2002 Farm Bill Update

The Farm Security and Rural Investment Act 2002 has passed in both the House and Senate and was signed by President Bush on May 13th. The bill is a 16 year bill beginning with the 2002 crop and ending in 2007. Completion of the Rules and Regulations may take an additional 2-3 months, but following is a brief overview of the legislation.

- will initiate counter-cyclical payments, with a target price.
- will continue direct 'AMTA' payments and marketing loan gains/LDP's.
- will maintain full planting flexibility, with the exception of fruits and vegetables.
- will allow option to update acreage bases and program yields.
- Bases and yields are calculated over 4 year period of 1998-2001.
- contains major changes for peanuts and soybeans.
- will require country of origin

labeling for meat, fish, produce & peanuts by 2004.

- will include a new conservation security program, with incentives for conservation practices.
- will increase EQIP funding 6-fold.
- Peanut Program under same provisions as other program crops; provides for a fixed payment, target price and a loan price per ton. Quota owners will receive a buyout based on 2001 quota pounds.

Our Extension resources are available at <http://agecoext.tamu.edu> Click on 2002 Farm Bill to view: educational materials; question and answer forum; list of frequently asked questions; and a base and yield evaluation calculator.

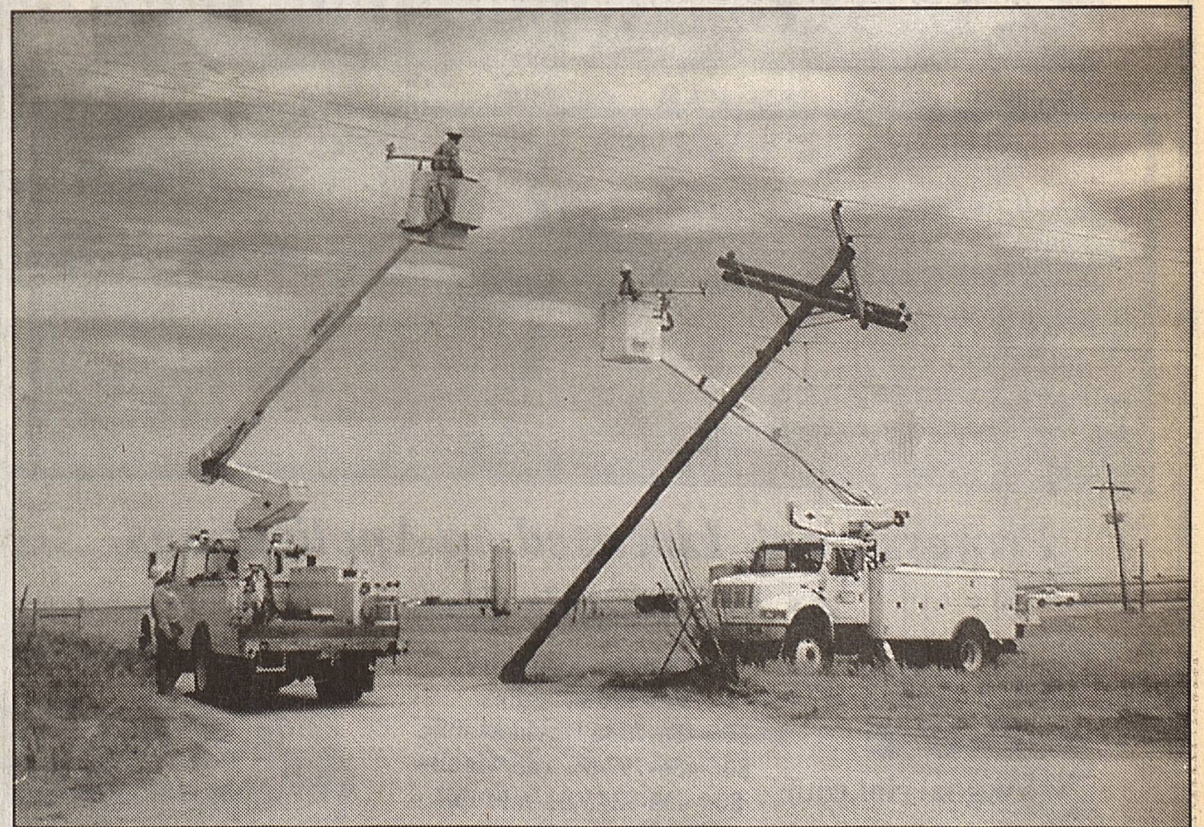

The National Cotton Council (NCC) are hosting a Farm Bill meeting at the following place in our area. May 23-Seagraves-Community Building-512 14th Street-9:00am.

Truck's sharp turn brings down power pole

Lea County Electric linemen Jeff Redman and Manuel Estrada are shown preparing to cut loose electric transmission wires from splintered pole

Around 3 p.m. Thursday, an oilfield truck belonging to B & F Services attempted to turn onto a lease road off FM 1622, and the trailer of the rig struck and severed a power line pole carrying some 7200 volts of energy. Two transmission lines from the pole to another pole fell across the highway. Yoakum County Sheriff department officers were dispatched to the scene, along with line crews of Lea County Electric, and Plains volunteer fire fighters.

Deputies Jerry Howard and John Mattus stopped all through traffic on the farm to market road a little more than an hour while the Lea County Electric crew disconnected power at the sub-station several miles from the scene, and then cut all lines across the road, and began removing the pole.

A call to the Cooperative's Lovington office brought another truck and new pole to the scene, and the potentially dangerous job was finished, and power restored to the area, around 6:30 p.m.

Deputy Jerry Howard looks on as LCEC's Dare Walker and Manuel Estrada report grid map location of felled pole to Lovington office.

Plains Lions Club is 'Out For Blood!'

Many recent media reports have publicized the state's shortage of whole blood for medical facilities, and the short supply is acute in West Texas.

The Plains Lions Club, in cooperation with United Blood Services, will conduct a blood drive here Thursday, May 23 in the Community Building from 4 P.M. until 8 P.M.

The Plains Lions will cook hot dogs and provide drinks, and donors will receive a Tee shirt commemorating their generosity.

If you have never given blood, now is the time to discover it is virtually painless - a quick needle prick, then relax a few minutes - that's it!

Come on, Plains **BLEED JUST A LITTLE** - you could be helping save the life of someone you know!

REMINDER NOTICE -
We will not print CCN on May 29. We will be celebrating TGIWT. That is, "Thank God It's Vacation Time!" Our next issue will be June 4. Thanks!

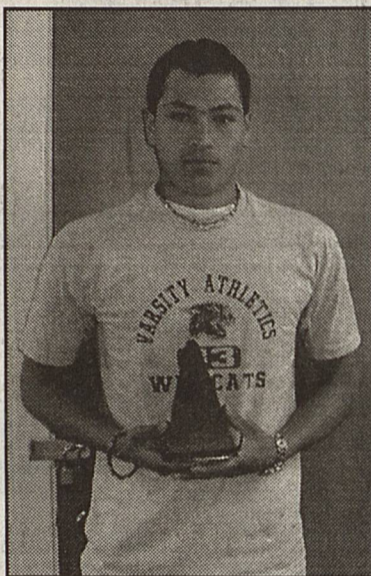

No, these are NOT giant prairie dog holes

A tour of Cowboy Way will reveal many of these large piles of soil, marking the excavation sites where concrete ramps are being installed to accommodate users of wheel chairs. The Texas Department of Transportation (TxDOT) is in charge of constructing fourteen of the ramps, a provision mandated by the Americans with Disabilities Act (ADA). Federal funds were allocated to TxDOT for the project. TxDOT is also installing new traffic signs along the highway featuring breakaway bases as a safety feature. The City of Plains will soon start a similar project on all city signs along the route.

Student of the Week

PHS student of the week is Servando Luna, a senior and the son of Mr. and Mrs. Fernando Luna. He was nominated by Mrs. Rotunno, who said, "Everyone goes to school, but few students have a curiosity and attitude toward learning Servando displays. He is constantly on-task, and he does not waste time complaining about work. Rather, he jumps in with both feet and gets the job done. Even when he came in after the year began, he made sure he got the material to catch up with his classmates. He read extra and even finished the novel we were reading ahead of his classmates

who had been here the entire time. The example of discipline and respect this young man provides is an inspiration.

From The Hack

A note about this year's PHS graduating Seniors. CCN has followed their progress through the system since they were 5th graders. It still amazes me what kids can do in eight years.

Naturally, they grow, start the maturity process, increase their knowledge, develop physically and mentally, and the 2002 class has done well in all categories. I won't be able to be at this year's graduation ceremony, but I would like to tell all three dozen of the Seniors, "Well Done," young people. The community is proud of you.

In the graduation theme, I am reminded of my own high school graduation 52 years ago.

It started out, of course, very solemn, serious, a momentous event, but you may recall, several years back, I wrote in this column of one of our more notorious classmates, normally called 'OX', who fell off the stage when he came forward to receive his diploma, after 16 years hard work and study.

I failed to tell you about a fellow girl classmate, one Daphne Dardanella Monk, Yes, Miss Monk. She came from a fairly prominent Pecos family (any family making 5 grand in those days was considered affluent).

Unfortunately, the Miss Monk considered herself amply affluent, 94% blue blooded, and much superior to the rest of our grunt and groan class, and always came in dead last as a candidate for Class Favorite throughout her 12 years in the school system. She was simply not a lovable girl, though in one desperate moment, I did try to give her a hearty squeeze (I know - your dirty minds are kicking in about now), for which I suffered a hefty slap in the jaws.

When Monk was called to trot across and retrieve her diploma, she rose, beamed at the class, then just dazzled the audience with another beam, and slinked across the stage about as dramatically as feet can carry a female body --- trailing about six yards of toilet paper pinned to her gown by admirers sitting behind her.

The purpose of all this is... students, be very careful whom you sit in front of graduation night.

Yoakum County Hospital is accepting applications for the position of Emergency Room Admission Clerk.

Hours will be on the evening shift. Applicants should have high school diploma, and need computer experience as well as have the ability to work with the public.

Applications may be picked up at the Yoakum County Hospital, 412 Mustang Ave., Denver City
