

Pauley Would Fight Soviets Over Korea

WASHINGTON, Aug. 3. (AP)—Edwin W. Pauley said today he felt in 1946, and still does, that the United States should go to war with Russia if necessary to make her comply with her agreements in Korea.

Pauley, as a special ambassador for President Truman, visited North Korea in 1946. He said he concluded then that the Russians didn't intend ever to get out of Korea.

Today, Pauley was before the Senate Armed Services committee at a general hearing on Korea.

W. W. INKMAN

W. W. Inkman, Civic Leader, Dies At 62

Death today called W. W. Inkman, life-long resident of Big Spring and one of the leaders in much of the city's formative development in business, civic and fraternal affairs.

He succumbed at 7:25 p. m. Wednesday in a local hospital, where he had been under treatment since his return a short time ago from Dallas, where he underwent surgery. He had been in declining health for about three months.

The funeral service will be held at 4 p. m. Friday at the First Baptist church, with the Rev. Lloyd Thompson, pastor of the First Christian church, officiating. Interment will be in the Masonic section of the city cemetery, with Mr. Mason in charge.

All members of Masonic bodies have been requested to meet at the Masonic Hall at 3 p. m. Friday, to attend the W. W. Inkman funeral.

Out of respect to the memory of W. W. Inkman, offices of the Big Spring schools will close at 3 p. m. Friday. Mr. Inkman was a member of the school board on two different occasions. City offices also will be closed for the funeral. Mr. Inkman had served as a city commissioner.

The body will lie in state at the McDaniel-Boullin chapel until time for the service. Will Whitmore Inkman was a native of Big Spring, born here on May 11, 1888, the son of Mr. and Mrs. W. J. Inkman. His father had come here as an employee of the Texas & Pacific Railway company.

For 38 years, Mr. Inkman had been district agent for the General American Life Insurance Company and its predecessor, the Missouri State Life Insurance Company. In addition to his prominence in local business circles, Mr. Inkman was outstanding in Masonic affairs. He was a member of the Staked Plains Lodge No. 598, A. F. & A. M., having served as Master in 1911.

Tire Prices Will Go Up

AKRON, O., Aug. 3. (AP)—Tires are going to cost more pretty soon.

General Tire & Rubber Co. yesterday raised the price of passenger and farm tractor tires five per cent and truck tires seven and a half per cent.

Industry sources predicted today other rubber firms will take on similar increases.

This was the third price increase on tires since May. The reason, said General Tire, is the zooming crude rubber market. Most tubs will remain the same price, because the popular types are made

SYMINGTON ON CONTROLS

Urges Truman Be Given Free Hand

WASHINGTON, Aug. 3. (AP)—The government's top economic mobilizer urged today that President Truman be given a free hand in putting any wage-price-rationing controls into effect.

W. Stuart Symington, chairman of the National Security Resources Board, made a special trip to the Capitol to discuss the matter. He talked behind closed doors with Chairman Maybank (D-SC) of the Senate Banking Committee.

Maybank told reporters Symington emphasized that any standby plan for imposing wage, price and rationing curbs should let the President decide when or whether they should be used.

Symington declined to discuss the matter with newsmen.

On the other side of the Capitol, the House appeared set to give the President powers to control virtually every phase of American life. As demands mounted for across the board controls to curb inflation and what is needed in the Korean war, the only question appeared to be the form the presidential powers would take.

6,500 JAM NEW BOWL

Two Records Fall As Rodeo Gets Underway For 17th Time

Two records fell, one of them before the first bareback bronc was released from the chute, at the 17th annual Big Spring Rodeo opening Wednesday night.

A crowd of some 6,500 persons, by far the largest ever to witness a rodeo here, jammed the new concrete stadium to witness the hottest steer wrestling event ever produced in a Big Spring arena, plus roding and wild cow milking.

Previous attendance records had been toppled before the grand entry showed off about 8:20 P.M.

Russ Mathers of San Angelo then cracked the Big Spring steer wrestling mark, twisting down a huge animal in the unbelievable time of 34 seconds. That shaved 1.3 seconds from the previous mark of 35.3 seconds established here in 1948 by Bo Chesson of Beaumont.

Mathers had stiff competition, however. Bill Barton, a veteran competitor from Clyde who has appeared in many previous shows here, brought his animal to earth in 39 seconds, while Ross May of Deming, N. M., posted a time of 7.9. Monroe Tumlinson of Midland was fourth, with 9 seconds.

Although no record was established, a four-way battle for opening-night leadership in the calf roping event brought spirited competition. Walton Poage of Rankin finally turned in the best time of 12.6 seconds, while Rex Beck of Valera came in second with 13.2.

Tools Mansfield of Big Spring made his catch and tie in 13.4, which was good for third, and Troy Fort of Lovington, N. M. was fourth with 14.1.

Wild cow milking, which appeared on the program here for the first time since the war, was one of the best spectator pleasures of the evening. Sonny Edwards of Big Spring paced the opening-night contestants in that event with a time of 39.3 seconds. Monroe Tumlinson of Midland was second with 43.3, Jack Newton of Abilene was third with 44.2, and Billy Neal of

Reinforced Allied Troops Moving Up

Pershing Tanks Head For Front

TOKYO, Friday, Aug. 4. (AP)—Allied troops, for the first time approaching but still inferior to the 10 division strength of the Red invaders, rolled forward for the showdown fight for South Korea today with big Pershing tanks.

Elements of two fresh American divisions—the First Marines and the Army's Second Infantry—joined three other American and five South Korean divisions along the shrinking front.

Frontline predictions were the Marines and Second Infantry troops would be in battle by nightfall.

The lines stretched from the general south coast area by Chinju northward along the winding banks of the Nakdong River. The allied troops had quietly withdrawn from former positions as much as 18 miles over a three-day period.

A daring U. S. 24th Infantry Battalion, on a reconnaissance sweep with five tanks, penetrated 22 miles behind the Communist lines near Chinju Thursday.

It discovered a big enemy buildup for the battle for the plains leading to Pusan, the jammed U. S. port 40 miles east of the front.

The task force then fought its way out of the enemy lines, with some losses, and rescued a regimental command post from destruction by guerrillas. The enemy marauders had filtered eastward in small numbers toward Masan, port city 25 miles west of Pusan.

Don Whitehead, Associated Press correspondent at the front, said the American foray proved the enemy line could be breached by a hard-hitting tank force.

Whitehead said the battalion almost reached burning Chinju, penetrating rear elements of the Reds. It was the deepest penetration made yet by an American force into the Red lines and surprised the enemy in a roaring road battle.

The tank force ran through machinegun fire all the way out but brought back captured enemy documents, maps and Russian-made equipment. The loot was considered important by intelligence. Whitehead reported.

Four Sherman tanks and four armored cars were abandoned by the Americans as they withdrew to road positions four miles south.

See ALLIED, Pg. 4, Col. 3.

U. S. FORCES WITHDRAW FROM KUMCHON.—Burning Kumchon (underlined) on the central Korean front was abandoned to North Koreans (dark arrow). This put Red forces only 30 miles (broken arrow) northwest of Taegu, key rail and highway center. Communist drive through Kochang and Hyopchon toward Taegu threatened left flank of U. S. forces (open arrow) in this area. In the south counter-attacking American forces have retaken the heights east of Chinju. (AP Wirephoto map).

BEHIND RED LINES

Daring Foray By Yank Battalion

AN ADVANCED U. S. COMMAND POST, Korea, Aug. 3.—This is the amazing story of a U. S. battalion that fought its way 22 miles behind the enemy lines, battled again and saved a regimental command post from destruction in a savage struggle this morning.

There hasn't been anything quite like this daring adventure in all the Korean war. The officers called it "a reconnaissance in force" and it proved for the high command:

1.—That the enemy line can be breached by a hard-hitting tank force.

2.—That the enemy is building up strong forces around Chinju for the drive eastward toward Masan and the vital port city of Pusan.

The enemy dropped leaflets behind the American lines near Masan this morning urging natives to stay in their homes. The leaflets said the Red forces were preparing to attack in great force and liberate the Americans out. "We will liberate you," the Red said.

The battalion's thrust into the enemy lines left no doubt the Reds have a strong force in the southernmost drive headed toward Masan.

This battalion made a 36-hour forced march south to each the jumping off place for the dash toward Chinju. The boys had a few hours' rest and then at 6 o'clock yesterday morning they began their push.

Troops of the U. S. 24th Division held their line firmly east of Chinju today after sending the tank-led battalion deep into enemy territory.

The battalion had five Sherman tanks, a battery of artillery, a platoon of heavy mortars and well armed infantry.

The spearhead infantry unit was a company under the command of Lt. John L. Buckley, Augusta, Ga.

The tank force was under enemy machinegun and sniper fire all the way. The Americans were riding the tanks and jeeps and trucks, spraying the enemy with fire as they drove ahead.

As the Americans passed, the enemy closed in behind them on the road leading to Chinju. But the task force blazed its way deeper and deeper into enemy country.

Then the group reached the mountain passes just east of Chinju and smacked into enemy forces believed to be the main Red reserve building up for a major offensive.

"They let us get into a mountain pass," a lieutenant colonel said, "and then they closed in and let us have it."

Fire poured down on the Americans from the hills. And the Americans left the column and went

See LUCAS, Pg. 4, Col. 3

Committee Okays Smith To NSRB

WASHINGTON, Aug. 3.—The Senate Armed Services Committee today approved President Truman's nomination of Robert J. Smith of Dallas to be vice chairman of the National Security Resources Board.

Smith, president of Pioneer Airlines prior to his appointment, served during the war as deputy commander of the African division of the air transport command with the rank of colonel.

The committee began considering yesterday an automatic device for invoking such curbs when the cost of living reaches a certain point. A formula still is being worked directly oppose the automatic proposal.

The task force then fought its way out of the enemy lines, with some losses, and rescued a regimental command post from destruction by guerrillas. The enemy marauders had filtered eastward in small numbers toward Masan, port city 25 miles west of Pusan.

Don Whitehead, Associated Press correspondent at the front, said the American foray proved the enemy line could be breached by a hard-hitting tank force.

Whitehead said the battalion almost reached burning Chinju, penetrating rear elements of the Reds. It was the deepest penetration made yet by an American force into the Red lines and surprised the enemy in a roaring road battle.

The tank force ran through machinegun fire all the way out but brought back captured enemy documents, maps and Russian-made equipment. The loot was considered important by intelligence. Whitehead reported.

Four Sherman tanks and four armored cars were abandoned by the Americans as they withdrew to road positions four miles south.

See ALLIED, Pg. 4, Col. 3.

2nd Marines Pass Through Here On Way To California

Units of the Second Marine Division, which have been in training at Camp Lajuene, North Carolina, went through here yesterday on their way to California.

It has been indicated the entire division is headed for the battle fields of Korea. Other train loads are due to follow.

Several Texans were among the Marines stopping here. The trains paused for a change in crews,

Lucas Says War Profits To Come Out

WASHINGTON, Aug. 3.—Senate Democratic leader Lucas said today that, although there may be no immediate tax action against profiteering, the American people can be assured "nobody is going to get rich at the expense of the GI."

"We are going to take the profits out of war," the Illinois senator said.

Lucas made his statement as Democratic leaders prepared to ram through Congress a tax-boosting bill, probably near the \$5 billion size President Truman proposed, and without an excess profits levy.

An immediate excess profits tax was not recommended by the President, Lucas said, in the interest of speeding the "first installment" tax hike to passage.

He predicted it will come later, with stiff rates on abnormal business profits. And he added: "If we get into a real war, we're going to have the most drastic taxes this country has ever seen. This tax bill is just to get ready for the big one."

Meanwhile, the Senate Finance Committee moved swiftly to put the tax bill in shape for quick congressional action.

In its first session behind closed doors, it formally junked the House-approved bill to cut by \$1,010,000,000 the excise taxes on such things as furs, jewelry, cosmetics and movie tickets, and approved instead a \$53 billion excise increase.

Kansas Republicans Beat Down Landon Power Bid

TOPEKA, Kan., Aug. 3 (AP)—An overwhelming victory for two top figures in the state Republican organization and a setback for Alf M. Landon marked the Kansas primary election.

Gov. Frank Carlson won the Republican senatorial nomination and Edward F. Arn, former state attorney general, received the GOP nomination for governor.

Carlson and U. S. Sen. Harry Darby, dominant party organization leaders, backed Arn, Landon, the 1936 Republican presidential nominee, bid for a return to party control by supporting editor-rancher Willard Mayberry.

Mayberry trailed by more than 47,000 votes with less than 100 of the state's 2,793 precincts still out. The Tuesday election also heralded new leadership for the state Democratic organization.

In the Democratic gubernatorial race State Rep. Kenneth T. Anderson defeated State Sen. John A. Potuck.

The unofficial returns: Republican senator (2,713 of 2,793 precincts)—Carlson 135,563, Colmery 96,221.

Republican governor (2,657 precincts)—Arn 129,827, Mayberry 82,178, Frank L. Hagaman 19,160, Kathryn Hitchings 3,558.

Democratic senator (2,657 precincts)—Alken 52,728, Rice 39,633. Democratic governor (2,652 precincts)—Anderson 49,575, Potuck 28,441, August Koch 12,247.

Six countries—Britain, France, Ecuador, Cuba, Norway and Nationalist China—followed the United States' lead yesterday in insisting that the council discuss the Korean question before considering admission of Communist China to the council.

As the third day of debate began this afternoon on the procedural tangle, council delegates watched with particular interest to see what India would do.

The great Asiatic nation hasn't the power to alter the outcome, but her strategic position in the East gave added significance to whatever stand she takes when her delegate, Sir Benegal N. Rau, speaks today on the agenda prepared by Russian delegate Jakob A. Malik.

Malik has insisted on the program be presented: 1. To consider seating the Chinese Communists. 2. To consider a "peaceful settlement" in Korea.

The U. S. is pushing for consideration first of its previously-submitted proposal denouncing North Korea's defiance of the UN and asking member nations to help localize the war.

Gen. J. Lawton Collins, Army chief of staff, stated in a speech on Feb. 27 that "except for prototypes we have not purchased a single new tank since the end of the war."

In a report for the last half of 1949, Secretary of the Army Gray said that three light units of the "post-war tank family" were in the final steps of completion prior to an exhaustive series of tests.

In his February speech, Collins said that the Army had the prototype of a new medium tank and "designs" for a heavy tank.

Collins then emphasized that the Army would not build any heavy tanks until it was "sure that we cannot knock out the heaviest of heavies with the improved guns and ammunition of our new light and medium tanks."

Since February, the Army is known to have placed an order for a limited production of the new light tank, known as T-41. It is these tanks that could be produced in sufficient numbers to play a part in future phases of the Korean war.

For the meantime, American troops battling in Korea are getting more and better tanks than they started with one month ago. Pictures have been published showing Gen. Pershing type tanks moving to the Korean battlefield.

The Pershings are a considerable improvement over the older and less maneuverable tanks that accompanied the first U. S. units from Japan to Korea.

Improved American anti-tank weapons, the presence of bigger and better U. S. tanks and the continuing aerial pounding by allied airmen are credited with blunting the armored spearhead of the North Korean assault.

MALIK FAILS TO OUST NATIONALIST CHINA FROM COUNCIL—Jakob A. Malik (left) of Russia, President of the U. N. Security Council, sits grimly as Council votes against his ruling to oust the Nationalist China delegate from Council at Lake Success, N. Y. Counting the vote is Russian C. E. Zinchenko (seated second from left), assistant secretary-general. Voting against the ruling are Sir Gladwyn Jebb (second from right), United Kingdom delegate, and Warren R. Austin, (right), U. S. A. delegate. The Council voted 8 to 3 against Malik's ruling. (AP Wirephoto).

AUSTIN LEADS WEST NATIONS Seven Nations Doom Russian Move To Seat Chinese Reds

LAKE SUCCESS, Aug. 3 (AP)—The solid opposition of seven nations today doomed Russia's latest move to seat Red China in the Security Council as part of a peace deal for Korea.

Six countries—Britain, France, Ecuador, Cuba, Norway and Nationalist China—followed the United States' lead yesterday in insisting that the council discuss the Korean question before considering admission of Communist China to the council.

YANKS MUST WAIT FOR NEW POST-WAR TANKS

WASHINGTON, Aug. 3 (AP)—American troops will have to fight the holding phase of the Korean campaign with World War II tanks, some of them improved since 1945.

They may get some really new tanks by the time the embattled Eighth Army can shift from the defensive and start the long way back to the 38th Parallel.

This is the substance of what congressional watchdog committees will hear when the Army is called up to explain how the Korean crisis caught the United States in the transition period between old and genuinely new armor.

Gen. J. Lawton Collins, Army chief of staff, stated in a speech on Feb. 27 that "except for prototypes we have not purchased a single new tank since the end of the war."

In a report for the last half of 1949, Secretary of the Army Gray said that three light units of the "post-war tank family" were in the final steps of completion prior to an exhaustive series of tests.

In his February speech, Collins said that the Army had the prototype of a new medium tank and "designs" for a heavy tank.

Collins then emphasized that the Army would not build any heavy tanks until it was "sure that we cannot knock out the heaviest of heavies with the improved guns and ammunition of our new light and medium tanks."

Since February, the Army is known to have placed an order for a limited production of the new light tank, known as T-41. It is these tanks that could be produced in sufficient numbers to play a part in future phases of the Korean war.

For the meantime, American troops battling in Korea are getting more and better tanks than they started with one month ago. Pictures have been published showing Gen. Pershing type tanks moving to the Korean battlefield.

The Pershings are a considerable improvement over the older and less maneuverable tanks that accompanied the first U. S. units from Japan to Korea.

Improved American anti-tank weapons, the presence of bigger and better U. S. tanks and the continuing aerial pounding by allied airmen are credited with blunting the armored spearhead of the North Korean assault.

2 Men Get Treatment For Minor Injuries

COLORADO CITY, Aug. 3 (Sp)—L. D. Robertson, 59-year-old Colorado City farmer, was shaken up when the tractor he was driving was struck by an automobile on Highway 80 west of town.

He is in the Root Hospital receiving treatment for minor injuries. Willard Stevens, 21, of Snyder, was released from the Root Hospital Wednesday after receiving treatment for shock. He was hospitalized Tuesday night when his automobile struck J. W. Kirkpatrick of Colorado City on Highway 101 about 13 miles north of Colorado City. Kirkpatrick was injured fatally.

Truman-Backed Allison Has Little Chance

ST. LOUIS, Aug. 3 (AP)—Emery W. Allison, who received President Truman's backing, held only a faint hope today that he still might edge out Thomas C. Hennings, Jr. for the Missouri Democratic senatorial nomination.

Hennings' nomination was virtually certain. With only 36 precincts not tabulated, Hennings, a former U. S. representative, led by 4,372 votes in the unofficial county of Tuesday's primary election.

Allison, a state senator, congratulated Hennings but said there still was a "possibility the absentee ballots might prove him the winner." Hennings claimed victory.

Negress Has Triplets

CORSICANA, Aug. 3 (AP)—A 30-year-old Corsicana Negress, Mrs. Lenora Newsome, gave birth yesterday to triplets—two girls and a boy. Altogether, they weighed 12 pounds.

Mordecai (Three-fingered) Brown, hurling for the Chicago Cubs in 1908, became the first major league pitcher ever to hurl four shutouts in a row.

Imperial Valley Quake Damage High

EL CENTRO, Calif., Aug. 3 (AP)—Damage from last week's earthquakes in the Imperial Valley has been estimated at \$300,000 or more after a thorough check.

Major damage was to buildings and installations in Calipatria and Westmorland.

New Mexico Flood

SOCORRO, N. M., Aug. 3 (AP)—Torrential rains sent a flash flood roaring into this Central New Mexico City last night, damaging some homes and business houses.

The 212 earned run average for 1949 of veteran hurler Al Benton was tops for Cleveland Indian pitchers.

In 24 seasons, Ty Cobb compiled a lifetime batting average of .367. More than 10 per cent of Austrians are non-religious.

Alma Terry, 50, Dies After Two Years Illness

COLORADO CITY, Aug. 3 (Sp)—Miss Alma Gertrude Terry, 50, died Wednesday afternoon, after a two year illness. She had resided in Colorado City for the past 45 years, having been born in Kemper County, Mississippi, October 28, 1889.

The funeral will be held from the Kiker and Son Chapel at 4 p. m. Thursday, with the pastor of the Methodist Church, Rev. J. E. Shewbert, officiating. Burial will be at the Colorado City Cemetery.

She is survived by three brothers and eight sisters. Her brothers are F. L. Tom and John Terry, all of Colorado City. Her sisters are Mrs. J. T. Pritchett, Mrs. J. F. Bodine and Mrs. J. M. Wells of Colorado City; Mrs. R. T. Riddel, Fort Worth; Mrs. R. K. Kelley, Stanton; Mrs. Annie East, Weatherford; Mrs. Eugenia Proctor, Stanton, California; and Mrs. T. R. Brown, Graford, Texas.

Virginia Polio Outbreak "Worse" Than An Epidemic

WYTHEVILLE, Va., Aug. 3 (AP)—A mounting stream of aid poured into this polio-beset community today.

The National Foundation for Infantile Paralysis—which yesterday termed the outbreak here as 50 times worse than the "accepted epidemic rate"—has sent a medical consultant, nurses and physical therapists. It also has sent \$5,000

and 13 respirators within a week. Five new cases for Wythe County were reported by the state health department yesterday. This makes a total—since July 1—of 111 cases in a population of 23,000.

New cases in other Southwest Virginia counties give weight to the fear the epidemic is spreading. Scott and Franklin Counties each had new cases yesterday. And adjoining Pulaski County yesterday had two deaths, making three deaths out of the five cases (reported from there).

Virginia's overall 1950 total is 244 cases, with 18 deaths.

NOMINATED BY TRUMAN — John M. (Jack) Redding (above), publicity director for the Democratic National Committee, was nominated by President Harry Truman as Assistant Postmaster General. He succeeds Paul Aiken who resigned to run for the Democratic senatorial nomination in Kansas. (AP Wirephoto.)

SCHUMAN PLAN DUE DISCUSSION

Democracies Set For Opening Of A "European Parliament"

By The Associated Press
STRASBOURG, France, Aug. 3.—Statesmen from the far corners of Democratic Europe met here today to set the stage for the European consultative assembly's second session.

The foreign ministers—or their deputies—from 13 countries gathered to draft the agenda for the unofficial European parliament which opens next Monday.

The ministers, under the chairmanship of Ireland's Sean MacBride, will write the keynote message listing topics to be discussed in the assembly's four-week session. Recommendations made by the assembly are returned to the foreign ministers for transmission to the member governments.

The assembly is scheduled to meet in a new headquarters building called the Palace of Europe. Hundreds of workmen are rushing to complete it.

France's revolutionary proposal for a pool of Western Europe's coal

and steel production—the Schuman Plan—is sure of a place on the assembly's order of business. The only question was whether the ministers would formally request the assembly's advice or wait for the issue to be raised on the floor.

France also wants the ministers to ask the assembly's views on a proposal to extend the idea to other basic industries.

Italy's Count Carlo Sforza is backing a move to guarantee the civil rights of the nationals of one country resident in another. The step is obviously intended to benefit the large number of Italians living and working in France and other countries.

The ministers will also have to consider a three-point proposal from the joint assembly-ministerial committee to reinforce the Council of Europe in the following manner:

1. Each country should appoint a minister for European affairs.
2. Elimination of the veto in the

committee of ministers.

3. Machinery to submit the assembly's resolutions to national parliaments regardless of the attitude of that country's minister.

The ministers will also consider a new proposal for a projected European supreme court for possible submission to the assembly.

Members of the council of ministers are Britain, France, Belgium, the Netherlands, Luxembourg, Norway, Sweden, Denmark, Italy, Ireland, Turkey, Greece and Iceland.

Expect UNESCO To Support UN Stand In Korea

WASHINGTON, Aug. 3 (AP)—State Department officials expect the executive board of UNESCO to hold an emergency session in Paris soon and express strong support for the United Nations military campaign against Communist aggression in Korea.

The practical effect of the expected Paris action, authorities here said, will be to open a new front in the propaganda struggle with Russia. This has been waged with increasing intensity since the first days of the Korean crisis.

Russia's propaganda line is exactly contrary to the position taken by the United Nations Security Council. The council has held that the Korean Communists launched an unprovoked attack on South Korea. Russia contends that South Korea, at American instigation, started the fighting.

While American officials say that no well-informed persons—including the men in the Kremlin—can have any doubt as to the correct version of what happened, the problem from a propaganda viewpoint is to get the true facts across to as many millions of people as possible who are not well informed.

In tackling this problem they expect UNESCO to play a major role, since it is composed of educators and other leaders of thought in 59 member countries.

Secretary of State Acheson put this expectation on the record at a news conference with the statement that "the United Nations Educational, Scientific, and Cultural Organization has the important task of increasing public understanding of United Nations action in the Korean crisis."

The emergency meeting of UNESCO's executive board was called for by the executive committee of the U. S. National Commission for UNESCO, an organization of 100 American leaders, at a meeting here July 22. The action was announced July 26 and the call was forwarded to Paris by Luther H. Evans, librarian of Congress and vice chairman of UNESCO's executive board.

The board is composed of representatives of 18 nations elected by the UNESCO "general conference" of all 59 members.

The American group is calling for the emergency session and that the board should adopt "a strong statement of support" for UN action in Korea and should direct a special session of the general conference to adopt a similar statement.

Joint Religious Group Denounces Korea Aggression

NEW YORK, Aug. 3 (AP)—A group of Protestant, Roman Catholic and Jewish leaders declared jointly yesterday that aggression such as has embroiled Korea in war constitutes the "greatest menace to world peace."

The statement was issued jointly by officers of the Federal Council of the Churches of Christ in America, the largest Protestant group in the U. S.; the National Catholic Welfare Conference, and the Synagogue Council of America.

The statement also warned against the Stockholm petition, which calls for outlawing the atomic bomb. U. S. Government officials have called the petition Communist-inspired.

New Jobs Open Up In Dallas Plants

DALLAS, Aug. 3 (AP)—Almost 1,000 new jobs have opened up at two aircraft plants since the Korean war started.

Hiring of 700 new workers by the Texas Engineering and Manufacturing Co. was announced yesterday by Bert Howard, executive vice president of the aircraft conversion and overhaul plant.

He said the plant could use another 100 workers.

In addition, the Luscombe Airplane Corp. at Garland, a Temco subsidiary, has hired 150 workers, Howard said. Luscombe makes small planes and parts.

Mexico City Quake

MEXICO CITY, Aug. 3 (AP)—A strong earthquake shook Mexico City at 12:16 o'clock this morning but there were no immediate reports of damage or personal injury.

Man Dies In Wreck

TAFI, Okla., Aug. 3 (AP)—Lynwood M. DARTY, 22, Dribble, was killed last night when his car overturned on a curve near here.

Flood Waters Up At Wichita Falls

By The Associated Press
Five hundred families were temporarily homeless in Wichita Falls today, victims of flooding.

Water was still rising in the southeastern part of the city, largely a Negro section. In the south-western and southern portions, the crest had been reached.
There were no reports of injuries. No houses had been washed away.

INKMAN

1921; a member of the Big Spring Chapter No. 178, R. A. M., having served as High Priest in 1924; a member of the Big Spring Council No. 117, B. S. M., having served as Third Illustrious Master in 1924. He was also member of the Big Spring Commandery No. 31, Knights Templar, and was prominent commander in 1927. He also was a member of Knights, York Cross of Honor, a distinction conferred only upon those who have served as president of all the York Rite bodies. He had been a director of the Masonic Temple Association in Big Spring since 1926 and a vice president since 1942.

Mr. Inkman also lent his services in public affairs. He was a member of the city charter commission which drafted the present city manager form of government in 1926, and was a member of the city commission for four years. He also served on two different occasions as a member of the board of trustees of the Big Spring Independent school district. At the time of his death he was a member of the county parole board, a position he had held for several years.

He was one of the charter members of the local Rotary club, and was active in that membership until he became ill.
He was one of the organizers of the First Federal Savings & Loan Association, and was president of this agency at the time of his death.

Surviving Mr. Inkman are his wife, Mrs. Camille Inkman, one son, Will W. Inkman, Jr., of Dallas; two daughters, Mrs. Maurice Koger of Big Spring and Mrs. Robert H. Boykin of Austin; and one granddaughter, Karon Koger of Big Spring.

Five Sheriff's Posses Treated To A Barbecue

Mounted parade groups, representing five West Texas Sheriff's Posses, were entertained by the Big Spring posse at a barbecue here following yesterday's rodeo-opening parade.

Local Livestock Market Is Steady To Strong Today

The market was steady to strong at the Big Spring Livestock Auction company's sale Wednesday. Some 500 to 600 calves and around 40 hogs traded through the ring.

AREA OIL NEWS

Vickers, Norwood Discovery Rates 1,420 Barrels Daily

Vickers Petroleum Corp. and Norwood Drilling Co. have completed 25 feet of mud with no shows in two hours. It is now drilling below 7,932. Unofficial reports were that it would drill to the Pennsylvania and try to find the reef lime. If no production is found there it probably will plug back to the Spraberry section, which made oil gas and water on a drillstem test late last week.

CHIROPRACTIC
Chiropractic is a definite, specific method of locating and correcting the basic, spinal cause of disease. Chiropractors set free nature's forces and she begins at once to make repairs. In due time the case gets well.
Don't say "We have done everything possible" unless Chiropractic was included, for Chiropractic adds years to life and LIFE to years.
Special Evening hours Tues. and Fri. At 409 Runnels St. 7 p.m. to 9 p.m.

Rubydell Bell And Capt. A. Beals Exchange Wedding Vows In Roswell

Nuptial rites were read for Rubydell Bell of Big Spring and Capt. Albert L. Beals in a candle-light ceremony in the Base Chapel, Walker Air Force Base, Roswell, N. M. Sunday afternoon at five o'clock.

The bride is the daughter of Mrs. Irene Gibbs Gross of Big Spring and Capt. Beals is the son of Mr. and Mrs. Prosser B. Beals of Pompano Beach, Fla. and Cleveland, Ohio.

Chaplin Charles W. Stuck read the double ring ceremony before an altar banked in palms. Altar baskets of white, gladiolus, snow queen daisies, stock and chrysanthemums sprinkled with light blue streamers completed the altar scene. Pewes were marked with white satin ribbons.

Proceeding the ceremony, Mrs. Ronald J. Soucy, accompanied by Capt. Walter P. Klinkowski, organist sang "My Heart" from "The Chocolate Soldier" by Oscar Straus and "The Lord's Prayer" by Malotte.

Mrs. Soucy was attired in a navy blue organza dress trimmed in white and wore navy accessories. Her corsage was of white carnations. During the ceremony, Capt. Klinkowski played "From the Me" by Klövern "Soleil d'Amour" by Sir Edward Elgar and "Because" by d'Hardelet. Traditional wedding marches, "Bridal Chorus" from Lohengrin and "Wedding March" from "Midsommer Nights Dream" by Mendelssohn, were used for the professional and recessional.

Given in marriage by her step-father, Gordon Gross of Big Spring, the bride was attired in an ice blue satin gown. The dress featured a fitted bodice with tiny buttons extending to the waistline and a Peter Pan collar. The double-layered nylon net skirt was white over ice blue and was of ballerina length with a double toe. Her shoes were a combination of blue and white. The bride's hair was styled in a bob and she wore a crown of ice blue satin entwined with stephanotis. She carried a cascading bouquet of white roses and held a handkerchief with blue and white ribbons knitted with stephanotis.

In carrying out the wedding tradition, the bride wore a diamond ring set with a diamond belonging to her father, Gordon Gross, for something old and borrowed. Something new and blue was her bridal gown. She wore pearl earrings, a gift of the bridegroom.

For her daughter's wedding, Mrs. Gross chose a navy and white accessories and a corsage of red roses.

Jean Duncan of Big Spring served as maid of honor. She was attired in ballerina length dress of emerald green nylon net over tulle skirted with a high neck, long, ruffled sleeves and a flaring skirt. She wore a matching hat, belt, mitts and blue shantung shoes. She carried a cascading bouquet of yellow roses tied with yellow satin ribbon.

Capt. Edmund Czapski served as best man. He wore a navy and white suit. Capt. Thomas G. Williams and Capt. Carl L. Melberg.

Immediately following the ceremony, a reception was held in the Bamboo Room of the Officers Club.

Guests were received by the bride and groom. Mr. and Mrs. Gordon Gross, Mrs. John P. Butler and the bride's parents.

Corsage of blue and white were used in the decorations of the bride's table which was centered with an arrangement of white roses, stock, blue larkspur and fern. Garlands of white satin shower ribbons edged the table. The three-tiered wedding cake was

topped with a miniature bride and groom and was served by Mrs. T. G. Williams. Mrs. Edmund Czapski presided at the punch service.

Mary Ann Goodson of Big Spring was at the guest register.

Other members of the house party were Juanita Sewell, Doris Blalock and Joyce Sewell of Big Spring and Mrs. Carl Melberg.

For the wedding trip to California, the bride chose a dress-

Westbrook Willing Workers Class Has Meeting In J. O. McNew Home

The Willing Workers Class met in the home of Mr. and Mrs. J. O. McNew Friday night. Refreshments were served to Mr. and Mrs. U. C. Hutchins, Mr. and Mrs. Bob Hutchins, Mr. and Mrs. Harry Dockery, Mr. and Mrs. Leslie Baskinger and Neta, Mr. and Mrs. Bill Bell, Larry Mac and Carolyn, Mr. and Mrs. Harris Wilson, Donald, Harris Jr., Evelyn, Mrs. A. D. Wilson, Gary, Mr. and Mrs.

Nichols-Renick Marriage Vows Are Exchanged

Sarah Ann Nichols and Raymond Renick exchanged wedding vows in a double ring ceremony in the parsonage of the Assembly of God Church Saturday evening. The Rev. C. R. Love officiated.

The bride, daughter of Mrs. Shirley Ithoton, was attired in white dress with black accessories. Her corsage was of white carnations. For her daughter's wedding, Mrs. Ithoton wore a blue dress and a pink carnation corsage.

Mrs. Troy Love served as matron of honor and Troy Love was best man. Mrs. Love wore a dress of navy blue with a pink carnation corsage.

Renick is employed by the Republic Supply Co.

It Was The Only Solution At Hand

PHILADELPHIA, Aug. 3. — The young couple entered a Philadelphia night club with their three-year-old baby.

The little group drew curious stares from other patrons. Finally, Huston Bobby Drake stopped at the couple's table and asked if they were sure they had come to the right place.

"Well," said the young man, "It's our wedding anniversary and we couldn't get a baby sitter. But we wanted to celebrate for an hour or so anyway."

And then, while the hostess acted as "baby sitter," they danced to the strains of the "Anniversary Waltz."

Three English Brides Still Stick Together

CHICAGO, Aug. 3. — Three English brides—all from Plymouth, England—appeared in superior court yesterday, one getting a divorce and the others appearing as witnesses.

Mrs. Iris B. Chapes, 25, an office worker, was granted a divorce by Judge Rudolph Desori from John E. Chapes, 26, a salesman. They were married in 1944 when Chapes was stationed at Plymouth as an army private.

Baby Contest Is Planned In Detail

BOWLING GREEN, Md., Aug. 3. — The Bowling Green volunteer fire company's baby contest Aug. 16 is being planned down to the last detail.

Seven experienced baby sitters will be on hand.

And there will be a booth, manned by trained personnel of a diaper service, to deal with all eventualities.

Frather, Mrs. Melvin Choate, Mrs. Frank Griffith, Mrs. H. S. Hanson, Mrs. Allen Hall, Mrs. Harold T. Dot, Mrs. A. A. McKinney, Mrs. Don McKinney and the hostess.

Moncha Held On Stolen Property Charge Here Today

Jesse Moncha has been lodged in the county jail on a charge of concealing stolen property. He is alleged to have received a quantity of tools and other goods taken from a Snyder car here last weekend.

Moncha made a statement to District Attorney Elton Gilliland this morning.

Arrested For DWI

Wayne Hogue has been arrested on a charge of driving while under the influence of intoxicants (second offense), and lodged in the county jail.

Monthly Cramps

Now - A Tasted Way to Real Relief Without Pain-Killing Drugs

Here's a welcome news for thousands of men and women. Recent research indicates that cramps and pain of menstruation may be often due to abnormal contractions of the uterine muscles. Tests show Crampol can relax the uterine muscles and in some cases actually does away with it entirely. Crampol is easy to take and is safe. It is a natural acting drug free from any harmful chemicals. Ask your dealer for Crampol.

TIGERS WIN

White Stuns New Yorkers With 2 Hits

Maybe Red Rolfe had a hunch about Hal White. Maybe he was just plain desperate with Art Houtteman on the shelf. But hunch, desperation, luck or shot-in-the-dark, the Detroit manager's move was a touch of genius.

White, an obscure refugee from the bullpen, gave the Tigers' pennant hopes a shot in the arm Wednesday with a brilliant two-hit shut-out of New York, 4-0. That's why the Tigers are two games out from the American League.

The White of Aug. 2, 1950 finally fulfilled the promise of the "kid from Utica" who blazed a 12-12 record for the Tigers in his rookie year of 1942. But there have been many blank spots in between. Particularly World War II.

The war took something out of Hal. When he came back, he just didn't have it. Four years — four flops. Finally in May of 1949, Rolfe sent White to Toledo — a give-up gesture.

White fought his way back to the majors with a 10-8 record at Toledo. But not as a starter. Last spring, Rolfe had new hopes for White — in the bullpen. However, he got a chance as a starter in late June and early July. After three starts he went back on relief.

Wednesday the 31-year-old right-hander faced only 31 men. Singles by Gene Woodling in the third and Johnny Mize in the fourth earned him his no-hit bid. White did a job at the plate, too, driving in what proved to be the winning run with a second-inning single off Allie Reynolds.

Despite White's fine effort, the Tigers have no relief. The Yankees, clinging to second place by three percentage points, must be faced again this afternoon. And Cleveland, also two games back, becomes a more serious threat each day.

Larry Doby hit three successive homers for the Indians last night as Bob Lemon won his 17th the easy way — by an 11-0 score over Washington. Lemon, top winner in the majors, hasn't lost since June 20 and now has nine straight victories.

The Boston Red Sox made it 15 out of 16 over the St. Louis Browns, rallying with three in the ninth for a 3-2 edge. Walt Dropo's single, following a two-run double by Vera Stephens, did the job for the Sox.

Elmer Valo hit for the cycle with a single, double, triple and homer for Philadelphia in a 10-3 win over Chicago.

Emory (Bubba) Church boosted the Phillies' National League lead to 3 1/2 games with a 2-0 decision over Cincinnati's Willard Russell. Church allowed only three hits and drove in the first run with a single in the fourth.

Brooklyn moved into second place on some timely hitting by Jimmy Russell against his old Pittsburgh mates. Russell, battling right-handed against lefty Bill Werle, hit a two-run homer to tie the score in the ninth, batted left-handed against right-handed Murry Dickson in the 10th. Russell won the game with a single, 5-4.

Boston's Johnny Sain clicked off his 15th win to hoist the Braves into third place over St. Louis with a 4-3 decision over the Cards. Walker Cooper's ninth single in the eighth scored Sid Gordon with then tie-breaking run off Harry Brecheen.

The New York Giants climbed all over Chicago for a double win, 11-1 and 8-6 despite three homers by the Cubs' Andy Pafko in the second game. The Giants have won 15 of 18 from Chicago this season.

Oilers increase lead in WT-NM. Pampa stretched its West Texas-New Mexico lead to four games last night as it edged Amarillo, 6-5, in 10 innings.

Albuquerque pulled to within one-half game of third place with a 13-5 decision over second place Lamesa. Berger whipped third place Lubbock, 5-2, and Abilene sapped Clovis, 13-10.

Dick Dawson homered to give Pampa the win. Amarillo had tied the score in the top of the ninth on Jay DiFani's homer.

Big Spring (Texas) Herald, Thurs., Aug. 3, 1950

LOOKING 'EM OVER

With Tommy Hart

Personnel of the Big Spring high school football team can stand alerted. The Patti Weider high graders of Victoria, which meet the Steers here the night of Sept. 22, will probably check in here in top physical condition.

Coch Aulton Durham has told the Stingarees to get toughened for the campaign before practice formally opens Sept. 1, and that by doing road work and callisthenics. The lads aren't allowed football gear before Sept. 1 but the boys at Victoria have banded together to start their conditioning program.

The Stingarees, by the way, expect to be weak at center and tackle. However, reports from down that way say the Patti Weider outfit will be stronger this fall than at any time in recent years.

Several local youths are champing at the bits, waiting for the football season to get underway. Robert Cobb, who is due to be the Steers' regular quarterback, is getting in shape for the Autumn wars, as are Aubrey Armistead, Bobby Jack Gross and Jimmy Stewart, to mention a few.

BIG TURNOUT IS DUE FOR ODESSA PRO-AM. Shorty Hornbuckle, the Odessa pro, says between 75 and 80 teams will compete in the Odessa pro-amateur meet Aug. 10-13. Last year, 51 teams took part in the tourney. Iverson Martin and Jim Simpson, both of Fort Worth, are the defending champions.

When the Sacramento Pacific Coast league ball club had a 'night' for the umpires recently, Bill Evans, who pitched here for a time in 1942 and who now performs for the Sacramento club, was one of those bestowing a gift upon the arbiters.

Amarillo's attendance for the first half of the WT-NM league campaign was 35,905. The Sox have drawn as many as 53,571 for the same period. That was back in 1946, at which time the Amarilloans were enjoying a much more successful season.

BOBBY FERNANDEZ SLUMPS WITH STICK. Bobby Fernandez, who burned up the WT-NM league in 1949 with a .408 batting average, is now hitting .287 for the Havana Cubans of the Florida International league.

The ex-Big Springer is up among the leaders, however. The league's top cloutier, Manny Hidalgo, also with Havana, boasts an average of only .328.

Pop Warner's role in the Jim Thorpe movie will be filled by Charles Bickford, who looks very little like the grid tactician.

HEAVY TITLE FIGHT MAY BE HELD AUG. 19. It's probable the Texas heavyweight boxing championship fight between Dolph Quijano and Buddy Scott will take place in Odessa on Saturday, Aug. 19.

Both fighters have agreed to the date and site but the state boxing commission has to sanction the bout.

Albuquerque Cops 13-5 Decision From Lamesa To Near Third Spot

ALBUQUERQUE, N. M., Aug. 2. —The Lamesa Lobos fell further off the pace by losing a 13-5 decision to the Albuquerque Dukes here Wednesday night.

The win moved the Dukes to within 1 1/2 lengths of the third place Lubbock Hubbers.

Steve Lagomarsino surrendered 12 hits to the Lobos but kept them scattered effectively. The Dukes got to John Ferster and Israel Ten for 17 assorted blows, including a triple, a double and two singles by Tom Marshall.

Dan Pinto of Lamesa hit the game's only home run.

The two teams wind up their three game set this evening. Lamesa won the first game of the series.

So large was the field that extended qualifying trials were also set for Friday morning. The 56 qualified and 20 hand-picked pros begin 72-hole medal play for the All-American pot of gold Saturday.

Meanwhile, the women and the men amateurs opened fire today. In all, more than 400 players were ready to unork the biggest bombardment in golf history.

After today's early birds got started, the nation's best women pros and amateurs followed in their first round of tourney action. The bumper to bumper procession is expected to develop into a race against nightfall.

Amateurs To Gun For Meet Spots

NEW YORK, Aug. 3. — One thousand and 24 golfers will compete next week for 201 permits to play in the National Amateur Golf Championships at Minneapolis after this month.

Thirty-five sectional qualifying tests will be held next Tuesday. A thirty-sixth will be held at Salt Lake City on Monday.

Charles Coe of Oklahoma City the defending champion, and eight other assorted champions and champions complete the field for the all match-play 50th annual national amateur at the Minneapolis Golf Club, Aug. 21-26.

The lists include: Entries Berths Dallas 20 7 Houston 24 3 Odessa 8 2

Wood Registers 223 On Maples

Baldridges forfeited to Leonard's kiegiers in the Women's Summer Bowling league last night, but the forfeit didn't stop Leonard's team from topping a total of 1,757 pins for team-high series scoring honors.

Dorothy Wood paced the Leonard's bunch, scoring 223 and 556 for high individual game and series records.

In the other match, Falstaff defeated Seagram's 3 and 1.

END OF UNSUCCESSFUL TRIP—Army bound Curt Simmons, Philadelphia Phillies star southpaw pitcher, hangs up his uniform in the clubhouse after being knocked out of the box in the fourth inning of the second game of a doubleheader by the Cincinnati Reds, Simmons, whose National Guard unit was called to active duty, was flown here from the Guard camp at Indiantown Gap, Pa. (AP Wirephoto).

Mammoth Field Begins Action In Links Show

CHICAGO, Aug. 3. — The \$75,000 Tam O'Shanter golf jubilee became a milk wagon derby today.

The main batch of 250 pros was forced to tee off at daybreak.

There was such a last minute rush of entries that promoter George S. May had to revise his schedule for the first two days into a dawn-to-dusk affair.

With the exception of exempted players who were automatically awarded berths on the basis of past records, the hordes of less fortunate pros were to tee off at the unheard-of hour of 6 a.m. While roosters were crowing they started off on an 18-hole qualifying jaunt for 56 places open in the All-American Tourney bracket.

So large was the field that extended qualifying trials were also set for Friday morning. The 56 qualified and 20 hand-picked pros begin 72-hole medal play for the All-American pot of gold Saturday.

Meanwhile, the women and the men amateurs opened fire today. In all, more than 400 players were ready to unork the biggest bombardment in golf history.

After today's early birds got started, the nation's best women pros and amateurs followed in their first round of tourney action. The bumper to bumper procession is expected to develop into a race against nightfall.

All of golf's shotmasters except Ben Hogan were on hand, favorites include Tam's own representative Lloyd Mangrum, who is shooting for his third consecutive All-American title; the sensationally rising star, Jack Burke; British Open Champion Bobby Locke, the 1947 Tam titlist making his initial start on American fairways in a year; Sam Snead, and Jim Ferrier.

Snead, known to his friends as "old moneybags," entered the jackpot drive as the nation's top money winner with \$26,223. Ferrier is second with \$26,246, followed by Jim Demaret, with \$14,676, and Mangrum with \$12,855.

Most favorites agree that the winning score will be around 280, compared to the tourney record of 269 set by Byron Nelson in 1945 and Mangrum's winning 276 of last year.

Mangrum has been posting the best practice rounds. He hammered a 68 yesterday. Patty Berg, carding a trial 71, has been made a co-favorite with Babe Zaharias in the pro women's ranks.

Baugh Is Named To Hall Of Fame

LOS ANGELES, Aug. 3. — A professional football Hall of Fame has taken in 25 "charter" members.

Here is the roster of pro greats named by Los Angeles area sports editors for the Helms Athletic Foundation: Cliff Battles, Sammy Baugh, the late Joe F. Carr (first National League president), Dutch Clark, Paddy Driscoll, Guk Edwards, Ray Flaherty;

Danny Fortmann, Red Grange, George Halas, Mel Hein, the late Bill Hewitt, Clarke Hinkle, Cal Hubbard, Don Hutson, Curly Lambeau, Tuffy Leemans;

Cats Win Long One From Flock

They did things a bit differently in the Texas League Wednesday night. First, Shreveport and San Antonio finished a game begun last June, then the Houston Buffs wore the first short pants in the loop, and finally Fort Worth and Beaumont both had to go extra innings to gain victories.

The whole night's victories brought little change in the standings—all teams stayed in their notches.

First place Fort Worth battled with fourth place Dallas for 10 innings to a standstill. In the 11th, the Cats pushed across a trio of runs on four hits, two walks and a sacrifice. Dallas came back to score twice in its half of the frame, but the Cats won, 3-2.

Beaumont bested Houston, 6-4, in 10 innings. Tulsa edged Oklahoma City, 3-2. San Antonio and Shreveport finished a game begun June 27 and the Missions won, 5-3. In the regularly scheduled contest, Shreveport nipped the Missions, 9-5.

The Houston Buffs came out in their new short britches and kept the Roughnecks at bay until the top of the ninth when the Buffs counted three times to knot the score at 4-1. Emil Tellingier tripled in the 10th and scored on an outfield fly. Clint Courtney brought in the sixth run with a single after two men were intentionally walked.

Bob Lemon slammed a two-run homer in the eighth for Oklahoma City, but it wasn't enough to catch up with Tulsa. The blow was Lemon's 36th of the season. Tulsa grabbed two runs in the fourth, frame and made it 3-0 in the sixth on Jack Baumer's homer.

Hugh Sooter, Shreveport hurler, was the losing pitcher in the game carried over from June 27 when play was stopped at the end of the eighth inning with the Missions leading 5-3. Lou Steater retired three of the four batters to face him in the playoff to preserve the victory for Angelo (Wimpy) Nardella.

PASCUAL OUSTED

Odessa Batters Big Spring, 9-3

ODESSA, Aug. 3.—The Odessa for Big Spring. Oliers shelled Bert Garcia from the mound in the sixth frame and went on to defeat the Big Spring Broncs, 9-3, before a crowd of around 2,100 fans here Wednesday night.

The Broncs led, 2-0, going into the third frame but Odessa plated three runs in that round and were never behind thereafter.

Al Monchak greeted Garcia with a single. Leo Eastham followed with a triple and came home on a passed ball. Then Emil Ogden hit his sixth homer of the season to put Odessa ahead to stay.

The Oliers struck for four insurance runs in the fifth, then picked up two more in the sixth. Tony Iglesias finished the pitching chore.

USGA Will Not Probe Rumors

By The Associated Press. The United States Golf Association says it isn't going to start any investigation of those rumors that some amateur golfers in Texas aren't as amateur as they should be.

Bill Rives, sports editor of the Dallas Morning News, got the USGA to state its position after Dick Peebles, sports editor of the San Antonio Express, first reported the rumors.

Peebles' story said the USGA was becoming alarmed over the number of Texas amateurs who play in tournaments all summer long, with no visible means of support.

Jayhawks Meet Bulldogs Sunday

COAHOMA, Aug. 3.—The Howard County Junior College Jayhawks meet the Coahoma Bulldogs here Sunday in the playoff for the Tri-County League baseball championship.

It will be a "sudden death" contest for the loser. The winner will play Knapp, of Snyder, for the Tri-County crown.

HCJC let the league going into the playoff. Coahoma held fourth position. Knapp, in second place during the regular season, reached the playoff finals when Welch, third place team, forfeited their game.

Farmer Defeated In Cup Matches

LUBBOCK, Aug. 3. — J. R. Farmer of Big Spring shot a 73 but lost a 3-0 decision to Chick Trout, Lubbock, in the annual Kattmann cup matches played at the Lubbock country club here Wednesday night.

The visiting team, of which Farmer was a member, won the link trophy, however, 35-25.

GOTHAM FIST-FLINGING

"Peace" Marchers Brawl With Police

NEW YORK, Aug. 3. — Two thousand left-wing "peace" marchers, banned from staging a Union Square rally, battled 1,000 police late yesterday in fist-flinging brawls that led to 13 arrests.

The demonstrators waited until the home-going rush hour to make their defiant move.

"We want peace open up the square," the marchers chanted as they suddenly formed ranks and the throngs going home from work.

Union Square, a mile and a half south of Times Square, is the traditional scene of New York soap box oratory. When the mounted police bore down on the demonstrators, they shouted "cossack."

The mounted policemen rode their horses onto sidewalks. Fist fights broke out. Several injuries were reported and at least one window was smashed.

Two sign-waving demonstrators were removed from electric light poles by police and a fire department hook and ladder company.

The police detail spent an hour breaking up the demonstration. Most of the marchers arrested were charged with assault or disorderly conduct.

Scattered by police at Union Square, some of the marchers re-

reated three blocks south to 11th St. Another group of about 500 moved north to 23rd St. at Madison Square park. Police chased them out.

Last night, 1,200 police ringed Times Square after a report that the marchers would invade the "cross-roads of the world." However, police reported no organized demonstrations there.

The New York Labor Conference for Peace sponsored the forbidden rally. The marchers were to have heard speeches by left-wing Negro singer Paul Robeson and W. E. B. Dubois, chairman of the peace information center.

The center was led in the distribution of peace petitions urging the outlawing of the atom bomb. Government officials have called the petitions Communist-inspired.

The conference called the "peace rally" to demand mediation in Korea. The conference describes itself as made up of union and other groups interested in peace.

Police refused the conference a permit for the rally, on the ground it would lead to disorder. Yesterday, State Supreme Court Justice Eugene L. Bransch refused to lift the police ban, and the demonstrators announced they would rally anyway.

SENATORS WILL PROBE CAPITAL WIRETAPPING

WASHINGTON, Aug. 3. — A Senate group will start an investigation, probably this week, into reports that Washington policemen have engaged in wiretapping.

The District of Columbia committee named a five-man subcommittee to study the reports after Chairman Neely (D-W.Va.) said he had heard that phones in the Senate office building had been tapped, among others.

The Washington Times Herald said the group had received information that among those whose telephone wires have been tapped recently was Senate Democratic Leader Lucas of Illinois. Lucas said he had no knowledge of that, and Neely declined comment.

The investigating subcommittee will be headed by Sen. Pepper (D-Fla.). Members said the group also will have power to look into reports that government agencies have used recording machines on telephone lines.

Mr. Robert Barrett, head of the Washington police force, said recently he had turned over to the Justice Department a report dealing with an investigation of wiretapping activities. He wouldn't go into details, and the Justice Department declined comment.

There had been reports that a Senate investigating committee used a member of the Washington police force to listen in on the phone conversations of Howard Hughes in 1947, while the committee was investigating the wartime contracts of the millionaire plane builder.

Barrett and U. S. Dist. Atty.

George Morris Fay have denied that anyone in their offices was ever authorized to engage in wiretapping.

Except in certain cases, wiretapping is a federal offense carrying a maximum penalty of two years in prison and a \$10,000 fine.

He's Very Glad His Brother Cut Open His Throat

PLENTYWOOD, Mont., Aug. 3. — Roald Lutness was back home from the hospital today, and he made no bones about the fact he was very thankful his brother cut his throat.

Here's why.

Recently Roald got hit in the Adams' apple with a baseball. The blow partially paralyzed a part of his breathing apparatus.

Roald's brother, Bernard, took a paring knife and cut a slit in the injured windpipe. A rubber tube was inserted in the slit, allowing a new intake for the life-giving oxygen.

Then Roald was driven 25 miles from his farm to the local hospital where a doctor praised the amateur surgery.

Bernard explained that most of the technical knowledge for the surgery came from his wife. He said she once trained three months to be a nurse and that it was she who inserted the tube after the incision was made.

Aircraft Industry Still Not Taking Unskilled Labor

LOS ANGELES, Aug. 3. — It will be months before unskilled workers are in demand by the aircraft industry, spokesmen said today.

Thousands have been applying for jobs in recent weeks, but the Aircraft Industries Association issued a statement that "skilled and semi-skilled workers in various fields are needed but it is not yet time to rehire 'Rosie the riveter'."

Wreck Near Amarillo Is Fatal To Farmer

AMARILLO, Aug. 3. — A two-car collision about 15 miles north-east of here last night killed Oscar A. Dettien, 45, a farmer.

The victim's nephew, Donald Dettien, 20, of Panhandle, was the driver of the other car. He was not hurt.

Miss Peggy Hoelting, 20, a passenger with Donald Dettien, was seriously injured.

Mrs. Phyllis Goff, 1902 Park Ave., Indianapolis, Indiana, is now able to go about her household in less time than it takes to talk about it. That is, of course, since Mrs. Goff has been taking wonderful HADACOL. Mrs. Goff had been suffering from a deficiency of Vitamins B1, B2, Niacin, and Iron, which HADACOL contains.

Now full of pep and energy, Mrs. Goff is able to give this fine statement: "It's pretty bad when you are in a run-down condition when you are only 32. That includes headaches, loss of sleep, I was also terribly nervous all the time. Then I heard about the wonderful results other folks were getting from HADACOL. After taking a few bottles my nerves were calmed. I got a good night's sleep, and I gained five pounds. I think HADACOL is wonderful. I recommend it to all my friends."

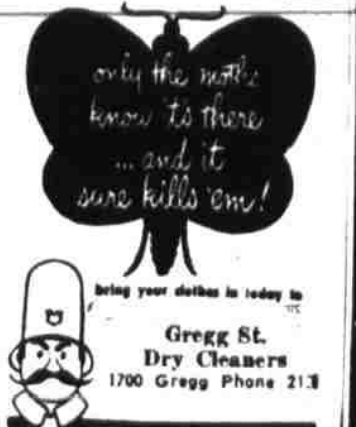

This is another one of the statements the fair folks who have been taking HADACOL have said. Yes, there are thousands and thousands of people all over the country who are getting blessed relief from wonderful HADACOL when they needed Vitamins B1, B2, Iron, and Niacin.

Let HADACOL Help You

If you are suffering from stomach distress, nervousness, insomnia, constipation, aches and pains of neuritis, or a general run-down condition, caused by such deficiencies. Remember, it will cost you nothing if HADACOL doesn't help you. Buy either the trial size for \$1.25 or the large family or hospital size for \$3.50 and if you are not completely satisfied—return the bottle and your money will be refunded (Adv.)

Three More Texans On Casualty List

WASHINGTON, Aug. 3. — One Texan was listed as missing in action and two wounded in the latest casualty list (No. 53) released by the Department of Defense in the Korean fighting.

Missing is Pvt. Rayburn Douglas Lee, son of Mrs. Laura Ann Lee of Dallas.

Wounded are Corp. Russell Durwood Talley, husband of Mrs. Bettye Smith Talley of San Antonio and Pfc. Guadalupe Tamayo, son of Pedro Tamayo, of Brownsville.

The first colored entrant in the U. S. golf Open was John Shippen, 16, who shot 78-81-159 for fifth place and \$10 in the 1896 tourney.

Tennessee Votes For First Time In 62 Years Without Poll Tax Restrictions

By The Associated Press
NASHVILLE, Tenn., Aug. 3. — The governor and all 10 congressmen face opponents today in Tennessee primary elections which are free for the first time in 62 years from the poll tax restriction on voting.

Probably the most bitter fight is in the strongly Republican First Congressional District of East Tennessee where Carroll Reece, former national GOP chairman, is trying for a comeback to the congressional post he held for 24 years.

Polling places will remain open from 9 a.m. local time until 7 p.m. in the populous centers, but will close at 4 p.m. elsewhere.

The one big statewide race is for governor in the Democratic primary. The Democratic nominee for a statewide office nearly always is elected in Tennessee.

Gov. Gordon Browning, 60, a veteran of many political ups and downs and a victor over E. H. Crump's Shelby County (Memphis) political organization in 1948, is opposed by State Sen. Clifford Allen, 38, a comparative political novice. Gump is taking no part in the fight.

In the first district Republican primary the 60-year-old Reece is trying to unseat Rep. Dayton Phillips, a fellow Republican who succeeded him in 1946. Reece became national party chairman that year for a two-year stretch.

Other pro-Reece forces in the second district, also Republican, have put on as strong a campaign to ditch Rep. John Jennings, Jr. Howard H. Baker, a former prosecuting attorney, is running against Jennings.

The other eight Congressmen, all Democrats, face opponents in their primaries.

Cities Service Bowling Winner

The Cities Service bowling team has captured first place in the Petroleum league, which ended play this week.

Cities Service trimmed Chevron, 2-1, in its final game to finish ahead of the vanquished Phillips 66 was third and Gulf Oil fourth in the standings.

A large trophy will go to the winning team. Individual awards will go to members of the team: Tony Reinhardt, Carlton Newell, E. B. Duxler, Jr., and Doc Tinkham.

Six golfers have won the U. S. Open championship in their first try.

Worry Of FALSE TEETH Slipping Or Irritating?

Don't be embarrassed by loose false teeth slipping, dropping or wobbling when you eat, talk or laugh. Just sprinkle a little FAS-TEETH on your plates. This pleasant powder gives a remarkable sense of added comfort and security by holding plates more firmly. No gummy, gooey, pasty taste or feeling. It's alkaline (non-acid). Get FAS-TEETH at any drug store. (Adv.)

NEW LEGION CHIEF AT COLORADO CITY — Leroy Gressett (right) newly elected commander of the Hooker-Pond post of the American Legion at Colorado City, is congratulated by his predecessor, Tom Jay Gross II. Gressett, World War I vet who lives in Westbrook, will assume office later this month. In the background, seated at table are Milton Bodin, John E. Watson, Sherman Hart and John Buzze. Standing are Don Bolon, John S. Williams and Harry Ratliff.

FOR WAR PRODUCTION

Industry Going Into High Gear

NEW YORK, Aug. 3. (AP)—The twin uncertainties of taxes and controls dampen business planning today. But already industry is taking the first steps toward adjusting to its new role—increased production for war use—while still meeting civilian needs. It has been a busy, busy week.

Thousands of workers around the country are putting the fishing rod back in the closet. Vacations are being cancelled in many plants.

Shipbuilders are getting orders to shake the mothballs out of the vessels built in the last war which have been put away for an emergency.

The plastic wrappings are being stripped from B-29s and the big bombers are being made air-worthy again.

Commercial airlines have given up part of their fleets for the Pacific airlift.

The United States has chartered all available tramp cargo surface ships. And the shipping industry moves toward full speed again.

A boom in rail freight car building is taking shape. Rail chiefs are meeting today in Chicago to plan it. Perhaps 300,000 more cars in the next three years will be built. There are 17 million of them now.

The oil industry has worked out a plan to build up production of aviation gasoline without cutting the quantity or quality of gas available for the family car. Special aviation-type gasoline which has been going into auto premium gasoline will now flow entirely to the military.

But oil refiners will share their other high grade gasoline stocks for blending, so that the makers of the special alkylate the big planes need will not be put at a competitive disadvantage in the auto gasoline market. That is an example of "voluntary industrial allocation."

Steel leaders this week have been assuring the public that military orders—when received—can be met without too much diversion from civilian channels.

Key To Cancer Cure Rests In Geographic Differences

By The Associated Press
OXFORD, Eng., Aug. 3. — Some keys to prevent cancer lie right under our noses, just waiting to be grasped and turned, Dr. Alexander Symeonidis said today.

These keys are geographic. They are the many peculiar differences in various countries of the body locations of cancer, he said. Liver cancer hits one nation harder than another. Breast cancer is common in some countries but rare in others.

"If we can learn why these differences occur, then we shall have clues to human cancer, and could find ways to prevent it," said Dr. Symeonidis, special advisor of the geographical pathology unit, National Cancer Institute, Bethesda, Md.

He is one of 20 experts from nine countries meeting here this week to plan a new attack on cancer, using these geographical keys. The symposium was initiated by the council for co-ordination of international conferences of medical sciences.

"Nature has set up the experiment for us," Dr. Symeonidis said. "These striking differences in the body locations of cancer occur naturally. It is like laboratory experiments with animals, in which we produce cancer in some animals, and learn the reason why."

"But nature gives us the chance for a new and direct attack on human cancer, for her 'guinea pigs' are humans themselves."

"Cancer of the liver is frequent in Greece, but rare in Germany. Cancer of the cervix (neck of the womb) is rare in Jewish women, frequent in non-Jewish women."

"Cancer of the spleen often occurs in North Africa, but is rare in the United States and Europe. Cancer of the breast is rare in China, Japan and North Africa, but is one of the most common types of cancer in Europe and the United States."

"We hope to organize international teams of scientists to study some of these differences. We must learn what the facts are, and why the differences occur."

"We need good statistics on cancer and its types. We need careful investigations, and animal experiments to try to duplicate the human findings. We also need microscopic studies of any differences in the cancers of the breast or liver in one country as compared with another."

A few such studies already are underway. The geographical pathology unit at Bethesda, the first of its kind in the world, is co-operating with hospitals in New York and in Israel in studies of cancer of the cervix in Jewish and non-Jewish women, he said.

Nationalist Planes Again Plague Reds

TAIPEI, Formosa, Aug. 3. (AP)—For the second successive day Chinese Nationalist war planes took off today for unannounced destinations.

Presumably they are raiding Chinese Communist concentrations on the mainland which threaten to invade Quemoy. Quemoy is a Nationalist island just off the Communist port of Amoy on the China side of Formosa Strait.

Nationalists resumed their air activity yesterday, shortly after Gen. MacArthur ended conferences with Generalissimo Chiang Kai-shek on the defense of Formosa. The planes had been idle since the start of the Korean war at the request of President Truman.

There was much speculation in this Nationalist capital that Gen. MacArthur will send American planes to Formosa to help guard against the possibility of a Communist invasion. The U. S. Seventh Fleet is patrolling Formosa Strait to prevent a Red crossing.

New Air Force Plan Allows Certain Men To Re-Enlist Now

Former Air Force men, unable to reenlist in that branch of service because of dependents or other restrictions, may do so under a new plan approved by the Air Force.

Airmen who held certain occupational skills now needed in the Air Force may apply for a one-year tour of active duty by first joining an Air Reserve unit. If accepted, they will return to service in the grade in which discharged.

The new plan is being advanced in order to acquire for the Air Force certain technical skills now needed. Further information, as well as a list of the critical occupational specialties, may be secured at the local Air Force Recruiting station at 301 Scurry.

The Recruiting station now remains open on Sunday for the convenience of persons not able to contact recruiters during the week.

89-Year-Old Wheel Chair Hoe Handler

By WILLIAM C. BARNARD
Associated Press Staff
Jordon D. Stewart, 89-year-old Paris, Tex., Negro, chops weeds from a wheel chair.

Jordon had been handling a hoe about all his life. So when he lost a leg three years ago he couldn't get out of the habit.

"Dew poison got in my leg and it had to be taken off," Stewart told Ed Bryson of the Paris News. The old man tried an artificial leg. Couldn't make it work, and finally wound up in the wheel chair.

ANY DAY
Most any day you drive by Jordon's place in Northwest Paris you'll see him, ruling himself up and down the garden rows, hoeing away the weeds. Or he may be across the road in his cotton patch.

Jordon doesn't have to work either his garden or his cotton but he thinks he does, and the sun never boils down too hot for him when he makes up his mind to weed that garden or that patch of cotton.

Bryson said: "He calls it a 'goney-by-day' when the sun goes down."

Jordon is the only surviving member of a family of 17 children. He was born in December, 1880, in Cass County. He has dim memories of slavery days.

Half a century ago Stewart went to Paris and was employed by the late Mark Roden. As the years passed, he worked for other people. He raised a family. His wife is dead and he lives with a daughter. He has two other children, both of Paris.

Jordon's mother lived to be 102. He figures he has a long time to go and a lot to do.

"Most people, confined to a wheel chair at 89, would roll themselves into the shade and take it easy," Bryson said. "But not Jordon Stewart. He has too much grit to quit."

TOO MUCH GRIT TO QUIT—Jordon D. Stewart (above), 89-year-old Paris, Texas, Negro, works his cotton patch and garden in his wheel chair. Here he is hoeing cotton near his home in northwest Paris. (AP Photo.)

MEET IN SEPTEMBER

Harmony Sought By State Demos

By DAVE CHEAVENS
AP Staff

AUSTIN, Aug. 3 (AP)—There will be harmony efforts and the usual sharp struggle for control at the Sept. 12 State Democratic convention.

The convention will be especially significant because it will name a state executive committee to handle the party's affairs into 1952, the next presidential election year.

On the surface, it is the so-called "governor's convention." It will certify Democratic candidates for the general election ballot and adopt a platform on which Gov. Allan Shivers will seek re-election against a still-named Republican candidate for governor in November.

Shivers was nominated by 75 per cent of the Democratic voters July 22 and is expected to have considerable say in how the convention goes. He would like to have a harmonious meeting, but whether extremists on the right and left will permit harmony remains to be seen.

It is known that Shivers, facing his first real test of party leadership, will ask that wishes of the district caucuses prevail in selecting the committee as long as it is not dominated by any extreme faction.

Action at several county conventions in the big city areas indicate another battle between liberals and

conservatives.

Contesting delegations divided along those factional lines will show up at Mineral Wells asking to be seated. They are from Dallas, Fort Worth and Houston, where such scraps have been routine since 1944. If there is any way to bring about harmony in these groups, Shivers is expected to seek it and have the difficulties ironed out in advance.

Executive Committee Chairman John C. Calhoun said at Corsicana yesterday that he was looking forward to a harmonious session. He said that while he had no record of the proceedings of all the county conventions, his newspaper reading has indicated there were very few, if any, that refused to take the "loyalty pledge."

Unofficial appraisals of the county conventions indicate that the delegations from the smaller cities and rural counties actually have the votes that will determine the state convention's tone. The leaders who can get them in the bag should control the convention and have the last word in determining the make-up of the executive committee.

The September committee carries over until 1952. It will handle the usual preliminaries—such as recommending who shall be seated at the May, 1952, convention that will name presidential electors. That's why its control would be a big help to the Dixiecrat faction, and that's why the strict party line group would also like to be in the saddle.

French Debate Plan To Send "Token" Troops To Korea

PARIS, Aug. 3 (AP)—French government leaders are debating sending a "token battalion" of troops to fight under the United Nations flag in Korea, a spokesman said today.

French sources said the main obstacle to dispatching Frenchmen to Korea is France's "own dire need of military strength in Asia." France has been fighting a guerrilla war for five years against Communist-led troops in Indochina, and has some 140,000 troops stationed there.

Americans ate an average of 80 pounds of beef, 70 pounds of pork and six of lamb and mutton in 1948.

Flickerville Flocks To Stadium Again

HOLLYWOOD, Aug. 3 (AP)—The old sat. days are being revived at the famed Hollywood Legion Stadium, a boxing arena where for nearly 30 years movie stars have gathered to be seen and fans flocked to the place to see them.

It has been that way since 1921, when the late "grand old" character actor, Theodore Roberts, led a drive to build a fight center for the famous folk of Flickerville.

And on each Friday night, Hollywood's habitual "fight night at the Legion" the good people cram into the spick and span club—the admired and the admirers—and enjoy a mutual pleasure against a backdrop of sweating boxers and thudding fists.

About two years ago movie patronage began falling off, probably because the management for some puzzling reason elected to favor others with prominent ringside seats.

There has been a change, however, the movie people are getting back the choice seats, and the fans are again elbowing through the turnstiles.

Bob Hope, for instance, was a recent arrival, his first appearance here in many months.

The stadium for many years has served as a barometer for stars' prestige. He or she could almost be judged by where he

Comic Lou Costello's history was typical. When the fat boy first came out here, he was lucky to get a seat in the eighth row. After he and Bud Abbott scored their first hit, up moved Costello to the front row.

Tass Charges U.S. To Prosecute Reds

MOSCOW, Aug. 3 (AP)—Tass said today that if the U. S. Supreme Court upholds the conviction of 11 American Communist leaders, the attorney general will begin "persecution" of 12,000 Communist Party members and sympathizers in America.

The Soviet News Agency said Tuesday's decision by the federal court of appeals upholding the conviction of the 11 Communists was expected in view of the atmosphere of war hysteria and growing Fascist tendencies in the U. S.

The 11 Communists were found guilty in October, 1949, of conspiring to advocate forcible overthrow of the American government.

Jap Publishers Fire Communists

TOKYO, Aug. 3 (AP)—Japanese publishers have acted in agreement with Gen. MacArthur's views in firing Communists and suspected Communists from their staffs, his top civil information officer said today.

I. F. Col. D. R. Nugent issued a statement calling the discharges "timely and courageous."

Publishers discharged 341 in the purge, the Japan Editors and Publishers Association reported. Another 106 employees were dismissed by Japan Broadcasting Corp.

Nugent noted the publishers' action followed a mid-July warning from MacArthur to Prime Minister Sigeru Yoshida that there was "distinct" danger in the use by communism of the media of public information to propagate its tenets of subversion and violence.

Newsstand Operator Sues City Of Detroit

DETROIT, Aug. 3 (AP)—Isadore (Izzy) Berenson, a seller of the Communist Daily Worker whose newsstand was ordered off the streets as a "public nuisance," is suing the city for damages.

He filed the suit in federal court yesterday, alleging his constitutional rights were violated and de-

manding an injunction against the city. Judge Theodore Levin set a hearing for next Monday.

Police carted off Berenson's newsstand July 28 after the city council declared it a nuisance. Berenson charges his right to freedom of speech was infringed. He also says he was deprived of property without due process of law.

He leaves it to the court to assess the damages, if any.

MELON PLATTER — served with mint mayonnaise makes a nice evening snack.

Cantaloupe And Fruit Make Good Melon Dish

Serve a melon platter with Mint Mayonnaise (recipe follows) for an evening snack when friends drop in. Add a colorful fruit such as strawberries or cherries.

The best cantaloupe on the market are picked when they separate from the vines of their own accord. The slightly shrunken, smooth, well-calloused gear of the end of these melons is guarantee that they are uncrisp and at peak flavor.

One cardinal rule in melon service, whether it's cantaloupe or honeydew, chill well in the refrigerator. But wrap the melons carefully before you store them so their flavor won't penetrate other foods.

One of the pleasant points about cantaloupe is that it's high in nutritive value. A half cantaloupe goes a good way to supply you with the vitamin C you need for one day. For an extra-nutritious and delicious dessert serve cantaloupe with scoops of vanilla ice cream and top with fresh grated coconut.

MELON PLATTER WITH MINT MAYONNAISE
 Ingredients: 1 honeydew melon, 2 cantaloupes, 1 pint strawberries or 1 pound cherries, 6 ounce package cream cheese, cream, chery, 1/2 cup mint jelly, 1/2 cup real mayonnaise, 1 tablespoon lemon juice.
 Method: Cut honeydew in eighths and remove seeds. Shape cantaloupe into balls with vegetable ball cutter or one-half teaspoon size measuring spoon. Wash and tick over strawberries or cherries. Mash cream cheese with a fork and stir in only enough cream to make a good consistency to handle. Form into balls the size of the cantaloupe balls. Arrange fruit and cheese balls on large platter. Garnish with chery and fresh mint. Break up mint jelly with fork and mix well with mayonnaise and lemon juice. Serve with melon platter. Makes 6 servings.

Low Cost And Nutrient Value Cause Expanding Use Of Nonfat Dry Milk

A new exciting chapter in the nation's progress toward improved nutrition is being written today by the greatly expanding use of nonfat dry milk.

Because of the extremely low cost of this highly nutritious nonfat milk, more families than ever before can afford to include the milk nutrients necessary for good health in their daily diets.

Hoarders Stock Up

By CYNTHIA LOWRY
 AP Newsfeatures Writer

We were down perilously close to the bottom of the sugar bowl the other day. And replenishing our modest supply turned out to be a major project. Our regular store was out of that staple, and so were all the other groceries nearby. In each case, the clerk explained there was a run on sugar, so we were stocking up against eventualities.

Of course, hoarding makes for scarcities, and with the old law of supply and demand operating without controls, prices are forced up. Most of us can't hoard everything that's likely to be scarce, so we're bound to be caught one way or another on price rises.

I may decide I can't do without a cellar full of coffee (a very poor idea because it deteriorates in captivity) and a price rise or scarcity won't affect me. But other people may grab items I've overlooked, so I'm stuck anyway — maybe forced back to purchasing rayon stockings or undergoing meatless days.

Some of the results of hoarding in the last war showed pretty selfish, unpatriotic souls. Others were downright funny in an ironic sort of way.

One rich and nervous lady, hearing of impending rationing and shortages, really struck up an elaborate game. This was fine, until a heavy rain flooded her cellar, and soaked off the labels on the tin's share of her tins. From that point on, she never knew whether she was opening a tin of stewed prunes or a can of stewed tomatoes.

There's another female hoarder who never found the necessity for using most of the stuff she stored against the rainy day that never came. After the war, she bought and used fresher goods, but still couldn't quite bring herself to disposing of the hoard. Once in a while, even now, something explodes in the cellar.

Worst of all are the inequities and downright dishonesty that scare buying brings about. Remember how disagreeable the butcher was about meat? How arrogant most salespeople were about selling anything? And how cheap most of us were when we finagled—for a price—black or gray market cigarettes or nylons from under the counter? That's what scare-buying and hoarding causes and it is so simple to avoid all that.

Egg-Nog Makes Good Summer Milk Drink

If your family, especially children do not like milk, some special recipes for hot weather days will make it appetizing as well as help them meet their daily milk requirement.

Children must get a quart of milk in their diet each day to get that daily requirement of calcium necessary for bone and teeth development.

Egg-nog is a good frothy drink that may be served at the meal or in-between, depending on the way it is prepared.

EGG-NOG
 For one serving, beat an egg and a few grains of salt together until light, combine with one cup cold milk, 1-4 teaspoon vanilla and 1 teaspoon sugar. Pour into a chilled serving glass and top with nutmeg.

For variation, use one fourth teaspoon grated orange or lemon rinds, or cinnamon instead of the nutmeg, or add a few fresh berries or slices of canned peaches and omit the nutmeg. To make lemon egg nog, leave out the vanilla, add 3 tablespoons lemon juice, increase sugar to about 5 tablespoons and beat with the egg.

because they find it is not only more economical but also it improves the texture of the finished product. And now the home use of the product is being spotlighted along with cake and other mixes, frozen foods and other modern grocery products.

Also, contributing to the increased interest in nonfat dry milk is the recognition given to its important food values. It has been established that about two-thirds of the food value of milk is found in the portion below the cream line.

Dentists Get Class Lessons Via Wired Brains-Telephone

By WILLIAM J. CONWAY
AP Newsfeatures Writer
CHICAGO—A fresh idea in education—classes by telephone on a nationwide scale—is gaining

The University of Illinois College of Dentistry started a series of talks on advances in dentistry last October. Once a month for six months, the programs were car-

ried over a 15,000 mile wire hook-up. They were heard by 6,000 dentists in 163 cities.

A new series will begin this fall. The sponsors report they have worked out plans to pipe the lectures to 10,000 dentists in 250 cities in 45 states and Canada.

Dr. Isaac Schour, associate dean, and Dr. Saul Levy, director of the extension division of the graduate studies of the dental school say:

"The future holds great opportunities for the expansion of this revolutionary new technic for postgraduate education." The purpose is to keep dentists abreast of new developments in their field. They pay a \$10 fee in return, they get the privilege of listening throughout the series and an illustrated manual that sum-

Fickle Felines

STELCAM, Sask. — Mother cat's offspring take no notice of her except at mealtimes these days. The rest of the time, the kittens cuddle warmly under a little red hen. The cat just sits forlornly about a foot from the nest waiting for the kittens to get hungry.

There is a different topic for each session. Six men—teaching and practicing dentists, physicians and surgeons and other scientists—speak on each subject. Then they go into a round-table discussion.

Classes start at 8:30 p.m. eastern standard time and run for two hours. Dentists gather in hospital amphitheatres, lodge halls and private homes. They used an American Legion ballroom in Canton, Ohio, and a radio station studio in Salt Lake City. It was dinner time on the Pacific Coast.

DENTAL CLASS in Newport News, Va., instructed by telephone from Chicago. So the students ate while they listened in a Seattle hotel. The project has fared well financially. Fees collected for the and printing, came to \$68,490. The 1949-50 series added up to \$66,574, balance was \$84.

Innocent Victim Paying For Car He Doesn't Have

By **WILLIAM C. BARNARD**
Associated Press Staff

Burns Graf, a tall, slim, Hereford, Tex., man is paying for an automobile he doesn't have.

Here's his unusual story.

Eleven months ago Graf went to Lubbock and bought a 1949 model car from a used car dealer. The car of fellow who takes pride in a car. Graf improved his new possession with around \$200 in fancy gadgets, including an overdrive.

Last week while Graf was working on a highway construction crew, a Texas Ranger and a state highway patrolman came along and confiscated the car, which Graf was and still is paying on. They explained to him that it had been stolen a year ago in Detroit.

"You figure you're getting along pretty good and whom? all of a sudden the bottom drops out," Graf told the Bradford Brand.

Ranger W. F. Reintro and Highway Patrolman Jack Crowder said some man bought the car in Detroit a year ago. Less than an hour later it was stolen. The thieves had the car registered in Georgia, a state with unusually lax registration laws. Crowder said.

Next, the thieves took the Georgia registration and secured an Illinois state title after doing a cool job of changing the automobile's motor number. Then they sold the car, along with 146 other stolen cars, to a Dallas car dealer. The Dallas dealer sold the automobile to the used car lot in Lubbock.

The car and the 146 others have been and are being traded by the thieves.

"Nothing like this ever happened to me before," Graf moaned. "I still owe the finance company."

He believes that unless he goes on and pays it out, he might have a hard time ever financing another automobile. He felt that he is unquestionably the loser unless the used car dealer in Lubbock decides to stand behind his sale and make good a replacement which in turn might be replaced to him by the Dallas dealer.

"Someone could go broke on a total of 147 car replacements," the Bradford Brand commented.

Ranger Reintro said he hoped that Graf could at least keep the \$200 in extras he had added to the automobile. It isn't customary, the Ranger said but added "Graf was an innocent victim and took it like a man."

Australia Official Denies Subs Sighted

CANBERRA, Australia, Aug. 3 (AP)—The Navy Minister Josiah Francis today "emphatically denied" reports that foreign submarines had been sighted off the Australian coast.

The Sydney Sun published such a report, attributed to "official" sources, and said it was possible the submarines were Russian.

A statement from Francis said New Guinea civilians early in May reported twice they sighted what they thought were submarines, but after investigations the claim was not confirmed.

Some 20,000 pioneers, pushed through Cumberland Gap in one season shortly after it was opened.

KEY PORT of Korea—the waterfront at Pusan.

GIS MUST HOLD IT

Pusan Becomes UN Port Of Destiny

Pusan has become a port of destiny for United Nations troops fighting to hold in Korea against the Communists. Situated on the southeastern coast, it is the best port in Korea, the one through which most traffic to the outside world has passed.

When the Japanese held Pusan and its population of a third of a million, they developed the port extensively. They linked it to Japan by cable and other communications and they carried on heavy traffic between it and their port of Shimonoseki on the island of Honshu, 135 miles away.

Pusan's importance as a port of entry for GIs is helped by its tremendous defensive assets. It has been fortified for centuries and the high bare hills surrounding it have proved a formidable barrier to invaders attempting to move in from the north. "Rugged terrain screens the city so well," says the National Geographic Society, "that only a fraction of it is visible even from the waterfront."

The harbor itself also is well protected by nature. Outside the entrance of Mok To, an island four miles long and a mile and a half wide, which incoming ships must skirt in order to reach anchorage. There are two relatively narrow passages between island and mainland, and both are overhung by high rock walls.

Pusan in Allied hands guarantees a port for the build-up of men and material needed to throw back the North Koreans. It also is where the U. S. could—if necessary make its most prolonged attempt to hold.

DIABETES

Are you tired of insulin shots? Is it not possible that the production of your much needed insulin is due to lowered nerve power to the Pancreatic Gland? Organs cannot function normally under lowered nerve force. Investigate how Chiropractic eliminates the interference that may cause lowered nerve force.

Midwest Cool Spell At End

By The Associated Press

The Midwest's brief cool spell nearing an end today as temperatures headed toward seasonal levels.

The warmer weather already had moved into the plains states and headed for the central states. The cool belt extended over the Great Lakes region, the Upper and Middle Mississippi Valley and the Lower Missouri Valley. The "low" reading early today was 46 at Peas Falls, Wis. Chicago's 55 was only 10 degrees below yesterday's to mark.

Warm weather continued in the Gulf states. There was some cooling in the New England region. Yesterday's maximum temperatures ranged from 109 at Yuma, Ariz. to 51 at Grand Marak, Mich.

Rainy areas today included northern Michigan near Lake Ontario, the southern Appalachians and in Central South Dakota and Central Nebraska. Skies were mostly cloudy in the northeastern part of the country and clear to partly cloudy elsewhere.
