth. During a recent ten-day hot spell in the city of Paris the Parisians literally "drank the city dry." Signs were put up at bars announcing "No More Beer." With breweries throughout the country running overtime, they were not able to supply the demand. One paper calculated that 7,324,000 glasses of beer were consumed in Paris in one day. This sort of thing may not prove much, but it does prove that if we Americans drink in proportion, the home-brewing industry is one of the most marvelously efficient industries in the world.

### OPINIONS OF OTHERS

#### STAMP ISSUE FOR ANYONE

Detroit News.  
The appearance of a new 2-cent stamp, bearing the likeness of Gen. John Sullivan of New Hampshire and commemorating his expedition against the Iroquois, reminds us that there was indeed a man named Sullivan who was concerned in an undistinguished way with the military side of the Revolution, and that the business of issuing commemorative postage stamps is now verging on the ridiculous.

There was a time, a year or so ago, when the postmaster-general complained that he had on his desk thirty applications for new special issues of stamps, including six which had been introduced in the form of resolutions in congress, which were intended to commemorate matters and men as various as the discovery of Hawaii, the opening of a bridge over the Niagara, Luther Burbank, the sinking of the Maine, Commander Byrd, the founding of Kingston, etc.

The gentleman now honored is not exactly a luminary in our early annals. In civil life a lawyer, he undertook a military career which was marked largely by his ineptitudes, his retreats and blundering, and for the many and ingenious explanations which he and his apologists were always able to provide for his unusual lack of success. The inspiration for the present stamp was a raid on Indian villages in the Susquehanna Valley which was carried on with such vehemence that the resultant reaction of sympathy for the Iroquois made it an enterprise of very doubtful profit.

A general list of highlights of the mere list of careers, as found in the index of a standard history such as Bancroft's, gives one a rough measure of the man and his qualifications for a place among the notables whom posterity chooses to honor by placing their portraits on our stamps.

KINDERGARTEN ANNOUNCEMENT  
I will open the 4th year of my Kindergarten and Primary School on Sept. 3rd. For further information see Mrs. Roy Pearce at 209 Johnson St. or call 353. —Adv.

GRAND PRAIRIE — Contract awarded for erection of buildings at new Curtis airfield.

### OUT OUR WAY

### Bo-Broadway

By Central Press  
NEW YORK, Sept. 12.—This is the time of year when the out-of-town buyers invade the metropolis. Of course the buyers don't actually figure it out so that they arrive when the theatres are again bursting into bloom and the Big Town is snapping out of its summer slumps for the work-a-day raiment of autumn. It just happens that way, that's all.

### CHINESE LIKE TELEPHONES

New York's Chinatown is grouped in a radius of four blocks contiguous to the start of the Bowery. In this labyrinth of crazy streets three thousand "gentle, yellow potatoes," as Kipling calls 'em, pursue their domestic, social and commercial activities. They are permanent residents there who have invested heavily in real estate in their own neighborhood and seldom invade other parts of town. They are perfectly happy in their own little red-and-blue tinted area and the only lemon seed in their rickety is the sporadic visit of the lumbering sight-seeing bus with its cargo of goggle-eyed tourists.

The average Chinese falls heavily for the telephone. There are about 300 Chinese phone listings and the traffic on the instruments is constant. Little neighborly chats, talks about the weather are standard reasons for the Chinese to use the handy instrument. They go both night and day. An especially busy time is right after the Chinese theater "breaks," around midnight. From then until 3 or 4 o'clock in the morning they call their friends on the wire and gossip about life and love and everything under the stars. It's a delightful way of swapping "sweet nothings"—reclining in bed with tea and cake ad-pacient, and puffing at a tiny pipe.

### KITCHENS DISAPPEARING

Day by day science prunes something from man's already beggarly status. It does everything for the home except hold it together.

This mournful wail is provoked by word that in 25 years there won't be a home kitchen left in New York. Apartments will be built without them. Steaks and chops will be sold already cooked. Every residential building will have a food shop, and dumbwaiters will have heated compartments for the delivery of hot foods.

Think of it, going to do away with the kitchen—symbol of "home and mother"—the kitchen, with all its flavors, fragrances, melodies and symphonies!

You can bet a homemade doughnut against one of Mrs. Child's butte-takes that the bird who conceived this innovation never heard Bert Williams, dead and gone now, sing: "Pork chop's fryin' in de pan—dat's ha'mony!"

### THE TRICK

Broadway's newest clothing shop is constructed after the fashion of an English manor house. Nowhere on display is there evidence of the kind of business that is conducted there. Gods are carefully concealed in cabinets and are brought out only on request. The first floor is a copy of the hall at Hatfield House, England, done in oak and wormy chestnut. The idea of the thing—although it's a men's shop—is to cater to women.

"For," says the astute proprietor, "I have learned the importance of catering to women in everything

### Talks To Parents

THE CHRONIC SNEER  
By Alice Judson Peale  
In some homes the atmosphere is permeated with a chronic sneer. The elders of the family are full of derogatory criticism of their neighbors, their friends, their community. They know everybody's weak points and delight in their clever exposition. They are artists in ridicule.

Yet outside the home the necessity of living peacefully with others compels these grown ups to assume a surface friendliness which the children who hear them in the uncensored moments over the breakfast table know to be either rank hypocrisy or expedient pretense.

Children who grow up in such an atmosphere are likely to be neither kindly nor sincere. In imitating their parents' critical attitude they are bound to arrive at a false feeling of superiority over those from whom they might yet learn many a lesson. Anyone can ridicule. It is a cheap satisfaction and one which growing children may well do without.

I do not suggest that we should refrain from all adverse criticism—on the contrary, occasional honest criticism is entirely wholesome—nor do I think that for the sake of our children it is wise to gloss over with untruth and subterfuge those critical comments we do make.

More and more they buy the clothes for their men!

### WHAT'LL HAPPEN NEXT?

Before prohibition hit town, they knew it was spring in New York when the old bock beer sign appeared in the window of the corner saloon, and the wicker half doors went up.

Now, there's no telling what they do for a harbinger, because Ringling has had a scrap with the management of the Garden and has officially withdrawn the patronage of the Big Show.

### FIND THE VILLAIN!

My old friend "Calamity" Burke says he's going through life trying to find the identity of the killjoy who first discovered that it's bad form to dip your bread in your coffee.

### PEARSALI—Central Power and Light Company installs eight fire hydrants.

ALICE—This city got Mistletoe Creamery plant. Coming of this second creamery plant practically assures Alice of becoming great creamery cent.

### ALPINE—Plans completed for construction of library building.

### WASHINGTON LETTER

By RODNEY DUTCHER  
NEA Service Writer  
WASHINGTON—The Anti Saloon League, reporting on prohibition conditions over the country in its 1929 year book, prefaces its reports on each state with citation of presidential election results for last November, regarding the Hoover preponderant number of Hoover victories as triumphs for prohibition.

Reports of the state leagues, which are being summarized in this and a previous story, sometimes fail to describe enforcement conditions from the dry standpoint in states where the league opinion might be the most interesting. Thus the Michigan league, doubtless aware of extensive liquor smuggling from Ontario, fails to mention that situation.

Other state reports, couched in brief, are:  
Minnesota—A new wet congressman was elected, with reduction of wet strength in state House of Representatives. Observance of state's temperance instruction law leaves much to be desired.

Mississippi—State law limits possession of liquor to one quart.  
Missouri—Now has one dry senator and 13 dry among 16 congressmen and a drastic state enforcement law.

Montana—Drys fighting to regain ground lost in popular referendum to repeal state enforcement laws in 1926 and defeat of proposal for new law in 1928.

Nebraska—State enforcement officers have recently noticeably increased their activity, resulting in more convictions and heavier penalties.

Nevada—Enforcement badly handicapped through lack of state law. State has fewer than 40 churches, which cramps Anti-Saloon League.

New Hampshire enforcement officers are doing good work, but state supreme court decision has made it practically impossible to deal with bootleggers on charge of illegal possession.

New Jersey—Drys look forward to a reasonable degree of enforcement as a result of Governor Larson's election.  
New Mexico—Nothing to worry about.

New York—Has been the storm center of opposition for prohibition. Enforcement situation not likely to change without enactment of a state dry law.

North Dakota—Wets plan to promote another referendum in 1930 after narrow defeat in 1928.

Ohio—Enforcement made more difficult by court decision against jurisdiction of mayors and justices of peace in violation, and overwhelming 1927 referendum defeat of proposed drastic enforcement law.

Oklahoma—State enforcement code has been strengthened from time to time.  
Oregon—Enforcement conditions improving, despite some difficulties.

Pennsylvania—Better control over industrial alcohol and closing of some illicit breweries.  
Rhode Island—Has always been a large consumer of beverage liquor. State police have greatly strengthened enforcement.

South Carolina—Enforcement conditions improving steadily, with more and heavier sentences.  
South Dakota—Enforcement fairly good, lacking appropriations.  
Texas—Shows a 25 per cent increase in number of imprisoned bootleggers.

Virginia—More fines and more stills and liquor seized. Trial and

By Williams

### Hollywood's Sights and Sounds

By ROBBIN COONS  
HOLLYWOOD—Thousands of movies have ended in a fade-out and cliché beside moonlit waters, and dozens of talkies have lapsed into ultimate silence.

Leslie Fenton, in the end will vicariously embrace the heroine and look forward to living happily ever after.

For the most part, the talkies have heeded the mandates of Pollyanna, and sugar-coated endings probably will prevail for aye. But not without challenge from the school of realism.

Several talkies recently have acknowledged death as one of the facts of life, inexorable even when it comes at the end of a movie. Consider "The Vaaliant" and "Thunderbolt," both of which bowed out with the hero en route to the gallows.

Tragic  
But now comes "Womantrap," which is tragic and real even though it does end in an off-screen clinch. Hal Skelly as a hard-boiled law-enforcer, Evelyn Brent as his fiery sweetheart, with a crook brother (Leslie Fenton), by whom Hal does his duty, and Chester Morris, as Hal's crook brother, are involved in a net they weave themselves, with a little aid from fate.

Human loves and human hates play battledore and shuttlecock until the climactic situation, which is almost, but not quite, beyond the power of human control. Chester sees to the "not quite"—but it is tragic and unrelenting despite the off-screen clinch.

Show Up  
A Hollywood "gossip writer," supposed to know all the ins-and-outs of the glamorous film world, tell this one on himself.

He was dining at Henry's with a young tourist friend, hoping against hope that some movie star would stroll in to justify the restaurant's reputation. Early in the evening, as it was, not much could be expected. But at a nearby table sat the jovial, corpulent Henry himself. The gossip writer joyously pointed out that personage, relating how Charles Chaplin had assisted in the establishment of the now famous rendezvous, and had furthered its prestige by himself appearing there often.

"See there's Henry himself," said the g. w. "right next to that black-haired young fellow."

There was a moment's silence. The g. w. "right next to that black-haired young fellow" by Henry. Then the young tourist exclaimed: "Why there's Charlie Chaplin!"

He referred to "that black-haired young fellow." And he was right!

### BARBS

Wilhelm says that if he goes back to Germany he'll go back as kaiser. He must like Holland.

Mrs. Willebrandt writes that quite a lot of drinking is being done in Washington. That must be an unusual city.

Among the games listed as mild exercise by a magazine writer is horseshoes. Oh well, maybe some day we'll be playing it with old automobile tires.

Both China and Russia are fighting a defensive war, so nobody can be blamed, after all.

The trouble about pajamas on the golf course is that one never can tell whether or not the players are asleep. And sometimes you can be sure about that when they're all dressed up.

MY PASTURE in Glascock County is posted according to law and any one hunting or trespassing on it without my consent will be prosecuted.

J. O. Carter—Adv.

### TEST OF HOUSEWIFE HER "EMERGENCY MEAL"

A housewife, as of late in her capacity as emergency," states Mrs. Dougan in one of her interesting lectures, which she gave at First Methodist church during the week-end at the Big Spring Hotel, Sept. 12-13.

"The real test of a housewife's ability appears when her husband is away from home, and she is left to herself. It is then that she must be able to prepare a meal that is both palatable and economical. This is the true test of a housewife's ability, and it is one that is often overlooked. Many women are able to prepare a fine meal when their husbands are present, but when they are away, they are at a loss. This is because they have not learned the art of preparing an emergency meal. It is this art that I shall be discussing in my lectures, and I shall show you how to prepare a meal that is both palatable and economical, and that will give you a good idea of how to prepare an emergency meal.

a good try will offer the best prelude toward creating a favorable impression at the dinner table a short time later! Her usual reaction is to serve a meal with the aid of the can opener and a visit to the delicatessen store, if there be one adjacent. Men are noted epicureans and in few instances can be fooled to such an extent that they cannot realize they have intruded roughly and unintentionally into the family circle, and that there are storm clouds lowering over what might have been an otherwise delightful dinner. The guest leaves, conscious of the fact that ere he is out of earshot, the opening guns of a well known domestic spat will be well under way.

"This problem of an emergency meal is one peculiarly feminine, for which unfortunately we are unable to offer a remedy that will prevent it. The only defense available for the housewife to prepare herself with is a repertoire of recipes and products that will permit her to not only serve a meal that will reflect to advantage, both herself as a cook and her husband as a householder, but will also permit her presence at the table with a smile of welcome and appreciation for the guest of the evening.

### FIELDING YOST GRID SERIES TO RUN IN THE DAILY HERALD

The curtain is about to rise on another great football season and a master of the game, Fielding H. Yost, famed University of Michigan mentor, will write a series of weekly articles for The Daily Herald on various phases of the sport, teams, technique, stars and coaches.

FIELDING H. YOST

Mr. Yost, now director of athletics at the Wolverine institution, coached Michigan eleven to consistently high standing in the Big Ten conference for more than 20 years.

As an outstanding leader in the development of the game, he has seen football rise from a fledgling beginning to the nation's most spectacular and thrilling sport.

His weekly articles in The Daily Herald will deal with the broad significance of football in colleges and schools, its importance in developing character and personality and its relation to the spectators.

Changes in the rules for this season will be explained in an early article stressing the viewpoint of those whose football is played from stadium seats and the effect of the new regulations on field strategy.

Teams, successful and unusual plays, both new and old, star players, important personalities in the coaching ranks, inter-sectional games and championships will be discussed by Mr. Yost in interesting, authoritative and timely stories.

Mr. Yost's articles "Across the Gridiron" will start Monday, September 16 in The Daily Herald and continue through the football season.

### Discontinuance Of Two Trains Of T.-P. Not Contested

Staff Special  
AUSTIN, Sept. 12.—Application of the Texas and Pacific for authority to discontinue trains 9 and 10 between Big Spring and Pecos, which was not contested, was submitted before the Railroad Commission in a five minute hearing, no action was taken on it by Commissioner Lon A. Smith, only member here, the case being held over until other members of the commission return.

### Sojourn May Meet To Correct Error

AUSTIN, Sept. 12.—That members of the legislature would agree to serve during a brief special session to amend the Confederate pension law and defray their own expenses was indicated by partial returns from a poll being taken by Senator W. A. Williams son of San Antonio.

A tabulation made today showed that 46 members of the house of representatives and 18 senators were favorable to the plan. Only eight members of the house had replied in the negative, and not a single senator was adverse to the idea.

DALLAS \$11.05

Plans good on trains arriving Fort Worth and Dallas Saturday evenings and Sunday mornings—limited to reach Big Spring on our trip before midnight Monday.

For Particulars Consult  
**D. C. HAMILTON,**  
Ticket Agent

"In one of my lectures, I shall devote considerable time toward quickly prepared recipes that will permit the housewife to present an appetizing menu to emergency guests without the fare having all the easily identified earmarks of a 'trumped-up' meal."

This intimate knowledge of a housewife's problems which as a housewife herself, Mrs. Dougan's first became acquainted with—has made doubly valuable the information which she extends in her lectures, and she has been greeted with a tremendous wave of popularity in every city in which she appears. Unfortunately, Mrs. Dougan's overwhelming itinerary does not permit more than one annual appearance in each city, and it will be essential that every Big Spring housewife that desires to learn the marvelous secrets of this great woman, whose reputation has spread from coast to coast, attend the lectures which begin next week. A complete synopsis of Mrs. Dougan's programs will be admitted through the columns of The Herald next week, in answer to the great number of inquiries which have come to the Herald office regarding Mrs. Dougan's work. Admission to The Herald Cooking School will be absolutely free. All lectures will be given in First Methodist church basement starting promptly each day at 2:30 p. m.

### Mrs. Coolidge Sees Future Home For Her Son, John

NEW HAVEN, Sept. 12.—The four room apartment in which John Coolidge will occupy with his bride has the approval of his mother.

Mrs. Calvin Coolidge visited it with Miss Florence Trumbull, her son's fiancée and Mrs. Trumbull, wife of the governor of Connecticut.

"I am pleased with it, she remarked.

After inspection of the \$78-a-month apartment the two mothers and the young lady who will become Mrs. Coolidge on Sept. 23, went to a furniture store and looked at various pieces that might be suitable for the apartment.

Mrs. Coolidge has been visiting the governor's home at Plainville since Tuesday. She motored to New Haven from Plainville with Mrs. and Miss Trumbull. Last night she left by train for her home in Northampton.

### USE CLASSIFIEDS

### 415 Producers Month's Total

AUSTIN, Sept. 12 (AP)—Four hundred and fifteen producing Texas oil wells were brought in during August, according to the oil and gas division of the railroad commission. Dry holes numbered 264, and there were issued 849 permits to drill. Fifty-five producing gas wells were brought in.

Wilbarger county had the most producers, 38. Wichita county had 33, Archer and Gray counties 20 each, Caldwell county 26, and Shackelford 21.

### Manchuria Now Generally Quiet

SHANGHAI, Sept. 12.—The official Kuomin government agency of the Nationalist news agency issued a harbin dispatch today saying that "all fronts are now generally quiet" in Manchuria, though Russian bombardment of the village of Pogranichnaya continued sporadically until Sept. 10.

The dispatch quoted unofficial reports that in the clash at Pogranichnaya 29 Chinese soldiers had been killed and a large number wounded.

### What Congress Is Doing

By The Associated Press  
Wednesday

Senate postponed debate on resolution to bar William S. Vare of Pennsylvania from seat, clearing way for resumption of tariff debate.

Senate ordered investigation of activities of American Shipbuilding corporations at unsuccessful Geneva naval limitations conference of 1927.

Senator Connally, Democrat, Texas, announced he would seek legislation to postpone publication of first cotton crop report.

Thursday

Senate resumes tariff debate with Senator Simmons, Democrats, North Carolina, making opening address on administrative provisions of bill.

Senate naval committee decides on procedure in naval inquiry and witnesses to be summoned.

## Pick the car you want

... and you can be assured when you buy it from us that it represents a Dependable and Honest Value!

No matter what price you want to pay for a used car—we can supply you with a better automobile than you ever expected to buy for that amount of money!

We have on hand at this time the widest selection of fine used cars in our history. Many of them cannot be told from new. The motors have been thoroughly overhauled—upholstery and hardware are in excellent condition—and some have even been refinished in pleasing new colors.

Here is your opportunity to get a real bargain! And you can have absolute confidence in the cars that bear the red "O. K. that Counts" tag—because they have been carefully checked over by skilled inspectors, and represent definite, known values.

Come in and pick out your car now—while we have a wide selection for you to choose from!

# STATE ORGANIZATION FORMED AT BREEDER-FEEDER MEETING; MIDLAND HOST TO STOCKMEN

**Special To The Herald**  
**MIDLAND, Sept. 7 (AP)**—At a meeting attended by breeder-feeders of the entire southwest, a permanent state organization was formed in Midland Saturday. Frank P. Holland, publisher of Farm and Ranch, Dallas, was elected president; W. B. Mitchell, Marfa, vice president; and G. W. Barnes, Texas A. & M., secretary.

William A. Wilson of Lamesa, one of the originators of the movement, which was said by speakers to mean the greatest agricultural movement ever brought up in West Texas, presided at the meeting.

John Gast, famous Hereford breeder of Midland, gave a barbecue for the assemblage at noon.

# "Redriver Highball," "Squeeze a Pair"; City's Fountain Men Know The "Language" "Way Down South," "One In The Rain"

Big Spring "soda akers" are alive and up-to-date with their peculiar soda fountain language as the curb service police relays the words of a thirsty public to the efficient dispenser back of the fountain.

"Red River Highball" has replaced the more common "80" for a glass of water in some places, but the latter will probably retain its popularity, according to local fountain attendants because it can "more easily be multiplied, '82' meaning two glasses, and so on. Likewise icy pie may be multiplied in numbers as "91," "92," and so on.

"Squeeze a pair" for two limeades is common enough in all parts of the country, but "way down south" for Dixie cups may not be common knowledge.

"One" will bring out a coca-cola almost any place and a "M.

# DRY PERIOD IN AUGUST HURTS CROP

## Statistician Says Condition Worse In Only Three Years

**AUSTIN, Sept. 10 (AP)**—The present 16 per cent of normal condition of the Texas cotton crop is slightly above that of 1925 and has been worse only in 1925, 1921 and 1918, H. H. Schutz, statistician for the United States Department of Agriculture, said today in his monthly report. Based upon condition as of September 1, it is estimated the 1931 cotton crop in Texas will amount to 4,107,699 five hundred pound bales, he said. Ginnings to September 1 amounted to 812,000 bales compared with 843,000 bales a year ago.

Prospects on August 1 were for at least a fair crop in Texas except in portions of the south, but the extremely high temperatures and lack of rainfall during the month caused deterioration seldom equaled in rapidity or severity," Schutz said.

"One good general rain in August resulting in the production of only one extra-bull per stalk would have made an additional 500,000 bales or more. While areas have suffered only nominal losses from insects so far this year, there are others, particularly over the south half of the state, where every insect known to the farmer has injured the crop. Notwithstanding the drought, weevil have continued their activity and with broods overlapping poisoning has largely been ineffective. Owing to the unusually large percentage of late planted acreage, abandonment has been very heavy. Only a small portion of this acreage was able to withstand the insects and drought."

# DEATH TAKES J. T. ROBISON, PATRIOT

## TEXAS VENERABLE LAND COMMISSIONER SUCCEUMS TO PNEUMONIA

**AUSTIN, Sept. 7 (AP)**—J. T. Robison, commissioner of the general land office for 21 years, died of pneumonia in New London, Conn., early today. He had gone there for a visit with his son, Dr. J. T. Robison Jr., leaving here late in July. It was his first vacation from the general land office since he entered its employ as a clerk 34 years ago.

He left here soon after the house of representatives had exonerated him of proposed impeachment charges involving his administration of the land office. At the time of his departure, the 67 year old commissioner, who held the distinction of being Texas' oldest official, both in years and point of service, was plainly fatigued.

Robison's body will be brought to Austin for burial in the family plot beside a son and daughter, who preceded him in death. The daughter died after reaching womanhood. Funeral arrangements will not be completed until after the body is received here next Monday afternoon.

## Broke Down

Robison suffered a nervous breakdown soon after reaching New London and later contracted pneumonia. His condition had been precarious for several days.

Robison was a nephew of Joel Robison, Texas patriot who was with the group at San Jacinto that captured Santa Anna.

The Lone Star flags on the capitol and land office were flown at half mast in memory of the veteran official.

## Governor Moody is Empowered

to fill out the unexpired term which ends in January, 1931. Until a commissioner is appointed J. H. Walker, chief clerk, under the law, will be acting commissioner. He was serving in this capacity during Robison's absence.

# Ross Sterling's Candidacy Will Be Up To People

**MEXIA, Tex., Sept. 11 (AP)**—Whether Ross S. Sterling, chairman of the State Highway Commission, would become a gubernatorial candidate depends on the enthusiasm with which his followers call on him to make the race, it appeared today.

The Houston capitalist, speaking at a lighting system inauguration ceremony before several thousand persons here last night, declared he had no idea of being a candidate for governor. That, he added, depends on the people.

J. I. Riddle introduced Mr. Sterling as "the next governor of Texas."

The commission chairman devoted most of his address to highway problems.

# Tax Monies To Save Discount For Warrants

**AUSTIN, Sept. 11 (AP)**—State employees will be saved the necessity of discounting their warrants pending replenishment of the general revenue fund by incoming tax money, through arrangements made with Dallas and Austin banks to carry the paper up to \$2,000,000. W. Gregory Hatcher, state treasurer, announced today. This method had been resorted to by Hatcher in the past, but the banks a year ago had advised against continuing the custom. If the legislature had not authorized deficiency appropriations totaling \$2,400,000, the general fund would have a balance of about \$3,000,000 instead of the \$400,000 now on hand, Hatcher said.

# Naked Cult Members Held

**NELSON, B. C., Sept. 11 (AP)**—Outwitting Doukhor pickets about the jail, authorities have spirited more than 100 members of the cult aboard a train for Vancouver to serve six months jail sentences.

Two coaches and a baggage car were used to transport 104 Doukhor men and women sentenced to jail for indecent exposure for taking part in a nude procession.

In addition to the prisoners, the party included eight children being taken to an institution where they will attend school. They were taken from Doukhor parents who refused to send them to public schools.

On the way to the train, guards said, several of the prisoners attempted to disrobe. Appearing in public without clothing is one of the practices of the cult which the authorities have sought to suppress.

A week ago a band of Doukhor camped outside the town engaged in a battle with police and citizens during a demonstration in protest against the incarceration of fellow members of the cult.

R. R. Russell of Los Angeles, Calif., is visiting relatives in the city. He was called here by the ill-

# STAFF WILL TOTAL FOUR FULL TIME

## County Commissioners' Action Cinches \$10,000 Program

The \$10,000 county health unit which was proposed about two months ago and passed at that time by the city commissioners, was approved Monday by the county commissioners' court, according to Dr. M. H. Bennett, city health physician, who has had active charge of the project.

## Applications

Applications are being received now for the position of full time physician to take charge of the work and active plans will be launched October 1 when the fiscal year starts. The budget provides for the services of a full time physician, who will be brought here from outside the city, appointed by the city commissioners and the commissioners' court and approved by the state health department; a full time county nurse, appointed chiefly by the physician in charge, a sanitary inspector who will devote full time to the work, and a stenographer or filing clerk.

Only three other counties in the state have made provision for so elaborate a health organization, these counties are Cameron county and Hidalgo county, while Nolan county voted last week to install such a health program but has made no complete plans as yet.

The health program makes provision for \$10,000 annually to be spent in promoting and maintaining health in Howard county.

It is possible that the present county health nurse will be retained if the requirements set forth in the health unit program are met. The present sanitary inspector will not be retained since he is devoting only part time service to the position, Doctor Bennett said.

## Confederacy and never returned.

**Native Texan**  
 Commissioner Robison was born in Morris county on September 30, 1861. He attended the public schools in his home county. In his young manhood he also studied at Sam Houston State Normal and later at the University of Texas, where he obtained his knowledge of the law and was admitted to the bar. He was county attorney of Morris county for two years and served Morris, Cass, Bowie and Marion counties in the legislature in 1891 and 1892.

He was married at Naples, Morris county, on January 2, 1894. He is survived by his widow and two sons, Dr. J. T. Robison, Jr., of New London, Conn., and Dr. J. M. Robison, of Houston. Another son and an only daughter died after reaching maturity.

His knowledge of Texas law was recognized by jurists as probably the most thorough of anyone in the state. He personally briefed and defended many suits for the state before the supreme court and seldom, if ever, was the law interpreted against his interpretation.

# TENNIS TITLE TREATS

## John G. Evans Dies; Funeral in Ft. Worth

Word has been received here of the death in Fort Worth of John G. Evans, former Big Spring resident, and son-in-law of Mrs. L. T. Deats of this city. The deceased is the uncle of Dr. C. W. Deats here. Death came at 5 o'clock Thursday afternoon and funeral services will be held Saturday afternoon in Fort Worth with the Fort Worth Knights of Pythias in charge.

Surviving are the widow, Mrs. Lizzie Deats and a son, Will Deats, of Fort Worth.

Mrs. Alfred Moody of this city, niece of the departed, will attend the funeral services.

# Mohair Growers Form Association

**AUSTIN, Sept. 12 (AP)**—Standardization of the mohair industry is the purpose of the American Mohair Producers Cooperative Marketing Association of Uvalde, chartered by the secretary of state. The association will meet requirements necessary to receive benefits from the federal agricultural act.

The association has no capital stock. Roy J. Davenport of Uvalde is president and incorporators include Frank Kincaid and F. S. Mason.

Organization will be completed at a meeting in Uvalde Saturday.

FALPURIAS—Construction of new sewer system and hotel building to be underway soon.

# BIG SERIES TO START OCT. 8

## CHICAGO, Sept. 10 (AP)

The first game of the world's series will be played October 8 in the city winning the National league pennant. It was announced today at the office of Kansas Mountain Landis, commissioner.

The date for the baseball classic prices of admission and other details were agreed on today at a meeting presided over by Mr. Landis.

Others in attendance were E. S. Barnard, president of the American league, and A. Heydler, president of the National league, and officials of the Athletics and Cubs, which appeared to have the pennant clinched.

William Wrigley, Jr., owner of the Cubs and William L. Veeck, president of the team, were the representatives of the Cubs. Thomas Shibe, president of the Athletics and Robert Schroeder, secretary represented the Philadelphia club.

Granting that the Cubs and Athletics are the pennant winners, the world's series schedule will read as follows:

October 8 at Chicago.  
 October 9 at Chicago.  
 October 10 traveling.  
 October 11 at Philadelphia.  
 October 12 at Philadelphia.  
 October 13 open (Sunday).  
 October 14 at Philadelphia.  
 October 15 traveling.  
 October 16 at Chicago.  
 October 17 at Chicago.

It was agreed to charge \$6.00 for box seats, \$5.50 for reserved grandstand seats and \$1 for bleacher seats.

# Personally Speaking

Mr. and Mrs. D. E. Waggoner and children returned Sunday evening from a month's trip in Ohio and other midwestern states. They visited mostly in New Baltimore, Ohio.

Mr. and Mrs. Jack E. Wilcox arrived this morning from the Guitar ranch near Van Horn to attend the airport opening celebration.

# Lawyers Blamed By Court For Loading Docket in County

Barristers practicing in the 32nd judicial district, including lawyers in Big Spring, came in for a tongue lashing from District Judge Fritz R. Smith late last week when he told them in court that the reason the judicial system seemed slow and ponderous was that attorneys are seldom ready when cases are to be tried.

Judge Smith made the remarks relative to rumors that the 32nd judicial district, composed of Howard, Mitchell, Nolan, Scurry and Borden counties, is to be divided.

"If lawyers will just give me a little help and after they have agreed on a trial date, be ready with witnesses and contemplated action, one judge can handle this entire district with ease," declared Judge Smith. Court was delayed nearly one hour Friday morning waiting for an attorney in one of the cases set for trial. Judge Smith said there was no need of dividing the district and that he could keep dockets in all counties clear from term to term with just a little cooperation from attorneys.

# Midland Expresses Regret Over Tragedy

Messages expressing sincere regret over the untimely death of Frank R. King, Big Spring aviation enthusiast and civic leader, continued to reach Big Spring from neighboring cities. The latest received at the Chamber of Commerce is written by Paul Vickers, manager of the Midland Chamber of Commerce.

The letter, reads:

"The aeronautics committee of the Midland Chamber of Commerce and all other citizens of Midland who knew your Mr. Frank King are grieving with you over his untimely death.

"He was not only one of the first citizens of your city, but he was fast becoming a West Texas leader. We of Midland envied you in getting Mr. King for a citizen, as we had once hoped to have him move from Lamesa here.

"Frank was loved by everybody in Midland who knew him, and he was the type to know, because of his sincere friendliness. His passing is a loss to all of us, a loss to aviation, a loss in civic leadership circles, and a loss to everyone who likes a regular man, a real citizen.

"Midland, and especially our aeronautics committee extend to your city the sympathy of our city, and we hope that some other of your citizens may rise up to take Frank King's place as best he may in civic affairs."

# Mexican Clubs Tangle Sunday

Supremacy of West Texas baseball teams will be decided in Big Spring Sunday afternoon when the Big Spring Tigers, flashy Mexican nine, tangles with the Colorado Mexican team.

Each club has one victory charged against the other and the battle this afternoon starting at 5 Lubbock is expected to be a heated conflict. Yanes, star right hander of the local Mexicans will tangle with Garcia, the little Mexican who pitched several games for Colorado this season. Vega will be battery for the Tigers, but Garcia's battery mate had not been announced.

The game will be played on the Cotton Compress diamond north of the Texas and Pacific tracks.

Tom Good is visiting on his ranch in Borden county today.

Everett Phackett of Foran is the guest of his aunt and uncle, Mr. and Mrs. R. I. Puckett.

Leslie Burford of Dallas is in the city on business. He is employed in the electrical department of the Texas Electrical Service company.

# GIFFORD HILL TO BE WORK BY END OF

**DALLAS, Sept. 10 (AP)**—Contract for site of the proposed Texas and Pacific express Big Spring was let Monday at the T. & P. here to Gifford Hill and Company, Inc., of Dallas.

The contract involves removal of about 100,000 yards of dirt. The work must be completed by January 1. About a half dozen offers were received for the job.

As soon as grading is completed construction will begin, E. F. Mitchell, chief engineer, announced. Tracks will be rearranged in the terminal and not less than thirteen buildings erected.

Round house, machine shop, blacksmith storehouse and office building and other structures included in plans.

# Engagement of Daughter Helen, Is Announced Mrs. B. Reagan at Luncheon

Mrs. B. Reagan entertained yesterday at her home on Lancaster street with a luncheon and theatre party announcing the engagement and approaching marriage of her daughter, Miss Helen Reagan, to Mr. Tracy T. Smith of this city.

The decorations were carried out in pink and blue, with place cards representing tiny bridesmaids. The centerpiece was composed of pink asters combined with sprays of blue plumage and queen's wreath. The pink tapers were tied with baby ribbon and queen's wreath, and sprays of the flowers were scattered over the table cloth of imported damask. A miniature bride and groom were placed in front of the honoree.

A four course luncheon was served.

# News Of Stanton And Martin

**Herald Stanton Bureau.**  
**STANTON, Sept. 11.**—Definite plans for erection of a new brick church building were made Monday evening at a meeting of the building committee of the Methodist church.

The old building will be torn down and a new one started within thirty days.

Prof. W. C. Blankenship, of the building committee of the First Baptist church of Big Spring met with the Methodist group here and told them of financing plans used in making possible the beautiful new church in Big Spring.

A committee of women from the missionary society of the Methodist church met with the building committee and presented them with a check for \$250 and pledged the society for \$750 additionally.

Crops suffered some damage last Thursday afternoon from hail. Local showers amounted to 1.1.2 inches in some localities.

Mr. and Mrs. Leslie Beasley of Trent spent a few days this week with relatives here.

E. E. Eiland and wife and Mr. and Mrs. W. W. Eiland spent the week-end with relatives in Lubbock.

The Stitch and Chatter club met in the home of Mrs. E. Clyde Smith last Wednesday afternoon. A diversion from the usual entertainment the guests enjoyed several tables of forty-two. Refreshments of apricot ice, devil's food cake and punch were served.

Mrs. Boon Kendall of Carlsbad, New Mexico, is visiting friends here.

# NEW PHARMACY STATUTE ALLOWS SIX DRUG STORES TO BE TERMED PHARMACIES

Six Big Spring drug stores merit the title pharmacy, which means that six of the drug stores employ registered pharmacists who will fill prescriptions at any time of the day, according to a survey made Saturday.

A law which went into effect last June and which was drawn by the Texas Board of Pharmacy decrees that only drug stores which employ a registered pharmacist to fill prescriptions at all hours of the day may be called a pharmacy and be given the right to fill prescriptions. Other drug stores are allowed, under this law, to sell only drugs and medicines in original packages.

The six drug stores in this city which are entitled to use the word "Pharmacy" in the store's name or near the front of the store in some conspicuous place are the following: Cunningham and Philips No. 1 and No. 2; which employ five reg-

# Preparation Of Lunches For School Children Is Discussed

At a rally of women's clubs and members of 4-H clubs in Howard county, held here September 3, Mrs. James Barlow of Knott gave an interesting demonstration of preparation of school lunches.

Much interest has been shown in this demonstration and, following numerous inquiries, it was decided to print the information given by Mrs. Barlow.

She used a chart bearing the following: "We need a mixed diet; Vitamin A is found in green vegetables, butter, fat and eggs; Vitamin B is found in whole wheat bread, green vegetables; Vitamin C is found in fruit and vegetable juices. Each child needs 1 quart of milk daily. Adults need one pint daily. Suggestions for individual lunches:

(1) Sandwiches of white bread, one tablespoon of sugar, 1-4 cup of vinegar, cook until it thickens.

**Oat Meal Cookies**  
 Two-thirds cup butter, well creamed one cup of sugar, creamed into butter 2 eggs, well beaten one cup of sour milk, 1 1/2 cup rolled oats, one teaspoonful of soda in tablespoon of hot water, 2 1/2 cups flour, 1-2 teaspoonful of salt, two teaspoons of baking powder, 1 cup raisins and nuts.

Mrs. C. D. Baxley and son Warren have returned home from an extended visit in Oklahoma, who visited here with her sister Mrs. I. P. Cowan of Stephenville. Mrs. C. D. Baxley, has returned home. She was accompanied here by her three children.

# Plain Cake

Two eggs, one cup sugar, two cups flour, two teaspoons baking powder, pinch of salt, one cup sweet cream; bake in loaf.

butter, peanut butter or jelly; sandwiches of whole wheat bread, butter or pimento cheese; lettuce, salt; an orange, oatmeal cookies, milk.

(2) Sandwiches of rye bread, butter or yellow cheese; ripe tomato; any kind of pickle, nut bread and butter sandwich, an apple, cocoa; sandwiches of whole wheat bread, butter, carrots, raisins, nuts, syrup mixture (grate or run thru food chopper), sandwiches of cottage cheese, nuts, raisins or vegetables (sour cream dressing); sandwich of brown or lima beans, hardboiled eggs, sour cream dressing, lettuce; mashed potatoes and eggs; sandwich of yellow cheese, tomato, eggs, sour cream dressing, lettuce.

Parsley is very good for use in lunches and may be raised in the window box in the house.

Baked apples and baker bananas are also good. To bake bananas split the fruit lengthwise, put in a pan and bake 15 to 20 minutes.

**Recipes**  
 Sour cream dressing: 1 cup sour cream, 3 egg yolks, 1 teaspoonful of salt, 1-2 teaspoonful of dry mustard.

Mr. and Mrs. Howard Barrett of Harlingen stopped here Sunday afternoon for a brief visit with friends. Mr. Barrett, formerly of Abilene, is publisher of the Harlingen Star.

Chiff Werels left Saturday for Austin where he will enter the University of Texas.

# Members Held

NELSON, B. C., Sept. 11 (AP)—Outwitting Doukhor pickets about the jail, authorities have spirited more than 100 members of the cult aboard a train for Vancouver to serve six months jail sentences.

Two coaches and a baggage car were used to transport 104 Doukhor men and women sentenced to jail for indecent exposure for taking part in a nude procession.

In addition to the prisoners, the party included eight children being taken to an institution where they will attend school. They were taken from Doukhor parents who refused to send them to public schools.

On the way to the train, guards said, several of the prisoners attempted to disrobe. Appearing in public without clothing is one of the practices of the cult which the authorities have sought to suppress.

A week ago a band of Doukhor camped outside the town engaged in a battle with police and citizens during a demonstration in protest against the incarceration of fellow members of the cult.

R. R. Russell of Los Angeles, Calif., is visiting relatives in the city. He was called here by the ill-

# Walter Riggs

# PILOT WHO DISCOVERED REMAINS OF SHIP GIVES HIS OWN VERSION OF TRAGEDY

PILOT GEORGE K. RICE, Western Air Express Pilot, Albuquerque, N. M., Sept. 7, had figured that the T. A. plane north of his course on a storm which he had in the petrified forest on the route to Los Angeles. When he left Los Angeles this morning he was told that the plane was about 30 miles east of Holbrook, Ariz., and zigzagged through the forest, keeping a constant look-out for the plane.

On the southern side of the plane and at about 1,000 feet from the ground we saw scattered remains. These bits were scattered about one-half a mile.

We saw the left wing of the plane had been cut off by a tree. The wing was scattered down and we could see the "6949."

Had Burned

Some of the plane we saw scattered in hundreds of yards, beyond the plane had caught fire.

We saw the plane today in Albuquerque and returned to the office of Western Air Express, by plane employed, and to the Albuquerque Air Transport company with Paul Scott, a pilot, I boarded a T. A. T. plane with three other planes and guided them back to the wreck of the missing plane.

It is lying in a territory which is extremely difficult to reach from the circles that we believe that it will be necessary for the rescuers to go by horseback up above the mountain and then down the mountain where the plane now lies. believe anybody can reach the wreck within less than 24 hours and it will probably be that long to bring out the wreckage. I do not like to be convinced that all

# MILLION AND HALF BALES GINNED

### Indicates Increase Over Previous Year's Crop

WASHINGTON, Sept. 9 (AP)—Cotton of the 1929 crop ginned prior to September 1 was announced today by the census bureau as 1,570,030 running bales, counting 36,891 round bales as half bales.

WASHINGTON, Sept. 9 (AP)—A cotton crop of 14,825,000 bales this year was announced today by the department of agriculture as indicated from the condition of the crop on September 1 which was 55.4 per cent of normal.

### NEW ORLEANS PRICES UP

NEW ORLEANS, Sept. 9 (AP)—Cotton prices soared from \$2.39 to \$3.50 a bale today under an active demand stimulated by the government's crop estimate of 14,825,000 bales which was smaller than expected. Immediately on resumption of trading following the usual 15 minute suspension of reception of the report October contracts sold up from 18.82 to 19.20, December from 18.92 to 19.40, or 58 to 48 points respectively, above the lows. January scored the maximum gain of 60 points trading up to 19.61.

### Ginnings prior to September 1 by states follow:

Alabama	136,904
Arizona	1,771
Arkansas	35,551
California	280
Florida	10,769
Georgia	221,958
Louisiana	170,507
Mississippi	162,045
Oklahoma	9,114
South Carolina	11,270
TEXAS	811,719
All other states	29

The forecast compares with 14,478,000 bales of 500 pounds gross ginned last year. The condition on September 1 compares with 60.3 per cent on that date a year ago and 66.1 per cent the 10-year average condition on that date.

Acres left for harvest was estimated at 46,594,000, the abandonment being placed at 3.8 per cent, after July 1 when it was estimated 46,946,000 acres were in cultivation. The 10-year average abandonment is 3.6 per cent.

State	Acres	Cond.	Prod.
Va.	88	80	48
N. Car.	1873	68	962
S. Car.	2362	63	1014
Georgia	3551	59	1193
Florida	106	62	26
Missouri	320	77	190
Tennessee	1105	67	462
Alabama	3751	59	1216
Mississippi	4315	60	1669
Louisiana	2161	55	791
TEXAS	17575	46	4107
Oklahoma	4427	51	1295
Arkansas	3962	56	1391
New Mexico	130	81	82
Arizona	224	83	157
California	309	88	232
All other states	23	83	10
Lower Calif.	150	85	80

Data for Lower California, Mexico, are not included in California figures nor in United States total.

DALLAS, Sept. 9 (AP)—Organization of county cooperative marketing associations under supervision of local banks to handle money secured from the \$300,000,000 federal agricultural relief fund was recommended in resolutions adopted at a meeting of the Texas State Bankers Association directorate and other financial leaders here today.

At the same time Governor Dan Moody, who attended the meeting, called a conference of a committee of 30 bankers, named by the directors, to meet in Waco next Monday to discuss plans for final organization of county units.

The full personnel of the directors and a dozen other leading bankers attended the closed conference to consider plans for handling federal relief funds in event money should be demanded or needed in Texas.

A. A. Horne of Galveston, president of the association, explained that the plan of county cooperative marketing associations receiving the relief funds and distributing them among the producers was provided for in the congressional act which created the Federal Farm board and provided for the large relief fund.

That the banks of the state were in better financial condition than in several years to aid in financing the movement and disposition of the 1929 cotton crop was assured by those attending the meeting. It was pointed out also that there was no actual need for calling on the federal fund this year.

Mr. and Mrs. R. R. Nicholas arrived Monday evening from Fort Worth to attend the air fête. They will be the guests of Mr. and Mrs. J. P. Watkins during their stay here.

# DEAD COURIER

C. F. CANFIELD, courier on the ill-fated air liner, "City of San Francisco," whose charred body was found with seven others in the ruins of the craft.

# FARMERS BUY GIN IN KNOTT

The Knott Farmers' Cooperative Association has purchased the Brown Brothers gin in the Knott community for a reported figure of \$25,000 and has made application to secretary of state for a charter under which to operate the cotton gin business.

Officers of the Farmers' Cooperative Association, which will control and operate the gin are: John Aired, president; Garland Nichols, vice-president; Earl Castle, Willis Page, C. A. Shortes and Earl Bryant, directors.

One hundred farmers in the Knott community will own stock in the new gin plant, but the stock will not be sold to others than farmers. If a stockholder moves from the community, the association intends to purchase the stock and to pay all dividends that may have accrued from the stock, according to plans announced Monday morning.

Equipment in the gin is practically new, having been in use less than two years. There are five gin stands in the plant and when purchased cost approximately \$38,000. Andrew Brown, one of the former owners, may retain one-fourth interest, but control will be vested in the Farmers' Cooperative Association.

# Knott School To Open Monday

The Knott school will open its regular winter term next Monday, according to announcement from Pauline Cantrell, county superintendent of schools.

Instructors at the Knott school will be J. E. Whittington, Mr. and Mrs. James S. Lumpkin, Aline Miller and Floyd McGregor. A full course of eleven grades is offered in the Knott community and school officials are expecting approximately 175 students to take advantage of those facilities this year.

Forsan and Chalk schools, both included in one district, have been forced to add three teachers since school started and if the present rate of scholastic population increase continues, others will be added immediately.

# Lomax-Elbow Road Order Passes Board

Order to open a county highway between the Lomax and Elbow communities in the southeastern part of Howard county over an approximate distance of eight miles, was passed Monday afternoon by the commissioners' court meeting in regular session.

Graders and highway equipment are stationed at the new right-of-way ready to start work when the ground is dried sufficiently. Another highway approximately eight miles in length is to be placed in traveling condition from the Lomax community north to Texas & Pacific Railroad Company tracks. Before commissioners decided to open the Elbow to Lomax highway, it was necessary for people of one community traveling to the other to drive approximately 16 or 18 miles to reach a point only eight miles away.

# Ringling Now Is Circus King By Recent Purchases

NEW YORK, Sept. 10 (AP)—John Ringling, who started as a singing clown, rules as supreme ringmaster of the circus world today.

By purchase of five of his foremost competitors, the last of the famous Ringling Brothers has acquired control of the largest group of tent shows in the world, including their talent, menageries, equipment and winter quarters.

The shows which have been added to the Ringling group are Sells Floto, Hagenbeck Wallace Animal Show, Sparks, John Robinson's and the Al G. Barnes Wild Animal Show.

The properties were purchased in a transaction which friends of the showman said, involved several million dollars. The exact figure was not disclosed.

There are about 5,000 persons employed in the newly acquired shows as compared with 1,600 in the present Ringling Brothers-Barnum and Bailey organization.

The announcement of the purchase said the five shows would be operated as individual units although there might be some interchange of talent.

# Schools Of Lamesa Enroll 1100 Pupils

LAMESA, Sept. 9.—The Lamesa Schools opened with the largest attendance this week in their history. More than 100 students have been enrolled. The predictions are, according to V. Z. Rogers, superintendent, that two hundred more will be enrolled before the term ends.

More than 100 were enrolled in the senior class according to F. T. McCollum, principal of the high school. Last year 75 were graduated from this class. It is thought by school officials here that this is the largest graduating class in Texas as considering total enrollment of the school. According to statistics the grammar school, of which G. M. Roberts is principal 75 to 100 students are graduated annually from this school as a feeder to the high school.

Mr. and Mrs. C. E. Cameron and C. D. Cato of Lamesa were in Big Spring Monday to attend the funeral of Frank R. King.

Lee Hanson was a visitor in the city Monday.

# SHELL-KLOH SWABS 400 BARRELS

After producing 400 barrels of crude oil in a 24-hour swabbing test, ending Sunday evening, Shell Petroleum Corporation's No. 1 Kloh, Rumsey and Abrams, Henshaw pool extension well in Howard county, was being tubed Monday morning for pumping tests.

No. 1 Kloh, Rumsey and Abrams is 330 feet from the east line and 2,310 feet from the south line of section 13, block 33, township 2 south, T. & P. Ry. Co., survey and is approximately one-half mile west of nearest production in the Henshaw western extension area in which Plymouth Oil Company, Howard Oil Corporation and Pure Oil Company now have pumping wells.

Shell Petroleum Corporation has 1,000 barrels of available storage erected on the lease and will start continuous production when the tubing rods and other pumping equipment is completed.

The pipe line department of Condon Oil Company has extended its six inch line from other producers to Shell's new well and is ready to run crude oil from the lease.

Pay was topped in Shell's No. 1 Kloh, Rumsey and Abrams at 2,212 feet and while drilling to 2,312 feet, the oil stood between 1,900 and 1,900 feet in the hole. The most prolific portion of pay drilled apparently was between 2,170 and 2,180 feet.

Dick Hatch Jr. plans to leave Saturday for College Station to enroll in the Texas A. and M. College there.

# Two Texans Are Among Victims In Air Disaster

DALLAS, Sept. 9 (AP)—Two of the eight persons who died in the air liner City of San Francisco's plunge into Mount Taylor were native Texans.

Mrs. G. B. Raymond, passenger, was the daughter of Dr. W. H. Sanders of Gilmer. Co-pilot E. A. Dietel was the son of Mr. and Mrs. Herman Dietel of New Braunfels. He was graduated from Texas A. & M. College before taking up flying.

### FAMILY MOURN

NEW BRAUNFELS, Tex., Sept. 9 (AP)—Members of his family and friends today mourned the death of Edwin A. Dietel, co-pilot of the plane, City of San Francisco, which crashed on Mount Taylor in New Mexico.

Mr. and Mrs. Charles Oberley returned Monday morning from a vacation trip to parts of Mexico, where they visited chiefly in Mexico City.

# Jumps From Bed Gas Presses Heart

"Stomach gas pressed so on my heart I had to get up nights. I began using Adierika and have been entirely relieved." R. F. Krueger.

Adierika relieves gas and sour stomach at once. Acting on BOTH upper and lower bowel, it removes old waste matter you never thought was in your system. Let Adierika give your stomach and bowels a REAL cleaning and see how good you feel! Overcomes constipation. Cunningham and Philips, Druggists, and J. D. Biles—adv.

# Ferguson Writes Of Position In 1930 Elections

ATHENS, Texas, Sept. 9 (AP)—R. T. Craig, editor of the Athens Daily Review, announced receipt of a letter from former Governor James E. Ferguson in which the latter made probably his first pronouncement of the intention of himself and wife with respect to next year's race for governor. The letter, as given out by Mr. Craig and which was published in The Daily Review Monday follows:

"Replying to your recent letter suggesting that I run for governor, will say that while I appreciate your friendly interest, I have no special desire to hold office, and if I did, the present supreme court or a majority thereof, would disqualify if I attempted to get my name on the ticket which would give the present governor a right to appoint a majority of the court to pass on my case and of course everybody knows I would not have a chance. Tom Love and his crowd claim the right to not vote for anybody they don't like, but at the same time they pass a law to keep the people from voting for whom they do like, and thereby the people and I cannot get together even if we wanted to.

"My good wife has no desire to again hold office and unless there was an urgent demand from the people for relief from present conditions of ignorance, high taxes, mismanagement and corruption she prefers to remain a private citizen.

"I still hope that some good business man will announce for governor on a business platform so that the people will have an opportunity to get what they so much need—a business administration.

# League Breakfast Of Teachers Planned

AUSTIN, Texas, Sept. 9.—In connection with the meeting of the Texas State Teachers' Association in Dallas Thanksgiving will be held the eleventh annual breakfast and section meeting of the Texas Interscholastic League, according to Roy Bedichek, chief of the University of Texas League Bureau. Dr. James E. Rogers of New York will address the delegates to the meeting when they convene in the Crystal Ballroom of the Baker Hotel on November 29. The subject of his address will be "The Place of Athletics in the Health Program of Schools."

This breakfast is one of the most important State meetings of the League, Mr. Bedichek said. Necessary changes in the Interscholastic League rules will be proposed at it and other recommendations will be made.

# Lamesa To Pave Residential Street

LAMESA, Set. 9.—Paving of North First Street will begin next week, according to the El Paso Bitulithic Paving Company who was awarded the paving contract by the city several days ago.

Contracts have been signed by the property owners of this street for brick on callebe base. Five blocks connecting the business section with the high school property will be in this project, the first residential district paving for the city. Other streets will be paved in the order of their application to the City Commission, according to May or E. B. Warren.

BODY OF VETERAN OFFICIAL, J. T. ROBISON, LIES IN STATE IN SENATE CHAMBER, AUSTIN

AUSTIN, Sept. 10 (AP)—The body of J. T. Robison, Commissioner of the General Land Office for 21 years, reposed in the Senate chamber of the state capitol today.

Decision to remove the bier to the capitol was made this morning when friends of the longtime state official petitioned the family to let it lie in state here.

FOR VICTIM OF AIR MISHAP LAST RITES ARE PERFORMED

The body of Frank R. King, 35, beloved citizen of Big Spring, who was killed instantly early Saturday when the small monoplane in which he was flying to Amarillo crashed near Tulla, was commended in its final resting place here Monday afternoon after beautiful funeral services at the First Methodist church which were attended by one thousand persons.

Coahoma Strikes New Water Supply

Water in such quantities that digging had to be discontinued pending arrangements to pump it from the wells has been struck near the school building in Coahoma by crews digging tests for the city government, it was reported here this morning by Deputy Sheriff B. F. McKinney of that city.

Rev. W. G. Bailey, pastor of the Methodist church, of which Mr. King was a member, officiated. He was assisted by Rev. Dow H. Heard, pastor of the First Baptist church. Floral tributes were unusually numerous and beautiful. Schools were dismissed at 3 o'clock and many stores closed during the funeral.

Mrs. Bittings, 29, To Be Buried

The remains of Mrs. Susie J. Bittings, 29, who died at 3 o'clock Monday afternoon in her home near the Broadway Tourist camp, was shipped to the home of her mother, Mrs. Fannie Clay, in Welling, Okla.

The Methodist choir opened the service with "The Old Rugged Cross." The scripture lesson was read by Rev. Bailey. W. R. Dawes sang as a solo, "Jesus, Lover of My Soul." Prayer was led by Rev. Heard and the choir sang, "Have Thine Own Way Lord."

Cochran Well Appears Lost

A sudden change from bright production prospects to apparent failure, a condition characteristic of the oil business, came Monday from Continental Oil Company's No. A-1 Slaughter, rank wildcat test in Cochran county, which will likely plug and abandon as result of sulphur water encountered at 4,912-22 feet.

"Say thee to the righteous, it will be well with thee," a quotation from Isaiah, was the text of Rev. Bailey's funeral sermon.

"I'm glad that we can say to Frank, 'It's all right, it is well with thee,'" said the pastor.

"I loved Frank King because he loved the same Christ that I love. He had been a member of this congregation for a year and was always attentive upon its services. Each Sunday morning he would come to the door of the auditorium, look over the congregation until he found his mother, go to her, bend over her and say something, then sit beside her through the service."

Rev. Heard opened his oration by saying that "Frank King" was a man's man.

He eulogized the departed one as a good citizen, a sportsman in the best sense and an inspiration to the boys and the city.

Mr. King's interest in athletics, in hunting and in aviation were enumerated, Rev. Heard declaring that he was an inspiration, a hero to many boys and that his life made him a fitting example for them.

Had Many Friends "No man living in Big Spring no longer than he could count on many friends as Frank King," said the speaker.

Mr. King, survived by his widow, two daughters, Quixia Bea and Ruby Ruth; his mother, Mrs. J. E. King of Big Spring; four sisters, Mesdames C. M. Francis of Big Spring, L. M. McKinney of Dallas, R. H. Todd of Alton and J. C. Greaves of Portales, New Mexico. They attended the funeral. A brother of Mr. King's died several days ago. Rev. Clifton, uncle of the deceased, also attended the rites.

Honorary pallbearers were members of the board of directors of the Chamber of Commerce. Active pallbearers were W. T. Strange, C. T. Watson, W. C. Blankenship, Wendell Bedichek, L. D. Holdaway of Big Spring, H. P. Davis of Pecos, George Canon of Lamesa and J. E. Barron.

Buried Here Interment was in the Odd Fellows Cemetery under auspices of the Charles Eberly Funeral home. Among the out-of-town people here for the funeral were T. C. Hunter of Dallas, Hill P. Simmons of Abilene, J. H. Simmons of Sweetwater, a large number from Lamesa, Ralph Lee of Colorado, R. A. Brown of Dallas, Messrs. Brasley and Bledsoe of San Angelo and a number of others.

Mr. King was a member of the Methodist church and of the I. O. O. F. He was president of the Pecos Men's Luncheon Club, a director of the Chamber of Commerce, secretary of the Big Spring Airport, Inc., president of the Big Spring Municipal Band, a member of the aviation committee of the West Texas Chamber of Commerce and a member of the high school athletic council.

LIGHTNING CAUSES FIRE IN OIL FIELD

Wide Section Covered; Will Be Of Slight Benefit To Crop

A general downpour which soaked Howard county and most of West Texas fell Monday night and Tuesday morning. Overcast skies indicated more moisture may be in store for this section, but the government forecast was for fair or partly cloudy weather Wednesday.

In Big Spring precipitation had totaled 3.58 inches at 8 o'clock Tuesday morning according to reports from the government experiment station one mile north of the business district. Unofficial weather observers in the residential district of the city, declared at least 4.5 inches of rain fell during the night. Rain started in Big Spring between 9 and 10 o'clock and continued most of the night with only occasional squalls.

Grain crops in Howard county will receive manifold benefit from the general rain, but most of the cotton crop is too far advanced to undergo much alteration. In cases where the bolls have not fully matured, the moisture will tend to increase their size, but regions in which cotton was beaten from plants will suffer rather than benefit, according to J. V. Bush, Howard county farm demonstration agent. Fall planting may be stimulated by the heavy moisture received. It was stated.

No serious property damage was reported in Big Spring, but in numerous business buildings' basements were flooded by the avalanche of water draining from more elevated points to the south. There were few roofs in Big Spring's business district which were able to withstand the sudden change of substantial moisture after the long dry period to which they had become adjusted.

Lightning Strikes The only serious property damage in this immediate section was reported from southern Howard county oil fields where a bolt of lightning struck and ignited a battery of four 1,000 barrel crude storage tanks, two filled with oil, and one 500 barrel haytank on the Continental Oil Co's Slaties lease in the Henshaw area of southern Howard county during the terrific electrical and rain storm, said to have been the heaviest in the history of this section's oil fields.

Loss \$7,000 The Continental Oil Company's loss was roughly estimated at \$7,000 based on the following values: storage tanks, \$900 each; haytank, \$1,200; 2,000 barrels of crude oil at \$1.00 per barrel. Estimates do not include loss of production required while storage is being replaced or the labor cost of reconditioning the lease.

one suffering a substantial loss from suffering a substantial loss from the storm, but electrical current used for drilling, pumping and for operating pipe line pumping units was discontinued approximately two hours while the storm was at its peak. Most operations had been resumed this morning, but the entire damage based on property loss and an overhead expenses while wells were shut down is estimated at \$25,000 to \$30,000.

Rain reports gathered from all sections of Howard county indicate the amount of precipitation varied from two to four inches with the heaviest fall recorded in oil fields south of Big Spring where rain was accompanied by a potent electrical storm.

Apparently the rain originated west of this territory and spent itself as the storm path led eastward. Colorado, Westbrook and Lorraine all reported 1.5 inches rain. Traffic was retarded, but not halted over Mitchell county's dirt sections on the Bankhead highway. Especially was this condition true near Westbrook and Lorraine. Reports from the Colorado Chamber of Commerce stated that northwest Mitchell county received two inches of rain.

Following a telephone conversation with his family in Snyder, District Judge, Fritz R. Smith reported that rain started falling in the Seury county seat at midnight and continued all night.

Mr. and Mrs. R. H. Carter of Fort Stockton were the week-end guests of Mrs. Carter's parents, Mr. and Mrs. T. B. Sullivan.

Modern 7 room home, beautiful trees, concrete cellar, cistern, garage, wash house and barns; good terms given. Also part of household furnishings to be sold at a sacrifice. Everything must go within one week. Dr. B. B. Liles, Coahoma, Texas.

Will Show His Stuff In Series

TWO VIEWS OF RIGGS STEPHENS With the Chicago Cubs headed pell-mell toward the National League flag, Riggs Stephenson, once shunted to the minors as a discard, will have the satisfaction of laughing last. Stephenson's work is frequently overlooked by critics, in their enthusiasm over the slugging of Hornsby, Wilson and Cuyler, but he has played a big part in the success of McCarthy's gang.

Personally Speaking

C. G. Ferrell who underwent an operation for appendicitis Sunday, is reported improving rapidly in a local hospital.

Wesley, son of Dr. and Mrs. Charles W. Deats, who has been receiving treatment at a local hospital the past week, is doing nicely.

G. A. Kent is resting well following an appendix operation at a local hospital.

L. H. Rush, employe on the Texas and Pacific Railroad, received a minor injury to the right eye Sunday, and is doing well at a local hospital, attending physician says.

Mrs. Kate Farnham of El Paso will arrive Monday evening to spend a month with Mrs. W. B. Nabors. Mrs. Nabors and Mrs. J. J. Sligh, accompanied by Mrs. Farnham will leave Tuesday morning for two days' visit in Pecos.

Shot Planned In Pecos Test

Pecos Crude Oil Purchasing Company's No. 3 Pecos Valley Oil Company, one location northwest of the company's No. 2 producer, was plugging back from 1,960 feet to 1,935 feet and expected to shoot the pay Monday, according to reports received in Big Spring.

No. 3 Pecos Valley is 950 feet from the northwest line and 1,550 feet from the southwest line of section 22, block 10, H. & G. N. Ry. Co. survey. Operators have been swabbing oil down daily from 1,695-30 feet which has amounted to approximately 7 1/2 barrels.

World Oil and Landreth Have Big Gas Show

Landreth Production Company-World Oil Company's No. 1 University, Pecos county test in vicinity of Taylor-Link Oil Company's new pool, was drilling ahead Monday morning at 1,585 feet with 10,000-000 to 12,000,000 cubic feet of gas encountered Sunday after passing an oil pocket at 1,540 feet.

The well is two locations west of Taylor-Link's No. 2 University and is 330 feet out of the northeast corner of section 13, block 18, university lands.

Congressman Burns To Death

BATTLE LAKE, Minn., Sept. 12 (AP)—Reports reached here today from Otter Tail Lake, north of here, that Congressman O. J. Kvale had been burned to death in a fire which destroyed his cottage last night. The coroner is en route there to investigate.

Mr. Kvale, neighbors said, was alone in the cottage. He was last seen at 10:30 o'clock last night. His automobile, neighbors said, stood near the cottage this forenoon when ruins of structure first were noticed.

Although definite identification was impossible, Coroner J. Vigen said, he was certain the body was that of the congressman, who neighbors said, was alone in the cottage last night. The coroner planned to remove the body to Ferguson Falls, at once.

The ruins of the cottage were discovered this morning by a neighbor who talked with Mr. Kvale last night and was told to return today to fix a fence.

School Tuition Law Is Detailed

Under a reform law governing tuition, districts may charge high school students of another school district. Pauline Cantrell, superintendent of county schools, has received a copy of the law from the state department of education.

SECTION 1. The county board of school trustees, at the regular meeting in May of each year or as soon thereafter as practicable, shall classify the schools of the county, including those in independent school districts, in accordance with such regulations as the state superintendent may prescribe into elementary schools and high schools for the purpose of promoting the efficiency of the elementary schools and of establishing and promoting high schools at convenient places.

In classifying the schools and in establishing high schools, said trustees shall give due regard to school's already located, to the distribution of population, and to the advancement of the students in their studies. In the event any school is so classified that a resident high school student within the free school age cannot receive instruction in his home district, his tuition for the number of months attended in any other high school recognized by either county or state shall be paid by warrants drawn by the local board of trustees on funds of said district and approved by the county superintendent. Provided, that if the said student, after having completed the course of study offered in his home district is not prepared to enter a high school recognized by either the county or the state, the superintendent of the school district which maintains the high school he desires to attend shall place said student in the proper grade, and said district shall be entitled to receive tuition for said student in the same manner as if the said student should attend the high school of said district. If the high school attended receives the transfer of state and county funds for said student, credit shall be given for the amount of same.

The rate of tuition charged said pupil shall be the actual cost of teaching service, based upon the average monthly enrollment in the high school district, exclusive of all other current or fixed charges, not to exceed \$7.50 per month. Said tuition rate shall be agreed upon between the board of trustees of the district in which such high school is located and the county board of school trustees or in the event of their disagreement shall be fixed by the State Superintendent of Public Instruction subject to appeal to the State Board of Education; and the principal of the high school or the superintendent of the schools of said district shall furnish a statement to the County Board of trustees supported by affidavit containing such information as may be necessary to carry out the provisions of this act.

On or before September first of each scholastic year, it shall be the duty of the board of trustees of each school district under the supervision of the county board of trustees and which does not offer high school training for all resident pupils within the free school age to prepare on forms and file with county superintendent a budget prepared and furnished by the State Superintendent of Public Instruction of its proposed expenditures shall include the amount necessary for the payment of high school tuition payments so budgeted and approved by the county board of trustees shall not be expended for any purpose in the maintenance of the current school term except with the approval of the county superintendent and county board of trustees.

For all school districts whose funds may not be sufficient to pay

the tuition of resident students ation charges. And on the approval of the said application by the State Board of Education, the State Superintendent of Public Instruction shall transmit to the county school depository, by warrant drawn by the Legislature for this purpose and payable to the County High School Tuition Fund, the funds with which to pay such tuition, and the county superintendent shall, with the approval of the county board of trustees, issue vouchers in payment of the outstanding tuition accounts of the said districts of his county and to reimburse such of them as have paid, in whole or in part, the tuition accounts of resident high school pupils as prescribed herein. Provided that the receiving district maintain in such a high school shall not be required to accept such a high school transfer as provided in this Act, unless and until such sending district shall have provided for the tending high school elsewhere, the county board of trustees shall, on or before the first of June of each scholastic year, apply to the State Board of Education for the funds with which to pay the tuition accounts of the said districts, or such part of them as the district is financially unable to pay; the said ap

Many Visitors Register Early

Among visiting pilots and prominent aviation enthusiasts attending air fete, registered by noon Wednesday are the following: Reg Robbins, Fort Worth; J. H. Waugh, C. Mills, Kelly Field; H. J. A. Sanford, Kelly Field; Alfred L. Bleak, Kelly Field; Daniel B. White, Kelly Field; E. L. Nelson, Fort Worth, divisional passenger agent with the Texas Air Transport Company; Miss Mamie Omeal, Fort Worth Press; Daniel W. Jenkins, Kelly Field; H. W. Pennington, San Antonio; D. W. Carlton with the Fort Worth Association of Commerce; Kelly Field of San Antonio; F. F. Everett Jr., Kelly Field; William Field; Mayor R. E. Thomason of El Paso; Miss Elaine Smith of Temple; Miss Mabel Gaudy, Fort Worth; Sidney Nelson, Kelly Field; W. K. Ford, Kelly Field; Lucian H. Trout, Kelly Field; Bremer R. Coke, Kelly Field; Cadet Philip Meisenholder, Kelly Field; R. R. Crocker, Kelly Field; F. Sheldon, Kelly Field; R. K. Taylor, Kelly Field; Clarence C. Mitchell, Kelly Field; Harvey Howe, Kelly Field; Miss Mildred Gardner, Duchess of Fort Worth; Mr. and Mrs. Hugh L. Smith and son of Fort Worth; W. M. Prince, Kelly Field; Lieut. R. F. Fall, Kelly Field; G. W. Mundy, Kelly Field; Cadet Earle T. McArthur, Kelly Field.

Miss Juanita Ralph will leave tonight for C. I. A. at Denton, stopping in Fort Worth a few days to visit friends enroute. She will be accompanied by her mother, Mrs. B. N. Ralph who will also visit in Fort Worth and will accompany Miss Ralph to Denton. Miss Ralph is entering her third year at C. I. A.

J. T. Richards of Dallas, formerly of Big Spring, is a visitor in the city.

Edwin Prichard will leave Tuesday morning for Breckenridge, where he will visit a few days before returning to Fort Worth to enter T. C. U.

MAN TRIED FOR KILLING WITH AUTO

Defense Holds Death Of Wheeler Was Accidental

W. B. Tidwell, tried for murder following an automobile accident in which George Wheeler was killed on the Lamesa highway about six miles north of Big Spring last December 26, was found guilty and given a five-year suspended sentence by a district court jury, which returned its decision within 30 minutes after arguments were closed Tuesday night about 11:10 o'clock.

J. F. Cunningham, Abilene criminal attorney, argued for a suspended sentence. Garland Woodward, Big Spring attorney, with whom Mr. Cunningham was associated in defending Tidwell presented argument for defense and in a forceful speech attempted to show the jury how even the state admitted death was accidental.

The state represented by District Attorney George Mason, Howard county attorney James Little and special prosecutor, Clyde E. Thomas, attempted to convince jurors that death resulting from or in connection with a felony was murder and not accidental death. The prosecution based its argument on testimony of witnesses that Tidwell, the defendant, had been drinking intoxicating liquor during the day before the accident.

Criminal cases continued Wednesday with "Whitey" Anthony, charged by grand jury indictment, with operating a gambling house and bank in Foran, southern Howland county oil field town, facing trial. C. P. Rogers and Tracy Smith are representing the defendant and George Mahon and James Little are conducting prosecution.

The jury panel was being examined before noon Wednesday and court followers expected testimony to start immediately after the noon recess.

Personally Speaking

Mrs. W. G. Bailey left Monday for Fort Worth where she will visit with her daughter.

J. T. Richards of Dallas, formerly of Big Spring, is a visitor in the city.

Edwin Prichard will leave Tuesday morning for Breckenridge, where he will visit a few days before returning to Fort Worth to enter T. C. U.

WALKER NAMED LAND PO

Chief Clerk Under T. Robison Of Moody

AUSTIN, Sept. 11 (AP)—Walker, chief clerk of the Land Office, was appointed to succeed the late T. Robison, by Governor Moody.

Mr. Walker had served as chief clerk of the land office years.

He entered the land office as Spanish translator in 1899, coming here from county. In 1901 and 1902 chief clerk of the commission, and financial secretary of the penitentiary system years under the administration of Governor Lanham.

Mr. Walker is said to be well informed on Texas matters by reason of his long association with the land office. He had not appointed clerk, but said he would day.

Opening Meeting Of Fall Field Church Ann

An interesting program was featured in the fall meeting of the Women's of the Presbyterian church, which was held in the Old Mrs. R. L. Owen, home, afternoon.

The following program was given:

Hymn, "Sea Us, O Holy devotional by Mrs. G. J. prayer by Mrs. W. R. Scott. "The Joy of Service" by Mrs. R. L. Owen; "In the Paddy-Fields" by Mrs. C. ers; "Restless Millions" by F. Cushing; "S and P Mrs. J. I. McDowell; prayer E. L. Barrick and a song Work" by the assembly. Those present were: C. P. Rogers, T. S. Carter, Dowell, W. C. Barnett, Mrs. Weathers, E. M. Barron, Owen, Frank Jones, J. W. F. Cushing, R. C. Littler, W. R. Slaties and berly.

Miss Dorothy Ellinger returned from a trip to and Dallas. In the she was attendant in the of a friend. She will for Austin to enter the of Texas for the fall term.

Advertisement for Conoco Gasoline featuring the slogan 'a mirror? a spotlight? a new bumper?' and 'save for them with extra miles'. It includes the Conoco logo and the text 'EVERY extra mile that you get from using Conoco Gasoline does its part to cut down the cost of other motor necessities.' The advertisement is signed 'THE GREATER CONTINENTAL OIL COMPANY' and 'CONOCO packed with extra miles GASOLINE'. At the bottom, it says 'LOOK FOR THE SIGN OF THE RED TRIANGLE'.

NUMBER 1

## Elaborate Bridge Parties Herald Fall Social Season

### SOCIETY STILL FLOCKS TO ITS SUMMER HAVENS

Yes, society still goes to Newport, R. I., in the summer time—and Southampton, L. I. And a cameraman, sent to do these fashionable places, has caught: (1) Bailey's Beach, Newport, with mansions of wealthy in the rear; (2) Mrs. Jerome Napoleon Bonaparte; (3) Mrs. Graham Fair Vanderbilt, left, and Mrs. Joseph A. Widener; (4) Princess Troubetzka; (5) Miss Louie Thompson and Miss Mary Louise Beard of Philadelphia; (6) society children, left to right: Henry Martin Polhemus, Liza Stillman Polhemus, Vernon Brown, Jr., Peter Ladd Gilsey, Barbara Stewart Hartley, Willard Brown, Jr., George Innis Hartley and Mary Gilsey.

### Joint Hostesses Present Functions At Home Of Mrs. Strain

Featuring the week's events in society, the two elaborate bridge parties given Thursday and Friday afternoons by Mesdames R. C. Strain, Fred Stephens and J. P. Rogers as joint hostesses at the home of Mrs. Strain in Edwards Heights, heralded the opening of the fall social season in Big Spring.

The Strain home was made especially festive with a color combination of green and pink, pink roses and zinnias and featherlike ferns forming the center of the scheme. The delicious salad course and talleys carried out the same colors.

In the Thursday games, Mrs. Tom Ashley won high, a piece of costume jewelry, and Mrs. J. D. Oxshier, cut a deck of cards enclosed in a dainty case, while similar prizes Friday were awarded to Mrs. Bernard Fisher, high, and Mrs. Joe Fisher, cut.

The Thursday guest list was as follows: Mesdames E. H. Happel, W. G. Orsham, J. D. Oxshier, J. L. Blair, Tom Ashley, Gus Pickle, Robert J. Parks, V. V. McGrew, S. V. Hathcock, J. T. Brooks, Frank Pool, Lee Weather, C. E. Shive, Victor Melling, J. S. Bishop, Travis Reed, L. S. McDowell, A. E. Service, Joe Capland, F. F. Gary, C. K. Eason, Garland Woodward, T. S. Johnson, Stanley Norman, J. L. Webb, Homer Markham, E. E. Fahrtenkamp, Victor Martin, V. H. Edwollen, L. W. Croft, Harry Lester, William Battle, H. C. Timmons, Harvey Richards, W. D. McDonald, Steve Baker, Hatch, Richard Sehleg, L. C. Moore, G. S. True, O. O'Keefe, Mike Leeper, Ira Thurman, E. M. LeBeff, Young of Hillboro, and Misses Jena Jordan, Martha Edwards, Andrea Walker, and Eleanor Antley.

Walter D. Scott has just arrived from Abilene, to be associated with Minor's Cinterella Shop here.

Virgil Reed is spending the week end visiting his parents in Sweetwater. Upon his return he will be employed in the Clyde Fox Drug store.

Mrs. Oscar True left Friday for her home in Dallas after visiting here with Dr. and Mrs. G. S. True, Edwards Heights.

Mrs. F. H. Etheridge and son and daughter of Los Angeles, Calif., are expected to arrive Monday to visit with Mrs. Etheridge's parents, Mr. and Mrs. F. F. Gary. Mr. Etheridge will arrive within a few days for a brief visit.

Carl S. Blomfield, district manager of the Texas Electric Service Company, has returned from a business visit in Dallas.

Mona Margaret Jones of Merkel is the guest of Miss Roberta Gay.

Miss Esther Higgins, Earl T. Pate, W. M. Holland and D. W. Carnichael left Saturday for Eastland, after having spent several days here in the interests of an electrical range company.

Mrs. Eula Brown Bussey and her mother, Mrs. J. L. Brown, left Saturday morning for San Antonio to place Charles, 13-year-old son of the former, in Peacock Military Institute for the winter term.

Wayne Martin, son of Rev. and Mrs. W. H. Martin, will leave Sunday evening for Norman, Oklahoma, to re-enter the University of Oklahoma as a medical student. He has spent the summer here with his parents and has just recently returned with them from a trip to Colorado and California.

Mrs. Will H. Gartin and daughter Isabelle have just returned to their home on Fourteenth street after visiting with Mr. Gartin in Dawson county for several months.

Members of the sheriff's department had no more than recovered R. E. Morrison's rooster, stolen from its parking place on Scoury street, when another car that was reported by G. H. Fitzpatrick, who lost a Willys-Knight coupe, abandoned on North First street, but Saturday evening the trace of the other missing car had been found. Mr. Fitzpatrick's car bore license number 714-566. The owner is reported to be a resident of Brady.

NEW YORK—Tom Webster, cartoonist, was 20 minutes late for his wedding. The bride, Miss Mae Flynn, was a few minutes ahead of time. Mayor Walker, who performed the ceremony, also was ready at the hour set. Tom's explanation, with a look at the mayor, was: "Well, I know him; so I beat him to it."

BRITISH Pilot Breaks Record

RYDE, Isle of Wight, Sept. 7. (AP) Great Britain in the race for the Schneider trophy today, established a new average speed for the 218 mile course of 328.63 miles an hour, which is just a bare fraction under five and one-half miles a minute. This is an improvement of 49 miles an hour over the speed record by which Britain won the last Schneider Trophy race at the Lido, Venice, two years ago.

The victorious British pilot was Flying Officer H. R. D. Waghorn, Royal Air force pilot and a bridegroom of two months.

GOVERNED BY INSTINCTS

By The Rev. Russell Henry Stafford, D. D., (Minister of the Old South Church, Boston)

It is characteristic of the masses of men in every age to adopt views of life, duty and opportunity, which express animal instincts of self-assertion and self-indulgence rather than deliberate convictions and aims.

The instrumentalities for including these instincts vary widely from time to time; but the instincts remain the same, and maintain assured control of vulgar thinking.

Thus the spirit of the times is being seized with a strange sense of inertia or an angry wave of resentment—to ideals which would subordinate impulse and overblown prejudice in behalf of racial progress. Until a man has accomplished a victory over his lower impulses, he can exert no healthful influence over others.

When he has done so, nothing whatever can arrest his influence in the widening sway of his beneficence, enduring long after he has gone and flowing forward in continuing effectiveness long after his source has been forgotten.

Every one of us is moved by persuasions represented by habits or viewpoints acquired long since from the social group of which we are a part, emanating from people long dead, and of most of whom we have never heard.

When these persuasions are elevating we may be sure that they originated in men and women who had overruled the world in their own souls in order to be servants of the right.

### BOOK-BROWSING

By ONA REAGAN PARSONS  
"My Autobiography"  
By Benito Mussolini

With a foreword by Richard Washburn Child, former ambassador to Italy. (Charles Scribner's Sons, publishers.)  
If you really want to understand the man Mussolini, here he is, in his own valuation; to be fair to him, you ought to allow him to speak once for himself into your consciousness. Knowing his ideas and ambitions, you then will be better able to judge of him from what others say.

The book, let me warn you, is solely Mussolini and Italy. You see only one side of the man, the statesman. You see only one side of Italy, fascism. But if you see deeply enough into these you certainly have enough of a view to understand the part that Italy is playing in world history today.

Mr. Child encouraged Mr. Mussolini to undertake this autobiography. He has told us something about it in the foreword in so striking a manner that it reveals the spirit of the book amazingly. So I am going to quote it for you.

Remembered  
At first Mussolini demurred; the ambassador insisted and the following conversation ensued:

"But nothing can take the place of a book which you will write yourself." (Child talking) said to him.

"Write myself?" He leaned across his desk and repeated my phrase in amazement.

"He is the busiest single individual in the world. He appeared hurt as if a friend had failed to understand."

"Yes," I said and showed him a series of headings I had written on a few sheets of paper.

"All right," he said in English. "I will."

"It was quite like him. He decides quickly and completely."  
"So he began. He dictated. I advised that method because when he attempts to write in longhand his corrects and corrects and corrects. It would have been too much for him. So he dictated. The copy came back and he interlined the manuscript in his own hand—a dash of red pencil and a flowing rivulet of ink—here and there."

After he had finished Mussolini asked Child to make any necessary corrections. But Child found none to make, saying:

"There was nothing much to do. The story came through as it appears here. It is all his and—what luck for all of us—so like him! Approve of him or not, when on reads this book one may know Mussolini or at least, if one's vision is clouded, know him better. Like the book or not, there is not an insincere line in it. I find none."

Mussolini's deepest conviction is that "Fascism will meet historical

necessities and so, unconquerable, is destined to make an indelible impression on the twentieth century of history."

That, after all, is already true. And we, who have the privilege of looking on while this mighty drama is being staged, are fortunate to be able to listen while the hero steps from his role enough to give us a little of the man himself.

The Century Magazine makes the surprising announcement that it intends to become a quarterly, instead of a monthly, with the August issue. The Century first saw life as a quarterly, so this will be a repetition of history for it. The idea underlying the change, says the editor, Mr. Rowland, is that a quarterly will be more welcome in his opinion today than a monthly because we have a surplus of good magazines on the market and not enough time to read them. He hopes that three months will enable one to do justice to the new Century.

### Mrs. J. P. Wolfe Bridge Hostess

Mrs. John P. Wolfe was hostess to the Wednesday Bridge club Wednesday morning in her home at 1108 Nolan street, when two tables of club guests were entertained.

Mrs. Wolfe used cut flowers for decorations carrying out a color scheme of pink and green. A two-course luncheon was served following the games.

Mrs. Pat Clark won high score while the two cut prizes were awarded to Mesdames H. O. Timmins and Fred Primm.

Those present were: Mesdames J. R. Roberts, Fred Primm, H. O. Timmins, Harvey Richards, H. S. Faw, Sam Brown, O. O'Keefe and the hostess.

### Merriweather Resumes Work

Merriweather Oil Company's No. 1 Smith, southern Howard county test well being drilled northwest of the Henshaw western extension area and which has been idle for several weeks, resumed drilling Saturday from a total depth of 435 feet.

No. 1 Smith is 150 feet from the south line and 2,490 feet from the west line of section 45, block 33, township 2 south, T & P Ry. Co. survey. When the well was drilled to 435 feet, 12 1/2 inch casing was set on bottom and drilling operations halted. Drilling will continue without interruption until the well is completed, it was said Saturday morning.

### Cinderella Shop Changes Managers

Percy Minor, who has been managing the Abilene store of Minor Brothers, arrived Thursday to take over management of Minor's Cinderella Shop here. He replaces R. S. Minor, who left with his family Wednesday night for Brownwood, where he will manage Minor Brothers' store there. The local store, like that in Brownwood, soon will move into a new and larger building.

### Mrs. Ed Lange Bridge Hostess

Mrs. Ed Lange was hostess at a delightful bridge and luncheon party at her home, 1301 Scurry street Wednesday afternoon complimentary to her daughter-in-law, Mrs. Henry Lange.

Prizes in bridge were awarded as follows: Mrs. John McTier, high; Mrs. Ed Lange, low; and in luncheon, Mrs. Tom Lange of El Paso and Mrs. O. W. Hatley. Other guests were: Mesdames O. W. McAllister, A. M. Ripps, A. Owens, W. C. Bray, L. F. Ethel, R. H. Dooley and A. R. Manning.

### One Held After Pistol Affair

LUBBOCK, Sept. 7. (AP) Elmer Wright, 33, farm hand from Aabin, Okla., was shot to death today on the farm of W. A. Kitchen near Levelland, Tex., in an altercation with B. A. Forchae, 25, who is under arrest at Levelland. The farm was operated by Wright's brother-in-law.

Five bullets from an automatic pistol took effect in Wright's body. Family trouble was said to be responsible for the slaying.

### BIG SPRING'S FUTURE

DOROTHY JEAN STALLINGS

Dorothy Jean Stallings does look agreeable, doesn't she? The young lady has the happy faculty of giving in to her playmates, a trait scarce enough among grown persons and not often found among children. Therefore, she is a popular member of the younger set in the Lomax community where she makes her home with her parents, Mr. and Mrs. R. L. Stallings, and a 10-month-old brother.

Dorothy Jean is a blonde with round blue eyes that speak for her tranquility of disposition. The little girl is nearly four, years old and was a few months younger when the accompanying photograph was made.

Photo by Bradshaw.

### Big Spring Youths Ready To Leave For Colleges

Motors will be busy this week and next getting the college wardrobe together for the usual going away of grown up sons and daughters, and friends to be left at home are busy giving farewell parties both informal and formal as affectionate adieu for a time.

The youngsters themselves are also busy, at work and at play. If they are going away for the first time, there is a great deal of anxiety as to whether the new life will be as pleasant as they have been led to suppose, and if they are returning to school for the second or third time, it will be a mere change of residence and a meeting of old friends.

The sweet girl graduate is kept occupied buying too many dresses and making up too much lingerie. Part of the excess will be mailed back home or left in the wardrobe trunk and discarded when she becomes wiser in this art of going to school with no excess baggage.

Among the group of boys who will enter the Texas A. and M. College at College Station are: Lewis Biles, Archie Clayton, Dyer Smith, Jack Kilway, Bert Shive, Vernon and Winston Manuel, Eddie Settles and Tyree Hardy.

A. T. C. U.  
Texas Christian University at Fort Worth will claim: Miss Mamie Holt and Edwin Pfeichard.

Charles Bussey, young son of Mrs. Eula Brown Bussey, will enter Peacock Military Institute at San Antonio. Miss Mabel Eddy will enroll in the University of Oklahoma at Norman, Okla., for the fall semester, will Miss Katherine Betty.

Texas Tech at Lubbock will have the following young people from Big Spring: Frank Griffith, Jack Flowers, Lucille Haley, Vernon Crawford, Malcolm Patterson, Betty Pace and Preston Crawford.

Miss Nell Brown will re-enter Baylor University at Waco and Miss Lillian Snick will again return to Simmons University at Abilene. Frank Segal will enter Tulane University at New Orleans, La.

The Knauis and Lloyd Wasson will accompany Henry James to Wesley college at Greenville.

Miss Mary Hapel will re-enter the College of Industrial Arts at Denton and Jack Hodges will be enrolled at S. M. U., Dallas.

### Big Spring Youths Ready To Leave For Colleges

Many left for San Marcos to enter San Marcos Academy there.

Miss Lucille Berry will enroll in Randolph College at Cisco as will Miss Evelyn Creath who will leave Monday for Cisco.

Among the group of boys who will enter the Texas A. and M. College at College Station are: Lewis Biles, Archie Clayton, Dyer Smith, Jack Kilway, Bert Shive, Vernon and Winston Manuel, Eddie Settles and Tyree Hardy.

A. T. C. U.  
Texas Christian University at Fort Worth will claim: Miss Mamie Holt and Edwin Pfeichard.

Charles Bussey, young son of Mrs. Eula Brown Bussey, will enter Peacock Military Institute at San Antonio. Miss Mabel Eddy will enroll in the University of Oklahoma at Norman, Okla., for the fall semester, will Miss Katherine Betty.

Texas Tech at Lubbock will have the following young people from Big Spring: Frank Griffith, Jack Flowers, Lucille Haley, Vernon Crawford, Malcolm Patterson, Betty Pace and Preston Crawford.

Miss Nell Brown will re-enter Baylor University at Waco and Miss Lillian Snick will again return to Simmons University at Abilene. Frank Segal will enter Tulane University at New Orleans, La.

The Knauis and Lloyd Wasson will accompany Henry James to Wesley college at Greenville.

Miss Mary Hapel will re-enter the College of Industrial Arts at Denton and Jack Hodges will be enrolled at S. M. U., Dallas.

### British Pilot Breaks Record

RYDE, Isle of Wight, Sept. 7. (AP) Great Britain in the race for the Schneider trophy today, established a new average speed for the 218 mile course of 328.63 miles an hour, which is just a bare fraction under five and one-half miles a minute. This is an improvement of 49 miles an hour over the speed record by which Britain won the last Schneider Trophy race at the Lido, Venice, two years ago.

The victorious British pilot was Flying Officer H. R. D. Waghorn, Royal Air force pilot and a bridegroom of two months.

GOVERNED BY INSTINCTS

By The Rev. Russell Henry Stafford, D. D., (Minister of the Old South Church, Boston)

It is characteristic of the masses of men in every age to adopt views of life, duty and opportunity, which express animal instincts of self-assertion and self-indulgence rather than deliberate convictions and aims.

The instrumentalities for including these instincts vary widely from time to time; but the instincts remain the same, and maintain assured control of vulgar thinking.

Thus the spirit of the times is being seized with a strange sense of inertia or an angry wave of resentment—to ideals which would subordinate impulse and overblown prejudice in behalf of racial progress. Until a man has accomplished a victory over his lower impulses, he can exert no healthful influence over others.

When he has done so, nothing whatever can arrest his influence in the widening sway of his beneficence, enduring long after he has gone and flowing forward in continuing effectiveness long after his source has been forgotten.

Every one of us is moved by persuasions represented by habits or viewpoints acquired long since from the social group of which we are a part, emanating from people long dead, and of most of whom we have never heard.

When these persuasions are elevating we may be sure that they originated in men and women who had overruled the world in their own souls in order to be servants of the right.

# Events Around The Globe Shown In Herald News Pictures

## Plant Grows Machines

The teasel plant, thistle-like crop of California, New York and Oregon, has the distinction of being grown solely for the manufacture of machines. The burrs of this plant are attached to a machine used to produce a fine nap in woolen cloth. Near San Jose, Calif., they are commercially cultivated, picked and dried. From here they are shipped to woolen mills and attached to the napping machines. The cloth to be napped is passed under the burrs and the burrs catch the surface of the fine cloth, pulling out fine hairs. Eula Howell is shown here with an armful of the burrs and a close-up of one of them is shown in inset.

## HERALD CAMERAMAN VISITS SYLVAN SUMMER WHITE HOUSE

It's amidst these scenes that President Hoover enjoys respite from Washington's summer heat. The "summer White House," the Chief Executive's own cabin in the forested hills at the headwaters of the Rapidan river in Virginia, here is pictured for the first time, at the right. Newspaper correspondents are standing in the foreground. Upper left is the civic center cabin in which the President's guests congregate for special entertainments, and movies are shown at work improving the structure. Upper right is the row of guest cabins, covered by tents, where overnight visitors are quartered.

## Autumn Coats of Regal Elegance

A cushion collar and puffed cuffs of black Persian lamb give originality to the black duvetyne coat above. Black caracul collars a burgundy broadcloth coat with a sumptuous cape effect with pointed fur cuffs extending over the elbows in the model on the right.

## Too Smart, So Grid Career Ends

Scholastic brilliance has cut short the grid career of Cliff Conry, star Wisconsin center of last season. Cliff had another season of football eligibility ahead but school authorities, because of Cliff's unusually good scholastic record, waived a requirement necessary to acquire a diploma and Conry, as result, was graduated.

## What an Explosion of Wheat Did

This picture shows what happened when an elevator containing one million bushels of wheat exploded at Des Moines, Ia. A half-million bushels spilled out of the elevator when a dust explosion blew out the side walls of eight of the 19 bins. Two freight cars were literally lifted up and hurled aside.

## Grid Stars Sign Pro Contracts

Trio of famous All-American football stars who have signed to play with professional teams this fall are Rod Grange, above, who will play with Chicago Bears; Benny Friedman, left inset, signed by New York Giants, and Ernie Nevers, right inset, now with Chicago Cardinals. Grange became famous as an Illinois player, Friedman with Michigan and Nevers with Stanford.

## Milking Champ to Defend

There won't be a new milking champion of America training has anything to do with it. Miss Marie, Ontario, Calif., above, who "milked" her way to fame and championship, is in training now to defend her title against at Pomona, Calif., Sept. 17-22.

## Skirmishes Mark Strike of Cotton Mill Workers.

Unrest grew in the southern textile district as battles between picketing strikers and non-union workers beset the walkout of 600 cotton mill employes in Marion, N. C. Here you see a mob of strikers gathered before the Marion courthouse, hurling defiance at National Guard units that were called to prevent further disorders. The mills were to be reopened.

## Parachute Jumpers Open Air Races

Thrills like this moved the crowd of 25,000 attending the opening of the National Air Races at Cleveland. The picture below shows two of six parachute jumpers dropping from a Bellanca plane piloted by Elmer Smith, holder of the woman's altitude record. The photo was taken in the air by an N.E.A. photographer. Above is Miss Smith with the six jumpers before the take-off. Left to right, they are Gene Koch, A. McGuire, E. W. Croff, L. C. Snider, J. Hart and Gene Crane.

## Sixteen Children in This Indiana Family

When the William E. Painters of Frankfort, Ind., get together for dinner the table has for 18 members of the family. They are 16 children, all sizes and ages, as one can see in picture. Painter, a well-to-do farmer, is shown at right and Mrs. Painter at left.

## When A President Dines --- Informally

The president of the United States sheds his dignity occasionally and lurches informally in the open air just like the humblest citizen—and here are two photos of President Hoover to prove it. They were taken at Madison, Va., where the citizens gave an outdoor picnic in his honor, and show the president putting a sandwich and a dish of ice cream. Madison is a short distance from the president's fishing camp.

## Where Tragedy Ended Holiday Cruise

Grim evidence of tragedy, this mast projecting above the water was all that remained of the excursion steamer which sank after a collision with a tug in the harbor at Ostend, Belgium. The lost and many persons were injured when the excursion craft, cut almost in two, swept into the water without a chance of reaching the lifeboats.

# AVIATION LEADER IS KILLED IN CRASH OF PLANE: FUNERAL HERE

## Man And Aviation Enthusiast Falls Stormy Weather Near Tulla Enroute To Amarillo Fete

A city mourned the untimely death of one of its outstanding and aviation enthusiast, Frank R. King, 33, civic leader, who was killed when his small monoplane, in which he was enroute to the Amarillo airport celebration, plunged to earth in a stormy weather near Tulla, Swisher county, at 7:15 a. m. today morning.

Arrangements had not been completed. It was expected that the funeral would be held Monday.

King was killed instantly when his small monoplane, in which he was enroute to the Amarillo airport celebration, plunged to earth in a stormy weather near Tulla, Swisher county, at 7:15 a. m. today morning.

King had been flying about a year but was not a licensed pilot. The ship licensed by the department of commerce.

The Herald last night said the Charles Eberley ambulance was expected to delay arrival here until late this morning.

King, a member of the Big Spring Laundry staff, which Mr. King telephoned from Lubbock that he was stopped there by a stormy weather. The ambulance, which also left here at 7:15 a. m. today morning, was manned by the Eberley funeral home.

King was accompanied by G. H. King, his brother, who was with King in own several planes.

# To Open Revival

J. P. INGLE

Beginning Sunday evening a revival meeting will be held under a tent at Tenth and Main streets by the Church of the Nazarene.

Rev. J. P. Ingle will do the preaching. He has become supply pastor of the congregation and will serve until the church's district assembly convenes in October.

Services have been held in the court house. Both evening and Sunday morning services will be held in the tent. Plans are being made for purchase of a site and erection of a church building.

The meeting will continue three or four weeks. Services will begin at 7:45 p. m. daily. Sunday school will open at 9:45 a. m. and church services at 10:45 a. m., Sundays.

# FLAG RACE ENDS WITH FORFEITURE

## Coleman Claims Title When Midland Fails To Appear

COLEMAN, Tex., Sept. 6 (AP)—Coleman today claimed the title in the West Texas League by virtue of a game which Midland forfeited yesterday by failing to appear here for the seventh and deciding contest of the play-off series.

The Midland team failed to show up because of an argument over the method of selecting the field for the

deciding game. The president of the league, Dave L. Snodgrass, and Leon L. Shield, president of the Coleman club, both said they understood the game was to be played in Coleman under a gentleman's agreement. The original play called for two games in one town, two games in the other, and then one game in each town. After that, if a seventh game was necessary, the field was to be selected by tossing a coin.

According to Shield, Arch Thomas, president of the Midland Club agreed Sunday to play the final game in Coleman if the Coleman team would agree to play the fifth game scheduled for Coleman, in Midland. No coin was tossed, and Snodgrass ordered John King of the Midland club to have his team in Coleman yesterday for the final game. When the team failed to appear a forfeit was declared.

# Only 13, But He's a Big Leaguer

Gosh, fellows, how'dja like to be "Red" Solomon? He's only 13 years old, but he's going to play with the Chicago Cubs. Here he is, right, signing a contract in New York with Joe McCarthy, manager of the Cubs, making him the youngest player ever to get a berth in the big leagues. The youths work as manager and third baseman of the champion New York Junior Kiwanis team attracted McCarthy's attention.

# Building Permits For Week \$6,510

Building permits issued in Big Spring the past week dropped more than \$20,000 below the totals of the previous week, according to records of Malinda Chestnut, city secretary, which show that six permits were issued during the previous seven day period. Total for the year now is \$592,445.

The largest of six permits issued was to O. B. Carter for a brick and stucco structure in Edwards Heights which will cost approximately \$4,000. Others to whom permits were issued and the approximate amounts of proposed construction are: S. Lenora, Highland Park, \$1,500; M. H. Tate, extension to building in Price Addition, \$150; Leon Coffin, \$250; E. H. Jones, repairs to Masce Temple, \$250; Mozelle Beauty Parlor, \$200.

# Well Loved

Frank King was known as a citizen who possessed an unyielding loyalty to his family, his employees, his friends and his town. The motto of his company was, "A good laundry in a good town," and it reflected well his spirit.

He was entangled in no animosities of commercial life, treated all alike and threw his best efforts into every movement calculated to make Big Spring a better place in which to live.

He was a director of the Chamber of Commerce, a Rotarian, president of the Business Men's club, president of the Big Spring Municipal band, secretary of the Big Spring Airport, Inc., a member of the high school athletic council and held other official positions of importance.

# Terrell Holds Fruit Fly May Injure Texas

FORT WORTH, Sept. 6 (AP)—"We have no reason to believe an infestation of the Mediterranean Fruit Fly, two cases of which were found by state inspectors in shipments from Florida, will not break out in Texas at any moment," George B. Terrell, state agricultural commissioner, told members of the Southwestern Nurserymen's convention meeting here.

"We are sitting on a volcano," Terrell stated, "if the fly is found in the state next season, the whole fruit industry of Texas will be paralyzed as it was in Florida."

Terrell pointed out that when the infestation broke out in Florida, he went before the legislature and obtained an appropriation of \$15,000. Using half of this money, Terrell stated, inspectors had been able to trace every car of the 20 shipped into the state under federal supervision. The fruit was checked even to the fruit stands and none of it was allowed to go into the Valley Region where most of the state citrus fruits are grown.

While instances of the larvae of the fly were found in only two places, the state department of inspection has no way of being sure the state is entirely clear of larvae and insects.

"The situation is very grave," Terrell stated.

# Driller Killed Near Ross City

H. S. Cook, driller on an oil test on the Bristow-Merrick Hook lease near Ross City was killed at 9 o'clock Thursday evening while working on a rig. The body is in the Charles Eberley Funeral Home and will be taken to the Cook home in Colorado at 6:30 o'clock this evening.

The deceased leaves a widow and five sons.

Irvin Jr., eldest of the five sons is in New York City and will be unable to attend the funeral services. The other sons are as follows: Edward, Wilmer, Charles and Dallas all of whom live in Colorado.

Funeral rites will be conducted by the Kiker Undertaking Company of Colorado and will be held at the home of the deceased.

# Personally Speaking

A. E. Kelly, manager of the Wichita Falls Texas Electric Service Company, was the guest of friends Wednesday enroute from Wichita Falls to El Paso. He was accompanied by Charles Spragins, also of the electric company in Wichita Falls.

Carl S. Blomshield is transacting business in Dallas.

Mrs. G. H. McIntyre of Fort Worth is visiting Mrs. R. L. Carpenter. Mr. McIntyre will join Mrs. McIntyre later.

Ned Ferguson has returned from a brief visit in Fort Worth.

George Weddle of San Angelo is the guest of Mr. and Mrs. T. S. Currie.

Mr. and Mrs. Robert Currie and John Currie have returned from a few days' visit in Fort Worth.

Mr. and Mrs. Newt Jennings expect as guest Mrs. Jennings' sister, Miss Elona Nelson of Amarillo.

L. C. Griffith of Oklahoma City of the Griffith Amusement company has been the guest of friends here enroute to the West where he will spend a few weeks.

A. R. Anderson returned Thursday morning from a brief visit in San Antonio.

Mrs. Sam Mellinger and sons, Alfred and Jess of Austin are spending the week here visiting the family of Victor Mellinger. They will return in time for the boys to enter the fall semester at the University of Texas.

# City Placed On Probation By State Dept.

Big Spring has been placed on probation for six months by the state fire insurance commissioner's department to determine whether the building code just made effective by publication of an ordinance passed by the city commission will be efficiently enforced, City Manager V. R. Smith states.

If the code is enforced the city will receive a credit of six cents on the present insurance key rate of 36 cents, which will result in a saving of \$5,400 annually for policy holders.

The commission has plans for further reduction of the rate, which can be cut to 20 cents, bringing about a saving of \$18,000 annually by running six-inch water mains into all parts of town, building another water reservoir south of town to increase water pressure in low pressure areas and by increasing the amount of fire fighting equipment.

Hugh Tarrant of the Crawford-Austin Manufacturing Company was in Big Spring Thursday making some installations of equipment at Montgomery and Ward Company's new building.

# REFRIGERATION

## Safest Method Of Keeping Foods-

The refrigeration of foods is of the most vital importance to housewives, especially those with children, and this subject is discussed from the standpoint of modern scientific discoveries by Mrs. Myra Oliver Dougan in one of her most interesting lectures at the

Mrs. Myra Oliver Dougan

### BAKING SUCCESS MATTER OF CARE MRS. DOUGAN DECLARES

"There is more magic in the oven than in any other kitchen article," declares Mrs. Myra Oliver Dougan, nationally famous home economist, who will conduct the Big Spring Daily Herald Cooking School at the First Methodist Church basement auditorium which opens September 16 and continues for five consecutive lectures.

"In baking, the element of time must be double checked. A matter of minutes may mean the difference between a culinary masterpiece and rank undigested indigestion. Fortunately the woman whose baking hours can be arranged free from interruption. Many a phone call has heralded the cremation into cinders, of what might otherwise have been beautiful cakes or biscuits.

"In the larger bakeries of today, the bread on moving trays, travels through an oven in which constant temperature is maintained at a regulated speed, such that the element of chance upset a thorough and complete baking. If the mechanics of a speedometer can insure success to a baker whose output runs into hundreds of thousands of loaves a day, surely the watchful eye of the housewife on her kitchen clock, should insure baking success for her home baking. Too many times a recipe has been condemned or ingredients products labeled unworthy, simply because the presiding mistress of the kitchen trusted to her own estimate of time rather than to the minute hand.

**Another Factor**

"Another factor in baking, which is essential, is the item of temperature. The early Aztec woman, with her crushed maize tortillas baking in the sun warped threshold of her humble hut, tested the product of her labors from time to time; to insure their being done. Today, modern stoves mark a rare advancement from that first humble sun warmed hearth. The woman who has not equipped her kitchen with a cook stove embodying the latest findings in temperature maintenance for her oven, faces a handicap as great as though she still carried water from the spring and lighted her home with tallow dipped candles. The saving in unspiced bakings alone, not to mention the ruffled temper of the cook presiding, within a short time more than offsets additional cost involved.

"One of the oldest among professions, and one that is known to nearly every nation, regardless of stage of development or racial background, is baking. The earliest Biblical reference to cooking is to the art of baking. Archaeologists have not yet plumbed the unfathomable depth of the past, to such a degree that the crumpling dusts have not revealed baking utensils. In old New England, one of the social requisites of the housewife of the day was her baking standards. German baker reigns supreme."

**Has Prestige**

Mrs. Dougan, whose baking prestige is recognized from Coast to Coast, will give practical demonstrations of her recipes in a lecture devoted exclusively to this most intricate, and at the same time most fascinating branch of the household cuisine. Every housewife should make it a point that regardless of whether or not she is able to attend each of the five lectures, she will be present personally at Mrs. Dougan's discourse on baking. Biscuits, cakes, pastry, pies, tarts, cookies—all come in for a share of the discussion and demonstration. Big Spring housewives are warned to bear in mind that these lectures start promptly at 2:30 in the First Methodist church basement auditorium and the first arrivals are the first seated. A complete program of Mrs. Dougan's lecture schedule will be published in the Herald in order that all prospective visitors to this fascinating series of lectures may be forewarned as to the topics under discussion each day.

Admission to the Cooking School is absolutely without charge, being offered as a courtesy to the women of Big Spring and territory, by the Women's Department of the Big Spring Daily Herald, and co-operating advertisers. New attendance records are anticipated and it is desired that as many as possible get there early, in order that seating arrangements may be completed with the minimum amount of disturbance.

### Herald Patterns

#### A PLEASING SCHOOL FROCK

6616. Dotted percale and line are here combined. Crepe or flannel are also suggested. Checked or plain woolen is nice too for this attractive model. Plaited skirt portions are joined to the long waist portions, which form a panel over the centre of the front. The sleeve is close fitting. The collar is a double collar, but may be made singly. As pictured the upper section of the collar and the belt, also the overlap are of white linen.

The pattern of this little dress is cut in 4 sizes: 4, 6, 8 and 10 years. To make a 10 year size will require 2 1/2 yards of 32 inch material. For collar, overlap and belt of contrasting material, as pictured in the large view, 1/2 yard 32 inches wide is required, cut crosswise. To bind the collar will require 1/2 yard of material 1 1/2 inch wide cut bias. A tie of ribbon will require 1/2 yard.

Pattern mailed to any address on receipt of 15c in silver or stamps by the Herald.

Send 15c in silver or stamps for our UP-TO-DATE FALL AND WINTER 1929-1930 BOOK OF FASHIONS.

### Many Points Report Rains

Too late to be of much benefit to growing crops, general rains, the first in several months, were reported Thursday to have fallen over the greater part of North and West Texas.

The average fall was around an inch, Greenville reporting the greatest precipitation, 2.75 inches. A decided drop in temperature followed the rain in most places. Pampa, in the Panhandle, reported the first cool weather of the season, a temperature of 50 degrees forcing residents to don light wraps. No rain, however, fell there.

In several places the rain was accompanied by high winds and hail. At Rankin, Central West Texas, a wind and hail storm late yesterday tipped roofs off of several buildings and caused considerable damage to residences. The wind reached a velocity of more than 60 miles an hour.

Around Littlefield, in the Panhandle, the cotton and feed crops were damaged badly by a hail storm last night. The affected area extended four miles northwest twelve miles east and nine miles south of Littlefield.

Stockmen were jubilant over the rainfall, which partially filled nearly dry watering tanks and will aid greatly pasturing.

The following rainfall was reported: Fort Worth, .50 inch; Dallas, 1.13 inches; Wichita Falls, .73 inch; Greenville, 2.75 inches; Amarillo, .04 inch; Bridgeport, .20 inch; Childress, .18 inch; Graham, 1 inch; Haskell, 1.74 inches; Kerrville, .68 inch; Midland, .56 inch; Weatherford, .68 inch; Waxahatchie, .78 inch.

### C. H. McDaniel Ends 31st Year In Hardware Business

The secret of success is staying with one's business and not going away and letting someone else take care of it, according to C. H. McDaniel Sr., proprietor of the Big Spring Hardware Company who with Mrs. McDaniel has just returned from a two weeks' vacation, the longest period of time he has been away from his business in 31 years.

Mr. McDaniel celebrated his 31st anniversary as a hardware merchant last Friday, ending his eighth year here. He came here from Abilene and believes Big Spring is to continue a progressive city.

Mr. and Mrs. McDaniel traveled 1500 miles in the two weeks vacation, stopping to visit relatives in various parts of the state. They were the guests of their son in Dallas, the guest of Mrs. McDaniel's parents in Itasca, and visited a brother in Hillsboro and a daughter in Haskell.

### RAINS FALL IN MANY SECTIONS

SAN ANGELO, LUBBOCK, SECTIONS GET MOISTURE; INCH HERE

Reports received here last night indicated rains had fallen during the day and evening in many parts of West Texas.

The entire San Angelo country was drenched, rivers were rising rapidly and reservoirs overflowing spillways.

An inch of rain fell in Big Spring early Friday evening, accompanied by strong winds and blinding electric display. The rainfall, however, was not general. While the city was being drenched a prairie fire raged a few miles south of town. The moisture extending approximately fifteen miles west of town but not far into Mitchell county on the east.

San Angelo received 1.43 inch Saturday morning, bringing the total precipitation since Thursday to 1.90 inch.

The rain was scattered over Tom Green county, especially to the north and east.

Pecan creek near there was rising and all other streams flowing well except the Concho, which had risen 12 feet. Dams were filled and overflowing along the Concho.

Mason county reported four inches Saturday morning.

The Eden fair was postponed until Tuesday because of rain.

Abilene reported a good rain Saturday morning.

From Lubbock northward to Canyon heavy rains fell yesterday. Tulsa and Hale Center reported an inch and Kress half an inch. Lubbock received some rain also.

Sweetwater reported two inches of rain last night accompanied by some hail.

Bus travel was held up in many places on the South Plains.

Driving hail was reported near Abernathy, Hale Center, Slaton, Brownfield and Plainview, wiping out crops and doing heavy damage.

In most places the rain was too late to help the cotton crop but late feed crops benefitted.

Lockney reported four inches of rain. Brownfield reported the first general rain since May.

Childress and Pampa received one inch.

Five and 3-8 inches fell in the past 48 hours at San Saba. The San Saba river rose six feet.

In Mason county the cotton crop was badly damaged, the heavy rain being intermingled with hail.

Other points receiving heavy rains were Ballinger, Winters, Anson, Merkel, Big Lake, Christoval, Veribest, Tankersley and Orient.

### 19 BILLS ARE RETURNED BY GRAND JURY

COVINGTON BROTHERS MAY BE TRIED AT ONCE; DOCKET SET FOR MONDAY

Before the regular term of Howard county district court adjourned Friday evening for the week end, the grand jury reported three additional indictments bringing the total numbers of bills returned to 19.

In the 19 indictments 24 people were named, according to information from district court officials. None of the persons named in the last three indictments returned had been placed under arrest.

Judge Fritz R. Smith and District Attorney George Mahon returned to their homes Friday evening, but will be in Big Spring to call the entire criminal docket Monday morning. Judge Smith has set all criminal cases for Monday morning and all defendants either now in jail or under bond are ordered to appear then.

Probably one of the first criminal cases to be tried will be that of J. J. Covington and S. J. Covington who are charged by indictment of robbery with deadly weapons.

The Covington brothers are alleged robbers of S. G. Coleman of Lubbock, who was beaten and left in an unconscious condition on a railroad track near Coahoma, early Sunday morning, June 2.

Callahan county officers arrested the pair near Baird Sunday morning at 10 o'clock on the same day of the alleged attack and robbery. A statement from one of the brothers was secured by Callahan county officials which placed responsibility of the entire proceeding on his brother, who remained silent, but the district attorney has indicated that he will not use the statement in trial of the case.

Mr. Coleman, on whom the alleged attack was committed, returned to Big Spring late last week to testify in the trial. Members of the Howard county sheriffs department said that Coleman is just a mere shell of a man now and that his condition apparently brought about by injuries in the attack may yet prove fatal.

Will Diddle, who was Indiana state golf champion 20 years ago, again sought the title this year.

### PAIR HELD FOR COAHOMA ROBBERY

J. J. COVINGTON S. J. COVINGTON

### BROTHERS INDICTED FOR BEATING AND ROBBING MAN NEAR COAHOMA

Defendants named in eight of 16 grand jury indictments returned to the regular fall term of 32nd judicial district court late Thursday afternoon are in custody or under bond to appear next Monday morning when the entire criminal docket will be called.

Probably the most serious indictment returned by the Howard county grand jury was against S. J. Covington and J. J. Covington, brothers, who are charged with robbery with deadly weapons on the person of S. G. Coleman near Coahoma several months ago.

The two Covington brothers will be defended by James T. Brooks and Tracy Smith, appointed by Judge Fritz R. Smith. Mr. Brooks at first expressed his unwillingness to defend the Covington brothers but the court refused to retract its appointments. The two defense counsels started immediately to prepare their case and it is expected the case will be tried early next week. District Attorney George Mahon and Howard County Attorney James Little will prosecute the case.

Others named in indictments and who are now in custody or under bond are: T. C. Holleman, forgery and attempted passing a forged instrument Mack Wilson and Willie Brown, burglary; D. D. Leach and Jimmie Murphy, burglary; Jack Clayton, theft; Hiram Woods, possession for sale and transportation of intoxicating liquors; A. H. Simmerall and J. W. Eaves, burglary; Annie Watson, theft by bailies.

### Mustang Band Coming Here

The Mustang band of Southern Methodist University will be sponsored in a concert and original program of entertainment here the first week in January by the Kiwanis club. It was decided Friday night at a meeting of the board of directors.

The band and entertainers featured with it will total fifty-five members. It will make a ten-day tour into West Texas.

The program will be given in the Lyric theatre.

An entertainment combining ensemble selections, quartettes, solos and novelty numbers will be presented.

The Kiwanians are underwriting expenses of the attraction.

### Five More Named In Indictments

Five more persons named in indictments returned this week were under arrest or had made bond Saturday night and awaiting trial of the criminal docket set in district court for Monday morning at 10 o'clock.

The five persons arrested since the grand jury made its report and the charges by indictment, are: Jack Arnold, assault with intent to murder; Cecil Hyden, burglary; D. N. Harris, possession and possession for sale of intoxicating liquors; Lula Bell Green, burglary; Jim McKinney, charged with assault with intent to murder.

Arrests made Friday evening and Saturday of persons charged by indictment bought the total under arrest or under bond to 141. There are 24 people charged in the 19 indictments returned at present.

### Big Spring Jockey Hurt At Boerne

SAN ANTONIO, Tex., Sept. 7. (AP)—Doris Fulcher, 25, of Big Spring, a jockey, was seriously injured Saturday afternoon in the second race at the Kendall county fair in Boerne and was brought to a San Antonio hospital for treatment. Injuries are believed to be a fractured skull and internal.

Fulcher was riding in the second race when his horse, stumbled and fell, throwing him to the ground. The second horse in back of Fulcher also fell. It is not known whether he was injured by the fall on the ground or whether one of the two falling horses kicked him.

### Personally Speaking

Mr. and Mrs. H. R. Garrett and children, Mary Alice and Jack, of Cisco were the guests of Mr. and Mrs. J. R. Creath Wednesday and Thursday. Mr. Garrett is athletic director of Randolph College.

Mrs. M. A. Berry and daughter Lucille have left for Cisco after a visit here with Mrs. Berry's daughter, Mrs. J. R. Creath, and Mr. Creath. Miss Berry will enter Randolph College this fall.

Miss Evelyn Creath will leave Monday morning for Cisco where she will enter Randolph college.

Emmett Hall of Abilene is the guest of his sister, Mrs. Harry Hurt, and Mr. Hurt.

Julia Bess Nowell is expected to arrive soon from San Angelo to visit with Miss Winona Taylor here.

Cecil McDonald, son of W. D. McDonald, left Thursday for San Marcos to attend San Marcos academy.

J. B. Collins was a Midland visitor Thursday.

Mrs. M. B. Willford and daughter Miss Ruth, of Houston left Thursday evening for their home after a visit here with Mrs. Willford's sister, Mrs. W. B. Buchanan of 507 Gregg Street.

### SISTER LEARNS AT ABILENE OF CRASH

MRS. MCKINNEY HAD SEEN HER BROTHER, F. R. KING, TO AIRPORT HERE

Special To The Herald

ABILENE, Tex., Sept. 7.—News of the death of her brother, Frank R. King of Big Spring, was given to Mrs. L. M. McKinney when she stopped in Abilene shortly before noon today enroute to her home in Dallas with her husband.

She went to the plant of the Abilene Laundry Company to pay a social call on the proprietors, C. W. Clark and Hill P. Simmons.

The Abilene men had been advised from Big Spring that Mr. and Mrs. McKinney would stop here to inspect the laundry plant. A request that they do so having been made this morning by Frank King, an instant before he hopped off from the Big Spring airport on his fatal flight. When the McKinneys reached the laundry plant here they were told that Mr. King had crashed. They returned at once to Big Spring, Mrs. McKinney in a hysterical condition.

"Why, I went with him to the airport this morning and he begged me to fly with him to Amarillo," she cried brokenly.

E. D. Brodhead of Dallas has returned to his home after transacting business here. He is associated with the Texas Public Utilities Company.

### CITY SCHOOLS ADD TEACHERS

FOUR ELECTED; FIRST MAY BE DIVIDED INTO HALF-DAY SCHEDULE

With total enrollment over 100 or 400 more than one year ago the city school board has elected four additional teachers. Blankenship was named.

Everything possible to reduce the city school board to the present size is being done, but it appears first grade children will be split into two "shifts" attending school a half day.

Teachers elected who had formally accepted the position were Miss Ethel Vandenberg and Misses Frances McLean and Arthur Hawk, who will be assigned to South Ward or Junior High School three reside here.

The resignation of Miss L. M. McKinney was accepted. She will accept a position in the public schools.

### \$115.90 Collected In Fines By

Fines for traffic violations and drunkenness paid in court during the past week total \$115.90 according to records in city hall. This amount is that collected the previous week when \$84.40 was collected in guilty pleas in corporation.

John Penny of Midland, business visitor in the city

# Mothers- Fathers- of College Students

### Fleet Of Road Graders Arrives

The 25 pony patrol road graders purchased recently by Howard county for use on the county's highway system are being unloaded today and will be apportioned among the four precincts according to the present supply of road maintenance equipment and according to the amount of work needed to be done in the various sections.

Addition of the graders now gives Howard county a total of 60 road graders with which commissioners believe county roads can be maintained in first class condition at all times. The additional equipment was purchased to allow grading of all county highways immediately after each rain and at other necessary times.
