Williams and 2003 Top Hand Award to Jennifer Lewis, beside 2001 and 2002 winners T.J. Kitchens and Michael Therwhanger

School Board Recognition Month Announced

As citizen leaders, individual school board members face complex and demanding challenges. Yet, few people fully understand the scope and far reaching implications of board members' responsibilities. All Texans should recognize the vital contributions of these men and women and focus attention on the crucial role these elected public officials play in the education of our children.

Their job is to establish a vision for the education program, design a structure to achieve that vision, assure schools are accountable to the community, and strongly advocate continuous improvement in student learning. That job entails an endless string of meetings and school functions to attend; reams of reports, agendas, proposals, and other information to read and study; and a host of difficult decisions to make.

School board members come from all walks of life. They are farmers, secretaries, doctors, lawyers, homemakers, architects, truck drivers, professors, business owners, and real estate agents, to name just a few.

While they wear many hats in the workday world, school board members put on a collective hat when they get down to the business of leading their school districts. Board members must pull together as a team toward a common goal, helping students achieve. While they may individually disagree on certain issues, their role as a board is to consistently strive toward that goal.

Board members contribute hundreds and hundreds of hours each year leading their districts. Whether it be crafting policies, hiring adminis-

trators, listening to staff and student concerns, or recognizing outstanding programs, board members always keep their eyes on the goal of student achievement.

The time spent in board meetings represents just a small fraction of the hours school board members spend in leading their districts. They also work hard at seminars and training sessions to keep abreast of the latest trends in educational leadership, are deeply involved in community activities, and spend many hours in the schools and at extracurricular events. Their love of learning, and concern and caring for students, staff and the community, drive board members' desire to lead so students can achieve.

In recognition of this dedicated service, January is designated "School Board Recognition Month". This is a time to show our appreciation and begin to better understand how local trustees work together to provide a better future for our children. In January, join with others from throughout our district and state to salute the men and women who provide grassroots governance of public schools. Make a special effort to tell each school board member that his or her hard work has been noticed and is truly appreciated.

School board members for Plains Independent School District are Danny Bell (President), Wayne Sisson (Vice president), Brad Palmer (Secretary), Dwayne Canada, Ramon Diaz, John Gray, and Randy Tuggle.

Jim Haynes
PISD Superintendent

Bill Christian Announces Candidacy For Congress

Harry Richardson, County Republican Chair, Bill Christian, 19th District Congressional Candidate, and Trace Anderson, Deputy Campaign Manager.

On January 24 in Plains, Bill Christian formally announced his candidacy for the 19th Congressional District of Texas.

"I am very excited to campaign for the opportunity to represent my fellow West Texans in Congress, and I look forward to presenting my vision for a higher and stronger future to the constituents of the 19th District," Christian said.

Bill Christian has over 15 years of Congressional experience, having worked in both the United States Senate and United States House of Repre-

sentatives. His experience includes service with former U.S. Senators John Tower and Phil Gramm, both Republicans of Texas.

"I am the only candidate with direct Congressional experience who has a proven history of serving the people of West Texas," said Christian. "The people of this district cannot afford the luxury of allowing their new Congressman a session or to 'learn the ropes' in Washington, D.C. I am the only candidate who has the ability to be effective from the first day

in office and really hit the ground running."

Bill Christian has significant military experience, having served in the United States Marines Corps in both active and reserve status. He first enlisted as an infantry martraman in 1983, was commissioned in 1990 as a field artillery officer, and was promoted to the rank of Major in 2000. Bill currently serves as the Officer-in-Charge of a Marine Corps Reserve detachment in this race."

As an only child of adoptive parents, Bill Christian was raised in West Texas, graduating from Monahans High School as Valedictorian. He currently votes and owns a home in Midland, has an office in Odessa, and is a lifelong member of the First United Methodist Church in Monahans.

Christian said, "I have dedicated my life to public service, and I'm proud to call West Texas my home."

County Hospital Bond Election Day, Saturday, February 1

Plains ISD to offer teacher retirement incentive

Plains ISD is faced with a funding problem for the next few years. This funding problem exists because the district has suffered a large drop in student population over the last three years. This means the state requires more money to be sent to Austin in the form of recapture (Robin Hood). This money must be raised through local property taxes. Since the district is already taxing at the maximum level, budget cuts and other cost saving procedures must be made to pay the recapture bill to the state and still fund our local program.

The Plains ISD Board of Trustees met Monday night, January 27, to address the funding issue and voted to offer a retirement incentive package to those professional employees of the district who are eligible for retirement under the Teacher Retirement System of the State of Texas. This means those teachers at Plains ISD who are eligible for retirement but are continuing to work will be offered a lump sum payment for their promise to terminate their employment with the district at the end of the cur-

rent school year.

Mr. James Haynes, the school superintendent, estimates there are about 12 employees who are eligible for the package. This package is a way to cut staff and save the school district money. It is the way that will be the least traumatic to the school, its employees, and the community. Every position that is vacated will be evaluated to determine if the district program can be maintained without filling the position.

Mr. Haynes stated, "There are other methods also being considered by the board to help with cost savings for the district. These could be implemented as the board continues working on the funding problem. Some of the methods will range from a possible bond election to cutting costs for each program. Should the funding problem still exist the district will have to look at cutting additional positions and programs. Our goal is to be able to survive until the 2005 legislative session when we hope a final solution to the "Robin Hood" funding system will be developed."

Lawsuit reform: The real consumers decide

For five months every two years, citizens get the chance to actually see if their legislators are true to the principles and promises made in their campaigns. But those who oppose the promises made by these elected public officials, and whose candidates lost their elections, often wage misinformation campaigns to intimidate legislators from making good on their campaign commitments. These opponents will try to win in the 2003 Legislature what they lost in the November 2002 elections.

The misinformation campaign against the effort to rein in abusive litigation is a perfect example. The overwhelming majority of elected officials believe that Texas should have a fair and balanced civil justice system, one in which neither the plaintiff nor the defendant has an unfair advantage. But a certain group of personal injury lawyers make literally billions of dollars by making sure the system is biased in their favor. So they call lawsuit reform "anti-consumer," and characterize reform as "the slamming of the courthouse door" or as "limiting lawsuits."

But the fact is that well crafted and well-reasoned tort reform is pro-consumer. Look at a few of the issues.

Medical Malpractice Reform - Currently many doctors are leaving Texas, or even leaving their profession, since they can no longer afford the risk of practicing medicine here. Those remaining pay huge medical insurance premiums, which then show up in higher health care costs and premiums for consumers. It is pro-consumer to protect the award of economic damages in medical malpractice cases but to cap highly subjective non-economic damages, also known as "soft damages," so that Texans can have accessible, affordable health care. It is anti-consumer to allow a few plaintiffs and plaintiff's lawyers to hit the "lottery" and win millions at the expense of the rest of Texas consumers.

Leo Linbeck Jr.
Texas for
Lawsuit
Reform

There is no "free lunch" for consumers in medical malpractice. When someone is awarded \$20 million, that cost is spread among all the rest of insurance consumers. The goal of litigation should be to fully and quickly compensate injured parties, not to make a few people and their lawyers instant millionaires. Also in the health care consumer's interest, we strongly support strict enforcement of medical standards of practice to protect patients from rogue practitioners.

Class Action Reform: Currently, virtually every lawsuit that a judge allows to be certified as a class action is settled because the defendant cannot afford the risk of trying such a lawsuit, even if the defendant is totally innocent. Texas juries never get to decide class action lawsuits on their merits. Outrageous settlement costs are often nothing more than legalized extortion, and are reflected in higher costs for the products and services we all buy, lower returns on pensions and 401k plans, and fewer job opportunities for Texans. It is pro-consumer to make class certification appealable to the Supreme Court so that a consistent and equitable body of law can be created by the court.

Fair Settlements: What stops people from using lawsuits as a way to harass, punish and extort money from people or companies? In Texas, the answer is "almost nothing." Our courthouses are filled with cases that should not be there, and hundreds of millions of dollars are spent on, costly and unnecessary pre-trial motions, discovery, and legal fees. It is pro-consumer to institute a system in which a plaintiff who refuses to

settle a case for a reasonable amount and then wins less than that amount is penalized by paying the other parties' legal fees and costs out of the proceeds of any judgment. It is also in the consumer's interest to create a system where defendants have an incentive to offer full and early settlements.

There are many other badly needed, common sense reforms to our legal system that will be debated this legislative session. These reforms will be opposed by those who profit from the system as it is today. But when you hear lawsuit reforms called "anti-consumer," look behind the attacks to the facts. Returning our court system to a place where it is appropriately used as a last resort to resolve legitimate disputes is good for the overwhelming majority of Texas consumers.

Leo Linbeck Jr. is senior chairman of Texans for Lawsuit Reform.

Application Deadline For Federal Farm Program Approaching

Producers Should Contact Local Farm Service Agency For Appointment

Gary Six, County Executive Director for the Yoakum Farm Service Agency (FSA) reminds area farmers and ranchers to make an appointment to sign up for the Direct and Counter-Cyclical Program (DCP). The deadline to update bases and yields is April 1, 2003. This date outlined in legislation and no extensions will be made.

"The new farm legislation is complex in nature," said Six. "Maximizing benefits received from these programs will require producers to organize and plan ahead before visiting our offices," he said.

Six, commented that sign-up for DCP is averaging at least one hour per farm. He encourages producers to avoid procrastinating and offers the fol-

lowing advice for preparing for a visit to FSA. If a producer is planning to update bases and yields, Six encourages using the Base and Yield Analyzer Internet tool available at <http://www.fas.usda.gov/pas/farbill/tools.asp>. The analyzer assists producers in evaluating a farm's historic data and enables them to make educated decisions about their specific operations.

If electing to update yields, producers will be required to provide all production records for 1998-2000. For cash leased land, FSA requires a copy of the lease agreement if available and proof of lease payment. If no written lease agreement is provided, the landowner must sign for zero shares.

Additionally, producers who have dropped, added, purchased, sold or otherwise changed their farming operation need to be prepared to report these changes to the FSA office. Also, producers must certify any 2002 crop plantings or land use changes not previously reported.

"Gathering all necessary documentation and arriving at our office with a general idea of specific farm program goals, will insure accurate program decisions and better use of staff and customer time," said Six.

For more information about DCP, FSA or the farm bill provisions contact your local FSA office at 806-456-2132 visit the national website at <http://www.fsa.usda.gov>.

Permanent School Fund set up by 5th Legislature Jan. 29, 1854

The Denver City EMS will offer a basic EMT training course starting February 3.

THE STATE OF TEXAS
CAUSE NO. 8099

WESTGATE ENERGY PARTNERS, INC. IN THE 121ST DISTRICT COURT
VS. THE UNKNOWN STOCKHOLDERS OF CRESCENT OIL & GAS CORP. OF YOAKUM COUNTY, TEXAS

TO: THE UNKNOWN STOCKHOLDERS OF CRESCENT OIL & GAS CORP. and THEIR HEIRS, KNOWN OR UNKNOWN, IF ANY OF SAID PERSON ARE DECEASED, DEFENDANTS IN THE CAUSE HEREIN DESCRIBED, GREETINGS:

NOTICE TO DEFENDANT: YOU HAVE BEEN SUED. You may employ an attorney. If you or your attorney do not file a written answer with the clerk who issued this citation by 10:00 A.M. on the Monday next following the expiration of forty-two (42) days after the date of issuance of this citation, a default judgment may be taken against you.

You are hereby commanded to appear by filing a written answer to the Plaintiff's Petition at or before 10:00 A.M. on the Monday next after the expiration of forty-two (42) days after the date of issuance of this citation, at the Courthouse in said County in Plains, Texas, before the Honorable 121st District Court of Yoakum County, in the above-entitled cause. Said Plaintiff's Petition was filed in said Court on January 2, 2003, in the above-entitled cause.

A brief statement of the nature of this suit is as follows, to-wit:

This suit is brought to have a receiver appointed under the provisions of Section 64.09 of the Texas Civil Practice and Remedies Code for undivided less-than-half interest owned by the Defendants in the following described lands in Yoakum County, Texas, to-wit:

A tract of land, being the Southwest Quarter (SW/4) and North Half of the Southeast Quarter (N/2 SE/4) of Section 5, Block K, PSL, Yoakum County, Texas;

and to execute term assignments thereof to the Plaintiff and take such other action deemed necessary under the provisions of said statute.

as is more fully shown by Plaintiff's Petition on file in this suit.

ISSUED AND GIVEN UNDER MY HAND AND SEAL of said Court at Plains, Texas, on January 8th, 2003.

**GO
COWGIRLS & COWBOYS !!!!**

Plains ISD sports capsule

Jr. High- The younger Lady Wranglers fell to Sundown 30-20. Lauren Davis had 12 points, Joanie Bell 8 for all the scoring.
8th Girls- The older girls were also downed by Sundown 48-23. Desiraye Broome topped scoring with 12 points, Meghan Garcia 5, Regina Morales 4, Caitlin Carter 2.

Because of injuries the 7th and 8th boys combined forces to meet Sundown, but were downed 59-51. Zach Ramos had 12 points, Scott Addison 7, Douglas Conway and Landon Craft 6 each, Kirk Alldredge 4, Cody Mayes 3, John Tyson, Juan Lara and Trent Hawthorne 2 each, and C.J. Tarango 1.

8th Boys- In tournament action, the 8th boys first met Seagraves and were defeated 42-25. Leading scorers included Rudy Gonzales, Landon Craft and T.J. Tarango with 6 points each. Steven Dominguez was cited for defense play. They next lost a heart breaker in the last few seconds to Sundown, 33-30. Landon led scoring with 13, Scott Addison 8, Rudy 4, Steven 3 and C.J. 2. In the tourney finale, they were edged out 31-28 by Smyer. Scott was top scorer with 12, Landon 5, Rudy 5, C.J. 4, Steven 2.

JV Cowgirls- The younger Cowgirls were outscored by Morton 36-31. Sandra Gandara topped scoring with 10 points, Allison friesen made all her free throws and had 9 points, Skylar Keese had 4. Cecilia Bonilla and Micaela Villegas 3 each, LaShonda Diamond 2. In the District Tournament, sickness and injury plagued the Cowgirls. They lost to Smyer 38-12. Sandra managed 4 points, Skylar 3, Stacie Alldredge and Kim Trent 2 each, Allison 1. The also fell to Morton 25-19. Allison and Kim had 6 points each, Skylar, Sandra and Cecilia 2 each, Stacie 1.

JV Cowboys- In a very tough and physical outing against Morton the young Cowboys ousted Morton 40-33. Cody Flores topped scoring with 15 points, Kerry Sisson had 9, TJ Cordova 7, Brandon Davis 3, Payton Bean, Blake O'Quinn and Arnold Cordova 2 each. In the District JV Tourney, They felled Smyer 50-33. Cody was lead scorer wwith 20, Brandon had 14, Kerry 10, Payton, Todd Williams and Blake 2 each. In game two they were dropped by Morton 61-58. TJ Made 19 points, Cody 14, Kerry 12, Payton 4, Patrick Cotton 4 Blake and Brandon 2 each, Arnold Cordova 1. In the final game they were defeated by Sundown 54-49. TJ managed 17 points, Payton 13, Cody 8, Brandon 5, Arnold 3, Patrick 2, Kerri 1.

Varsity Cowgirls- In what Coach Thaggard considers their best game of the long season, the Cowgirls were edged 56-49 by Morton. Chelsea Blount lead scoring with 15 points, Kayla Willis had 10, Sarah Martinez 8, Jill Gray 6, Jamie Covarrubias and Kristian Morales 4 each. The girls next fell to Sundown 55-37. Chelsea made 23 points, Kayla 6, Jill and Jamie 3 each. Kristian 2.

The Cowboys took on the top rated Morton Indians January 21 and were downed 47-37, but scored a moral victory - it was the first time Morton had scored less than 50. Bradley Palmer had

11 points, Kevin Bartley 8, Kelly Bowers 7, Chase Howell 6, Brandon Hise 3, Evan Cain 2. They also fell to Sundown, 43-34. Zach broome managed 9 points, Kevin 8, Evan 7, Kelly 6, Chase and Brandon 2 each.

GT students prepare Wax Museum

Plains Schools will present a Wax Museum by Gifted and Talented classes from grades 4, 5 and 6. Performances will be January 30 and 31, 2:00-3:00 in the school Resource Center. The public is welcome to attend. Famous people on exhibit will be Queen Elizabeth 1, Ben Farnklin, Johnny Appleseed, Nathan Hale, Patrick Henry, Davy Crockett, Abraham Lincoln, Mary Todd Lincoln, Helen Keller, George S. Patton, John F. Kennedy, Jackie Kennedy, Diana, Princess of Wales, and Laura Bush. Part of the GT curriculum is acquiring research skills. Each student has researched a famous person of his/her choice for this project.

**CITY of PLAINS
OPEN HOUSE**
The CITY of PLAINS will be hosting an OPEN HOUSE on Thursday, January 30, 2003, from 3 6 p.m. We invite you to please join us at the NEW CITY HALL, 1015 Ave. F, for a tour of the new facilities and refreshments.

Lifelines & Styles

Senior Citizens Corner

Our selected Senior of the week is Billie Faye McDonnell. Billie is a resident of Plains, Texas who commutes daily via the Senior Citizen van from that area. She was born Billie Faye Lewellen on the second day of January, 1927 in Shields, Texas. Her early school years were spent in Shields and she finished her education in Santa Anna, TX.

On the fifth of January, 1946 she married S.T. (Tommie) McDonnell. This couple produced three children who are Darlene Wilson, Plains, who cares for her grandchildren; Dene Rafferty who works at Johnnie's Restaurant, Plains, in addition to refereeing volleyball, her son, Jackie McDonnell works for Lea County Electric, Plains.

There are four grandsons and one granddaughter in Billie's family in addition to five great grandchildren. She states that the family is eagerly looking forward to the sixth great grandchild who is due in June.

Billie has lived at several different places in Texas during her lifetime beginning in Shield, for eight years then Santa Anna for nine years. She spent two years in Eastland before moving to Plains. She also lists four years in Tokio because they moved there where her husband worked, but due to his heart attack, which rendered him unable to work, they moved back to Plains.

She has led a busy life and lists several different employment situations including working in a cafe in Santa Anna; a hotel in Eastland; a rubber company in San Antonio; a grocery store in Plains; and owning a cafe in Plains where she worked twenty five hours out of every twenty four. Billie served on the board of Directors of the Senior Center for several years and presently shares the responsibility of driving the Plains Senior Citizen van.

Various travel destination for Billie and her family include New Mexico, Oklahoma, Arkansas, Arizona; California, Kansas, Missouri, Colorado, Nevada, Louisiana, and Old Mexico.

She lists hobbies as dancing, reading, working jig saw puzzles, and playing dominoes and pool at the Senior Center. She states that she especially enjoys card games with her children.

Billie likes all kinds of sports and enjoys the Sport and Music channels on TV. She chooses pork chops as her favorite meal and says that How Great Thou Art is her first choice of songs.

When asked about when she began coming to the Center she replied that it was in 1984 or 1985. She started coming just to have something to do and she states that it gives her something to look forward to each day and that she has made a lot of friends at the Center who are very dear to her and that she enjoys helping others.

She says that the most important experience in her life was being married to Tommie McDonnell for thirty seven years. She tells of how they traveled many miles and visited many interesting places with their family of thirteen people. They canned, fished, attended rodeos, football games, basketball games, tennis, and baseball games. She continued by saying that she enjoyed the new people she met during the years she went dancing; having met new friends from Seminole, Andrews, Lamesa, Brownfield, Lubbock, Levelland, and Denver City, TX as well as from Tatum, Lovington, Eunice, Hobbs, Portales, and Clovis in New Mexico. Her final statement was, "Now, I enjoy spending time with my family and friends."

by June Hanneman

Local Named To LCU

Dean's List

William Boyles of Plains has been named to the Dean's List at Lubbock Christian University for the fall semester of 2002.

In order to be considered a part of the dean's list, a student must be taking a minimum of 12 semester hours and achieve a 3.5 grade point average or better for the entire semester.

HARD WORK

The volunteer ladies manning the concession stand during the stock show labored long and hard preparing food and drink for exhibitors and visitors.

To all the wonderful, caring, and Christian folks in our community, whose compassion for their fellow citizens has been exhibited in our time of need.

Bill and I have often joked about what God was thinking bringing "Okies" to West Texas, On January 20, 2003 He once again reminded us of what a great blessing He'd given us in bringing us to Plains.

A big thank you to the Plains EMS and Volunteer Fire Department, not only for their professional skills, but for the genuine concern they showed me.

A heartfelt and sincere thanks to everyone for their prayers, concern, food, and kindness following my accident. I feel humbled and honored to live in a community that unites and shows such love and thoughtfulness to others. May God bless each of you as he has blessed us.

In America's early days, our founding fathers wanted to do something very different from what they had experienced in Europe. They wanted every child in America to have a quality public education. The standard they set forth more than 200 years ago has been the foundation of our democracy and our economic success.

Unfortunately, in the past few years we have not kept pace with the demand for quality in public education. Creativity and accountability in our public schools became increasingly rare. But last year Congress passed legislation to turn the tide. In the spirit of ensuring each child in America gets an equal opportunity to succeed, it was christened the No Child Left Behind Act. This January we celebrated the one year anniversary of these landmark education reforms to improve our nation's public school system.

No Child Behind set high expectations for our children and our schools. And Congress out its money where its mouth is. Along with the objectives of empowering parents and educators, the legislation provided more federal dollars with fewer bureaucratic strings for our nation's schools. Last fall when Americans children went back

to school, so too did millions of dollars in new resources and the mandate that our nations schools improve.

We know that parents are one of the keys to a successful education. According to research from the National Parent Teacher Association, parental involvement results in higher grades, test scores, and graduation rates; increased motivation and higher self esteem; decreased use of drugs and alcohol; and greater enrollment rates in post secondary education. The benefits are limitless. But what happens if parents have been left with little recourse to fix the problem or seek alternatives within the public system.

But not any longer. One of the key components of No Child Left Behind was a series of reforms aimed at empowering parents. An element I introduced was the parents report card, which provides parents regular updates on the performance of their child's school. Additionally, the law provides immediate new options for parents of students in chronically underachieving and dangerous public schools. The Department of Education has also dedicated part of its website to providing resources for parents.

NOTICE OF PETITION

Texas ALLTEL, Inc. (Texas ALLTEL) has filed a petition with the Public Utility Commission of Texas (Commission) to establish a surcharge to recover lost revenues and increased costs associated with Expanded Local Calling Service (ELCS) petitions for several Texas ALLTEL exchanges. The submission of this petition is based on the Commission's Substantive Rule 26.221, a measure established in Senate Bill 632 in the 73rd session of the Texas State Legislature.

ELCS permits an exchange to expand its local calling scope to include one or more exchanges if customers approve by ballot the payment of an ELCS fee in lieu of long distance charges. The costs and lost revenues recoverable through a surcharge are those not recoverable through the ELCS fee, and are to be recovered from all access lines within the company. Because the ELCS surcharge that Texas ALLTEL customers are currently paying on the ELCS routes implemented prior to September 1, 1996 and in the year 2000 was only approved by the Commission for two years, that portion of the surcharge customers are currently paying will expire in February 2003. The breakout of the surcharge customers are currently paying is:

Business	Residential
\$1.60	\$.80 (Expires October 2005)
\$1.22	\$.61 (Expires February 2003)
\$2.82	\$1.41 Total customers are currently paying

The costs and lost revenues for which recovery is sought in this petition are for ELCS routes implemented prior to September 1, 1996 and those implemented in the years 2000 and 2002. If the Texas ALLTEL petition is approved, the surcharge that customers will pay will be:

Business	Residential
\$1.60	\$.80 (Expires October 2005)
\$2.20	\$1.10 (Requested in this Petition—Includes add'l routes implemented in the year 2002)
\$3.80	\$1.90 Total customers would pay, if petition is approved

Customers will see no change in their monthly bill until and unless the Commission approves a surcharge different from the surcharge currently being charged. When a final rate is approved by the Commission, customer bills will be changed to reflect the new approved monthly surcharge with an effective date of February 20, 2003, with appropriate retroactive adjustments made as needed.

The net annual effect on the revenues of Texas ALLTEL will be zero since the requested surcharge replaces lost revenues and reimburses Texas ALLTEL for the increased direct cost of service associated with all ELCS petitions placed in service prior to September 1, 1996 and after January 1, 2000. The estimated total lost revenues and increased costs Texas ALLTEL seeks to recover through this proceeding is \$41,250 monthly.

If you have questions about this charge or would like further information, please call Texas ALLTEL at 1-800-452-5354.

The Public Utility Commission has assigned Project No. 27033 to this proceeding. Persons who wish to intervene or comment in these proceedings should notify the Commission by February 10, 2003. All requests to intervene should be mailed to the Public Utility Commission of Texas, 1701 N. Congress Avenue, P.O. Box 13326, Austin, TX 78711-3326. For information on intervening, please call the Commission at (512) 936-7120. Hearing- and speech-impaired individuals with text telephones (TTY) may contact the Commission at (512) 936-7136.

AVISO DESOLICITUD

Texas ALLTEL, Inc. (Texas ALLTEL) ha presentado una solicitud ante la Comisión de Servicios Públicos de Texas (Public Utility Commission of Texas) (Comisión) para establecer un recargo para recuperar ingresos perdidos y el aumento de los costos asociados con la solicitud del Servicio de Expansión de Llamadas Locales (Expanded Local Calling Service) (ELCS) para varias áreas de Texas ALLTEL. La presentación de esta solicitud se basa en la Regla Legislativa 26.221 de la Comisión, una medida establecida en el Proyecto de Ley 632 del Senado en la 73a sesión de la Legislatura del Estado de Texas.

El ELCS permite que un área amplíe los límites del área de llamadas locales para incluir a una o más áreas si los clientes dan su aprobación por medio de una votación para el pago de una tarifa por el ELCS en lugar de cargos por llamadas de larga distancia. Los costos e ingresos perdidos recuperables a través del recargo son aquellos que no son recuperables a través de la tarifa por el ELCS, y serán recuperados de todas las líneas de acceso dentro de la compañía. Debido a que el recargo por el ELCS que los clientes de Texas ALLTEL están pagando actualmente en las rutas del ELCS implementadas antes del 1 de septiembre de 1996 y en el año 2000 fue aprobado por la Comisión solamente por dos años, esa porción del recargo que los clientes están pagando en la actualidad caducará en febrero de 2003. El detalle del recargo que los clientes están pagando en la actualidad es:

Comercial	Residencial
\$1.60	\$.80 (Caduca en octubre de 2005)
\$1.22	\$.61 (Caduca en febrero de 2003)
\$2.82	\$1.41 Total que los clientes están pagando en la actualidad

Los costos e ingresos perdidos para los cuales se desea obtener la recuperación en esta solicitud son para las rutas del ELCS implementadas antes del 1 de septiembre de 1996 y aquellas implementadas en los años 2000 y 2002. Si se aprueba la solicitud de Texas ALLTEL, el recargo que los clientes pagarán será:

Comercial	Residencial
\$1.60	\$.80 (Caduca en octubre de 2005)
\$2.20	\$1.10 (Solicitado en esta petición—Incluye rutas adicionales implementadas en el año 2002)
\$3.80	\$1.90 Total que los clientes pagarán, si se aprueba la solicitud

Los clientes no observarán ningún cambio en su factura mensual hasta que la Comisión apruebe un recargo distinto al recargo que se está cobrando en la actualidad. Cuando la Comisión apruebe una tarifa final, se cambiarán las facturas de los clientes para reflejar el nuevo recargo mensual aprobado con una fecha de entrada en vigor del 20 de febrero de 2003, con ajustes retroactivos aproximados según sea necesario.

El efecto anual neto sobre los ingresos de Texas ALLTEL será "cero" ya que el recargo solicitado reemplaza ingresos perdidos y reembolsa a Texas ALLTEL por el costo directo creciente del servicio asociado con todas las solicitudes del ELCS puestas en servicio antes del 1 de septiembre de 1996 y después del 1 de enero de 2000. El total calculado de los ingresos perdidos y el aumento de los costos que Texas ALLTEL desea recuperar a través de este proceso es de \$41,250 mensuales.

Si tiene preguntas acerca de este cargo o desea más información, por favor llame a Texas ALLTEL al 1-800-452-5354.

La Public Utility Commission ha asignado el número de proyecto 27033 a este proceso. Las personas que deseen intervenir o hacer comentarios sobre este proceso deben avisar a la Comisión antes del 10 de febrero de 2003. Todas las solicitudes para intervenir deben ser enviadas por correo a la Public Utility Commission of Texas, 1701 N. Congress Avenue, P.O. Box 13326, Austin, TX 78711-3326. Para obtener información para intervenir, llamen a la Comisión al (512) 936-7120. Las personas con problemas auditivos o del habla que tengan un teléfono de texto (TTY) pueden llamar a la Comisión al (512) 936-7136.

Plains Employee Accepts Supervisory Position

Carlos Howell, former crew chief in Plains, has accepted the position of roadway maintenance supervisor for the Texas Department of Transportation's (TxDOT's) Plains Maintenance Section.

Howell graduated from Brownfield High School in 1977. He moved to Plains in 1986 and joined TxDOT in 1995 as a maintenance technician. Howell was promoted three times before accepting his present supervisory position. In addition, he served as office backup from May 2001 until February 2002.

He oversees 12 employees who are responsible for maintaining state highways in Yoakum County.

Howell and his wife, Billie, have two children. Their son, Chase, is a senior at Plains High School and daughter, Callie, is in the eighth grade at Plains Middle School.

Do you have a Recovery Plan for your investments?

No one can control what the market will do next. You can, however, take advantage of investment opportunities that exist today, such as attractive prices on quality investments. At the same time it is important to be well-positioned for whatever the market does tomorrow.

ATTENTION HIGH SCHOOL SENIORS AND COLLEGE STUDENTS!

Lea County Electric Education Foundation is currently accepting applications for scholarships to be awarded for the Fall 2003 semester. The Scholarships are renewable up to 8 consecutive semesters, for a total of \$4,000.00!

Eligibility criteria are as follows:

Available only to active members (and immediate family) receiving service from LCEC.

Applicant must maintain a 2.50 GPA on a 4.00 scale and be considered a full-time student.

Applicant must submit two letters of reference (see application for important details) and demonstrate a coherent degree plan.

Applications must be received no later than February 14, 2003.

For more information contact Allan Brown or Annette Neyman at the Cooperative's Lovington office at 396-3631 or (800) 510-5232. You can now apply on line at www.leacountyelectric.coop! Applications are also available at your high school or any LCEC office.

Hey High School Students!

Where will you be this summer? You could be in Washington, D.C.,

Courtesy of Lea County Electric Cooperative, Inc.!

LCEC will be sending two local high school students on an all-expense-paid trip to join more than 1,400 high school students from 37 states in Washington, D.C. for the National Rural Electric Youth Tour, June 12-24, 2003. This is the chance of a lifetime to tour our nation's capitol, visit personally with legislative leaders, and see where history has been made. The Government-in-Action Youth Tour includes visits to the Smithsonian Institution, Arlington National Cemetery, the Federal Bureau of Investigation, the Bureau of Minting & Engraving, the Kennedy Center of Performing Arts, Mount Vernon, and all the National Monuments.

For more information contact Allan Brown or Annette Neyman at the Cooperative's Lovington office at 396-3631 or (800) 510-5232. You can now apply on line at www.leacountyelectric.coop! Applications are also available at your high school or any LCEC office. Applications due by February 14, 2003.

From The Hack

I was favorably impressed with Super Bowl XXXVII, My team won. My sentiments weren't so much I was in love with Tampa Bay.... I was just so much, much less in love with the Raiders.

The only good thing I can recall about Oakland was I liked them when John Madden was their head Guru. I recall after one memorable win when the TV guys stuck a mike in his face after a tough win in horrible conditions, "I LOVE IT! I love seeing all our big old fat linemen covered in mud and blood knocking those other big old fat linemen on their butt in the mud. That's football!"

Wasn't much mud in San Diego, but there was lots of good line play by the Bucs with and without the ball.

For once I was impressed with the pre-game show gala - Celine Deion's 'God Bless America, the Dixie Chicks National Anthem, then the Navy F-18 Super Hornet fly over were great.

The now to be expected jillion bucks per minute commercials also had some great moments. My favorite was the Bud ad featuring two teams of horses,

Treachery! Treason! Off with his head!

This photo, along with the following note, were found in our porch mailbox: "Editor - this is a photo of a license plate on the back of a black Saturn automobile driven by a guy who graduated from Texas A&M, who bleeds Purple & White when cut, and even has a kid in A&M now! He is very closely associated with the Plains School District. *WHY* is he betraying his Alma Mater in such a scurilous manner? Did he lose money betting on the Aggies? Just Curious." Frankly, we know nothing of this, but I would suggest the owner not buy more Longhorn stickers. He could be shot by a *REAL* Aggie!"

patiently lined up waiting for a black and white equine with its nose stuck in an instant replay video booth. Two obvious Texas cowhands watch, then one draws, "This confirms it, all referees are jackasses." The other guy draws, "I hate to tell you this, they're called Zebras."

Appropriate: Eventually you reach an age when you stop lying about it and start bragging about it. You know for sure how old you are when everything dries up or starts to leak

The Sandy Land Underground Water Conservation District is again sponsoring an essay writing contest for senior students at Plains and Denver City High Schools. All senior students are eligible to enter the essay contest. The contest winner from each school will receive a \$1,000 scholarship for 1st place and a \$500 scholarship for 2nd place to the college(s) of their choice.

The topic of the essay should relate to an evaluation of the water situation in our area at the present time and contain proposals for future conservation of that water. The criteria for the contest is:

1. A minimum of 1000 words.
2. Typed and double-spaced with footnotes or endnotes.
3. References must accompany paper in the form of a bibliography page. Reference material may be acquired from the Sandy Land U.W.C.D. office located in Plains.
4. Cover sheet containing: student's name, essay title, local high school, and date
5. The essays are due no later than March 17, 2003.

For further information, please contact the District office at (806) 456-2155.
